SAVE YOUR VISION FOR DEFENSE

"More than half of all defense industry employees have inefficient vision that may handicap them in their jobs and make them subject to accidents," declared the Wayne County Society of Optometrists today, in a statement issued in connection with the 25th annual Save Your Vision Week (March 4-10).

"The worker who sees well produces more, does a better job and is less prone to accidents than one who neglects his vision," the society said.

About two out of three adults wear eyeglasses but in millions of cases they are prescribed on the basis of the requirements for the job done by them. The lenses that are obtained

to make reading easy, may not be the ones best suited to an industrial job.

"There are vast differences, for instance, between the visual requirements to operate a crane or a lathe. The distance of one's work from his eyes is of critical importance," the society said.

The society also said the eye accidents occur at the rate of two a minute throughout the day, and all but two per cent of them could be prevented by proper precautions. Many visual problems can be prevented by proper attention to the seeing environment and by early care, they said, and most visual shortcomings can be corrected by the aid of modern optometric science.

THE SHRINKING DOLLAR

Concerned with the gradual buying power of the dollar, the Detroit Free Press, noted statistical a recent bulletin, reveal the shrinkage of the dollar.

The dollar is made of 1937 prices with those of 1947:

Eggs	33c	dozen	61c
Butter	39c	lb.	73c
Milk	12c	qt.	19c
Bread	8c	loaf	12c
Buick	\$1,035	f.o.b.	\$1,522
Coal	\$12	ton	\$17
Steel	\$37	ton	\$50

There was a slight recession in 1949. Then war broke out in Korea. Soon afterwards prices of commodities advanced sharply.

Let's see what prices looked like in January, 1951:

Eggs	63c
Butter	88c
Milk	22c

The truth is that the American dollar is almost daily losing its purchasing power. It takes more dollars to buy the same amounts of commodities which were purchased in 1937. The actual truth is that the dollar which was worth 100 cents in 1937 is now worth 57 cents.

In other words, the silver eagle has shrunk 43 per cent in purchasing power in the last 14 years.

Will the dollar continue to shrink and how much longer will inflation continue to lessen the buying power? Even the experts scratch their heads over an answer to that question.

The country has passed through these cycles before, and there is no doubt that a reckoning will come sooner or later. That time will come when the country's millions grow weary of the national splurge.

Michigan Mirror

With the startling disclosure that Detroit's school children are being exposed to dope, Gov. G. Mennen Williams has begun probing all state agencies having to do with narcotics to see what type of legislation is needed to combat the menace.

A bill already has been introduced raising the penalty for selling narcotics to minors to 15 years in prison and/or \$4,000 fine.

The governor opposes the used car tax and the two cents gasoline levy. But he is not committed to a veto. Aides state that his "position will have to be clarified." The fact remains, he just doesn't like either tax.

If adversaries of a gasoline tax wished to overcome the antagonism of the governor on the bill, they would couple a one-cent gas tax with a corporations tax which would leave him no alternative but to sign it into law.

Taxes? Michigan taxpayers (citizens and employers) paid \$73.59 each to the state government last year, putting the state 10th high in the nation for per capita levies. National state tax average is \$61 per head.

Total amount collected in Michigan in 1950 was \$480,000,000. (Note: More than 73 per cent of each sales tax dollar is returned by the state to cities, counties, townships and schools. A major part of the state's \$2,728.5 millions in federal taxes was corporation income taxes.)

AT LEAST \$450,000 will be required to give minimum fireproofing to the state capitol building. Recommended is \$225,000 for new wiring alone. In 1949 the same job was estimated at \$166,000.

State Controller Robert F. Steadman says that at that time the "legislature severely criticized the recommendation, and instead of supporting it, recaptured \$33,000 previously earmarked for the work."

The federal government has authorized 60 hours of additional training for the Michigan National Guard during the first six months of 1951. This is in addition to the regular two-week stay at summer camp and the 48-weekly two-hour training periods.

The state defense council has asked the legislature for \$7,126,000 to protect Michigan against attack. The figure is based on the belief that the federal government will contribute \$3,149,000. Biggest item is \$3,500,000 to continue and expand the blood typing program.

The legislature has \$65,000,000 for mental and tuberculosis hospitals—and as yet not even the site of a T.B. hospital has been settled on. The T. B. sanitarium commission selected Kalamazoo; Berrien county drummed for the honor; Van Buren county has its bid in—the bed shortage continues.

