WASHINGTON and the entire nation dazed today over the advanced and aggressive ground in our foreign policy indicated by the President's pro-Greek anti-Soviet message to Congress... no common pattern of reception yet indicated... "must support the President, but go slowly" (a la Vandenberg) as near a common reaction as yet disclosed.

LESTER CARPENTER, a 28 year old veteran, operating a State approved boarding home for children at Kalamazoo, confesses to brutally beating to death a four-year-old-boy inmate of his place.

BRITAIN SAID TO BE DEEPLY "shocked" by President Truman's foreign policy speech, according to news dispatches... no detailed explanation of the reason for shock... possibly somewhat charged at the prompt manner in which the American President offers to man the ramparts of democracy which Britain by her own declaration abandoned.

THE SENATE by a vote of 59 to 23 approves a measure which submits to the states a constitutional amendment limiting the tenure of the presidential office to ten years... an incumbent who has served less than two years in the office (example a vice-president who succeeds to the presidency) might serve two successive elected terms; otherwise only a single reelection... the latter provision would be applicable to President Truman.

ON INSISTENCE OF BRITISH FOREIGN MINISTER BEVIN, Molotov agrees to disclose the number of German prisoners of war held in Russia... also agrees to fix the date for the destruction of certain Russian held ships, which Big Four conference had agreed should be destroyed.

IVESTIA, the official organ of the Soviet Government, directly charges the United States with interfering in the internal affairs of Greece and Turkey... the chief burden of a front page editorial is that the U. S. is on the march to imperialism. Hints at revival of the old capitalist-proletarian struggles in the statement that "claims of the United States for leadership in international affairs grow in keeping with the appetite of interested American circles."

REPORT FROM WASHINGTON says the United States will insist on drastic changes toward democratizing the Greek government as a condition of its economic support and military advice.

A SEVENTY-FIVE DOLLAR per week bookkeeper in Philadelphia finds a box containing \$92.00 in \$10, \$20 and \$50 in bills in the basement of a home he had continuously occupied for 27 years... police say the box could not have been tossed into the basement through a window... Benjamin Lieberman, the finder, says he was in the basement looking for an electric light bulb when a shelf upon which he was leaning collapsed, and the box fell and opened disclosing the bills... police checking to learn whether it was stolen; if not the cache will go to Lieberman... finding of the money reported by Lieberman and both he and his wife were astounded at the discovery.

Girl Scouts Celebrate Anniversary

Representatives from each Pointe troop and Council members gathered in Miller Hall Sunday afternoon to pay honor to Juliette Lowe, founder of Girl Scouting in America. The 35 candles are for the 35th anniversary of Girl Scouting in this country. Also honored was MRS. MARK K. EDGAR, center, of Lincoln road, who has been active in scouting for 30 of these years, having served as Commissioner in Scranton, Pa., and on the Detroit Girl Scout Council. She was presented with a gardenia corsage and made an honorary member of the Grosse Pointe Council. She was a friend of Juliette Low.

Community Garden Plots To Be Made Available if Pointers Indicate Interest

Victory Garden Council Holds Meeting With Municipal Officials in Board of Education Building

Community garden space will be available this year if enough Grosse Pointe residents desire it. However, arrangements to use the land, and plans for plowing and discing, will not be proceeded with until residents wishing gardens have notified their Municipal Clerks of the fact.

This decision was reached at the meeting of the Victory Garden Council, held in the Board of Education Building on March 11, because it has been impossible to estimate how much demand there will be. It was reported that land for a few gardens will be definitely available on Harcourt in the Park, if needed, and it may be possible to obtain the use of more of the property.

In the City, it is hoped that permission can be obtained to use parts of two pieces of land. The Farms will not have a community plot as there is the probability that the School Board may start construction on the Beauregard-Kirby property before the summer is over, if CPA authority can be secured. Farms residents, desiring to garden on a community plot, are asked to leave their names with

Boxer Displays Plenty of Fight

Howard Smith of 1605 Ford court, Grosse Pointe Woods, called on his brother Travers Smith, of 589 St. Clair on Sunday, March 16.

He took his Boxer dog along just for the ride and that was a mistake as he quickly discovered a few minutes after he turned the Boxer loose for air and exercise. The dog jumped on Mr. Finster, of 17130 St. Paul, who was strolling by, also on exercise. The ambitious boxer tore Mr. Finster's overcoat badly but did not bite him. Mr. Smith promised to pay all damages and took to the Woods, boxer and all.

Patient Pleading Persuades Thief to Return Stolen Ring

Further questioning, coupled with some well-placed threats, of a trio of thieves caught several weeks ago by the Detroit police, has brought about the recovery of some more of the loot stolen from a Grosse Pointe Farms home.

Farms Police Sergeant Elmer Labadie and Detective George Champagne visited the trio, Leo Hardyne, Sebastian Patty, and Ed DeGain, again on March 13. Sergeant Labadie put the heat on Hardyne to tell what had happened to a platinum and diamond wedding band stolen from Mrs. Alex McMillan's home at 458 Calvin road.

Police Praise Tipsy Driver For Quitting

Medal Suggested for Mr. Pease, Who Knew When He'd Had Too Much

Grosse Pointe had a visitor Sunday who could qualify for a medal of honor.

A Mr. and Mrs. Pease, who have been residents of a Detroit hotel for the past fifteen years, came out this way for a drive and Mr. Pease quickly discovered he had had a drop too much. Instead of continuing at the wheel, as many less sensible drivers would, he asked the first scout car he saw to relieve him of the further responsibility of driving. This they gladly did, placing him and Mrs. Pease in a cab for a safe journey home. The police are loud in their praise of the gentleman's sense. He was one in a thousand in his usual experience with under-the-weather drivers.

Young Hellions Mess Up School

Farms police are looking for a group of 12 to 14 boys, ages 16 and 17, who got into the Grosse Pointe Country Day School and went on a rampage on the night of March 14.

According to the police report, the young hellions, pulled all the coat hangers off the hooks and threw them on the floor, broke two tiles on the inside stairs and smashed a pane of glass in the door.

Associates Honor Retired Officials

Thursday noon of this week the paid executives of the Grosse Pointe municipalities, with many of the councilmen, gave a luncheon in the Dorothy Mary dining room in compliment to Alfred H. Bennett and Fred J. Baker, the retiring manager of the Shores village and retiring Building Inspector of Grosse Pointe City.

Both of these gentlemen have served their municipalities long and faithfully. Both have tendered their voluntary services in an advisory capacity if requested to do so by their local governments.

Mr. Baker was with the Village, later City, of Grosse Pointe, continuously for 33 years, and Mr. Bennett was with Grosse Pointe Shores for 25 years.

WRONG WAY MANIO A checker taxicab driver, giving his name as Wilfred Manio of 2727 Harrison, Detroit, was given a ticket on March 12 for driving his cab the wrong way on University place, between Jefferson and Maumee, where it is a one-way street.

County Takes Traffic Count On Kercheval

City Officials Faced With Necessity for Solving Shopping Center Problem

The County Road Commission has been making a survey of traffic on Kercheval between Cadieux and midway between St. Clair and Neff for several weeks. Kercheval is a county road and the Road Commission has always been opposed to the angle parking which has prevailed there.

Recently the village authorities limited angle parking to the north side of the avenue. This was done partly because of the pressure exerted by the County Road Commission and partly because it is universally recognized that angle parking, which compels a car to be backed out against traffic is bad parking practice.

It is expected that the road commission's report will be concluded shortly and the facts disclosed by this survey may result in the discontinuance of angle parking on the other side of the street.

Meanwhile the City authorities have been examining into the prospects for getting more parking space off Kercheval to compensate for the diminution of space on Kercheval caused by the partial elimination of angle parking. If it is prohibited on both sides of the avenue the problem will be correspondingly acute. Already the denial of angle parking on the south side has forced the cars to go farther and farther out on the cross streets.

At a council meeting about a month ago Commissioner Blessed and Chief of Police Tom Trombley recommended that the area on St. Clair immediately south of Kercheval and to the alley in the rear be converted into additional parking space. There is a wide area between the sidewalk line and the street as now is and if (Continued on Page 2)

Coax Police Dog Off Floating Ice

A call was received by the Park police on March 16 from 15816 Lakeview Court saying that a large dog was marooned on a piece of floating ice in front of the house.

The police had some difficulty in persuading him to take the dip but he eventually got off under his own power. He was a German police dog.

Pointe Visitor Badly Treated

A Mr. Nicholson, of 8102 Wayne avenue, Dayton, O., had his car rifled as it stood parked in front of 15215 Windmill Pointe drive between 8:30 and 10:15 o'clock on Wednesday night, March 12, while he was calling at that address.

His car was locked but the molesters broke the left window vent. The glove compartment was emptied but Mr. Nicholson could not recall anything of special value that it had contained.

Keller Becomes City Policeman

Donald Keller of 912 Neff road, started active duty as a police officer of Grosse Pointe City on Sunday, March 16.

He was born in Grosse Pointe City 21 years ago and has passed all of his life in the community with the exception of two years' active service with the U. S. Coast Guard during the war, when he saw service abroad. He is a graduate of Grosse Pointe High School.

Don is named to fill the vacancy caused by the retirement of Officer Tom Collins, who left the department because of physical disabilities resulting from injuries received in line of duty on Dec. 1, 1946.

