Grosse Exaggerations?

By A. PRYOR
Last week a Grosse Pointe socialite gave a surprise dinner party for his wife, to celebrate their sixteenth wedding anniversary. The host gave so much thought to the menu and typed it out so carefully, that the guests thought it would be a nice sentimental gesture to autograph it. Each guest wrote his or her name beneath the type of food that most resembled their personality. One woman, who has a reputation among her friends for talking them into a sound sleep, had the wit to write her name under "spiced tongue," before anyone had a chance to suggest it.

Our Grosse Pointe "cup of the week" goes to a butler, working in a local mansion. One of those difficult female house guests decided at three A. M. that she'd like some hot chocolate. The "lydee of the 'ouse" rang for Jeeves who had to scramble out of his pajamas and into mufti, to answer the buzzer. When he appeared and was told to make a cup of chocolate, he queried in icy politeness, "With whipped cream, Madam?"

We got into a discussion about humor the other night, and everyone put us on the s. for saying we thought humor was divided into several classes. We still think so. There are many ways to laugh, but only one way to cry. The sight of a man losing his hat in a high wind is enough to convulse the same people who think Dorothy Parker is a dud. Noel Coward once sent a friend a picture post card of the Venus de Milo. On it he wrote, "This is what will happen to you if you don't stop biting your nails." When we repeated this to a man who is known for his divine sense of humor, he didn't even smile. He said it was too infernally clever to laugh at; it bordered on the "classic."

The little kiddies will soon be flinging off in all directions to various camps, leaving us all quiet on the Eastern front. A Grosse Pointe couple who own a swimming pool, (ho-hum), told us this Kute Kid tale. One day last week a swarm of children, various sizes, burst in on her back yard meditations with a plea to be allowed to swim. She didn't recognize any of them, but since they wore swim trunks and were armed with bath towels, she hadn't the heart to shoo them away. After they got started, she left for a few moments and when she returned, found that they had pushed most of the garden furniture into the pool. The end of the story is too sad to relate, because we are fond of little children.

Elaine Marie Arndt Announces Recital

Miss Elaine Marie Arndt will present her pupils in a dance recital on June 21 and 22, Wednesday and Thursday, at the Grosse Pointe High School. The performance will start promptly at 8:15 p. m. and will be followed by social dancing for all in attendance.

A feature of the show, presented by the older pupils, will be a New York musical revue, entitled "The House That Love Built," music and words by Frank J. Gillen, the "Man of a Thousand Songs." This production ran on Broadway for several seasons and is being reproduced by Miss Arndt with gorgeous costumes and attractive dances to fit the beautiful and catchy tunes.

Frank Gillen, on tour at present with his orchestra, has promised to be in town, and will play his own compositions in the show.

Separate tickets have been provided for Wednesday night and Thursday night to assure seating capacity for all.

NOTICE Public Mass Meeting

Come and find out WHY you and other taxpayers cannot get their passes for the Municipal Park. Is it to be restricted to a certain FEW? Let's all attend the above meeting Monday, June 12, 1939, at 8:00 p. m. at the Municipal Bldg. and get Com. Leithauser's version on the above matter.

Government Issues Bulletin for Sailing Vessels on Lake

For the information and guidance of the owners and operators of small craft, especially small sailing vessels, a bulletin recently issued by the United States Government pertaining to the type and kind of lights required to be used on these small boats is reproduced herein. There are hundreds of craft of every description using the waters of Lake St. Clair during the season and we are pleased to call the bulletin to the attention of all sailors in the hope that a study of its provisions and strict adherence thereto may help to avoid accidents and difficulties with the enforcing agencies.

1. Rule 6 of the Rules for the Great Lakes and the St. Lawrence River as far east as Montreal, provides that a sailing vessel underway and any vessel being towed shall carry the side lights mentioned in Rule 3. Exception: Boats less than 26 feet in length equipped

with a motor may proceed with the combined lantern in the fore part of the vessel. When, through temporary disablement of the machinery or lack of gasoline, or for any other reason, it is necessary to proceed under sail in whole or in part, in such case the light at must be extinguished.

2. The lantern referred to in Rule 11 applies to open sail vessels not exceeding 18 feet in length. A vessel which is partially docked or fitted with a cabin would not come within this rule.

City Park Cards

Numerous requests have been received by the Police Department for renewal of Park and Beach Permits. The City of Grosse Pointe Police wish to inform residents that Park tickets issued in 1938 are honored this season. Renewal is not necessary.

