Property Owners In Woods Claim Agreement Violation In Commercial Development

Residents Adjoining Immense Parking Lot Off Mack Want Sloan to Adhere to Promise to Erect Adequate Green Barrier

The big Sloan development on the westerly side of Mack avenue from approximately Moross road to Bournemouth which was first started in the Woods nearly two years ago and has now made substantial progress, ran into trouble on the big parking lot planned for the use of the customers.

The private property owners along Raymond parallel with Mack and on Bournemouth at right angles with Mack claim that the parking lot which has already been paved over occupies so much of the Sloan property that it leaves nothing for the green barrier which Sloan agreed to erect between his property and the adjoining private properties. It appears that Sloan intended to use the easement in the rear of the private properties on Raymond and Bournemouth as the site for the green barrier.

The Grosse Pointe Woods Colonial Village Subdivision Property Owners Association, representing the private property owners in the area, speaking through the president of the Association, Henry C. Pratt, said, "nothing doing." They claim that the easement is a part of their properties and that Sloan had no right to presume on using it as a location for the barrier which he is under \$5,000 bond to erect.

The property owners claim this easement is reserved strictly for the use of the public utilities which need ingress to the properties to service them. They claim that Mr. Sloan should have reserved a sufficient part of his own property for the barrier. Instead he has gone ahead and paved over practically his whole available space for a parking lot. It is reported that Sloan aims at having the largest private parking lot in the world.

\$125 Taken in 1940 Raid Turned Over to Park Police Benefit Fund

The more liberal days of Grosse Pointe, when the rarified air of this sacrosanct community was occasionally polluted by "sportive tricks," were recalled at the Park Commissioner's meeting Monday afternoon by a request for moral guidance by Chief Lowers on the disposal of certain moneys that had been kicking around the police department for all too long.

On May 3, 1940 the local minions raided what is known in police parlance as a "Pony Joint" at 15112 Jefferson avenue, emblazoned with the title of the Ideal Paint and Supply Company. Apparently more than paint and varnish was dealt in on the premises as the raiders garnered in about \$125 which was conspicuously lying about. Ever since that happy distant day, this \$125 has been held by the department as a standing nuisance to each chief of police.

The sad incident happened right after the Park reformers thought they had cleaned up all such establishments in the local purlieus and the discovery was a rude shock at the time.

Woods Tilt

(Continued from Page 1) its own property for the required barrier.

It would be an expensive undertaking to tear up the pavement and plant trees and shrubs, which they may have to do unless some agreement can be reached with the property owners adjoining to use the easements which they unquestionably own.

When interviewed on the matter on Tuesday afternoon Mr. Sloan said the whole issue had been raised by a mistake the Detroit Edison company had made when it planted their poles directly along the edge of the easement on the far side from the private properties.

This had led to a misconception of the situation by the property owners. He thought if the poles had been planted in the center of the easement there would have been no question raised as to the propriety of planting trees and shrubbery on both sides of the line of poles.

There seems to be a considerable misunderstanding between Sloan and the property owners on the thickness of the green barrier. The property owners apparently want a barrier which will be in fact a green barrier broad enough to completely shut out the vision of the parking lot from the houses.

Mr. Sloan himself seemed to think a narrow line, two or three feet wide, of trees or shrubbery would be sufficient.

In discussing the parking lot Mr. Sloan laid great stress on the advantage it would be to the community in providing complete off street parking for that whole neighborhood, stating it would be the biggest such lot in the "whole state of Michigan."

With the hunting and camping season here, every woodsman owes it to himself and his country to follow the simple rules of safety with fires.

A Lady Likes to Be Treated Right

Ask any little girl who has exchanged burned-out lamp bulbs at an Edison office. She'll tell you she was treated like a debutante shopping for sables. For, although Detroit Edison supplies eight million new lamp bulbs to its customers annually, the Edison clerk never seems too busy to give her a smile and a cheery greeting.

Next time you need lamp bulbs, take your burned-out ones, along with a recent electric bill for easy identification, to your nearest Edison office. You'll find that the clerk is genuinely concerned with your needs and viewpoints.

And you'll find a willingness to go out of the way to help a customer, whether it be a little girl or a great-grandmother.

Saint Paul School Holds Open House

American Education Week Celebrated by Extensive Program at Grosse Pointe Boulevard Institution

In cooperation with the theme of American Education, "The schools are yours! Visit them", Saint Paul grade school held open house Tuesday, November 11, not only for the mothers and dads of the children, but also for any one in the community interested in education.

In order that they might better understand the talents and deficiencies of their children, the visitors were shown a typical school day. They were invited to sit through recitation classes where they were able to make comparisons, noting the responses of their own boys and girls in relation to others of their own age.

Hundreds of parents viewed the students' cumulative folders, holding the work of the first quarter. Parent-Teacher conferences were booked from 3:30 p. m. to 6 and from 8 until 9 p. m.

Besides the exhibits of the pupils' work, the parents also received literature from the Board of Health which the school nurse

had on display, backgrounded by attractive health posters. Student monitors passed out book notices of the latest and best books, with Christmas shopping lists supplied by the VanAntwerp Library.

Another feature of Education Week at Saint Paul's was the students' "American Education Bulletin," which held a resume of the activities of the week.

The Catholic schools' observance of American Education Week emphasizes the fact that Catholic schools and public schools are partners in American Education. Side by side they function together in preparing boys and girls for the responsibility of American citizenship.

It is the aim of the Catholic school system to impress upon students the fact that there are thousands of less fortunate American youngsters who are deprived of an opportunity for a decent education.

The nation faces an educational crisis as both public and parochial schools are beset with financial problems. Only a better understanding and a greater appreciation of the school's function in American life will arouse the public to an active interest in the needs of the Nation's schools.

To live peacefully with one's neighbor in a democratic world one must have a universal education which aims at the right philosophy of life; that is, man is an intellectual, moral, social, and responsible being living in a world with other human beings for the purpose of working out his own salvation and returning the God who made him. This is the Christian-American way of life which every United States citizen should seek for his children.

There's no use nationalizing industry unless industry is inspired with the spirit of national service—and then you don't need to.

Link Bandit To Park Job

Negro Shot in Toledo Caught With Check Stubs From Pointe Packard Branch

Detective Enders of the Park police department went to Toledo on Tuesday morning, Nov. 11, to have a long-sought interview with one Lee Johnson, colored, who was suspected of knowing more about the burglary in the Packard Motor Company sales and service quarters on Sept. 4, last.

On that night the place was burglarized and a car belonging to Mrs. Julian Bowen of 16628 E. Jefferson, was stolen. The car was later recovered. Suspicion was directed at once towards Johnson who had been an employe of the place and disappeared at that time.

On Saturday morning the Park police received word that Lee Johnson, colored, had been wounded and captured by the Toledo police following an attempted holdup by him. They found on his person stubs of checks issued by the Packard company and at once notified the Detroit and Park police.

Sewer Project Strikes Snag

Village Manager Lane reported to the Board of Village Commissioners of the Park at the meeting on Nov. 10 that the work on Sewer Project No. 2 of District No. 2, which had been let to the Rossi Construction Company, was not progressing satisfactorily.

This job had been let to the Rossi concern after it had been withdrawn from the DePompolo concern on recommendation of the sewer committee. The DePompolo bid had been \$87,000 and that of the Rossi concern had been \$83,000.

The Park Commissioners were congratulating themselves on the saving of upwards of \$4,000 for the village, but the discouraging report submitted by Mr. Lane has placed another face on the question.

Mr. Lane spoke of inadequate equipment and tardiness in getting under way by the new contractor. Mr. Lane recommended that further patience be practiced for a while, but if the whole project bogs down there will be no alternative for the village but to call Rossi off and look to his bonding company to complete the job as provided for in the contract.

There was no concern expressed over the village losing anything on the job, but the possibility of delays and complications looms imminent.

CAR MIRRORS STOLEN

Wilbur D. Squier of 871 Philip, Detroit, reported to the police on November 7 that two chrome mirrors were stolen from his 1947 Chrysler car while it was parked on Waterloo in front of the Neighborhood club.

Police Expect 'Bottoms Up' To Turn Up at Lake Bottom

City police suspected this week that the 18-foot cabin sloop "Bottoms Up" might be in just the position its name applied at the bottom of Lake St. Clair.

The boat could not have been sailed away, they reasoned, because it was in damaged condition, having only recently been retrieved from the lake, where it had been in a "bottoms up" position. They were sure no one would have gone to the effort of removing it by land.

Jewelry Theft Charges Dropped

No prosecution will be made against Nancy Ann Babcock, 17, who quit her employment in the home of Mrs. Betty Conway of 129 Mapleton road, simultaneously with the disappearance of jewelry valued at more than \$200.

Nancy Ann, who was in such a hurry to get home to Lake Orion, Mich., that she left her suitcase on the curb when she boarded a Pointe bus; confessed to the theft when interviewed by Detective Sergt. Elmer Labadie. She had turned the articles over to a boy friend. They have been recovered and Mrs. Conway does not choose to prosecute.

