Youngsters in the Pointe have a special treat in store for them on New Year's Eve. A party is being given in their honor by seven local churches.

Members of the Gowanite Golf Club were justly disappointed when they failed to see mention of their jaunt to the U of M-Northwestern game in the columns of the Review.

From the land of the blue grass come a smattering of collegiate news. Joyce Schmidt, daughter of Mr. and Mrs. Ottmar E. Schmidt of 1752 Hampton, will be installed as an active member of the Delta Zeta at Bowling Green University.

Woods Scouts to Hear Fire Expert Speak

Boy Scouts of troops 479, 209 and 536 of Grosse Pointe Woods will learn how to prevent and fight fires when Chief Charles Schwarz, Fire Chief at the Detroit Arsenal in Center Line, will address them on December 12.

Chief Schwarz is famous for his realistic illustration of how fires start and how they can be prevented. During the course of his talk, he will actually start a fire in a large model home and show how the flames can be controlled.

SANTA'S ADVANCE AGENT VISITS THE POINTE

Just before the new snow melted from the banks along the lake shore, the Review photographer snapped a picture of winter's first handiwork. As the photo came out of the developer, lo, an unexpected visitor had crept into the scene. Though not many people saw him, the keen eye of the camera proved that Rudolph the red-nosed reindeer was right here in Grosse Pointe.

Local Boys Sample Washington Hurricane

People are constantly being thrilled by the miracles of Mother Nature. Everyone enjoys watching such phenomena as the Northern Lights and the eclipse of the moon, but only a few have ever had the thrill of being right in the midst of a 75-mile-an-hour hurricane.

During the Thanksgiving holidays, 19 Grosse Pointe Junior High School boys experienced this thrill. These boys accompanied Chet Sampson, popular Grosse Pointe, on a trip to Washington and New York, expecting to see only what was on the agenda. However, on Saturday, as they were walking (or rather, trying to walk) to the United Nations building, they suddenly became participants in an unarranged activity.

As they came up from the subway, three-quarters of a mile from the building, they were amazed at the strength of the winds. Suddenly rain began to fall. The colossal wind made the rain feel like needles piercing the skin. When the wind was behind the boys, they had a difficult time making their legs keep up with their bodies.

The wind shifted to the side—and they found themselves on the opposite side of the street, running sideways to keep from being thrown against a tree. With the wind directly in front of them, it was nearly impossible to make any headway.

After what seemed like a day, but which was actually only 45 minutes, the boys reached their destination. Although they enjoyed the rugged experience, they were still mighty glad to be inside the building.

The climax to the day's experience was the bus ride back to the hotel, when they saw the damage inflicted by the powerful winds. Plate-glass windows were shattered all over the street. Television aerials were bent at right angles. Streets were blocked off because of fallen timber. In general, the entire city of New York seemed to be a shambles.

Woods Charter Group Invites Questions

Members of the Charter Commission of Grosse Pointe Woods will be stationed at the Municipal Building on Thursday and Friday from 8 to 10 p.m. and on Saturday and Sunday from 2 to 5 p.m. to answer questions concerning the charter.

Harold O. Love, Woods Charter Commission Chairman, said he hoped residents would take advantage of this opportunity to have any sections or provisions of the Charter explained.

Dapper Thief 'Buys' Painting With Check

A dapper gentleman who posed as an art admirer purchased a painting one evening last week from Joseph De Grimme Galleries at 71 Kercheval, and paid for it with a bad check.

De Grimme sold the picture for \$87.55 and gave the thief change for a \$127.07 check.

His customer had gray hair and a cultured manner. Detroit police said they had been on the look-out for a shark who answered the description of the nattily-dressed swindler.

Farms Council Meets Monday

Grosse Pointe Farms will hold their Council meeting on Monday, December 11 instead of December 18 as regularly scheduled.

Stolen Automobile Returned Here

A car owned by George Volk, of 2153 Ridgemont, was stolen from the driveway of his home Thursday.

Electors Face Slate of Officials and Charter Approval

Registered voters at both ends of Grosse Pointe will go to the polls Monday. Electors will approve or reject their proposed City Charters and elect a new slate of City officials.

Contesting for the office of Mayor in the Woods are two men now serving on the Council. They are Leon D. Ratcliffe and Paul W. Rowe.

Thirteen candidates have filed for the six positions as Councilmen. They are George P. Conway, Arnold L. Diesing, Albert L. Eyre, George W. Gardner, George W. Heckendorn, Rex H. Johnston and Arthur H. Kitson.

Completing the list are Kenneth M. Lander, Waid H. McKnight, Harry C. Pratt, Herbert N. Savage, William G. Schmidt and Howard B. Wolff.

George A. Beauchamp, Franklin D. Dougherty and Don J. Goodrow have filed for Municipal Judge in the Woods. In the Park Homer Fritsch will be unopposed for the office of Mayor. Ten candidates have registered for the six seats on the council and five others are seeking the post as Municipal Judge.

Candidates for Council are A. John Bloodsworth, Peter D. Burgess, Homer J. Cudia, Peter J. Koenig, Robert E. McKean, James McMillan, Lansing M. Pittman, Harold G. Phelps, Elmer F. Ulrich and Milton R. Wortley.

John L. Potter, C. Joseph Belanger, Jos. D. Hadley, J. W. McKinnon have filed for Municipal Carpenter and Charles T. Paj Judge.

Should the Charter in the Woods and the Park be approved, both municipalities will become, for the first time, independent from Township rule. The Cities would then operate under their own approved Charters.

Appoint Legion Officers

The Grosse Pointe area contributed five Legionnaires to the "1951 Fighting Force" of Department Commander J. Addington Wagner when the list of 1951 office-holders was announced last week-end at the Mid-Winter American Legion conference in Lansing.

Cosimo M. Minardo, 913 Nottingham road, was listed on the American Legion hospital committee, while Jack Francis, 22449 Milner road, St. Clair Shores, was named on the resolutions assignment committee.

The gathering will be held in the gymnasium of the Grosse Pointe Memorial Church from 9 p.m. to 1:30 a.m. The program will consist of group singing, movies, games, devotional services in the church auditorium, and square and ball room dancing after midnight. Sandwiches, soft drinks and cookies will be served.

According to the young people who make up most of the committees which are directing the "get together," this will be a "dress-up party"—dating is encouraged but singles will be welcome too.

The churches sponsoring the affair are Christ Church, Episcopal, Evangelical and Reformed, Unitarian, Grosse Pointe Methodist, Grosse Pointe Congregational, Grosse Pointe Woods Presbyterian and the Grosse Pointe Memorial.

Sub-committees running the "get-together" are headed by Elders Robert W. Conder, as chairman, and J. J. Newberry as assistant chairman; and to organize the devotional services are Rev. Paul F. Ketchum, chairman, assisted by Bob Howe and Laura Lou Smith, representing the young people.

Woods Commissioners Defend City Charter

TO THE VOTERS OF GROSSE POINTE WOODS Mr. Ghesquiere's letter made public on November 30, attacking the proposed Grosse Pointe Woods City Charter, places the Woods Charter Commission in the awkward position of defending the intelligence and good judgment of the voters of Grosse Pointe Woods against their long time Commission President.

These voters, as Mr. Ghesquiere stated, desired to do away with the outmoded, unwieldy form of Township Government under which they had been operating.

It was to be a workable, forward-looking instrument of government, in keeping with a vigorous, forward-looking community. This the commission did, at the expenditure of months of time and energy.

The Commissioners investigated every current form of city charter, and estimated the results achieved under each form. They compiled the best features from each of these, and proudly presented their findings. They felt they had vindicated the confidence the voters had shown in their judgement.

Now, let us study the objections raised by Mr. Ghesquiere to the proposed charter.

