High School Students Give \$200 To Pierce At First Assemblage

With a surprise presentation of a check for \$200 from the Grosse Pointe High School Student Association, the new John D. Pierce Junior High School held its first pupil assembly in the new auditorium Tuesday morning.

"This is one of the happiest and proudest moments of my life," declared Charles A. Parcels, president of the Board of Education, in brief remarks to the nearly 800 students who filled five-sixths of the big auditorium.

"Work and hard work made this building possible," he added, presenting to Charles E. Leavitt, principal of the school, the silver trowel used by Mr. Parcels at the cornerstone laying, April 19. "Let his tool be a continual reminder to you boys and girls that all achievement comes through man's use and application of tools. May you use wisely and well the educational tools that this building brings you," he said. Mr. Parcels paid a glowing tribute to the work of the school staff in constructing the building.

Mr. Parcels was introduced by Dr. E. R. Van Kleeck, Superintendent of Schools.

RED CROSS ROLL CONFERENCE IN LANSING OCT. 25

LANSING, Mich., Oct. 19.—Plans are being completed for a state-wide Red Cross roll call conference in Lansing, Oct. 25, Bernard Pierce, chairman of the Ingham County Red Cross chapter, host to the conference, announced today. It is expected, from early indications, that this conference will be the most widely attended of any meeting of its kind ever held in the state, Pierce said.

James L. Fieser, of Washington, D. C., vice chairman in charge of all Red Cross operations in the United States, will address the conference on measures to be taken for meeting increased demands upon the American Red Cross locally and abroad, it was announced. His address will be broadcast over radio from Lansing.

More than 500 delegates, representing leadership from Michigan's 84 Red Cross chapters, located in every county, are expected to attend, Pierce stated. Plans will be formulated for extending an invitation to every adult to join the Red Cross during the annual membership enrollment, Armistice Day through Nov. 30.

"The most extensive roll call since World War days is being planned," Pierce said. "Months ago, the national organization of the Red Cross realized the necessity for wider support of its chapters by all the people because of its broadened program domestically. Urgent requests upon our Red Cross for assistance in meeting European war relief needs have accentuated the need for keeping the Red Cross ready to meet its increased tasks—locally, nationally and internationally.

"To make this possible, we feel that the people of Michigan will be glad to take out a membership as their share in meeting this humanitarian need," Pierce concluded.

A feature of the state meet will be group conferences, in which chapters of related size and service problems will discuss matters pertaining to their own needs. The conference will be held at Michigan State College.

Fieser has held his present position the past 16 years. Among highlights of his record of public service was his handling of the unprecedented Ohio-Mississippi valley flood during the winter of 1937. His experience in directing disaster relief work is wide. He had charge of Red Cross relief in 23 drought-stricken states in 1930 and 1931, and gave personal supervision during the Florida hurricanes, and other memorable catastrophes of recent years requiring large scale Red Cross relief measures.

North Carolina State Battle Titans Saturday

With one of the most powerful squads representing any college team this year, North Carolina State will come to Detroit Saturday to meet the University of Detroit Titans in the second game of a home and home series. Last year the Titans beat the Wolfpack 7 to 0, largely because of a fine ball-carrying performance by Al Gnesquiere, then a sophomore. Coach Dorais believes that he has a good chance to repeat, but figures that it will take a better brand of football than his men produced last year to swing it.

The North Carolina aggregation numbers 12 two hundred pounders among its personnel, including eight tackles, two ends, a center and a fullback. There are 18 lettermen on the roster, including at least one for every position. Last year the Wolfpack did not play particularly smart football against the Titans, due largely to the large number of sophomores on the squad. But Coach "Doc" Newton probably has corrected that weakness to a large extent, and the Detroit team is not figuring on breezing through to victory on the enemy's mistakes.

According to the Detroit scouts, "Ty" Coon, tackle, is the best of a fine aggregation of linemen that the Tarheels will bring to town. Line Coach "Bud" Boeringer said after last year's game that this fellow was as good a tackle that this fellow was as good a tackle

This is a fine opportunity for gardeners to see what shrubs they should put in next spring to give them color next fall.

Mrs. Horace B. Peabody, president of the Garden Center will preside at the meeting which is free and open to the public.

