Scholarships to Michigan Awarded to Four Pointers

Four Grosse Pointe High School students have been awarded Regents-Alumni Scholarships to the University of Michigan. A total of 432 seniors in Michigan High schools have received the honor.

The Pointers are: Bruce Glenn Bray of 1088 Lakepointe, Robert James Fosmoe of 893 Fisher road, Lorne James Norton of 903 Rivard boulevard, and Robert Trees of 946 Lincoln road.

Announcement of the awards was made by Erich A. Halter, dean of students and chairman of the University's scholarship committee.

"The scholarships provide for payment of semester fees for the freshman year at the University," Dean Walter said. "Successful scholarship performance will permit renewal of the scholarship through the sophomore, junior and senior years."

The scholarships are awarded to students of superior academic ability and are aimed at developing leadership and productive citizenship in all parts of the state, Dean Walter pointed out. Among the factors considered by the Scholarship Committee in making the awards are: the record of the student in high school, recommendations made by University alumni and school officials, the results of special tests, and financial need.

Nearly 1,000 candidates from 297 high schools competed for the awards. Dean Walter emphasized that at least one scholarship is available for every credited high school in the state provided a qualified candidate can be presented.

Dean Walter expressed the scholarship committee's appreciation for the work of local officials and University of Michigan

Priscilla Redpath Weds John Kirilin

Young Couple Taking Honeymoon Trip to Southern California and Mexico After Marriage in Pointe Memorial Church

Priscilla Wilson Redpath, daughter of Mr. and Mrs. Chester S. Redpath of Hampton road, became the bride of John Armstrong Kirilin Saturday afternoon in Grosse Pointe Memorial Church. Before an altar banked with white snapdragons and cherry blossoms, the Rev. Frank Fitt read the nuptial rites.

A French colonial style gown of candlelight satin was the bride's choice for her wedding gown. Point de Venise lace edged the rounded tulle yoke which extended over the shoulders, and the same lace was inserted at the wrists of the long sleeves. The skirt of the gown swept into a wide circular train.

Satin braid and orange blossom trimmed the bride's regency bonnet of shirred illusion. She wore a fingertip veil of illusion and carried gardenias and lilies of the valley in a cascade arrangement.

Serving as matron of honor was Mrs. Walter C. Qualmann, sister of the bridegroom. She was gowned in freesia bengaline.

White daisies formed her tiara and bouquet.

Mrs. Earl J. Potter, Helen Geisbuhler and Dorothy Haug, the bridesmaids, wore mignonette bengaline. Their tiaras were of yellow daisies and they carried the same flowers with ivy.

The bridegroom asked Walter C. Qualmann to serve as his best man. Ushers were Allen H. Hutchison, Jr., Robert L. Phatt and Dr. Jackson France. Mr. Kirilin is the son of Mr. and Mrs. Ivan M. Kirilin of Greenway avenue.

After a honeymoon trip to southern California and Mexico, the newlyweds will make their home in Detroit.

More Than 100 Rehearsing For Junior League Follies

More than 100 Junior League members and their husbands and friends showed up for the opening rehearsal for the Junior League Follies last Wednesday night at the Country Day school gymnasium.

They were there again on Friday night when Director Alfred Burke conducted tryouts for various skits that will be part of the show. Rehearsals on both evenings included singing and mixed dancing choruses. New "Follies" songs were sung with a will to please, though the tunes and lyrics were untried before by any of those present.

Intricate routines were practiced by would-be choreographers who kicked and tap-danced and sidestepped with energy and glee. Many of the girls had already had their opening workouts at morning rehearsals, but the crew of "tired businessmen" who lined up in their shirt sleeves to learn the new steps were, many of them, treading the boards for the first time

since the presentation of the Junior League Follies just a year ago this month.

There was many a groan over unused muscles and many a dripping brow but everyone showed great enthusiasm over the new numbers and kept doggedly at it until Alfred Burke released them—with cheers—until the next time.

The skits showed promise of hilarious fun and laughter and many of last year's Follies' actors and actresses were there, buoying up the newcomers as they all tried out together for the show that will be presented at Music Hall on June 2, 3 and 4.

Proceeds will go into the Junior League Welfare Fund, some of which is used for research and treatment of the boys at Pioneer House, a psychiatric home for young boys. Other League projects, supported by the Welfare Fund, are a Children's Theatre Group, Cancer Clinics, and

a children's radio program called "Scoop Ryan."

