Country Fair Tomorrow Has Many Wares

When the doors of the Grosse Pointe Congregational Church "Country Fair" opens tomorrow at 10 o'clock a booth of unusual interest will be first to draw shoppers attention. Here will be displayed hundreds of authentic Early American reproductions made by craftsmen in New Hampshire and shipped to Grosse Pointe to be hand finished by the group in charge, Mrs. Russell Tripp, Mrs. Russell Brunke, Mrs. M. E. Ion, Mrs. R. D. Hummel, Mrs. William Dixon, Mrs. Paul Kolvoord, and Mrs. E. J. Heinrich.

The Country Fair, to be held in the parlors of the Grosse Pointe Congregational Church, 240 Chalfonte, will also feature hundreds of other articles, beautifully finished, and handwork displays will be assembled for the Women's Association's Annual Bazaar.

Lending a country air to the display will be the "Country-style" motif, complete with autumn colored petticoats decorating each of the counters. Gaily dressed Country Laides (made from paper) each holding a handful of balloons will be attached at strategic places throughout the room. Workers will be in bright country dress.

Much credit is due Mrs. Marcus Kalfleisch, in charge of the needlework department; Mrs. Robert Kimball, antique collection; Mrs. Verne Drew, knitted goods; their committees; and the many others who have worked toward the success of the fair.

After shopping, tea will be served, and there will also be a snack booth.

The fair will begin at 10 a.m. and continue to 10 p.m.

A Memorial High Mass will be said for the deceased members of the Christian Brothers Auxiliary on Nov. 14th at 12:15 p.m. at St. Joseph Church, Jay and Orleans.

Theatre Has New Director at Whitewood

If change is a sign of progress, as the sages say, then Grosse Pointe Community Theatre has made considerable progress in the past two weeks. First of all, there's a change in date for their first production—they will present Emyln's William's celebrated play, "The Corn Is Green" on Thursday and Friday, December 6 and 7 at 8:30 p.m. in the auditorium of the Grosse Pointe High School, instead of Thanksgiving week-end as previously announced.

Second, and even more important, there's a change in director. The Theatre is proud to announce that William Merrill of Will-O-Way fame will direct one of the best casts they have ever presented. As everyone knows, Bill Merrill is one of the most outstanding directors in or around Detroit. December 6 and 7 should provide Grosse Pointe with two evenings of excellent theatrical entertainment.

Methodist Men Plan Outing

The men of the Grosse Pointe Methodist Church will leave from the church building, 211 Moross road, on Saturday morning at 10 a.m. for an outing at the Wylie cottage on Whitewood Lake.

Mr. Thomas L. Munson is in charge of general arrangements and reservations may be made with him at 2746 Penobscot Building.

The men will take a box lunch along for the noon meal and supper will be served by the club at the cottage on a cost-pro-rated basis.

Mr. W. G. Brownson is in charge of the program. Bring along bats, balls, tennis shoes, etc. for out door sports program.

Mr. H. C. Meakin is in charge of transportation and has a map which he will give to drivers of cars. Whitewood Lake is in the Ann Arbor-Dexter-Jackson section of Michigan and is a beautiful spot.

This is just one of the many activities planned by the men of the church for this season.

Pointe Man Elected to Club Office

A Grosse Pointe student at the University of Michigan has been elected secretary of the Russian Circle, an informal club for students of the Russian language.

Elected was Henry R. Buslepp, of 1420 Bishop, a junior in the College of Pharmacy at the University. Buslepp is a graduate of Grosse Pointe High School and a member of Phi Sigma Kappa Fraternity.

The Russian language has been taught at the University since 1908 and for about thirty years was studied by only a handful of students. Before World War II interest began a sharp increase. This fall approximately 250 students are enrolled in the department, sixty of whom are beginners in the language.

The aims of the Russian Circle, an extra-curricular organization, are two-fold, according to Prof. Lila Pargment of the Russian department. The Circle gives students an opportunity to engage in Russian conversation and acquaints them with the culture of the Russian people.

"Training in Russian has equipped many University graduates for positions with the United States Government and as instructors in other colleges," Professor Pargment added.

Detroit Power Squadron to View Movie

The Detroit Power Squadron will feature an interesting film for boatmen, entitled "Leave Your Worries Ashore" at its regular monthly meeting at the Detroit Yacht Club, on Thursday, November 1st, at 8 p.m.