GROSSE POINTE PARK TO GET \$500,000

The release of \$500,000 included in the City budget for East Side flood relief, to permit immediate construction of a connecting arm between Fox Creek and the Grosse Pointe storm sewer, was approved Tuesday by Common Council.

The action was precipitated by the appearance before the Council of Julius L. Berns, attorney for Grosse Pointe Park, who said residents in that community were apprehensive that their million-dollar sewer would be finished without a Detroit outlet.

He pointed out that Detroit agreed in 1938, to construct a connecting arm for the sewer as it crosses into Detroit, and deepen and widen Fox Creek to carry off the water.

"Up to now, Detroit has done nothing toward living up to this agreement," Berns said.

Henry E. Beyster, D. W. P. commissioner, said the chief delay has been the failure of Detroit to get necessary funds from the P. W. A. in Washington. It was his suggestion that the City release the \$500,000 in the budget so that the project can be started immediately.

"It looks as though we will have to get started on this right away and hope that somewhere along the line we can get other money from the P. W. A.," he said.

Beyster said that the entire project, including widening and deepening Fox Creek, would cost \$743,000. It will cost \$80,000 to make the connection, he said; \$59,000 will be needed to dredge Fox Creek, and \$73,000 for the construction of necessary bridges and pilings.

Berns said the Grosse Pointe Park project must be completed by April 1 under P. W. A. requirements. The pumping plant will be completed in February or March, he said.

"We were getting very worried," he said, "for we have invested about \$1,000,000 in this project and we can't possibly operate it without an outlet."

Harry F. Kelly Pushes State Safety Campaign

Harry F. Kelly, Secretary of State, and his entire organization have entered whole-heartedly into the safety campaign that is now being actively pushed throughout all Michigan in cooperation with the model safety regulations recently enacted into law and which recently were put into effect. Mr. Kelly recently returned from a tour of the Upper Peninsula where he addressed motor vehicle division officials and investigators and acquainted them with all the provisions of the new law, and stressed its importance. He is earnestly striving to have all Department of State employees so fully acquainted with the necessity for general safety education that they can assist in this campaign in every way possible.

Other meetings of Department of State branch managers and employees will be held throughout the Lower Peninsula of Michigan to make this safety campaign effective and to help make all operators of motor vehicles safety-conscious.

Mr. Kelly is very appreciative of the splendid co-operation being given by the press of the state, automotive publications and other media in acquainting every citizen with the importance and timeliness of the new safety regulations that will cause many of our present-day traffic problems to disappear, and save lives and property.

Lee C. Richardson, director of the motor vehicle division of the Michigan Department of State, has been named a member of the engineering committee of the American Association of Motor Vehicle Administrators, a national organization active in the promotion of all safety progress.

G. P. Reserves Trouponce Wyandotte

The Blue Devils' reserve squad buried the Wyandotte Bears reserve eleven last Friday afternoon, 14-0, on the high school field. Settling down after a first half of repeated fumbling, the Pointers proceeded to wipe the Bears off the so-called "map." The lightning fast Wyandotte ball carriers were given little chance to show their wares for their line failed to hold water. The Grosse Pointe forward wall, led by Bill Genematus, Bill Cecil and Charles Ohlsson, waded through with little or no resistance.

With Bruce Fox skirting the ends and Leo Ryan crashing the center, the Bears were run silly. Both Fox and Ryan scored a touchdown and each counted an extra point.

Eighteen sororities at the University of Michigan pledged 232 women last week as the formal rushing season ended.

Jack McKay At Willeford's Market

Of genuine interest to all Grosse Pointe residents is the news which has come to hand this week of Jack McKay's association with Willeford's market, 17898 Mack Avenue, at Washington Road.

Jack advises us that he anticipates a very pleasant business relationship with Mr. Willeford. The latter's association with the Grosse Pointe trade, combined with Jack's exceptional knowledge of the meat business, will surely result, we believe, in great advantages to the customers of both gentlemen.

Detroit Spiritualists to Be Hosts to Delegates at Annual Convention

Spiritualists of Detroit and vicinity will be host to delegates of the 47th annual convention of the National Spiritualist Association at the Book-Cadillac Hotel.

Each evening through Sunday nationally known speakers and mediums have been selected to present the philosophy and demonstrate the phenomenon of Spiritualism. A splendid musical program has also been arranged.

