### Minor Crash Brings Death to Girl

A collision between these cars at McKinley and Lake Shore roads in Grosse Pointe Farms, at 3:15 Sunday morning, Feb. 16, resulted in the death of Mary Snyder, 21, of 4144 Nottingham road, Detroit, Miss Snyder, a passenger in the car, on the right, was thrown out and was picked up at the point to which Officer Hilgendorf of the Farms Police is pointing. She died in Cottage Hospital an hour later. The car in which Miss Snyder was riding was driven by Richard Kimball Simonds of 242 Lewiston road. He had come out of Berkshire place and was crossing Lake Shore into McKinley when his car was hit in the right rear by another, driven west on Lake Shore by Henry John Keane of 1007 Harvard road.

### Girl Killed In Crash on Lake Shore

The corner of Lake Shore and McKinley roads in Grosse Pointe Farms was the scene of a fatal accident in the early hours of Sunday morning, Feb. 16. Miss Mary Snyder, 21, of 4144 Nottingham road, died in Cottage Hospital an hour after two cars had collided there.

According to the Farms police the accident occurred at 3:15 a. m. when a car driven by Richard K. Simonds of 242 Lewiston road, coming out of Berkshire place, attempted to cross Lake Shore road into McKinley and ran into the path of another car going west on Lake Shore.

Henry John Keane of 1007 Harvard road, driver of the second car, was unable to stop on the pavement made slippery by a snowstorm still in progress. His car hit the right rear of the Simonds car and both spun around like tops.

Miss Snyder was riding in the front seat of the Simonds car. It is not known whether she had her hand on the door handle, or whether the impact caused the door to spring open. She was thrown out and the door slammed shut again.

It is believed the girl was thrown against one of two signs at the corner. She was rushed to Cottage Hospital, where she died at 4:15 a. m.

There were four other occupants in the Simonds car, Patricia Peterson, 21, of 4829 Bishop road; Mary Richardson, 20, of 755 Lincoln road; Robert Valade, 20, of 644 Rivard boulevard; and Thomas Leinweber, 21, of 696 Rivard boulevard.

No one else was injured and damage to the cars was very slight.

### Pointe Unit of AWVS Passes Five Pointers Reported In Train Wreck

Five residents of Grosse Pointe were listed as passengers on the ill-fated Red Arrow train that was wrecked near Altoona, Pa., early Tuesday morning, Feb. 18.

Only one of the Pointers, Frank W. Goldie of 1148 Three Mile Grove, Grosse Pointe Park, was listed as injured. He is reported to have hurt his leg.

With George Malcomson, of 1259 Nottingham road, Grosse Pointe Park, Mr. Goldie spent most of the night sitting on a seat cushion in the snow, huddled in blankets. Mr. Malcomson said all in his car, which did not leave the tracks, were uninjured. They walked nine miles through ankle deep snow to Altoona, he reported.

Also listed as passengers were Mrs. Peter D. Burgess of 841 Balfour road, Grosse Pointe Park, and her two children, Bonnie, 4, and Peter, Jr., 1 1/2. They were not reported among the injured.

As of Wednesday 24 persons were reported killed and at least 125 injured in the wreck which occurred at the start of the famous Horseshoe Curve.

### Hit-Run Driver Causes Crash

Farms police are seeking a hit-run driver who forced a car off the road causing it to crash into a tree and pole and injured the driver.

John Wiedyk of 2002 Ridgmont, Grosse Pointe Woods, told the Farms police that while he was driving his Pontiac north on Moross road on February 14, a 1946 Dodge cut in front of him. He lost control of his car, which jumped the curb, careened off a pole and crashed into a tree.

Damage to the car was estimated at \$300. Three stitches were taken in John's head by Dr. H. E. O'Malley in Cottage Hospital. William Wiedyk and William Bundy, passengers riding with him, were not injured.

### Ring, Fur Coat Reported Stolen

Mrs. E. B. Henry of 17431 Mautee, reported to the police on February 10 that a number of articles have been missing from her home in recent days. She does not know the exact date at which they were taken, as their absence was discovered at different times.

Among the articles missing are a Hudson Bay Sable coat and a sapphire and ruby ring.

### Pointe Burglaries Solved by Roundup Of Youthful Gang

Pair Caught in Gatiot Yield Information Which Enables Police to Pick Up Seven Other Members of Group

The Jaekel home at 1255 Berkshire was burglarized sometime between Tuesday afternoon, Feb. 11, and the morning of Friday, February 14.

When the colored maid employed there returned Friday morning after an absence of several days she discovered the place had been ransacked. The family has been in Florida since Jan. 15.

The Park police were working on the case at great disadvantage when they learned of a couple of youngsters who had been arrested in Gatiot township on Saturday morning for robbery. Certain similarities in the technique practiced there and in the 1225 Berkshire case prompted Chief Louwers to dispatch Detectives Enders and Hough to interview the boys. They spent the best part of two days in grilling these youngsters, aged 17 and 16, with the result that they sweated out confessions from them of not only the Jaekel robbery, but also the one at the Evers home at 1023 Bishop road, ten days earlier.

They also confessed to Detective Trombly of the City to the robbery of the Nicastro home at 837 Notre Dame on Jan. 27.

The Detroit police have also been following up the lead with the result that they have also gathered in several more and solved ten or more robberies in Detroit.

Altogether seven had been gathered in up to Monday noon.

Practically all of the articles taken from the Jaekel and Evers homes in the Park have already been recovered. This was all recovered at the home of a boy named Monroe in Detroit. The boys are apparently operating in a well organized gang. There are three juveniles, i.e. under 16, in the gang. The ages of the others range from 17 to 20. One of the youngsters picked up had a .32 calibre automatic pistol in his possession when taken. He acknowledged that he had had it on his person in all of the robberies in which he had participated.

This is evidence of the deadly peril in which a householder stands when he suddenly encounters one of these young desperadoes in his premises.

All of them are now behind the bars in Detroit.

Later on in their numerous contacts with the members of the gang, the Park detectives gained the further confession that three members of this same gang attempted a burglary at the home of Mrs. E. H. Fenelon of 1304 Balfour road between 10 and 12 o'clock on Wednesday night, February 12.

They had rung the doorbell and although Mrs. Fenelon was

### Youthful Thugs All Toted Guns

In connection with the further grilling of the gang of juveniles and young men who were responsible for many robberies in nearby Detroit and five or six places in the Pointe, it has been learned that this same gang robbed a place on Notre Dame.

One of the youths who took part in this robbery says they were all armed there and it would have been "just too bad" if anybody had discovered them at that time. The police now feel that in all likelihood most of this gang of young desperadoes were armed in all of their robberies.

### Have Morons Raised Dues In Club for Lame-Brains?

The automobile radiator ornament collectors have apparently raised their sights and are gunning for bigger game. For some time this group of sadly misguided morons has been preying solely on the owners of 1946 Buicks.

Some demented delinquent of obvious juvenile rating discovered that when the circle portion of the Buick ornament was knocked loose from its moorings, it could be used for a bracelet. A club was formed and the membership grew large enough to be a sad commentary on the brain capacity of the younger generation.

### Station Head Requested to Give Report

Police Chiefs Will Also Meet with Township Board to Discuss Setup

The criticism of the Grosse Pointe Police radio service, which appeared in the report of the Michigan Municipal League to the village of Grosse Pointe Shores, and was enlarged upon by Shores Superintendent Thomas K. Jeffers in a report published in detail in last week's NEWS, has started action.

The Township Board, which administers the radio service, in the four villages constituting the township, discussed the matter at length at a special meeting Monday night.

The Board, while of the opinion that they are giving the township an excellent and efficient service, decided on its own responsibility to make a thorough examination of the present system and tell the taxpayers who pay the bill all about it.

Supervisor Carl Schweikart says that pursuant to this purpose the Board has called upon the superintendent and employees of the township broadcasting station on Vernier road to make a full and detailed report to the Board on all the equipment used and the functioning of the system, along with recommendations for its improvement. They have been told to make this report as quickly as possible, within two weeks time as the limit.

Prior to the receiving of this report however the Board wants to have a round table talk with the Chiefs of Police of the four participating villages, and hear their suggestions and criticisms. This meeting will be held on Friday afternoon, February 21, at 4:30 o'clock in the Township offices in the Park Municipal building on Jefferson avenue.

Although Grosse Pointe City is not a part of the township and maintains a police radio service of its own, Chief Trombly has been invited to sit in at this meeting.

The fact that the City maintains a separate police radio service which operates as a little police radio oasis entirely surrounded by the rest of the township, has been much criticized. The time lost and the relaying of police messages between it and the other Pointe police departments is generally condemned by all of the police throughout the Pointe.

It is reported that some political squabbles in the past resulted in this incongruous situation. It may be now that with a thorough re-examination of the local police radio, this will be straightened out.

In this connection Mr. Schweikart says that it will be only a short time until the Federal Communications Commission will insist upon all of the Pointe area having its police radio function in the same channel. When this happens the Federal authority will have quickly straightened out the matter.

### Garage Agitated By Bomb Scare

The employes at the Turner Buick garage at 15103 Kercheval were highly agitated Saturday morning by finding what they reported to the police was a bomb in a junk pile on the premises.

The police reported it was a discarded war head from what had once been a perfectly good shell.

One of the employes recalled its having been found some time ago in an old automobile that was brought in for repairs. For safety it was dropped by the police well out in the lake.

Parked Car Struck In Front of Market  
Farms police reported an accident in front of the Wrigley market on Mack avenue at 1:40 p. m. February 18.

A car driven by Harriet Jozefiak of 1175 Lochmoor road, ran into another one parked along the street. It was owned by Abel T. Speckmann of 2502 Alter road. Damage to the parked car was estimated at \$10 and to the other at \$30. Miss Jozefiak agreed to pay for repairs.

### Two Young Men About-Town Rescue Pal in Dire Straits

During the post war period AWVS members have been called upon to participate in all established community drives and therefore are acclimated once more to peacetime civilian needs. Each and every volunteer can see his own shadow making this history for Grosse Pointe Township. As women have joined hands for the big accomplishment in war—so are they better prepared to, and will join hands across the seas for an enduring world peace.

Drastic economic changes produced: the Consumers Division where trained leaders taught the women of the community their economic responsibilities of their purchasing power, and legislative demands of rationing and price ceilings, so vividly depicted in the gala wise saving for war needs, County Fair. The workshop for remodeling clothes and home furnishings, with practical demonstrations, became a Community rendezvous and developed the largest consumer participation of any like program in the country. Growing demands and expansion of volunteer needs resulted in New Headquarters, a double store spread, through the heat of World War II.