THIEF TAKES COAT The theft of a coat from her car while it was parked at Kercheval and Parker in Detroit on the night of March 17, was reported to Farms police by Mrs. L. E. Lackner, Jr., of 269 Merrimack road.

City, Park Studying Need for Adoption Of Long Range Plan

Necessity of Planning Future Development Along Scientific Lines Recognized by Members of Two Councils

Whether it be the spirit of spring when the birds start building their nests and the farmers planting seeds, or from some other unexplained impulse, it is noticeable that at least two of the Grosse Pointe municipalities have been giving thought recently to the greater beautification and orderly development of their communities.

At the last meeting of the Grosse Pointe City Council a start was made towards hiring a trained city planner to come here and collaborate with the local officials in developing a master plan for the future growth and progressive development of the City. With the City the preliminary steps will be directed towards a thorough revision of the zoning laws.

In the Park, where Manager Lane has labored ever since he became the village manager nearly four years ago, to launch the Park village on a course of development following a general master plan, a meeting has already been arranged for March 20 with J. Martin Frissel of Lansing and the Park's planning committee, composed of Commissioners Gillett and Koenig and Manager Lane.

It is fast becoming the consensus of the governing bodies of the Pointe communities that planning is a special work which can only be wisely undertaken under the guidance of men who are trained for this particular line.

Some time ago the Park made a tentative step towards planning by creating a municipal planning commission; but then the mistake was made of placing the responsibility wholly in the hands of a local group of citizens who were asked to serve without compensation.

An unusually able group of five citizens was selected but these early ran into basic faults in their legal setup which so handicapped their work as to render it useless and the movement practically died aborting.

One error was the provision that the Board of Village Commissioners should be ex-officio members of the planning commission. This meant that any definite recommendation made by the planning commission could be nullified by the opposition of the majority members within the ranks of the planners themselves.

To add to the unworkability of the scheme the village commissioners themselves rarely, if ever attended the meetings and eventually the planners gave it up. After three out of five of the original appointees dropped out, the whole scheme quickly died a natural death.

The move now afoot is founded on a workable basis. It is the hope of the village authorities that out of these preliminary studies will come a structure of village planning that will be enduring.

There is no doubt but that this beautiful region of Grosse Pointe has been sadly in need of planned development for the whole area. It is hoped that the moves now started will remedy this original sin of omission.

LEAK CAUSES FIRE

On Monday evening a car belonging to Dr. Albert Schillingman of 709 Rivard caught fire at Maryland and Hampton. It was caused by a leaky radiator which spilled alcohol which ignited. The car was considerably damaged before Park firemen put it out.

Youngster Grabs Spotlight In Mud of Old Excavation

A small boy playing around a half filled basement in the rear of 570 Cadieux on March 17 caused all sorts of excitement in the neighborhood.

Master Edward Eisenberg, aged 5, of 16840 St. Paul tumbled into the partly filled excavation and got stuck in the mud. His lusty cries summoned a goodly crowd of anxious women and children. A colored maid phoned the Park police by mistake and they sent two scout cars, p.d.q.

A moment later, finding the wrong police station had been called, a message also went into the City station on Maumee. So they sent all spare cars too. Quickly there was a goodly representation of the mobile police equipment of Grosse Pointe on the scene. They shook off the loose mud and sent the young man home, unhurt but considerably shaken from his experience with Grosse Pointe quicksand.

It was more fun for the younger generation than a fire.

Deal Closed To Purchase Site on Lake

Wish Expressed by Voters Brings Prompt Action in Taking Over Property

Pursuant to the authorization given by the citizens in the referendum vote on March 10, the Grosse Pointe Woods authorities closed the deal for the purchase under land contract of the 43.7 acres of the Edsel Ford estate on the lake last Friday, March 14.

The deal was consummated by the paying to the Ford estate of \$2,000 additional on the purchase price, plus \$1500 as the village's prorated share of the taxes.

Promptly at noon on Saturday, March 15, the plot was declared a park of the Village of Grosse Pointe Woods for the use and enjoyment of its citizens, which is now its status. A sign to this effect was posted on the property and admission is by ticket signed by the clerk certifying to the fact that the holder is a bona fide resident of the Woods village. A guard is in charge of the park.

This move was made with such promptness largely to provide a legal stay against the Woods payment of further taxes on the site to the local (St. Clair Shores) authorities.

The governmental agencies collecting taxes from this plot are the Village of St. Clair, School District, Lakes Township and Macomb County. The aggregate taxes received by the three has run from \$4,500 to \$5,000 a year.

As litigation has been instituted by the St. Clair Shores authorities, the bond houses have postponed the purchase of the \$72,000 bonds authorized by the voters for the park some time ago and no money is in hand as yet from this source. The \$3500 paid the other day came from the village's contingent fund. There will be no further payments necessary until May 1947.

President A. A. Chesquiere, of the Woods village, expressed himself as gratified with the deal and is pleased that the voters supported by their emphatic vote of a little better than two to one.

He says that Mrs. Ford is also pleased with the turn the matter took. She has cooperated wholeheartedly with the village all through the negotiations. At the time the option was taken on the property \$1,000 was paid to her by the village, making with the payment of Friday a total of \$3,000 on the purchase price.

The price of the land is \$60,000. The remainder of the proposed issue of \$72,000 is for tax adjustments and for the erection of a green barrier about 1800 feet long, separating the remaining Ford property from the part to be used for the village park.

Currie Murder Trial Dates Set

The two sailors indicated for the murder of S. I. C. Frederick A. Currie of Lewiston road, Grosse Pointe Farms, will be tried separately in May. Both pleaded not guilty.

George R. Ridgewell, aged 19, of Portland, Maine goes on trial May 20, and William C. Hall, a 19 year old, AWOL seaman of St. Louis two days later.

Currie's body was found in the snow on Dec. 25 near Winchester, Va. He had been strangled to death while on his way from his home in Grosse Pointe to his base in North Carolina, following a leave.

Hall surrendered himself in Los Angeles and FBI agents in New York picked up Ridgewell through a picture of a girl found at the murder scene.

Backs Into Crash On Fisher Road

When he was backing his father's car out of the family driveway at 319 Fisher road on the night of March 15, Chris Masmansky struck another, driven by Donald Thomas Graham of 636 Middlesex road.

Damage to the Masmansky car was estimated at \$100, and to the other at \$20. Both drivers were given tickets for reckless driving.

Parking

(Continued from Page 1)

utilized for more parking space could easily accommodate 15 or more cars without encroaching on the present street area proper. In doing this it would be necessary to dig up the present curb and pave over to the sidewalk line.

The police are already receiving many complaints from private property owners on Neff who resent the almost continual presence of parked cars in front of their properties.

When this suggestion concerning St. Clair was first made the council discouraged the idea for the time at least and nothing was done about it. If the Road Commission, as a result of its survey, takes drastic action against any angle parking whatever, it may compel the city to adopt this plan.

The County Road Commission has long had a fixed policy of discouraging any parking whatever on its roads. A result of this is seen on Jefferson avenue where the residential section of the Park village is posted with no parking signs.

The parking problem on Kercheval, in the village however is so acute that it is improbable that any serious effort will be made to prohibit any parking there whatever. The commercial needs of the people will largely dictate this.

When the Park put up the no parking signs on Jefferson avenue between Westchester and Cadieux some time in the late summer or early fall, it also eliminated all angle parking on Jefferson avenue. This was done following conferences with the County Road Commission, which also controls Jefferson avenue.

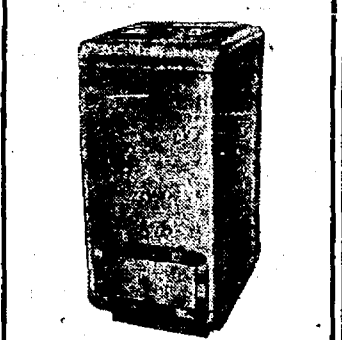

The Commission heartily approved of the step.

Permit to Establish Mission in Woods Given Christ Church

Branch Will Be Located on Old Renmore Golf Club Property on Lochmoor Road; Building Planned for Future

A communication from Christ Church was read at the Woods council meeting Tuesday night requesting permission to establish a mission of the church in the old Renmore Country Club property at Lochmoor and Fairway.

The property is in a restricted area where, however, a school or church may be erected with the consent of the village authorities.

The property belongs to John Sweeney and he has donated its use to the church. Permission was asked of the village for a three years' tenancy. Permission was granted by the village council.

It is said the purpose is to provide a greater church convenience for the members of Christ Church who are residents of the Woods, with the intention at some future day to build a beautiful new church in the Woods and the erection of a new parish.

Lights Frighten Would-Be Thieves

What is believed to have been an attempted theft of parts or accessories from a parked car, was thwarted by the owners early in the morning of March 16.

Mrs. E. H. Randolph of 474 N. Colonial court, told Farms police they have to park their car in front of the house, as they have no garage. They were aroused between 3 and 4 o'clock in the morning by mysterious noises and looked out to see an old car stopped near their.

They switched on the lights in the house and the occupants of the strange car made a fast getaway.

Farms police are keeping the location on their watch list.

Court Shunner Taught Lesson

Wayne E. Crabtree of 501 Fairview, Detroit, received a ticket for a traffic violation several months ago and neglected to report in Traffic Court after several summons. The City police asked the Detroit police to pick him up when an auspicious opportunity arose. It did, on Wednesday, the 12th of the month, and they turned him over to the local police.

