Reasons of the Council for the recommendation are that the total population of 12,600 persons in the city, there are 4,700 under the age of 20 years, and the council feels there is no further need for liquor licenses of any kind in the city at this time.

School Needs Cited Before Subcommittee

Detroit's problems in obtaining school construction funds were cited before a subcommittee of the House Education and Labor Committee by Congressman Louis C. Rabaut of the 14th District.

The only Michigan member to testify before the subcommittee, Rabaut presented data on current and prospective steel requirements under Detroit's 5-year school construction program.

Rabaut said he "did not think there was anything more important done in this Congress" than the appointment of the subcommittee to deal with this problem.

Pointing out the necessity of meeting school construction needs, Rabaut said, "War deals with the problems of yesterday, but the school deals with the problems of tomorrow."

One thousand and ninety-three tons of various types of steel plus allocations of copper and aluminum are needed to complete Detroit's 1951-52 building program, with 1952-53 requirements approximately the same as the total tonnage applied for this year, 2,285 tons, the Congressman's statement declared.

Rabaut's statement also referred to private educational institutions and the subcommittee chairman informed him that the group's inquiry would not be confined to the problems of public schools alone. Rabaut had presented the committee with data on the Mumford High School addition, Grant, MacFarlane, and Ford elementary additions, the new McLean and Jeffries elementary schools the church-auditorium of St. Joan of Arc Parish and Austin High School.

Defense Production Administrator Manly Fleischmann told the committee his agency would review the entire allocation set-up particularly with regard to steel.

It will be attended by leaders and their wives, representing all Boy Scout units in District 3, Detroit's second largest Scouting area.

Mr. Duame will report on Detroit's progress in its 250 years, stressing the responsibility of youth to carry on Detroit's outstanding record.

"I will be talking to the parents whose boys will be pretty much in charge of Detroit's achievements during the next 50 years," Mr. Duame said. "Naturally, what has been good for Detroit benefits Scouting. And conversely, what is good for Scouting definitely helps Detroit," Duame added.

"Most people will be interested to know that Detroit has the largest number of Scouts in the country, more than 49,000 Detroiters are involved," Duame proudly mentioned.

District 3, on Detroit's East Side, is the triangle formed by the waterfront, 8 Mile Road, Outer Drive, and Bellevue. The district embraces five communities: Denby, Jackson, Western, Southeastern, and Grosse Pointe.

Industrial Exhibit Plans
Congressman Louis C. Rabaut reports that an industrial exhibit of items produced by 100 large prime contractors in the Michigan and Ohio area will be held at the Michigan State Fairgrounds from October 30 to November 2. Purpose of the exhibit, according to the 14th District Representative, will be to acquaint subcontractors with the military end items produced in this area, so that they can contract for the manufacture of component parts. Rabaut pointed out that consumer durable goods industries employ about 80 per cent of Detroit's one and a quarter million labor force. "Subcontracting on military orders by these smaller industries," Rabaut said, "will be of substantial aid in picking up the lag in employment now being caused by material cutbacks and slackening consumer demand."

Rabaut Asks More Exams For District

Representative Louis C. Rabaut, (D. Mich.), announces that an unexpected vacancy now exists in the 14th Congressional District of the United States Naval Academy for the class entering in 1952; as well as a vacancy at the United States Military Academy. Therefore, Congressman Rabaut requested the Civil Service Commission to schedule another preliminary examination for Monday, November 5, 1951, for designation to the two Academies. "This examination," Rabaut said, "will give all boys in the 14th District, who were not included in the July 2, 1951 examination, an opportunity to be considered for either West Point or Annapolis." Rabaut stated that the selection of candidates for West Point and Annapolis will be based on the ratings of both the July 2 and the November 5 examinations, and it is expected an announcement regarding appointments will be made late this year. One of the requirements is two years residence in the 14th Congressional District, and boys who are interested in competing for an appointment to either West Point or Annapolis for the class entering in 1952 should write Louis C. Rabaut, M.C., House of Representatives, Washington, D.C., before October 15 for additional information. "Special arrangements," the Congressman stated, "will be made for boys in the Armed Services who are anxious to take the examination."

