#### Henry Ford II Calls Meeting to Form United Health and Welfare Fund of Michigan to Unify Appeals in One Drive

First step in a program to form a United Health and Welfare Fund of Michigan was taken July 15 at a meeting of 120 business, industry and community leaders called by Henry Ford II in Detroit. The new organization will have as its objective unifying the many national health and welfare agency appeals into one annual drive.

Among the members of the statewide Citizens Sponsoring Committee from Wayne County are: George D. Bailey, President, George D. Bailey & Co., 1380 National Bank Building, Detroit; Charles E. Boyd, Board of Commerce, Detroit; Fred M. Butzel, 1090 National Bank Building, Detroit; Geo. T. Christopher, Packard Motor Car Co., Detroit; Glenn M. Couller, 1703 Ford Bldg., Detroit; W. Steele Gilmore, editor-in-chief, Detroit News, Detroit; Henry Ford II, Ford Motor Co., Dearborn; Hon. Henry S. Hulbert, McGregor Fund, 2486 National Bank Bldg., Detroit; Raymond J. Meurer, United Detroit Theatres, Detroit; Wm. J. Norton, executive vice-president, Children's Fund of Michigan, 660 Frederick St., Detroit; James K. Watkins, 1022 Ford Bldg., Detroit; J. B. Webber, Jr., vice-president, J. L. Hudson Co., Detroit; C. E. Wilson, president, General Motors Corp., Detroit, and Benjamin E. Young, vice-president, National Bank of Detroit, Detroit.

J. M. Shackleton, vice-president of the Michigan National Bank of Saginaw, was named chairman of the organizing committee.

In opening the meeting Ford said, "As a businessman I am confronted almost daily with urgent appeals for contributions and for leadership in worthy health and welfare projects. I

believe these essential services deserve our full support but I also believe the growing multiplicity of appeals make it imperative that a more orderly and businesslike method of financing must be devised."

Pointing to the successful War Fund drives, Ford added: "Good budget practice results in the distribution of funds on the basis of need. Unhappily today, without adequate budgetary control, available funds do not always reach the points of greatest need."

Ben Young, vice-president of the National Bank of Detroit, as chairman of the meeting, told the group that Detroit last year had 52 different appeals and the typical Michigan community had 11 national agency appeals in the past year in addition to the Community Chest.

"The result," he said of the condition, "is confusion, annoyance and duplication of effort. Leaders have become over-burdened and over-fired. Worthy causes have suffered."

### Hope to Tunnel Under Property

The storm water outlet from the Vendome area to the lake will have to run through the property of Mrs. Henry B. Joy on Lake Shore drive. To save her property from the disfigurement of open trench work during construction, Engineer Murray Smith recommended to the Farms Board of Trustees Monday night that he be granted an allotment of \$200 to put down test borings to determine the character of the soil for its adaptability for tunnel work. If it is found to be of sand, tunnels will not be feasible. Clay will permit tunnel construction. The council granted the request.

### Corner Repairs Farms' Expense

The sidewalk repair and relaying program now underway in the Farms will call for the treatment of a considerable lineal measurement of sidewalk which will not lie directly in front of abutting properties. This includes all corners. Provisions for this work was not made in the budget and Engineer Smith recommended to the council Monday night that this work be done directly by the village and the cost charged back to the appropriations for curbing work. Council approved the recommendation.

Mr. Smith reported that a considerable amount of sidewalk work is now under way. This is at the expense of the adjoining property owners.

**LIGHTER VANISHES**  
A cigarette lighter was stolen on July 22 from a Ford owned by William Boyer of 414 Madison road, while the car was parked in front of his house. The Farms police are investigating.

### Police Acquire Lethal Weapon

Carl Clark of 724 Washington road brought a bowie knife in a sheath into the City police station on July 16. He had found it in the basement of his home. He didn't know where it came from and did not wish to be burdened with the possession of such a lethal weapon.

The police's private explanation of the weapon was that it was one that son-in-law Bob Lubeck had used in carving his way through shoals of apaches while in camp in Alabama and had discarded along with his other impediments when he returned from the war.

### Parole Violator Sentenced Again

Two weeks of freedom from the Boys' Vocational School at East Lansing proved too much for Danny Grifford, 16, of 225 1/2 Oak street. He violated his parole and has been sent back to serve 1 1/2 to 11 more months.

Young Grifford confessed to stealing \$23 in cash from the purse of Mrs. Parker Mason, of 263 Moran road, while he was taking refuge in her house from a storm on July 12.

Judge Baxter of the Juvenile Division of Probate Court, who heard the case, sent Danny back to the school on Friday, July 18.

### Windows Broken At High School

Farms Police Sgt. Elmer Labadie is investigating a breaking and entering at the Industrial Arts Building on the High School campus, which is believed to have taken place sometime Sunday.

Windows were broken in both doors leading into the machine shop and entrance was gained to the library downstairs. It is not known whether anything was taken.

### Wallet Missing After Slugging

Arthur J. Collins, 50, of 556 Newport, Detroit, told Farms police a man about 25 years old slugged him as he was getting into his car, parked in front of 18650 Mack avenue, shortly after midnight on July 20.

Collins said he thought the man took his wallet after hitting him, as he missed it later. It contained \$2.00, personal cards and his checkbook, he said.

### Accident Causers Pay Up in Court

Judge Joseph Belanger disposed of the following cases in Park Traffic court on July 23: Clarence Hatch, 8545 Lincoln drive, Huntington Woods, for driving into traffic at Cadieux and Charlevoix on July 13, causing accident. Fined \$15 and \$5 costs.

Robert J. Koebel, 26 Hawthorne, G. P. Shores, for speeding 35 m.p.h. on St. Paul on July 6, causing accident. Fined \$10 and \$5 costs.

Arthur R. Frank of 2103 Harding, Detroit for making left turn of Jefferson on July 11, causing accident; \$5 and \$5.

Lydia F. Lawlors, 15455 Eastlawn, for driving into moving traffic on July 6 at Cadieux, causing accident; \$5 costs only.

Roman J. Broughton of 1381 Brys drive, for failing to stop at St. Paul on July 6, causing an accident. \$35 fine and \$6.10 costs.

### Reckless Drivers Heard in Court

At the last session of Grosse Pointe City police court on July 14 Judge Joseph P. Uvick disposed of the following cases:

James D. La Foret of 2240 W. Grand Boulevard, charged with reckless driving, was found not guilty and discharged.

Donald P. Murphy, of 22501 Benjamin street, Detroit, for speeding 45 m.p.h. was fined \$20 and \$5 costs.

Vincent Prizvalle, of 4167 Bishop, for reckless driving paid \$20 fine and \$5 costs.

The case of Harold T. Beattie, of 840 Grand Marais, charged with reckless driving was held under advisement for two weeks.

### Cyclist Injured In Parking Lot

Master Melvin Reno, aged 12, of 722 Notre Dame, drove his bike through the Kroger parking lot on Kercheval last Friday afternoon and did a rather complete job of personal injury, to himself.

His bicycle struck a car driven by A. F. Brandt of 363 St. Clair and in addition to bashing in the front of his bike, he broke a tooth, sprained his left leg and bruised his nose.

### Patrols Seeking Reckless Pilots

Patrol planes from the Michigan Department of Aeronautics started last week to be on the lookout for violators of safe flying rules and regulations as part of the Michigan Air Safety Program, Col. Floyd E. Evans, Director, announced.

The pilots of the state owned patrol planes have been instructed to watch for planes flying low or buzzing, follow the violators to their destination and obtain their names for prosecution.

The action, according to Evans, has resulted from the increased number of aircraft accidents and violation reports this summer caused primarily from reckless and careless flying on weekends.

