## Kid Drivers Hit By New License Law

Deadline Passes for Issuing of Operators' Licenses to Those Under 16

The deadline for issuing driving licenses to children under 16 years of age was passed on Saturday, October 11. Pointe police have been notified by Lansing of the change in the Michigan laws.

Previously children 14 years old were permitted to obtain licenses. The Legislature changed this at its last session with Act 146 of Public Acts 1947.

Under the new ruling very few exceptions can be made to the law. In special cases, particularly effecting rural sections where it is necessary for a boy under 16 to be able to drive to help with the farm work, a license may be issued at the discretion of the police. The parents' consent must accompany the application for the permit.

When these special permits are issued, the driver who is under 16 may only drive between the hours of 6 a.m. and 7 p.m. unless accompanied by an adult. Even when the state law permitted the issuing of licenses to 14-year-olds, some police departments refused to grant them on the grounds that the children were too young to be responsible drivers. Chief Tom Trombly of the City of Grosse Pointe, steadfastly clung to this stand.

Pointe police say it is doubtful if any special permits will be issued here to those under 16. The law specifically states that transportation to and from school is not sufficient reason for the granting of a special license. Members of the State Police Department are visiting the various municipal departments to explain all details of the new law to the personnel.

## Infant Badly Hurt in Crash

Harold R. Shaw, of 900 Emerson, driving east on Mack on Oct. 12, drove past two cars that had stopped at Radnor to make a left turn. He struck a car crossing Mack to go south on Lincoln, driven by Henry J. Ulanowski, of 6212 Field avenue.

Both cars were so badly mangled they had to be towed to a garage. One year old Henry J. Ulanowski Jr. was cut on the right side of his face to the bone, from the corner of his mouth to his ear. The infant was also badly bruised on his right eye. He was taken to Cottage Hospital.

## Get Lower Bid For Sewer Job

The Park village promises to be \$4,372 ahead on the cost of the sewer work on Job 2, Project 2, by the rejection of Pompello bid which was turned down by the Sewer Committee of the Board of Commissioners several weeks ago.

A. Rossi, of Detroit, brought in a bid for the job of \$83,187.60 at the council meeting October 13. The bid was referred to the Sewers Committee, Commissioner William Gillett, chairman, with power to act.

Mr. Gillett was inclined to avoid the responsibility of awarding the contract but finally consented to do so provided the Commissioners endorse his recommendation before the final award was made.

## Youth Believed Drowned Located Safe and Sound

The Farms police were engaged in a manhunt for nearly 24 hours on October 12 and 13, seeking a person they feared might have drowned in Lake St. Clair.

## Addition to Queen's Court

Many NEWS readers know QUEENIE, Great Dane, owned by the C. Henry Buhs of Ellair place, Grosse Pointe Park. Queenie made local history and the NEWS Page One picture several years ago when she gave birth to 12 beautiful puppies. Now she has a playmate, THE BARON, miniature Doberman Pinscher, recently brought from New York by Mrs. Buhl.

## Michigan Municipal League Head Studying Township's Value to Pointe Villages

John Iglauer, assistant director of the Michigan Municipal League, had a long conference with Township Supervisor Carl Schweikart in the township offices on October 9.

Mr. Iglauer's visit was in connection with a report he is preparing for Grosse Pointe Park on the advantages and possible economies that would be effected by the separation of the Park village from the township and its conversion into a city.

He was much impressed with the operation of the township health department. The township conducts this work for the benefit of the four villages which constitute the township, and also for the City of Grosse Pointe, under an arrangement with the Health Board, whereby the city pays the township about \$4,000 a year for this service.

The total cost of the health service for all five of the Pointe municipalities is between \$17,000 and \$18,000 a year. If the township breaks up into five cities, as is now agitated, it will be necessary for each community to provide its own separate health service. The same thing applies also to the township police radio service.

The City of Grosse Pointe maintains its own separate police radio station.

Mr. Iglauer discovered in his examination of the township budget that the total township tax levied is only .89c per thousand of assessed valuation. With an average assessed valuation of \$10,000 in the Pointe, the total charge to the average property owner for the total of services rendered by the township is \$8.90 per year.

Mr. Iglauer's problem is to work out a statement which will show the financial advantage to each of the component parts of the present township and the taking over of these functions by each remaining municipal unit, whether it be called a "city" or what not.

It was Mr. Iglauer who prepared the elaborate report for Grosse Pointe Shores about a year ago. Thus far this report has not been followed by any determinative action.

## Sullivan Lone New Name On City Ballots

Only Office Seeker in Addition to Incumbents Is Running for Justice

The only candidacy filed for in the City in the elections on November 4, in addition to those of the present incumbents is that of Harold Sullivan who has filed for Justice of the Peace. The present justices, Joseph P. Uvick and Leslie P. Young are running to succeed themselves. Two are to be elected.

The completed ticket now stands: Mayor (two year term), Ralph B. Netting; City Clerk (two year term), Norbert P. Neff; Councilmen (four year terms), D. N. Ferry, Jr., Gerald E. Miller and Thornton Waterfall; City Treasurer (two year term), Theodore Osus; City Assessor (two year term), Neil Blondel; Justices of the Peace (four year terms, two to be elected): Joseph P. Uvick, Leslie Young, Harold Sullivan; Constable (two year term), Charles Locke.

## Historical Group Seeks Old Pictures

Residents Asked to Look in Ancient Albums for Pointe's Past Records

Old pictures of the Pointe are being eagerly sought by the Grosse Pointe Historical Society. Residents who might have such historically valuable items are urged to go through their albums and scrap books.

Kenneth L. Moore of the association says that either gifts or loans will be appreciated. Such pictures can be copied without any harm being done the originals, which can be returned to the owners.

Grosse Pointe, far from being the new community which so many present residents consider it is rich in historical lore. The ancestors of many present-day Pointers had summer homes along Lake St. Clair in the dim, dim past. The earliest known such resort residence was built by Edmund A. Brush here in 1846.

The NEWS hopes, through the courtesy of the Historical Association, to publish a number of stories and pictures on this romantic past of the Pointe. In the meantime, dig into the albums and see what you can find.

## Car Runs Wild; Hits Light Pole

A light pole and a fire hydrant halted a car out of control on Kercheval avenue at Lakepointe at 2:17 a. m. on October 12.

Charles R. McKinley of 41 Colonial road was driving his father's car when it jumped the curb and crashed into the pole and hydrant. Damage to the car was estimated at \$75.

The Detroit Edison company was notified of the damage and McKinley was given a reckless driving ticket for his appearance in court. He escaped injury in the crash.

## Walking Dog Proves Very Strenuous Sport

George Essington, of 630 Nott road, was walking his dog at 7:30 p. m., October 12, when his pet got into a fight with a brindle and white bull dog.

In trying to separate them he was bitten on the finger by the bull dog. The bull, whose owner was unknown, was placed in the pound for observation for a twelve day period.

**SPEDERS TRAPPED**  
The City Police were unusually active during the last week in ticketing speedsters. Six were served in two days, ranging from offenses for the minimum high speed of 35 miles per hour on the city's streets up to some gay boys who were caught driving a mile a minute.

## Halloween Parties Again Planned for All Kids in Pointe

Committee Meets to Start Plans for Three Events to be Staged for Youth Community on Night of October 31

Plans for the Pointe's eighth annual community Halloween parties were made at a meeting of the Grosse Pointe Halloween committee held in the Neighborhood Club. Again this year there will be three separate parties held for the junior and high school students of the area.

The events will be held in the Neighborhood Club, Grosse Pointe High School and Pierce Junior High School, on Friday evening, October 31. Admittance fees will be the same as last year, 25 cents if the tickets are purchased in advance, and 50 cents if they are bought at the door.

Members of the various committees, including the student advisory committee, will be selected next week. Officers for this year's event are: Forrest Geary, chairman; George Elworthy, vice-chairman; Mrs. Edward Gehrig, secretary; Willard Hosking, treasurer; Thomas Jacques, assistant treasurer.

The community organizations and their representatives at the meeting included: Boy Scouts, Jerome Friesma, Girl Scouts, Mrs. Sidney Morgan, Mothers Club, Mrs. Charles Lord and Mrs. H. Quackenbush; American Association of University Women, Mrs. John Harding; Metropolitan Club, Messrs. Boylan, Wyffles and Kessler; Rotary Club, Messrs. Pongraz, Burnett, Parker, Jervis, Rector and Jacques; Country Day School, Mrs. Yeager; DUS, A. M. Cole; Pierce Jr. High, Charles Leavitt; Parochial Schools, Neil Blondel.

Also: U. of M. Alumni Club, Raymond Jeffs; American Legion, Stanley Weaver, Lions Club, Willard Hosking; Park Police, Chief Louwers; Farms Police, Chief Hoyt; City Police, Chief Trombly; Neighborhood Club, Mr. Elworthy.

## Park in Middle Of Noise Fight

The noise caused by the construction of the big Detroit sewer in the neighborhood of Nottingham and Kercheval was discussed by the Park Council again at its meeting on October 13.

The matter was up three weeks ago, and the contractor then promised to make certain changes in the machinery employed and the methods of the work which would minimize the noise, but complaints have continued to come in from the nearby residents.

Again the contractor has agreed to make every effort to lessen the noise and the council agreed to give him another trial.

The members of the Council wish it to be understood by the residents thereabouts that the village is without power to prevent the building of the sewer. This is a right which Detroit has legally. The only thing the Park authorities can do is to compel the builders to do the work so as to cause the least noise and disturbance possible along the line of construction.

This they assure the Park citizens they will do as far as possible with a work of this size and character.

## TOO PORTABLE

The Collette Radio store at 15414 Mark avenue reported to the Park police that an Emerson pocket portable radio in an ivory case was stolen from its display window sometime between Monday and Wednesday morning of last week.

## Tiny Aquamaniac Creates Flood in Store Basement

A very small aquamaniac, (if that's the name for people who can't resist the temptation to turn on water faucets), is being sought by the Farms police. The charges against him, or her, are plenty serious.

