Cancer Drive Ends in Success

MRS. ATHOL W. DAVIS (right), captain of the Grosse Pointe area Cancer Drive, holds a famed red and blue cancer donation canister as little MIMI MACKENZIE, perched on the knee of chairman MRS. FRANK SCOTT CLARK, JR., celebrates her fourth birthday by digging into her penny bank for the final donation of the successful drive. Mrs. Clark has expressed her thanks to the helpful young women who covered the principal business corners of Grosse Pointe on Thursday and Friday, April 22 and 23, and by their zealous work collected \$475. Her appreciation is also extended to the men and women of the community who expressed their understanding of the seriousness of the cancer menace by their generous contributions. Mrs. Clark opened her home at 588 Notre Dame as the operating headquarters for the workers during the drive.

Drive for Memorial Library Set for May 30 to July 4; Headquarters Established

Organization Being Set Up for Intensive Five Weeks' Campaign; Begins and Ends on Days Sacred to Soldier Dead

The drive for donations for the Grosse Pointe Memorial Library will start on Memorial Day, May 30, and close five weeks later on July 4. The fact that these days fall on Sunday seems fitting for a canvass of this semi-sacred character. The drive is to get underway on that day of all days, that is set aside for memorializing the brave men who have given their lives for their country during all the generations of our national history.

It was at first decided that the campaign should run through the two months of May and June, but the thought of the Executive committee now is that a drive of that duration is unnecessary. The significance of the two days for the starting and ending of the drive also had weight in determining the change.

A vast amount of detail work still remains to be done preparatory to the actual canvass and the four weeks more allowed for this vitally necessary job can be well employed.

General Chairman Alger Sheldon, fresh from a strength building vacation in California, is giving his whole time to the preliminary work of obtaining quarters, hiring employees, etc., and with this accomplished, Owen Skelton, the organization chairman of the drive, will soon have his part of the campaign whipped into shape. Permanent campaign headquarters have been procured over the Kenneth L. Moore real estate offices at 16840 Kercheval avenue.

Pointe Workers Urgently Needed for Vital Crusade

An urgent call for help in making the Crusade for Children campaign a success in the Pointe area was sent out from Detroit headquarters Tuesday.

A chairman for the Pointe and co-chairman for each of the five municipalities here are desperately needed, as well as volunteers to help with the canvass which starts May 1.

Those willing to assist are asked to call Elmer Sylvester or Fred A. Kreutzer at Woodward 5-2273, campaign headquarters at 2307 Book Cadillac.

100 Entries Assured For Mutt Show

Officials Forced to Clamp Lid On As Enthusiasm Mounts Daily

The wildest place in Grosse Pointe on the morning of Saturday, May 8, is very likely to be the vacant lot next to the Grosse Pointe News office in Kercheval avenue between McMillan and Muir roads. The First Annual Mutt Show, jointly sponsored by the News and Gray's Sports Shop, just across the street, will be in progress, starting at 10 a.m.

By Tuesday afternoon a total of 87 entries had been received by Roland Gray and orders went out that not more than 100 would be taken. So quite possibly by the time this issue hits the street it will be too late to enter the big event.

A large committee of dog lovers and public spirited citizens has been recruited to officiate at the show. It looks as though they will all have their hands full with 100 poodles and their owners on the lot.

Farms Police Chief Walter (Tex) Hoyt will be the chief judge, assisted by City Police Chief Tom Trombly and Mark K. Edgar, editorial writer of the News.

The officiating committee already includes the following: Jake Wardwell, Ledyard Mitchell, Charles Palms, Jr., Clifford Ford, Walter Ford, Alex. Wiener, (Continued on Page 5)

Misses Woman; Smacked by Cab

A slight accident occurred at the Fisher road driveway entrance to the High School at 11:30 a. m. on April 23.

David Donnelly, 16, driving his father's 1947 DeSoto south on Fisher, started to turn into the driveway when he stopped to avoid hitting Mrs. Glenn Bray, of 1088 Lakepointe.

While the rear end of his car was sticking out in the street, it was smacked by a Checker cab driven north on Fisher by V. J. Oliver of 73 West Forest, Detroit. Damage to the cab was \$10 and to the DeSoto, \$35.

Park Adopts Budget Of \$961,915.17

Tax Millage Remains at 19.5 Despite Increase of 3 1/2 Per Cent

The budget of the Village of Grosse Pointe Park for the year April 1, 1948 to March 31, 1949 will be \$961,915.17. It was adopted at the Board of Commissioners' meeting on April 26. There may be some minor changes in this total following the public hearing on May 10.

The amount to be raised by property tax is \$686,683.00. Other revenues are: From miscellaneous revenue, \$142,300; from Water Department revenue, \$93,700; and from surplus from last year, reappropriated \$59,232.17.

The total budget will be about 3 1/2 per cent higher than in the previous year, but the tax millage will remain the same, i. e., 19.5 mills on the thousand of assessed valuation.

Schweikart Seeks Office

Township Supervisor Files for Nomination for County Clerk

Carl Schweikart, Supervisor of Grosse Pointe township, and recently elected chairman of the Board of County Supervisors, filed for the Republican nomination for County Clerk on April 20. The primaries will be held on September 14.

The present county clerk is Edgar M. Brannigan, who was named by the circuit court judges to fill the unexpired term of the late Casper Lingemann, who died last summer. Mr. Brannigan was elected by only one vote majority in the circuit court board.

Mr. Schweikart is 45 years old and was born in Detroit, as were both his father and mother. He is married and has two sons, aged 16 and 7. His home is in Nottingham road in Grosse Pointe.

Mr. Schweikart is the first candidate to file this year for any county office.

Thieves Trapped By Gas Shortage

At 1:45 o'clock in the morning of April 25 Detective Hough of the Park police department saw some boys pushing a car from the window of his home on Nottingham. He thought it needed investigation and phoned headquarters.

Patrolmen Barclay and Verwacke found two boys struggling with a car on Nottingham south of Vernor. The boys had stolen the car in Detroit earlier in the evening and had run out of gas. By pushing and using the starter they hoped to get to an all night gas station and continue the joy ride.

The police picked up Donald Matej, aged 18, of 702 Dickerson, and William Greve, aged 17, of 701 Dickerson. The car was a 1947 Chrysler sedan.

The boys were turned over to the auto squad of the 15th Detroit precinct.

Thieves Ransack Home in Farms

Thieves entered the home of Raymond C. Gillette at 408 Calvin, Grosse Pointe Farms, on April 22, by reaching in a milk chute and unlocking a side door.

The house was well ransacked and after an investigation had been made, Mr. Gillette reported the following items as missing: A fountain pen, two gold watches, \$10 in pennies, an ancient \$10 bill and a new \$10 bill, two silver dollars, English money in the value of 10 pounds, worth about \$40 American, and a pair of gold earrings valued at \$35.

SCOOTER RIDER HURT

Wesley Frank, 16, of 963 Fisher road, was injured on April 21 when he fell off his motor scooter at the high school. He was taken to Cottage Hospital by Farms Police Hilgendorf and D'Haveloose, where he was treated for injuries of the left hand and left foot.

Raise in Bus Fare Looms After Three Month Trial Period

Policies of Lake Shore Coach Lines and Pointe Municipalities on Fares-Service-Taxation in Agreement of Oct. 28

A persistent rumor has been in circulation throughout the Pointe in recent days that the Lake Shore Coach Lines, Inc., is considering raising its bus fares between here and Detroit.

When the present arrangement between the Bus company and official representatives of the five Pointe communities on the current fares was made on October 28, 1947, a proviso was incorporated in the agreement that the fares of 15c one way or a round trip ticket for 25c were to be for a trial period of three months.

At or before the expiration of that period the Grosse Pointe municipalities were to have the privilege of examining the financial status of the bus company, and if the result of this examination indicated the ability of the bus company to revert to the old fares it should be done.

Another consideration of this agreement was that the bus company would improve travel facilities for its patrons, if not in more frequent service, at least in additional seating capacity.

This latter item is now in dispute between the company and the municipalities. It was represented by the company during the negotiations that it was about to get ten more new, large buses and the inference was clear that these, or most of them, were to be placed in commission at once as additional carrying equipment.

It is now claimed by the Pointe communities that these ten new buses which were received some weeks ago have been used merely to take the place of ten old ones which have been placed in reserve.

The new buses have larger seating capacity and to that extent have provided some more seats for the riding public, but frequency of service, the Pointe officials say, has not been increased.

The three months' trial period was extended for another three months before its expiration, without prejudice to the interests of the Pointe municipalities.

The reported bus fare hike is said to be the charge of a full fare of 15c between the Pointe and Detroit, with the concession of selling 10 tickets for \$1.25. This would do away entirely with the 25c round trip ticket.

The agreement entered into (Continued on Page 2)

Drainpipe Exit Made by Caller

A resident in the 1100 block of Yorkshire road phoned the police at 5 o'clock in the morning on Sunday, April 25 that he had heard a strange noise which awakened him, and looking out of his bedroom window he had seen a man descending from the second story window of a house across the way, apparently on a ladder.

The police hurried around prepared to set up a road block. They located one young fellow who explained rather sheepishly that he and a friend had been making a call at the house and stayed a little late, so decided to leave via the drain pipe rather than awake the rest of the household.

It was strictly a private case and the police washed their hands of the whole affair.

Community Garden Revival Unlikely for Pointe Area

There will be no revival of the wartime gardens in Grosse Pointe this year, unless there should be a general public do-gooding. When the garden season ended last year the program was formally abandoned.

Vincent DePetris, who was the active head of the work here during the war, told the NEWS on Monday that the garden work here was carried on as a patriotic measure to help supplement the nation's food supply. While the garden enthusiasts who did such a fine job in the Pointe are personally as deeply committed to garden work and its economic and health advantages as ever, they feel that the emergency of the war period has passed, and doubt whether the different Pointe municipalities would be willing to undertake again at

Lane, Davies Ask, Answer Sharp Queries

Pointe Villages Seeking Way Out on Public Health Expense

The supervision and direction of the public health service in Grosse Pointe is fast growing into a red hot issue. It all stems from the idea of setting up separate City governments with which several of the villages have been toying for some time, and the knowledge that if they do so it will be necessary for them to set up separate health authorities of their own to carry on in the stead of utilizing the general authority over the public health administration which now vests in the Township Board of which Dr. Thomas S. Davies is the general Health Officer.

The Villages of the Shores, Farms, Woods and Park are an integral part of the township and as such their public health supervision is directly under the Township Board. The City of Grosse Pointe, which is not a part of the township, also has its health service supervised by the Township under a special arrangement which it made with the township several years ago whereby it pays the township in the neighborhood of \$4,000 to \$5,000 a year. Its payment to the township last year was \$4,396.98.

These villages, which are now in the City charter mood, are dickering with the County Health department to have it take over their public health work when and if they drop out of the township via the City charter route.

For light on this subject the Farms council had a meeting with Doctor Littlejohn, the County director, three or four weeks ago. That meeting did not produce very much encouraging information. Dr. Littlejohn stated frankly that it would not be feasible for the County health department to take over the Farms village alone but that if all of Grosse Pointe desired to come under the county health administration it could probably be arranged by the County department setting up a divisional headquarters somewhere out here from which to carry on its work in this north-eastern section of the County. Its headquarters are now in Dearborn.

Whether or not the County would be willing to provide its Health department with the needed additional funds to care for Grosse Pointe was not discussed.

The Pointe communities have been proceeding on the assumption that if the County took over their health service this cost would be wholly removed from the local communities and lodge entirely on the county. The patent was a good one if it will work.

Following out this same thought, and with the same motive behind it, the Park village is also making enquiries of the county authorities as to their possible health service.

There is no doubt but that it has been impossible for the present township health setup to provide all of the many kinds of health supervision which is modernly expected. One exception to this is the unusually efficient supervision which it maintains over the health of the school children. Dr. Littlejohn, in his talk with Farms trustees, promised nothing better in this department; in fact, the inference he left was that it might not be quite as good.

The reason for this, according to the local health people, is that the township health department is inadequately staffed and there is no uniform health ordinance for all of the Pointe communities to permit of enforcement and summary conviction for offenders against health regulations. This could be overcome by providing slightly more help and by the local councils passing an identical ordinance.

On April 5 Manager Everitt B. Lane, of the Park village, addressed a letter to Dr. Thomas S. Davies, the Township Health Officer, enquiring of him categorically of the range and type of the health service which his office could give the village. To the lay observer nothing was

Park Boosts Pay of All Its Employees

Salaried and Hourly Wage Workers Get Raise of About 6 1/2 Per Cent

The employees of the Park village are going to get an increase in wages and salaries this year which will run about 6 1/2 per cent higher than last year.

The bulk increase runs roughly \$16,000 for policemen and firemen and employees in the Municipal Building, and \$5000 for the hourly wage employees, the total amounting to \$21,546.25.

Commissioner Karl B. Goddard, chairman of the Labor Commission, brought the recommendation before the Commissioners' meeting on April 26 and it was adopted by the Board.

Provision for the increase has already been made in the new budget.

Police Break Up Battle in Street

A free-for-all fight among some 17-18-year-old boys in the 1200 block of Lakepointe at 2 o'clock on Saturday morning, April 24, brought a hurry-up phone call from neighbors to the Park police station.

The boys scattered as soon as they saw the police, who only succeeded in capturing one of them.

This youngster, in the most approved gang tradition, refused to tell the police the names of either foes or allies, and after holding him a few hours in the station they sent him home with a warning.

More Baseball Fields Needed

Springtime and boys playing baseball can no more be stayed than wild geese flying north. Numerous complaints have come into the police stations in the recent bright days, from neighbors fearing for their window glass. Two such complaints came in on the same day in the Park, from Barrington south of Jefferson and from the 1000 block on Audubon.

The Park has already decided to set aside a part of their village owned plot at the foot of Three Mile for such playground, but many more such spots are needed through the whole Pointe area.

Another thing that would make a revival of the gardening enterprise more difficult is that the garden plots which were available during the whole growing season because of the prohibition of building during the war, are now in many cases actively on the market for building development. It would be extremely difficult now to persuade the owners of such plots to bind themselves to give continuous use of them now.

There is nothing in the garden picture this year, however, which prevents the home garden plot owner from actively cultivating it again this season. The gardening organizations hope sincerely this will be done.

omitted. He requested an answer on or before April 10.

His letter said: Grosse Pointe Park, Mich., April 5, 1948. Dr. Thomas S. Davies, M.D., Township Health Department, 279 Rivard Boulevard, Grosse Pointe City 30, Mich.

Dear Doctor:

"The Village Commission of the Village of Grosse Pointe Park believes that the public health services rendered by the Township Health Department are inadequate to cope with the general health requirements of this community of approximately 15,000 population. Few investigations have been made in the field except upon complaints received at the Municipal Building or Health Office.

"Our Commission would like an expression from you stating whether or not you will be able to furnish the following health services for the municipality of Grosse Pointe Park in the future:

"(1) Make diligent inquiry and inspections with respect to all nuisances, sources of filth, contamination and causes of sickness of every description in the Village of Grosse Pointe Park, which are or may be injurious

to the public health and abate the same.

"(2) Make regular inspections of restaurants, taverns, soda fountains, bakeries, creameries, ice cream plants and fish and food markets. Check personnel for physical examinations and food handler's cards.

"(3) Forbid the sale of fish, poultry, meats, vegetables, ice or provisions which are detrimental to the public health.

"(4) Inspection and control of drinking water and facilities, garbage and refuse disposal, sewers and drains.

"(5) Sample and analyze drinking and bathing water in the community. Make tests in or near swimming pool during the swimming period, particularly during the periods when the chlorinating system is in operation.

"(6) File regular reports concerning the general health conditions in Grosse Pointe Park, including contagious, infectious and communicable diseases.

"We will appreciate receiving a letter regarding the above matter on or before April 10, 1948."

Yours very truly, EVERETT B. LANE, Municipal Manager.

Due to the detail that Mr. Lane's letter covered, Dr. Davies said he was unable to make an

adequate answer until April 22. On that date he wrote:

Grosse Pointe, Mich., April 22, 1948. Village of Grosse Pointe Park, 15115 East Jefferson Avenue, Grosse Pointe Park 30, Mich. Attn. Mr. Lane, Village Manager. Dear Sir:

"I am in receipt of your letter of April 5th, 1948, and have noted the contents thereof.

"I am pleased that there has been an awakening to the necessity for more strict enforcement of health regulations. It is unfortunate that you have seen fit to make this controversial matter without first discussing the matter with me, and for that reason I have delayed in replying to your letter so that I could have ample opportunity to study the letter and make a complete reply thereto.

"There are many matters involving public health services, which, of their very nature depend upon the exercise of police power and the use of policing agencies to enforce regulations. This Department must depend upon proper laws and ordinances to enforce health regulations. At various times this Department has requested revision of Village Ordinances to meet the present Health requirements. The Health Department has not the broad power of enforcement which is vested in the Village Police Department and its administrative officers.

"A recommendation was made several years ago to have all Grosse Pointe communities adopt a uniform Food Handlers Ordinance, but only Grosse Pointe Woods and Grosse Pointe Farms saw fit to adopt an ordinance of the type recommended by this Department. Revisions of the ordinance in the Village of Grosse Pointe Park were recommended, but to date, no action has been taken. This Department has no legislative power to adopt ordinances for the Village of Grosse Pointe Park.

"This Department has recommended requirements as to physical examination for employees in food handling establishments, for modernization of toilet facilities and other pertinent and important sanitary regulations, and this Department had suggested that proper ordinances, or revisions of ordinances, should be speedily adopted to provide for these regulations, but to this date, the Department of Health has received no information as to what action has been taken on the recommendations.