The Michigan Rules and Regulations specify that safe altitudes for flying are to be not less than 500 feet including both over

water and land areas and violators are subject to prosecution, Evans stated.

### Two Mysterious Callers Reported on Provençal

Mysterious early morning callers at the home of Mrs. W. B. Crouse, 268 Provençal, were reported to Farms police on July 20.

A car containing two boys drove into the driveway at 4 a.m. following which the front screen door was opened, then slammed shut. The car then drove away. No description of the car was obtained.

OIL NOT NEITHER WILL YE SPIN
Cars should be used—not abused. Well lubricated cars give better and far more economical performance... without such attention any car is headed for trouble and costly repairs.
GREASE 'EM RIGHT AND THEY RUN RIGHT
Approximately twenty-six (26) different types and grades of lubricants are required to service the different makes and models of cars produced in the last few years... For instance, there is a special oil for rubber connections such as shock links and spring hangers, special spring oil which will not congeal, special greases for waterpumps and wheel bearings... every lubricating point must be given its prescribed treatment... the fittings wiped clean before and after lubrication. All of these things we do with exacting care... That's the Boyd treatment which owners appreciate, yet it costs no more than an ordinary grease job.

GENERAL KENNEY

General Kenney was a pilot in World War I and Chief of the Pacific Air Command in World War II.

General Douglas MacArthur said, in describing him during the Pacific War: "General Kenney is unquestionably one of the best qualified air officers in the world today."

At the same time he was being called "a soldier's General" by "his kids", the officers and enlisted men of his command whose admiration and respect he won immediately.

A third appraisal was that of "a most unorthodox Commander," a title of acclaim accorded him by appreciative correspondents and military analysts attached to his headquarters.

In those three estimates lie the qualities and characteristics that raised General Kenney from a First Lieutenant to a Four-Star General in the years between the first and close of the second world conflicts. They embody his dynamic energy, his imaginative yet efficient approach to baffling problems, and his ability to inspire his men. These, coupled with his professional knowledge gained as a pilot and engineer expert, produced the "unorthodox" tactics which turned the

### Ambitious Veterans Attend Institute in High School

By DON CHUBA  
Grosse Pointe High School Journalism Student  
The desire of veterans to take advantage of the G. I. Bill of Rights by continuing their education has resulted in an amazing go-to-school movement throughout our land.

Grosse Pointe's part in this movement is fostered by the Grosse Pointe High School Veterans' Institute under the direction of Mr. Vincent L. Peterson, field counselor.

The Grosse Pointe Board of Education, co-operating with the Veterans' Administration and the State Department of Public Instruction, organized the Veterans' Institute to enable former G. I.'s in this vicinity to complete their high school education and, in many cases, go on to college.

The first session of classes under the Institute opened October 7, 1946, and closed June 13, 1947. During this time an approximate enrollment of 146 veterans was handled.

Any veteran eligible under the G. I. Bill of Rights, Public Law

### Caspar Lingeman Taken by Death

Caspar J. Lingeman, Wayne County Clerk since 1936, died in his sleep Sunday morning in his home at 858 Lake Shore road. Death was attributed to a heart attack. He was 59 years old.

Mr. Lingeman had apparently been in good health Saturday, having worked about his property. His brother, Cyril, and his sisters, Bernice and Vera, noticed that he was having trouble breathing at about 9 a. m. Sunday. His physician said he died without waking. He had suffered from a heart ailment for several months.

The rites of the last sacrament were administered by the Rev. Richard Parrish of St. Paul's Church. Funeral services were held in Verheyden's Funeral Home on Mack avenue at 9:15 a. m. Wednesday and in St. Paul's Church at 10 a. m. Burial was in Mt. Elliott Cemetery.

Born in Detroit Nov. 16, 1887, Mr. Lingeman was forced to leave school at the age of 15 and take charge of an umbrella business founded by his grandfather. He entered the real estate business in 1915. He was elected to the State Legislature in 1934 and two years later started his first term as county clerk.

### Joseph Bracken Fatally Stricken

Joseph R. Bracken, 54, of 315 Moross road died following a heart attack on July 18. Farms police rushed an inhalator to his home, but efforts to revive him were unsuccessful. He had been in ill health for some time. Mr. Bracken was vice-president of the Grant Advertising Agency and was well known in Detroit. He was born in Philadelphia and was an outstanding fighter pilot in World War I, being credited with bringing down a number of German planes.

Survivors include his wife, Jeanne, three sons, Joseph Jr., John and Richard; his mother, Mrs. Mary Bracken of Chestnut Hill, Pa.; two sisters and five brothers.

### Pals Celebrate 16th Birthdays

In identical summer dresses, Nancy Voorhees and Joyce Wiek celebrated their sixteenth birthdays together on July 23. They were given a luncheon by their mothers, followed in the evening by dinner at the Hawthorne House and movies with a few of their friends.

Among the luncheon guests were, Jeanne Smith, Joan Rollings, Kathy Greig, Margo Gessler, Peggy Dickens, Nancy Doherty, Alice Savage, Jan Walker, Martha Watkins, Mary Stover, Gerry Jacobson, Sharon Ericson and Joan Van Becelaere.

At the Hawthorne House party were Nancy and Jim Goebel, Joyce and Clarence O'Dell, and Martha Watkins and Dick Lord.

Many U. S. Government Life Insurance policies held by World War I veterans list the names of deceased beneficiaries and should be revised to include new or contingent beneficiaries, according to the Veterans Administration.

All G. I. insurance policies provide for the waiver of premium payments during the continuous total disability of the insured veterans for six consecutive months or more, Veterans Administration said.

Fred Curle, 3911 Bewick, Detroit, was ticketed by Park police July 13 for driving into moving traffic after his car collided with one driven by Clarence Hatch, Jr., of Huntington Woods at Cadieux and Charlevoix.

WELL, HERE WE ALL ARE, INCLUDING YOUR little friend, Maggy the Model, lounging around in Southampton. It's really the Young Timer's Newport this season and I must say it's living up to its reputation for having the smartest strip teasers in the Social Register draping themselves along the bench.

I know it seemed for a few wartime seasons that Newport was in for a second blooming—what with the Navy sending . . . all those stalwart sailors through the Newport Training Station—but now ole rockin' chair has them there decorative dowagers again and it's been mothballed by the debutantes and young matrons seeing the diamond clip joints to have fun in the sun.

Casual but Never Careless is more or less the motto in both moods and modes here at Southampton. Most of the parties are informal and most of the clothes are cottons. And by cottons, pet, I mean the word to stretch to include Cinderella-gait dotted swisses and organdies for parties at the club—all so girlish and simple you know they are priceless. In fact, this whole place is bubbling over with what the boys call "sweet girls"—gnashing their teeth.

With the Big Word flying from New York in every fall fashion forecast in my mail, it does seem as if the gals here are having their last fling in Short Shorts along the beach. We saw the dashing Babette Hutton yesterday in above-the-knee white tennis shorts—and a seven-strand necklace of pearls. Pearls, in fact, are all over the place both day and evening. One explanation for their very smart revival, they tell me, is that the cultured pearl industry—which practically vanished during the war years—is again going big in Japan and the far Orient. And did you know, pet, that there's really just one way to tell Orientals from Occidentals? Mara Staff told me (and what a jewel connoisseur that girl is) that most experts maintain that 'Real Pearls Tinkle

with the music of the seas: Very poetic idea, but not too practical to ask your friends to take off their pearls and let you listen to them.

It's really interesting how names make news around here—and everywhere. Since the Princess Elizabeth's engagement has been announced, every cable brings news of what she's wearing and from where we sit at Southampton, it looks as if her clothes are going to outglamour our native glamour gals. Take the daffodil yellow dress with the wrap of platinum fox that she wore the other day to the International Horse Show. Everyone has suddenly discovered what a young and flattering color pale yellow can be on blondes.