The Denler Company between McMillan and Oak on Kercheval, has been building an addition in the rear. William Denler returned to the store after hours on October 10 and found someone had left the faucet wide open and the water was pouring out in torrents. Saturday a new concrete floor

## Schweikart Plans Open Discussion

Representatives of All Five Pointes Invited to Meet With Company Head

Following the notification by the Lake Shore Coach Lines, Inc. that it had made application to the State Public Service Commission to raise its fares on November 1, the Park and Farms villages wrote to Walter Schweikart, president of the company, asking for further information on the subject. They particularly wanted to be told of the necessity for the advance and raised several questions as to the coach company's financial status.

Mr. Schweikart has already discussed the matter with the representatives of these two villages and, with their approval, decided to call a meeting tonight at the company's offices at which he has urged all of the five Pointe municipalities to be represented.

It is his purpose at this meeting, he says, to lay all his cards on the table and invite the most free and frank discussion of the subject. He stands ready, he says, to answer every question that may be put to him.

The fact that the coach lines company operates throughout the Pointe without the encumbrance of any local taxation whatever, gives the councils of the five municipalities strong talking points for the defense of their communities against higher fares.

## Fare Boost Discussed By Park Solons

The proposed increase in bus fares by the Lake Shore Coach Lines, Inc., was made effective on November 1, was the subject of a lively discussion at the meeting of the Board of Village Commissioners of the Park on Monday afternoon, October 13.

The opinion of several of the board was that a protest be filed forthwith against the increase. This was to put the village on record against the increase until an opportunity has been given to argue the matter out before the State Public Service Commission, if such action is decided on. The last date for appeal is on October 21.

The opinion finally prevailed however that no action along this line should be taken until after the conference tonight between Walter Schweikart, president of the coach company, and representatives from all of the Pointe municipalities, in the company's offices.

Already talk is going around in several of the municipal offices of the Pointe whether it would be wiser to accept the increased fares and immediately start a movement to collect taxes from the company from which it has hitherto been exempt, or to use the threat of future taxation as a leverage against the imposition of the increased fares now.

## Men's Chorus Wants Singers

The Grosse Pointe Men's Chorus is extending an invitation to any man interested in signing to join up with them. You don't have to be a Lauritz Melchior to be welcomed.

This is a group of Grosse Pointe men who just like to sing. They have already been in operation for several seasons and heretofore were meeting in the high school. This year the songsters will be in the Pierce School. They will meet every Tuesday evening at 8 o'clock.

There are 28 regular members enrolled for this season but they feel that there are many more male song birds in the community who would like to join.

Kenneth Jewell is the director.

### Reaume Warns Rotarians Championship of Private Enterprise is Only Hope

Brings Pessimistic Message Back from Travels Through  
England and France; Calls Russia Frank Totalitarian  
Despotism.

One of the most thought provoking talks on the problems of the day that Rotarians have listened to in a long time was given them at the October 13 meeting at the Whittier.

The speaker, Leonard Reaume, of the firm of Reaume and Sillway, has just returned from a trip to England and France. His observations on the condition and future of the people in those countries, particularly in France, was pessimistic. He saw little hope for revival of private enterprise in either of those countries, which are both already deeply committed to state capitalism.

In England everything is rationed. The experience we had with rationing as a strictly war measure to assure us just distribution of food and other necessities, was a piffling experience compared to that to which the people of England are subjected as an ordinary routine of so-called peacetime living.

He was naturally deeply interested in the effects of government supervision and controls on real estate, as it affected builders, investors and renters. The confusion and injustices he pictured were to the American mind almost inconceivable.

Both countries are burning their candles at each end. As the governments increasingly take over fields formerly reserved for free enterprise, the invariable loss must be assumed by government, which in the face of decreasing revenues from private enterprise are faced with constantly greater burdens.

The attempts of government to control prices has inevitably given rise to black marketing which is well nigh universal and has penetrated practically every field of business activity.

By their own figures, in France wages have increased 500 per cent in the last ten years but living costs have concurrently risen 800 per cent. It may be assumed that these figures, of government origin, are placing the best possible face on the picture. With the constantly changing values and the utter confusion which prevails, mere figures from day to day mean little.

Mr. Reaume's thought was not so much to suggest a way out for these countries, which he frankly deemed bleak, as to cite them as the terrible example of what could overtake us here in America, unless we return to the proven way of private enterprise and production for a profit.

Mr. Reaume did not once use the word communism. He left Russia out of the picture of his address entirely and at one point said that Russia was not a communistic country at all, but a frank totalitarian despotism. He spoke frequently of aggressive socialism as we are seeing it applied to Britain, and France, and never in complimentary terms.

His conclusion was a vigorous warning to Americans to be ever alert to boldly champion the cause of private enterprise and the quick return to a system of reasonable profits, which can be the only sound basis of a free society.

He seemed to think there was little hope for a country, such as France, where the bricklayers were now agitating for a maximum of 150 bricks laid as a day's work.

### Sandler Case Now in Court

Real Issue Revolves Around  
Ability of City to En-  
force Ordinance

The case of Sandler Brothers (Sol and Sam) vs. the City of Grosse Pointe was on trial before Judge Adolph Marschner on October 13 and 14.

The action is to mandamus the City to issue a building permit to the Sandler Brothers to enable them to build an addition to their property at 17824 Mack avenue in the rear. Some time last spring Judge Theodore Richter ordered the City to issue the firm a permit to enable them to rebuild the front of their property, which had been cut off by the widening of Mack avenue.

While these actions have revolved around the issue of permits or no permits the real issue behind the scenes is the desire of the Sandler Brothers firm to continue the slaughter of chickens in their present place of business.

On October 31st, 1946 the City passed an ordinance prohibiting the conduct of slaughtering business in the city. The brothers have never complied with this ordinance. It is generally understood that, if they had complied, or had agreed to comply on receipt of the building permit, the permit would have been issued. The firm now seeks to compel the city to issue the permit in lieu of compensation for the condemnation and widening operations on Mack, but would make a net addition to the total floor space of the property.

In the action in the court the Sandler Brothers acknowledged that they were slaughtering between 400 and 800 fowl per week in the place.

### Nine-Year-Olds Go on Rampage

Three very small boys, each nine years old, had a stone-throwing fest at the expense of a new house being erected at Grand Marais and Essex on October 10. A woman in a neighborhood house saw what was going on and notified the police.

They had broken nine panes of window glass before the police arrived. One of the trio, acknowledged with no small pride that he had accounted for his third of the damage.

The boys were shooed away and their parents notified.

### Would-Be Thief Eludes Capture

H. W. Kerr of 55 Touraine road chased a suspected youthful burglar on Saturday afternoon, October 11, but failed to catch him.

Mr. Kerr walked through the front hall of his home just in time to see the boy about to enter the front door. A purse on the table nearby was sufficient clue to the sneak approach.

When the youth saw he was discovered he ran toward Grosse Pointe boulevard and Mr. Kerr, in hot pursuit, was unable to catch him. He was about 13 years old, of slight build, curly hair and wore blue jeans, Mr. Kerr told the Farms police.

Two purses were stolen from the Kerr home last June 19. That theft was committed by a Pointe boy who was on probation from Boys Vocational School at Lansing. Mrs. Kerr had let him in the house to get out of a severe electrical storm.

When he left, the purses went with him. He later confessed to the theft and was sent back to the state correctional institution.

### Eight 'Teen Age Youngsters Caught After Stealing Beer

George Correa, proprietor of the Del Mar Cafe at 15412 Mack, phoned police shortly after 2 p. m. on Oct. 8 that boys were stealing cases of beer from his basement.

They had effected an entrance by prying off the lock of the basement door.

The youths had already loaded several cases of beer in a car and had two or three more at the top of the basement steps when they were scared away.

Correa's 13 year old boy was able to identify one of the youths and with this as a start, Detectives Hennig and Hough and Patrolman G. Boone were able to gather in eight boys within the next three days. All of them were minors in the 14-16 year old brackets except one, a resident of G. P. Woods, who is 17.

## The Commies Oblige

Serious thinking Americans should be grateful that the communists have so openly warned of their intention to pursue a worldwide propaganda against freedom and democracy, to be followed later "by force, if necessary."

There was no mistaking the significance of the pronouncement issued by this group recently from eight different countries of Europe, with Russia, of course, heading the list.

They are out to overthrow the "capitalistic" system throughout the world and American "imperialism" in particular.

It is the first time in our history that our country has been the frankly avowed objective of any other hostile country. The warning is clear and unmistakable.

Only four years ago Stalin saw fit, as a piece of political strategy, to assure us and the other democracies that he had cut loose from the Third Internationale. Now, communist leaders, in every country in which the cult has any considerable following, have united in blatantly declaring the resurrection of the Internationale. It is unnecessary to say this was done with Stalin's approval and hearty consent.

This is a measure of the trust the democratic world can place in utterances from this source. They are on a par with the assurances Hitler used to give. Millions of persons in this country can recall hearing his voice over the radio in 1938, after he had annexed the Sudetenland, saying that with this done an "end was placed on German territorial aggrandizement on the continent of Europe." The world knows now what that promise amounted to. The invasion of Poland was the German answer to Neville Chamberland's appeasement policy.

We were trying an appeasement policy of our own with Japan at the same time when we closed our eyes to the large shipments of scrap metal to that country when every intelligent person in this country knew that it was intended to be shot back at us as soon as the time seemed propitious. We got the answer at Pearl Harbor.

The Russian commies and their associates have progressed so far in their plans as to announce that the headquarters of this attack against us will be based at Belgrade, Yugoslavia. This is only a geographical subterfuge. The directing headquarters might just as well have been advertised as in Moscow itself, as that capital is and remains the directing head of the movement.

Our obligation for forewarning is real. It took Roosevelt's speech at Chicago in October 1937 to shock the American mind into a realization of the forces of dictatorship in Germany and its threat to a free world. The communists' outbreak should have done the same thing for us now.