# Study Group Recommends War Memorial Be Created Within New Sales Library

### Resolution Adopted for Presentation to Board of Education; Committee Named to Meet With Educators

The Grosse Pointe War Memorial Study Group held a meeting Tuesday night, Feb. 18, at the Little Club. It was its first meeting since the announcement of the gift of the Murray Sales homestead at Jefferson and Lincoln to the Grosse Pointe School District, to be used as a public library and, according to the wishes of the donor but not specifically stipulated in the deed of gift, to be known as the Jessie Sales Memorial Library.

The Study Group had previously recommended that the Memorial should take the form of a public library. The gift to the school district with the proviso for its designation precluded this structure being known as a memorial library to the service men and women of the Pointe.

There was a lengthy discussion of the project in its new phases and the general consensus developed at the meeting was that a space should be set aside in the library building when it is being remodelled as a memorial to the men and women of Grosse Pointe who were in active service in World War II.

A resolution to this effect was adopted addressed to the Board of

Education which is now the controlling body of the property.

A committee composed of Alger Sheldon, Captain O'Brien and Herbert Micou was named to sit with the Board of Education in the consideration of the matter.

President Parcels of the School Board, who is also a member of the Memorial Study Group, thought that a meeting of the School Board could be arranged for Friday morning, February 21, for a preliminary discussion of the matter with this committee. He expressed the opinion as an individual but not, he made clear, for the School Board, that there would be general unanimity among the new owners of the property for the allocation of a part of its space for memorial purposes.

The opinion of the Study Group is that this room or rooms should be of unusual beauty, appropriate in every sense to the fine purpose which it serves.

One proposal which Captain O'Brien advanced some time ago, when the idea of erecting a new library building was being discussed, was that there should be portraits in oil of each one of the hundred or more Grosse Pointe men who gave their lives in the war displayed on the walls of a room within the structure. This thought will undoubtedly come under consideration again.

It will also be preserved the complete Honor Roll of the Pointe service men and women.

The Grosse Pointe Honor Roll Association, which is a perpetuating chartered organization will have a large voice in the disposition and arrangements of this memorial space.

## Driver Exonerated After Hitting Child

Mildred Erbecker, of 905 Whit-tier, while driving east on Warren near Haverhill on Tuesday afternoon, February 11, struck an eight year old child, Ellen Schutt, of 4845 Devonshire.

The child, who was going south across Warren, dashed into the street and ran into the side of the car. No improper driving was indicated and no ticket was issued.

The Schutt child suffered a lacerated head and was taken to Jennings Hospital in a police car. First aid was administered and the child was released to be returned home by the officer.

## Pranksters Foiled By Fickle Nature

Some youngsters who had a fine time during the holidays in upsetting four large urns containing miniature Christmas trees from the porch of the Emile Huber home at 1103 Berkshire, were balked by fickle nature on a return visit on Wednesday night, Feb. 12, between 11 and 12 p. m. Mr. Huber heard an unusual noise on his porch and went to investigate. A flock of busy youngsters high-tailed it out the lot. The thaw and freeze had done a thorough job of cementing the urns to the porch.

Youngblood's case when Speaker Joe Martin asked the young 14th District representative to occupy the chair.

Ceremonies were being held in the House commemorating the memory of Abraham Lincoln and the galleries were crowded as the capper young legislator from the Pointe's 14th District graced the chair.

Returning to his office after the unscheduled and unexpected honor, the congressman admitted privately that he was a bit flustered, and after making some check-ups decided that he was entitled to be a little excited as it is practically without precedent that a man who has only been in Congress a matter of six weeks occupies this high position.

# Few Ballot In Primary

### Election is Colorless With Incumbents Having Little Trouble

The Primary elections in the Pointe last Monday were colorless affairs. Only in the Township was there any semblance of contest and that not very serious for present incumbents.

Adolph Damman, present township treasurer running for reelection, was challenged by William Fritz. Damman got 1432 votes to Fritz' 186.

Henry Lavers, present township clerk had a slightly more serious challenge from Elmer Smith, who received 651 votes to Lavers' 1117.

Carl Schweikart had no opposition for Township Supervisor.

George Beauchamp and Don J. Goodrow captured the nominations for the two justices' offices to be filled this year, defeating Harry J. Lippman and Robert K. Zeleznik.

The Democrats did not put up any ticket in the township this year, leaving nomination equivalent to election.

The City had no primary election for municipal offices. These occur in the fall.

The Farms had no primary election. President Watkins is a candidate to succeed him as are Trustees Kirby and Connolly. Grylls is not a candidate for reelection.

There was no primary in the Park. There Ulrich, Gillett and Koenig, present Commissioners, are running to succeed themselves, as is Stamman for Clerk.

The Woods is the only Pointe municipality that has no primary election under any circumstances. Anyone can run who wants to and has until Friday, the 21st to file for the March 1 election. Thus far, Burgess, Marco and Rowe

# Mother Faces Kidnapping Accusation

### Charged With Taking Son to Cheyboogan from Home of His Legal Custodian

On Friday, February 7, the Park police received a phone message from Mrs. Stella Maurer of 1004 Balfour saying that a woman who was the mother of a 10-year-old boy who had been placed in her custody by the courts two years ago was at her house making a great disturbance. Officer P. Conlon was dispatched merely to see that there was no violent breach of the peace and without any intention of mixing in what had all the appearance of a red hot civil suit.

When he arrived there the woman had gone.

On Wednesday afternoon, February 12, the aftermath of the first visit to the Maurer home developed. The woman, whom Mrs. Maurer acknowledged was the mother of her charge, and whose name was Mable Bloink, had been seen talking to the boy while he was skating on Berkshire in the rear of the Maurer home. That was the last seen of the boy, and an alarm went out over the police teletype for the arrest and detention of the boy and woman.

Mrs. Maurer gave additional information about the case. The boy, whose name is William Bloink, is the son of a first cousin of hers, now deceased. The boy had been placed in her keeping by a court order for reasons best known to the court and family. She is a woman about 45 years old and had been previously married to another man, by whom she also had children. Ever since

the boy had been taken from her she had made persistent efforts to repossess him. This had led to many unhappy episodes.

On one occasion she had taken the boy, ostensibly to take him to a movie, and after getting him and three or four other boys downtown, left all of them stranded in a theater to get home as best they could.

Following the disappearance of the boy on the 12th, Mrs. Maurer swore out information for the arrest of the woman on a charge of kidnaping. Under Michigan law a child under 14 years of age who has been taken or enticed away from his legal residence, is classed as kidnaped.

Chief Louwers investigated the woman from the Detroit end and from information he picked up, came to the conclusion that she had fled with the child to the northern part of the state. He got in touch with the State police and Friday morning they picked Mrs. Bloink and the boy up in Cheyboogan, Mich.

Louwers sent Detective Enders and a police matron up to bring them back.

Detective Enders and the matron returned the same day with the woman and her boy from Cheyboogan. The boy was returned that same night to the custody of his legal home and the officers said he was tearful and apparently mighty glad to be back.

Mrs. Bloink had a hearing before Judge Joseph Belanger Monday night. She pleaded guilty to the technical kidnaping charge and was held in \$1,000 bail for appearance in Circuit Court.

## Enemies of Democracy

The hue and cry raised by the communists in this country that any attempt to suppress them is in violation of their guaranteed rights of free speech is pure tommyrot and smoke screen.

The rights of free speech were never intended to progress to the point of advocating the overthrow of this government, "by force, if necessary."

The idea of actually changing the form of our government was never advanced here during the hottest of our internal domestic arguments. It was not even tried during the civil war. That issue involved only the right of some of the states to secede and erect a separate sovereignty of their own under which they proposed to set up a similar democratic governmental structure, identical in form with that which they had abandoned.

The only difference between the northern and southern sections was that the latter denied equality to the Negro race, and for that matter has largely continued to do so to this day.

It remained for a country scarcely emerged from medievalism and totally ignorant of the democratic system to preach this new theory of social and economic regulation which so many pathetic dupes here have seized upon with all the avidity of the seeker for new and untried things.

There need be no squeamish qualms of conscience about threatening these folk with all the severity which treason ordinarily merits. They are trying to overthrow this government and substitute for it a rule by a single class.

They openly preach the very antithesis of democracy, and all who advocate its destruction, whether it be in screwball halls of learning or among ambitious politically-minded labor leaders should be treated with the same forthright severity that would be shown any public enemy. They are more than mere public enemies as we might speak of a Dillinger or a Capone. They are enemies of Democracy.

The right thinking people of Michigan, and they are the vast majority of the men and women of this state, are heart and soul with Governor Sigler in the program he has mapped out for himself in the suppression of this evilly guided or foolish minded group of individuals who would destroy the whole edifice of human dignity and common welfare that has been more than seven centuries in the building.

## The Arab's Claim

Britain's decision to drop the Palestine question into the lap of the United Nations seems the best way out for her in one of the most perplexing questions that has confronted her in her long experience as an administrator of alien peoples in far places.

Doubtless a mistake was made some years ago in the Balfour pledge to aid the Jews in their reestablishment as a sovereign state. The complexities of the situation in her world flung empire has stood in the way of this fulfillment. This has partly been due to the unwillingness of the Jews themselves to cooperate.

It is still hoped that a way may be found in the deliberations of the UNO that was not open to disposition by Britain alone. But the Jews will commend themselves to the good will of the world if they will abandon their present unconvincing lawlessness and violence.

On the bald statement of their prior rights in Palestine by reason of earlier occupancy they have a claim scarcely equal to that of the North American Indians to Manhattan Island. The Arab's tenure there, with the exception of a temporary hiatus under the Baldwins during the crusades, probably exceeds that of the Indians on Manhattan by many centuries.

There is a deal of hypocrisy in the attitude of other countries toward the Jews. Britain, America, France and all the colonial powers have vast areas in which the Jews could be accommodated without impinging on the cultures of other peoples. The Arabs too must live and if they choose to retain that which has been theirs for thirteen centuries, it is hard to raise a quarrel with them on that score.

## Flash of History

Forty nine years ago last Saturday night a flash came into the newspaper offices in the United States that the American battleship Maine had been blown up in Havana harbor. The flash said "more to follow" and by 11 o'clock that night the details of "the greatest tragedy that had ever befallen the merican navy in times of profound peace were pouring into the offices.

Captain Charles D. Sigsbee, with the prudence and calmness which has always characterized American naval officers in time of crisis, wired a message to the American people to "suspend judgment," but it was hard for the people to remain calm with 260 of their sons dead in Havana harbor.

