CHRISTIAN SCIENCE CMURCHES
How the understanding of God helps
to overcome disease and discords of
every nature is discussed in the
Lesson-Sermon to be read in all
Christian Science churches on Sunday,
October 7, on the subject "Unreality."
The Golden Text is from Proverbs

maketh rich, and he addeth no sorrow with it."

Among the Bible citations is this passage, (isa, 40:31): "But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Except for the error of measuring and limiting all that is good and beautiful, man would enjoy more than threescore years and ten and still maintain his vigor. freshness, and promise." (P. 246)

Italy's Gift of Statues Is Lauded

man has to offer man, in the opinion of Congressman Louis C. Rabaut (D., Mich.), is the priceless gift of friendship, "The deep and steadfast triendship that has existed between the peoples of Italy and the peoples of the United States, in spite of major stresses of the past, is a glowing instance of the tensile strength of friendship," remarked Congressman Rabaut recently. The Congressman's remarks were occasioned by the unveiling on September 26 of the four goldcas equestrian statues at the entrances to the Arlington Memorial Bridge and the Rock Creek and Potomac Parkway in Washington, D. C.

"But for the warm-hearted generosity of the Italian Government and its peoples," declared Representative Rabaut, "these striking fire-gilded statues might be nothing more than their sculptors' 20-year-old prize-won dream, instead of dominating the beauty and significance.'