"After careful study and analysis of your letter of April 5th, I make the following answer thereto:

"(1) This Department has at all times investigated and has directed the abatement of nuisances, sources of filth and contamination, but as to the abatement of causes of sickness of every description in your Village, the writer is at a loss to know just what is meant thereby. The medical profession, as well as the Health Department, would like to reach that stage of efficiency where all diseases and sicknesses could be abated with action by this Department.

"If it would be of interest to you to know, contagious diseases in the Grosse Pointe Health District are at a minimum and that the record of this Department in taking precautionary measures so as to prevent the spread of communicable diseases is reflected by the few cases of communicable diseases which exist in the Grosse Pointe area.

"(2) The Health Department has made regular inspections of all food handling establishments in your Village, and will con-

tinue so to do, and if more stringent regulations are required in your Village, this Department would suggest the adoption of a suitable ordinance, and would suggest at this juncture that a uniform ordinance of this type should be adopted for all of the Grosse Pointe Communities for more efficient enforcement and a better understanding of the regulations by the food handlers and their employees.

"(3) Whenever it has come to the attention of the Health Department that any food products are detrimental to the public health, immediate action is taken. I cannot understand what you have in mind in connection with this particular statement. If you are attempting to infer improper enforcement in this connection, I would appreciate it if you would be specific in stating where our Department has been derelict in its duty.

"(4) Inasmuch as the furnishing of water, garbage, refuse disposal, sewage and drainage services are under the control of the Village authorities, it would be presumptuous upon my part to take any action affecting the control of these municipal services.

"If it is your desire that this Department analyze water and effluent of your sewers and drains, we would be only too glad to receive samples for analysis. Again, I do not quite understand what you have in mind in connection with this statement, and if this Department has been derelict in its duty, specific instances thereof should be stated.

"(5) The drinking water furnished to the residents of your community comes from the Water Department of the City of Detroit, which has a complete testing laboratory responsible to the State of Michigan. Inasmuch as the Village of Grosse Pointe Park is distributing this water to its residents, and if the Village would like further analysis of the water, the Department of Health is only too ready and willing to receive samples thereof and make tests, and report the outcome thereof.

"This Department makes periodic tests of the water in the various swimming pools and beaches in the Grosse Pointe area, and if further tests are desired, again, the Department would be ready and willing to receive samples and make tests thereof, and report the Department's findings.

"(6) Monthly reports of the General health conditions in the Grosse Pointe Health District, which embraces all five of the Grosse Pointe communities, are made by this Department, copies of which are furnished to each of the Grosse Pointe municipalities. If it is the desire of the Village of Grosse Pointe Park to have the reports made in such a manner as to cover each community separately, this Department has no objection to so doing and will in the future make such a report.

"For your information, the Grosse Pointe Department of Health has five nurses, who are at all times engaged in public health work, particularly through the school system in this district, which includes the public, parochial and private schools. In addition thereto, the nurses make investigations of health conditions for the Department. This Department also has a Clinic for the examination and immunization of children, and instructs mothers in the care of infants. This Department has a dentist who examines the teeth of all children of school age and furnishes dental services where par-

ents are unable to finance the same.

"The Department also has an oculist who when requested makes a complete examination of the eyes of children of school age and recommends corrective measures. At intervals, hearing tests are made of all children in school. Recently the Department has joined with the State and County in conducting a tuberculosis x-ray survey and campaign.

"Many other health functions are performed by this Department, too numerous to mention, and the Department is always ready and willing to accept constructive criticisms and recommendations.

"I feel that the Department and its employees have made an earnest effort to render complete and efficient health services to the Grosse Pointe area which it serves.

"If you have any specific instances where the activities of this Department are subject to criticism, I would be only too glad to have the information and will see that everything within my power is done to correct any dereliction on the part of this Department or its employees."

Yours very truly, T. S. DAVIES, M.D., Grosse Pointe Township, Health Commissioner.

Bus Raise

(Continued from Page 1)

last October was to run from November 1. With the three months' renewal this would bring the expiration of the second, or extended renewal, to May 1. The belief is that then, or soon after, the bus company will announce its new ideas on fares.

It is surmised that the recent raise in fares which the DSR seems to have gotten away with successfully has prompted the local company to believe the time propitious for the raise it now contemplates.

At the time the Lake Shore Bus Lines asked for the raise it was represented that it needed it primarily to enable it to pay higher wages to its employees. With the general movement for higher wages throughout the country it can be assumed that this argument still holds good.

In the agreement entered into between the municipalities and the bus company last October the following clauses occur under the general caption of "Service Policy":

"(a) Lake Shore Coach Lines will use every effort to obtain and run buses sufficient to carry the passenger load it develops in a manner such that, on the average 1) all passengers will have a seat except during peak hours, and 2) during peak hours the number of standees will be relatively small. It states the following as a fair standard of passenger loading which ought not to be exceeded as a matter of policy:

"During peak hours—not in excess of one and one-quarter times the maximum permissible carrying capacity as defined by rule 37(a) Motor Carrier Rules and Regulations; during off peak hours—not in excess of such maximum permissible carrying capacity. If it develops, during a reasonable period of time that on a particular run such fair standard is being exceeded on more than half such runs it will promptly remedy such condition (by rearranging its time schedule, by adding runs at or near the same time, or, if nec-

essary, by purchasing additional equipment.

"As used above 'peak hours' means those three hours of the day (one and one-half hours in the morning and one and one-half hours in the afternoon and early evening) during which the passenger load is highest; a 'run' means a regularly scheduled trip (in one direction between given points) starting at a given time on each day or class of days; a 'reasonable period of time' for determining whether the fair standard of passenger loading is being exceeded shall be any period of four consecutive calendar weeks; the amount of passenger loading shall be determined as the buses arrive or leave the transfer point; the 'maximum permissible carrying capacity' as defined by rule 37(a) means the actual seating capacity of the motor vehicle.

"(b) The Lake Shore Coach Lines states that it has on order ten new 38-passenger buses, that it expects delivery thereof in January or February, 1948, and that it will use every effort to obtain delivery of such buses (or others aggregating a like capacity) and put the same into service (as additional, and not replacement equipment) as soon as possible.

"(c) Lake Shore Coach Lines states that it will endeavor to provide suitable facilities at its transfer point (now located at Jefferson and Barrington) including benches and, ultimately, some type of shelter. Grosse Pointe Park states that it will cooperate with any program to such end.

"(d) The Municipalities recognize that Lake Shore Coach Lines does not have sufficient equipment on hand to effect the service policy stated in above (a) without drawing on equipment now committed to school service; accordingly, the municipalities will not claim a breach thereof if such service policy is not fully effected before January, 1948."

The above is the service policy of the bus company as outlined in the agreement.

In fairness to the bus company the "municipal policy to-

wards public transportation" which was incorporated in the agreement between the company and the municipality should also be published.

This reads:

"Each Municipality states the following as to policy towards public transportation:

"(a) It favors, in principle, privately owned and operated transportation systems provided the same are operated with efficiency, with a high regard for the public interest, and at a profit not in excess of that consistent with the non-competitive nature of such business.

"(b) It favors a high quality service and believes its residents willing to pay such fares as may be required for service of that type; it does not favor cutting service in order to maintain a low rate structure.

"(c) It is not its policy to impose wheel taxes, mileage fees, or onerous regulatory measures so long as the transportation systems serving its territory con-

form to (a) and (b) above, reserving, however, (1) the right to demand reimbursement for any damage or deterioration of streets which with reasonable certainty appears to be here in whole or in part, due to the operation of the transportation system and (2) the right to impose a tax or fee whenever it feels that a transportation system unreasonably refuses to pay for damage."

P. E. O. MEETING MONDAY Chapter A. O. of P. E. O. will hold a meeting at 8 p. m. on Monday, May 3, in the home of Mrs. William Buchinger of 375 McMillan road. State convention reports will be read.

Park Commissioners Hear County Health Director

Discussion Over Possible Shift in Authority From Township Leaves Many Questions Still Unanswered

Dr. David Littlejohn, director of the County Health Department of Wayne County, appeared at the meeting of the Board of Commissioners of the Park village on April 26 to discuss with them the details of the health service his office could give to the Park in the event of the county taking over the local administration.

The other Pointe communities that have been considering the same step were invited to be present and the Farms Director of Public Works, Murray Smith; Farms Village Clerk Harry Furton and Manager Tom Jefferson of the Shores, attended.

Dr. Littlejohn's talk was largely a repetition of the one he made before the Farms Board of Trustees two or three weeks ago.

He mentioned that his total budget was about \$300,000 annually, of which about \$60,000 came in as Federal aid. This latter came via the Federal Child Bureau. His most significant statement

was that there are several communities within his jurisdiction in the county that pay an extra sum out of their municipal treasuries for certain services which they want.

The thought has been advanced in councilmanic circles here that if the Grosse Pointe municipalities should switch over to the county health service, the work of the township health department in its public school department, which seems to have been acceptable to the public, should be shifted over to the Board of Education as its responsibility.

This would be of small comfort to the taxpayer who would have

to pay the bill anyway in his school tax.

After Dr. Littlejohn retired from the meeting it was obvious that the discussion had left much unanswered.

Commissioner Peter Koenig suggested that the physicians of Grosse Pointe, who number in their midst many of high professional rating, be requested to take up the matter of a public health service suitable to the Park and make a recommendation to the Board of Commissioners.

There was some discussion of this proposal but it was finally rejected. A motion was then adopted authorizing President Homer Fritsch to name a small committee to examine further into the whole general subject and report back to the Commission.

President Fritsch immediately named Manager Everett Lane and Commissioner Koenig as such a committee.

Manager Lane says there will probably soon be a meeting of the heads of all of the Grosse Pointe communities to consider the subject.

Very Young Marksman Picks Expensive Target

Ernest De Lalla, of 9342 Charlevoix, reported to the City police at 8:15 o'clock on Saturday night, April 24, that while driving on St. Clair a very small boy had thrown a stone at his car and broken the windshield. The boy proved to be small indeed. He was Master John Pelitier, aged 3, of 902 St. Clair. John had picked out a nice new 1948 Chevrolet as his target. His father said he would gladly pay the damage.

JET RACERS

Any boy or girl having a jet model race car and interested in competition is invited to come to the Neighborhood Club on Friday, May 7 to test their cars in preparation for the big race May 14. The race, May 14, will be the final race in which points will be accumulated toward winning the Drake Jet Racing Trophy.

CAMP LEADERS NEEDED

Mothers, college students and high school girls are urgently needed for assistance with the Summer Day Camp program at the Neighborhood Club, which will be held from June 28 through Friday, July 30. The camp runs three days a week from 9:30 to 3:30. For further information please call Miss Masak, NI. 4600.

THEATER PARTY

For laughs, thrills and surprises come to the Neighborhood Club this Friday, April 30 for the Children's Theater Party which will start at 7 p.m. There will be your favorite cartoons, exciting contests and lots of door prizes.

Police Silence "Cracker" Boys

Officers Flannagan and Teafert of the City Police, observed a couple of boys cruising around in a car about midnight on April 23 and every now and then spraying the landscape with a giant firecracker.

They gathered in Eugene Record, aged 19, of 1048 Whittier, and Richard Friedland, aged 18, of 2004 Ashland, Detroit.

They confiscated the remaining firecrackers and directed the boys to explain their disorderly conduct at magistrate's court later on.

Owner of Biting Dog Gets Ticket

Edward Hartwick of 818 Trombly, came around to the Park police station on Friday night, April 23, and reported that he had been bitten by a dog on Fairfax between Westchester and Balfour.

On investigation the police learned that the dog belonged to Dr. Vincent Kelly of 898 Westchester. Dr. Kelly was given a ticket for harboring a vicious animal.

Police Capture Unlucky Strays

Friday the twenty-third was as unlucky as Friday the Thirteenth for stray dogs in the city. Two officers hid themselves out to diminish the visible stray dog population of the city.

In a quick tour around they garnered in one male chow, tan, now in durance in Kennel No. 6; one male mongrel, brown, now in Kennel No. 4; one black Cocker, in Kennel No. 5; and one brown pup, lineage unknown, awaiting claimant, plus impounding charge, in Kennel No. 7.

And they say they have only scratched the surface of the local supply.

Judge DeBaeke Tosses Out Case

Judge Victor DeBaeke had only three cases before him in Park police court on Wednesday morning, April 21.

Laurence Glissman, Jr., of 2041 Lennon, Grosse Pointe Woods, charged with speeding 40 m.p.h. on Kercheval on April 6, paid \$5 fine and \$5 costs.

The assault and battery case growing out of too promiscuous use of a hose between two families occupying sides of a double house on Maryland was dismissed for lack of evidence.

Children's Concert Gets Parents Back in Practice

One of the novel music groups to appear at the Children's Band and Orchestra Concert to be given on May 16, at 3 p. m. in the Pierce Auditorium, is a Neighborhood Ensemble.

Two of the fathers in the Grosse Pointe Farms section have been polishing and cleaning a cello and a violin in order that they may join their children in their practice. It is understood that the children are stern teachers, insisting that their fathers play every note correctly, which also seems to have a good effect on the practice of the children.

George Schlaepfer, Jr. and his father are working hard on the Don Juan Minuet by Mozart. Rumor had it that Mrs. Schlaepfer's piano playing has improved greatly due to her daily practice with George Jr., helping him find the right notes.

Although Arlene Koelbels has been out of school, she is now at work getting her father in practice on his violin for the Spring Concert. Mr. Koelbels reports that his old strings have been replaced and that he will soon know his part in the Minuet. Much could be said about the price a parent pays for his child's musical education in both money and time.

The following orchestra members have family ensembles. Margaret Peet has a mother who plays guitar, and a brother who plays an accordion. Peggy Pro-

tor, flutist, has a mother who plays the piano and a brother who plays the saxophone. Gayle Smith, trumpet player, also plays the violin, her mother the piano, her father the violin, and her sister sings.

Helen Slocum, violinist, has a mother who is also a violinist, a brother, Fred, who plays the clarinet, Grace, a sister, who sings, Sally, another sister, who is a pianist, and her father sings. Karen Jacobs, a cellist, has a mother who is also cellist and a younger brother, Teddy, who plays the piano.

Judith Marsten, the pianist of the Children's orchestra, has a father who plays the violin and her brother, Michael, plays the piano.

These and many other children who come from musical families will be heard in a concert at the Pierce Auditorium on May 16.

GIRLS' BASEBALL

Any girl, 17 years old or over, interested in playing baseball with the Grosse Pointe Neighborhood Club team is asked to contact Miss Mesak by calling NI. 4600 as soon as possible. Practice will be held every Thursday evening in preparation for play in the Detroit Parks and Recreation League.

The U. S. Navy's only "grog tub" is at the Naval Academy, Annapolis, Maryland. An exhibit at the Academy's Museum, it is a present from HMS Frobisher, British training ship, in appreciation of the welcome given the English sailors on a week's visit to Annapolis.

Attempt to Make U-Turn Causes Cars to Crash

An attempt to make a U-Turn in Kercheval avenue caused an accident at 7:45 p. m. on April 24.

Thomas William McDonall of 707 St. Clair, driving east on Kercheval between Fisher and McKinley, collided with R. D. Hopkins of 4127 Three Mile drive, who was making the turn.

Man-in-a-hurry Hits New Car

A 1947 Packard sedan, owned by Victor H. Greise, of 3437 Courville, was struck by a hit run driver at 1:50 o'clock in the morning on April 24 while it was parked on Harvard 50 feet south of Mack avenue. The police believe they will get the man-in-a-hurry.

black Ford sedan, but were not quick enough to get the number. After the scraping it gave the shiny new Packard it got out of the neighborhood at high speed. The police believe they will get the man-in-a-hurry.

Anyone who gives a hoot for loot, and can use \$50,000 for diamond pin-money knows that—
It beats working
It beats Wall Streeting
It beats hopping the horses
It even beats riding a roulette wheel.
We mean taking up life, seriously, as a professional contest winner.

Except for one thing. So, before we give you a loot-by-loot look at the gold in them there radio thrills, we'll let you in on the one little thing, which is that you'd better jump on the contest gold before the contests themselves get jumped on.

Ever since the Supreme Court's momentous seven-to-two decision, upholding the action of the Postmaster General in barring from the mails the "Facts Magazine" Contest, the big question mark is what might happen to the multi-million dollar radio contest and quiz biz.

In the case of "Facts" \$10,000 contest—a pygmy figure in comparison to radio give-aways—the Postmaster General slapped a "Fraud Order" on the company, returning all printed matter to the remitters with the word "Fraudulent" stamped all over it. After months of litigation in the lower courts, the company is now out of business. Both their publications have stopped. And if and when they resume there will be no contests. This, because, as their president, Mr. Arter, explains, he can think of no way of running a contest that the Postmaster General cannot attack if he chooses.

Now the basis of this "Fraud Order" was that while the contest was advertised as a "puzzle contest," it actually sought to develop into a letter-writing contest. And furthermore that this fact was buried in small and inconspicuous type in the advertisement.

In rendering the decision, Justice Black put it this way: "People have a right to assume that fraudulent advertising traps will not be laid to ensnare them."

The court called the advertisement "A model of clarity and obscurity." Certainly there is an admirable tinge of whimsy in that description, applicable to many a layout in the public prints.

But there is no whimsy in the Aspirin Alleys of the agencies handling other contests, as the Bright Boys shudder in their custom boots and contemplate hanging by their handmade ties. For, if such a sweeping decision can happen to the mails, what could happen to the air? Are the contests legal or a lottery?

On the heels of the "Facts" fiasco, the vastly sane "Variety" gives a loot-by-loot breakdown of the prize money now available on the three national networks.

