SCHOOL BOUNDARIES DETERMINED

Multiple Dwellings Voted Down in City

Nearly one hundred attended the three hour public hearing held at the City of Grosse Pointe last Monday. At least these were concerned about the proposal for erecting multiple dwellings in the primarily proposed Staelen District, extending south 121 feet from Goethe Avenue to au-voix.

The proposal was defeated by a majority of property owners who voiced strong objections to the council's decision to go on record as opposed to any multiple dwellings in any subdivision.

An amendment to build terraces on the 120' by 500' lot between St. Clair and Neff, opposite the veterans headquarters, was approved on

compliance with the city ruling of not more than twelve families to an acre after lengthy debate.

The two and one-half acres of property located north of St. Paul between Cadieux and Notre Dame were planned to support four family terraces with facilities to also accommodate a total of thirty families.

A general amendment to zoning of property south of Kercheval Avenue to Lake Shore was passed to protect the value and beauty of the lake front estates.

The amendment strengthened requirements to a double level for all property except business building area frontage. This is to discourage the possible construction of large institution type buildings.

The discussion and amendments were presented and passed by the council immediately following the hearing.

POINTE PARAGRAPHS

Grosse Pointe City has awarded Cooke Contracting Company the contract for repairing certain local streets. Work is expected to be well under way before the end of August.

Speaking of travel news—Mr. and Mrs. A. Ingersoll Lewis Jr., of Lewiston Rd. have left for two weeks at Castle Park, near Holland, Mich. Their three children, Betty, Barbara and Sandy, were looking forward to lots of fun building castles in the Lake Michigan sand.

Council authorization for participation to the extent of \$100,000 in United States Treasury bills was made at the Farms meeting July 30.

Mr. and Mrs. James A. Humphrey Jr., of Neff Rd., plan to meet the family carrying their son, Jay, who has been visiting Mrs. Humphrey's parents, Mr. and Mrs. Lloyd Jones, at their JL Ranch near Colorado Springs.

Guest of Mr. and Mrs. C. Henry Haberkorn, Jr. of Lake Shore Road over the weekend was Mrs. Robert Heller of Cleveland. Mrs. Heller visited the Haberkorns while her husband was on a stag yachting party.

Negotiations have been made by Grosse Pointe City with the Wayne County Road Commission for the repairing of Jefferson Avenue from Cadieux to Fisher. The city hopes the plan will result in the complete repairing and smoothing of the avenue in both city and park area. Wayne has agreed to pay 2/3 of the total cost of \$54,000 if the city will pay the remaining 1/3. The park is considering a similar proposal.

The "Review's" former editor, Toni Ebner, now Mrs. Warner King, of Cleveland, Ohio, breezed into town on Tuesday, just in time to give us a helping hand for the day.

Mr. and Mrs. Eddie Semon of Beaufield are spending their vacation in the Northern part of Michigan.

The Reverend William F. Krause, senior pastor, First Lutheran Church, Cornwall and Cadieux, is vacationing in the Les Cheneux Islands in Lake Huron.

