

Grosse Exaggerations?

Dear Mr. Oldham,

These new stream-lined trains look like angry grasshoppers, and are a far cry from the first "iron horse," whose ten miles an hour scared the wits out of grandma. We are now streaking through Kansas with nothing to look at but flat country, a few scattered barns and "half-alive" stock. Not even an Indian!

The conductors, (why do they always come in pairs?), tell us that Onya Fannie, the ice skater, is on the train. Well! well! We've peered behind every pair of dark glasses and every beard, looking for a lurking movie star traveling incognito, but all we've seen are a neck-tie salesman, one school teacher, two college boys and a family group from South Bend.

There is nothing like the "store window" atmosphere of a pullman car settling down for the night,—to make one completely extrovert. All sorts of strange people scurry up and down the aisles in negligees and bathrobes wielding tooth-brushes, wash cloths and other impedimenta never seen outside of your bathroom. Everything is most informal and by the time we get off this train, we shall be perfectly hardened to the prospect of washing our neck and ears in the middle of Union Station.

We've had some of the famous mountain trout, which is a specialty on this train. Tried to get the recipe and found it as easy to do as smuggling a diamond out of Kimberly mines. Why are people so stuffy about giving recipes? We had the same trouble in New Orleans at the world famous Antoine's. Their 'Oysters Rockefeller,' (probably named so, for the price they charge for them), are sought after by every visiting oyster-eater. One would rather lose a front tooth, than return home and admit he hadn't eaten them. In order to obtain the recipe, we tried every method known to man including threats and blackmail, but the chef, who speaks French with a great deal of courage, turned a deaf ear—even to our promise to hand over any pearls we might find.

Hope you saw the Ice Ballet when they were in Detroit, because if you haven't—you haven't seen Henie-thing.

We read that the gambling houses in Michigan wasted no time in reopening. Amazing that people still fall for that sort of thing. Must be the same types who were scared by Orson Welles on Mars night. No eye-cue to speak of!

Just thumbing my way through the latest Vogue magazine and am distressed with the "make-up to match your costume" era. It took us weeks to make up our mind, (as well as our race), to venture forth into view wearing shocking pink or garish cyclamen, which always made us look like something that had been painted by a kindergarten student. Now we are told that we can throw it all away, because when the first blade of grass thrusts its way through the snow, the smart colors will be baby-pinks.

Super Speed Pictures Show Bullet in Flight

Extremely rapid photographs, taken at one-millionth of a second, were demonstrated recently by Dr. F. W. Godwin of the Armour Institute of Technology. The process of photographing a bullet in flight (inset) as it breaks through a pane of glass was accomplished by shooting the bullet so that it passes just below two poles of a spark gap; the gases from the firing of the bullet trail the missile, thus setting off the spark gap, which in turn causes a discharge of 38,000 volts in a partial vacuum, for the necessary illumination. An ordinary miniature camera was used in the experiment.

Grosse Pointe Boy Scout Commissioner Honored

By H. THOMPSON STOCK
(Asst. District Commissioner)

Clifford C. Lockwood, district commissioner for Grosse Pointe, was honored by the presentation of the silver beaver at the annual council meeting of the Detroit Area Council of the Boy Scouts of America last Saturday night. The silver beaver is an award given to volunteer scouters for distinguished voluntary service.

Dr. C. B. Lundy in the presentation address said "Fifteen years of Scouting, during which he has served as Scoutmaster, Committeeman and Commissioner; active in leadership training, a leader with fine judgment, sympathy, and understanding with a deep and sincere faith in Scouting; active in young peoples' work in the Church, successful in business and admired and respected by his many friends."

Dr. George J. Fisher, deputy chief scout executive, addressed the assembly on the Boy Scout movement and Americanism.

The meeting was impressively and fittingly closed by a pageant in which for eagle scouts from Troop 25 (located at Grosse Pointe Memorial Church) and Marian P. Lancaster, daughter of the scoutmaster of Troop 25, played the roles. Miss Lancaster, dressed in a white gown and holding the torch of freedom, took the part of the Spirit of America.