For instance—
The Favorite, going to the mike on the "Breakfast in Hollywood" program offers odds of \$50,000 in cash, topped by a \$25,000 first prize. All you do is write a letter on: "I use P. & G. products for house-cleaning because—"

(But it can't be anything so obvious as because your house is dirty, pet. You must really LOVE that soap.)

Any Junior Leaguer, with a social uplift urge, could cop the Abbott and Costello prize money of \$30,000—added to weekly and including everything from a plane to (Ripley or not) a white baby elephant. You just drop everything and write Abbott and Costello a note beginning: "I want to help fight juvenile delinquency because—"

(Unless, of course, you'd rather fight Abbott and Costello.)
How about choosing a name for the Girl on the Camay wrapper, which might net you either \$1,000 a year for life or \$20,000 in a lump sum.

You can even hop on the money merry-go-round with such a brain-buster as Drew Pearson, who's high high brow-beating the literati. You simply write a winning letter on "How to Make Democracy Live."

(And the right answer also ought to get you the Republican nomination for president.)
If you're not in the letter writing mood, you can pick up a few more measly thousands by guessing "the mystery tune," nominating "the funniest person you know," or just simply "naming a dog."

See what we mean, boys and girls?
The way we have it figured out—and we're a very feeble figurer—you're losing about \$120,000 a day just by staying away from the radio. Think what you could do with the investment of a roll of three cent stamps and a pound of letter paper.

The only thing we do know that beats it, as an investment, is the girl who insists to this day that she was the original gal who was calm and collected—collected two million. She did it, what's more, on a nickel investment.
She invested the nickel in a phone booth, calling the right man.

Sail Skippers Hosts at Party

The annual buffet supper and dance at Grosse Pointe's Little Club was hosted Saturday evening by the owners of the three New York 32 sailboats in this sector.

The trio who began the project in 1946 are the Ledyard Mitchells of Kenwood road, the Wilfred Gmeiners and Cletus Welling. Their boats, in the same order, are the Soubrette, Apache and Vitesse.

Fifty couples attended the Saturday party. Each September the three sailors hold a race with the Gizmo trophy going to the victorious skipper.

A total of 79,000 Naval Reservists participated in two-week active duty training cruises during 1947.

Frank Quails Jr., Tell Of Daughter's Troth

Miss Quail to Wed James Holt in Fall; Engagements of Two Other Pointers Announced Recently

Three Pointe engagements make society headlines again this week. The first, Jeanne Meredith Quail's betrothal to James Bertram Holt, was announced at a family dinner party at Ciro's by the bride-elect's parents, Mr. and Mrs. Frank Quail, Jr., of Balfour road.

Jim, the son of Mr. and Mrs. Harry W. Holt, of New Baltimore, Mich., and Palm Springs, Calif., will graduate from Los Angeles City College in June. Jeanne received her degree from Frances Shimer Junior College at Mt. Carroll, Ill.

The couple will be married in the fall.
A June wedding is planned by Elizabeth Kirk Stephenson and Kenneth Lane Winslow, whose engagement was recently announced by Elizabeth's parents, Mr. and Mrs. Burnette Fehet Stephenson of Longfellow avenue. Kenneth is the son of the Clarence Winslows of Balfour road.

Elizabeth, a graduate of Miss Newman's School, attended Denison University for two years and is now in her senior year at the University of Michigan. She is affiliated with T.A.E. and Kappa Kappa Gamma.

Her fiance, who is in his third year of medical training at the University, was a member of Sigma Chi at Denison. He belongs to Alpha Kappa Kappa medical fraternity.

Margaret Rita Hoar, bride-elect of C. John Burke, has decided upon an early fall wedding. She is the daughter of Mrs. Michael J. Hoar of Buena Vista avenue, and the late Mr. Hoar.
Her fiance, a graduate of Villanova College, is the son of Mr. and Mrs. Cyril J. Burke of Balfour road.

Footlight Fans Conduct Reading

Local footlight fans held a recent organizational meeting which resulted in the formation of a group called the Grosse Pointe Theater. First script reading was held last Thursday at Grosse Pointe Memorial Church.

Instigator of the project was Russel Werneke. His confederates include George R. True, Judy Bosson, Lew Wood, Marian Getler, the Rev. Frank Fitt, and Clark T. Wells. Others at the initial meeting were the James B. Steeps, Dr. William H. Elliott, Cecil Gordon, William J. Dennes, Mrs. Henry C. Bogle, Suzanne Bogle, Shirley Davis and Mary Jane McClure.

Junior Goodwill Fair Saturday

The May Day fair which the Junior Goodwill gives Saturday for the benefit of the Goodwill Industries will look like an Animal Fair. In search of inspiration for their posters, Junior Goodwillers trekked out to the Detroit Zoological Park last week, and the animals posed for quick sketches.

Poster rabbits will adorn the toy booth and an elephant sketch will hold a prominent place at the white elephant counter. All the other animals will be placarded too, because the zoo world is taking over the decorative scheme at the fair.

Mrs. C. Bradford Hitt of Lincoln road is general chairman of the fair. Mrs. Ernest Borglin and Mrs. Frank Wilton are co-chairmen, and Mrs. Julian F. Purvis heads the decorations division.

Presiding over the various booths are Mrs. John T. Allmand, Mrs. Samuel B. McCool, Mrs. L. A. Colman, Mrs. Lyle C. Collinson, Mrs. Jean Maxwell and Mrs. Germe Thomas.

Other committee heads include

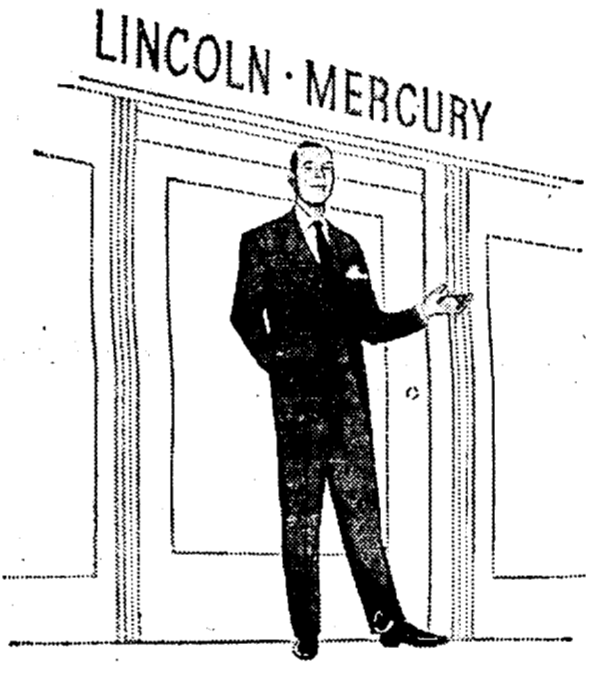

Mrs. Frederick J. Stevens, Mrs. Kingsley Purton, Mrs. Orlando Pickard, Mrs. John Denler and Mrs. Sidney Huff. Junior Goodwill treasurer, Mrs. J. C. Hurley, and her assistant, Mrs. Raymond Walk, will look to the financial end of the project.

ANGLERS APPEAR
The early season fishermen have appeared in force off the Grosse Pointe shores. Residents at the foot of Edgemont phoned a complaint at 7 a.m. on April 24, about a couple who might have been there all night. The police drove them away with a warning.

All-New MERCURY

The All-New 1949 Mercury

You've seen a lot of "new models." Once in a long, long time you see a new car. Today is one of those times. The 1949 Mercury on our floor is the car.

Start with your very first look—you'll know Mercury is new, all-new. From the front? Mercury is wider, with exciting new fender treatment, completely enclosed in a sleek, graceful, curved-arch silhouette. From the side? Mercury is longer and lower, with a poised-for-flight look that gives an illusion of motion even when the car is standing still. From the back? Mercury you expect to find only in the luxurious styling you have all in only in a car far above Mercury's price class.

This 1949 Mercury is a product of 1949-plus engineering. It has a big, rugged frame—with safety, stamina and down-to-earth roadability in every inch of it. There's all-new spring suspension, with a lullaby ride above it.

New safer, wider rims—with new, bigger

super-balloon tires—make shocks and side-sway a thing of the past. There are all-new super-brakes with velvety "STOP" in 'em, and an all-new power plant with get-up-and-"GO" in it—a power plant designed and built exclusively for Mercury! There's even a new, fog-free, leakproof "Fingertip Weather Control" so you can flood the car with fresh, outside air at your will.

It's here, waiting for you to see. All-new beauty, all-new comfort, all-new performance. Every inch and pound is all-new—inside and out, top to bottom, front to back. Available in a choice of superb body styles, including Mercury's all-new Six-passenger Coupe and Six-passenger Convertible.

So... before you think of buying a new model, see the ALL-NEW Mercury.

That's the only break this 1949 Mercury asks of you!

Pointe Freshmen Do Well At University of Michigan

Forty-four recommended graduates of Grosse Pointe High

School who entered the University of Michigan in 1947 emerged from their first semester's work with an honor point average of 1.42.

Of the marks, 11 per cent were A's, 34 per cent B's, 43 per cent C's, 10 per cent D's, and only 2 per cent failing. The following eight students of the present freshman class at the University of Michigan made honors averages: Hugh Blecki, James Brown, Robert Cogan, Sally Dalton, Diana Dehem, Barbara Hart, Raymond Sawusch, Sarah Slocum.

Four of these students, Hugh Blecki, Robert Cogan, Diana Dehem, and Barbara Hart, were awarded University of Michigan Regent-Alumni Scholarships last June. They attained an honor average of 2.47 in their first semester's work.

With the exception of Ann Arbor High School, which had 69 enter the U. of M., only two other schools have as many Michigan freshmen as Grosse Pointe High School. No other

high school with the exception of two high schools in Ann Arbor have a higher percentage of alumni attending U. of M. than Grosse Pointe High School.

The group of 44 graduates to enter the freshman class at the University of Michigan is the second largest number ever to enter from this school in one year. Last year there were 65.

"This, of course, is a great number," said Mr. W. R. Clemenson, principal, "to attend from one high school. Naturally, we are exceedingly pleased with the very superior achievement of our graduates who are now freshmen at the University and especially when one considers the competition in universities and colleges these post war years."

Mutt Show Rules

The following rules to govern the Mutt Show to be held on Saturday morning, May 8, under the joint sponsorship of the Grosse Pointe News and Gray's Sports Shop, will be stringently enforced:

1. All entries must be kept firmly leashed on a strong collar at all times.
2. Boys and girls 12 years and under who are showing dogs must be accompanied by someone at least 18 years old.
3. No one over 14 years old will be allowed to enter.
4. A space will be assigned to each entrant and each entrant and his entry must stay in that space until called to exhibit and return to it following the showing.
5. The decisions of judges will be final.
6. All entrants must take their dogs to the show chairman before the show starts, to be checked by the chairman and an expert dog handler. If your dog is inclined to er. This is for the protection of all concerned.

Mutt Show

(Continued from Page 1)

Forbes Howard, Edward Hickey, George Neirnick, George Champagne, C. A. Dean III, John Sweeney, Jr., Bill Callery, Miss Helen Livingstone, Mrs. Ted Ballantyne and Miss Lowry Jones. Others will be added before the show.

Dr. J. H. Purvis, well known veterinarian, will give a talk to the boys and girls just before the show begins. In addition there will be at least one expert dog handler on the grounds to help the officials.

Fran Lemmer, genial proprietor of Francois' restaurant, steps prominently into the picture with an offer to supply free hot dogs to all entrants on the grounds.

There will be plenty of police on hand to help with the crowd expected to attend... and incidentally to help keep the 100 pooches under control. Rules, which are printed separately here, must be closely observed.

Classes to be judged include the biggest dog, smallest dog, longest tailed dog, shortest tailed dog, best groomed dog and nicest dog. Breed has nothing to do with this show. Thoroughbreds will be just as welcome as the most flagrant mongrel, but blue blood alone won't carry off any prizes.

Just in case there is still an opening by the time this goes to press, all entries must be made at Gray's Sports Shop, at 106 Kercheval avenue, across the street from the Grosse Pointe News.

Lochmoor Golf Starts May 7

The opening day of the ladies' golfing season at the Lochmoor Club will be Friday, May 7, 1948. Starting time is from nine to eleven. Luncheon will be served at one o'clock.

The officers and committees for the season are Mrs. W. Tom ZurSchmiede, chairman; Mrs. H. Ben Orr, vice chairman; Mrs. Arthur Kiernan, recording secretary; Mrs. Logan Wood, corresponding secretary; Mrs. Harry E. Winston, treasurer.

Baha's Speaker Talks On Spiritual Education

The Baha'is of Grosse Pointe Farms presented Mrs. Dudley Blakely of Bloomfield Hills in an informal talk last Tuesday in the high school library. Her theme was the paramount importance of enlightened education as the ultimate bulwark against the forces which divide and disrupt our world. Russell Werneken presided.

ALL COOLED DOWN

Officers La Ponsa and Seelov of the Farms police department found two spoons in a parked car in Stephens road subdivision on the night of April 28. According to the police report: "He was very sarcastic when we shined the flashlight on them, but he was very cool after we took him to the station and before we released him."

hour at 12:01 a.m. today in Detroit's Daylight Saving regulation... all suburban areas near Detroit will of necessity have to conform to Detroit's time sheet.

BERNARD MacFADDEN, aged 79, health faddist, takes to himself a 42-year-old bride.

COAL MINE OPERATORS are considering throwing the whole pension problem into the lap of John L. Lewis... plan to turn over to the union treasury the ten cents per ton royalty and the \$33 millions already accumulated and let the miners, (i.e. Mr. Lewis) administer it as they (he) sees fit. The purpose is to eliminate the pension issue in all future negotiations... this was the sole issue in the recent walk out... would be a victory for Lewis but would also take this thorn out of the operators' side.

MORRISON T. WADE, director of the Society of Good Neighbors, has been indicted for influencing witnesses who appeared before the grand jury investigating reported rackets in charity organizations.

NELSON DAVIS, the man whom a Mr. X... said he had overheard to say he knew who shot Reuther, has been released under \$2,000 bond... must appear for further questioning on Wednesday.

in the Board of Education rooms on Wednesday night at 8 o'clock. There are ten such groups in the Pointe and the generous turnout of the presidents was a splendid augur of the earnestness which these civic leaders of the community take in the Memorial Library movement.

Mr. Sheldon appealed to them to furnish twenty workers from each of the groups and received encouraging assurance that these would be forthcoming.

The response of the Parent-Teacher Council to the plea is indicated by the following letter:

Dear Mr. Sheldon: At a meeting of the Grosse Pointe Parent-Teacher Council held on Wednesday, April 21, the following resolution was unanimously adopted: "The Parent-Teacher Council endorses and offers its full support to the Grosse Pointe War Memorial Library and to the Fund Drive sponsored by that organization." Please feel free to call on our organization at any time for any assistance you may require. Sincerely, Grosse Pointe Parent - Teacher Council

G. W. Groehn, Secretary. Previous campaigns in the Pointe such as those for the Red Cross and Community Chest, have had a force of about 450 canvassers. Mr. Sheldon wants no fewer for the Library drive and more volunteer workers will be welcomed.

Not a single home in the Pointe will be overlooked. It is rather accurately estimated that there are 10,000 home or family seats in the area and the purpose is to get a subscription from each. A minimum average of \$50 from each home is desired. Inasmuch as three years' time is to be allowed in which to complete the payments, the prospect of \$16 per year from each family does not present an alarming drain on the family resources.

There was a meeting of the vice-chairmen and other key workers along with Mr. Sheldon and Mr. Skelton at the Detroit Club on Monday noon.

Mr. Hughley of the Community Chest organization, was present and gave the group the benefit of his advice and experience on the technique of organization for the coming drive. The next meeting of the committee will be on Friday, April

Catholic League to Give Fashion Show on May 6

Plans have been completed for a "Summer Fantasy fashion show and tea which will be sponsored by the League of Catholic Women and presented by Saks Fifth Avenue in the Crystal Ballroom of the League Building, 120 Parsons, Thursday afternoon, May 6. Warren Kelly of Station WJR will be master of ceremonies and Phil Skillman will preside at the piano during the intermission. Tea will be served following the style show.

Proceeds from the fashion show will go to the rebuilding fund of the new Father Weinman Settlement House. While the settlement house received operating expenses from the Community Chest, the Red Feather organization does not pay capital building fund cost. Tickets may be procured by calling TE. 1-1000.

CATHOLIC THEATRE The Catholic Theatre Children's Stage will close its 1947-48 season with a dramatization of Daniel DeFoe's exciting, "Robinson Crusoe" at the Art Institute auditorium on Friday and Saturday, May 14 and 15.

GIRL FAINTS IN STORE Ann Chenoweth, of 3470 Audubon, an employee of the Best and Company store on Kercheval, was taken seriously ill in the store on Friday, April 23, and was taken to the Bon Secours hospital by a police ambulance car.

CAB KILLS DOG A brown dog, owned by Mrs. Ralph Leshar of 1824 St. Paul, was hit by a Pointe Cab company cab at St. Paul and Notre Dame at 9 o'clock Friday night. Picked up by the police and taken to a veterinary's office, he died in a few minutes.

The State Highway Department has placed \$65,000,000 worth of construction work under contract since April, 1946, the greatest amount for such a period in the history of the state.

The U. S. Navy now has a total of 271 combatant ships in an active status. These include 13 carriers of various types, seven escort carriers, two battleships, seven heavy cruisers, 13 light cruisers, five anti-aircraft cruisers, 135 destroyers, 13 destroyers escorts and 76 submarines.

30 at 8:30 p.m. This meeting will be held in the campaign headquarters in Kercheval avenue.

CAR HITS COCKER

On the afternoon of Saturday, April 24, the City police found a little cocker spaniel dog that had just been run over on Waterloo near Cadieux by some unknown driver. The dog belonged to Christine Hoare, of 805 Notre Dame.

