Drunk Extricated From Argument

The rival cab companies of the Pointe have been having trouble sharing the privileges of the cab stand at Jefferson and Barrington.

This stand is for their mutual use but no one is supposed to use it but for a limited time while waiting for an order or a pickup. Complaints have been made to the Park police about so-and-so's hogging the space.

All these fraternal disagreements were mere minor incidents compared to the turmoil and general ruckus created on the lot by an over active drunk on the evening of May 20. He had an ambition to take over the entire transportation system of the Pointe.

When the discussion had reached an undebatable point the police were called in to arbitrate all differences.

They did, by locking the drunk in the cooler to cool. After he was reasonably cooled they let him go with a vigorous warning.

R. W. Schroeder Taken by Death

Raymond W. Schroeder, 48, died on May 24 in his home at 813 Pemberton road, Grosse Pointe Park, following a short illness.

Born in Detroit, Mr. Schroeder was a graduate of Eastern High School and the Detroit College of Law. He served with the First National Bank of Detroit until it closed in 1933 and with the First Liquidation Corporation until last February.

He was a member of Trinity Lodge, F. and A.M., and of the Detroit Yacht Club.

Funeral services were held Tuesday in the Verheyden Funeral Home, Mack at Whittier. Burial was in Elmwood cemetery.

Survivors include his wife, Naomi, two children, Gary and Gretchen, and two sisters, Mrs. Paul G. Tossy and Mrs. Helene Phipps of Mexico City.

Mrs. Christine Lingeman Taken by Death at 84

Funeral services were held on Saturday morning in St. Paul's Church on Lake Shore road for Mrs. Christine Lingeman, mother of County Clerk Caspar J. Lingeman. Mrs. Lingeman, 84, died in her home at 858 Lake Shore road, Grosse Pointe Shores.

A native of Detroit, Mrs. Lingeman took over the umbrella business of her husband, Caspar, when he died in 1900. She managed it for 15 years. Illness had kept her confined to her home for the last five years.

Survivors include another son, Cyril, English instructor at the University of Detroit; and four daughters, Mrs. Lucille Wilson, Sister Marie Raymond of the Sisters IHM, Bernice and Vera.

Scooter Speed Trials Interrupted by Police

Several youngsters staged a speed trial in motor scooters on Westchester on May 22. They were all set even to having an obliging youngster in an automobile act as pace maker.

They had run several heats when a citizen living on the street, with small appreciation of the sporting implications of the event, called up the police. The officers stopped the event and advised the youngsters to seek more open spaces.

Atomic defense is not to drop the first bomb but to change the other fellow's mind before he does.

Travel and Adventure Series Planned for Pointe Audience

The Sunday afternoon Travel and Adventure Series has been planned by the Grosse Pointe Community Lecture Association for the coming season in view of the remarkable success of the 1946-47 series of illustrated programs in color of the many interesting places in our country and the world. The program, arranged for the 1947-48 series, will present four of the outstanding producers of illustrated lectures.

A brief outline of each attraction further indicates the calibre of the program selected.

November 9—Francis Raymond Line will bring "Southwest Story"—a gripping all color film story portraying life in a small community in Southern Utah; against a background of some of the most spectacular scenery in America. This is a magnificent production, narrated by one who has the rare ability of conveying the deep spirit and essence of places and peoples he films. Scenic areas as Bryce Canyon, Zion Canyon and Kaibab Forest, are among this interesting film included in this interesting film of the little known southwest.

January 11—Sasha Siemel—"Jungle Family"—a thrilling all color film story presented by a daring adventurer, known to the natives of the Brazilian Jungle as the "Tiger Man," in respect for his courage and daring as a hunter. This is a rare film combining the thrills of wild game hunting and the exotic panorama of jungle beauty with the drama of family life in the wilderness of the Matto Grosse. Siemel is one of the most colorful personalities ever to appear on the American platform.

February 8—Karl Robinson—"China Journey"—an outstanding film lecture of modern post-war China. With a pre-war residence of ten years in the far east, Mr. Robinson returned to China for six months of 1946 to film a thrilling and absorbing story of a country vital to the world's future. This vivid and richly informative presentation of China and its people is brilliantly and

Missing Youth Returns to Fofd

The absence from home for a day and a half of Anson Wheelock, aged 16, of 1170 Lakepointe, set in motion all the police machinery in this corner of the state.

His father, Melvin Wheelock, reported to the Park police station at 10:15 p. m. Friday, May 23, that Anson was missing. A complete description of the boy was put on the teletype. The next morning at 8:30 Mr. Wheelock supplemented his previous information with the fact that Anson had taken a small, black suitcase with him and was known to be wearing a dark blue suit.

