Board of Education Vetoes Basketball Game to Raise Money For Memorial Fund

Proposed Game Between High School Varsity and Alumni, Endorsed by Coach and Team, Killed by Educators

Plans for a Grosse Pointe High School Varsity-Grosse Pointe Alumni basketball game, proceeds of which would go to the Grosse Pointe War Memorial Fund, have been killed by the action of the Board of Education.

Several weeks ago your reporter checked into the possibilities of such a game. Coach Ed Werner revealed the game could be worked into the current schedule before the high school team entered the State Basketball Tournament.

Checking further your reporter discovered it would not be necessary to receive special permission from the Michigan State High School Athletic Association to play the game as it would be regarded as a regularly scheduled game for the high school team.

On February 18 a letter to Dr. Paul Essert, Superintendent of Schools, was mailed suggesting a game of this nature be played with the proceeds being turned over to the Grosse Pointe War Memorial Fund as a gift from Grosse Pointe High School.

Each and every rule was stated in the letter and clearly answered showing the game could be legally played according to the Michigan State High School Athletic Association rules drawn up covering high school teams.

A reply was received from Dr. Essert on February 26 stating the Board found it impossible to comply with the request, thus killing any possibility of staging the game.

The Board's objections were: "With the length of schedule and the full program of activities which the youth of our high school have, certainly an additional game was not one that was necessary to give them opportunity to participate in sports and might be in certain instances entirely inadvisable from the standpoint of the welfare of the young people."

Imprisoned Cab Drivers Howl "Foul"

Owners and Veteran Drivers Charge Detroit with Rank Discrimination

The arrest and temporary imprisonment of a lot of suburban taxi drivers by Detroit police on Feb. 27 may lead to the unveiling of the whole messy taxicab problem that has recurrently agitated Detroit and its suburbs for many months.

Last Thursday morning the Detroit police picked up 20 to 30 drivers of suburban taxicabs for driving without taxi licenses or bond plates for Detroit streets. The offenses were not all of that date but were the accumulation of some time past. Five or six of these drivers were Grosse Pointe men and all but one of them were employees of the Grosse Pointe Cab company, James Webb, president.

These men, all of whom are veterans, called up the NEWS office about noon on Thursday in a great dither. They had all been sentenced to seven days in jail, no fines, except one, Nicholas Danna, of Grosse Pointe Farms, and he had been sentenced to ten days in the reformatory.

Their grievance was not that they had been arrested. It was that they had been refused bond plates right in the Mayor's office in Detroit where they had made repeated applications for them.

The issue of licenses rests directly on the shoulders of the Detroit Police Department. (Continued on Page 6)

Blaze Damages Belding Cleaners

There was a fire on the second floor of the Belding Cleaners at 15139 Kercheval early in the morning of May 5 which did considerable damage to clothing stored there. The building suffered slight damage before the Park firemen extinguished the fire.

News Advertiser Obtains Results

It pays to advertise, at least Mrs. Leonard A. Sullivan, of 7643 Dexter boulevard, is convinced it does. While shopping in the Village on Feb. 25 she lost a valuable bracelet. She reported to the City police that it had disappeared somewhere between Notre Dame and Cadieux on Kercheval.

She placed a "Lost" advertisement in the NEWS where Mrs. Raymond Eves of 1112 Kensington, saw it on Friday. She had found the bracelet in that neighborhood and on Saturday morning had the satisfaction of returning it to Mrs. Sullivan through the medium of the City police station.

BOY'S FINGER BITTEN

Harry Ehrke, 12, of 467 Moran road, was bitten on his right index finger on February 28 by a dog owned by Louis M. Baze, of 430 Lothrop road. Mr. Baze took the boy to Cottage Hospital for treatment. The dog was ordered confined for a 10-day period of observation.

Three Pointes Go to Polls Next Monday

Elections Scheduled in Park, Farms and Woods; Lively Contests Expected

The village elections will be held in all the Pointe communities next Monday with the exception of the City, and the Shores whose elections are held in May.

In a few of them lively contests have developed contrary to expectations a few weeks ago. In the Woods, which escapes the necessity of primary elections under its charter, present incumbents Marco, Burgess and Rowe are running for re-election as commissioners, and will be opposed by Rex H. Johnston and Waid H. McKnight. Three are to be elected.

A. A. Ghesquier, incumbent, is without opposition for Village President.

Philip F. Allard, who has been the village clerk for many years, has contestants galore. These are Joseph J. Beaufait, Margaret Shatzer and Norman Siefaff. For treasurer, William Wright, incumbent, is opposed by Ben R. Brothers. Leo Athman, present assessor, will fight it out with Arnold J. Leibold.

There will also be a referendum vote on going ahead with the purchase of the Ford park site on a land contract basis as now proposed.

In the Farms three new faces appear in the field for Trustee. Connolly and Kirby, present incumbents, are running, and along with them on the same slate is Henry H. Hubbard. These three, along with Watkins, present president; Furton, present clerk, and O'Connor, present treasurer, are endorsed by a group of citizens and taxpayers in a public appeal.

Irving T. Winkler and Horace Farmer for trustees and Francis Hoek for treasurer are endorsed by a group calling themselves the Recreation Association. Three trustees are to be elected.

In the Park there are no fire-works workers. Wm. G. Staman for village clerk is without opposition, as are Wm. Gillett, James McMillan and Elmer Ulrich for the two year terms for Commissioner, and Peter Koenig for the one year term for Commissioner. Koenig is running to fill the unexpired term of Sage, resigned, a post he has been holding by appointment. President Howard Parshall holds over another year.

Grosse Pointe Shores village elections are held on the third Tuesday in May.

Buick Ornament Burglars Busy

Auto thieves who specialize in taking radiator ornaments from new Buick cars have been very busy of late. Four or five of the thefts have been from cars parked along Kercheval in the neighborhood of the Punch and Judy while owners were attending the show.

Among thefts reported are from Victor P. Buckridge of 15108 Kercheval; Mrs. Harry L. Zollinger of 612 Howthorne, and Eeroy Allen of 4330 Yorkshire.

Similar thefts have been reported by members of the Alger Club, whose cars were parked in their lot in the rear. There the thieves also siphoned gas out of the cars.

Anger Armstrong of 617 Rivard reported a similar theft from his car while parked on St. Paul near the High School.

Restaurant Roof Runners Vanish

Mrs. Al Green, of 15301 Jefferson, reported to the Park police on Feb. 27 that some boys were running about on the roof of their apartments over their restaurant. When the police arrived the boys had fled.

The Green restaurant, one of the best known eating establishments in this part of the Detroit area, has been closed for some weeks.

PROCRUSTINATION COSTLY

The City police, as well as the police in the big town to the south of us, took the "no license" oversight seriously after midnight on the 1st. They issued 14 tickets.

Bright Side Seen In Woods' Wrangle Over Park on Lake

Pointe Beach Sites Will Be Thrown Open to Woods Citizens If Courts Rule Against Private Municipal Parks

Some of the citizens in the Woods are not nearly as excited over the ruckus St. Clair Shores has raised against the beach front park project as the Woods Commissioners seem to be. This happier view has come about because of the twist the issue has taken in the St. Clair Shores contention that a municipality cannot establish and maintain a public park out of public revenue and limit its use strictly to its own citizens.

They say now that when the issue is fought out on that line, if the Woods village wins it will get its park and everything will be fine and dandy.

If the Woods loses the village certainly will not go ahead with the development of the Ford park site for the sake of maintaining a park for the use of the whole wide world or, more specifically, anybody that cares to use it.

But the big joker in the situation, according to the argument of these parties, is that if there is to be no such animal as a private village park open only to the bona fide residents of the particular village and where admission to it is by a regular season ticket issued by the village, there will be no need for the Woods to go to the expense of having a park at all. All the parks of Grosse Pointe and way stations may be open equally to their own people. In that case the eyes of the Woods' residents would be cast lovingly on the Park of Grosse Pointe Shores.

Pointe Shores park was open to Woods residents for a limited period each week under a sort of gentlemen's agreement between the Woods' and Shores authorities, but even this arrangement was terminated by the Shores a year or two ago. So, why worry if the day should come when the parks of the several Pointe communities are open to everybody, first come, first swim, etc.

This optimistic view of happy days to come is based largely on the tacit acknowledgement by St. Clair Shores of the Woods' right to buy the land in their village and even make a park of it if they wish, but not for their own exclusive use.

As the stalwart citizen of the Woods puts it, "we have unwittingly maneuvered ourselves into a most favored position in this little argument."

Red Cross Gets Thrift Shop Aid

The Neighborhood Thrift Shop desires to notify its legion of friends and supporters in the Pointe community that all gifts of clothing and other useful articles which are donated between now and March 15 will be disposed of for the exclusive benefit of the Red Cross.

Ordinarily, the Neighborhood Club is the chief beneficiary of the Thrift Shop, but in view of the paramount importance of the Red Cross drive at this time it has been decided to devote the whole effort of the shop to this great cause.

The shop is at the corner of Waterloo and St. Clair, next to the Neighborhood Club. Patrons of the shop are especially requested at this time to comb through their closets for discarded clothing and any other articles which can be converted to use.

Girl Disappears From Park Home

An eighteen-year-old girl who has been working for the family residing at 880 Pemberton, and who is a ward of the Northville Training School, disappeared from the place of her employment at 8 o'clock on Sunday night with two suitcases containing her personal effects.

Carolyn Eustice, the matron of the school, called upon the Park police to help get her back. She is described as 5' 3" tall, weight 125 pounds, with light hair and very good looking. She was wearing a three-quarter length navy blue suit, and left the premises in a taxicab.

TRAGIC LOSS

Edward L. Eisenberg, of 16840 St. Paul, reported the loss of a black pigskin wallet, probably in Detroit, last Friday, Feb. 28. The wallet contained \$455 in four \$100 bills and eleven fives.

Dogs Hog Most of Space In Village Police Blotter

Dogs are hogging most of the space in the Farms police records these days. For every entry concerning other matters, there are at least five concerning canines. Barking dogs, lost dogs, biting dogs, wandering dogs, destructive dogs, all have their day and their official recognition in the police records of the village.

Officials Conduct Exhaustive Investigation Following Panning

The Township Board of Grosse Pointe Township has caused an investigation to be made in connection with the recent article appearing in the Grosse Pointe News under a report given to the various Villages in Grosse Pointe Township by the Village of Grosse Pointe Shores in connection with the Police Radio System. So that the residents of Grosse Pointe Township may be fully enlightened as to the present operations of the Township Police Radio System, the merits thereof and the difficulties that may be encountered if the Police Radio System were changed to the one suggested in the said report.

Following this investigation the following report was issued by the Township Board.

The Police Radio System, being radio station WRDR, is owned and operated by the Township of Grosse Pointe and serves the Police Departments of the Villages of Grosse Pointe Park, Grosse Pointe Farms, Grosse Pointe Shores and Grosse Pointe Woods, in addition to other services rendered, as will hereinafter appear. The various contingencies set up in the report made by

Express Service Extension Asked

Manager, Thomas K. Jeffrey, of Grosse Pointe Shores had a further conference with the American Railway Express Service regarding the delivery of express in the Shores village on Tuesday morning.

As at present, the express delivery service ends at Oxford road. The section immediately north of the village gets express delivery from Mt. Clemens.

Jeffrey says the office gave him small encouragement. The chief reason seems to be the inability to obtain trucks against time, although there was a promised promise to extend delivery even when the equipment situation cleared up. The Woods Village is in the same position with respect to express delivery as the Shores, north of Oxford.

Rubbish Snoopers Called Nuisances

Mrs. Cromer of 1428 Grayton reported to the police on February 26 that a couple of Negroes accompanied with a red truck were rummaging through the rubbish receptacles in the block.