Library Spotlight

By Jean Taylor

This is the night of Halloween. When a witchie might be seen: Some of them black, some of them green. Some of them like a turkey bean. And here we are with Halloween just around the corner. The Halloween customs of today have several alleged origins, which reflect Roman, Druid and Christian influences. On November 1, the Romans had a feast to Pomona, the Goddess of fruits and seeds, and it was then that the stores laid up in the summer, for use in the winter, were opened. Hence nuts and apples are appropriately used at this time. The Druids also celebrated a autumn festival the first of November, known as Samhain or "Summer's End." Huge fires were built to honor the Sun God and the bon-fires and torch parades of to-day are no doubt a reflection of this ancient custom. With Christianity, the Eve of Samhain came to be known as Halloween. Originally this Festival burgeoned an atmosphere of fear. All sorts of rituals were performed to keep off evil spirits. There was a strong belief in the supernatural. A Welsh proverb goes—"On November Eve there is a bogey on every stile." But what was once a ceremony of belief has now become a thing of sport. Its observances to-day are all a jest with young people, a welcome excuse to make merry. For a time a spirit of rowdiness superseded the kindly old customs. To offset this a committee is formed each year in Grosse Pointe to make Halloween a night of fun for youth. The members are to be commended for the excellent job they are doing.

Perhaps you are planning a Halloween party at home this year. If games and good things to eat pose a problem or if you are struggling with costumes for Junior, your library will be glad to help you. There are several books on the subject of costumes and in addition there are pictures and pamphlets in our files to provide suggestions. Old Don't-Push-Me-Around-Michigan has mixed feelings over Senator Robert Taft's candidacy for the GOP nomination as president. "Mr. Republican" trooped into the state like Alexander the Great and exuded cordiality quite unlike the austerity which usually surrounds him. That was the first hint of the impending announcement. The revelation was made in Detroit. Outstate, there was a great deal of silence. One county Republican leader made a remark echoed in many rural areas, "Well, mebbe, but I don't see any star in the sky yet." That from the rural area. Taft's chance of getting Michigan's backing are considered relatively slim in the first place because of the strong labor faction. Some Republican peers agree that for honesty and political integrity, Taft cannot be beat, and as a thinker there is none sounder. But—and this is the big question—is he strong enough to carry the nation? All in all, the Detroit announcement was received quietly. It was barely heard in Detroit over the clatter of the arrival of Princess Elizabeth. More than 37,000 migrant laborers swarmed into Michigan again this summer. Always a problem, particularly in the fruit belt and the onion and sugar beet areas, the migrant problem increases yearly. Crime swoops upward in those areas and "Saturday night in town" is one big round of arrests. But without these workers the crops would rot on the ground and in the trees. Michigan doesn't help itself too much. Housing provided the transient worker is usually miserable. Pay is low. The work very hard. What can we expect, skilled labor? Michigan's Little Hoover Commission has recommended the abolition of the social welfare pointment of a director by the governor, if a four-year gubernatorial term is decided upon, and that the director be appointed by a welfare council of six members if the present two-year term is retained. Fred M. Aiger's move to check the CIO's gasoline tax referendum petitions was a good one. He says the spot check showed 37.5 percent invalid signatures. He immediately ordered the state board of canvassers to check all the signatures. It has been a bumper year for hunters. This has been the best pheasant and partridge season since 1943, conservation officials say. But it also promises to be a banner year for hunting accidents. The season got off to a poor start with several deaths reported in the first few days. More than 28 will die before the season ends, conservation officials predict. The state's share from the 1951 horse racing was \$4,449,414, some 32 per cent over the previous year. There are but 11 private banks left in Michigan, and eight of these plan to apply for state charters or to become branches of chartered banks. With the help of veterans organizations, Brig. Gen. Lester J. Maitland, soon expects to have a corps of 15,000 airplane spotters. The Soviet's second atomic explosion also spurred interest in civilian defense. Interest has been suffering hot weather apathy. You cannot travel more than six miles in any direction in Michigan without coming to a body of water. There are 11,037 lakes in the state. Three counties have more than 300 lakes. A special legislative committee will recommend establishment of a state-operated ferry between Frankfort and Menominee at the next session of the legislature. Michigan county employes made salaries a factory sweeper would laugh at. Nearly half the county clerks, treasurers and registers of deeds get less than \$3,000 a year. A forecast of 23,000 more unemployed Detroit automobile workers has followed announcements of new and drastic cuts in passenger car production in the first three months of 1952. At the same time, pirating of scarce technicians by war contractors in Detroit and elsewhere has developed to such a point as to alert defense chiefs for possible crackdowns. The wage stabilization board is considering a plan to halt the shanghaiing of men from one employer to another.

