The Ladies' Auxiliary of the Northeast Lions Club was formed on August 26, 1943, for the purpose of carrying out Lions Service work and other charitable functions. To date this Auxiliary has contributed to the sponsorship of two Lion Leader Dogs for two blind persons, has presented Christmas baskets for needy families so that they, too, might have a complete Christmas dinner.

It has annually put on a Christmas Party for the Epileptic Children of the White School and has provided equipment for a playground for the Michigan Society for Epileptic Children.

Also in conjunction with the Northeast Lions Club it has helped provide visual care for the indigent children and aged, including glasses, the latest feat being the donation from the Aux-

iliary of two E. & J. Resuscitators, one to Bon Secours Hospital and the other to Holy Cross Hospital.

The auxiliary raises money to cover the cost of these functions by putting on card parties and games parties.

The Club consists of only 14 members and officers for this year are Mrs. Grace Whiting, president; Mrs. Helen Moehring, vice-president; Mrs. Mildred Sanders, secretary; Mrs. Edna Utley, treasurer.

Summer School Sessions Due to Start on June 23

Term Will End August 15; Students in Grades 3B to 12A Eligible Provided Courses Desired are Being Offered

Plans for the Grosse Pointe public school's summer session have been announced by W. R. Clemenson, principal. The summer term will commence on Monday, June 23 and conclude on Friday, August 15.

Any student in grades 3B to 12A will be eligible to enroll provided the course he desires is being offered.

A tentative plan of the anticipated courses has been developed, based on last summer's schedule. It is subject to change, however, if the enrollment in any class is insufficient.

More difficulties arise usually when too many rather than too few enroll for a certain class. As a result of this, anyone desiring admittance should make it a point to settle his summer schedule as soon as registration allows.

The following courses will be offered in all probability:

All mathematics courses from third through twelfth grade will be given. Only one science course, Physics I-II, will be offered.

Three language courses, French II-IV, Latin I-IV, and Spanish I-IV are planned, plus junior and senior high school English and Reading and Spelling, 3B through 6A.

Completing the list are the Social Studies, 7B through 8A, Civics II-III, History I-IV, and Economics; and courses in instrumental music and Typing I-IV.

Summer school classes are scheduled for morning hours only. The summer school day lasts from 8 a. m. to 12:40 p. m., and this time is divided into class periods of one and one-half hours each. Students are required to be present only during the periods in which their classes meet.

The school believes that each individual should be restricted to carrying a maximum of 13 hours where credit is expected. Exceptions are made and students are allowed by special per-

mission to have 15 hours. This permission is given however, only to those taking a course for no credit, or those who have already obtained a passing grade in a course.

Registrations will be held Friday, June 20, from 2 to 5 o'clock in room 114; Saturday, June 21, from 9 a. m. to 12:30 p. m. and Monday, June 23, 8:00 to 4:00 p. m.

Non-residents will be accepted although preference will be shown Grosse Pointers. There will be conditional acceptance only to non-residents until 3 p. m. Monday, June 23.

Upon registration, Grosse Pointe residents are requested to pay a fee of seven dollars per course, non-residents, fourteen dollars.

The teachers instructing during the summer session will be: Mr. Keith Carstens, commercial; Mrs. Beulah Crockett, Mr. Kenneth Gittens and Miss Gladys Vance, elementary; Mr. Stanley Cook, and Mr. Alfred Harris, Mr. Ralph Steffek, and Mrs. Eunice Westfall, English; Miss Gladys Myers, and Mr. Edwin Owid, foreign languages; Mr. Glenn Bray, Mr. Harvey Christenson and Mrs. Belle Prom, math; Mr. William Ferry, music; Mr. Howard Case, Mr. Custer Hometer and Miss Gail Wog, social studies.

A summer school term enables a student to improve the past semester's grades, lighten his scholastic burden for the coming year, or take a "no credit" course to experiment in new fields.

Missing Sailors Make Port Safely

Elmer Kent of 1241 Bishop, reported to the Park police station shortly after 9 o'clock Tuesday night, June 3, that his stepson Jerry Watson, aged 17 and a boy friend, Don Eddy, were out in an 18 foot sloop and he feared they would not be able to deek. The immediate anxiety was caused by the fact that the sloop was not equipped with running lights.

The Park police immediately communicated with the Belle Isle radio station and they notified Coast Guardsman Jerry Laughlin, the harbor master of the Grosse Pointe Yacht Club.