The Princess isn't the only member of royalty whose clothes are keeping the cables hopping. All Londoners have finally settled on the Duchess of Kent as the best-dressed-woman in England. Of course, as the former Princess Marina of Greece she was always rated a beauty of dark enchantment. After the wartime death of the Duke, she went into retirement. Now that she's again in the public eye and rumored to be courted by none other than Noel Coward—the fashion scribes are out to shed their last drop of ink to flatter the devastating Duchess.

She's already ordered her fall wardrobe—most of the gowns and ensembles from Molyneux and the furs from the collection of Bianca Mosca. Among the Molyneux models, the Duchess has ordered a maroon-and-white hound's tooth checked ensemble for those week-ends of shooting up in Scotland. Among the models for the London season (which will really be SOME-

THING this gale year), the Duchess has ordered an ankle length mink coat with a roll collar and ballooning sleeves. But the prize that we prefer is her little ermine dolman—a loose jacket effect with a sunburst of ermine tails at the throat and down the front—its prize point being that the ermine is lined in squirrel to make it cozy. Ermine has always been one of the coldest furs we've worn in northern climates—and we can't help admiring the Duchess for combining comfort with chic in that squirrel lining.

Well, Mary, you can see that even when a clothes horse is let out to pasture on a holiday here, she can't help but have her old nose for clothes, just the way you haunt that little hole of a Drama Bookshop to come up with some London paperbacks. I guess maybe a vacation is just a change of scenery more than a change of mind. I mean Kitty Fair can't seem to understand why I don't just settle for some rich prince here and be able to buy the models instead of wearing them. I mean the other night a high-blood-pressure old boy was trying to high pressure me into matrimony by pleading that his money would at least be a "convenience." His own word—and rather a sweet understatement,

don't you think. His practical proposal was under the swooning Southampton moon—but unfortunately in the brutal sunlight the next morning I just couldn't reconcile myself to those double chins and double stomachs. At luncheon, he brought the matter up again and I said:—

"Aside from the 'convenience,' why should I marry you?"

"Oh—come on—just for the devil of it," he said.

"Look," I told him, "I know one model who got married just for the devil of it—and she got him!"

Love and kisses, etc.

### A WORD FROM THE WISE

This seems to be a Summer of special week-ends . . . The great and long-to-be-remembered Indian week-end just a few weeks ago . . .

And this week-end . . . it's Circus week-end . . . With the attractive John Ringling North . . . the gentleman of the Moment . . .

Houseguest of the T. D. Buhs . . . Sir John will find himself in on a three-ring whirl of parties . . . all in his own honor . . . when he arrives in the Pointe Friday . . .

### THE POPULAR MR. N.

Dr. and Mrs. John B. Hartzell of Ridga road have asked guests for a dinner to compliment Mr. N. Saturday evening . . . And the Carsten Tiedemans . . . have planned a steak roast for next Tuesday evening . . . In the gardens of the Pointe home . . .

### RORICKS ARRIVE FROM TOLEDO

Joining the Hartzell's party later on Saturday evening . . . will be the week-end guests of Dr. and Mrs. J. Stewart Hudson. They include: Mr. and Mrs. Marvin Rorick of Toledo . . . and their sons, Bob and Marvin Jr. The Hudsons will give a dinner party Saturday evening in their home on Lothrop road for their guests . . .

### ROUND OF WEEK-END PARTIES

On Sunday . . . Mr. and Mrs. W. Dean Robinson have asked friends to their Provincial road home to greet the Toledo guests. At a cocktail party . . . To be followed by the dinner which Mr. and Mrs. Gari M. Stroh of Edgemont road are giving . . .

### A MESSAGE TO DEBUTANTES

According to the social calendar . . . the deb season has taken a turn for the quiet . . . And now that debuts are The Thing again since we're so beautifully launched into the Peace . . . We are going to wonder in print again . . . Why the lovely young buds of each season, during their particular "year" . . . Don't sponsor a great charity ball of some kind . . . strictly sponsored by the debbs . . .

### GOOD PUBLIC RELATIONS

There are so many good things to be accomplished in such an event . . . First, its good public relations for the darlings of society to remind the great reading public (who are inclined to think they're a frivolous lot who wear mink capes over their mink coats to keep the coats clean—according to Harvey Stone—) . . . Know they are aware that young women destined to occupy important positions in the community . . . are young women who are mindful of the serious side, the needs of the community . . . Any season of debbs interested in remembering things of this kind . . . will find us a willing helper to make their charity ball a success . . . we'll draw up all the plans we can think of . . . and present it to them with love and kisses . . .

### A MESSAGE FOR THE STAGLINE

We're going to wonder in print, too . . . What became of the Bachelors' Ball . . . and isn't it high time the young men of the stagline revived it? . . . Funny . . . just the other evening we said "hello" to New York to the bachelor who was largely responsible for reviving this gracious custom in Detroit several years before the war . . . We mean Jack Stember . . . Who along with Charlie Creedon . . . Tom Golibart . . . Ott Selph . . . Al Glancy . . . Bob and Ed Evans . . . etc. . . Really wine and dined the debbs of the season at an elegant ball in one of the town's larger ballrooms . . . Maybe some of those former day bachelors should take the present young stagline off to a corner . . . and tell them what a delightful way this is of repaying the debbies' mamas and papas . . . and their daughters for a round of good times . . . We hope these few words of our reach Miss Sara Burham in her Summer fastness . . . And that she, too, will agree her social calendar would be nicely brightened by these two parties for young people . . .

## Marjorie Booth Wed To Victor C. Koch

Wedding in Christ Church Cranbrook Unites Pointe and Bloomfield Hills Families; Couple Honeymooning in Northwest

A wedding uniting Grosse Pointe and Bloomfield Hills families took place on Saturday afternoon, when Marjorie Booth became the bride of Victor Charles Koch, son of Mr. and Mrs. Victor Koch of Cloverly road. The bride is the daughter of Mr. and Mrs. Warren Scripps Booth of Bloomfield Hills. The Rev. Charles H. Cadigan performed the ceremony in Christ Church Cranbrook at 5 p.m.

Marjorie's gown was of ivory silk satin and net, the bodice fashioned with a deep yoke of the net applied with satin roses. The full skirt had broad panels of the net, likewise applied.

A fitted cap fastened the bride's white illusion veil, which swept into a long train. Marjorie carried an arm bouquet of white roses.

Sali Booth attended her sister as maid of honor. She wore a pale yellow marquisette dress with a pleated, off-the-shoulder bertha. In her hair, Sali fastened a wreath of yellow daisies twined with yellow velvet. She carried an arm bouquet of pale yellow daisies.

## Luncheon Given For Betty Pratt

Mrs. Mary Shields Ambrose and Mrs. Wilma Shields Pratt, 582 Neff road, were co-hostesses at a dessert luncheon and "Bed Room" shower on Tuesday afternoon July 22, honoring Miss Betty Pratt, daughter of Mr. and Mrs. Glenn M. Pratt, 258 Merrivether road, who will become the bride of Fred W. Beltz Saturday afternoon July 26.

Since blue is the favorite color of the bride-to-be, blue predominated in the decorations, combined with white. A linen tablecloth covered the dining table, centered by a bowl of garden flowers, with ceramic candleholders on each side. (These were the gift of Mrs. Shields to the bride couple). Ceramic flowered place holders held the name cards of each guest. A large cake was placed at each end of the table, each topped with a blue bed. A satin clothed bride doll was on one, and a bridegroom dressed in satin pajamas graced the other.