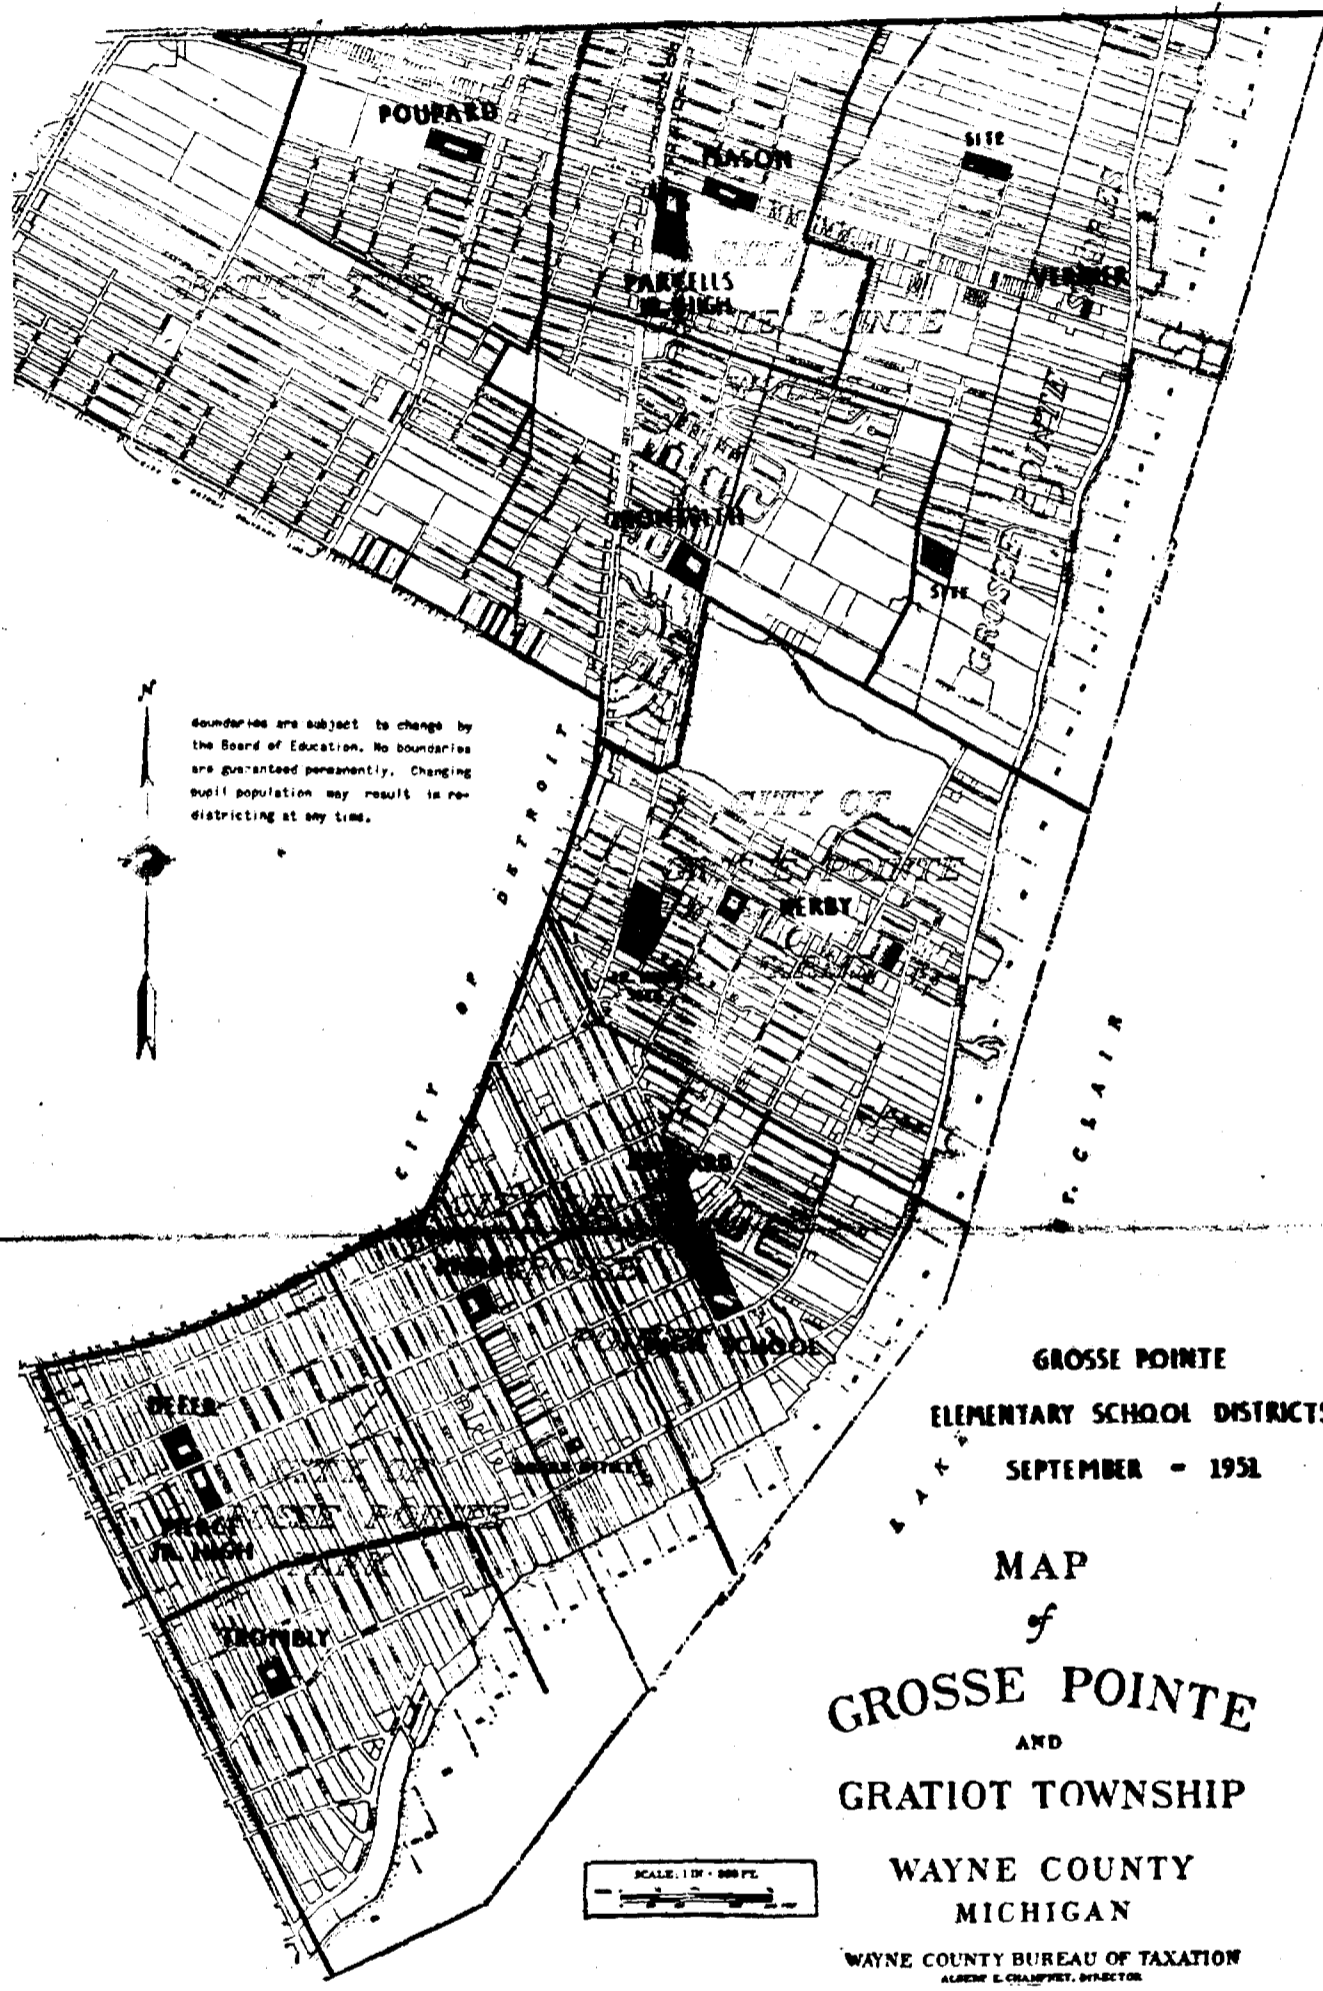

The Reverend Ernest E. Spoehr, associate pastor, who has just returned from his vacation in Northern Michigan, will officiate.

The Woodhouse Land Company offered to sell the City of Grosse Pointe Farms three hundred feet of Lake Shore frontage adjacent to the present Municipal Pier. The offer is good for thirty days from July 25.

Harbor regulations adopted by the Farms Council provide that no fees can be refunded on cancellations made after June 15, also that boats must be moored by July 1.

Jack Benkelman, agent for orchestras and entertainment, and who has been in the entertainment field for over ten years in Detroit, is now located in new quarters at 1330 Book Building.

PROPOSED ELEMENTARY SCHOOL DISTRICTS

Gratiot Township Line to Divide Poupard and Mason Districts

The Board of Education came to a decision relative to the determination of elementary school boundaries for next year at its meeting of Wednesday, July 25.

This problem has been under consideration and study for several months by the Board and its staff. In April the Board announced boundaries for the elementary school districts, but later decided to withhold final decision until after the school census which was taken in May could be tabulated and analyzed.

The decisions reached by the Board on July 25 were based on the analysis of these census data. The resolution adopted by the Board stated that all boundaries remain as designated at the April 6 meeting with the following exceptions:

Burglars on Rampage In Park

The Park police have been kept busy by a recent epidemic of breaking and enterings in homes of Park residents. The wave seems to follow the two distinct patterns of actual planned burglary or "sneak thief" entry, which occurs when an opportunity such as an opened door presents itself.

Police believe that one man is responsible for the planned enterings. Monday, July 30, the homes of Walter Hafke, 1264 Bishop, and Walter Stewart, 758 Westchester, were entered and \$80 in cash as well as family jewelry stolen from the former.

Sunday, July 29, the McMahon residence, 879 Westchester, was also entered by breaking through the back door glass. Police request that anyone who might have seen the burglar report the account.

Saturday, July 28, the home of R. E. Mahoney, 323 Lakeside, was entered through an unlocked back door and \$38 in cash stolen.

Opportunity again presented itself Sunday morning to the thief in the form of unlocked back doors when the A. Kaston residence, 920 Pemberton, and the Froehlich home, 933 Lakepointe, were entered and robbed.

Here is another request for a double check on all doors and windows to check this epidemic.

Sampson's Caravan to West Coast

Chet Sampson's caravan headed southwest toward California Saturday, July 28, to begin a fun filled five week trip for anxious Grosse Pointe boys.

The six station wagons were filled to overflowing with teenagers eager to visit Rocky Mountain National Park, the Hollywood studios, Bing Crosby's ranch, and all the many other unusual places of interest that the trip features.