All sessions of the convention will be held in the Grand Ball Room of the Book-Cadillac Hotel, which is open to the public. Loretta Schmitt, 754 West Grand Boulevard, is in charge of arrangements.

Tough Wyandotte Next for Pointers

Unable to defeat the Wyandotte Bears in the last four years, Grosse Pointe will make another attempt next Saturday afternoon on the Bears' gridiron.

The best effort of the Pointers so far has been a 6-6 tie back in 1936. Last year the home lads were trounced 12-6. The totals for the previous years are 38 points for Wyandotte and 24 for the Blue Devils.

This year the Bears are an undetermined quantity. They have suffered a 6-0 loss at the hands of the Mt. Clemens Bathers, but appear to be as strong as last season.

The game will be played on Wyandotte's field, which is adjacent to the high school itself. The kickoff is set for 2:15 o'clock.

comfort me."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 487): "Life is deathless. The services are being held in the Mason school on Vernier Road, under the Unified Plan. In this arrangement church school is held in class rooms in various parts of the building while adults attend the church service, which is held in the attractively arranged auditorium. The plan permits families to arrive and leave as units.

The public is cordially invited to share the privileges and responsibilities of this church with the members of the congregation.

Grosse Pointe Lutheran Church

"Irresponsible Parents and Incurable Children" will be the subject of the sermon at the Grosse Pointe Lutheran Church, Richard School, Kercheval and McKinley, Sunday, Oct. 22, at 11 a. m., preached by the Rev. M. Luther Canup, D.D., pastor.

Jefferson Avenue Baptist Church

"Whatever Calamity," a subject particularly appropriate to these times will be presented next Sunday morning at 11:00 at the Jefferson Avenue Baptist Church.

Ribbon Meat Loaf?

Freeman F. Gosden (Amos) serves Charles J. Correll (Andy) a second helping of Ribbon Meat Loaf

"First Prize Meat Loaf is what it is," laughed Andy as Amos served him a second time

As Reported by Dorothy Greig
In my tadpole days I used to think the Famous never ate anything but ice cream and chocolate cake. That just naturally went with the blissful state of being famous.

Perhaps the beloved Amos 'n' Andy of radio fame had similar illusions in their spinach and codliver oil days, too. Maybe they smile occasionally at the recollection as they sit down to a bowl of steaming soup, or a long glassful of chilled tomato juice, or a crustily browned hash, or meat stew thick with vegetables.

The other day, for instance, they lunched together at Amos' house and enjoyed meat loaf with green peas—even as you and I do on occasion.

But it was meat loaf with a difference!

It came in layers of ground meat, spicily flavored with tomato, alternating with layers of fluffy mashed potatoes. It cut down in interesting slices. And how tasty that meat loaf was! No wonder Andy passed back for more. Amos, manlike, had not the remotest idea how that meat loaf served at his table was made. But I found out. Here it is:

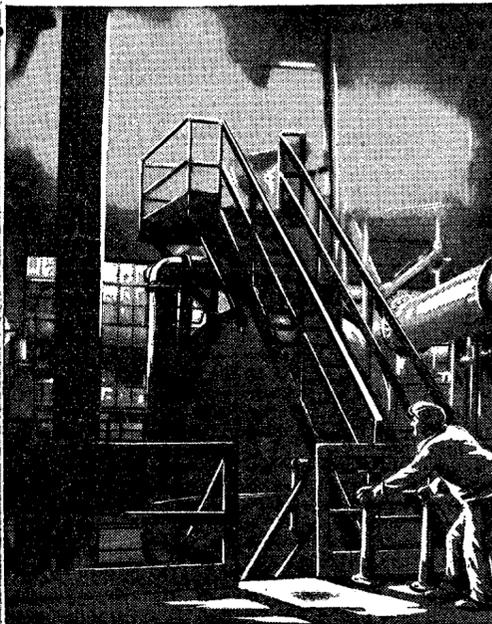

Ribbon Meat Loaf
1 1/2 pounds beef, ground
1/2 pound pork, ground
1 tablespoon onion, chopped
1 1/2 cups dry bread crumbs
1/2 teaspoon salt
1/4 teaspoon pepper
1 can condensed tomato soup
2 eggs
For Potato Filling
2 cups well-seasoned mashed potatoes
1 egg
1 tablespoon chopped pimiento
Add egg and pimiento to the mashed potatoes and mix well.