The latter scoured the American side all the way from the Yacht Club to the Park pier but found no trace of the flying dutchman.

At 10:05 o'clock Mr. Kent notified the Park police that he had just received word from the boys and they were OK. They had finally succeeded in beating it to the Park pier. Coast Guard and Yacht Club were immediately notified.

Argument Leads To Street Fight

A lively two-man fist fight broke out about 5:30 p. m. June 7, at the corner of Kercheval and Maryland, which was settled when the Park police entered the scene and took both contestants to police headquarters to learn what about it.

William J. Tembusch of 406 McKinley and Otto Lange of 15118 Kercheval got into an argument over some business matter and carried it from the argumentative to the fistfight stage. There was some face punching and Lange claimed to have suffered injuries to his back. He has sworn out a warrant for Tembusch's arrest.

Natators Win

Despite the ban placed on all Pointe beaches by the Grosse Pointe Department of Health, police are still receiving complaints of kids who are not only violating the ban, but are swimming in Lake St. Clair in places always banned to swimmers. On June 9, the Farms police investigated a call that some boys were in the water off the Alger House Museum. The natators had fled before the gendarmes arrived on the scene.

Pointe Veterans' Institute To Continue During Summer

Plans Being Completed to Hold Classes in High School Evenings for Eight Weeks; Government Pays Tuition Charges

Plans are being completed to continue the Grosse Pointe Veterans' Institute during the coming summer, for eight weeks. This institute has been in operation since October 7, 1946 and since that time approximately 150 veterans have availed themselves of this opportunity to continue their high school studies.

During the summer, veterans' classes will be held in the evenings at the high school building. If enrollment warrants, there will be classes in English, history, economics, physics, algebra, geometry and trigonometry. Such courses may be taken either for credit or as refresher work. The summer schedule of classes will go into effect on June 23, 1947.

The tuition cost in the Institute will be 50 cents per clock hour of enrollment. Classes will meet one evening per week for either two or three hours. The Veterans' Administration will pay the tuition costs for any man eligible to receive educational benefits under the G. I. Bill.

Such a veteran should file V.A. Form 1750—Application for Certificate of Eligibility, and a

photostatic copy of his discharge papers with the Veterans' Administration located in the Union Guardian Building. However, if a veteran prefers to do so, he may pay his own tuition costs for eight weeks. In such a case, payment will be made at the time of enrollment. If a veteran, who has paid for his own tuition, should complete a course prior to August 14, 1947, a tuition refund for the unused balance of the tuition will be mailed to the veteran.

Men in the community who are interested in enrolling in the Veterans' Institute should do so with Mr. V. L. Peterson, Field Counselor; in room 141 at the high school during the week of June 15.

Church Making Survey in Woods

Bethel Baptist Church, Rev. Owen L. Miller pastor, is conducting a religious survey in Grosse Pointe Woods during the months of June, July and August. Mr. and Mrs. John E. Wareham are heading up this work. Mr. and Mrs. Wareham were graduated from Central Michigan College of Education and are now doing graduate work at the Biblical Seminary in New York City.

The immediate purpose of the survey is to acquaint the neighborhood with the program of the Daily Vacation Bible School to be held from June 23 to July 3 in the Mason School on Vernier road near Mack. The school will meet from 9 to 11:30 a. m. and will include children in the groups from beginners through high school.

If the need for a Baptist Church is evident and sufficient interest is shown, Bethel Baptist Church will undertake the project of developing a church.

A plan without a man is like milk without a can—no one can carry it out.

Not any of the following cases were involved in an accident. They were just going too fast.

Frank Prano, of 2645 Lafayette, Detroit, for speeding 60 m. p. h. on Mack on June 10, paid \$50 fine and \$5 costs.

John W. Zetnef, 13104 Wilfred, Detroit, for reckless driving on Vernier on May 31, also paid \$50 and \$5.

Joseph H. Polger, 1538 Ten Mile, Centerline, for speeding 40 m. p. h. on Mack on May 31 paid \$20 and \$5.

Marcel Laquere, 2044 Hampton, for reckless driving on Hampton on June 1 was fined \$75 and \$5 costs and had his license revoked for one year.

The heaviest fines handed out at this session were not for traffic violations. Three boys, all about 20 years of age, went on a binge early in the morning of

June 6. As a concomitant of the occasion they smashed windows in Bob's Drug store and in the Mason School and carried themselves in a general disorderly manner.

