MOBILIZE FOR DEFENSE

The Red Cross fund campaign this year comes at a time when the nation is at a critical period in its history—a time when the resources of every individual and organization must be prepared for an all out effort to strengthen our spiritual and

As an organization, the Red Cross has an important part of the job to be done. The government has assigned to it the duty of procuring blood for military and civil defense needs; the training of 20,000,-900 people in first aid, more than 1,000,000 in home nursing and hundreds of thousands as nurse's aides. In addition, the Red Cross must carry forward its responsibilities to the armed forces—personal services which cannot be given by the military but which must be provided if we are to have

a strong-hearted fighting force. For these, and its regular duties, the Red Cross this year needs \$85,000,000.

The Red Cross campaign slogan, "Mobilize for defense of your family, your community, and the nation," points up one way the average American can put his strength into the effort for our defense.

The American people have always generously given money to the Red Crossnow we must do more. We must, of course, provide the funds for the organization's operations. In addition, we must give our blood, our talent, and our time-to help protect ourselves in any catastrophe which may strike.

The Red Cross belongs to all of us-all who want to help, all who need help. It deserves our whole-hearted support.

Visitor restrictions are for the sake of the patient as well as visitor, the society emphasized. Even seemingly healthy visitors may complicate the patient's fight against influenza by bringing germs into the sick room. And these complications which follow may cause death.

Dangerous complications of influenza can usually be avoided if the doctor is called in time and if his advice is carefully followed.

Recently developed preventives have proved of value. However, the most practical defense against influenza is good personal hygiene, including adequate rest and sleep, a well-balanced diet, and the avoidance of chilling.

Observing these rules of good health does not guarantee that influenza will never strike. But, it does lessen the likelihood of contracting it, the society added.

But the governor now is wrapped up in long range civil defense. He is sharply interested in the St. Lawrence river seaway. The U.S. might be forced in case of all-out war to use Labrador and South American iron ore. Without a seaway this supply would be unavailable to Michigan except at great expense.

Destruction of the Sault locks would cut the state's vital industries off from their raw materials. The Mesabi range still is producing — but complete war might exhaust this reservoir. Any of these things could cause industry to move east.

A civil defense production council has met and agreed on survey of existing facilities in Michigan for war and defense contracts.

Also it recommends a Michigan office in Washington to keep state manufacturers informed of defense needs. The sum of \$58,-000 will be needed to complete

this fiscal year program. The governor told the council he' would work on the plan on his next Washington trip.

He promised also to investigate possible federal funds for the proposed Mackinac bridge. A plan has been submitted by the Mackinac Bridge Authority which is considered feasible financially and structurally, another report will be made in May.

Discuss Local Libraries

Friends of the Grosse Pointe Public Library enjoyed a spirited discussion of local libraries by representatives of the five Grosse Pointe High Schools at their February meeting Tuesday evening, February 27, in the Pub-

School; Theodore Sedwick, Detroit University School; Sheila Quinn, St. Ambrose High School; Jean Diekoff, Country Day High School, and Dennis Furton from St. Paul High School.

The students gave an interest-ing and instructive discussion on what they liked about local public library service and their high school libraries, and made recommendations as to ways in which the service might be im-

GOOD NEWS for library users in Grosse Pointe Shores! The Shores Station which has been closed for several months for

renovation, reopened this week. Its quarters are in the Municipal Building as before but enlarged and redecorated they bear little resemblance to the former diggings.

For some time before closing, the chief users of this station were the children from Vernier school next door. They will be given a warm welcome again. Miss Woodcock also sends a special invitation to all adults in this vicinity to make use of

their library. Since additional shelving 'provides almost twice the space for books as existed formerly, the adult and juvenile collection has been greatly enlarged.

New books, both adult and juvenile, have been added bringing the total number to about one thousand.

It is not necessary to live in the Shores to use this library. A Grosse Pointe library card is usable at any of the Grosse Pointe libraries. To obtain a card it is required only that you live, own property, work go to school in Grosse Pointe.