Combine the ground beef, ground pork and chopped onions and mix thoroughly. Then add bread crumbs, seasonings, tomato soup and eggs, slightly beaten, and mix again. Put 1/3 of the meat mixture in a greased loaf pan about 9 x 4 x 3 1/2". Spread 1/2 (1 cup) of the mashed potato over the meat, then add another third of the meat loaf mixture and spread; then another layer of mashed potato and another layer of the meat at the last. Bake at 375 degrees for 1 to 1 1/4 hours or until firm. Remove from oven and let stand in a warm place for 15-25 minutes before serving. (It slices better after standing.)

And speaking of main dish loaves, here's another you will like:

Tuna Fish Loaf.
1 can condensed chicken soup
1 can tuna fish (7 oz. size)
1 1/2 cups soft bread crumbs
1 tablespoon pimiento, chopped
1 tablespoon parsley, chopped
2 eggs
Strain the rice, celery and chicken from the chicken soup. Combine them with the tuna fish (over which 1 cup of hot water has been poured) and put through the food chopper using the small blade. Then mix the tuna fish with the soft bread crumbs, the chicken soup, chopped pimiento, parsley and eggs. Put into a greased loaf pan and bake in a moderate oven (350 degrees) 45-60 minutes or until firm. Serves 4 to 6.

YOUR DINNER IS ON TIME

In 400,000 Detroit homes, "Dinner must be on Time." It always will be on time so far as the gas service is concerned because every possible safeguard protects Detroit's supply of gas. At River Rouge Station and at Stations A, B and J, four large plants with rows of gas making machines like the one shown here are equipped to make high

B.t.u. content gas, similar to natural gas. If the 1,200-mile pipeline broke, all four plants could be thrown into almost instant action. This "stand-by" service is a guarantee to all home-makers against interrupted gas service. In the picture the camera caught the spectacular flare resulting from discharge of residual gases.

Marjorie Kaufmann, 12A, has been chosen by the faculty advisers of Proem, All American literary magazine of Grosse Pointe High School, to be editor-in-chief of the winter issue. Marjorie has been a member of the staff for three years.

Others from the twelfth grade on the staff are Richard Moore, Dorine Shaw, Shirley Shreck, Wanda Custis, William Dages, Carson Grunewald, William Heyser, and Paul Meyer.

The eleventh grade is represented by Dorothy Castricum, Marjorie Chavey, Frank Cole, Lorraine Everson, James Grady, Margaret Morgan, Mark Rawley, Virginia Shoemaker, Keith Tiegham, and Barbara Ferry.

Those from the tenth grade are Marion Bishop, Lane Fortinberry, and Grace Kline.

Ninth grade staff members are: Elizabeth Cadwell, Hugh Mehlenbacher, Tom Van Schmiede, Katherine Rosborough, Elaine Raisis, Frank Munger, Allen Parducci and Marjorie Little.

Betty Cowan, Jean Doherty, David Lucas, Richard Meyers, and Paul Micou

represent the seventh and eighth grades. These students were selected for the staff on the basis of outstanding ability in their English courses or previous contributions to the magazine.

At a recent meeting of the staff it was decided to invite Edward King, June '35, now attending Yale University, to write for the guest page. Ed is still remembered here for his great ability in both dramatics and literary courses.

The staff has already begun copy reading and a few stories have been accepted to appear in the winter issue.

Students Give

Pierce \$200

(Continued from Page One)

Last year by attaining "A" records in all of their subjects while students in the high school and the discontinued Cadieux annex building. Achievement in student affairs and athletics is rec-

ognized by the school, and scholastic attainment deserves even greater recognition, Mr. Rhemus said. The books, donated semi-annually by the Grosse Pointe Rotary Club, went to Patty Patty Slowin, William Healy, Thomas Tyree, Richard Marsh, Peggy Toncray and Patricia Jaekel. John Lucas, president of the senior

high school Student Association, and William Heyser, its vice-president, were introduced. "I attended your Open House week ago last night and my only regret was that I was born six years too soon," Lucas said. He expressed the high school student body's delight with the outstanding facilities afforded the Pierce pupils by their new building. "We understand that you are organ-

izing a student government quite similar to ours at the high school," he continued. "We have our problems, and your problems will probably be quite similar. One of these is financial support for your activities. Recognizing this, on behalf of our Student Council and Student Association, I am happy to present your association with \$200 which we hope may be of some use and value to you." The hearty thanks of the Pierce students were expressed by the student chairman, Richard Reid. Miss Helen Keane, teacher of vocal music at Pierce, led the students in "America" and in several other songs, accompanied at the piano by William J. Watkins, director of music for the school system. Calvin Vogt and Virginia Tyson, Pierce cheer leaders, rehearsed the new student body in two cheers. The assembly arrangements were in charge of Mrs. Katherine Heideman, of the Pierce faculty.