During the afternoon a scrap book was made, depicting the various ages and events of the bride and groom; and each guest wrote words of advice and wisdom in an autograph album, which, if she heeds, the bride will become a model wife. The climax of the afternoon was reached with the opening of the beribboned gifts. These had been placed before the living room fireplace, centered by two varied sized hat boxes draped with light blue tulle veiling, tied with satin ribbon and topped with a blue flowered corsage.

Guests invited to the dessert luncheon and shower were Mrs. Glen M. Pratt, mother of the bride-to-be; Mrs. Fred W. Beltz, mother of the bridegroom-to-be; Mrs. Jesse W. Shields, mother of the hostess; Mrs. Edwin M. Pratt, Mrs. Leon Jacobi, Mrs. Dr. Mead, Mrs. Ralph Netting, Mrs. William G. Wahl, Mrs. R. L. Hart, Mrs. H. R. Hector.

Other guests were Miss Sarah Kanter, Miss Mary E. Stewart, Mrs. Cameron Kiskadden, Miss Betty Wahl, Miss Barbara Hart, Mrs. William Carleton, and Miss Jean Neff. Others were Miss Edith Walther, Miss Bonnie Rink, Miss Margaret Downing, Miss Harriet Gelhaar, Miss Ray Knight, Mrs. Robert Pratt, and Mrs. A. C. Dannecker.

William Beresford III. Ushers will be Thomas Hatcher, Russel Nutter, Herbert Lester and Charles Fletcher Jr.

shall Hardy of Louisville, Ky.; Daulton Mann Jr. of New York, Carew Martindale of Lansing, Lou A. Maxon, Hugh Mulkey, Joseph Lackey, Stanley Day, Alger Sheldon Jr., Wendover Holzworth and the bridegroom's brother, Robert Tucker Koch.

The wedding reception was held at the bride's home in Martell drive, Bloomfield Hills. Mrs. Booth received in a floor-length gown of peacock blue chiffon trimmed with matching lace. Her halo headpiece was of brown lace trimmed with peacock blue and yellow butterfly orchids.

Mrs. Koch, mother of the bridegroom, wore a frock of pink lace and a pink maline hat trimmed with matching ostrich feathers. Her corsage was of white orchids.

When the new Mr. and Mrs. Koch left on a wedding trip to Banff, Lake Louise and the Malibu Club, Marjorie was wearing a silk suit printed in black and white on a lime background, black accessories and a rubrum lily corsage.

They'll live in Charlottesville, Va., while Victor continues his studies.

## Wilkinsons Heed Lure to Travel

The lure to travel has focussed its attention on the A. D. Wilkinson family of University place this summer.

Their son-in-law and daughter, Mr. and Mrs. Guerin Todd Jr. with their children Ricky and Mary Virginia, arrived from their home in Eatontown, N. J. over the weekend and will be here all week. Mary Virginia will stay with her grandparents while her mother and father and Ricky go on up to Muskoka for a visit with the Whitcombs.

The Lake Placid Club and the tennis matches in the East are on the program for Mrs. Wilkinson and Larry in August, with stops planned at the Longwood Cricket Club, at Brookline, and Forest Hills. Larry will go straight on to New Haven where he will resume his studies at Yale, and Mrs. Wilkinson plans to be back in the Pointe sometime in September.

## Weather Shifts Party Indoors

Pointers are true natives—for when local weather did a typical erratic somersault Saturday, members of the Yacht Club calmly moved their annual Splash Party indoors and had a delightful evening.

Entertaining parties in the Club's spacious dining room were Mr. Frederick Carey, the Navarre G. Bennetts, the Alvin Taylors, Dr. and Mrs. Harold E. Cross, Mr. and Mrs. Paul Marco and the Henry Hopkes Jr.

Others in the dining room who minded not at all that the cold smorgasbord had been replaced by steaming lobster and roast beef were the Eugene T. O'Keefe and Dr. and Mrs. Eldon C. Baumgarten, Mr. and Mrs. Curtis T. Ziegler, Mr. and Mrs. Leigh B. Middleditch, and the William J. Heils also attended the party.

Enjoying dancing after dinner were Commodore and Mrs. C. B. Thomas and Commodore and Mrs. Robert P. Scherer. On the dance floor at the same time were Mr. and Mrs. Fleming Johnson, Dr. and Mrs. L. F. Rahm and the Alphonse DePaepes.

## Pre-Nuptial Parties Feting Brides-Elect

Peggy Kirchner and Howard Keating, Jr., Bette Cowan and David Keena Being Honored Prior to Late Summer Weddings

The spectacular growth of the Pointe wedding calendar can mean only one thing—more parties in honor of the lovely brides-elect. Peggy Kirchner, who will marry Howard T. Keating Jr. Sept. 6, is already in the midst of a whirl of parties and showers. Mrs. Walter Bauman's tea and crystal shower at her Chicago boulevard home was the first of Peggy's pre-nuptial events.

Also in the past tense is the luncheon and hostery shower given by Mrs. Robert Powell at her summer home in Riverside drive, Windsor. Mary Ann Martz, daughter of Mr. and Mrs. Arthur F. Martz of Balfour road, was hostess at a buffet supper and personal shower honoring Peggy yesterday.

Yet to come is Jacqueline Sulliburk's luncheon set for Aug 2 at the Detroit Golf Club. Jacqueline will attend Peggy in the wedding party. Aug 6 is the date of Mrs. Timothy Cruice's luncheon in her Ward avenue home.

Mrs. Frank Murphy will entertain at cocktails Aug 16 in honor of Peggy and Howard, and Margaret Dillon is planning a luncheon and swimming party for Aug. 23 at the Grosse Pointe Yacht Club.

Mrs. Robert Faught will entertain at a tea Aug. 24 at her mother's home on Chicago boulevard and the spinster dinner is slated for Sept. 2 with Mrs. Howard Klein, Peggy's sister and matron of honor, hosting the event.

Jacqueline Chisholm and Mrs. William Petbold, another bridesmaid, will also honor Peggy but dates and places are not yet decided.

Pre-nuptial parties for Bette

Cowan, daughter of Mr. and Mrs. Jack F. Cowan of McMillan road, who will become the bride of David Kenna Aug 26, are also in full swing.

## Classmates Planning Whirl For Visitor From Southland

Corinne Clements and Barbara Gardella, who attended the Barmore School in New York, are busy making gala plans for the arrival of their roommate, Ann Bruce Mauldin of Rock Hill, S. C., who arrives on Saturday July 26. Ann will stay at the Clements home on Bedford Road.

Saturday afternoon Barbara will give a cocktail party for her and two of her houseguests, Gloria and Mary Ryan, who will return to their Chicago home on Sunday.

Barbara will also be hostess Saturday night at the dinner dance at the Grosse Pointe Yacht Club. She has invited a party of 30.

Sunday Mrs. John Schaffer will honor Miss Mauldin at a breakfast in her home for 20 guests. Monday the girls will take Ann to see Cranbrook School, have lunch at the home of Jane Echenrode and then go on for a tour of Greenfield Village.

Monday night the trio will go to the Shubert-Lafayette. Tuesday they go to Canada for a splash party and dinner at the Beach Grove Country Club. Wednesday Carol Boyne, also a Barmore girl, will entertain for Ann at a luncheon at the Pine Lake Country Club.

Mary Jo Tall, another classmate, will be hostess on Thurs-

day at a bridge-luncheon in her home on Neff road. This event will also honor another out-of-town guest, Ethyl Leete.

Mrs. John Lilly has planned a splash party and luncheon at the Detroit Boat Club on Friday. A boat trip to the Old Club is planned for Saturday and if there is time the girls will take in a twilight baseball game and the auto races before Ann Bruce leaves on Sunday for her home.