Little Hoover commission says the department of agriculture needs an overhauling. Pictured as a "conglomeration of loosely administered and badly conceived agencies," the commission recommends abolition of the bureaus of agricultural industry; institutional farms and state fair grounds, and the division of drains and food inspections.

The cost of living is taking a breather. For the first time in months it has halted its advance and prices of some food—chiefly meats—have slipped back. Probably no more than a breather. Prices advanced 6.5 per cent in 12 months as of Dec. 15, 1950. (Source: U. S. Department of Labor.)

Indian Ceremony Features Blue and Gold Banquet

Annual Blue and Gold Banquet of Cub Pack 147, District 3, was quite a success.

The dinner was prepared and served by den mothers and assistant den mothers Ann Kulow, June Houghton, Edith Kolley, Ruth Cook, Betty Myers, Jane Ryerson, Oliva Solterisch and Estelle Donovan under the direction of Mrs. W. F. Coppin and co-chairman Irene Andrews.

The music was furnished by a high school group who call themselves "Comfort Room Four—Plus Three." It was greatly enjoyed by everyone. Following this was community singing by parents and cubs led by Gordon Cook and Ben Kushner.

Chairman Paul Kolvoord opened the program by introducing the new officers and guests.

One of the guests, Mr. Vincent Leach, gave a short talk on the origin of scouting which was a good beginning for the Indian Ceremony which followed.

Wearing colorful headresses, members of Cub Pack 147 held and induction and graduation ceremony in which nine boys were received into the ranks of Pack 147 and seven boys were graduated.

Mrs. Gordon Cook received a Den Mother's pin.

Deserving honorable mention was Michael Lenhardt who received ten awards including gold and silver arrows, bear and lion badges and Webelos Award.

Receiving Bob-Cat pins were Mark Gascoigne, Chris Grieve, Danny Meyers, Custard Romier, Paul Merken, Roger Wilner, Don Lambrecht, and George Blake.

The following cubs received awards for their advancement: Michael Lenhardt, Charles Harris, Tommy Harrett, Melvin Lenhardt, Philip Hamilton, Ronnie Palazzola, Allen Dexter, Robert Benton, James VanEckoute, Elmer Hoyer, Jr., Zshfer Orhan and Bill Rouse.

Others: Robert Schweikart, Russell Peck, Daniel Donovan, Harold Beardsley, Tommy Hough, Matt Houghton, Ernie Rapale, Marty Andrews, Joe Kolley, Robb Smith, Bill Springett, Richard Ramsey, Tommy Palazzola, Jim Padgett, Billie Lee, Bobby Kulow, Bill Pressel, Ronnie Downie, Vance Ryerson and David Cook.

Following the ceremony a pantomime and tumbling act was put on by Ernie Falk and his pupils; Ronald Kelin, Peter Huestis, Mark Huestis, Sandy MacMechan, Thomas Perry, Bradley Tiesdale and Joseph Kolley.

The program was closed with the singing of "God, Bless America."

Graduates and former cadets of the United States Military Academy at West Point are completing plans to celebrate the 148th anniversary of the founding of the academy.

Highlight of the celebration will be a dinner on March 16 at 7 p. m. at the Fort Wayne Officers' Club, 6301 West Jefferson Avenue.

J. D. Crary of 2970 West Grand Boulevard, Trinity 5-7028, is secretary of the state association.

Editor's Letters

This is a long overdue letter to thank you and the other nice people at the REVIEW for the lovely presents which we received as a result of Tommy arriving at such an opportune time. It certainly was a lot of fun being parents of the "Champ" and basking in his glory. The little fellow is coming along fine, and I am sure that when he gets old enough to appreciate it, he will get quite a kick out of his early fame. Thanks again, ever so much.

Sincerely yours,

Red Cross Disaster Service Aids In Nation's Civil Defense Plans

A major part of Red Cross work in the nation's civil defense program will be to help provide food, clothing and shelter during the immediate period of an emergency.

This aid will be in addition to the traditional Red Cross service to victims of natural catastrophes.

Principal work done by the Red Cross for civil defense thus far has been to conduct surveys on shelter and feeding facilities. The biggest such survey was the one carried out in the Chicago area last summer by 47 Red Cross chapters.