First, he objects to the appointment of a Treasurer, Clerk, and Assessor on the grounds that these appointments by the Council would foster political machines. Can Mr. Ghesquiere be so ignorant of the present workings of the Village of Grosse Pointe Woods and the proposed charter as to suggest that the Clerk, Treasurer, and Assessor would run the City's affairs?

Surely he must be aware that the Treasurer does little today except sign checks, and who by his own admission does not keep a set of books, for which service receives \$600.00 annually?

Surely he must know that the Assessor, far from being a potential threat "who" to quote Mr. Ghesquiere, "if controlled by cliques could make for many inequities in assessments," merely adopts the work of the Wayne County Bureau of Taxation?

The duties of both these offices are left unchanged in the proposed charter. And if Mr. Ghesquiere had read the new charter carefully, he would have learned that the Clerk will be merely the Clerk of the Council and guardian of its records. The Commission does not feel that the appointment of these three officials will lead to the creation of a political machine.

Furthermore, the Charter Commission did not claim that better officials could be better than those elected. That was not the reason for their proposal to abolish the election of these officers. As a matter of fact, were it not for statutory requirements, those offices could be totally eliminated.

But since we must have them, the Charter Commission believes the voters would prefer to leave their appointment to the discretion of a carefully chosen Council under whose direction they will carry out their duties, rather than clutter up the ballot with candidates for election to these offices.

Mr. Ghesquiere's second concern is that the immediate appointment of a City Administrator will tend to increase the tax bills of the community. And what does Mr. Ghesquiere base his conclusion? He bases it on the observation that at Grosse Pointe Park has a City Manager and the highest tax rate of the Pointe Communities.

By the same line of reasoning, the Charter Commission could urge that, since the City of Buchanan, under its City Administrator plan has an extremely low tax rate, the taxes in Grosse Pointe Woods will decrease. But the Charter Commission does not make its recommendation on any such ridiculous reasoning. They know, as any intelligent person knows, that the tax rate is increased or decreased in accordance with the needs of the people of the community and the efficiency of their governing bodies.

Speaking of taxes, has Mr. Ghesquiere forgotten that taxes have increased 50% under his guidance in the past ten years? Should it be said that he is responsible for this increase? Of course not. The people's needs in the Village of Grosse Pointe Woods increased over that period. And taxes will continue to increase as the City grows and its needs expand.

The third objection voiced by Mr. Ghesquiere is that the City Administrator would be superimposed on the existing department heads, and that he would relieve the Mayor and Councilmen of duties for which they will be paid \$600.00 and \$400.00 a year respectively.

Again we say, "Read your proposed charter more carefully, Mr. Ghesquiere and you will perceive your error."

The charter provides for a small, elected council of six men, who, together with the elected Mayor, would constitute the legislative and policy making body of the City. For their services, please note, Mr. Ghesquiere, each of these Councilmen and the Mayor would receive \$15.00 for each meeting attended, not to exceed \$400.00 annually. If meetings are not required, nothing will be paid.

In order to separate administrative from policy-making functions of the City, as do all desirable forms of city charters, the duties of administering the policies of the Council are to be placed in the hands of a "City Administrator" which title connotes his duties more clearly than that of "Manager."

This Administrator is not superimposed upon the Clerk, Treasurer, and Assessor, nor does he direct the activities of these officials. He only carries on the City's administrative functions. Such things as garbage disposal, street cleaning, sidewalk repair, etc., with attendant problems should be met without delay, as they arise. These functions are the every day administration of the needs of a vigorous community, and should not burden the legislative and policy-making body of city government, the Mayor and Council at their bi-weekly meetings.

In advocating the appointment of such an administrator, rather than his election, the Commission felt that such an individual should be chosen on his merit alone, and

TO THE EDITOR:

Al Ghesquiere has written his "Swan Song." An outstanding "fence straddler" has finally gotten "off the fence." Like a small, spoiled boy who won't play unless he can have "all the marbles," Mr. Ghesquiere finds an excuse to "retire" and resorts to misrepresentations or a display of ignorance in an attempt to discredit a fine new Charter for the City of Grosse Pointe Woods. How much better it would have been if he had retired from public office gracefully and be remembered for his long and good service to the community.

Nine well qualified Woods' residents, well versed in municipal government, were elected to draw up a new City Charter. These men had the courage and foresight to recommend a progressive change from the present Village Charter. This new City Charter is the result of five months careful study and the City Charter Commission is proud to present the result of their efforts for adoption by the voters.

Mr. Ghesquiere and his "Old Guard" clique are against change. He has enjoyed the "power of appointment" and wanted this power retained in the new Charter. The only criticism of the New Charter has been by persons ignorant of what the new Charter contains or for obvious selfish reasons.

The new City Charter provides that the power and authority formerly vested in the President of the Village be placed in the hands of a seven-man board — elected by the people. It also provides that the Mayor must vote on every issue and not "straddle the fence" when it becomes politically expedient.

A majority of this seven-man board can be changed by the voters every year — thus eliminating Mr. Ghesquiere's reported fear of creating a "political machine."

The appointment by the Council of Clerk, Treasurer and Assessor over the present elective procedure is being greatly "played." The present Deputy Clerk and Treasurer perform most of the functions of the elected Clerk and Treasurer. The work of the Assessor has also been greatly reduced during the last few years through the adoption of the Wayne County Bureau of Taxation assessment plan. If the Council so elects, all of these positions can be "nominal" with salaries all less than \$1,000.00 per year.

Mr. Ghesquiere charges that the City Administrator's job would be superimposed on present department heads. Again he displays his ignorance of what the new City Charter contains. Could he deliberately be trying to misrepresent in order to gain his point?

He charges that the new form of Government will increase taxes. Such "double-talk" may be effective with some of his trusted followers and unthinking people but if it were true, how does Mr. Ghesquiere explain the tax increase during his long term of office?

Grosse Pointe Woods' taxes have increased almost 100% during Mr. Ghesquiere's term of office and yet are among the lowest in the Metropolitan Detroit area. They may continue to increase with a rise in the "cost of living," the growth of the City and the services, demanded by the residents. The appointment of a City Administrator should certainly not be a contributing factor.

Having a City Administrator will put the administration of the city's affairs at City Hall so avoid political obligations and commitments which would be directly responsible to the Mayor and Council, who in turn must answer to the voters at election time. Any adjustment or corrections in policy can be effected at the time of these elections. Thus, the voters retain fingertip control of an efficient, centralized, responsible form of government.

So, Mr. Ghesquiere, we advise you again to read your copy of the proposed charter. And to Mr. Voter we say: "Remember, the charter can be amended to improve or better adapt its effectiveness to our specific community, after you have given it a trial. And if you do not accept it you will be left to carry the burden of the Township government, which you voted to abolish."

Think carefully, Mr. and Mrs. Voter. Decide whether you will give your vote of confidence to your Charter. Get out and vote on December 11th. We rely on your good judgment.

George Beauchamp, Albert Beaver, Arnold Diesing, George Burgess, Albert Eyre, Russell Harkness, Waid McKnight, Robert N. Savage, Harold Love, chairman.

instead of at the United States Rubber Company where Mr. Ghesquiere is employed.

Hundreds of communities have adopted the Council-City Administrator form of Government. Is Mr. Ghesquiere "right" and all others "wrong"?

If the voters of Grosse Pointe Woods fail to adopt the proposed City Charter they will have to support the old Township regime which they voted to pull loose from. Then their taxes would really go up.

Voters of Grosse Pointe Woods should elect a Mayor and a strong Council who will work unselfishly for the best interests of the City at large. Let's not turn the administration of our fine City over to Real Estate interests and persons whose main desire to hold public office stems from their own selfish interests.

Very truly yours, GEORGE M. BURGESS, Member, City Charter Commission Former Woods' Village Commissioner.