The next afternoon at 3:10 o'clock Mr. Wheelock reported that his son had returned home. Anson had started for Coral Gables, Florida, but for reasons best known to himself had decided to postpone his extended journey.

Orders to halt the manhunt were duly sent out on the police communications system.

THE RIGHT START TO A GOOD FINISH!

The repairing and refinishing automobile bodies and fenders is a specialist's job. There are many factors which control a good refinishing job. The one you are probably interested in is the appearance factor, but actually this is the least important.

To be sure, it is important that the car looks good when you drive it out. We agree. But if it doesn't look good for a long time, then the whole job is wasted. If the paint lifts or wrinkles and must be done over, that refinishing was expensive.

When we say, "The right start to a good finish," we mean that your paint job, to be good, must be started properly and careful controls exerted throughout the whole operation. The metal must be cleaned and prepared for paint properly and spotlessly. The primer and the paint must be high quality and the painters experienced. Our refinishing department is in business to make your car look better—LONGER. Our prices are under the old OPA standard. Drive in any time for a free estimate and for quick service. We're open till midnight.

MEMO IN THE ZOO

As one watches the birds and beasts Behaving with poise and pride— Oh, why don't they let the animals out And lock us humans inside?

Among various potent reasons for preferring New York's Hotel Plaza, ours is perhaps the most zany—we like to be near the animals in the Central Park Zoo. True, one may see the minks and leopards and silver foxes on Fifth Avenue any day, but somehow we prefer them on their original wearers for grace, beauty and nonchalance. Not only does the same fur coat last the animals a lifetime, but they wear it with a nonchalance impossible to the alleged human race.

It took a pilgrimage last Sunday to Detroit's own amazing Zoological Park to make us realize that beside it, New York's Central Park Zoo pales into the insignificance of a little Noah's Ark in the children's playground. Perhaps one doesn't bask in the restrained atmosphere of so many Park Avenue nursemaids, Guggenheim governesses and kiddies who will grow up to play Rockefeller Center tackles—but one does hostile shins and elbows with children of both labor and luxury, mingling in the rather startling democracy of hot dogs and frost bites. One marvels that there is fundamentally so little outward difference in the children—the same crisp little pink dresses on the girls, bold plaid mackintoshes on the boys—and nonchalant clothes on the parents. This is doubtless due to that ancient animal instinct which manifests itself nowhere so naturally as at zoos and circuses.

Out at the Zoological Park the animals seem to have the most ideal housing situation outside of their native jungles. There are no bars—except in the lions and tigers' houses. The lucky bears, rhinos and other animals live in deep, open moats with nothing but a sense of courtesy separating them from the crowds. Peacocks, flamingoes and tropical birds of the most magnificent plumage wander the grassy slopes with utter freedom. The chipmunks and squirrels crack open and nibble peanuts, from the kiddies' outstretched hands. They turn down the popcorn, knowing instinctively that nuts are nuts.

The prize exhibit at the Zoo this spring, of course, is the rocky moat of the little brown cub bears. Eenie, Meenie, Miney and Alee are their names—as well as a nameless little brown cub (or cubess). These tiny cubs put on a spontaneous, unrehearsed show of their own—snarling, nuzzling, tree-swinging and just plain guzzling. From sun-up to sun-down they frolic. Then they roll over, stop their play and call it a day.

Whereupon we humans go on our way, wishing we too could relax without tax. One can really pick up the essence of natural philosophy by watching these cubs grin and bear it!

Anyone who can remember back to the golden Rooseveltian era of political campaigning by radio will be intrigued to know that the political publicity men now consider radio will be dated as chautauques for the 1948 presidential campaign. Television is

both the Big Voice and Video to sway the voters. What they're seriously out to prove in a presidential candidate is this: Is he Telegenic? (Some of them are calling it video-genic, which seems to us an awkward phrase.) President Truman, the television boys claim jubilantly is telegenic. While his voice is strictly middle-western, his manner is so easy and folksy (there's that word again), that he's a Natural for television in the coming campaign. Only one thing is worrying the brainy boys—if television sets don't swing soon into mass production, it will still be a rich man's gadget in 1948. Maybe we ought to postpone the election?

While Mr. Truman is the Democrat's choice as a Natural, the Republicans are still undecided as to the telegenic chances of Tull, Vandenburg or Dewey. On the choice of a Glamour Boy, it seems obvious that Dewey may be the dish to serve the young people who are going to decide the election. There's that mousethabe—and after all what has Sinatra got that Dewey can't go out and get? All that any of them need, kiddies, are the votes. The votes.

Mothers Told All About "Pediatric Emergencies"

The Mother's Health Education Council held its annual meeting in the Grosse Pointe Board of Education Library on St. Clair on Friday, May 23.

Dr. E. O. Jodar, guest speaker, gave a timely talk, with summer vacation just ahead, on "Pediatric Emergencies."

