Draft Registration Exceeds All Expectations; Pointe's Branch Office Handles 3955

Schweikart and Johnson Express Great Appreciation for Immense Amount of Work Done by Corps of Volunteers

The registration for military service of the 18-25 year age groups, which ended on Saturday, September 18, ran far ahead of expectations. The registration in District No. 87, which comprises the old districts 20, 21, and 57, was 13,965. The pre-registration estimate for this district was about 8,000-9,000.

There are 16 registration districts in all of Wayne County and if the registration in these others should turn in the same excess, the registration for the county would be about 80,000 higher than estimated.

The office in the Park Municipal Building was an extremely busy spot in the registration period. This office turned in 3955 registrants.

There has been no attempt made thus far, to classify the registrants by locality, but Chief Clerk William Johnson, in charge of the Park municipal building office, estimates that about half of this count came from Grosse Pointe and half from the nearby Detroit area and from the other offices in the districts which passed along some of their registrants to the Grosse Pointe office when the tide came in particularly heavy.

The local registration offices will now be closed and hereafter boys as they reach the age of 18 will be required to register at the main district office at 592 Peninsular Building, Detroit, where Mrs. Cowan is in charge. This younger group must register within five days of their attaining the age of 18.

Carl Schweikart and Clerk Johnson express their appreciation of the fine work that was done by volunteers whose indispensable service made possible the immense amount of paper work necessitated by handling such a large number of registrants.

Residence of Murray Sales Subject of Tax Argument

The City has kept the Murray Sales property at the corner of Jefferson and Lincoln on the assessment rolls ever since it was given to the Board of Education. The school authorities have been attempting to have it removed from the rolls, arguing that it is property belonging to a school district.

The City's contention is that this law applies only to such property as is actually used for educational purposes. The property of course is not as yet used

Would Teach Safe Driving In Schools

Local Branch of Inter-Industry Highway Safety Committee Launches Program in Pointe

First steps to make Grosse Pointe an active participant in the nation-wide program to reduce the number of motor accidents caused by teenagers, was taken last Thursday noon at a meeting in the Grosse Pointe Yacht Club.

The program, sponsored by the Inter-Industry Highway Safety Committee, is the outgrowth of a movement started two years ago when President Truman became alarmed at the statistics on auto fatalities. Figures show that a very high percentage of the accidents are caused by teen-agers.

The program calls for high schools employing trained faculty personnel who will teach the youngsters not only to operate a car properly, but to appreciate the potential dangers accompanying driving.

Automobile dealers and insurance companies are backing the program. The dealers are supplying, without cost, dual control cars in which to carry on the instruction. It is up to the schools to supply the instructors and a place in which to carry on the classes.

Thursday's luncheon session in the Yacht Club was sponsored by Jack Rose, chairman of the Michigan Section, Inter-Industry Highway Safety Committee. He has given most of his time during the last 18 months to making Michigan's progress in the program outstanding in the whole nation. It is estimated that within a short time there will be 1,000 instruction cars serving the 516 high schools in the state. There are 200 now in use.

Another important part of the program is the signing of Man-to-Man Agreements by fathers and sons, pledging the observance of traffic laws.

Pointe to Add Two Precincts

The growth in population in Grosse Pointe will necessitate the creation of two additional voting precincts for this fall. The township has 26 voting precincts, half of which are in school buildings and other structures already in being. The other half are in booths set up in rented private property.

Police Want Law to Curb Wild Cyclists

Chief Trombly Asks Power to Control Menaces on Two Wheels

Chief Tom Trombly of the City wants an amendment to the City's traffic ordinance, or a new one passed if necessary, which will give the police better control over bicycles and motor scooters and such. He said the reckless way some youngsters pedal their machines around, is becoming a major problem with the police. The present ordinance is ineffective to deal with these wild riders.

Mayor Netting heartily agreed with the Chief and recited an incident he had witnessed that day when, had it not been for the quick action of an automobile driver there would certainly have been a fatal accident due to the reckless riding of a cyclist. He thought that such vehicles should be subject to the same regulation as obtains with automobiles.

The matter has been referred to the Chief and a committee of council members to work out a cure.

Ray of Hope For Repairing Of Jefferson

Member of County Commission Suggests Meeting With Pointe Officials

A ray of light broke on the clouded hopes of Grosse Pointers for a better pavement on Jefferson avenue at the City Council meeting on September 20.

Councilman Chester Carpenter raised the question of the Jefferson avenue pave. Prescott Brown, who is the consulting engineer for the City and also happens to be a member of the County Road Commission, was at the meeting.

Heretofore Mr. Brown has pleaded the poverty of the County for such work and the best encouragement he has extended has been a hope for year after next.

Speaking after Mr. Carpenter's enquiry he said he thought if the Grosse Pointe communities would name a committee to have a round table informal talk with the road board something might be accomplished. He said he favored a good black top pave, which is an asphaltic concrete construction laid in two operations, a binder and a wearing surface.

He said the foundation on Jefferson between Westchester and Fisher is good enough, with minor repairs, to support such a pavement.

Mayor Netting stated informally he would ask Mr. Carpenter to represent the City in discussing this matter with the Road Commission, but no action was taken prior to the information of committee to represent the other municipalities.

Students Invited To Attend Court

Judge John Potter of the Park police court has extended an invitation to Grosse Pointe students in civics classes to attend the sessions of his court during the month of October.

It is a common occurrence for civics students in the Pointe to attend council meetings for first-hand observation of subjects referred to in their studies. So far as is known this is the first time that an explicit invitation has been extended to students in the Pointe to observe operations in the local court of first instance.

Watchman Douses Blaze

A small fire which broke out in the planking of the Farms pier at 12:27 a. m. on September 18, was discovered by Ed Goosen, watchman, who extinguished the blaze by the time the firemen arrived.

It is believed someone had tossed a cigar on the dry planking.

Addition to City's Parking Area Leads To Bitter Charges

William and Wallace Ehrlich Threaten Court Action After Council Unanimously Adopts Amendments

At the City Council meeting on Sept. 20 the Council voted unanimously to adopt the amendments to the zoning ordinance which make available for parking area an additional 70 feet in the rear of the property on the southeast corner of Kercheval and St. Clair and also permit a public parking area on Waterloo across from the Neighborhood Club.

Later in the evening, as the meeting was coming to a close, William and Wallace Ehrlich who live in the St. Clair and Kercheval area, made a bitter complaint against the action by the council. They even intimated that the officials of the City had resorted to certain skullduggery in formulating and enacting the amendment. So pointed did their criticism grow that Mayor Ralph Netting rebuked the critics in strong terms.

He recited the patience and thoroughness of the City's investigation of the matter, the ample public hearings that had been duly advertised and held and the duty of the City to provide for more offstreet parking to relieve the growing congestion that prevails in the City's commercial area along Kercheval.

The insinuation that the members of the council had knowledge of the private interests to be served and might even have had personal reasons for desiring the enlarged parking area off Kercheval, particularly aroused his ire.

The amendment to the ordinance had already been passed and nothing came of the acrimonious exchange. The brothers Ehrlich however, left the meeting breathing their determination to contest the amendment in the courts.

There was no voice of protest raised Monday against the parking area made available on Waterloo, although at the public hearing some months ago there was some criticism of the change by residents of the neighborhood.

Wins 20 Prizes At State Fair

The News reported last week that Mrs. B. T. Morrow of Lake Shore road, was among the Pointe prize winners at the Michigan State Fair, but the information available then apparently didn't begin to tell the whole story.

Mrs. Morrow was credited with winning first prizes for her raspberry jam and apple pie, said last week's tale. That much was true, but it now must be added that she also won firsts for her cherry pie, corn bread and chili sauce.

Three second prizes were given her for her tomato juice, pineapple pie and mayonnaise. Mrs. Morrow also picked up two second prizes for her needlework exhibits and three third prizes for her skill in arranging flowers.

A few more seconds and thirds for green vegetables brought her award total to 20.

COCKER BITES CHILD

Robert Hatchitt, aged 5, of 604 Notre Dame, was bitten on the upper lip by a one year old male cocker spaniel on Sept. 18, belonging to Lee Divids, of 610 Notre Dame. The Hatchitt child was playing in the Divids' yard at the time. The Health Department was notified and the boy was taken to a private physician by his mother.

Pointe and Detroit Police Seek Prolific Check Passer

The Grosse Pointe Park area has had a generous sprinkling of phony checks in recent days, all bearing the name of Victor P. Lucia or the Lucia-Spindler Corporation. There has been a much greater number of the same sort of worthless financial paper scattered about Detroit and the police of both places are most anxious to contact Mr. Lucia.

The Detroit police say there is no such firm as the Lucia-Spindler Corporation.

Some of these checks have been made payable to the maker and cashed presumably by "Mr.

7243 Ballots Cast at Polls On Sept. 14

Great Awakening of Electors' Interest Indicates Big November Turnout

The light primary vote that was predicted in the September primaries this year did not materialize. In its stead was an unusually heavy one, particularly here in Grosse Pointe.

The total vote cast in the four villages constituting the township was 5916. This is the largest primary vote ever cast in Grosse Pointe township.

The City vote of 1327, while reasonably heavy, has been exceeded once or twice before with a vote approximating 1500.

The significance of the vote as reflecting an awakening of voter interest, is best seen by comparison with the primary vote in the last preceding presidential year. In 1944 in the Dewey-Roosevelt year, there were only 2764 total primary votes cast, or less than half of the vote this year.

