## First Test Blackout for Whole Detroit Area Scheduled for Sunday Night; Full Cooperation of Pointers Urged

### Board Starts Classifying New Draftees

Questionnaires Already Sent to First 50 of Those Registered in Feb.

Questionnaires to the first 50 men who have selective service order numbers 10,001 to 10,050 at Draft Board 37 were mailed out this week.

The questionnaires are the first to be sent to these men who were under the February draft.

Classification of these men is being done now and it is expected that many of them will receive their classification orders before this weekend.

No call to June

Board officials revealed that one of the newly classified men expected to be called for service before June 1.

Board 37 has about 125 men already in awaiting induction orders. These men will be called in May quota calls.

Board 37 announced that it was being out about 30 questionnaires a week from now on to men that men whose order numbers are under 10,250 can expect to receive classification orders by June 1. The rate of induction will depend on future quotas needed by the draft headquarters.

Draft headquarters has revealed that the men's induction numbers will be considerably stepped up in the summer months. According to this monthly quotas may average 70 to 80 men.

Twenty-Six Rejected

In the last draft call, 30 men at the Pointe on April 24, 30 were rejected. Twenty-six of these were rejected at army medical centers however.

### Costly Blaze Endangers Firemen

Fire partially destroyed the home of Russell J. Megargle, of 276 Leviston road yesterday afternoon. A Grose Pointe News photographer took this picture from the second story window of Dr. Carlton J. Marinus' home next door. The picture shows part of the roof which collapsed and narrowly missed firemen fighting the blaze inside the building.

### Park Adopts Pay Schedule To Fit Times

Municipal Employees Provided With Increases to Offset Rising Living Costs

A pay schedule adjustable to the fluctuating cost of living was adopted Monday night by the Grose Pointe Board of Public Works and will become effective based on salaries since January 1, 1942.

The park assures municipal employees automatic salary increases based on the rise in costs of living in the Detroit area.

Eligible are all persons in the employ of the village except those employed on a seasonal basis and persons employed part-time.

Maintains Base Salaries

The adjustment program will maintain base salary and wages at the amounts now in effect and also will provide a plan of adjustment to the new rates through quarterly cost of living allowances in respect to such portions of compensation as are not in excess of \$500 per year.

The cost of living index in the Goddard stated Tuesday that the increase in Park salaries would make any great difference in the yearly tax rate. President Karl B. Goddard stated Tuesday that the tax rate for the village this year will probably be less than 1941, although slightly higher than the rate in 1941.

Figures Not Available

Figures were not available as to the complete rate of increase which Park employees may receive. The plan goes into effect on May 1, 1942, and the first allowance shall be paid in respect to the quarter ending March 31, 1942, provided the board is not in session.

### Points Probe Blackout Law

City on Residents Now, but May Adopt Ordinance if Need is Manifest

While none of the five Pointes has as yet adopted blackout ordinances, the presidents of each of the municipalities promised Tuesday to give their residents the test at next Sunday night.

Blaise P. Runney, mayor of City of Grose Pointe, suggested that perhaps the residents of other villages might issue a similar ordinance.

He also suggested that the city adopt a testing ordinance.

Wardens will take all of the points might follow the ordinance and will use the ordinance as a guide to setting up local ordinances.

President Karl B. Goddard of Park stated Wednesday that in his opinion there was no real need for adopting the Detroit ordinance. "The State passed a blackout ordinance some time ago," President Goddard said.

But of course we take our orders from the State. Our council is investigating the possibility of adopting an ordinance, but probably won't use Detroit's.

Confidence in Residents

Alma Chesapeake, president of Grose Pointe school, said that she and Goddard's wife, Mrs. Wood, and added that the residents of the Woods would not be as an ordinance.

"That our residents will cooperate in wardens full cooperation. If it comes a time when we need to protect ourselves, then we will pass such an ordinance."

Paul Deming, president of the City of C. Campbell, said that the residents of the Shores, also stated that their councils and government boards were considering adopting an individual ordinance for Sunday night. "It's up to the residents to cooperate with the wardens."

### 2000 Rise at Dawn to Give Draftees Jubilant Sendoff

Grose Pointe's Home Front came through early Thursday morning as about 2000 persons turned out to cheer the departure of more than 500 men called for this area for Selective Service.

The soldiers-to-be were first felled at an early morning breakfast in the Neighborhood Club under the sponsorship of the Home Front Group. Lester S. Moll, Wayne County Circuit Judge, gave a brief address to the men and women.

Following the breakfast, the men marched from the club south on St. Clair avenue to the intersection where business district and to waiting buses, directed by the wardens, which carried the soldiers to the induction center in Detroit.

Observers estimated that the crowd of 2,000 gathered on the

### Rector Made Fire Chief by Park Council

Vacancy on Commission and Village Manager's Post Still Unfilled

Two of the three important vacancies which have existed in Grose Pointe Park's Municipal set up are still unfilled, but a new fire chief was appointed in that village last week.

Next Monday night the Park Council is expected to meet to confer with a candidate for the office of village manager, formerly held by Byron J. Rockwood, present city manager of Hazel Park. Rockwood was removed from the Park office April 15.

Several other vacancies exist.

Councilman Howard S. Parshall revealed that several men are now under consideration and the council will probably make a decision on one of these shortly. Parshall declined to name the candidates.

The second unfilled post is that of a commission on the council. As it was recalled last week C. A. Pfeiffer has resigned from his office of finance commissioner. The council may appoint a new commissioner next week, but who he will be had not been determined. Pfeiffer is expected to return to his position as chief of the fire department.

Abolish Assistant Chief

The commission on the council, headed by Arthur B. Johnson, was created Tuesday that there will no longer be an assistant chief in the Park department. Johnson's plan is to give the Fire Lieutenant and Captain's more actual power. The move of Johnson is to abolish the position of Assistant Fire Chief which will be the village about \$2,000 in yearly salary.

### Plans Completed for Sugar Rationing Registration in Pointe; Everyone Affected

Preliminary Application Blanks Must Be Filled Out for Every Member of Family Before Registering May 4, 5, 6 and 7

Plans have been completed for the registration of Grose Pointe's residents relative to the issuance of "War Ration Book One," commonly referred to as the Sugar Ration Book. It has been announced by L. M. Bartlett, director of Child Accounting and Adjustment of the Grose Pointe Public Schools, who is in charge of the program for this area.

The Office of Price Administration has set May 4, 5, 6, and 7 as the dates for this registration throughout the nation. In Grose Pointe each of the Public Elementary Schools has been designated as a registration center. Residents of Grose Pointe should go to the Public Elementary School nearest to their place of residence to register.

The hours of registration will be from 1 p. m. to 9 p. m. on each of the registration days.

Teachers in Charge

The registration will be handled by the Public School Teachers with the help of several hundred volunteer workers from the community. In order to do this, public elementary schools will be closed on the afternoon of the registration days.

This registration, which will be the greatest the nation has ever known, has been made necessary because the war is cutting off the supply of commodities from other parts of the world. At the same time our own war efforts are consuming greater quantities of these commodities than ever before. This has created a serious shortage of some vital products which all of us use. The first of these was rubber.

The second is sugar, of which we are using 20,000 pounds a day or 25,000,000 pounds a day. The shortage of rubber has limited us to Brys drive and similar tires. The shortage of sugar will limit us to purposes which we use.

### Blaze Causes \$5000 Damage

Help of City Department Required to Conquer Fire in Home in Farms

The home of Russell J. Megargle, 276 Leviston road, was partially destroyed by fire Wednesday afternoon. The fire started in the kitchen and spread to the living room. The fire caused \$5,000 damage to the home.