They were Michael Bundy, Jr., of 1883 Fleetwood, Peter Clark, Jr., of 1010 Vernier, and Myron Wedyke of 2118 Roslyn. Each boy was fined \$100 and \$5 costs. They paid the fines.

Competing with 20 Grosse Pointe High School applicants for the University of Michigan Regent-Alumni Scholarships, left to right DIANA DEHEM, BARBARA HART, HUGH BLECKI, and BOB CORGAN, were selected to receive the award by the University. The winners were chosen on the basis of a competitive examination. The scholarship involves no cash award, but is a waiver of tuition. It is continued for four years provided the student maintains an average of B or better. In order to qualify for the scholarship, a high school student must be recommended by a University of Michigan Alumni Club. The Grosse Pointe organization, in view of its activity, was allotted four scholarships this year. The Grosse Pointe University of Michigan Alumni Club interviewed the candidates, who were later given competitive examinations at the Rackham Building by the University of Michigan. The Chairman of the University of Michigan Scholarship Committee is H. Thompson Stock of 107 Moran road. All the winners were in the top 10 percent of the June class and received mostly all A's during their high school careers.

Youngsters Turn In False Alarm

Two youngsters, aged 9 and 10 respectively, tried a little original research on the fire alarm box at Kensington and St. Paul on Friday morning, June 6, and got a most satisfactory reaction.

When a good part of the Park's fire department had responded to a fireless fire, they inquired from a couple of happily expectant young faces and got the es-

sential facts. The boys solemnly promised they wouldn't do it again.

GLAMOUR TOUJOURS GLAMOUR!

The reports are rushing in from the Paris midseason collections and the American fall collections of fashions. And a very odd, not to say strange thing has happened, pets. The Battle of Paris versus New York for style supremacy which has been raging these last few years seems to have subsided into a truce. The truce being that the top New York designers are adopting the strategy of the old diplomatic dogma if you can't lick 'em, join 'em!

New York in copying Paris models like mad. Paris in turn is mad, mad about New York clothes.

Specifically, it is the collection and credo of Christian Dior that are turning up in American translations. It is perhaps indicative of the French temperament that two years after the war the hero of Paris should be a fashion designer. But Dior is not merely

another designer. Before he shows his sensational new collections, the only originals of 1947, Christian Dior spent many years as an art dealer and collector. He is an artist's artist. A man who values the feminine figure as seen in Life Class rather than formerly seen in Vogue.

Dior's fashions really give a woman a trip back-to-nature-and return. He has yanked off the square padding of the shoulders, emphasized the natural curves of the bosoms and padded the hips. All of which adds up to dangerous curves ahead this fall—and a swaying state of hipnotic skirts.

The two Christian Dior's silhouettes now slithering through the New York collections are First, The Figure Eight and Second, The Inverted Flower. The Figure Eight, which your fashion imagination can readily visualize is The Big Word for daytime clothes. The inverted flower—with the slender bodice and very full skirt like full blown petals—is the pet for evening wear.

London's most dramatic designers, whose collections are already on view, are likewise conservatively following the Dior dictum. Creed of London is using the round, natural shoulder line, the normal waistline, and longer skirts.

The newer coats run to forty-seven inches long. Some of the designers along Fifty-Seventh St. in New York report that, while women were dubious about the longer skirts this spring, they are now asking to have them lengthened inch by inch. Paris, which makes a distinction be-

tween afternoon and morning fashions is ordering them ankle length for cocktailing about town and floor length for dinner.

NOW COMES THE PLAY-OFF. WITH THE INFLUX OF the Babes-in-the-Hollywoods, now planning into Paris in large numbers, the Parisiennes are developing a terrific urge to splurge in the Hollywood manner. Among the actresses creating the most fabulous fashions in the cafes and along the boulevards are Rita Hayworth, Linda Darnell, Eleanor Parker, Lily Pons—and the two Little Rich Girls, Barbara Hutton and Doris Duke. Most of them are staying at The Hotel George V, although Barbara Hutton still maintains her apartment at The Ritz.

The particular fashion that is creating such a flair on these Glimmer Gals is that simple little Black Magic Dress which no one seems to wear with quite the air of American movie stars. Linda Darnell, resting up from her starring role in "Forever Amber," creates a furore every time she appears in one of these utterly simple and simply utter little black numbers, which she always wears with a huge black cartwheel hat.

Doris Duke, as you know—or didn't you—has a real live Job in Paris. She is head of the Paris Bureau of Harper's Bazar and is covering all the midseason showings.