The film is one that has been prepared for yachtmen by Mr. Walter Kilde of Belleville, New Jersey and has special appeal for U. S. Power Squadron members. Entertainment Chairman Al Smith says that this film will be shown to Squadron Units across the country after its Detroit showing.

Commander Gerald S. Rouston will give a first hand report on the hearing held in Detroit by the Study Committee of the State Legislature on the proposed new legislation to regulate the operation of small craft and yachts. The Nominating Committee will also present their report at this meeting.

Women's Group Plan Meeting

The Grosse Pointe Methodist Women's Society's Susanna Wesley Group will make invitations and decorations at their November 7th meeting, which will be held at 8 o'clock in the evening at the home of Mrs. W. J. Bunsall, 274 Mr. Vernon Place in preparation for the big Christmas party, to which every woman of the church is invited.

Mrs. R. J. Brown and Mrs. Charles O'Hanlon will act as hostesses, making advance preparations of gathering the materials needed to make suitable invitations and table decorations.

Mr. Charles A. Poupard, 77, of 382 St. Clair, Grosse Pointe, passed away in Detroit Memorial Hospital early Wednesday morning following a short illness. Born in Grosse Pointe June 13, 1874, on a farmstead at what is now Jefferson and Yorkshire, he had been a life long resident of this area.

Long active in local government activities, he had served as Highway Commissioner, Supervisor, Treasurer, Justice of the Peace, and as a member of the Board of Review in Grosse Pointe Township (before it was split into the various G. P. Communities.) He was one of the first organizers of Grosse Pointe Park Village and served as trustee.

Later for Grosse Pointe City he served as Treasurer and Assessor and as a member of the Board of Review.

For over twenty five years he served as Treasurer of the Grosse Pointe, Board of Education, retiring three years ago because of ill health. The Charles A. Poupard School on Harper near Eight Mile was named for him because of his long association with the Board of Education.

Mr. Poupard was a member of K. of C. Council No. 305, President of St. Vincent DePaul Society of St. Paul's Church, Grosse Pointe. He was also past-president of St. Paul's Holy Name Society and a member of the Third Order of St. Francis.

He is survived by a son, Clement B., a brother Edmond F., two sisters, Mrs. Albert Melning and Miss Ida Poupard. Two grandchildren also survive: Mrs. Elaine Almond and Pvt. Richard C. Poupard (who is missing in action in Korea).

Funeral services will be from the Verheyden Funeral Home, 16300 Mack, Avenue at Outer Drive, Saturday at 10:30 and to St. Paul's Church at 11:00.

Interment will take place in Mt. Olivet Cemetery.

Expect Record Goodwill Show

When the curtains go up on the fourth annual Goodwill Antique Show and Sale on Nov. 4, collectors and others interested in early Americana will see one of the most unusual exhibits of its kind ever held in Detroit.

In addition to what promises to be the largest Goodwill Antiquity Show to date, with about 35 exhibitors displaying their art treasures, the show will be also embellished with an unusual atmosphere of by-gone days. Proceeds from the four-day show will be used to buy needed new equipment for the handicapped employees at the Goodwill training shop. This year the Goodwill members have to top previous efforts and are adding an extra day to the usual three-day exhibit which will get underway Nov. 4 and continue through Nov. 7.

— Letter to the Editor —

To the Editor:

Many interested persons in the City of Grosse Pointe are at a loss to understand just when the meetings of the City Council are held. Apparently they are supposed to be held on the third Monday of each month at 8:00 p.m. It is appreciated that it may be difficult to arrange a meeting every month at this time. Absence of Councilmen from the city, sickness or other reasons often make it impossible to secure a quorum. This is entirely understandable.

However, observations have disclosed that numerous meetings have been postponed in the past for reasons entirely beyond the scope of the foregoing, including the willingness to cancel a meeting, especially when a controversial issue is on the agenda, and keeping the date when the postponed meeting will be held a heavy guarded secret. Meanwhile when interested persons inquire at the City Offices regarding the date, they are informed that the meeting has been postponed, but the new date has not as yet been determined.

However, just as soon as the situation in question reaches the right temperature you discover that the postponed meeting has been held without any public notice whatsoever. Consequently the business in question is transacted at a closed meeting without any of the public in attendance, and the secret mission accomplished, so to speak.

Under the circumstances, it would seem that this sort of thing should be corrected immediately. Certainly the public has a right to know what goes on and for what purpose its money is being spent; and when public business is transacted involving the expenditure of public funds, then a political curtain ought not to be drawn around those whom they appoint to manage it for them.

