Meeting on New Library Announced

A special meeting of the Friends of the Grosse Pointe Public Library will be held next Thursday, June 21, at 8 o'clock in the Main Library to see and hear plans for the new library building, Mr. Marion K. Kellogg, president, has announced.

Robert M. Orr, public library director and Charles M. Mohrhardt, library consultant, will exhibit a model, plans and picture of the new building. They will discuss the new building, and answer any questions that the group may have.

Mr. Kellogg says that everyone interested in the library is invited to attend the meeting. He feels that this is a unique opportunity for those interested in the project to secure first-hand information about it.

Voters Retain Mrs. Sheaffer In Election

A total of 2,132 voters went to the polls last Monday in the election for two trustees to the Grosse Pointe Board of Education.

Re-elected to her fifth term was Mrs. Alice Sheaffer, with the highest number of votes cast, 849. The newcomer to the ranks with 771 votes is Chet Sampson, who has been connected with the Grosse Pointe school system for 13 years.

Mrs. Sheaffer, during her nine years as a member of the school board, has taken an active interest in the boys and girls of the community. She has been coordinator of Junior Red Cross work in the area for the entire time.

Mr. Sampson, who was brought to Grosse Pointe by Dr. Brownell in 1938 under the internship system then under the direction of Mr. Barnes, taught science in the Grosse Pointe schools until enlisting in the Navy in 1942.

His work with young people in the community covers many fields. He is sponsor of the Blue Hi-Y at the High School, has been a member of the Parents' Council, and is active in Boy Scout work.

Canada's Fencing Champ To Be Guest at National

Fourteen members of the United States 1948 Olympic and 1951 Pan-American Teams will be competing in the National Fencing Championships this week June 16-23 at the Grosse Pointe Neighborhood Club.

This group of stars includes three of the defending National Champions and seven former U. S. title-holders who are making their first appearance in Michigan.

In addition, one foreign star has been invited to the tournament—Canada's ace woman fencer, Mrs. Betty Hamilton. She is Dominion Champion of Canada, and was a member of their team competing in the Olympics in London and the British Empire Games in Australia.

Among the American Champions, Dr. Tibor Nyilas, sabre champion, and Pan-American title-holder will be seeking his fourth win in this event having

Near Goal of \$18,000 In Drive

Latest reports on the War Memorial Center's drive for new members indicate that the drive is a great success.

According to Mr. Alger Sheldon, president, \$15,134.35 of the goal of \$18,000 has been received, with the greater part of this sum in cash, and the balance in pledges.

Committees and workers have "worked like beavers," he said, and all workers are urged to make their call-backs and finish the job next week.

The slogan of "\$5 or \$50" adopted by the campaign aided in informing all residents of the community that the small as well as the large contributors were welcomed to membership in the center.

Any resident who has not been contacted by the workers on the drive may mail his contribution, or call the Center, TUxedo 1-6030 and a worker will be glad to call on you.

Ford Dealers To Sponsor Competition

Automotive class students of high schools in Wayne County will compete in an "Automotive Service Competition" June 25-26 at Cass Technical High School, sponsored by Metropolitan Detroit Ford dealers.

Awards include cash prizes to the three top contestants totaling \$225; a trophy to the winning school and possible employment in the service department of a Ford dealership.

A three-day instruction course will be followed by the two-day competition. Subjects include: service salesmanship, electrical systems, engine performance, front end alignment, brakes, rear axle, transmission, body and fender repair and painting.

To be eligible the student must have majored in automotive courses in high school and have ranked in the upper half of his class; he must be a student or a graduating student this June of a Wayne County high school; must be over 17; must attend the instruction course, and must be endorsed by his auto shop instructor.

Entry blanks may be obtained from auto shop instructors at the schools.

New Ferry-Sales Central Library

The building was planned by an architect of international reputation, Marcel Breuer of New York City. Mr. Breuer has designed a building that will be both beautiful and functional, a modern building that Grosse Pointers can point to with pride.

The library, with the main entrance on Kercheval avenue, will measure 137 by 70 feet. The reading room to the left of the main entrance will face floor-to-ceiling windows. All administrative offices of the public library system will be installed in the new library.

The landscaping around the library will be designed in keeping with the surrounding area.

Parking facilities will be provided at the rear of the library. The Ferry-Sales Central Library will provide for all library needs of adults and children alike.

HORSE SHOW'S OPENING DAY TO FEATURE JUNIOR ATTRACTIONS

Thursday, June 21, grand opening day of the Hunt Club's big-time Grosse Pointe Horse Show, will be dedicated to the junior exhibitor and the junior spectator, with the regularly scheduled performances at one in the afternoon and seven in the evening under-the-lights, plus a special morning performance at nine-thirty.