10 Years Planning for Junior Hi

"Into the Pierce Junior High School has been poured a decade of hope, planning, thought and effort," Superintendent of Schools E. R. Van Kleeck told pupils in a statement in the first number of their new newspaper, "The Pierce Arrow." Copies of the newspaper were given guests at Monday nights "open house." "The students, at Pierce, therefore, will imagine with what pride and satisfaction the Board of Education, the loyal parents and citizens of Grosse Pointe, and the industrious men and women who comprise our teaching, clerical and custodian forces have viewed the opening weeks in the new school," he continued.

"I, for one, expected much, but I am frank to say that the efficiency and celerity of the opening day and weeks, the evidence of earnestness and sincerity, far exceeded my highest hopes. As Mr. Parcels, President of the School Board, said to you on the morning of the opening, we feel confident that our pride will not decrease.

"They say that a good beginning makes a good ending; may this be true of the Pierce Junior High School in abundant measure."

"Grosse Pointe waited nine years for the Pierce Junior High School, but the waiting has been worth while," said Charles Leavitt, executive head of the Pierce School.

"The school had a fine opening which could not have been accomplished without the cooperation of the students. The students have also been very helpful in overcoming temporary inconveniences, incidental to organizational problems."

"The Service Club, under the leadership of Miss Moore, has been performing very effectively in solving its share of the school's problems, and it is hoped that we will have some form of student government within a week or two to further our ideal of a democratic educational institution."

"Together we have begun well; let us continue—students, teachers, administrators—working toward our mutual goals."

The first Pierce Student Activity drive is over. Nearly 500 students are now the proud possessors of the tickets. Some 15 activities will now have the financial support necessary for successful operation.

The success of the drive was largely due to the hard work of Miss Powell and Mr. Jackson. Student committee members were Virginia Cox, Bill Healy, Edgar Eger, Rozanne Rupp, Mary McBeth, Steve Baits and Tom Lamb.

Large display posters aided the sales campaign. Clever designs were made by Robert Thomas, Margaret Robinson, Jean Cook, Jane Prescott, Frances Snodgrass, Jean Summerer, Mary Jane Willison, Katherine Vogt, Mary McBeth and Mary Burns on very short notice. These were planned in Miss Janette Adams' art classes.

Student Activities ticket holders are entitled to: a semester of the student newspaper, Pierce Arrow and to the Literary Magazine, plus at least one noon movie each week, a ten cent reduction to high school football games, a discount to all Pierce and Pointe Players-dramatic productions, and admission to all Pierce athletic events.

"The boys are the most courteous and efficient members of a safety patrol I've ever met," said Chester Sampson, faculty sponsor, concerning the approximately 24 boys under his supervision.

Daily these boys supervise bicycle traffic, street crossings and aid the elementary safety corps. They helped Monday night at the "open house" and also Sept. 18, when classe began.

Major Burns Henry Post, 303, Auxiliary

We want to take this opportunity to thank the editors of the Grosse Pointe Review for giving us the nice space for our Unit News in their paper. We certainly appreciate the space.

Our social chairman, Helen Endries, is very much pleased with the nice turn out she had for her Penthouse luncheon. It is gone but will not be forgotten. We want to thank all Units and their friends that were present and hope to see all of them again soon.

Our last meeting was held October 9 in the Veteran's Building at which time our Commander, Clem Whately, was present to ask us to cooperate with the Post in their following parties. The Old Fashioned Hoedown party of which Charles Bishop is chairman and if I know Bish. it will be a huge success. It will be held October 28, starting 8:30 p. m. at the Neighborhood Club at Waterloo between St. Clair and Neff. Tax 50c and refreshments will be served without any charge, cider, doughnuts coffee are on the menu. So girls get your boy friends and turn out for a good old studdy. Third party of which Tex Hoyt is chairman is the Armistice dance which will be held at the Hartung Airport, November 11, and fourth will be the Christmas party for the children.