The figures indicate a heavy vote in November, particularly in the Republican list.

Of the total primary vote cast 4821 ballots were for Republican primary candidates and 1095 for Democratic candidates.

Carl Schweikart and James N. McNally, both of whom reside in Grosse Pointe, led all other candidates in the Pointe, with Henry T. Gage a strong third, running for re-election to the legislature.

The Party division in the City was 1044 Republican and 197 Democratic.

The total primary vote in all Grosse Pointe, taking the vote cast for the gubernatorial nomination, was 7243. This is only about a third of the total number of legal voters, but for a primary election in Grosse Pointe it is exceptionally heavy.

Police Christmas Fund Gets Boost

The Christmas Fund of the Farms police department was swelled by a substantial check received this week from a New York insurance company.

The check was accompanied by a note from an official of the company expressing his appreciation for the part the department had played in recovering a diamond clip which had been lost by Mrs. Frances Wierdsma of New York, while she was visiting in the Pointe home of Mr. and Mrs. Wendell Anderson.

The Christmas Fund plan is being used by the department for the first time this year. Frequently a resident or business concern wishes to express appreciation for special services rendered. Under the fund plan, instead of individual officers accepting the reward, such gifts are placed in the Christmas Fund.

At Christmas time the entire fund is equally divided among the 23 members of the department.

Farms Workers To Get Awards

Three members of the Farms Water Department will be honored at the banquet session of the American Water Works Convention in Flint tonight, September 23.

The trio will receive the Edward Dunbar Rich Service Award for employes who have 25 or more years of service in the water works field.

Herman Dondoro, chief operator at the water filtration plant who will retire in the spring, has 46 years of service; John Ackland, operator has had 31 years of service; Ignatius Backman, operator, has had 33 years of service.

A fourth Farms employe who will also attend the banquet is Bernard Mason. He has been at the sewer pumping station for the past 19 years and had 20 years previous experience in the water field.

The village will pay the expense of the quartet and of Murray Smith, village engineer, to attend the convention.

TAX DATE EXTENDED

Grosse Pointe Farms has extended its date for the payment of taxes without penalty to October 18.

Drives Car Without License From West Coast to Pointe

Park Patrolmen Barclay and Johnston observed a '39 Chevy perambulating about the streets of the village on Sept. 14 minus a license plate, and hailed the driver for a chat.

The driver, who gave his name and address as Daniel Peter Maras, 660 Brainard, Detroit, said he was a Yo Yo salesman and had purchased the car secondhand in California a few weeks ago, and that the issuing of licenses was so far behind out there that they had given him a written note, in lieu of a regular metal plate, and sent him on his way.

The police impounded his car until he gets a perfectly good Michigan hard plate. They marvelled at his good fortune in getting all the way from the West Coast with nothing more than a scrap of paper in his pocket.

Speeders Fined In Park Court

In Park police court on September 15 Judge Victor H. Debacke disposed of the following cases:

Richard Verbrugge, Sr., of 16126 Mack, charged with driving into moving traffic causing a slight accident, was dismissed as there were no witnesses appearing in the case.

Florence G. Sutherland, 10 Oxford road, for speeding, paid \$10 fine and \$5 costs.

John Raymond Colombo, 5048 Pennsylvania avenue, Detroit, for failing to stop at a stop sign causing an accident, paid \$10 fine and \$5 costs and was directed to attend two sessions of the Police Traffic School.

Attorney John Andre, 1332 Yorkshire, ticketed for failing to stop at a stop street, failed to appear in court and forfeited a \$10 cash bond.

Moses Joseph of 4145 Lakeview, who had been ticketed for speeding 50 m.p.h., was found guilty of driving 35 m.p.h. and fined \$10 and \$5 costs.

Margaret Luft of 1441 Nottingham, for not having car under control causing a minor accident, paid costs of \$5.

Rudolph Ledesma of 1104 W. Warren, ticketed for speeding, forfeited a \$15 cash bond.

Albert Teetzel of 290 Merriweather, for speeding, paid \$15 fine and \$5 costs.

Curb Numbering Plan Frowned On

A request was made of the City council on September 20 by James Donnelly of Grosse Pointe, for permission to solicit contracts with property owners to paint their house numbers on the curb as near the driveways as possible. He proposed to paint the numbers in black figures on a white background in letters about 4 inches high.

Mr. Donnelly proposed to do this for an annual charge of \$1 per year, to be paid by the householder.

After a brief consideration the request was refused. It was stated that this method of numbering had been tried in the past in Grosse Pointe and had been found to lead to many inaccuracies and was generally unsatisfactory.

Parked Cars Hit By Skidding Bus

A DSR bus skidded on the south side of Mack between Somerset and Balfour Saturday night at 8:20 o'clock, Sept. 18 and damaged four parked cars, more or less seriously.

The only personal injury was suffered by Mrs. Lillie Santuci, of 3909 Newport, Detroit, who was sitting in one of the parked cars. She was removed to Bon Secours hospital where she was treated for abrasions.

The bus driver was given a ticket for reckless driving. He said the bus skidded as he was coming to a stop.

Community Club Plans Busy Fall

The Grosse Pointe Woods Community Club is getting its fall program well under way. The building at 20883 Mack avenue is open every night in the week for teen-age recreation under the supervision of Mrs. Walter Reeg, from 7-9 o'clock. Jack Reeves is in charge on Wednesday nights.

Beginning the first week in October, Bernie Falk will take charge of a program in the Mason School gymnasium from 7:30 to 10 p. m. for boys 12-15 and 15 and up.

There is still room for a few more children in the Nursery School on Tuesdays. Registration should be made through Mrs. Reeg.

Mrs. Edna Jose's ballet classes begin the first week in October and will be held on Mondays and Wednesdays. There are classes for those five years old and up. Registration for these classes should also be made through Mrs. Reeg, TU. 1-9821.

The afternoon card parties are held on the fourth Wednesday of each month at 1 p. m. in the clubhouse. Everyone is welcome.

The Saturday Pinocle Club for members will start the first Saturday in October. Mrs. Boyle Billups is chairman. She may be reached at TU. 1-2095.

The Junior and Senior Choirs of the Grosse Pointe Memorial Church will resume rehearsals on Saturday, September 25. Those wishing to enroll in the Junior Choir should report in the Men's Lounge at 9:15 a. m. This choir is open to children from 10 to 14 years of age.

Senior Choir former and new members should report at 10:15 a. m. This group includes young people of High School and College age. Those interested in joining either choir should do so at once so as not to miss any part of the training. The Choirs begin singing in church in October.

New members will not be admitted to either Choir after the 27th of November due to the heavy schedule in December, which includes the Christmas Pageant on Sunday evening, December 19, and the Christmas Eve Service, December 24.

Marie Joy Curtiss is the director.

Stalled Car Hit On Fisher Road

Damage estimated at \$300 was done in an automobile accident which occurred at 4 p. m. on September 19 at Fisher and Ridge in Grosse Pointe Farms.

Margaret Hyde, 16, of 188 Moross road, drove into the rear of a stalled car being driven by Duane Allen Sisson, 18, of 1375 Lakeview. Damage to Miss Hyde's car was estimated at \$250.

Lucky Motorist Gets Good Break

On Sunday afternoon, Sept. 19, John Troe, of 1441 Somerset, phoned the Park police that he had a package to deliver to them. When the police arrived he turned over to them a suitcase which he had found on the street near his home.

Two hours later another call came in from one Leo Sewell of 1436 Somerset. His car had been ransacked. The police invited him to come around to the station; they might have something that would interest him. He came. It was.

Automatic Gum Machine Takes Beating From Kids

Two gum-hungry boys 14 years old tried shaking the automatic gum machine in the Kresge Store on Tuesday afternoon, Sept. 14. They agitated the machine so thoroughly that they broke the small glass panel.

The police were called in but the store manager said he did not intend to make any formal complaint against the youngsters. He asked only for their release with a reprimand.

BUS RANS CAR

A Lake Shore bus, driven by Halvar Johnson of 3208 Drexel, going west on Charlevoix on Sunday noon, struck a car at Cadieux which had been halted by another car held up for the green light. Johnson said he did not see car No. 2 until it was too late to stop. He got a ticket for reckless driving.

Housing Problem Solved by City

Living quarters are going to be provided in the Grosse Pointe pumping station at Charlevoix and Neff for the superintendent in charge.

When the matter was considered some time ago the City Council thought it would be advantageous for the City to have the superintendent available at practically all hours by having his living quarters in the station.

At the Council meeting on September 20 an appropriation of \$1,500 was made available for the work.

Leo Carrier, is the superintendent of the plant, asked permission to move into the plant some time ago when he was forced to vacate his former home.

Police Restrain Impulsive Dad

A resident of Grosse Pointe with more liquor under his belt than common sense in his head, presented himself at the St. Clare School on September 15.

"I wanna take . . . to the ball game," he announced. The good Sisters, who are not in the habit of releasing students during school sessions to go to ball games, and certainly not in the custody of intoxicated daddies, demurred strongly.

He became obstreperous and the Sisters called the police. The police had no difficulty in changing the afternoon program.

Detroit Request Shunned by City

A communication from the Detroit Common Council received at the Grosse Pointe City Council meeting September 20 asked the City to join with Detroit in preventing the repeal of the constitutional amendment which was adopted a while ago allocating certain proportions of the sale tax receipts to local governments, was laid on the table. It was deemed that the circumstances called for no action by the City.

