#### MARCH OF DIMES

"Everyone who makes a contribution to the March of Dimes will be reaching out the hand of comfort to children—and adults so well—who look to us for aid in their fight against polio," William Bernard, March of Dimes Chairman said.

"Mrs. Fred Trayling, whose son is a polio victim, is volunteer chairman of the Mothers' March of Polio. She is typical of the hundreds of parents and relatives of polio victims who were among the first to offer their services in order that every child or adult who needs it may have the benefit of the direct care they and their children received from the Wayne County Chapter of the National Foundation for

Infantile Paralysis."

Many of the smaller cities and communities in Wayne County outside of Detroit are planning dramatic one-hour campaigns, Mr. Bernard said, when neighbors will be asked to turn on their porch lights to signify their willingness to welcome the volunteers fighting infantile paralysis.

The enthusiasm of the good people in Grosse Pointe, who are so generously contributing their time, money and energies to the Bon Secours Drive, is beginning to show in the net results of an ambitious campaign.

The need for a fully equipped hospital in Grosse Pointe is evident.

But the doors of the newly constructed wing are closed until the funds from the drive can be converted into hospital beds. operating room equipment and surgical supplies.

Will the amount of \$121,120 be fully

lies in the hands of those who have failed thus far to subscribe donations.

Even now the rising costs have delayed the purchase of some equipment until a later date.

If the generosity of residents continues until the close of the campaign then the doors of the hospital will be unlocked to the community it is dedicated to serve.

The roster of citizens who made the drive possible are in retrospect a great team. They are merchants, lawyers, housewives, hucksters and students who worked together in a common cause.

This "typical half day" or Open House as it is formally called, was held Thursday January 18, from 7:30 to 10:30 p.m.

A most interesting and informative session took place and everyone (students included!) enjoyed the classes. Even members of the faculty commented on the excellence and success of the evening, 374 parents and 230 students helped make the evening a

The school building seems to get smaller every year, but not a complaint was heard from anyone present. The only criticism we heard was that the classes weren't long enough.

Compliments were flying thick and fast in praise of the way in which the classes were conducted, and the interest and attention of the students in general.

Mrs. Peter Cook (Patricia Cook's mom) complimented the Senior Religion Class, held second hour. Said she, "I only wish it had been a half-hour longer."

Mr. and Mrs. Otto Von Bernthal also praised the classes. They both enjoyed the entire evening. "We attended last year, and found it so interesting we came again for this year's affair. The entire evening was very informative for it gave us a good idea of what goes on during the daily

After the scholastic portion of the evening was concluded, a very informative and lively panel took place.

Diane Zemper and William Murphy spoke for the affirmative, and Marie Couvreur and James Keller maintained a negative stand on the question 'Should the President of the United States be elected by a direct vote of the people?"

Theresa Lyford, Harvey Divens, Mary Lou Cavanaugh, and Ro- Corpenter Work bert Clark questioned the speak-ers on particular points. Phyllis Van Beceleare was chairman, and Richard Cameron acted as mod-

Many parents had complimentary comments for the panel, for both questioners and speakers Said Mrs. Daniel McCarron, "The panel was very educational. This was the nicest evening I've spent: everyone was so courteous and considerate."

Mr. and Mrs. Francis J. Hock also attended Open House or Thursday.

"The classes were very interesting; we enjoyed them very much. The panel was exceptional "The classes were very, very good. The whole evening was most enjoyable. "Thus remarked Mrs. Arthur Van Beceleare, Phyllis' mom.

Using these comments as an impartial poll, it's easy to see the evening can be called an enjoy able experience.