We know now that we made a mistake in not pushing our advance in Germany on to Berlin, just prior to the German surrender, instead of stopping short of that objective to "appease" the Russians. If we had gone into Berlin then, regardless of the Russian wishes, the probabilities are that much of the trouble that besets us now would have been avoided. The lesson of possession as nine points of the law is as clearly understood by them as anybody else.

The communists' exposure of their hand now with their joint identical declarations from eight different points in Europe should do something in this country. Thousands of our own people who are in a fog or even feebly inclined to believe there must be some value applicable to us in the Russian political and economic concepts, should have no difficulty after this in reading signs aright. If they have a scintilla of the red blooded courage and clear thinking which characterized the people who founded this country and carried it on to its present pre-eminence they should understand the challenge. This is no time to mince words.

Any expression of ideas as diametrically opposed to everything America stands for as that advanced by communism, is hostile to this country and this people who follow their own free way of life.

These sentiments, whether they emanate from the vodka-reeking statesmen of Moscow or from the pink shaded discussions of American college classrooms, plots or tolerates the destruction of this nation.

The communist declaration advances immeasurably the position where Americans must take their stand; for or against their country.

There is no middle ground.

## Not Cricket

No sooner had President Truman announced some of the surface details of his food conservation campaign than the people began to shoot at it.

Undoubtedly some of the President's "experts" got tangled up in the program they worked out for his presentation. Someone's ears must have been red when frontman Truman said we were to eat no poultry or eggs on Thursdays only to discover a few hours later that Thanksgiving, Christmas and New Year loom in rapid succession, all on austerity Thursdays.

This was unimportant; just a bit embarrassing. A hurried new dispensation fixed this up quickly but the serious angle is that the citizens are apt to think the whole program is so jerrybuilt and so full of holes and loose joints as to be leaky before launching.

Statements that wheat is spoiling on the ground because there is not room in the elevators for it; that a recount of the poultry and eggs in storage may take them off the taboo list and that Scotchmen are still going to distill their famous brand of whiskey despite the great need of grain for food in

## Grosse-Exaggerations

A. PRYOR

"O Cupid! monarch over kings,  
Wherefore haste thou feet and wings?  
It is to show how swift thou art,  
When thou wound'st a tender heart!  
Thy wings being clipped, and feet held still,  
Thy bow so many could not kill."  
—John Lyly.

Maybe it was just the condition we were in at the time . . . but the following conversation, overheard on the bus, quite unnerved us.

1st woman: "I've been seeing spots in front of my eyes."  
2nd woman: "Did you see a doctor?"  
1st woman: "NO . . . just spots!"  
That reminds us, we think President Truman has SPAATZ in front of HIS eyes.

In the Mailbag: A man who was in a bad automobile accident, was lying on the roadside; a sympathetic crowd gathered around. Someone spotted a Minister in the group and suggested he say a few words of comfort to the dying man. The Minister knelt at the man's side and said a short prayer, then kept repeating in the victim's ear: "Embrace the Lord and refute the devil; embrace the Lord and refute the devil." Finally the crash victim raised his head and said, "Listen . . . this is no time to antagonize ANYBODY!"

Still in the mailbag: A young man was just about to enter a church where a small admittance fee is charged. (Your columnist has never heard of such a church . . . but so goes the story). Our hero was stopped at the door by an attendant who asked him to deposit his fee. The man explained he was just going inside for a second to locate a friend . . . that he would be out again in a trice and that he thought it silly for him to pay an entrance fee. The skeptical attendant look worried but finally gave in. Said he: "All right, mister, go ahead in and look for your friend . . . but DON'T PRAY!"

Southern Charm note: A friend of ours visiting in the deep South recently, entered a drugstore and purchased a box of candy to be shipped North. When she asked the little drug clerk what the shipping charges would be . . . he made a wild guess and named a figure our heroine KNEW was too small. When she told him so, he drawled, "Well, that's all right, Miss. If it comes to more than that I'll pay for it myself." Can you imagine that happening HERE? Neither can we.

Would be it rushing you to mention the Kentucky Daarby? If it is, you needn't read this . . . but . . . IF they are entered . . . watch Free America, Citation and Shy Guy . . . and don't say we didn't tell you. We got a dream book!

Britain while American distillers will go on the shelf for two months, offered a rapid succession of embarrassments to the Administration.

The fair thing to do, however, is for the citizen to make a quick appraisal of the food situation in Europe as common knowledge tells it to be, and waste less time in questioning whether or not the demands made on us for home sacrifice were justified.

He knows that Europe has been devastated by war for eight years; that its reproductive capacities in food and everything else have been crippled or destroyed; that food is the first necessity of existence and that ours is the only land to which millions of hungry people can look.

Let's have less of pot shooting at immaterial details and get down to honest and serious cooperation with our national leaders. No one questions the supreme importance of feeding hungry humans.

It would be unworthy of great hearted America to have its effort dulled by piffing criticism and domestic discord, much of which may have its inspiration in a brand of politics that, to say the least, isn't cricket.

## Our Conscience Fund

The annual community chest campaigns which are held in many American cities is democracy at its highest and finest. In them we Americans implement our belief that we are our brothers' keepers. No enforced contributions are these. The only tax collector is the heart and conscience of the people themselves.

Detroit's campaign started on Wednesday, October 15, and will run for four weeks. The two weeks' longer period this year allows more time for the canvassing campaign necessary to visit every potential contributor. It also permits a more convenient adjustment to family budgets, many of the most modest of which will be twisted and fitted to provide these contributions which spring from the heart and are of the essence of the milk of human kindness.

The poor, the rich, the little and the great all have their part in this noble undertaking. It is the total of all which will make up the more than five million dollars which Detroit will pour out for ailing and crippled humanity. No angle of human need is overlooked in the broad agenda of its charities.

The crippled child, the struggling widowed mother, the boys and girls to be trained for a finer citizenship, are only a few of the claimants on the fund which Detroit is about to provide, as its great conscience fund for society.

## Homeward Bound

The first contingents of our returning war dead are beginning to arrive at the home shores. They are the forerunners of what may be a mighty caravan by the time all whose dear ones wish them buried in the soil of home are back.

They gave their lives for all that America holds dear. They died on the coral strands and in the volcanic ashes of the far Pacific, in the hedgerows of northern France, in the dark forests of Germany, in the bleak mountain passes and peaks of Italy and on the burning sands of Africa from Casablanca to the Nile. Some fell in the wintry Aleutians and many dropped in the moil and sweat of the jungles of New Guinea and the Solomons. And some will never arise until the last trumpet summons them from miles of ocean depths.

This homeward bound epoch of those who made the greatest sacrifice is a fitting moment for us who remain to review the great cause which sent them on the journey which for three hundred thousand of them was their last. It was a journey which led to more than glory and the grave. They died as certainly for freedom, which is the soul of America, the land of their inheritance or adoption, as did any martyr of the early Church die for Conscience and for Christ.

The hurly burly of world politics into which the aftermath of the war has descended is not the negation of the Great Purpose which sent them into the battle line. That remains true and eternal.

They died to make men free; free of political bondage, free in conscience and thought. Their return is the warning to us to keep the faith for which they gave their lives. Unless we do, we shall not sleep . . .

## Letters to the Editor

To the Editor:  
It appears to a great many Grosse Pointers who ride the Lake Shore Coach Lines, Charlevoix Avenue bus, regularly, that any increase in price of the bus fare should be accompanied immediately by elimination of the ill ventilated, inadequate busses now being used on that line. It is about time that some one took up the torch to obtain service to be furnished by this organization because the people certainly have been taking an awful beating for quite some time. The bus line says that they can't obtain financing for new busses without showing better income. Taking the company at its word about new busses, they should be forced by public opinion to put the additional income into immediate purchase of adequate facilities.

It would seem that this subject should be worthy of comment in your editorial column.  
Thank you,  
A Grosse Pointe Commuter.

(Editor's Note) The following, labeled "An Open Letter to Mr. James K. Watkins, president, Grosse Pointe Farms Village Council," was brought to the NEWS office Tuesday with a request that it be published.

Dear Mr. Watkins:  
Let's deal with the facts and see what can be done to eliminate flooded basements in the Farms by measures that can be paid for out of current income.

At the July Council Meeting, a petition requesting that The Sewer Bond issue be resubmitted to the electorate was presented which bore the signatures of less than sixty resident taxpayers. In the following weeks' local paper, this petition was reported as then having seventy-five signatures. At the July Council Meeting, Murray Smith, Village Engineer, stated that about seventy-five complaints had been received in regards to flooded basements and he estimated that at least twice as many basements were flooded as there were recorded complaints. So, Mr. Watkins, let's drop the fictitious estimate of eight hundred flooded basements that you referred to in the recent local press.

We believe, in all sincerity, that the number of basements flooded during the summer was less than one-hundred and your records will substantiate this.

Now, let's see what can be done to correct this unpleasant, and unhealthy condition of flooded basements. We recommend the following:

1. Reassign the sewer cleaning detail to five men that functioned prior to the war in cleaning sewers but are now assigned to other jobs.
2. Cut sluiceways on Lake Shore Drive to carry surface water into the lake and thus relieve the sewers and pumping station from handling surface water for this area.
3. Make examinations of storm sewers on the properties reporting flooded basements and where the property owner's own storm sewer is obstructed, advise that property owner have his sewer cleaned.
4. Make a systematic examination of the village sewers in the flooded areas and clean out these sewers. We have evidence of property owners who have had

their own sewers cleaned and repaired and through the excavations found that the village sewers were partially obstructed by roots and accumulated debris.

ONE NIGHT IN MANHATTAN!  
He was caroling bright and merrily in something of the Jolson manner . . . "Though April Showers—May Come Your Way . . . They Bring the Flowers . . . You're the song and dance man right out of the moving pictures and the books. I know a story about you.'"

fellow were a vaudeville team, he arranged a date with a neat little number on the bill—he was so sweet on her and plenty—but at the last minute he had either a change of heart or a change of plans so he sent his partner out to fill the assignment. It was a blind date for the other fellow—but he fell in love with the girl and she with him and they ran off and were married.