If the voters should reconsider the amendment and the City should lose the \$35,000 a year which it now receives by reason of this diversion of the sales tax money, it would be necessary for the city to increase its local tax receipts by about \$2.00 in the thousand of assessed valuation.

Assessor Blondell told the council that the \$75,000 a year which the city formerly received from the bank tax had now shrunk to little more than \$7,000 a year, due to the progressive removal of the items subject to taxation under the intangibles tax, by state law.

The very idea of the power and right of the people to establish government presupposes the duty of every individual to obey the established government. —Washington

Thursday's meeting was attended by an enthusiastic group of school officials, local justices, village and city officials, automobile dealers, the press, insurance men and a group of students from the high school.

Harry Mackay presided as chairman of the Pointe committee. Speeches were made by Tim Creedon, consultant to the national committee; Mr. Rose and Bert Woodhams, father of the Man-to-Man Agreement idea.

Austin Grant, radio commentator and one of the most active

figures in the program in the state, outlined the program. Following the enthusiastic acceptance of the idea at Thursday's session, the local committee is now taking up the matter with members of the Board of Education with the idea of getting the program into actual operation here.

Plea Renewed by City Clerk To Install Voting Machines

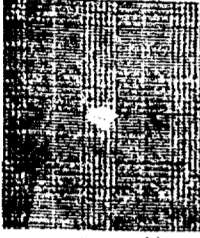

Neff Cites Great Congestion at Polls and Inability of Election Officials to Tabulate Ballots Efficiently and Quickly

City Clerk Norbert P. Neff, at the City Council meeting on Monday night, called attention to the crowded conditions of the voting place in the fire house on election days. The fire house is the only voting place in the City and is the largest single voting precinct in the State of Michigan, if not in the whole county.

Mr. Neff said that with the increase in population the work is fast becoming so congested that it is almost impossible for the election board to tabulate the vote and make their returns until a very late hour at night or even the next day. Two years ago the board was at work until two o'clock the following afternoon.

Suggested Cure Doubles Trouble

Grosse Pointe Farms has received some complaints about the slipperiness of its new street top-dressing, but it looks as though time itself is the remedy to the situation.

Murray Smith, village engineer, told the trustees that he had investigated the complaints and found there was some foundation for them, especially at intersections.

He asked road specialists of the county to suggest a remedy and was told if a little kerosene was used to soften the tar, and sand applied, it would stop the trouble. The experiment was tried at Mack and Moross and the results were almost disastrous, Mr. Smith reported.

The pave became twice as slippery and it was necessary to keep a truck there all day, with men tossing abrasives at the particularly offensive spot.

47 Jap Beetles Found in Pointe

The 1948 trapping period of the Japanese Beetle has ended, and compilation of the results indicates that this serious pest is being successfully controlled in Michigan, reports C. A. Boyer, Chief of the Bureau of Plant Industry, Michigan Department of Agriculture.

Over 7,000 traps were set early in July in Flint, Durand, Owosso, Jackson, Battle Creek, Sturgis, Vicksburg, Kalamazoo, Wayland, Plainwell, Benton Harbor, Grand Rapids, and Greater Detroit (including Grosse Pointe Farms, Grosse Pointe Park, Grosse Pointe City, Grosse Pointe Shores, Grosse Pointe Woods, Dearborn, Lincoln Park, Allen Park, Melvindale, River Rouge, and Ecorse). These traps were in use for a period of 35 to 40 days.

Various number of Japanese beetles were caught in the traps during the season, as follows: Owosso, 1; Grosse Pointe, 47; Detroit, 88; River Rouge, 23; Grand Rapids, 61; Kalamazoo, 3; with negative results prevalent in all other cities trapped. For the first time, a beetle was caught in Owosso, indicating the likelihood that it was brought in by common carrier. In Detroit, the catch of 98 compares favorably with the more than 1500 trapped in 1947; the total 1948 catch of 233 beetles is only 7.76% of the number trapped last year, or an over-all reduction of over 90%. This reduction in the Japanese Beetle population is indubitably due in a large measure to the follow-up treatment given the soil wherever beetles are trapped. This treatment will be given some 265 to 270 acres of soil, using arsenate of lead in some areas, and DDT in others, with another 100 acres having been already treated with mist blower using DDT, which kills the adult beetle.

Talk on Korea Heard By Unitarian Alliance

The Women's Alliance of the Grosse Pointe Unitarian Church held their first fall meeting Tuesday afternoon at the church house on East Jefferson avenue.

Harry Whang gave a talk on Korea. This was the first in a series of lectures on the brotherhood of man. Mrs. Nelson Frohuit presided during the program. Miss Emily Allen and her committee served tea to members and guests after the meeting.

Takes Fire Right To Headquarters

No one can accuse Henry Hubbard, a member of the board of trustees of Grosse Pointe Farms, with not having the best interests of the village always in mind.

Mr. and Mrs. Hubbard were out driving Sunday afternoon, September 19, when they smelled smoke and found that a cushion in their car was on fire. Rather than call out the village equipment on an expensive run, the trustee drove his private blaze truck to the fire house in Kerby road. It was quickly extinguished by the firemen on duty. Damage was estimated at \$25.

Detroit Raises Service Charge

Detroit wants more money for the treatment of the raw sewage from Grosse Pointe, according to communications received from the Detroit Water Board.

Detroit now treats the sewage of the Farms, City and Park on an agreed upon basis under a five year contract. The increased price is to go into effect on October 1 and amounts to about one cent per thousand cubic feet of sewage treated.

DOWN WITH SIGNS

Following a personal inspection by President Watkins of the Village of Grosse Pointe Farms, he had ordered Building Inspector Theodore Beaupre to take action against overhanging signs which are contrary to the village ordinance. Violations are said to be especially frequent in the Mack avenue business district.

Needs 3 Tries To Steal Rims

A persistent car molester finally got away with his loot on Lincoln road late at night or early in the morning of Sept. 21.

C. W. Toles of 425 Lincoln road reported to the police during the evening of Sept. 20 that a young man had been seen tampering with a car parked in front of his house. Mrs. Toles' son had taken after the young man and chased him north on the street for some distance but the fellow had escaped.

Later that same evening, Wyman Barrett, a guest at the Toles home, heard a suspicious noise outside the house and again saw a young man run north. The next morning Mr. Barrett missed the chrome rims from his new car. The thief's third and undisturbed visit had been successful.

Admit Robbing Parked Motorist

The robbery at the point of a gun of Alexander J. Sutherland, of 2944 Sheridan, Detroit, on the night of Sept. 7 as he was sitting in a car with a friend in the rear of the Schettler Drug store on Jefferson avenue has been cleared up.

A car involved in a similar affair in St. Clair Shores shortly after, was traced by the Park Police to William H. Potts, aged 31, of 12521 Hamilton avenue, Highland Park and Norman Fallowfield, of 4459 Barham, Detroit. They confessed to the Pointe holdup.

Potts' story is that he was sitting in a car waiting while his companion, Fallowfield, did the

actual robbery with the gun. They took \$31 from Sutherland. Potts has made a complete confession to Park detective Hennig and assumes all responsibility for the robbery. He says it was arranged to get money for him to make a payment on his car, which, incidentally, has since been reclaimed by the credit company.

Abandoned Pup Poses Big Problem for Dog Lovers

A Fox Terrier puppy who answers to most any name is looking for a new home. The puppy has led a pretty much "unwanted" life so far, although her present owner, Mrs. Joseph Zemens, says she would like to keep her. The Zemens, however, are leaving for Cuba tomorrow, and are having enough trouble boarding their big collie while the family is vacationing.

Peggy Jo Zemens, eight years old, brought the puppy home one day and called her "Spotty," since she was black and white. Mrs. Zemens found a Detroit license on the pup and contacted the owners. Grudgingly, the Detroiters acknowledged ownership, but said they didn't want her. She ran away too much, they said, and this time she had been gone for three weeks. They would come and get her, but only to turn her over to the humane society.

Defending the puppy, Mrs. Zemens told the NEWS the puppy hadn't run away since she had been with the family and the dog had been in too good condition to have been just straying around for three weeks.

Mrs. Zemens had grown attached to the puppy by that time even though she had her hands full with little Kathryn Ann, who had just arrived in June. She said that rather than take a chance on having her destroyed by the authorities, she would take care of the puppy she called "Daisy." Bumstead style. Mrs. Zemens says "Daisy" or "Spotty" answers to any name.

The neighborhood kids around Broadstone like the puppy and the puppy likes them. She likes adults too, Mrs. Zemens added. "Daisy" learns quickly and al-

though she doesn't make much noise, she is a good watch dog. According to Mrs. Zemens, the puppy eats anything she is fed. She is about 10 months old.

If you would like the pup or know anyone who would, call Mrs. Zemens at TU. 1-4810 or stop by and meet "Daisy" at 1761 Broadstone, Grosse Pointe Woods.

Added Traffic Light Delayed

A number of requests for the installation of a traffic light on Lake Shore road at McKinley place produced a long discussion in the Farms council meeting on September 20. Police Chief Walter Hoyt favors the installation.

However, no action will be taken before spring. Ordinarily the village has two spare lights, but two accidents during the last week took them off the spare list.

