How Does Your Garden Grow?

And next winter the question will be - 'How does your canning cellar look?' The government tells us we are expected to grow at least 50 percent of next winter s vegetables in our own gardens this summer. This plot is the envy of all who see it. Bert Dickson of Washington road has been one of the Pointe's most enthusiastic and artistic Victory Gardeners. His plot is located at Washington road and Maumee avenue.

At the end of this week Michigan will know whether it can continue to hold up its head in pride or must hang its head in shame! By Saturday night the U.S. Treasury department agencies will know whether or not all the people are doing their part. By Saturday night you will know whether you have done your full part to sustain the morale of our fighting men-to bring the day of Victory sooner! By Saturday Michigan's performance in the 7th War Loan will be determined.

These are the facts. Michigan is still shy of its goal in "E" Bonds by \$73,000,000. At the present rate of bond buyingtaking in all payroll deduction plans, all other "E" Bond purchases-Michigan will be \$37,500,000 short of its goal when the drive is over.

Let's wake up before it's too late! Wake up to the fact that our "E" Bond quota in this 7th War Loan is almost twice as big as in the 6th. Wake up to the fact that our soldiers are already asking-"What's the matter? Can't Michigan take it?" Wake up to the fact that our men's fighting morale depends on our performance-our willingness to take our own beachheads!

Will you, as a patriotic citizen, please go to your nearest issuing agent and buy a \$1,000 bond? Act at once to uphold Michigan's reputation! Act now to set an example for individual responsibility! Start the ball rolling! Let's all get into this one-week drive and keep Michigan's record the best in the nation!

Above everything else, we must not fail!