And soon after, the partner and the little girl formed their own team and our singing man went on his solo path. Now this is what makes stories of Broadway fascinating. That team of newlyweds began to collect fame as they rolled along. People found the Dulcy naive and malaprops of the little woman hilarious and fascinating. They went on the air and soon were among our foremost comedian teams. They were starred in movies. Their reputation is international.

But our singing man who skipped the date with the girl who might—who knows?—have married him—just kept going along chanting his gay little songs, and when vaudeville faded out he went into night spots. Never a headliner—but he doesn't seem to care. I sometimes wonder whether it would have been different with him—if he had kept that appointment with the pert, pretty prattling little girl—instead

of sending his partner, George Nat Burns.  
A corny bit of philosophy, and she was much too pretty to take seriously. So there was that night at Doc Michel's when she was playing the piano and singing happy little songs with bright words that she made up herself—and this fellow—who was just about coming along as an eccentric dancer—he was there that night and met her for the first time. I said to the girl later: "Ever see him work? Sister, you want to see educated feet, you out to—" The girl sniffed. "It's the educated mind that appeals to me—bring me a fellow who works with his brain. I can do something with a man like that."  
So the two didn't hit it off too well—chiefly because she of the many talents was aloofish—and he was shy—and, perhaps, awed. Now there was—and not by coincidence—a book-writing citizen present that night and after the second round of drinks it was really a treat to watch him put in his pitch for the lovely lady. They sat around—and whenever I edged near—I heard the talk swirl about George Bernard Shaw and George Gershwin, H. G. Wells and Beethoven's sonatas. I thought, well here she is right in her proper element—and here's the fellow for her. A successful writer—a bachelor—or rather, to be accurate, a free man by virtue of divorce. This is Romance in the making—and a good match.

I watched Ray Bolger there in the Carnival leaping across the stage, swinging those long loose arms around, crashing to the floor on his knees, stepping lightly in a nostalgic throwback to a patter beat—and as the houseful of patrons roared approval and pounded palms I looked over and saw the girl of the many talents, but the fellow who wrote books wasn't with her. Gwen Rickard was sitting with friends—and after the show she would go backstage and join Bolger—the artist with the educated feet—and they would go out for a 2 a. m. snack—and chat, as long-married couples often do!

### NO TRESPASSING

When his hunting season opens  
I really have no fears  
Of pheasants, grouse or Guinea Hens  
What I dread is Wild Dears.

Fully aware of the current fair for columnists to keep a feuding and a fighting in public—meanwhile a winning and a dining in private—we're out to break the custom with a great big hand for that little girl just back from Paris, Mary Morris.

Could be the inspiration is provided by The Junior Genius who naively asked us: "After all these years, why doesn't somebody do SOMETHING for Santa Claus?" Surely no one has done more for the promotion of fashions in the town than this energetic fashion editor.

Well, they all did it for her when the motor boys, merchants, manufacturers and their cohorts thronged the ballroom of The Staller for a dinner, honoring Miss Morris, and wildly applauded her Report from Paris and London. This proved to be a report in which she covered not only the mode but the morale of the two centers from which we derive our cultural credos—a report culminating in an exhortation that the New World come once again to the aid of the Old World—because they have proven to be Old Friends.

The first time we saw Mary she was a very young artist over from The Art Institute in Chicago, whence have come so many from page names. A petite and pretty little girl, who seemed to be operating as a diminutive dynamo, run on charm, courage and Chanel Number Five. Mary could sketch fashions. She could also write fashions.

Now, we well remember the art master who observed that nothing was less probable than for a writer to become an artist—unless it was for an artist to become a writer. But Mary Morris has turned the trick with cast iron, fusing her artistic sensitivity with her true fashion sense in an unbeatable combination.

Still pretty, petite and now poised with a cosmopolitan calm, Mary Morris greeted her responsive audience—flanked by a line-up of editorial and advertising power at the speakers' table that would have sent a more timorous soul into her brooding tent. Impervious to nerves, she presented the facts of her fashion story, proving that we are again at the opening of a new cycle of style. Mary herself looked a page out of Paris in her black silk dress and THAT HAT—a Suzy beret of black velvet with subtle folds of coral and chateausse.

Well, as one who has read fashions, seen fashions, written fashions, and sometimes been bitten

mentators in the country. As if you didn't all KNOW!

**SUBPOENAS TO THE PARTY!**  
Come October 20th, the storied halls of Congress are about to entertain a long and prominent guest list of Hollywood Celebrities. Just to make sure they'll all accept the invitations, the House Un-American Activities Committee has issued the invitations in the form of subpoenas. They'll all be there.

Nothing unique in this situation. It won't be the first time The House has hung out the S. R. O. sign, with an overflow of fans in the lobby. What is unique is that Congressman Parnell, head of the Committee, should see fit to release the list of subpoenaed guests in advance. What is even more unique—and insidiously unfair—is the fact that in giving out the list, he is either unable or unwilling to distinguish between those names that are for or against Communism. He is, however, going to give a national broadcast, to ask you suspend judgment. This investigation is no news

to anyone who has prowled the Rialtos on either coast. Anyone with a sense of humor knows all about it. Personally, it climaxed several seasons ago with our whisking out of Doubleday's a volume of Karl Marx' Das Kapital which we hid under the mattress in The Plaza. We weren't quite sharp enough to make our Marx. And ever since, we've had a sneaking feeling that many of the names innocently involved with The Party couldn't get to Page Eighty Nine any more than we could.

The other night, we sat up, playing with the list like a copy of The Racing Form, trying to separate the winners from the sinners. Until they testify, it's anybody's bet; and here are some of the names on the list of subpoenaed guests to The Party: Charles Chaplin, Gary Cooper, Joseph E. Davies, Walt Disney, Samuel Goldwyn, Ring Lardner Jr., Leo McCarey, Adolphe Menjou, Robert Montgomery, Morris Ryskind, Donald Ogden Stewart, Robert Taylor, Jack L. Warner and Sam Woods.

See what we mean? With the exception of one or two names, they all seem 101% Americans.

There are other names, less well known. But most wealthy and prominent. But there are no women on the list. What kind of a Party can run without women, anyway? And what is a party, that theoretically seeks to divide the spoils, doing with so many names that are dripping with ducats? Could it be that the gentleman who figured out that even if the money were divided, within a few years it would land right back where it started from

—with the rugged, if not ragged, individualists?  
Oh well, maybe we're just not rich enough to be a Communist.

## Cynthia Book Bride Of Julian P. Bowen

### Wedding Held in Home of Frederick Sloane Fords in Windmill Pointe Drive With Rev. Dr. Frank Pitt Officiating

Cynthia Book and Julian Perry Bowen repeated their nuptial vows before the large bay window in the living room of the Frederick Sloane Ford home on Windmill Pointe drive Saturday. White tapers in cathedral candleabra were placed amidst the standards of white shaggy chrysanthemums and greenery at the improvised altar. The Rev. Frank Pitt, minister of Grosse Pointe Memorial Church, officiated at the 4 o'clock ceremony.

Cynthia, the daughter of Mr. and Mrs. Herbert V. Book of Meadow Lane, descended the wide staircase in a gown of heavy ivory satin. The bodice of the wedding dress was fashioned with a tiny round collar and fastened from neck to waist with small satin buttons. Bands of shirring formed a V from shoulder to waist and the barelet length sleeves were edged with the same trimming.

The full folds of the skirt extended into a circular train. Heirloom rose point lace, from her mother's wedding veil, bordered the bride's waistlength veil of illusion which she wore over a full length illusion veil. The same veil was worn by Cynthia's two sisters, Mrs. Taylor J. Kennedy of Montreal and Mrs. Donald E. Jahneke. The bridal bouquet, centered with Eucharist lilies, was an arrangement of white roses and stephanotis.

Judith Ingersoll of Newcastle, Ind., was the only bridesmaid in a frock of ice blue faille styled similarly to the bride's gown. Her bouquet was of bronze and yellow chrysanthemums arranged with trials of deep green ivy.

William McMillan was best man for Julian, who is the son of Mrs. Julian P. Bowen of Jefferson avenue east and the late Mr. Bowen.

Mrs. Book chose a crepe gown in a cinnamon brown tone, accented by diagonal panels of matching lace. Her corsage was of tiny yellow spray orchids. Mrs. Bowen was in grey crepe for her son's wedding and she wore brown accessories.

Old French candleabra of white bisque and gold flanked the flower

bedecked wedding cake on the lace covered bride's table at the reception which followed the service in the Ford home.

When the couple left for their wedding trip to Bermuda, the bride wore a light brown gabardine suit with a small brown hat and brown accessories. She pinned the corsage of lilies from her bouquet to her shoulder.

Following their fortnight in Bermuda, the couple will make their home in Notre Dame road.

Out of town guests at the ceremony included Mr. and Mrs. Benjamin Chapman of East Hampton, L. I., Mr. and Mrs. Taylor Kennedy of Montreal, Que., Mr. and Mrs. Stanley Gilmore and Mr. and Mrs. John Peniman of Kalamazoo, Mr. and Mrs. John Marshall and their son, John, of Hamilton, Ont., and Harold Ingersoll of Newcastle, Ind.

## Eleanor Joy Sibley Weds H. W. Mason, Jr.

Couple on Bermuda Honeymoon Following Their Wedding Saturday in First Presbyterian Church in Detroit

Honeymooning in Bermuda are Mr. and Mrs. Herbert Wynn Mason Jr. who were married Saturday afternoon at the First Presbyterian Church.

The former Eleanor Joy Sibley is the daughter of Mrs. Frederic M. Sibley of Whittier boulevard and the late Mr. Sibley. Her bridegroom is the son of the Herbert W. Masons of Long Lake.

The Rev. Dr. Frederick Olert read the 4 o'clock service before an altar decorated with standards of white chrysanthemums and gladioli interspersed with Gothic candleabra holding lighted tapers.