President Watkins is not convinced that this is the proper location for a light to break traffic between the city limits and Moross road and thinks Fisher road might be a better place to install it. He said he would make a personal survey of the problem.

The police cite that the McKinley place locale is particularly dangerous during afternoon weddings at Memorial Church and that whenever traffic is heavy it hard for residents of the side streets in that area to turn either on or off Lake Shore.

TO ADD SCOUT CAR
Permission was given the Farms police department to advertise for bids for an additional scout car on September 20 by the village council. Chief Walter Hoyt pointed out that additional patrol work now being done requires an extra car. The village now has four police cars in addition to the patrol wagon ambulance.

Residents Voice Objections To Plethora of Churches

Residents in the Chalfonte-Lothrop road section of Grosse Pointe Farms are greatly disturbed over the possibility of having two churches erected on opposite corners there. A permit has already been granted the Grosse Pointe Congregational Church to erect a building on one corner. St. Joseph's Lutheran Church has signified its intentions to build on the other and is reported to have

already acquired the property. A number of the residents were present at the trustees' meeting Monday night, September 20, to ask the council to intervene. President James K. Watkins informed them the council had no power to refuse a permit to the second church. The residents said they would take up their arguments with the authorities of St. Joseph's Church.

Congregationalists Plan Mother-Daughter Banquet

The Mother and Daughter Banquet of the Grosse Pointe Congregational Church will be Friday, September 24 at 6 p. m. at Christ Church, Grosse Pointe boulevard. Community singing will be led by Mrs. Albert Schlorff. Mrs. B. C. Rush will tell stories to the very young ladies. A Fashion show is also being planned by Mrs. William Adams, who is chairman of the program. Mrs. James Cunningham is in charge of food, which will be served by members of the Men's Club.

Farms Fire Chiefs Defend Department Against Charge

Say Equipment Trouble Caused Delay in Fighting Blaze at Stover Residence on September 13

Farms Fire Chief George Dansbury and his assistant chief, Arthur Brideau, defended the department at a council meeting Monday night against charges of inefficiency in handling the fire at the M. E. Stover residence at 328 Touraine road on September 13. Village Trustee Henry Hubbard stated that he had had a number of calls charging delays in fighting the blaze. The chiefs stated that the pumper truck developed valve

trouble immediately after leaving the garage. The pumper got to the fire all right, but it was evident that it might cease functioning at any time. As soon as it arrived at the blaze Chief Brideau sent a call for help to the City of Grosse Pointe, which responded with two pieces of equipment. However, the Farms men were able to keep their own pumper working and it supplied sufficient water until the fire was out. The City equipment was not used, but City firemen helped fight the blaze. Another incident which caused some delay was the breaking of a coupling in a hose. This was repaired quickly, the chief said. President Watkins questioned the chief about the frequency of tests made on all equipment and Chief Dansbury said all equipment had been inspected and replacements made of faulty hose as recently as May. He said the trucks are run every day, but are not necessarily taken off the property for testing. Mr. Watkins suggested that it would be a good idea to run them at least around the block every day. The partial failure of the pumper bears out Chief Dansbury's long-standing request for a new piece of equipment to replace it. There is an item in the budget for a new truck and bids are now being taken to replace the antiquated machine.

Confesses Guilt In Morals Case

On complaint of the mother of an eight year old girl, Detective Hennig of the Park police department picked up Francis Elwood Wilson, 21, formerly of Detroit, on September 15. For the past five months Wilson has been living in Grosse Pointe.

The charge was that he had enticed the little girl into the basement of his home. The child ran crying to her mother.

The fellow confessed to an indecent exposure charge but denied laying hands on the child. The police and parents are convinced that he did not. He also confessed to participation in several burglaries in Detroit and on one occasion he and some other parties planned to hold up a beer garden but were disturbed by the large crowd in the place when they entered and got cold feet.

In Police Court on September 16 Judge Potter remanded him to the County jail without bail to await trial in Circuit Court.

The case has been reported by Chief Louwers to the Detroit police and they will work on him while he is in jail in the effort to clear up several robberies in Detroit.

In the absence of violence the maximum sentence that can be given for exposure is one year in the county jail but meanwhile Judge Potter's action has taken him out of local circulation.

Dame Nature Working Overtime This Fall

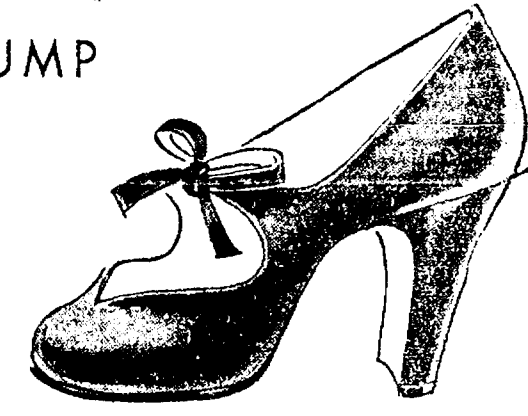

The flowers that bloom in the spring, tra la, have nothing on the horticultural wonders which are sometimes produced by the kind of weather the Pointe has been enjoying during the late summer.

Mrs. Wellington Ault of 544 St. Clair avenue reports that she has Easter lilies in full bloom. In July she planted the bulbs from her spring flowers and lo and behold they produced another crop in September.

Big Vote Coming

The political wise boys who always tell us in advance just what is going to happen made a sorry mess of their primary election forecasts this year.

Instead of the voters being indifferent in the selection of candidates they turned out in surprising numbers. There are of course many voters who always have small interest in the primary elections but a big primary vote nevertheless is significant of a stimulated political consciousness.

In Grosse Pointe the largest primary vote in its history was cast. It was twice as heavy as the primary vote in the last presidential year. It can only be interpreted as a certain sign that the election vote in November will be a big one.

In the Republican ranks thousands are agreed that this is a year of decision. Add to this the fact that a deal of practical, patient work was done by the clubs and political minded men and women in general in getting out the vote and we have the brew of a record vote in November.

Strength for Peace

Amidst all the current alarms and ever present fears that we are going to be pitchforked, willy nilly, into another great war, there is one phase of the situation for which the American people can be thankful. There is a general unanimity among all ranks of the people and throughout the whole country that the nation must make itself materially strong for war, both defensive and aggressive.

World observers, practically without exception, agree that the best assurance for world peace lies in a strong America. This opinion is that if America is strong, and particularly if she makes it known beyond speculation by Russia that she will instantly go to the defense of the democracies of western Europe if they are attacked, and not get and how about for interminable months as she did in the other two wars before she takes the final plunge, Russia will not start a war.

And nothing will so effectively hearten the war weakened countries of western Europe as this positive assurance from us.

Ferguson Vs Clark

Our Senator Homer Ferguson and Attorney General Clark are currently in a bitter exchange over what the Senator believes is the laxity of the Department of Justice in dealing with the communist problem "in and out of government."

The Attorney General in effect tells the Senator to keep his nose out of his department and to keep his "political activity out of the field of serious prosecution of offenses against federal statutes."

Senator Ferguson had beaten him to the punch, however, with a similar bon mot of political coloration when he advised Mr. Clark to endeavor to obtain indictments "even though it be on the eve of an election."

To this he added, paternally, "it is never too late to rectify grave errors."

General Clark charges that the Senator has unearthed nothing in his sub-committee on communism which had not already been unearthed long ago by the FBI. His acknowledgment that the FBI had exposed several smelly individuals and situations poses the question why, with this knowledge in hand, his department didn't move. Maybe the leisurely approach to the question was somewhat affected by the coming elections and, in fairness, it may be surmised that the Senator's prodding at this significant moment may be tinged with somewhat the same shade of motive.

But "in office or out," during campaigns or at other times, the people of this country want an answer to the long pending question whether we have public officials in the government or in highly confidential positions who lean however lightly towards a foreign cult which frankly preaches a world revolution and in particular the overturn of all governments which disagree with them, "by force if necessary."

Judaism's First Job

Every movement has what Theodore Roosevelt used to call the "lunatic fringe" and the great movement of the Jewish world to build a political homeland in Palestine is no exception.

The wanton murder of Count Folke Bernadotte, the representative of the United Nations, has raised exclamations of horror throughout the civilized world. None condemns it with greater earnestness than the world leaders of Zionism.

Thinking persons will recognize the act as the deed of hoodlums and terrorists in no way representative of the Jewish cause in the Holy Land, but unhappily there are millions throughout the world who form their judgments on less stable premises and many of this element will condemn the whole Jewish world body as it is associated with the Palestine problem. Many who have been lukewarm may be turned to open opposition toward the Jews. Some who have seen in the Palestine situation the origin of a world of danger and trouble for this country will be stronger than ever in their insistence that we shall avoid involvement in the Jewish cause in its homeland.

To counteract this sentiment the Israeli Government must apprehend and hang with all fanfare and publicity possible every one of these wretches who were party to the assassination conspiracy.

Hyderabad

The States of the Western World will not go into mourning over the absorption of the so-called independent State of Hyderabad by the Dominion of India.