Already the temper of the American people had been tried by the barbarities practiced on the defenseless Cubans by the Spanish Captain General of Cuba who had acquired the title of "Butcher" Weyer, by his inhuman concentration of men, women and children in his infamous stockades. The inmates of these camps were called reconcentrados. Those camps were the forerunners of the Dachaus of Germany.

An investigation of the explosion by a board of American naval officers established the fact that our battleship had been blown up by an external mine.

War followed in April 21. The Spaniards were defeated in every contact with the Americans; at El Cany and San Juan on land and at Manila Bay and Santiago on the sea. On August 12 Spain sued for peace and on December 10 the treaty was signed at Paris.

This event was the curtain raiser for our entry into the circle of world powers. In a very true sense the problems and perplexities that confront us today stem from that historic incident, trifling in its scope at that time, but tremendous in its effect on the subsequent course of history.

## Grosse-Exaggerations

A. PRYOR

"George Washington had thanks and naught beside, Except the all-cloudless glory (which few men's is), To free his Country."

(Lord Byron)

Kate Smith has let us down. She sang "Open the Door, Richard" on last Sunday night's program. We didn't think we'd live to see the day! Everyone on every program we heard Sunday either sang it or talked about it including Ronald Coleman. They tell us Lauritz Melchior sang it last week too. Today we saw an ad in one of the dailies, about peanuts in a jar. Uh-huh... the ad read, "Open the Jar, Richard." If we see it or hear it ONCE more, those four white-coated men with a straight-jacket might as well come to pick us up.

In one of the dailies that features a "congratulations to..." corner, picturing a man-about-town and a thumbnail sketch of his life, we were surprised last week to read about a Mr. Funk and his amazing life. The newspaper congratulated him on his forty-first birthday... then advised us that he had been doing such and such for the past five years... and that for 25 years before THAT, he managed a chain of theaters. Our weak-kneed arithmetic tells us he must have managed the theatres when he was eleven years old. Maybe that's what's wrong with some of them... the managers are too inexperienced.

If you've ever built a house or if you're planning on building a house or even if you're just dreaming about how nice it would be to build a house... be sure to read "Mr. Blandings Builds His Dream House." You may not roll on the floor over every paragraph... but if the chapter on Mrs. Blandings' choosing the colors for the walls in the house doesn't k-i-i-l you... nothing ever will. We especially liked her telling the little painter to send one of the workmen to the A and P for a pound of their best butter. THAT would give him the EXACT color she wanted on one of the bedroom walls!

It brought back to us (as it will to you), the time we told a decorator we wanted a "lime" colored rug. When he asked WHAT SHADE of lime... we looked at him as if we thought he should have taken up plumbing instead of decorating. Instead of arguing with us... smart man... he left abruptly and returned a half hour later with a bag of limes. Not TWO of the ten limes even resembled each other in color.

Just heard two different tales about Sugar Chile Robinson... But both of them run into a lot of dough. One: A local man got in touch with Sugar Chile's agent during the holidays, to see if he could get the dusky genius to play at a party he and his wife were giving for their Deb daughter. SURE... they could have Sugar Chile... for \$750.00 for ten minutes.

Another local man got the same idea about the same time. He also called the agent to "hire" Sugar Chile for a party. He sez he was told that Sugar Chile would play three selections... had to be home by midnight... and the cost would be \$1,000.00!!! We can see where he got the name "Sugar." Needless to say, neither of the localities hired the little man. (Note to the "boys" on the dailies: If you use this item you might give us a credit line for a change!)

That "nasty crack" above has been itching to come off this typewriter for a long time. We are not above purloining gags or things of interest to pass on to you in this column... things you may have missed reading elsewhere... BUT, we always add that "Bingay said"... or "Lyons writes"... or that we read such and such in Winchell's column or in the Readers Digest or some 1904 magazine we just thumbed through in a doctor's office. Not so with the boys downtown. The Monday after the News comes out each week... we almost inevitably find something in one of the dailies from our column. Coincidence... our eye!!

## The Governor's Club

Governor Sigler and his official family express great umbrage towards Mayor Jeffries for what they change are his pressure methods in fighting against the repeal of the sales tax amendment, upon which Detroit and all of the municipal subdivisions of the state lay such great store in meeting their urgent local financial problems.

Maybe the Mayor did overstep the ethical bounds somewhat, but what of our Governor's own little bludgeon in reminding the people of Detroit that it might become impossible for the State to relieve the city of its white elephant in Wayne University if he couldn't hang onto his sales tax. It may be true but it is argument touched off with a big brutal "A."

## Salute to the Police

The thanks of the people of the metropolitan Detroit area are due an efficient and courageous police. It is impossible to gather two and one half million people in a single area without occasional crimes of shocking nature, but mass crimes attempted by two or more agents are rare and recently conspicuously unsuccessful. Twice recently robbers have attempted daylight bank holdups and both were nipped in the bud by quick police action.

In our own little corner of the area here in Grosse Pointe we enjoy unusually efficient police protection. We have not had a major crime in this area of forty thousand persons in a long time. Day and night an efficient corps of seasoned and mature police officers patrol our region and do it so thoroughly that we have become largely off bounds for the criminal elements that infest the great community next door.

## A Lesson Learned the Hard Way

This country does not intend to repeat the mistakes it has with uniform consistency made in the past permitting its defense to become weak after every war. We did it after the Civil war when the strongest navy in the world was permitted to rot at its docks a few years after its end. We did it following World War I, when because it would be a nice gesture towards disarmament, we again scrapped the strongest navy in the world to please the friendly Japs.

It won't be done this time, not even to please the Russians. Happily we have at the helm in the State Department a man who had a most intimate and commanding role in the military dispositions in the last war. When Marshall and Eisenhower, ably seconded by our own Senator Vandenberg, who is our chief voice in the Senate on foreign affairs, are all insistent that we should keep our powder dry, there is some assurance that the mistakes of the past will not be repeated. Money spent for defense is the best insurance premium we can pay.

The recurrence of another great war within any appreciable period of time is utterly improbable, but peace will be more assured if the knowledge is world wide that this great power is ready to strike hard and fast if the need arises. It is the surest and cheapest road to lasting world peace, until satisfactory guarantees are exchanged assuring such peace.

Then and not until then, will we be ready to approach the general problem of world disarmament.

## New York Cavalcade

By LOUIS SOBOL

OLD HOME WEEK Hollywood—It was a bit of Old-Home-Week on the "Road to Rio" set at Paramount. All familiar and friendly faces, they were—and if a fellow wanted to—and there is always the temptation, he could brush his nails against his palm and murmur in semi-bored tones, "Shucks, I knew them when!"

There was Danny Dare, for instance, now the high and mighty producer of the picture and the "I knew him when..." phrase would go back to the jolly Hollywood Restaurant days when Danny was putting the dances together and hoping someday maybe he'd get a real Broadway show assignment.

There was Bob Hope and there was Bing Crosby in a palsy-walsy slap-stick bit... at each other's gags and throats in the picture, but the closest of the buddies away from the studio. Didn't I sit in a car with Bob the night before he was to head for Hollywood and some vague future? He had done all right for himself in vaudeville and in musical comedy... and now the pictures had come after him.

Crosby, the boy with the sleepy eyes, one of a singing trio with Paul Whiteman's band... there was a potent "remember when" in him. And here, now, is Dorothy Lamour... so many little personal memories with her. The discouragement in both New York and Hollywood. The borrowed evening gown on one occasion. The hope that the brief singing engagement in Sherman Billingsley's new saloon would give her the required push. The night I met her in the Clover Club in Hollywood... and she wasn't feeling too good and cheerful about her movie chances.

On the sidelines stood Mack Millar, now one of the more important Hollywood publicists... handling Hope and Cantor and Tony Martin and others. Mack hocked everything and with his few bucks, his pretty wife and a young son came out to the Coast... the year I was spending a few months there... and told me his plans. He was going to give himself two years to make good. He did.

Louis Shurr, the former glamour agent of Broadway, now the host and toast of the Romanoff set; Dave Franklin, wit and songwriter, whose New York habit is usually "Lindy's"; Norman McLeod, director of this picture... who spends every spare minute back in New York at 21 Club, along with his jolly wife, Bunny... the lady I wrote about some months ago who defied the tradition of McSorley's saloon, invaded the womanless precincts boldly... and was tossed out promptly, no questions asked and no apologies.

And Betty Hutton, not working this day, but on the set for a few personal reasons... the animated blonde who first attracted our columnist attention when she began wrecking Vincent Lopez's dignity at the old Casa Manana. Another doll who came out to Hollywood diffidently... who was certain the place was not for her... who once called this reporter from the coast, located him at the Stork, told him Hollywood was a dreary place... would she be making a mistake if she chucked it all and came back to N. Y.?

Now the Hutton queen is part and parcel of the Hollywood colony, happily married and one of the prettier mothers.

Let's see, where was I? O yes, the Old-Home-Week atmosphere, almost as if we were all back on Broadway. Except that these ladies and gents of very recent bygone days are now successful, opulent citizens of film-land, own their own homes and see their futures all tied up with Hollywood. New York has passed out of their lives forever... to hear them tell it.

The other day, I think I thrust in a pessimistic note to the effect that night club business was pretty much on the down grade. In all honesty, I must confess, it took a turn for the better shortly after, whether temporarily or not, I don't know. I drifted from Romanoff's to Chasen's, dropped in for a few minutes at Larue's and ended up at the Macombo. Crowds in all the places... and the Macombo was rocking with the tumult of the gathering clans.

Most of the gaiety-seeking movie colony seems to have decided to collect here on this night. I caught a glimpse of slim Judy Garland dancing with Peter Lawford. Joseph Pasternak was cutting up fancily with pretty Dorothy Darrall, his bride. L. B. Mayer came through with a rumba. Others forgoth were included Ginger Rogers and Jack Briggs, Marie McDonald (in a mighty daring and revealing gown—who has a better right?) Philip Reed, Deborah Kerr, Leatrice Joy, Don Loper with the beauteous Ruth Brady and Sandra Rambeau.

I can't remember a gayer night. It reminded me of almost every

night at El Morocco and the Stork!

There is renewed talk here of taking some of the producing activity to New York. They say the increasing costs here... the devastating jurisdictional strikes and other dismaying elements... encourage the proposed move. Most exterior shots are now made indoors, the sponsors of the On-to-New York movement point out... the best talent is easily available... and scattering the production activity this way might be the solution to the labor situation which Hollywood insists has gone completely out of hand.

at home she did not answer. This led the thieves to believe there was no one at home and they started operations by breaking into the rear of the house. According to their own confession a police scout car happened to come in sight at that moment, and fearing detection or that someone inside had phoned the police, they beat it out of the place.