TO THE EDITOR:

It is to the interest of every voter to obtain the very best business administration for his city government. To that end, he should vote for men of unquestioned integrity and sound judgment.

As a resident and property owner in Grosse Pointe Woods for the past eight years, I am primarily interested in seeing that we have economy and efficiency in city government and that the taxpayers' dollars are not wasted, nor used for the benefit of a few.

Because of the extremely high cost of government, largely due to inefficiency, and these same selfish interests, the taxpayer does not obtain his full dollar's worth for each dollar paid.

He certainly is entitled to the best possible administration at the least cost. It is my hope that the new City of Grosse Pointe Woods may have the most efficient group of administrators possible for the voters to obtain.

I am no politician nor have I any commitments to anyone or any group. I am interested in good sound business in government, but no government in business.

If I am elected as your Councilman, as one of a group of six, I will, to the best of my ability, help to protect the citizens' interest at all times.

Arthur H. Klison

TO THE EDITOR:

Mr. Ghesquiere's recent letter criticizing the proposed Woods City Charter has created added interest in the election to be held on December 11, 1950, which is a healthy condition, for it may well result in the turn out of a larger and more representative vote of Woods residents.

The particular objections to the new City Charter urged by Mr. Ghesquiere have been answered in other columns of this week's papers, and it is not my purpose to cover that same ground again. It is time, however, that some consideration be given to the question of "What happens if the proposed new City Charter is rejected by a majority of the voters?"

Very briefly stated, if the proposed charter be rejected on December 11, the election of officers voted on will be void, and in such event the Woods would continue its village form of government under its charter adopted in 1927 and continue to constitute a portion of Grosse Pointe Township, and the authority of the present village officers would continue until a charter of the new city is adopted and officers elected and qualified under it.

A new charter would have to be adopted within two years from June 19, 1950, the date the Woods voted to become a city, but the proposed charter as originally submitted and amendments thereto can not be submitted to the voters more than three times.

If no charter is approved within the time or limits stated, the Woods would revert to the status of a village and remain a part of the township, the identical status which existed prior to the vote on city incorporation. During all this period of time, before a charter is adopted, the officers of the township will continue to function with respect to the levying and collection of taxes.

If the voters of the Woods wish even now to reconsider their vote on the proposition of city incorporation, they will have an opportunity of doing so by voting against the proposed City Charter on December 11. That would be the first step toward continuing the Grosse Pointe Township unit of government indefinitely, for the Woods is not completely free of the Township until a City Charter is approved by the voters.

The residents of the Woods should understand however what this would mean. If the voters in

Grosse Pointe Park approve a new city charter on December 11, (and no opposition has developed to it), that municipality would be removed from the Township.

This would leave the Township consisting of Grosse Pointe Woods and Grosse Pointe Park. The Woods has a population of 1,008, and the Woods a population of 10,800, according to the 1940 census. The Woods, because of its larger electorate, could, therefore, elect all of the officers of the township government. Under the circumstances, it is not unreasonable to assume that the Woods would move speedily to incorporate as a city and withdraw from the Township, leaving the Woods the sole territory incorporated as a city in the metropolitan township unit of government.

We in the Woods would be in the peculiar position of being subject to two units of local government, one a village form and the other the township, each a separate and distinct set of officials for each unit of government, where the boundaries and the population of the territory involved in the two units would be identical — entirely that of the Woods. Such a situation would not lend itself to economy or efficiency.

It is difficult to believe that Mr. Ghesquiere would prefer such a situation to adoption of the proposed City Charter, which, if approved, would be a step toward the amendment of our present village charter has been amended several times since its adoption.

Entertain Puppeteers In Pointe

Two idols in the world of
 puppeteers paid a visit to Grosse
 Pointe last week.

The Puppeteers Guild were
 hosts to Rufus and Margo Rosé
 at the home of Mrs. Robert K.
 Hartwick, 66 Touraine. Mrs.
 Emery Kovach assisted with the
 reception.

The Rosés were in town for
 their presentation of Pinocchio
 Saturday at the Art Institute.

Another member of the guild
 and past president of the Pup-
 peteers of America, Edward
 Johnson, will present a show at
 the Art Institute on Friday, at
 8 p.m.

Johnson, who is familiar to
 many school children in the
 Pointe for his numerous presen-
 tations, was one of the pioneer
 puppeteers for television in De-
 troit.

American Dads Are Best, Survey Says

American fathers are the finest
 fathers in the world, according
 to the Childcraft Advisory Ser-
 vice in Chicago.

The average American father
 is more generous, more under-
 standing, and less tyrannical
 than fathers in foreign countries,
 the service contends.

He spends more money on his
 home and his family and less
 money on himself than does the
 average Continental European
 father.

He spends more time with his
 family than the South American
 dad and is more interested in his
 children and their problems.

He shows his children more
 affection than the English father
 and is less domineering than the
 German father, who demands
 absolute, unquestioning obedi-
 ence.

Unlike most Turkish, Arabian,
 and Egyptian fathers, he regards
 family life as a "partnership" in
 which all members should share
 equally.

Probably the most desirable
 trait of the American dad,
 though, is his willingness to dry
 the dinner dishes—especially if
 "Mom" insists.

Center Lowers Room Fees For Clubs

The program committee of the
 Grosse Pointe War Memorial Center
 announces that organizations
 using the War Memorial Center
 regularly will be granted dis-
 counts in room fees.

Organizations will receive dis-
 counts beginning with the sixth
 meeting in any one fiscal year.
 The War Memorial Center fiscal
 year starts the first of August.

The committee feels that those
 who use the building more than
 five meetings a year should re-
 ceive a dispensation in room
 rates on a sliding scale.

Further information may be ob-
 tained by calling the Grosse
 Pointe War Memorial Center, TU.

'MUSH' PAYS POINTE A VISIT

Cecil "Mush" Moore of Fairbanks, Alaska and his team of Huskies are touring the Pointe today as special guests of the Lions Club. Their arrival coincides

with the observance of Leader Dog Week. The Lions Club provides leader dogs for blind people throughout the year along with numerous other charitable projects.

'Mush' Brings Husky Dog Team to Pointe

A bewhiskered fur trader from
 Fairbanks, Alaska is visiting the
 Pointe today with his nine-dog
 Husky team and wheeled cart.

Cecil A. Moore, whose nick-
 name is "Mush," left his Eskimo
 land nearly a year ago with his
 canine companions and will eventually head for Lewiston,
 Maine, his destination.

Mush's arrival here coincides
 with the observance of Leader
 Dog Week, which has been pro-
 claimed officially by Governor
 Williams.

His appearance is sponsored by
 the Grosse Pointe Lions who pro-
 vide leader dogs to the blind, as
 well as numerous other charitable
 services throughout the year.

Mush says his dog sled trip is
 a realization of a boyhood dream.
 He has been driving dog sleds
 32 years.

He left Fairbanks last Decem-
 ber 31 to join his wife and 18-
 year old son at Lewiston, where
 the son is attending college.

Mush has been in Fairbanks
 20 years, trapping and trading
 furs and prospecting for gold.
 He has nine dogs left from an
 original team of 11. One was

Bring Expert Here for Talk on Folklore

A lecture entitled "Folklore
 of Michigan" will be presented
 at the Grosse Pointe War Mem-
 orial Center by the well-known
 authority on folklore, Miss Thel-
 ma James, on Friday, December
 8, at 8 p.m.

Miss James, an associate pro-
 fessor of English, is director of
 the Folklore Project at Wayne
 University. She is a member of
 the American Folklore Society
 and associate editor of "The
 Journal of American Folklore."
 A native Detroit, Miss James
 received her training at the Uni-
 versity of Michigan and the Uni-
 versity of Chicago.