Tickets for the "Follies" are now on sale at the Junior League Shops in the David Whitney Building and in Kercheval avenue, Grosse Pointe Farms. They may also be obtained by contacting various members of the ticket committee, headed by Mrs. Stuart Smith (TU, 1-2062), or by calling the Junior League office, TU, 1-1670. Mail order applications for exchange tickets are now being handled at Music Hall, and reserved seats will be available at Music Hall after May 26.

Among those spotted at the first rehearsals last week were: Ann Crouse, Mrs. Burt Taylor, Mr. and Mrs. George Detwiler, Mr. and Mrs. James S. Harris, Pat McKee, Brad McKee, Lydia Kerr, Christine Caulkins, Mrs. Henry Reynolds, Elizabeth Robb, Elizabeth Archer, Mary Cupper, Primmy Groch, Carol Fenley Merrill McClintock, Jane McNaughton, Emily Peter, Elizabeth Murphy, Betty Delbridge, Ginny Delbridge, Barbara Simmonds, Mr. and Mrs. William Dunn, Gretchen Carhart.

Others were: Gloria Rickel, Nancy and Homer Bigelow, Patsy Posselius, Ginny Hebb, Mary Flinterman, Fred Higbie, Ben Drayton, George Hefferan, John Hatcher, Mack Lovell, Ray Ives, Larry Verdier, Bill Grant, Bud Taylor, Ward Detwiler, Bill Robinson, Bob Cudlip, Jim Frey, Roger Hull, Mrs. Donald M. Woodruff, Mrs. Richard Spencer, Mr. and Mrs. Stephen Stackpole, Mrs. Frank J. Sladen, Hunter Williams.

Present were: Frances Booth and Mrs. Hal Smith of the costume committee; Mr. and Mrs. James McMillan of the talent committee; Mrs. Hunter Williams of the publicity committee; Mr. and Mrs. Edward Parker, Frank Werneken, Mr. and Mrs. Daniel Buell, and Joan Henry.

June 26 is the date Marian has picked for their wedding, which

The management of the Music Hall was thrown into a tizzy recently over the unheard of incident of a "sneak" in one of the front boxes reserved for the carriage trade. The sneak was very like that of a mouse...

The usher slid discreetly into the back box and heard for himself. Then he hot-footed it to the head usher's office and asked that worthy what to do about it. The latter hastened to the offending box, pulled up a chair at the rear and settled down to catch the possible mouse...

In the mail, we received one of those psychology tests. Object: To arouse our interest in taking a course in something or other. Not being the type who likes to take courses in ANYTHING or other, we nevertheless are a sucker for doing tests...

One of the saddest golf stories we've heard concerns a little businessman (local), who has recently shot down from being way up in the hundreds... to playing fairly consistently in the nineties. This course changed his whole existence as well as his coterie of golfing pals.

If you want to break junior of the habit of filching cigar butts to sneak a smoke in the garage... don't bother with that old time method of GIVING him a cigar to smoke, then sitting back waiting for him to turn green.

peaceful international intercourse. Russia apparently has plans of her own of which the plain people of the world are yet in ignorance.

If this so-called new League of Nations is so important in its beginnings as not to be able to organize and maintain a modest police force in a mere microscopic spot on the world's checkerboard it is either palsied with fear or has been subjected to such incompetent management as to shock the world.

Britain has been carrying the White Man's Burden in that part of the world ever since the Palestine mandate fell to her at the end of World War I. Tired of the burden and the expense, she has now served notice on the world that she intends to get out on May 15.

Observing Americans cannot but feel that our international guides have fallen down badly in the Palestine mess. It certainly will not get any better when Britain withdraws. Vastly more important situations will develop as time goes on in which the United Nations, and ourselves in particular, must take more positive action than we have taken in the Palestine area.

Poor Neville Chamberlain, facing the mightiest military power on earth, has been reviled and damned for ten years for not taking a strong stand, and the word appeasement has been given a new meaning in international relations.

He at least gave England a year's additional grace to prepare for an inevitable war. We apparently, the present strongest power on earth and supposedly backed by a world organization of more than fifty nations, have not done as well as even the late British Prime Minister.

The Fort Wayne Park

It is gratifying to all residents of the greater Detroit area that Congress has at last cleared the way for the acquisition of the old Fort Wayne site for a beautiful city park. The action of Congress has made this site disposable government property and the way has been opened for Detroit to get it and add it to its park system.