Fifth is the New Year's party and then if we don't freeze the sixth party will be a picnic so we shall be hoping to see every one turn out in good order. Our next meeting will be held October 23, 1:00 p. m. Room 14 in the Veteran's Building, 704 East Jefferson this is our Social meeting. So long and see you at the next meeting.

Community Fund

Grosse Pointe stores will be solicited by more than a hundred volunteer women workers headed by Mrs. George A. Schemm, district chairman, in the annual Community Fund Campaign next fall.

Assisting Mrs. Schemm as captains will be Edith Jane Scotten, Hamilton Herbert, Mrs. John Crawford Frost, Jrr., Mrs. Thomas Hann, Jr., Mrs. Henry S. Sanger, Mrs. Ezra Lockwood, Mrs. Joseph S. Sherer, Jr., Mrs. Henry T. Gage, Mrs. Robert A. Stewart, Mrs.

Dexter Ferry, III, Virginia Lowrie. Each will head a group of 10 volunteers. These volunteers are in Unit D, known as the general solicitation division of the Community Fund Campaign.

This year more than 5,000 volunteer workers will be seeking funds in a city-wide campaign to continue the support of the 80 social work agencies participating in the Fund. At present Community Fund agencies are operating on budgets which have been reduced five per cent because of the failure of last year's campaign.

as he had seen all season. He stands 6 feet 1 inch tall and weighs an even 200 pounds. He is fast, smart and aggressive. Another very capable lineman is Bill Retters, center, who weighs 206 and carries it on a five feet ten inch chassis.

This will be the first appearance of a team from the deep south on the U. of D. schedule since Auburn came up and whipped the Titans 6 to 0 three years ago. It will be the first scheduled daylight game of the season at home, though the Titans played one on September 30 that was postponed from the previous evening on account of a torrential rain. A large crowd is expected in view of the reputation of the Wolf-pack.

BOY SCOUTS

A series of Scout leader training courses, to be conducted by the Detroit Area Council, Boy Scouts of America, will commence in various parts of Detroit and adjoining communities the week of Oct. 23.

At least five such courses have been scheduled as follows: Hamilton School, Chandler Park District, commencing Tuesday, Oct. 24; Highland Park High School, Wednesday, Oct. 25; Holcomb School, Redford District, Thursday, Oct. 26; and Southwestern High School, Friday, Oct. 27.

The courses operate for eight weeks, one evening each week, and include at least one outdoor session. Any Scout dad, Scoutmaster, or Troop Committee member may attend these sessions. Experienced Scouters will serve as patrol leaders in the course and outstanding educators and workers from other fields will appear as speakers on various boy life subjects.

The present membership of volunteer workers in Scouting is now over 3,700 adults who are serving as Scoutmasters, Cubmasters, troop and pack committee men, merit badge counselors, district chairmen, commissioners, and those serving in other capacities.

A Letter to Michigan Youth

During the next three months 150,000 youths in Michigan will be interviewed in connection with the Michigan Youth Vocational Survey. These 150,000 youth will represent a carefully selected cross-section of all youths in the State. Some will meet in school, some will be at work, some will be unemployed and looking for work, and others will be housewives.

The purpose of the study is to provide information needed by the schools, the unemployment service, and a dozen other agencies which are working to give you better training and to help you find the job which is best fitted to your abilities and interests. These agencies include the State Board of Public Instruction, the National Youth Administration of Michigan, the Michigan Unemployment Compensation Commission, the Michigan State Employment Service, the Board of Education in Detroit, the Detroit Council for Youth Service, the University of Michigan, and the Michigan Child Guidance Institute. They are already at work and have been for a long time but they find that they must have more information about you. It is necessary to know what education you are receiving or have had, what your occupational experience has been, what your work interests are, and what you are working or expect to work.

Within the next three months, an enumerator will visit one-fifth of the youth between 16 and 24 years of age in the State and repeat these young people to give about 15 minutes of their time to answering a few questions. (Only one-fifth of the youth will be interviewed in order to save time and money. In this case a sample is almost as good as a complete study). The enumerators will be carefully selected for their jobs; they will be polite; and they will regard all information as confidential.