Perhaps it might be well to have some definite plan in effect so that you will know automatically when a council meeting will be held. In the absence of any definite plan many interested persons believe that when a meeting is cancelled, or for any reason not held in accordance with the regular schedule, a public notice should be posted on the bulletin board in front of the City Offices or some other effective method of adopted, announcing the date when the adjourned meeting shall be held, and such notice shall be posted at least seven

days prior to the date of any future council meeting.

Incidentally, it's significant that when a council meeting is postponed in any of the other Grosse Pointe municipalities, it is automatically set for the date of the next regular meeting, and such a condition as postponing or adjourning a meeting without a definite date does not exist.

Another important phase of the situation, and one that affects your tax bill is the manner in which the city budget is handled. Here again, they do not follow the procedure established and practiced by all other Grosse Pointe municipalities. No public hearing on the budget is held, and as a matter of record for the past four years the budget has not even been reviewed in any detailed manner by the Council in open meeting. They simply make a motion to the effect that the budget be adopted in accordance with plans and figures previously outlined at some closed meeting. Many persons are wondering if the conduct of all of their business meets the charter requirements.

Under the political circumstances which prevail at the present time considerable lip service has been given to the dock situation down at the park, but the problem still remains unsolved. Since this is an opportunity for us to enjoy beautiful Lake St. Clair right in our own neighborhood it would seem that a plan could be worked out which will be satisfactory to all concerned.

Needless to say, the necessary facilities required for the police, fire and public works departments, together with adequate personnel, should be maintained at all times.

If you believe, as I do, that these policies and practices should be corrected, or put into effect as the situation warrants, then go to the polls on Tuesday, November 6, 1951, and vote for those council candidates whom you know will take the necessary steps to do so.

It was thoughtful of you to read this and we thank you for your attention.

Sincerely,
STANLEY FISHER.

have openly expressed their thoughts.

These thoughts reflect their disappointment that upon finishing 2nd in the relay race opening the United Foundation (open Rally) they were not awarded this honor in the write-up appearing in the October 18th issue of your newspaper. In fact, they were not mentioned as having finished the race to date.

Knowing these boys to be good scouts I feel that certain precautions should be taken to safeguard the village of Grosse Pointe and the Grosse Pointe Review as well.

With this in mind and having assured the boys that no rock would lay unturned, I ask you to please publish the following corrected race results:

Library Spotlight

By JEAN TAYLOR of the Grosse Pointe Public Library Staff

"A man ought to read just as inclination leads him; for what he reads as a task will do him little good; a young man should read five hours in a day and so may acquire a great deal of knowledge."

—Samuel Johnson

Well and good for 1750, Dr. Johnson . . . but who today can spare five hours for reading out of the precious twenty-four?

For busy people who like to read but for whom time is a problem we list these short books of two hundred pages or less, that can be easily toted about for reading on the bus, in the dentist's office or at the hairdresser's.

SOUTHWEST CORNER by Mildred Walker.

"A satisfying tale of an indomitable Vermont woman who adjusts to a difficult situation."

DAWN IN LYONESSE by Mary Ellen Chase.

"The tragic legend of Tristram and Iseult brings strength and compassion to a Cornish maid-servant when tragedy comes into her own life."

THE SNOW GOOSE by Paul Gallico.

"Of a lonely artist and a young girl, and the beautiful bird which was a bond between them and became a symbol and a legend."

LET THE HURRICANE ROAR by Rose Wilder Lane.

"A vivid story of the hardships and simple heroism of a young couple during pioneer days in Dakota."

A GENIUS IN THE FAMILY by Hiram Maxim.

"A son's recollections of his eccentric and unpredictable father (Sir Hiram Stevens Maxim), and of family life in Brooklyn about forty years ago."

OUTSIDE EDEN by Isabel Scott Rorick.

"The cheerful adventures of a happily married couple, gayly and wittily told."

FRIENDLY PERSUASION by Jessamyn West.

"Entertaining episodes about the Birdwell family, nineteenth century Quakers living in Indiana during the period following the Civil War."

THE PLUM TREE by Mary Ellen Chase.

Michigan Mirror

Streamlining of state government through consolidation of agencies with power centralized in the governor is the general pattern fixed by the Michigan "Little Hoover" Commission.

Administrators would be named by the governor who would become responsible directly for "good government." This centralization of power in one state official has been conditioned, in most recommendations, on extension of the governor's term from two to four years.