Active in social work, Miss
 QJames serves as President of
 the Board of Directors of the
 International Institute and Vice
 President of the Board of the

'Brigadoon' at Shubert for 2 Weeks

"Brigadoon," the melodic trib-
 ute to Scotland, comes to the
 stage of the Shubert theater for
 two weeks only beginning Mon-
 day evening, December 11.

It brings to Detroit a show
 that has been a top hit since its
 first bow in Philadelphia in 1947.
 From Philadelphia, "Brigadoon"
 went to New York and turned
 into one of the greatest musical
 successes of the decade.

It ran for 580 performances at
 the Ziegfeld theater, breaking the
 record held by the original
 production of "Show Boat."

The show won acclaim from
 New York critics as the "best
 musical of 1947" and was in-
 cluded by the late Burns Mantle
 in his annual volume of "Ten Best
 Plays," an honor won by only
 two other musicals, "Of Thee I
 Sing" and "Oklahoma."

Charter OK Averts Tax Load, Clerk Says

"The cost of turning down the
 Woods Charter at the election
 Monday will mean thousands of
 dollars out of the pockets of the
 voters," Philip F. Allard, City
 Clerk for Grosse Pointe Woods,
 stated Tuesday in a special in-
 terview with the Grosse Pointe
 Review.

"To prepare a new Charter
 and present it for approval of
 the voters would mean another
 \$3,500 at least," Allard said.

"Many residents fail to realize
 that if the Charter is not ac-
 cepted the Woods would still be
 under Township rule. This would
 mean sharing a Township budget
 of over \$27,000 with Grosse
 Pointe Shores," he stated.

"The Shores," Allard added,
 "would be able to take immediate
 steps to avert this tax load
 should the Woods approve the
 Charter."

"One of the strong points of
 the proposed Charter is that all
 appointments will be made by
 the Council and the Mayor," he
 stated, "instead of just the
 President, as in days past."

"Making the offices of Clerk,
 Treasurer and Assessor appoint-
 tive rather than elective is not
 a drastic change since many City
 posts are already filled in this
 manner," Allard pointed out.

"These include: the Chief of
 Police, Highway Superintendent,
 Building Inspector, Water Super-
 intendent, seven-man Park Com-
 mission, three-man Pension
 Board, two-man Board of Review
 and a nine-man Planning Com-
 mission," he said.

"If the Charter is approved,"
 Allard added, "the Council will
 have the power to assign duties
 of Treasurer to Municipal sal-
 aried employees, thereby saving
 the City \$800. Since taxes are set
 by the Wayne County Board of
 Taxation, the duties of the As-
 sessor are limited and his work
 would also be absorbed by Mun-
 icipal workers," Allard stated.

"These statements are based on
 the fact that two of our Village
 Commissioners, both well qual-
 ified, experienced men, are can-
 didates for Mayor, so I am assured
 the City will have a good
 Mayor," he said.

"We have 13 candidates for
 Councilmen and six will be
 elected. I cannot visualize a
 clique or political machine in
 this group of 13 and I know
 them all," Allard said.

"For economic reasons and
 better government," he conclud-
 ed, "I recommend approval of
 the proposed City Charter at the
 election next Monday."

Ninth Grade Students Await 'Niners' Night' at Memorial

"Niners Nite" is the name of the special evening set aside at the Grosse Pointe War Memorial Center on Saturday, December 9.

All ninth grade girls and boys who go to school or live in the Pointe are invited to an Open House arranged especially for them.

A committee of Niners, representing the various schools, has planned an evening of entertainment which should offer something of interest to every guest.

Niners are not included in the usual teenage open house affairs because of the large numbers of young people who attend and also ninth graders have requested an occasional event of their own age group.

Mixer games will begin promptly at 8 o'clock and will be followed by ping pong, card and table games, records for singing and dancing. The refreshments promise to be ample and substantial and are included in the charge of 50 cents per person.

Dress is informal, such as slacks and sweaters or sport coats for the fellows and similar sweater and skirt arrangements for the girls.

Dates are not necessary for Open House nights and the committee has a lively hospitality committee lined up to help the Niners from the various schools become acquainted.

The hours for "Niners Nite" are from 8 to 11:15, and it is hoped that parents will be prompt in calling for the party-goers. An adult committee will assist the student committee. The event is under the sponsorship of the

"ECHOES FROM THIS WEEK"

Monday "blues" flew swiftly from St. Ambrose when the announcement was made that a sixty millimeter RCA sound projector and screen, was "ours."

The machine was a most valuable addition to the school's equipment and made its debut in the Physics class. An informative film on the importance of Radar was the subject of its initial performance.

On Wednesday, the Sodality officers conducted their monthly meeting, bringing us details of their week spent at the Summer School of Catholic Action in Chicago. A clever pantomime was enacted by the various officers which added a little spice to the formality.

Friday held two events most worthy of mention. First and foremost was the Senior Dance which was attended by students and alumni. Harry Dowler and Grayce Ann Ferry were the recipients of the "surprise," a gardenia corsage and a carnation.

The second event was the College Day at Siena Heights, Adrian, which eight Senior girls attended. Mary Ellen Watters, Mary Alice Naour, Patricia Kelly, Virginia Belluono, Mary Irish, Mary Kay Worrell, and Sadie Adoo enjoyed lunch at Dominican, a bus ride to Adrian and the program at Siena.

From the grade school comes news of the poster contest. The winners were John Ringel, of Room 201, David Weber of Room 200, and Ronald McIsaac of Room 202.

Another contest, with the accent on popularity rather than artistic abilities, was won by Lloyd Ley of Room 200.

With Parents' Day just around the corner the second graders are busily preparing alphabet books to display for their parents.

The students of Room 201 were "buzzing" frantically to remain standing in the spelling bee. The remaining pupils were Stanley McDonald, Donna Varty, Sally Stewbank and Mary Ann Deudein. The high school language students would perhaps have been able to talk a lesson in foreign diction had they seen the program that the first graders in Room 207 presented.

Various languages were spoken. Charles Riley spoke Spanish, Serge Vincenes, French, Mary Ann Ludobal, Italian; and Polish, Dick Johnson. The United Nations has nothing on St. Ambrose.

Library Spotlight

By Joan Taylor

No doubt you were reared, as we were, to regard the mutilation of a book as the eighth cardinal sin. To turn a book face downward or to crease the corner of the page to mark one's place was to invite perdition.

We do not discredit this noble attitude but since our fancy book marks seem never to be at hand when we want them, we seize anything within reach to mark our place. So apparently, does everyone else if we may judge by our experience at the library desk.

Among the most popular items that fall from the pages are match folders, playing cards, grocery lists, nail files and letters of every size and shape!

Then there are snapshots by the dozen. We never seem to recognize the personnel of these pictures and so they lie unclaimed while the persons photographed fasten us with an accusing eye for failing to find their owners. Or it may be that they resent being used as a bookmark in the first place.

Theatre stubs and parking tickets make their appearance frequently and we even find an occasional ash tray, the flat variety.

Once when we worked in another library system, a young English girl who had been in this country only a short time approached us excitedly, "Miss X, Miss X, come quickly, there is some foreign substance in this book!"

Fearing the worst we opened the offending volume gingerly, only to find that the "foreign substance" was none other than good old American chewing gum. Nowadays after the GI invasion of the British Isles, it is probable that our English cousins are on a more familiar footing with Wrigley's spearmint.

ASIDE FROM these improvised markers there are an amazing number of things left at the library which no inquiry is ever made. When possible the staff makes every effort to see that they are returned to their owner but there is more often than not, no clue.

At the time of writing there is on our lost and found shelf a heterogeneous collection of scarfs, mittens and book. Books with no name in them are left continually. We have at present, everything from current best sellers to a tome on law.

There is also a little girl's pocket book. As a collector the young female of the species can make the treasures found in her brother's pockets seem uninteresting loot indeed. Inside this small purse we find one bent bobble pin, a building block with a rattle, a chipped mirror, two mah jongg pieces and a broken emery board, but no name. Another diminutive green coin purse containing one lone dime awaits for its owner.