Grosse Pointe's best young riders will compete, in a wide variety of classes, against under-eighteen exhibitors from all parts of Michigan, as well as Indiana, Ohio, Illinois and Missouri. Hunters, jumpers and saddle horses will perform, with the three-gaited and five-gaited junior stakes and the competition for the Tri-Club Hunter Challenge Trophy supplying the high points of interest and excitement.

Two special attractions will offer between-classes thrills for small fry and teen-agers: The Lone Ranger's famous horse "Silver," of the satiny white coat and the flowing mane and tail, will go through his paces in the ring, giving his many radio and TV admirers a chance to see him in the flesh!

Real Estate Operators Report Losses

Two robberies and an attempted robbery of real estate offices were reported to Grosse Pointe Woods police.

The M. James Walker office on Mack avenue reported the theft of two typewriters. Entrance was made sometime after the office was locked on Sunday at 6:30 by forcing a rear door with a crow bar.

An R. C. Allen business machine was reported taken from the Walter H. Mast Company, also on Mack avenue. Although all drawers in the office had been ransacked, nothing else was missing. Entry to the Mast office was also by forcing with a crow bar, this time through a lavatory window.

Rex Johnston of the Arthur J. Scully company at 20169 Mack reported an attempted entry at that office. The screen on an outside rear door had been cut, but no entry made.

Tennis Courts Now Ready

Woods residents should have no recreation worries this summer, with the Municipal Park and Mack Park at Mack and Torrey roads both ready for use.

Mack Park has nets up on its two tennis courts, and markings for the courts will be completed by the weekend.

Also available in the park are picnic tables and stoves, and a playground for the small fry with swings and a sand box.

Commencement Exercises Will Be Held Tonight at 8:15 for 237 Grosse Pointe High School Seniors

Following the exercises the Mothers' Club will hold an informal reception in the girls' gymnasium for the graduates, their parents and friends.

Rev. Frederick H. Oler will give the invocation and the benediction.

The Grosse Pointe High School band will play "Pomp and Circumstance" for the processional and Recessional, at the request of the graduating class.

Tomorrow's inevitable problems will be discussed by members of the graduating class. Patricia Jones will speak on "Recognition." Taylor Oboid, vice-president of the senior class, will have "Rectification" as his subject, and "Results" will be the subject of Thomas Lamb's talk.

Following a vocal solo by Lois Jongsens, there will be the presentation of the class by Mr. Walter R. Cleminson, high school principal, and presentation of diplomas by Mr. James W. Bushong, superintendent.

Mr. Walter R. Cleminson will award the class honors.

New Water Main Will Open Soon

For the benefit of residents of Grosse Pointe Woods who have made complaints about the water shortage, Philip F. Allard, City Administrator, today announced that opening of the new 24-inch main installed early in the spring should take place within the next week or 10 days.

The main has not as yet been opened, due to the fact that the bacteria test has not been passed. The chlorination process is now being completed, after which the Wayne County Board of Health can approve the test.

Pressure will be released immediately when the Board of Health passes approval, and water worries for Woods residents are expected to be over.

Board of Education Makes Vacation Playground Plans

Beginning next Monday, June 18, and extending through Friday, August 10, the Grosse Pointe Board of Education will provide a program of supervised recreation activities at the Trombly, Defer, Maires, Richard, New Kerby, Mason and Grosse Pointe High school playgrounds.

Supervisors selected to conduct this program have all had previous experience in planning or participating in leisure time activities.

Children will find several types of worthwhile activities being carried on that will be of particular interest to them. Included in the program will be handicraft, a story period, circle games, soft ball, hard ball, kick ball, croquet, horseshoes and tennis instruction. Tennis instructors will be available for children twice and under, and another group twice and over. Special events will be planned each week and will include picnics, doll shows, costume parties, treasure hunts, etc.

Parents may enroll their youngsters at any time without charge. If possible particularly in the case of children of early elementary school age, it would be desirable if parents accompany their children to the playground the first time in order that they may meet the supervisor in charge.

The morning and evening periods on all playgrounds are used for competitive games such as softball, tennis, hard ball, etc. The afternoon period is devoted for the most part to handicraft and low organizations games and activities.

The location of each playground and hours during which the centers will be supervised are as follows:

New Machine To Spray DDT

City Administrator Philip F. Allard has reported the purchase of a new DDT machine by the City of Grosse Pointe Woods.

Beginning Thursday the entire city will be sprayed with the DDT machine going up and down every street in the City. Both sides of the Milk River will be sprayed.

The new machine is expected to help combat the caterpillar menace, some of which have already been reported in the Woods area.