When the police arrived the men had flown. This has become an increasing cause of complaint recently in both the Park and City.

The residents do not object particularly to these men recovering what they think might be of use or value out of materials which are destined to be thrown away anyway, but they are seriously opposed to them snooping around in the back of their private premises.

Police Seeking Hit-Run Driver

A car belonging to Bertram J. Courue of 3410 Fischer, Detroit, while parked in front of 729 Bedford on Tuesday afternoon, Feb. 25, was struck by an unidentified Chevrolet car.

Witnesses failed to get the number of the car and the driver kept going. An arrest order was put on the teletape with such description as was available.

PAID WHEN NEEDED MOST...

as shown by our 95th Annual Report

Every one of the more than fifty-three million dollars that policyholders and beneficiaries received from the Massachusetts Mutual in 1946 represented the results of wise financial planning in time. It is this kind of planning that provides money when needed most.

Life insurance serves many purposes. The one of greatest importance to the home is that of enabling men and women to guarantee financial security for themselves and their families beyond the time when earned income will be reduced by old age, or destroyed by death.

But, whether your problem is that of making the future financially secure for yourself in old age, or for your family in your permanent absence... or protecting your business against the loss that would follow the death of a key man... or providing life insurance or retirement income for employees... you are invited to discuss it with a trained and experienced Massachusetts Mutual representative.

Roundup by Detroit Police Solves Robberies in Pointe

Local Officers Interview Thugs and Get Confessions on Number of Cases Which were Unsolved

The big roundup of burglars and yeggmen which the Detroit police pulled off in the middle of last week has been closely followed by Pointe Police to learn whether or not there was any hookup between the operations of this gang and some of the yet unsolved robberies out in this section.

Sergeant Elmer Labadie and George Champine of the Farms Police interviewed the gang and obtained much information in clearing up some of their cases.

Chief Arthur Louwers and Detective Enders of the Park have uncovered several operations out here, but not any in the Park itself.

Enders recognized an old friend who used to work in the Toddle House out here and he was such a g-o-o-d friend that he unboomed himself nicely to the detective.

Sebastian Tatti, aged 28, of 976 Putnam, Detroit, Enders' special meat, confessed to having robbed the home of Ernest Copeland at 1228 Wilson boulevard, Mt. Clemens, early in January. In this operation he was accompanied by Edward De Gain, aged 28, of 15791 Detroit, and Leo Hardyne, aged 32, of 8415 Twelfth st., Detroit.

In the Copeland home they got \$1500 in cash, \$11,000 in war bonds and \$3700 in negotiable

bonds; also a considerable quantity of jewelry. In this case they blew a safe in the house.

Coming nearer home to Grosse Pointe, the same trio confessed to robbing three places in the Woods and two in the Farms. The robberies were all pulled off within the last two and one-half months.

In the Woods they robbed the James Geldart home at 2081 Beaufait, the R. E. Curtis place at 1856 Hampton, and the Albert Werth home at 1780 Allard.

In the Farms they entered and robbed homes at 458 Calvin and 269 Merriweather.

Drive Started By Red Cross

Five thousand strong, the Red Cross Army is marching this month in its 1947 Fund Campaign, seeking \$1,334,400 to carry on its program for the men and women still in the armed forces, for the veterans, able and hospitalized, and on the home front.

The Red Cross flag is flying over Detroit's City Hall for the whole month of March and the same emblems are atop the County Building and at all public and parochial junior high and high schools of the county, reminding Detroiters that NOW is the time to give to this great organization.

Alvan Macauley Jr., this week, gave five primary reasons for generous public giving to the Red Cross this year.

They are:

1-To enable the Red Cross to maintain clubs for the 2,000,000 men and women still in the American Armed Forces.

2-To enable the Red Cross to continue serving thousands of wounded veterans in hospitals, at home and abroad.

3-To enable the Red Cross to continue to serve, with financial aid and counsel, the perplexed veterans re-adjusting themselves to civilian life. (The Detroit Chapter Home Service Department is handling now an average of 7,000 cases per month).

4-To enable the Detroit Red Cross Blood Bank, the first community blood bank in the nation, to continue its magnificent work. It has already supplied 7,000 pints of blood to 50 hospitals in the Detroit area.

5-To enable the Red Cross to continue its traditional civilian activities, topped by Disaster Relief, an almost daily activity in some parts of the country. (The Detroit Chapter did a magnificent job for the victims of the River Rouge tornado in the summer of 1946).

Pointe Educators Take Part In Big Atlantic City Parley

Dr. Essert, John Barnes, Charles Parcells and Bert Wicking Attend Sessions Attracting 12,000 to Gathering

At the meeting of the American Association of School Administrators, attended by approximately 12,000 educators from all over the nation, held in Atlantic City this week, Dr. Paul L. Essert, Superintendent of Schools and John R. Barnes, Assistant Superintendent of Schools, have been selected to appear on the program.

Dr. Essert has been selected to organize, plan and undertake the chairmanship of an important section of the national meeting which met on Monday afternoon, March 2, to consider the "Superintendent's Responsibility for Teacher Shortage." Together with Dr. Karl Bigelow, Professor of Education, Teachers College, Columbia, Pennsylvania, this question was examined from the standpoint of what the superintendents could do to overcome the present teacher shortage.

Their discussions dealt not only with the question of salaries paid to teachers but how to improve the professional opportunities and

social conditions under which teachers work and the problem of recruitment of candidates for the teaching profession.

The Superintendent also took part in meeting Tuesday afternoon dealing with the problem of planning school programs to meet the needs of youth who have left formal education.

Mr. Barnes participated in a section of the convention on Wednesday afternoon dealing with better planning for the elementary school curriculum. Mr. Barnes was selected for this particular part in the program because of some of the outstanding work

that he has done in Grosse Pointe in the improvement of elementary school curriculum.

Charles A. Parcells, President of the Board of Education and Bert Wicking, Trustee of the Board of Education, also attended the meetings and studied with other members of boards of education throughout the nation the responsibilities and opportunities for improvement of public school policy.

They expect to return from the meeting on Friday, March 7.

Slippery Street Cause of Crash

Damage was slight when two cars collided at Lake Shore and Moross roads on the night of February 28.

Hugh McTavish, Jr., 16, of 1426 Hampton road, told Farms police he was driving west on Lake Shore and attempting to turn into Moross when his car skidded.

The McTavish car slid into one owned and driven by Louis H. Kappel of 755 Lake Shore. Mr. Kappel was going south on Mo-

ross and had stopped before turning into Lake Shore.

Total damage was estimated at \$15 and young McTavish accepted all blame for the crash.

FROWLER PRINTS
Farms police were asked to keep a close watch over the Nurses' Home of Cottage Hospital after footprints in the snow indicated there had been a prowler about the place on the night of March 3.

Mothers and Dads Guests Of Cub Scouts at Banquet

Cub Scout Pack 156 met on Monday evening, March 3, for a Father and Son Banquet in the Parish House of Christ Church. Some 60 Cubs were accompanied by their fathers on this gala occasion which the Pack hopes to make an annual event. Mr. David Crawford, Cubmaster, presided at the speakers' end of the table beside the guests of honor, Reverend Edgar H. Yeoman and Mr. Dayton Dailey, Scoutmaster of a Detroit troop.

The Ford Stringed Orchestra played dinner music and accompanied the singing of the boys and their Dads. Mr. Yeoman welcomed those present to the Parish House and remarked upon the Church's pleasant association with Cub Pack 156. Mr. George Heffernan, chairman of the Pack Committee, greeted the boys and spoke briefly on the subject of Cub activities. The Denners, head boys of each Den, were called upon to describe the center-pieces that each Den had made for its section of the banquet table. Many and varied were their creations, ranging from model tepees on Indian reservations to pipe-stem figures of Cubs in their blue and gold uniforms, saluting a miniature American flag.

A special table was reserved for the Den Mothers of the Pack. They were honor guests, relieved of responsibility for the evening, commended for their untiring efforts in managing weekly Den meetings and planning Cub programs throughout the year. Mrs. Roger Dryden headed the Banquet Committee which planned and served dinner for the 122 guests.

Mr. Dailey, principal speaker

of the evening, described Cubbing as an essential part of the Scout program, with its aim of developing "better boys and better parents." He pointed out the importance of parents helping Cub Scouts with their achievements and the need of a Cub for his parents' interest as he progresses up the advancement ladder from Wolf rank through Bear and Lion ranks to the final goal before Scouting of the Webelos Award.

More than fifty awards, including attendance bars and service stars, were presented to the Cubs by Mr. Edward P. Hammond, Jr., Pack Committeeman, in recognition of the boys' accomplishments. The Webelos Award was given, during an impressive and delightful ceremony, to three hard working boys who are now ready to become Boy Scouts. They were David Dobbins, Kurt Ewend, and Lee Elsey.

Another candlelight ceremony initiated 12 new Bob-Cats (boys just beginning cubbing) to the Pack. Other awards were as follows: Den 1—Bob Lambrecht and Tommy Williams, Bear Badges; David Dobbins, Lion Badge and Gold Arrow of the Lion rank. Den 2—Larry Berger, Wolf Badge; Peter Gall and Glenn Forcier, Bear Badges; Walter Hogue, Lion Badge. Den 4—David Belfore, Silver Arrow of the Bear rank; James Labroske, Lion Badge. Den 5—Jack Fyler, Wolf Badge; Sigurd Wendin, Gold Arrow of the Bear rank. Den 7—John Ottoway, Gold Arrow of the Lion rank; Dicky Conder and Jim Katchick, Silver Arrows of the Lion rank.

Cub Scouts Stage Circus

WAYNE ETAVOE, left, and JOHN RIEHL get the frankfurter machine ready while FRED BESSEMER and LOUIS ROEHRIG struggle with the unlucky canine to be ground up.

Cub Scouts From Pack 290 Stage All-Star Performance

Pack 290, Grosse Pointe Woods' energetic group of Cub Scouts, turned in another bang-up performance at their Pack meeting February 28 in Mason School. A regular old-fashioned circus with dare-devil tight-rope walkers, wild animals and cavorting clowns kept the parents rocking in their seats.

Of course, the rope was strung out on good old terra firma and the clowns didn't really put that live dog in the machine that the frankfurters poured out of, but it looked like the real thing to the younger brothers and sisters who were there.

Dan Montgomery, Den 2, did a fine job as Master of Ceremonies and in announcing the acts.

Seven new boys were added to the Packs roster. Assisting Mr. Montgomery in the induction ceremony were Don MacFarlane and Ed Cornelius. Murray McDonald supplied appropriate background music with the tom-tom. The newcomers were Fred-eric Besmer, Richard Bishop, Jimmie DeStefano, Robert Hilker, John Pender, Jon Struthers and Raymond Zawadzski.

The following Cubs earned special awards: Richard Anderson, John DeCicco, Roger Duerksen, John Hicks, Roy Kemp.

Charles Liddle, Gus Mayer, Dan Montgomery, Russell McGuire, Andy Rauth, Bob Reed, Louis Roehrig, Donald Sequoin, Durst Thome and Ed Vance.

Edward Cornelius was graduated and the following Cubs, in addition to their graduation, received the much coveted Webelos: Donald MacFarlane, Dan Montgomery and Ronald Nelson.

This Pack meeting was also the last to be conducted by Mr. L. R. Montgomery, the retiring Cub Master. Both Mr. and Mrs. Montgomery, who has so ably assisted him, have been very generous with their time and efforts, in attending to the numerous tasks which have to be performed in keeping a Pack running smoothly. And it will be reassuring to the incoming officers to know that "Monty" will be just "down the street" if help is needed.