The pageant was opened by the Spirit of America saying, "I see man's hand against his fellowman; I see murder, robbery, and violence of all kinds. I see men struggling for their own selfish ends. Where is the brotherhood of man?"

Standing behind a school building with upper part of body showing, Ben Orr, eagle scout, said, "In this country alone for over 28 years, a steadily increasing army of more than seven millions of us live under this law—A scout is reverent. He is reverent toward God. He is faithful in his religious duties and respects the convictions of others in matters of custom and religion. As we come into manhood we will protect and strengthen this Faith in God which is part of the foundation of civilization."

Are You Eligible?

Any person serving in the Army, Navy or Marine Corps, between April 6, 1917 and November 11, 1918, is eligible to belong to the American Legion. We want you in our Post and you should belong. May we talk it over? Call Weil at Niagara 5555, Cramer at Niagara 5151 or Hoyt, Tuxedo 2-1813.

Celebrate Birthdays

On January 27 the former Kaiser at Doorn will be celebrating another birthday. We have here two young Grosse Pointers who have been celebrating theirs for several years with him. They are Truman F. Pioch, of 529 Barrington road, who will be 22 on this day. A great lover of outdoor sports, his favorite sport is ice skating. On this same day his brother, Ray, will be 20 years old. He also is a great lover of sports, his favorite sport being swimming, with which he won honors in high school. Their proud mother, Augusta L., wishes them many happy returns of the day. There are five other children, Emil Carl, Jr. (Sonny), 24 years old; Elfrida Edith, Mrs. Robert Gutow, and last but not least the seventeen-year-old twins, Richard and Carl, former A-1 drummer at our High school but (psdt) it's been said been suspended from these honors by being a little noisy (temporary, we hope) and his sister, Ruth Marion, who expects to graduate this June. The boys have entered their dad and themselves in the Times bowling tournament February 5.

Major Burns Henry Post News

Our Boy Scout Troop, No. 44, were our guests at the last meeting and they turned out 100 per cent. We wish the membership would do as well. A few mothers were also present. The boys were all ears during the business meeting and got quite a kick out of it. Refreshments were served after the meeting and a good time was had by all. May you boys visit us again in the near future. You Comrades, who have boys twelve years or older, should investigate this group of lads. We feel sure you will want your boy to be one of them. Simply bring your boy to the Mair School on Cadieux, just north of Kercheval, any Thursday at 7 p. m. Ask for Comrade Eggleston or Scoutmaster Holmes and just stand by and watch. You won't be sorry.

All unemployed Comrades are urged to get in touch with Adj. Cramer at Niagara 5151 and get your name on his list. While there isn't much demand at present, he may be able to help you in the near future. Last meeting night a Comrade, who has been out of work for some time mentioned the fact and before he left for home he had a job for the next morning. If any Comrade, who is an employer, or even if you need a man for a few hours work, will get in touch with Cramer, it will also help.

Comrade Dr. Neumann gave a very timely talk on transfusions and any possible after results. Much information was gained, especially in regards to the amount to be given and the period of time that should elapse between transfusions. Thanks, Doc, come more often. Comrade Eggleston was called on for an emergency transfusion Sunday night. A fifteen-year-old girl, suffering from pneumonia, was the recipient and we sincerely hope she is out of danger when you read this.

The Boy Scout Troop has volunteered their services for emergency transfusions, for which we give them our heartfelt thanks. Of course this act is subject to their parents' approval. May their loyalty to the Post act as an incentive to you, who are strong and healthy, and intend to join but keep putting it off. Come on in, the water's fine. Call Weil at Niagara 5555.

The attendance "kitty" is still a maiden, so come out February 1st and take it home. We'll be seeing you then. So long. T. E. X.

New Peak in High School Enrollment Expected on Monday

Preparing for an expected new peak in enrollment in the Grosse Pointe Junior-Senior High School, school officials met last week with parents of 6A pupils who on Monday will enter the junior high school organization as seventh graders. A new high total of more than 2,000 junior-senior high school students is expected when the second term begins next week, according to Dr. E. R. Van Kleck, school superintendent. The junior-senior high school moved into the present high school building in late February eleven years ago with an initial enrollment of 729 pupils. Present enrollment in the same departments is 1,983 children, or well over two and one-half times as many. The exact increase in the high school departments is 1,254 children and meanwhile the total enrollment of the system has jumped to 4,245 pupils.