The other Little Rich Girl, Barbara Hutton, has ordered eighteen new models from Christian Dior and the word is that she is not ordering clothes anywhere else. If she doesn't turn out to be the ten-best-dressed woman-in-one, it won't be Dior's fault.

So it goes, pets, The New Yorkers are going all out for Paris clothes, and the Parisiennes are sitting around in the cafes doing their wishful drinking that they had the divine figures of their American guests. One thing seems obvious, clothes not only make the woman—in most cases they re-make her. They may even be the secret of Personal Emotion.

If you can always give your heart you do not have to be able to give all the answers.

Honored

The bride's bouquet was a colonial one of gardenias, centered with an orchid.

Maid of honor Eleanor Matson of Adrian, Mich., and bridesmaids Mrs. Burton C. Wilson, Mrs. J. Thomas Owens and Marie Grubb of Toledo, were gowned identically.

They wore seafoam green marquisette dresses with bouffant skirts and off-the-shoulder necklines. Matching net halos trimmed with small velvet bows formed their headresses and their bouquets were of plus iris.

The wedding reception was held in the bride's home.

Marjorie Maxon Wed To Frank Banks Ware

Garden Reception at Home of Bride's Mother Follows Ceremony in Christ Church; Couple Motoring North

In an all-white ceremony at noon yesterday Marjorie Maxon became the bride of Frank Banks Ware in Christ Church. Marjorie is the daughter of Mrs. Marjorie Dau Maxon of Lakeland avenue and Lou R. Maxon of Rochester, Mich. Frank's parents are Dr. and Mrs. F. Bertram Ware of Rivard boulevard.

Marjorie was married in a summer gown with a long fitted bodice of chantilly lace, a round neckline with a tiny collar and lace-covered buttons down the front. The skirt, of sheer marquisette, fell in three bouffant tiers, each edged with horsehair. The tiers were graduated into a train.

The bride's silk illusion fingertip veil fell from a Juliet cap. She carried a cascade bouquet of white gardenias and lilies of the valley.

Frank's sister, Sally L. Ware, was maid of honor and Beverly Brown, Laird Beamer, Barbara Allen, Mary Lou Melcher and Kathryn Rockelman were bridesmaids. Young Claudia Philippe of New York was Marjorie's flower girl.

The bridal attendants were gowned in white marquisette dresses designed with portrait necklines outlined with folds of the material, dropped shoulders and fitted bodices ending in points at front and back. The gowns were full-skirted.

The maids wore large white horsehair open-crowned hats circled with black velvet ribbon and carried with fresh ivy. They wore clusters of gardenias and trailing ivy.

LONDONER VISITS HERE

That always engaging English accent of Pat O'Connor's seemed just a bit more so to us the other day . . .

And then we discovered that he is entertaining his delightful sister . . . Mrs. Eileen Daly of London and Blackpool, England, who arrived here this past week-end to visit for the summer at his home on Washington road.

Last Thursday evening Mrs. Daly was strolling on Bond street . . .

The next afternoon at 2 o'clock in the afternoon . . . she was stepping along Fifth avenue with her doting brother.

There are so many "firsts" connected with Mrs. Daly's visit . . .

First time to fly in a plane . . .
First time to visit the United States . . .
First time to visit Detroit . . .
First time to visit Grosse Pointe (an experience in itself).

MRS. DALY IS IMPRESSED

So far, the dizzy whirl has included a week-end . . . at Mr. O'Connor's country home . . . at Imlay City, Mich. . .

And several gasps at the profusion of fresh oranges and bananas to be seen in the market places.

PRESENTING OUR SENORA

Did you know . . .
That we have a real, live Senora living in Grosse Pointe?
She's the dark-eyed beauty . . . who's been Americanized to "Mrs." Cortada instead of Senora Cortada . . .

And here she lives with her son-in-law and daughter, Mr. and Mrs. George B. Horsfull of Neff road.

Senora Cortada is from Puerto Rico . . . she came to this country with her family when the children were tiny tots . . .

So . . . although Mrs. Horsfull is completely American . . . ask her to pronounce her first name "Sara" for you some day . . .

With a slight Spanish effect . . . "Sara" lives as she says it.

Ray Huettman, outgoing prefect, presided at the meeting. As the officers of 1946 and 1947 relinquished their positions, they delivered short talks on the duties and responsibilities of the different offices.