### PERSONAL APPEARANCES

The attractive and well mannered STOEPEL girls made very good copy when seen in prints recently—HELEN in aquamarine and black and SUZIE in yellow and black—the adorable MOUCHE—their miniature French poodle added the proper accent in her naturally curly black coat.

MRS. JAMES PHELAN, JR. looked very sveite and smart in a navy and white print when seen in the village recently. Her matching gold pin and earrings set with sapphires and diamonds gave a proper fillip and are stunning.

MRS. JOSEPH NEEBE is wearing a most becoming white straw sailor with a trim of navy blue ribbon, standing on one side like a small tree—the description is most inadequate but the hat is not—worn with a navy faille suit the result is tres chic.

### PILFERINGS

An ultra smart progressive school in New York rejected a prospective young student, aged five, and sent the mother an explanation: "Very sweet little girl but not sophisticated enough."

The latest information on ladies bathing suits is that they are now being made out of gantron. This is a fabric that was developed during the war and used by the air forces. Gantron colors are 10 times more brilliant than ordinary cloth colors, and when a flyer wore gantron he had that much better chance of being spotted and picked up if he crashed. It is estimated that a girl wearing a gantron suit can be seen up to two miles away on a sunny day. However, there is no official estimate on her chances of being picked up.

There is a story of a columnist in Rome who once described a countess as "that cow." The countess brought suit for libel and won. The damages were assessed at \$500. . . the columnist paid and then asked the judge: "Since it is now clear that I may not call a countess a cow, would it be all right for me to call a cow a countess?" The judge assured him that this would not be libelous. . . "Okay, then," said the columnist, turning to the plaintiff and addressed her: "Hello, Countess."

Ely Culbertson, the bridge champ, was in the Stork Club with Irina Baranova, the ballerina, and asked her to dance. When the dance was over Culbertson told the ballerina: "I know exactly how you feel—because after all, some of the worst players in the world often ask to play bridge with me."

## Pointer of Interest

MRS. AGNES N. LINDEMANN OF WASHINGTON ROAD

By OLIVE H. HENRY

—Picture by Fred Rannels

The hand painting of china was an art in which most of the young ladies of leisure indulged some years ago. As a result, many of them turned to serious painting and some were recognized as real artists, as was Mrs. Lindemann. She still uses a complete dinner set, the pretty decoration of which is the result of many hours of loving labor with a paint brush.

About ten years ago a friend interested her in studying with Paul Honore and she spent two years under his able direction. This was followed by four years study with the well known portrait painter Iris Miller, and later with Carlos Lopez, Sarkis Sarkisian and Francis D'Erdery.

Mrs. Lindemann worked in oil until the past four years, when she took up work in water colors and lithography as an "escape" from oil, but as she says, oil painting is her first and preferred love as a medium. She finds that painting in water colors demands great accuracy and provides good training in contrast to oil which allows such freedom and liberty. She has exhibited at the Scarab Club Water Color Show for two years and for three years at the Michigan Water Color Show. The latter show is being held at Alger Museum until July 27.

Mrs. Lindemann first exhibited at the Neighborhood Club where shows were held yearly. Nine years ago the first shown was held at Alger Museum.

Mrs. Lindemann organized the Grosse Pointe Artists Association with about 25 members, and now the membership numbers 70. She served as president for the first two years of its existence. She has exhibited every year in their annual show and won prizes until the past few years when former winners have been excluded from exhibiting, in an effort to encourage newer artists.

The Agnes N. Lindemann prize was given this year for the first time and won by Mrs. Adena Wright at the Grosse Pointe Art-

ists Show, and is to be awarded annually. Mr. David Hamilton and Mrs. Lindemann received an equal number of ballots cast by the public for the best liked picture in this Show.

In 1945 and '46, Mrs. Lindemann served as president of the Detroit Society of Woman Painters and Sculptors and won the Esther Longyear Murphy prize in 1945. She has just been re-elected president of this organization.

For the past seven years she has exhibited at the Michigan Artists Shows every fall and has received recognition.

The Michigan State College Art Department put on a Show in 1946 in which Mrs. Lindemann exhibited. No awards were made at this Show. Last year, she also exhibited at the annual fall show held in the Richmond Art Institute. In 1942 the Pepsi-Cola company sponsored an exhibition at the Metropolitan Art Museum in New York and Mrs. Lindemann entered an oil which was sold at that time.

She is a member of the Detroit Artists Market and exhibits in their annual shows, the Michigan Academy of Arts and Sciences and has exhibited often in their spring Shows, held in Ann Arbor, the Metropolitan Art Association, the Art Committee of the Women's City Club and is listed in "Who's Who in American Art."

Mrs. Lindemann lectured for the Federation of Women's Clubs and the Palette and Brush Club on Art in connection with the proper hanging and arrangement

of paintings. She also lectured for the American Association of University Women and the Dearborn Women's Art Club. She taught a class at Alger House last year, which she found mutually beneficial, as she said that ideas were clarified and "one learns while teaching."

Mrs. Lindemann held a two-man Show at the Scarab Club last year and hopes in the future to have a one man Show. The versatility of her art is shown in the subjects and mediums with which she works. She paints conventional portraits, landscapes, still life, non objectives and abstracts. One of the most interesting of her conventional studies is a skating scene executed in a low key, the greys, browns and "off whites" having unusual charm. A striking oil portrait of her grand daughter, Dawn, is a modern conception which is very fitting for a debutante. The abstract is represented by a lovely blend in delicate pastel tones and to me, was one of the most appealing of Mrs. Lindemann's many excellent studies.

During the war Mrs. Lindemann was very active in the work of the American Woman's Voluntary Service and serves yearly in the work of the Needle work Guild. Mrs. Lindemann is a good representative of the old axiom—"the more one does; the better the accomplishment."

### HOUSEHOLD HINT

Color that has been changed by perspiration cannot be restored, particularly if the stain is an old one. You may be able to remove fresh perspiration stains if the color has not been affected. Get at them quickly, however. For washable fabrics, wash with warm water and mild soap. For non-washable, sponge with warm soap suds, then with clear, warm water.

## Junior League Scribblers' Column

**BOUQUETS TO PIONEER HOUSE**  
Here's what several authorities have to say about PIONEER HOUSE, our Junior League project. As a word of explanation—PIONEER HOUSE is a treatment home for badly disturbed children who are not able to adjust themselves to the usual institutions or foster homes.

"I sincerely feel that the establishment of PIONEER HOUSE marks a distinct step forward in the treatment of behavior problems. You and your staff and the Junior League certainly deserve the thanks (substantially expressed) of all good citizens." . . . STEPHEN H. CLINK, Judge of Probate, Muskegon, Michigan, one of the most active Juvenile Judges in the state, former president of the Juvenile Institute Commission, now active in the re-organization of state Juvenile Training schools.

"Your project for PIONEER HOUSE sounds to me just about ideal. I wish you the best of luck with it." . . . DR. FLORENCE CLOTHIER, consulting psychiatrist for one of the most famous children's institutions in the country, "The New England Home for Little Wanderers."

"In developing a treatment

home for a group of young, severely disturbed children, you are developing a facility which has long been recognized as an absolute essential in any comprehensive community child-care planning." . . . GUNNAR DYB-WAD, supervisor of the Michigan Department of Social Welfare.

"It is not unreasonable to expect that some day other cities throughout the country will be following the fine example you are setting." . . . JUDGE PAUL W. ALEXANDER, well known Juvenile Court Judge, Toledo, Ohio.

"It is pushing back a frontier which our society has been slow to move and I am delighted that Detroit has taken this step under such competent leadership and highly favorable auspices. Detroit may well be in the position of providing leadership to the entire country as a result of this venture." . . . DR. LEONARD W.