The Gratiot, Park and Detroit police have already accounted for seven of the gang, of whom six are in the County Jail or the Detention home and one is a patient at present in a hospital. The police are on the hunt for four more who have been implicated by the confessions of those already in hand.

## Vitamins Always

By FRED M. KOPP, R.P.H.

We've always had vitamins, stored for our use by Nature's wise bounty. We received them naturally in our diet which in former days was more rugged, and in which only our appetite was our guide.

Our great concern to protect people from insanitary food, from danger defiling bacteria, led to a great refinement of our food, and the protective vitamins often disappeared along with the germs.

Now they are available again, in convenient form, restored to us by ethical pharmaceutical firms which have earned the respect and confidence of all physicians.

# Mary, Mary, quite contrary

by  
Mary Madison

"WASHINGTON IS A CITY OF BRILLIANT MEN AND THE DULL WIVES THEY MARRIED WHEN THEY WERE YOUNG AND PRETTY."  
Justice Oliver Wendell Holmes.

Washington, D. C.  
February 13, 1947.

Dear Mary Quite Contrary,

Well, here we are in Zoom Town after a forty-eight hour trip by plane up from Rio Janiero—with time out at Palm Beach at Kitty's new villa near the old Stotesbury estate—which is incidentally for sale. And that shows you what's happening to Palm Beach, pet, when the most sacred white elephant in the colony is just being tossed on the open market. Anyway, Kitty's villa is really sensational in a nice way. They haven't named it yet and Hal suggested they just call their priceless pile of white stone and tile THE WHITE CASTLE, after the Hamburger Stands.

It was Hal and his passion for work that jerked us back from Rio so soon. It seems he had some call from The Embassy and had to report last week. I don't even know what, because it's in his diplomatic pouch and that's one thing I can't go through. I have opened his telegrams, his bank statements, his corny love letters from that love sister because I knew 'em when and how! The big word down there this season is "the international set." It hasn't quite jelled yet so it isn't really a set, that is until the Soviets arrive. (And incident-

ally, dear, did you know those Communist Cuties still have the largest diamonds and rubies and what nots that they snatched when they shot the Romanoffs off the throne—the Orloff diamond weighs one hundred and ninety-four carats, and I'm busting to see it on Stalin's shirt front as a stud). Hal calls Stalin the "Gremelin in the Kremlin," and I think that's rather jolly, don't you?

Well, the "international set" is naturally entranced with the Duke of Windsor and the Duchess who's Gone-With-the-Windsor. I met them at the great big jumbo dinner dance given for them by the Robert Youngs, who are friends of Kitty's. But I had more fun watching them a few days later at The Everglades—His Royal Highness was loafing in a blue sweater with red lobsters on it while Wallis looked like a middle-aged model for Mainbocher. They carry those Cairn terriers with them everywhere... A pity those dogs can't learn to dance together and they'd make the balls.

From your town, the distinguished Hugh Killman arrived to pontificate and to take up his post of president of the dear old Everglades Club for his thirtieth year. You're not old enough to remember when Hugh played the romantic artist in "DADDY'S-GONE-A-HUNTING" with his wife, Marjorie Rameau, on Broadway. He was such a charmer then and he is still one of the most aristocratic looking men in the colony.

As for Washington, dear, maybe Washington himself slept here but no one ELSE ever does. Such party pitching this year! And you'll never guess who is the town's biggest party pitcher, none other than Perle Mesta, yes Perle! (Evalyn Walsh McLean is

## To Wed Pointer

MISS ELLEN CHERUBINI, daughter of the Rev. and Mrs. Frank Cherubini of Schenectady, N. Y., bride-elect of Thomas E. Riching, Jr., son of Mr. and Mrs. Thomas E. Riching of Nottingham road, Grosse Pointe Park. Miss Cherubini is a former resident of Detroit. She attended Wayne University. Her fiance is now studying at Babson Institute in Wellesley Hills, Mass. No date has been set for the wedding.

in mourning now since the tragic death of her beautiful young daughter, Senator Bob Reynolds's wife). So Perle is queen for a season, and it is she who gave the fanciest ball for the Secretary of War's daughter, Aileen Patterson, the prattiest child to hop out this year.

Has your sense of rumor caught up with the current Washington romance—that of Kathy Harriman and that marvelous looking man—young Stanley Mortimer, who was wed to one of your precious Cushing belles—Barbara, wasn't it—the sister of Mrs. Jock Whitney and Mrs. Vincent Astor. Is Barbara still on VOGUE? Stanley's current belle, alby, has been working on NEWSWEEK right up the street from his headquarters on Wall Street. Seems Stanley likes girls smart in the head as well as smart on the hoof. Anyway, Kathleen is going to make a mighty pet little Wall St. Flower.

Your little old pal from the theatre, Eleanor Martin is making lots of loot here in Washington, not acting but painting portraits of the professional portrait artists. You remember I always said Eleanor acted like an hysterical high school girl. Now we may surmise it was all because she wanted to get back to those rugged sketches she was making backstage.

Spring is rushing to everyone's heads early here—especially in the gals' hat. The real prize so far is the CHAPEAU we all applauded on the beautiful Mrs. Burdette Fitch. A sort of wide-brimmed affair, it is, with aigrette feathers shooting out on

## 125 Entertained By Janet Ellis

The proximity of Valentine's Day to last Saturday served as sufficient reason for Janet Ellis's cocktail party that evening for 125 friends, mainly Grosse Pointe High School former classmates. Decorations were red and white, to honor the occasion, and Janet received her guests at her Harvard road home wearing an aqua frock.

Phil Mesmer was named host for the party and George Brooks was official punch-server.

Some of the young people on hand were Stan Mumford and Betty Wollinzi, Joann Squire and Johnny McMahon, Pat Robinson and Doug Moran, June Frame, Helen Skuse, Marge Tiedeck, Bob Burch, Bette Cowan, Ed McPhee, Dick Taylor, Bob Mesmer, Ted Templeton and Cort Larned.

Gathered about the piano for renditions of the "Alma Mater" songs were Marge Granfee, Jim Ryan, Frank Mumford, Mayraen Schmidt, Sid Efronson, Jack Porter, Jack Drew, Bus Pinkston, Rosemary Schroeder and the DeSpalder twins, Bob and Dick.

In from Olivet college for the party were Jack Stocker, Warren Pickett, Marilyn Jones and her brothers, Komp and Bob.

The newly organized evening group will meet in the home of Mrs. Anthony W. Colett, 1047 Hampton road. Mrs. Francis H. Brown, 1007 Yorkshire road, is program chairman for the meeting. Mrs. Virgil L. Walling, 327 Kerby road, is chairman of the group, and will preside at the business meeting.

The afternoon group convenes at 1 o'clock, and the evening group at 8 p. m.

Enough of this abacadabra, Mary. I hear Max Wylie is headed for your town with his new show, what's the name of it now? I do think that of all the wondrous Wylie family, Max is a genuine genius, so will you give him my best and tell him I hope it runs forever when it hits Broadway.

# Society News Gathered from All of the Pointes

## From Another Pointe of View

by  
Jane Schermerhorna

The "young'ns continued to make news at the Pointe this week . . .

The Valentine holiday seeming to have inspired all manner of romantic news . . .

With two great big engagements to start things off . . . First there was the engagement announced by Mr. and Mrs. Charles A. Dean Jr. of Ridge road . . . Of their daughter . . . Cynthia . . . and David Neil O'Day, of St. Louis, son of the late Mr. and Mrs. Neil O'Day . . .

### SON'S BIRTHDAY

The young set learned this nice news . . . Monday evening . . . When they attended a cocktail party the Deans gave to honor son, Charles III, on his birthday . . . Gold and white ranunculus . . . daffodils . . . and snowy primroses were used to make the rooms of the Dean home more festive . . .

And in the foyer . . . dwarfed orange trees and more white primroses were banked . . .

### CYNTHIA DEAN ENGAGED

The lovely engaged girl . . . (and to make it all just a bit more special there was the presence of Mr. O'Day, too!) . . . Chose a frock of Winter white gabardine for the party . . . it was smart with gold belt and gold accessories . . . Cynthia attended Grosse Pointe Country Day School . . . and the Baldwin School at Bryn Mawr . . . She's a Tau Beta and a member of the Junior League . . .

### FIANCE MEMBER OF AIR FORCE

Mr. O'Day attended St. Louis Country Day School . . . and the University of Missouri . . . During World War II, he served three years with the USAAF, most of which time was spent in the European Theater . . . The wedding will be an event of June (and HOW CROWDED the June calendar is becoming with important Detroit weddings!) . . .

Cynthia has just returned from a long visit in Palm Beach, Fla. at the "Winter residence of her fiance's uncle and aunt, Mr. and Mrs. John O'Day of Richmond, Va. . . . And Mr. O'Day has just arrived for an extended visit with Cynthia and the Deans . . .

### MARY MATEER TO MARRY APRIL 19

It's on April 19 that the wedding bells of Christ Church Chapel, Grosse Pointe, will ring out for Mary Mateer, daughter of Dr. and Mrs. John Mateer of Maumee . . . Not April 4 as erroneously printed previously . . . Christ Church has no weddings during Lent.

Mary will become the bride of William Randall, son of Mr. and Mrs. Blanchard Randall of Baltimore, Md. . . . At the moment . . . pretty Mary is in Baltimore visiting Bill and his family . . .

And, incidentally, doing some apartment hunting . . . for they'll make their home in Baltimore following their marriage.

### HONOR ATTENDANTS

Mrs. Stuart Davidson of Boston . . . will be matron of honor. (She and the bride-elect were classmates at Chatham Hall in Chatham, Va.) . . .

And Mr. Davidson will act as Mr. Randall's best man . . . The complete wedding party will be announced when Mary returns from her Baltimore visit . . . in early March . . .

### RUSSELL A. ALGER IV ENGAGED

In the East last week-end . . . Mr. and Mrs. Malcolm Norman Fay of New York City . . . Announced the engagement of their daughter . . . Nancy Hull Fay . . .

To Russell A. Alger IV, son of Mr. and Mrs. Russell A. Alger Jr., of Palmdale Plantation, Ga., and formerly of Grosse Pointe . . . Russell IV was "just a little boy" . . . when he and his parents left several years ago . . .

To make their home in Georgia . . . But during World War II . . . the "just a little boy" . . . was one of those who served in the armed forces of his country. He was in the USAAF . . .

HERMAN SCARNEY, on junior gardens.