These "native" or independent states in India have long been relics of mediaevalism which the British Government tolerated as the best way out of partially solving a state of endless confusion in the governmental problems of trying to rule a human mass of 350,000,000, representing the most caste-

Grosse Exaggerations

A. PRYOR

"Give plenty of what is given to you, And listen to Pity's call; Don't think the little you give is great And the much you get is small." (Phoebe Cary)

We happened to be in the vicinity last week, when the guests at a fashionable wedding were leaving the Church. It was a hot day (September notwithstanding), and we were amazed to see how many of the guests wore stark, unadorned black. Maybe it's chic... we're not a fashion expert... but when we were young, Maggie, all black was something you wore to you-know-what... never to a summer wedding. One woman stood out like a sore thumb (only prettier)... wearing a pale, cool green frock and hat... and to us it looked sensible and fitting and proper. Now we'll get back to our own balliwick.

A bedtime story for junior: A little boy in one of the lower grades in school complained to his teacher that he had a "stummick" ache. The teacher sent him to see the Principal... and when the little (like returned to his classroom, he walked in such a manner that his stomach stuck way out to HERE. When the teacher asked him why he was walking that way, he replied, "I told the Principal I had a stummick ache and he said if I could stick it out until noon, he'd drive me home."

This is the saga of a not-so-bright house frau and a side of beef. The heroine of our tale was giving a dinner party for eighteen guests and having had some cook trouble, she decided she would order her roast beef from one of the clubs and let the cook prepare the rest of the dinner. Knowing absolutely nothing about cuts of beef or given amounts, she figured she would leave the entire thing up to the club steward.

Having told that worthy she wanted a roast beef cooked for eighteen people (about two slices each, she said)... Madame sat back and complimented herself on her foresight in letting the club handle the hard part. On the fateful (?) day, her husband was sent to pick up the beef... which he did and subsequently parked it in the refrigerator and went about his business. Sometime before dinner, Madame whisked through the kitchen to be sure the cook hadn't quit yet... and asked about the beef. Was it all right? Did it look good? The cook replied that it LOOKED fine... as she eyed her mistress warily.

Chapter 2. The dinner party was a success and the beef superb. The next day, the family had more cold slices of beef. The third day they had beef hash. When on the fourth day another beef dish was brought in, our heroine allowed as how she thought enough was enough, and that she'd like something else for a change. What finally happened to the rest of the beef we will never know, because she doesn't know herself and is afraid to ask.

A couple of weeks pass and Father gets his Club bill. One of the items is BEEF... \$123.00!! Both Ma and Pa sat down and had a fine chuckle over the mistake made by the club, before Pa trotted over to see the steward about rectifying it. He was still chuckling as he dragged out the bill and showed it to the manager, explaining the while that he knew they'd made a mistake but that he was quite ready to forgive and forget. The manager glanced at the offending bill and assured our hero that indeed there had NOT been a mistake and that the bill was absolutely correct! "WHAT?" screamed our hero. "One Hundred and twenty three dollars for enough roast beef for eighteen people?" The two men looked at each other for one glaring moment... then the steward said, "But Madame ordered for EIGHTY people. That is what I prepared for you... 80 pounds of beef."

There are many endings to the story. The steward wishes people would speak distinctly on the phone and ask the price of things. Madame feels like crawling in a hole and dragging it in after her. Father swears he will never let up harping about it to the little woman... and for Christmas this year his present to her will be the receipted club bill... framed.

ridden, heterogeneous major group of the human family on Earth. It saved England a lot of trouble to permit numerous petty sovereigns to continue their age old despotic rule over subjects who have known no other form of social and governmental regulation for centuries. The situation was far removed from the system of real democracy which England developed in her own homeland and transmitted to us and her white dominions.

If India is to have an opportunity to develop as a great self governing country in step with the modern world it is only fair that she should be permitted to remove these internal canker spots.

Incidentally, the recall by Hyderabad of its earlier appeal to the United Nations for a review and disposal of its status relieves the UN of a thorny problem at a critical moment when its own development and establishment is still in the critical stage.

Letters To The Editor

Gentlemen: Action of the 80th Congress extending National Service Life Insurance term policies for an additional five year period gives the veteran an opportunity to continue this low cost insurance at only slightly increased rates. The importance of this legislation is such that it should be as widely publicized as possible. The publication of the enclosed information on this subject would, therefore, be greatly appreciated.

Very truly yours, WILLIAM A. MAPLES Director

Veterans having term insurance policies under National Service Life Insurance may now obtain them for an additional five years without conversion to a permanent form.

Term insurance taken out before January 1, 1946, carries a term period of eight years from date of issue. Policies issued after that date are for a five-year term. Under a new amendment to the law these policies may be renewed for five years at the expiration of the original term.

Premium rates upon renewal of term insurance are those for the veteran's age at the time of renewal rather than the previous rate based on his age at the time the policy was originally issued. For example, a veteran who was 21 years old when he took out term insurance in 1940 has been paying 65 cents per month per \$1,000 coverage. Upon renewal term plan he will pay 70 cents per \$1,000, the monthly premium rate for his attained age of 29. Every veteran now carrying

term insurance is urged to check his National Service Life Insurance Certificate to determine its expiration date so that he may take action to prevent lapse of his policy. For premium rates and assistance with renewal contact the Wayne County Council of Veterans Affairs, 1003 Cadillac Square Building, Detroit, or telephone Cherry 2730.

How to Hitch Up a Horde of Horses

Each time your foot moves your thick clutch pedal, you hitch or unhitch the surge and drive of that Fireball horsepower under the bonnet.

You hardly realize it because this clutch is so light under your toe—and so sturdy and positive in action.

Much of the secret lies in the special crown spring, and clutch plate which have been designed to work so well together. To your service man who cares for Buicks, these and all the parts of the clutch are an open book. He understands how they work with each other. He knows just what lash the pedal should have to keep the clutch operating at its best. It's one of the things he checks almost automatically.

So this is another good reason to bring your car here to men who know Buicks best—men who have both the know-how and the know-why—for whatever service your car needs, whether it is minor adjustment, tune-up or regular lubrication.

Nancy Bigelow Bride Of Robert C. Kerr, II

Home in Parkersburg, W. Va. Awaiting Couple Following Two Weeks' Honeymoon in Bermuda

A home in Parkersburg, W. Va., awaits Mr. and Mrs. Robert Corry Kerr II, when they return from a fortnight's honeymoon in Bermuda. Before their wedding Saturday, the bride was Nancy Bigelow, daughter of Mr. and Mrs. Thomas F. Paddock of Touraine road. Mr. Kerr is the son of Mr. and Mrs. Robert Empsall Kerr, of New York.

White flowers decked the altars of Christ Church in Grosse Pointe for the 4 o'clock ceremony. Nancy was lovely in an off-shoulder gown of white candlelight satin. Duchesse lace edged the illusion yoke and the same lace was repeated in two panels extending down the bouffant skirt to the circular train. A veil of French silk illusion fell from the bridal cap of duchesse lace. Nancy's only jewelry was a single strand of pearls which belonged to her grandmother. Her bouquet was of white bouvardia centered by white orchids.

Mrs. William E. Hopkins, of Baltimore, Md., served as matron of honor.

Carrie Hubbell, a former Pointer, came from Wynnewood, Pa., to be Nancy's maid of honor. Bridesmaids were Patricia McKee and Joy Middleditch. The three attendants wore frocks of forest green taffeta with Peter Pan collars, covered buttons down the front and cap sleeves. A panther drape at the hip line was a feature of the full bouffant skirt. They wore short white gloves and their headpieces were wreaths of green leaves. The honor maid carried a bouquet consisting of pale pink water lilies and green leaves, while the bridesmaids had white water lilies.

David B. Kerr performed the duties of best man for his brother, Homer L. Bigelow III, Nancy's brother; Geoffrey Kerr, Bob's brother; Hamilton E. Finney, of New York; John E. Grout and

George R. MacMullen were the ushers.

A gown of avocado green crepe with square neckline and long sleeves was worn by Mrs. Paddock for her daughter's wedding. The tiered skirt featured a back drape and she wore a smoke hat trimmed with smoke-colored egrets. She pinned green and brown orchids to her purse.

Mrs. Kerr selected a frock of green changeable taffeta with long sleeves, deep V-neckline and side drape. With her brown velvet hat she also wore green and brown orchids.

After the wedding service a reception was held at the Paddock home on Touraine road.

Reception at Country Club Follows Ceremony in St. Paul's Church; Couple on Honeymoon in Florida

Gretchen Stearns Carhartt and Robert Charles Valade of Rivard boulevard repeated their nuptial vows Saturday afternoon, Sept. 18, at a 4:30 o'clock ceremony in the rectory of St. Paul's Church on the Lakeshore.

The bride, daughter of Mr. and Mrs. Wylie W. Carhartt of Grosse Pointe boulevard, chose a white satin gown with illusion yoke outlined in seed pearls. A band of orange blossoms crowned her fingertip veil of French illusion and shepherds and ivy formed her bridal bouquet.

Susan Duckett was Gretchen's maid of honor. Her off-the-shoulder gown of white faille had a drape at the side and she carried white carnations and ivy. Mrs. John R. McKinley, Jr., and Helen Owen, the bridesmaids, wore frocks identical to the honor attendants and carried the same flowers.

Robert, son of the late Dr. and Mrs. Cyril Kellogg Valade, asked Thomas Leinweber to be his best man. John Bradley and Thomas

William seated the wedding guests.

Mrs. Carhartt selected a slate grey dress with light grey accessories for her daughter's wedding. Her hat was trimmed in gaura feathers and she pinned green orchids to her purse.

A reception at the Country Club followed the ceremony.

When the newlyweds left on a honeymoon trip to Sarasota, Fla., the bride was wearing a green gabardine suit with brown alligator accessories. Upon their return, they will reside in Bloomfield Hills.