WHAT IS INFLATION?

Most of us tend to shy away from discussions of inflation by economists. They are apt to be lengthy, technical and, to the layman, hopelessly involved.

However, an outstanding banker recently gave a general description of the causes of inflation in words which anyone can understand. Here's what he said:

"Inflation was brought about in this country as a matter of deliberate government policy over a period of almost 20 years with World War II thrown in for good measure . . .

"Almost 20 years ago during a period of severe depression, those in charge of our government apparently decided that the fundamental law of supply and demand was too slow in functioning, and their economists wrote a prescription for a government-made, synthetic form of prosperity, really inflation, based upon a government-supplied excess of purchasing power and a government-created short supply of commodities. Such a program

obviously required money, and lots of it. The government does not produce wealth—it consumes wealth . . . So the government embarked upon the policy of taking tax money from those who had something and piling up government indebtedness and spreading the money around in the form of doles, subsidies, parity payments, price support programs, and other such devices among people who would immediately spend it . . .

"Thus there was created the doctrine that the way for people to get along in this world was to get more and more for doing less and less. This was man-made, synthetic, artificially-inflated inflation, manufactured to order and found for some years to be politically quite profitable."

There are the roots of our inflation, from which today's towering plant has grown. It is just one more sorry example of the fact that when government attempts to "repeal" a natural economic law, everyone is hurt in the long run.

Committee Announces 20% Slash

Congressman Louis C. Rabaut, acting chairman of a House Appropriations Subcommittee on Army Civil Functions, announced this week that his committee had slashed by 20% the budget requests of the Army Engineers for rivers and harbors and flood control projects.

Rabaut made his statement as the bill cleared the full Appropriations Committee. It was slated for House debate on Tuesday, June 12.

"The committee heard 416 witnesses, including 98 members of Congress, and its hearings comprise some 1600 pages," Rabaut said.

"This is an indication of our intent to leave no turn unturned in an effort to pare every non-essential dollar out of this bill. . . . In this year's budget, requests almost 20% and made an

even greater reduction below the total appropriated for the current fiscal year." The biggest items in this appropriation bill are for the maintenance and improvement of rivers and harbors and for the construction of flood control projects. The Corps of Engineers is now working on 413 projects in these fields at an estimated total federal cost in excess of \$15,300,000,000.

In requesting the full committee approval of the bill Rabaut said the subcommittee had unanimously agreed to bar any new, unbudgeted or controversial projects and that it would allow no

Mexican Fiesta Is Scheduled

A Mexican Fiesta, where visitors will dine on authentic Mexican food, observe costumed dances, and have an opportunity to shop at a south-of-the-border bazaar, is next on the schedule of around Detroit trips planned by the YWCA.

The Fiesta, arranged by native Mexicans at Holy Trinity Parish church, will be held Sunday evening, June 17.

Registrations are being taken at Central Branch YW, Witherell and Montclair.

Other around-town tours scheduled by the YWCA for young men and women this summer include a sightseeing bus trip to the city's historic landmarks, a visit to Cranbrook in Birmingham and to the Leader-Dox School in Rochester.

Found Cure for Common Cold

FRANKFORT, Mich., June 14—Last year's centennial celebration here has created a problem for Grover Wittbecker, 66, a local resident who joined in the spirit of the occasion by growing a full beard.

Soon after the celebration, Wittbecker shaved it off, but he promptly became ill with a severe cold. The only cure seemed to be recovery of the long hair on his face and neck.

He's got his full beard back, he has regained his health and now he vows he'll wear the beard until the day he dies.

STEAMER PUT-IN-BAY RETURNS

The famous excursion vessel, the big Steamer Put-In-Bay, will again ply the waters of Lake Erie, Lake St. Clair and the St. Clair River beginning with the Sunday sailing, June 24.

The steamer, newly decorated and oil-fueled, resumes its historic route to Put-In-Bay, Ohio, Cedar Point, Ohio, and Port Huron, Michigan, with daily and Moonlight Dance Cruises throughout the summer, closing the season on Labor Day. First Moonlight sailing is June 23.

The steamer charts a course through the Lake Erie Islands, after a two year period of up-river cruises. The course winds through waters on which the Americans fought and defeated the British in the Battle of Lake Erie. On Wednesdays, Fridays and Sundays each week she will return to her namesake island, Put-In-Bay.

Cedar Point, now under new management, is famous for its bathing beach, midway, amusement rides and the 1000 room Breakers Hotel, looking out on Lake Erie and Sandusky Bay.

The famous vessel sails to Port Huron and the Blue Water Bridge on Saturdays, allowing a one hour stopover at that port before returning via the St. Clair River, passing the "Flats" and crossing Lake St. Clair to Detroit.