"Most pediatric emergencies occur in the home," he said, "or at least in the presence of parents. Thus the building of a house and the selection of the objects which go into it will be well repaid in the prevention of accidents. The choice of such appliances as washing machines, high chairs, and lamps should be made with the thought of the children in mind. Outside the home trouble arises most frequently from the improper use of matches, knives, bicycles, automobiles and swimming facilities. Teaching children proper care by going with them is much better than forbidding their use or warning children about their dangers."

"The main idea in the treatment of emergencies is to proceed slowly and cautiously so that no further harm can be done."

Dr. Jodar was emphatic about accident prevention at the home, by hiding the medicine cabinet of all unlabeled and unused medicines; eye and cleaning fluids in the basement and the danger of keeping pleasant tasting medi-

cines. Also that boys should be taught how to use a knife and pen-knife.

Mrs. Charles Wade, Jr., of Mason School, was elected president of the Council for the next year, succeeding Mrs. Stanley McKenzie, founder of the group; Mrs. K. Michel, Kerby School, vice-president, and Mrs. T. R. Springett, Defer School, secretary-treasurer.

The Council passed a resolution to base all leaflets on talks given by each monthly speaker, the leaflets to be distributed by the schools. Topics will be selected that will be of interest to the parents and will help interpret the school problems to the parent, thus enabling both to work for the best interest of the child and adolescent.

Cook Asparagus In Boiling Water

Cook asparagus so that the tips and stalks cook evenly, and so that little of the flavor, color or vitamin C are lost.

Zoe McCormick, foods specialist at Michigan State college, gives some suggestions.

To cook whole stalks, tie them together loosely and stand them upright in a kettle of boiling, salted water. The water should come about a third of the way up the stalks. If the pan isn't deep enough, use another pan as a cover so that the tips may cook in steam. Cook 10 to 25 minutes.

When cooking small pieces, drop them into a small quantity of boiling, salted water. Cook 5 to 10 minutes, and then add the tips and finish cooking.

Save the water from the asparagus for use in soups or sauces because it holds flavor, vitamins and minerals.

TULIPS LIKE IT

The long, cold, wet spring the Pointe hasn't been enjoying seems to be much to the liking of tulips. Various Pointe growers have reported remarkable luck with their 1947 production and Mrs. Arthur Swanson of Norwood drive, Grosse Pointe Woods, says some of her blooms stand 27 to 29 inches high and she has as many as four blossoms on one stem.

Kid Bits
By Mary Prev

Fully as glamorous as any fortune teller's crystal ball was the CRYSTAL BALL held in G. P. H. S. May 24. Amid the intriguing atmosphere of 1947 could be seen the honorable Jim Brown, a future judge, Polly Kay, a teacher, Betty Brady, a singer and Ed Isby, a successful doctor. Artists of various types included Ileana Lindh, an accomplished painter, Cobby Bartlett, faithfully beating the drums, Jessie Farquhar, skillfully sketching, and Earl Brabb acting as the year's Cicero atop his sturdy soapbox. Not interested in the latest vocations were George Cherpelis and Sandy Malcomson, who served as cave man and zoo keeper respectively.

Janice Skillman and Dave Corbett, Diane Faulk and Dick Wuerker, Sheila McComb and Earl Brabb, Sandy Britz and Bud Horsley, Joan Bauman and Mac Fraser, Sally Dalton and Sandy Malcomson, Marion Rennie and Paul Grubbs, Joanne Russell and Harvey Reist and Sheila McRae and Vince Schoeck danced, surrounded by this dreamy atmosphere. Others enjoying the pictorial predictions were Barb Stoerkel and Phil Skillman, Lois Buck and Bob Coleman, Annie Davis and Ed Isby, Marilyn Smith and Doug Buck, Sue Johnson and Butch Edgar, Sally Andrus and Don Savage, Meg McKenzie and Bruce Boyle and Betty Townsend and Jack Campbell. Phyllis Sherman and John Sorg, Jane Lundgren and Harry Mack, Lois Mehring and Dale Stevenson, Annie Candler and Gary Langseth, Sally McDonald and Bruce Kirchner, Don Buser and Bill Heister, Doris Stoerkel and Bob Jenks, Margie Sellars and Jim Brown, Shirley Drake and George Cherpelis, Alice Seljars and Whitey Hall, too, glided gracefully into that prospective environment.

Also looking forward to gay days is MYRNA TRODEN, who began her 16th year on May 23. Charlyn Salmon, Bob LaPlata, Jack Holm, Bill Codde, Jack Harrison, Chuck Balout and Jean Parfitt helped her celebrate the event by gathering at the home of Myrna's grandmother, MRS. WIGMAN, on Washington road. Listening to records and partaking in those old favorites, hot dogs and potato salad, were Art Price, Mully Neff, Jim Lake, Eugene Suller, Don Hunter, Betty Gray, Marilyn Quigly and Don McIlroy. Of course the grand occasion featured a delicious birthday cake complete with 16 candles!