Notify Employers Regarding Provisions of New Tax Act

Honorable Giles Kavanagh, Collector of Internal Revenue at Detroit, announced today that employers will be required to withhold income tax from wages paid on and after November 1, 1951 at the higher rates provided by the Revenue Act of 1951. The Revenue Act is at present in the final stages of enactment into law. Revised withholding tax rate tables for employers are already being printed in Washington, and are being rushed to the offices of Collectors throughout the nation. Collector Kavanagh stated that the pamphlets containing the revised tables will be placed in the mails to all employers on his list just as soon as the tax law is finally enacted. Employers who do not receive the pamphlet within a few days after enactment of the new law, may obtain copies at the Collector's office. It was emphasized that the pamphlet cannot be made available for distribution to employers until after the bill becomes law. In the meantime, however, Collector Kavanagh authorized the publication of the withholding rates as they appear in the pending Act, for the advance information of employers and the public. Employers are expected to make every reasonable effort to comply with the provisions respecting the new rates. In view of the short time elapsing between the enactment of the law and the first payroll period affected, many employers may not be able to adjust to the new rates on the first pay day affected. While no adjustments will be made in the audit of the withholding returns in such cases, he made it clear that this does not in any manner affect the responsibility of employes to meet their full tax liability as required by law when making their returns for the year 1951. Collector Kavanagh also called attention to the fact that the new law relieves individuals from penalties for failure to comply with the requirements relative to declarations of estimated tax on

DUS Eleven Wins Fifth Over Traditional Rival

D.U.S. retained the coveted cup that is presented to the winner of the D.U.S.-D.C.D.S. game, for the fifth straight year. These traditional rivals met on the D.C.D.S. field six days ago, and, as usual, the game was a thriller, although the score (31-7) doesn't show the slight difference between the two teams. The only edge was in the D.U.S. defense.

Country Day won the toss and elected to receive. Hans Becherer, who did all the kicking for D.U.S., kicked off to the D.C.D.S. 20, and it was returned to the 34. The D.U.S. defense held in the first set of downs, and Country Day was forced to punt. Rentschler received the boot, and immediately reversed to Garbutt, who went 16 yards to the D.S.D.S. 49. Ten plays later, Don Ohmart shoved his way over from the one for the first D.U.S. touchdown. The attempt for the extra point failed, and D.U.S. led 6 to 0.

Becherer again kicked off for D.U.S., and once again the line play of Dick Bingham, Pete Stalker, and Sylvère Coussement forced the opposition to punt. Bruce Garbutt received the punt and carried it eight yards to his 30, where he fumbled, and Country Day recovered. After a series of seven plays, the D.C.D.S. squad went over for a touchdown, their fullback carrying over right guard. They converted, and the scoreboard then read—D.C.D.S., D.U.S. 6. At the time, that one point looked as though it might really be a big one.

D.C.D.S. then kicked off to D.U.S., Rentschler returning the ball 29 yards to the 50. Two plays later, a clipping penalty against D.U.S. moved the ball back to their own 38, and they were forced to punt for the first time in the contest. At this point the gun sounded, ending the first quarter.