With its capacity of 2526 passengers, the S. S. Put-In-Bay is one of the largest steamers on the Great Lakes. The ballroom of 8500 square feet is the largest of any ship sailing the Lakes.

With a sparkling new coat of white, and new modern color and trim throughout the interior, the S. S. Put-In-Bay proudly sets about her busy excursion schedule June 24 to play host to thousands of Detroiters, their guests, delegates and visitors in the city to help celebrate the 250th Birthday.

Tuesday - Ivy Day, is another memory in the graduates book which ranks high. Chaired by Celestine Blondell, and assisted by June DuLac, Tom Palmer, and Emiel De Cocker, the ceremony was completed without flaw.

Wednesday was another big day, for this was the day of the Senior Tea, given by the Freshmen, the Senior Banquet at the Grosse Pointe Yacht Club, and Flag Day! Need we say more?

The Detroit Country Club was the setting of the Junior Senior Prom on Friday, June 8. There were many dinners of all types before this, however. A progressive dinner, attended by

Letters to the Editor The Grosse Pointe Review Grosse Pointe 30, Michigan Gentlemen: I appreciate this opportunity of expressing my appreciation to the voters of Grosse Pointe for electing me to their Board of Education. This expression of your confidence in me is most gratifying. Since coming to Grosse Pointe High School thirteen years ago as a teacher, the community has given a lot to me. I have appreciated the opportunity for growth and experience offered by the schools themselves. I have appreciated the friendship and cooperation of the thousands of families with whom I have come in contact in my work. I have enjoyed working with you in providing unique educational opportunities for your children and in trying to inculcate in them the essentials of good citizenship. With my training in the field of education and my knowledge of the teachers' point of view, and with my close contact with most of the youth of the community and their parents, I feel that I have the necessary background for this position. I hope that I can justify your faith in me by continuing to work for the best interests of our youth, the schools, and the community. I consider this new position a great challenge, and I promise to do the best I can to meet that challenge. Sincerely, Chet Simpson

Library Spotlight

By Jean Taylor

Going North, South, East or West this summer? Don't forget to take some books with you. Tuck as many as you care to into your knapsack with no thought of overdue penalties to worry you. Books taken out of the City during the summer months will not be due until the first of October.

Prescriptions for vacation reading vary as widely as do readers' preferences. Some never tire of a tale retold . . . Some like them off the press, nine days old! The none-day-old variety is the only exception we make to vacation loans since it means keeping the very recent books out of circulation for too long a period.

However there are bound to be many titles which you have missed along the way and some that you might enjoy rereading. We were interested to note that the Pulitzer award went to Conrad Richter for his novel THE TOWN. This is the third in his period trilogy of early settlers in Ohio. The first two are THE TREES and THE FIELDS. If you have missed these, we recommend them. THE TREES is our favorite of the three but any one of them would make good vacation reading.

A book or two about the outdoors might be worth considering too, some for the small fry, some for all the family to enjoy.

When John Ray, the great seventeenth century naturalist was asked — "What is the use of butterflies?" He replied "To adorn the world and delight the eyes of men, to brighten the countryside serving like so many spangles to decorate the fields."

WHAT BUTTERFLY IS IT? by Anna Pistorius will stimulate a little child's interest in these pretty creatures. This book has a simple text and colorful illustrations. S.P.H.N.X. THE STORY OF A CATERPILLAR by Robert McClung is also useful with this age.

THE FIRST BOOK OF BUGS, by Margaret Williamson, is an excellent introductory book of nature for the eight to twelve year old although the format makes it appear for younger readers. "Grownups will find all sorts of choice bits of nature data, delightfully presented and young readers, in third to fifth grades will find it absorbingly interesting. There is also a wide use for it in camp and scout groups."

Another attractive book for the beginning naturalist is in WOODS AND FIELDS by Margaret Buck.

And if any adult readers have overlooked that charming autobiography, THE WORLD WAS MY GARDEN by David Fairchild, it is rewarding reading. It tells of this well-known botanist's explorations all over the world in search of exotic fruits and flowers and of their introduction into the United States. D. C. Peattie says of it, "If you never cared for the natural sciences before, this book should make a convert of you. Dr. Fairchild's story of his life is irresistible. It is as good as a novel — or indeed far better than most."

Do you remember when from June to September was a veritable lifetime? It will always be so with children and they can forget so much during their long vacation, especially the beginning readers. So let's keep them reading this summer. Heaven forbid that books should be presented to them as a chore or a duty. We'd like them to discover that reading can be fun!