PROJECT 90 PER CENT DONE Manager Lane reported to the Park Village Board of Commissioners on April 26 that the sewer the village has had under construction in the Lakepointe-Beaconsfield area for some time is now 90 per cent completed.

Drouth Strikes Portion of City

The water main which serves the Cranford Lane-Cadieux section broke at 9 o'clock on Sunday night, April 25.

For a number of hours both the houses and fire hydrants were without a water supply. Early on Monday morning the city's water service crew was on the job and during the day water service was resumed.

Society News Gathered from All of the Pointes

From Another Pointe of View

by Jane Schermerhorn

"January Thaw" the Bellamy Partridge comedy presented last Friday and Saturday evenings in the auditorium of Pierce Junior High School . . .

Was a rewarding experience both for Children's Hospital (proceeds benefited the hospital) and for the audiences who saw it . . . For the IbeX members and their friends who acted in it . . . did themselves proud . . . all in all providing two merry evenings of entertainment . . .

Joey Brad Boydell . . . young son of the John Boydells of Kenwood court turned out to be our favorite child actor . . .

And Mrs. Frank Weber Mungler was so convincing as Marge Gage, stuck with a New England farmhouse complete with relatives when the deed said had to live there, too, no matter who owned the place . . .

That we shall always believe this is actually the situation when we see her here and there . . .

IBEX GIVES FINE PERFORMANCE

Applauding the really fine performance of Erwin H. Foersterling (as Jonathan Rockwood) and Harriette Engman Sage (as his wife, Mathilda) were several "first nighters" including:

Mrs. C. Hayward Murphy . . . Mrs. Gregory Butler . . . Mrs. Chauncey C. Griggs and Mrs. Josiah Scobell . . .

Some of the wonderful antiques used in the stage setting had been loaned IbeX by Mrs. Murphy . . . whose son-in-law, Eppa Hunton Heaton (I-o-v-e that name!) played the part of George Huston, the almost rejected suitor of lovely Arme Ranta Volkens (Sara Gage) . . .

Also in the cast were: Dan Buell, as Carson, a detective . . . Edward Trowbridge, a constable . . . Gerald M. Harrington as Herbert Gage . . . Mary Phillips Stapleton as Frieda . . . Richard Hasse as Matt Rockwood . . . William Dennes as Mr. Loomis and Patricia Hill Lange as Barbara Gage . . .

"FULL HOUSE"

It was nice to see the Charles F. Delbridges in the filled auditorium . . . and Mrs. David B. Moreing attended opening night of January Thaw . . .

We should have been at a loss without the pretty little girl who sat in the seat next to ours . . . Elizabeth Ledyard . . . who kept her father busy answering some of the perplexing questions in "January Thaw" . . .

She not only gave us her program . . . but helped us to recognize her contemporaries:

Joe Buell . . . Johnny Watling . . . David Stapleton . . . Harriet Davis (as brunet as her mama was and is blond ! ! !) Elizabeth Buell (THAT young lady goes by the nickname of Bizzy Buell, if you please) . . . Chrissie Watling . . . and young Johnny Huntington, who of course looks just like his dad, big John.

A BUSY DAUGHTER

Dr. and Mrs. William Moffett were there to applaud loudly the efforts of the IbeX-ers . . .

Their daughter, Harriett, Mrs. John Palmer Hodges . . . is present president of IbeX . . . and for the presentation of January Thaw her duties included those of aiding with patrons . . . ushering . . . and gathering props after the curtain . . .

She was handsomely clad for her many tasks . . . in an evening gown of coral and gold printed silk . . .

FIRST NIGHTERS

Others we saw in the auditorium on the opening night included: Mr. and Mrs. William J. Young Jr. . . . Mr. and Mrs. Arnold Wetherbee . . . the cutie, Betty Gregory in a devastatingly good looking black Spring costume with come-hither black straw hat . . . Mr. and Mrs. Albert Meder . . .

Mr. and Mrs. J. Lee Barrett . . . the Gilbert Wheldens . . . Mrs. John Huntington showed the guests to their seats . . . in a becoming evening frock with gold crepe top and long, flowing skirt of finely striped black and gold . . .

Mrs. Francis B. Van Deusen . . . wore a handsome mandarin coat designed of the most rich and lustrous blue satin, heavily embroidered . . . (Continued on Page 9)

Jane Howarth Wed At Saturday Rites

William Hibbard Claims Bride in Christ Church; Couple Honeymoon to Northern Michigan after Ceremony

Dr. Francis Creamer officiated at the ceremony in Christ Church Saturday morning, April 24, which united in marriage Jane Ely Howarth, daughter of Mr. and Mrs. Winslow Howarth of Washington road, and William Bowman Hibbard, son of the Charles Hibbards of Seminole avenue.

A French Colonial style satin gown, with tiny seed pearls embroidered at the shoulders, was the bride's choice for her wedding. Her tulle veil was held in place by a queen's coronet of pearl filigree and orange blossoms. A white orchid, surrounded by stephanotis, formed her semi-colonial bouquet.

Wearing a faille gown of dusty pink, Jeanne Ely, of Bronville, N. Y., was maid of honor. Her semi-colonial bouquet was of blue iris and sweetheart roses.

Best man was the bridegroom's brother, Edwin Armstrong Hibbard.

Aqua crepe with silver bead trim was worn by the bride's mother. Mrs. Hibbard selected a navy print dress.

A wedding breakfast in the Howarth home followed the ceremony. Out-of-town guests included Charles F. Hibbard, Jr., and his small daughter, Mary Josephine.

Shower Honors Marilyn Bursick

Peggy Rousseau was hostess Sunday afternoon at a tea and shower at the Grosse Pointe Yacht Club. Guest of honor was Marilyn Bursick, daughter of the Edward M. Bursicks of Buckingham road, and bride-elect of John C. Staudt, Jr.

Shower guests included Rosemary Downey, Margaret Mary Lynch, Justine Olson, Barbara Stiekney, and Carolyn Peacock.

The wedding will take place at St. Ambrose Church on May 22. Mr. Staudt is the son of Mr. and Mrs. John C. Staudt of Lake-pointe avenue.

Christ Child Society Tea Set for Friday Afternoon

The donation tea of the Christ Child Society will be given tomorrow afternoon in the Lincoln road home of Mrs. E. Liwyd Ecclestone. Mrs. Lawrence J. Krohn will receive with Mrs. Ecclestone.

Proceeds will benefit the children's home on Fallister avenue, which is sponsored by the society. Mrs. James Campbell and Mrs. Fred Colombo are co-chairmen for the tea.

Women's Golf Officers Named at Lochmor Club

Mrs. W. Tom ZurSchmiede is women's golfing chairman for the season which opens May 7 at Lochmor Club.

Other officers are Mrs. H. Ben Orr, vice-chairman; Mrs. Arthur Kiernan, recording secretary; and Mrs. Harry E. Winston, treasurer.

Health Council Hears Speaker

The Mother's Health Education Council met on Tuesday, April 20, to hear Mrs. Mary Josey, Sociological teacher in Highland Park. The meeting was held in the home of Mrs. James Ogden of Ballfour road. Approximately 90 attended, including Mr. John Barnes, superintendent of schools.

The Highland Park course, which was started 10 years ago, aims for wholesome and happy family living. It includes four units of six weeks each and is a credit course.

The first unit is that of mental health which includes a study of what makes emotional maturity, growth of the emotions, and deals extensively with alcoholism.

The second unit is an understanding of the child. Each student is required to supervise in the nursery school four days each semester.

The third unit deals with adolescence. This is taken up in class discussion, as each student may enter a question anonymously in the question box and it is discussed by the class. Questions on dating are generally asked.

Marriage is the subject of the last unit. The engagement period is first, during which the boys and girls are separated for two days to study problems peculiar to each sex. The causes and results of divorce are studied in length.

Mrs. Jesse brought two students with her who explained how Sociology had helped them and how the course is enjoyed by all.

Mrs. M. Sievers of the Mason district was hostess chairman for the tea which followed the meeting. Mrs. Stanley Mackenzie and Mrs. Ethel Cowe, principal of Trombley school, poured. Mrs. M. M. Shaeffer, secretary of the Board of Education, will be the speaker at the next meeting on May 18, in the home of the president, Mrs. Charles Wade.

AAUW of Pointe To Meet May 6

The regular monthly meeting of the Grosse Pointe branch of the American Association of University Women will be held on Thursday, May 6 at 8 p. m. in the Grosse Pointe Memorial Church.

Earl Brink will show his colored moving pictures of Sweden, taken on a European trip last summer.

Hostesses for the meeting will be Mrs. H. W. Merrill, Mrs. George Jacoby, Mrs. Charles Scheid, Mrs. Milton Pettibone, Mrs. Raymond Wilcox, Mrs. Benjamin Fruehauf and Mrs. F. D. McIntyre.

Junior League Elects New Officers, Plans June Show

Nominees for Junior League officers for the coming year were voted on at a meeting of that organization in the Country Club Wednesday morning, April 28. Mrs. Daniel W. Goodenough was elected president.

Other nominees included: Mrs. John M. S. Hutchinson, first vice-president; Mrs. Daniel H. Buell II, second vice-president; Mrs. William Crawford, third vice-president; Mrs. George T. Hall, recording secretary; Mrs. William G. Butler, corresponding secretary; Mrs. William G. Tost, treasurer; Mrs. H. Gordon Wood, assistant treasurer.

Mrs. William Crawford was named chairman for Oakland County, with Mrs. R. Jamison Williams, vice-chairman, and Mrs. John Rumsey, secretary-treasurer.

Miss Katharine Faville, R. N., Dean of the College of Nursing at Wayne University, was the speaker at this regular spring meeting. Her topic was "Career Opportunities in Nursing."

Mrs. Daniel W. Goodenough, the incoming president, and Mrs. John M. S. Hutchinson, the new vice-president, will officially represent the Detroit League at the conference of the association of the Junior Leagues of America to be held this year at French Lick, Ind., May 4 through May 8.

Mrs. James McEvoy, Jr., recently elected director of Region IV of the National Association of Junior Leagues, and retiring president of the Detroit League, will also attend the four-day conference in her new capacity as a new board member of the National Association. A fourth Detroit delegate to the convention will be Mrs. Clemson N. Page, who will represent the Oakland County branch of the Detroit League. One of the main topics for discussion this year at the conference will be the various techniques of placement for volunteer workers in the community.

Following the election of new officers, came a discussion of plans for the "Follies," a musical revue that the Junior League will present at Music Hall on the evenings of June 2, 3, and 4, for the benefit of its welfare fund. Mrs. Guy C. Smith, general chairman of the Follies Committee, announced that all committees have been hard at work since the first of the year laying plans for the "show."

The program, under the chairmanship of Mrs. Harry J. Mack, will be a large and colorful volume filled with ads which the program committee has successfully solicited to help swell the proceeds.

Mrs. Stuart Smith, ticket chairman, told League members that

exchange tickets for the "Follies" went on sale last week. Her committee consists of a crew of "saleswomen," both captains and workers, and in addition tickets may be obtained at either of the Junior League shops located in Detroit and Grosse Pointe. After May 27, reserved seats will be on sale at the Music Hall box office.

Mrs. James McMillan, talent chairman, reminded the League that the Talent Party, which will mark the beginning of rehearsals for the "Follies," will be held Tuesday evening, May 4, in the Country Club. The director, Alfred Burke, from New York City, will be present. Several skills will be presented by Junior Leaguers. All League members who are interested in being members of the large, amateur cast of both men and women were urged to attend the party.

Church Women Planning Bazaar

Mrs. Glenn E. Wilkerson of Lochmoor Blvd., is entertaining at a dessert luncheon on Friday, April 30. Among her guests will be:

Mrs. Verne M. Drew, Mrs. J. Edward Schutte, Mrs. Marcus M. Kalbfleisch, Mrs. Paul Kolvoord, Mrs. Leonard Slowin, Mrs. Harry M. Crooks, Jr., Mrs. George L. Waldbott, Mrs. Earl Genthe, Mrs. Harry Wade, Mrs. G. A. Grasse, Mrs. Harold Beattie, Mrs. Loyd Weed, Mrs. Charles W. Scheid, and Mrs. C. Benjamin Rush.

These women are committee chairmen of the bazaar which will be given in the fall by the women of the Grosse Pointe Congregational church. . . the proceeds of which will go to the church building fund.

Parties Honor Joanne DeBaeke

Parties are under way for Joanne Marie DeBaeke, daughter of Mr. and Mrs. William R. DeBaeke of Nottingham road, who has set Saturday, May 1, as the date of her marriage to George F. Kaatz, son of Mr. and Mrs. George F. Kaatz of Kerby road.

The pre-nuptial festivities started March 31 when Miss Joan Cimbalo entertained at a miscellaneous shower in her home on LaFontaine. On April 7 the Misses Mary Lou Zittel, Bette Vader, Mary Ellen Marwede, Iren Franzen and Esther Bohm were joint hostesses at a kitchen shower given at the latter's home on Berkshire road. Mrs. Raymond DuBaya, aunt of the prospective groom, was hostess at a miscellaneous shower given at her home on April 15.

The Grosse Pointe Secretaries Association, of which Joanne is a member, reserved Tuesday evening, April 17, for a personal shower held in the home of Mrs. Raymond Kaultitz on Beaconsfield avenue.

Also scheduled is the rehearsal dinner which will be given by Mr. and Mrs. George F. Kaatz, parents of the bridegroom-elect, on Thursday evening, April 29.

Miss DeBaeke has asked her sister, Mary Helen DeBaeke, to be her maid of honor. Bridesmaids will be Miss Joan Cimbalo, Mrs. William Mikel and Carol Ann DeBaeke, younger sister of the bride-to-be will be junior bridesmaid.

Mr. Kaatz has chosen Fred Fromm to act as his best man. William R. DeBaeke, Jr., brother of the bride, and George Santorum will be ushers.

The Navy destroyer USSS James C. Owens recently visited 15 ports in five countries and cruised 15,785 miles in four months.

Two Pointers Reveal June Wedding Plans

William Ford Torrey to Marry in Baltimore, Md.; Knight-Wicking Nuptial Rites Set for June 12

From all indications in the Pointe, June will continue to maintain its reputation as the month of brides. Just this week two brides-elect have outlined plans for their June weddings.

On Saturday, June 5, the University Baptist Church in Baltimore, Md., will be the scene of the marriage of Mrs. Helen Baker Brawner and William Ford Torrey. Mrs. Brawner is the daughter of Mrs. Henry Fenimore Baker, of Buxton, Md., and the late Mr. Baker. Mr. Torrey is the son of Mrs. Harry N. Torrey of Lake Shore road, and the late Dr. Torrey.

Newcomers Hold Lochmoor Party

The Lochmoor Club was the scene of the annual spring dinner dance held by the Newcomers Club of Grosse Pointe on Friday night, April 23. About 60 members and their guests danced at the event which was in charge of Mr. and Mrs. James Dodge and Mr. and Mrs. Robert Schaller.

Centerpieces of spring flowers and urns of forsythia decorated the tables and rooms for the party.

Guests included Mr. and Mrs. Kenneth McDuffee, Mr. and Mrs. Gilbert Hanna, Mr. and Mrs. Howard House, Mr. and Mrs. Richard Wilkinson, Mr. and Mrs. Hicks Jones, Mr. and Mrs. Norman Synnestvedt and Mr. and Mrs. Joseph Buck.

Earlier in April the club enjoyed a bridge party held in the Grosse Pointe Memorial Church. Prizes were won by the Lou Hunts, Howard Poppens and Miriam Mumaw. A box super followed the games. The event was planned by the Willard Maragons, the Albert Guys and the George McCallis.

Mr. and Mrs. James Dodge entertained members of the executive board of the club at a buffet supper on April 9, at which time plans for the rest of the year were announced. There will be a bridge party on May 14 and a family picnic in June. During the summer activities will probably be limited to one event per month.

New members are always welcomed by this organization. Those who have moved to the Pointe within the last two years and are interested in forming new friendships are urged to call Mrs. James Dodge at TUxedo 1-1016.

Immediately following the afternoon ceremony, a small family reception will be held at the Baltimore Country Club. The couple will reside in Grosse Pointe.

Mrs. Brawner is the mother of Henry Baker Brawner, of Grosse Pointe; Mrs. Barbara Brawner Morse, Mrs. Mary Baker Pierce Klempner and Joan Brawner, all of Baltimore.

Mrs. Brawner will be unattended at the ceremony. Mr. Brawner will act as best man for Mr. Torrey.

A four o'clock wedding ceremony, followed by a garden reception in the Wicking home in Trombley road, has been selected by Barbara Ann Wicking for her June 12 marriage to Webster Bonham Knight, son of the Webster B. Knights, of Port drive, Gray Haven.

Dr. Frank Fitt will officiate at the nuptial rites. The bride-elect is the daughter of Mr. and Mrs. Bert Harrison Wicking.

Buffy Wicking will be her sister's maid of honor. John Penberthy will perform the duties of best man. Although the bridesmaids' list is incomplete, ushers will include Bert Wicking, Jr., Ted Kratzet, Robert Smith and George Stroh.

Around June 1 Barbara will return home from Western College for Women at Oxford, O.

Villages vs Township

The discussions currently underway between several of the Grosse Pointe villages and the County Health administration are aimed at having the local communities shift their public health service from the shoulders of the home taxpayers onto the county at large.

The direct argument is that as long as the people of Grosse Pointe have to pay county taxes anyway why not let the county undertake the same service which it already performs for all of the county except the cities of Detroit, Hamtramck, Highland Park, Dearborn and our own Grosse Pointe. These all maintain their own health service at their own expense.

The scheme looks good on the surface and it may work. It is significant however that the communities mentioned above have seen fit to retain control over their local health work and have been willing to pay for the privilege.