The 100 acre site along the West Side river front will make a splendid addition to the recreation spots of this great metropolis. The story from Washington is that this happy development is due largely to the persistent efforts of Senator Ferguson and our new Representative from the 14th District, Harold Youngblood.

Talley Rant

By Helen Talley

Last week started off very gaily with an interesting luncheon party on Sunday at the BERNARD GIMBELS. I drove out with H.R.H. PRINCE PETER of GREECE and PRINCESS IRENE. The GIMBEL estate, CHIEF TANS, is in Port Charter, about a fast hour out of town. It was a very beautiful day and the countryside was fragrant with spring blossoms. PRINCESS IRENE said that she and H.R.H. had spent the preceding day inspecting SING SING, where they had lunched and watched the prisoners at work.

PRINCE PETER is most amiable and extremely democratic. I was interested seeing him, later in the afternoon, playing big game with a countryman, GEORGE SKOURAS. H.R.H. started his career in a palace. GEORGE started his on the streets as a bootblack. Each man has gained success, and the equality of success in a democracy has brought them together.

Monday night was the unforgettable TOSCANINI concert for the benefit of the N. Y. INFIRMARY. TOSCANINI not only gave his services but also purchased a box. The amount raised and the audience were equally impressive. The RANK and FASHION of the town were there. The critics, next day, said the MAESTRO had never conducted VERDI'S "REQUIEM" more perfectly and that the concert was a once in a life time occasion.

MARY and CORNELIUS STARR of Shanghai and New York, gave the knockout dinner dance of the season, on Wednesday night. It was particularly interesting because they didn't stick to one group. There were many delightful Chinese in their colorful native dress. There were top men from Time and Fortune, from the Associated Press, from the United Press, from the theatre, and some important foreign English arrivals.

On one side of me at MR. STARR'S table was ALEXANDER BELLAMY STEWART, one of the heads of LLOYD'S of LONDON. He said that the LUTINE BELL at LLOYD'S does not ring, as so many think, to proclaim disaster, but to put an end to suspense. It is rung once, or twice, according to whether a ship is on arrival or lost. MR. STEWART also said that LLOYD'S was originally ED LLOYD'S coffee house. Since he was a poor man he made his own coffee and also served as waiter. Now, a hundred years later, LLOYD'S still gets government communications addressed to THE HEADWAITER - LLOYD'S. There were about 250 guests at the STARR'S party. The vivacious Mme. YONG and Mme. SUN in their embroidered satin robes had a wonderful time. Other notable guests were KENT COOPER, HENRY LUCE and the handsome RICHARD ALDRICH.

On Thursday I went to a tea BETTY BETZ gave for SISTER KENNEY. SISTER KENNEY is what the French call "formidable." Some natures are like that but it seems a shame that she is unable to unbend with a little more warmth. She has had a poor press, principally, I suspect because she doesn't show her pleasant smile more often. From BETTY'S, I went to a party PRINCE and PRINCESS PETER were giving at their suite at the CARLYLE. You could hear it when you got off the lift—no lack of unbending there. I couldn't stay long but I did have a minute with SASHA SEVER-

SKY, the WALTER SELIGMANS, HANK KNICKERBOCKER and a few GREEKS whose names I couldn't spell even if I could remember them.

Friday night was the ILLUSTRATORS BALL at the Waldorf. GIPSY ROSE LEE was master of ceremonies but she didn't give out with any deathless bon mots. MRS. CHARLES DANNA GIBSON drew the first ticket and someone's little secretary won a five room house. She said she wasn't engaged. She will be. HENRY FONDA was there, and the JIM FARLEYS were among the several hundred guests. Everyone knew everyone else and it was all too good. When I arrived home the milkmaid was at the door and it was six a. m.

Letterbox

There is no Bill before Congress that is in greater need of prompt enactment into law than S 1949 recommended by the Senate Post Office and Civil Service Committee to provide an adjustment of salaries for Postal Employees.

In 23 years, or since 1925, they have received increases amounting to \$800 or about 40%. For the first 20 of those 23 years they worked for a salary comparable to those existing in 1925 without adjustment whatsoever. Salaries in private industry and the cost of living in the same period of time have increased a far greater amount.