Again a reminder that your library will be open this summer the usual hours during the week and all day Saturday, 10 A.M. to 6 P.M.

And now we are about to take off for our vacation. Look for our column in this same spot again, early in September. The library staff wishes its many friends a happy summer.

More were Johnnie Huettelman and Diane Celsnik, Mary Jo Trombley and Joe Bieke, Cathy West and Jerry Moore, Bill Moller and June DuLac, Larry Hollerbach and Lou Anne Moxley, and Terry Lynch and Patti Lawler, and Leo Kennedy and Joan Hollister also were adding their bit to the festivities. It must be admitted that the spacious ballroom, and beautiful terrace of the Country Club furnished just the extra bit needed to make it a perfect evening.

And then came Sunday, Graduation Day — No longer will the Seniors together work and play. At the closing exercise held in St. Paul Church on Sunday evening, June 10, the Senior Class of '51 became part of the Alumni! Father Burns gave the farewell address to the graduates preceding the presentation of those long awaited diplomas.

And thus, we see the end of the school year! Thanks so much for all the help you've given me, and for putting up with all the mistakes and such during the past year. Much luck to you, Janet Axley, in writing next year. And may you all have a wonderful summer! So long for now!

St. Paul Hi-Lites

By DIANE ZEMPER

At last it has come— Graduation for the Seniors, and for all the students, two months of vacation— But, of course, the week before has certainly been well filled with various activities for everyone — for the underclassmen, exams, and for the Class of '51 — well, that certainly is a different story!

Senior Day at the Coliseum on Sunday, June 3, started the week off with a loud bang! Atired in their Sunday best, the Seniors made the jaunt to the State Fair Grounds to hear the Cardinal offer his congratulations to all the graduates of the Archdiocese of Detroit. James Keller, representing the class, marched in cap and gown in the formal procession of class presidents.

At the close of the program, many of those "upper" upper classes decided to enjoy themselves by sponsoring a little picnic, and despite the rain, everyone, including, Pat Yott, Audrey Halem, Larry Hollerbach, Jerry Marshall, Barbara Clark, Anne Martz, Hans von Bernthal, Sally McCarron, and Dennis Furton made it an evening to be remembered.

Monday was "Class-Picnic Day," and accordingly, the group assembled at school at 8:30 A.M. and from there proceeded to Canada to Audrey Haley's cottage. It's true that the weather wasn't the best, but no one would let that stop them. Boating, swimming, fishing, golf, baseball, and hiking seemed to be the main occupations of the crowd. From that, it's easy to guess that it was a very tired and foot-weary group (even Father Lenk was starting to lose some of his boundless energy) which wended their way homeward that night.

Tuesday — Ivy Day, is another memory in the graduates book which ranks high. Chaired by Celestine Blondell, and assisted by June DuLac, Tom Palmer, and Emiel De Cocker, the ceremony was completed without flaw.

Wednesday was another big day, for this was the day of the Senior Tea, given by the Freshmen, the Senior Banquet at the Grosse Pointe Yacht Club, and Flag Day! Need we say more?

The Detroit Country Club was the setting of the Junior Senior Prom on Friday, June 8. There were many dinners of all types before this, however. A progressive dinner, attended

ed by Judy Beaupre, and Jim O'Connor, Teresa Lyford and Ray Bertalini, Audrey Haley and Dennis Furton, Mary Lou Fisher and Jerry McCormick, Pat Yott and Pat Marchall, Barbara Clark and Louie Dansbury, and Joan Schwartz and Bob Bertalini. The group managed to divide their time between four houses — but all in all, it just seemed to put everyone in a party-ish mood.

Al Susalla and Judee Kornmeier also were playing host and hostess to such noted favorites as Kathleen Woot and Jerry Kirsch, Duane Stroh and Joan Basiglia, Dick Gallagher, and Lynn Hennecke, and many more!

Then came the main event of the evening, the Prom! Many, many couples could have been spotted waltzing to the music of Eddie Casper. This list includes Peter Schummer and Janet Hoek, Marie Couvreur, and Earl La Fave, Jerry Forehlich and Jackie Braun, Celestine Blondell and Ronnie Morteketer, Bob Walker and Nancy Kottenstette, Dee Wise and Ed Lynch, Jack Trombley and Sally Lemon, Sharon Sweeney and Jim Keller, and Maryvyn Sutherland and Glenn Walters.

More were Johnnie Huettelman and Diane Celsnik, Mary Jo Trombley and Joe Bieke, Cathy West and Jerry Moore, Bill Moller and June DuLac, Larry Hollerbach and Lou Anne Moxley, and Terry Lynch and Patti Lawler, and Leo Kennedy and Joan Hollister also were adding their bit to the festivities. Social Security Program

By Francis L. Fendergast
Do you consider \$39,000 a substantial payoff for an insurance policy? Well, we have a claim in our office right now that may eventually exceed that amount in payments to one family.

