## BOE TO SETTLE BORDER RIFT

### Pointe Sparkles As Drive Nears Close

#### Posters, Banners Spur Last Minute Beauty Campaign

A Clean-Up banner is floating over East Jefferson at the City limits, a rash of posters has appeared in shopping centers along with window displays, and movie goers are urged by flashes on the silver screen to "Clean up and shine at Anniversary time."

School children throughout the Pointes are spending their recess periods cleaning up their school grounds, and Hi-Y boys and Y-Teen girls are earning honor credits by helping clean up their own yards and neighborhood lots.

Here and there even this early in Clean-Up Week, mounds of rubbish have appeared between side walks and curbs where they wait for collection by city officials. And already over-taxed collection trucks are winding their way through the five municipalities in an effort to collect all the extra debris that residents piled up over the week-end.

Winters collection appears to be a tremendous one when it emerges all at once during one short week, especially when coupled with the pruning of dead wood and diseased branches. It is only with the cooperation of all residents that the Grosse Pointes can be cleaned up and stay clean. It has become evident to the Grosse Pointe Garden Club Council which is sponsoring Clean-Up Week from April 21 to May 1, that the cooperation of all residents is essential.

In listing the places which needed to be cleaned up, one terse reply suggested "Blair House and the State Department."

The American way of life was exemplified by two students this week at Grosse Pointe.

John Pagel and Bob McClintock passed a "We Want MacArthur" petition to hundreds of their friends. Their formal entreaty will be sent air mail to President Truman.

J. W. Trauger, who travels widely in the East and Midwest, spent several days with the George Trues recently to visit his daughter and son-in-law. Mr. Trauger reported that more building is going on in and around Grosse Pointe than anywhere he has been.

The newly re-elected president of Grosse Pointe Theatre, John Dykema, recently accepted a position on the Federal Security and Exchange Commission.

Children who swarmed over the battered fire engine at the Grosse Pointe Farms park last summer will find their favorite red wagon gone from its familiar spot. The engine was sold to a lumber yard upstate and will be put back into service as an auxiliary pumper. Like an old war horse, it was taken out of retirement and put back in the line of duty.

To the people interested in finding out more about the UN, what makes it tick, what is going on at sessions and its aims... there are a series of meetings planned to discuss just that. A UN committee formed in Detroit invites the public to attend meetings held the last Friday of the month at noon. Following lunch at the Witherrall YW general discussion periods are conducted.

#### Pleads Guilty of Indecency

Circuit Judge Thomas Maher heard a plea of guilty by Bruce Hafer, 41, 17020 Kercheval, on a charge of gross indecency committed May 30, 1950, in the City of Grosse Pointe.

Judge Maher deferred sentence pending a probation report and continued the \$1,000 bond.

#### Daly Case Heard May 31

The case of the State versus Marine Pfc. Albert Daly, charged with the slaying of his wife Virginia Y-Teen Daly, will be heard in Wayne County Circuit Court on May 31.

#### Fear Spread of Rabies in Pointe

The second rabid dog this month was discovered in Grosse Pointe Park. Police, fearing the disease may have been spread, are asking residents to keep their dogs on their own premises at all times.

"Any dogs showing signs of illness should be taken to a veterinarian," Chief Arthur Louwers stated. "In the event the dog is rabid, the police and Board of Health will take precautionary measures to insure the health of all persons who may have had physical contact with the rabid animal."

Chief Louwers said that a vigorous campaign is being conducted to impound all dogs found running at large. Dogs taken outside the owner's premises should be leashed and those not on a leash will be deemed to be at large and will be impounded, he warned.

Dr. T. S. Davies, health officer in Grosse Pointe, cautioned owners of pets in the Pointe.

He said: "We cannot afford to take chances against rabies."

with the disease in the Pointe and there may be several more running at large.

"Dogs over the age of four months should be vaccinated yearly as a precaution. At the first symptoms, such as irritability or excessive drooling, dogs should be taken to the veterinary or the Grosse Pointe Board of Health should be contacted."

#### UF Workers Discuss Polio at Memorial

Mrs. John J. O'Brien, Torch Drive general chairman for the Grosse Pointe region, has called a meeting of all campaign workers in Grosse Pointe for 2 p.m. next Tuesday afternoon at the War Memorial.

Earle G. Lippincott, secretary of the United Health and Welfare Fund admissions and budget committee, will discuss that organization, one of the major sections of the United Foundation.

Dr. John C. Montgomery, chairman of the medical advisory board of the Sister Elizabeth Kenny Foundation, will tell about the Kenny Foundation.