The jewelry had been given to Robert Miller of Onaway, Mich., paroled from Jackson Prison on a robbery armed charge. Nancy Ann's father went to Onaway and got the jewelry back from Miller's brother. Miller had skipped and is sought for parole violation.

Sergeant Labadie will report the final disposition of the case to the Women's Division of the Oakland County Probation Department, which recommended warrants.

Park Transfers Truck Contract

The Park village has been greatly hampered in its garbage collection work by its inability to obtain a load packer garbage disposal vehicle for which it had contracted with the Gar Wood concern many months ago. The Gar Wood company has not been able to obtain the type of body for which the contract called.

At the council meeting on Nov. 10 it was decided to give the body contract to the Heil Collector-Pak concern. The price will be \$200 less than the Gar Wood contract and delivery is guaranteed within 30 days.

Two Cars Damaged In Crash on Jefferson

Both cars were damaged in a collision Nov. 5 of cars driven by Richard Towar, 251 Hamilton, and Albert Guy, 478 Cloverly, at Nottingham and Jefferson. The car driven by Towar and owned by Dorothy Towar, also of 251 Hamilton, was turning from Jefferson into Nottingham. A violations ticket was given Towar.

Rotarians See Marine Corps Films of Saipan, Iwo Jima

The members of the Grosse Pointe Rotary Club were treated to a showing of authentic war pictures at the meeting Monday night at the Whittier. It was a part of the Armistice Day observance. The speaker was Lieutenant Colonel William F. Whittaker, of almost 30 years' service in the United States Marine Corps.

The pictures in color were the work of the official photographic corps of the Marine Corps and were of the actual battle combat operations of the Corps in the taking of Saipan and Iwo Jima. The latter operation, Colonel Whittaker said, represented the 26 days of the most strenuous operations in the entire history of the U. S. Marine Corps.

Those who saw the pictures could well believe the Colonel's statement. There was none of the glamour ordinarily associated with the Corps' colorful history, but it was a gripping portrayal of the truth of the Corps' adage that the Marines had landed and had the situation well in hand.

The realization that the battle scenes were actual brought a new appreciation to all of the audience of the desperate work this gallant corps is called on to

this country and of peace for the world is a great military power in being.

The taking of these pictures, the Colonel said, had cost the lives of many of the official photographic corps.

Workman Hurt On Sewer Job

H. W. Walker, 38, of 2131 LeLand, Detroit, was knocked unconscious in an undetermined manner while working on a sewer construction job at Nottingham and Kercheval Nov. 5.

He was taken by Park police to Bon Secours Hospital for treatment. He received further treatment at Receiving Hospital but his employers, the Michigan Sewer Construction Co., said his injuries were slight and that he had returned to work.

The company is working on a City of Detroit sewer project.

To Give Lecture On Family Life

The final lecture in the Eastern Deanery's Family Life Conference will be given by Father James Hayes on Wednesday, November 19 at 8:30 p. m. in St. Ambrose Hall, Hampton and Maryland avenues. His topic will be "Problems of Adolescents at Home."

Famed Brother and Sister Duo to Give Pointe Recital

Teresita and Emilio Osta, unique brother and sister dance and piano duo, will appear on the Tuesday Evening Series of Grosse Pointe Lectures on November 18 at 8:30 p. m. at the John D. Pierce auditorium, Kercheval near Balfour. The Osts will present a program of Spanish and Latin-American folk music and dancing.

Emilio has been hailed by critics in North and South America as a virtuoso in his own right. His talents as a composer and a love of Hispanic music led him to years of travel and study in other American republics where he collected many little-known examples of Indian and Spanish-American folk music.

Teresita, equally talented in her chosen field, studied with the celebrated Cansinos and with other masters of Spanish classical dancing in Mexico City. She is as well known to movie fans as to concert goers, for besides concert appearances which included the Hollywood Bowl and the St. Louis Municipal Opera, she has appeared in such Hollywood productions as "Girl From the Golden West" and "Tropical Holiday."

The Osts were among the first in the entertainment field to realize the role that music and dancing play in furthering Inter-American understanding. Their program numbers, genuine in every way, reflect the traditions and customs of the Latin-American countries where they originated, and give North Americans a true picture of the culture to the South.

Reservations may be made by calling Niagara 2000, Ext. 25.

Boy, Injured by Auto, Improves in Hospital

Robert Rounsley, 17, of 3644 Wayburn, who was hit by a car in front of 1328 Wayburn last week while collecting waste paper in a Boy Scout drive, was reported improving this week at Bon Secours Hospital.

X-rays disclosed that the boy did not have a fractured skull. His collarbone was broken. August Sues, 1328 Wayburn, whose car hit the boy, was ticketed for failure to drive with due caution.

Park Employees Claim Disability

Charles Emery, an assistant mechanic in the Park village's garage, and Sergeant Joseph R. Vernier, of the Police Department, both long time employees of the village, have made application for disability pay. The procedure of the Pension and Retirement Fund, which is administered by the State, but wholly supported financially by the village and employees, requires that a physical examination of claimants be made and reported to Lansing.

This has been done and at the Council meeting on Nov. 10, Mr. Lane, the Village Manager, recommended that the men be placed on the disability payment list.

Neither man has yet served long enough to be qualified for permanent retirement, but if their disability continues long enough they would be automatically transferred to the pension list. The Board of Commissioners approved Manager Lane's action.

Motorist Sideswipes Auto, Is Given Ticket

Robert LaPerre, 21, of 4180 Lakepointe was ticketed by Park police Nov. 4 after the car he was driving west on Jefferson sideswiped one driven by F. E. Burke, Jr., 1018 Bellevue, going in the same direction.

Both cars were damaged in the accident at Jefferson and Whittier. LaPerre got the ticket on a charge of passing another car without due caution.

Reports His Auto Stolen But He Forgets Which One

Joseph Wines, 623 Lakepointe, was sure last week that a car had been stolen from him but, for a time, he was a bit hazy as to what car.

Wines called the Park police late on the night of Nov. 4 to report that his 1946 Plymouth sedan had been stolen that evening from his driveway. In the trunk, he said, were \$2,000 worth of caps and gowns and yellow gold class rings.

About noon, the next day, Wines called the police again to say that he had made a mistake, that the stolen car was not a 1946

Plymouth but a 1946 green Chrysler sedan. He said he had forgotten that he had sold the Plymouth and bought the Chrysler. Park police, wanting to be sure this time, asked if he were certain whether the merchandise was in the stolen Chrysler or the sold Plymouth. This time Wines was positive about it—the merchandise was in the stolen car, he said.

Chalfonte-Kerby Scene of Crash

Damage to the Gill car was estimated at \$75 and to that of Goller at \$25.

Brinks Home With 23,000 Feet of European Movies

Mr. and Mrs. Earl B. Brink of Berkshire road, Grosse Pointe Park, have returned from a five months' tour of Europe, bringing back with them 23,000 feet of colored film.

Mr. Brink was commissioned to make colored movies for Films of the Nation in New York.

The Brinks flew to Sweden June 9. He took extensive footage of Sweden, Norway and Denmark, and then proceeded to Germany, The Netherlands, Belgium, France and Switzerland. In addition, he visited Italy, England and Scotland.

Films Of The Nations shipped Mr. Brink's automobile to Europe so they could hit all of the "out-of-the-way" spots on his tour. They spent considerable time traveling on Scandinavia's canals, as well as driving and flying.

The Pointers landed in New York, October 27, returning to Detroit, October 31. Very shortly, the films will be available for free, private showings to civic, educational and religious groups. This has always been Mr. Brink's primary interest in taking his movies.

At present, he is considering an invitation to join an expedi-

tion to South America to record on film some of the unexplored regions of that continent.

Truck Hits Parked Car, Police Ticket Driver

Failure to have a chauffeur's license resulted in a ticket for Simon Arndt, 361 Arndt, Detroit, driver for the Davidson Market, 17015 Kercheval, after an accident last Thursday.

Adam, driving a light panel truck, hit a parked car as he turned from St. Clair into the parking lot at the rear of the Grosse Pointe Drug Store. Dorothy Sherman, 3821 Cadieux, had been driving the car, City police said.

Lake Shore Bus Rammed by Car

A Lake Shore Coach Lines bus and a passenger car figured in a crash at Kercheval and Moross on the afternoon of Nov. 10. Damage was slight.

Willie Thomas of 2156 Waterloo, driving east on Kercheval, ran into the bus, driven by David McNulty of 1012 Beaconsfield.

Parked Car Hit On Lake Shore

A car driving west on Lake Shore road rammmed into a parked auto at Provencal road on the night of Nov. 8. Considerable damage resulted but there were no personal injuries.

Thomas Joseph Shather, 19, of Lillibridge, Detroit, was the driver of the car in motion. The parked machine belonged to Harold Douglas Walter, 21, of Ashland avenue.

Total damage was estimated at \$175 with Shather's getting slightly the worst of the deal. Both drivers were insured and no tickets were issued.