The enumerator will call at your home and, if you are not there, will attempt to make an appointment to see you. Please leave word at home that you want the appointment made. If the information is to be complete, it must come from you. Remember that the interview will be very brief and your answers confidential.

heels by her daringly frank revelations, will be the Detroit Town Hall speaker in the Fisher Theater next Wednesday, Oct. 25, at 11 a. m.

In her lecture, "How to Get a Dollar's Worth for a Dollar," the designer for Broadway's brightest stars will tell you how not to be fooled by fashion. Her talk will include advice on how to buy clothes intelligently by figuring out what you really look like; how to pick out a dress that will be in style for three years; how to make sure you know what material a costume is made of, and whether it will last, and what to do when you buy something and it falls to pieces.

Now America's foremost dress designer, Elizabeth Hawes, first caught the attention of the fashion world when she dared to show her collection of American clothes in Paris.

From Vassar, Miss Hawes went to Paris. For two years she was a "fashion pirate," bootlegging original models to wholesale manufacturers. She then reported fashions for The New Yorker, and later worked as a stylist for Macy's and for Lord and Taylor. She resigned from this position to become assistant designer with Madame Grout in order to fulfill her original ambition to design clothes.

Miss Hawes will be introduced by Mary Morris, fashion editor of the Detroit News.

Tickets for her lecture are available at Grinnells Music Store.

Recreation Department Organizes Hobby Center

An interesting project for "east siders" is being planned and organized by the Detroit Department of Recreation, to be known as "Hobby Center." This enterprise will provide opportunity for young people (not attending college) and adults to participate in worthwhile creative activities such as many of them have long wanted to do.

This will be a cooperative program in which the leadership will come from those who have had experience and are greatly interested in specific hobbies. Among the list of cultural and educational hobbies planned are photography, dramatics, social dancing, early American dancing, public speaking, sewing, dressmaking, home hygiene, ceramics, pottery, sketching, etc. These and other groups will be scheduled where enough interest is manifested and leadership available. Some leadership for these groups have already volunteered. Others interested in leading any of the above or other hobbies are asked to get in touch with Miss Viola Armstrong of the Department of Recreation who will be in charge of the Center program.

For the East Side Hobby Center, the facilities of the Jefferson Avenue Presbyterian church, E. Jefferson and Burns have been made available. Groups will meet on Thursday afternoons and evenings, beginning November 2nd and continuing (for the first term) until January 15th.

Advance registrations will be taken at the church on Thursday, October 26, between the hours of 2 and 9 p. m.

Saturday, October 28, Halloween party at the Neighborhood Club, Chas. (Dickinson) Bishop's cider, doughnut and coffee party. No other liquid refreshments and Charles advises me that there are to be Military Police on the reservation to enforce the ruling. Charlie has been getting the backing of many of the old time Post Veterans in this novel venture. Ed. West, Tom Borman, Earl Steigler, Tex Hoyt, who incidentally bought and paid cash for ten tickets at the last Executive Meeting. You can't beat that for co-operation. Everyone is quite enthused about this brain child of his, and I know that he will be proud to know that the Post members are behind him. He will have his own daughters at the party and hopes the daughters and sons of our other Post members will be on hand to greet them. Art Simms' Blue Knights will terpsichore for the party and every one should have a wonderful evening. Remember this is a Dickinson Party and do not say that you were not warned ahead of time.

The Ladies' Auxiliary are right behind this party also promising one hundred per cent co-operation.

Commander Clem Whatley desires that you keep in mind the Armistice Day jamboree at the Hartung Airport.

The first University of Michigan Union Opera was staged in 1907 at the Whitney Theater here. From that time until 1929 the opera was staged yearly and during the 23 years of its existence had a gross income of more than \$800,000, resulting in a net profit of nearly \$150,000. Audiences totaling approximately 400,000 persons saw the student productions. A believe-it-or-not item revealed in a recent review of the opera's history says the opera holds the record of income for an amateur production at the Metropolitan Opera House in New York.

"The Detroit Housing Market, a factual analysis of current trends in the Detroit housing, has been released by the University of Michigan Bureau of Business Research as Number 4 of the Michigan Business Reports. The material covered is the report written by Prof. Richard U. Ratcliff, assistant director of the bureau, is limited to the metropolitan area of Detroit, but has a general value in illustrating a technique of market analysis which may be applied in any city.