A relaxing 'tween-semester vacation was not in the books for Cornell freshman KITTY CAREY, daughter of the MATTHEW CAREYS of University place. As soon as the last class bell rang, Kitty was off for Haverford, Pa., and a few days there with her roommate, LIBBY SEVERINGHAUS. Next stop was Bryn Mawr, and a visit with CYNTHIA LOVEJOY. And last week-end was spent alternately skiing and dancing at the Dartmouth Winter Carnival, with two Princeton escorts from Haverford.

Gardening seems to be much in the Pointe mind these days. MRS. ARTHUR D. SUTHERLAND invited the Pointe Garden Club to meet at her Oxford road home on Monday, to hear a talk on flower arrangement given by GEORGE S. TALBERT. Assisting her were MRS. ALBERT D. LAW, MRS. C. BAYARD JOHNSON, MRS. HENRY A. BOKRAM and MRS. PHILIP K. WATSON.

DR. AND MRS. WILLIAM NEWTON MOFFETT of Harvard road are in Tucson, Ariz., by now, having left for there on Saturday. They planned to join their son-in-law and daughter, the JOHN F. The senior Lackeys will join him there in a few days, and together they'll drive down to Miami; from there they will fly to Cuba and a Havana stay. After their return, the family will go to Palm Beach and Clearwater, for a month.

Very few skis were standing idle in Pointe homes last week-end. Most of them, it appears, were at Otsego Ski Club, Gaylord, and vicinity. Among Pointers doing slaloms and christies on the northern slopes were MR. AND MRS. JAMES W. LEE II, MR. AND MRS. C. THORNE MURPHY, the MORTIMER NEFFS, the ROBERT HATCHES, MR. AND MRS. LEWIS ROBINSON and MRS. DAVID WAL-LACE.

## Sara Hickey Married To Michael O'Donnell

Bride's Uncle, Rt. Rev. Msgr. Edward J. Hickey Presides at Ceremony in St. Paul's on Lake Shore Road

Lovely Sara Read Hickey became Mrs. Michael Peter O'Donnell on Saturday morning in a ceremony in St. Paul's-on-the-Lake. Her uncle, the Rt. Rev. Msgr. Edward J. Hickey, officiated.

The bride is the daughter of Mr. and Mrs. Joseph Lincoln Hickey of Edgemont Park and Michael is the son of the Michael E. O'Donnells of Merriweather road.

For her wedding, Sally wore a 100-year-old Carrick Macross lace veil, brought by her mother's forbears from Ireland. She was the fifteenth bride in the family to use the veil.

Her white satin gown was fashioned on simple lines, with a sweetheart neckline and long sleeves. The full-length veil fell from a small band beyond the cathedral train. Sally's bouquet was of calla lilies.

Maid of honor Eileen Hickey, Sally's sister, was gowned in pink moire, with which she wore a wide-brimmed, pleated matching hat. She carried a shower bouquet of spring flowers.

Bridesmaids were in aqua moire. They included Mary Frances Pez, Jean McLoughlin of New Rochelle, N. Y.; Madeline Hurley and Isabelle Casgrain. Edward J. Hickey, brother of the bride, was Michael's best man and David Roney, John Anhut, James Weckler, Joseph L. Hickey

Jr. and James Byrnes acted as ushers. Sally's mother chose a gown of goddess green crepe, with silver-trimmed green lace bodice. Her hat was fuchsia, trimmed with green, and her corsage was fuchsia orchids.

Mrs. O'Donnell's dress was black crepe, with a peplum trimmed in sequins, with which she wore a pink hat. Her corsage was camellias.

The reception was held at the Hickey home. Afterwards the young couple left for a Florida wedding trip. The bride's traveling costume was a brown and green plaid suit and Kelly green coat and hat. Accessories were brown.

When they return from the tropics, Sally and Michael will move into the senior O'Donnells' home. Michael's parents are moving to Chicago.

### PERSONAL APPEARANCES

After reading A. Pryor's comments on "the sameness of colors in men and women's clothing and the tiredness of the adjectives used to describe them" we ditto a hearty "yea Brother"—In this column we have used every polite adjective known, to describe attractive costumes of Grosse Pointers and all we can hope is that you aren't as tired of the adjectives as we are! So here we go again—it's a vicious cycle as far as we are concerned.

Saw SALLY WADSWORTH playing "peek a boo" in the prettiest black crepe P.M. dress—the bodice was of the palest pink covered with black lace, and with it she wore a black net hat trimmed with pink bows. And was it pretty!

NAN FORD looked deviously slim in a royal blue ribbed taffeta gown, the blue of which could not outshine her dancing eyes. Nan has that American, freshly scrubbed look, which alone should make us the envy of all the nations.

BARB HENRY makes an attractive ad for Scotland in that red plaid woolen dress. The narrow navy blue check in the plaid is echoed in the small off-the-face navy felt perched on her head, and the red ornament with which it is decorated adds a good touch.

When Gene Tunney met Victor Waddington, the Irish art dealer, who had just arrived from Dublin, he listened to him speak and then said: "Your accent isn't Irish... It's British..." "If you ever meet a man and he speaks English properly," replied Waddington, "that man is Irish."

Alan Moorhead was a roving correspondent for Lord Beaverbrook's paper, the London Daily Express, during the war. He was in the desert during the period when Rommel was driving across Africa almost to Alexandria. The editor of the Express cabled to the correspondent, asking whether he thought the Egyptians would offer resistance to Rommel's Nazis in the event that Alexandria fell, and for Moorhead to send a one thousand word story on this... Moorehead cabled in reply: "No, No, A Thousand Times No."

## Pointers of Interest

MRS. WALTER MEIER OF BERKSHIRE ROAD

By OLIVE H. LARNED

One would never be in doubt as to Mrs. Meier's French background, even without her enchanting accent, should they view her oil painting aptly named "Cocktail." It has such a definite "Renoiresque" interpretation that you feel only the French could create in such a manner. This picture has received very favorable comment from many art critics.

Mrs. Meier was born and brought up in Rouen, France, a city of art treasures, and as her family was intensely interested in art it was natural that she would be educated to an appreciation of it. But even as a small child, before she had the advantage of study with private tutors and of attending the Beaux Arts School, she was aware of color, and loved it, as the following story shows.

At the windows of her nursery were chintz curtains which were pulled together at night. When the sun shone through the floral pattern in the daylight, the curtain became a veritable "kaleidoscope" of color for the child, and she would watch it entranced for hours, hoping that her nurse would not discover that she was awake and come to destroy the pattern by drawing back the curtains.

After her marriage to Mr. Meier, an American architect, they often toured France, making sketches wherever they sojournd. In 1921 they came to Detroit to live. For some years Mrs. Meier was busy with her family and social interests, but after her husband's death she began her study of painting in

earnest and in 1932 worked with Iris Miller, the well known Detroit artist, during the summer. In the fall she went to Philadelphia to live, and attended classes at the Pennsylvania Academy of Fine Arts. Every other summer she went to Europe and studied at different academies in Paris.

The war prevented these trips, needless to say, and so the last five years Mrs. Meier has spent her summers at Rockport, Massachusetts, where she has studied landscapes with the famous Aldro Hibbard. Her primary interest is in portraiture, but she felt that this training would be beneficial. In the winter she has taught an adult class in still life in oil on Monday evenings at the Grosse Pointe High School; and on Friday mornings at Alger House, for a group of the American Association of University Women.

Mrs. Meier is a former president of the Grosse Pointe Artists Association and has exhibited often in their shows; also at the Michigan Academy of Arts, Sciences, and Letters in Ann Arbor. Her portraits have been shown at the North Shore Art Association of East Gloucester, and at

Rockport, Massachusetts. Other shows in which she has exhibited include the Women Painters and Sculptors at the Scarab Club and the Michigan Artists at the Detroit Institute of Arts.

Mrs. Meier works mostly in oil and occasionally pastels, and she says that she studies faces wherever she goes, even to the extent sometimes of being considered rude by her absorption, which is misinterpreted as staring. She found her best model, a Russian girl, on a streetcar, by employing this method.

Some of Mrs. Meier's portraits of particular Pointe interest include a fine likeness of the Reverend Merrill Otis Bates, an interesting study of Miss Mary Hammer, and an unusually charming portrayal of Mrs. Edward Posseluis, Junior, in her debut gown, when she was Miss Priscilla Zeder.

A charming portrait of Mrs. Meier's pretty daughter in a light gown with a garden background makes one literally "feel" summer and when I felt it in the midst of one of our cold and blustery days, you may have an idea of Mrs. Meier's artistic ability and know that Grosse Pointe is indeed fortunate in having this bit of France.

A soft answer may turn away wrath but no answer turns wrath into fury.

## Salt Over Our Shoulders

By Barb Beranek and Mary Londos

### Dear Mary:

Here's hoping that you have a strong will in keeping that diet of yours after all this—or maybe you'll never want to eat again. The whole thing is that one of the dorm doings that you can run into practically any night is the "spread"—or in common everyday extra-collegiate language—snacking in great quantity as the evening wears on.

The favorite or most common item is, of course, crackers and cheese. I rather imagine that East Lansing merchants do a large business in crackers and cheese.

The idea is that around 10 or 10:30 in the evening when studying has just become a mass of meaningless words—a couple of the gals from next door and down the hall bring what they've got and come along to munch a few crackers, sip perhaps a cup of tea or hot chocolate, and compare notes on more than one item of business.

Of course, there are always variations on the theme. You might be able to draft someone to go downstairs and get a few cokes for the gang or maybe there are some olives or pickles to add a little zest of flavor.

Then there are the extra scrumptious spreads where you find that you are able to make yourself a tasty sandwich. Peanut butter and cold meats that aren't highly perishable are favorites.

On special occasions such as birthdays, cake and ice cream or sundae are sometimes to be had. That's a lot of fun because, of course, it's supposed to be a surprise. The surprise is sometimes on someone else when the person to be honored has done disappeared. It's something like the other night when we had such occasion planned and

then met the gal as she was going down the stairs on her way to the library. Ah, the art of persuasion.

That's part of the fun though—not knowing what's going to happen or wondering whether the house mother is going to wander in and discover that there are more gals in the room than the legal limit would allow.

It's wonderful to try and figure out a new angle that no one you know of has tried before. There certainly is a lot of room for novelty and ideas.

Another idea is that of Sunday breakfast—or should I say brunch? Seems as how 8 o'clock is the only hour at which dorm breakfasts are served. Sure, and it's not myself that you'd see dressing to dine at that ghastly hour on a Sunday. Rather 'tis struggle enough to rise by 10. But as in all things, if there's enough fun in it—it can be done.