Business and Professional Group

The citizens of Grosse Pointe are to be congratulated that the business and professional men of the community have organized into an effective association to advance not only their personal interests but to cooperate in the orderly development and improvement of the area.

Any community is better off for having a substantial part of its alert citizenry banded together for civic betterment. It is true that the local field does not present the opportunity which is common in most communities. Chambers of Commerce and similar civic-business groups are commonly based on a purpose to advance commercial and industrial development.

In this stricter sense Grosse Pointe might seem a barren field for work. There is no desire here to effect industrial development as the label is commonly understood. This community would not admit heavy industries. It was planned from its beginning of growth as a residential community, admitting only such commercial activity as was necessary to serve the needs of its people.

There are many purposes aside from that of mere population and payrolls however by which an organization such as our wideawake business and professional men and women plan, can contribute to the welfare of our already favored community.

Among these are a constant alertness to the well-being of Grosse Pointe and maintaining an intimate touch with its governing bodies with their advice, suggestions and wholesome criticisms of their acts. The councilmanic bodies and executive heads of Grosse Pointe will welcome such cooperation.

By pooling their efforts also they can contribute greatly to a higher standard of business ethics for their mutual advantage and the general welfare and good name.

All the residents of the Pointe, whether they are individually engaged in local enterprise or not, should encourage the efforts of such an organization.

It spells a more attractive place and a finer social order for our already fine community.

Burnishing the Sword

During World War I, when the fight had been on for two years, due to the preachments and agitation which Theodore Roosevelt almost alone carried on, we began to get ready to put our fighting house in order. He and not Woodrow Wilson saw the inevitability of the coming conflict.

All during the summer of 1916 this country was ablaze with Preparedness Day parades, and Congress was pressured into making some gestures at getting ready. Wilson had been saying we were "too proud to fight" and even got himself elected President for a second term on the campaign argument that he "had kept us out of war."

It wasn't until January 1918, nine months after we had actually been at war with Germany by our own declaration, that he awoke long enough to send his "War without stint or limit" message to Congress and we actually got down to the business of fighting a war.

During this period Theodore Roosevelt propounded one of the soundest creeds on the matter of military preparedness that has ever been uttered. He said that "as long as there remains in the world a single man of evil intent it will be necessary to have a policeman to watch him."

Congress has recently given evidence that it has borne in mind the Theodore Roosevelt dictum. Evidence multiplies that we are awaking to the necessity of putting our fighting house in order both as a means for self defense and to burnish the sword that alone gives strength to the position of world leadership we have so proudly assumed.

A Welcome for Mountbatten

It is reported from London that when Earl Louis Mountbatten returns from his Indian post the only position he will consider for his further work in the public service is that of British Ambassador to Washington.

Americans will generally welcome this valiant Englishman to the diplomatic circle at the capital. He is one of the few men born to the purple in Great Britain who carried more than a passing part in the last war. A cousin of the king, it would not have been difficult for him to have fengiaed a niche of relative safety and ease in the conflict but instead of that he elected to organize and carry through probably one of the most dangerous and effective divisions of the fighting forces. It was he who organized the famous commandos whose raids into the enemy territory harried the foe and kept alive the resistance which contributed so much to the final victory.

A man of fine physical presence, a nobleman by birth and right, a diplomat of outstanding ability and a man's man to the roots of his hair, he would be assured of a welcome in this country exceeding that of any living Englishman.

United Nation's Test

The failure of the United Nations to set up the machinery for taking over the Palestine situation pending the final disposition of the Zionist question is the most serious blow that has befallen this worldwide organization that was launched with such high hopes only a little more than three years ago.

Many of its early doubts and errors are tragically reminiscent of the path trod by the League of Nations. The inability of the 55 nations banded together in this organization to even create a modest police force to handle just such situations as have developed in Palestine is a sad augur for its capacity to handle larger and more dangerous problems.

The disposition to shoulder onto Russia the responsibility for all the delays and timidity of the United Nations will, in this instance, not be accepted as a sufficient alibi. In the main there is no question of the responsibility of Russia for the failure to set up a concrete, workable organization to secure the peace of the world and maintain an orderly program for

Friends of Library to Hold 2nd Annual Dinner Meeting

The Friends of the Grosse Pointe Library will hold the second annual meeting and dinner for its members at 6:30 p.m. on Tuesday, May 18, in the Grosse Pointe Club.

