It May Save His Life, Mrs. Smith!

"White raincoats," went on Mrs. Jones, "are recommended for school children by Safety Councils everywhere. They can be seen so much easier on dark rainy days by driving motorists."

"It certainly sounds reasonable," agreed Mrs. Smith. "Where do you suppose I can get one for Billy? He needs a rain coat right now."

"What a question, Mrs. Smith! Why at Baldwin's, of course. Don't you know you can get anything in boys' or girls' wearing apparel there."

"But do they carry raincoats, too?"

"Oh, my yes! A marvelous selection! Lovely tweed reversibles, the popular trench coats, and many others, for all ages, but when it comes to raincoats for the children I wouldn't buy anything but white—white for safety."

White is not only safe, but stylish. White, plaid trimmed capes for little girls, \$2.95 White Safety Coats for boys \$3.95. Guaranteed waterproof.

Christian Science Church

"Probation after Death" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, April 23.

The Golden Text (Psalms 23:4) is: "Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me."

Among the Bible citations is this passage (Romans 8:5,6): "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 487): "Life is the origin and ultimate of man, never attainable through death, but gained by walking in the pathway of Truth both before and after that which is called death."

Grosse Exaggerations

(Continued from Page One)
a reputation that it must require nerve as well as a good punch, on the part of his challenger, to even face the man who has knocked down so many good fighters in two minutes or less.

A recent survey of what America eats, revealed the startling fact that when it comes to liquids, sixty seven percent of the men prefer a bowl of soup to a cocktail and fifty six percent of the women prefer a cocktail. Tsk, tsk, tsk.

The "Information Please" program on Tuesday nights, has revolutionized radio broadcasting. Heretofore, sponsors have held the erroneous belief that the average radio listener was blessed with the mentality of a fourteen year old child. The popularity of the "Information Please" program, which is definitely on the intellectual side, has knocked this theory into a cocked hat. From now on, we shall have to listen to the radio with our brain as well as our ears.

And so we leave you with the following thought for this week: Dignity is the mask behind which we hide our ignorance. When half the world calls

a man by a nickname, it is patent to nobility—small men are never so honored.

Neighborhood Club Activities

Woolworth Dance: Come one, come all, to the popular Woolworth dance to be held every Friday night until the end of May! Here is your opportunity to end of the best bands in the country and try out your new steps. The date is Friday, April 21, the time is 8 o'clock and the place, the Neighborhood Club, 17145 Waterloo.

May Day: Keep in mind that day of days: May 6th at the Club. It promises to be a day of fun with a parade at 10 o'clock in the morning—with the king and queen in the lead, chosen for the best costumes—don't forget to brighten up those bicycles, wagons, floats for there will be prizes for outstanding decorations—then there will be jump rope and jacks contests for girls and marble and kite flying contests for boys—then a picnic lunch. Be sure to bring that—you'll be hungry! Then after lunch plenty of games and then races. All in all it's going to be a great day—don't miss it! Saturday, May 6, at 10 a. m.

Girls' Basketball: The A. O. C.'s played their hardest game of the season to beat the five-girl team of the Cadettes in the final game of the Grosse Pointe Girls' Basketball tournament by the score of 31-27. Outstanding scorer for the A. O. C.'s was Ethel Hoschke making 14 points, but was put out in the last quarter by fouls. Ellen Dessler of the Cadettes scored 10 points alone for her team. The A. O. C.'s will receive their medals at the Athletic Banquet, May 4th.

Girls' Ping Pong Tournament: The finals of the Ping Pong tournament will be played this Friday night at the Club at 7 p. m. Dorothy Pipper of the Grosse Pointe Stars proved her skill by defeating Mary Hurlbert in a close match and will compete in the finals. Likewise Ileen Dessler had a struggle against Margaret Reno and will be on hand Friday night.

Athletic Banquet: The date of the Athletic Banquet has been changed to Thursday evening, May 4, in order to make it possible for a prominent Tiger player to be with us that evening. Tickets for this banquet are 50 cents and there will be only a limited number so get yours now!

A course to include Practical Application and Child Guidance was started at the Neighborhood Club on Wednesday, April 12. Suggestions in First Aid and Instructions on Habit Training will be given. The course is given with a view to giving an opportunity for nursemaids and maids who have charge of children to discuss difficulties in child guidance and parent education, namely, Mrs. George True, who was educated at Cornell University and Merrill Palmer School, and who has had post-graduate teaching experience at Merrill Palmer School. There will be a slight fee to cover cost of materials. Classes will be held the second and fourth Wednesdays of each month at 8 p. m. For further particulars you may call Mrs. True at Tuxedo 2-3310.