CASH BOX VANISHES
 Mrs. Joseph Pickrell, who runs the kitchen in the rear of the Rathskellar at 15404 Mack, reported to the police the theft of a cash box some time on Tuesday, Feb. 25. The amount of money the box contained was not known.

Police Furnish Escort Service

Mr. and Mrs. Victor Buckridge of 601 Fisher road pulled into the Maumee police station at 12:30 o'clock Monday morning and reported to the City police that they had been followed all the way from a friend's home they had been visiting out on Lakeshore road, by a black Plymouth sedan with four young men in it.

Mindful of the robberies in garages that have been attempted frequently in the Pointe, they requested a police escort home. This was quickly furnished them. The police attempted to find the suspicious car but without avail. They think it quite probable that if the Buckridges had neglected this precaution they might well have been held up in their own driveway.

The police suggest that citizens followed by suspicious looking cars drive direct to the nearest police station and ask for an escort, which all police will cheerfully give.

Persistent Bell Ringer Leaves Prints in Snow

Repeated ringing of the door bell on the night of Feb. 25 at the Stewart Munroe home at 500 Lakeland, with no one there when the bell was answered, suggested a call to the police.

Officers Reaume and Moffat failed to discover anyone in the neighborhood but foot prints in the snow made by a large sized foot inclined them to believe they might have been made by someone other than the usual juvenile nuisance.

An hour and a half later the same experience was reported from 698 Neff road. A common practice of intended thieves is to try a door bell and if no one answers to proceed to enter and go to work on the premises.

Consider, kiddies, the vast chasm between Cafe Society and Cafeteria Society. Any MORON GLACE in mink can get into Cafe Society; but Cafeteria Society is so exclusive that sometimes even the owners can't get in through the thickets of pickets. But if and when you do get in, you can toss away the social ladder because you're on the heights with the cosmopolites. You're in a realm of fascinating strangers and strange celebrities. If you want to see Sinatra sipping his 4 o'clock milk and cookies, Kathy Harriman chain-cooking or Pal Joey having his steaks-and-cakes, Cafeteria Society is your dish.

We have too many night clubs and not enough day clubs. Or perhaps it may only be that the clubs in the daytime are so violently female, and given over to eat luncheons where the guest of honor carries home the centerpieces like a debuting soprano at the Metropolitan. Or perhaps it's just because the clubs in the daytime are swarming with what Lady Beatrice Lillie Peel calls "my friends and their goddam faces." In the clubs one is expected to talk or at least listen to them. In Cafeteria Society, one dines at a table with the most intriguing strangers and rises to table hop when the week's celebrity slinks in mink with a trayload. Like the time Hildegard was playing to cafe society. We were sitting at the window of a nearby cafeteria ruminating on what marvelous imitations of mink the garment boys were putting out these days—and the tall, willowy woman turned from the counter and it was mink and it was Hildegard. And she gave us the sweet-and-low-down on those Left Bank planes in Paris when coffee and croissants tasted better than anything on the Persian Room menu does today.

Then there was the time that Fred Allen slunk into the uptown cafeteria because, as he said, all the fastest mice in his hotel had recommended it... and the time Ferenc Molnar practically took a lease on the little Sixth Avenue place because they had the best Russian-caviar sandwiches in Manhattan... and the time that—but all writers, whether they eat to live or live to eat, dote on Cafeteria Society.

The code of Cafeteria Society has a certain technique. One becomes an honored HABITUEE by constantly ordering a specialty of the house, so one is greeted with "Filet-with-mushrooms and blintzes coming up!" or "Two on—sunny side up—and double-on-the-sausages!"

In a Cafeteria one's packages are as safe as in a bar. Nobody ever checks anything because nobody figures anyone has anything worth checking, so one can leave a bag of Oriental pearls like peppermints on the table.

The bon mots born in Cafeteria are the backlog of most radio writers, who find in the clubs only the biggest bores of the bourgeoisie. It is the patois of the hucksters, the wages-of-syndicate columnists, the hobby-soxers and the big name bands. The talk is alive, so alive it may sometimes give you the quick prick of a live wire.

We're still wondering what that canary meant at the next table when she sipped the other noon: "So I just said to Joe, you go ahead and do it—just don't let ME know about it, that's all!" She had the wise eyes and hard heart of a child, and she must have known her Joe.

Sometimes they only talk about the weather, but it isn't to announce their chauffeur is down with lumbago and they had to climb into a common carrier. It's more apt to be the sagacious weather observation of the aviator who flew through two years of the blitz over London and confided to us in the cafeteria that during this sort of blizzard planes were grounded during the war because they valued the army personnel. In peace he was driving, not flying. Driving the new Mercury the townsfolk back home in South Dakota had given each of the six boys who came back alive out of the 20 who left that little town. "Lucky boy!" we told him "when not even Lana Turner can get a new Mercury." But his sky blue eyes clouded at our observation: "Not so lucky," he said, slowly stirring the coffee mug, "when I got back, my girl was gone—gone with some land sailor who thought he was in the navy."

Yes indeed, kiddies, there are more stories than Sam Goldwyn ever filed in the waste-basket in Cafeteria Society, and you can hear them all while you sit there, guzzling coffee in a wonderland of wishful drinking.

DATA AND DISA
La Belle Tallulah Bankhead, queening it at The Lafayette, tells a strictly-from-Dixie story about her father, the late William Bankhead, Speaker of the

House. "Daddy had been in Washington for twenty-five years, and all the neighbors and natives in Alabama were pitching a grand and glorious celebration in his honor... The morning of the fete, we encountered an old Alabama pappy a lazying in the meadow and asked him why he wasn't getting set for the fete. 'What fete?' asks he. 'Why, it's Daddy's Big Day—he's back home after twenty five years!' 'My, my!' quoth the patriarch, where's Willie BEEN?"

TOUCHE for the Junior Generation's two strategic toppers of the week... When Peter Jr. pleaded for some stamps from Persia for his collection, we quibbled "Where could we GET Persian stamps"—to which he countered amiably, "Persia, I presume." And the Glamour Girl of 1960 has outwitted the theologians in her strict forty day observance of Lent. "I've don't go on Saturday any more—I go on Sunday!"

The Big Word along Broadway is that Jack Benny has been booked into The Roxy at a weekly guarantee of \$40,000—the largest salary in theatrical history. Oh well, as Ben Hecht used to say: "Yesterday's pain is tomorrow's joke—if you can just manage not to choke!"

Woods Park Issue

The Woods village's efforts to obtain a lake front park and the litigation that threatens to grow out of it will be watched with keen interest by the other communities in the Pointe.

The suggestion made by some citizens up there that they can't lose whatever way it goes carries a disturbing note to the other Pointe communities. The City, Park, Farms and Shores have all provided and support lakefront parks out of their public taxes for the exclusive benefit of their own residents. If a decision should be forthcoming out of the Woods-St. Clair controversy that this is illegal it would present a major problem in the beach park field to these other communities.

If the St. Clair contention is not supported the matter clears itself and the Woods Village can go ahead with its original plans. Every resident of the other four communities will hope that this will be the final conclusion.

To Define Communism

Communism, which is looming so large in the world's international and domestic thinking, appears to many Americans as the most inexplicable theory in practice in economic and governmental guidance that has ever been forced on their intention.

This is partly because we are new in international thinking and largely because it presents a concept of social regulation so utterly different from our own that its discovery is new and confusing.

Probably as simple formula for its understanding as can be suggested is to picture in our mind's eye what the American way of life is, then visualize its opposite in every count. The accumulated result would be a fairly accurate digest of practical communism.

For personal liberty and human dignity we find in Russia little or none.

For government by the party system as the vehicle of public opinion we find in Russia a one-party system and no expression of public opinion, contrary to its tenets permitted.

For Free Enterprise we find substituted state enterprise. In place of the opportunity for profit, all profit accrues to the State.

And so on and on. There is a growing suspicion among Americans that Communism in Russia is about two-thirds a vehicle for keeping certain elements in political power and maybe one-third concern for the real welfare and betterment of the people of Russia.

We have no quarrel with the Russian people or with whatever kind of Government they see fit to select or endure. America wants no part of it.

Our quarrel with her begins when their leaders seek to overturn our government. This they frankly seek to do as has been plainly revealed in innumerable instances as recounted almost daily in our own free press.

However: nuch our own parlor pinks or the rough shod foreign spies and conspirators caught here literally with the goods on them, may disclaim allegiance with the regular communist organization their protest is idle talk.

Their friendship and sympathy with an alien group which openly aims at the destruction of our own government "by force if necessary" is ample warning and justification for our fighting this menace with every thing at our command.

More power to the governor of Michigan for his courageous fight against this poison that is seeping into the colleges and universities in this state. May there be many other governors of other states who will have the courage to follow his example. We want none of the Hitler-Mussolini technique of training our youth for the overthrow of the priceless edifice of true democracy bequeathed to us by a worthier generation of forebears.

This is a problem which transcends all others in its importance to the safety and welfare of our country. Now, more than at any other period in our history, we must recall the axiom that "eternal vigilance is the price of liberty."

Many presumably intelligent American profess to be unable to define communism. Let us hope that they do know what Americanism is.

Well, communism is the other thing, on practically every count. How do you like it?

Islands Agreement

The easy recognition of the American claims to certain groups of islands in the far Pacific by Russia has come as an agreeable surprise to this country.

When first advanced last November it was feared that Russia might make strong objection to these islands which face, even though remotely, her Siberian mainland, passing to the control of the United States. Her recognition to our superior claim by reason of our carrying the chief burden of the war with Japan has come as a pleasant surprise.

When she rushed into the war against Japan in the final hours it was generally accepted in this country as a gesture to strengthen her own claims in the final settlement. Even now we are inclined to wait until the score is in. She may intend this move to fortify her position in other parts of the world field where she is more interested.

It too may be a tacit recognition of the stronger position America has taken in the post war arrangements since former Secretary of State Byrnes' speech at Stuttgart a few months ago. That forthright talk went a long way towards saying what was what so far as America's position went.

Wanna buy a piece of a College? Smith College . . . to be exact. That excellent College for girls, that will celebrate its 75th birthday in 1950, is in the process of expanding, and its 24,000 daughters can't do it alone, so they are calling on all Smiths, half Smiths, Smythes and hyphenated Smythes to help them do the job. If your name is Smith . . . or even if it isn't, a small one dollar bill will make you the proud contributor to one of our greatest educational institutions. Send it or them to Mrs. James W. Lee II, at 510 Neff Road.

We never cease to be amazed at the optimism and, (further words fail us) of commercial ad writers and maker-uppers of those lucious colored ads we see in most national magazines. Last week, one of our eyes was drawn to a full color page of a 'darling' looking small restaurant. It made us feel like rushing right out and opening a restaurant . . . meeting a Greek notwithstanding. The copy underneath the picture, tells how an owner of a dinky little joint got a brainstorm and OVERNIGHT changed his little hovel to a dream of beauty (as witnessed in the picture).

The ad (advertising linoleum), spoke of how the owner called up an architect and builder and told them of his plan. Then followed the following routine. Monday they sent for the plumber; Tuesday, the carpenter arrived, Wednesday the 'fixturs' man came to do HIS chores and Lo and BEHOLD! . . . the following Monday they were open for business in their BRAND SPANKING NEW lunch room. In ONE week, the hell was torn out of walls, plumbing, lighting fixtures and furniture and ALL replaced in time for three squares a day!

The ad didn't say where this Shangai-La of the eating world is . . . but we're sure it wasn't in Grosse Pointe or Detroit. We've been waiting for six months for a simple slip cover and over two years for an even simpler bathroom fixture. Maybe we don't live in the right place . . . or maybe we read too many ads!