Herman H. Henkle, whose rise in the field of librarianship since 1933 has been phenomenal, will be the speaker. Professor of Library Science and Director of the School of Library Science at Simmons College in Boston, Massachusetts from 1937 to 1942, he served the next five years as Director of the Processing Department of the Library of Congress. In 1947, he went to Chicago, Ill. to become Librarian of the John Crerar Library, one of the most important library positions in the country.

been stimulated by the plans for the construction of the future Grosse Pointe War Memorial Library.

Feline Hunter's Quarry Rescued

A woman living in the 500 block of Washington road telephoned the police in great alarm on May 5 that the family cat had just dragged into the house an enormous live rat and she wanted the police to come quickly and dispose of it.

When the police arrived they found the "rat" was a young rabbit.

They released the rabbit, still active and apparently unharmed, into the wide outdoors.

HOSPITAL UNDER FIRE

The Farms police were notified on May 7 that someone had shot a BB gun pellet through one of the windows on the Muir road side of Cottage hospital.

Police Shunned By Woodpeckers

Mrs. Semuel Sfire, of 1028 Kensington road, complained to the Park police on May 8 that the woodpeckers were destroying her roof. They had large and powerful beaks, she said.

The Woodpecker squad of the department was posted but after an hour's vigil not a bird had appeared. They left the premises with instructions that if the marauders showed up again they should be notified and they, the police, would return with their heavy artillery.

Mrs. McColl Entertains Members of Pi Beta Phi

Mrs. K. M. McColl of North Oxford road entertained Grosse Pointe members of Pi Beta Phi sorority Monday evening, May 10. Mrs. Hansel D. Wilson gave an interesting talk on flower arrangements.

Following the program, the group installed new officers. Delegates were chosen for the Pi Beta Phi national convention which is to be held at French Lick, Ind., in July.

Assisting the hostess were Mrs. Wilson and Mrs. E. L. Yates.

Girl Scouts Issue Urgent Plea for Help From Dads

The Dads' Patrol, a volunteer group dedicated to the purpose of preparing Girl Scout camps at Holly and Metamora for opening, is desperately in need of more members. The response to continued appeals for help has been very discouraging.

Painting, carpentry work, putting up tents and screens; all must be done. Paid help is out of the question. The Scouts depend on volunteers.

Donations to further the work will be greatly appreciated. Lumber, cement, cement blocks, bricks, screen doors, storm windows, roofing paper, paint brushes, and about 30 drain tile (4-in.) are needed.

Materials alone won't do the job. Volunteer your services NOW, so that your daughter can enjoy camping with her Scout troop.

Even if your daughter is not a Scout at present, perhaps she will be someday. Perhaps you have no daughters, but would

like to help out. All are welcome to help. The time is short. There are only three week-ends left in which to complete the job. Don't delay. Call Harry Findlay, TU. 2-7024.

State Imposes Dog Quarantine

Pointe dog owners are warned of a quarantine that was declared by the State of Michigan to be in effect in all of Wayne County from April 28 through August 31, 1948. The quarantine was proclaimed following the report of several cases of rabid dogs having bitten persons in the county.

All dogs must be kept confined or leashed. This is in accordance with local dog ordinances, but the state quarantine calls on all local enforcement officers and members of the sheriff's department to enforce the law even more stringently.

The quarantine states that the officers have the right to kill on sight any dog running at large. Furthermore, the officer shall not be held liable in such a killing.

A mandatory fine of from \$10 to \$100 is imposed for a first offense, or imprisonment up to 90 days. For a second offense the fine is raised to not less than \$50 or more than \$500 and a maximum jail sentence of six months may be imposed on the owner of the offending dog.

Belanger Fines Reckless Drivers

Judge Joseph Belanger had a full session at the Park police court on May 5, compared to the slim session of the week before. Ten cases were handled altogether, of which seven drew fines and three were dismissed.

Thirteen drawing fines or costs were:

Clarissa D. Townsend, of 1150 Berkshire, for making an improper turn involving an accident at Kercheval and Buckingham, off April 24, costs only of \$6.10 were imposed.

Herschell W. Howard, of 5094 Lodewick, Detroit, for reckless driving at Kercheval and Wayburn on April 18, was fined \$15 and \$7.20 costs.

Alphonse Karl Unterkefer, of 722 Washington road, for improper left turn on Kercheval on April 23, involving an accident, \$15 fine and \$8.80 costs.