To do this would be for Grosse Pointe a right about face from its long maintained adherence to home rule and all of the advantages and privileges which this implies. They would of a certainty surrender one of the most important functions of government to the "politics" which is so abhorrent to many of our people. All steps for the supervision and safeguarding of the public health would repose in a great county-wide organization in which Grosse Pointe would have small voice and no actual control.

The present health service of Grosse Pointe is one of the functions of the township of which they are a part. The township is the creature of the citizens of the four villages of Grosse Pointe which compose it.

If its service and administration along any line does not conform to the opinions of our citizens they have a complete right to speak their opinions face to face or at the polls.

Most of the disagreements which have arisen between the township and the villages have occurred from the unwillingness of the village officials to meet with the Township Board and talk over all matters of common interest.

Latterly a belief has grown with the villages' administrations that the public interest, both financially and in quality of service, would be advanced if the township was destroyed, via abandonment, and each village set up house-keeping anew as a city.

Just what material advantage would accrue by this has not been made clear to the citizens. An instant result would be to wipe out the last remaining vestige of common overlying local government through which, if participated in by the villages, could improve and extend the public service against which they now lodge such loud complaint.

Instead, however, of consolidating the local government in many of its departments of common concern, the present trend is to pull yet farther apart and make this isolation still more rigid by the creation of cities where villages now exist.

What Grosse Pointe needs now in the way of local government is more of cooperation and good will. Instead we seem to be in a mood of pulling apart and making faces at each other.

If it is small town politics in an acute form.

Let's Find Out

The coal strike, which in its fourth week, was rushing this nation at accelerating speed into an industrial crisis, has ended. The idleness of 400,000 miners with an already accumulated loss of \$114,000,000 in wages was only the menacing prelude to a total unemployment and total paralysis which would quickly have reached into every nook and cranny of American industrial life.

The great basic steel industry had already been hard hit. Its ramifications were reaching into transportation with curtailment of carrying facilities which were threatening to drop to 50 per cent of normal in less than a month.

When the flow of steel stopped a serious blow was struck at industrial Detroit.

This strike, which had been caused by the inability of one man, John L. Lewis, to have his own way in the distribution of about \$30,000,000 in the miners pension fund, was a melancholy commentary on the ability of this nation to get ready for a war, which is nearer than any of us care to think.

The agreement of Judge T. Alan Goldsborough to waive further action on the civil contempt issue, at the request of the Federal Department of Justice, probably settles the matter for a period at least. The intimation that "if the miners all go back to work" may have a wholesome deterring effect on Mr. Lewis' strike movements in the near future.

Mr. Lewis has achieved a considerable victory in the pension issue, but it may prove a pyrrhic victory for him and his all embracing pension scheme if the coal mine operators decide to drop the whole administration of the fund in his lap, as has lately been discussed by them.

If they have no part in the handling and application of the 10c per ton royalty they have been paying and let Mr. Lewis have his own sweet way, they will at least divorce themselves from this nuisance and annoyance. Later Mr. Lewis may find out that the figures advanced by competent actuaries that the fund is unable to support the omnibus outlays he demands are correct.

Doubtless he would be back promptly then with demands for larger per ton allocations from the coal.

If the whim of one bull-headed man can bring this nation to such a pass in a time of peace, what might he, or leaders of his ilk, do in time of war?

Now is the time to put this question to the touch: whether one man can get away with his defiance of the Courts, the Congress, the President and the general welfare of all the people.

The time is about here when Mr. Lewis' dicta should be thrown back in his face. He should be shown that coal can be "dug without bayonets."

Grosse-Exaggerations

A. PRYOR

"They do me wrong who say I come no more, When once I knock and fail to find you in; For every day I stand outside your door, And bid you wake, and rise to fight and win." (Walter Malone)

The change to daylight saving time brought a slight amount of confusion to a lot of people... but the most confused person we know of is the local woman who recently hired a maid-of-all-work. At about ten o'clock on Saturday night, (the night we were to set our clocks ahead), the maid, who had finished for the day and gone home, telephoned her mistress and said, "Say, are you folks up there going on daylight saving time?" The disconfused Modom allowed as how "but, natch"... however, she still can't figure out what the maid had in mind. She hates to suppose the maid thought all of Grosse Pointe was going on daylight except her employers.

If you are plain Mr. John Smith or Mr. Robert Jones... you may have felt a wee bit flattered to receive a personally addressed letter from some local big-shot, asking you to donate this or join that or attend the other thing. You might have thought "Ah-ha, I'm NOT the nonentity my wife thinks I am. Mr. Big shot must have heard of me or I wouldn't be getting this letter." That's what you say to yourself before you toss it in the waste basket.

Well, you can disillusion yourself right now... because Mr. Big shot never heard of you in all his life. We discovered that recently when a letter came to our office. As you probably know, our outfit is called "Abbe Press." Soooooo, the letter was addressed to Mr. Abbe Press" and started out, "Dear Mr. Press." It took us down a peg.

Just talked to a woman who told us she got quite a thrill when she answered the phone one morning and a deep male voice said, "I'd like to speak to the War Department." Our heroine advised him that he had the wrong number and promptly hung up, wondering the while if there were a secret order of some kind right in our midst that she hadn't heard about before. In a few minutes, the phone rang again and when she answered it the same voice asked to speak to a Mrs. Scando. The woman asked, "Didn't you call a minute ago and ask to speak to the War Department?" The little man admitted same, then added, "That's what I call my wife." He was calling to speak to his wife... who was at the moment, Cook in the household.

If you are planning a trip to New York, better be well heeled before you take the big step. A couple we know just returned from there and here is a rough idea of some of the prices in the big shot places. At a big hotel, breakfast in the room ran something like this: half grapefruit, sixty cents; cup of coffee, thirty cents; two pieces of toast, thirty five cents and a small dab of marmalade, thirty five cents. A bowl of ice sent to the room was fifty cents. Trying a modest looking restaurant on a side street, our pals ordered a couple of hamburgers and two glasses of milk, for lunch. The hamburgers were large and they WERE good and they were decorated with the usual non-edible bunny fodder. The price for milk and sandwich was \$2.50 A PIECE.

Inflation Looming

However much one may disagree with President Truman in his administration of the country, and disagreements are as numerous as the sea sands, the facts that lie behind his plea for the restoration of price controls before the American Society of Newspaper Editors in Washington stick out like an embarrassing black eye.

As soon as the Grand Old Party got in control of Congress its leaders began to howl for the abolition of controls. They eventually got it on every item of importance except rents and even set a deadline on these.

This achievement was to bring about forthwith an era of universal sweetness and light. The old proven laws of supply and demand, competition and FREE enterprise, were going to level off the knots and hummocks in our economy and everybody was going to be happy and prosperous.

As we observe, it didn't work out exactly that way. As soon as the lid was off everything went high, wide and handsome. The reason things happened as they did was because human nature is as it is. The national motto became "I'll get mine while the getting is good." Labor wanted more wages and got it. The employer applied the cost plus principle to his private enterprise and the merry race was on. The skilled surgeon got his fancy price or the poor prospective patient could peacefully give up and die; or he might seek relief with medicines which he bought at the corner drug store by the grain and which the pharmaceutical houses produced by the ton with a midway profit of 10,000 per cent or so.

The only persons who have actually been caught in the squeeze are those with small fixed incomes and no way of increasing them.

The President was pointing to the terrors of inflation. Whether we agree with his cures or not his subject should command our instant and anxious attention.

The American people have always boasted of their own economic infallibility. That it can't happen here seems to have become a part of our ingrained business philosophy. Such reasoning is the acme of folly and, let us not forget that the American dollar is the last remaining vestige of a circulating medium throughout the world of universal acceptance. When that once strikes the skids the whole world is headed for the pit.

The English, with their characteristic hardheadedness are following, against fearful handicaps, the only proven way of digging themselves out of the wreck in which two world wars left them. By self-denial in every avenue of spending and by toiling to export everything they can make and find a market for they will in time see daylight. We in this country, practically untouched by war, seem still to be trying to spend ourselves into prosperity, as so habitually preached by the arrangers who have run the country for fifteen years.

If we haven't wit enough to do the obviously necessary things, if there is not a composite clear judgment and courage left among our people to meet a situation where the only barrier raised is our own wasteful will and fancied selfish profit, we will not deserve any better fate than the one we are rushing out to meet.

If the leaders of labor and the leaders of industry in this country could meet with a sincere dedication to the common welfare, with each side ready to make concessions and abide by them, more could be accomplished than by any edict of government. The control of the habits and predilections of a free people by law is a most difficult procedure.

If we are not capable of such a voluntary action there will be nothing left to do but let the government try the job.

Even this arbitrary and harsh method can be made effective and one of the early steps in the program must be to enforce the laws against black marketeering, for both buyer and seller, as certain and severe as for those who make and deal in counterfeit money.

Talley Rant

by Helen Talley

Fancy my state of shock when I saw myself staring at me recently from the pages of the G. P. News. Anonymity lends piquancy. Now that you know me I shall have to be more dignified. Besides, I hadn't looked at myself SEARCHINGLY for quite a long while. Five pounds too many, my girl! Well, at least the YOUNG, take an intelligent-looking picture! What a DOG for an editor!

Pretty LADY WILKINS believes in SPOOKS. She came over the other afternoon and brought me an album of her new recordings—quite intimate and feminine. There were several people here and we all thought the records very charming. During the afternoon we got on the subject of SPOOKS, and SUZANNE recounted several instances of what she felt were definite proof of spirit machinations. She said she manipulates the ouija board from time to time. On one occasion, she said, the board informed her—correctly, it turned out, of the death, on the following day, of JACK KRIENDLER, one of the owners of famed 21.

Recently a man was apprehended in New Jersey who had escaped eleven years ago, from DEVIL'S ISLAND. To keep from being returned to a French penal colony, he cited the statute of limitations, which allows a man to go free after five years. That statute was wiped out during the war, so the case in point is in the courts now. When I went to South America last summer, we flew directly over DEVIL'S ISLAND on the way to RIO. There are actually three small islands. One housed the administration buildings and the other two supported the prisoners. As we flew over we could easily see the roofless prison cells—like so many uncovered pits. I thought they had just fallen into decay, since the islands are deserted now. But I was informed that the pits had always been roofless—that the prisoners were chained in them night and day, to weather, if they could, the icy torrential rains and the subsequent pitiless, equatorial suns.

Every day it rains, and every day the sun blasts down on DEVIL'S ISLAND. When the islands were abandoned, the 800 prisoners were removed to FRENCH GUIANA to serve out their terms. About a year ago there was talk of sending them home to France, so the Salvation Army got busy about the matter. BRIG. GEN. CHARLES PEAN, who did the investigating, says that the prisoners—all 800 of them—would like to go back to the ISLAND. They say, as compared to the prisons in France or on the mainland, the ISLAND is heaven. Should teach us all to keep out of jails from now on.

You undoubtedly read of the recent assassination of JORGE GAITAN whose death set off the revolution which destroyed BOGOTA and killed so many COLOMBIANS. On our way back from South America we decided not to go to BOGOTA, where we had reservations, but to go to MEDELLIN, to the handsome NUTIBARA HOTEL, and there drape ourselves around the fine swimming pool. The hotel is the center of social activity in MEDELLIN and we spent a good part of our ten days, with our friends, about the pool or chatting in the open-air cocktail terrace. JORGE GAITAN was there about seven of those days. There weren't many guests at the hotel so we few customers soon got on a very friendly nodding basis. GAITAN had a special table under the awning, beside the pool, where his henchmen came to plan and plot with him. He was bigger than most LATINS, with a lot of dark brown hair and bold brown eyes. Around the hotel they said he was a rabble rouser. They said that GAITAN was stirring up trouble, that something would have to pop soon.

How's the divorce situation out your way? It's going great guns around here and in almost any direction you look. JACK ROTH, reporting in the Herald Tribune the other day, said that if divorces continue at the present rate there will be more divorces than marriages in this country in another few years. In Berlin and Frankfurt that accomplishment has already become an established fact. France and Canada have the longest divorce lists in their history and on the opening day of court, in London there were 5,040 cases on file. Three young couples I know have recently divorced. They said it was all very friendly, they hadn't been very friendly for marriage, and they might easily decide to re-marry later. What kind of talk is that! Another young couple were divorced two years ago. The girl looked over the field. She was spoken of in the columns as having had two ROMANCES. They took her to MOROCCO and the STORK. She got her picture in KNICKERBOCKER'S column. But they didn't say they'd like to marry her. So her husband took her

back! But you can't be sure of it, girls.

Did you hear about the G.I. who wanted to marry a Chinese girl? His family wrote and said, "Is she religious—is she clean—what are her politics?" The G.I. wrote back and said, "She was baptised by the missionaries, she bathes every Saturday night, and she must be a Republican because when we were courting she kept saying, 'I no do-ey, I no do-ey!'"

Letterbox

Henry Ledyard of 104 Moran road, Grosse Pointe Farms, has made known his opinion on the proposed post office building for Grosse Pointe in a letter which he addressed to Hon. Harold F. Youngblood, our representative in Congress from the 14th District. He sent a copy to the News.

His letter follows: April 7, 1948. Hon. Harold F. Youngblood, House of Representatives, Washington, D. C.

I have noticed in the April 1st issue of the Grosse Pointe News a feature article stating you are actively attempting to secure a new post office building for the Grosse Pointe area. It appears to me that under present conditions this is a great waste.

When the post office was moved from the hardware store to its present location on Maudie, the statement was made that the present location would take care of all shipments. I realize they do not have storage space for parcel post shipments which cannot be handled and that it may be a slight inconvenience to go some distance to pick these up. However, the country is in a serious condition with many demands being made on the Government for building materials for necessary projects, for increased military expenditures and for the very necessary need to reduce our national debt.

It would appear to me that you as our representative of the 14th district are only using up critical funds and materials for a project that is definitely not necessary at this time and I wish to present my vigorous protest to this new post office.

Very truly yours, HENRY LEDYARD.

Church Boards Plan Meetings

The Board of Education of the Grosse Pointe Methodist Church will meet in the parsonage, 2049 VanAntwerp road on Monday evening, May 3 at 8 p.m. Plans will be discussed for the holding of a daily vacation Bible School. The official board of the church will meet on Wednesday evening at 8 p.m. in the home of Mr. and Mrs. Lee S. Walker, 865 Bedford road. All board members are asked to be present.

Radio Program Dramatizes Pets

Chrysler dealers of this area have assumed the sponsorship of an entirely new type of radio program, entitled, "The Animal World Court."

The program is a development of an original idea of Dave A. Wallace, president of the Chrysler Division of the Chrysler Corporation. Mr. Wallace saw the need to help the humane societies in their fine work and to provide homes for good pets.

The local dealers were eager to sponsor the program after an audition because they are convinced that it affords them a real opportunity to do a public service.

The project will aid and solicit support for the local Humane Society. In some cities, Humane Societies already have staged their own broadcasts with great success but never on such a scale or so frequently as the one now sponsored by the Chrysler dealers.

The subject matter will be greatly varied and will feature stories of the heroism, devotion and intelligence of dogs, cats and other pet animals. There is virtually limitless material available to sustain a high degree of interest, as some of the greatest writers have contributed to the literature of animals. Another important objective will be to work through the Humane Society to find homes both for pets whose owners must part with them and for homeless animals, thus averting the necessity of destroying so many of them as a lesser evil than neglect.

Owners of pets or those desiring to own them will make their wants known through one of the sponsoring Chrysler dealers or the local Humane Society. In this manner, it is believed that thousands of animals may find good homes.

The sponsoring dealers will distribute free booklets on the care and feeding of pets. They also will supply application blanks for membership in the Humane Society.

The program will be heard over

Station WXYZ Monday through Friday at 6:30 p.m. Eastern Daylight time.

What Price Health?

By FRED M. KOPP, R.Ph.

When illness strikes, do you shop around frantically to find a doctor whose charges you think might be low? Of course not.

By the same token, why look for a "bargain counter" when your doctor gives you a prescription? Your health is beyond price — the medication you may need to restore or preserve it should be only the best, regardless of price.

The conscientious druggist's prescriptions are not expensive. They contain the finest of ingredients, checked and double checked, plus the conscientious skill of a trained man. That is your safety and your saving.

BCL Seeking State Recognition

Publicity Clearing House Established for League

Members Schools' Cooperation Sought; Should Aid in Selection of All-League Teams and in Setting Up Record Data

By Fred Runnells

For the first time in its history the Border Cities League is setting up a publicity department to bid for long-overlooked athletic recognition as one of the state's most powerful prep conferences.

Al Elwood, sports editor of the Wyandotte News-Herald, is heading up the new venture which will provide a "publicity clearing house" through which league records and data, special releases and other miscellaneous sports items will pass.

The "clearing house," which will be set up in the News-Herald offices, promises to be a boon to league coaches and sports members of the representative papers in the six suburban communities.

The most important objective of the publicity department is to better acquaint the three daily metropolitan papers with Border Cities League sports events and gain recognition throughout the state.

Once the league activities are known its athletes will have a greater opportunity to be selected on All-state teams.

Heretofore, member schools were more or less out of touch with one another except when they met in athletic contests. As far as press relations were concerned the sports writers had a terrific chore in obtaining information about other schools in the league inasmuch as records and game scores could not be readily

obtained from the schools. Through the "clearing house" idea it is hoped to establish league records instead of individual school records for athletic events such as is the case at present.

It would also provide the sports writers from the six communities an opportunity to pick all-league teams in every sport instead of depending upon one sports editor to make the selections for the all-league teams. For the past three years the NEWS has selected the all-league basketball team but with all the papers picking there wouldn't be the chance of any boy being overlooked in the final selections.