MAYO, Dean of the School of Applied Social Sciences, Western Reserve University, Cleveland, Ohio.

"It will give Detroit and the rest of the country an important demonstration of delinquency-fighting. We desperately need to learn how to help delinquent youngsters, and I believe you can show us the way. I wish more intelligent citizens would team up with experts like yourself all over the country to solve this deep-seated problem of our society." . . . DR. ROBERT J. HAVIGHIRST, former Director of the Education Board of the Rockefeller Foundation, present Director of the Department on Human Development at the University of Chicago.

"PIONEER HOUSE is able to do what no foster home and no institution could possibly do. I believe that you are going to be able not only to work with your 10 boys but to contribute immeasurably to the body of knowledge on behavior problems." . . . MRS. C. H. L. PENNOCK, Executive Secretary of the Association of Junior Leagues of America, Inc., New York.

## Pointers Donate Famous Painting

The Detroit Institute of Arts announces the acquisition of a great painting by the famed Italian artist, Salvator Rosa (1615-1673). It is "Landscape with the Finding of Moses", the gift of Mr. and Mrs. Edgar B. Whitcomb, of 383 Lake Shore road.

It is a large painting, measuring 79 1/2 inches wide and 48 1/2 inches in height.

Edgar P. Richardson, director of the Detroit Institute of Arts, writes:

"Salvator Rosa is a central figure in the story of European landscape painting. Born in the little village of Arenella near Naples in 1615, he spent his youth painting the majestic scenery in the Bay of Naples, which reappears in this picture transposed into a plane of grandly imaginative and dramatic poetry.

"In his youth he wandered through the wild scenery of the south of Italy, living for a time, it is said, among bandits. He brought into Italian painting a love of the wild, dramatic and grandiose aspects of nature which make him a precursor of romantic landscape painting.

"In 1649 he moved to Rome where his paintings of furious battle scenes or bandit-haunted and stormy landscapes were in strong contrast to the idyllic landscape of Claude Lorraine and the sober classical taste of Poussin. He had discovered a new aspect of nature and brought it to artistic expression.

"This painting is one of a pair of landscapes painted for Prince Colonna in the late 1660's, at the height of the artist's mature style. The two paintings were brought to England about 1800 and were separated in 1801 when this one was sold to the Duke of Buckingham. The other one of the pair, a "Landscape with Mercury and Woodmen", found its way in 1837 into the National Gallery, London.

"Our painting, passing through various private collections, was brought to America in the late 19th century. It now takes its place in our collection as one of the monuments of Baroque landscape painting and a masterpiece of Salvator Rosa's grandeur and decorative power."

The GROSSE POINTE HOME APPLIANCE COMPANY on

East Jefferson in the Whyte Oldsmobile Building, near Beaconsfield, invites you to come in and see what the General Motors Corporation has produced for you. A new FRIGIDAIRE AUTOMATIC WASHER that is tops. Here is a rare find—something that will do exactly as it is told. You can set the dial and the Frigidaire Washer automatically washes, rinses twice, spin dries, cleans itself out and shuts off—all in 30 minutes. But should you wish to lengthen, shorten, repeat or skip any operation you can do so by merely changing the dial setting. It's much easier than falling off a log, and certainly far pleasanter! Due to the automatic water control the wash water may be as hot as your water heater provides or limited to 100 degrees for finer laundering. Rinse water is always regulated to 100 degrees automatically. There are no screens or filters to clean or replace—there's a year warranty that covers the entire mechanism and when you consider that the Frigidaire and General Motors Engineering Research Department spent more than nine years in investigating, checking and testing every type of material and every design feature—you know that you can depend on this product. Not only that, but 100 experimental washers were built and placed in homes of all types, with families of all sizes. For five years these washers were in actual home use, and others were tested in the Frigidaire factory laundry where work clothes, towels, table linens and other pieces were washed. These have operated 16 hours a day for more than two years with great success. The entire washer, inside and out is finished in rust-proof life-time Porcelain so that if Junior draws "pitchers" they may easily be wiped off with a damp cloth. There's no "Oh, my aching back" with a Frigidaire Washer as it loads and unloads from the top, and you can add or remove clothes during the washing without stopping the mechanism. It is easily installed anywhere as it operates so smoothly it does not need to be bolted down and no rigid pipe connections are required, and the legs of the washer are adjustable so that the washer may be placed level, even if the floor is uneven. When the cover is closed, it will serve as a work table, so the Frigidaire Automatic Washer is always at your service, and the GROSSE POINTE HOME APPLIANCE COMPANY is the place to see for yourself how the Frigidaire Washer will work for you.

HAWTHORNE HOUSE is prepared to make summer meals a very simple and enjoyable part of your existence. Any food on their menu may be ordered to "take out"—including chicken, lobster or shrimp salads. Can you think of anything easier or more delectable for a hot night? Have you tasted their delectable homemade ice cream? There are seven slices in a quart for 75 cents. Their cream peppermint waters melt in your mouth and may be had in the following colors—pink, white, blue, yellow, and green. They certainly add the party touch to any gathering. Chickens, turkeys or any fowl may be roasted and hams baked for home consumption—some like 'em hot—some like 'em cold, but everybody likes all the food at HAWTHORNE HOUSE.

There's a new and different look in the fall fashions—definitely— if you had any idea of looking like one of the 10 Best Dressed in Grosse Pointe in that little number you picked up last year—this, again, my Pet—it just won't do—time was when last year's mode could scarcely be distinguished from this year's but not this time—and that of course is what makes the fashion world "music go round and round" and it doesn't put JACOBSON'S in the red either! The old narrow short skirt has blossomed into a full long skirt—what a blessing for the girls who always disliked Gable anyway—the old straight, short and simple skirt has a slim tapered look—the square shoulder has rounded and the football pads are "out"—the front wrapped, front drape has receded to the background and now we have a back-wrapped and draped "derriere"—awfully good cover up idea! The materials have a richness not seen for many years and the trend is lavish to say the least—fur borders—collars—or wherever fur trim is used will not make you pause to add the tax, as there is no fur tax on fur trimmed coats this year. There's good news fur you and fur me at JACOBSON'S in the fashions of the last word.

LEST YOU FORGET DEPARTMENT  
BLANCHE and CYRIL will be closed until August 4—when one operator will be at your service and on August 11 the entire staff will be ready to give you full attention.

News and Tom Boyd Nines To Meet at Kerby Diamond

Interest Centers on Game Which Was Washed Out by Rains on Tuesday, July 15; Championship May Be at Stake

Only two games were played in last week's Class E schedule of the Grosse Pointe Baseball League. Rain Tuesday washed out two games. One of them was to have been a classic battle between the undefeated leaders of the league, Grosse Pointe News and Tom Boyd.

In the games that were played Thursday Tom Boyd won another close triumph over Kiwanis, 3-2, and Harper Auto chalked up their first win of the second half of the split season by downing Grosse Pointe Valet 5-3.

Last week Tom Boyd had to go eight innings to beat Kiwanis 2-1 and on Thursday Boyd broke up a 2-2 deadlock in the last of the seventh. Ron Knope led off the seventh with a walk, the fifth of the game by Kiwanis pitcher, Ted Mumford.

Schoeck forced Knope at second and took second when second baseman Alex Bardy threw the ball away in trying for the double play. Marr then hit an easy roller to Huerec on third but the ball went by him into short left field, Schoeck taking third.

Shortstop Pete VanOsdol went out to field the ball but slipped and fell in picking it up. Schoeck raced home with the winning marker. Mumford tied up his own game in the initial half of the seventh with a triple down the left field line.

Harper Auto broke up a 1-1 tie in the fourth with a four-run rally to down Valet 5-3. Alfred Schultz doubled with the bases loaded to account for two of the runs and Hank Schrodt singled in the other two in that inning.