Nicholas Kafalos, 1032 Vernier road, for speeding on Jefferson avenue on April 5, was fined \$12 and costs.

Byron Lemuel Taylor, 15301 Mack, for illegal backing causing accident at Mack and Wayburn on April 10, was ordered to make restitution for damages and pay costs of \$5.

Ronald Francis Meisac, 1246 Alter road, for car not under control on Jefferson avenue on April 10, causing accident, paid \$10 fine and \$5 costs.

George Schalm, 3901 Twenty Three Mile, New Baltimore, for speeding on Jefferson avenue on April 16, paid \$15 fine and \$5 costs.

Speeders Nabbed By Woods Police

A 17-year old sailor on leave, his younger brother, aged 15, and a third youth, 17, led the Pointe police a merry chase on May 5 before they were finally corralled.

At noon Mrs. Booth, of 1700 Maumee, phoned the police that a car had driven by at dangerous speed. She had been able to get the number and gave it to the police. A few minutes later Lawrence R. Cool of 1428 Beaconsfield turned in the same warning, and a message went out over police radio WRDR.

Shortly after, word came in from the Woods police that they had the fast drivers. The man at the wheel was Robert E. Stapleton, of 1770 Hawthorne. Passengers were his brother James and James Dwyer, of Oxford road. Stapleton was taken to the police station and held for examination by Chief Trombly.

To Demonstrate Model Makeup

Make-up of photographic models will be the subject of a talk and demonstration to be given Tuesday evening, May 18, by Madge Fraser Elliott, well-known make-up artist and photographer, at the meeting of the Grosse Pointe Camera Club.

Howard Riley, a resident of the club, states that a living model will be used to show how the make-up is applied in order to get the best photographic results. The lecture will also cover the various types of panchromatic make-ups as they apply to the various types of film. The speaker has gained renown for her success in this field.

In addition to the special program, there will also be an exhibition of pictures by the club members from which the club judges will choose the outstanding for the June Salon. The prints submitted will also be discussed as to subject, photographic technique, and quality.

Mr. Riley has issued an invitation to the interested public to attend the meeting which will be held in the Neighborhood Club in Grosse Pointe.

Harry Smith, builder, reported to the Farms police on May 5 that kids had done considerable damage to a new house under construction at Beaupre lane and Cambridge.

From Another Pointe of View

As we look back on the 1948 May Party... our strongest memory is that the Queen of the ball was Miss Annie Ward Foster, herself... and well she deserves all the love and honor heaped upon her that evening...

Some of the young folks learned it was Miss Foster's birthday... and though we will long remember that brilliant moment when Miss Foster took Henry Ford III's extended arm and was led onto the ball-room floor...

We will remember, too... the circle of a hundred and fifty girls and boys singing "Happy Birthday" to Miss Foster as a complete surprise to the Birthday Girl herself...

We could pick out five generations of Detroit society present for the 27th May Party...

And all agreed... that it was the loveliest of them all... with the very first May Queen (Mrs. Edsel Ford) in attendance (and looking wonderful in a black evening gown)... right down to the 1948 May Queen... tiny, velvet eyed brunet Dodo Booth who danced like a May breeze with a long stag line of admiring young men...

SOCIETY FLOCKS TO MAY PARTY

Mrs. Henry Ford senior, making one of her rare public appearances... Miss Sara Burnham, her blue eyes reflecting the soft tones of her jeweled evening gown... C. Mennen Williams, the handsomest gubernatorial candidate in any state... all set the pace for the glamorous Golden Horse Shoe of guests...

And though we concentrate primarily on Pointers... we have to mention the dazzling gowns worn by two Bloomfield charmers... Mrs. Robert Lee Graham Jr. and Phoebe Otter, daughters of the Clarence E. Otters... Mrs. G. who prefers ballerina evening gowns was in the most platinum and silken of white lace creations... and Phoebe waltzed in a stunning pearl satin floor length gown sprayed in a black Chantilly web design...

Mrs. Henry Ford II... whose chic in nationally noted... watched her family take part in the May party with justifiable pride...

She wore an exquisite ball gown of softest black silk... richly embroidered silver, pearl and crystal East Indian sarongs were used to form the unusual trimming... the gown itself was fashioned with fitted bodice, and voluminous hooped effect skirt... around the tiny high neckline, tight bands at the high puffed sleeves and an apron over the front skirt were made of the embroidery from the sarongs...