The Memorial Project

The Grosse Pointe War Memorial Study Group complains that it has encountered much difficulty in its attempts to obtain any large expression of public opinion as to the form this memorial should take.

More than a year ago it made a major attempt along this line when it paid out \$300 in prizes for the best suggestions in writing from three different groups of the population, including high school students, veterans and citizenry at large. In addition to this it sent out printed circulars on the subject, inviting further opinion, which were delivered to nearly six thousand homes in the Pointe. From this attempt less than 250 responses came. The large majority of these favored a memorial public library.

It was largely in response to this answer that the Group made its recommendation that a library be the form of memorial. At that time it was expected the library would be located on school property in the vicinity of Kercheval and Fisher road and its maintenance would be assured by the Board of Education.

Since then the fine gift of the Murray Sales property at Lincoln and Jefferson to be known as the Jessie Sales Memorial Library, to the School District, has knocked askew the plan for a memorial library for the World War II dead of Grosse Pointe. Obviously there was not room for two public library properties in the Pointe; still less could the memorial designation be given to each.

It is said that the Group still inclines towards utilizing a part of the Sales property for a memorial to the war dead but realizes that this must be in some form which individualizes it apart from the library itself.

The great handicap which faces the Group however, and still faces it, is the lack of expression of public sentiment. This matter is wholly in the lap of the people of the Pointe. Not a single voice has been raised in opposition to a memorial of some character but there has been only a meagre expression of opinion as to what form it should take.

This Study Group has no further function than to investigate and suggest. In this it should have the cooperation of the citizens.

This paper will be happy to give full publicity to any and all opinions which citizens of the region may care to express.

The Study Group is determined not to suggest any form of memorial which creates an annually recurring expense for maintenance which must be met by periodic solicitation of funds from the citizens. All opinion thus far advanced favors a living memorial of some character. This implies the cost of upkeep to be met only by taxation or private contributions. It was this consideration which strongly inclined towards the library idea at the outset, where school taxes would assure maintenance.

This whole project is the responsibility of the people here. We cannot expect the young men and women who were in service to agitate for a memorial to themselves, nor for the fathers and mothers and relatives of those who gave their lives to take the lead in this enterprise. That is not the American way.

Everybody agrees that Grosse Pointe should have some permanent memorial to its war dead and to the men and women who bore the burden of the conflict.

We all agree that it should be something conforming to the character and quality of the community. The only way it can be achieved is by a community-wide thinking on the subject and community-board effort when the plan is finally formulated.

The Receding Wave

In recent days there has been a coincidence of events noted in different corners of the world which indicate that the communist wave has reached its crest and begun to recede.

There is a growing hope that this "cold war," of which Russia and ourselves are the chief protagonists, will stay cold and not fan into the hot conflict which leads to world suicide.

Most significant of these signs is a symposium of opinion gathered by the Associated Press from its correspondents in European capitals. These men are experienced observers, many of whom have had years of daily contact with leaders of thought in the countries where they have been stationed.

From Paris comes the statement that the communist element in France has lost ground since midyear. The recent elections in France confirm this opinion.

The volatile character of French politics often engenders demonstrations and situations which, to the uninformed, frequently portend a deeper significance than fact justifies. France's deep-seated regard for private property and free enterprise, which dates from the revolution of more than one hundred and fifty years ago, is basically undisturbed. This leads directly away from the communist ideology.

From Britain comes the assurance that the offensive started by Russia more than a year ago to force Britain into a middle position between the liberalism of the United States and the class despotism and state capitalism of Russia has failed and Britain's basic alignment with the United States is secure. The heavy conservative gains in recent municipal elections is supporting evidence of this.

In Rome the correspondent reports that the native communists have been increasingly handicapped by the American aid to Italy. This is a rock against which the communist technique of strikes and turmoil has maneuvered in vain.

The German report says that prolonged misery there "might put the communists across, although Soviet influence now is at the lowest ebb since the end of the war." The promise of help from the Marshall Plan is a heartening contrast to Russian stripping of Eastern Germany for reparations.

All of the reports from Europe stress the strengthening influence of the Marshall Plan as a bulwark against the communist tide. This of course prompts the natural query among Americans whether or not this sort of friendship and cooperation is not of the purchased variety, of no deeper or more lasting significance than our Santa Claus operations in the European lot after World War I.

Among reports of communist recession in other parts of the world is one from Australia stating that the Labor Gov-

Grosse-Exaggerations

A. PRYOR

"Apparently with no surprise

To any happy flower,

The frost beheads it at its play

In accidental power.

The blond assassin passes on;

The sun proceeds unmoved

To measure off another day

For an approving God."

(Emily Dickinson)

There have been a lot of funny gags about panhandlers and bums on the street asking for a hand-out, but one of the funniest happened last week in Grand Circus Park to a couple of friends of ours . . . gentlemen, that is. They were strolling through the park minding their own business when a seedy looking little man hailed them with a "hey there." When the two boys hesitated and looked in his direction, he said, "Could either of you gentlemen let me have \$250,000?" One of our friends said he'd be glad to, but couldn't answer for his pal. We were chagrined that they hadn't stopped to chat with the little man . . . but then everyone hasn't the long reporter's nose with which WE are cursed.

Have any of you women over forty ever looked in the mirror and thought . . . "I don't REALLY look forty . . . At that, I don't look as old as Elsie does and she isn't even forty yet . . . Maybe I ought to use a little more rouge?" Well, don't kid yourselves, girls. If you have a small daughter who isn't inhibited, let her hang around while you take your beauty treatments and you'll soon find out just how old you really look. For example, a woman told us her ten year old stood watching her one day while she was combing her hair. Finally the gal said: "You know, mummy, if you dyed your hair, people wouldn't know you were so old . . . that is, unless they took a good look at your face, of course." The unhappy woman is all of 37!!

If you're tired of reading the tid-bits we find in Christmas brochures, you'll just have to get used to it because we can't help going on and on. The one we found this week is a honey in any language. We were gazing longingly at what we thought was a large covered candy dish in pottery with flowered doo-dads here and there. Then we read the following description of the article: "A decorative and practical DENTURE DISH. All the family will value this safe place to keep artificial teeth. Can be filled with water and has air holes for ventilation."

All the family keeping their dentures together intimately in this bowl, brings up a lot of ridiculous possibilities. Anything might happen if grandpa was in a hurry to catch the bus or, say there was a fire in the house! We would suggest "denture tags" to go along with the dish. Then ma and pa and grandpa and grandma and maybe even junior . . . could all tag their own false teeth and let the tags hang on the outside in case speed was necessary. The thing could be carried further for extreme caution. The tags might be neon lighted in case any member of the family found it expedient to grab his teeth in the dark. We could go on and on this way . . . but why should we? Think up your own gags.

THE IDLE RICH DEPT.

Saw a picture in a recent Harper's Bazaar of Ethel Barrymore and her daughter Ethel Colt something or other. The young Colt was wearing a simple house-frauey pinafore . . . all girly-girly and ruffles . . . and on her hand was a rock the size of Gibraltar. Just the thing for the young housewife to wear while doing the dishes. GEE . . . we'd like to see the one she wears when she's dressed for show!

Bing-bang Bingay is so het up about Margaret Truman's singing career, we thought he might like to use the following item for his Pellucid Pillar. We promise not to sue.

It seems that a veddy well known and chic local matron spent the summer in California . . . staying at the . . . hotel together with her personal maid and two miniature poodles that she adores. During her stay there, Margaret Truman moved into the adjoining suite . . . together with her vocal teacher and a piano. Every time Miss Truman warbled the scales (about ten hours a day) . . . the dogs accompanied her . . . only LOUDER.

La Truman's singing teacher was horrified, upset, chagrined, and just plain mad. The howling of the dogs drowned out her pupil and did things to her nerves. She complained to the management and our local heroine was asked to move and to take her blasted dogs with her.

ernment in Victoria suffered a major defeat on the issue of the Australian federal government's proposal to nationalize the banks. From Nanking the Chinese National Government reports that the Communist offensive in Manchuria has definitely ended with the loss of 110,000 men in five weeks.

A report from a correspondent of the Christian Science Monitor on the day by day doings at Lake Success breathes out a strong note of optimism, inspired by the quiet, undisturbed confidence with which that body, representing the whole world, pursues its course. Efficiency, determination and complete balance is constantly in evidence. It is all a visual assurance that a rock has been built against which the waves of disorder and chaos, which is communism, will break in vain. Trygve Lie said to a group of American Editors "It will be difficult, but we will win the peace."

Walter Lippmann, one of the most expert and calm of all correspondents who write for American newspapers, believes that communism is receding all along the European front, with the exception of among those peoples who are confined behind the iron curtain.

At home Earl O. Shreve, President of the Chamber of Commerce of the United States, and Philip Murray, President of the Congress of Industrial Organizations, unite in parallel columns in the Monitor in an appeal for the defense of free enterprise, and nineteen thousand labor leaders in this country have signed the non-communist affidavit.