In Traffic Court the next day the judge fined him \$50 and \$10 costs, placed him on probation for three months and meanwhile compelled him to leave his driver's license with the Chief of Police.

Scouts to Give Mammoth Show

Tickets for "Tomorrow's Men," the mammoth show being rehearsed for presentation at the State Fair Coliseum, April 11 and 12, are now in the hands of all Cubs, Scouts and Leaders all over the Council area. For the past two weeks, Scout Commissioners and other key leaders have been distributing quotas of tickets to Packs, Troops and Senior Groups in each of the nine districts that comprise the Council territory.

"Tomorrow's Men," a two hour Cavalcade of Scouting, comprises more than a dozen thrilling and spectacular events, including Fire Building, Camping, Pioneering, Disaster Relief, and other phases of the Scouting program. An outstanding Scout leader, for many years a professional clown, is busy training Cubs and Scouts for several fun-provoking acts. America's number one Scout Drum and Bugle Corps, Junior National Champions at the Chicago Finals for several years, are traveling all the way from Wisconsin to participate in "Tomorrow's Men."

One of the most glamorous of all events is Indian Lore and Customs. Former Reservation Indians, now residing in this area, are giving special instructions in authentic Indian dancing and tribal ceremonies to the hundreds of Scouts assigned to this colorful event.

Chicken Pox Tops Pointe Diseases

Chicken Pox took a big jump in the Pointe in February, according to the Township health report. There were 81 cases. Next in frequency were skin infections, with 21 cases of ringworm.

There were 10 cases of mumps, five of whooping cough and only one case of measles and one of pneumonia.

Cats and dogs each took one nip at residents. There was no case of infantile paralysis nor of any other of the more serious diseases.

Cancer is not an old man's disease. Cancer killed eight times as many Michigan youths of high school and college age, 15 to 24 years, in 1946 as diphtheria, measles, infantile paralysis and scarlet fever together.

Legion Corps Reforming

WILLIAM VANDEN HOOVEL, left, and CHARLES R. BISHOP, center, World War I veterans, handing over instruments to JOHN S. BURCHENAL, World War II veteran. Burchenal is heading the new Drum and Bugle Corps of Post 303 American Legion, which is being reformed.

The Drum and Bugle Corps sponsored in pre-war days by Grosse Pointe Post 303 of the American Legion, is being reformed. The organization that played at so many Pointe events was disbanded when all of its members entered the armed forces.

Post 303 will again sponsor the corps, to be made up of veterans of World Wars I and II. The musical organization will take part in parades, tattoos and civic functions, as in the past.

There are many openings in the new corps for veterans with or without musical experience. All interested are invited to contact John S. Burchenal at Niagara 1512, or any other member of Post 303. Or they may drop in at any post meetings, held on the second and fourth Mondays of each month in the Legion Club on Mack avenue.

Woods Considers Ordinance Banning Overhanging Signs

At the meeting of the Woods Council Tuesday night Attorney Julius Berns brought in an ordinance he had prepared at the Council's direction prohibiting overhanging signs in the village. The matter was laid over for two weeks to give an opportunity for merchants and other affected persons to express their views. The term "overhanging" applies only to such signs as are suspended over sidewalks or other public property. The Village planning commission will also be asked to give its approval to the measure.

Red Cross Drive Hampered By Shortage of Volunteers

Better than a half million dollars has been contributed to the Red Cross 1947 Fund Campaign drive chairman Alvan Macauley Jr., announced this week. After a mid-way luncheon held Tuesday in Hotel Book Cadillac, campaign workers were determined to redouble their efforts to raise the 1947 quota of \$1,334,400 by March 31.

Division chairmen reported on the percentages in their respective divisions at the luncheon. The first division to go "over the top" was special gifts for which Mrs. Carl B. Grawn is chairman. It is traditional in Red Cross drives for special gifts to be the first to go over the top. Their work begins before the actual campaign and workers make calls on large donors well in advance of March 1. This year the quota for special gifts was \$188,000 and Mrs. Grawn reported a figure better than \$200,000 had been collected. Chairman Macauley lauded Mrs. Grawn and her fellow-workers for their splendid showing.

There has been a marked shortage of volunteers in the 1947 drive. Because of this, many Detroiters who wish to contribute to the Red Cross have not yet been called upon for their donations. Chairman Macauley appealed to these Detroiters to mail their contributions direct to campaign headquarters at 153 East Elizabeth, Detroit 1, Mich.

Detroit will not let the Red Cross down. More than one-half the population of the entire United States, at some time or another, feels the service of the Red Cross. There are the veterans and their families; there are the 2,000,000 men and women still serving in this country's armed forces; there are disaster victims; there are Detroiters who are daily being saved by blood from the community blood bank; and there are veterans still in hospitals, in this country and abroad.

Bags Disappear From Car Trunk

Lew G. Hinchman, of 18830 Grandford lane, reported to the police that he lost two suit cases out of the trunk of his car some place between his home and Wyandotte on March 13.

In addition to his own bag, containing wearing apparel of his own, the other one was a woman's case containing cosmetics and woman's accessories and a considerable amount of jewelry.

Two Cars in Tangle On Lake Shore Road

Two cars tangled on Lake Shore road at Provençal, on the afternoon of March 16, with very little resulting damage.

John H. Lencht of Woodhall, Detroit, was driving east in his 1946 Dodge when his car was hit by another being driven in the same direction by William Schultz of Chalmers, Detroit.

The only damage was about \$15 worth to the Dodge. Schultz assumed all blame and no tickets were issued.

Someone's Pet Beagle Recovering in Hospital

A dog lover called the NEWS Monday with the information that a beautiful Beagle puppy, found on March 12 on Gratiot near Six Mile road, is being held at Dr. Elko's veterinary hospital on Hamilton avenue. She thought the puppy might belong to a Pointe family.

The little dog is without identification. He had evidently been struck by a car and his hip was injured. He is so young that it is believed he will recover from the injury. He is obviously a thoroughbred, and is thought to be about six months old.

Curto Wins Prize For Coin Article

James J. Curto of Rivard boulevard, one of the state's outstanding coin collectors, has been notified that an article he wrote on "Settlers" for the "Numismatic" last August, has been awarded first prize, including a silver medal and \$100.

The American Numismatic Association made the award. Mr. Curto was elected president of the Detroit Coin Club for 1947.

Woman Injured In Park Crash

W. E. Tholl, Jr., of 11783 Wiltshire, driving north on Three Mile at Kercheval, on March 15, at 10:30 p. m. collided with a Packard owned and driven by Margaret E. Roberts of 28126 E. Jefferson avenue, St. Clair Shores.

Both cars were considerably damaged and Mrs. Roberts complained of injury to her right leg. She refused to be taken to a hospital and said she would consult her own physician when she got home.

The Park officers permitted her to go on her promise to let them know the next day the extent of her injuries.

A ticket was issued to Tholl for failure to stop at the stop sign. Mrs. Roberts was given a ticket to appear as a witness at the hearing.

Rotary Observes St. Patrick's Day

In honor of St. Patrick's Day the Rotary Club had eleven bouquet prizes instead of the usual one.

In addition to the big bouquet, the proceeds from which go into the sick fund (from which flowers are sent to sick members), there were ten other potted growing shamrocks. The awards, multiplied eleven fold, occasioned much hilarity.

To support the character of the day, Avery Crew of Detroit, whose voice on the radio is familiar to Detroit listeners, sang several Irish melodies in fine voice.

Sleepy Voters

There has been no instance in the recent history of Grosse Pointe which has so strikingly demonstrated the civic slothfulness of which the voters are habitually guilty as the village elections last week.

Had there been merely routine elections of village officials on the schedule, the meagre turnout of voters might have been passed by as the usual thing, but when there are financial decisions to be made of deep concern to the taxpayers this indifference to civic duty and even personal interest is hard to figure out.

In the Farms there have been constant complaints and criticism of the inadequacy of the village sewer system for years. The Village Trustees worked out a plan which was to solve the problem equally for the whole community. No special benefit was planned for any favored area. The areas whose residents had made repeated complaints in recent months in public meeting in councils would have seen their problems solved.

When the bond issue of \$350,000 came up for approval less than a third of the 4300 qualified electors went to the polls and the measure was defeated. When the next high water comes a goodly number of Farms' residents will be beside the councils for relief and it is a good bet that there will be in the number a lot of forgetful voters.

In the Woods the citizens did vote to go ahead with their previously affirmed purpose of acquiring the beach front park but there again only about a third of the 4000 voters showed up at the polls.

We have too many people in Grosse Pointe who are conscious of an election only once in four years, when a President is to be elected.

With this responsibility discharged they immediately relapse into civic slumber for another quadrennium.

Woods Has Its Park

At last the Village of Grosse Pointe Woods has ended its long search for a park on the lake. Despite the stay raised against acquiring the 43 acre tract of the Edsel Ford estate, by the action of the St. Clair Shores authorities, the village has gone ahead and bought the property under a land contract purchase.

The Woods village is still confronted with a formidable program of development to make the tract entirely acceptable as a beach park but it has had the courage to take the step in the face of threatening litigation. Future generations will acknowledge the courage and foresight of the village in acquiring this land. With the beautiful waterfront which nature has provided the people in this region for enjoyment and recreation it would have been little less than a betrayal of the coming generation for the Woods village not to have acted on the opportunity to get this ample tract.