Scallops edged the deep V neckline of Joy's ivory satin wedding gown and the same motif was repeated down the front of the fitted bodice and around the full skirt. A halo of lilies of the valley held the full length veil of ivory silk illusion and the bride's only ornament was a single strand of pearls.

White orchids, stephanotis and jasmine were combined in the bridal bouquet.

Lemon yellow velvet designed with a low square neckline, long fitted bodice and full skirt, adorned Mrs. Robert B. Powers who was her sister's matron of honor. She wore a coronet of cream hued chrysanthemums and miniature ivy leaves. The same shade of mums combined with pink roses and trailing ivy formed her bouquet.

Mrs. Albert Andrews Tietig, another sister of the bride from Cincinnati, O., and Ann Collins were bridesmaids in lime green velvet and a third sister, Mrs. Taylor Letta McCray of Darien, Conn., and Mrs. William Kent Van Allen of Washington, were in rose alpine gowns.

In emerald green velvet were Mrs. James Beck of Windsor and Mrs. Sibley Hoobler of Ann Arbor. All the attendants' dresses were identical with the honor matron's and each were a similar coronet and carried replicas of her bouquet.

Little Melaine McCray was her aunt's flower girl in a frock of pale yellow chiffon.

Joseph Mason was his brother's best man and guests were seated by Charles Mason of Seattle, Wash. Hugo J. Ulbrich Jr., Ralph L. Polk Jr., T. Kenneth Haven, Albert D. Thomas Jr. and George W. Cooper Jr.

Mrs. Standish wore a white tunic blouse applied in blue with a street-length skirt of Royal blue crepe. The same color was repeated in her velvet hat trimmed with ostrich plumes.

After the ceremony, the families gathered at the Standish home. For traveling to Northern Michigan, the new Mrs. Standish wore a suit and topcoat of dark zeige with a small palomino hat and brown accessories.

She spoke at the first fall meeting of the association held Monday afternoon at the home of Mrs. Benjamin E. Young, with Mrs. Joel H. Prescott assisting.

Several types of berries, anonymous were displayed by Mrs. W. D. Thompson, of Bloomfield Hills, who spoke on her favorite shrubs in verse. Following a business meeting at which Mrs. William H. ### PERSONAL APPEARANCES

MARION and HELEN LIVINGSTONE put on a very good "mother and daughter act" recently when they appeared at a dinner in lovely frocks. Mrs. Seaborn Livingstone was never more becomingly gowned than in the royal blue crepe with a trim of matching blue sequins, forming a large bow-knot on the skirt. Helen wore a bottle green lustrous satin off the shoulders model. It was the new ballerina length and worn with matching green satin slippers—made an excellent background for her blonde loveliness.

MIGGY BONBRIGHT and FRAN SHELDEN made a good "sister team" as always. When seen on a shopping tour, MRS. WILLIAM BONBRIGHT was wearing a smart woolen suit of grey and white weave, having a narrow red stripe interspersed. A white silk blouse had a corresponding red grosgrain ribbon in the front about an inch or so wide with her initial monogrammed on it, in white—very cute touch—and the grey up-brimmed felt with its crown covered with black chiffon ending in a pouf of same, falling off the right shoulder, lived up to Mrs. B's reputation for chic! MRS. ALLAN SHELDEN, JR. was wearing a black broad-cloth suit and black blouse, a goodlooking gold pin at her throat and her black felt bonnet was trimmed with gold braid and cordings. If she had wanted to carry out the black and gold motif she could have blackened her face as a contrast to her golden locks but leave us not be droll—I never see Fran but that I am struck with her naturalness and friendliness—not to mention her eyes—or rather to mention them, as they are so striking.

### PILFERINGS

Amusement section—I hope—

When an autograph hunter approached Fannie Brice and said: "May I have your autograph, Miss Brice?" she answered: "Of course. And it's very nice of you."

After a conversation with Sir C. Aubrey Smith, Dorothy Parker said: "Whenever I meet Englishmen who talk like that, I feel that I have a papoose strapped to my back!"

There's a story going around in Washington about MILDRED McAFEE HORTON, the former head of the Waves, which shows her spirit of fun and good fellowship. Mrs. Horton has returned to her old job as president of Wellesley college, but does not like to be thought of as high brow. At Princeton's commencement last spring, she and a group of male big-shots were given honorary degrees. Part of the festivities was a large dinner at which she was the only woman present. The repeat progressed stultifyingly until it was Mrs. Horton's turn to speak. She began by saying she felt like the travelling salesman marooned in a small town hotel with only a Gideon Bible for company. He thumbed despondently through the pages, turned to the suggestions printed on the fly-leaf. "If you are despondent turn to" such and such a page—"if you are lonely turn to"—such and such—the last line was a penciled scrawl. Startled, he read, "If you're still lonely call Minnie at—" Needless to say, stiffness disappeared and Wellesley's president was belle of the ball.

### WHO AM I?

My formal schooling ended at fifteen. I continued my studies in the school of hard experience. Among other things, I clerked in a New York bank, farmed, taught school, and sailed as a cabin boy and later as an ordinary seaman. Several of my best books were based on my voyages to the South Seas. My best known novel is dedicated to my friend Nathaniel Hawthorne. Although for a while I was popular and well-known in the literary circles of my time, I later passed into obscurity, and worked as a custom's inspector in New York City.

## Pointer of Interest

MRS. MARION SCHEAFFER OF AUDUBON ROAD

By Olive H. Henry

Mrs. Scheaffer's china teacup collection came into being as the result of an unfortunate household mishap. Six of the matching teacups of her dinner service were broken at one time and when she attempted to replace them, she found that the pattern had become obsolete. Her daughter suggested that she replace them with old cups and these formed the nucleus of a collection which has grown beautifully, due to many gifts from friends. China had always been one of Mrs. Scheaffer's "loves" and her teacups are among her most prized possessions, not only for their beauty but for their sentimental value.

One of her rare cups is that which was given to Queen Victoria by the Hapsburg family, with the stipulation that it be returned to them at her death, as it belonged to a valuable family service, which was given to a museum. Later it found its way to an antique shop in Austria, where it was purchased for Mrs. Scheaffer by a friend who knew of her collection. The cup is very beautiful, being decorated with hand painted cherubs on a French blue background, with a design in gold worked throughout the border.

A lovely Limoges cup, having a dark green and gold pattern was purchased by Mrs. Scheaffer in an antique shop in Georgetown. One of her friends presented an exquisite teacup and saucer which had been hand-painted by her mother in 1888. It has a design of sweet peas on the outside and the inside of the cup and saucer are painted in a

delicate shade of pink. The painting is done so perfectly it is hard to believe it was done by hand. Another gift includes a sandwich plate with the teacup and saucer from an Oriental tea set. Blue and orchid lustre with gold flecked throughout the pattern borders an opalescent center.

A sweet creamer and sugar holder once belonged to Mrs. Scheaffer's great grandmother and now adds its quaint charm to the collection. A pink porcelain teacup, having a handle of grapes and a blue porcelain cup with a butterfly forming the handle, are among the prettiest of the cups.

Among the oldest of the teacups is one of white porcelain with a pattern of moss roses, and a doll's size cup and saucer has a charming handpainted design of delphinium in pinks and blues. This collection had to include something to do with children, as it is a well known fact to those for-

tunate enough to know Mrs. Scheaffer, that the "young" are her primary interest.

During the war Mrs. Scheaffer was in charge of the Junior division of the American Women's Voluntary Services, and for a time vice-chairman in charge of placement.

At one time she was president of the Parent-Teachers Association at the Defer School and served as the program chairman of the Grosse Pointe High School Mother's Club for two years. She acted as co-ordinator with the Grosse Pointe schools for the Junior Red Cross for five years.

Mrs. Scheaffer is the first and only woman member of the Grosse Pointe Board of Education and has served her community faithfully and well for five years in this capacity.

When Mrs. Scheaffer was visiting a third grade class at one time, the teacher turned to the class and said, "You all remember Mrs. Scheaffer, I am sure." One of the youngsters piped up, "She's the Red Cross lady." The teacher continued, "Yes, but she is also a member of the Board of Education—do you know what that is?" One of the boys exclaimed, "sure, that's the board you get when you're educated!" Mrs. Scheaffer reversed this order; after her well-rounded education the Board got her!

### HOSPITAL, QUIET

By Katrina Van Dyke

Dr. George Conrath stopped the surgical carriage he was pushing across from the nurses' office. He walked in and took a patients' chart off the wall hook. Anne looked up from the list of postings she was making for the student nurses and ward attendants. Her eyes followed the broad outline of his ward attendants that strained the seams of his white coat. When he turned, she smiled in recognition. He looked tired, but what doctor gave so much of himself to his work?

For the past two months he had been the interne on the floor. The patients openly adored him. His calm assurance was so steady, to their own insecurity. What a fool she was to fall into the common pattern of hero worship, yet how could she help it? She wondered if he were to make a play for her, as so many had before him, if she would still feel as she did now.

Her fingers ached from the tense grip on her pencil. She put it down and stretched her well formed hands on the desk blotter like a cat waking from a nap. She watched him read the chart,

slowly taking in all the important notes. Her gaze stirred a response in him and he laid the chart on his knees and raised his eyes to meet hers. All the morning noises of the ward screamed in her ears. She lowered her eyes and fumbled for the pencil.

"Why didn't he say something? What was behind that penetrating gaze? If only she didn't have to wear that hair net and starched, high collar! He was going to speak to her and she wanted him to, and yet dreaded it. Each morning they had made the rounds together on the ward. "Miss Adams

will you see that Mr. Smith gets up in a wheel chair today and that Mr. Jones has enough morphine to keep him comfortable?"

This was different and she knew it. Why hadn't he taken the surgical carriage back to the treatment room where it belonged. Thank heaven she had taken the time to put on lipstick and a little rouge this morning.

The pages stopped fluttering in the chart on his knees. "Miss Adams, what kind of a person are you?"

She took a quick breath and made her decision. "Oh, I don't know, if I had cancer I'd probably kill myself." That was it, be flippant. Don't let him know, please, God.