Terence J. Rielly of the United Foundation staff, will lead a discussion on the questions: "What are the advantages of having a United Health and Welfare Fund?" and "If my child were stricken with polio tonight, how could I have him admitted to the Sister Kenny Polio Center?"

Mrs. John M. Thompson, formerly Grosse Pointe Torch Drive Region Director, will introduce her successor, Miss Mary O'Donnell, and will give her annual report.

#### REVIVAL OF COUNTRY FAIR

## Thrills, Entertainment Promised at Carnival

Early indications are that the Second Annual Carnival-Fair, to be held on the grounds of Grosse Pointe Country Day School, 43 Grosse Pointe Blvd., will provide even more attractions than last year's highly successful affair, according to C. Henry Haberborn, III, general chairman of the event.

Haberborn said this week that committees are already hard at work lining up entertainment and features which will be of interest to children and parents alike.

#### KIDDIES MAN RAKE BRIGADE

As Clean-Up Week is underway this week the younger generation did their bit to beautify the Pointe. Among these from Trombly School are Marilyn Grigsby, Rickey Buell, Jack Schafer, Jerry Brennan, Barbara Kerper, Bruce Balcerski and Peter Burgess. Their teacher is Donna W. King.

#### Rotary Brings Crime Investigator Here

One of the most prominent crime investigation figures in Chicago will be here this week.

Virgil W. Peterson, Director of the Chicago Crime Commission since 1942, will be sponsored by the Grosse Pointe Rotary Club. Members of the Kiwanis, Optimists and Lions, as well as Grosse Pointe residents will be among the 900 persons to hear the eminent investigator and attorney.

The speaker will be introduced by Frank Parker, a director of Rotary and former FBI agent. Numerous state officials, including Governor William, local and federal judges, and the five Pointe mayors will also attend.

Mr. Peterson received his early schooling at Olds High School and Parsons College in Iowa. He then attended Northwestern University Law School, graduating in 1930. Shortly thereafter, in 1930, Mr. Peterson was appointed as Special Agent in the Federal Bureau of Investigation.

His FBI assignments took him to New Orleans, Jacksonville, New York and Philadelphia. For over a year, while assigned to the Chicago office, he worked exclusively on the John Dillinger investigation. In addition to assignment on the Dillinger case, Mr. Peterson worked in an investigative or supervisory capacity in several investigations of national importance.

In 1942, he resigned from the FBI to become Director of the Chicago Crime Commission.

Mr. Peterson has written articles that have appeared in Atlantic Monthly, Reader's Digest, Rotarian, Bankers Monthly, Journal of Criminal Law and Criminology, Iowa Law Review and numerous law enforcement journals. He has written booklets entitled "Crime Commissions in the United States," "The Grand Jury," "Voice of Democracy," and "Why Honest People Steal."

Mr. Peterson is also a member of the Chicago Bar Association, American Bar Association, Chi-

#### Geo. McBride Wins \$2,800 Scholarship

George is a member of the National Honor Society, the Gold Hi-Y, and has been active in class activities.

#### Robert Wolff Speaks Here

"This civilization which we have had for only about 2,000 years is going down, and I believe that we are seeing the birth of a new civilization, a world civilization," said Mr. Robert Wolff, at a gathering of Bahais and their friends Saturday evening in the Pointe.

"Today we have outlived the old isolated groups - religious, nationalistic, racial, political, and social, and an international civilization is being formed. Like other civilizations that have arisen in the past, it is based on a religion, one that has the same foundation as all the great, divinely-revealed religions, and therefore is acceptable to all existing religions. 'My experience' he said, 'with the Bahai Faith in both Europe and America has shown that through these new teachings which embrace all former religions, this new civilization is coming about.'"

Pointe Theatre, has been named assistant to the director for Detroit's 250th Birthday Show, "City of Freedom."

As assistant to Rev. Daniel A. Lord, S. J., author and director of the musical spectacle, Werneken will supervise the recruitment of an amateur and professional cast of 1,200. "City of Freedom" will be presented at the University of Detroit Stadium for ten nights starting July 13.

Werneken, who lives at 17189 Sioux, has had extensive theatrical and radio experience both in the Detroit area and in New York. During World War II he managed a USO Camp Show unit on a tour of the Far Eastern Theater, and also directed a women's pageant in New York.

As a continuity writer and assistant director for Wilding and Marshall Templeton film companies in Detroit, Werneken collaborated on the production of technical and industrial sound films. Now 33, Werneken has been a member of the American Television Society in New York since 1946, and is a member of the Detroit Television Council and the Fine Arts Society.