While the last of the Pointe communities to get a lake-front park site, the Woods has now the largest of all. The residents will no doubt enter into the plan for its early improvement with enthusiasm. Already their sign is up declaring it a public park, for their own people, after the manner of the other local communities.

Congratulations to the Woods.

"No Appeasement"

President Truman's appeal to Congress to authorize him to advance upwards of four hundred million dollars to Greece and Turkey has, with the blinding flash of a lightning stroke, called for decisions by the American people which will profoundly effect our future.

It took Franklin D. Roosevelt more than four years, from the time of his quarantining speech in Chicago in October 1937, until the Japs rounded out his theme for him at Pearl Harbor, to mold and lead public opinion in this country to a pattern and direction which would make us again the champions of democracy.

President Truman placed the same issue before us in a fifteen minute speech to the Congress.

The issue was made easier in the German situation in that Hitler and his followers had blatantly announced their purpose as world domination. To ascribe the same purpose to the Russians we must dig up the declaration of the World Communist party for the eventual overthrow of those governments which recognize capitalism "by force if necessary."

In calmness, however, this challenging declaration might be interpreted as a long ranged ideological objective rather than an immediate political consummation.

It has been Russia's consistent opposition to our efforts to arrange a world of security and peace through the united action of the nations guaranteeing against war that has alarmed us. If we could persuade ourselves to accept these as moves to strengthen her primacy in contiguous neighboring countries, with incidental encouragement for the communist ideology abroad as moral support for her own single party system, as merely post war maneuvers for advantage, much of the jitters which have laid hold of us now would vanish.

To weigh all of the implications of the President's message would surpass the wisdom of all our students of politics and history. Six learned gentlemen of the faculty of the University of Chicago held forth on this theme last Sunday and no common agreement was reached.

We must be impressed by the fact that our President, though this request was necessary, and even more by the fact that the general consensus is that a Republican Congress, naturally opposed or critical, will probably support him.

We must depend upon leadership and the common prayer of the people is that it will be wise leadership.

It is probable that if the President's recommendation had been only for food and economic relief for the people of Greece and Turkey at this time much of the present anxiety would have been avoided. The intention to offer skilled services for training of personnel has a provocative sound for which most of our people have little relish.

At least the world of men who are free and wish to remain free cannot in some future time charge that America tried the sedative of appeasement as the English did in 1938-39.

There are certain major angles to this Russian crisis, for

"They spoke, I think, of perils past.
They spoke, I think, of peace at last.
One thing I remember:
Spring came on forever,
Spring came on forever,

(Nicholas V. Lindsay)

In one of the dailies we read that Roger MacNaughton of the Pointe, (an ex-employee of the G. P. News), had invented a "baby-sitter" machine. The article said the idea wasn't exactly new but that it had never been used before for purposes of keeping your "ear" on the sleeping baby. Taint so, kiddies, taint so. More parents of young than you can shake a stick at have been using these little inter-communicating 'radio' jobs for ages. A small box next to the crib communicates to a receiving set every sound coming from the child's room.

The only difference between that and Mr. McN's invention is that his has a loud speaker (according to the article), which blasts the baby's cries as far as across the street. That's fine. It would be nice to live across the street from say four or five families who had this invention. Nothing like settling down to a quiet evening with a good book!

A local woman tells us she has learned her lesson about traveling alone with small fry . . . unless they're muzzled. Returning from New York with her two boys, aged 9 and 7, she decided to have a little 'pour' in the drawing room before going in to dinner. She took out her bottle of rye, made a drink and drank it. Then she decided to have another. Not a word from the children. When she got into the diner, having had to wait a considerable time, she felt the need of another small stimulant. When the waiter brought the carrie . . . Mama said she thought she'd like a rye and soda . . . to which the 9 year old piped up . . . "Gee Mommy, you've had two already!"

That passed as well as it could with the grinning waiter dashing off to get the drink and the rest of the diners snickering audibly. When the waiter returned with the drink, the children had decided what they wanted to eat, but Mama, having been disconcerted, sipped her drink and dallied with the menu. Finally, the 7 year old said impatiently, "Mommy, aren't you going to eat anything but RYE?" Why not a baggage car for children?

A local gent tells about the racing stable owner from the deep South, who brought his horses to the Detroit track last summer. Early in the meet, one of his horses was entered in a five horse race. As he was standing in line to bet, he heard the man in front of him say "Ten dollars on Bluebells." With true Suth'in gentility, (whatever that is), he tapped the man on the shoulder and said, "Ah beg yo pardon, stranger, but ah wouldn't bet on Bluebells if ah were you. He can't win. Ah know . . . he's mah horse." The stranger looked at him, said . . . "Well, it's gonna be a mighty slow race then, pardner. I own the other four horses in the race."

A certain dapper gent about town will probably never forget his recent visit in the South as house guest of a local couple who have a home there. The night he arrived (he'd had a rocky plane trip), he decided, after having started to unpack, that he'd postpone it until the following day. In the morning, he found the family dog curled up sleeping peacefully on his white shirts in the top of the open suitcase. Rover was chastised mildly and all was forgiven until the family arrived home from a dinner party that night and found the pooch asleep in the guest's bed . . . after having lost his lunch at the foot of it. This time, the hosts told Rover off in no uncertain terms. The next morning, the dog left his 'card' right outside our hero's door! He STILL can't understand it. He LIKES dogs . . . or at least he used to.

Another visitor in the South called to tell us the following: He overheard his host on the telephone talking to a friend in a nearby town. The host would say every few minutes, "That's great. Fine. That's great." Finally he said, "You bet we'll be over. We wouldn't miss it." When he hung up, he told his wife and his house guest to prepare for a big evening . . . they were going to drive over to Poklunk (about 75 miles away) for a celebration with the Soandsons. He then explained to his guest that the reason for the celebration was that the Soandson's son (who is his god-child), had just graduated. Our little man looked at his host in amazement . . . saying, "But you aren't OLD enough to be the god-father of a boy old enough to graduate." To which his host replied, "Oh THAT. Well you see he's just graduating from the fourth grade . . . but he's been there for three years . . . so we gotta celebrate."

A local woman who has been confused for some time concerning the varied hours at which people arrive for dinner when they are invited for seven-thirty . . . decided to try a new stunt. Having asked the 'pack she runs with' . . . she was familiar with their habits of arriving late, so told them all to be there at SEVEN SHARP . . . then, expecting them in the neighborhood of eight, she ordered dinner served at quarter past nine.

Much to her horror, they ARRIVED at seven on the nose . . . while she was still in the bathtub. The maid took care of the guests' liquid needs . . . but it was still after nine when they fell down to dinner. Now she doesn't know which way to work it.

Some of our readers tell us they find that if guests KNOW what time they are actually going to dine, they will always manage to arrive an hour or three-quarters of an hour before dinner. And if that isn't a long enough time to sit around sipping cocktails before eating . . . then let 'em go climb a tree.

LETTERS TO EDITOR

Dear Mr. Edgar:

In behalf of the Board of the Neighborhood Thrift Shop I would like to thank you for the excellent publicity that you gave us in the Grosse Pointe News.

It is greatly appreciated and has brought in many new buyers as well as new donors.

Very truly yours,

it can be called no less, upon which the American people will be strongly united, for and against.

To secure to free people an uninterrupted right to set up for themselves such form of government as they chose, America will go far. The right to change or alter our own government is one of the fundamental provisions of our own constitution. This is of the very essence of democracy.

To secure to England the maintenance of trade routes she has grown too weak to protect for herself we would not spend a man or a dollar insofar as it may bear upon exclusive trade privileges for England. Our attitude towards this question will always be one of insistence for the open highways of the sea to all peoples alike.

This would include also Russia's right to use, but never control, the Dardanelles.

Until such time as there is a strong and able United Nations to guarantee an efficient international police, the strategic waterways of the world had best remain as they are now.

Talley Rant

by Helen Talley

As I told you in my last RANT, about two months ago, I was going off on a cruise. So I went. And what a cruise it turned out to be — OH, BABY! I will give you a quick bounce — touching the high spots—and then we can go on together from there.

The yacht—the MAID MARIAN II—belongs to Grosse Pointe's HASCALL BLISSES; 110 feet, eight in crew, the only streamlined yacht afloat at this moment and a beauty bright. Four of us, RUTH BLISS, JEAN MERRILL, HELEN BRADLEY and I rode the INSIDE PASSAGE from Charleston, S. C. to Palm Beach. On our way down we stopped over at Savannah, Sea Island, Titusville, Ft. Pierce, St. Augustine, and Cocoa. We came into Palm Beach on a brilliant, warm, blue day.

After the mail had come aboard, we took a look down Worth Ave. The first person I ran into was BRENDA GLAMOUR KELLY, the next was MAI WOOLWORTH and the next was the DUCHESS OF WINDSOR. I had the pleasure of introducing my shipmates to her and, charming as ever, she said she had always particularly wanted to cruise down the Inland Waterway. After a few parties at P.B., HELEN BRADLEY and I took off for JAMAICA. We flew high above the clouds in a black velvet sky with the full moon near enough to touch. At Kingston we spent the night and in the morning drove to Montego Bay. It is a four hour drive and we stopped for lunch on the way at a pretty place in the hills called Shaw Park.