Preparation for the trip started with lots of packing for Dan Webb, Gerry Davis, Gordon Maitland, Dave Kilborn, Bud Reuther, Bill Miller, Alan and Don Mendelsohn, Dave Terris, and Fred and Nels Jensen. Dave Dobbins, Pat Watling, Bob Cook, Gary Cooper, Dave Campbell, Skip Clark, and Phil Russell passed the newly required physical check-up with flying colors and Don Herron, Chuck Beronius, Bob Schaller, Bill Dettlinger, Bob Backhaus, and Kurt Ewens checked to see that the wagons and sleeping bags were in perfect condition for the famed sleep in a city park the boys are promised.

The 50 boys have received many invitations to visit movie stars while they stop in Hollywood and the prospect of an afternoon spent with lovely Elizabeth Taylor is impatiently awaited by all. Some of the more serious camera fans such as Norm Lasca, Dick Mahel, Clark Keller, George Beouchamp, Robin Beebe, and Perky Gildner may be found leaning over Grand Canyon trying to get an unusual color shot of the scene. Bill Stephenson, Jerry Webster, Bill Marsden, Jerry Boyd, and Dave Leach complete the list of globe-trotters who plan to swim in the Great Salt Lake, visit the San Diego destroyer base, Yosemite and Zion National Parks, and have a wonderful time; and come home all set to try it again next year.

Poet Urges Roll Call Donations

Edgar A. Guest, Detroit's well-known poet, has issued an invitation to all present and former Detroiters—all who live or work here or have been a part of the town at any time—to sign up for the Roll Call of Detroit.

The Roll Call, as Guest describes it, "will be a list of those who want to go on record as offering a birthday gift to Detroit for this 250th anniversary year in recognition of what Detroit has meant to them."

Admission to the Roll Call list is earned by a contribution to Detroit's 250th birthday gift fund. The Roll Call of Detroit will be enclosed in the cornerstones of the Convention Hall-Exhibits Building in the riverfront civic

EDGAR A. GUEST

center and the Community Arts Building of Wayne University, the two projects of the Capital Gifts Committee of the 250th Birthday Festival. The record will also be preserved in the city archives. In addition, contributors will receive a certificate from the City Treasurer in acknowledgement of their part in providing permanent commemoration of the festival year.

"When a wealthy man endows a hospital or public building it usually carries his name, which is as it should be," Guest explains. "But most of us cannot do that sort of thing alone. We can do it, however, if we all pull together."

"Detroit has become one of the great cities of the world because hundreds of thousands of our little guys have learned how to pull together. So it is proper that a monument to honor Detroit's first 250 years should come from everybody on the Detroit team."

"None of us can have a building named after us but we can have our names on record in the very cornerstones of these two buildings to show some future generation of Detroiters that the members of this generation did things as a team and in a big way."

Contributions should be sent to Edgar A. Guest, Roll Call of Detroit, City Hall, Detroit 26.

Paul Shuert Makes Violin Debut Sunday

Paul Shuert, son of Mr. and Mrs. Cecil Shuert, Oxford Road, gave a very successful recital on Sunday at his home. Fifty people gathered to hear this young violinist make his debut in solo playing.

His interpretation of his group of Childhood Pieces was excellent, and his technique in the Accoly Concerto pleased his audience.

Young Shuert was accompanied by Marcia Murphy, daughter of Mr. and Mrs. Daniel Murphy of Colonial Court. Miss Murphy added to the enjoyment of the occasion by playing a piano solo, the Liszt "Concert Etude."

Refreshments were served in the garden after the program.

Library Slates Story Hours

Story hours will be held at three of the Grosse Pointe Public Libraries, each Tuesday during August. Children of school age are invited.

Schedule
2 p.m. at the eMain Library, 15430 Kercheval.
10 a.m. at the City Branch, 695 Notre Dame.
10 a.m. at the Woods Branch, 20750 Mack Avenue.

Robbery Attempt in Woods

An attempt to enter the Ira Wilson Dairy, 21035 Mack, Thursday, July 26, was thwarted when the burglars were frightened away by a patrolling Woods prowler. The attempt was discovered the next morning when the manager, Leon Ricelli, opened the door only to find seven holes had been drilled around the lock and door knob. The lock was sufficiently weakened to give to any pressure, but for some reason the hard working burglars left without even entering.

Farms Citizens Fete Worker

Citizens of Grosse Pointe Farms stopped Saturday, July 29, to say "thank you" to an old friend for his years of service to the community.

The man to receive this special attention was Edward Robillard of 336 Fisher, better known as "Pop" to all those who frequent the municipal pier in summer months. Pop, who has been gate-man there for 12 summers, always has a cheerful word and ready smile for old and young alike. For this reason the residents named Saturday "Pop's Day" and held the annual swimming meet in his honor.

The entire program came as a surprise to Mr. Robillard who suddenly found himself escorted from his station at the gate to the dock by Ellen Barard, Susan Armstrong, Sallee Lemon, and Gloria Anton. Here he was greeted with warm applause and presented with a birthday cake by Ann and Melissa Collins, Cathy Corey, and Martha DeBoer.

Jerry Murdoch then presented him with a medal engraved "Pop, 1951, from the Boys at the Pier." This was followed with the presentation and reading by Harry Furton, city clerk, of the resolution passed by the city council commending Mr. Robillard for his fine work.

Pop simply stood and grinned (Continued on Page 2)

Police Quell Youths Binge

Too much alcohol can cause trouble as one Grosse Pointe teen-age boy has learned. After attending a party, the youth broke a window and entered the Clothes Line, 397 Fisher, where he was found by Patrolmen Mofat and Van Tiem, of the City police, who were checking the doors of business establishments in that area.

The boy was fined \$100 and put on one year's probation with no driving, a 10 p.m. curfew and regular reports to the Wayne County Probation Court. He was also ordered to pay restitution.

Fem Attire Aids Nothing

Park Patrolmen Delplace and Vervace arrested a young man last week at Lakepointe and Korte who was clad completely in feminine attire.

In court, the 22-year-old youth pleaded guilty to disorderly conduct and his case was referred to the Probation Division for investigation.

SAFE SWIMMING

Many safe indoor and outdoor swimming facilities are available and accessible to Detroiters. The Department of Parks and Recreation supervises many school pools during the summer in addition to five outdoor pools and Belle Isle bathing beach. The location of the nearest indoor pool may be obtained by calling the Department of Parks and Recreation WO 2-6570. All of these swimming facilities are inspected regularly by the Department of Health. Dr. Joseph G. Molner, health commissioner, states that citizens are warned of grossly contaminated areas by "Unsafe for Swimming" signs in the city of Detroit.

Bathing beaches outside of Detroit are

checked by the Michigan Department of Health or local authorities. Signs are usually posted on all grossly contaminated areas but there are many places not normally used for bathing where individuals may swim. Dr. Molner advises persons using such places to check for the presence of sewer outlets which would contaminate the water and endanger health.

In addition to swimming at a safe bathing beach observe the following often repeated precautions before a swim:

1. Wait at least an hour after meals.
2. Rest and cool off after a strenuous game or hike.
3. Avoid swimming off or teasing others who cannot swim.

Accident

Monday, July 30, truck driver Alfred McElroy of 20240 Nesbitt noticed a small girl standing in the sidewalk of Ridgmont. The next minute he was stopped by a strange man and told that the six-year-old child had been hit by his truck. The three witnesses to the accident claim that Ruth Lane Kredell, 2078 Ridgmont, ran into the street as the truck passed and was hit by the right rear side. The driver was completely unaware of the incident and in no way at fault as he was obeying all traffic rules and driving at controlled speed.