Finally, Russia herself has acknowledged that the operations of the Marshall Plan might delay the progress of communism "for a very long time."

Armistice Day 1947

The Armistice Day that was first celebrated twenty nine years ago held a happier note of promise for world peace than did its observance this week. It seemed then to be the victorious consummation of the struggle which we fondly called the war to end all wars. Since then we have been bitterly faced by the inherent greed of nations and the seemingly irreconcilable clash of cultures and economic creeds which have plagued humanity from time immemorial.

Nevertheless the Armistice Day of the present period affords a deep satisfaction and thanksgiving throughout the world of free men. The ending of the war which it celebrates and the V-E and V-J Days of corresponding significance which ended the later and greater struggle, was evidence to the world that the might of free men is an irresistible force when marshalled behind a great cause to which they are passionately dedicated.

That same force, whether or not it may ever be invoked again in actual contest, still stands as the world's best guarantee that freedom and human dignity will not perish from the Earth.

Talley Rant

by Helen Talley

There is a chatty, gay little man living in GROSSE POINTE named ALFRED NIEZYCHOWSKI — you all probably know him. Alfred has a very famous nephew — a young POLE named ALEXANDRE JANTA. Alexander was a war correspondent in Europe before he was put into a German prison camp. While he was there he wrote "PSALM OF THE PRISON HOUSE." The PSALMS is to come out soon in an English translation, a special edition, with an introductory message from MOHANDAS GHANDI whom ALEXANDER knew when he was a correspondent in India. JANTA has also published two other books—"I LIED TO LIVE" and "BOUND WITH TWO CHAINS."

CLARENCE MALLINSON, of Dallas, was telling me the other day about an incident that happened to him just before the war when he was crossing the English Channel one day. He said it was cold and very rough so he chose to stay on deck. His luggage was stacked by the rail and a woman standing beside it annoyed him very much by continually slipping her cigarette ashes on the pile. CLARENCE said it was good stuff, and he asked her as politely as he could, to desist. She sniffed and walked angrily away.

CLARENCE turned questioning toward a young man standing near, and the young man ventured the opinion that CLARENCE was certainly within his rights. That led to a pleasant conversation and the two young men went down to lunch together. When the crossing was accomplished and they were about to dock, they exchanged cards. The young man was PRINCE PHILIP OF GREECE — now LIEUT.

MOUNTBATTEN R.N.—fiance of PRINCESS ELIZABETH.

New York theatre owners are finally agitating something I've thought about for a long time—bars in theatres. They want a nice, cozy bar in each playhouse. The way things are, people make a dive, at intermission, for the nearest hole-in-the-wall. The service is never adequate to the onslaught and the customers are late getting back to the theatre. There is confusion all around. English theatres have a bar on each floor. Our own Metropolitan and Carnegie are allowed to sell liquor because they also sell food. If the law demands, I am sure the theatre owners will be glad to plunk a plastic patie before you. They can always jerk it away with a string.

A contretemps that is still getting a laugh around town took place recently. A group of WELLESLEY alumnae met to discuss the effect and place of WOMEN in public office. One of the last speakers was JIM FARLEY. "I do not believe," he said, "that women are physically and emotionally strong enough to serve a full presidential term." Without more ado, the lady chairman fainted.

Because of a set of circumstances, YOLANDA NORRIS, the Brazilian singer, learned that if she would immediately give up her apartment in the Waldorf so that the temperamental ITURBI could move in, she would be able to take over an apartment on 54th street—one she had been waiting for. It was about eight at night and YOLANDA said she moved like a gypsy. She had lamps in her hands and extra shoes under her arms. At the 54th street address she was much surprised to have a hoard of bobby-soxers rush at her taxi to open the door. They grabbed her burdens and hurried her to the door, which she opened with her new key. Once inside they dropped her things with a crash and dove down the hall. At the stairway they fought each other to go up first — "FRANKIE, FRANKIE," they screamed, "where are you?" They had smelled out SINATRA'S new hideaway.

I went to a party at DIANA BARRYMORE'S the other night.

DIANA had about fifty in, to a buffet dinner, to meet her new beau, ROBERT WILCOX. Among the guests were BUFFY COBB and HERSHELL WILLIAMS, who are producing a play they have written, soon after Christmas. GUY BOLTON was there, and ANN ANDREWS. DIANA said, "The next time I get a divorce, I'll get one that takes a year to become legal; then I won't marry on the rebound."

GYPSY ROSE LEE and DIANA were yaffla yaffla about a certain motion picture actress they both hate with a clear, clean flame. GYPSY said, "She looked down that nose of hers, and asked me why I didn't go across to entertain during the war. So I said, 'what I had to offer, the general wouldn't allow the boys to have.'"

To the Editor:

I wish to commend Victor Hughes for the fine article he writes on the Honor Court of Grosse Pointe High School. There has been much misrepresentation of facts concerning this court and Hughes' article presents an accurate, straightforward picture of how it operates.

I also wish to thank the editorial staff and particularly Fred Rannels for continuing the fight to procure a field house for the high school and the community. The field house is a sorely needed building and I hope that your staff will continue to give it your utmost attention.

Sincerely,
EARL BRABB.

Biblical Tract Seller Warned by City Police

Mrs. Ann Adams, 50, of East Detroit was picked up by City police, Nov. 2 after a resident had complained that she was going door-to-door trying to sell copies of the Tower Biblical Tract, published by Jehovah's Witnesses. She was released after being warned that a City ordinance banned door-to-door selling.

Chides Residents For Indifference

The Park village council, which decided early in the summer to hold its bi-weekly Monday meetings at 5 o'clock in the afternoon instead of 8 o'clock in the evening, to serve the greater convenience of its members, voted at the Nov. 10 meeting to continue the 5 o'clock hour indefinitely.

An exception to this will be when public hearings are to be held at which citizens are invited to be present and where the discussions might be continued until a late hour. The 8 o'clock meeting may be held also whenever measures are up in which the Commissioners believe there might be a general public interest.

The lack of interest recently exhibited by the citizens on matters which should give them special concern was sarcastically commented on by Commissioner Peter Koenig with the observation that it might be a timely practice to send out the police to round up a representative crowd of burghers on such occasions.

GIRL RETURNS HOME

Helen Gurgol, 15, a Grosse Pointe High School junior, who was reported missing last week, has returned to her home at 1215 Berkshire, Park police disclosed this week.

Easeful Health Open to You

By FRED M. KOPP, R. Ph.
Whenever comes the word "dis-ease" nobody knows exactly. It seems to be derived from the French and certainly it means "lack of ease," or "without ease."
Health (used) is so easy, so free at hand, that we take it for granted, we do not take care that it be continued.
Guard your well being, your ability to work, to play, to spend dreamlike nights at rest.
Consult your doctor regularly, at frequent intervals. Every conscientious doctor is glad to check for those symptoms which, detected in time, can be correctly interpreted and treated. What this will save you in pain and in cost, is worth the trifling cost.

We had just propped up the pillows, with a good, bad book in hand, when the phone exploded. After aeons of antic static came a bored voice on the line.

"Call the Washington Operator—"

"What shall we call her?"

"Just hang up and call the Washington Operator," she repeated.

We just hung up, not calling the Washington operator what we had in mind to call her. She rang that bell like a cowhand at Bar Nothing ranch.

"This is the Washington operator. Here is your party . . . Well, the party better be good at this hour.

It was good. Over the line came

"I'm at a party at Perle Moesta's."

"Who's Perle Moesta?"

"Don't act so dull and Detroit-ish," said Maggy. "You know Perle Moesta. Everybody knows Perle Moesta. She's Texas oil mated with Pittsburgh steel. And she's inherited the ermine cloak and Midas touch of poor dear dead Evelyn Walsh McLean. Remember now?"

"Vaguely," we admitted. "Who is she entertaining?"

"Herself mostly. Herself and everyone with a bareback dress or tail coat in town. I'm stuck here with an Argentine correspondent . . ."

"What paper, Maggy?"

"Oh, he isn't a newspaper correspondent—he's a divorcee correspondent. I'll shake him soon, but you know my motto—well before shaking, I'm calling because I remember I promised to write you the Big word on the movie investigation . . ."

"Well, what is the Big Word?"

"For me," said Maggy. "It was a sad, sad story. I don't mean the fact that the Reds are crying the blues. I don't mean that there are so many prominent Protestors in town that the register at The Mayflower looks like a kid's autograph album. I don't even mean that the Glimmer Gals are trying to make a Girls' Town out of Boys' Town here. What I do mean is that I met my Wonder Man—one Humphrey Bogart—and what do you suppose? When he leaned over to pick up my bouncing bag, I saw it. Bogey is getting bald. I just went home and sobbed myself to sleep."

"Maggy, you defeat me . . ."

"What's more, he's shorter than he oughter be. I suppose he's too rugged a character to wear platform shoes. Anyway, short, bald and fiftyish, he's still dynamite."

"Take it easy, Maggy. That Bacall babe looks like a heavy weight slugger—but tell me, did you attend the hearings?"