There were quite a few people we both knew at Montego. Also HELEN'S daughter JEANNE was there. The JOE RIDDERS, LAWRENCE COPLEY THAW'S, COMAL JOHN YOUNG, JULIE POTTER, BILL LAPORTE and a few others. We dined in the patio overlooking the Gulf at night, and swam and beached all day. We lunched at the Sunset Club with the PETER VISCHERS and also went up to their house in the hills. We went over to the Hope Ranch to dine with the Grosse Pointe TOM ARCHERS and we shopped in the little town of Montego for those wild red and black Jamaican bathing suits. All the young wear them there, but when I brought several pair of trunks back to my Princeton son, he looked at me with suspicion and alarm. Princeton men are conservative!

A terrific party was given for HEDDY and JOE RIDDER on their anniversary. JULIE POTTER and BILL LAPORTE presented them with a sweet-faced, tiny, live burro. JOE had it shipped to their country place at Manhasset, Long Island. HANK RIDDER gave a beautiful dinner on the terrace in the moonlight, at which all the women got a shoulder full of orchids. He didn't just go out and pick them either. He had special ones flown over from Kingston. At another party LARRY THAW got a beach shirt covered with his favorite sayings done in colored wool. It takes a tent to cover MR. T. adequately, so there was plenty of room for even the long, involved, explosive ones.

After while we had to leave, though HELEN and JEANNE and I flew to Camaguey in Cuba. A car met us there and we drove the 300 miles through the center of Cuba to Havana. The weather was heaven and the plantations were bursting with bananas and pineapples and sugar cane. At the Nacional we had a beautiful suite overlooking the MALECON and the GULF. While I was inspecting the view, one of those little Paris showers came up. A rainbow formed from my window straight out over the water. I was literally at the end of the rainbow and certainly knee deep in the pot of gold.

We drank daiquiris everywhere and all the time. We ate cracked crab and those ham and cheese sandwiches at Sloppy Joe's till I was afraid to get on the scales. SINATRA arrived and bowled them over. As Kilgallen says in her column, "SINATRA looks as tho there is just one thing on his mind and it isn't the Book of the Month." We bought plastic evening slippers and lace nighties and compacts imported from France. We bought rum and cigars and almost blew our brain out when the customs began the adding up thing with the little pencil. There were slight discrepancies here and there between what the Cuban shop keepers said, and what the customs did.

We flew across the Gulf again—up the KEYS, and in an hour and fifteen minutes we were in MIAMI. The next day HELEN and JEANNE went North. I stayed over at Miami Beach for a party at the JOHN OLIVER LA GORCES and then flew to P.B. to

bunk with my "boatin' buddies." But, gad, what a situation! They had decided, the day after my arrival, to go to Miami for the races. There was I—left without a yacht in my name. But I still had my feet in the old rainbow pot. KATHERINE BURGER, who was going with them, has the best apartment in the Everglades Club. It has two floors and two sun porches. On one side you look over Worth Ave. and on the other you sit on your sun porches and take your ease while you discuss the merits of the tennis on the Club courts below. A damn nice arrangement. That apartment, complete with maid, car and chauffeur, KATHERINE turned over to me. Lucky me—I don't know what I haven't done to deserve it!

I don't know when I've had more fun. Finally tore myself away from Maisonette No. 1 and drove up to Hobe Sound to visit LOIE and BOB GROSSE POINTE, MARTIN, THE GEORGE JOHNSTONS of G. P. were there too and we had a wonderful time. They played golf like mad at Seminole all the time and got full of fresh air and vitamins. Other friends at Hobe were the DICK PATTERSONS, ambassador to Jugoslavia, the HENRY J. TAYLORS, radio and writer, the ARTHUR HAYS SULZBERGERS of the N. Y. TIMES and BROCK PEMBERTON, theatrical producer.

I have flown thousands and thousands of miles here and in Europe and actually the only rough trip I have ever had was after I left Hobe for Atlanta. I had to drive back to P.B. to pick up the plane and from then on—for four hours—we didn't know what second we'd hit the floor or the roof. I don't know

It turned out that she also knew the CLARK HOWELLS whom I was going to visit, so she got out with me at the airport. MARGARET was there waiting with MRS. CHIP ROBERT. Without even a blow of my nose we went right to the Driving Club and met half of female Atlanta. From then on I can't remember what we did, except that it was all an awful lot of fun. LE PRINTEMPS EST ARRIVE!

So we sing of Spring! Spring and the Wild Flag of Love! Spring and the old Spring to Splurge! Spring and the Maiden's First Fling!

She was a mousey little thing. But there was something about the fire in her eye and the curve of her thigh that made you know that, once her sparks struck, some man was going to go off his beam like a skyrocket.

She was looking for a dress for that inevitable spring dance. She confided that what she wanted was something not merely special—but super special. In a way this was the last chance dance. He'd been going around in circles. Not coming to the point. You know. Still the stag at Eve, with Eve getting in pretty much of a tizzy to tie the beau knot.

"What you want," we ventured, "is a dress that does something for you, as the phrase goes—and it can go to Hades if we bear it once more."

"What I want," she corrected, "is a dress that does something to HIM."

Together we found it. Every dress should have a plot—but this little number had a plot that practically raced away with it. It was blue, obviously—but not obviously blue. It had just enough of a hint of orchid to look like something a nice girl would wear when she sprung some low plot in a high moment.

To the feminine eye, it was made of enough yards of nylon to curtain the downstairs of a mansion—all of it strategically placed below the waistline. The upper story was off-the-shoulders, off-the-back, off-the-arms, off-the-bosoms and off-into-the-wild-blue-yonder. To the masculine eye, it was simply the whole bolt of the Stuff that Dreams are made of.

You could hear the coyotes howling in the background the minute the mousey little thing slipped into it. Raw meat for the stag at Eve—that little model.

She bought it instantly even after looking at a price tag that would have made most women call for chloroform before completing the transaction. It wasn't just a dress to her, you see—it was sort of the down payment on

a polley of Love Insurance. We didn't give another thought to the mouse and her memorable gown until this morning, when the phone rang and greeted us with: "It's long distance from Mexico."

"It sure is," we agreed, "and who do we know in Mexico?"

It was the mousey little thing herself. She'd turned the trick. Rather the robe fatale had turned the trick for her.

"We've eloped—" she was breathless—"and I woke up at six in the morning in Mexico in that evening gown!"

"But why Mexico?" we asked. "Oh! he just bought a yard of tickets for the first plane taking off!"

"We thought people only went to Mexico to get divorced!"

"That's the surprise," she cooed. "There was the most wonderful minister on the plane, and he married us 4000 feet above the ground right in the USA!"

"Just so you're sure it's legal—" we got practical.

"It's legal all right. His hat, coat, vest and pants jumped right through the wedding ring."

"But how'd he ever get a wedding ring—AND a license," we asked her.

"Well, if you must know," she said modestly, "I HAD IT!"

These mousey girls do think of all the little things in their big moments.

WE SING OF ART—AND THE HUNGRY HEART

Everybody, seems, is art starved. Especially the G. I.'s. There's such a waiting list of G. I.'s at all the Art Schools—just try to get into the classes. How come this influx into art by our warriors who've seen a war strewn world?

It was in that war strewn world they felt their first gnawing hunger for art. Learned to love beauty—which like all love must be spontaneous to be worth the struggle. The boys who felt this stirring in Europe and the Orient were not the boys of a previous generation who sojourned to Paris

with their parents, and were unleashed to visit the Louvre and other museums while the parents—the old vultures for cultures—sipped daquiris in the Ritz Bar. The boys sipped theirs down the street. But no matter.

These kids found out about Italian art by being spiked in the knee by a splinter off a Michael Angelo statue during a bombing—or perhaps they first gazed on beauty bare in the ruins of a Chinese temple with the shattered jade gods gleaming accusingly from the demolished gold paved floor.

If you're tempted to think mass production might prove a mental handicap to these lads in love with art, consider the legend of Fragonard, the great French painter who worked in a naive production line of an art atelier where one man painted the cows, another the trees, and another the figures in a pastoral scene. At night, Fragonard sauntered home and painted his own masterpiece.

Men should make better artists than women for there's something about the mad pursuit of this muse that both stimulates and satisfies that old male impulse to mate with beauty. And there is something divinely faithful about a Muse.

Miss Annie Ward Foster has announced May 9 as the date of her second May Party since World War II. All society is looking forward to this brilliant event . . . which this year again will take place in the Crystal Ballroom of the Masonic Temple.

Little darlings are practicing at dancing class . . . be it the Grosse Pointe Yacht Club groups . . . or Bloomfield Hills Country Club classes . . .

For the special part they'll have in the May Party. And in the boxes . . . again will be all generations of society . . . from tiny tot to grandma.

All of which reminds us, too . . . that members of one of Miss Foster's evening classes at the Yacht Club . . . Had a rare and wonderful adventure just recently.

There had been growing demand to see the Winter sky from the high tower of the yacht club . . . and a great deal of persistent permission-asking finally evoked from Lady Anne a promise that come the first full moon . . . and the girls and boys could visit the tower.

A couple of weeks ago . . . smart young society had but one thing to say arriving at dancing school . . . "Miss Foster, did you see the BEAUTIFUL full moon tonight?"

A BEAUTIFUL ADVENTURE

Naturally Miss Foster kept her promise . . . And carefully guarded . . . the hundred and some boys and girls walked up to the tower.

Pointer of Interest

PETER STALKER OF MIDDLESEX ROAD.