3. Rule 12 provides that sailing vessels shall at all times, on the approach of any steamer during the nighttime, show a lighted torch upon that point or quarter to which such steamer shall be approaching.

4. Rule 9 provides that a sail vessel, when at anchor, shall carry forward, where it can be seen, but at a height not exceeding 20 feet above the hull, a white light constructed so as to show a clear, uniform, and unbroken light visible all around the horizon. If the arc is broken only by the mast or masts, there is a reasonable and sufficient compliance with the rule.

5. The size of light screens on sail vessels shall be the same as provided for motor boats under Section 3 of the Act of June 9, 1910, the said screens to be of sufficient height and so set as to prevent the lights required from being seen across the bow and shall not be less than the following dimensions: 18 inches long for vessels less than 40 feet in length.

24 inches long for vessels from 40 feet to 65 feet in length.

The above bulletin was issued by the office of the Collector of Customs in Detroit and we advise a strict compliance with all regulations inasmuch as rigid enforcement of all navigational laws will be had.

The best wishes of all of Miss Clifford's friends go with her upon her departure from Grosse Pointe for success in a well-earned retirement commensurate with that which she has had in her many years of teaching.

Young Writers Club

A Young Writers Club has been organized in the Grosse Pointe Library in the basement of the Municipal Building. It is under the direction of Miss Reomer. It has been named the "Pen Pointers" and is a branch of the Young Writers Club of the Detroit News. The group has ten members. Membership is open to all boys and girls under 15 years of age who are interested in writing stories, poems or drawing pictures. Several of the members of the Pen Pointers have had contributions printed in the paper. There are no dues of any kind connected with this club.

Capacity of Human Stomach
The capacity of the human stomach depends upon the size of the person and varies in the adult from four to five pints.

Paul Deming, President, Announces Reduction in Tax Rate for 1939-40

Mr. Paul H. Deming, president of the Village of Grosse Pointe Farms, announces an additional reduction in the Farms tax rate for the 1939-40 fiscal year.

The total budget requirements for the 1939-40 fiscal year of this Village, applied to the assessed valuation, resulted in a tax rate of \$16.50 per one thousand dollars of assessed valuation, \$1.00 lower than 1938. This is the second reduction in four years, the first coming in 1936 when the tax rate was reduced from \$19.00 per thousand to \$17.50 per thousand. A previous reduction of taxes was made in 1933 at which time all real estate assessed valuations were reduced 20 per cent.

Reporting briefly on the additional progress which the Village has made in the past four years Mr. Deming stated that out of current operations the Village debt has been reduced by the payment of bonds in the amount of \$365,000.00 reducing the interest requirement on outstanding bonds from \$58,19.78 to \$42,909.50 per year.

Bridge-Luncheon to Be Held by Golf Club

There will be a bridge-luncheon at Western Golf and Country Club on Wednesday, June 21. Each member may bring three guests for golf. Luncheon will be served at one o'clock. Mrs. John H. Abbott is in charge of reservations, with the following members assisting: Mrs. Russell Fenton, Mrs. Walter Hentschke, Mrs. James Riddell, Mrs. Ted Sexton and Mrs. Chris Fournier.

Twilight Racing to Be Introduced in Detroit

Thousands of Michigan horse racing fans will get their first chance to see a twilight program at the Detroit race track, Thursday, June 8th, when the first Twilight racing program will be run.

The first race will go to the post at 4:30 p. m. and the eighth and last at approximately 7:30, according to Clarence E. Lehr, president of the Detroit Racing Association. It is customary to start the first race at 2:30 p. m.

The twilight racing programs are to be run on Thursday for the balance of the 49-day meeting which closes July 15. In adopting the new idea, which is approved by State Racing Commissioner Joseph D. Frost of Saginaw, Detroit is following the move of Cleveland's North Randall track, which recently tripled its attendance with a twilight racing program.

"There are thousands of horse racing fans in the Detroit area who never get a chance to see the horses run because their working hours conflict with the time of the regular program," said Lehr. "The twilight program will enable them to see at least six of the races. The regular race-goers, who prefer programs at the traditional hours, will still have five days a week."

Summer School for Little Folk

The Grosse Pointe School for Little Folk, located at 615 Notre Dame, will again have a short summer session available to children two to six years old. A novel, healthful and stimulating program has been planned, which will include songs, rhythm and group activities followed in the warmer part of the day by out-of-door story hour and less active games. Under careful supervision, the children will enjoy bathing at the nearby beach. For the older children there will be classes in finger painting and for the first time Mr. Rene Vreven will introduce French conversation.