The second quarter started with D.U.S. defensive-minded. Good plays by Garbutt and Krajeniec prevented long gains by the D.C.D.S. eleven. Country Day then quick-kicked to their own 30, and Ohmart ran it back to the 22. Then, after moving the ball to the D.C.D.S. one yard line, D.U.S. was penalized 15 yards for holding. Rentschler then passed to Becherer on the four, and Hans was dropped immediately. However, another penalty, again against D.U.S., this time for having an ineligible man down field, meant the loss of down and ball.

While D.C.D.S. had the ball, after D.U.S. relinquished it on the penalty, Mackey, Coussement, and Stalker teamed up to throw the right half for a nine yard loss. Bingham then threw an attempted reverse for another substantial loss, so again D.C.D.S. was forced to punt. Garbutt received the boot on the Country Day 45 and raced between, through, over, and around would-be tacklers to the 11 yard line. On the next play, Ohmart went over right tackle for the second D.U.S. touchdown. Again the extra point failed, and D.U.S. then led 12 to 7. Two minutes later the half ended.

In the third quarter, D.C.D.S. kicked to Rentschler on his own four, and he returned it to the 25. However, D.U.S. could do nothing, and was forced to punt. Once again Stalker, Jaglowicz, and Bingham showed the D.C.D.S. eleven what a really good defense was. D.C.D.S. punted again, this time to Garbutt on his own 35, and he was able to return it only four yards. Dave Mark then took a reverse, and went 29 yards to the Country Day 32, before being knocked out of bounds. Ohmart and Rentschler then combined for ten and sixteen yards respectively, to put the ball on the D.C.D.S. 6. Becherer was trapped behind the line for a four yard loss, and then a pass from Rentschler to Garbutt scored the third D.U.S. touchdown. Ohmart made good the extra point, to put D.U.S. ahead, 19 to 7.

The fourth quarter started right off with some real excitement. Garbutt intercepted a Country Day pass on his own 29, and returned it to the 25. However, D.U.S. could do nothing, and was forced to punt. Once again Stalker, Jaglowicz, and Bingham showed the D.C.D.S. eleven what a really good defense was. D.C.D.S. punted again, this time to Garbutt on his own 35, and he was able to return it only four yards. Dave Mark then took a reverse, and went 29 yards to the Country Day 32, before being knocked out of bounds. Ohmart and Rentschler then combined for ten and sixteen yards respectively, to put the ball on the D.C.D.S. 6. Becherer was trapped behind the line for a four yard loss, and then a pass from Rentschler to Garbutt scored the third D.U.S. touchdown. Ohmart made good the extra point, to put D.U.S. ahead, 19 to 7.

Local Alumni Rival Coaches In Contest

Meeting in a battle for undisputed possession of first place, St. Ambrose will play Mt. Clemens St. Mary at 2 p.m. Sunday afternoon at the Grosse Pointe High School Gridiron.

With the aid of St. Paul's upset victory over St. Mary's last week, St. Ambrose finds itself deadlocked for the leadership of the East Section of the Provincial High School Second Division League. Both teams have identical records of three victories and one loss in league play. However, St. Mary's has a 7-0 victory over South Lake High School, while St. Ambrose tied the Fifth-ranked State Class B power, Servite High School last Saturday night minus the services of its stellar half-back, Gene Brown.

An interesting sidelight of the game, is that both coaches Mel Perrone, of St. Mary's and George J. Verdonck, of St. Ambrose, played tackle and end for Grosse Pointe High School in 1934-35-36-37. This is their first meeting athletically since graduation days from the local high school. Coach Perrone promises to take the glory back to Mt. Clemens, while Coach Verdonck vows to keep the honors in Grosse Pointe. It should be an interesting battle!

Blue Devils Lose 14-7 To Highland Pk. Team

By WAYNE MILLER
GPHS Journalism Student
A spirited Highland Park eleven proved to be bad medicine for the Blue Devils, who were hoping that the Parkers could be used as an antidote to counteract the loss suffered at the hands of the Wyandotte Bears the previous weekend. A Mister Charles Duncan and his teammates left both the Grosse Pointe team and fans with a bad taste in their mouths.