The class A basketball tournament came to a close Tuesday evening, when the Grosse Pointe Aces defeated the Indians 53-34, in what proved to be the roughest game of the season. Forty personal fouls were called by the officials and four players left the game via the foul route. The Aces, led by "Bonehead" Holahan, took a commanding lead of 14 points at half time and were never threatened from thereon. Holahan was high point man for his team with seven field goals and two fouls for 16 points. Bob Allor kept the Indians from being completely swamped when he gathered 15 points on six hoops and three fouls. The spectators seemed to enjoy the rough tactics and the contest became a show instead of the final tournament game.

In one of the most thrilling games of the season, Hamtramck defeated the All-Stars 41-39. Taking a 23-12 lead at the intermission, the Stars were unable to match the shooting of the Hamtramck boys, and found their lead cut to four points with four minutes to play. Two quick long shots by Hamtramck knotted the count 38-all. Liska then sank three foul shots in the last two minutes of play to gain victory for his team. Powlowski with 11 points was high man for the victors. Beaver and Tanner shared scoring honors for the losers with nine points each.

In the "Junior" league, the St. Ambrose Celtics went into first place when the Lions defeated the N. C. Stars 37-19. Bob Messner broke all scoring records when he collected 13 baskets for 26 points. Previous to this game the Celtics and Stars were tied for first place. There is just one more week of league competition and the Stars and Celtics are scheduled to meet this Thursday. Should the Celtics win, they will be champs, but if the Stars win, a playoff game will be necessary to decide the championship.

The boys ping pong tournament is in full swing and some very exciting games are being played.

Bridge Player's Aspirin

After dinner one evening, Peter and Elsie were about to be seated at the bridge table for a friendly game of Contract with their visiting friends, Jim and Helen, when Elsie suddenly exclaimed, "Hold everything until I get my Bridge Aspirin!"

"Bridge Aspirin," echoed Helen. "What on earth is Bridge Aspirin? What is she talking about?"

Elsie, who had overheard Helen's astonished questions, returned to the table and offered to enlighten her friend.

"It's like this, Helen. I am pretty good at opening the bidding and, although my responses are not always correct, I do respond. But my rebid, that second bid after my partner has responded, is always a headache. Frankly, my rebid is usually a guess, and I am of the opinion that most of our rebids are guesses at best. Don't you think so?"

"Yes, Elsie, I agree with you; but what have rebids and guesses to do with Bridge Aspirin?" queried Helen.

"Just this, Helen," and Elsie proceeded to explain. "Peter bought this simple little bridge guide, The Autobid-

der for Contract Bridge, from a gift shop, and presented it to me with best wishes for better bridge and added, "Darling, no more bridge headaches; here is your Bridge Aspirin."

"I still don't understand," replied Helen.

"Let us show her just what you mean," interrupted Peter.

Helen dealt the cards and opened the bidding with one no-trump; Jim passed; Peter, Helen's partner, responded with two no-trump; Elsie passed and Helen, after a few minutes deliberation, rebid three no-trump. Helen played the hand and went down one trick.

Elsie instantly shouted: "Incorrect rebid, Helen. I tell you the rebid in Contract is a headache."

"Well, what should I have rebid?" retorted Helen. "I held four honor-tricks in four suits with a 4-3-3-3 distribution—a perfect no-trump hand."

"Now, let us see what the Autobidder has to say about that rebid of yours," returned Elsie. "Look, Helen, how simply and instantly it provides the correct rebid. Your partner's response was two no-trump. You simply find his response on the face of the Autobidder. Here it is. Note the num-

ber of the response—number 10. Then pull this slide so that number 10 appears in this opening and, presto, there is your correct rebid. This is what it says: Pass, with only four honor-tricks; but with four plus honor-tricks in four suits, rebid three no-trump. Just a plus value short, Helen."

"Why, Elsie, how wonderful," ejaculated Helen. "I must have on. Where did you say Peter bought that Autobidder?"

"They are on sale for only one dollar at the department stores in Detroit, or any gift shop," Elsie replied.

(Follow Helen's progress with the aid of the Autobidder in next week's issue of this newspaper).

Party April 21 to Raise Funds for Social Justice Broadcasting Fund

The Rev. Father Charles E. Coughlin will address a gathering of followers at Convention Hall on Friday, April 21. The occasion will be the holding of the second annual card party and dance, sponsored by friends of Fr. Coughlin to raise funds for the Social Justice broadcasting fund. In anticipation of a large crowd Convention Hall was selected as the most suitable site for the festivities which will begin at 8:30 p. m. The WWJ orchestra, the Sophi-to-cats has been engaged for the occasion.