The fire was caused by a gas stove which had been left on. The fire started in the kitchen and spread to the living room. The fire caused \$5,000 damage to the home.

### Woods to Have New Bus Route

Service on the new loop bus route in Grose Pointe Woods will start next Monday, according to an announcement by the Lakeshore Coach Lines, Inc.

The route, which will serve a large population in the Woods, will run from Mack south on Vernier to Marier, east on Marier to Brys drive and north on Brys to Mack.

A 20 minute schedule will be maintained from 6:40 a. m. to 7:20 p. m. for a trial period of a month.

Permission to operate bus service on the new route for the trial period was granted by the Woods council after that body considered the exigencies of the war emergency, which is making transportation by private car increasingly difficult.

### THIS IS WAR

Only one Grose Pointe resident got one carton of a certain kind of chewing gum every week.

After that, it's just a matter of looking under the movie seats.

### Made Bandits Welcome

MR. and MRS. CARL WEIDEMAN of Buckingham Road read accounts of their adventure with two bandits who attempted to hold up their home early Saturday morning.

When questioned as to how he felt his home's chances in the classer Saturday, Mr. Buhl was definitely optimistic. "The Swinger didn't seem to want to run in Florida this winter," Mr. Buhl said. "But my teacher, Lex Wilson, informs me it is now running better than he ever has in his life. We feel he has a good chance."

### Pointe Prayers Ride with Sweep Swinger

The hopes, prayers and pride of a goodly section of this area will ride with the Pointe's first entry in a Kentucky Derby at Churchill Downs come Saturday afternoon.

Sweep Swinger, carrying the blue and white diamonds of the stable of Theodore D. Buhl of Ridge road, will go to the post to battle this most muddled of all Derby contests.

Mr. Buhl, one of the Detroit area's most enthusiastic turfmen, claimed The Swinger from Mrs. Payne Whitney's Greenleaf stables at Hialeah, Fla. January 21, 1941. He started in 23 races as a two-year-old and won \$11,580.

The rest of the Kentucky Derby entries in Kentucky Derby at Churchill Downs Saturday, is Center of Attention of Race Enthusiasts

### Bandits Get Hot Reception When They Pick Wrong Home to Rob; Weideman Is Hero

It was the left hand of Carl Weideman that saved two lives early Saturday morning.

All the front page stories which were written last week forgot one small fact. Why didn't the bandit fire the gun?

At about 1 a. m. Saturday Mr. Carl Weideman of 1410 Buckingham road, wife of the Circuit Court Commissioner, answered a doorbell. Two men stood before him, both masked, and one armed.

"This is business," they said. "Weideman screamed and her husband, who is 6 feet 2 inches tall and weighs 230 pounds, came running downstairs just as the bandit with the gun, 21 year old Edward W. Smithfield, of Detroit, stalked Mrs. Weideman with the butt end of the weapon.

Gun Roars Fire

Weideman leaped at Smithfield and the bandit pulled the trigger of his gun. . . but it never fired. Weideman's left hand grabbed the gun and the skin between the thumb and first finger slid under the hammer of the single shot revolver.

Had the gun gone off it might have killed Mrs. Weideman, who was standing in front of Smithfield, or it might have killed Weideman himself.

Weideman himself, who was reading a book, was struck in the forehead and again his wife struggled with Smithfield.

### Youthful Adventurers' Plans Spoiled by Police Sergeant

Jane and Charles Sanchez decided to explore the world Tuesday, St. Vincente. The Paul boarding school, but were halted in their attempt by an alert police sergeant.

David Logan, of the Grose Pointe Park department, revealed that their mother had died and their father who works in Detroit, was unable to care for them. They had been staying at the boarding school but Tuesday decided to leave and see the world.

Sergeant Logan had a school car take them back to a school where he believed the pair might be held for a few days. They were taken to a rooming house in Chicago at the time the building is covered by fire, and they finally admitted

### Wardens Hold Meeting to Outline Plans

Alert Will Last From 10 to 10:15; Lights Must Be Out and Traffic Stopped

Zone and district air-raid wardens for Grose Pointe held their first joint meeting Sunday afternoon in the Grose Pointe High school and discussed plans for the coming blackout of the area next Sunday night, May 3, at 10 p. m.

The blackout in which Grose Pointe, Detroit, and other surrounding municipalities will participate, is to be for a 15-minute period. Air-raid sirens will warn the population of an alert. The present plans call for the sirens to be blown at short intermittent blasts and for a prolonged siren blast, 15 minutes later, denoting the all clear signal.

May Leave Lights On

After the meeting for David Charles Whitney, OGD for Grose Pointe, the street lights will probably remain on during the test although all other lighting is to be put out or considerably dimmed. In the case of business stores, the managers will be instructed that they may keep one light burning in the back part of the store, but no other lighting or neon signs must be extinguished.

### Death Takes Aged Pioneer

David Charles Whitney Succumbs in Harper Hospital

Funeral services were held Monday afternoon for David Charles Whitney, head of one of the oldest Detroit families, who died shortly after midnight Friday.

Mr. Whitney, who was head of a realty company, lived at 415 Love Street drive. He was a well known boating enthusiast and his yacht, The Sumar, was a familiar sight on the Great Lakes until three years ago, when it was destroyed. It is he and Mrs. Whitney made a globe-circling tour in 1930.

Mr. Whitney was the son of David Whitney, one of Detroit's wealthiest men in the days before the automobile. He had lived for many years because of his health and he died in Harper Hospital.

He was a member of the New York Yacht Club, the Detroit Country Club, the Detroit Athletic Club, the Detroit Golf and Country Club, the Grose Pointe Club, and the Detroit Symphony Society.

He was survived by his son, David Marshall Whitney, two grandsons and two great grand children.

### Seeks Materials For Water Lines

Alma Chesapeake, president of Grose Pointe Woods, left last night for Washington, D. C., to appear before the War Production Board in an appeal for a permit to obtain material for extra water lines in the village.

The Woods plans to construct a new water main on Mack avenue from the intersection of the road to Vernier. Its use will be to build up more water pressure in that area and to provide water for the residents.

The Woods have had many complaints that water pressure in parts of the village is lacking. City officials say the result of excess sprinkling of yards.

The Woods' first two appeals for extra materials for the main have been turned down. Chesapeake feels the material may now be obtained only to appear in person before W.P.B. authorities in Washington.

### LAKE PATROL SET

Grose Pointe will have lake patrol during the alert on Sunday night. Norman Neff, clerk of the City of Grose Pointe and a score of other boat enthusiasts will patrol the shore during the blackout hours.

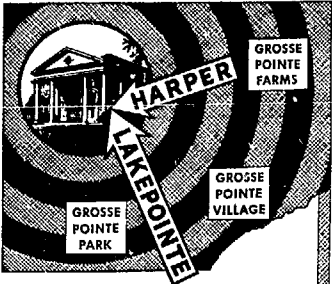

It's all part of the OGD program for the Pointe area.

### 11200 REGISTERED HERE

More than 11,200 men registered in Grose Pointe in the 45-65 draft Monday. About 1,500 more have been registered since that date, those being Pointers who registered at other Selective Service Centers. Their registration cards have not been transferred yet.

The registration Monday brought the total number of men under 12 Selective Service in the Pointe to more than 11,200.

Official order numbers have been assigned the 3104 Grosse Pointe who registered in the February 16 draft, and the News is printing the names of the draftees together with their order numbers, in alphabetical arrangement.

To determine the order in which the draftee will be called by Board 57 for classification, it is necessary to subtract 10,000 from the numbers printed here. Order numbers of previous drafts went up to 10,000. Hence in this draft, the first man to be called for classification would be assigned Order Number 10001.