For example, a couple of Sundays ago, due to the fact that we had a guest for the week-end, we felt that the least we could do was serve her breakfast. Now it seems as how there is a small room down the hall from us called the "kitchenette." And this small room holds beside a sink—a small two burner cooker. Ah, for ingenuity! It came and we found ourselves presenting the honored guest grapefruit, scram-

### GARD FLAYER

You DUMB CLUCK with your DUMB LUCK. You never will go broke—You're both so DUMB, and LUCKY.

Everybody hopes you choke. (Comic Valentine) It cost the supposedly anonymous sender of this bit of valentine verse just ten hard earned dollars to learn that poker played by an ex-marine, who learned his cards in Alaska, the home of stud poker, is far superior to the poker played by an ex-sailor, who did all his penny ante on board ship. Next time matey don't try calling on an inside straight bluff.

### DRINKS . . . MOSTLY OLD

A reader reports that the custom of putting a sword in a drink, (as mentioned in this column), has its comparison in Wisconsin, where the Swedes from the old country, still carrying on their custom brought over from the other side, by putting a poker heated in the fireplace in their ale. This mulches the brew. I never heard of this myself, but I have had mulched ale at McSorley's Famous Saloon for Men Only, just off Third Ave., New York City. Here they draw the cold ale into hot mugs which adds a zestful flavor to the drink.

### Backwards

A lady subscriber writes with much concern that she saw a man driving down Kercheval in one of those glass backwards cars with his eye glasses on the back of his head. There is no cause for alarm, madam. The man no doubt was a descendant of the "wiffle bird," who flies backwards to see where he has been.

### A Fish Story

I will need support on the following, gentle readers, for when I told this recently at a cocktail party the host cut off my drinks for the rest of the evening and I would appreciate a little backing. The winter was 1938, which was the year of the "BIG FREEZE" in Florida. I kept going south to get warm . . . Palm Beach, Fort Lauderdale, Miami. At last I reached Key West and could go no further without jumping off. The night after I got there the "freeze" hit with a sudden drop in temperature and high winds. The tomato and citrus crops were ruined, but what startled me most was that the beach native Key Westians were busily occupied in filling baskets with tropical fish that had been tossed on the beach frozen stiff. Remember, I wasn't at a cocktail party when I saw it happen.

### BIG OAKS

Don Schilling and Harry Estling, a pair of ex-G.I.'s, are moving their Hayden House into new and bigger quarters in the new imposing edifice at St. Clair and Kercheval the last of this month.

### Nostalgia

I called the home of a friend the other day and the six year old daughter answered. "Gee, Uncle Dick," the tyke chirped, "Mommie's gone to the store and Jackie's here." A little kidding brought out the startling fact that Jackie had kissed her. "But it's all right, Uncle Dick, he said he's going to marry me" . . . and it seems like only yesterday when I bashfully slipped the mother a sly kiss when our respective parents left the room.

### Big Wind

Why all the publicity about Task Force Frigid and Task Force Williwaw now being conducted by the Army? I, like a million or so other fellows, did a little time there during the war and were glad to get back to civilization. If the brass want to know anything they could save a lot of money by asking a few of us who were there how the wind picks up 2 x 6 planks like a kite and drives them through buildings and quonset huts, or how the cups of the anemeter, or wind vane, are torn off when the wind reaches 120 miles an hour. But I'd better stop now before I get started beating my gums again.

### French Conversation Course Offered Adults

Madame Louise Bertrand will be the instructor for this class. Born in Paris and educated at the Corbonne and the College de France, Madame Bertrand also spent several years in Oxford, England attending lecture classes in French and English literature and at the same time was on the regular staff of the University as a tutor in French.

## Pointe Counter Points

by OLIVE H. LARNED

The good neighbor policy is in full effect at Alexander Girard's interesting new quarters on Fisher Road near St. Paul. Until March 15, you may view a fascinating Pan American exhibit which includes much for the "small fry" and the grown-ups. If you haven't an eye for color you will have after seeing these enchanting offerings. All of the textiles are hand-woven and include amusing helmets and mittens for sports wear by all ages, adorable "young" sweaters with entertaining designs, a stunning 3/4 length coat, decorated with brilliant colors—could be worn with a long skirt or dinner trousers. Whichever way you'd be a love in the "Souz American" way. The Peruvian rugs could be used in any room, as they combine all colors in gay patterns, and would make interesting bedspreads too. Llama fur rugs are a terrible temptation to go barefoot! There are materials in solid colors suitable for furniture covers and guaranteed to bring color into your life. The Mexicans have used palm leaves and straw in many unusual ways, for instance—large round trays which would also make smart terrace tables, bread baskets, table-mats, waste baskets, shoulder bags and beguiling dolls. For a variety of uses there are pottery bowls for 75 cents and gourds which are painted in lovely colors and lacquered; some resembling fruit, to make an interesting table decoration, and others make delightful jars. There are many more "things" you'll want to see at GIRARD'S. Don't put it off 'til manana!

If you have "rings on your fingers and bells on your toes" you may have music wherever you go, but if you haven't you had best go to GRINNELL BROTHERS BRANCH store on Warren near Outer Drive. There you will find sheet music, pianos, Hammond organs, band instruments, the largest assortment of records on the East side, appliances and radios. What no television? Certainly, just as soon as WWJ has it, GRINNELL'S will, and Mr. Lee Symons, the manager, will be happy to arrange for you to have it.

S'prize—S'prize—S'prize—PEPPETS' is having a treasure hunt and you may find the prizes in their window for a short time—50% off. Sometimes treasure hunts do not end well, but that could never be the case here, as everyone knows how lovely everything is at PEPPETS—Hurry—Hurry—Hurry—Now's your chance to have some treasures at half price. Isn't it a lovely idea?

For brides only—or for bridesmaids—a beautiful gift book of candid photographs of the wedding taken by PAUL GACH—as a gift from the bride to the bridesmaids, it will keep "your day" their day forever—as a joint bridesmaids gift to the bride it will keep "her day" and your thought for her—forever. Looking at it practically—there is no Federal tax to be considered and the shopping hours spent in "looking" may be eliminated. Think of the pleasure you and your friends will have in looking over this permanent record of "the day." For further details call PAUL GACH—Tuxedo 1-0500.

PETER PAN Shoe Department knows of a wonderful way to save money. They are offering "Casuals" by Desco, formerly \$4.75 to \$8.95 now \$2.49 to \$4.95—they are of black suede and very smart looking. The "Ballet" looks like a ballet slipper but has a practical wedge heel and may be had for \$2.49—think of it, why you couldn't even see a ballet for one performance at that price and these will perform for you daily. The "Walker" of black leather, makes exercising a pleasure. For dressier wear, there's a black suede model with gold discs in the semi-platform sole—a gold standard worth considering and also gold and silver metallic cloth ballets for evening wear. PETER PAN Shoe Department knows of a wonderful way to save money, and now so do you.

As one nut to another—you should see the nuts at HAWTHORNE HOUSE. Why, my Dear, I wouldn't be that rude—I mean the chocolate covered nuts. They are the yummiest looking and tasting chocolates you'll ever be tempted by. Brazil-pistachio-walnuts-pecans and almonds are all travelling incognito encased in rich dark chocolate. If you're not the nutty type, (too bad, we have such fun), you'll go for the creams and macaroons hiding in their chocolate coverings. While on the subject, let me remind you of the delectable Easter eggs, HAWTHORNE HOUSE has, to add to their fame, and to make you, never forget their name! (With apologies to Bob Hope.)

### Prominent Pointers Push Parenthood League Drive

Mrs. Gilbert Whelden, Captain of Zone 30 during the fund raising campaign by the Detroit League for Planned Parenthood has announced sub-captains working with her in the Grosse Pointe area. The list includes Mrs. Fred Hughes, Mrs. Leigh B. Middle-ditch, Mrs. Arnold F. Malow, Mrs. F. H. Glazbrook, Mrs. Clyde Adams, Mrs. Crawford Frost, Mrs. Philip VanZile, and Mrs. Simon DenUyl. A mass mailing by the League, which is seeking \$100,000 to expand its services, preceded the work these and many other volunteers are doing.

"Ours is a telephone solicitation

job," explained Mrs. Whelden, "and we are calling approximately 2,500 people who have already been introduced to Planned Parenthood and its program through the literature recently mailed from campaign headquarters."

Mrs. Entory M. Ford, co-chairman of the Fund Raising Committee, announced that while the campaign is only one week old, 10 percent of the goal has already been raised.

Mrs. Barnes, II, is the former Priscilla Coan of Melrose, Mass.

### Model of Home for Governor at State Capital

Modern as Michigan is the above scale model of the proposed permanent residence at Lansing for the Governor of Michigan, as approved by the State Board of Auditors. The model is complete, even to miniature furniture and pictures on the wall. Alden B. Dow of Midland, the architect, is world famous for his modern functional style of buildings. The home will combine residential and business needs of Michigan's governor and his family with provisions for state receptions, lodging of visiting dignitaries, offices for the governor and a secretary, an apartment for the governor's bodyguard and family, rooms for servants and other accommodations. According to Governor Kim Sigler, no immediate construction is planned in view of the state's financial problem and the lack of veterans' housing.

### Elaborate Student Guidance System Operated by School

By BOB FOSMOE  
Grosse Pointe High School  
Student Journalist

Every high school student at some time or another will find himself faced with some problem that neither he nor his parents seem able to solve satisfactorily. For such matters Grosse Pointe High School is prepared to give whatever assistance possible. Students may obtain advice on all problems, educational or personal.

Suppose, for example, that Johnny Jones, a typical student, meets with a situation which he thinks needs the advice and assistance of someone outside of his own immediate family. He may turn for help to any one of the staff of guidance personnel employed in the high school, but in all probabilities he will first go to the one he knows best—his homeroom teacher.

keeps a record of every graduate and will help students in every way possible after they leave school.

In addition to these persons who actually are part of the guidance staff, Johnny is always free to ask the advice of any teacher when it is needed. Every teacher is available for advice on special problems.

With this complete guidance program the school is prepared to give assistance to Johnny in meeting with nearly any situation he might meet in his school life or even after he graduates. He will find that the guidance personnel at Grosse Pointe High School are always willing to give whatever aid possible on all problems that he might bring to them.

#### Scouts to Swim At High School

Come on Girl Scouts! Here's your chance to learn, or brush up on swimming before warm weather, which actually is not far off. Mrs. Hazel Chateau will teach you how. Non-swimmers are included in this program. You must be a Girl Scout, 10 years old, or older, to be eligible. The course will last 10 weeks, beginning February 25. Meeting place: High School pool. Registration fee: \$2.00.