The alumnae will discuss how they can profit from the "Yankee Trade Post". This is one of the features of the National Projects committee.

Dr. Richard R. Royer Takes Bride in East

The First Presbyterian Church in Orange, N.J., was the scene of the nuptials. A reception followed at the Maplewood Women's Club. When they return from their wedding trip, Dr. and Mrs. Royer will make their home in St. Louis.

League's Show Great Success

A typical French fashion show, with chic authenticity added by fabulous creations flown over specially from Paris for the event, aided Planned Parenthood

last week. The show presented by the noted designer, Harry Collins, was held in the gardens of Mrs. Joseph B. Schlotman's home on Lake Shore road.

Socially prominent Pointers applauded roundly the styles which took them from fashionable Paris of 1900 to modern day elegance. A highlight of the afternoon was the display of original Paris creations of the early 20's modelled by a quintet of Pointers: Christine Caulkins, Mrs. Jack Chapin, Mrs. Walter B. Ford, Mrs. Forbes Howard and Mrs. Woodruff Crouse.

Just a few of those noted at the fashion show, for which Mrs. Harley Earl was general chairman, were Mrs. Benson Ford, Mrs. Wesson Seyburn, Mrs. Homer Warren, Mrs. Henry Bodman, Mrs. Charles E. Wilson, Mrs. George Staples, Mrs. J. Burgess Book, Mrs. Lansing Pittman, Mrs. Roy D. Chapin Jr., Mrs. Eugene duPont III, Mrs. Wendell W. Anderson and Mrs. Emory Moran Ford.

In addition to the beautiful costumes, the models displayed the famous gem collection of Jules Schubot, loaned for the show. One of the most beautiful pieces was a necklace composed of 10 gem emeralds and baguette diamonds in platinum.

St. Paul Grid Team Downs St. Bernard in Sloppy Tilt

Inaugurates 1948 Football Season with 14-0 Victory; Bob Berg Responsible for Both Touchdowns Made by Boulevard Boys

By Joe Fromm
St. Paul inaugurated the 1948 football season in Grosse Pointe Sunday with a 14-0 triumph over St. Bernard in a very sloppy game.

Bob Berg, shifty little triple threat man, was responsible for both St. Paul touchdowns. He threw a 25 yard touchdown pass to Jim Law in the second quarter and scored on an end run from the 4 yard stripe in the fourth quarter.

The first quarter was slow moving with the play centering between St. Paul's 25 and St. Bernard's 40. The period was marked with three fumbles, two by the local eleven, an intercepted pass by the visitors, and three punts.

end zone. Belanger plunged through center for the extra point.

St. Paul recovered a Bernard fumble on the later's 29 to start the third quarter. Belanger ran the ball to the 16 and Berg went over but a clipping penalty nullified the score.

Dick Roland intercepted a pass at midfield on the last play of the third period. Several plays did not gain for St. Paul so Berg punted, but he was roughed and St. Bernard was penalized 15 yards. Berg moved the ball to the 19 and a pass from Bingham to Hoey on a lateral to Law put the ball on the 5. A St. Paul offense, an incomplete pass, interference on St. Bernard, a fumble and recovery by St. Paul all took place before Berg scored from the 4. Bingham ran the ball over for the extra point.

Tom Boyd Made This Picture Possible

The team finished second in the southern division and third in the city playoffs.

St. Ambrose Eleven Comes From Behind to Win Game

St. Vincent Victim of Maryland Avenue Football Team in First Game of 1948 Schedule; Final Score Is 13-9

By Joe Fromm
St. Ambrose scored two touchdowns in the second half to overcome a 9-0 deficit and defeat St. Vincent 13 to 9 in the season's football opener Sunday.

St. Ambrose took the ball in the third period on a punt on the St. Vincent 38 but was set back by a clipping penalty. Bob McFarland and Truman Wills picked up a first down on the Vincent 37. The same two and Aratta moved it to the 23 for another first down. Dick Gallo picked up five yards and a St. Vincent penalty placed the ball on the one yard line. McFarland plunged over for the score.

Ed Brown's place kick for the extra point hit the goal post and was not good. The score then stood 9-6 in favor of St. Vincent. Ambrose took the ball on a punt in the fourth quarter but a 15 yard clipping penalty put the ball on the Ambrose 42. Wills made a first down on the Vincent 30. He then raced ten yards, and Gallo paced off ten more to the 20 from where Wills scored.

Brown's kick was good and put St. Ambrose in a 13-9 lead that it held to the end.

St. Vincent took an early advantage when it recovered a fumble on the Ambrose 12. Two plays later St. Vincent scored and ran the extra point over for a 7-0 lead.

The safety came in the second quarter. Gallo, back on his own 5, received a bad pass from center on an attempted punt. He fumbled but recovered the ball in the end zone. He was tackled by Vincent players for a safety.

St. Ambrose meets St. Paul at Grosse Pointe High Sunday at 2:30.

Blue Devil Eleven to Meet Ferndale in Opener Saturday

By Fred Runnells
Coach Ed Wernert's Blue Devil football team will open the 1948 season on the local gridiron this Saturday, September 25, against Ferndale in a non-league contest.

Ferndale played its first game last Saturday with what was supposed to be a breather and got dumped by little Berkley, a class B outfit, 6-0.

The Pointers have had two outside scrimmages to date and were unimpressive in the first against big Southeastern High but showed marked improvement against a big, green team from Eastern High last Monday, September 21, on the local field.

The Pointers this season are a big question mark. Graduation rubbed the Blue Devils of the strong line it enjoyed last year, however, the replacements have plenty of spirit and want to play football.

The average weight of the first string line will be around 170 pounds, with replacements for each position.

The backfield is a different story than it was last year. This year the Pointers have a world of talent in backfield men, three deep in three of the four positions.

Don't be surprised if you see the Blue Devils play a razzle-dazzle brand of ball during the coming season.

To date the emphasis appears to be on passing with Brogan, "Spike" Quirk and Cal Purdy turning in acceptable performances in this department.

A bowling league has been formed by the men of St. Michael's Chapel, Lockmoor boulevard and Fairway drive, Grosse Pointe Woods.

The following were elected to serve as officers for the current season: president, Howard B. Wolf; vice-president, G. Arthur Redebaugh; secretary, Joseph Jennings; assistant secretary and treasurer, J. Ormsby Phillips.

The League meets at Grosse Pointe Woods Recreation on Wednesday of every week at 7 p.m.

ISSUES BAD CHECKS
Detective Hennig, of the Grosse Pointe Park police, arrested E. J. Sullivan, of 274 Alter road, on September 16 on the charge of uttering false checks.

Sponsor Tom Boyd Honors Legion Ball Team at Dinner

By Fred Runnells
Members of the Grosse Pointe Post 303 American Legion baseball team and their dads broke bread with their generous sponsor, Tom Boyd, last Tuesday night, September 14 at the Lockmoor Golf Club as the finale to the 1948 season.

Among the notables present were Stan Darling, head of American Legion baseball in the metropolitan area; Ty Tyson of WWJ, and Billy Rogell, popular former Tiger shortstop. Mr. Boyd's company was represented by himself, Mr. McKay, business manager and Mr. Rogers, service manager.

Manager Bill Desrocher received the surprise of his life before the chicken dinner was served when Bayard Johnson presented him with a beautiful wrist watch from the team in appreciation of his work this past summer. Desrocher was practically speechless and modestly extended his thanks.

Following dinner everyone joined in an informal discussion, with Ty Tyson recalling some old time baseball stories as only Tyson can do.

It was plain to see Mr. Boyd was proud of the performance of the team which finished in second place in the southern division and third in the city playoffs. The team is definitely included in Mr. Boyd's plans for 1949.

The team will get together for the last time this year when it engages a team of old timers in a game at Kerby Field Sunday, September 26.

It is reported that Tom Boyd will sponsor a bowling team in one of the local leagues this winter also.

More men like Tom Boyd are needed in Grosse Pointe. Men of this nature provide good, clean recreation for boys who would normally be twiddling their thumbs during the long summer vacation months.

Anyone interested in sponsoring a basketball, baseball or hockey team please contact the writer at the News office.

There will be numerous basketball teams in the Neighborhood Club league this winter that will welcome a sponsor.

From Joe To You

by Joe Fromm

If the Pierce twins, Hill and Bill, have anything to say Grosse Pointe High's grid squad this year will have all the luck. The twins, who play right and left end on the varsity squad, will be wearing uniform numbers "17" and "11." They are identical twins and keep teammates and coaches guessing which is which.

Ty Tyson of radio and television fame was out at Grosse Pointe High Saturday morning watching the varsity grid squad go through its drills. He is a resident of Grosse Pointe Park and has a son attending Pierce Junior High.

Every newspaper writer sticks his neck out occasionally and makes predictions. I'm no different. I don't think that I can go wrong, however, when I say that Grosse Pointers are going to hear a lot of Pat Brogan, a tenth grade quarterback on the GPHS squad.

Last year Brogan was the only player in his high school's history back in Georgia to win a football letter in his freshman year.

Ferndale, Grosse Pointe's opponent Saturday, opened its season a week earlier. The Railsplitters were outplayed and outsmarted by a smaller but scrappy Berkley nine last Friday night at Ferndale 6-0. A quick kick by Berkley set Ferndale on their own one-foot line and set up Berkley's only touchdown. Berkley is a class B school.