The new hours for this staion are Wednesdays 12:30 to 8:30 p.m. With newly decorated quarters, new books, new hours, we are glad to report there is not a new librarian. Former users of this station will be pleased to know Miss Joyce Woodcock will again be in charge

HIGH FASHION FOR SPRING BRIDES

The beauty of the gown pictured is combined with a romantic theme to make any bride treasure the memory of her wedding day for years to come. The dress worn by Aileen Rosswell, daughter of designer Madam Rosswell, contains the history of the bride's courtship. On the facing of the skirt two Italian girls who developed their art in the southern European kingdom have embroidered the romantic story. Details of the gown include 15,000 Delta seed pearls applied by hand to a Skinners duchess satin skirt . . . from the shoulders falls a court train of imported hand made lace . . . over a short cathedral length train. St. Paul Hi-Lites

The past week has been a combination of a number of thingsfun, work, and of course, studying.

From the fun angle, we have the various basketball games which were played during the past week. The girl's varsity team has, in case you haven't been following their record, passed an extremely successful season thus far.

In all their league games, they are undefeated! That's quite a record, don't you agree? The first game of the playoffs was last Sunday against Nativity I team. And was that a game!!

Not only the fans but the players themselves were quite agi-

tated. It payed off, however, for the final score was 36 to 35, favor St. Paul! And thus, St. Paul is still undefeated after the first game of the playoffs.

This can be said of all the players: You forwards and guards are really a credit to the school! You couldn't have played better. Congratulations!

The boys' game, a non-leaguer against St. Mary's in Mount Clemens, was played last Friday evening. Despite the fact that there was quite a distance to cover, and the muddy roads were a hindrance, lots of Paulites showed up.

Gene Reynolds, Clifford Jablonski, Patricia Yotts, Catherine

West, Jerome Froehlich, Sharon Sweeney, Jim O'Connor, Judith Beaupre, Theresa Lyford and Mary Lou Cavanaugh were witnessed to have been putting lots of pep and energy behind their Red and White Five.

In fact, they put so much cheering behind them that the team just didn't stop until the final score stood 70 to 40. Nice going,

After the game, the "place to go" was Schneider's for refreshments, dancing, and the discussing of the game. At least Patricia Cook, Terrence Lynch, Patricia Lawler, Alphonse Judith Rosicot, John Huetteman, Phyllis Van Becelaere, Timothy Champine, and Leo Kennedy must have thought so, for it was there they picked as their post-game get-together spot. It can be taken for granted that Robert certainly must be a fine host!

Now we come to the work. That, of course, was on the magazine drive which closed today. From all outward appearances, the Drive was a grand success.

Half the Senior boys had topped 126% within five days! The Seniors, who sponsored the drive, want to offer their thanks and appreciation to all who helped to make the drive what it was.

AND DID YOU KNOW that the Second Year Latin Class has organized itself into a club which is part of a national society? This Junior Classical League, as they call themselves, meets every second and fourth Friday of the month under the leadership of Consul: Edward Heck; Scriba: Blanche Finney; Editor: Lee Elsey; and Aedile, Robert Thurtle. They have even chosen colors to represent them-purple and

gold, the royal colors. Although the club has had only one meeting at which they chose officers and drew up their constitution, they plan many in the future.

The purpose of this organization is to increase the students' appreciation of pagan and Christian Rome. We think that we'll

be hearing more from this club before very long!

Next Saturday night. March 3, the War Memorial is sponsoring another of its Open Houses, for which it is so famous. This one is

for all those teenagers in grades ten through twelve. The ones held in the past have been very successful, but this one is even going to be better.

The price is only fifty cents per person, and it's strictly a "hag and stag" affair. There are going to be games, dancing, cards, and even free hot dogs and such, so come on gang! Let's see you there! 'Bye for now! See you next Thursday!