He didn't move his eyes, just kept staring at her. There was no reproach in them, but she knew she had been a fool and missed her chance. Finally he spoke.

"Well, I have cancer and I am not killing myself!"

By OLIVE H. HENRY

"For liquid control"—if you think this is an ad for Alcoholics Anonymous, you're wrong—this is an ad for Tru-Balance, the revolutionary foundation garment carried by JACOBSON'S. The book says "Tru Balance is based on four fundamental principles. 1. "It lifts the abdomen to its natural position in the body"—(this is certainly the answer for all those wandering abdomens.) 2. "It firms the flesh by distributing the weight evenly, avoiding pressure"—(what I'm after is distribution of weight by a disappearing act). 3. "It moves with the muscles, giving unhampered freedom in sitting, standing, stretching and walking"—(Personally, I'll take the freedom in sitting and for long periods, with a book.) 4. "It balances the body scientifically to give you perfect poise and posture"—well, the Charm Schools might as well give up right now—I can see that Tru Balance will put them right out of business. It also will give the upward pull in front to "lift" (this is certainly the easiest way to get a lift I know of)—and a downward pull in back to do what you know all women over 30 want done to their rear. If you feel that your foundation problem calls for a different treatment, let me suggest that you welcome back the Contour-Lastex model which has not been available since before the war. It will give you a firm grip and has an all-way stretch. I always admired adaptability, didn't you? Then on the other hand there's Le Gant—fits like a glove, I presume—and for the new nipped in line, JACOBSON'S has the "Waist-Wittler" (shades of Lillian Russell)—and is it cute! Now that you're in shape from the waist down, let's work upward and give a thought to the Perma-Lift bra—need I say more? Edith Lances bias cup forms an unbiased opinion of you—good too—and Mme. Adrienne, bless her heart, has an especially low cut bra to wear with the new low cut décolletage—wool! wool!

If you've been wondering what became of those nice men, Ed and Ray, who served you at Deets the past 13 years, you will find them ready to serve you now at their own market, THE GROSSE POINTE FISH and SEAFOOD MARKET. If you want to pick out your own fish you will find them on Mack Avenue between Moross and Cook Rds. If you wish to have delivery service call Niagara 3884. THE GROSSE POINTE FISH and SEAFOOD MARKET provides scallops, live or cooked lobsters and cooked shrimps—bulk and shell oysters—various types of clams—all fresh water and salt water fish in season—What else could you wish? Caviar? Well, you can go to Russia—I'd rather fish at Ed and Ray's.

THE PAUL GACH STUDIO has been busier than a one-man photographer, and now will be even busier as portraits can be made at home once again. The well known Wright Gedge is now associated with the Paul Gach Studio. This is good news for those who know Mr. Gedge's excellent work and a happy surprise package for those who don't. If you're a mother, you and Mr. Gedge will have a lot in common as he "specializes" in children—if you're thinking of re-presenting yourself for Christmas in a way you like to be thought of—call the PAUL GACH STUDIO for an appointment—TUxedo 1-0500—and do it now.

Hoover's running again, not for president—but doubtless in the White House—because they're running in the best run houses everywhere. THE GROSSE POINTE HOME APPLIANCE COMPANY on Jefferson, between Lakepointe and Beaconsfield, is being kept on the run with the orders for Hoovers. There are four models to meet the needs of all housekeepers and their purses. The Hoover Triple Action cleaner beats as it sweeps as it cleans. Sounds like live talk but it won't cut a rug, that's sure. Model 28, \$69.95, has many new features and sells for only \$1.95 more than its pre-war predecessor. The new Hoover DeLuxe Triple Action Cleaner—model 61—has many new features including a patented Hygienic bag for dirt disposal. This super deluxe model sells for \$89. The cleaning tools for both models sell for \$18. For those who like the cylinder cleaner—Hoover has model 50. This cleans by powerful suction and has a Dirt Ejector—2 handles for convenient carrying and storing; handy kit for cleaning tools, a Mothmizer and sprayer—that's bad news for the moths but it's all to the good for you for \$79.50, including tools. There's a commercial cleaner too, for you owners of buildings, hotels etc. The best recommendation I know of for Hoover cleaners came from my cleaning woman who has been getting into homes for years in a clean way—she says that the Hoover Company ought to pay her a commission as she advises so many of her employers to buy a Hoover when they trying to decide the best cleaner to invest in. All I can say is—ask the gal who uses one! Even though you're a Democrat ask the GOSSE POINTE HOME APPLIANCE COMPANY to show you how a Hoover runs, you'll love it. advts.

The tea will honor the association's new president, Mrs. William Rossiter, a member of Chi Omega. In attendance will be officers of Chi Omega sorority, past presidents of Panhellenic presidents of all sororities and fraternities represented in Panhellenic and all national Greek letter officers stations in Detroit.

Mrs. Walter E. Bauman is chairman for the day and will be assisted by Mrs. Coulter, Mrs. Ralph Dieterle, Mrs. John Lynch, Mrs. William Osband, Mrs. Paul Bruske, Mrs. E. J. Lonn and Mrs. Robert Kuhne.

Love holds people. Anything else either drives or disregards them.

**FRIEND OF THE FAMILY**

Mother's gone. Should the children be placed in a home? Will strangers understand little Jimmy's fear of doctors and his sister's penchant for bringing home stray cats? Or can the family remain together? Helping people solve family problems is the job of the family counseling service, one of the Red Feather services of the Community Chest. Marital difficulties, personality disturbances, illness, economic difficulties and worry about children are fertile seed for family breakdown and divorce. PEOPLE IN DIFFICULTY BENEFIT from the help of the family service. EVERYBODY BENEFITS — because the community prospers only as it masters the problems of everyday living. Support family services through your Community Chest. This saves another campaign.

**Phyllis Hayes October Bride**

Mrs. Henry Adelbert Rossmiller was Phyllis Jeanne Hayes, daughter of Mr. and Mrs. Lawrence Anthony Hayes of Pemberton road, before her marriage in St. Ambrose Church Saturday morning, October 11.

### Aloma Nearing Silver Jubilee

Grosse Pointe's first theater, The Aloma at 15001 Charlevoix at Wayburn, is approaching its Silver Jubilee. It is now closed for an extensive modernization program. This is the second time the theater has been largely rebuilt since its construction nearly a quarter of a century ago by George Pinchet.

Improvements now being made include the installation of 1000 Heywood Wakefield theater chairs, new RCA sound equipment, complete carpeting by Mohawk, new RCA projection equipment and a new concrete "bowl floor" for unobstructed vision.

A year after Mr. Pinchet built the theater the late Fred De Lodder, Sr. formed the Aloma Corporation and purchased the building. Fred De Lodder, Jr. is the present head of the company. A. W. Heuser has been man-

ager of the Aloma for more than 24 years. He said this week that many of the youngsters who attended the theater in the early days, some of whom participated in the popular Saturday Kiddie Talent Matinees, are now taking

their own children to the present day showings. Mr. Heuser recalled that when the original film version of the "Hunchback of Notre Dame" played at the Aloma the throngs seeking admittance rushed the

doors and jammed the aisles before they could be halted. The reopening date of the Aloma will be announced soon.

Don't take yourself too seriously—others don't.

JOHN A. COWAN, son of MR. AND MRS. WILFRED COWAN of Harcourt road, Grosse Pointe Park, is enrolled at Alma College as a freshman. He is a 1947 graduate of Grosse Pointe High School, and will major in history.

## What Does This Figure Represent?

It's the number of school children transported by the Lake Shore Coach Lines during the 1946-47 school year. It includes children ranging in ages from kindergarten through high school.

NOT ONE of these children sustained an injury during that period, or in any other period in the past fifteen years during which this coach company has been transporting pupils to and from Grosse Pointe schools.

The drivers and mechanics who operate and maintain these buses have asked us for an increase in wages, which we believe they are entitled to, but the financial condition of the company prevents us from granting the increase unless the prevailing rate of fare may be increased.

To maintain our present standard of service, we believe we should have your co-operation and good will in accepting any necessary increase in fare so that we can retain these same careful, courteous employees in continuing to transport the school children and the general public, as well.

The prevailing fare within Grosse Pointe for both school children and adults will not be affected. Any increase in fare would pertain only to inter-zone transportation.

Gift Touchdown Wins for Devils

Sports

G. P. High Shares League Lead By Beating Monroe

Trojans Are 13-6 Victims of Local Eleven for Second Border Cities Loop Victory; Don Miller Stars With Fine Runs

By FRED RUNNELLS

A gift touchdown in the first minute of play gave the Grosse Pointe Blue Devils their margin of victory over the red-shirted Monroe Trojans last Saturday, October 11 on the Pointers' home gridiron before a large partisan crowd.

A holding penalty against the Trojans on the kickoff placed the ball on the Monroe 15 yard line and a Monroe fumble recovered by Grosse Pointe on the first play of the game gave the Blue Devils the ball on the Trojans 5 yard line.

Two line plays, Jerry Allen going to the 3 and Jim Flom smashing off right tackle from the 2, scored for the Blue Devils. "Biggy" Flaughers' conversion split the uprights and the Pointers were out in front, 7 to 0.

It was all Monroe for the balance of the first quarter as the Trojans launched a ground attack that made the Grosse Pointe forward wall look like a sieve.

After Eldridge, Monroe's star, had taken Flaughers' kickoff on the Trojan 19 and brought it back 22 yards to the Monroe 41 the Trojans marched to the Blue Devils 13 before the Blue Devils defense stiffened and they took over on downs.

Grosse Pointe's attack netted a scant 6 yards before Herb Gerhard was forced to punt on third down to the Monroe 49.

Again the Trojans ran through the Blue Devils at random and drove to the Pointers 16 yard line where they lost the ball when Webb recovered a fumble to halt the drive as the quarter ended.

To open the second quarter Gerhard punted to the Monroe 45 and Eldridge ran the ball back to his own 49. The Trojans made it a first down on the Grosse Pointe 37. A 15 yard pass interference penalty against the Devils placed the ball on the Pointers 18.