Grace Church, Lakepointe at Kercheval, will hold an ice cream festival on Friday night, June 9. A feature of the festival will be folk dancing out-of-doors under expert leadership. Everyone welcome. Come and bring your friends.

In addition to the tax reductions mentioned above Mr. Deming stated that property owners of the Village of Grosse Pointe Farms have also received major benefits without the necessity of additional taxation through the construction of general Village improvements, the more important of which were: the resurfacing of Provincial road between Grosse Pointe boulevard and Lake Shore road and miscellaneous improvements at a cost of \$4,994.33; the Beupre road-Ridge-mont sewer which cost \$6,786.86; the Merriweather road sewer which cost \$3,378.84; the McKinley avenue sewer which cost \$15,827.11; the Lakeview avenue sewer which cost \$6,989.22; the Grosse Pointe boulevard interceptor and Newberry Outfall sewer which cost \$24,892.66; the Fisher road relief sewer which cost \$20,871.71 and the Beupre road and Hillcrest avenue sewers which cost \$8,476.70. Additional improvements for the general public were made at the Village pier costing \$6,835.94, making a total expenditure out of current operations for the past three years of \$104,053.50.

Two of the projects mentioned above were constructed under the Public Works Administration wherein the taxpayers share of the cost was reduced by 45 per cent of the total through grant by the Federal government. These projects were the Grosse Pointe boulevard interceptor and Newberry outfall sewers and the Fisher road relief sewer, which grant, reduced the original cost by approximately \$14,250.

There is also taken care of, out of current operations, the cost of providing a reserve for the Policemen and Firemen Pension Fund which was adopted by a vote of the taxpayers on July 11, 1938, making it necessary that the Village appropriate \$10,000.00 per

Ice Cream Festival at Grace Church

Grace Church, Lakepointe at Kercheval, will hold an ice cream festival on Friday night, June 9. A feature of the festival will be folk dancing out-of-doors under expert leadership. Everyone welcome. Come and bring your friends.

Grosse Pointe Farms will play Hazel Park Sunday at 2:30 p. m. at Kerby Field. Grosse Pointe has lost three and won two games, but that doesn't mean much this early in the season. The boys have been under par, which contributed to their losing the games they did. They were unfamiliar with each other due to shifting players, by are pretty well set now and will win their share of the remaining 16 games left to play. Come out Sunday and show the boys a little appreciation for the efforts in trying to bring Grosse Pointe a winner to be represented in Washington in September.

and we've often wanted to push a chair into the pool, ourselves. We'd like to know who owns the Beagle Hounds, or whatever they are, who periodically go tearing through the flower beds of our nice G. P. gardens, in search of..... could it be a fox? We aren't up on our "to hounds" etiquette, so we wouldn't

know, but the cry of the pack on a scent is anything but music to our delicate ears. The first time we heard them, we thought 'Jack the Ripper' had returned to terrorize the ladies of the neighborhood and had caught a few. But no, a half dozen hounds were tearing through our tulip bed, noses to the ground and yelps to the sky. We spoke to them politely, but they carried on until the garden looked like Wyoming after the locust plague. P. S.—Who-

ever you are, PLEASE call off your dogs. We like this story about a G. P. father, who is continually singing the praises of his son's intellect. He was telling a group of people one day, that his offspring used so many big words, he was too advanced for the children in his class and he felt the child was being held back. Someone suggested that he get an encyclopedia for the boy wonder; to which the father replied, "There'll be none of that. Smart as he is, he can walk to school, same as I did when I was a boy."

Silhouette: At the head of a business of his own, he manages to make a success of it in spite of the fact that during the winter months, he practically commutes to and from Bermuda and spends some time in Maine every summer. He is gay, charming and witty; people like to tell him amusing things just to hear his infectious laugh. He and his wife entertain frequently and are famous for their original parties. He likes to dance and is considered one of the best dancers in Detroit. His hobbies are playing tennis and sailing his two masted schooner. He lives with his wife and three children in a beautiful Georgian house at the Pointe. In Bermuda, they have another charming house, complete with guest house, beach house and two tennis courts. His many friends admire him for his generosity and kindness. He does "nice" things for people, such as giving each of the Captains of the Bermuda boats, a gold cigarette case with a map of the route, etched across the inside. He drives a German Horsch, gray, with red leather upholstery. He is slender and wiry and fairly exudes good health and good humor. He likes people and likes to talk—which he does, with all the enthusiasm of youth. His name—Wendell W. Anderson.