School athletic directors and coaches were requested to keep Elwood informed of their league activities to keep the "clearing house" data right up to date.

The six schools which make up the league are: Grosse Pointe, Fordson, Wyandotte, Royal Oak, Highland Park and Monroe.

The six representative papers are: the Grosse Pointe News, Wyandotte News-Herald, The Highland Park News, Monroe Daily News, the Dearborn Independent and the Daily Tribune in Royal Oak.

Rollicking Tars Blast Way To Crown in Rotary League

Martin Outboards won the Grosse Pointe Rotary Bowling League championship the hard way when they came from behind to overtake the front runners who had things much their own way throughout the season.

After dropping a 3-1 decision to Holzbaugh early in March, this fine team began to assert itself. Much credit for the team's success should be given Bill Vandam, who played an important part in his role as anchor man for his team. He recently rolled a 678 series, including a 286 game. The Rotary Club is very proud to name this grand guy "Our Bowler for the Year."

Holzbaugh Motors had several chances throughout the season to regain the lead they once held but it just wasn't in the cards for them. They closed the season by winning over Motor City Tires, 4-0. This team, composed of Frank Taylor, Court Trombly, George Dettloff, Bill Strittmatter and Captain George Bamberg, has fine team spirit and fought hard all the way. Their recent drive to the top deserves honorable mention.

Houston Bros. Inc. were handed their first shutout of the season by the Punch and Judy Cocktail Lounge. These "strike happy lads" almost knocked the back walls out of the G. P. Woods Recreation with their first ball. Houston had previously held a 6-2 point advantage for the season but now are on even

terms with Captain Jack Jeakle and his pin-busters. Houston, having a commanding lead throughout the bowling season, were the victims of bad bowling luck near the tail end of the season. Once out of stride, these boys seemed lost.

Middle Atl. Transp. Co. earned the right to share third place honors with Houston when they won a 3-1 decision over the G. P. Review. The Printers' only point came when Peplinski collared 244 in the team's 918 middle game.

Mondry Cleaners were the victims of last place Harrison Carpets who dug themselves out of the cellar with their 3-1 win. Jack Pagel again starring for the "rug-rummers."

Piche Barber Shop ended the season by trouncing Ed Taube's Farms Market 3-1. The Fisher Road Hucksters hope to get even with those "Village Slickers" come next bowling season.

Final standings: W. L. Martin Outbd. Motors...80 52, Holzbaugh Motors...79 53, Houston Bros. Inc...75 57, Middle Atl. Transp. Co...75 57, Mondry Cleaners...71 51, Punch & Judy Cklt'l Lg...71 61, G. First Tennis Tournament Scheduled for May 7, 8, 9

With the thermometer pointing its red finger to near-record breaking spring temperatures, the urge to play tennis has hit Pointers full in the face. So it is only fitting to announce the first Pointe tennis tournament of 1948 now.

Merlin Schultz, new tennis mentor at Grosse Pointe High School, has informed us he has arranged for a tennis doubles tournament to be held the week end of May 7, 8 and 9 on the high school courts.

The tournament is open to any boy attending a Grosse Pointe public school and entry blanks can be obtained from Mr. Schultz at the high school. All entries must be filed with Mr. Schultz by 3:30 p.m., on May 6. There will be a 60 cent per

person charge to cover the cost of balls and suitable medals for the winners.

Four teams will be seeded and the remainder of the teams will be paired by draw which will be held Thursday evening at 8 p.m., in Room 207 at the high school. The tournament draw will be posted on the student bulletin board Friday morning, May 7 and teams will be assigned their playing time and courts.

A team not putting in an appearance within ten minutes after its scheduled starting time will automatically default to the opponents.

Here's your chance fellas. Let's see what you learned at Roland Gray's Saturday morning tennis clinic.

Part of the duty assigned to men of the Navy's underwater demolition teams has been described as "returning the toothy grin of a shark or barracuda."

First Track Meet in History of Pointe School Won By St. Rose

Engaging in the first track meet in the history of the school, the St. Paul Flyers lost to St. Rose, 36 1/2 to 31 1/2, at Belle Isle last Wednesday, April 21.

It was a nip and tuck affair in all events with the honors being pretty evenly divided. St. Paul won only four of the nine combined track and field events but Flyers annexed second and third places.

In the mile run St. Paul scored an easy sweep because St. Rose had no entries. The opening event, the 100 yard dash, was won by Pete Call in the slow time of 13.5. St. Paul captured the next three places. Call came back to win the 220 dash in 25.4 and again St. Paul took second, third and fourth places.

St. Rose made it three firsts in a row when Paul Bozen won the 440. Dave Sherwood set a fast pace in the early stages of the race, only to fade in the final leg and finished fifth. His teammate, Jack Carpenter, after a bad start, finished fast to capture second place and prevent a St. Rose sweep.

The Flyers' first victory came in the 880 when Paul West scored the most decisive win of the meet, leading all the way.

The makeshift St. Paul 880 relay of Don Williams, Jim Law, John Hutton and Paul Durocher beat itself in some very sloppy baton passing and lost in the last 80 yards when Call squeezed past Durocher on the last turn to give St. Rose first place points and what eventually proved to be the winning points.

This event was the only one that was tainted. Durocher claimed, after the race, that Call had run off the track while passing him but officials couldn't disqualify him because they weren't in a position to see the foul.

The Flyers captured two of the three field events when Pat Hamlin tossed the 12 pound shot put 37 feet 7 1/2 inches and Bob Sharpe soared 16 feet 6 1/2 inches in the running broad jump. Chuck Wylie took third place honors in the high jump.

Summaries: 100-Yard Dash—Pete Call (St. R.), Bob Berg, Pog Sharpe, Don Williams. Time 13.5. 220-Yard Dash—Pete Call (St. R.), Paul Durocher, Bob Berg, John Hutton. Table Tennis Champs Crowned

By Fred Runnells

Dick Krimmel captured top honors in the 19th Annual Neighborhood Club Table Tennis tournament last Monday night, April 26, by defeating Tom McDonnell in the finals, 21-10, 21-19. The victory gave Krimmel the title in the senior division.

Krimmel eliminated Doctor Marick, winner of the first annual tournament in 1939, in the semi-finals to gain his play-off berth.

Over fifty men, boys and girls participated in five different divisions of play which took the better part of three hours to decide the champions in each division.

Harry Sisson defeated Don Paterson, 21-11, 21-16, for the Boys Intermediate crown.

Bob Hardies easily captured the first set of the Boys Junior division final, 21-16, from Bruce Garbutt but had a real tussle on his hands in winning the second game, 22-20, for the title.

Gladys Constantine and Barbara Hanjars battled right down to the wire for the Girls Intermediate division crown with Gladys winning in straight games, 21-18, 21-19.

Joan Rippe walked through Lillian Marick for the Girls Junior division crown in straight games, 21-10, 21-13.

There were no entries in the Girls Senior division. Winners and runners-up received medals for their efforts.

STILL THE GREATEST OF ALL

Blue Devil Tracksters Win Over Hazel Park by 86-23

By Fred Runnells

Coach Frank Banach and 31 of his track hopefuls with dubious talents traveled to Hazel Park last Tuesday, April 20, and pried off the 1948 season with an overwhelming 86-23 victory over a weak Hazel Park squad.

The Blue Devils lost only two of the twelve combined track and field events in running up one of the biggest scores ever registered in an opening meet by the Pointers.

The victory still left Coach Banach rubbing his chin and wondering what he has with which to make a concerted bid for the Border Cities League crown. Said Banach, "there are just two schools I can see us beating this year and even one of those is a toss up." He continued by saying "If we can win three of our five league meets I will consider us extremely lucky."

The meet in some respects had its bright spots when some boys came through who weren't too seriously track planned in the Blue Devils' track plans for this spring. Suc' was the case in the mile run and in the broad jump events. On the other hand some boys who had almost clinched berths on the squad turned in poor performances and jeopardized their chances for future meets.

Tom Follis turned in an exceptional performance in the broad jump by soaring close to twenty feet to win.

Dumeling turned in the prize package of the day in the mile run. Hazel Park had a good boy who had been clocked under five minutes in the event and the Pointe milers were instructed by their coach to run an evenly paced mile. At the crack of the gun the Hazel Park boy took off like a shot and was far out in front at the half mile with Dumeling and Braun running second and third. On the third lap the Hazel Park boy began to run himself into the ground and Dumeling and Braun began closing the gap. At the three quarter mark Dumeling held a good lead and as he passed the judge the official fired the gun signaling the last lap. Dumeling stopped short and looked at Banach with amazement.

Before Banach could tell him to keep on going, his teammate, Braun, had passed him to take

Berg Stars As St. Paul Takes Game

Boulevard Flyers Beat St. Martin, 1-0, as Bob Hurls One-Hitter

By Fred Runnells

Behind the air tight pitching of Bob Berg, the St. Paul Flyers shut out St. Martin, 1-0, to win their opening game of the season last Friday, April 23, and stamp the team as a definite threat for the East Side class B title in the Parochial League.

It was Berg all the way. He not only held the St. Martin batters to a lone single but sacrificed St. Paul's only run into scoring position after Shortstop Chuck Alaska had singled and stolen second base. However, Alaska didn't have the honor of scoring the Flyers' winning tally because he injured his leg sliding into second base. Pete Belanger replaced him and after being sacrificed to third scored on a wild pitch in the fifth inning.

St. Martin tied the score in the sixth inning but it was nullified because the runner failed to touch second base.

Shortstop Tom Peet hit a screeching grounder at Third Baseman John Bingham and the ball bounced over his head into left field. Center Fielder Jim Law recovered the ball and threw to the plate but too late to get the runner. However, Catcher Don Hartley noticed Pete hadn't touched second base in his wild scramble around the bags and ran out and touched second base, retiring the runner.

Berg allowed one hit, struck out 10 and walked three.

Worum of St. Martin, hurled a two-hitter, struck out 8 and walked 6.

Berg got the only other St. Paul hit, a single in the third inning.

Ducks Needed By Ball Team

By Fred Runnells

For the third time in succession Coach Pat Kaultitz's Blue Devil baseball team was forced to postpone its opening game because of wet weather. After the canceling of the Highland Park game, which was supposed to be the third one on the schedule for the Pointers, Coach Kaultitz threatened to put in an order for a gross of water wings for his players, or as a last resort, to borrow Coach Frank Banach's 1947-48 Border Cities League championship swimming team and play the next game regardless.

Each spring the league is confronted with the same rainy problem and as the school term draws to a close the teams are forced to play almost every day in order to complete their schedules and decide a league champion.

Not one school in the league can lay claim to enough good pitchers for its team to play every day or even every fourth day. Schoolboy pitchers are as scarce as hens' teeth.

Not only does it put a strain on the available pitchers but it jeopardizes the scholastic standing of every member on the teams just when they should be bending every effort toward preparing for final examinations.

In spite of this heavy schedule, one will seldom see a high school player fail in his studies, which is a tribute to those athletes and proves that a boy who is seeking good wholesome recreation is better fitted to tackle his studies.

GPHS Tennis Team Winner Over Two League Opponents

Highland Park and Fordson Easily Subdued by Blue Devil Net Stars with Overwhelming Scores of 700 in Each Meet

By Fred Runnells

The Grosse Pointe Tennis Specialist roared through its first two league opponents, Highland Park and Fordson, to the tune of 7-0 victories on consecutive days April 21 and 23. The double victory brought the Pointers' 1948 record to three wins in as many starts, all of which were landslides, 7-0, triumphs. Dearborn was the Blue Devils' first victim in the season's initial match.

A weak Highland Park team, minus its two best players, fell before the Blue Devil onslaught which, according to available records was the worst defeat administered by a Grosse Pointe team in the last four years. Highland Park won only five games.

Following up its lopsided victory twenty three Blue Devil players, reserve and varsity, traveled to Fordson in a special bus to level the Tractors in another 7-0 victory thus placing the school on Fisher road on top of the league standings.

Hugh Dill was the only Blue Devil who had trouble subduing his opponents, Fred Trifonoff in the number one singles match, 6-4, 6-2. Dill was obviously disturbed by the gallery and stumbled through the first set but regained his poise in the second set and gave Trifonoff a tennis lesson.

Much credit should be given to Trifonoff for his excellent showing despite defeat. He repeatedly served ace on Dill throughout the match and with a little more steadiness could have been the only Tractor to score a win.

The Pointers will travel to Monroe next Friday April 30 for the "acid test." So far this season the Blue Devils had no opposition to speak of and the team is still of the "unknown quantity."

On paper Monroe figures to be the only school to stand between the Blue Devils and the Border Cities League title. It was Monroe who snapped the Pointers' consecutive winning streak at 69 matches in the first 1947 meeting of the two schools with a 4-3 victory. Grosse Pointe regained some of its lost prestige in the return match by whipping the Trojans 6-1, to gain a tie with the Trojans for the title.

Of course it is too early to figure the Blue Devils in even though they win the first Monroe match because school boys are unpredictable and often become over confident after a few victories. It could be possible that Monroe and Grosse Pointe will finish in a two way tie for the title again this year.

Pointe tennis followers will do well to consider the Wyandotte Bears as the "dark horse" of the tennis league. The first time out Wyandotte clipped Trenton, 7-0, losing only two sets. All of the singles matches were taken by decisive scores and the three doubles matches were never in

Legion Team Opens May 2

Grosse Pointe's American Legion baseball team, sponsored by Tom Boyd and managed by Bill Desrocher, athletic director at the Neighborhood Club, will open its 1948 campaign when it meets the Red Arrow Post at Belle Isle Sunday, May 2. The game will start at 1 p.m., and will be played on Diamond Number 2.

The Pointe team believes in taking on the toughest in its division right off the bat. Red Arrow Post won the Southern division championship last year.

For those of you who wish to make a day of it, the opening day ceremonies will begin at 10 a.m., with all teams present for the flag raising.

VFW Council Explains Aims Behind Annual Poppy Sales

Drive Will Be Carried On in All Pointes Again This Year to Raise Funds for Disabled and Needy Veterans and Families

While the annual sale of Poppy blossoms on the streets of America around the Memorial Day period has been a familiar sight ever since the end of World War I many of the younger generation have not been adequately informed of the purpose and spirit of this event.

To clarify this the Wayne County Council of the V. F. W. has issued an informing circular. Inasmuch as all of the village councils of Grosse Pointe have given permission to the V. F. W. and the American Legion to sell poppies on the Grosse Pointe streets in the last week in May this information is pertinent to our locality. The letter says: "Poppy Proceeds Used for Service"

The familiar phrase "to honor the dead by helping the living" reflects the principal objective of the annual V.F.W. Buddy Poppy Sale, Commander Boniface Maile of the Wayne County Council, V.F.W. explained today. "The manner in which Buddy

assistance and entertainment for needy veterans and service patients, and their dependents.

"For rehabilitation, welfare and service work, including liaison service with the Veterans Administration.

"For necessary expenses for military funerals of deceased veterans.

"For acquisition, improvement and maintenance of burial plots, and decoration of graves of veterans and service men.

"In each community," Commander Maile said, "nearly 70 per cent of the total Buddy Poppy receipts are used for local veteran welfare work. We are primarily an organization dedicated to serve our disabled and needy comrades no matter in what way they may have fought or whether or they be V.F.W. members. The only requisites needed to obtain V.F.W. assistance are that they must have served our country honorably, and that their claims for aid must be worthy."

"For the aid, relief and comfort of disabled and needy veterans, their dependents, or their widows and orphans.

"For maintenance, or expansion of the V.F.W. National Home for widows and orphans of veterans at Eaton Rapids, Michigan.

"For hospital or individual as-

Madrigal Club To Give Concert

The Madrigal Club of Detroit, under the direction of August Maelbergh, will present its Spring concert on Wednesday, May 5 at 8:30 p.m. It will be held in Pierce Auditorium. Kercheval and Nottingham in Grosse Pointe Park. The assisting artist will be Charles Traeger, young Detroit violinist.

The Madrigal Club is a women's choral group which has been in existence for 34 years. It first sang under the direction of Charles Frederic Morse, who recently retired. For the past two years their director has been August Maelbergh, organist and choir director at St. John's Episcopal Church. The club has presented an annual Christmas program in the Grosse Pointe Memorial Church for the past 17 years.

Charles Treger has presented seven complete recitals within the past 20 months. Helen M. Douglass will accompany him at the piano.

Pratt President Of Civic League

Harry C. Pratt of Raymond road, was elected president of Grosse Pointe Woods Civic League at a meeting on Thursday night, April 22. Other officers named included Russell Near, vice-president; Mrs. L. W. Westerville, secretary; and Ben R. Brothers, treasurer.

Named to the board of directors were: Sam Barr, Russell Stan-krauff, Lincoln Marie, L. W. Westerville and Franklin Dougherty. A capacity crowd witnessed a fascinating color film of a truck trip over an old route in India.

The next meeting of the organization will be held on May 20 in the Christ the King Church, Mack and Kenmore. One of the officials of the Clinton River Authority, Charles DeTurk, will be the speaker, illustrating his talk with colored slides.

The speech will be related to the pollution problem as it affects the new Woods bathing beach. All residents of the Woods are cordially invited to attend.

DEFER SCHOOL

The 3B class at Defer School is learning how a community is supplied with its food. The group went on a trip through the Detroit Union Produce Terminal and saw a produce auction.

After the auction they were taken through the Terminal and shown refrigerator cars, the banana room, and the tomato storage and wrapping rooms, in addition to the general "open platform" where all other produce is displayed for sale to buyers.

The trip was well worthwhile and after returning to school the children wrote thank you notes to the guide and to Mr. Andrews, one of the fathers, who had arranged the trip for us. Some of the children wrote stories of what they had seen; others made pictures.