Dick Coppens collected two singles and a double in three times at bat for Harper. Schultz also connected with a single. Eddy and Peterson of Valet each hit safely twice for Valet.

Woods Holds Metropolitan League Lead

Farms Climbs into Second Place by Downing Park and City Last Week

The Farms climbed into second place in the Metropolitan Club League last week by virtue of two wins. Wednesday they swamped the Parks 11-1 and Saturday they captured a 4-2 win from the City, pushing that team down to third and climbing into second.

The Woods continued to pace the league with an 8-1 victory over the Shores Wednesday. All games scheduled for Friday were rained out. The game Saturday was a rescheduled game from July 4.

Bob Hafer gave up only five hits in Saturday's game against the City. Harry Edsall, who started for the City, gave up three hits and the four runs. Al Bryant, who relieved Edsall, held the Farms hitless and scoreless. Together Edsall and Bryant struck out 12 batters.

Lions Conquered In Woods League

The Lions were dropped from the undefeated ranks Thursday by the Cubs but still retained first place in the Grosse Pointe Woods Junior Baseball League.

The Cubs pulled from last place to a tie for second by virtue of their 13-5 triumph over the league leaders. Tuesday's game between the Bears and the Tigers was rained out.

The Cubs scored in every inning of the five inning game except the third. They had a big fourth inning in which they notched six runs. The game was called at the end of the fifth because of darkness. It was the first win for the Cubs.

In next week's schedule the Cubs and the Tigers, both tied for second place, will meet Tuesday and the Bears and Lions will tangle Thursday. All games are played at Mason School field at 6 p.m.

Standings W L T Pts. Lions 3 1 0 6. Cubs 1 2 1 6. Tigers 1 1 3 3. Bears 1 2 0 2.

Rain Washes Out Club Loop Tilts

DePerno Pitches Brilliant Game in Class B Contest

Downs Joe Morceri Nine With Three Hit Performance to Strengthen Hold on First Enjoyed by Gragg-Scherer

By JOE FROMM

Roy DePerno pitched a brilliant three-hit, 5-1 performance over Joe Morceri, Sunday, to strengthen Gragg-Scherer's hold on first place in Class B of the Grosse Pointe Baseball League. In the other games of the day, Grosse Pointe Woods Businessmen took a close 6-5 win over St. Claire CYO and Northeast Harper Merchants handed Bob's Drugs their eighth straight defeat, 5-3.

DePerno's win marked the third loss in the last four starts for the Morceri team. The one run scored by Morceri came in the second inning when two of the three hits came together. Ed Hahn led off the second with a triple to right center and scored on Jerry Gervais' sharp single to right.

The only other hit made by Morceri was a scratch single to the third baseman by Ben Sideran. Only 29 men faced DePerno in the nine innings. DePerno did not walk a man and struck out 15.

DePerno fanned every man in the Morceri lineup except Gervais. He sent Al Taylor and Larry Rancilio down on strikes three times each.

Ernie Roberts sparked the winner's offensive attack with four hits, three singles and a double, in four trips to the plate. He walked his first time up.

The game was featured by three beautiful catches by the outfield. Don Bott, of Joe Morceri, was robbed of two base hits on shoe string catches by leftfielder Andy DeLia and rightfielder Davey Martens. Al Taylor of Morceri cut off two runs in the first inning with another shoe string catch. With the bases loaded and one out Taylor made the catch and doubled the runner off first.

Grosse Pointe Woods Businessmen were out 10 to 7 but made use of their safeties to down St. Claire CYO 6-5. The Businessmen broke a 5-5 deadlock in the first of the ninth for the winning marker.

The winners opened the first inning with four big runs on a grand slam home run by Elmer Knope. Knope rifled a ball over the track fence in right center field at Grosse Pointe High School with the bases loaded.

The winning marker was scored in the ninth on a walk, an error and a base hit. Paul Cote, of the losers, collected three hits in five times at bat, one of them a double. St. Claire's pitcher, Len Faustyn, struck out 12 batters.

Northeast Harper Merchants won a close game over Bob's Drugs, 5-3, with Bob Delamieure's effective relief work for the deciding factor. Bob's Drugs got

to the Merchants starting pitcher for two runs in the fourth before Delamieure took over and held them while his teammates scored four runs.

Merchants took the lead in the sixth on a walk and successful doubles by Ray Bladgon and Bob Bolla. Half of the twelve hits made by both teams were doubles. This is explained by the fact that the game was played at Fenner Field. The left field line is a few paces behind third base.

Because Northeast Harper Merchants entered the league later than the rest of the teams it is necessary for them to play games on Saturday and week days. Saturday they are scheduled to play Grosse Pointe Woods Businessmen at 1:30 on Kerby Field.

Sunday two games will be played at Kerby Field. Joe Morceri and the Businessmen will meet at 1 and Gragg-Scherer and Bob's Drugs will play at 3:30. The Harper Merchants will play St. Clair CYO at Grosse Pointe High School at 2:00.

Standings W L Pct. Gragg-Scherer 3 1 .233. N. E. H. M. 2 1 .217. G. P. W. B. 2 1 .255. St. Claire CYO 4 1 .511. Joe Morceri 3 3 .500. Bob's Drugs 4 1 .500.

Results of July 27: Joe Morceri vs. G. P. W. B. at Kerby 1 p.m.; Gragg-Scherer vs. Bob's Drugs at Kerby 2:30; N. E. H. M. vs. St. Claire at G. P. H. 5:20.

Ford's "Royono" Fastest In Chicago-Mackinac Race

Royono III, a 72 foot yawl owned by J. B. Ford of Grosse Pointe, captured top honors Tuesday in the 340 mile Chicago to Mackinac race. The Royono, the scratch boat, crossed the finish line in 42 hours, 21 minutes, and 51 seconds.

Another boat, the Cara Mia in the division Class B finished more than three hours after Royono but a generous handicap gave her a corrected time of 39 hours, 5 minutes, and 46 seconds, three hours slower than Royono's.

The Grosse Pointe Yacht Club entry last year was also the first boat to cross the finish line but lost to Blitzen, a Detroit boat, on corrected time. Royono led the recent Port Huron to Mackinac race until the last nine hours and finished third.

Aug. 1 Deadline For GI Benefits

Although the time for reinstating lapsed National Service Life Insurance has been extended to next January 1, Veterans Administration today emphasized that August 1, 1947, still remains the deadline for applying for two other insurance benefits.

The first concerns veterans who may be entitled to waiver of premium payments because of total disability existing for six or more consecutive months. Waiver in such cases generally is made effective from the date the period of disability commenced, but not more than one year before VA's receipt of the insured's application for waiver.

If application is made by August 1, however, and entitlement to waiver is established, it may be effective from the beginning of the disability period as far back as August 1, 1941, and premiums paid while the insured was totally disabled will be refunded.

After next August 1, waiver of premiums paid more than a year from date of application will be granted only in special cases where it can be shown that the insured was unable to apply within the time limit.

The other deadline affects beneficiaries of deceased NSLI policy-holders who, prior to death either in service or after discharge, became eligible for waiver of premiums but never applied. Such beneficiaries may claim refund of waived premiums during the insured's total disability extending as far back as August 1, 1941, if application, with evidence of the insured's right to waiver, is made by August 1 of this year.

### Police Get Fido On Second Try

Park policemen picked up a stray dog at the home of Lee Corless, 1358 Grayton, July 9—but it took two trips to bring the canine into custody.

At 8:25 p. m., Corless called the police to say that he had picked up the dog outside his home. Patrolmen Kesteloot and Dilloway went out to get the

animal, only to find that Fido had escaped.