A woman called to tell us the following amusing incident, which ought to be a warning to mothers . . . not to put words in their children's mouths. Our informant said she took a small group of children, along with her own, to a downtown movie. As she dropped the last child off at his house and sat in the car waiting to see that he got in all right, the mother of the boy came to the door. She let her son in, had a word with him, then called to the hostess in the waiting car . . . "Charlie said he had a WONDERFUL time. Thanks SO much." Before the woman had a chance to drive away, she heard the nine year old yelling to his mother from some region in the house . . . "Wadda ya mean? I never said no such thing!"

Speaking of the small fry . . . we had occasion to call the mother of a 7 year old boy . . . a chore we don't like any more than our 'victim.' Sonny answered the phone and when we said who we were, he replied in a bored voice . . . "Oh, it's YOU again!" Since we hadn't called her for two weeks, it rather miffed us. When he told us to hold the line, we asked if she was busy now . . . thinking to call her back at a more convenient time. To our intense annoyance, he said . . . "Keep your shirt on . . . SHE'LL BE HERE!" Neatly little Leprechaun.

Don't ever let anyone tell you that razor-back hogs are stupid . . . not that anyone cares, really. A man in the South said he stopped at a farm house during a tour one day. He noticed that the hogs stopped whatever they were doing every now and again and seemed to take a "listening" attitude. Their heads would bend in a certain direction and they'd stand perfectly still for a few minutes, then get on about what had been occupying them.

Greatly intrigued, our hero asked the farmer if that wasn't a bit unusual for hogs. The farmer explained that he had had a bad cold for some weeks and had been unable to call to the hogs . . . soooooo, he developed the idea of hitting a nearby tree with a stick. He figured out that the hogs, although having learned to respond to the sound, were never quite sure whether or not they were hearing it . . . so in order not to miss anything, they stopped periodically to listen!

A local woman tells us she has a newly acquired colored cleaning woman, who she had a hunch, was unable to read. However, nothing dire occurred until the other day when she caught the woman in the act of polishing her antique dining table with a bottle of "Weed No More" . . . that happened to be parked in the cabinet with the cleaning implements. Theme song: "Weed no more my lady" . . .

The Red Cross

We are in the midst of another Red Cross campaign and no claim on the hearts and the purses of the people stands in less need of public urgings and explanations. To give to the Red Cross has grown into a worthy habit of the American people. It is their annually recurring reminder that they are in truth their brothers' keeper.

This year with so much of the world still prostrated by the cruel blows of war our relative responsibility grows heavier.

Wherever human suffering exists, her skilled agents are ready to carry succor. It draws no distinguishing line of race or creed. It is democracy in action at its best. Give to it and give generously.

Wampum Beads

What can happen to a people in the debasement of their currency is being tragically shown in China today. The similar experience in Germany in 1923 was the forerunner of the rise of Hitler and the torrent of human woe and suffering under which the world is yet staggering.

It is an experience which America with all its wealth and apparent prosperity would do well to note. The only defense against a world in chaos is the productive industry of its people and any move which operates against the regular and profitable functioning of this economic process is deadly to the common welfare and cannot long endure without perilous consequences.

Without production to back it up, money rapidly becomes useless. The evil of inflation cannot be cured by printing more money. That is merely a dangerous expedient which soon leads to tragedy which hits all.

During the Civil War period in this country gold was a universally recognized basis of monetary value. Today this is changed. It is now production, and without production we remove the last vestige of support to good money. All those who are contributors to the world's storehouse of material things should keep eternally in mind that they are the gold miners of this later day. When the money of a nation suffers such a debasement as to make it unusable as a medium of exchange it is worth no more than the wampum beads of the American Indian, nor as much.

Letter Box

February 27th, 1947.

Dear Mr. Edgar:
The Board of Directors of the recently dissolved Grosse Pointe Unit of the American Women's Voluntary Services join me in thanking you, not only for the generous space you gave us in last week's issue of the Grosse Pointe News, but for your cooperation during the entire life of this organization.

We know that it would have been practically impossible to have accomplished the work that we did during the past five years without your help and we are grateful.

Sincerely yours,
EDITH BAHM,

rectly with the Mayor's office. This was decided many years ago by a decision of the U. S. Supreme Court growing out of old jitney days. The Detroit ordinance provides that preference for taxi licenses shall be given to the regular old established companies doing business in Detroit, up to 70 percent of the total number to be issued.

The local taxi drivers loudly complain that Mayor Jeffries has been unduly favoring such concerns as the Checker and Radio companies and that the local boys have been ruthlessly turned down on every attempt to get bond plates and comply with the law.

Albert J. Achieny, of 29944 E. Jefferson avenue, St. Clair Shores and president of the Pointe Cab company, told the NEWS that he personally attempted to get bond plates in the Mayor's office for his cabs, 14 in all, and after being refused plates for all of them asked for four plates. This was also denied.

The NEWS office busied itself for a good part of the afternoon last Thursday in enlisting the intercession of public officials in the case.

Several of the Pointe boys spent a night in the County jail before Judge Geo. P. Murphy of traffic court relented and let them out with the warning that past offences would be overlooked but that all subsequent offenses would mean imprisonment sentences.

The Grosse Pointe men who were locked up for a night included Nicholas Danna, his brother John, John Champagne, Donald Gould and Leo Jansen of the Veterans Cab Co.

On Sunday these and many other drivers, representing Redford, Dearborn, Hamtramck and the North End met and effected an organization which they called the Metropolitan Taxicab Owners' Association, the better to fight their cause with the Detroit authorities.

On Tuesday a. m. at 11 o'clock there was a meeting in Judge John D. Watts' office attended by many members of this newly created organization with their attorney, Miles Culehan, Nathan Goldstick of the Corporation Counsel's office, James Lipton of Detroit Traffic court and several others. A heart to heart discussion of the whole subject was had.

This is to be followed by another meeting this (Thursday) morning in Corporation Counsel Dowling's office for a further discussion of the Detroit taxicab issue.

The suburban taxicab owners want an understanding as soon as possible on this issue on some basis which will not discriminate against them in favor of the big companies downtown. These big concerns make free use of

the streets of Grosse Pointe and presumably of the streets of the other suburban communities, with small regard to local bond plates or other local regulations.

One contention of the Detroit authorities is that if they gave licenses to every taxi that applied the streets of the central city would be cluttered up with more cabs than necessary or that could be accommodated.

Much of the trouble has arisen from the fact that during the war period the big companies were unable to meet or were indifferent to the taxi needs of the suburban communities. This fact is well recalled out here in the Pointe. With the war over there was a rush of young men just released from the army to get into the taxi driving business. Every one of the Grosse Pointe boys who were dragged into the trouble last week were veterans, although only one of them was actually a member of a veteran's company.

Another angle of this problem that should not be overlooked in justice to Detroit's side of the issue is that these bond plates were frequently the medium for a racket whereby a taxi cab man by the mere possession of a bond plate-or license was able to sell his licensed car for fancy prices, often as high as \$6,000 or more.

But behind it all is the question whether a big and powerful taxicab company is to be aided and abetted by a great city in maintaining a stranglehold monopoly on the taxi business to the exclusion of neighboring areas which are an integral part of the same metropolitan community.

Physicians Can Prevent Diphtheria

By FRED M. KOPP, R.Ph.

The causes of Diphtheria have not disappeared from our environment, it is only through immunization and the necessary Schick test that this dreaded disease has been checked.

The well meaning parent who neglects to have his child immunized not only exposes his child to the disease, but endangers society and retards the progress of medical science.

A physician is always prepared to immunize, but he must have the cooperation of the parent to make sure that children have this protection. Working closely with the physician is the skilled pharmacist who supplies the life-saving serum.

Many School Supplies Sent Abroad by AAUW Members

As the result of a plea by the American Association of University Women for school supplies, the Grosse Pointe Branch has contributed several boxes to be sent to children of war-torn countries. A total of 325 cartons of tablets, pencils, pens, ink, rulers, and other classroom essentials have gone out to Greece, Poland, Czechoslovakia, China, Austria, Italy, Korea, and other countries struggling to reestablish their schools.

9,753 pounds of AAUW donations coming from all parts of the United States have been loaded on the UNRRA ships which are transporting free of charge educational materials to the countries where they are desperately needed.

AAUW has also furnished \$118 worth of subscriptions to professional journals which are being sent to the Ministries of Education in 11 countries for loan to teachers.

There is still time to send articles to China, Korea, and Ethiopia.

Mrs. Hubert C. Goebel, local AAUW president, has announced. The UNRRA offer of free transportation of educational supplies to these countries is open until March 1. Besides these smaller classroom necessities, there is a special need for school equipment, maps, textbooks, film and slide projectors, tools and equipment for vocational education, laboratory and other equipment for scientific teaching, drawing instruments, typewriters, mimeographs, and other teaching supplies. Anyone wishing to contribute to this drive please call Mrs. Goebel, TU. 2-0277 at once for further information.

TOMMY BALKS

In handling a stray cat picked up at the request of a resident of the City a week ago Tuesday, Officer Moffat of the City police got a bad scratching on both hands before he deposited Tabby, or more likely Tommy, in the City pound.

Betrothal Told

Mr. and Mrs. Edwin Robert Little, of Rivard boulevard, announce the engagement of their daughter, ELLEN COLBY, to John Sidney Hall Probert, son of Mr. and Mrs. Sidney C. Probert, of Kensington Road.

The bride-elect is a graduate of the Detroit Academy of Art and is a member of the Junior Women's Association for the Detroit Symphony and two chapters of the Daughters of the American Revolution, Louisa St. Clair Chapter in Detroit and Sally de Forest Chapter in Norwalk, Ohio. Miss Little was an active member of the Grosse Pointe Hostess Corps and the Officers' Club of Detroit during the war and was a member of the Junior Executive Board of the Anzac Club for servicemen from the British Empire.

Her fiance attended Wayne University and the College of William and Mary. During the war he was a Sergeant in the Army Air Forces for three years, later transferring to the Infantry and spending six months in the ETO.

No immediate plans have been made for the wedding.

Endicott Girls Enjoy Vacation

The Pointe contingent at Endicott Junior College in Beverly, Mass., took advantage of a few days' vacation between semesters.

Dawn Osius, daughter of Mr. and Mrs. Theodore Osius of Washington road, and Barbara Klenk, daughter of Mr. and Mrs. William C. Klenk of Devonshire road, spent the weekend at Harvard University in Cambridge.

Barbara Burritt, daughter of Mr. and Mrs. H. W. Burritt of Sunningdale drive, spent her vacation in Chestnut Hill, Mass., at the home of Mrs. J. Hansel.

Nancy Wensinger, daughter of the Carl F. Wensingers of Washington road, spent a few days in Yonkers, N. Y., as the guest of her roommate, Elizabeth McCormack.

Sue Bogle, daughter of Mr. and Mrs. Henry Bogle of Lakeland avenue, took advantage of the break by getting in some skiing at North Conway, N. H.

Julie Hudson, daughter of Dr. and Mrs. J. Stewart Hudson of Lothrop road, was back in the Pointe visiting her parents for a few days.

"My Maryland" Stars Baritone

In Sigmund Romberg's tuneful "My Maryland" which opened its Civic Light Opera week Monday night, March 3, John Shafer sings the lead role of Captain Trumbull. A baritone, and one who can act, young Shafer went into high a few weeks ago as the vocal surprise of "The Firefly."

The largest cast of principals yet used this season was assembled by Barrie O'Daniels for the prize American operetta.