Rotarians Told Of International Institute's Work

Henry Johnson of the firm of Seldon and Johnson, gave the Grosse Pointe Rotarians a most informing talk on the work of the International Institute of Detroit at their meeting on Monday. Mr. Johnson is the president of the Institute.

The primary purpose of the Institute, he told his listeners, was to help the foreign born in the Detroit area to become participating Americans.

"There is a large field to work on in the area," he said, "which counts more than 500,000 foreign born in its population, of whom 125,000 have never been naturalized."

"The members of the staff keep in constant touch with a large number of these people, helping in the infinite number of ways in which they need help in a new land and strange surroundings."

The whole purpose is to give sympathetic help to these people and point them in the ways of good citizenship. Within the members of the staff there is a command of nearly 30 languages, which enables the Institute to maintain intimate and helpful contact with its great clientele.

The Institute was started here in 1918. It receives sufficient support from the Community Fund to carry its fixed overhead but welcomes such aid as may be given to help it enlarge its useful work. The Institute had its origin here in the Y. W. C. A. and for years was carried on as a department of that group, but in its work among foreign born girls. In 1945 it was set up as a separate organization and its scope greatly enlarged.

The Rotarians were convinced by Mr. Johnson's talk that this organization is prosecuting one of the most practical and useful movements in this country in the conversion of the raw human material that comes to us from abroad into useful, patriotic Americans. There are a dozen similar branches in the chief American cities.

Hollebeke was elected co-prefect of the Holy Name division of the Sodality.

The new officers immediately took over and will continue to function until the close of this school year.

SENIORS INVESTED

Tuesday, June 3, at 9:30 a.m. the Saint Paul student body gathered in the auditorium to witness a ceremony at which the 44 Seniors were invested in the cap and gown.

The Seniors closed the program with the class song. Paul DuRocher, president of the Junior class, and Joanne Krehnbrink, vice-president, assisted in the investing.

FROSH FETE SENIORS

A lawn tea was one of the many activities sponsored by the school to honor their graduates of 1946 and 1947. The affair was held on the campus of the school Wednesday, June 4, from 3 o'clock to 4 o'clock.

With the Freshmen presiding as hosts, the seniors dotted the wide lawn, making splashes of color contrasts with the varied hues of their light summer apparel.

As the feature of the afternoon, the Freshmen had secretly procured baby pictures of each of the seniors, which they had utilized to advantage. As the seniors came to the tea tables they were presented with the prizes.

Bob McBride, senior, gave a short talk to the Freshmen on the deep appreciation of the seniors for the varied activities which the different classes had sponsored for them.

FLAG DAY

"You're a Grand Old Flag" was the song which the Senior girls sang as the flag passed by them Thursday, June 5, in the afternoon on the spacious lawn of Saint Paul's School.

June 14, is official Flag Day in the United States but the Alma Paulites anticipated the birthday of Old Glory by saluting her

little ahead of time. Josephine Priziola, senior, presided as chairman for the affair.

The class observed Torch Night ceremonies on June 6, featured by a procession by the student body and a concert by the school band. Josephine Priziola and Paul DuRocher took part in the transfer of banner and response for the senior and junior classes.

John Fushman was class historian, Raymond Huettman gave the valedictory address and Howard Meathe was featured in the "Symbolism of the Torch" when the graduating class passed its torches. C. A. Pfeffer, financial and business, counselor, gave the address to the graduates and the Rev. Joseph Bohr announced the awards.

PLANTING OF IVY

Tall figures and short figures, all garbed in royal-blue caps and gowns, made their way over the green campus and under the trees to the grotto, a hidden nook behind the convent, where they halted to hold their Ivy Day program.

Thelma Piche presided as chairman for the occasion. Joyce Alef delivered an address on "The Ivy and the Alma Mater," after which Arthur Smith and Joan Betzing planted the ivy near the grotto.

The Seniors closed the ceremony by singing the "Alma Mater," followed by their "Farewell Class Lyric."

Abner E. Larned Taken by Death

The Detroit area lost one of its most useful citizens and the nation one of its outstanding civic leaders in the death of Abner E. Larned on June 6 in Harper hospital. He was 78 years old.

For a half century he, more than any other citizen of Detroit, was identified with innumerable movements for civic and social welfare.

His great talents and his enthusiasm supplemented by his remarkable abilities as an organizer of community move-

ments, marked him on many occasions as the natural leader. To call the roll of his services would be to repeat the story of a large portion of the campaigns and drives in the Detroit area.