The game, which was played under the lights at Ives Field, almost assures Wyandotte, the B. C. L. championship, Grosse Pointe, who suffered its second B. C. L. defeat by the score of 14-7, will have to be satisfied with a second or third position in the league, all depending upon the results of the final games yet to be played by both Grosse Pointe and the other league teams.

Grosse Pointe started the game with two regulars not in the line-up. Harry Monreal started the game at center and played almost the full 60 minutes in place of Ed Anderson, and Al Billups started at the fullback position in place of Jim Comins.

After a see-saw first period, Grosse Pointe took over the ball on its 40 at the beginning of the second period. A series of running plays moved the ball to the Highland Park 46 where, on fourth down, Rodney Halldeman started his kicking duties for the evening with a nice boot which came to rest on the Parkers' 11. A holding penalty moved the ball back to the Highland Park 1 where, on first down, Norman Murphy, first Bear punter, booted.

The kick was taken by John DiCicco and returned to the Highland Park 42. After three plays, Halldeman was again called on and neatly placed the ball on the Parkers' 1-yard line. On first down, with the ball on the 1, Norm Murphy's attempted boot was partially blocked. The ball hit a Devil line-backer and was then punted by one of the Parkers on the Highland Park 3.

The Polar Bears, forced once more to kick from behind their

own goal line, received the benefit of a 15-yard roughing the kicker penalty, which moved the ball to the 19. After two plays, a poor kick enabled Grosse Pointe to have the ball on Parkers' 22-yard line.

With Don Schmidt calling signals, in place of Dale Ewart, who was injured a little earlier in the game, Danny Slowe, A. Billups and Gene Halbrook combined their efforts to move the ball to the 3-yard line of the enemy. Here, on second down, Danny Slowe assumed the duty of carrying the pigskin the remaining 3 yards. Ed Anderson added the extra point.

On the first play after the kickoff, the Highland Park rooters were given something to yell about. Charles Duncan, who had been throwing short passes all night, let loose with a pass from his own 32 to the Devils' 15 where, standing unmolested, Ed Jim Ingram hauled it in and sprinted the remaining 15 yards untouched. Duncan ran the extra point to the necessary 2 yards to tie the score 7-7.

Highland Park scored its final touchdown in the third period. After returning the half time kickoff to his own 34-yard line, Mr. Duncan, with the help of Rudy Saviko and Norm Murphy, moved the ball 80 yards for a score. Norm Murphy scored on a 5-yard sweep of his own left end. A pass from Duncan to Half Back Joe Carlson added the extra point.

Grosse Pointe's final effort came in the last period when John DiCicco picked up a Polar Bear fumble and scampered 80 yards down the sidelines to what was thought to be a touchdown, but only to have the referee claim the ball had been blown dead. The game ended a minute later.

Sen. Frank Andrews, Republican from Hillman, says it's time the bingo question was straightened out. He plans to introduce a bill legalizing bingo and small-time raffles sponsored by lodges, chambers organizations, churches, veterans of commerce and etc. A "worthy cause" would be required.

The Women's Auxiliary of Christ Church, Grosse Pointe, with Mrs. Truman Brown as its able president, this month begins a new year packed full of activity and service.

Under the supervision of Mrs. Frederick C. Ford, Chairman of the Ways and Means Committee, the program starts off with the traditional, far-famed rummage sale, with Mrs. Carl Stern, Mrs. Julius Huebner and Mrs. J. Clemens Kolb, wife of the Rector, as co-chairmen.

With the conviction that good fellowship mixed with hard work brings fulfillment and satisfaction, members have "turned out" with the result that, combined with the generosity and co-operation of church women throughout the city, mountains of donations of all kinds fill every nook and cranny, and for weeks women have been hard at work sorting and pricing.

The sale, which is open to all, will be held in the assembly hall of Christ Church on Thursday and Friday, October 25 and 26, and will run from 10:00 a.m. to 5:00 p.m. on both days.

Altar Society Feature Aprons at Church Fair

Fall flowers and leaves will decorate the Grosse Pointe Yacht Club, Wednesday, 12:30 p.m., November 6th, when members of the St. Paul Altar Society and their friends gather to attend a bridge luncheon and Fashion Show with Mrs. Robert.