A split vote for the Republican nomination of United States senator is indicated at the moment for November, 1952.

Owen J. Cleary, Republican state chairman, is said to be mulling his chances. Another prospective candidate is ex-Gov. Harry F. Kelly who lost his third term bid for the governorship last fall.

Kit Clardy, Lansing attorney who last year opposed William W. Blackney for the sixth district G.O.P. nomination as representative, has hinted to friends in Washington that it wouldn't take much persuading to get him into the senate scramble.

The only announced candidate so far is a Republican from Grand Rapids — John B. Martin, Jr., now state auditor general.

Arthur Vandenberg, Jr., also of Grand Rapids, has been mentioned as a possible contender. Young Vandenberg hasn't revealed his intentions.

Speaker of the House Victor A. Knox (R-Sault Ste. Marie) long has cherished the job of secretary of state. Also eyeing the position is Rep. Robert M. Montgomery (R-Lansing) who is speaker pro-

tem. Fred M. Alger, Jr., who holds the position now, has announced his candidacy for nomination as governor.

Armed with additional funds from the legislature, Dr. Lee M. Thurston, superintendent of public instruction, quietly is investigating several more school districts. They are suspected of padding enrollment lists to gain more state aid funds.

Michigan is short 3,000 nurses for training, all of whom could be employed immediately upon completion of training.

Michigan's city officials criticize the federal government for lack of leadership in the civil defense effort. John Witherspoon, Detroit controller, says Detroit is about as well organized as any city in the nation... but "we are not as secure in our feeling about attack as the federal government seems to be."

Michigan's fruit crop, except for apples and pears, will be below the 1950 harvest, if federal-state crop reporting services' estimates are correct. Reason given for the predicted drop was a severe freeze last November.

A legislative committee, mapping a revision of Michigan election laws, has invited suggestions from anyone interested. Sen. Creighton R. Coleman (R-Battle Creek), chairman of the committee, says his group plans to draft a redefinition of election statutes and submit it to the 1952 legislature. He will listen to all comers.

It's the polio season again. Some 88 cases were reported in the first half of 1951. Last year the peak load was 2909 cases. Dr. F. S. Leader of the state health department says there is "nothing unusual" about the case incidence this year.

Jackson Republicans are trying to promote a shrine in their city to commemorate the founding of the party there 97 years ago. Financial support is the stickler.

The use of fluoride, a tooth decay preventative, has increased by leaps and bounds in Michigan. Already 10 cities are adding the chemical to their water and 12 others have applied for necessary installations. A survey in Grand Rapids after six years of using fluoride showed a 60 percent decrease in decay of children's teeth.

U. S. Sen. Homer Ferguson, now Michigan's senior senator, has started his own radio program. He is making a weekly report to the people through more than 30 radio stations.

In Michigan, one out of every four persons killed at work is a farmer.

Manistee and Benzie counties this year sent more than 2,000,000 pounds of strawberries to market, grossing growers \$350,000. It was the largest crop ever recorded in the two counties.

Hunters can expect more pheasants this year. Conservation department survey finds a 20 percent increase in ringneck quail.

If you go to any one of 23 county fairs this summer you can have your chest X-rayed free. Four state health department mobile units will make the rounds in search of tuberculosis.

NEIGHBORHOOD PET GONE FROM SCENE

A little white mongrel will not be making his regular rounds with the postman in the Pemberton-Korte area any more. Skippy, who tagged along with postman John Lakner for more than 10 years, died last week of old age.

Each morning Skippy, owned by Mrs. J. C. Partridge, of 524 Lakepoite, would

wait for the mailman at the mailbox at Pemberton and Korte.

This daily chore with the postman made Skippy one of the most popular pets in the community.

About a month ago, the ailing pooch, plagued by old age, began to lag on his daily rounds and eventually gave up his favorite occupation.

Farms Guards Win Swim Cup; Residents Compete in Saturday's Meet

Only one record fell Saturday as the Farms Lifeguards met at the Wood's men 24 to 23 in the second annual guards meet held for all the Pointes at the Farms Pier.

Frank Hoag (Woods) was clocked at 2:12.2 in the 180 yard individual medley, some eight seconds better than the time recorded last year by Don MacCauley of Grosse Pointe Shores.

The Farms scored three wins and three thirds against the Woods two wins and three seconds, the relay proving the margin of defeat for Grosse Pointe Woods.

In the afternoon the annual Farms meet for both children and adults was a closely contested affair for the hundreds of participants. Christine Geist established a new mark of 13.4 in the girls 25 yard free style while Anne Collins' time of 47.6 bettered the 1950 sixty-yard free style mark by six seconds.

Following are the results of both morning and afternoon meets:

GOP Chairman Files Protest on Tax Hike

Michigan's share of the \$8-500,000,000 foreign aid program proposed by the Truman administration in 1952 would be \$425,000,000, Republican State Chairman Owen J. Cleary pointed out today.

"That is \$119,000,000 more than the entire State budget for next year," he said. "It amounts to \$70.83 for every man, woman and child in Michigan. If the president's proposed \$10 billion tax increase goes through, the burden on Michigan will be \$500,000,000, or \$194,000,000 more than our entire State budget."

Cleary said the Federal government should try economy before levying new taxes and pointed out that the Government Printing Office spends millions of dollars on such things as pamphlets titled "The Sex Life of a Raccoon" and "The Geographical Distribution of Fleas."

"We want our nation to be strong, but we want to make sure that tax dollars are spent for defense and not wasted," Cleary declared.

Last January, the Washington bureaucrats bought 5,000,000 pounds of oleomargarine at 25½ cents a pound while the Department of Agriculture was selling 5,500,000 pounds of surplus butter to Italy for 15 cents a pound, Cleary pointed out.

Cleary criticized Gov. Williams for not using his influence at Washington to save the taxpayers' money.

"Apparently he approves of it all," Cleary said. "He criticized the Legislature for raising gasoline taxes a half cent more than he thought necessary but is strangely silent on Federal plans to increase the gas tax another half cent. At least, our gasoline tax money is spent on roads. Last year, Washington took \$80,000,000 from Michigan motorists and returned \$16,000,000 to match our own funds for highways. Maybe Gov. Williams can tell us what happened to the rest."

Boundaries

(Continued from Page 1) bon and Whittier are in the Defer district.

c. That no one living on Audubon and Whittier be permitted to attend Maire School without making written application and receiving written permission.

d. That it be definitely understood that pupils attending Maire from this area are attending school outside their district and that no special safety measure will be provided for by the Board for the benefit of these children going to and from school.

e. That pupils below the fourth grade living on Audubon and Whittier may make special application to the Director of Pupil Personnel to attend Maire School; these cases to be considered on individual merit and in the case of real hardship and provided the class at Maire to which they would be assigned is not larger than 32 pupils, favorable consideration will be given. The above follows the long adopted policy practiced in this school district.

The Board further went on record to the effect that all school boundaries are subject to change and that none can be guaranteed permanently. The Board wished it announced that as shifts in pupil population occur, school district boundaries may need to be changed. While this is true, the Board agreed that continuity of attendance in a particular school is desirable and that everything possible will be done to keep boundaries as fixed as possible. On the other hand, if the best interests of the greatest number in any area demand it, school district boundaries may be changed at any time.