Three line plays netted Monroe's only touchdown, with Eldridge climaxing the drive with a swell off tackle smash to score standing up. The kick for the extra point was wide and the Trojans trailed 7-6.

The second quarter ended with Monroe filling the air with passes in an attempt to notch another touchdown before time ran out, but all attempts were incomplete, and the Blue Devils held a scant 7-6 margin at half time.

The Grosse Pointe Marching Band, under the direction of Dewey Kalember, put on a splendid display of precision marching during the half time intermission.

In honor of Columbus Day the band formed a ship representing Columbus' "Santa Maria" and then formed the numerals 1492 while playing the song "Columbia, the Gem of the Ocean."

The cute drum majorettes put on their usual display of baton twirling to climax the entertainment.

To start the third quarter Monroe kicked off to the Grosse Pointe 21 where Jim Flom took the ball and ran it back to the Blue Devils' 40. Again the attack stalled and Herb Gerhard punted deep into Monroe territory on the 14. Eldridge appeared to be stopped at that point but managed to move up to his own 24 before being called down.

The Pointers' forward wall stopped the Trojans' attack cold and Monroe was forced to kick on fourth down. Jim Flom took the Trojans' punt on his own 37 and returned it eight yards to his own 45.

On the first play Gerhard passed to Allen, which was good for 13 yards to the Monroe 32. After an incomplete pass Jim Flom scampered around right end for 17 yards to the Monroe 15.

Don Miller fumbled on the next play and Monroe recovered on its own 10, halting Grosse Pointe's bid for another score.

Monroe kicked out of danger to mid-field on the first play.

Grosse Pointe only required five plays to score its second touchdown from midfield.

Don Miller started the attack, making four yards on the first play and then thrilled the crowd with the longest run of the day when he swept around right end and streaked down the sidelines in what appeared to be a touchdown jaunt. But he was pulled down from behind on the Monroe 9.

Jim Flom carried the ball to the Monroe 4 and then passed to Flaughers on the 2. This set the stage for Miller to redeem himself for his fumble earlier in the third quarter and he smashed over left tackle for the remaining 2 yards. Flaughers' kick was no good and the Blue Devils were out in front 13 to 6 which was their margin of victory and gave them their third straight win in as many starts. It was the Blue Devils' second Border Cities League victory.

Scat Back

DON MILLER, 155 pound Blue Devil scat back, practically won himself a starting berth when the Pointers meet the Wyandotte Bears, October 18 by his excellent play in the Grosse Pointe-Monroe game last week.

Although he fumbled and lost the ball on the Monroe 4 yard line, he redeemed himself four plays later when he scampered 35 yards to set up the Blue Devils second touchdown and then climaxed the drive with a 2 yard plunge for the score.

Picture by Fred Runnells

ended just short of the Monroe goal line as the game ended.

Don Miller, Grosse Pointe's 155 pound halfback, was the star of the game with his fine running. Herb Gerhard's long punts repeatedly kept the Pointers out of trouble. Jimmy Flom played his usual good game.

The Blue Devils' line, although weak in the first half, came through in fine style in the second half to protect their small lead.

Monroe's triple threat back Eldridge sparked for the losers and it was the opinion of many that if the Trojans had not had his services the game would have been a walk-away for the Blue Devils.

Monroe had only won one game before meeting Grosse Pointe, that being against Melvindale in the season's opener. The Trojans lost their first B.C.L. contest to Bros. Inc., 2-2, Cap't Frank Thayer-league tilt to River Rouge for a 2 to 1 record.

Grosse Pointe will travel to Wyandotte on Saturday, October 18, to meet the Wyandotte Bears, reported to be the strongest in the league.

At this writing the Blue Devils and the Bears are tied for first place in the league standings at two victories each. This game could very well decide the B.C.L. champions.

From Joe To You

by Joe Fromm

Grosse Pointe football fans saw one of the shortest forward passes around here last Saturday at the Monroe football game. Herb Gerhard, Grosse Pointe fullback, faded back to throw a pass. His intended receiver was covered by three Monroe players. Meanwhile the Monroe line charged Gerhard and at the last moment Gerhard spotted his teammate Jerry Allen standing about two yards away, just beyond the charging Monroe line. Gerhard lobbed the ball over the Monroe tacklers' heads to Allen. Allen caught it and raced about 25 yards. He advanced the ball 19 yards past scrimmage and Gerhard was about 10 yards behind scrimmage.

McBride of St. Charles was carried off the gridiron Sunday in the game between St. Paul and St. Charles at Grosse Pointe High School's field. McBride had a badly injured ankle before he entered the game and it was hurt again. McBride limped into the game first in the second quarter, tossed a touchdown pass, and limped out again.

If some of the Grosse Pointe football rooters looked closely they would notice that Bill Anderson, Grosse Pointe left half, wears low cut football shoes. These are a professional type. Jim Scullen, St. Charles shifty back, also wore a pair in the St. Charles game Sunday.

Grosse Pointe and Monroe really made about-face changes Saturday between halves. In the first half Grosse Pointe gained only 37 yards while Monroe piled up 109 yards. In the second half the tables were turned and Grosse Pointe picked up 167 yards and Monroe only could get 12.

The Border Cities League standings are:

Table with 2 columns: Team Name and Record. Lists standings for Grosse Pointe, Wyandotte, Fordson, etc.

Games of Oct. 17: Royal Oak at Monroe (night).

When Grosse Pointe reserves arrived at Fordson Friday the vast Fordson stadium was packed to capacity. On hand were drum majorettes, cheer leaders and the rest of the works. At first the reserves thought that the crowd had come to see them play but they found out that Fordson was having a pep rally for the Fordson-Catholic Central game the following day.

For all those fans who want to go to Wyandotte Saturday and don't know where the field is: it is located on Eureka three blocks north of West Jefferson in the city of Wyandotte. The school is called the Roosevelt School in Wyandotte.

Holzbaugh Tops Bowling League

Cap't. Ken Maidment of Harrison Carpets gave his boys a pep talk before game-time and they responded by clipping Piche's Barbers for a 4-0 win.

Punch & Judy Cocktail Lounge gained on the leaders by whipping Farms Market, who were handicapped by not having their full team there. Mondry Cleaners, after losing the first game, came back and won the next two, and total pins—result Mondry Cleaners 3 and G.P. Review 1.

Chris Robb was the big gun as Middle Atlantic Transp. spilled Martin Outboard Motors 3-1. With Dave McCarren rolling 611, including a 234 game, the best Motor City Tires could do was break even with Houston Bros. Inc., 2-2, Cap't. Frank Thayer again having another good night (594) for Houston.

Holzbaugh Motors were held to a 2-2 decision by Wolverine Chips, Potter, for Wolverine using his brand new ball.

MATT PATTERSON, Grosse Pointe High School Varsity Club president, indicates to JIM FLOM, secretary-treasurer, the number he should letter on the card which CAPTAIN TOM DEWEY's dad will wear during the Dad's Day ceremonies to be held November 1 when the Blue Devils meet Fordson High in a Border Cities League contest. Athletic Director Frank Banach has been making plans for the Dad's Day celebration for the last three weeks, even before the NEWS made the suggestion in an open letter to the Varsity Club in the October 9 issue. Dads of the boys on the varsity team will be honored between halves of the game and will see the contest from the players' bench.

St. Ambrose Title Hopes Fade After Scoreless Tie

St. Rose Holds Pointers in Check When Tallies Are Threatened; Tom MacFarland and Truman Wills Stand Out

By JOE FROMM

St. Ambrose just about lost all hope of capturing the second division Parochial League football title when they played a 0-0 scoreless tie with St. Rose Sunday.

Last week St. Ambrose lost a close game to St. Martin, which now leads the league with four wins and no losses. St. Charles, which defeated St. Paul Sunday, is near the top with three wins and no losses.

St. Ambrose marched within the St. Rose 30-yard stripe four times but each time lost the ball either on a fumble or downs.

In the first quarter St. Ambrose marched from its own 28 to the St. Rose 20 in 10 plays for a total of 52 yards. A fumble recovered by Kane of St. Rose halted the drive.

Tom MacFarland and Truman Wills sparked the drive with runs of 11 yards each.

St. Rose marched 57 yards in the second quarter to the St. Ambrose 12 before being stopped by a fumble that was recovered by St. Ambrose.

St. Ambrose turned right around and moved 58 yards back to the St. Rose 30-yard marker. In the second half St. Ambrose received possession of the ball on its own 3 on a St. Rose punt. In 13 plays and five first downs St. Ambrose moved to the St. Rose 24 before the defense stiffened. The game ended with St. Ambrose on the St. Rose 22. St. Ambrose seemed to miss its quarterback Tommy McFayden, who was injured in the game the previous week.

Blue Devil Reserves Beat Fordson As Jenkins Stars

By JOE FROMM

Grosse Pointe High School's reserve football team won its third successive game of the current season Friday when it downed a powerful Fordson eleven on the Fordson gridiron, 12-0.

Jerry Jenkins, Grosse Pointe's fullback, scored both touchdowns with runs of 27 and 42 yards.

The first Grosse Pointe touchdown was set up when Bill Pierce recovered a Fordson fumble on the first play of the second quarter on the Fordson 30-yard market.

Skip Downey was stopped for no gain and Jenkins picked up three yards through the center.

On third down, Quarterback Bill Jackson took the ball on a "T" formation and lateraled it to Jenkins, who circled left end for a touchdown. Spike Quirk's kick was no good.

In the fourth quarter, Grosse Pointe took a Fordson punt on the Grosse Pointe 44. After Skip Downey was stopped at the line of scrimmage, Spike Quirk passed to Downey for 14 yards, moving the ball to the Fordson 42.

Jenkins then scored on the same play that accounted for the first touchdown. Grosse Pointe caught Fordson napping when they hiked the ball before any signals were given. Quirk's kick was not good.