Schedule: Non-swimmers and beginners must be ready for the pool at 6:30 p. m. Intermediates: Ready for the pool at 7:10 p. m. Life Saving Class will continue on the same basis as before.

Important! Physical examination: Those girls who filed an examination card with us in the fall of 1946 need not file a second card. Girls registering for the first time must file a Girl Scout physical examination card signed by a doctor. If the girl has a physical examination for the current school year on file in her school, she may have the card signed by the school nurse or office girl, stating this and giving the doctor's full name and telephone number. Religion is no excuse for not having a card on file.

It is desirable that girls bring cards at time of registration. Should she not have it, she may register and swim enough to be assigned to a class, and present the card at the second period. Cards may be obtained from Scout Leaders, or at the pool on February 25.

Make our freedom something everyone will want to join in and no one will want to take it away.

## Marilyn Smith to Become Bride in Saturday Wedding

In a simple ceremony at her parents' home in Berkshire road, Marilyn Smith will become the bride of Arthur H. Engstrom at noon on Saturday. Dr. Frank Pitt will conduct the double-ring rites.

Marilyn is the daughter of Mr. and Mrs. E. Quimby Smith, and Arthur is the son of Mrs. A. T. Erickson of Duluth, Minn.

For her wedding, Marilyn plans to wear a light beige suit with a flower-crowned powder blue hat and powder blue accessories. Her corsage will be of white gardenias.

The bride will be unattended, and only members of the immediate families are to be present. Marilyn's three brothers, E. Quimby Jr., Roger and Walter, are coming in from Ann Arbor for the wedding.

Mrs. Smith will wear a light gray crepe gown with a black tulle hat and black accessories for her daughter's wedding. Her flowers will be camellias.

Mrs. Erickson's dress will be powder blue and she will wear a matching hat with it. She also will pin a camellia corsage to her shoulder.

A wedding breakfast at the Detroit Boat Club will follow the ceremony. The young couple will live at the Whittier.

Marilyn is a graduate of Ohio State University, where she was a Kappa Delta. Arthur was graduated from the University of Southern California.

## Formulate Plans For Flower Show

When there is talk of flower shows and exhibits from various garden clubs—spring is on the way once more. At the Michigan Horticultural Society's spring show starting March 15 in Convention Hall, members of the Grosse Pointe branch of the Woman's National Farm and Garden Association will sponsor the English garden, numbered among the International Gardens.

Mrs. Frederick W. Campbell will have charge of arranging this feature of the show, according to plans made known at the meeting of the Grosse Pointe branch held in the home of Mrs. Stanford T. Phelps last Monday afternoon.

At this time, Mrs. Frank W. Goldie, who has charge of hostesses from the Grosse Pointe branch, asked to assist the opening day of the show, recruited the following members: Mrs. Campbell, Mrs. Alvan Macauley, Mrs. C. F. Delbridge, Mrs. Ward A. Detwiler, Mrs. William M. Mertz, Mrs. John F. Keys, Mrs. Charles F. Navin, Mrs. Benjamin O. Shepherd, Mrs. Otto E. Rumpel, Mrs. L. Robert Lilley, Mrs. Philip I. Worcester, Mrs. James A. Lafer, Mrs. Herbert J. Woodall, Mrs. Clarence N. McNaughton, Mrs. Vincent R. DePetris, Mrs. Joseph M. Dodge, Miss Blanche Murphy, Mrs. Herbert B. Trux, Mrs. Frederick S. Ford, Mrs. Benjamin E. Young, Mrs. Albert A. Griffiths, Miss Marie Louise Anderson and Miss Gail Smith.

Conservation-minded members of the association were interested in seeing the colored films of Tom Hadley, president of the Detroit Audubon Society, which featured Northern Michigan's forests, birds and deer in natural color. In the absence of the president, Mrs. William H. Eries, Miss Anderson presided at the business meeting which was followed by tea.

Members of Detroit Colony, New England Women, will meet Wednesday, February 26, at 1:30 o'clock, in the Institute of Arts for a gallery talk by Miss Elizabeth Payne, of the Institute staff, on "New England Contributions to the Arts."

After viewing the Paul Revere silver and paintings of and by New Englanders, the president, Mrs. Edward J. Savage, will conduct a business session in the Study Room. Plans will be completed for the benefit bridge-tee to take place in March, proceeds of which will finance the Colony's charities.

No luncheon will precede the meeting.

## Blue Devils Beat Monroe By Lop-Sided 54-30 Score

Olson Again Stars; League Lead Knotted Up Between Grosse Pointe, Royal Oak and Fordson; Bears Look Tough

By FRED RUNNELLS

Scoring early and often the Blue Devils basketball team walloped Monroe 54 to 30, on the local court last Friday night, to remain in a tie for first place in the Border Cities League race.

A pair of field goals by both teams in the first two minutes of the first period provided the only close score in the game. After Bob Olson knotted the count at 2 all, on his charity toss, the Blue Devils began to roll and built up a 12 to 4 lead at the close of the first quarter. Olson was the big gun in the initial period, garnering seven points. Tom Willson, the boy elected to fill Dick Wuerker's shoes after the midterm graduation, added a field goal and a free throw while Paul Grubbs climaxed the scoring with two free throws.

Olson continued his scoring spree in the second quarter and added seven more points to his fast rising total. Every member of the team scored at least once and the Blue Devils held a commanding 30 to 14 lead at the half time intermission.

During the half time intermission Grosse Pointe followers began to speculate on Olson's chances of cracking the individual scoring record of 23 points, set last year by Dick Wuerker. This bubble burst early in the third quarter when Monroe put two boys on Olson to check his scoring attempts. Despite this, Olson was able to add four more points to his total to claim the individual scoring honors for the night with 18 which was ten ahead of his closest rival, teammate Johnny Rummel, and 11 ahead of Monroe's high point man, R. Lajiness, who netted seven points.

While Olson was being held to four points in the third period his teammate Johnny Rummel increased the Blue Devils' score when he hit the mesh for six points.

Paul Grubbs climaxed the third period scoring with a beautiful long shot from far out on the court and the Blue Devils led, 42 to 18, going into the final stanza.

Early in the last quarter Coach Ed Wernet took full advantage of the commanding lead to substitute. Sawasgh and Graham went in at forward positions and Buaresimo and Allen subbed for Grubbs and Allen as guards.

Jerry Allen turned in the best scoring performance in the last five minutes of play when he scored a field goal and made

good on three free throws in three attempts for a five point total and boosted the Pointers total to 54.

With Grosse Pointe's substitutes in the game the Trojans became point conscious and racked up 12 points on five field goals and two free throws.

For the second week in succession Bob Olson was the outstanding star both on offense and defense. Not only did he annex the individual scoring honors but was exceedingly dangerous to the Monroe offense by holding its pivot man to one point throughout the game and repeatedly broke up Trojan plays under the back board.

Johnny Rummel played his usually steady game netting points when the scoring lagged. Paul Grubbs, Grosse Pointe's star guard, continued his fine floor play and was directly responsible for several of the Pointers' scores through his tricky passing into the scoring zone.

Although Grosse Pointe's substitutes were in the game only a short time, they proved they are almost ready for tournament play by scoring 12 points between them.

This victory brings the Blue Devils down to the pay off spot in the race for the Border Cities League basketball crown. The Wyandotte Bears appear to be the Blue Devils only stumbling block to keep the Pointers from at least sharing the crown.

These two teams will battle it out on the Bears home court next Friday night. Both the Bears and Blue Devils were tied for first place last week but Wyandotte was virtually knocked from the race by Royal Oak, who scored a surprise victory on Valentine's Day.

At present Grosse Pointe, Royal Oak and Fordson share the league lead. Friday's games will see a change in the standings as Fordson and Royal Oak tangle.

Grosse Pointe still has Wyandotte, Royal Oak and Highland Park left on its schedule while Fordson has the same three teams remaining on its schedule. Which ever team gets knocked off in one of the three remaining games will bow out of the bid for the crown.

he counted on a field goal late in the last quarter. Jurock of Monroe grabbed individual scoring honors with 14 points while his teammate Baron took second place honors with ten points.

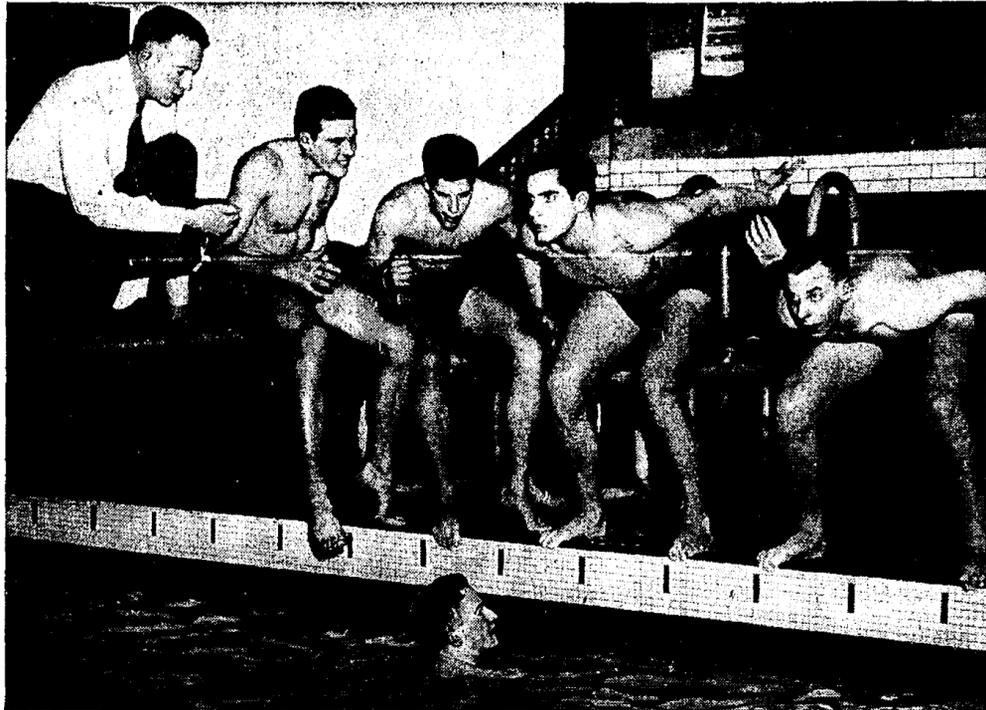

Shoehck and Quirk tied for scoring honors for the Blue Devils with four points each. Shoehck got his points on free throws in seven attempts. Quirk annexed his amazing total on a field goal and two free tosses. It was only a few weeks back that Quirk drew the attention of varsity coach Ed Wernet when he racked up eighteen points against Hazel Park.