The spartan simplicity of Hyde Park's interior, as pictured in Life, has us in a tizzy. We always dreamed that when the photographer said "watch the birdie" to our dressing room, our bottle of Chanel 5 would be brazenly displayed on the dressing table. Now we are not so sure about it. The chic thing to do would probably be to have the photographer concentrate on the crack in the ceiling where the rain leaked in last year and left a map of Italy.

The Detroit Artists' Market is a non-profit organization whose object is to enable deserving artists and craftsmen of this vicinity to exhibit and sell their works, provided they can meet the rigid standards established by its jury system.

Major Burns Henry Post News

Memorial Day and its parades and services has come and gone, leaving some sad and a few pleasant memories in its wake. Services were held at the grave of Major Burns Henry and also at the grave of Col. Fred M. Alger. A large gathering was present to pay honor to our illustrious dead. Services were also held at St. Paul cemetery on Seven Mile road. Comrade Barney Besso and William Kane of the V. F. W. handled the services of the latter and at this time we wish to extend our thanks to "Bill" Kane for pinch-hitting for Commander Zarb, who was ill with a severe attack of kidney stone. Incidentally, Al is feeling a little better at this writing but we fear it will necessitate hospitalization before he is through with it.

The ladies held their initiation and installation of officers Wednesday night last, at the Veterans Building. A large number of Post members turned out, including the ailing Commander. See Unit column for further details.

June 17th is the date of our next dance at the old Legion home on Mack avenue, near Neff road. Comrade Weil reports a large advance sale and from all indications should be as well attended as our St. Patrick's party. We hope to see all of you there.

We need five more members to put Grosse Pointe on the map for this year. Bring that chap you have been thinking of and help put 303 over the top. That's all for now and we'll be seeing you.—T. E. X.

Farms Again Reduces Tax Rate

(Continued from Page One)

A major matter which was settled by the legal committee during the past year for five years in succession. The first \$10,000.00 was paid out of operations for 1938.

After considerable study and negotiation this suit was settled by the payment to the City of Detroit of the sum of \$21,555.57 for prior years' charges to be paid over a ten-year period, and the payment by the Village to the City of Detroit of an annual charge of \$5,265.77 for sewage pumping and disposal service furnished to the Village. This settlement took place in the 1938 fiscal year and the first year's charges were paid out of current operation.

This has all been made possible by a number of reasons, the more particular being: the close adherence to budget appropriations and the increase in the number of buildings in the Village.

The co-operation of the taxpayers in the prompt payment of taxes making it possible to show current collections of around 93 per cent of levy.

Mr. Deming's remarks were concluded with the statement that the present administration were in the hopes of continuing, without an increase in the tax rate, the existing services to the residents of the Village, as well as a continuation of the plan adopted in 1936 to carry out a program of public improvements insofar as possible out of each year's appropriations.

Southeastern Woman's Club will hold its annual pot-luck luncheon Monday.

Contract Bridge

By P. G. MUNRO
Originator of The Autobidder
E. V. H. asks: "How should I (West) have made four hearts doubled, with the following hand:

North	South
S-A Q J 10	S-K 7 3
H-9	H-8 6 5
D-A K J 7	D-8 6 3 2
C-J 10 7 5	C-A Q 9
West	East
S-9	S-K 7 3
H-A K Q 10 7 4 3 2	H-8 6 5
D-Q 10	D-8 6 3 2
C-4 3	C-A Q 9
South	North
S-8 6 5 4 2	S-K 7 3
H-J	H-8 6 5
D-9 5 4	D-8 6 3 2
C-K 8 6 2	C-A Q 9

The Bidding:
South (d) West North East
Pass 4 hearts Double Pass
Pass Pass

"North opened with the King of diamonds followed by the Ace on which I (West) played the Queen. North continued diamonds which I (West) ruffed and played six rounds of trumps, leaving my hand and dummy's like this:

West	Dummy
S-9	S-K 7
H-3	H-None
D-None	D-None
C-4 3	C-A Q

"I now finessed the Queen of clubs. South won with the King and returned a club putting dummy in the lead with the Ace thereby compelling a spade lead of North's Ace to defeat the contract."

The play of the above hand is a fine specimen of poor defensive play by North and poorer offensive play by West.

When West played the Queen on the second round of diamonds, North could have easily figured out that West held at most four cards in spades and clubs, since West's pre-emptive bid indicated at least seven trumps in the hand. Therefore, holding A Q J 10 of spades and seeing the King of that suit in dummy, North should have switched to clubs in the hope of finding the King in South's hand, knowing that West would ruff a third round of diamonds and, if he were smart, would lead up to dummy's King of spades. If West held the King of clubs, there is no way of defeating the contract. In fact, an overtrick would be made.