A wistful looking dog in an 8" by 10" photograph, appears to be listening for his master's voice. Opinions differ as to whether he is a dachshund or a basset hound.

A brown leather jacket, a child's white cardigan, a pair of blue jeans, a tube of Ipana tooth paste, one pair of Gene Autry's crowfoot gloves and a brown beret complete the list at the moment. But there are additions every day and few things are ever called for.

AT CLOSING time one Saturday night two quarts of milk remained unclaimed on one of the library tables. Our Scotch strain would not permit us to leave it over the week-end to sour. Following Mr. Hauser's advice in "Look Younger, Live Longer" (which by the way, your library has), we went on a milk jag. If anyone recalls leaving these we shall be glad to replace the two quarts of homogenized.

Gentlemen's hats are among the articles that appear most fre-

quently in our lost and found. However we have none at present. No one could forget his hat for long in this weather, but we predict that in the next few months we shall have our usual variety of ear muffs.

One question... Why doesn't anyone ever leave an umbrella? Come a rainy day and the staff would bless you!

If you are interested in the how, where and when of investing, may we call your attention to the complete set of Moody's Service for Investors that has just been added at the Main Library. This includes twice-a-week information on Public Utilities, Banks and Finance, Governments, Industrials and Rails, as well as weekly Stock and Bond Surveys.

"This material," says Mr. Orr, director of the Grosse Pointe Libraries, "should prove helpful to all interested in investment. The Public Library is happy to add this service to its other special services—the collection of records, standard and L-P, for those interested in music; the 16 mm. films for groups and home users; and the Rotary Tool Collection for those who may not have a wrench or file on hand."

"While the Public Library can never be everything to everybody, it can and does furnish books,

magazines and pamphlets to more and more people who come in search of Information, Education, Recreation and Inspiration.

"The library feels a responsibility to make available, in so far as funds and facilities permit, services which the community wants and needs, and which are not otherwise available locally. We believe that Moody's Service will be a welcome and appreciated addition to our service, as it has been in other libraries through the state."

REFERENCE BOOKS to answer your every question are as near as your telephone. If you desire information in a hurry call your nearest library and our staff will be glad to help you.

An interesting example of an S.O.S. came last week via the telephone, when a damsel in distress called to ask how she should treat a silk dress for mildew. We sent her singing on her way and trust that our information made the frock usable again.

MRS. HELEN BOOTHE of our staff has been busy sifting recent titles to separate the wheat from the chaff for the AAUW current literature group.

Among Mrs. Boothe's top favorites she lists THE STORY OF ERNIE PYLE by Lee Miller and I quote, "On April 18, 1945, only six days after the death of President Roosevelt, the nation was quickly saddened again by the death at Io Shima, of Ernie Pyle."

No other journalist ever evoked such mass affection as this man who, in the words of President Truman, "told the story of the American fighting man as the

American fighting man wanted it told."

That the G.I.'s on that tragic day, as General Eisenhower said, "lost one of their best and most understanding friends," all America agrees.

In this book, Lee G. Miller, Ernie Pyle's friend and editor reveals the previously unknown and moving personal history of this tired little man who, for the sake of others, so continually drove himself beyond exhaustion that he wrote, "I wish I were in Albuquerque... I want almost desperately just to sit down for a period with no pre-determined end to it... But I am not coming back from this one."

Perhaps the power of this book is derived from the fact that Lee Miller as he says in the preface, tells Ernie Pyle's story largely through "letters and recollections that a number of his friends and kinsmen generously made available."

"The generosity was manifested especially in the cooperation of his wife... when she gallantly subordinated her privacy to her sense of history and handed to me the very personal correspondence which is so vital to this story."

The library is sorry to lose Mrs. Elaine Lindsay who is resigning from her post as clerk-secretary. All members of the staff wish her well. We also welcome Mrs. Jean Lennon, a former Grosse Pointe High student, who will take Mrs. Lindsay's place. This makes the fourth Jean on a staff of ten. The quota is now filled! No other Jeans, Jeanes or Genes need apply.

Robert W. Dowling, planning expert: "Much present city planning is nothing more or less than plans sprawl."

(One) MAYOR

(One) MUNICIPAL JUDGE (Justice of the Peace)

PHILIP F. ALLARD

Secretary of the Election Commission, City of Grosse Pointe Woods, Mich. Published G.P. Review, Nov. 16, 1950.

To All Woods Residents:

In June of this year a majority of you citizens voted in favor of adopting a City Form of Government for Grosse Pointe Woods. At the same time you selected nine of your neighbors as Charter Commissioners: Messrs. Beauchamp, Beaver, Burgess, Dising, Eyer, Harkness, Love, McKnight and Savage. For five months these commissioners have labored conscientiously and drafted a new Charter patterned along lines recommended by the Michigan Municipal League.

Should the Charter not be adopted, Grosse Pointe Woods and Grosse Pointe Shores will be forced to assume the cost of operating Grosse Pointe Township—being the only Villages remaining in the Township. This additional burden would definitely increase your taxes.

We, the undersigned citizens of the Woods, have carefully studied this Charter and sincerely believe it represents the best Charter suited for our splendid community.

We earnestly solicit your "Yes" vote on December 11th.

HOME-BUILDING
Before the recent downturn in private home building, a new record had been established this year for the number of new dwellings started. Government statistics placed the total of new non-farm dwellings for the first nine months of 1950 at 1,100,000, compared with 1,025,000 in all of 1949 and the previous annual peak of 937,000 in 1925. The value of new construction of all kinds for the first ten months of 1950 was estimated at \$22,800,000,000, 22 per cent more than the total for the same period of 1949.

Navy to start releasing recalled Reserves next year.

Exterior Lines Agreeable

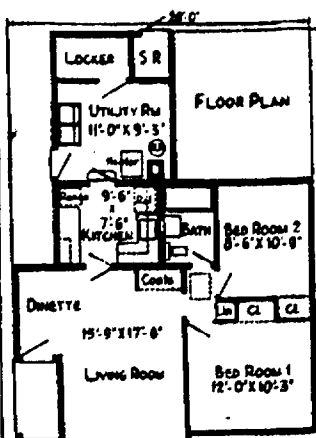

Imaginative treatment of the exterior of this house led to its being selected as Plan No. 202 by American Builder magazine, 30 Church St., New York.

The roof line is the principal distinguishing mark, making the house appear different from most other dwellings in the moderate-price class. The two roof sections differ in height, deliberately increasing the informal atmosphere of the house. The lower section, the ell, covers the entrance way and part of the dinette and living room.

Window area is generous, in keeping with contemporary architectural preferences. However, because most windows are grouped together or placed at corners, the rooms retain ample wall space for furniture.

The two bedrooms and bath are arranged around a small, central hallway. A linen closet opens on the hallway, too. A special coat closet in a corner of the living room is an extra convenience.

The dwelling has no basement. A utility room with more than 100 square feet of floor area is provided for heating plant, water heater and laundry. A storage

locker opens off the utility room. A small storage room opening to the outside is intended for lawn mower, hose and garden tools. (Detailed building plans of this house are available from American Builder, 30 Church St., New York 7, N. Y. Refer to Plan No. 202.)

Leon Ratcliffe Seeks Mayor's Post In Woods

Leon D. Ratcliffe is one of qualified candidates for Mayor in the new City of Grosse Pointe Woods. He is a veteran Commissioner in the Woods, having served on many special village assignments, including legal, finance and police work.

He is now one of the trustees

LEON D. RATCLIFFE

of the village employees pension plan.

Ratcliffe has been identified with many civic improvements and projects, during his service on the Village Commission.

He says that he "stands for economical city government consistent with public service."