This does not mean that survivors insurance under social security should, or can supplant a private insurance estate. It is a basis for family protection which every foresighted person should supplement through other means to the best of his financial ability. Furthermore, old-age and survivors insurance under social security is a fixed amount based on the individual's earnings up to \$3,000 a year. It cannot be increased. Also, it is well to bear in mind that age is a qualification restricting the duration of monthly benefit payments to survivors when a dependent child reaches age 18 or marries, benefit payments cease; when a widow remarries, her payments end altogether.

However, survivors insurance under social security does give to the average surviving family a maximum of protection for a minimum of cost.

For example, take the case of that survivor's insurance claim which we're handling now. It involves a young office manager for a local firm who died suddenly a few days ago. He had been earning good wages — at least \$3000 a year — since he started working after he got out of college.

He left a widow in her middle twenties and three small children. The youngest is a boy of only five months old. There are also twin girls two years old.

The widow has just filed claim for survivors insurance under the Federal social security program. Here's what her family gets:

First a lump-sum death payment of \$205.50 to help cover funeral expenses plus \$150 a month (\$45 for the widow \$35 for each child) until the twins are 18. Then \$102.80 a month (\$51.40 each for the widow and the boy) until the boy is 18. All

Ten Grosse Pointe High School boys will attend the Wolverine Boys' State on the campus of Michigan State College in Lansing. They will be sponsored by the Fred M. Alger Post No. 86 who will pay the expenses of Henry Hubbard, 81 Muskoka, Norman Leasa, 441 Fisher, and Tom Lister, 861 Loraine.

Others, Dale Ewart, 777 Hampton, Bill Rexford, Dan Webb, 6601 Lincoln, and Bob Foley, 343 Merriweather, will be sponsored by the Rotary Club of Grosse Pointe.

The other boys, Bob Howe, 20664 Beaufait, Tom Pfeife, 1308 Whittier, and George Barbara, 4231 Wayburn are being sponsored by the George Washington Post No. 88 of the American Legion.

The boys were chosen by homeroom teachers, deans, counselors, class sponsors, and coaches. The choices were based on leadership, physical cleanliness and sportsmanship.

While in Boys' State the boys will join political parties and run their own government according to the constitutions of Michigan and the United States.

They will be in Boys' State from June 14 to June 22.

Parade of Floats at Bluegill Frolic

Two full days of entertainment, contests and carnival fun have been scheduled for the ninth annual Bluegill Frolic to be held at Marcellus, Michigan, June 29 and 30.

In other years the festival has been held at the opening of the fishing season on June 25, but this year the dates were changed to bring the gala event on a week-end.

A parade of floats, with a \$100 cash award for the best of a fishing theme, selection of a frolic queen, and an amateur snow with talent entered from a wide area of the middle west will be on Saturday's program.

Other events that are expected to attract interest will be the annual fishing contest, children's parade, flower show and a street carnival.

Club Makes Reports on Activities

The newly reorganized Community Club, a Red Feather Agency located at 20883 Mack Avenue in Grosse Pointe Woods held a recent meeting to report on the work of the past year and the plans for the future.

Mr. Mervyn G. Gaskin is president of the Board of Directors and Mrs. Jane Costabile is agency director at the club.

During the months since October 1, 1950, a total of eighteen clubs and interest groups met at the Center. Members of the Community Club range from four years to and including adults.

Activities included boys' cooking groups, woodcraft, boxing and wrestling, story hours for little children, metal crafts, knitting, card clubs, gym groups at Mason School, trips, picnics and parties. Total attendance in all activities was 7550.

A volunteer training course for several new volunteers giving their time and services as leaders of club groups for boys and girls was conducted by the Club, as well as activities including community services to churches, school trips and other civic organizations.

The Community Club is a field work training center for the School of Social Work of Wayne University, and this year two students completed their course of field work experience in the Center.

The organization has already outgrown its present building facilities, and members of the Board of Directors are making plans for the future that include the building of several rooms on the small structure. The Community Chest has approved the expending of additional funds for increased activities in this community service.

The director, Mrs. Costabile, is eager to learn about special interests, and welcomes telephone calls and visits from anyone interested. The telephone at the Center is TUxedo 1-7970.

Girls Ready To Leave On Tour of West

Another of Chet Sampson's famous tours will begin Saturday morning when the girls' 1951 Western tour leaves Grosse Pointe High School for a 38-day trip.