This production incidentally marks the acting debut of "Sugar Chile" Robinson, boy prodigy of the piano. The 8-year-old Detroit is cast as a Negro waif of Civil War days who is thrown among friendly refugee Whites. "Sugar Chile" has an appreciable speaking role, which of course provides one scene for his famous boogie-woogie with choral accompaniment.

Methodist Church Women To Hold General Meeting

The March General Meeting of the Woman's Society of Christian Service of the Grosse Pointe Methodist Church will be held on Wednesday, March 12, in the home of Mrs. Wayne D. Wetzel, 425 Cloverly road at 8 p. m.

The devotional and program periods will be under the direction of the evening group. Mrs. Wayne D. Wetzel is in charge of the program and Mrs. Jack Crane of Moross road is in charge of the devotional period.

BATTERY LIFTED

Theft of the battery from a car owned by Gaylord Gillis, Jr., of 31 Radnor circle, was reported to the Farms police on February 26. Mr. Sleeper, manager of the Country Club, said the battery had been taken while the car was parked in the club grounds.

Good Citizen

When Jennie Buel Quirk of St. Clair avenue goes to Lansing late in March to participate in the DAR Good Citizenship Pilgrimage, she will be sponsored by the General Josiah Harmar Chapter of Grosse Pointe. At the February meeting of the chapter Jennie and Diane Faulk, of Bedford road, alternate, were presented with Good Citizenship pins. The two girls, members of the 1947 class of Grosse Pointe High school, won recognition for their fine achievements in scholarship and leadership.

Congregational Women to Meet

The Women's Association of the Grosse Pointe Congregational Church will meet in the home of Mrs. William M. Browne in Lewiston road at 12:30 p. m. on Tuesday, March 11.

A dessert luncheon will be served by the co-hostesses, Mrs. Duane O. Butterfield, Mrs. Harold W. Beattie and Mrs. Ralph Thompson. Mrs. Leonard Slowin will lead devotions.

The guest speaker will be Mrs. Frances Dunnette of Grand Rapids, state president of the Congregational Women's Fellowship. She is also a member of the National Board of Missions.

Pointer Exonerated In Accident Case

Harriet H. Everson of 233 McKinley, while driving west on Jefferson at Bellevue at 10 o'clock in the morning of Feb. 24, struck a pedestrian, Moses Abraham, aged 60, of 589 Concord.

The Detroit Traffic Bureau report states that Abraham ran out into the roadway. He suffered a possible hip fracture and head lacerations and was taken to Receiving Hospital by a police car.

The police evidently regarded Mrs. Everson as guiltless in the accident as no ticket was issued.

GAS LEAKS INTO HOME

Farms firemen were called to the G. Eads home at 423 McKinley on March 4 when gas was found to be leaking up through a basement drain. The gas company was notified and an emergency crew responded.

SAD FLORIDA INVESTMENT
Summer weather probably can't come too soon . . . For that one Pointe family who invested in some of the old fashioned type of Florida property . . . It was to be one of those dream deals . . . a large apartment building with each tenant buying his own apartment . . . The place was magically located on the best part of the beach etc. etc. . . . exclusive as all get out . . . Each buyer had to pay down a good, thumping piece of money . . . and now they can't even find the contractor . . . It is all reminiscent of the boom days in Florida . . .

Politics:
Friends of ours, working the Lansing beat for Detroit newspapers, are beating the drums for two Grosse Pointe lads . . . to figure prominently in the government of our state from now on . . .

And the other is young Mennen Williams . . . who, the reporters hope, will follow Alger into the executive mansion . . .

PERSONAL APPEARANCES

One of our favorite chapeaux of the year is being worn by FRANNIE BOYER—It is very small, made of gold braid, having a narrow black ribbon around the crown and a saucy little black plume, tightly curled, perched on the side. An intriguing short black veil adds to the "Frenchness" of it all, and when worn with that smartly tailored black satin cocktail suit, Mrs. B. is a dream boat!

Speaking of black cocktail suits reminds me of how well HELEN DEAN looks in one of hers, with which she wears a very chi-chi hat of black with a huge bow of ginger felt across the front, with a loose veil hanging below her shoulders. The dashing Mrs. Dean causes a favorable stir wherever she is, anyway.

FRANCES HUGHES so often wears soft blues and grays which seem a continuation of her pretty eyes and hair. When last seen this was carried out in a blue gabardine sport dress, worn under a grey fur coat—they echoed her quiet charm.

PILFERINGS

JIMMY DURANTE is the trustee for the savings of his former partner, Eddie Jackson. Recently Jackson told Durante that he was enamored of a lady in Brooklyn and that he wanted to see her. "So, give me my dough. I'm leaving tomorrow," said Jackson. Durante gave him only train fare and expense money. "Eddie," said Durante, "I just want to test whether this love is the same without money as it is with money." Jackson returned from the trip and reported "It's not the same."

PLEASANT RUMORS

One of the most unusual rooms in the attractive Kerby road home of the junior Allan Sheldens is the dining room. At one end is a bay window which is curtained with pale blue hand blocked linen having a pattern with a Chinese motif of bamboo and delicate flowers woven in white. The walls are covered with this same linen, from the ceiling to a base panel which is about 3 feet high, made of wood and painted the same lovely shade of blue as the background of the linen.

On one side of the room is a modern buffet table made of mirrors. Above this are two wall lights in the shape of carriage lamps. Chinese figures are etched in the glass and the lamps are constructed of black painted metal with brass trim. On the other side of the room are French doors leading to a glassed-in porch room, between which the wall is mirrored. The French doors are ingeniously curtained but three-quarters of the area with pale pink ribbed silk.

A modern wooden stand painted white holds a tall silver painted urn which conceals the indirect lighting. The Queen Anne chairs are painted ivory color with seats of pink leather, and the table top is painted to resemble lapis lazuli, which is most unusual. A band of mirrors encircles the table just beneath the top and the legs are painted ivory to match the chairs.

A choice pair of Lowestoft bowls and a rare old teapot form a centerpiece on this interesting table and add an old note to this decidedly modern room.

Reporter's Log Book

By DICK McDANIEL

I came into the office and found this "Open The Portal, Richard" on my desk. It's an end to end all Richard's. There will be no more in this column even if Richard has to stay out all night in the cold.

This is to buy Richard's Roommate a key; Don't cry, don't whine. Get yours like I got mine. (anon)

For those who stopped drinking liquor for Lent and are finding it hard on the will power at about this stage of the Lenten period, or for those on a water wagon, here is a thirst quencher you can have to appease that yearning for something with the boys. A jigger of beer in a glass of seltzer water will help satisfy the desire for a breaker or two of suds... the best exercise we have found to reduce is a very difficult arm exercise that consists of pushing oneself away from the table. I have lost four excess pounds this week and friends tell me that eating is just a habit anyway... but I've always experienced it as a most pleasant habit.

"Dear Dick," writes a lady subscriber, "I have found that all men are fools. My first two husbands were weak minded and foolish and my present third husband is the biggest imbecile of the lot." Madam, if that is your observation of the opposite sex, I know there is nothing I can say to dissuade you in your highly opinionated belief. Therefore, I agree with you, but I must go further and give a reason, which is: "Men are fools to prevent all women from becoming old maids."

DROPPED OPTIONS

He may have the worst voice in radio. Perhaps he can't act. But his low down sultry music "sends" me. Listen in to the composer of "Star Dust" and "Ole Butter Milk Sky" on WWJ at 5:30 on Sundays for fifteen mellow minutes with Hoagy Carmichael... Bob Burns and many of the big "package" shows have had their 1947-1948 options dropped... But Fred Allen continues with his Allen's Alley.

If Alexander Graham Bell only knew... It happened on the eve of Bell's 100th anniversary and a pair of Grosse Pointers (not man and wife) are blushing with nervous embarrassment. The man dialed the number and on hearing the voice at the other end answer started with his usual terms of endearment. "Hello sweetheart... how've you been, darling... etc." He stopped short when he suddenly realized that the "voice" wasn't that of his lady love and on inquiring learned that he had Niagara ABC. "Oh," he replied. "I'm awfully sorry. I wanted Niagara XYZ." Upon redialing he told the story of his episode to his ardent love, who laughed with him until she asked what number he had been given. When he told her she gulped, for he had been talking to her neighbor and friend, who also knew who lived at Niagara XYZ... Ouch.

Did you know that Frenchmen, when they go courting, always wear a safety pin attached to the under side of their lapel? Just in case their companions for the evening has accidents with their straps and things.

Badminton players are wanted at the Grosse Pointe Memorial Church. Anyone wanting a good fast game of singles or doubles is invited to drop around Tuesday evenings at 8 for a lively session of the "bird" game.

Pointe Counter Points
by OLIVE H. LARNED

There are ways and ways of getting a warm glow, but the best way just now is to consider the following and then act on it. The GROSSE POINTE THRIFT SHOP, located at Waterloo and St. Clair, from now until March 15, is giving the proceeds from all sales of donations to the AMERICAN RED CROSS. This is a case of one worthy organization extending a helping hand to another. THE THRIFT SHOP is asking you to please look over what you have, that you do not want, or need, and please take the articles to them or call THE THRIFT SHOP, Niagara 0773 and the staff will arrange to have your donation picked up. Isn't that easy? Anything that you wish to give will be gratefully received but may I suggest that the following are very acceptable—clothing—dishes—glassware—kitchen utensils—children's toys—pocketbooks—costume jewelry—any knick knacks, etc. You know that you have something that you can give with no personal sacrifice, it's such an easy way of helping others—how about doing it?

The only time that you can't eat at the EARLY AMERICAN RESTAURANT is from 12:01 a. m. until 7:59 a. m.—you shouldn't be eating then anyway! and besides the owners have to sleep sometime and that would seem to be the best time for that. Did you know that the Early American Restaurant is located on Mack at Oxford road in Grosse Pointe Woods? The cheery bright dining room with its attractive fireplace is open only for dinner, unless engaged for special parties at noon. There is another large dining room downstairs available for private parties at the dinner hour and night. This also has a fireplace which adds to its charm. The Grill Room has an entrance on Oxford road and is open from 8 a. m. until 12 p. m. Here you may obtain all the foods associated with a grill room, but wherever you eat in the EARLY AMERICAN RESTAURANT, you are assured of excellent food, courteously served.

Engineers' Wives to Hear Detroit Bureau FBI Head
Mr. Harry T. O'Connor, head of the Federal Bureau of Investigation in Detroit, will speak on "F. B. I. Activities and the General Crime Situation in Detroit" at the meeting of Society of Engineers' Wives Wednesday, March 12, at 1:45 p. m. in the Rackham Building. Luncheon precedes the meeting. The Society will take under consideration the signing of the petition on the proposed ordinance for Smoke Abatement in the City.

Second Border Cities Loop Title Taken by Blue Devils

Victory Over Royal Oak Acorns Clinches Top Honors When Wyandotte Topples Threatening Fordson Tractors

By FRED RUNNELLS

Grosse Pointe's smooth working, high scoring basketball team rolled over the Royal Oak Acorns, 46 to 40, last Friday night on the local court to win the Border Cities League basketball championship and give the school its first basketball crown since 1938.

At the conclusion of the game the Pointers knew they were at least sure of a share of the crown and the title hinged on the outcome of the Fordson-Wyandotte game played the same night.

Wyandotte whipped the Tractors to hand the Blue Devils undisputed possession of the championship.

It was just a week ago that Grosse Pointe knocked Wyandotte out of the race with an overwhelming 65 to 43 victory which saw the Pointers establish an all-time Grosse Pointe scoring record.

Grosse Pointe has only one game remaining in Border Cities League competition against Highland Park next Friday night, on the Parkers home court. The Blue Devils will enter this game with all the pressure off, as the results of this game cannot alter the final standings.