The three junior high school annexes, the opening of which has been forced by the growth, will house the new 7B pupils again next term, the parents were told. The annexes occupy parts of the Defer and Trombly elementary school and all of the Cadieux school building. Seventh and eighth graders until the opening of the new John D. Pierce Junior High School will have to continue to divide their time each day between two schools. One group of the new 7B classes will attend the Cadieux school in the morning and the high school building in the afternoon. The new seventh grad-

ers in the western end of the district will attend the Defer school in the morning and Trombly school in the afternoon.

Numerous adjustment activities sponsored by the school system to make the change from elementary school to junior high school as easy and happy as possible for the children were described at the meetings with the parents last week. Three groups of adjustment were outlined by Dr. Van Kleck—those used before the pupils leave the elementary schools, those for the first day in the annexes, and those which come later in the school year.

Paul A. Rehms, principal of the High School, described numerous phases of the high school program including the Student Association, the noon hour, after-school, recreation, club, cafeteria, and athletic programs, and typical expenses to be met by pupils. At the meeting in Cadieux school Paul Junge, chairman of that annex, discussed the home room program and other guidance helps given by the school. Herbert Hobart, chairman of the Defer-Trombly annexes, speaking at the Thursday evening meeting, told of the new "orientation" units used for the first time this month in helping prepare the sixth graders for the transfer. Edward E. Allen of the Board of Education staff described the transportation arrangements sponsored by the School Board, and answered questions of parents.

Grosse Exaggerations

(Continued from Page One) The portable Philco radio we bought with NEXT year's salary, (catch on?), is working like a charm.

Thanks for the copy of Aerielle Frazer's column. It was nice of her to pinch-hit for us and she certainly did a swell job. In fact it was so good that maybe we'd better stay in California and get a job as Ghost-Writer.

Just received a wire from the Chamber of Commerce at Los Angeles, asking if we'd object to forty or fifty movie stars meeting us at the station at noon tomorrow—we've had to stop now and put our hair up in curlers—just in case! If you don't hear from us again, you'll know that the producers realized what a mistake they made in signing up Vivien Leigh.

Stream-lined yours, A. PRYOR.

A GIRL SCOUT IS USEFUL AND HELPS OTHERS

It was a clear, cold day in late December when a group of girls from our neighborhood decided to go ice skating.

After half an hour of skating, singing and shouting an accident occurred which broke up our party for the afternoon. This is what happened. As we were skating along, Betty tripped and fell. Another girl was right behind her and not being able to get out of Betty's way ran right into her. Her skate caught in Betty's ankle and cut a deep gash.

I happened to have my first-aid kit in the pocket of my jacket. I rushed to Betty's side and gave her first aid. After bandaging her ankle, we called for the doctor who looked at it in his professional manner.

So you see that Girl Scouts should always be prepared as well as useful. —Z. D. P.

Grosse Pointe Defeats Royal Oak, 22 to 17

The brilliant teamwork of Grosse Pointe High School's basketball team Friday enabled them to defeat Royal Oak by the score of 22 to 17. The game started at a very slow pace. Royal Oak scored the first point right after the game started, on a foul shot. Grosse Pointe matched that, a little later, and the score at the end of the first quarter was tied at 1-1. The scoring then picked up a little, and at the half the score was 11-6 in favor of Grosse Pointe. Both teams then scored eleven more points before the game ended. Jack Schriever moved up another notch into third place in the standings of the point-scorers of Grosse Pointe. Here is the way they stand now:

Table with columns G, F, P, scores for Touhey, Bockstanz, Schriever, Lee, Cronin, Tanner, Smith, Neeme, Beever, Piche, La Rue, Scott.

Scoring by halves: First half 74, Second half 72. The next game: Grosse Pointe at Monroe. The Grosse Pointe Reserves lost to Royal Oak, 23 to 14. It was their first loss.