Some of the high points of the trip will be a visit to the ancient Cliff Dwellings at Mesa Verde National Park, and visits to the Grand Canyon and Yellowstone National Park.

Members of the tour will again be guests of Bing Crosby at his Nevada ranch for an overnight visit. On the last two trips, this was the occasion for a big campfire with Bing, all of his boys, and the girls on tour taking turns entertaining each other.

In Hollywood the girls will visit many of the stars and studios. In past tours, sixty different stars have been host to the group, including some of the big names of Hollywood.

Girls from Grosse Pointe High School taking the tour are Karen Temple, Susan Seitz, Tinsey Netting, Donna Hewitt, Nancy Ramsey, Sally Brown, Joan Merrill, Lee Eckardt, Ann Watson, Joan Karnatz and Ann Hoffman.

More are Nancy Hoyt, Carol Fredericks, Gail Sisson, Laura Smith, Janet Hoffmann, Gloria Anton, Pat Barrett, Alice Robertson, Peggy Moreland, Gitta Gossiniak, Carol Lundgren and Alice James.

From Country Day are Denny Edgar, Molly Chalmers and Lillian McMath. Fifteen Birmingham and Bloomfield girls will complete the party.

The staff will include an additional ten people including the nurse and drivers. Three small trailers are used to carry equipment, one of them a mobile kitchen complete with ovens. Others carry the girls' personal equipment and the ice box and food.

The group will cover 8,600 miles in 5½ weeks, returning July 22. Five days after the return of the girls' tour, the same number of boys will take off on almost the same trip.

Club Needs Volunteers

Summer activities at the Community Club will begin during the week of June 25, and will continue through August 3. Activities will include playground events, crafts, story hours for children between 4 and 13 years of age, and outdoor sports for the teen-agers.

Anyone who would like to become a volunteer play leader for two or three hours a week, is invited to get in touch with the Community Club.

Bay Court Camp Recommended

For those mothers and children who like to spend vacations together, Bay Court Camp at Waterford, Mich., is an ideal location.

The camp, which is a Red Feather service, supported by the Torch Drive, is designed to give children and family groups two weeks of healthful recreation in the country at a modest price.

While mothers and children are together in camp, they have separate cabins and programs. So that young mothers will have a real vacation, a camp nursery for 30 children three to six years old, is maintained.

Boys six to eight years have a section of the camp for themselves and intermediate girls are in a "cabin-in-the-woods" and have their own counselors. The camp has a capacity of 150 campers for each two weeks between July 2 and Aug. 27.

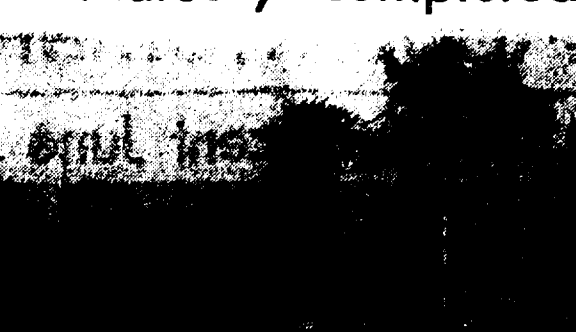

Because Bay Court Camp is a Community Chest agency, it is able to provide camping at a minimum price. The rate per week for family groups is \$6.50 per person. The rate for a child sent by a sponsoring group is \$11. Transportation is provided by chartered bus and costs \$1.50 for adults and children over 10 years and 50 cents for children six to 10 years old.

As to the program, there is swimming in Green's Lake under the supervision of a Red Cross Life Saving instructor. There is music and camp craft and sports and games. The camp has just enlarged its craft room so that a varied program of handicrafts may be enjoyed by all. The camp provides sewing and instruction in millinery making for mothers and older girls.

A registered nurse is in attendance at all times during the camping season.

For further information about going to camp or about providing money for youngsters to go to camp, call the Bay Court Camp advisor at 51 West Warren, Temple 1-1600.

Nursery Completed

Carl Joyner

The Findlay Nursery, now complete in every detail with the new Neon Sign at 19720 Mack Avenue, is owned and operated by Mr. and Mrs. Leonard Findlay. Findlay has now realized an ambition that started as a hobby. With his extensive knowledge gained in his trips around the world, Findlay is more than qualified to serve your nursery and landscaping needs.

Sales Stop As Nature Works

It could have been his early learn'n about the birds and bees that prompted Leonard Findlay to refuse to sell two Chinese Juniper trees valued at \$22.50 each.