Said Mr. Robitaille, general chairman of the event: "At a time when such world-shaking events are taking place, it is imperative that the voice of Fr. Coughlin be retained on the airways to continue his work in the interests of mankind.

"As the entire proceeds of this party will be donated to the broadcasting fund, all lovers of social and economic justice will be present."

NEW YORK—An aerial photograph recently obtained this remarkable picture showing the skyline of New York with its relation to the grounds of the New York World's Fair 1939. An artist has painted on lines indicating distances from certain points in Manhattan to the Fair grounds. These distances, and other facts concerning road and bridge approaches to the exposition which is preparing to handle 60,000,000 visitors, are: (1) From Empire State at Fifth Avenue and 34th Street, in the heart of the retail shopping district, to the Fair grounds, 7 miles. (2) From Wall Street, in lower Manhattan, to the Fair grounds, 8½ miles. (3) From the entrance to the Triborough Bridge, 5½ miles. (Motorists can make this trip without encountering a single traffic light). (4) Holland Tunnel from New Jersey, showing en route through lower Manhattan across Williamsburg Bridge (No. 9) New Whitestone Bridge, furnishing direct gateway from New England and Canada. (5) The Battery. (6) Brooklyn Bridge. (7) Manhattan Bridge. (8) Brooklyn Navy Yard. (9) Williamsburg Bridge. (10) Queensboro (59th St.) Bridge. (11) Grand Central Parkway. GIRL Scouts

WORLD KNOWLEDGE

This is the third editorial written by the Girl Scout Scribes. By Zelma De Porre. Some people think that the study of world knowledge is very useless and uninteresting, but I think it really is worthwhile and very educational. First, if I ever had a chance of travel to foreign countries, I'd appreciate knowing about that country's customs, language, and dress. Then, world knowledge is also an aid in our dealings with other people, for we can make our conversations much more interesting and informational through this broader background. So I say, every Girl Scout of America should thoroughly study, at least one foreign country.

TROOP 180

Those who brought the variety of plants were Margery Botts, Marilyn Cousino, Joan Cronin, Barbara Blair, Catherine Scott, Lorraine Gillette, Virginia Arnold, Adele Gillette, Ruth Osborne and Marian Sayward. Margery Botts, Joan Cronin, and Ruth Osborne were selected to accompany Miss Taylor to the hospital. —M. S.

Galla-Fest Party to Be Held May 5th

The Discussion Study clubs of the Archdiocese of Detroit will close the adult education season for this year at a social function, sponsored by parish chairmen of discussion groups. The Galla-Fest is an annual card party and dance. This year it will be held at Annunciation Hall, McClellan and Agnes streets, near Jefferson, on May 5. One of Mike Falk's bands, Benny Kyte and his orchestra will supply the music. Of special interest this year will be the exhibit of project material on the Holy Sacrifice of the Mass. The exhibit will include a model altar, vestments, pictures, etc., as used by some of the parish groups in the study of Holy Mass during the year. Miss Josephine Brownson is honorary chairman of the exhibit and Mrs. Harry Sheridan, chairman. Other committee heads are: Patrons, Mrs. Harry Pierce. Tickets, Joe Rashid and Harry Chojnacki. U. of D. Golfers to Face Strong Opposition

A ten-game golf schedule that will include matches with five Big Ten teams as well as a foursome from Notre Dame, was announced for the University of Detroit yesterday afternoon by Athletic Director Charles E. "Gus" Dorais.

Only three matches are listed for Detroit, with the Ohio State game holding the spotlight. According to William Kelly Joyce, Titan golf mentor, Detroit will probably play its home matches on the Red Run golf course.

Joyce will have four lettermen returning from last year's team, which lost five of its nine matches, four of the defeats being credited to Big Ten teams, all of which appear on the new schedule.

Following is the complete U. of D. golf schedule for 1939:

- Friday, April 21—Illinois, Urbana, Illinois. Saturday, April 22—Northwestern, Evanston, Illinois. Friday, April 28—Michigan State Normal, Detroit. Friday, May 5—Purdue, Lafayette, Indiana. Saturday, May 6—Indiana, Bloomington, Indiana. Monday, May 8—Ohio State, Detroit. Friday, May 12—Western State, Detroit. Thursday, May 18—Notre Dame, Indiana. Saturday, May 20—Western State, Kalamazoo. Friday, May 26—Michigan State Normal, Ypsilanti.