For your information a map showing the location of all public schools in the district and the boundaries for all elementary school districts appears elsewhere in this paper.

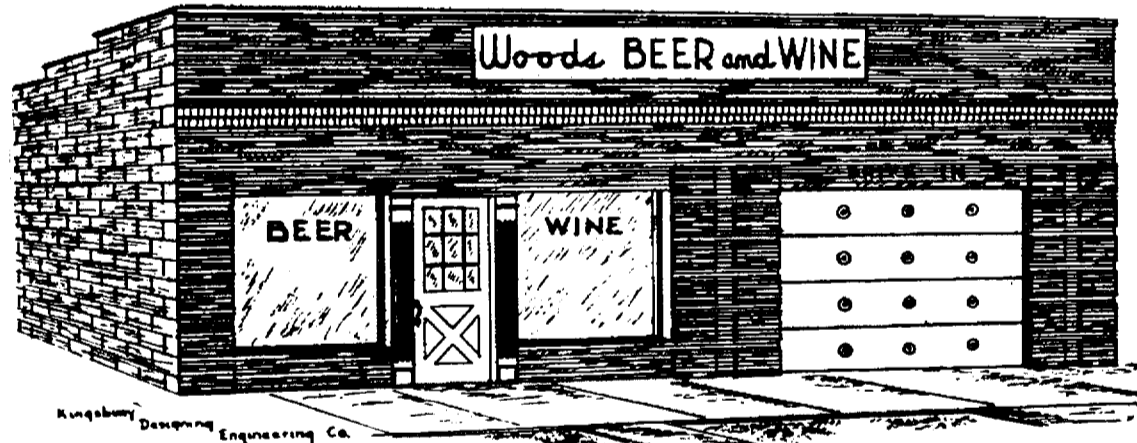

'Pop'

(Continued from Page 1)

from ear to ear, speechless, and having a hard time trying not to use the handkerchief donated by a sympathetic onlooker. As a climax to the occasion, Adelaide Lodge summed up the crowd's feelings in a final speech and then presented him with a sack full of money. The bag contained the pennies, dimes, quarters, and bills collected by Henry Collins at the gate. Into the large red collection can went the donations of children and grownups... dimes and dollars... in an effort to say "Thanks, Pop, we're proud we know you."

Nations Top Water Skiers at New Beach

Fifteen of the nation's top water-skiers from Holland, Michigan, will introduce a sport new to this area in a thrilling two-day show at St. Clair Metropolitan Beach on Saturday and Sunday, August 11 and 12.

Winners of national and international amateur titles, the group headed by Charles R. Sligh, Jr., world-famed expert, will put on an hour and a half long show each afternoon starting at 3 p.m. The broad sand beach will afford ample room for thousands to view the demonstration over a 1,000 foot course.

Powerful speedboats commanding up to 35 miles per hour will tow the skiers as they perform trick feats including difficult bare-foot skiing, jumps, slalom races, and trick riding events.

Headed by Chuck Sligh, who brought the sport to Michigan 13 years ago, the troupe will include Robert Sligh, 1947 National Champion and over-all European Champion in 1948, Elizabeth Sharp and Patricia Sligh, holders of national and international titles, Dick Sligh and Laurie Ann Hohl, mixed double winner in the Canadian National Championships for 1950, and many other national and international titleholders.

Chuck Sligh, president of the National Water Ski Association, the core of the sport in this country, will announce the show.

A ski-jump duplicating that at Cypress Gardens, Florida, where national championships are held and where the Michigan performers have won many titles, is being constructed for the two-day event. The show is free of charge.

Among the tricks to be performed, all at a high rate of speed, are backward riding on one ski in a swan position; a 350 degree turn over the jump, riding in pyramid formation; group skiing by a "chorus line" of girls; riding shoe skis 12 inches long, and three and three-eighths inches wide; and a clown act.

Social Agencies Select Shores Resident

In appreciation of his unselfish volunteer work, Robert Powell, 798 Lakeshore, was selected "volunteer social worker of the week" by the Council of Social Agencies of Metropolitan Detroit, a Red Feather service of the Community Chest. The honor included an appearance on Seat Davis' TV program and the presentation of a Red Feather pin.

Mr. Powell, an employee of the Grosse Pointe Shores Department of Public Works, offered his spare time to the Grosse Pointe Woods Community Club after hearing how interested supervisors were needed to direct child and teen-age activities. As a result of a visit to see what he could do, a boxing and wrestling club for interested boys was organized. The class developed into meetings twice a week and led to mock bouts with other community centers. There was no limit to the number of boys and a hearty invitation is still open when cooler weather brings present members back to the canvas and gloves.

"It is something for the boys to do two nights a week and a chance for them to demonstrate what they have learned when exchange bouts are held as well as to develop clean competition and good sportsmanship," Coach Powell points out.

No expert at wrestling or boxing, since his only experience was gained as a Navy Air Corps cadet, Mr. Powell is well equipped to work with children. Besides a genuine liking for kids and three children of his own, he served as assistant football coach at St. Cecilia for one season and then did volunteer work in the Grosse Pointe Woods baseball league last year. As a city mechanic and volunteer fireman, he has met many a small boy over a broken bike or toy.

"There are too many class activities which haven't the proper supervision, someone might be willing to donate just two hours of their free time a week, just to watch and help," was his answer to the need for volunteers.

With the request for volunteers came one for boxing and wrestling. The Community Chest plans enlarging the club building and with more space the need for a regulation wrestling mat, regulation boxing ring and all the equipment necessary to supply the needs of interested boys will be intensified.

Congratulations, Mr. Powell, you're one example of the Grosse Pointe parents who are willing to donate their time to the interests of many community children and the need for organized play to keep them out of the streets and trouble.

Non-Acid Vegetables

Pressure-cooking vegetables for non-acid vegetables like corn, beans, peas and potatoes for 20 minutes longer than those used when foods are served in a large amount. This is because pressure-cooking is an acid process, so much more slowly than the regular pressure pan. Michigan State College exhibits specialists say.

Junee Lanier Married at Candlelight Ceremony

MRS. DONALD McINTOSH—Carl Joyner Photo

Junee Lanier and Daniel G. McIntosh were married Saturday at a candlelight ceremony at Our Savior Evangelical Lutheran Church.

The bride was given in marriage by her uncle, Lieut. Cmdr. Russell Marks, from New York, before Rev. E. H. Buchheimer, who officiated at the ceremony.

Two selections were sung by Vaughn Heard during the double ring service.

Chantilly lace over shimmering satin was worn by the bride, which was styled with off the shoulder scallops, tight bodice, full skirt and completed with a short train.

Illusion was gathered tightly at the neck by tiny seed pearls which were repeated underneath the scallops and at the edge of her Juliet cap which had a fingertip veil. A colonial bouquet of stephanotis, encircled by Easter lily petals, was carried by the bride.

Her twin sister, Mrs. Edward Monahan, was matron of honor. Bridesmaids were Mrs. James Ingram, sister of the groom, and Mrs. Robert LaVoy. All wore gowns of white embroidered net over Nile green slips and carried bouquets of deep purple violets, while the matron of honor's was distinguished with the addition of stephanotis.