Jennie Quirk, L'Amour Neeme, Jessie Farquhar, Marilyn Smith, Joan Heise, Phyllis Sherman, Dorothea Davis, Sue Campbell, Marilyn Kaiser, Betty Brady, Elsie Hewitt and Betty Graham made May 25 a memorable date when they attended a tea given by LOIS RIECK, SALLY DALTON and SALLY VLASIC. The flower-bedecked affair took place in the Grosse Pointe Yacht club and a portion of the guest list was composed of Diane Faulk, Marilee O'Brien, Janet VanOsdol, Marion Blackmorr, Shirley Drake, Pat Gullberg, Dotty Lander, Eleanor Forster, Anni Davis and Joanne Russell.

Voni Wegman, Nancy Stever, Flo Michie, Janie Gehlert, Kaye Kernkamp, Susie Johnstone and Sue Field, too, joined in the festivities. More of the afternoon's socialites included Sallie Slocum, Barb Rising, Joan Bauman, Marge Smith, Doris Buser, Alice Sellars, Ileana Lindh, Margie Stoerkel, Mary Nebel, Toni Dawson, Ernestine Grant, Myra Hunter and Barb Stoerkel.

A Book that Heals the Sick

While full provision is made in Christian Science for specific treatment for the sick, many people have been healed, not a few of them when their condition had seemed hopeless, simply through the thoughtful reading of the Christian Science textbook,

SCIENCE and HEALTH with Key to the Scriptures by Mary Baker Eddy

To countless thousands, this inspiring volume, through its revelation of Truth, has brought not only the cure of sickness but release from other difficulties and dangers, increased capability, success, and happiness.

In simple, direct language, the book presents the scientifically Christian method of these demonstrations, together with the complete explanation of Christian Science.

A book for everyone to understand and use.

In various editions, at **CHRISTIAN SCIENCE READING ROOM**

No. 14736 Kercheval Ave. Detroit

All Christian Science Reading Rooms are open to the public for the study of the Bible, the works of Mary Baker Eddy, and other Christian Science literature, without charge, and for the purchase of these publications.

Valparaiso Guild To Hold Election

Election of officers, reports, and three short stories by Mrs. William C. Snell of the Detroit Story Tellers' League will absorb the attention of the members of the Detroit chapter of the Valparaiso University Guild, meeting in Redeemer church, 14th and Marquette, on Monday, June 2. The meeting will be preceded by luncheon at 12 o'clock, with Mrs. Calvin J. Gauss, president, presiding.

Of special interest will be reports on the recent Spring Fair, held to complete quotas for Guild Hall, girls' dormitory being dedicated at the annual convention on July 26. Coin aprons circulated by key women in 35 member congregations proved the feature stunt of the Fair.

Great ingenuity was shown in the methods of securing donations to the aprons: The pockets of the apron of Our Saviour church were under the weight of the coins collected, \$31.50, and the apron, designed by Mrs. Walter Gaul of Emmaus church, boasted an applique representing Guild Hall. The aprons will be on display at the meeting.

Nominating committee members are Mrs. Carl Thrun, chairman, and Mrs. Hugh Henderson.

Girl Scout News

A RED FEATHER SERVICE

The eyes of Girl Scouts all over the world are turned to Camp Barree, near Huntingdon, Penna., where Girl Guides from foreign countries and Girl Scouts from every state will meet June 29 through July 16 for the 35th Anniversary International Encampment.

Chosen to represent Michigan is Constance Washington of Detroit, member of the colored race and a good Girl Scout. Qualifications for this delegate are exacting, and Connie passed all the tests. The only thing she doesn't know is Spanish, but claims she will by encampment time.

One Scout troop is putting on a musical show; proceeds to help Connie pay her expenses. Other troops, scout councils and friends are donating money, clothing and necessary equipment for the trip; all working to make this a never-to-be-forgotten event in the life of happy, proud Connie Washington.

Officers elected to the Leaders' Association for the coming year are Mrs. L. Marick, chairman; Mrs. W. H. Peel, secretary and treasurer; Mrs. Orebaugh, program chairman.

Newest Girl Scout activity is dog obedience training. Under accredited trainers girls teach their pets to heel, come when called and obey other simple commands.

Grosse Pointe Woods Troop 301 visited Girl Guides in Windsor on April 30. The neighboring Guides and their leader, Miss Schmidt, were friendly hostesses, served sandwiches, milk and cookies to our Scouts.

The annual luncheon for leadership for them. The Photo Club is greatly indebted to Stan Ken for making this lecture series possible.