He thinks the great majority of people in the Woods wish to preserve and maintain the community as a desirable residential community.

He therefore favors enforcement of the existing zoning ordinance and amending it if need be to accomplish that purpose, rather than relaxation of the ordinance. He also says "I think the new proposed City Charter should be given a fair trial."

Ratcliffe is a graduate of the Harvard Law School and has practiced law in Detroit for 17 years. He has been a Woods resident since 1939.

Mr. and Mrs. Ratcliffe and two daughters reside at 1080 N. Oxford road.

John L. Potter Is Candidate for Park Post

John L. Potter, of 631 Barrington, is a candidate for Municipal Judge in the election Monday in Grosse Pointe Park.

A graduate of the Detroit College of Law in 1934, Potter served as enforcement officer for the Detroit Department of Health and was Legal Adviser from 1934 to 1940. He was assistant Prosecutor from 1940 to 1943.

During the period in the Prosecuting Attorney's office he was listed as one of the chief trial lawyers and conducted the break-up of the baby adoption racket and assisted in preparation of grand jury cases.

He is Chairman of the Medical Jurisprudence Committee of the Michigan State Bar and is presently special counsel for the Grievance Committee.

Potter was appointed and subsequently elected Justice of the Peace of Grosse Pointe Township. He instituted police officers' training course for all Pointe police departments, assisted in juvenile programs under supervision of Grosse Pointe Police Department and Wayne County Probation Department.

Potter is a member of the City of Grosse Pointe Park Charter Commission.

WARDEN'S WARD GONE

JEFFERSON CITY, Mo.—Warden Ralph Edison, of the Missouri State Penitentiary, recently lost \$32, part of his wardrobe and his ward—a convict who was serving as the warden's houseboy. The convict, Warren Rowlett, 28, serving a three-year sentence for burglary, fled the penitentiary, taking along the warden's money and some of his clothes.

Wortley Files For Park Post

One of the first persons to register for Councilman in the City of Grosse Pointe Park is Captain Milton R. Wortley.

Captain Wortley has been a Park resident for 26 years and is a member of the Tax Board of Review.

In his long and varied Naval career, he started in 1907 with the Michigan Naval Militia and served during two wars.

His posts include service aboard the Battleship Kansas, Minesweeper Utowana and Destroyer Wadsworth during World War I, and since this time he has commanded Armed Guard School, Chicago, and Advance Base Depot, in Gulfport, Mississippi.

Returning to Detroit Naval Armory in May, 1943, Captain Wortley assumed command of

Michigan Area and Naval Training Schools until his retirement on November 15, 1944.

WHOLESALE PRICES

Wholesale prices rose 3 per cent in the week ended October 31, according to the Bureau of Labor Statistics. The wholesale index of 169.4 per cent of the 1926 average was just under the all-time high of 170.3 in the week of August 17, 1948, and 11.8 per cent above the comparable week in 1949. However, it was 4 per cent less than four weeks previous.

Record Shows Rowe's Early Civic Interest

Paul W. Rowe, candidate for Mayor in the Charter election to be held Monday, December 11, took an early interest in Woods civic affairs.

In 1939 when the Woods was still the Village of Lochmoor, al-

PAUL W. ROWE

though a part of Grosse Pointe Township, a group of alert citizens felt that since the four other Villages within the Township carried the name Grosse Pointe that the Village of Lochmoor should adopt such a name.

As a result petitions were circulated and Rowe presented the Commission the petitions and succeeded in having the name

change presented to the people at the next regular election.

The name change carried by a large majority and thus Dochmoor became Grosse Pointe Woods. At the same election he ran for commissioner for the first time and was elected, leading the ticket.

Having six children who have all attended Mason School, Rowe has been very interested in the Grosse Pointe School system. In 1941 he served as president of the Mason School Parent Teachers Association at which time Grosse Pointe Woods was feeling the effects of the building boom that preceded the war.

Realizing that shortages and government controls might soon prevent school expansion he headed a group who were able to convince the Board of Education that the time to build was at hand and as a result the addition to Mason School was completed in time to prevent a severe overcrowding during the years when construction was prohibited.

In the eight years that Rowe has served on the Village commission he has spent 5 years as public works commissioner and as a result knows the needs of the community as to paving, walks, sewers, water supply, along with the many complicated subdivision problems that face a growing community.

Three years were spent as police commissioner during the period when the personnel was more than doubled, the department acquired new quarters and its equipment was greatly increased.

Rowe is pledged to support the proper and efficient administration of the new City Charter.

Phelps Aims For Council Job in Park

Harold G. Phelps, of 1022 Harvard road, has announced his candidacy for Councilman in the Grosse Pointe Park election Monday, December 11.

Phelps, a resident of Grosse Pointe for the past 25 years, is

HAROLD G. PHELPS

a newcomer to Grosse Pointe politics. He is married to Ruth Porter and has one child, Judith.

The candidate is a realtor and builder and the developer of Chatham Village, a residential community in Grosse Pointe Park, where he has built and sold over 2,000 homes. He is a member of the Detroit Real Estate Board, and an expert on zoning problems.

Educated at Harvard University, class of '27, he was a captain in the Civil Air Patrol during World War II, where he served as Courier Pilot with over 600 hours of flying time.

MR. D.A.'s CRIME CALENDAR

DECEMBER is The Month For . . .

MUGGING: Scourge of our time are the hordes of young delinquents who operate from hallways and side streets, or from behind some fence or bush on a dark street. "Mugging" is the newspaper term for it. I predict that in December community police will have their hands full with mugging cases. Particularly brutal are these hoodlums whose gain is mostly petty cash. Their prey: late-returning, package-laden shoppers, people going home from office or factory celebrations. They'll follow a drunk from saloon to subway and then work him over in his own hallway.

MAILBOX THEFTS: Even a crook feels the holiday spirit—and the holidays breed their share of felonies. The criminal keeps up his commitments by robbing mailboxes. If you're expecting your end-of-the-year bonus check, be more prompt when the postman rings. The mailbox thief may wait for just the first ring. Even the church poorbox is not exempt from this lowliest of culprits.

HOLIDAY FRAUDS: Look closer at those credentials. Be generous if the cause is a right one but the man at the door, collecting funds for Christmas bundles for the poor, may be a fake. His own pocket may very well be the destination for your donation—and maybe he's "casing" your home for a return visit some night when you're calling on relatives!

Watch For "Mr. D.A.'s" Calendar For Crime in January!
 Mr. District Attorney heard Wednesdays on NBC

Paul G. Hoffman, retiring E. C. A. Administrator:
 "America has a purpose because America is unfinished business."

"SMALL BUSINESS"

By C. WILSON HARDER

The fight to give statehood to Alaska will be bitter. The affairs of Alaska, on the surface, seem to have little in common with national small business.

However, all retailers and newspaper publishers have a big stake in the outcome of the Alaska statehood bill. The future of America's newspaper supplies and prices hinge on the action.

Newsprint, essential to newspaper publishing, is practically monopolized by four American companies. They, in turn, apparently have understandings, or interlocking ownership, with Canadian newspaper companies.

Newsprint is made from pulpwood. Alaska has millions of acres of unused pulpwood forests.

For years independent businessmen have tried to establish a newspaper industry in the territory, only to be blocked by bureaucratic directives in Washington.

Alaska is ruled under the organic Act of 1917. This act provides that all resources are controlled by Washington bureaus. Not a tree can be cut unless permission is given by Washington bureaucrats. For some unexplained reason, even in periods of critical newspaper shortages, the bureaucrats have refused any Alaskan tree being used for newsprint.

And, thereby, hangs a tale of continuous opposition to statehood for Alaska.

As a state, Alaska would take over control of its resources. Supplies of newspaper from Alaska would break the closely controlled price structure.

Continual arbitrary newspaper price increases are posing a threat to independent business.