A customer came along, as customers sometimes do these days, and decided that Findlay had just the trees they wanted. Naturally, like most business people today, the Findlay Nursery Sales at 19720 Mack Avenue, is in business to sell their merchandise . . . but not when a bird has decided

to make her nest in the tree. As the buyer and seller stood by the trees in the nursery lot, Findlay spied the nest with one egg in it. "Sorry," said he, "if you want the trees, you will have to wait until that egg has hatched."

Word of this called for a trip to the nursery by a member of the Grosse Pointe Review staff . . . and not only one egg but five were in the nest by this time. Mrs. Edna Findlay, who works at the nursery with her husband, explained that each day the bird had laid another egg.

The nest is about three feet from the ground. Some say it is a meadow lark. We truthfully don't know. However, you are cordially invited to the "Findlay Nursery" to see the nest and try to identify the bird by the eggs.

By the way . . . that tree is still not for sale.

Season At Northville Re-opens

Northville Downs opened its eighth season Monday night with 9,113 fans betting \$220,764 for one of the best nights during the past seven years.

From all indications the 1951 meeting of 84 nights promises to be the best in the history of the track.

Northville's first meeting in the fall of 1944 was anything but a huge success but from that small start developed one of the Midwest's leading harness programs. Northville's harness meeting was the first of its kind west of New York, making it the pioneer of the remainder of the U. S.

Things were far from bright at the conclusion of the 1944 program but the promoters redoubled their efforts in the spring of 1945—and much to their surprise harness racing took over with a terrific bang. The handle jumped from a scant \$20,000 in 1944 to more than a \$75,000 average in the spring meeting of 1945.

From that time on Northville Downs, the real pioneer of pari-mutuel harness racing, has enjoyed a steady success.

From the "peanuts and popcorn" crowd of 1944 which enjoyed the races but never thought of betting has come the harness enthusiasts who pour into the half-mile plant to witness the nation's top pacers and trotters in action and support their favorites at the mutual windows.

Monday night's opening brought to fans' attention a pacer, My Chief, which from its performance should be one of this season's top favorites.

Driven by Harold Snodgrass and owned by Andrew Hobbs of Wabash, Indiana, the four-year-old easily won both heats. Although My Chief was not pressed and won by 4½ lengths in the first heat, he turned in a blistering 2:05 flat.

A new gas producer that will provide fuel for Diesel engines is on the agenda at Bituminous Coal Research, Inc.

The three defending champions who will be entering the Tournament will each have several former champions to contend with, but most interest will be focused on the saber matches. In this weapon, Dr. Nyilas' competition includes Dr. Norman Armitage of the N. Y. Fencers Club, who has established the outstanding and phenomenal record of winning ten National Saber Championships in the past twenty years. Last year he was runner-up and has only placed lower than third two times in the entire twenty years. His record includes being a member of the 1928, '32, '36, and '48 Olympic Teams.

The National Championships which are being held for the first time in Detroit will have the team championships decided in the first five days followed by the individual matches. The finals of all events will start at 8 p.m. each evening with preliminaries and semi-finals taking up the morning and afternoon sessions.

The entire program is as follows:

Mother's Veil Worn by Bride At Wedding

A reception at the Grosse Pointe Yacht Club followed the marriage last Friday afternoon of Marilyn Ruth Lamb, daughter of Mr. and Mrs. Ernest Lamb of Audubon road, and Donald Sutherland Holm, Jr.

Donald is the son of Mr. and Mrs. Donald S. Holm of East Outer Drive.

Dr. Frank Pitt officiated at the four-thirty o'clock ceremony at the Grosse Pointe Memorial Church.

An ivory satin princess styled gown designed by Madame Zoro of New York was chosen by the bride. Its portrait neckline was trimmed with seven rows of seed pearls and the long sleeves came to a point at the wrist. Her full-length veil fell from a cap of seed pearls and illusion, and she also wore a fingertip veil fashioned from the veil worn by her mother.

Embroidery of pink flowers edged the neckline, and a purple velvet sash tied in a bow in the back and fell in floor length streamers. They wore large straw hats and carried bouquets of violets and lily.

Fred Otto, brother of the bride, served as best man, and seating the guests were Eugene Schaldenbrand, Richard Palmer, David Rogers of Danville, Illinois and Neal Carter of Lima, Ohio.

The long sleeves were traditionally pointed over her hands and the full skirt swept to a graceful circular train.

Her headdress was a princess coronet of satin leaves starred with tiny pearls, which held in place her tiered veil of illusion. Her flowers were a cascade arrangement of white roses and ivy centered with a white orchid.

Lt. Robert F. McDonald came from his Air Force station to serve as best man. Ushers were William M. Perrett Jr., brother of the bride, Lt. Donald Van Matre, of Illinois, and Lt. George Phisak and Cadet William Wild, both of Grosse Pointe.