Pair Celebrate Silver Wedding

A cocktail and dinner party at the DAC last week celebrated the twenty-fifth wedding anniversary of Mr. and Mrs. Roy L. Dossin of Berkshire road.

Mr. and Mrs. Andrew T. Phillips, of Ottawa Hills, O., who attended the couple at their wedding, were present. Others were the John Irelands, Joseph Kupke, Mr. and Mrs. Martin Riehl, the Walter Albrechts, Mr. and Mrs. Emil Schultz and Mr. and Mrs. George Dillworth.

Scout Carnival Great Success

The Scout Carnival, that Troop 147 staged on Friday, April 23 turned out to be a great success as 1000 people attended the event which was sponsored by the Defer School PTA.

The gymnasium was all dressed up for the event, with spirit flags, booths, games and refreshments. The big attraction was White Warrior, the educated horse who can add, spell and in all, do 30 tricks.

The Scouts took in \$650 which will help buy the truck they need for their trips, paper drives, etc. The troop thanks all the parents and everyone who helped make the Carnival such a colorful affair.

Navy medicine established a perfect record against tetanus during World War II, with not a single person developing the infection.

Radiator Cap Thieves Return

The penchant for the ornamental chrome radiator cap that comes on the new Buick cars still holds strong with juvenile thieves in the Pointe neighborhood.

Some months ago many such thefts were reported but the habit seemed to have subsided until Wednesday night when Mrs. Leona P. Rubitschun of 1114 Buckingham reported that her new Buick had been stripped of several accessories, including the radiator ornament, while parked in her driveway.

Baha's Form Local Assembly

The Baha's of Grosse Pointe Farms formed the first Baha'i Assembly in this community on April 21. The Assembly, or governing body for the activities in each locality, is a group of nine persons, elected by a unique method. Without campaigning, lobbying, or nominations, the elections are held in a spirit of prayer and meditation, at which time a secret ballot is cast.

Officers of the Grosse Pointe Farms Assembly are Russel Werneken, chairman; Mrs. Floyd Munson, secretary; Donald Corbin, treasurer.

Two Cars Tangle In Farms Crash

Two cars crashed at Williams and McKinley in Grosse Pointe Farms at 7:43 a. m. on April 24. Walmer A. Lawrence of 3450 Dickerson, driving a Chrysler north on McKinley, was hit on his right side by a Ford driven by Henry Mursche of 4212 Neff road, going east on Williams. One car was knocked onto a neighboring lawn. Damage to each was estimated at \$100. The drivers agreed to settle damages between themselves.

Parked Car Hit In Moross Road

Damage estimated at \$125 was done in an automobile accident in front of 443 Moross road on April 26.

Virginia Desmond of 1373 Bal-four road, driving south on Mor-ross, hit a Ford sedan parked on the west side of the street, owned by William Charles Rochelle of the Moross address.

The parked car suffered \$50 worth of damage and the offend-ing driver agreed to pay.

Thieves Treat Builder Badly

Insult has been added to in-jury for Morris Gobel, contrac-tor who is building a number of houses in Ridgemont road, Grosse Pointe Farms.

Some weeks ago Mr. Gobel told the Farms police that a thief had stolen a flight of stairs from a house under construction. The burglary was made easier by the fact that the stairs had not yet been erected and were piled neatly awaiting assembly.

On April 25 Mr. Gobel was back in the Farms police station, this time reporting the theft of a door, complete with all the hardware and fittings.

Essex-Scottish Officers Feted

The officer commanding and officers of the Essex-Scottish Windsor, were entertained at din-ner Monday evening, April 26 at the Whittier Hotel by the Amer-ican honorary members of their Officers' Mess. George Willough-by presided as toastmaster.

The speakers were Brigadier General Joseph A. Clouston, of-ficer in charge Michigan military district; Colonel James J. Hurley, Canadian consul in Detroit; Col-onel James J. Hurley, Canadian consul in Detroit; Colonel Fred M. Thompson, commanding offi-cer 5426 Army Service Unit, De-troit; Lieutenant Colonel Peter W. Bennett of Toronto; and Major Walter L. McGregor, officer com-manding the Essex-Scottish.

The toast to the president of the United States was proposed by Mr. D. F. H. Brickell, British consul-general in Detroit. The toast to King George VI was pro-posed by Bernard Gottlieb, Amer-ican consul in Windsor; and the toast to the Essex-Scottish by Lieutenant Colonel Barrien Eal-ton.

The Canadian officers came over to the dinner in a chartered bus. Colonel Alan C. Prince, hon-orary colonel of the regiment, and several former commanding offi-cers of the Essex-Scottish were present.

Detroit and Pointe members attending the dinner included: James S. Holden, Lieutenant Col-onel H. R. Phipps, Cleveland Thurber, J. Harold Murphy, Don-ald N. Sweeney, John J. O'Brien, Harry J. Warner, William T. Barbour, Alfred L. May, Maurice Wood. Also Harold Vaughan, Preston D. Norton and Eugene Considine of Windsor. Lieuten-ant Colonel Kenneth W. Owens, executive officer Michigan Mil-itary District, was among the guests.

Residents Rush For Black Gold

A representative of the Thom-as E. Currie sewer construction firm doing the work on Mack avenue, notified the city police on Sunday afternoon, April 25 that residents living near the job on both the Grosse Pointe and Detroit sides of the avenue were busily carrying away the valu-able black top dirt thrown out by the work.

They had been coming with cars, trucks and even baskets. The watchman had warned them to leave it alone but they had ignored him. The police will en-deavor to protect the soil which may be useful in development of the intended parkway when the paving job is finished.

Mrs. Fredericks Taken by Death

Funeral services for Mrs. Todd W. Fredericks will be held at the Hamilton Funeral Home at 2:30 today. Mrs. Fredericks, a native Detroit, died in Cottage hos-pital Monday night. She had been ill for nearly a year.

Surviving are her husband, of Oxford road, two daughters, Mrs. Richard Colville and Carol Fredericks, a son, Todd, Jr., her brothers, M. L. Hayes and Leslie Hayes and a sister, Edna M. Hayes. Burial will be in the Evergreen Cemetery.

NOTICE OF REGISTRATION

AND

NOTICE OF REGULAR SPRING ELECTION

Village of Grosse Pointe Shores, Michigan

TO: All Residents of the Village of Grosse Pointe Shores, Michigan

NOTICE IS HEREBY GIVEN that the regular Spring Elec-tion will be held in the Village of Grosse Pointe Shores, Wayne and Macomb Counties, Michigan, on Tuesday, May 18, 1948, and that the polls will be open from 8:00 o'clock A.M. to 8:00 o'clock P.M., Eastern Daylight Saving Time, for the purpose of electing

A PRESIDENT, A CLERK, and THREE TRUSTEES FOR TWO YEAR TERMS

And also all residents may vote on the following three amend-ments to the Charter of the Village of Grosse Pointe Shores:

RESOLVED that in accordance with the terms and pro-visions of Section 5.1527 of the Michigan Statutes Annotated the following amendments to Chapter XI of the Charter of the Village of Grosse Pointe Shores be submitted to the electors of such Village at the next general election to be held on the 18th day of May 1948, and that such amendments be as follows:

A. That Section 7a of Chapter XI of the Charter of the Village of Grosse Pointe Shores be amended to read as follows:

"a. 'Employee' shall mean any regular or permanent officer, agent, servant or employee of the Village other than employees rendering professional services to the Village, whose services are compensated for on a regular weekly, bi-weekly or monthly basis, but it shall not in-clude elective officials of the Village; nor shall it include any employee whose compensation averages less than five hundred dollars per year in any three-year period. In all cases of doubt the Commission shall decide who is an employee within the meaning of this amendment."

B. That Section 12 of Chapter XI of the Charter of the Village of Grosse Pointe Shores be amended to read as follows:

"Section 12. (a) Optional Retirement— Any member who has attained age sixty years, other than a policeman or fireman member, and any policeman or fireman member who has attained age fifty-five years, may retire upon his written application to the Commission setting forth at what time, not less than thirty days nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired.

"(b) Compulsory Retirement— Any member who has attained age sixty-five years, other than a policeman or fireman member, and any policeman or fireman member who has attained age sixty years, shall be retired forth-with or on the first day of the calendar month next suc-ceeding that in which the said member attained age sixty-five years or sixty years according to his classification.

"(c) Extension of Compulsory Retirement— In the dis-cretion of the Commission, any member who has attained his age for compulsory retirement, as provided in para-graph (b) of this section, may continue in service for periods of time not to extend beyond his attainment of age sixty-eight years.

"(d) Commission Determination— The Commission shall decide who is a policeman or fireman within the meaning of the provisions of this Chapter and the decision of the Commission shall be final."

C. That a new section be added to Chapter XI of the Charter of the Village of Grosse Pointe Shores, to be known as Section 25, and that said section shall read as follows:

"Section 25— Disability Provisions

"(a) Duty Disability Incurred. Upon application of a member, or his department head, a member in the service of the Village who becomes totally incapacitated for duty as the natural and proximate result of the actual per-formance of duty as an employee of the Village, with-out willful negligence on his part, shall be retired by the Commission; provided, the Medical Director for the Com-mission after a medical examination of such member shall certify (1) that such a member is mentally or physi-cally totally incapacitated for the further performance of duty in the service of the Village, and (2) that such mem-ber should be retired; provided further, that the Com-mission concurs in the report of the Medical Director.

"(b) Duty Disability Benefits— Retirement After El-igible Retirement Age. Upon retirement for disability as provided in paragraph (a) of this section, a disability beneficiary who has attained age sixty years shall receive a service retirement allowance according to the provisions of section 13 of this Amendment.

"(c) Duty Disability Benefits— Retirement before Eligible Retirement Age. Upon retirement for disability, as provided in paragraph (a) of this section, a disability beneficiary who has not attained age sixty years, shall receive a disability retirement pension equal to one half his average final compensation; said disability retirement pension to continue from the date of his disability or the date his name last appeared on a Village Payroll, which-ever is the later date, to his attainment of age sixty years; provided, that such disability retirement pension (1) shall not exceed twelve hundred dollars per annum, and (2) shall be subject to the provisions of paragraphs (i) and (j) of this section.

"(d) Benefits upon Attaining Eligible Retirement Age. Upon attaining age sixty years, said disability beneficiary

who has ten or more years of service credit to his service account shall receive a pension provided for in section 13, paragraphs (b), (c), (d), (e), (f) and (g) of this Amendment; provided, that in computing the amount of such pension, membership service credit shall be given such disability beneficiary for the period he was receiving a disability pension. In addition to his pension such dis-ability beneficiary, upon attaining age sixty years, shall receive an annuity equivalent to the annuity he would have received had he continued his contributions to the Annuity Savings Fund, said contributions to be based upon his annual compensation earned at the time of his disability retirement.

"(e) Member's Contributions Suspended. During the period the disability beneficiary is receiving a disability retirement pension provided for in paragraph (c) of this section, his contributions to the Annuity Savings Fund shall be suspended and his balance standing to his credit in the Annuity Savings Fund, at the time of his retire-ment, shall remain in the said Fund and shall be accumu-lated at regular interest. If such disability beneficiary should die before attaining age sixty years, the amount of his accumulated contributions standing to his credit in the Annuity Savings Fund, at the time of his death, shall be paid in accordance with the provisions of section 16 of this Amendment.

"(f) Non-duty Disability Incurred. Upon application of a member, or his department head, a member who (1) is in the service of the Village, and (2) has ten or more years of service credit to his service account, becomes totally and permanently incapacitated for duty to the Village as the result of causes occurring not in the actual per-formance of duty to the Village, may be retired by the Com-mission; provided, the Medical Director for the Com-mission, after a medical examination of such member shall certify (1) that such member is mentally or physically incapacitated for the further performance of duty to the Village, and (2) that such incapacity is likely to be per-manent, and (3) that such member should be retired.

"(g) Benefits— Non-duty Disability Occurring After Eligible Retirement Age. Upon retirement for disability, as provided in paragraph (f) of this section a disability beneficiary who has attained age sixty years shall receive a service retirement allowance provided for in section 13 of this Amendment.

"(h) Benefits— Non-duty Disability Occurring Before Eligible Retirement Age. Upon retirement for disability as provided in paragraph (f) of this section a disability beneficiary who has not attained age sixty years shall receive a disability retirement allowance which shall con-sist of:

1. Cash Refund Annuity. A cash refund annuity which shall be the actuarial equivalent of his accumulated contributions standing to his credit in the Annuity Sav-ings Fund at the time of his retirement; and
2. Disability Retirement Pension. A disability retirement pension equal to one-one hundred thirty fifth (1/135) of his average final compensation multiplied by the number of years service credit to his service account, not to exceed thirty years, together with a basic pen-sion of one hundred dollars per annum; provided, that such disability pension together with the basic pension, (1) shall not exceed nine hundred dollars per annum, and (2) shall not be subject to the provisions of para-graphs (i) and (j) of this section.

"(i) Pensions Offset by Compensation Benefits. Any amount which may be paid or payable under the provi-sions of any workmen's compensation, or pension, or sim-ilar law, including any pensions allowed and payable by the Federal or State Governments on account of service performed in the armed forces of the United States or State, to a member, or beneficiary, on account of any dis-ability, shall be offset against and payable in lieu of any benefits payable out of funds provided by the Village under the provisions of this Amendment on account of the same disability. In case the present value of the total benefits payable under the said workmen's compensation, pension, or similar law, or the said Federal or State pen-sion, is less than the pension reserve covering the benefits otherwise payable from the funds provided by the Village under the provisions of this Amendment, then the present value of the benefits so payable shall be deducted from the pension reserve and such benefits as may be provided by the pension reserve so reduced shall be payable under the provisions of this Retirement System.

"(j) Re-examination of Disability Beneficiaries. Once each year during the first five years following retirement of a member with disability retirement pension or allow-ance, and at least once in every three year period there-after, the Commission may, and upon the beneficiary's application shall, require any disability beneficiary who has not attained age sixty years to undergo a medical examination by or under the direction of the Medical Di-rector of the Commission at the residence of said benefi-ciary or other place mutually agreed upon. Should any disability beneficiary, who has not attained age sixty years refuse to submit to such medical examination in any such period, his disability retirement pension or allowance may be discontinued by the Commission, and should such re-fusal continue for one year, all his rights in and to his disability retirement pension or allowance shall be re-voiced by the Commission. If upon such medical examina-tion of a beneficiary, the Medical Director reports that such beneficiary is physically able and capable of resum-ing employment-with the Village, and his report is con-curred in by the Commission, then such beneficiary shall be restored to active service with the Village and his dis-ability pension or allowance shall be discontinued. A disability beneficiary who has been or shall be restored to active service with the Village, as herein provided, shall from the date of such restoration again become a member of the Retirement System and he shall contribute to the Retirement System thereafter in the same manner as he paid prior to his disability retirement. Any prior service and membership service credit to him at the time of his disability retirement shall be restored to full force and effect. He shall be given membership service credit for the period he was receiving a disability retirement pension provided for in paragraph (c) of this section; he shall not be given service credit for the period he was re-ceiving a disability retirement pension provided for in paragraph (h) of this section. Should the Secretary report and certify to the Commission that such disability benefi-ciary is engaged in a gainful occupation, business, or em-ployment, and that the total of his pay or earnings from such occupation, business, or employment, and his dis-ability retirement pension or allowance, provided for herein, exceeds his annual compensation at the time of his retirement and should the Commission concur in the Secretary's report, then the amount of his disability pen-sion shall be reduced to an amount which together with his annuity, if any, and the amount earned by him shall equal the amount of his said annual compensation at the time of his retirement. Should his earnings be later changed, his disability pension shall be correspondingly changed."

YOU ARE FURTHER NOTIFIED that the polling place for the election will be the Village Hall, 795 Lake Shore Road, Grosse Pointe Shores, Michigan.

YOU ARE FURTHER NOTIFIED that the Board of Reg-istration of the Village of Grosse Pointe Shores will be in session in the Village Hall, 795 Lake Shore Road, on Saturday, May 15, 1948, from 8:00 o'clock A.M. to 8:00 P.M., Eastern Day-light Saving Time for the purpose of completing the registra-tion of the electors of said Village.

Girl Scout News

Lillian Marick, St. Paul's Troop 579, has received a letter from Christ Sonner, who lives in the French Zone of occupied Germany. Christ's letter (translated) reads as follows:

"Dear Lillian, a few days ago, I received from the Eberhardt family your dear letter and the nice bean packages. It made me very happy and I thank you very heartily for everything.

"So that you may know me, I am enclosing a picture of myself which was taken a year ago. I am 12 years old and attend the Realschule." Unfortunately I can not write to you in English yet. I still have to learn French in school. Next year instructions will be given in English.

"It would make me very happy to hear from you again and also to tell me something about yourself. I am sending you my very best regards over the ocean.

Yours,
Christ Sonner."

Johanne Klein and Barbara Wines, Troop 579, also have received letters from girls in the same town as Christ.

Troop 303, Maire, recently visited the home of Wolverine Potato Chips. They were led through the plant by the owner and treated generously to the company's product. Mrs. Earle Genthle, leader, and 4 mothers of scouts went along.

Woods Troop 301 reports 4 girls working to learn the care of dogs and cats... Barbara Eyre, Rita Stritch, Margaret Beverage and Sandra Pohorsky.

"Realschule means a school which emphasizes modern languages and mathematics.

RICHARD SCHOOL
Like the Safety Patrol the girls' Service Squad plays a very important part in the activities of the Richard School. Ruth Bockes, teacher of the 6B, has charge of the girls' group.

The Service Squad girls help to make school life safe and enjoyable. Our girls have had a very busy and successful year. The friendly, cooperative spirit of the children in Richard school has made this possible.