"Yes, and were they harrowing! Everbody calling everyone community names. What I can't understand is this. The New York Court of Appeals has ruled it is libelous to call anyone a Communist—in any degree. Now, if it's libelous in the state of New York, isn't it libelous to libel elsewhere?"

"That we wouldn't know, Maggy," we told her. "Unless it's like the old gag about one's mother's virtue being a matter of geography."

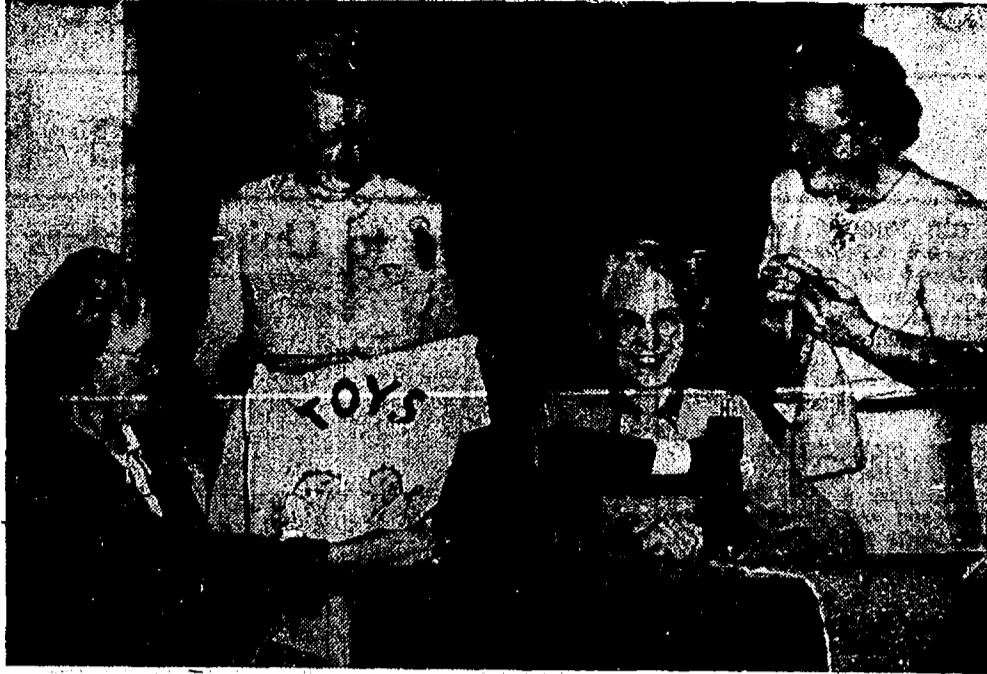

"Well, the Hearst of it is," went on Maggy, "that the shaggy old squire of San Simeon seems to have embarked on a campaign for federal censorship of the movies in the Hearst papers . . ."

"Wonder what Marlon Davies is doing now?" we mused. "Well, Maggy, don't let Hearst or anyone else throw you. It's probably all politics . . ."

"That's the trouble with Washington," she sighed. "They use politics as an alibi for anything. And they pull out all the slick poltricks in the bag."

"You're so violently young."

Gardeners See Colored Movies

Mrs. Ruby Boyer Miller's colored movies of her Wenham garden were shown at the meeting of The Grosse Pointe Branch of The Women's National Farm and Garden Association at the home of Mrs. Max Hoffman on Monday afternoon.

Masses of rhododendrons, mountain laurel, dogwood and azaleas in full bloom against the dark evergreen plantings make it easy to understand why Mrs. Miller was awarded the gold medal for having the most beautiful gardens in Massachusetts.

After the business meeting and program, tea was served in the dining room. Mrs. Henry P. Williams and Mrs. Lynn McNaughton presided at the urns at either

Out-of-Town Guests Excuse for Parties

Michigan-Ohio State Game Bringing Visitors; Tolstois Entertain for Mrs. J. H. Alexandre, Jr.; Ecclestones To Be Hosts

Pre-holiday entertaining for out-of-town visitors seems to be the fashion in the Pointe these days, with a number of parties on the docket.

Looking at the more distant future, the Michigan-Ohio State football game at Ann Arbor on Saturday, Nov. 22, provides the reason for one round of entertaining.

On the Friday before the game, a group from Columbus, O., will arrive in the Pointe to spend game week-end. The Walter Hannas will be the guests of Mrs. Hanna's brother-in-law and sister, Mr. and Mrs. Paul A. Shipman of Merriweather road.

Mr. and Mrs. Henry Earle of Washington road are expecting Mr. and Mrs. Frederick Eben Jones, and out on Renaud road Mr. and Mrs. Sidney Hall will be hosts to the Joel Poormans.

The group has chartered a special car on the Ann Arbor train for Saturday, and post-game quarterbacking will be carried on Saturday evening at a buffet dinner to be given by the Shipmans.

Sunday morning's event will be a breakfast planned by Joseph Parsons in his Buckingham road home, honoring the visitors and their hosts.

The Cyril Tolstois of Lewiston road have had as their houseguest this week Mrs. J. H. Alexandre Jr. of Glen Head, L. I.

Entertaining for Mrs. A. began on Saturday with an informal dinner party given by her brother-in-law and sister, Mr. and Mrs. Percival Dodge of Dyar lane. And on Tuesday Mr. and Mrs. Henry Munroe Campbell of Lakeland avenue gave an evening party for the Eastern visitor.

This Saturday will be an evening of great gaiety at the Lloyd Ecclestone home in Lincoln road; the Ecclestones are planning a dinner party for eighty guests. Honor places will be marked for the five house guests of the Ecclestones and two guests of Mr. and Mrs. Thomas Petzold of Edgemont Park, Mr. and Mrs. Fred Murphy of Montclair, N. J.

Plan Treasure Cove At Old World Market

International Institute Sponsoring New Addition to Annual Event Scheduled to be Held from November 20 through November 24

Treasure Cove, sponsored by the Board of the International Institute of East Grand Boulevard, will make its first appearance at this year's Old World Market. The Market will run from Thursday, Nov. 20 through Sunday, Nov. 24 in the Institute building.

Antique pieces of china glassware and porcelain, as well as old and modern books, will be featured in the Treasure Cove and Mrs. Richard Lawrence is chairman of the committee aiding in the search for contributions.

Pointers serving in the group are Mrs. Herbert J. Woodall, Mrs. W. R. Alvord, Mrs. Stanford Phelps, Mrs. Harold Raymond Boyer and Mrs. James Dickson.

In addition to this new booth, the Market will feature all of its usual demonstrations in rotation for the four day event. Venetian lace-making, weaving, spinning, wood-carving, painting, pottery-making, Czechoslovakian embroidery on frames and Roumanian, Ukrainian and Czechoslovakian Easter egg coloring artistry are among the demonstrations to be presented by the foreign born of Metropolitan Detroit.

Another new attraction at the Market will be the International Cafe, to be presided over by wives from overseas and the GIs they married. The Cafe will be open each day from 2 to 11 p. m. Refreshment booths will provide Polish coffee and Russian tea—prepared and served by the nationally groups.

Traditional foods of other lands will be served during the dinner hours from 5 to 8 p. m. and some national culinary specialties will be available at all times.

Assisting as hostesses at the event will be members of the Volunteer Visitors Corps under the chairmanship of Mrs. Frederick Clifford Ford. Hostesses will include Mrs. Fred B. Fisk, Mrs. Stuart Fraser, Mrs. Henry N. Johnson and many others.

The Detroit Institute is one of 40 branches of the American Federation of International Institutes. The original group was started in New York in 1911 and the period following World War I saw similar organizations springing up in all major cities.

The Detroit chapter has been in existence for over a quarter of a century, serving as a meeting place for the foreign born of the city. English classes are provided to increase familiarity with the new language and folkdancing and other native traditions are preserved by members of the Institute.

A series of Sunday afternoon "at homes" is now in progress, primarily intended for new arrivals from foreign nations. Hosts and hostesses who speak the language of the particular group invited are on hand to make the visit one of ease and pleasantness, according to Mrs. Fern S. Gunkel, Institute activities director.

The Institute is one of the many

Elizabeth Ulbrich Weds Forrest Old

Young Couple Will Live in Vernier Road Following Wedding Trip to Texas and New Orleans

In a quiet ceremony Saturday in at the Colonial road home of Mr. and Mrs. John McNeil Burns, Elizabeth Burns, Ulbrich became the bride of Forrest R. Old, son of Mr. and Mrs. Robert R. Old of Kensington road.

Dr. Frank Fitt officiated at the 4 o'clock ceremony and heard the couple's vows before an improvised altar in the living room of the home. Two Grecian columns on either side of the French doors held vases of white shaggy chrysanthemums and baby mums and an arrangement of ferns formed the background of the altar.

The bride chose a rose-beige wool dress for her wedding. With it she wore a brown hat studded with rhinestones and trimmed with a long veil, and brown accessories. She wore a corsage of white orchids.