**175 Enthusiastic Gardeners Meet For Instruction**

A group of more than 175 enthusiastic youngsters met last Saturday morning in the Grosse Pointe High school auditorium to listen to talks on the art of victory gardening.

The youths had previously volunteered their services in the Victory Garden which will be in the movement. Adult Victory Gardeners who are sometimes forced to be away from the home call upon the youngsters for service. This depends on the youngster's age and experience.

Geary Has List  
Any person interested in being a youngster take care of a garden for a certain period, asked to contact Forest G. Geary of the Victory Garden in the Work group.

The Victory Garden members suffered a setback last week as his hope to get plots of land in Grosse Pointe High school in Grosse Pointe Park. The garden superintendent got the permission of the school board, but the school board members got the permission of the school board members. The next step was to get the unanimous consent of the residents of the division.

One Quaker Project  
All but one person in the area gave his or her consent to the project. The school board members were to be helped with people's victory garden near the Victory Garden. For that reason there will only one victory garden plot. The Victory Garden members have decided also to have a location adjoining each other. Hawthorne street near E. 5th.

**St. James to Hold Baptismal Service**

St. James Lutheran Church of Grosse Pointe worships every Sunday in the Pumph and Justice Theatre. The Morning Service is at 11 a. m. Sunday School is at 9:45 a. m.

The Rev. George E. Kurr, pastor of the congregation, announces that the church will observe next Sunday with a special baptismal service, at which seven children of the congregation, associated with the Sunday School, will be received into the Lord's Kingdom through the Sacrament of Holy Baptism.

Pastor Kurr further reports that every Sunday during the month of May will be observed with a special festive service, offering a varied pulpit program.

For that reason there will only one victory garden plot. The Victory Garden members have decided also to have a location adjoining each other. Hawthorne street near E. 5th.

**Larger Library Needed, Director Tells Pupils**

Miss Florence Severs, director of public libraries for Grosse Pointe, spoke to the seventh hour English VIII class last Tuesday about the history of public libraries.

She said that although libraries have existed since earliest times, public libraries supported by taxes did not exist until 1803 and children's libraries were unheard of before 1890.

The first library in Grosse Pointe started in the Shore Municipal Building in 1922, and from that time on the number of books and libraries in the Grosse Pointe area has increased steadily.

In conclusion, Miss Severs pointed out that Grosse Pointe needs a larger centrally located library and more books in order to fulfill the needs of this rapidly growing community.

**AWYS CLASS POSTPONED**

The American Women's Volunteer Service announces a postponement of a class in Home Protection which was scheduled to start today, Thursday, April 30. It will be held beginning Thursday, May 7 from 19 until 12 at 1740 Maurice Avenue.

**Warn Residents of City On Rubbish Dumping**

City of Grosse Pointe residents were asked this week by Police Chief Thomas V. Tremblay to cooperate in a campaign to keep all corner lots in the municipalities free of rubbish.

Chief Tremblay revealed Monday that his department has received many complaints against residents dumping garbage and leaves and grass cuttings in vacant lots. Chief Tremblay stated that if this continues after residents are warned, violation tickets will be issued and residents will be brought into court.

If residents have rubbish which needs to be collected the municipality will make a pick-up anytime. A phone call to NI 5800 will bring a pick-up truck to the resident's home.

**15,000 MORALE POSTERS**

Fifteen thousand morale posters will be handed out next week in Grosse Pointe, it was announced Wednesday by OGD headquarters in the Pointe.

Air-raid wardens will handle the distribution of the posters which call on the residents for more unity in the community, to stop rumors and to meet expected shortages by sharing.

**Veterans Sign Up Again**

**FIRE CHIEF LEDGER CHAUVIN, ASSISTANT CHIEF WILLIAM GORDEN and POLICE LIEUTENANT ARTHUR VAN BELLELAERE** of the City of Grosse Pointe, registered for their second war draft Monday. All three served overseas in the first World War. Van Bellelaere has been with the city 22 years, Gordon 19 years and Lieutenant VanBellelaere 23 years.

**War Transportation Problem Affects High School Teams**

Grosse Pointe High school athletes are now traveling to away from some contests via private car, instead of the buses to which they have so long been accustomed. The OPM says bus transportation for such things as high school athletic teams is out for the duration.

The Pointe baseball team journeyed to Mt. Clemens Tuesday afternoon in three cars rented from students and parents, and that is the way it will have to be until the war is over and tires, gas and automobiles aren't so important.

**Key Streets Are Result, Not Cause of Accident**

The pavement at Charlevoix and Nottingham was very cold yesterday morning at 5:00 lbs. of ice scattered all over the street.

The reason—James H. Pate, a driver for a Detroit ice company failed to stop for the stop street and struck a car driven by Miss Olga Wagner of Grayton Road.

None was injured but both vehicles were damaged and the ice from Pate's truck skidded all over the street. Pate was fined \$30 one hour later in a Grosse Pointe Park court.

**Important Commission Given Dr. Paul Essert**

Dr. Paul L. Essert, superintendent of Grosse Pointe schools, and Ralph Uveling, Detroit Public Library librarian, have been appointed to a commission which will conduct a nationwide inquiry into the problems of post-war adult education, it was revealed this week.

The announcement of the appointments were made Monday by Morse Cartwright, executive officer of the Institute of Adult Education of Teachers College at Columbia University. The group will collaborate with the United States Office of Education War-time Commission.

Norman J. Nash, son of Mr. and Mrs. H. R. Nash of Mack Avenue, Grosse Pointe Park, received a short furlough last week from Fort Leonard Wood, Missouri, but it was to act as palliater for his best friend, a fellow soldier, Joe Henze, of Burns Avenue, Detroit, who was killed a week ago Wednesday at Camp Shafter, Ark.

Henze, who is 22 years old, was traveling in a truck which was struck by a speeding 1931 Lincoln which failed to stop for a stop sign. He was killed instantly. Nash and Henze went to high school and attended the University of Detroit together. Henze wrote Nash April 13 and two days later was killed. When Private Nash heard of his friend's death he asked for and was granted permission to come to Grosse Pointe for the funeral service.

Nash returned last Saturday to Fort Leonard Wood.

## Don't Be a BFC!

A BFC is a Blackout Fifth Columnist. It's the man, woman or youth who thinks that the scheduled blackout in this community Sunday, May 3, at 10 P. M. is a lot of foolishness.

Turning out all of the lights may sound silly to some in our midst who have never been in an air-raid, who have never heard the clatter of machine guns, who have never seen maimed women and children lying in the streets, who think war is fun.

But sound thinking American citizens realize that Grosse Pointe defense officials are planning this test blackout because they are interested in saving lives and property, because they are interested in winning this war against the Japs and the Nazis.

Maybe you think this area can't be bombed? Well, our planes apparently bombed Tokyo. Why then be so smug about the invulnerability of the Japs bombing us?

It's common knowledge that the Nazis have 4,500 mile long bombers. Brest, France is but 3,500 miles by air from Detroit. Hitler's Laval is in control over there. Even if Hitler's planes failed to make the return trip but did succeed in smashing only one of our mammoth defense plants—wouldn't that be a success for Hitler?

Remember, no one thought Hitler could take France in ten years. But he did it in six weeks on the Maginot Line. There were a lot of pooh-poohers in France at that time just as there are pooh-poohers in our midst today.

Obey your local officials regarding Sunday night's blackout. Set an example for your neighborhood. Make it unpopular not to cooperate.

Don't be a Blackout Fifth Columnist.

## With Our Goodbyes

The people of Grosse Pointe honor themselves in every expression of affection and gratitude they show to the young men who are going out in ever increasing numbers to fight the battles of their country. The men and women of our community, along with those from every other community in the land, will be ever mindful through the whole course of this war, however long that may be, that the physical welfare and mental comfort of these men is of first importance to those who remain at home. When they march away they must take with them the knowledge that the young and aged of their dear ones will not be forgotten.