At 8:52, Corless called again. This time, he said, he had the beast tied up. Kesteloot and Dilloway, a little skeptical this time, went out again. Corless had managed to keep Fido in custody this time.

The dog was later turned over to his owner, H. Kleeman, 1264 Three-Mile.

### Cutter Presented To Sea Scouts

The Sea Scouts of Grosse Pointe, who are under the patronage of the Kiwanis Club, were the happy recipients of a Coast Guard cutter in ceremonies at the General Boat Works at 3 o'clock last Saturday afternoon, at the foot of St. Jean St., Detroit.

The Sea Scout organization in the Pointe is known as S. C. Ship No. 690.

The cutter is a 28 foot job and runs with sail or oars. It remains government property and is subject to the disposition of the Coast Guard. If not properly used it may be taken from the Scouts at the end of the year.

It is the practice of the Coast Guard service to lend these boats to the Sea Scouts, composed of boys over sixteen years, to encourage the study and practice of seamanship among the youth of the country.

### Building Boom Boosts Pranks

The unusual number of dwelling houses now under construction throughout the Pointe has opened up a new place of adventure for aggressive small boys.

With school out and hours for mischief multiplied, complaints are increasing at all the police stations of youngsters playing about these new buildings after the workmen have left. Their presence is a nuisance to the contractors and not relished by the home owners.

### Parkside Gets First Run

A poignant, dramatic moment between JENNIFER JONES and her benefactor, LILLIAN GISH, in the absorbing Technicolor epic, "Duel in the Sun," which the Parkside Theatre, East Warren at Dickerson, will give a 5-day showing beginning Friday, July 25. By agreement the Parkside and the Fox Theatre have first run in Detroit on this great picture.

The first multiple run in Detroit's motion picture history is scheduled for July 25th when "Duel in the Sun," David O. Selznick's \$6,000,000 super-western screen extravaganza opens a first showing at the Parkside and the downtown Fox theatres.

Jennifer Jones who plays the role of a tempestuous half-breed is the daughter of Mr. and Mrs. Phil Isley, now of Texas. She was christened Phyllis. Hers is a family in which "theatre" has always been as requisite as fresh air. Her father was director, star and operator of the Isley Stock Company which trouped the Old West.

Miss Jones attended Monte Cassino Junior College in Tulsa, a convent school which undoubtedly gave her valuable background for "Bernadette." Later, she studied at Northwestern University and the American Academy of Dramatic Arts, working between times in stock, radio, and a number of Broadway plays.

During the filming of "Duel in the Sun" Miss Jones more than Joseph Cotton live an outdoor

### Grass on Curbs Due for Mowing

Property owners who have been chafing at the grass-grown curbs in front of unimproved properties in the Farms will be pleased to learn that the additional power lawn mower ordered by the village last fall for spring delivery has just been received.

It has been badly needed and the citizens will be glad to welcome the early removal of the surplus hay.

### BIRTHDAY

The Michigan Department of Health, one of the pioneer organizations of its kind in the United States, will observe the 74th anniversary of its founding July 30. The fifth health board established in the country, it began work at a time when sanitary science was in its swaddling clothes, the germ theory of disease was struggling for recognition, and more people believed in spontaneous generation of disease than in living contagion. The work of Pasteur and Koch was just underway and patent medicines were huckstered from street corner platforms, to correct all the body's ailments.

How to Preserve Your Cut Roses

Recent experiments show that roses cut late in the afternoon keep longer than those cut in the early morning, the Michigan State College information service said this week.

Use a sharp knife and make a long slanting cut. A smooth cut surface allows the water to flow easily into the stem, according to Paul R. Krone, flower specialist at Michigan State. The slanted cut will keep the stem from being closed off if it is pressed against the bottom of the vase.

After cutting the roses, get them in water immediately. Remove the leaves from the lower part of the stems because they will decay in the water. Most of the water is taken in through the stem and the leaves will only promote the growth of bacteria which plug up the tubes so that the flowers will from lack of water.

Put the cut roses in a cool place—in the refrigerator if there is room—for several hours or overnight. This will help them keep longer.

Putting aspirin or quinine in the vase probably will not be of any help. However, certain commercial preparations will help to keep your roses fresh longer.

Immemorial Argument Disturbs Neighborhood

A resident at 863 Beaconsfield avenue was mightily disturbed by the yowling of a cat at the witching hour of midnight on July 16 and phoned the police. He gave the police station his opinion that the animal must be caught in a trap.

When the police officers arrived they found not one cat but two engaged in the immemorial argument not uncommon on the back fences of Grosse Pointe and points east and west. The officers dispersed the disputants and sweet silence reigned again.

North Carolina Ideal Spot To Spend Summer Vacation

By The Old AAA Traveler Vacationists by the thousands already are trooping into North Carolina, that fabulous "Land of the Sky" which ranks high among the country's summer playgrounds, and little wonder that visitors are garnering supreme thrills from their exploration. North Carolina packs an immense wallop, combining, as it does, rich history, superlative beauty, a climate like old wine, and a hospitality which appears to be typical of the South.

I'm just back from four thousand miles of prowling North Carolina with Bill Sharpe, chief of the state's Informational service, and certainly we found facets I'd not discovered in more than a quarter-century as a North Carolina fan. We explored the state from bleak Cape Hatteras and picturesque Manteo Island on the east to Cherokee, the all-Indian town on the western edge of the state. We climbed mountains, golfed on the country's greatest courses, rode through mile after mile of flower-bordered trails, swam in the salt water along the Atlantic, ate indescribably delicious southern foods—and I still have the perfume of honeysuckle in my nostrils.

Yes, North Carolina is terrific, no matter what your desire in vacation areas. Seek the historic—and you have it in great measure. Look for the beautiful—and you have vistas of laurel and rhododendron and flame azales, blue mountains and snowy beaches. If your bent is fishing—well, we hauled in 35-pound channel bass along the coast and found fighting trout in the mountain streams. Possibly you seek only rest and leisure—and you have that in the perfumed shade of spreading forests.

This year, our romantic Manteo Island, Paul Green's magnificent symphonic drama of "The Lost Colony" will resume after the shelving through the war years. That drama attracts thousands from far places, for it is the amazing story of Sir Walter Raleigh's colony of British which disappeared into thin air, leaving only the word "Croatan" cut into the bark of a tree. With that disappearing colony went Virginia Dare, first white child born in what now is the United States. Over in the edge of the Smokies is the Qualla Reservation on which live almost 3,000 cheerokees, colorful Indians who hold closely to their old rituals and who stage an unbroken pageant of color and interest for the visitor. Such picturesque individuals as Chief Cart Standingdeer, world's greatest archer, add materially to the lure of the Cherokee country, and certainly the visitor gets a great kick out of seeing the Cherokee mothers with paposes on their backs parading the streets. Head into the hills and visit with the friendly Indians and you'll eat their foods and hear the legends of that nation which had an alphabet and was circulating written messages when the whites came in almost two hundred years ago.

The Smokies, of course, provide one of this country's greatest attractions, and when you are in Cherokee you're in the edge of those towering peaks and expanses of natural beauty. The Smokies have a wider variety of trees and flowering plants than any like area in the world.

North Carolina is the ideal vacation objective for the Michiganian, for two easy days of drink take you into its wonders. Tack a North Carolina map on

the living room wall and hurl a dart at it. Wherever the dart lands is an ideal vacation spot, with everything the vacationist might want. See the great drama of "The Lost Colony" . . . fish in the Atlantic . . . follow the mountain trails . . . visit with the Indians . . . climb to Clingman's Dome and look over the great vista of beauty . . . rest beneath the ancient trees and watch the fleecy clouds in the turquoise sky . . . see North Carolina. And I give you my word you won't be disappointed.