A letter written by Major General Anthony Wayne containing the first official announcement of the United States' possession of Detroit has been given to the William L. Clements Library at the University of Michigan. In addition to the letter, two books containing eye witness accounts of the early settlement were included in the gift of William Robertson Coe.

The resignation of Prof. Herbert C. The University of Michigan has a new mascot—a live wolverine—as yet unnamed. The Gargoyle, campus humor magazine, is sponsoring a contest among the students to find a suitable name for the mascot. First prize will be a 1940 Chevrolet car; other prizes include ten portable radios.

Monroe High Passing Beats Grosse Pointe

By DICK BODYCOMBE, 12A

Monroe High Schools powerful gridiron squad successfully invaded Grosse Pointe last Saturday afternoon and turned back the Blue Devils, 21-0. Scoring in all but the last quarter, the Trojans tallied twice on passes and once on the run-back of a punt. The Pointers only scoring threat was in the second quarter when they advanced to Monroe's 9-yard line, but the Trojan line held and limited the Devils to 5 yards in four attempts.

Notario kicked off for Monroe and booted the ball into Grosse Pointe's end zone. The pigskin was brought out to the Devils 20-yard marker and on the second play Kammer kicked down to Grosse Pointe's 42-yard stripe. Monroe lost the ball on downs when they failed to make the necessary 10 yards. Kammer again punted and the ball was returned to Monroe's 33-yard line. At this point, the Trojans surprised the Devils with a quick kick. Maloney's low driving punt finally stopped rolling on the Pointers' 10-yard line. Kammer kicked out from the Pointers' end zone.

40-YARD RUN SCORES

McKenzie, Monroe safety-man, took the ball on the 40-yard stripe, reversed his field, shook off a host of would-be tacklers, and shot down the left side of the field for the Trojans first score. Earl Kuklo, Monroe end, dropped out of the line and split the uprights with a perfect place-kick for the extra point.

Early in the second quarter, Horst Abrams, Blue Devil guard, recovered a Monroe fumble on the Trojans' 20-yard marker. An offside penalty to Monroe gave the local lads a first down on Monroe's 9-yard line, but the Trojan line held and the Devils lost the ball. Playing alert football, Monroe recovered a dropped pass and a fumble and moved down to the Pointers' 38-yard stripe. Maloney faded back and shot a pass to Kuklo, who was tackled on the 21-yard marker. Again on the next play, Maloney's pass to Kuklo connected and Monroe scored their second touchdown. Kuklo converted the extra point with another perfect place-kick.

FUMBLE SETS STAGE

Early in the second half a Grosse Pointe fumble was recovered by the Trojans on the Devils' 30-yard line. On the first play Maloney whipped another bullet pass to Kuklo and the willow end crossed the Grosse Pointe goal-line for the third Monroe score. With machine-like precision, Kuklo kicked another extra point. The Trojans then intercepted two Blue Devil passes and kept the Pointers for penetrating into Monroe territory. At the end of the third quarter the ball rested in midfield. The final quarter produced little action, with neither team being able to gain any ground.

Hamlet and Holger Danske

The true renown of Elsinore, Denmark, is not its Hamlet legend, which Shakespeare foisted on the place, but Holger Danske, the huge giant, tutelary genius of the nation, who sits in stone in the dungeon of Kronborg castle awaiting the hour when the Danes will call him to save the country.

Club Football

The "Club" football league got off to a very exciting start when the Wildcats and the Bears battled to a 20-20 tie. The Wildcats took an early lead when Capt. Ernie skirted his right end for 20 yards and a touchdown. Carl Gieche added the extra point. No more than two minutes later it was Gieche again, going off his right tackle for the second touchdown for the Wildcats. The try for extra points was good, making the score 14-0, in favor of the Wildcats.

Gill, fleetfooted halfback of the Bears, raced 60 yards off tackle to score his teams first touchdown. Gills try for points was good and the score stood 14-7 at half time.

Late in the third quarter, Don Domke intercepted a Wildcat pass and galloped 35 yards for a touchdown. Gills try for extra point palled and the score was 20-14.

Bob Haslett provided most of the excitement for the spectators when, with a minute to play, he caught two passes, the second resulting in a touchdown, and enabled his team to gain a tie. Their try for points failed by inches.