To what extent this streamlining pattern will be a political issue in 1952 is quite another matter. Several leading Republican office-holders are frankly skeptical of the wisdom of putting more state agencies under control of the governor with all of the resultant political complications. The highway department is one example; no governor can successfully bid for votes on a promise to deliver a road as long as the highway commissioner is chosen by the people.

Governor G. Mennen Williams recently advocated public support for the state reorganization recommendations on the point that the cost of government would be reduced by consolidation of state agencies.

lish gardener that will delight those with green fingers.

May we call your attention to the opening meeting of the Friends of the Library, Tuesday evening, November 13, at 8:30 o'clock. Elsewhere in this issue details are given of program plans for this year. We are indebted indeed to these public spirited citizens who are giving much of their time and effort to promote good library service.

Michigan teachers long claiming that the educational system is being attacked by unscrupulous forces have their answer. Says Miss Margaret Stevenson, national education association official: "The cure . . . is closer co-operation with the public."

A more realistic view is held by State Treasurer D. Hale Brake. Brake believes the state legislature has done a courageous job in holding down state spending during a postwar period of ever rising prices. He also concludes that any further substantial saving in the cost of state government must come from elimination of public services—an unpopular thing to do.

Transfer of public services from state to local government merely puts the tax burden elsewhere.

Furthermore, the State of Michigan today is already returning 78 per cent of the state sales tax proceeds back to home governments.

HOW TO SCORE HIGH WITH THE "HOME" TEAM

"GO ELECTRIC"

say Ted Lindsay and Bride-to-be

"An all-electric kitchen is our goal," said Red Wing star Ted Lindsay with a smile for his bride-to-be, lovely Pat Snell.

"Yes, and my first choice is an electric range," emphasized the future Mrs. Lindsay. "It's so beautiful! And just look how easy it is to regulate the heat with these controls. Now I know why they say you can cook to perfection with an electric range!"

"They're easy to clean," said Ted. "Look, Pat, out those heating elements lift up out of the way."

"Plenty of storage space, too," Pat put in. "And look at the big oven! Honestly, these new electric ranges are simply out of this world!"

Yes, it's true. Electric appliances . . . electric ranges . . . are finer than ever today. Visit your nearby appliance dealer soon.

Fordson Wins Over Pointers on Dad's Day

By FRAN FURTAW
GPHS Journalism Student

The Blue Devils went down to defeat when Fordson edged them out 18-14 at the annual Dads' Day game last Saturday afternoon.

The Fordson pass defense was sharp. The Tractors snared five Blue Devil passes.

The first threat of the game came when Di Cicco took a Fordson punt on the Tractors' 35-yard line and returned it to the 19. Danny Slowe and Gene Halbrook alternated and moved the ball to the 10. Fordson held and the quarter ended.

As the second quarter got under way, Grosse Pointe moved the ball to the 9. Two plays later, Lachowicz intercepted Schmidt's pass and went for a touchdown. However, the play was called back, and the Fordson players were charged with a clipping penalty, putting them on their own 30.

Davis, Aladray, and Cheek combined on a series of passes and runs to lead the way to the Devil 1-yard line where Davis went over to score. The whole Grosse Pointe line rushed in to block the attempt for the extra

point.

Aladray kicked to Al Billups, who was dropped on the Devil 31. Danny Slowe followed with a 69-yard run around right end to score. Ed Anderson booted the extra point to make the score Grosse Pointe 7, Fordson 6.

Jerry Goebel broke up the next Fordson drive when he intercepted a Fordson pass and returned it to the Tractor 42. He fumbled as he was hit, but two alert Pointers recovered the ball.

On the third play, Al Billups carried to the Fordson 11. On the

next play a Grosse Pointe pass fell into the hands of Alessandro, who returned it to the Fordson 30. The Tractors failed to move and Dyer was forced to punt. His kick was blocked and Grosse Pointe recovered on the Fordson 35 as the half ended.

The kickoff of the second half was returned by Palumbo to his own 32. Fordson began to move and Cheek finally broke loose to score from the Grosse Pointe 32. The kick for the extra point was wide of the goal posts.

After the kickoff, Schmidt connected on successive passes to Len Anderson and Don Button to move to the Fordson 15.

Billups took a pitchout from Schmidt and plowed his way to the 18. Fordson grabbed a Devil pass on the next play and returned it to the 10. Dyer punted to the 35 and DiCicco ran it back to the 27.