A successful businessman in his private affairs, he still found time to devote his talents to community-wide undertakings.

He was one of the organizers of the Detroit Board of Commerce; was largely instrumental in expanding the Young Men's Christian Association work in

Detroit; made possible the present Detroit Athletic Club; was president of the Street Railway Commission under Mayor James Couzens and was chairman of the first NRA committee in Detroit.

He organized the sale of Liberty Bonds during World War I and in this work achieved a national reputation.

Few men throughout the nation leave behind them a finer record of achievement for their community and their country.

He is survived by his widow, Edith M. Larned, a son, Cortland K. Larned, a grandson, Cortland K. Larned, Jr., and a sister, Mrs. Flora L. Anderson.

The funeral services were held on Monday, June 9, in the chapel of the Hamilton Funeral Home and burial was in Fenton, Mich., the town of his birth.

Two-Man Fight Nicely Settled

The Park police were called on at 2:40 o'clock Friday morning to break up a two-man fight at the corner of Wayburn and Jefferson.

One youth, aged 21, of Beaconsfield and another, aged 27, of Lakepointe, had gotten into an argument that apparently could only be settled in the court of last resort.

One was taken to Bon Secours with a bad bump on his head. Neither party would sign a complaint against the other and the police checked the case as nicely settled.

Lord Dufferin Chapter To Honor Two Guests

Lord Dufferin Chapter, Daughters of the British Empire, will meet at the home of Mrs. Cecil Marshall, 769 Washington road, on Tuesday, June 17 at 12:30 for a bride luncheon.

Mrs. Marshall will honor her house guest, Mrs. James Daly, of Blackpool, England, and Mrs. William Greash of Nottingham, England, who is the guest of her brother, Mr. George Sellars of Detroit.

Realtors Will Combine Business and Pleasure

A combined summer outing and business meeting is planned for Tuesday, June 17th. Luncheon will be served at 12:30 p. m. by members of the Eastern Detroit Realty Association for Marquette drive at the Detroit River.

Look for changes in these numbers

Please consult your new Detroit telephone directories before calling any former LAfayette, LEnox, TEnnyson 5, TEnnyson 6 or TEnnyson 7 number. These numbers have all been changed. Getting the new numbers from your new directories will help you avoid getting wrong numbers. Correcting your personal list of frequently called numbers also will help.

These changes are the first in a long-range program under which all telephone numbers in Detroit and suburbs eventually will consist of two letters and a numeral, representing the central office name, followed by four numerals.

The immediate purpose of the changeover is to increase the numbering capacity of the telephone system to provide for growth in this area. However, it also will lead, ultimately, to two far-reaching improvements in telephone service.

1 In a few years, Detroit telephone users will be able to dial suburban telephones direct, and suburban users will be able to dial Detroit numbers direct.

2 Eventually, long distance operators will be able to dial telephones in any part of the country direct, further increasing the speed of your long distance service.

The new number for Time Service is GRenwich 2-1212 (formerly GRenwich 1212)

The new number for Weather Service is WEather 2-1212 (formerly WEather 1212)

TELEVISION COMES TO TOWN

A new art—and a new industry—has just been introduced to Detroit. Television has come to town. The curtain is up on a new era of entertainment and education for Detroiters.

Starting last week, The Detroit News, through its new television station WWJ-TV, began broadcasting regularly scheduled commercial television . . . bringing news and comedy, speeches and sports, right into Detroiters' living rooms.

Thanks to this progressiveness, Detroit last week became the first telecasting center with regular programs between Chicago and the East. This week, these shows are being received by some 1,500 sets; by year's end an estimated 10,000 receivers will be in daily use in and around Detroit.

While, at present, programs will be produced locally, eventually television will bring, right to your easy chair, a presidential speech from Washington, a football classic from Pasadena, or an opera from the Metropolitan. It will bring you history-as-it-is-made . . . with that incomparable on-the-spot feeling.

The Detroit Edison Company always has pioneered in developing new uses for electricity. It is natural that it should do its share in welcoming television to this community as a part of helping its customers get the most from all the electricity they buy.

Today, Edison's work in television is concerned chiefly with gathering, evaluating and coordinating information that will eventually be of practical use to Edison customers. Its engineers, for example, are currently studying the various types of receiving antennas best suited to local conditions. As the industry advances, The Detroit Edison Company expects to become increasingly helpful in the progress of television.