They must carry away with them more than the recollection of a cheer and a kiss. There must be the deep conviction that the home front is going to back them up until the last shot is fired. There must be assurance of a steady and unflinching flow of all the material of war with which they fight. They must know there will be no diversion of the common will to less important things than the carrying on of total war. To those boys the war will be "total" in a most real and a fearful sense. It is our duty to convince them that for us back home it is going to be regarded as a privilege to do everything, undergo every personal sacrifice cheerfully for our common country and its defense and ultimate triumph.

## A Depressed Hitler

Herr Hitler made the gloomiest speech of his career to his people the other day at the closing of the war calendar for this year. He was advanced in the German calendar another year. Nineteen forty three is going to see everything sweet and lovely provided always that his people trust him and follow the lead of their Führer. But there is to be no question about this support he takes on himself absolute power of life and death over the whole German people.

He acknowledges that the Russian adventure was a near debacle last winter, due of course to the weather which was the coldest in 140 years. Not a scintilla of credit to the heroic defense by a people who were fighting for their homeland. They also must have been somewhat exposed to this same weather, but they endured it not with complaint but with gratitude.

This mighty conqueror of little countries discloses that he too was aware of the parallel that ran between his case and that of the Russian winter of 1912. It is not difficult to imagine the terror that clutched at his heart during the 50 degree minus temperature that swept the Russian plains last January and February. But the German war lord, who is basically a greater egoist even than his punctured partner of the Italian peninsula, salvages certain heroics from the situation for himself in the observation that "it was colder in Russia" when he was there "than it was in the winter of 1912."

But in any event the high spot of his speech was his acknowledgment that the crushing of Russia is to be postponed until 1943. This places the German time table just two years behind schedule since the start of the war. He is such a liar however that the Allied Nations' leaders do not trust him. His long recognized primacy in the world Ananias club has been exercised so often that its efficacy should be doubted at this time even by himself. It is almost safe in view of the facts of the case to assume that he unwillingly told the truth.

## THE KENTUCKY DERBY—

This week-end about 80,000 people will crowd into historic Churchill Downs hoping to catch a glimpse of the Kentucky Derby. Some will fly in their private planes to Louisville while others will thumb a ride—but, by one means or another, a great cross section of the American people will travel thousands of miles, to once again spend two minutes convincing themselves and their pocketbooks that one horse can run faster than another.

It is our way of life that even during the present national crisis, people are free to gather and enjoy themselves for a week-end. If one has forty cents left after he has purchased breakfast in a Louisville hotel that day he can sip a little beer, and if he has content—and no restap will pour from behind a bush to knock the glass from his hand or intimidate him with a fork to a concentration camp. I hope to do this or does do this. In the big race of Kentucky on May 2nd, there will be thousands of white men, black men, even yellow men, and it is an important thing that they are all free men—free, one and all, to enjoy the same privileges and pleasures.

Millions of Americans would like to "hang" the Kentucky Derby winner, or at least tell his friends who the winner will be. In order to help my readers familiarize themselves with the facts and figures and to attain a certain amount of knowledge about the race, I am publishing a list of the names of the horses who will be in the race, and I have carefully delved into each page of the Encyclopedia Britannica and Gibbons' "Decline and Fall of the Roman Empire."

I prefer this source of information to the predictions and prognostications of furt experts. As matter of fact, Gibbons carefully states that there is no such thing as a successful turf expert—the literal Latin translation reading "a man having picked winners of races." Gibbons' use of the oblique construction is common in his "found in Caesar" will have sufficient weight that there will be no need of his selling his doubts on the horse market. He will care to return unto himself." He uses the expert Diogenes and his bathtub as a good example. Our present turf writers furnish us with all sorts of "hot" tips, but after we have had our "bath,"

Everything not withstanding and including me out from the list of experts, I have gone right ahead with my social studies—always bearing in mind the period of the American Revolution. I have made an in-depth study of the research for the first, second, and third horses in the Derby. I do want to wager a stipend on the race and I want to do so far in advance as possible, just what I want to do with my money—I have read "Gone With the Wind"—realizing that this is the answer.

The entire problem resolves itself into simply selecting three horses from a possible 150—three who not only must start in the Derby but who can and will run faster than their less fortunate brethren. A note can be made that the whole matter is a matter of realism—and with this realization in mind, the writings of Tolstol, Shakespeare and Bacon have been of inestimable value toward aiding me in my Derby selections. In my conclusions, I have paid little attention to the different odds on the various steeds as I have wisely observed in the past that the horses mechanically parading to the post pay little if any attention to the approximate odds board—so who am I to do so—I am not even entered in the race.

When I started this stretching of the imagination, I knew that sooner or later I must reveal my "conclusions—so for additional advice I made a hurried trip to the Poughkeepsie racetrack to meet the bandicappers. It seems there are 150 horses eligible for the grand mix. With a few exceptions, I have assured myself that I am hopeful to the blue factories and I will bet the shirt off your back that the remaining 17 steeds will gather all the fame and "hey, so" money that I can give. I am completely non-committal, I have arranged them in the approximate order in which I believe they will finish, but I have no comment regarding my idea of the relative merits of each horse.

Sweep Swinger—Now I lay me down to sleep.

Requester—You ought to reckon will—he won the Flamingo and the Wood and there is nothing in the book that says he's a sure thing.

Alab—The "Champ" last year and history might well repeat.

Apache—Night spill the beans—this stable has made a habit of making a habit of it—Galant Fox—Johnston and Omaha.

Devil Diver—A powerful enter and Arcaro will ride one of them. Shut Out—nuff said.

Sun Again—If he starts, I see ahead—Ben Jones, his trainer, I'm dummy. He tolured Whirlaway; remember him?

With Regards—I believe the company too good and the distance too far for this one—although many disagree with me.

Hollywood—An entry about which little is known. They have Valinda Orphan—won races, but in the Hugo of Queen Elizabeth "they didn't beat nuts" and I don't think either will be the winner.

Bleu D'Or—Ran a good race last Saturday—he might repeat, but I doubt it.

Dogpatch—His staminate Galathea won the derby two years ago but you can't expect a mirage every two years.

Sir War—Ful.

Fairy Maah—No fairies will get anything in this race and he is no exception.

Baby Dumping—Will finish where he belongs—in the soup.

Boot & Spur—Fools go where angels fear to tread or this one would stay in the barn.

Man's Man—Steve Brodie took a chance but not this long.

## Government Office

### Places Many Workers

During National Employment Week, May 3rd through 9th, the United States Employment Service for Michigan is sponsoring a Promotional Placement Program for the veteran, the older worker and the physically handicapped worker.

The full use of America's manpower is assuming greater importance as the war effort moves on to peak production. It is considered good business to explore every possibility the labor market has to offer.

The files of the United States Employment Service contain the hour work histories of a number of

## World War Veterans, older workers, and physically handicapped workers.

Many of these individuals are well qualified. Employers are urged to give serious consideration to the employing of workers in these groups.

Employers may arrange for interviews with any of these workers by calling any United States Employment Service Office. The East Side Office is located at 11640 Kercheval Avenue. The telephone number is LEnox 9500.

No one need suffer from the impending shortage of car tires. As a fellow has to do it, walk around the house at night work histories of a number of

## Sugar

(Continued From Page 1) amounts for the men in our armed forces and for the manufacture of explosives. Fourteen of us has recently become a serious problem! My short-sightedness in not registering as a consumer, have allowed it away, thus depriving their neighbors of sugar and hindering our war effort.