Best man was Donald Clark, and ushers were James Ingram, brother-in-law of the bridegroom, and Stewart Lanier, brother of the bride.

The bride's mother, Mrs. Dorothy Lanier, was dressed in a peach taffeta and chiffon floor length gown with matching accessories and wore a corsage of gladiolus. Mrs. Guy McIntosh, mother of the bridegroom, chose a corsage of stephanotis to complete her floor length gown of yellow chiffon and matching accessories.

Rabaut Seeks Food and Drug Lab Here

Congressman Louis C. Rabaut has introduced a bill in the House of Representatives to establish a District Office of the Food and Drug Administration at Detroit.

Object of the new office, according to Rabaut, would be to service the inspection requirements of the large volume of food and drug imports entering the Port of Detroit and moving through Michigan. Such imports are now routed through Chicago or Buffalo with consequent delays and added costs, he said.

"Despite the fact that Detroit is a world trade center of the first rank, it is the only major port in the United States not being serviced by a Pure Food and Drug Laboratory."

The report volume through the Customs District of Michigan will be about \$400,000,000 in 1951, which is more than Los Angeles and San Francisco combined, but in state of this and in view of the 1948 increase in import trade to the Port of Detroit since 1927, an additional laboratory here is needed, he said.

Sending a bill to the House and the Senate, Rabaut said he would like to see the bill passed in the next session. He said he would like to see the bill passed in the next session. He said he would like to see the bill passed in the next session.

Night at Trotting Races to Benefit Hospital

Pointers, well aware of the bang-up events always staged by Fairbourn Auxiliary and the Men's Guild at St. John's Hospital, made a date this week to attend St. John's Hospital Night at the Detroit Trotting Races on Sept. 12.

Entire sale of the tickets being sold by the two groups will go to the furnishing fund of the five-million dollar hospital now being built at Moross road and Chandler Park drive. This is the special project of the groups.

Mrs. Arthur D. Keenan, president of Fairbourn Auxiliary, and L. N. Lacroix, president of the Men's Guild, are serving as co-chairmen for the Night at the Trotting Races and have appointed a mammoth ticket committee which is already at work.

Besides helping this wonderful cause, the members of the hospital are looking forward to an evening of fun. Many are planning dinner parties before going out to the Detroit Track and others are giving parties in the

Mobile Unit Makes Tests on Fruit Fly

Each year the Michigan Department of Agriculture at the beginning of the cherry harvest time sends a Mobile Laboratory to the various cherry producing areas of the state. Samples of the fruit are there analyzed to determine the prevalence of the Cherry Fruit Fly.

The following schedule covers the tentative route of the laboratory: Benton Harbor Market, Benton Harbor, July 5-10; Michigan Fruit Canners, South Haven, July 11-13; Grand Rapids Wholesale Market, Grand Rapids, July 14-20; Stokely Foods, Inc., Hart, July 21-26; Benzie Farmers Coop, Beulah, July 27-29; East Jordan Canning Company, East Jordan, July 30-31; and Cherry Growers, Inc., Traverse City, August 1-10.

This is one of the many ways in which the department checks on food products to assure the consuming public a quality food product.

Task Force of the Clubhouse and Mrs. Katherine Mousman. Mrs. Kerwin's ticket committee is composed of Mrs. John Barford, Mrs. Howard Koenig, Mrs. John Deary, Mrs. Martin Benge, Mrs. Helen Patton, Mrs. William Young, Mrs. Henry T. Pate, Mrs. Dalton Steed, Mrs. Ned McBratney, Mrs. O. J. McBratney, Mrs. Harold Koenig, Mrs. William C. Neill, Mrs. Joseph J. Orono, Mrs. Wm. J. Rouse, Mrs. Mary G. Rouse, Mrs. James H. McNeil, Mrs. John W. Johnson, Mrs. A. J. Smith, Mrs. Harold J. Koenig, Mrs. O. J. Danahy, Mrs. M. H. Benge.

State Health Department Advice on Immunization

Should Michigan children be immunized during the polio season? Many questions on the advisability of giving Mumps children immunization treatment for diphtheria, whooping cough and tetanus booster shots during the polio season have come to the Michigan Department of Health.

To help answer the questions in the minds of parents, the Department has issued this statement. The Michigan Department of Health recommends that the established initial immunization procedure calling for the child's immunization to be underway by six months and completed by his first birthday be continued. Careful studies show that the danger of unimmunized children under one year having serious cases of either diphtheria or whooping cough, alone, is much greater than the risk of the infant's contracting paralytic polio.

Some evidence is now accumulating which appears to indicate that there is a greater incidence of paralytic polio among poliovirus victims who have had immunization treatment within a month of the onset of the disease. For this reason, when polio is prevalent in a community, physicians may wish to defer immunization of older children and defer more for those until after the polio incidence has subsided.

Treat Family to Casserole

Six tablespoons butter or softened margarine, 1 tablespoon minced onion, 6 tablespoons flour, 3 cups milk, salt and pepper to taste, 6 hard cooked eggs, sliced, 2 cups cooked green beans, 1/2 cup fine bread crumbs, 1/2 cup grated cheese.

Cook onion in fat until tender. Add flour and cook until well blended. Add milk and cook until smooth and boiling, stirring constantly. Season with salt and pepper. Arrange alternate layers of bread, sliced egg, and sauce in casserole. Sprinkle with bread crumbs and cheese. Bake in moderate oven, 20 minutes. Bake 20 to 30 minutes or until lightly browned and pouring.

Berry Harvest Offers Choice Menu Treats

Cherry and blueberry time is here. Two of Michigan's popular fruits, they are the homemaker's favorites because both are adaptable for use fresh during the harvest season and throughout the year in canned and frozen form, says Mary Bodwell, food economist of the agricultural economics department of Michigan State College.

The homemaker who wants to enjoy a variety of pies, salads and desserts throughout the winter months will find it most economical to buy her supply for freezing and canning during this peak of supply for Michigan red tart cherries and blueberries, says Miss Bodwell.

Wedding Plans Told at Dinner

Mr. and Mrs. Louis Monroe Baze, of Lothrop Road, Grosse Pointe Farms, announced the engagement of their daughter, Betty Lou, to Sedgewick Summers Ficus, at a family dinner party Saturday evening at the Detroit Athletic Club.

The bride-elect was a student at Stephens College and Penn Hall. Her fiance, son of Mr. and Mrs. Ira A. Field, of Highland Park, attended the University of Michigan Law School and is a member of Phi Sigma Kappa fraternity.

A January wedding is planned.

ENROLLS

CORAL ANN COOPER

Columbia, Mo.—Among the students at Christian College this fall will be Coral Ann Cooper, daughter of Mr. and Mrs. Edward B. Cooper, 223 McMillan, and Miss Barbara Ion, daughter of Mr. and Mrs. Meade E. Ion, 648 N. Eff Road. Both girls attended Grosse Pointe High School.

They will be members of the first college class to begin studies during the second century of the school's existence. Christian observed its Centennial January 18th of this year.

Two other local students will return to Capital in the fall. They are Clark B. McPhail, son of Mr. and Mrs. C. J. McPhail, 1350 Somerset, and Barbara Sonneman, daughter of Mr. and Mrs. William G. Sonneman, 963 Vernier Road.