Port Huron, G.P.H.S.'s opponent on November 6, dedicated its new football stadium Friday. The team, however, lost to East Detroit 19-5.

Several members of the G.P.H.S. football squad registered for the draft at the tail end of last week. Some of them include: Bob Jenks, Dick Speil, Bob Hansen, Bill Joop, Bill

Brecht Pin Team Leading League

At the end of the third week of bowling in the St. Paul's men's pin loop, L. Brecht is on top of the individual average list with a 176. However he has bowled but six games, while most of the others have completed the full nine games of the schedule so far.

W. Gurche's 172 is high for the nine games, and B. Kerby's 170 and Pete Martin's 167 are next in order.

Four teams are tied for first place in the league with nine points each. These are led by L. Brecht, P. Rupprich, D. Trombley and G. Walters respectively.

W. Hagan has the high individual three game mark with 591. Bowlers with 200 or better scores this week included: W. Hagan, 218; L. Geyman, 213; J. Marsack, 202; W. Gurche, 214-215; A. Morrison, 205; F. Davison, 201; and L. Champline, 200.

Anderson Yawl 'Escapade' Repeats in All-Night Race

By Fred Runnells
Skipper Wendell Anderson and his top notch Bermuda and Mackinac crew gave "Escapade" a perfect ride last Saturday night, September 18, to win the 30th annual Bayview Yacht Club All-Night race, as was expected.

For the first time in years and years Arnold Fuch's race committee sent the record 43 boat fleet the "wrong way" around the 59-mile, course, which was perfect for Anderson's big, blue 72-foot yawl, under the wind conditions which prevailed.

Skipper Anderson had little trouble running away from the fleet on the run up to "Stacey's Light" off Huron Point in the light southerly breeze which ruffled Lake St. Clair mildly under low hanging storm clouds that eventually released an awfully wet squall and made for some uncomfortable sailing during the night.

"Escapade" covered the 59 miles in 6 hours and 48 minutes, just 11 minutes shy of her record run of a year ago. Ernie Grates and Murray Knapp's "Blitzen" was second boat across the finish line in front of Bayview Yacht Club, 49 minutes behind, which missed by 19 minutes of taking top honors on corrected time.

However, "Blitzen" saved her time on Cleve Welling's "Vitesse," "Toot" Gmelner's "Apache" and Charley Buysse's "Last Straw" which finished in that order in the Cruising A division.

The biggest surprise of the race came when Perce Darnell's and Clyde Palmer's eight meter "Pintail" romped home first ahead of the eight meters and the other one design yacht to win the overall racing division flags.

Wilfred McGuire's "Kandi" saved her time to top the Cruising B division and Hank Burkhardt's "Meteor" won the Cruising C division flags on corrected time. Bill Hanson's Pilot class "Marbill" was first home in this class but not soon enough to save her time and had to be satisfied with second place.

Harold Mistelet's "Sonja" topped the 22-square meters.

Gale Beardsley, sailing his converted six meter, "Madcap," finished fourth in the racing division, just a little more than 6 minutes behind the third place "Conwego," an eight meter owned and sailed by Charley Beck.

"Madcap" with its crew of Star boaters finished just 2 hours and 41 minutes behind "Escapade." "Madcap" is 32 feet long and "Escapade" 72 feet long.

Farms Market, deadlocked with Houston Bros. Inc., for first place, continued its winning streak by taking Harrison Carpets into camp, 4-0. Captain Ed Taube's "maple maulers" struck hard in the first game, Eddie, himself, helping himself to a 224 game, high for the night. Bill Carless aided considerably in the next two.

Houston Bros. Inc., probably rolled the best match of the evening, when they hooked up with the Middle Atlantic Transportation Co. Tony Volpe's five were in there every game but the Houston boys were just too much for them and swept four from the "road kings".

Motor City Tires climbed a few notches when they trimmed Kopp's Pharmacy 3-1. After Russ Piche's "synthetics" had taken the first two, Kopp's Pharmacy countered by winning the last game.

DeMara and Peplinski ganged up on Piche Barber Shop to win for G. P. Review, 3-1. Captain Henry Peplinski had games of 215 and 221.

After dropping the opener to Earl Holzbaugh, Auto Club, a new entry in the Rotary League, came back to take the next two by very close margins. They had to settle for just two points as Earl's boys had piled up enough pins in the opener to take total.

Mondry Cleaners and Punch & Judy Cocktail Lounge slugged it out in the remaining match. Mondry won the opener, politely dropped the next two but copped total pins by nine pins. McCarroll and Ovesen, for the Judies, each turning in fine scores for the evening.

WEBSTER STAYS AS IS
The request of William Hendrie of 293 Webster avenue to make Webster a through stop street, was turned down by the Farms Council on September 20. Police Chief Hoyt said he had conducted a survey and found that with the completion of the Mack widening extra traffic had been eliminated from Webster.

TRUCK MOWS DOWN LIGHT
The signal light at Maumee and Grosse Pointe boulevard was knocked down when a truck cut the corner too sharply on September 15. Stanley Knight of Dartmouth street, Royal Oak, was the driver of the truck, owned by Euhl Sons.

The world is jammed with people who do not know as much as they think they know.

ORDINANCE NO. 147

An Ordinance to Amend the Building Zone Ordinance

THE VILLAGE OF GROSSE POINTE PARK ORDAINS:

That Ordinance No. 65 of the Village of Grosse Pointe Park adopted February 28, 1928, as heretofore amended (herein referred to as the Building Zone Ordinance), is amended by adding to the end of Section III of said Building Zone Ordinance two additional paragraphs "H" and "I" to read as follows:

(H) NONE OF the following activities shall be deemed to be an accessory use incidental to a private dwelling and none of such uses shall be so carried on in a residence district.

1. The storage or maintenance of equipment, supplies, or merchandise for commercial use or sale;
2. The practice of any business, trade, profession, or occupation.

provided, however, that the foregoing shall not be deemed to prohibit a physician, surgeon, or dentist from maintaining an office in his home under the conditions specified in Paragraph (I).

(I) ON MACK AVENUE in a residence district a physician, surgeon or dentist may maintain an office in his home, as an accessory residential use, and carry on the practice of his profession in his own home under the following conditions: the professional entrance to Mack Ave.; the floor area set aside for such activity is not more than 200 sq. ft. nor more than one-third of the aggregate first and second floor area of the residence (garage being excluded); and, the activity is not carried on in a structure separate from the residence, nor in a wing unless at least one-third of the wall of such wing is common to the remainder of the residence. Those offices of a physician, surgeon, or dentist established in a residence district on streets other than Mack Avenue and under a residence building permit issued prior to January 1, 1947, shall be deemed to be non-conforming uses and shall not be enlarged or materially altered; after such date no new offices of a physician, surgeon, or dentist shall be established in a residence district on streets other than Mack Avenue. In the case of every such office in a residence district (wherever located and whenever established), the professional activities shall be limited to out-patient treatment, only one physician, surgeon, or dentist shall practice in such office and then only if he is the occupant of the residence to which the office is accessory (or temporarily substituting for such occupant).

PERSONAL APPEARANCES

Easily one of the Pointe's best looking blouses is being worn this season by slim and good looking MRS. GEORGE M. ENDICOTT. It is white pure silk, high necked, and monogrammed (in that wonderful work done in European convents by the nuns) in deep brown and dark luggage tones. The blouse is worn with a satin soft deep brown wool skirt and a smartly-long jacket of mustard and brown fine horizontal stripes. At her throat Mrs. S. wears a double choker of pearls. Her slippers are dark brown leather and she carries an alligator pouch bag.

The tiny miss exemplifying juvenile chic with Mrs. Endicott was HAPPY ENDICOTT, her little daughter who is a "senior" in the nursery school of Country Day. Happy was just that as she sipped delightedly a long, tall malted milk. She, too, wore a suit costume. It was a Scotch plaid in red and emerald lined in white. The skirt was short and pleated and finished over her shoulders in criss cross straps. Her white broadcloth blouse had small round collar edged in eyelet and sleeves were short and puffed. She carried her "suit" coat of plaid, and we could see gay gold buttons marching down its front. With this, white socks and black mary janes. Cute as anything!

Ghost green is fashion news this autumn and wearing the shade in an elegantly cut two-piece gabardine suit is attractive MRS. HARRY TURNER. The fitted jacket buttons to the throat where Mrs. T. affects a linked silver snake chain. The skirt is pencil slim and quite long. Her brown leather shoulder bag and matching sling pumps complete the costume.

PILFERINGS

Probably the most intelligent animal who ever trod the theatrical boards was a horse used in a fifth-rate Shakespearean troupe which toured the Midwest. The company was recruited otherwise among half-baked beans.

A New York producer, hearing of the horse's ability as an actor, attended a matinee of Richard the Third. As he saw and heard the play being murdered by inept human actors, he was almost tempted to leave. But he wanted to see the celebrated equine so he sat and suffered.

Presently the point was reached in the play where the leading actor speaks those famous lines, "A horse! A horse; my kingdom for a horse!" An equerry led the charger out. The intelligent animal walked straight up to the king, and, without hesitation, kicked him on the shins.

"A wonderful horse!" exclaimed the producer. "Not only a great actor, but a critic, as well!"

Someone once wrote to Stephen Leacock and asked for instruction in the writing of funny paragraphs.