Two plays later, Dujmovich intercepted a Grosse Pointe aerial and was tackled on the 33. Wemyss romped 67 yards to score. Goebel blocked the try for the extra point, making the score 18-7, in favor of Fordson.

In the fourth quarter, Grosse Pointe took over the ball on its own 28. Schmidt's pass to Button was good for 13 yards to the 41. Schmidt then passed to Button

and Slowe, on successive plays moving to the 30. Slowe drove to the 20 on the next play.

Two plays later Davis intercepted a Devil pass and was tackled on his own 20. Fordson was forced to punt on fourth down. Howe returned it to the Fordson 34. Don Schmidt connected with Dave Cobb for an 11-yard pass, and Danny Slowe moved the ball to the 15.

Fifteen yards meant nothing to Slowe as he galloped around right end for a touchdown. Ed Anderson again kicked the extra point.

Grosse Pointe tried an onside kick, but Fordson held onto the

ball. Several plays later, Fordson was penalized for elbowing and the Pointers took over on their own 25.

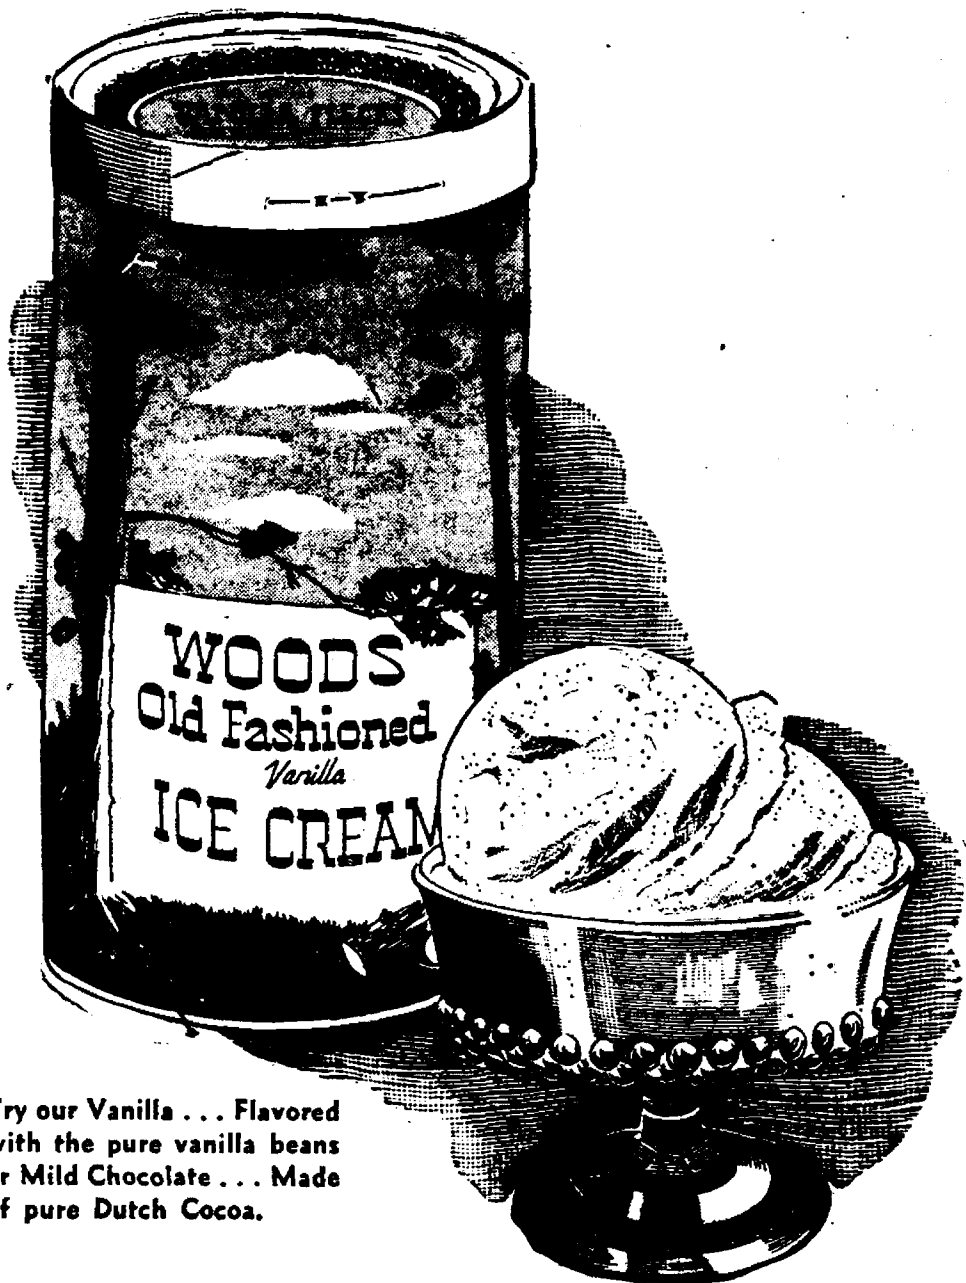

Slowe went around end for 8 yards as the game ended, along with Grosse Pointe's hope for victory.

The only remaining game for the Pointe gridmen is a non-league contest at Port Huron Friday night.

**Your Grandmother
Knew HOW To
Make GOOD
ICE CREAM.....**

Try our Vanilla... Flavored with the pure vanilla beans or Mild Chocolate... Made of pure Dutch Cocoa.

Your grandmother loved the "ohs" and "ahs" around the old-fashioned dining room table when she served her own home made ice cream. She prided herself on her cooking accomplishment. She knew how to make GOOD ice cream and she used GOOD unadulterated ingredients.

Today nearly everything we buy comes in a package. Packages cost money... a lot of money. There are many products on the market today where we find the package costs more than the actual product. With the rising costs of basic food materials manufacturers look to possible ways of cheapening their product. One manufacturer finds a way of making his product for less money and others must follow or go out of business... it just makes common sense.

In the ice cream business you can cheapen your product very easily by adding, artificially, a little more air. Yes, just common every day air. The same air we find everywhere. The more air you add, the less materials you use and likewise the cheaper you can sell your ice cream.

Your grandmother didn't add air to her ice cream. She used her cream as it came from the separator. If she used eggs, she used fresh whole eggs. When she flavored her ice cream she used old fashioned natural flavors. Her ice cream was GOOD, you said. Sure it was GOOD and it's very easy to see why!