Orientation week, which introduces the new students to the major aspects of college life, will be held September 4 to September 10. It provides opportunity for them to meet administrative officials, faculty, and campus leaders.

During the week, the freshmen are given aptitude and placement tests in varied fields, auditions for music organizations, and medical examinations. The week ends with curricular advising and registration.

New Bacon Dish

Two cups hot, cooked green beans, 4 slices bacon, 1 small onion, minced, 1/4 cup vinegar, about 1 tablespoon sugar. Dice bacon and cook over low heat with onion, stirring frequently until onion is clear and tender and bacon is crisp and brown. Add vinegar and sugar, varying amount of sugar to suit taste. If vinegar seems too sour, dilute it with some of the liquid drained from beans. Add drained beans and heat thoroughly. Serve at once. Makes four servings.

New "Poodle Cloth" Fabrics For New Coats

Fashion is telling a "shaggy dog" story for Fall and Winter, 1951... the magnificent new Poodle cloths in super, nubby weaves and downy, brushed tweeds have inspired designers to exciting new silhouettes. You'll see coats in the wrap-around "column" style and the side-swinging "pendulum" style in every smart shop's collection. Shoulders are softer and fullness is controlled. We've sketched two of new versions... but

don't want you to overlook the fact that the fitted coat is taking a definite stride forward into the fashion scene this season. After the bulkiness of last season's "pyramid" coats, it is a pleasure to see the waistline re-appear. However, for the woman who lives in suits, the coat with free-swinging fullness will always be in favor.

Pointer Awarded Medal at Culver

Mid. Robert F. Lambrecht from Grosse Pointe has been awarded the Tuxis Bronze medal by the Culver Military Academy Summer Schools, where he is spending this summer in the Naval School with boys from 40 states and 10 foreign countries.

The bronze Tuxis medal is awarded to midshipmen after they have demonstrated proficiency in five different phases of the Culver program. These accomplishments must be in individual and competitive athletics, military proficiency, seamanship, academics, and social activities.

Lambrecht is now eligible to begin work on his Tuxis Silver medal which requires more advanced accomplishments. He is the son of Edward F. Lambrecht, 34 Beacon Hills, Grosse Pointe.

Freeze Only Ripe Peaches

To prepare syrup boil together for five minutes one quart water with either three to four cups granulated sugar. Skin and chill. Just before pouring syrup over peaches in the containers add three-fourths teaspoon powdered ascorbic acid or 1,000 milligrams in tablet form. Stir until completely dissolved.

Use firm, ripe peaches. Peel, halve and pit them. Cut each half into four to six pieces and pack quickly into containers, leaving one half inch of headspace.

Red Feather Spending Mainly in Youth Service

The Red Feather services of the United States are spending \$200,000,000 this year to help make Americans healthier and happier.

Figures from Community Chests and Councils of America reveal that the largest per cent is being spent on youth services. A total of \$63,570,000 is being spent by Boys' Clubs, Boy Scouts, Camp Fire Girls, Girl Scouts, YMCAs, YWCAs and community centers to provide children and youth with the kind of wholesome recreation which will help build better citizens.

Family services are spending \$35,515,520 on assistance to families through counselling, on helping the handicapped, on legal aid for those who cannot afford a regular lawyer's fee, on transients and on adult vocational and employment aid.

The care of neglected and dependent children claims almost 17 per cent of the total, \$33,895,040 will be spent on children's protection, foster home care, children's institutions, day nurseries, maternity homes and vocational training for children.

The fact that a total of 66.5 per cent of all money contributed by Mr. and Mrs. America to local social services is being spent on families and children and youth recreation proves that social work considers that these are the most important and basic needs in the country.

Health services—visiting nurses, clinics, mental hygiene, child guidance and institutions for the

chronically ill or convalescent will spend \$17,808,400 of the total.

A significant figure of 1.2 per cent is being spent on the care of the aged. While the number of aged is increasing in the country the amount spent by private Red Feather services on their care has remained small. This may be the result of increased government social security plans and pension plans in private industry.

The figures reveal that only 4.7 per cent of all the money raised by 1,134 Community Chests in the country is spent on campaigns and promotion. This small overhead figure refutes any rumors that "too much is spent on raising money for charity." The United Foundation, which raises money for the Community Chests, 125 Red Feather services, in addition to national and state health and welfare agencies in Detroit, has always spent less than this percentage on its campaign promotion.

The remaining small percentage of \$200,000,000 that Americans give to help their fellow beings is spent on community welfare planning for more efficient operation of social services and on special services.

The cities of the United States may have grown so large that neighbor may not know neighbor well enough to help him personally.

World Olympic accepts Soviet participation in games.

Local Campers Enjoy Round of Sports at Camp Cavell

The record number of 126 Detroit girls are enjoying their first week at the YWCA's Camp Cavell on Lake Huron. Attending the camp's third period, which began last Saturday, the girls have 10 more days of swimming, horseback riding, fencing and other sports.

A few openings are still available for the camp's final period which starts Saturday, August 11, according to Virginia de Graffenried, camp director. Reservations may be made at Central Branch YWCA, Witherell and Montcalm Sts. All school girls 10 to 17 are eligible.

Girls from this area who arrived at the camp last Saturday are: Janet Wiedbusch, 1450 Hampton; Mary Lou Walter, 390 Chalfonte; Judy Walter, 390 Chalfonte; Gail Smith, 1338 Lakepointe; and Brenda Lee Mason, 347 Kerby Road.

Others are: Molly Marshall, 558 Washington Rd.; Janet Kubitsky, 412 McKinley; Arlene Koebel, 213 McKinley Rd.; Mary Klein, 870 Lincoln Rd.; Charlotte F. Klein, 870 Lincoln Rd.; Karleen Kimberlin, 408 Madison; Jacqueline Gignac, 1321 Wayburn; Carolyn Elliott, 205 McMillan; Carole Cumberworth, 419 Moran Rd.; Janet L. Clark, 264 McKinley; Nancy Brady, 910 Lakepointe; and Frances Babcock, 1417 Balfour.

News In Sight

Children with visual defects often have a hard time in school. Perhaps you may have heard about H. G. Wells, the famous author. In school he failed miserably in arithmetic. Writing in later life, he ascribes his early shortcoming in scholarship to neglect of eyesight.

"One thing," wrote Mr. Wells, "that made my arithmetic wrong was a defect in eyesight. My two eyes have not the same focal strength, and this often puts me out of the straight with a column of figures. But there was nothing in my school to discover that, and my school never did discover it."

The condition of eyesight which the author writes about is known as anisometropia. The image in one eye is larger than the image in the other. This is not a very common shortcoming. Most visual errors arise from nearsightedness, farsightedness, and astigmatism. Since these are shortcomings in focusing the rays of light upon the retina, they are corrected by proper lenses placed before the eyes.

There is no mystery about how glasses work. A person's vision is scientifically measured, and lenses prescribed and ground to counteract exactly the visual defect, so that the light rays fall in a sharp focus on the retina of the eye.

Eyeglasses have contributed much to the sum of human happiness. Before they were invented only a few centuries ago, a person with poor vision was doomed to a half-seeing existence. Now, millions of people wear these aids to vision.