Under Government Control Through rationing of sugar, your Government controls the amount of sugar every individual consumer and every soldier or sailor may use. This rationing assures two things: that the Nation's war needs for sugar will be met, and met first; and that all the sugar available after that will be fairly divided between all citizens who use the United States.

For consumers who use sugar in their own households, to eat or to cook with, this will be literally "share and share alike." To accomplish this your Government controls the amount of sugar every man, woman and child in the United States, with every household. The National Book One is a folder containing 28 ration stamps. Each stamp will permit you to purchase a fixed amount of sugar in a fixed period of time. The amount and times will be fixed and announced by the Government. They will be the same for everybody. The National Book One is issued no consumer can buy any more sugar than his stamp will permit. Without the stamp he cannot buy any sugar at all.

Most of the With Care It is important that the people use with care any supply of sugar which they have on hand. Only if they do so will there be enough sugar to go around. In order to assure that there will be enough for all, the National Book One has a fair share. War Ration Book One will not be issued at this time to anyone who has on hand a supply of sugar in excess of 6 pounds.

Any person having a supply of sugar in excess of 2 pounds more than 6 pounds will have stamps removed from his Ration Book One in the amount of the excess at the rate of 1 stamp for each excess pound (the weight value of 16 ounces). Thus, a person possessing 6 pounds of sugar at the time of registration will have 4 stamps removed from his book, according to the following procedure:

First 2 pounds: no stamps removed, one for each excess pound.  
Next 4 pounds: 4 stamps removed, one for each excess pound.  
War Ration Books will be issued to the family unit or its members. If the total amount of sugar possessed by the family averages 6 pounds or less per person, War Ration Books will be issued and stamps deducted according to the above formula. If the amount of sugar owned by the family averages more than 6 pounds per member, no book will be issued to any member of the family.

IMPORTANT: All persons are urged to register for their use, regardless of the amount of sugar owned. This is so that War Ration Book One may later be used for commodities other than sugar. Also you will later need it to book to obtain sugar. The O. P. A. advises that it will be much easier to obtain this book from the County Rationing Board after it registration is made at this time.

In order to avoid delays and long waiting lines at the registration centers, local residents are asked to observe the following suggestions:

Who should register? Only one adult (18 years or older) should register for all members of the family.

This information is required: 1. For every member of the family. 2. Full name 3. Address 4. Height and weight 5. Color of eyes and hair 6. Age in years 6. Sex b. The total number of persons in the family unit (NOT Maids or other household help are not members of the family unit, they must register as an individual.)

IMPORTANT: The total amount of white and brown sugar in any form owned by the family unit, must be registered according to alphabetical arrangement of names. a. If your name begins with M through Z—Register on Monday, May 4 b. If your name begins with A through M—Register on Wednesday, May 6

7 through Z—Register Through on Thursday, May 7. It is not possible for you to register on the date indicated for you, register on any of the days in the date, but register early in the day. Don't wait until the last minute.

Fill out "Preliminary Application Blanks" before the registration days. Call for copies of the "Preliminary Application Blank" at the nearest public elementary school and fill one out for each member of the family before the registration days. Children in the public schools will be given these blanks for all members of the family.

2. Member 3. The Dates—May 4, 5, 6, and 7. b. The hours—1 PM to 9 PM for each member of the family. This is one of the Emergencies Due to the War. Do your Part.

## Blackout

(Continued From Page 1) Motorists will be asked, when they are sounded to drive their automobiles to the curb and stop and extinguish headlights, traffic other than authorized agencies, such as police and fire cars, and ambulances will be given these blinds for all members of the family.

Residential homes are to be blacked out and citizens will be asked to stay off the streets as Elworthy said the danger of being run down by an emergency car or falling in the darkness is very great.

"We don't want casualties during the blackout," said Elworthy, "and the only way we can guarantee that they don't happen is to have all persons off the streets."

Motorists should lock their cars and then go to the nearest home or place of safety. In the case of this first air-raid, Elworthy stated, motorists should not enter private homes but rather stay in the open.

The matter of warning the population of the approaching air alert will be the job of the sirens and also the duty of block wardens. "Since we have no 2-raid sirens yet," Elworthy said, "we will have to notify our public by police and fire sirens. Naturally some of these sirens will not be heard and lights may be out. It will then be the duty of the block warden to instruct the home owners in his area to turn their lights out."

Lack Legal Powers None of the Grosse Pointe municipal councils have as yet passed laws controlling the blackouts in their section. For this reason, authorities pointed out Monday, the wardens will be without legal power to have residents turn off their lights. However, officers of any request will be reported to the OGD.

2. This information is required: a. For every member of the family. b. Full name 3. Address 4. Height and weight 5. Color of eyes and hair 6. Age in years 6. Sex b. The total number of persons in the family unit (NOT Maids or other household help are not members of the family unit, they must register as an individual.)

IMPORTANT: The total amount of white and brown sugar in any form owned by the family unit, must be registered according to alphabetical arrangement of names. a. If your name begins with M through Z—Register on Monday, May 4 b. If your name begins with A through M—Register on Wednesday, May 6

7 through Z—Register Through on Thursday, May 7. It is not possible for you to register on the date indicated for you, register on any of the days in the date, but register early in the day. Don't wait until the last minute.

## To the Editor

Please permit me through the medium of your column to thank the more than 200 Grosse Pointe wardens in the registration of me to sixty-five years of service to my community. I was born in 1876 at 1642 at 17140 Beaumont and to congratulate them on their excellent work and order in their section.

Of a total of approximately 300 who volunteered to be wardens for their cooperation in the war effort. It was a great deal of thanks to the men who were called upon and through the fourteen hours of their duty. It was a great day for me. I am sincerely grateful. Very truly yours, CITY OF GROSSE POINTE, North P. Park, City Clerk.

In Reidsville, N. C., I am salvage committee is being formed to help take up the money. I will be selling salvaged junk to be used for the progress of the war.

Razorbrite steel saved by a WPB order—1,550 tons— is enough to provide 40-pound tail assemblies for 7,500 2,000-pound aerial bombs for use, perhaps against the city of Tokyo.

### Gratiot Township News

In a two-day period (Saturday and Sunday), a total of 42 sewer permits and 27 building permits were issued at the Municipal Building, according to Lloyd E. Topp, Township Clerk.

A total of 115 persons registered at the Municipal Building on Monday, 4-29-42.

Applications are being circulated this week to place a dog ordinance in the township books. If passed, the ordinance will give authority to the township officials to issue permits to dog owners and regulate dogs that are strays or annoyances and sickly dogs that are a public health hazard. It will also provide that all dogs be licensed.

Another building on Harper Avenue near Elizabeth was under construction by the School Board this week. The building, which formerly was used as an office by Robert Hesse, real estate dealer, now houses the eighth and fifth grades in half-year sessions.

Superior and Mrs. Odell H. Jones have returned from a four-day trip into Canada.

Final awards in the novice class of the recent Toledo Dog Show were given to "Lady Rowena" owned by the Williams of Kingsville Ave.

### Schools Cooperate In Health Program

May 1 is Child Health Day and Students Take Part in Seeking Immunization of All Against Diphtheria, Smallpox

Grosse Pointe High School will cooperate, along with the rest of the schools in Michigan, in a program sponsored by the State Department of Health and the State Department of Public Instruction for the immunization of children against diphtheria and smallpox.

On February 6, President Roosevelt designated May 1 as Child Health Day. The President stated in his proclamation that "all the people in each of our communities should contribute to the conservation of child health and reduction of illness among children by exerting every effort to the end that before May 1, Child Health Day, children over nine months of age be immunized against diphtheria and smallpox."

The wartime program has concentrated large numbers of people in one district. Children must be protected from epidemics which might start in these districts.