We believe you will enjoy WOODS OLD FASHIONED ICE CREAM. It costs a little more because we haven't skimped on "the makings" or the flavor. You'll find an additional full serving in every quart package because we DON'T believe in selling air. For a really delicious home made ice cream try WOODS.

How to Transfer Patterns to Cloth

"You can save time by using a dressmaker's tracing paper and a tracing wheel to transfer pattern markings to the cloth," Emma DuBord, Wayne County home demonstration agent, reminded homemakers at the start of the fall and winter sewing time. She pointed out that these tools increase accuracy as well as save time.

The tracing device is a small metal wheel with sharp spikes around the edge. The spikes

penetrate the pattern, cloth and tracing paper—and make a row of fine dots on the cloth. These markings help you make accurate darts, buttonholes and other details, Miss DuBord explained.

Use this technique on cotton cloth that is heavy enough to prevent the marks from showing through to the right side, she suggested. Some of these are chambray, percale gingham and denim. Place the tracing paper so the marks are made on the wrong side of the cloth. These dots come out after several washings if you follow directions.

NOTICE OF HEARING ZONING BOARD OF APPEALS

Notice is hereby given that the Board of Appeals will meet in the City Hall, 90 Kerby Road on

BEHAVE YOURSELF, IT'S BETTER THAN THE CLINK

MANY SERVICEMEN look upon military policemen as a necessary evil but their lot is not an easy one. With the fighting in Korea moving into its second year, airports, train and bus stations in the states are scenes of more and more servicemen on the move. In most large cities the military police with the familiar "MP" armband on their uniforms are on the spot to pre-empt order. Especially troublesome to the

MPs are traveling servicemen fresh from basic or "boot" training camps. Officials of some of the nation's largest railroads have asked the military services to provide MPs aboard their trains. On the Norfolk and Western's streamliner run from Cincinnati to Norfolk, for example, two MPs make the entire 18-hour trip without relief, although the train itself gets three conductors and six engineers in the same period.

Typical are Cpl. James Dodrill, 26, Summersville, W. Va., and Pfc. Alonzo Taylor, 23, East Beckley, W. Va. Both ex-paratroopers, they were members of the Army reserve until last year when they were recalled. Both men are married and get to see their wives only on their two days off each week. Among duties of MPs aboard trains are to check travel orders, dispose of whisky and assist any serviceman in trouble.

MPs make last minute check-up before leaving on train.