Disaster Service has also taken part in more than a score of mock disasters in various parts of the country in recent months. One of the biggest of these was in Seattle, Wash., where the Red Cross had the job of organizing and leading a welfare division to register, feed, clothe, and shelter refugees from "bombed" areas.

Some 80,000 persons were placed in the refugee category and the Seattle-King County Red Cross Chapter worked out paper plans for their care.

The added duties for civil defense came after a year in which Red Cross Disaster Service, in its normal operation, conducted a record number of 394 disaster relief operations, giving aid to 223,400 persons.

High point of disaster field operations in the last fiscal year were the combined floods and tornadoes which struck through the Ohio and Mississippi valleys last year.

The Red Cross had more than 100 national disaster workers in the field and gave approximately \$1,100,000 in aid to 88,000 flood victims. On top of the floods came the tornadoes. Another 2,000 persons needed help. The Red Cross gave it at a cost of \$300,000.

A survey of Red Cross disaster relief operations for the previous 30 years showed that during the period approximately \$134,000,000 was spent and more than 4,000 relief operations were conducted in 48 states, the District of Columbia, and Alaska.

HOPE ON HIS HORIZON

with your help

It takes more than our government's fine medical treatment to ease a disabled veteran over the rough spots. Often days seem long, recovery slow, the future hopeless.

At such times, a helping hand, an understanding word—knowing that somebody cares—is the best medicine of all.

Your Red Cross workers now provide this neighborly interest, this miracle-working medicine for 134,000 hospitalized veterans. For veterans and their families, your Red Cross also gives emergency financial assistance, helps with personal and family problems, engages in recreational and welfare programs.

Support these worthwhile activities by giving to your Red Cross. Give now—and give generously!

NEWS IN SIGHT

Dr. Arthur M. Majester, O.D. One of the most puzzling situations a man finds himself in is the one when he tries to read a newspaper and the print blurs.

Dr. Majester eventually he is forced to visit an eye doctor and this visit is the "doctor" he may say, "I am wearing the same kind of glasses I am wearing for both far and near seeing."

The answer, no doubt is no, because this man's ability to muster seeing power within his eye is getting low and he will not be able to sustain seeing at close distances for any length of time.

"But Doctor, why the bifocals? My grandfather was eighty-six years old when he died and he didn't even wear glasses and here I am only forty-one and you say I need bifocals."

The answer of course is that in all probability grandfather didn't try to read and besides his life was one of satisfaction, if whatever he was making was within a quarter of an inch of being exact. Today we work within one ten thousandths of an inch.

The truth is that grandfather did need some help in seeing clearly, but was not aware of it or he could not procure such help.

Getting back to why this man needs bifocals. If single vision lenses were prescribed for him he would see either far or near but not both far and near through them. Our type of living requires good vision at distant points and also within arms reach.

The bifocal is the type of lens that will be the most convenient, for with the raising of the eyes you use the top portion of the lens for far seeing and when the eyes look downward, through that little segment they will be able to read. Do not try to get used to bifocals because you never will, but by all means learn how to use them.

College Clique

Barbara Stoerkel, a senior at Michigan State College, terminated her year as president of the Pi Beta Phi Sorority this month. Her sister Marjorie Stoerkel, a junior at Michigan State, was elected president for the coming year.

Betty Scales, daughter of Mr. and Mrs. John G. Scales, 928 Washington Road, has been pledged to Chi Omega sorority at Ohio Wesleyan University.

Betty is a freshman at the University where she is majoring in Psychology.

Among the 159 women initiated into national sororities at Denison University, Granville, Ohio on Feb. 24, were two local students. They are Suzanne Kitzon, 762 Sunningdale Drive, Delta Delta Delta; and Joan Wozniak, 933 Bedford Road, Alpha Omicron Pi.

As such activities at Indiana University ground to a halt, announcement of new pledges to social sororities was made.

Jane Worley, daughter of Mr. and Mrs. Donald M. Worley of 311 McMillan, was pledged to Sigma Kappa. She was a member of the 1949 graduating class at Grosse Pointe High School.

Word comes from Bradford Junior College, Bradford, Mass., that Betty Lou Givens has been elected a freshman member-at-large of the Student Council and a member of the House Committee for the second semester. She is the niece of Mr. and Mrs. David A. Wallace of 100 Lewis-ton Rd.

Mary R. McKean, daughter of Mr. and Mrs. Robert E. McKean of 1014 Bishop Rd., has been elected a member of the House Committee.