### Sponsor Poster Contest For Annual Poppy Drive

The Major Burns Henry Post No. 303 and the Ladies Auxiliary are sponsoring an American Legion poppy poster contest in the interests of the annual drive for the benefit of the disabled veterans.

Under the direction of Miss Marion Lampson the Art classes are making this poster work a class project.

The words "American Legion" or "American Legion Auxiliary" must appear on each poster. The name and address of the contestant and the unit name should be attached in a sealed envelope to the back of the poster.

All posters must be at the school office on May 21. Judging and prizes will be on Friday, May 22.

A prize of \$5 in defense stamps will be awarded for the best poster from each school in Grosse Pointe.

# AWWS Meeting in Mrs. Alger Sheldon's Home Draws 200

## 957 Have Volunteered In Grosse Pointe Unit

Mrs. Sidney Small Presides at Session to Explain New Classes and Projects to Members

If attempted contacts with Grosse Pointe women were not eliciting yesterday forenoon, it is understandable, because approximately 200 were attending the American Women's Volunteer Service meeting in the home of Mrs. Alger Sheldon on Lake Shore road.

The response to the A.W.V.S. in Grosse Pointe has been exceedingly commendable. Nine hundred and fifty seven women have volunteered in the Grosse Pointe Unit during the month of April. This unit was begun on March 31. New classes in Physical Fitness, Photography in Defense Map Reading and Morse Code are beginning soon and enrollments will be accepted now. Mrs. Alger Sheldon is the head of a group organizing an A.W.V.S. Nursery School and the unit has supplied volunteer workers to recruit cadets at the Army booth at Jefferson Beach.

The meeting was held to acquaint the members with the new classes and projects which the A.W.V.S. is undertaking. Mrs. Sidney Small, chairman of the Grosse Pointe Unit, opened the meeting and was followed by a number of members who gave reports on the various phases of the voluntary services. Mrs. Matlock, head of the Detroit Unit, congratulated the women on their splendid progress. Mrs. Lawrence Pez gave a report on the Home Protection and Civilian Protection courses. Mrs. William Lewis discussed the Physical Fitness course which begins May 17, and Mrs. John Sweeney gave a report on the Salvage Campaign and she announced a lecture course on Conservation beginning tomorrow at Crowley-Miller's.

Mrs. Elmer Larmley is treasurer; Mrs. E. A. Wooten, corresponding secretary and Mrs. Frank J. O'Boyle, recording secretary.

## American-Austrian Club Provides Blood Donors

The American-Austrian Social club attracted 450 persons to its Opening Evening program in the Y.W.C.A. auditorium on Withler-Cliff avenue, Detroit, last Saturday night.

The club, which is strong anti-Nazi, has already made 22 blood donations to the Red Cross. Joseph DeGrimo of Rivard Boulevard, is a director and head of the advisory committee.

## Wedding in June For Point Cadet

The announcement of the engagement of Jean Frances Taylor, daughter of Mr. and Mrs. Robert Moore Taylor of Chicago boulevard, to Cadet Frederick Dana Standish, II, son of Mr. and Mrs. W. Colburn Standish, of Lakeland avenue, was announced yesterday by Jean's parents.

The wedding is slated for the first week in June. After attending Liggett, Jean went to St. Catherine's and St. Margaret's Episcopal Convent in Davenport, Ia., and she is a member of Theta Sigma Epsilon.

## Kid - Bits

Well, the Taxis May Hop is almost here. In fact tomorrow night is the night. Little Lou Pinger will supply the music at the Taxis Club for all the Grosse Pointe kids (and everybody is going to be there).

Art Franzen and Mary Palmer, Cal Vogt and Peggy Erno, Hazen Breitmeier and Helen Granley, Dick Robbins and Jackie Brown, Connie Beaumont and Faye Barrett, Jim McGowin and Gerry Wittstock, Cap Bartholomew, Angelo Wagners, Fredy Rich and Jean Ross, Jack Snowdy and Mary Jane Barrows, and Bob Rodgers and Janet Uhl don't even comprise a fraction of the absolute gang that will be there.

The next day about 15 couples (all St. Gamma's and their dates) are going on a picnic near Escou, Canada, and are planning on coming home Saturday night after they've had a chance to dance under the stars in a nearby town, Kingswood. A few of the dates mentioned above will be on it, and plenty of others.

Another picnic going on the same day is that of Pat Tobin, Harry Winning and Lucile Rehm, Al Winning and Sue Essert, Rudy Hirt and Ellen York, Ted Johnston and Bonnie Essert, Bruce Havers and Anne Leveaux, and Don Niesch. Pat's date, will start out for Belle Isle from Pat's home on Balfour Saturday morning, and end up there Saturday night about eight for a party.

Down on Maryland Avenue Monday afternoon Ernie Pieger will be having his eleventh birthday party. Six girls are coming and five other boys, and the party starts at four with dinner at five and games from then on till about seven.

Tommy Auch, Dick Kuhn, John Terney, Gerald and Kenneth Ernest, Alice Neville, Jean Dewey, Harriet Gardner, Ann Palmer, Joan Rollings, and Theresa Monaghan will be the guests.

Miss Olga Gruhitz, of Hampton road, was appointed editor of the Michigan Gargoyle, campus humor magazine, this week. She was a Grosse Pointe High school graduate in 1939 and is a junior now at the University of Michigan.

## Returns for Wedding

MISS SERENA MORAN, daughter of Mr. and Mrs. J. Bell Moran, of Windmill Pointe, returned last Sunday night from a vacation in Palm Springs. She is to be maid of honor for Miss Peggy Farr who is being married May 2.

## Pointe Players Show Talent In Giving Evening of Plays

By TED SOHRIS, 12B

Pointe Players again exhibited their talent in "An Evening of Plays" last Thursday. They presented "Sunday Costs Five Pesos," "Joint Owners in Spain," and "The Happy Journey."

"Very entertaining was the fight staged by Edith Waitner and Marjorie Tiedek in "Sunday Costs Five Pesos." It was made surprisingly realistic by hair pulling, scratching, slapping, grunts, and suitable oaths. We had a feeling that Marjorie did not limp of her own accord as she made her exit. Mollie Lester and Tom Crowley provided the romance, and Barbara Nixon provided more comedy.

Elizabeth Krieger and Marjorie Little portrayed two eccentric old maids in an old ladies' home in "Joint Owners in Spain." Shirley Siskels, a nurse, put them in the same room together, and they became the best of friends after dividing the room in two with a chalk line. It was a good play with fine character acting on the part of Marjorie and Elizabeth.

No scenery was used in "The Happy Journey," a play by Thornton Wilder. Gloria Lumley and John Jacob were the children of Bonnie Essert and Syd Fitzronson. Mr. and Mrs. Kirby,

## Pierce PTA Plans Telephone Bridge

Members of the Pierce Junior High School P.T.A. and their friends are asked to participate in a telephone bridge Saturday evening, May 9, for the purpose of raising funds to meet the current expenses of the club.

Mrs. Marion M. Schoeffer at Tu. 2-2633 and Mrs. Ralph Clark at Ni. 6944 are taking calls for reservations or for volunteers as a hostess.

All scores will be held until Saturday night, May 9, in case it is more convenient to play another night in the week.

## Baha'is Attend Big Convention

Attending the annual convention of the Baha'is of the United States and Canada at the Foundation Hall of the Baha'i House of Worship will be some of the Baha'is of Grosse Pointe Farms.

Arriving at Wilmette, Illinois on Thursday, April 30, they will meet representatives and delegates of Baha'i communities in North America as well as those of many countries of Latin America where Baha'i pioneers have gone to establish the Baha'i teachings of world peace and the brotherhood of man.