Titan Tennis Team to Begin Season April 21

For the first time in many years the University of Detroit tennis team will not meet a Big Ten representative, it was revealed recently, when Athletic Director Charles E. "Gus" Dorais announced the 1939 Titan tennis schedule.

Only three of the ten matches scheduled for the Titans this season will be played on the home court.

Coach George revealed yesterday that his 1939 squad consists of twelve men, three of whom are veterans. From this group he expects to get a team capable of bettering last year's record of one victory against eight defeats.

The complete University of Detroit tennis schedule is as follows:

- April 21—Notre Dame, there. April 29—Toledo, there. May 5—Michigan State Normal, there. May 6—Loyola, there. May 13—Toledo, here. May 18—John Carroll, there. May 19—Toronto University, here. May 21—Western State, there. May 27—Michigan State Normal, here.

Mary Martha Tells Ann of Work of D.A.R. Organization

Louisa St. Clair Chapter House, Detroit, Michigan. DEAR ANN: In telling you about the work of the Daughters of the American Revolution, and the extent of that organization, I naturally told you first of some of my own personal enthusiasms. These were, you will remember, the

work of assisting in the naturalization of desirable foreign born (called Americanism); the wide and varied program of work in the character-forming agencies which have to do with the training of young people (Approved Schools, Good Citizenship Pilgrimages, Scholarship Funds, Junior American Citizens, Children of the American Revolution and others); and last, but not least, the very sane and worthwhile work in National Defense.

The sanity of their work on National Defense, was, as I told you, all directed toward pacific aims, and gathered its face from what you have no doubt heard called "the long view of history." All of these activities are very decidedly affairs of the present and future. If you could see the increasing number of vital, YOUNG women who are coming into the D. A. R., you would feel, as I do, that this is a group of people whose importance will increase, not diminish, as time goes on.

In the D. A. R. Congress in Washington in April one program was devoted to these Juniors. Into the auditorium they marched, four abreast and all in white. Down the long aisle they came, on and on, up upon the platform and in a solid double line across it, and STILL, on and on they came from the rear of the hall in unbroken formation.

"Courage and Truth march on," she said, "in a continuous stream, out of the past, into the future."

That, Ann, is why D. A. R. reverences the past. Lessons are learned from it, they feel, which march on into the future. Pitfalls are avoided by sound study of human institutions. When you hear, as you so often do, that a bronze marker has just been placed on some grave by D. A. R., or a tablet inscribed to mark some historic spot, you may take it to mean a symbol of respect for courage and integrity.

To tell you of the actual memorials, and perpetuations in a year's time, would take more than a few pages, catalogue style.

In Washington, are Memorial Continental and Constitution Hall, both owned outright by the D. A. R. Built entirely with D. A. R. funds, and maintained throughout the depression without going a cent into the red, these buildings, these beautiful places represent a tremendous undertaking for an organization of women alone to

achieve. They are the National HOME of the D. A. R. In them are reference libraries, administration offices and room after room representing authentic museums of the colonial period of American history. Truly beautiful places.

How I wish, Ann, I could go into detail about the strictly historical phase of D. A. R. activity,—but too much of it goes for me to be able to more than merely outline it for you.

But, as I told you, Ann, there is room, within this one main organization, for any woman to find her niche of service, her field of constructive activity. To the best of my knowledge, this is the only organization of women only, to be actually chartered by Congress, and obliged by the terms of that charter to report their activities annually to Congress through the secretary of the Smithsonian Institution.

With love, as always, MARY MARTHA.

Drive-In Theatre To Open April 28th

(Continued from Page One) logue is at an absolute minimum and decidedly confined to the theatre proper.

According to the management, 400 speakers are now being installed at a cost of \$10,000. The speaker, newly perfected by sound technicians of R. C. A. after months of intensive research, will be placed three feet above the ground and operates expressly for each car.

The Detroit Drive-In Theatre will be the first theatre in the country to introduce "solo sound reproduction" and keen interest is being shown by sound experts as well as exhibitors in this revolutionary change in sound.

The management of the Drive-In Theatre states that the installation of these speakers is possible only because of extensive and costly research this past winter at the R. C. A. laboratories in Camden, N. J. The sound experts have achieved a method which will make the Drive-In the outstanding theatre of its type in the country.

Cross-Word Puzzles Old Who first devised cross-word puzzles is unknown. Something similar to them is said to have taken up much of the time of the Hindus and Chinese as long ago as 1000 B. C. Magic squares played an important part in the occultism and mysticism of the Middle Ages, which seem to have been the predecessors of the cross-word puzzle.