Mrs. Lloyd DeWitt Smith will entertain Mrs. Frederic Gilbert Bower, of Summerville, South Carolina, in her Grand Marais home over the week end.

The pair have made plans to attend the State Council of the U. S. Daughters of 1812 in Grand Rapids on Thursday and Friday.

GIRL'S SENIOR LEAGUE
With a record crowd in attendance for the Neighborhood Club Girls Senior League games, Thursday evening, St. Patrick's came through with the upset of the season when they defeated St. Clair Recreation by the score of 33 to 32.

By winning this very close and exciting game, the Irishmen were able to chalk up their first win in the victory column.

At the half-time St. Clair had a comfortable 10-point lead but as the third and fourth quarter were played, the lead quickly melted under the red hot offensive of the St. Patrick team.

In the last five seconds of play, with St. Clair Recreation in control of the ball and the score standing 33 to 32 in favor of St. Patrick, Thelma Henderson of St. Clair made a last second attempt at a field goal.

As the ball approached the backboard, it bounced crazily from one side of the hoop to the other and then as the buzzer sounded ending the game, it fell away to the floor.

A thrilling victory for the last-placed St. Patrick team and a heart-breaker for the St. Clair Recreation team.

In the other Senior League game of the evening, G.P.A.C. pulled away from a 25-point tie at halftime to a smooth victory over St. Paul Seniors with the final score being 53 to 40. High scorer for the game was Peggy Hyde of St. Paul Seniors with 21 points.

MEN'S TEAM STANDING
Jimmy Burns of Verdonck's Bakery, saved his team from defeat last Monday evening by wishing a shot from side-court as the game-ending buzzer sounded to give the Bakers a 55 to 54 win over Metropolitan Club in the Neighborhood Club's Senior Basketball Loop.

The victory enabled them to hang onto their first place tie with Grosse Pointe Valet. Metropolitan Club took the lead early in the game and held a four to six point lead throughout the contest until the last seconds of the fourth quarter when the Bakers pulled up to within one point of the leaders.

It looked like a certain upset as the time was running out, but on a jump ball play near the Baker's goal with less than five seconds left to play, Burns took the tip-off, dribbled clear of the defense to the side of the court and fired his game winning shot just as the buzzer sounded.

Burns and Pat Cameron shared scoring honors with 15 points each.

Friday evening, March 9th, Grosse Pointe Valet will meet Verdonck's Bakery in the game that will decide the winner of the league race.

This promises to be a real crowd-pleaser as both teams boast good defensive records and also a high scoring combination.

Verdonck's are out to avenge their only defeat of the current season which was at the hands

of the Valets. Starting time for this crucial contest is 9 p.m. There will be two preliminary games between Post 303 and St. John starting at 7 p.m. and Tom Boyd Ford and St. Clair Shores starting at 8 p.m.

Miss Roehm to Wed Neighbor at Mullet

Summers at Mullet Lake, where both families have cottages, provided an impetus for the romance of Caroline Elizabeth Roehm and Ernest Salling Cornwell, Jr., whose engagement was revealed on Saturday.

The prospective bridegroom is the son of Mr. and Mrs. Ernest S. Cornwell, of Saginaw.

Betty was graduated from Lidgett School and attended Smith College. She is a member of the Junior League and Tau Beta.

Ernie is a senior at Michigan State College, where he is a member of Psi Upsilon Fraternity.

The engaged pair is planning an early summer wedding.

Pointer Marries Albert M. Townsend

Mr. and Mrs. Albert Misch Townsend are on a short trip to Cleveland following their marriage on March second at Grosse Pointe Memorial Church.

Mrs. Townsend is the former Rosemary Frances Lappan, daughter of Mrs. F. Lester Lappan of Lincoln road and the late Mr. Lappan.

The Albert Townsends of Lake Worth, Florida, and formerly of Grosse Pointe are the parents of the groom.

Dr. Frank Fitt officiated at the ceremony, which was attended by members of the immediate families. Mr. and Mrs. Clarence F. Graebner of Saginaw were the only attendants.

For her wedding, Miss Lappan wore dark blue crepe with white accessories. Her flowers were a Colonial arrangement of rosebuds and lilies of the valley.

A reception and breakfast in the home of the bride followed the ceremony.

Upon their return, Mrs. Townsend will be at home on Lincoln road, while the groom will report to St. Louis, having been recalled as a Lieutenant in the Air Force.