### June's Men Lead St. Paul Bowlers

The 18 points which J. June's team has amassed in the second half of the St. Paul's Men's Bowling league are keeping that outfit on top, ahead of the aggregations of P. Dansbury, P. Allard and L. Brecht.

Brecht's five still cling to the lead for the entire season to date, with an average of 176 against H. Furton's 175 and A. Ghesquiere's 174.

## Holder of High School Swimming Records

These five members of Grosse Pointe's Border Cities League championship swimming team, undefeated in fourteen consecutive meets, hold eight pool swimming records. Left to right: ACTING COACH SHOEMAKER holds stop watch as BOB ESSERT and COBBY BARTLETT cheer on their teammates in a practice trial. BILL KILDOW and BOB JENKS take their marks as BOB FOSMOE (in pool) finishes his turn against time. Essert, Bartlett and Jenks broke the Royal Oak pool record in the 180 yard medley relay on February 18 against Highland Park. Bob Fosmoe also added the Royal Oak 150 yard individual medley pool record to his laurels in the Acorn meet on the 14th. Bill Kildow holds the Grosse Pointe 200 and 100 yard free style records and swam on the record breaking 160 yard free style relay team. Jenks is the holder of the Grosse Pointe pool records in the 100 yard breast stroke, the 120 yard individual medley relay and is a member of the 180 yard medley relay team which broke the seven year old record in the Highland Park meet February 18.

## Pointers Win Swimming Title

By FRED RUNNELLS

Grosse Pointe's undefeated swimming team had little trouble subduing the victory-shy Highland Park Polar Bears, 63 to 31, last Tuesday, February 18, in the local pool to give the high school its third undefeated swimming team in the school's history.

There was little doubt as to which team would emerge the winner as the Polar Bears entered the meet with a 0-9 record. Blue Devils swimmers sensed the victory long before the first event got under way and turned their talk to the possibilities of breaking a few more pool records in their last opportunity this year.

One record did go by the boards but not until the late stages of the meet when the combination of Bob Jenks, Bob Essert and Bill Kildow smashed the

seven year old 180 yard medley relay record which was set by Davis, Carlson and Emery back in 1940. The former mark was 1:47. The new mark clipped two seconds off the record books for a 1:45.

Grosse Pointe jumped into an early lead in the 40 yard free style when Bill Kildow missed the pool record by two tenths of a second for a first place. Taylor and Belf of Highland Park finished 2-3 respectively.

Young handed Grosse Pointe its first setback in the 100 yard breast stroke, beating Fosmoe and Hall to tie the meet up at nine points apiece. This was the only time the Parkers threatened Grosse Pointe's championship club.

The Blue Devils slammed the next five events and the two re-lays for the over whelming score.

Gaenssle and LaFerte finished one-two in the 200 yard free style event and Art Beck and Jim Flom put up a good scrap for first place honors in the 100 yard back stroke event, with Beck narrowly getting the nod.

Burt Spurrier and O'Connell shut out LaGrone for another slam. Spurrier won by a good seven yards and was standing at the end of the pool waiting to greet his teammate, who had to hustle to capture second place. Jenks and Bartlett had little trouble taking the 120 individual medley event and clinched the meet at that point.

Flanders and Baganz put up a terrific scrap for top honors in the diving event with Flanders besting his teammate by one and one tenth points. After five dives Flanders held his scant margin and both boys chose to execute

the same dive. It was a case of who would be awarded the highest score on the last dive. Both boys earned seven points on the dive and Flanders jumped for joy over beating Baganz.

In the 160 yard free style relay Mumford, LaFerte, Bartlett and Spurrier indicated they would try for a new pool record. Although they won the race easily they missed the record by better than a second.

The victory was the eighteenth consecutive meet, in which the Blue Devils came off the winner and marked the 38th time in 39 meets over a three year period that the Pointers splashed home first.

It's renaissance or decadence for the world today.

## Records Topple as Pointe Tank Stars Beat Royal Oak

Five Pool Marks Fall with Blue Devils Dropping Four of Them; Top-Heavy Favorites to End Season Unbeaten

By FRED RUNNELLS

Grosse Pointe's undefeated swimming team extended its winning streak to 13 straight victories when it walloped Royal Oak 50 to 31, in the Acorn pool last Friday, February 14. The victory made the Blue Devils top-heavy favorites to finish the season undefeated and give Grosse Pointe its third undefeated swimming team in 18 years.

Five Royal Oak pool records went by the boards, with four of them going to Blue Devil swimmers.

Bob Jenks started the record smashing parade when he established a new pool record in the 100 yard breast stroke event. He bettered the old record, set by Owens of Bay City in 1946, by four tenths of a second. His time was 1:12.3.

Gableman of Royal Oak joined the select circle by breaking the 100 yard backstroke record of 1:12.8, set by Grover of Flint Central in 1946. His time for the event was 1:09.8.

Bill Kildow of Grosse Pointe, holder of the Blue Devils' pool record in the 100 yard free style event, added the Royal Oak century mark to his laurels when he broke Dan LaFerte's 56.5 record by eight tenths of a second.

LaFerte was a teammate of Kildow last season.

Bob Fosmoe in the very next event, the 150 yard individual medley, came from behind to win with going away and smash the Royal Oak pool record of 1:55 set by Wurzel of Wyandotte in 1946 with the good time of 1:53.

The Blue Devil 150 medley relay combination of Jenks, Bob Essert and Cobby Bartlett climaxed the record breaking festivities by cracking the pool record with a 1:55.4 exhibition.

Other Blue Devil victories came in the 200 yard free style event with Gerhard Gaenssle getting the nod over Doying and LaFerte. Baganz won the diving event handily while his teammate Flanders was barely beaten out of third place by 2/10 of a point.

## Reserve Court Team Jeered In Dropping Fourth Straight

By FRED RUNNELLS

Playing their worst game of the season, the Grosse Pointe reserve cagers suffered their fourth straight defeat, losing to Monroe, 27 to 17, on the local court before a booring and jeering partisan crowd. The Blue Devils looked pitiful throughout the entire 32 minutes of play and were only able to find the range with two field goals, those coming in the last half after the Trojans had built up an overwhelming lead.

The entire Blue Devil scoring efforts in the first quarter were limited to eight free throws, on which it was able to capitalize on only five.

In the second quarter the Pointers were only able to score two points, those coming as the result of free throws. Monroe's scoring fell off a little in this quarter too, but the Trojans had little to worry about as they were held to a 20 to 7 lead at the half time intermission.

Monroe got back in the scoring mood in the third quarter, racking up eleven points to the Pointers three. It was in this quarter that the Blue Devils' Rydberg connected with the first Grosse Pointe field goal.

In the fourth period the fans had little interest in the game and jostled each other around in the stands while the referee's continual whistle-tooting halted the game to award free throws. Fifteen fouls were called in the last quarter with Grosse Pointe getting the lion's share, nine in all. It was able to make good on four of them.

Quirk made application for the reserves select group when

After the dance, DOUG BUCK, Marilyn Smith, Burt Spurrier and Joanne Russell topped off the evening with a few rounds of bridge in Doug's home.

St. Valentine's day came in for a round of parties in the Pointe, one being the dinner given by ANN STEWART. Red and white flowers and lighted tapers decked the table, at which places were marked for Mary Lou Strath, Melba Wallace, Marie VonArx, Sara Stephenson and Helen Waugaman. The whole affair took place in Ann's home, and the girls ate chicken pie and pink ice cream and valentine cake. After dinner, they sat around the fireplace to play games and talk.

21x-MUSIC ACCORDION, clarinet or saxophone lessons at your home or our studio; expert instruction. Call TU. 1-4066 for information.

Girls of Intermediate Troop 385 are taking a real interest in working to acquire Child Care badges. A course on the subject, competently conducted by Mrs. Albert W. Nickels, has met with enthusiastic response. With the aid of a life-size, pre-war rubber doll, the girls are learning the proper way to bathe, hold, and dress baby; also the sterilizing of bottles and formula utensils. The course includes generalized care of the older child—handy knowledge for any girl who might want to be a "sitter".

The eagerly anticipated weekend of January 31st found Troop 257 faced with a problem in patience. The hoped for snow and cold arrived, but the camp bus did not. Scheduled to pick up the girls at 9:30 a. m., the bus was delayed by weather conditions until 6:30 p. m. Mrs. Harry Findley, at whose home the girls gathered, coped all day with sixteen, rarin'-to-go teenagers, each with complete paraphernalia for a week-end of winter sports.

Reaching Metamora, the fully loaded bus was unable to negotiate the slippery road from the main thoroughfare in to the camp, so the girls walked—about two miles. The rest of the week-end went off without a hitch, and a good time was had by all. Accompanying the girls were Mrs. Harry Findley, Mrs. T. E. Foster, Mrs. Agnes Conklin, and Miss Muriel Reamore.

The Wing Scouts are taking a nine week First Aid course. Also, they are lucky in having

Capt. Henry Robinson, from Sel-fridge Field, to give them a course in aviation, with sound movies as part of the instruction.

On the Girl Scout calendar, February is designated as International Month, during which emphasis is placed on all-important international friendship. Girl Scout activities connected with this month are many and varied.

For instance: We have sent abroad our "Seeds of Good Will," consisting of vegetable seeds for sparse foreign gardens; in 1946 the Juliette Low Friendship Fund contributed \$69,158.59 for practical aid to Girl Scouts in other countries; last year over 40,000 Friendship Bags were shipped abroad; right now, on the way or already arrived, are the Thinking Day Boxes for our foreign Scout troops to keep, or distribute as they see fit. Thinking Day, February 22, commemorates the joint birthdays of Lord and Lady Baden-Powell, founders of scouting.

Regarding the reception of some of our packages, a recent letter from an Hungarian-American says, "A package sent to Hungary means new life, new hope for the person or family who receives it. People cry when they look at it—they do not open it immediately. The Nazis took away all that they needed, and left just enough for the people to survive."

At the present time, studying for a B. A. degree at Detroit's Merrill Palmer, is Miss Kirstein Louzon, from Norway. A Girl Guide herself, naturally she looked up our Girl Scouts, and has been visiting and participating in the activities of some of our Senior troops. Next fall Miss Louzon will return to Norway to teach school; taking back the knowledge, ideas, and memories gathered here.

June 26 through July 16, 1947 Girl Guides from all over the world will be guests of the Girl Scouts of the United States at a camp in this country; the first encampment of its kind held in the U. S. since 1937. For three weeks about 100 older Guides and Scouts will live, talk, work and play together—growing in understanding and appreciation of one another.