Jenkins received some excellent blocking support from his teammates in both of his touchdowns, runs.

The closest Fordson came to scoring territory was on a 38-yard march after the opening kickoff to the Grosse Pointe 26. A fumble, recovered by Bill Jackson, stopped the Tractors at this point.

Grosse Pointe looked weak on its pass defense. Fordson completed 6 out of 11 passes for a total of 128 yards. In the three games played by the reserves this year, the opposing teams have 16 out of 41 passes for a total of 313 yards.

This is the first time that a reserve team has defeated a Fordson reserve team in several years. Friday the reserves will meet Highland Park at the local gridiron. The game will begin at 4 o'clock. Last year the reserves lost to Highland Park, 13-6.

### Park Promises Cooperation In Food Saving Campaign

President Parshall of the Park read a telegram at the Commissioners' meeting on October 13 which he had received from Charles Luckman, director of the President's Food Conservation campaign, asking the cooperation of the village in the national food saving movement.

Mr. Parshall and Commissioner Gillett expressed the through that all patriotic citizens should cooperate fully with the request of the national authorities in food saving. This was the senti-

ment of the whole Board of Commissioners.

Their opinion was expressed in the following letter which President Parshall wrote in the subject:

Grosse Pointe News, 99 Kercheval Ave., Grosse Pointe Farms 30, Mich. Gentlemen:

This is to advise you that I have received a telegram from Charles Luckman, Chairman, President's Citizens' Food Committee, urging that our community assist in the Food Conservation Program so that we may extend aid to our less fortunate brothers in Europe.

We naturally urge and know that all of our citizen will cooperate in this conservation program. It is possible that the program outlined at present may not be fully effective and that it will need revision in order to accomplish its purpose.

In view of the fact that we

have so few restaurants and no hotels in our community, I have not as yet appointed a local Citizens' Food Committee.

Yours very truly,  
HOWARD F. PARSHALL,  
President Village of Grosse Pointe Park.

### Kid Bits

By Mary Prev

Could it be that the fall weather is bringing the recent increase in junior social activities, or are folks just now beginning to get back into the swing of things? Whatever it is, the effect certainly showed up last week-end and when EVERYONE was caught in a whirl with a full calendar.

HARVEY RIEST was the honored one at the Detroit Athletic club on October 10. It was Harvey's birthday anniversary, so DOUG BUCK got the bright idea of getting the crowd together for dinner and dancing.

Doug did it up in a fine way when he seated the guest of honor with his date, Ann Barker, at the head of the table, and Bill Beardslee, Patsy Erskine, Harry Mack and Janet Dalrymple around. Marilyn Smith was Doug's date for the jolly celebration.

Other birthday festivities were going on in 16355 East Jefferson that evening when ADELE HUEBNER turned 15.

Dinner was served to Sandra Findley, Susie Spurrier, Dolly Limbrock, Jane Fordon, Beverly Wills, Nancy Blough, Judy McKiel and Andrea Gerry. When the birthday cake was brought out, the girls joined in singing "Happy Birthday" to Adele. Sue Kitson, Ann Young, Sue Essington, Joyce Clements, Mary Schmidt, Charlotte Smith, Betsy Huette and Mary Mohr eating, singing and later playing bridge.

MARILYN FAUST was also in an entertaining mood that night, for she invited Diane Cooley, Maureen Crain, Dolores Anschuetz and Margot Cahal to dinner at the Stockholm's smorgasbord. Jeannie Morris, Mickey MacFarlane and Clair Jacobs were at dinner, too, and later the crowd went to the hostess' home on Lakepointe for chatter, and maybe even a few winks of sleep (!)

Oh, and before we get off the subject of slumber parties, want to mention the jolly one over at NORMA STENROD's! Rosemary Rae, Mona Pick, Sal-

ly Smith, Margie Stoerkel, Jeanne Jorstad, Patty Burns and Amy Morrison were Noorma's guests for the night.

Oops—mustn't let MARILYN WALTERS' 16th birthday slip by without mention! Several of Marilyn's girl friends donned their blue jeans to spend the evening playing bridge at the Walters home.

Shiela McRae, Janet Hobson, Merry Bauman, Norma Neeb, Meeky VanZanen, Jane Lundgren, Lois Holtz and Gail Wright were there wishing their hostess a happy birthday.

—And then there was MARILYN MATHEWSON'S coke party on the same evening. Skirts and sweaters were worn by the girls playing bridge, and the gals were Julie Bowman, Corky Schwem, Pat Rossiter, Barbara Gregory, Peggy McCarten, Edith Waldboott and Pat Liddle.

JOANNE RUSSELL and MARILYN SMITH spent all day Saturday day visiting friends in Ann Arbor. Those two gals were graduated last June from Grosse Pointe high school, and they know many folks now attending the university. Sounds as though they had a grand time seeing the sights and talking with old friends!

The round of entertaining was just as great on the 11th as on the night before, and just to prove it—

There was the treasure hunt given by BARBARA BAUMAN and SPARKIE FARQUHAR. The party was centered around Barbara's house, for that's where folks met and later returned for food and dancing. Gary Langseth was there with Ann Candler, Dan Burke was with Alice Neville, Clare Weaver with Barbara Brown, Dick Heidrick with June Moffat, Fritz Biy was there with Judy Gehlert, Hill Pierce was with Margie Heitl, Bill Pierce was with Betsy Waldboott and Rich O'Connell was with Joan Treffy. That's just a few of the many treasure seekers!

Somewhere along the shoreline of Lake St. Clair a crowd from St. Ambrose high school found a perfect spot for an out-of-door supper.

The fellows supplied the food for their dates. Couples were Dotty Denudt and Dick VanSlem-brouck, Sue Hergenrother and Skippy Beauvais, Lizzy Sullivan and Don Byrne, Marie LaBonty and Bill Kiels, Shiela Heily and Ray Schneider, Jean Korte and Pat Feeney.

It couldn't have been more ideal than it was—red glowing coals—a starlight snack—sitting back and gazing at the twinkling ceiling—and above all, that chilly fall weather to work up one's appetite!

October 11 was one of the most wonderful evenings we have had for parties out in the open. Folks were bundled up in their old jackets and shirts for PAT MARTIN'S hay ride.

Kids drove all the way out to Rochester for this big event, and it was well worth it! They piled on the hay wagon and were off for an exciting hour, returned to the huge lodge for a hot supper of chile or spaghetti, and sat back to watch the floor show of trained animals between dances.

There was a long date list for this thrilling occasion, and we'll name a few. Pat's date was John Corfield, while the other Martin gal, Sue, was with Clark McPhail.

Marilyn Wroblos was with Tom Follis, Sallie Hoyt was with Stuart Ward, Gloria James was with Ted Laitner, Elaine Cabot was there with Add Smart, Joanne Lyons with Bob Sharp.

Marian Rennie was seen there with Tom Willson, and Lois Buck with Bob Coleman. Carroll Grylls and Bob Harisen, Carol Stewart and Bert Spurrier, Marilyn Smith and Bill Joop and Joanne Quandt and Ed Karr were there also.

Our list winds up with Pat Liddle and Bob Shaw, Joyce Schrieber and Rob Phillips and Betty Pesamoska and Joe Fromm.

SHARRON ARNOLD had her crowd over for a gay evening of chatter. The gals relaxed in blue jeans at the Arnold home. Guests were Joan Ghesquiere, Patty Burns, Margie Stoerkel, Marge Schulte, Shirley Davis and Mona Pick.

After Grosse Pointe High's football game, TOM BARO and his crowd left for Anchor Bay where the Baro's cottage is. Sally Smith was with the host. They spent the rest of the day there eating and talking.

Amy Morrison and Kirk Walsh, Joan Ziegler and Doug Buck, Jeanne Jorstad and Phil Robertson and Nancy Brill and Jack Flattery were there.

In the back yard of the GRYLLES home, CARROLL entertained 30 girls before the football game. They cooked lunch on the grill, and you should have seen them perk up when the first tantalizing smells of that good lunch filled the air!

Again, we can only mention a few of Carroll's many guests, viz., Katy James, Rut Jaques, Gail Wright, Sally Andrus, Meg MacKenzie, Norma Neeb, Pat Perrone, Merry Baumann, Jean Dowzer, Janet Hobson, Ann Hinchman, Jeannie Webb, Nancy Georgi, Meeky VanZanen and Jane Lundgren.

CAROL BRIGGS was another before-the-game luncheon hostess. Carol's guests were Mary Whitcomb, Maryanna Larson, Marilyn Bower, Marilyn Mathewson, Peggy McCarten, Pat Rossiter and Barbara Gregory.

Games and sandwiches were on hand at PAT MANN'S get-together on the 11th. Peggy McCarten, Janis Woodruff, Phyllis Hannah, Marilyn

Shay, Barbara Goodrich and Pat Rossiter were there exchanging the latest hear-say.

The U.D.C.'s topped off the whole week-end with a picnic at the Park's park. There were quite a few of the church's young people there. Peggy McCarten, the Waldboott gals—Edith and Betsy, Margaret Barnard, Dave Meeker and Doris Simms were there.

NATALIE MARIE ZANNOTH whose engagement to William S. Potter IV was recently announced by her parents, Mr. and Mrs. Herman Zannoth of Berkshire road. Her fiancé is the son of Dr. and Mrs. William S. Potter of Marne avenue, Detroit.

Park Reluctant To Grant Permit

The case of A. Serra, a wholesale fruit dealer in Detroit, who made application to the Park to build a building at 15019 Kercheval for a combination store and garage several weeks ago, was up for another airing at the council meeting on Oct. 13.

Mr. Serra, speaking through his counsel, was most anxious to get permission to go ahead with his building. The objection then and now is that such a large proportion of the floor space of the property was to be used for the storage of large trucks. The store itself would occupy a space only 20x30.

The consensus of council was that permission for a store would be given readily, but they were opposed to a structure there which would allocate so much of the total space to truck storage. No action was taken and Mr. Serra will be back soon with another plan for his building, which will more nearly conform to the wishes of the Commission.