As we now know from the hand, South would have won a club lead with the King and returned a spade up to dummy's King which North's Ace would have won for the setting trick. However, considering North's lack of foresight in not leading accordingly, West played badly after ruffing the third round of diamonds. He should have led the 9 of spades towards dummy's King. If North played the Ace, dummy's King would provide a discard for West's losing club. If North did not play the Ace, dummy's King would win the trick and a small spade from dummy would allow West to discard his losing club and fulfill his contract.

Even as the hand was played, West played badly on the four last tricks (shown above). He should have chosen the lead of the 9 of spades toward dummy's King instead of the club finesse. If North won with the Ace and then returned a club, dummy's Ace of clubs would win the trick and West's losing club would be discarded on dummy's King of spades, making good the contract.

Horsemen's Relief Society Fund Is \$25,000

More than \$25,000 is now in the treasury of the Horsemen's Relief Society, a Michigan organization which cares for indigent and injured horsemen, jockeys and stable hands in the state. The money is received from programs run at the Detroit track, to which the track gives all pari-mutuel profits and from license fees and fines.

Ladies Auxiliary, Maj. Burns Henry Post 303

History was made last week when the Burns Henry Unit initiated their first 22 members and held first installation of officers. The affair was held in the ballroom at the Veterans Building with the district's initiation team headed by Mrs. Lillian Becker who officiated.

Many of the American Legion Post and Auxiliary notables were present. Among the notables was Mrs. Dorothy Pearl, second vice president of the department.

Gifts of flowers and telegrams of good wishes from friends and associates who were present were gratefully received by our President, Elva Nielsen, who presided so efficiently that one would never have known that she was entirely new to Auxiliary work.

The colors were advanced by Doris Nielsen, daughter of our new president, who later carried to her mother a beautiful bowl of red roses presented by well wishing members of the Burns Henry Post. These later were distributed by the Sergeant-at-Arms, Mrs. Beatrice Seaman, one to each newly-initiated member of the new Unit.

Commander Zarb left his sick bed to be present and when called upon for a few words responded most generously with much praise for the ladies who had worked so hard to bring this unit into being. He spoke of his deep pride at being the Commander in office while these events have taken place and predicted a glorious future for us.

One of the high spots of the evening, and most delightful to the Unit, was the surprise message delivered to us by Walter Hoyt, junior vice commander, from the former Burns Henry, who is now Mrs. William Hendrie, of Grosse Pointe, informing us that she wished to present us with our National and Department colors. We will never forget her kindness to us.

Mr. Leo Harrison, who so diligently led those members of the post for seven years in their effort towards having an Auxiliary started and who held the position as auxiliary chairman, gave an eloquent description of how our Unit finally became a reality.

After the ceremony was over, lunch was served to 200 members, guests, and relatives. The tables were beautifully laid in orchid and yellow with the centerpiece at the speaker's table flanked on either side by candelabra of yellow candles, the centerpiece later was sent to Mrs. Carrie Finn who is one of the oldest members and was unable to be present.

The lunch was beautifully planned by our social chairman, Mrs. Helen Endies, and her aides and served very efficiently by Ernie Del Barba and his able assistant Paul Zumbo (although Charles Bishop was seen risking spots on his white pants at the coffee urn) and Judge Thomas was seen in and out of the kitchen so many times we wondered whether he was helping or just getting more to eat.

The next meeting will be held at 3057 Lakeview at the home of our treasurer, Miss Gladys Craig, June 13, at 8 p. m. —MARY DEL BARBA.

A Beauty Chat by Miss Donna Williams

Figure your Figure means more than just going on a diet. Diets not only run down the system and make you lifeless and tired, but you are eliminating the minerals your system needs for a healthy recreation. Concentrate foods keep all needed minerals in your body, and also will keep up your vitality you so need in the hot summer months without putting on more weight. This food is both helpful for figure and health. Jean Farrell's creams will keep your skin from becoming like leather from the hot summer sun, also eliminates the sagging of your muscles. We would also suggest a summer cocktail body treatment, a cooling shower after golf and alcohol rub and massage at summer prices. Mrs. O'Connor, our summer masseuse, was formerly with Elizabeth Arden's salons. You will find this a help also to your tired feet and legs. Call us on information about your sunburn. We have the pleasure of introducing a protection for the same.