In line with the recent radio and newspaper comments on the great need for winning the peace, is the plan for universal and lasting peace as outlined in the Baha'i writings nearly a hundred years ago.

Already the basis for this peace is being established in over 60 countries of the world today in Baha'i groups where people of many races, classes, and creeds now meet in harmony and cooperation.

The Baha'is will continue their work on the plan for the world commonwealth of nations, and the promulgation of a new age of unity and understanding.

To rid themselves of those "few" extra pounds of sugar on numerous occasions ladies are granted cake-baking before the sugar ration cards are handed out next week!

And more about domestic problems . . . A certain prominent Pointe woman, when noticing that it was well into the afternoon and "Dinah" had not yet attended to the dusting or emptied the ash trays, asked the girl why it had not been done. She received the classic answer: "I'm in no mood to discuss it." "Dinah" employer, with great restraint and not a flicker of the eyelid, replied: "And just how long will it take you to pack your bags?"

Still another amusing story along the same vein reached our ears about a Grosse Pointe man who was still recuperating from a prolonged illness. She remarked to her "Dinah" about the untidiness of her both and dressing room and "Dinah" soothed her by saying: "Don't you bother your head about that. You mustn't do nothing until you're well!"

## She'll Be June Bride

—Photo by Kenneth Wickham

Dr. and Mrs. Albert H. Siebert, of Bedford road, announce the engagement of their daughter, ELIZABETH, to Harry Clarkson Pratt, son of Mr. and Mrs. Harry Pratt of Detroit.

Elizabeth attended Michigan State and is a graduate of the University of Michigan. Her fiancé is a graduate of the Detroit College of Law.

The wedding date is scheduled for the twelfth of June at the Central Methodist Church, with Dr. Crane officiating.

## Short and To the Pointe

MRS. FRANK LINDEMANN, of Washington road, entertained a group of friends today at a miscellaneous shower for Helen Dottenhoff, who is being married in June.

MRS. CHARLES W. ALLEN of Ipswich, Mass., stopped off in Grosse Pointe Tuesday to visit her brother and sister-in-law, the Curtis Mowers, of Roosevelt place.

MR. AND MRS. RICHARD H. WEBER, of Lake Shore road, returned Wednesday after spending a long weekend with their son Joseph, who attends the University of Virginia.

MRS. FRANCIS C. McMATH, of Kenwood road, moved Monday to Merrimack road.

MR. AND MRS. HARRY R. FRUHNHAUF and their son Dick, of Lakepointe Avenue, have returned from spending six weeks in the South.

MRS. CHARLES H. BREDDIN, of Grosse Pointe boulevard, has returned from spending the winter in Palm Springs, California.

MRS. WILLIAM K. WILLIAMS, of Calvin road, has returned from St. Petersburg, Florida. In Clearwater she visited her cousin, Miss Mary Barnard.

## Shrubs Attract Many to Pointe

Thousands of motorists from all sections of the Detroit area are visiting the Pointe these spring days to enjoy the luxuriant display of flowering shrubs along Lake Shore road.

The Wayne County Road Commission planted these hundreds of shrubs in the spring of 1933. Each year they grow more beautiful. Perhaps it shouldn't be mentioned, but most of them are of the Japanese varieties.

The blooms making the greatest show just now are the Japanese weeping cherries. In addition to this variety there are Autumn flowering Higan, Amogawasa, Yoshinos and Nankin.

When the Yoshinos bloom in Japan it is the signal for a great celebration in Tokio. Just now American bombs are getting more attention than they.

Following the blooming of the cherry trees, the crabapples burst into flower. These are just starting to reach their full beauty. Among the varieties planted along the drive are Sorbus, wild sweet flowering and purple flowering.

The purple flowering is probably the showiest of all the shrubs, its purple-green foliage making a striking contrast to its brilliant blossoms.

Pat Topping, daughter of Mr. and Mrs. Willbur B. Topping, and Clay C. Macdonald, Jr., son of Mr. and Mrs. Clay C. Macdonald, were married Saturday at 11 o'clock in St. Catherine's Chapel of St. Peter and Paul Church.

Louise Topping, sister of the bride, was maid of honor and the bridesmaids were Dorothy Lam, Robert Leslie Veary, Virginia Macdonald and Mary O'Brien.

Ernest Fordman, J., of Saginaw, was best man and George Topping, son of Mr. and Mrs. Willbur B. Topping, was officiating.

The guests were Charles A. Dean III, Robert Milligan, John Miller, Jr., of St. Clair, and Robert Barit. The guests were received afterwards in the Grosse Pointe Yacht Club.

# "Sarah Is So Sensible"

by  
Marian Eddy Standish

She had no way but the sun—any—any—"More than a bit—" confessed of telling the time and when she judged roughly that it was five o'clock, Mary burst to be afraid that she was going to have to spend the night in the woods. She stumbled on—dear me now—willing to risk almost anything for food and rest when she at last smelled the tang of a wood fire. There were human beings near her at last.

It was a farmhouse. She saw green shutters on a shabby, friendly-looking house. Smoke was pouring from the chimney and she heard sounds of moving about inside. For a minute she stayed hidden in the bushes. She was afraid to show herself and waited, hoping that someone would come out and she could see what manner of person lived there. Then to her joy she heard a woman's voice. It was high, shrill and far from musical—but when it burst into the old hymn "Shall We Gather At The River," Mary knew that at last she would find help.

So tired she stumbled, Mary leaped across the yard and almost fell—puppy and all, at the feet of a thin old woman who stood utterly astonished staring at her.

"My Land Alive!" said the old woman, glancing the girl with a firm hand under her arm, "where'd you come from, I'd like to know. Don't tell me as you were lost in there, I always knew someone would come in there and wander about. It's a bad wood to get lost in."

"Yes, it is," said Mary, "could you—would you help me to get home? Mother will be so worried."

"Of course we will," said the old woman, "it's a shame we ain't got a phone. We always thought that but we ain't got no home near neighbors and the phone company won't put one in till others come out our way. You just come in and rest now and I jest imagine you are a bit hun-

light to dawn. She was safe—safe and rested. That terrible fatigue was gone. Smoothing her hair a little and washing her face and hands—she opened the door. The puppy came bounding towards her and she lifted him in her arms again. What a dear little creature he was!

The old lady who had been so kind to her was lifting the coffee pot from the stove as she came in. She looked up cheerily.

"Well, here ye are," she chipped. "This is the young lady, Fath-

er! He looked up and grinned toothlessly. "Here ye be, eh? Ma tells me as you were lost in the woods. That's a bad place to go wandering around in."

He was sitting at the kitchen table and his wife put the coffee pot down and motioned Mary to draw up a chair.

"My, My, you had a good sleep," she said. "When Pa come in I went to see if you was awake but you was dead to the world, so I didn't rouse you. We couldn't do nothing until this afternoon anyway about getting ye home—wherever that be, so I thought as how ye might jest as well get your sleep out."

As she spoke she was pouring coffee into thick white cups and passing bread and butter. A white plate of bacon and eggs was in front of every place and Mary ate hungrily, appreciatively.

"Can't you tell me where to go and I can walk?" said Mary. "I really must get home as soon as I can. Mother and Dad will be so worried."

"Now I tell ye, young lady," said the old farmer, "I hev to lend my stock and do my chores—I was gone most of yesterday, ye know, and those things hev to be done, then I'll hitch up and take ye to the corner, right after dinner. The'll hev to do, I'm afraid for I must add to my live stock before I go away."

"I'll drive in with ye," said Ma. "We'll make a nice outing of it." Thinking of another lonely, terrified walk, Mary knew that she must stay with them. She was afraid to start off alone through that lonely wooded spot.