Successful retailers use newspaper advertising. The cost of that advertising depends on the price the publisher pays for newspaper.

Today flat newspaper is priced, P.O.B. mill, at \$120 per ton. In 1947 it was \$104; in 1948 \$71; in 1949 \$60.

Charles G. Nichols, National Retail Dry Goods Assn. president, has protested increased newspaper prices. Senator John Sparkman of the Small Business Committee and Emanuel Celler, House Judiciary Committee Chairman, want to re-open a Congressional investigation of this problem.

Thus, in Washington, even so simple a matter of giving statehood to Alaska becomes complex.

As one observer states, "It's difficult to take a deep breath in Washington. You inhale and some monopoly renews your taking in air which the monopoly believes it should own; you exhale and some bureaucrat renews the interference with his prerogative of issuing hot air."

While the Internal Revenue Dept. figures out new ways to get tax dollars, strange things happen.

For example, ECA Bulletin No. 1833 states the Marshall Plan has given another \$200,000 worth of tobacco—this time to French North Africa.

And Washington bureaus are working out a rubber allocation plan.

But we ship rubber to Communist China—2,000 tons in September through the port of San Francisco; equal to the entire 1949 rubber exports to Red China.

Carpenter In Council Race In Park

J. Willard Carpenter announced during the past week that he would be a candidate for the office of Municipal Judge in the City of Grosse Pointe Park at the election to be held on December 11.

Mr. Carpenter was admitted to

J. WILLARD CARPENTER

the Bar of Michigan in 1922 and has been a practicing lawyer since that time, maintaining his own office in the Penobscot Building.

During the last war he was a member of the War Labor Board and he resolved or assisted in determining thousands of disputes either as Public Panel Chairman, Officer for the Board or as an arbitrator.

Mr. Carpenter has been a resident and taxpayer in Grosse Pointe Park since the year 1923, having built the first house to be erected above Kercheval avenue on Yorkshire road, and has, during the past years, actively participated in various local organizations, looking toward the betterment of the community.

Mr. Carpenter is married and has three children, his present home being located at 908 Trembley road, to which he recently moved after about 15 years residence on Whittier road.

He is a member of the Detroit Bar Association and the State Bar of Michigan.

HISTADRUT - 30 YEARS YOUNG

The powerful pioneering force in Israel, Histadrut, is celebrating its 30th anniversary this Chanuka, with a membership of nearly a third of a million. With dependents, Histadrut accounts for half the population in Israel, workers in agriculture, industry, the professions, service occupations, transport, government workers, etc. Histadrut manpower was the backbone of Hagana and is the creator of new pioneer settlements from Dan to Eilat. The creative dynamism of Histadrut has placed its stamp upon all constructive aspects of the Jewish State. Its former general secretary, David Ben Gurion, is now Prime Minister of Israel.

UNUSUAL ACCIDENT

BOSTON, Mass.—Mrs. Catherine Heenan, 57, was injured in an automobile accident recently, although she was sitting in her second-floor apartment. John Gintalis, 61, was struck by a car as he was crossing the street below. His left shoe was wrenched loose by the impact and was hurled 25 feet through a window in Mrs. Heenan's apartment. The shoe hit her on the head severely cutting her scalp.

MINER'S OUTPUT

The hourly output for each man in the nation's mines more than doubled between 1915 and 1950, due primarily to the introduction of machinery and the growing trend toward digging coal, iron and even nonferrous metals from open pits or surface "strip" mines, according to the Bureau of Labor Statistics. Machines cut more than 90 per cent of the total output of bituminous coal last year.

To chop nuts, put them through the meat grinder, using the coarse blade. Or put them in a paper bag and roll with the rolling pin several times.

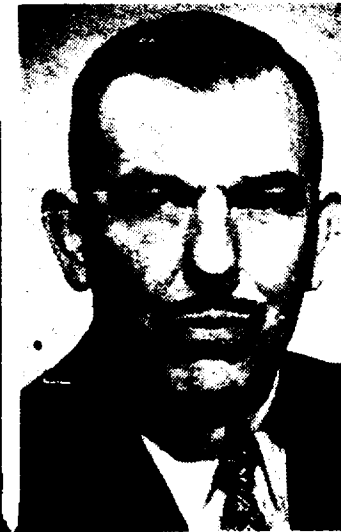

HOW TO DO IT

Building Basement Floor
 A 6- to 12-inch fill of coarse aggregate is necessary to make sure a concrete basement floor will be watertight, says American Builder magazine. The fill then should be covered with 15-pound asphalt-saturated felt, which is coated with hot asphalt. The reinforced concrete placed on top of this should be 4 inches thick. American Builder says a frequent practice is to insulate floors with a 4-inch-thick layer of concrete made with vermiculite, or other lightweight aggregate, placed under the top slab. This minimizes heat loss and condensation.

Buying rush eased in September, but well ahead of 1949.

St. Paul Hi-Lites

By DIANE ZEMPER

The school eagerly awaited Friday, the first of December, on this night "The Harvest of Knights," the Junior girls' dance was scheduled.

Many Paulites were on hand to dance to the music of the Stevenson, including Dennis Furton and Anne Titterton, Haliey and Marty Horkin, Lee Eisey and Lynn Van Tom, Beaupre and Jim McMannus, Barb Stein and Bill Fisher, Atheman and Mary Lou Engelhardt, Connie Molitor and Dick Wagner, and Joan Hock and John Barton.

Joan Heidt and Joe Mueller, Blanche Finney and Carl Thomas, Pat Cook and Bob Schneider, Lou Anne Moxley and Carl Thomas and Lee Mitchell and June Dulac seemed to be enjoying themselves along with the rest of the school at a very wonderful dance.

The main event of the evening was the selection of the funniest and hardest-to-make corsage from among the ones worn by the boys. The bigger and more unique they were the better, as any of those in the contest could tell you. However, after consulting the crowd, it was agreed that Catherine West had created the finest for her escort Al Susala.

There were many pre-dance as well as post-dance parties on that evening. One of the former was a dinner given by Pat and Dick Unti for Joan Dirkes and Dick Dowd, Claire Lenz and Jerry Smith, Marilyn Blondell and Dick Faber, Poppy Zemper and Pat McLaughlin, Marilyn D'Hooghe and Wally Hogue, and Barb's date, Dick Murphy.

Also held that night was a get-together at Dee Slater's home. Her guest list read as follows: Dee's date, Bill Kerick, Donna Boyce and Gus D'Haessler, Anne Reed and Lee Falliers, Marilyn Schmitt and Glen Walters, Mary Del Barba and Tom McLaughlin, Mary Van Damme and Joe Weber, and Gloria Wancour and Dick Walker. From what we heard, everyone will long remember the excellent dance of the Juniors.

LAST THURSDAY was Sister Andrew's feast day, and as a formal program was held in the hall between periods of celebration on this occasion. The student body sang a song composed in honor and presented her with spiritual gifts. Everyone tried to make the day as special as possible for their principal.

The Senior girls were the lucky recipients of a social given by the Frosh girls. On Thursday afternoon, each Senior girl was escorted to a place and presented with a tastefully decorated containing all sorts of surprises ranging from rubber lumps to delicious cookies.

Friday was a very full day for sixteen Senior girls, for the girls were the representatives of the school at the annual "College Day" held at Siena Heights in Adrian, Michigan.

Martha McLaughlin, Catherine West, Pat O'Grady, Mary Lee Fisher, Celestine Blondell, Phyllis Van Beelaere, Judy Beaupre, Pat Cook, Sharon Sweeney, Betty Lou Kosecke, Rita Blondell, Joan Piche, Barb Clark, Francis Pays, and Anne Martz were very impressed with the entire college. Who knows—they might be back at Siena Heights before long.