The Royal Oak game was a battle of centers. Bob Olson, Grosse Pointe's superb star, led his teammates in point production with 16 points while the Acorns' star Norm Zauchin, leading scorer of the Border Cities League, tallied 18 points to annex the individual scoring honors of the night.

Again the Pointer's gym was packed to capacity with even adults clamoring for standing room to see the thrill packed contest.

The Blue Devils were forced to come from behind twice, in the first five minutes of the first quarter to tie the game up, but once it was tied at 4 all on Captain Paul Grubbs' two long field goals with three minutes remaining in the initial period, the Pointers offense went into high gear and they held an 11 to 8 lead at the end of the opening quarter.

Forward Johnny Rummel led the attack with 5 points and Tom Wilson contributed a field goal to complete the first quarter total.

The Acorns outscored the Blue Devils, 13 to 12, in a wild and woolly second period which saw Olson and Zauchin match basket for basket and make the score read 23 to 19 in Grosse Pointe's favor at the half time intermission.

To you Coach Wernet, congratulations on a job well done. The Pointers outscored their

rivals 10 to 8 in the third quarter with six of their points coming on charity tosses. Grubbs and Willson connected with field goals for the third quarter total.

Going into the final stanza the Blue Devils were riding on the lull end of a 33 to 25 score. The Acorns offense went into high gear and threatened the Pointers but the visitors were trailing by four points at the automatic time out, with Zauchin sparking the Acorns attack with six points.

Timely baskets by Ed Isbey, Graham and Olson, who hooped two field goals in the last four minutes, clinched the game.

Zauchin proved to the spectators why he is the league's leading scorer by swishing the net for nine of the 15 points by the Acorns could only count on 2 free throws in twelve attempts.

Both teams made the same number of field goals, 19, and both committed the identical number of fouls, 10.

Captain Paul Grubbs wound up in third place in the scoring column with 12 points and repeatedly set up scoring plays which he is noted for.

Forward Johnny Rummel's luck took the night off and he was repeatedly robbed of baskets when the ball rimmed the basket and popped out again.

Not all the credit should go to the team despite the fact it made a remarkable comeback after being counted out of the race a few weeks back after suffering its second defeat at the hands of Wyandotte.

Coach Ed Wernet, as far as this writer is concerned, has earned the title of "Coach of the Year" by molding a championship club at Grosse Pointe in his first year of coaching in the tough Border Cities League.

Wernet's job was all the more remarkable because he took players who were schooled in a certain style of play by Bill Healey, Grosse Pointe's coach last year, and changed the style over to his own pattern. The change gave Grosse Pointe its first basketball championship in 9 years and produced a team that established two new school scoring records.

To you Coach Wernet, congratulations on a job well done. The Pointers outscored their

dual scorers this week. East Side Gear pulled into a two way tie for second place Monday night, by defeating Verdonck's Bakers, 49 to 42. Wilkinson annexed individual scoring honors in this game with 13 points.

The celler dwelling Defer Cougars lost their ninth game in a row when they bowed to Whittier Cleaners, 59 to 32. The victory put the Cleaners in a two way tie with St. Clare fourth place.

Court Game To Help Lee

Benefit Basketball Tilt Arranged for Player Injured Early in Season

By FRED RUNNELLS

The Francois Bulldogs, currently leading the Neighborhood Club basketball league, will meet the Jaglowicz quintet, next Friday night, March 14, at the Neighborhood Club in a benefit game for Harold Lee.

Lee fractured his cheek bone during a league game early in the season and has been sidelined ever since.

The game will start at 8 p. m., and should be one of the best games played at the club this season.

Jaglowicz is an independent team which won the Detroit City championship and the Independent League championship last year. The team is still intact and competing in the same leagues this season.

The Francois Bulldogs composed of Grosse Pointe High School Alumni are tied for the league lead at the Neighborhood Club and have won seven games in eight starts.

Tickets may be purchased from any of the leagues' players or at the Neighborhood Club.

It was announced Wednesday that the St. Paul Indians will meet the Verdonck Bakers in a preliminary game before the Bulldogs-Jaglowicz battle.

Runnels to Pick All-League Team

The Grosse Pointe News will announce its 1947 Border Cities League All-Star basketball team in the March 13 issue.

This is an exclusive feature of the NEWS. Members of this team are chosen by the NEWS Sports Editor, Fred Runnels, on their sportsmanship and ability both offensively and defensively.

Each player has been seen in action by our Sports Editor in at least two games during the season.

A picture layout will accompany thumbnail sketches of each player.

Also second team members' names will appear.

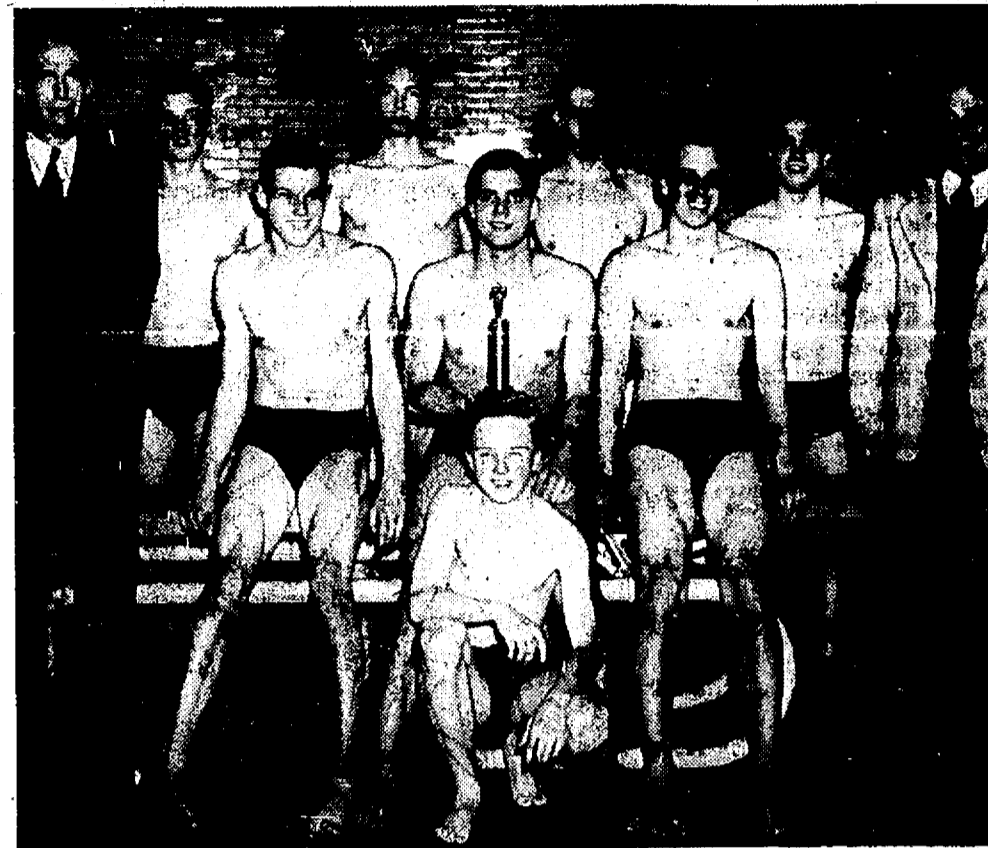

Jefferson Team Clings to Lead

The Jefferson No. 1 team of the Detroit Post Office-East Side Bowling League, stayed right on top last week by taking three points from Grosse Pointe Cab. Altes Lager clung to the pace in blanking Holzbaugh Ford.

St. Clair Shores took three from O.K. Hat Cleaners, DeSantis blanked the Kercheval Clerks; Fox Creek grabbed three from Wilsher Studebaker and Meyer Pharmacy white-washed Welding Gas.

The standings: Team W. L. Jefferson No. 1 87 29 DeSantis Undermakers 60 36 St. Clair Shores 58 38 Altes Lager 56 40 E. Holzbaugh Ford 55 41 Meyer Pharmacy 51 45 Grosse Pointe Cab Co. 49 47 O.K. Capture Honors in State Championships

These are the Grosse Pointe swimmers who annexed third place in the Michigan State High School Swimming Championships last Saturday in East Lansing. Left to right back row: COBBY BARTLETT, FRED LA FERTE, TED MUMFORD and BURT SPURRIER, who composed the 200 yard free style relay team which placed fourth. Seated: BOB ESSERT, BILL KILDOW and BOB JENKS composed the 150 yard medley relay team which scored a smashing victory in this event. Kildow and Jenks also became State Champions in the 100 yard free style event and the 100 yard breast stroke event respectively. Kneeling: BOB FOSMOE placed fifth in the individual medley relay event. Extreme left is MR. SHOEMAKER who accompanied the team and was an official timer in the meet. COACH FRANK BANACH, (in light coat) was unable to see his boys score their surprise victory because of his mother's death.

Reserves Extend Winning Streak by Beating Acorns

Grosse Pointe's reserve basketball team walloped Royal Oak, 44 to 15, last Friday night in the first game of a twin bill on the Pointers' home court. The top-sided victory avenged an earlier defeat by the Acorns and extended the Blue Devils current winning streak to three straight.

The Blue Devils freshman combination of Johnson, Quirk, Schoeck, Peplinski and Rydberg started the game and displayed the smoothest, working offensive displayed by any Border Cities League reserve team this season.

Munro, Hays, Hansen and Farquhar. The senior quintet couldn't match the scoring of the starting five and was only able to garner four points, all by Barry Munro, to give the Blue Devils a comfortable 27 to 5 lead at the half time intermission.

Coach Fisher elected to use his freshmen to start the second half to prove the first quarter scoring spree was no fluke. The freshmen wasted no time, with each player connecting for one field goal in the third quarter while holding the hapless Acorns to four points.

Against the senior five, Royal Oak was held scoreless in the first four minutes of play of the last quarter and trailed 41 to 10 at the automatic time out.

In the final four minutes the Acorns outscored the Blue Devils 5 to 3 to make the final score read 44 to 15, in favor of Grosse Pointe.

This victory was the most impressive of the season, not because of the high scoring of the Blue Devils, but by the way they handled themselves on both defense. Passing plays, something that have been sadly lacking in the reserves' attack this year, were exceptional as was the drive and determination under both backboards.

Bowlers Battle In Home Stretch

Driving down the last lap of the bowling season, the teams in the East Side Independent League are battling for the first place slot and the beautiful trophy that goes to the winner. 'Star' Bar, in first place, has proved the dark horse to date. This outfit increased its lead last week by blanking Cadillac Glass, one of the strongest teams in the loop.

Led by Capt. Harry Damm, Horn Fuel and Supply took three from George's Five with a nice 982 middle game.

Kuryla Motors bounced back with a three point win over Al Long's outfit. Whittier Cleaners, still on the down grade, took another licking, with Merle grabbing three - Berkshire Service stayed near the top by taking four from Kubiak Jewelry. Formrite took four from Sam's Bar; Jim's Bar blanked Falcon Rec.; Kercheval Machine took three from Sprenger Shoes; Jack's Service beat Hakim Brothers, 3-1; and Town Pump and Dillon split.

Lewis Ritz rolled the high 240 of the night and other high games included Michael Verhaeghe, 233; Joseph Usakowski, 226; Lloyd Boudreau, 226; Harry Damm, 222 and 202; George Vaninwagon, 220 and 211; Leonard Elwart, 217; Mal McClellan, 214; David Wilson, 213, and Lester Bell, 210.