## Having a Wonderful Time

Four of the principals who lead the fun in "The Fleet's In," opening Friday at the Cindersella theater. From left to right are BETTY HUTTON, EDDIE BRACKEN, DOROTHY LAMOUR and WILLIAM HOLDEN. Jimmy Dorsey and his orchestra are also featured in the picture, as are Lorraine and Rognan, comedy dance team.

## Along the New Screen Front

By E. E. LUBECK

Another Alexander Dumas A makes love to B's girl story has been filmed... one of his most exciting adventures stories appears this Friday on the Michigan theater screen.

It's that Siamese-twin tale of "The Corsican Brothers" and stars Doug Fairbanks, Jr., who through life still suffer the same emotions and feelings, hence when A brother kisses a girl, B brother gets the same effect. Dumas could have had a lot of fun with that plot but didn't.

The brothers' parents are killed on the night of the boys' birth, and the twins, when they grow up, take a blood oath to avenge the murder. Written in the days when sword play was the thing, audiences will get a great kick when a brother gets a great hit in his back and B brother feels it. However the complex makes it rather difficult for the boys to cheat romantically on each other.

## Tennis Lessons Offered Adults at High School

A class in Tennis Fundamentals will be sponsored by the Grosse Pointe Board of Education starting Monday, May 11, at the High School at 6:30 p. m. The class will be instructed by Roland Gray with special emphasis being placed on forehand and backhand strokes, footwork, service, volleys and court strategy. This course is limited to adults only. Reservations may be made by calling Niagara 2000 ext. 3. Enough steel goes into bottles caps each year to make at least 30 "ugly ducking" freighters.

## Lips and Laps

VICTOR MOORE knows he's looking at VERA ZORINA'S lips, but it is doubtful if he knows he's sitting on BOB HOPE'S lap, in this scene from "LOUISIANA PURCHASE," coming to the VOGUE THEATRE Friday.

## Famed Comedians Coming to Punch

Bringing to the screen the type of comedy they have popularized on the radio for many years and which has caused for them a combined weekly listening audience of more than sixty-five million fans, Fibber McGee and Molly, Edgar Bergen and Charlie McCarthy unite their laughing talents with those of sprit of two men: one destined to be called to the service screen star Luella Ball in "Look Who's Laughing," lavish comedy scheduled for the Punch and Judy Theatre this Friday and Saturday. Preserving all the charm and artistic integrity of the stage value, John Payne has the reproduction, 20th Century-Fox has the mantle lead.

The Sapphire Room of the Wardell opens its summer season and announces that Ruth Arden, accordion stylist direct from a long engagement at the Five O'Clock Club in Miami, will entertain diners.

One of the smartest new attractions of the Sapphire Room is its policy of a buffet supper served every Sunday from 5:30 p. m. until midnight at very popular prices. Music comes from the console of the Hammond organ played by Isobel Stewart.

**Normal Prices Back at Vogue**

The Vogue Theatre will return to its regular price with the conclusion of the "Sergeant York" engagement. The advance prices will be effective only during the showing of "Sergeant York" and was conforming to the producer's suggestion.

Starting tomorrow for seven days, the screen version of the New York play "Louisiana Purchase" will be the main attraction, starring Bob Hope, Victor Moore, Zorina, and Irene Bordone. Also with the exception of Hope, were in the original stage show cast. "Remember the Day" is the companion feature starring Claudette Colbert and John Wayne.

**Neighborhood Club News**

**Woolworth Dance:** The next Woolworth Dance will be on Friday, May 1, at 8:00 p. m. in the Neighborhood Club gym. Everyone is welcome.

**GET THE BASEBALL FEVER**

By Ray Hoover

In the spirit of a young girl's fancy turns to—well, we know it was baseball. The Neighborhood Club is sponsoring a girls' baseball tournament, having all of the different sections, such as Grosse Pointe, the Woods, the City, the Shores, etc., entered into the competition.

Nowadays sports are important to our national morale, and baseball forms a big part of that. So come on out, and join the "gang"—your best beau won't mind a kick out of it, and will probably be out to root you to victory in every game. Get the full details, or come, Thursday night at 7 o'clock, and we'll be there to help you get a team started.

**At the Alger**

Get after those people in your section to come out and give your figure and your health a break. Baseball "isms" application blanks will be passed out in your neighborhood soon, but, if you don't receive one, don't miss it.

**Student Art Exhibit Opens to Public in Alger Museum**

The second and possibly the last student art exhibit to be held in the Alger Branch Museum opened to the public yesterday. Art products representing all the Grosse Pointe public schools, are displayed.

The exhibit is on the second floor, which is particularly well adapted for this purpose. The displays are spread through the galleries.

Let that stop you! Just call MI-5116 or come in yourself and bring your team.

You don't have to be of any certain age, and you can have as many teams from each section as you can get.

**Camp Fire Girls:** The Camp Fire Girls of the Neighborhood Club enjoyed a very interesting afternoon last Friday, April 24. From 4-5 Mrs. Freer gave the three groups of Camp Fire Girls instruction in handicraft—the result being a cute little lapel gadget.

From 5-6 Miss Barlow from the Visiting Nurses Association gave instructions in First Aid and from 6-8 the girls had a Cook-out and Picnic on the Neighborhood Club Playground.

The second playman made by the Camp Fire Girls is ready to be turned in to Red Cross Headquarters.

**Smart Maestro At Olde Wayne**

Howard Benedict, the maestro at the Olde Wayne Club, believes that a sure-fire way to interest your audience is to mix a little humor with your comedy. After the attention has been bagged, then you can revert to something more subtle.

In the way of even, Howard has dug up some of his old relics from his early appearances with a hill-billy band, and from the response he gets night after night from the crowds, we know the lack-lustre can still provide a good rib-tickling situation.

**Whirlwind Show At Club Royale**

There aren't many days left in which to see the whirlwind show the Club Royale is putting on out Eight Mile Road way. Pat Henning, the genial comedian and pretty wife Sue, are doing more than their part to make the show tops. Pat "double duties" by carrying the emcee load as well as his own act, which is fast and funny.

Carol King, the lovely halcyon star of the show, is so graceful that she literally floats through her spins and turns. She's one pretty lady you won't forget for some time to come.

Doraine and Ellis, songsters in the line-up have made a host of friends by their presentation of those well known ballads from "Showboat". Sharing equal honors in the "Springtime Frolics Revue" is that personable young dance team The Gaylords.

The Margaret Faber Girls' costumes and steps are as refreshing as a clean sweep of wind in a study office. Stan Norris and his orchestra provide music for the show and dancing.

**Trio Is Popular At Book Casino**

The luncheon trio playing in the Book-Cadillac Casino on week days is being led by Howard Leib, violinist, who is well remembered for his musical accomplishments around Detroit.

Interesting the classics with some of the sweet tunes of the day, Leib and his aids add their bit to the restful atmosphere of this popular luncheon spot.

Eddie Schultz, the pianist in the trio, also tickles the ivories for Frank Gagen, and along with Eddie Schick, one of Detroit's most talented entertainers provide some entertaining melodies during the interludes between the music sets in the evening.

**Student Art Exhibit Opens to Public in Alger Museum**

The work has been arranged by grade levels. Drawings and paintings, posters, murals, puppets, jewelry, and other craftwork are displayed. The selections, which were made Friday, represent regular class projects of the art and last semester. None were made especially for the exhibit.

This display was arranged by Frances Robinson, who is curator of the Alger Branch Museum, and Dr. Sherman Lee, the assistant curator.

Since there is some likelihood that the branch museum will be closed in the near future, plans which have been made for additional exhibits in co-operation with the school classes may never be carried out.