Mrs. James H. Allen was her sister's only attendant. Her dress was of soft beige wool studded with gold sequins. She wore a hat of the same material, also trimmed with sequins and wore a gardenia corsage.

John McNeil Burns Jr., the bride's brother, was best man for Mr. Old.

Mrs. Burns chose a dark brown wool dress for her daughter's wedding. Her corsage was of green orchids.

Following the service, a reception was held in the bride's home. A linen and lace openwork cloth covered the bride's table. The two-tiered wedding cake was garlanded with a wreath of white baby mums intertwined with ferns. Silver candelabra flanked the cake.

When the couple left for their honeymoon trip to Texas and New Orleans, the new Mrs. Old donned the jacket of her costume suit, trimmed in dark brown velvet.

On their return, Mr. and Mrs. Old will make their home on Vernier road.

St. James Fair Plans Completed

Albert Vossler will preside at the ceramics display, while Mrs. Carr will have miscellaneous articles for sale.

The Junior Guild will have its own booth featuring Christmas suggestions.

Mrs. Fred Flemming and Mrs. Harold Meinke will sell baked goods and home canned jelly.

Tea will be served all afternoon with Mrs. Joseph Laforet in charge and Mrs. John Fraser of the Junior Guild assisting.

The proceeds will be used for buying kitchen equipment for the new church which is under construction in McMillan road. Mrs. William Fenske is the president of the St. James Guild.

SECRET OF HOME DECORATION

The secret of home decoration, say many prominent interior decorators, is to have the rug the foundation for decoration of a room. Because the variety of colors and designs of Oriental rugs is almost unlimited, it is easy for a woman to select a hand-woven rug to express virtually any conception of home decoration. In the room illustrated a beautiful Persian rug makes a fitting setting for a family heirloom breakfast.

Brrrrr! "Seemed rather cold Saturday for a hay ride, but LORRAINE ASMUS and IRENE BRISSON, with their party braved the elements that evening for a gay ride in the open.

Bert Wickling donned his comfy old jacket and sweater to escort Irene, while Lorraine was dated by Eldon Marwede. EVERYONE came all decked out in wool socks, mufflers, and whatever else they could find to keep them warm.

By Everyone, we mean Helen Maiden and Skippy Downey, Marian Ortio and Ford Slater, Bev Martin and John Cannon, Carolyn Smith and Howie Clark, Harriet Goodrich and Jim Farrell, Jackie Climie and Eddie Beaver, Carol Roimer and Carl Romano, Lila Janet and Don Venderbush, Janet Gregory and Al Sweitzer.

Parties have a tendency to be very closed lately, therefore making it hard to get word about them.

"Could be that's why we missed CAROL STEWART'S gala Halloween party. Carol does a tremendous amount of entertaining in her home on Westchester, and has the knack of always making her parties a success.

A scavenger hunt at the Hunt club provided an evening of fun for junior members. After prizes were awarded, folks danced and ate.

English Hockey Stars Honored

When the 60 members of the All-England Women's Field Hockey team arrived in town to play a game on Saturday with the Great Lakes Field Hockey Association at DUS, they were welcomed by the Pointe.

They stayed in homes here and were honored at a buffet supper party on Friday given by Anne Austin of Moran road, and at a tea following the game at the Detroit University Club.

Among those who were hostesses to the players were Joan Bevington, Jane Savery, Dorothy Bennett, Susan Duckett, Carrie Hubbell, Jane Kilner, Betsy Cadwell, Dorothy Martin, Joyce Middleidich, Virginia Downer, Pat O'Keefe, Helen Livingstone, Jane McNaughton, Isabel Casgrain, Marnie Emerson and Nelle Tiedeman.

Women's Work in Campaign Equals Nine Years of Labor

All the hours of work devoted to the 1947 Community Chest Campaign by women of the Metropolitan Unit are equal to more than nine years of labor, Edward T. Gushee, chairman of the Unit, announced Thursday. The drive closed Wednesday, Nov. 12.

Included in the Metropolitan Unit were workers in the city and suburban areas who did the tiring job of door-to-door solicitation. Gushee said. "We could not count the millions of miles that these 10,000 Red Feather workers traveled on the streets and up and down stairs. With each worker contributing a minimum of eight hours work the total is 80,000 hours or more than nine years." He added that hundreds of workers contributed much more than eight hours work.

"The thanks of the entire community should go to these valiant women who took time from their daily routine to help raise the money to help their neighbors. My hat is off to these thousands of public-spirited citizens who persevered under hardships and helped make the 1947 drive a success," Gushee stated.

Added to his thanks to the Red Feather volunteers were those of the thousands of youngsters, the old, the sick and the

troubled who will benefit from the funds raised this year, the chairman stated.

"We raised the dollars. Now we can help the people who use the 125 Red Feather agencies."

Donovan Party Honors Glancys

Perfect timing characterized the luncheon given by Mrs. Frank W. Donovan in honor of Mrs. Alfred R. Glancy Jr. last Thursday. It was a post-nuptial fete and coincided exactly with the Glancys' first month anniversary.

Arriving at the Merriweather road home of the Donovans were Mrs. William H. Gage, Mrs. Theodore R. Hodges, Mrs. Judson Bradway, Mrs. Clarkson C. Womer Jr. and Mrs. Willard S. French and Miss Mary Mason.

More bringing good wishes to the new matron were Mrs. Roy D. McClure, Mrs. Ernest Brier, Mrs. Henry J. Cupper, Mrs. Josiah C. Scobell, Mrs. John C. Hodges, Mrs. William J. Davidson, Mrs. F. Janney Smith, Miss Hazel L. Hodges, Mrs. Christian H. Hecker and Mrs. Ira G. Downer.

The Glancys were hosts Saturday at their own deferred celebration, when they received 200 friends at cocktails in their newly-established Renaud road home.

Just a few of those attending were Mr. and Mrs. J. Lawrence Buell Jr., Mr. and Mrs. David M. Whitney, Mr. and Mrs. Edward A. Skae, the Louis A. Fishers, Mr. and Mrs. Henry Earle, Mr. and Mrs. Elroy O. Jones, the Richard P. Joys, Mr. and Mrs. William R. Hamilton II, and Mr. and Mrs. Ray L. Spitzley.

Pendergast, manager of the East Side office of the Social Security Administration, announced. "For the nation as a whole the Treasury Department is now paying out \$35,071,472 in monthly benefits."

A foursome which manages to plan interchanges of visits to coincide with top-sports events are the James P. Whiteheads Jr. of Muskoka road and Mr. and Mrs. Frederic M. Ayres Jr. of Indianapolis.

MRS. LLOYD GORDON BUCHHOLZ OF PEMBERTON ROAD

By Olive H. Henry

During World War I, a friend of Mr. and Mrs. Buchholz spent a weekend as a guest at Balhousie Castle in Scotland.

He was a great admirer of antique furniture and quite fell in love with a beautifully carved walnut table.

He visited this family several times and they took him about to call at other castles, where he had the opportunity of seeing many rare examples of fine furniture.

In 1842 Queen Victoria visited the Duchess of Abercrombie, at Ferntown Mansion House, in Edinburgh, Scotland. While pass-

having been carved from a single block of wood.

Another interesting piece is the rosewood pull-up chair, which originally came from Wasdale Hall, in Warwick, England.

Mrs. Buchholz has set aside one room in her home for these fine examples of furniture, and on recessed shelves has placed some pieces of rare china and glass.

The Sandwich glass bowl always held pickled beets and the "Lion with palm trees" served to hold red raspberries and there were berry dishes to match.

The Buchholz's friend, who is responsible for their ownership of the fine antique furniture, may rest assured that it is in good hands.

MIRACLE HANDS

By Barbara V. Bavinger

O son! You are still so new that the starlight is not out of your eyes—else why do they twinkle so when you smile at me?

And now you have found your hands—those mirages that somehow were always there—mixed up with the rattles it is true, and yet they never fell to the floor and were lost to you.

They are wonderful things, are they not? I am afraid that in the endless hurry of my days, I had forgotten what a miracle I had at my fingertips.

LINES TO A VERY YOUNG GENTLEMAN

Someone said, and they were right, That patience is a virtue bright.

Up until this time however, It's been for me a vain endeavor. But now I'm learning, learning fast.

That all those carefree days are past. And I must learn, some way or other To be the peaceful patient mother.

This fact has oft occurred to me Between the hours of 1 and 3,

When rosy fingered dawn is still Sacking out behind the hill, And all the world, you will agree

Is fast asleep, except for me. For I am sitting in the black, Patting baby on the back.

Your dinner's through, and I could be Back in bed, except for thee. Why must you have this habit crass.

Why must you always swallow gas? And why, oh why, I beg of thee Why won't you burp and set me free?

All day long I have no trouble But then at night you never bubble! It's sometimes hard to see the joys

What can it be, this scene ebbered? One of us is starting cereal!

Down it goes and up it comes Push it back behind the gums Interspersed with woeful wails 'Gainsit which racket naught prevails.

Okay, little Plabum-puss Leave us cut out all the fuss. Just bear in mind that this is mild Compared to liver soup, my child.