World Adventure Series Presents Two Speakers at Detroit Art Institute

John Gunther, the fearless, liberal foreign correspondent and author of the brilliant 300,000-copy best seller "Inside Europe," and Father Hubbard, the famed "Glacier Priest" who is back on the platform after an 18-month expedition among the King Island Eskimos of the Bering Sea, will be next week's headliners for the World Adventure Series at the Detroit Institute of Arts. Gunther will bring the behind-the-scenes European situation up to date when he speaks on "Inside Europe Now" at 8:30 and again at 8:30 next Sunday, January 29. Father Hubbard will show his new motion pictures and speak on "Cliff Dwellers of the Far North" at 8:30 Monday evening, January 30.

Gunther, whose "Inside Europe" is banned in Nazi Germany and other dictatorship countries, will interpret the future policies of the Berlin-Rome axis, explain the issues in the Spanish War, discuss Prime Minister Chamberlain and his policies, give his opinion of what will be the outcome of the European situation, and end with a question and answer session. His new book "Inside Asia" is to be published this month, and before beginning his next one he is making a few personal appearances in larger American cities.

Father Hubbard's new film story of the King Island Eskimo is said to be the finest and funniest of his lecture career. He shows these picturesque people as they hunt seal and walrus, catch fish and giant crabs, build their komiks or skin-bottomed canoes, put on their weird masks for native dances, slip and slide in comical fashion over the ice as they play the American football that Father Hubbard showed them.

Among the Bible citations is this passage (1 John 3:18): "My little children, let us not love in word, neither in tongue; but in deed and in truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 518): "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."

High School Students Issue New Publication

A new student publication was issued at Grosse Pointe High School last Friday. Entitled "View Pointe," it is a picture magazine of 20 pages the size of "Life" magazine, after which it is patterned.

The 98 photographs are the work of amateur student and faculty photographers; nevertheless, they are pictures full of life and interest. Informal views of teen-age students picture today's high school life so well that one of those mythical visitors from Mars could get a pretty good idea of what it is like.

As far as Grosse Pointe High School knows, the publication is the only one of its kind in the country. Undertaken last fall as a substitute for the traditional school annual, View Pointe has appealed to the student body from the beginning, according to Paul A. Rehms, principal. When the sales campaign was conducted last week 2,500 copies were ordered at 25 cents each.

"All in, a Day's Work" is the title of a sample two-page spread. Beginning with a snap shot of a sophomore girl asleep in her curlers, the page pictures the activities of a typical student throughout the day, at home and at school. Readable captions supply data as to how much time he spends on home work (55 minutes), what he has for breakfast, how often he goes to the movies, and other such items.

Another group of pictures entitled "They Learn by Doing" shows students in some of the so-called activity projects of today's school, the science laboratory, the stage, the conference on government, the school paper.

Student members of the editorial staff which edited the publication, choosing the pictures, writing the captions, and preparing the layouts, were Eric Gottschalk, Nancy Worrell, John Lucas, Anne Eldridge, and Catherine Rauphagh. Miss Doris Trost was editorial adviser, and Mr. W. A. Mann and Ernest LaFollette supervised the photographic work.

Dr. Fisher became secretary of the International Committee of the Y. M. C. A. in 1906 as head of the physical department. During the World War he was director of the recreation and athletics of the National War Work Council of the Y. M. C. A. A Beauty Chat by Donna Williams

These days bring more and more cold weather. Walking is the only exercise you can find to do. The harsh winds make skin and face very dry. I have a cream which brings circulation to the surface and leaves the skin smooth and alive.

For your hands you should use Med-

icote. It is healing and leaves the hands as smooth as in the summer. Don't forget, you can lose inch after inch if you will take our concentra. Your system will be cleaned out and your health will be much better. Combine our Swedish baths with concentra—find health at home if you can't go

South. If you go have your Pedicurs before you leave.

Mrs. Theodore Hinchman, also of Vendome road, is expected back from New York and Litchfield, Conn., around the end of this week.

Mr. and Mrs. F. Filer LeGro will leave their home on Cloverly road next Monday with their small daughter, Joan, for Ft. Lauderdale, Fla., to spend the winter months.