Many members of the shorthand class attended the shorthand convention held in the Book Building last Thursday evening. Mrs. Courvreur, Rita Blondell, Joan Piche, and Joan Rabaut were very fascinated at the speed and efficiency of the stenographers performing.

Celestine Blondell and Dick Gallagher, Eileen Froehlich and Ronny Morketter, and Jean Sharrow and Hans von Bernthal were planned to go tobogganing last Saturday night, but because of the slightly misty weather, a change of plans was necessary.

Therefore, it was decided that the next best thing would be to see Duke Ellington at the Broadway Capitol. Sally McCarron and Mary Del Barba also managed to take in the show.

That's all for this week. See you all next Thursday.

Family Medicine Cabinet Can Be Menace, Society Warns

How safe is your family medicine cabinet? Jammed as it is in many an American bathroom, with rusted razorblades, aged medicine bottles, various cosmetics and even unprotected insect poisons, it can be a menace, warns the TB and Health Society.

The household medicine chest, neatly stocked with helpful but harmless first aid equipment, should be one of the most important pieces of equipment in the home. Cleaning out the medicine cabinet should not be left until the time when it is stuffed to capacity. It is a good rule to "weed out" the useless or harmful articles about once every two or three months and, at the same time, check on the stock of necessary first aid supplies to be prepared for emergencies.

Every bottle, jar or box in the medicine cabinet should be carefully labeled. Dangerous poisons, labeled or not, should never be placed in the medicine cabinet.

They should be kept far out of reach of children, or of such who might hurriedly be looking for a pain remedy and instead use something that might cause serious illness or even death.

Among first aid supplies that should be kept freshly stocked are sterile cotton, sterile gauze bandage, adhesive tape and antiseptics to prevent infection in minor cuts and bruises. A potent antiseptic is mild tincture of iodine.

Family medicine chests kept in an orderly and easily accessible fashion, save time in emergencies and are of special importance to the household. Does your medicine chest offer safety and security to your family?

Blue Devils Sink Hazel Park Squad

By BOB HOWE
Height was a definite advantage for the Grosse Pointe Blue Devils last Friday night when they opened the 1950-51 basketball season with an impressive 78-44 victory over a helpless Hazel Park squad.

As a result of the fine play of Grosse Pointe's giant forward line, Bruce Allen, Bud McCullough and Jim Schoek, the Devils easily controlled both backboards during the entire contest. Hazel Park seemed to be dumfounded by the height and fast-breaking plays of the Pointers.

Allen, 6 ft. 5 in. forward, set a new Grosse Pointe scoring record by sinking 14 field goals and two free throws for a total of 30 points.

The guards also deserve credit for their brilliant ball-handling in setting up the plays. Al Mann, veteran guard, was second highest scorer with 15 points.

The game was a good opener because it gave Coach Edward Wernet a chance to substitute freely, thereby giving him a better look at some of his players.

Reserves Lose Close Game

By BOB HOWE
Prior to the varsity basketball game, the Grosse Pointe reserve squad lost a heart-breaker Friday night to the Vikings at Hazel Park in a close 37-34 decision.

Excitement reached a high pitch in the last few minutes of the game, as the score was so close that it was a toss-up as to which team would win. When the clock finally ran out, however, Grosse Pointe was on the losing side.

The reserves were led in scoring by Forward, Jerry Hardin, and Center, Jerry Goebel, each of whom accounted for 9 points.

A. Leon Kubowitzki, chairman, General Council, World Jewish Congress:

"There are few states in the world about which there are so many misconceptions as the United States."

Businessmen Round Out 8 Game Series

Teams winning three were: League-leading Imperial Cleaners, from Tom Boyd, Inc.; Turner Buick, Inc., from Rustic Cabins; Testa Cement Co., from Boutin's Service; Dart In Bar, from second place Pointe Ins. Agency; and Kennelly Catering, from Bruce Wigle Co.

Marv Ouellette of Rustic Cabins had the evening's high individual series of 583.

John Bosco's 229 was high single game.

Members of the American Collectors association, in convention at Detroit, announced that no longer would they be known as "bill collectors" but as "adjusters of delinquent obligations," a term which undoubtedly will be shortened to ADO and give a householder wrongly billed cause to complain that there was much ado about nothing.—St. Paul Pioneer Press.

Domestic Help Affected By New Revenue Rule

"Do you have a maid?" Not so very many households these days can answer yes, but those who do have a maid or any other household worker will need a copy of a brief booklet bearing that question as a title.

Francis L. Pendergast, manager of the East Side social security office, began distributing this booklet today. This colorful leaflet sets out, in a few questions, just how the lady of the house, or any employer of domestic help in or around the home, may tell whether or not the worker is brought under the new social security law which becomes effective on January 1.

The work of those regularly employed in private homes will be credited to social security and the employer will be responsible for reporting wages, along with social security taxes, to the collector of internal revenue.

The title of the pamphlet does not stop with "Do You Have a Maid?" but continues "—or a laundress?—a cook?—chauffeur?—gardener?"

Any of these, or any other persons employed regularly for work in or around a private household may come under the new law, and Pendergast urges their employers to request a free copy of the booklet.

A simple test in the booklet, in terms of amount of wages paid and regularity of employment, will tell whether a maid or cook or laundress will get the protection of social security—and whether the housewife should start making reports next year.

If so, there's a postage-paid postal card in the government-issued booklet which the housewife should mail in for instructions.

Copies of the booklet are available at all post offices, or may be secured at offices of the collector of internal revenue. "Here on the East Side," said Pendergast, "if you'll just call the social security office, Walnut 1-8714, or drop us a post card, asking for the booklet, 'Do You Have a Maid?' we'll send it to you by return mail."

Address of the office is Social Security Administration, 8720 Mack Avenue, Detroit 14, Mich.

Boy Hero Saves Three

Evansville, Ind. — Although Richard Kilgore, 17-year-old high school senior, couldn't swim, he jumped into a lake when he saw a car roll down a steep drive and plunge into the water. He managed to open a back door and pulled out William Hollenberger, 68, and his daughter, Margaret, 35. He had to pull the driver, Mrs. Anna Springer, 64, into the back seat and hold her head above water beside the car. The Hollenbergers took refuge on top of the car. A fire department rescue squad pulled all four out of the chilly water.

Middies Set Pace In Rotary Bowl Loop

Since taking the lead from the Punch and Judy Cocktail Lounge two weeks ago, the Middle Atlantic Transportation Company have been going great. The Middies inserted a 919 closer and tripped Motor City Tires, 3-1.

Joe Jablonske, anchorman for the losers, came up with three 155 games, the first triplicate to be recorded in this league. "Honest Joe" claims this is the first time it has happened to him.

Houston Bros. Inc., pulled up a little closer to the top by taking a 3-1 series from the Auto Club. Houston has a fine bunch of bowlers and will be hard to catch if they ever take over the lead.

P. and J. Cocktail Lounge lost their fourth series in a row, their loney point came in the middle game when the boys rolled 913 without a 200 game being bowled. Wolverine Chops, the winners, benefitted by the nine pin spot per game, they received.

Kopp's Pharmacy, unable to get started this year, dropped another match, this time Harrison Carpets were the victors, winning three. Fred Kopp was on hand to give his team a lift but that didn't help either.

Piches Barber Shop, with three of their bowlers well over the 500 mark, namely Chuck Bayl, Forrest Piche and Nick Shubek, dropped a 3-1 series to Monday Cleaners who needed only one hot bowler to turn the tide their way — Roy Kraeber came through with a 234 opener and 625 total, his best effort this season.

Farms Market who have scored three shutouts in a row over their opponents, had the tables turned on th emthis time. Earl Holzbaugh outclassed the "butcher boys" and by so doing, racked up their first 4-pointer this season.

Two Rotary bowlers stood out in last Friday's bowling meet. Al Meyer converted the very difficult split and to top this one