Pointers Spring Surprise In State Swimming Meet

Blue Devils Take Third Place by Winning Two Individual And One Team Events; Bill Kildow Whips Favorite

By FRED RUNNELLS

Grosse Pointe's Border Cities League swimming champions upset the dope-sheets in the Michigan State High School Swimming Championships last Saturday afternoon in the Jenison Field House pool in East Lansing and swam into third place in the state finals.

The Blue Devils upset the pre-meet calculations in this respect. The battle for first place was figured to be between Saginaw Arthur Hill and Battle Creek, as both these schools had powerful teams entered and each had lost only one dual meet, each defeating the other during the regular season.

Both Battle Creek and Saginaw Arthur Hill surged to the front in the preliminary time trials in the afternoon, qualifying more boys than any other of the 18 schools represented. In view of this fact the mathematicians got out their pencils and figured Saginaw Arthur Hill would come off the State High School Champion by three points at the conclusion of the evening races. What these Einstein's didn't count on was Grosse Pointe's two relay teams and its two stars Bill Kildow and Bob Jenks.

Bob Jenks, Grosse Pointe's star breast stroker, started the Blue when he edged Bob Treat of Flint Central, who qualified in first position in the time trials, by a scant foot. Jenks qualified in fourth place seven tenths of a second off Treat's time.

In the next two events, the 200 yard free style and the 100 yard back stroke events, in which the Blue Devils failed to qualify a boy, Battle Creek and Saginaw Arthur Hill moved out in front in the standings.

Grosse Pointe's ace free styler Bill Kildow smashed the meet wide open in the century when he defeated S. A. Hill's highly touted Bob Trout, who was figured to become state champion in both the fifty and 100 yard free style events.

Kildow's race was the most spectacular of the entire meet. Trailing for 75 yards Kildow discovered he was about a foot behind Trout as he made his last turn. Burying his head in the water, the Pointer took off on the last lap as though he was being chased by a school of sharks. He pulled up even with his rival when about five feet from the end of the pool. Trout missed his touch and while he was reaching for the end of the pool the second time Kildow touched.

Bulldogs and Indians Tied In Neighborhood Club Loop

The Francois Bulldogs and the St. Paul Indians are still tied for the lead in the Neighborhood Club Basketball league after nine weeks of play. Both teams have won eight games and lost one and barring any unforeseen upsets next Monday and Tuesday these two teams will play off for the title and a handsome trophy donated by the Neighborhood Club on March 24.

St. Paul conquered Locke's 35 to 31, in last Monday night's initial game. Locke's gave the Indians quite a scare and threatened for a while to drop St. Paul from first place.

Francois Bulldogs toyed with St. Clare in Tuesday night's nightcap by scoring at will and rolling up one of the highest scores in league play, 62 to 21. Dick Wuerker found the range for 22 points to lead the indi-

vidual scorers this week. East Side Gear pulled into a two way tie for second place Monday night, by defeating Verdonck's Bakers, 49 to 42. Wilkinson annexed individual scoring honors in this game with 13 points.

The celler dwelling Defer Cougars lost their ninth game in a row when they bowed to Whittier Cleaners, 59 to 32. The victory put the Cleaners in a two way tie with St. Clare fourth place.

Kid Bits

By Mary Fève

HARRIETT GOODRICH honored her house guest, BARBARA WILSON, of Detroit, by tossing a wonderful get-together in her home on March 1. Betsy Arnold, Sue Marie Diane Schleicher, Helen Maiden, Janet Gregory, Carolyn Smith, Mary Ellen Hienner and Marion Olof cooked their own supper before heading off to the movie. Barbara headed homeward the following day amid much fanfare after a sa-well week-end.

Although the ground is still under cover, and cold winds are blowing, campers just can't get their minds off the exciting times they have had out in the open with their fellow campers. In certain groups, you can hear chatter of camping days all year round.

Such was the topic at the CRYSTALLAIRE REUNION held in the Woman's City club on March 1. After lunch, the gals saw movies of themselves and their friends partaking in the many camp activities during the summer of '46. Lois Rieck, Marilyn Mathewson, Marilyn Bower, Maryanna Larson, Jean Diekoff, Cecilia Bonbright, Sally Beardslee, Margo Fisher, Janet Zur-Schmeide, Connie Baker and Joyce Clements were a few representing Grosse Pointe at this festivity.

The last of Grosse Pointe high school's winter sports intermingled with the social scene, to create an exciting Friday evening on Feb. 29th!

Before the basket-ball victory of Grosse Pointe over Royal Oak, MARILYN SHAY served a chicken dinner to Barbara Goodrich, Pat Mann, Phyllis Hannah, Sharon Arnold and Marilyn Faust. The girls all had a gay time in the Shay home before Marilyn drove them over to the high school to witness the big game.

The St. Patrick's day theme was carried out at the dinner party of MARYANNA LARSON. This affair also took place before the basket-ball game. Eating chicken pie and chocolate sundaes by candlelight were Marianna and her date Ken VanDerbrush, Carol Briggs and Jim Hearst, Marilyn Bower and Bruce O'Neil, Barbara Gregory and Jack Beyer, Marilyn Mathewson and Ricky Schmidt and Mary Whitcomb and Add Smart. THEN — the whole gang trekked back to the Larson abode (after the game, that is!) for dancing and even MORE food.

NANCY MEYER invited several folks over for some after-the-game gossip and a game of bridge. Pat Day, Sharon Arnold, Jessie Farquhar, Shila McComb, Joy Williams, Sue Field, Mary Nebel and Jennie Quirk were there.

Again, the McCARTEN home was the center of much social activity! One of those stylish impromptu affairs was held after the game. PEGGY Pat Mann, Marilyn Shay and Phyllis Hannah were there with Lois Moeller, Dolores Anshuetz, Myrna Riddering and Barbara Goodrich. The girls crowded around the radio to listen to the popular Moonlight Serenade and munch the popcorn which they had popped.

The senior group of the U.D.C.'s met at the McCarten's this week to practice their play which is to be given soon. Those taking part in "Rich Man Poor Man" are Marilyn Mathewson, Bruce Boyle, Dave Meeker, Dick Allan, Peggy Dickens, Shila McComb, Edith Waldbott, Betsy Waldbott, Phyllis Hannah and Dorothy-Lincoln.

Two other plays are being given on the same night. Why Directors Die Young, given by the junior group, and A Mexican Bus Ride put on by the women's association.

At the Hunt club, a surprise birthday party took place on February 20. The party, which feted CAROL STEWART'S 16th birthday anniversary, was given by all the girls of the regular Thursday night drill in the club tea room. All the party refreshments were typical birthday party eats—cake, ice cream, hot chocolate and sandwiches! Helping Carol celebrate this big event were Sue Cruickshank, Gery Rounds, Sue Carson, Janet Allen, Joan Ziegler,

Toni diMarco, Anne Erkfitz, Sue Essington, Judy McKiel, Peggy Hatch, Elizabeth James, Nina Cunningham, Wink's Booth, Kathleen Jameson, Joyce Culehan, Barbara Bull, Barbara Fruehauf and Merillie Ebinger.

ST. PAUL NEWS
MARIE MELDRUM'S dwelling was the place where that huge celebration occurred on February 7. Later in the evening, dancing was abandoned in favor of the delicious "snack" that was served.

The guest list for this affair included Marie's best friends, Joanne Schummer, Joe Cavanaugh, Margaret Clark, Jerry Hollerbach, Jane Lidewyk, Tim Carrigan, Virginia Kaiser, Paul Meldrum, Pat McIntosh, Dick Hoskins, Peg Labadie, Dick Morketter and John Hoey.

KAY McDONALD hosted a tempting dinner on Sunday Feb. 9. After the meal her guests skimmed over the ice for a few turns and then took in a movie before heading for home. In on the afternoon of fun were Don Simpson, Sandy Sittinger and Art Smith, and Carol Staub and that George Heidt.

ST. PAUL'S encounters with St. Martin and St. Vincent during the past week provided lots of enjoyment for the many spectators. During the game we noticed some students cheering loudly for their Alma Mater. Among them were Alice Fuser, Betty Huettmann, Ellen Kelly, Donna DuBeau, Joanne Krehnink, Joan Beaupre, Sally Nacy, Virginia Miklavich, and Joan Betzing.

JOANNE ATHANASSIOS doors on February 7 admitted only girls. Five of Joanne's friends gathered at her Neff road home to help consume the chips and pop. Taking part in the gab fest were Nan Stahl, Do Backman, Jo Mannino, Pau Beaupre, and Martha Mauer.

A beautiful white gardenia adorned the dress of ANNE DUNGAN as she greeted her guests at her home of Rivard road to help her celebrate her 15th birthday.

A few dances filled in the minutes after the gifts had been opened. Among her presents was a twin bracelet and ring set of turquoise.

Big slices of birthday cake were served to Ann's escort, Jack Trombley, Mary Ann Burlingame and Bill Huettmann, Nancy Downey and Don Williams, Gerry Kirchner and Ray Bieski, Carol Staub and Pierre Belanger, Mary Lou Vernier and Dan Campau, Barb Van Tiem and Jerry Turcotte, Judy Hennecke and Mike Galvin.

Another gal joined the "fifteen set" on February 8. SALLY McKERNAN was feted at a surprise party by JUNE ALLARD. Before the salad, sandwiches, cocoa, ice cream and cake were offered, a few games of Pantomime were played.

Offering congratulations to Sally were Peggy Hyde, Marilyn Otto and Patty Gant.

Twenty-three girls of the David Schilling Flight received their wings at ceremonies held February 27 in Miller Hall. Presentation was made by Mrs. Bert Lindsay, an officer of Club 89, National Women's Flying Club.

Nineteen girls were invested as Senior Scouts. Marilee Reano received a 20 year pin; Marilee O'Brien, a 10 year pin; nine girls received 5 years pins. These awards are for consecutive years in Scouting.

Mrs. Paul Deesley, member of the Troop Committee, was in charge of refreshments. Intermediate Troop 634, in the Woods, chose Mason School for the scene of a mother's tea on February 20. The affair, Valentine motif prevailing, was planned and carried out by the girls. Joan Leele and Carol Goodrich spoke on troop activities — one being candy-making for the USO.

Leader Mrs. Walter Eltes expressed regret that Assistant Leader Mrs. Ross Kittle will be leaving April 1.

The Mother's Club of Grosse Pointe High School is sponsoring the Wings and Mariners in Grosse Pointe.

About 100 fathers, mothers, friends, and girls turned out at Mason School at 7:30, February 28, for the biggest event ever attempted by Intermediate Troop 301, Grosse Pointe Woods.

An American flag was presented to the troop by the Women's Auxiliary of the Veterans of Foreign Wars. Eight members of that organization were on hand; presentation was made by Mrs. Donaldson.

A Court of Awards was held with 30 girls receiving Second Class Badges; 15 Hostess Badges; 15 Child Care Badges, the latter girls having completed a course under Mrs. Frank Morgan, R. N. Drawing attention to the work Troop 301 has been doing, was a large handcraft display. Entertainment was provided by girls of the troop, who put on singing, dancing, and acrobatic acts. Refreshments were served.

Leader Mrs. Albert Eyre, Assistant Leader Mrs. J. Kallivoda, the Troop Committee, and Troop members co-operated to make the evening a huge success.

Farms Officials Answer Charges

On being advised that a group of citizens representing themselves as the Grosse Pointe Recreation Association is criticizing the administration of the Village of Grosse Pointe Farms charging neglect in appropriations for recreational facilities, President James K. Watkins made the following comments in behalf of the board of trustees.

"In considering their criticism one must keep in mind that expenditures for public recreation are only one of the many kinds of expenses in Municipal government and the public recreational costs should be relative not only to the public needs but also to the overall costs. It is submitted that the charges made by the

group are not supported by the facts.