By Olive H. Larned

Due to his father's extensive and interesting collection of autographs, it was only natural that Peter Stalker should decide to have a collection of his own. When Peter was a baby, a photograph had been made of him with the talented Russian ballerina Irina Baranova. He sent it to her in 1943, with the request that she autograph it, which she did, and thus the collection began.

Peter is the 11-year-old son of Dr. and Mrs. Hugh Stalker and in 1943 they visited Washington. Their call upon a close friend, Justice Frank Murphy of the Supreme Court, resulted in his giving Peter his photograph inscribed, "To Peter with the affectionate regards of Frank P. Murphy." He also procured a picture of Edgar G. Hoover for Peter, with his autograph. A book contains the signatures of the nine justices of the Supreme Court in office in May, 1945.

Chase Osborn and Peter have kept their great friendship alive by frequent correspondence since 1944, and Peter has two excellent autographed photographs of him, one known as "The Iron Hunter" and the other as "The Statesman" which was made when Mr. Osborn was governor of Michigan.

"The Song of Hiawatha," written by Chase Osborn and his daughter, Stellanora, is among Peter's collection and the flyleaf bears the following inscription, "To dear Peter Stalker at the beginning of his long upward trail of grandeur—with love from Chase S. Osborn and Stellanora Osborn. The Honorable Frank Murphy wrote an introduction to the book and in Peter's copy wrote, 'To my friend, Peter Stalker—"

"Nature is good.
"Her laws are correct, and she never violates them;
"She befriends those of us who believe in and trust her,
"Affectionate regards of Frank Murphy."

In 1936 Peter's mother bought him a copy of "The Yellow Shop" which the author, Rachel Field, autographed. A friend procured a picture and autograph of Materlinck, which means a great deal to Peter as they are rarely obtainable.

When the Russian ballet appeared here several years ago, Peter called on Freddie Franklin, one of the dancers, who complied with his request for an autographed photo. The magnificent performance of "Hamlet" given by Maurice Evans inspired Peter to go backstage and request his picture and autograph, which were graciously given.

Sometime ago, James B. Conant addressed the Detroit Harvard graduates, of whom Dr. Stalker is one, and the request was made for his photo, to which he responded with a fine colored print, duly inscribed.

All of Peter's collection of photographs are framed and hang on the walls of his bedroom.

The Stalker "men" are intensely interested in music, and as a result they have formed a family trio. Dr. Stalker plays the piano, Peter the cello, and his brother, David, the violin. They are great friends of Gretcheninoff Alexander, last of the great artists of the old Russian school, who studied composition under Rimsky-Korsakoff in St. Petersburg. He is the godfather of Peter's sister and has dedicated an album of piano pieces to her. He has also arranged music for the Stalker trio.

Georges Miquelle wrote on his photograph—"To my good little friend and rival, Peter, friendly greetings and best wishes from Georges Miquelle."

Whenever Peter attends a concert, he usually is successful in having the artists autograph his program.

Virgil Thompson, the music editor of the New York Herald Tribune, received a letter from Peter, asking if he would obtain autographed pictures for him and he replied by sending unautographed photographs of Gregor

Piatigorsky, cellist; Edmund Kurtz and Ricardo Odnopoff, the violinist, with his autographed letter.

When Peter was asked if he had decided on his future career, he said that he would like to be a doctor or lawyer and follow music as a hobby, rather than as a profession. Whatever Peter does decide to do, I am sure that it will be well and thoroughly done.

Pointe Counter Points

by OLIVE H. LARNED

You know the saying "Something old and something new, something borrowed and something blue"—you need not be a bride to enjoy the "something old" that you will find in the fascinating shop Mrs. Mildred F. Wunsch owns called "THE LITTLE HOUSE OF ANTIQUES." It is open daily, including Sunday from 1-5, and will be found at 23513 East Jefferson, St. Clair Shores. I could use the whole page to tell you of the many interesting "antiques" Mrs. Wunsch has for you, but that's a treat you had better enjoy in person. Among the treasures are pine and maple furniture, including a set of six Hitchcock chairs which are very fine. The china includes lovely examples of Dresden, Meissen, Wedgwood, Spode and Staffordshire. The glass collection is made up of unusual pieces of Sandwich, the famous "Westward Ho" and the "Three Face Lion" and the cranberry and milk glass are "lovely to look at" and better yet to own! If you want a copper in your home, don't call the Police Department, call at "THE LITTLE HOUSE OF ANTIQUES" and for an evening appointment call TUxedo 2-2866.

For "the something new" you must go to GIRARD'S on Fisher Road near St. Paul—until April 15 every day will be "children's day" there. They have the most enchanting wall papers—one called "Pet Shop" looks like hand blocked linen figures of large cats and dogs done in black, white, beige and a lovely shade of ashes of roses. All of the papers may be procured in different colors. Another charming paper has roosters and hens with baby chicks in soft greens and scarlet shades and is known as "Chickens in Clover"—Springtime is print time and there are all sorts of prints at Girard's. There are originals created by adult students from Cranbrook and for local interest there is a circus scene done in pastels by Dickie Jackson. Humorous gaily colored prints vie with whimsical Russian hand painted prints of adorable animals, which may be bought singly or in sets. There are paint books having prints to copy which are so well done that after the copy has been made the original could be framed. They have modern furniture suitable for children's use and fabrics designed especially for use wherever children may be made happy. If you want to feel young and gay, go to GIRARD'S.

"Something borrowed" could be a "frog" from the GROSSE POINTE FLORISTS which would be used to hold a beautiful arrangement of spring flowers in a bowl. Could be your bowl but should be Mr. Farquhar's flowers. Don't let the Easter bunny get ahead of you in this garden—and it's not too early to place your order for Easter flowers. The lilies are sticking up their little ears to hear you say, "I want you" and the Hyacinths, tulips and daffodils are out-doing themselves this year in their form and color. The azaleas will bloom and bloom again and the cineraria will make the rainbow pale in comparison. If you like cut flowers you'll like the stock, snapdragons and oh the pansies—stems 6-8 inches long—you don't believe me? Go to the GROSSE POINTE FLORISTS, they'll show you.

"Something blue" could be your Easter bonnet from the LALADGE SHOP on Warren near Yorkshire. Here they will make your bonnet to match your Easter costume or any other costume. Should you wish to give a super Easter gift, get one of their gift certificates which is enclosed in the cutest miniature hat box containing a miniature hat, which would bring joy to any receiver—you need not give the entire cost of a bonnet, but make out the gift certificate for any amount desired. The LALADGE SHOP will do its part in making you a pretty part of the Easter Parade.

You know how the ice and snow squeak when you walk on them in the very cold weather . . . and how stiff the old joints feel! The automobiles have the same reaction to cold weather and if you're smart you will plan on a "be kind to your car" day at this time, and this is how it may be done. The KERCHEVAL-CADIEUX SERVICE STATION has the best method of lubrication known—called the Auto Rock—it gives the car the same motion, during the lubrication, as it would receive were it moving along the road, thus enabling every squeak and rattle to be well oiled and heard no more. This is the time to take the "Rheumatism" out of your car and the place to do it is at the KERCHEVAL-CADIEUX SERVICE STATION.

Pointe Cage Team Beaten By Tough Dearborn Five

Paul Grubbs Outstanding Star in Two Original Contests; Royal Oak Beaten in First Contest

Boasting one of the best season records for Class A basketball teams in Southeastern Michigan, Grosse Pointe, champion of the tough Border Cities League, was highly favored to win the Regional Basketball Tournament held in the huge Lincoln High School gym in Ferndale, Michigan, last week.

Pre-tournament drawings handed the Pointers one of the toughest roads to travel to get to the state finals to be held at East Lansing, March 21 and 22.

The draw paired Grosse Pointe against Royal Oak, a team they had beaten twice during the regular season. Highland Park drew Ferndale while Hazel Park, one of the weaker teams, drew a bye for the first round. Dearborn, Twin Valley League champions and winner of the 1946 regionals, also drew a bye in the first round and automatically qualified to meet the winner of the Royal Oak-Grosse Pointe game.

Grosse Pointe suffered from tournament jitters in the first game and if it had not been for the stellar game played by Paul Grubbs, who netted 15 points, would have been out of the tournament in the first round.

Royal Oak threatened the Pointers throughout the first half and trailed by only three points at the half time intermission, 18 to 15.

Grubbs kept his team in the ball game by scoring 11 of the 18 Blue Devil points, nine of them coming in the first quarter.

Grosse Pointe threw off its tournament jitters long enough in the third quarter, to rack up 14 points while holding the Acorns to six, and clinch the game.

Paul Grubbs captured individual scoring honors with 15 points while his teammates, Tom Wilson and Johnny Rummel, scored 12 and 10 points, respectively for second and third place honors. Bob Olson had an off night getting only a free throw in the early stages of the first quarter but he offset his lack of scoring by holding Royal Oak's high scoring Norm Zauchin to nine points. This is the lowest score Zauchin has been held to all season. His high for the season was 36 points and several times during the season he has scored more than 20 points.

Highland Park, another Border Cities League member, qualified for the second round by defeating Ferndale in the second game of the opening night of the tournament.

It was at this point the draw favored Highland Park and Dearborn. Highland Park had drawn the weak sister of the tournament in Hazel Park and practically was assured of a playoff spot for the regional title.

During the regular season Grosse Pointe had trounced High-

land Park twice and swamped Hazel Park, 53 to 30.