Mrs. Ford watched the May party with Mr. and Mrs. Allan Merrell... the latter stunning in an all black crepe with loops of the material draped smartly at the back skirt...

LIFE GOES TO A MAY PARTY

Life magazine paid its first visit to a Detroit social event... snapping hundreds of photos of participants and guests attending Detroit society's only traditional party...

Quick memory flashes from the May Party: Bert Wickings watching their nice trio (Barbara, Buffy and Bud) play an important part in the May Party... Barbara was last year's May Queen... and the first 1947 deb to announce a June wedding date...

Mrs. Charles Morgana dancing with tiny grandson, Morley (when we think of that stag line in future years... Gary Williams... the little Morgana, etc... we almost hope we are writing society for it will be fun)...

The Maxwell Bates... dancing gracefully by... she wearing a wondrous gown of black taffeta... huge skirt... drapings over one shoulder... the other lovely one quite bare...

Mrs. Sidney R. Small with the Freddie Harrises... the Alfred G. Wilsons coming all the way from Bloomfield with cute little Judy Johnson...

Lieut.-Col. D. Walter Allard, one of the Pointe's outstanding heroes of World War II, has been accorded another signal honor. He has been officially designated an Honorary Citizen by the Municipal Council of the City of Melun, France.

His swimming in the Seine river, to be the first American to enter Melun, mentioned in the resolution of the council, is the action in which Colonel Allard won his Purple Heart and the Distinguished Service Cross. He was also decorated by the Russian, French and Luxembourg governments.

The letter received from Mayor Tunc of Melun and the resolution passed by the council follow:

Office of the Mayor French Republic City of Melun (Seine and Marne)

Melun, the 13th of April, 1948 To Lieut.-Col. Walter Allard Aide de camp, Hq. 5th Army M. Jean Colonel and fellow citizen.

I have the great pleasure of informing you that the Municipal Council of the City of Melun, which you liberated, has named you Honorary Citizen.

I take the privilege of sending you in the attached letter an extract of the resolution which was taken and which is only a modest token of recognition from the people of Melun to those who liberated them from the yoke of the Germans.

The City and I will be very honored if, in the event of a trip to France, we will be able to receive you in our old City Hall and bestow upon you personally the diploma conferring on you the title of Honorary Citizen.

I beg of you, if you can possibly take the time for the trip, to inform me in advance so that I may organize the ceremony.

Permit me to express, my dear Colonel and fellow citizen, the expression of my very highest regards.

Pointers Picked For Naval Corps

Donald Alexander Lewis of 743 Rivard boulevard; Conrad Louis Ott, Jr., of 15521 Windmill Pointe drive, and Carl Francis Boehle, Jr., of 279 LaSalle place, are among the 631 civilian candidates selected for entry as regular students into the Naval Reserve Officers Training Corps in the 1948 fall college term.

Of 24,117 candidates who completed the Navy's college aptitude test for the NROTC program, 8,181 received scores which qualified them for further consideration. This figure was reduced by physical examinations, and the records of those civilian candidates who were found physically qualified were submitted to State and Territorial Selection Committees.

The NROTC selectees will be assigned to the 52 colleges where units of this corps are established. The assignment of candidates will be governed by the candidate's rating by the Selection Committee, the candidate's choice of colleges, the entrance requirements of the college, and the number of applicants for each college. Each candidate must apply for and gain admission to the college to which assigned.

The NROTC program gives successful candidates four years of college education at government expense. They may take any course leading to a baccalaureate or higher degree, but must include 24 semester hours of Naval science, plus certain minimum requirements in mathematics, physics, and English.

They will be required to make two summer cruises and one summer period of aviation indoctrination, and upon graduation must accept a commission in the Navy or Marine Corps and serve from 15 months to two years on active duty.

It is expected there will be some surplus left over from the appropriation for the sewer work which the Park village has been doing in the Lakepointe-Beaconsfield area recently.

Snagging of Tennis Titles Specialty of Pat Kronner

If holding titles is claim to fame, Patricia Kronner, 17505 E. Jefferson, senior sociology major at Marygrove College, fills the requirement. For three years Pat was City Champion for Women's Tennis Singles in Grosse Pointe; two years Women's Doubles; a Champion, and one year, Champion of Mixed Doubles. She was runner-up for two years in the city of Detroit finals, and in 1941 won the distinction of being runner-up in the State finals.