The humorist replied: "It is not at all hard to write funny paragraphs. All you have to do is procure a pen, some paper and ink, and then sit down and write them as they occur to you. It is not the writing but the occurring that is hard."

The salesman was eloquent about the merits of the vacuum cleaner, but the housewife did not seem impressed. Nevertheless she told him to show her what the thing could do.

He took off his coat, fitted up the cleaner, thrust his arm in the chimney and brought down several handfuls of soot which he scattered over the living room carpet. He then shovelled some ash from the fireplace and sprinkled the carpet with it, adding a shovelful of soil from the garden. Then he smiled and rubbed his hands.

"Now I'll show you what this vacuum cleaner can do. Where's an electric socket?"

"Socket?" echoed the woman. "Socket? We've nothing but gas."

Pointers of Interest

THE RICHARD A. FORSYTH FAMILY OF RIVARD BOULEVARD

The Forsyths "spelled without an 'e'" realized their common dream this spring when the four members of the family presented "The Wreck of the Hesperus" for the Detroit Historical Society. "We should call ourselves 'The Four Forsyths,'" quoth 14-year-old Sandy, who is really Richard, Jr.

Sandy and his sister, Shirley, 17, come by their acting ability naturally. The elder Forsyths are prominent in theatrical circles, he being a member of The Players and she, of Theatre Arts.

"My only problem in amateur dramatics," says Forsyth, "is that my audience thinks I'm a lawyer and my clients think I'm an actor."

A past president of The Players, Mr. Forsyth most recently directed the Grosse Pointe Theatre's production of "Clarence," in which Shirley played the ingenue. The costumes for "Clarence" they found by checking back issues of "The Theatre" magazine. Mr. Forsyth's copies in his fine theatre and dance library date back to 1901.

Mr. Forsyth began his career in amateur dramatics at the age of four and has trod the boards ever since. His most interesting dramatic work was with Dan Quirk's Ypsilanti Players, this being the first of the "little barn" theatres. The Ypsi thespians' big moment came when they gave the Eugene O'Neill version of "The Ancient Mariner." Jessie Bonstelle saw the production and asked them to give a performance in the Bonstelle Playhouse.

WATCH ACTORS
The senior Forsyth enjoys playing cockney roles; his favorite is the dustman in "Pygmalion." "The curse of being an

amateur actor is that you have to watch other amateur actors act," quips Mr. S. Forsyth. Therefore, the Forsyths spend a good deal of time traveling around to other theatres.
Mrs. Forsyth revealed under questioning that her mother had loved the theatre and for that reason she was brought up on Keith vaudeville. After graduating from Northwestern University School of Speech, she did recital work, giving plays, stories and poems.
"I was lucky enough to get in on the ground floor of the Cleveland Playhouse," she relates. June Harrison, as she was then known, played the lead in many of the "Playhouse" productions. Strangely enough, the leading man who played opposite her in those days was Carl Benton Reid, now her brother-in-law and more recently known for appearing with Tallulah Bankhead in "The Little Foxes."
It seems natural that Mrs. Forsyth should have met her future husband while she was directing summer plays at Camp Bryn Afon. She is a board member and past president of Theatre Arts. Her favorite role is in Alice Duer Miller's "White Cliffs." She has directed several Junior League children's plays at the Punch and Judy Theatre. One of the most unusual shows

THEATRE LOVERS
The two younger Forsyths have grown up loving the theatre atmosphere. Shirley played with Theater Arts when she was still a tot and had the leads in several plays before graduating from Liggett School last June. She expects to keep up her interest in dramatics when she goes to Mt. Holyoke this fall.

Shirley is partial to the role of Puck in "Midsummer's Night Dream." An avid knitter when she is not involved in dramatics, she is also a good pianist and an excellent French student. The Forsyth sojourn in Sweden when Mr. Forsyth was attached to the U. S. Legation at Stockholm for a year, gave her a chance to learn the French accent from a good tutor.
Sandy's flair for painting revealed itself during the European stay too, when he did an oil painting of the view from the Forsyth apartment in Stockholm. He attended the Swedish Boys School. Sandy plays the drums at Grosse Pointe Junior High School too, and his love of acting goes as far back as he can remember.
At the age of seven, Sandy did a fine job in "On Borrowed Time" with The Players, and he has been in a number of their other productions. His work there brought about a radio test with Station WXYZ. Since then, he has taken children's parts on several Lone Ranger shows among others.
The only member of the Forsyth family who has not had a chance on the stage is sandy-colored Wendy, their cockney spaniel. The Forsyths have thought of that too—some day they hope to present "The Barrets of Wimpole Street" and give Wendy a chance to show her dramatic ability.

Pointe Counter Points

By JANE SCHERMERHORN

Some are walking down the Pointe's shopping boulevards these days . . . others are telephoning to send this and that to Moddom, and please hurry . . . and still others are arriving by plane to shop in the most elegant little district in the world.

We honestly mean that plane business, for when we stopped by HAYDON HOUSE, three attractive and breathless young men dashed in. They had read Haydon House's ad in Sept. HOUSE and GARDEN featuring a planter lamp. They read the ad in Chicago, chartered a plane, flew themselves over in 39 minutes (it took three hours to get to Haydon House from Willow Run). Messrs. Schilling and Esling were so impressed they sent the gentlemen back to the airport in their private car. The lads carried one of the snazzy planter lamps. These have smart glass block base (for ivies, floating blossoms, or gold fish) and the nubby cloth shades come in natural, lime, bottle green or red.

The phones were ringing at PASELK'S when we stopped in to see the beautiful autumn plants always featured here. Wise leddies, returning from vacations out of town, were filling their rooms with gay fall plants and adding ivy and other greens to cheer the rooms. Especially liked the l-a-r-g-e assortment of mum plants PASELK displays (the stock is most complete). Warm pink bronze mum plants, shaggy white ones, rich September gold daisy-like mums. In the green plant department there were chubby African violets and the most marvelous array of different ivies. Your "green thumb" will be the talk of your friends when you order Autumn plants from PASELK! If you phone, it's NI. 8224.

Even if your school child has arrived at her hall of learning you'll want her to have one of the so-so handy "Stitch In Time" cases JACOBSON'S have at the jewelry counter. Not that just the school miss will find this useful little leatherette kit a joy; you will, too. Zipped open, the flat, round cases contain thimble, flat pack of practically every shade of thread, scissors, vial for pins and needles, all neatly tucked into a velvet lining. The cases come in maroon, tan, red or rose leatherette. Wonderful as traveling companions. Or for your handbag, and they take as little room as a compact!

While you're at the jewelry counter, do ask to see the exciting new gunmetal and jet jewelry for your autumn costumes. The gunmetal cut beads (single or double strand), earrings and bracelets (clumpy!) are light as air! and divine complements to taupe, blue and gray outfits. The jet jewelry is sparkling and sophisticated and you'd never dream how tiny, tiny your bill will be for any of the items.

Museum scarves are exclusive at the CLOTHESLINE. Engraved on pure silk, lushly toned squares, these scarves are from modern etchings by such well knowns as the New Yorker cover artist Alajalov, Jean Cocteau, Matisse! Only a limited number of each scarf is engraved. Chic and dashing for suits; can be worn as blouses by a simple twist which they'll show you at the Clothesline.

Quelques Fleur perfume by Houbigant is BACK and SCHEFFLERE on Fisher road has it, to paraphrase MGM! This is stunning perfume news. The absent-since-the-war fragrance arrived only three days ago and the glamor gals are really lining up for it! When you're in Schettler's, there's a wonderful, wonderful bargain. "Half-off" on Elizabeth Arden's Mille Fleurs cologne and dusting powder. This famous line is going to be discontinued and NOW is the chance for all its followers. It's a fresh and charming scent and the stock is brand new, its price slashed by the famous lady's whim. You can buy the cologne or dusting powder separately or in sets, nicely packaged in the Arden tradition. An idea for early Christmas gifts to be put away until Dec. 25!

Of course we do say it every fall, probably because it's always such fun to get back into hats after casual Summer days, but our eyes were knocked right out by the stunning ones we saw at WALTON PIERCE, Grosse Pointe Branch. The Walton Pierce bonnets go right to the head! Exquisite Gaura feathers (the giant crowned pigeon of New Guinea) are used lavishly as trim along with lustrous pearls, ribbon cockades and soft velvet. The Coolie Chapeau, for dressy afternoons and cocktail parties, is fashioned of taupe suede, embroidered in large pearls and bronze beads, trimmed in Gaura feathers, touched again with narrow jet velvet piping and veiled in sheer spider web black veil. The suit cloches you'll adore. A black felt was modeled for us, worn straight and flat on the head! It was trimmed with emerald ribbon cockade, had a beneath the chin jet velvet bow (too, too!) and black veil splashed with black and emerald chenille dots. Another "ghost" green soft felt, had slightly upturned wide brim of oak brown velvet; brown cut-out mesh veiling and brown Gaura feathers with the faintest touch of blue green in them.

The enchanting little cottage on Fisher road (between Farms Market and Mitchell's) has just the right new owner: CECIL GORDON and her wondrous collection of fine old English silver and Sheffield plate. The "moving" will take place without interruption of business over the weekend and Miss Gordon is delighted that now her many friends may visit her right ON GROUND FLOOR LEVEL. The number is 359 Fisher road and do be sure to call on your next shopping trip. The telephone number is the same, TU. 1-9560.