Dearborn held the advantage of having two extra days of rest before making its bid for the title and had had the opportunity of scouting the Pointers in the first round of play.

The initial game of the March 14 second round play provided the best basketball seen in the Southeastern Michigan territory this season when Dearborn and Grosse Pointe tangled to the right to go to the finals in the regional tournament.

Dearborn presented an extremely fast, small team that appeared to run rings around their larger Blue Devil opponents. The score was tied three times during the first period. Dearborn succeeded in working out a three point, 14-11 lead which it held at the close of the first quarter.

Grosse Pointe started the second quarter with a rush and surged back into the lead on two quick baskets by Grubbs and a free toss by Olson. Dearborn began to roll again and went back into the lead at the automatic time out, 22 to 21. Dearborn still held its one point advantage at the half time intermission, 24 to 23.

Grubbs garnered six points in this period, which gave him 10 points in the first half, while Olson got three. Rummel added two points and Wilson a free throw.

Early in the third quarter Rummel tied the score at 24 all, but Dearborn jumped right back into the lead with two quick baskets which provided them with their three-point margin of victory. Dearborn practically clinched the game in this period by outscoring the Blue Devils 10 to 5, and held a 34 to 28 advantage going into the last quarter.

Grosse Pointe did succeed in gaining control of the ball through great backboard play by Bob Olson and only trailed by four points, 38 to 34, at the fourth period automatic time out.

Dearborn continued to stall in the last four minutes of the game while the Blue Devils tried desperately to get the ball. On three occasions they were successful and converted for six points but fell three points short of a tie as the whistle ended the exciting game.

Tom Wilson figured in the last play when he barely missed a lay up shot as the whistle sounded. Grosse Pointe won the Regional Tournament in 1944.

Neighborhood Club Basketball League Champions

A successful basketball campaign was climaxed with the presentation of the Neighborhood Club Basketball League Championship trophy to the Francois Bulldogs last Monday night at the club. The Bulldogs finished the regular season tied for the league lead with the St. Paul Indians and won the right to the beautiful gold plated trophy, donated by the Neighborhood Club, by defeating the Indians in a hair raising thriller, 44 to 42. GEORGE ELWORTHY, superintendent of the club, extreme left, is shown presenting the trophy to CAPTAIN FRED "BUZ" CRONIN while the team looks on. Left to right: ELWORTHY, JOE BEYER, CRONIN, BILL HANSEN, WOODY GUEST, DICK WUERKER, FRANK KOVACHIC and TOM IRELAND.

Congratulations Carefully Nurtured Dream Fulfilled After Five Years

ED WERNET, Grosse Pointe High Basketball mentor, clinched the title of 1947 Border Cities League All Star Coach by piloting his first Blue Devil Quintet to its first basketball championship since 1938. The feat was outstanding in that Wernet took over a squad schooled in a certain style of play, and molded it to his own pattern. It was the first time a Grosse Pointe quintet used the fast break attack which produced two new school scoring records during the past season. Wernet is still regarded as the best all around athlete ever produced by the school on Fisher road. He joined the coaching staff last September when Athletic Director Bill Healy resigned.

A dream born five years ago and nurtured ever since through careful planning of a curious combine, reached fulfillment today when five members of a bowling team boarded a train for the annual ABC Tournament which opens in Los Angeles on March 27.

When it was announced in 1942 that the 1947 tournament would be held on the West Coast, Bud Rieck of Ford court, Grosse Pointe Woods, called his Consolidated Screw Products alley aggregation into a huddle. The boys had been bowling together for a number of years and figured on sticking together indefinitely.

Businessmen Aid Bedridden Kids

At the regular meeting held Thursday, March 13, the East Warren Business Men's Association approved a plan to purchase ceiling projectors for paralyzed and spastic bed-ridden children and ordered the purchase of two such projectors.

One will be sent out to the Sigma Gamma Home for crippled children at Mt. Clemens, Michigan and the other to be given to the Detroit Public Library, with the express provision that the projector be kept at the E. Warren and Courville branch of the public library so as to be available to any bedridden child in the community.

This projector, will be circulated in the same manner as a book. The library supplies the microfilmed stories and as many stories as a child wants will be sent out with the machine. The library officials will set the time of loan so that all deserving children in the community will get a chance to use the projector. This projector is similar to a movie projector with the exception that the subject, whether picture, school book, story or comic is flashed on the ceiling so that those children who have to lay on their backs, can get benefit of schooling and reading.

Officials of the association hope to be able to supply more of these projectors in the future. The projectors should be delivered in a few days. All members were asked to turn in to the secretary the names of all crippled or underprivileged children in the community who are to be investigated to see if they will be sent to summer camp for a summer vacation at the expense of the association.

The business men also plan a campaign in conjunction with other civic associations to enlarge the present city airport.

Star Bar Keeps Lead In League

Kubiak Jewell snapped out of its slump in the East Side-Independent Bowling League last week and whitewashed Town Pump Cafe. It was the only blanking in the circuit for the night. Fritz rolled a 257 in a 600 series for the winners.

Cadillac Glass and Whittier Cleaners had the toughest fight of the night with every man on both teams shooting over 500. Whittier took the last game, helped by Joe Liska's 246, and grabbed three points.

Horn Fuel and Supply split with Kuruya Motors. Star Bar stayed on top of the league, but was able to get a split with Merle Harper-Berkshire Service dropped three to Dillon despite the valiant efforts of Edwin Schroeder, who rolled 235-202 in a 607 series.

Form-Rite took three from Jim's Bar; Jack's Service took three from Sprenger Shoes; S. and M. Bar beat Falcon Rec. three to one; Hakim Brothers split with Kercheval Machinery, and so did George's Five and Al Long Ford.

Other big scores of the night included: Frank Phillips, 234; Edward David, 230; Darleton Fahrner, 228; John Standnikia, 223; David Wilson and John Leaman, 222; Tom Rivers, Merle Carl and John Wade, 215.

Bulldogs Conquer Indians To Nab Club Championship

Dick Wuerker Is Big Star in Contest That Nearly Ends In Battle as George Maison and Bill Hansen Tangle

The Francois Bulldogs staged a remarkable second half rally to overcome a six point deficit and defeat the St. Paul Indians, 44 to 42, Monday night at the Neighborhood Club, to win the Neighborhood Club Basketball League championship.

Trailing by six points at the half time intermission the Bulldogs came out in the second half full of fight and quickly erased the Indians' margin and take a point lead with five minutes remaining in the third quarter.

Hanging onto their narrow margin the Bulldogs matched basket for basket with the Indians throughout the remainder of the contest, which barely missed ending up in a brawl. Quick thinking on the part of the referees averted a battle between St. Paul's George Maison and the Bulldogs' big center, Bill Hansen. Both boys were evicted from the game with less than two minutes left to play with the score standing at 43 to 42 in the Bulldogs' favor.

The Bulldogs broke into the scoring column first on two free throws by Dick Wuerker, who annexed individual scoring honors for the night with 20 points. It was Wuerker who kept the Bulldogs in the game during the first half with 12 of the Bulldogs' 18 points.

St. Paul's first half scoring was fairly evenly distributed among the starting five with Lauer and Maison getting three field goals each, while the Allor boys, Bruce and Bernie, connected for two baskets each.

Wuerker, Tom Ireland and Bill Hansen were the big scoring guns for the Bulldogs in the last half, scoring three baskets each. Joe Beyer connected on two long shots to bring his game total to six. Ireland and Wuerker also hit on two three throws each, Ireland's coming at the crucial part of the game, which broke a tie and gave the Bulldogs their two point margin.

This was the first meeting between the two teams, as the Indians forfeited a game to the Bulldogs earlier in the season, which created the two way deadlock in the season's standings and made necessary the playoff game. Both teams finished the regular season with nine games won and one lost.

Bernie Allor, of St. Paul, joined

ed Maison and Hansen on the sidelines after committing five personal fouls. George Maison was high point man for the losers with 12 points. Fred "Buz" Cronin, captain of the Bulldogs, accepted the beautiful gold trophy from George Elsworth, superintendent of the Neighborhood Club, in behalf of the team. The trophy will reside in Francois' Restaurant, backer of the Bulldogs.

One interesting incident was the movie Thelma wrote about . . . it showed the bombing of Elvarum. What she hadn't known until she received Thelma's letter . . . was that the picture had been taken by a young relative of hers. It was the same one shown by the Punch.

BOMBING OF ELVERUM

Mrs. Powers told us that American cigars still buy more than money can in foreign countries . . . And her niece wrote that hunger and poverty in Germany was terrible to see.

Thelma is doing secretarial work for an army officer stationed in Frankfurt.

She has fallen in love with beautiful Oslo . . . and would like to live there.

Wouldn't surprise us at all . . . her longing to see her relatives over there increased by the letter . . . if Mrs. P. made that Norwegian trip this Summer.

It seems like yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there's been a lot of changes in the last 20 years—most of them so gradual we hardly notice them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Jr.

Like Nancy, the use of electricity has grown a lot in the last 20 years. But the price of electricity has been going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since '27? Now, you are getting nearly twice as much electricity for your money as you did then.

High Officers of Rotary Greeted by Local Members

The Grosse Pointe Rotary Club at its meeting on Monday in the Whittier welcomed a number of the most prominent officials in Rotary International. The largest attendance was present that has appeared in many months at Rotary meetings.