Mr. Joseph Henk will be at the Wurlitzer Organ.

Mrs. John McCormick, president, and her chairmen will be hostesses for the afternoon. Chairman is Mrs. John H. Zimmer; co-chairman, Mrs. Emmet Tracy; fashion chairman, Mrs. C. E. Daniel; co-fashion chairman, Mrs. F. J. Houlihan; door prizes, Mrs. E. P. Hammond, Sr.; table prizes, Mrs. R. F. Little and Mrs. John Kline; tickets, Mrs. Wm. O. Gronner; reservations, Mrs. L. P. Kraus; Tel. 5-3233; and Mrs. F. J. Dansbury—Tel. 5-1058. (Note—Hand made, metal enameled earrings by Mrs. J. Kline, table prizes.)

What would a Fair be like without the all-important Apron Booth? Part of the fun of preparing for the Grosse Pointe Congregational "Country Fair" to be held Friday, November 2, has been the previewing of some of the exquisitely finished articles to be sold at that event. A visit to just one department revealed boxes and boxes of aprons... all different colors, shades, patterns, materials and styles. There are clothes pin aprons, different because they are made of the beautiful new shades of denim. Others are of paiseys, glistening chintz, florals, borders, prints, lawn and percale combinations never witnessed before! Then we came to the aprons for which the Congregational Women are making a name for themselves... the dainty hostess aprons... gaudies in rich deep tones, with all varieties of trimming varying from self-trim to harmonizing colors. They are lovely. Something new is a chintz sewing apron, unusual because it has a sewing bag attached which makes the pocket, and its own tape measure which is always at hand for it is stitched to the apron. When the Fair opens Friday, November 2, more than 200 aprons will be for sale. Special orders made be taken on some of the styles. Mrs. Leonard Slown is the apron chairman.

Eggs taken out of the refrigerator and warmed to room temperature will give better volume when beaten. If whites and yolks are to be separated, do that when the eggs are still chilled because the job is easier then. Don't beat until you are ready to add the eggs to the recipe.

Farms Market Takes All In Rotary Loop

Auto Club fell victim to Capt. Ed Taube's up and down but always dangerous Farms Market team last Friday night. Howard Ewald's 243 opener and 634 series topped these two teams in their struggle to overtake P & J Cocktail Lounge, who seem to be almost impossible to stop. Village Wine Shop had the Indian sign on them in the first game but the Judies came right back in the second, Don Kammer's 244 and the team's 921 accounting for the equalizer. In the last game Jack Jeakle supplied the ammunition, exploding 235 and a 3-1 win for the leaders.

Piches Barber Shop sprung a mild upset over Wolverine Potato Chips, winning 3-1. The Wolverines averted a shutout by taking the second game on Peplinski's 243.

Mondry Cleaners continued its winning streak by outscoring Steiner Ford, 3-1. With a few breaks here and there, Mondry could climb very fast, it's that kind of a team.

Kopp's Pharmacy had a chance for second spot all alone but muffed it when they dropped three to Middle Atlantic Transport Co. The Middies are now tied for second place with Kopp's and Wolverine.

Earl Holzbaugh Motors, with more spark this year, rode to a 3-1 win over Motor City Tires. The tire men haven't been getting the breaks which accounts for their position in the league standings. Look out when they start rolling.

Girl Scout - News -

A Girl Scout chorus will be started at the Neighborhood Club on November 2 at 4:15, under the direction of Mrs. Malcolm Johns. Scouts in the 6th grade or above are eligible to join.

Thirty-six women — 33 Girl Scout leaders and three mothers — have been taking a Red Cross first aid course at the Neighborhood Club every Monday afternoon from 1 to 3, with Mr. Floyd Warner as instructor.

The Maire School Brownie Scouts held a fall rally on their playground Oct. 11, with troops 777, 898, 1047 and 1057 participating. Many different games were played and each girl brought her nosebag supper in a gaily decorated paper bag. Mrs. Wm. Adams was in charge.