On the Service Squad there are 36 girls chosen from the 4th, 5th and 6th grades. They were selected because they showed potential leadership, had a high scholastic achievement, or the ability to assume responsibilities. They remain on the squad as long as they meet the standards required.

The club meetings are held every Thursday at 3:10. At this time, the captain of the girls assign duties for the following week. They discuss ways to improve conditions about the building. After the business meeting, sometimes there is a short social period.

Mrs. Westphal, parent sponsor for the girls, visited one of the fall meetings. She was anxious to help the girls with any of their Service Squad problems.

The PTA and school have provided several social activities for the girls. In the fall, they attended a football game at the Grosse Pointe High School. Parties, basketball games, movies, and treats have been enjoyed by all.

The AAA furnishes services badges for the squad. They send out letters and materials which stimulate interest and give suggestions for safety helps during the year.

This term Susan Baker is captain and Shirley Nelson is lieutenant. The following girls are members of the Service Squad: Joan Evans, Julie Watson, Carole Sober, Donna Dieckoff, Lauren Edger, Florence Craig, Judy Hagerman, Connie Bracken, Jane Harper, Mary Kay Benson, Sally Snowday.

Day Dedicated To Child Health Dedicated to the right of every little child to safety, security, health and happiness, Child Health Day will be observed in Michigan this year, for the twenty-fourth consecutive time on May Day, the Michigan Department of Health announces. The modern adaptation of May Day or Garland Day, has no formal program but lends itself to the needs and resources of every community. It is a day for summing up and evaluating what the community has done and is doing for its children, an opportunity to challenge the weak spots in protective, educational, recreational, social and health machinery for children, a time for making plans for what is really needed. The community and the individual should check up on what has been done, and what remains to be done, to provide safe hospital care for the mother and infant, to provide well-child supervision, immunization against preventable disease, and correction of physical defects. Are adequate public health services available to all children? Do all children have proper homes, food and clothing? Are there safe, supervised playgrounds and parks, good school conditions, school lunches, wholesome reading material, adequate safety and child labor regulations, special services for children who are handicapped, and social activities, such as clubs, for all children? Does every child have access to sunshine and the open spaces?

Federation of Women's Clubs Helps Charities The annual meeting of the Board of Directors of the Detroit Federation of Women's Clubs is to be held today at 10:30 a. m. at the Federation Clubhouse. Election of officers will be held from 12 noon to 2 p. m. Donations from the Social Welfare Division of the Detroit Federation during the past months were \$250 to the Evangelical Home for Children and Old People; \$287 to help the American Rural School program to save the Children Federation and \$59 to the American Leprosy Colony.

Dominican High Mothers Club to Meet on May 5 The Dominican High School Mother's Club will meet on Wednesday, May 5 at 8 p. m. in the school cafeteria. Mrs. Ed Otto will present a report of the bridge party.

The annual election of officers will take place and refreshments will be served by the Ladies of St. John Berchman's. Mrs. Glenn Dahlman is chairman and Mrs. Stephen Roach, president.

Michigan Alumnae Make June Fair Collections University of Michigan alumnae should arrange for collection of their contributions to the June Fair by May 22. Mrs. Stuart Baits of Bishop road, NI. 4355, and Mrs. Charles Reiner of Audubon road, NI. 7124, are directing collections in the Pointe area.

Donations of old jewelry, books, magazines, white elephants, toys, children's clothing and equipment, old linen, dishes and paper bags will be welcomed.

Jesuit Priest Writes Song About Patriotism The Reverend Ormond P. D'Haene of the Jesuit Order, who has been a teacher in the department of Psychology and Philosophy in the University of Detroit for the past 18 years, is the composer and writer of a song of strong patriotic appeal, named "I'm a Citizen of the USA."

The song will be featured at the concert performance by the University of Detroit band on Wednesday and Thursday evenings, May 5 and 6 at 8:30 p.m. in the Horace E. Rackham Educational Memorial Auditorium.

Rev. Father D'Haene is of Belgian descent but was born in Detroit. He is a brother-in-law of Dr. William E. Keane, well known physician of Grosse Pointe.

PERSONAL APPEARANCES

COUNTESS CYRIL TOLSTOI looking so stunning in navy blue that one wondered why anyone ever considered anything BUT navy for Spring. The Countess chose a trim short packet navy sheer wool suit with navy sling pumps. The plain neckline was relieved by a strand of lovely pearls. Her shiny coarse navy turban was fashionably brimmed with a long white quill.

MRS. HOWARD BENNETT attending one of her pet Red Cross camp and hospital meetings and looking chic in a honey and white geometrically striped two piece suit, short jacket. With this, a white blouse and natural straw sailor banded in black grosgrain. She wore black slippers and carried a black bag.

MRS. ADDISON HOLTON in an elegant cocktail dress of black crepe . . . three tiered skirt with fullness at the back. A boat neckline and cap sleeves distinguished the costume which was trimmed at the left back shoulder with dramatic gray and white roses, stems of which fell to the waistline.

MRS. HENRY T. EWALD visiting in the Pointe and wearing a becoming black silk two piece frock with spray of emerald and white print on the draped right bodice. A double strand of large pearls were attractive at the throat and Mrs. E. chose a crisp white straw sailor finished with vedy 1948 "white on white", a nosegay of white blossoms on the front trim, twisted in emerald ribbon. She wore sable scarves and a black patent bag.

PILFERINGS

From your old friend, Leonard Lyons:

"Drama Note: Margaret Webster was planning to direct a play in which her mother, Dame May Whitty, was to star. Miss Webster wrote to her describing the attempt to get suitable hotel accommodations for her in New York . . . 'Don't worry about the hotel space,' replied the 83 year old lady, 'What about the gin?'"

Fashion Note: Margo, the screen actress-dancer, heard this story from the proprietor of San Angel Inn, the old hotel in Mexico City. Pancho Villa once made it his headquarters and arrived there with five women. The women had a trunkful of loot which Villa's plundering had brought them. They went into town and ordered hats designed for them by the most fashionable milliner in all Mexico.

When Villa had to flee, the ladies had to travel light—and to decide regarding the loot each would carry. All five vying for Villa's affections, abandoned all their trunks and took with them only the pink box containing the hat each thought would make her most attractive.

"In Butch Jenkins' last picture the youngster suddenly became speechless at the beginning of one scene and long hours had to be devoted to him before he would respond. Norman Taurog, who finished directing Butch's newest movie is a specialist in directing children.

"Before each day's shooting began, Taurog gave the boy some bubble gum, a ball or a toy. One afternoon Butch became speechless and couldn't deliver his lines. Taurog took him aside and patted him and asked, 'What's on your mind, Butch?'"

The boy finally confided: 'I was just wonderin' if I could throw a ball as high as the ceiling on stage 26' . . . Taurog called a halt in the film-shooting, sent for a ball, gave it to Butch and sent him to stage 26 . . . Butch returned, said 'Couldn't do it,' and then read his lines perfectly."

OH, FOR A LITTLE SHUT-EYE

By Josephine Wunsch

I'm yawning as I write this. Just thinking of the sleep we didn't get on that trip south. It was a year ago today that three of us set out in the car for Richmond, Va. From Richmond we flew to Miami.

At midnight that first day we passed through Pittsburgh, smoky black with lights strung around the bluffs like a pearl choker. We wound round and round the hills, and managed to get lost. From the back seat (where the boys had relegated me with the baggage), I put in a feeble protest that I was getting a little tired. After all, I had been packing late the night before.

But the front seaters had found the road again. Turn back for a hotel? Utter nonsense. Instead, as we hit the Turnpike the boys really opened her up, making sport of passing the trucks that chugged along bumper to bumper. We stopped not for sleep, but for coffee and hamburgers at one of Howard Johnson's famous roadside cafeterias.

At two—or was it three—the drivers consented to swing off the highway into the town of Somerset. But by then there was no hotel open. By three, or was it four, we had gone another fifty miles to Bedford. Futile room hunting until, at last, the Hotel Washington admitted us. There we crawled into the old fashioned bed, telling the clerk to call us at seven. He did. My husband attempted to shave until the mirror broke loose from the wall and struck him on the head.

Off again, with a good two-and-a-half hour's sleep behind us. The scenery was breathtaking to a native Grosse Pointe, accustomed to thinking of Beacon Hill as a hill. The dogwood blooming against the green of the forest; the lambs new and adorable as they waddled alongside mamma toward the full running streams. The houses stood defiantly on the bluffs, paintless, weathered. In the valleys we swooped through thick fogs.

It was so beautiful roller-coasting up and down the mountains of Pennsylvania; so fascinating passing through the old brick-walk, brick-house towns that I couldn't take time off to doze. Certainly I wouldn't want to miss such attractions as the barn painted "World's Prize Bull Lives Here." On into Maryland with the slope fences, peach trees budding pink, green countryside.

Maybe after lunch I could manage a rest. But we were in Washington by then. Up and down hundreds of steps for a quick look at Congress, topped off by a sprint through the grounds and buildings at Mt. Vernon.

Oh well, we'd get a hotel room in Richmond. A little nap would do me more than good. The room was there; time wasn't. We gulped dinner, caught the plane. I'd sleep on the plane, I decided. That was my idea. It was a milk run and we came down in Raleigh and Jacksonville. When we weren't landing or taking off, the fruit pickers, heading out for Cuba, joked noisily with the stewardess. Instead of sleeping I watched the sunrise break through the clouds, sitting like ice cream cones on top of the ocean.

"Miami — at last! Sleep? Of course not. What better place is there to stay up and have fun than Miami?"

HOUSEHOLD HINTS

To remove candle wax stains from a tablecloth, scrape off as much as you can with a dull knife or spatula. Put the stained areas between white blotters and press with a warm iron, changing the blotters as they become soiled. If the stain remains, sponge with carbon tetrachloride.

Pointer of Interest

SHIRLEY ANN YOUNG OF LAKE SHORE ROAD

By Kitty Carney

"Pioneer life in the mountain fastnesses of the Kentucky backwoods" sounds like a publicity blurb direct from Hollywood, but in this case it isn't. A Pointer of Interest, Shirley Ann Young by name, spent one summer during the war serving as a courier between frontier nursing outposts.

Because there were "no roads to speak of," and no other means of communication, it was the courier's job to carry messages and medicinal supplies over the mountains on horseback to hospital centers far from the beaten paths. In addition to the main post at Wendover, Ky., there were six hospital outposts with which the couriers maintained contact.

The frontier nursing service, in which a number of Pointe women have an interest, takes care of routine medical jobs and emergencies for the backwoods people, according to Shirley. The midwife duties alone, which they have performed during an approximate half century of existence, have been responsible for a decline in the maternal death rate.

Mountain Trips

A full day's ride with stops at the different hospital centers was not unusual, the Pointe miss recalled. On the first trip an experienced courier accompanied the novice, but from that day forward she was on her own.

The mountains and countryside she found beautiful, but learned during her stay that the scenery scarcely compensated for the poorness of the soil. "Despite family feuds," Shirley said, "the people were always friendly to frontier service workers. In fact, the mountaineers can distinguish the sound of the service horses which are heavy animals especially trained for mountain work."

There were many little out-of-the-way adventures during her travels, Shirley explains, but one episode stands out in her mind. She was riding along a mountain path one day when she rounded a turn to find her way completely blocked by the carcass of a dead cow. A couple of mountain tykes playing unconcernedly nearby answered Shirley's queries about the animal. "Yes, the cow had fallen over a cliff a day or so before. Wasn't their father going to move it? No, they didn't think so . . . and then went on about their game."

The Grosse Pointe courier turned her steed around and continued by another route, but "I do volunteer work because I like it," Shirley explains. "The more help you give these groups, the less need there is for government-run charities, and I think that's good. They encourage people to take personal responsibility."

Shirley lives with her parents, Mr. and Mrs. B. E. Young, in their Lake Shore road home.

ODD FACT

A fur designer to the stars in Hollywood claims that in the not too distant future fur coats will become as important a part of a man's wardrobe as a woman's. These will be made of mink, calfskin, persian lamb, broadtail, or seal, he says.

SPANISH RICE

Contributed by Mrs. Virginia Cassil

- 1 cupful rice.
- 2 medium sized onions.
- small green pepper.
- 2 stalks celery.
- 1 can tomatoes.
- 1 lb. hamburger.
- 4 tablespoons olive oil.

Chop onions, pepper and celery together and fry in olive oil. When vegetables are just about done, combine with hamburger and cook about 15 minutes.

Boil and strain rice, then add to other ingredients. Mix in tomatoes. Salt and pepper to taste. Place in greased casserole. Let simmer in oven for about 30 minutes.

SUNDAY, May 9, is Mother's Day, and JACOBSON'S out on Kercheval are ready, as ever, with suggestions galore for personal gifts to please Mother . . . novelties (those nice little extras which she'll LOVE to be given) . . . dainty lingerie . . . and oh-so-lovely blouses.

Gift-boxed in gold at Jacobson's are attractive Duette and Quartette sets of l'aberge cologne and perfume in any of four delicate fragrances. Another item is the gold kit, small or large, into which cigaret case, compact, lipstick and gold-trimmed comb fit snugly. And while we're discussing gold, call bags for Mother in this same smart shade can be found in JACOBSON'S

If your heart is set on gloves, then you must know that shorties are the rage . . . and JACOBSON'S have them in white English doeskin, set off with a pearl button at the wrist. Whatever you want in the Mother's Day gift line, you'll find at JACOBSON'S . . . Chinese hand-drawn linen handkerchiefs . . . strings of pearls . . . chiffon and pure silk scarves . . . atomizers finished in gold crackle.

YOU'LL be drawn to JACOBSON'S lingerie department by the sight of delicate slips and gowns . . . lace-trimmed or smoothly tailored, as Mothers like them.

Admired the Fischer gowns edged with creamy lace . . . and the gown-of-the-month too, which is a dainty Lenora. Jacobson's gowns can be had from \$8.95 up.

Or . . . if you prefer to increase Mother's blouse wardrobe, Jacobson's is the place to do it. Tailored or dressy blouses with long short or three quarter length sleeves, will make her heart glad come May 9. Just a few were: A cap-sleeved rayon crepe . . . washable too . . . with lace insertions and a ruffle down the front. The Barrymore pin-tucked collar was edged with a double row of lace and ruffles.

A cap-sleeved rayon crepe . . . washable too . . . with lace insertions and a ruffle down the front. The Barrymore pin-tucked collar was edged with a double row of lace and ruffles.

Pearl buttons march down the front of this jabot effect blouse which boasts matching lace on jabot and long-sleeved cuff.

In whatever color you desire, you can find a short-sleeved gem . . . with pin-tucked front, button back and stand-up collar edged with ruching.

If summer reached HAYDON HOUSE a few steps ahead of the rest of Grosse Pointe, it's because Haydon House met summer more than halfway with their downstairs display. Furniture for recreation room, sun porch or backyard entertaining is set up attractively in the Kercheval avenue furniture store.

And you can transfer the summer furniture ensembles to your own property by paying a visit to HAYDON HOUSE.

A blue and white striped garden umbrella shading a white picnic table caught our eye. More on the formal side was an impressive three piece sectional table (Salterina Neva-Rust, no less), glass-covered, and the matching chairs had beautifully cushioned seats.

Vivid reds and yellows greet the HAYDON HOUSE visitor who is interested in chaise lounges, tubular chairs or gliders. And the abaca hemp floor mats do much to give that tropical touch to summer furnishings.

You can seat as many as a dozen persons with the sectional lounges which HAYDON HOUSE proudly presents for summer. Styled with comfy cushioning they come in either semi-circular or rectangular shapes. Especially attractive was one which had handsome beige and brown leather cushions with tangerine leather trim against a natural wood frame.

GOOD news for young and old in the Pointe as hot, sticky days once more put in an appearance . . . is that the GROSSE POINTE DRUG CO. will have more tempting, delicious chocolates throughout the humid months.

Pleased as punch is everyone who views the newly installed Whitman's refrigerator which maintains a 62 deg. temperature, thus enabling the GROSSE POINTE DRUG CO. to have fresh chocolate candy always on hand to supply the summer demand. Every single box is guaranteed to be fresh, and the refrigerator storage space is large enough to carry an ample supply of such well-known chocolates as Whitman's, Gilbert's, Louis Sherry and Princess de Conde.

Hint: Mother's Day, May 9, offers you an opportunity to sample this new service of the GROSSE POINTE DRUG CO.

FORMALS are top topic with Pointe junior misses as the prom set swings into the limelight. And the place to go for the dainty gowns, as all Pointe misses know, is WALTON PIERCE'S GROSSE POINTE BRANCH, where luscious cotton formals are waiting for you . . . and you . . . and you.

Sweetheart necklines grace the cool-looking waffle piques in pastel yellow or blue at WALTON PIERCE. White braid applique on bodice and skirt sets off these traditional formals.

Organdies are popular with the young set this spring and a pink organdie print over a taffeta slip caught our eye. Shoulder straps and belt were of organdie, and the skirt was vaddy full.

Dime-sized embroidered polka dots in either cherry red or Kelly green adorn another white organdie gown. The matching red (or green) girdle ties in a fascinating bustle bow.

OTHERS we can't help mentioning were: a print of ribbed pique with tiered skirt . . . the low round neckline drawn with a velvet ribbon which also become shoulder straps and end in a small bow in back.

A Ceil Chapman model . . . organdie with white eyelet bodice and matching eyelet apron over the full skirt. The small Bramley collar makes a vaddy smart neckline.

A light blue satin sash complements a V-necked white organdie with tunic and bodice of embroidered organdie.

In ballerina length, an attractive candy-striped cotton with tiered full skirt . . . the low round neckline has a material bow in back.

So, Junior Miss . . . if your prom is just around the corner, the next stop for you is WALTON PIERCE'S GROSSE POINTE BRANCH.