Most prominent among the guests was Dick Hedke, of Detroit, who this year is President of Rotary International. Also present were Ralph Dunne of Narbeth, Pa., one of the governors of Rotary International; Joe Brady, governor of District 153, of which Detroit and Grosse Pointe are a part; Jack Maynard, a past President of the Detroit

Boy Scout Heads Honor Pointer

More than 200 men and women Boy Scout leaders representing east side Detroit and the Grosse Pointes attended a special District 3 Scout committee meeting Tuesday night, March 18, in Jackson intermediate school, 4180 Marlboro avenue. Amos Shields, Scout executive of the Detroit Area Council outlined plans for a strong District 3 organization to assure success of the expanded Scouting program throughout 1947. Jack Bell, Jr., 629 Eastlawn, scoutmaster of Troop 244, spoke on the "History of Scouting."

In recognition of five years service, Clarence D. Floer, 282 Fisher road, Grosse Pointe Farms, scoutmaster of Troop 61, was presented a special award in the form of the scoutmaster's key.

Civic Opera Co. Presents Stars

Gilbert and Sullivan's classic, "The Mikado," is this week's offering of the Civic Light Opera Co. It opened Tuesday night and will run into Sunday with a Saturday matinee.

As the cast goes, so goes "The Mikado" is an old Savoyard axiom, and the ever-mindful Barrie O'Daniels hews to the line with a cast of trademark stars, particularly in the top roles. The extremely good-looking Lanny Ross plays "The Wandering Minstrel I" otherwise the charming Nanki-Poo; and Andzia Kuzak, who scored recently in "Desert Song," lends her coloratura to the youthful and lyrical Yum Yum.

The Civic Light Opera week of March 24 will list "Balalaika" with the banner cast of the season in Rosemarie Brancato, Harry Stockwell, Ian Keith, Jack Goode, Ollie Franks and Harrison and Fisher, together with a stage-filling array approximating 150 singers, dancers and comedians. Scenically, it will be the production of the season, with more song hits than three ordinary operettas combined.

School News

DEFER SCHOOL
The 1A's are learning what plants need by making experiments with small plants. Five plants looked alike. Plant No. 1 was given enough water to keep it moist, good light, and fresh air. Plant No. 2 was given light and air but no water; Plant No. 3, was kept in a dark cupboard but the soil was kept moist; plant No. 4 was covered with a jar that shut out all the air. It had light but no sunshine; Plant No. 5 was put in water instead of soil. The above experiments proved that plants need water, food, air, and sun in order to live and grow.

The 6B class of Defer School presented a Junior Red Cross play entitled "The Sorcerers' Apprentices." The cast included: Dick Jenkins, Waller Monroe, Karl Donze, Raymond Lee, Maureen Keillon, Bruce Sellers, Maurice DeRoo, Mark Cudia, Frank Rizzo, Jeanette Hoyer, Jean Switzer, Bill Thoresen, Joan Connell, Gloria DeCloedt, Carolyn Belanger, Jean Pochert, Beverly Barrett and Vivian Standifer.

Young Hunters Told to Desist

The lady of the house at 1215 Devonshire reported to the police a week ago Wednesday afternoon, March 12, that two boys were shooting at pheasants with bows and arrows in a vacant lot next door to her home.

She had been watching them for some time and so far they hadn't hit a bird, but might. The police stopped the primitive young hunters.

Pedestrian Steps Into Path of Car

As Mrs. Ruth Weber Prescott of 46 Lake Shore started her car at E. Grand boulevard and Grotiot on March 14 on the green light, Frank Ward, aged 57, of 5978 Belvidere, who had just alighted from a bus, stepped in front of her car. He sustained a fractured collar bone and contusions and abrasions of the face.

The Detroit A. P. B. record says Ward was crossing three or four car lengths from the Grotiot crosswalk. No ticket was issued.

William Loveless Hurt When Truck Rams Car

William C. Loveless of 217 Merriweather suffered back injuries in an automobile accident at Michigan and Wayne last Saturday.

His car, pointed east on Michigan, was at a dead stop when it was run into by a truck driven by James E. Brown of 1166 W. Grand boulevard. The truck driver was ticketed.

Kid Bits

By Mary Frevo

The W. J. HALL family will be leaving 824 Cadieux road to sail for England on March 22. They are to live in Tynemouth, LILLIAN'S Grosse Pointe high school friends will bid her "au revoir" before she leaves to board the Queen Elizabeth. PATRICIA and JOCELYN will say good-byes to their cronies at Maire school, and the tiny members of the Hall family, BILL and NORMA, will have to be finding new play-mates at Tynemouth.

'Bout 9 o'clock on March 15, Grosse Pointe high school young'uns were comin' around the mountain and agatherin' for the HILLBILLY HOP. The gym was lookin' mighty purty with

giant mountain folk 'n' cabin decorating the walls. There was even an oversized jug which looked mighty invitin', but the moonshine served turned out to be golden orange drink!

I reckon there wasn't a one there who didn't have a great time—just ask Carroll Grylls and Bob Hansen, Jeannie Webb and Bill McBride, Norma Steenrod and Bob Peterson, Myrna Trodden and Jack Holme, Gerry Haas and Woody Woodhouse, Marla Olen and Ray Holo, Jane Worley and Bob Gall, Marion Rennie and Bill Joop, Meeky VanZanen and Parke Brown, Sally Smith and Dick Klemann, Marilyn Smith and Jack Corfield and Margie Stoerkel and Jim Brown.

Other guys and gals totin' each other around the dance floor were Katy James and Bob Bassett, Maryanna Larson and Ken Vandebush, Harriett Goodrich and Wesley Frank, Mary Waterfall and Bob Campbell, Mary Ann Mann and Dick Fritz, Jane Dalton

and Jim Stapleton, Renee deLeon and Dick Forde, Joanne Russell and Burt Spurrier, Dot King and Bob Steiler, Joyce Schreiber and Randy Zeeb, Margaret Guy and Herb Gerhardt, Sallie Hoyt and Stuart Ward, Buffy Wicking and Fred Bahr, Marilyn Wroblos and Joe Fromm, Barb Stoerkel and Phil Skillman, Lois Ieck and Bob Essert, Marilyn Smith and Doug Buck, June Moffett and Bill Gallagher, Dorothea Davis and Corky Dykstra and Helen Plath and Bob VanHalveren.

SPRING VACATION is just around the corner for some, and is already here for others! SKIP PARKER is home from Mount Hermon prep school. He will remain with his parents in their Lake Shore road home until the 28th, when he will be heading himself back to Massachusetts. Incidentally, Skip is to be graduated from Mount Hermon in June.

Also on the "home from school list" is FRED BAHR who attends Andover. Fred will be seen around in the Pointe until April 1. Vacation ended for PARKE BROWN last Tuesday when he returned to Howe Military Academy.

PAT MORRISSEY hosted a breakfast in her home last Sunday following church. Bacon and eggs were served to Gloria Pez, Carol Hughes, Joyce Chenoweth, Marge Emmert, John O'Leary, Don Parthum, Gregory DePolo, John Blow and Bill Trahan. THEN—after listening to records for a while, they trekked off to the movie. The whole affair celebrated Pat's 13th birthday.

Again the GOODRICH establishment over on Lincoln road was all a-stir 'cause HARRIETT tossed another of her famous get-togethers! Harriett's date was Wesley Frank, Sue Mair was there with Don Venderbusch, Charlotte Smith was with Burt Wicking, Diane Schelcher was with Russell White, Joan Watkins with Chuck Ghesquiere, Lillah Benny with John Drake, Phyllis Frank was with Dick Lowery and Pat Dee was there with Stuart Friesma. Cocoa and chips were served at this gathering which took place after the high school Student Association dance.

A group of JACKIE FLETCHER'S class-mates at St. Ambrose stopped in at the Fletcher home on Maryland for a snack after the

St. Ambrose-Roseville basketball game. Jackie's date was Jack Goriem, Joan Ducaulte was there with Jim Burns, Sue Melsh was with Jack Howard, Barbara Staudt with Bob Graul and Key Waters with Bill Belluomo. There's a Urquhart and Jerry Kelly and Pat Gabrish and Bob Weber were the rest of the crowd.

St. Paul Clock-Wise

SPIKE JONES and His City Slickers are currently appearing at the Masonic Temple. Six fellows and gals heard so much about him that they decided to go and see for themselves. The group was composed of George Heitl, and Carol Staub, Ralph Schneider and Nelda Hoffmeyer and Sandy Sittinger and Art Smith.

JOYCE ALEF decided that it was time for her to entertain again. After dinner, the hostess and Henrietta Sutton and Pat Trambley trekked over to the Punch and Judy for the current movie.

Beginning this week's festivities was the huge session planned by BEATRICE MARCHAND in her home on Mack avenue. This was another of those ever popular "no boys invited" parties. Seems some of the fellows decided to appear anyway and

meal. Slipping cokes and munching chips were Ellen Boul, Joanne Athanson, Pat Van Tiem, Pat Rabaut, Isabel Rabut, Normie Schaefer, Thelma Piche, Nan Stahl who were later joined by Don Simpson, Ray Huette-

It seems like yesterday
It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there's been a lot of changes in the last 20 years—most of them so gradual we hardly notice them at all.
Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Jr.
Like Nancy, the use of electricity has grown a lot in the last 20 years. But the price of electricity has been going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since '27? Now, you are getting nearly twice as much electricity for your money as you did then.