A tea was given recently at Ms. Louis Carbone's home on Lakeland road for the women who are taking Girl Scout training courses and will be leaders at Maire School. The following guests were present: Mrs. Richard Allen, Mrs. Brooks Begg, Mrs. Frank Yates, Mrs. C. G. Barnes, Mrs. A. Henderson, Mrs. Robt. Bunselmeier, Mrs. Alfred Taylor and Mrs. Don T. Galvin.

Troop 303 of Maire School took a trip to Belle Isle to see the lovely dahlias display and aquarium. While there they had a treat of chocolate cake. Mrs. Olp, Mrs. Galvin and Mrs. Cashin accompanied the scouts.

Things One Remembers

By R. M. Hofer
Every day the Washington propaganda machines boom like control as the medicine for inflation control. For some unknown reason the same official agencies never mention tax control or waste control in government as the one indispensable requisite for inflation control. Nor do they explain how tax confiscation of the earnings of the individuals for Washington bureaus to spend high, wide and handsome is any less inflationary than if the individual spent his own money. After all, the government earns nothing, it just spends, and it can only spend what it first takes away from the individual who earns it. Only the people can stop the tax spenders who create inflation. They will never stop of their own accord.

"But the only thing without which life is not worth living we must not give up. We must not give up hope."—The New York Times.

"Let's ask government to call the signals, but call them loud and clear and keep us up to date on the score, so we know what is expected of us."—Henry Ford II.

SURVIVAL

.. under atomic attack

The atomic bomb is the most destructive weapon ever devised by man, but it is not as terrible as most persons believe. There are real limits to its power to destroy. No one, of course, can promise that you will survive an atomic attack, but you can increase your chances many, many times by learning in advance what you should do. Memorize the following for your safety:

FIRST THINGS FIRST

GET UNDER COVER

If you have time, get into a basement or similar shelter. If you are caught out-of-doors, flatten out against the base of a wall or jump into a ditch or doorway.

DROP FLAT ON GROUND OR FLOOR

Wherever you are, drop flat on your stomach and put your face tight in your folded arms. This will protect your face from flash burns and your eyes from flying objects. To avoid temporary blinding by the flash, never look up.

REMAIN CALM

DON'T RUSH OUTSIDE RIGHT AFTER A BOMBING

A second bomb may follow the first. And the longer you wait, the more chance there is for lingering radioactivity to die down.

DON'T TAKE CHANCES ON OPEN FOOD OR WATER

Stick to canned and bottled things that have not yet been opened, and water in covered pails or bottles or jars which you have filled before the attack.

DON'T START RUMORS

A single rumor could touch off a panic that might cost your life.

STEPS TO SAFETY

SHUT DOORS AND WINDOWS

If the warning comes in time, shut all doors and windows and pull down blinds. Turn off all pilot lights and close all stove and furnace doors. Keep everything closed until all danger is past.

KNOW YOUR HOUSE

Know which is the safest part of your cellar, usually next to an outer wall. If such shelter is not available, at least duck under a table or bed.

EMERGENCY EQUIPMENT

Always have a good flashlight, a radio, first aid equipment and a supply of canned goods in the house.

"FIREPROOF HOUSEKEEPING"

Don't let trash accumulate and keep waste paper in covered containers.

DON'T RUSH TO SCHOOL ..

If your children are in school, don't rush there to bring them home in case of a raid. The schools have their own civil defense set-up and protective measures for the children.

DON'T USE TELEPHONE

Do not use the telephone unless absolutely necessary. Leave the lines open for emergency traffic.

FOLLOW INSTRUCTIONS

Follow exactly official instructions that will come to you after a raid by radio, sound truck or some other way.

KILL THE MYTHS

RADIOACTIVITY NOT GREATEST THREAT

In most atom raids, blast, heat and fire are by far the greatest dangers that people must face. Radioactivity alone would account for only a small percentage of all deaths and injuries, except in surface or underwater explosions.

RADIATION SICKNESS NOT ALWAYS FATAL

In small amounts radioactivity is seldom harmful. Even when serious radiation sickness follows a heavy dosage, there is still a good chance for recovery.