In 1944 the championship in the University of Michigan Women's Singles went to Pat, and she held the same title at Barry College, Miami, Florida, in 1945. At Marygrove she was runner-up in the 1947 finals.

Tennis has always been a favorite sport of Pat's, but it wasn't until her sophomore year in high school that she started intensive training under Mrs. Gene Hoxie, outstanding Detroit instructor. "It was under the management of Mrs. Hoxie that I entered the City of Detroit and Michigan State tournaments," commented Pat. It wasn't however, until she started training with Max Lucas, former national champion, that she began thinking of tennis seriously as a possible future career.

"While at Barry College," says Pat, "I was privileged to play exhibition matches with Miss Delores Hart, member of the United States tennis team, and Miss Pauline Betz, national and international champion. This was a thrilling contact with professionals in the tennis field. It also helped me to improve my game by playing against such keen competition."

In Florida, Pat continued training with Art Rourke, noted instructor and trainer of many of the present national champions. "You see," she explained, "Florida and California have the outstanding tennis players in the country, and Mr. Rourke is the chief exponent in the Florida school. One game with Art taught me more than hours of practicing."

Pat is also interested in helping others realize the fun in tennis. In the summer of 1947 she was tennis instructor in Grosse Pointe, and manager of the tournaments. She was personally responsible for 282 entries in the state tournaments. "In a notification from the American Lawn Tennis Association in New York, I was informed that my tournament entry record was the highest in previous years." She feels that all the hard work she put in that summer was worth it, but she admits also that she enjoyed every minute of it.

Because of a recent foot injury, Pat hasn't been able to do any intensive playing but she has been giving instructions to Marygrove tennis enthusiasts, and she hopes soon to be back in the swing of daily practicing and games.

Pat could talk for hours on her love of the game. "As a sport," she says, "it's great, clean fun, full of activity and excitement. It offers a wonderful outlet and diversity from everyday grind, and trains one to be mentally and physically alert. Tennis is much better than any diet to keep your waist-line slim. Without a doubt it's a game that needs stiff competition. The more skill your opponent has, the more interesting the game will be."

With graduation approaching, Pat plans to go into recreational field work. She feels her tennis experience will help greatly in her major field. Pat has received an offer to be in charge of tennis in the Department of Adult Recreation at the YMCA of Detroit. Regardless of what type of recreational work does in the future, she intends to keep on with her tennis, with the hope of some day making it a career.

Drive Conducted By Republicans

A township-wide drive to promote the registration of all persons eligible to vote in coming elections is being undertaken jointly during the month of May by the Grosse Pointe Women's Republican Club and Republican Voters, Associated. Residents of every home in Grosse Pointe Township will be contacted during this period and given complete registration information.

The drive is part of an overall effort to increase the number of persons voting in Michigan this year. Elections for the entire State of Michigan have been lost by as little as two votes. In the last Presidential election 41 per cent of those over 21 years of age failed to vote.

By registering now, voters can make sure that vacations and last minute delays will not interfere with their right to express themselves for better government in the coming elections.

He said he was struck by a car going west on Lake Shore, which failed to stop after the crash. The only clue was a Chrysler hubcap found at the scene of the crash.

9 when a car had cut across in front of him, turning into Moross. He identified the other car as a Chevrolet.

WHY...

Should Your Food Cost More on Monday And Tuesday Than On Friday And Saturday?

A&P Sees No Good Reason

Why should a Monday shopper pay more than a Saturday shopper? Why should you be penalized on Tuesday for the shopping you do on Friday? Why should identical items cost you more the early part of the week than they do the latter part? We agree with you... it just doesn't make sense. We believe that every shopper is entitled to the best possible food values EVERY day. So we never juggle prices at A&P... never mark a few things down once or twice a week and make up for it by marking other things up the rest of the week. Instead, we keep ALL prices as low as we can ALL the time. Result? ANY day is a good day to shop and save at A&P. Try it and see!

The group, along with adult supervisors and registered nurses, will board a special Baltimore and Ohio Safety Patrol Train at 7 p.m. DST to begin the overnight trip to Washington.

They will gather later Friday night for a national Safety Patrol assembly in the Amphitheatre near Washington Monument.

After several hours of shopping for souvenirs, they will leave Washington Saturday at 4 p.m., with their special train stopping at historic Harper's Ferry, W. Va., for an inspection tour and views of the beautiful Shenandoah Valley.