Devils Take Worst Beating In Their Gridiron History

Big Red Team Rumps Oven Opponents at Will as Local Lads Suffer Complete Collapse Following Victory Over Fordson

BY FRED RUNNELLS Port Huron's big red football team handed the Grosse Pointe Blue Devils their worst defeat in the history of the school last Saturday on the Hurons home field.

Scoring once in the first quarter, four times in the second period, twice in the third stanza and once in the final quarter the Hurons piled up 53 points while holding the once powerful Blue Devils to a big goose egg for the sixty minutes of play.

The Hurons' lopsided victory avenged an overwhelming 67-0 defeat hung on them by the Pointers several years ago. The Port Huron chant throughout the game was "remember they beat us 67 to 0 before."

The Huron victory also continued the jinx Port Huron has held over Grosse Pointe for the past six years.

Last year the Hurons kept the jinx intact by coming from behind to win, 13 to 12, after the Pointers had grabbed an early 12-0 lead.

The little band of Blue Devil followers who braved the nasty elements could not believe their eyes when the Pointers fell before the crushing onslaught of the fast charging Huron linemen and the galloping backs.

Even the coaches were at a loss to explain the complete collapse of the team that a week previous had played so beautifully and whipped Fordson to move into second place in the Border Cities League standings.

The logical explanation could be that the team was suffering a letdown but it wasn't expected to fold up so completely. The only other explanation that could be offered is that it was the first game the Pointers had played in such bitter weather and that they were playing on a strange field before a large partisan crowd.

Right from the opening kickoff the game took on the aspects of a crazy contest and should have served notice to Grosse Pointe fans that the team was in for a rough afternoon.

On the opening kickoff by Boyd of Port Huron the ball bounced crazily toward Grosse Pointe's left tackle Bruce Bray. Bray grabbed for the pigskin but couldn't hold it and Port Huron recovered on the Pointer's 44 yard line.

The Blue Devils appeared to be angered at this untimely turn of events and stalled the Hurons ground attack and forced them to punt. The ball carried into the end zone.

Right off the bat the Pointers smashed their way to a first down in three line plays and it looked as though they were out of trouble but this was only the beginning.

The Hurons forward wall stiffened and Herb Gerhard punted to the Port Huron 32 where it was taken by Cunningham and brought back to his own 44.

In exactly nine plays from scrimmage the Hurons smashed their way to pay dirt with Callahan going over from the one yard line through center. Cain's conversion was good and the big red team was out in front, 7-0.

The Pointers had the ball on their own 35 to start the second period and on the first play Flaucher fumbled a lateral pass and Port Huron recovered on the Blue Devils' 35.

It took just two plays for the Hurons to chalk up their second of eight touchdowns. Jack McKay carried the ball around right end for 13 yards and then Cunningham rambled the remaining 22 yards around left end for the score. Cain's kick was good and the scoreboard read 14-0 in favor of Port Huron.

The Hurons struck with lightning-like precision for their third score after they had recovered a free ball on the kickoff while a host of Blue Devils stood watching the ball lie motionless on the Pointers' 33 yard line.

McKay, the Hurons' co-captain, streaked around his own right end on the first play from scrimmage for 33 yards. Cain's kick was wide of the goal posts but

From Joe To You

by Joe Fromm

Fordson surprised the entire Border Cities League, especially Grosse Pointe, Saturday, with a surprising 6-0 win over Wyandotte. This Fordson victory gives both teams a season's record of four wins and one loss in Border Cities League competition, to tie them for first place. It also moved Grosse Pointe down to third place with three wins, a tie, and a loss.

If (it is a big word in sports) Grosse Pointe had won over Highland Park it would also be tied with Fordson and Wyandotte for first place.

Highland Park will travel to Royal Oak Saturday for the final B. C. L. football game of 1947. The outcome will have no effect on Grosse Pointe.

Grosse Pointe's varsity grid squad had a rough practice a week ago Tuesday. Three boys were injured and the next day one was in the hospital, one on crutches, and the other with his arm in a sling.

Right end Bill Beardsley suffered a head injury and was rushed to Cottage hospital. It was only a bad bump, however, and he returned to school on Thursday.

On the play after Beardsley was injured, Bill Siebert took his place and dislocated his elbow in attempting to recover a fumble. Lee Walker, right tackle was clipped from behind on an earlier play and suffered a sprained ankle. He played Saturday against Port Huron.

Port Huron seemed to be avenging the swamping scored over them by Grosse Pointe several years ago. When Port Huron players needed a lift someone would shout to them, "Remember that 67-0 game."

During the football game at Port Huron, Hazel Park and Port Huron were running a cross county race. Part of the course was to run around the field. In the second quarter play was held up while the runners circled the field.

The end of the race was to go between the goal posts up the middle of the field to the 50 yard mark. The meet was timed so that the race ended during half time intermission.

St. Ambrose has the best team this year since 1941. The Cavaliers have won five, tied one and lost one. To date they have gained a total of 1774 yards from scrimmage. They have gained 1324 of these on the ground. They need 226 yards against St. Vincent Sunday to total an even 2000 yards.

DeSantis Takes Over Loop Lead

The DeSantis team went into the lead in the East Side Post Office Bowling League, on Nov. 7 by taking four points from Peter Pan. The Bob and Louis Service team which was leading last week, took three points from Hanson Boat.

Table with columns: Team, W, L. Includes DeSantis (28-12), Bob & Louis Service (28-12), Krajenke Buick Sales (25-15), Clayton's Men's Wear (25-15), etc.

Fordson Stages Stunning Upset

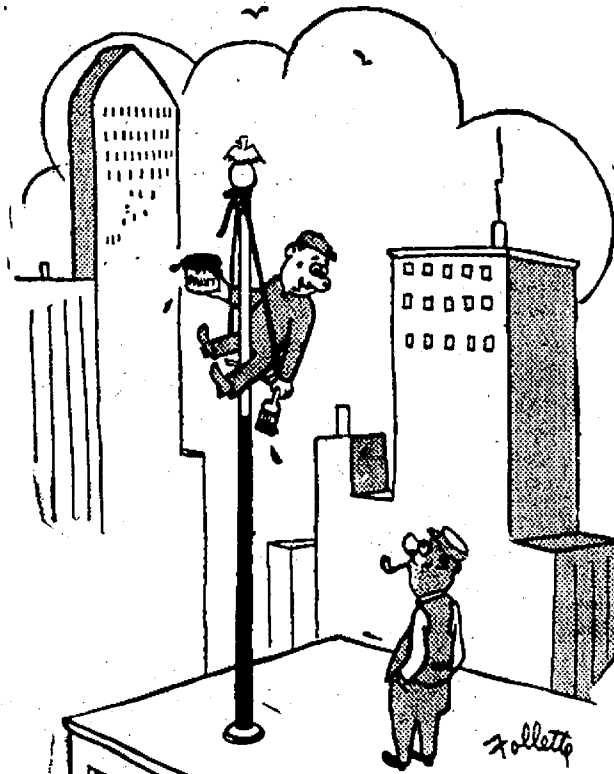

Anything can happen and usually does in the Border Cities League.

This was illustrated last Saturday on the Fordson High School gridiron when the Tractors rose to their greatest heights this season to upset a favored Wyandotte team, 6-0, and force the Dottes to share the Border Cities League football crown.

The defeat marked the end of a three year winning streak put together by Wyandotte, who had won six straight games this season by lopsided scores.

The Dottes gained the favor of their role by virtue of their 26-0 defeat of Grosse Pointe three weeks ago and Grosse Pointe's surprise 3-0 victory over Fordson last week, which snapped a 15-year-old Fordson jinx.

Rumor Persists Hamtramck Wants Membership In BCL

By FRED RUNNELLS

Hamtramck civic and veterans' organizations and school officials have voted to withdraw from the Detroit Metropolitan League. It is rumored that the school is seeking admission to the Border Cities League of which Grosse Pointe is a member.

Let's take a look at what Hamtramck has to offer the Border Cities League.

The Cosmos are and always have been good competition. They have Keyworth Stadium, one of the best in the state and if the community carries out its plans to install lights for night football it would give Hamtramck's B. C. L. opponents an excellent gridiron to play on and would mean a greater revenue, as high school night football draws much larger crowds than Saturday afternoon games.

On the other side of the picture we open Hamtramck's closet door and discover a skeleton.

Hamtramck a few years ago received quite a black eye when its students were involved in a brawl after a basketball game. This didn't set just right with the Metro League and the school has been watched closely ever since. It is true Hamtramck has been trying to live this incident down and has been pretty much on the pure side.

If Hamtramck does apply for admission to the B. C. L. you can be sure the B. C. L. officials, who meet in December for the annual meeting, will cast a wary eye on that brawl.

Houston Team Clinging to Lead

Going into last week's play leading by one point, Houston Bros. Inc. emerged victors in a tussle with G. P. Review last Friday night. Howard Frazier's fine series, including a 220, helped defeat the printers, 3-1.