Baby Bulletin

Allan Robert Bruett was born on July 18 to Mr. and Mrs. Raymond Bruett of Harper Woods. He is the grandson of Mr. and Mrs. Joseph Bruett, former residents of Moran road, Grosse Pointe Farms.

Insubordination seems to be a bigger reason for dismissal than inefficiency.

Beans A La King

One pound snap beans, 2 teaspoons minced onion, 1 cup canned, sliced mushrooms, 2 tablespoons butter or fortified margarine and salt and pepper to taste.

Break ends from beans. Cut into inch lengths. Cook in 1/2 cup boiling salted water with the onion, covered, for 15 to 20 minutes or until tender. Meanwhile brown mushrooms lightly in butter. Drain beans if necessary. Combine with mushrooms and season to taste. Makes four servings.

APPETITES BREAK PAR AT THE HARBERTS'

Their Range? ELECTRIC, of Course

Chick Harbert, no-fight golfer, is world's longest driver and Professional at Meadowbrook Country Club, Detroit.

"Hot weather makes you appreciate your electric range more than ever," says vicarious Mrs. Chick Harbert. "The kitchen stays so cool and comfortable when the oven is in use."

"And there's a lot of baking done at our house, even in the summer," adds Chick. "Deirdre and Kathleen are chocolate-cake fans."

"Chick and I go for broiled foods... steaks and chops take on a wonderful electric-broiled flavor," continues Mrs. Harbert. "We have other favorites, too... deep-well cooker dishes."

This attractive modern family approves wholeheartedly of their electric range. Why don't you enjoy all the advantages of electric cookery? Your dealer will be glad to tell you the whole story.

Come in and see THE "RANGE OF THE STARS" ... of course, it's ELECTRIC!

CHRISTIAN SCIENCE CHURCHES
When God is understood as Love, the discord among men and nations will be healed as shown in the Lesson-Sermon to be read in the Christian Science churches on Sunday, August 7.
The Golden Text is from Jude (1:21): "Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life."
Among the Bible citations in this message (1 John 4:7): "Beloved, let us love one another; for love is God; and every one that loveth is born of God, and knoweth God."
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "People go into ecstasies over the sense of a corporeal Jehovah, though with scarcely a spark of love in their hearts; yet God is Love, and without Love, God, immortality cannot appear." (P. 312).

News of the World in Pictures

ONE OF NEWEST Puerto Rican-made beach ensembles is modeled at San Juan by Melva Lawres. Puerto Rican designers are contributing new ideas to milady's beach wear.

APPARENTLY there is no enmity in the heart of this Chinese Communist soldier as he pins a Mao Tze-tung emblem on the tunic of Cpl. Earl McIntosh, Brooklyn, N. Y., in Kaesong.

TOURISTS ENTERING Canon City, Colo., are given directions by Barbara Dilley (left) and Joye Jones, as part of high school project in a national achievement contest. Teen-age direction-givers also provide motorists with maps and literature on points of local interest.

CHANCES OF GETTING a shot like this are several thousands to one, photographers claim. It's a waterspout which formed at Kindley Air Force Base, Bermuda. Although a crowd watched phenomenon from a nearby hill, only one photog, Sgt. Dick Koenig, got the shot.

Shepherd herds part of a herd of 5,000 woolies to shearing pens at Punta Arenas. After sheep are shorn, they are graded for breeding, and a choice is made for slaughter house.

SHEAR PROFIT

SHEEP SHEARING is big business down in Chile, where the largest sheep breeding corporation in the world is located at Punta Arenas. It is worth \$70 million American. These photographs show the operation of Chile's annual \$170 million sheep roundup, one of the world's largest, numbering almost seven million head. Three-quarters of Chile's wool crop—about 15,000 metric tons—goes to the U. S.

Large number of Chile's sheep are English Marsh Romneys, like this fellow, a prize specimen yielding 30 pounds of wool.

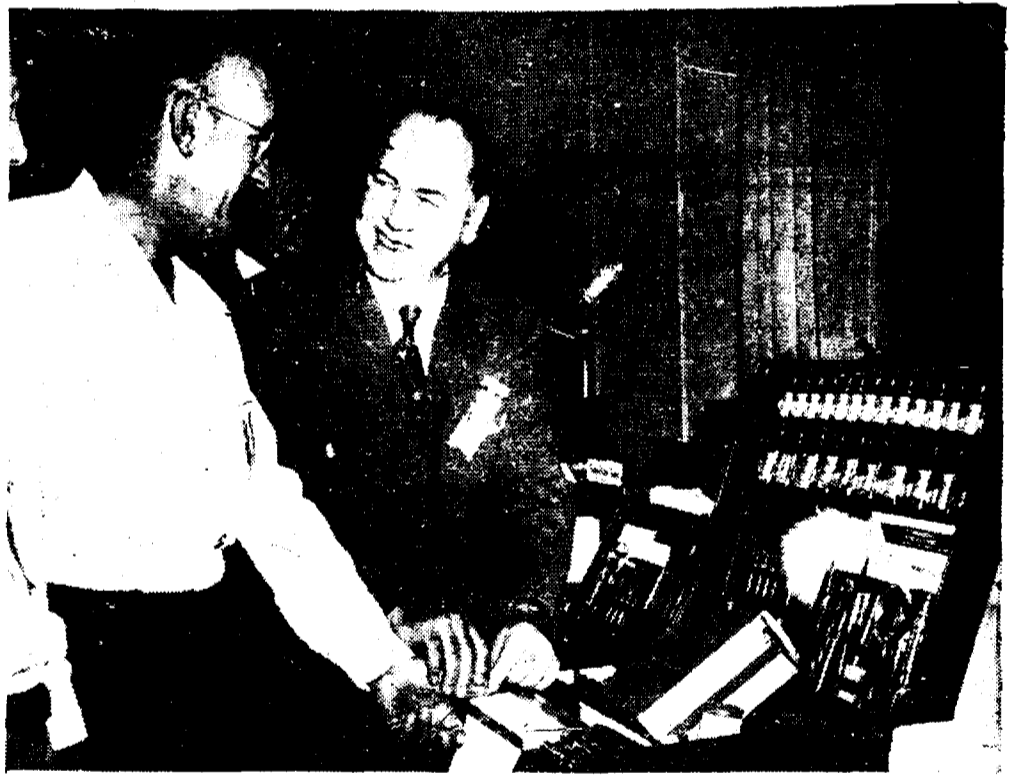

You'd think poor sheep would die of pneumonia, after being relieved of a coat like this.

Electric clippers do the shearing job in three minutes flat, removing an average of 11 pounds of wool from every sheep.

Boy picks up wool from shearer, spreads it on table where men clean it, before shipping.

ON THE RECEIVING END for a change is John J. Jablonski, police chief of Sloan, N. Y., as he is fingerprinted by New York Police Commissioner George P. Monaghan. Jablonski hasn't "gone bad," however. The occasion was a conference of New York state police chiefs.

AGE IS NO OBJECT at the Renfro Valley, Kentucky, all-day sing. Granny Harper demonstrates as she does a solo dance to the accompaniment of the band. She's 86, plays the fiddle and harmonica. Annual event draws thousands to valley to sing songs of their localities.