#### Werneken To Direct Production

That the children in the district between Helen Avenue and the west City line will be required to travel on unpaved streets and on streets where no sidewalks exist, and will have to travel at a greater distance to the new school.

"That traffic safety measures in force in Grosse Pointe Woods give ample protection to our children now using the Mason School, such facilities will not be available under the proposed redistricting."

#### Sell Radio Building

The building and grounds on Vernier road, formerly used as the Township radio station, will be sold to the highest bidder at the Grosse Pointe Township meeting on May 19 at 9 a.m.

#### Cubs Hold Paper Drive

Cub Pack 86 of Trombly School will hold its annual spring paper drive, Saturday, April 28. Funds from the drive will be used to finance camp activities. Scouts will collect papers in the Windmill Point area, extending from Barrington to Park Lane.

#### Woods Residents, Council, Mayor Demand Action

Interest mounted this week in the school boundary dispute as more than 400 Grosse Pointe Woods residents signed petitions protesting the reshuffling of school districts. Strongest opposition to the Board of Education's border changes stems from a group of Grosse Pointe Woods residents living in a segment west of Helen Avenue whose children will be enrolled in Poupard School in Gratiot Township next fall. Students now living in the disputed section attend Mason School.

The Board of Education will seek a settlement of the rift at their regular monthly meeting on Friday, May 4, in the Board of Education Building, 389 St. Clair.

Present at the meeting with the Board will be six members of the Woods Council, Woods Mayor Leon D. Ratcliffe and six representatives of the residential group affected by the revision of school boundaries.

On the side of the residents will be F. William Richardson, 2208 Hampton, Frank Parker, 2101 Lennon, Charles Judson, 2126 Lancaster, David Mills, 2134 Lennon, Jack Patton, 2170 Hampton, and Albert Eyres, 2158 Hawthorne.

The three main complaints of the parents who will be sending their children into Gratiot Township to school are the poor sidewalks, poorly supervised street crossings and property devaluations.

"Real estate companies have estimated losses as high as \$300,000 in property valuation should the school redistricting be adopted," said one resident.

Although the new air raid warning system is still in the experimental stages, more sirens may be installed. Use of the new horn-like sirens will end some of the confusion among students who found fire bells, class bells and air raid warnings hard to distinguish.

#### Schools Use New Air Sirens

A new siren alarm system is being installed at Grosse Pointe High School to give air raid warnings. Two sirens have already been installed in the main halls by Mr. Harold Neff, chief custodian.

A third will be installed in the Industrial Arts Building.

Real estate companies have estimated losses as high as \$300,000 in property valuation should the school redistricting be adopted.

#### Mrs. O'Malia Opens Lost and Found

A new department has been opened by Mrs. J. E. O'Malia in her store on Mack avenue. The new lost and found division was initiated Friday morning when a little button-faced tot wandered into the store.

Unable to find her way back home, the youngster spent the morning entertaining proprietor and customers until Woods police could trace her steps.

#### Localite Merits Honor

Frederick H. Kross, of 318 Merrivue, local representative for the Connecticut Mutual Life Insurance Company, has been elected to the company's Presidents' Club for his outstanding work in maintaining life insurance protection in force during the past two years.

In addition, Mr. Kross chalked up an exceptional record last year. He ranks third among the company's more than 900 representatives throughout the country in the amount of life insurance written during March.

#### Farms Pooches Face Catcher

Grosse Pointe Farms became the second community in the area to put a dog catcher on the streets this season. The move was approved by the Farms Council at their meeting Monday night.

Grosse Pointe Park has employed their own dog warden for several years.

#### Thief Likes Canadian Note

The few hours Mrs. L. F. Wilcox spent away from home Saturday afternoon were expensive moments. In her absence, a burglar entered the residence at 505 Middlesex and took \$230 and a diamond ring from a safe. Among the loot was a one hundred dollar Canadian bill.

# Trophy Table Is Center of Bowlers Attention

## Junior DAR Chapter Meets

Pleasure mingled with reluctance at Grosse Pointe Yacht Club Saturday when bowlers and their guests closed the official league season at Bowlers Jamboree.

Popularity of the sport is affirmed by the fact that at least one league takes over the Club's alleys every day in the week except Sunday.

The glittering trophy table caught every eye as the party gathered in leagues for cocktails in the main lounge. Pastel leather billfolds marked each feminine place along the gaily decorated banquet tables.

Com. John R. Sutton Jr., retiring bowling chairman, was master of ceremonies at the trophy presentations. As Jamboree chairman, he was assisted by Mrs. J. D. Corfield, Mrs. A. J. Wettlaufer, Robert E. Motschall, Mrs. Elgan Taylor and Mrs. Charles H. VanTine.