Martin Outboards continued their steady climb, taking four points from Harrison Carpets. Russ Wilton supplying 209-201 in (557), for the Puddle Jumpers. Geo. Loersch's boys now have three straight shutouts to their credit.

Motor City Tires was the other four point winner, last week, blanking Monday Cleaners, Bob Smith's 596 being tops for the night. Emil Deprest had 554 for the Cleaners.

Middle Atl. Transp. Co. put on a good show after losing the first one by a few pins, to take Holzbaugh Motors, 3-1, displacing Holzbaugh as runner up.

Wolverine Pot. Chips, still in the running, lost a chance to gain on the leaders, by losing three points to Ed Tausch's Farms Market, all games being very close.

Punch and Judy Cocktail Lounge, bounced back to take Piche Barbers, 3-1, Clayton Oven, supplying the power with a (570) series, for the winners.

Standings table with columns: Team, W, L. Includes Houston Bros. (25-11), Mid. Atl. Transp. Co. (23-13), Molzbaugh Motors (22-14), etc.

Reserves End Season With 21-0 Victory

Monroe is Final Victim as High School Second String Closes Successful Campaign

The Grosse Pointe reserve squad finished its grid season Thursday with a 21-0 triumph over Monroe on the local gridiron.

This year's squad is as good as the teams from the last two years if not better. The 1945 reserve team, which composes the first string varsity this year, won five games and lost two.

The 1946 aggregation won three games, lost two, and tied one. They would almost certainly have defeated a weak Monroe team but the game was rained out and never rescheduled.

The present team, led by full-back Jerry Jenkins has won five games, lost one, and tied one. They have scored 107 points to the opponents 25.

Jenkins scored two of the points touchdowns Thursday with runs of 20 yards in the initial quarter and 13 yards in the final quarter. Jim Lemen scored the other from the 11 on a line buck.

Grosse Pointe marched 72 yards after the opening kick-off. The kick-off was taken on the 20 and carried back to the 28. Nine plays later Jenkins rounded his own left end from the 20 for the touchdown. Munro's kick for the extra point was good.

Later in the same period Barry Munro punted from the Grosse Pointe 38 to the Monroe 2, a punt of 60 yards. The ball landed on about the Monroe 25 behind the Monroe safety man and rolled to the 2 where Bill Pierce of the Pointers grounded it.

After three plays failed to gain, the Monroe punter moved back into the end zone to kick. Guard Bob Sharp rushed in and blocked the kick. The ball rolled out of the end zone before the players could regain their equilibrium. The officials called this a safety, which made the score 9-0 in favor of Grosse Pointe.

There was no further scoring in the first half. Barry Munro kicked off for Grosse Pointe to start the second half to the Monroe 6 where it was picked up and returned to the 25. Jim Lemen hit the Monroe 6 where it was picked up and returned to the 25. Jim Lemen hit the Monroe ball carrier causing him to fumble. Munro recovering for Grosse Pointe.

Four plays later Lemen scored from the 11 on a line buck through the center. Munro's kick for the extra point was wide.

Grosse Pointe received a punt on its own 25 near the end of the third quarter and scored in 12 plays. Jenkins going over from the 13 around his own left end. As the game ended the Pointers were on their way to another touchdown, marching from their own 27 to the Monroe 21 before time ran out.

St. Ambrose Again Comes From Behind to Win, 19-7

After Trailing in Third Period Local Lads Put on Steam and Score Two Touchdowns to Beat St. Philip Eleven

By JOE FROMM

St. Ambrose came from behind in the third period to win, 19-7, over St. Philip at the Grosse Pointe High School field Sunday afternoon. St. Ambrose trailed, 7-6, for more than a half of the third period before Tom Dahnke scored from the 2.

Jack Howard added an extra insurance touchdown in the fourth period on a 34-yard gallop.

This was St. Ambrose's fifth win against one loss and a tie. Several hundred fans braved the freezing cold weather to watch their favorites play.

St. Ambrose marched 55 yards in the first quarter for the first touchdown of the game. Dahnke climaxed the drive, smashing over from the 6. Jim Burns' kick for the extra point was blocked.

St. Philip scored soon after the second half kickoff. On the second play they recovered an Ambrose fumble on the Ambrose 34. R. Maysberg scored from the 30 two plays later. Purcell passed to Przyzyski for the extra point and St. Philip led, 7-6.

Later in the period St. Philip punted to their own 45, where it was brought back by Tom McFarland to the 35. Dahnke picked up a first down on the St. Philip 25 with two line bucks.

McFarland, Howard, Dahnke and McFayden bucked the center of the line for another first down on the St. Philip 13. McFarland passed to Howard for 6 yards to the 7. Howard faded back and threw a pass to Tom McFayden in the end zone but just as McFayden caught the ball he was tripped. The officials ruled pass interference and penalized St. Philip 3 1/2 yards, half the distance to goal.

Howard picked up 1 yard and Dahnke scored on the next play from the 2. Howard attempted to pass to McFarland for the extra point but McFarland dropped the pass in the end zone.

In the initial part of the fourth period Clarence Raymond recovered a St. Philip pass on the Philip 43. On fourth down Howard and broke into the clear and scored from the 34. The quarter-

back faked a double hand-off on this play and then gave the ball to Howard, who went through the center of the line.

St. Ambrose will meet St. Vincent at the Grosse Pointe High School Field Sunday at 2:30. This will be the last game for St. Ambrose.

Police Catch Possum In Garage in City

There are no Southern accents on the City police force, else there might have been a feast in an officer's home on Nov. 5. The possum found in the garage of Mrs. Lang, 281 University, was consequently turned over to the humane society.

Pointe Players Getting Set for Fall Production

The Pointe Players of Grosse Pointe High School are once again busily engaged in preparation of their semi-annual play, Eugene O'Neill's drama "Beyond the Horizon" has been chosen for the fall production to be given Nov. 19, 21 and 22. A tragedy, the play concerns two brothers of opposite personalities whose lives are wrecked by the

shallow passion of a woman. Victor Hughes, Shirley Davis, and Allan Bryant have the leads. Also included in the cast are Mary Ellen Antrim, Harold Galli, Bill DeGaw, Jane Worley, Bill Kerr, and Sherb Brown. Four-year-old Christine Climie will play Mary, daughter of Shirley Davis and Victor Hughes. Aside from the acting phase, the play also presents a great challenge to the stage crew. Dale Stevenson and Willie McBride are finding their jobs as supervisors of scene construction doubly difficult since there will be two scene shifts.

A carefully chosen musical background and unusual lighting techniques, important for atmosphere, is the responsibility resting on Bob Striker. Practice applications of makeup are already underway under the direction of Barbara Gregory. Marilyn Mathewson and Pat Rossiter are busy assembling costumes while Sharon Bates is arranging for the advertising. Nancy Hodges has a double assignment as stage director and chairman of the ushering committee. Properties are being collected by Marilyn Bower and Carol Briggs. Gail Wright and Carroll Grylls are chief prompters. Nance Weed is business manager and Jane Worley is in charge of programs. Frederick B. Nelson has assumed the responsibility of directing the production.

St. Paul High Holds Class Day

Forty-seven seniors were given the cap and gown at a class day celebration held in the Saint Paul High School auditorium last Thursday morning. Sophomores, juniors and seniors assembled to witness the ceremony and to sing the praises of their classes.

The general chairman, John Carpenter, opened the celebration by outlining the purpose of the program which was to bring the groups together in an informal gathering where they, in friendly rivalry, set forth the achievements of their classes and boasted of the deeds of particular individuals.

After the introductory talk the seniors were called to the stage where Rev. A. Melvin, pastor of Saint Paul Church, congratulated each one personally as he gave them the cap and gown. As soon as the seniors were garbed in their blue robes, all the classes rose to join them in singing "The Alma Mater."

The chairman then called on the sophomore president, James McCarthy, who introduced his class and gave a talk on the merits of the group in general. His talk was followed by others which gave the class patron, the motto, the flower and the color. The sophomores concluded with their class song.

Then the juniors took over. Richard Morketter, president, presented his class and then asked Mary Frances Wade to explain the motto. Patricia Trombly talked about their class patron, the Infant of Prague. Martha West followed up with a comment on the class flower. Sally Murphy and Marilyn Meurer put on a clever skit in which they eulogized their leaders, class officers, S.S.T.S. officers, prize winners and athletes.

Finally the chairman called on the senior class president, Paul DuRocher, who presented his class, now in cap and gown, after which he asked the whole group to sing their loyalty song. This was followed by talks from different members who gave a salu-

tatory, a class history, a prophecy, etc. The seniors closed with their lyric.

Each class had decorated their places in the auditorium with a representation of their patron, their motto and their colors. After the program was over all the classes wended their way to the Grotto on the school campus where they sang hymns and prayed.

During the noon hour the classes were treated to a special lunch which they enjoyed at their gaily decorated tables. The seniors' tables were set off with strips of blue and gold with pennants planted in the vases which held the class flowers.

Class day came to an end when the photographer came to take pictures of the event for the seniors' memory book.