"The Council appropriated in 1946 in excess of \$26,000.00 for direct recreational expense and in the past five years has expended the total sum of \$119,677 for this purpose. Operating costs alone have risen 30 percent in the past five years due in part to the increase in personnel thought necessary more properly to safeguard the many children who use the bathing facilities.

"In the figure of \$119,677 is included the cost of the addition to the Pier grounds, by which was provided added parking and picnic space and a part of which was later developed into a sand bathing beach through additional ex-

penditures authorized by the Village Council. The new beach is the only one of its kind between Detroit and Mt. Clemens.

"The Village Council has been aware of the condition of the present Pier but extensive improvements thereof during the war years were obviously out of the question and might still be unwise in the fact of present costs, since dock and harbor facilities are a very expensive type of improvement.

"The charge that the dock is a fire trap is a misleading and unwarranted statement since the premises are examined periodically by fire insurance underwriters and insurance rates are very nominal."

Group Supports Winkler, Farmer

The Grosse Pointe Farms Recreation Association has endorsed the candidacy of Horace E. Farmer and Irving T. Winkler for positions on the Village Board of Trustees.

Mr. Farmer is a mechanical engineer and a graduate of the University of California. Mr. Winkler is an architectural graduate of the Detroit Institute of Technology and has been engaged in the building business for 26 years.

In endorsing Farmer and Winkler, the Recreation Association has issued the following statement:

"Even though Grosse Pointe Farms has one of the finest beach locations on the lake, the Farms Board of Trustees has done a minimal job of developing its possibilities. In every instance in the past where anything like a major improvement has been made, it has been as a result of persistent prodding by interested groups.

"The Grosse Pointe Farms Recreation Association is a group of residents who are interested in having the facilities developed. It is felt that such development is desirable as a potent means of combatting juvenile delinquency by supplying our children with healthful and interesting activity for their playtime hours, and as a means of providing adult residents with a much-needed place for relaxation and recreation. The lake front has a natural attraction for practically everyone, but at present the facilities are very inadequate to meet the needs of the village.

"The present facilities are not much different from what they were when the village was one third its present size and in many respects are not at all what they should be. For example, examination of the dock itself reveals that it is in a woeful state of disrepair with many rotted piles and timbers. The beach building has badly rotted foundations and floors and is one of the finest fire traps in the state.

"With a crowd of near 5,000 on the dock of a warm summer day, try to imagine what might happen if the building should catch fire and block the exits from the wooden dock. The harbor is filled with mud at places to the point where it is too shallow for a row boat. The parking lots are dust laden and likewise the picnic grounds. The new outside beach was never properly finished. As

it exists it is a trap for Ste. Clair's flotsam and jetsam. Yes, last summer the guards were required to remove literally bushels of refuse from the beach daily.

"Are these conditions necessary? Apparently yes if one is to judge by the interest and actions of the Trustees. They complain about costs and suggest that juvenile delinquency can be combatted successfully by having the children make use of the unsupervised vacant lots.

NOTICE TO THE ELECTORS OF THE
Village of
Grosse Pointe Woods
 MICHIGAN
 WAYNE COUNTY, MICHIGAN

OF THE SUBMISSION OF ADVISORY BALLOT IN CONNECTION WITH THE LAKE FRONT PARK SITE LAND CONTRACT.

at the

ANNUAL ELECTION

to be held on

MARCH 10, 1947

TO: THE QUALIFIED ELECTORS OF THE VILLAGE OF GROSSE POINTE WOODS, MICHIGAN:

YOU ARE HEREBY NOTIFIED that, at the Annual Election to be held in the Village of Grosse Pointe Woods, Wayne County, Michigan, on March 10, 1947, an Advisory Ballot in connection with the Lake Front Park Site Land Contract will be submitted to, and voted upon, by the electors of the Village of Grosse Pointe Woods.

YOU ARE FURTHER NOTIFIED that the ballot is in form and substance, as follows:

- "ANNUAL ELECTION HELD IN THE VILLAGE OF GROSSE POINTE WOODS, MARCH 10, 1947."
- "ADVISORY BALLOT RE. LAKE FRONT PARK SITE LAND CONTRACT."

"INSTRUCTIONS: If in favor of the Proposition, place an "X" in the square before the word "YES"; if opposed to the Proposition, place an "X" in the square before the word "NO".

"The electors of Grosse Pointe Woods, on September 30, 1946, authorized the issuance of Seventy-Two Thousand (\$72,000.00) Dollars in General Obligation Bonds of the Village to finance the purchase of the Eleanor Clay Ford property situated in the Village of St. Clair Shores, Macomb County, Michigan, as a Lake Front Park Site and to finance certain improvements thereon and tax liabilities in connection therewith.

"The Village of St. Clair Shores instituted proceedings attempting to prevent the acquisition and use by the Village of Grosse Pointe Woods of the property in question for such a park site, which action prevented the issuance of the bonds authorized to finance the purchase of the property. This litigation is still pending and will require final determination by the Courts before the bonds authorized, as above, can be issued.

"A land contract has been entered into with Mrs. Eleanor Clay Ford, subject to this advisory vote of the Electors, for the purchase of said property at a price of Sixty Thousand (\$60,000.00) Dollars, plus the sum of Fifteen Hundred (\$1,500.00) Dollars, representing prepaid taxes, as of August 9, 1946, which taxes the Village is required to assume and pay, as well as taxes levied subsequent to August 9, 1946, the said purchase price to be paid in manner following:

"\$1,000.00 previously paid on the Option of Purchase;
 \$2,000.00 on or before March 14, 1947; and the balance of the purchase price of \$57,000.00 to be payable \$1,500.00 May 1, 1948, \$2,000.00 November 1, 1948, and a like sum semi-annually thereafter, with the entire purchase price to be paid on or before November 1, 1951.

"\$1,500.00 adjusted taxes to be paid on or before March 14, 1947.
 INTEREST on all unpaid balances to be computed as follows:
 Two (2%) Per Cent Per Annum up to November 1, 1947;
 Two and One-Half (2 1/2%) Per Cent Per Annum up to November 1, 1948;
 Three (3%) Per Cent Per Annum up to November 1, 1949; and
 Three and One-Half (3 1/2%) Per Cent Per Annum up to November 1, 1950;
 Four (4%) Per Cent Per Annum up to November 1, 1951.

IN ADDITION, the Village of Grosse Pointe Woods agrees to expend Ten Thousand (\$10,000.00) Dollars over a period of Eight (8) Years to provide a screen or green belt along the line of Mrs. Ford's property.

"The Village of Grosse Pointe Woods assumes responsibility for all taxes levied against said property subsequent to August 9, 1946 (the date fixed for tax assumption by the Village in the original Option of Purchase).

"In order to obtain possession and use of the property by the Village of Grosse Pointe Woods and to be in a position to claim tax exemption therefor as against taxes levied by the Village of St. Clair Shores and the Township of Lake, both of Macomb County, Michigan, and due to the inability of the Village, because of the pending litigation, to dispose of the bonds issued to finance the said project, the land contract has been entered into.

"The Electors of the Village of Grosse Pointe Woods are requested to advise the Village Commission as to whether or not funds should be invested in the said property under a land contract, with terms as aforesaid, prior to final determination of the litigation; that in the event the Village shall be prevented from using said property as a Park, limited to the use by residents and taxpayers of Grosse Pointe Woods and their guests, it may become advisable to abandon the project and lose the investment made under said land contract.

"Your expression should be voiced upon the following Proposition:

★ ★ ★

"DO YOU AUTHORIZE, APPROVE and RATIFY the action of the Village of Grosse Pointe Woods in entering into a land contract with Eleanor Clay Ford for the purchase of the Lake Front Park Site, situated in the Village of St. Clair Shores, Macomb County, Michigan, upon the substantially following terms and conditions:

"\$1,000.00 previously paid on the Option of Purchase;
 \$2,000.00 on or before March 14, 1947; and the balance of the purchase price of \$57,000.00 to be payable \$1,500.00 May 1, 1948, \$2,000.00 November 1, 1948, and a like sum semi-annually thereafter, with entire purchase price to be paid on or before November 1, 1951.

"\$1,500.00 adjusted taxes to be paid on or before March 14, 1947.
 INTEREST on all unpaid balances to be computed as follows:
 Two (2%) Per Cent Per Annum up to November 1, 1947;
 Two and One-Half (2 1/2%) Per Cent Per Annum up to November 1, 1948;
 Three (3%) Per Cent Per Annum up to November 1, 1949; and
 Three and One-Half (3 1/2%) Per Cent Per Annum up to November 1, 1950;
 Four (4%) Per Cent Per Annum up to November 1, 1951.

IN ADDITION, the Village agrees to expend Ten Thousand (\$10,000.00) Dollars over a period of Eight (8) years to provide a screen or "Green Belt" along the line of Mrs. Ford's property;

and further authorizing the appropriation of the sum of Seventy-Five Hundred (\$7,500.00) Dollars for the year of 1946 in order to meet the land contract obligations and the tax liabilities in connection therewith; and further authorizing an annual appropriation in an amount sufficient to carry out the terms of the land contract aforesaid until such a time as the General Obligation Bonds of the Village of Grosse Pointe Woods, authorized to finance the said project, may be issued?"

Friends Support Marco, Burgess

Friends of two of the Woods candidates for the Village Board of Commissioners have issued the following statement in their behalf.

"Yielding to the requests of numerous residents throughout the Village of Grosse Pointe Woods, Commissioners George M. Burgess and Paul Marco again announce their candidacy for re-election to the office of Village Commissioner.

"Both Burgess and Marco have ably served the best interests of all the residents of Grosse Pointe Woods for the past 6 years. Their experience and sound judgment is considered of great value to the residents of the Woods—and will particularly be needed in the two years ahead.

"Serving without remuneration with the Village President and other Commissioners, Burgess and Marco have contributed many hours of their valuable time and energy to the administration of Village affairs. The excellent status of Grosse Pointe Woods Village finances is a tribute to their efforts.

"Their return to office should be the concern of every citizen."

Mutual Pays Out \$445 Per Minute

Policyholders and beneficiaries received almost 54 million dollars last year from the Massachusetts Mutual Life Insurance Company, which was an average of \$445 per work-day minute, according to George E. Lackey, C.L.U. General Agent in Detroit.

Including dividends of \$12,128,245, policyholder payments were \$32,223,979 and \$21,699,705 went to beneficiaries. War casualty claims for the past five years were \$4,327,564, plus \$1,201,341 for armed forces deaths not the direct result of war. Total payments under these two classes of claims were over ten times the company's war losses during World War I.

Grosse Pointe residents associated with the Detroit General Agency which has represented the Company here since 1855 include in addition to General Agent Lackey, Joseph J. Coburn, Mrs. Ivo L. Melchers, Mrs. Peggy E. Spowart and Hugo J. Ulbrich, Jr.

Commenting further on the 95th Annual Statement which has just been released, Lackey points out that heart diseases caused 1,400 of the 3,613 deaths among Massachusetts Mutual Life Ins. Co. policyholders last year, heaviest heart ailments toll during the past five years. The Company, along with others representing altogether 93% of life insurance in force in the United States, has established the Life Insurance Medical Research Fund to deal first with diseases of the heart and arteries, accounting for 30% of American deaths. With a six-year budget of \$3,500,000 the Fund is now concentrating on the development of existing institutions for research into the causes and cure of heart diseases.

Represented by 596,397 policies, insurance in force is \$2,428,801,741, exclusive of group plans, an all-time high. Also in force are 14,290 annuity policies on which income payments were \$4,211,000 last year, and 25,489 deferred annuities providing for future income payments of \$14,696,000 annually.
