

Election

(Continued from Page 1)

organization of our personnel should reduce our fire insurance rates somewhat to bring them in line with those paid in other Grosse Pointe Municipalities.

The cost of the truck apparatus and all allied equipment and accessories will cost \$20,000.00.

Proposition No. 2—Municipal Building Bond Issue.

This money would be used primarily for an addition to our existing Municipal Building to house the old and new fire apparatus. This would also permit some minor re-arrangement of the Police and Village offices to make for somewhat more efficient working conditions. The cost of this will be \$20,000.00.

Last March a \$40,000.00 bond proposal to build an addition to this Municipal Building to provide more room for all Departments was defeated. This was defeated because the voters made a definite decision not to sell the Municipal Building and Park Site between Kenmore and Huntington Avenues, and it was felt that spending that amount of money on the existing building at Anita and Mack was not logical in view of the prospect of building a complete new Municipal Building on that site between Kenmore and Huntington in the not too distant future.

For these reasons some are asking "Why still insist on building an addition to our present building?" The reasons that led to this decision are:

1. A complete building of the size and architecture we need and want will cost upward of \$125,000.00. This is somewhat more than we can afford to spend at present.

2. Building costs are extremely high at present and it would be better to wait to make the larger expenditure until these costs become more stabilized or there is an economic recession, or Federal funds become available for such projects.

3. The addition to our present building would be only sufficient to meet the most necessary needs as a sort of stop gap and would be so designed as to be easily converted into a store building when it is to be sold after the new building at the Mack Park Site is completed. This would result in no great financial loss to the Village and would relieve our immediate most urgent needs.

Proposition No. 3—Constructing Drainage Structures in and along the Milk River.

In Grosse Pointe Woods, because of our peculiar geographical location, we being situated downstream from nearly every one of our neighboring Municipalities, we have drainage problems always with us. The rapid building of homes and installation of pavements adds to them. These cause storm waters to run off into our sewers and into Milk River more rapidly than when the areas were just vacant ground.

During the past four years a number of the problems have been reduced by the installations of a new pumping station, added pumps and underground electric services to the stations but now we have another serious problem, the flooding over the banks of the Milk River during severe storms.

The work to be done with the \$41,000.00 requested in this proposition No. 3 would reduce to a very great degree this flooding over the banks. This work would consist of clearing the muck and vegetation out of this stream, widening it in some of the more constricted sections, and replacing four bridges with new ones of a longer span to eliminate the constriction of flow at those points.

The Milk River is our only out-

let for all of our storm water and it is of vital importance that a free flow be maintained at all times.

Proposition No. 4—Permission to sell Portion of Park Site which extends in Gratiot Township.

The portion of the Park Site for which permission to sell is requested by the Village Commission consists of about twelve acres and lies in Gratiot Township. It is the western end or portion of the Municipal Building and Park Site on the west side of Mack Avenue between Kenmore and Huntington Avenues.

If this portion situated in Gratiot Township should be sold we would still have twenty-one acres within our own Village for a Municipal Building and Park Site. As yet, no improvements have been made in this portion in question.

A small section has been cleared and is in use as a Park in about the center of the portion within the Village limits. Entrance to it is from Jackson and Kenmore Avenues.

The reasons for getting permission to sell it are:

1. It is outside of our Village and therefore somewhat more difficult to police, fence, and to install improvements.

2. It will permit the Village Commission to take the most advantageous offers or pick the best time for the sale. Offers would be received from anyone interested in it to use it strictly for residential purposes. A restriction would be put on the land when sold to make sure that the homes to be built on this site, if sold, will be in keeping with the character of the homes in the Woods.

3. It would help some in our debt financing. The proceeds received from the sale would be deposited in the sinking fund to pay off the bonds sold to purchase the entire site. This would reduce to some degree the money to be raised annually by taxation to pay off these bonds.

All registered voters who are property owners are urged to go to the polls on Monday, October 4, 1948 between 7 a.m. and 8 p.m. to express their approval or disapproval of all or any of these propositions.

A. A. GHESQUIERE, Village President.

Adult Education Classes Starting

The 1948-49 fall program of Adult Activities sponsored by the Grosse Pointe Board of Education will offer a wide variety of courses of interest to many adults in the community. The purpose of the Adult Education program is to serve the desires and needs of all the adults in the community.

If you find in the following list a course that interests you, please call the Grosse Pointe Board of Education, Niagara 2900, Extension 25, for information regarding class reservations and starting dates.

The fall program will include: Art-Oil Painting, Water Color and Sketching, Badminton (Instruction and Open Play), Book-keeping, Book Reviews, Ball Casting, Ceramics, Chorus (Women), Chorus (Men), Child-Parent Relationship, (Pre-School, Elementary and Adolescent Age Levels), Dancing (Ball Room and Square), Dog Obedience Training, Effective Speech (Women), English for foreign born, Beginners' Bridge, Beginners' Duplicate Bridge, Flower Arrangement (Fall Flowers), Food Preparation, Gym and Swim (Men), Hooked Rugs, Interior Decorating, Jewelry (Silver), Knitting, Lampshade Making.

Also: Machine Shop (Metal), Mathematics (Refresher - Arithmetic, Algebra, Geometry, etc.), Millinery, Office Management, Play Production, Parliamentary Law, Photography (Still and Movies), Rhythmic Exercise and Swim (Women), Sewing (Beginning), Slip Covers and Drapes, Speech (Practical), Spanish (Beginning and Advanced), Short-hand Beginning and Advanced, Salesmanship (Fundamentals - Retail Selling), Slide Rule and Shop Math, Typing, Tailoring, Woodshop. Many of the above classes will be offered during the day.

It is advisable to make reservations for all classes as many of the classes have a limited membership. If you do not see the class or activity listed in which you are interested, call the Grosse Pointe Board of Education, Niagara 2900, Extension 25, as it is quite possible that such a class or group can be organized.

A golden opportunity for the thrifty—U. S. Savings Bonds.

Alumni of Eastern High Will Honor Percy Drew

The classes that attended Eastern High School between 1920 and 1925 are having an alumni get-together to honor Mr. Percy Drew, who has completed 30 years of teaching at Eastern High School.

The dinner and dance has been set for October 3, 1948, and will be held from 4 p.m. to 11 p.m. at the Star Ballroom, 21615 Uncia Road, located at the south edge of the Village of Fraser.

Tickets must be purchased before the party and are available at Russ Vohls Modern Drug Store, Mack at Cadillac; George Jaglow's Shoe Store, Gratiot at 7 Mile Road; Nick Sabo's Mack Park, Mack at Fairview.

Some men know what is right to do. Others do what they know is right.

They Read and Were Healed

While full provision is made in Christian Science for specific treatment for the sick, many people have been healed simply through reading literature available at Christian Science Reading Rooms.

The Bible, "Science and Health with Key to the Scriptures" by Mary Baker Eddy—containing the complete explanation of Christian Science—and other similarly helpful Christian Science literature may be read, borrowed, or purchased at

CHRISTIAN SCIENCE READING ROOM 14730 Kercheval Ave. Detroit

Postman Kicks At Vicious Dog

Thomas Osborn, a mail carrier residing at 1137 Eastlawn, complained to the police on Sept. 22 that there was a vicious dog at 1145 Maryland which made life miserable for him. He said that the dog constantly attacked him and he had to beat him off. The owner of the dog was given a ticket for harboring a vicious animal and warned to get rid of the dog.

Coburn Earns Honors With Insurance Sales

Joseph J. Coburn, of Kenwood road, Grosse Pointe Farms, received word that his August life insurance volume put him third among all the agents of the Massachusetts Mutual Life Insurance Company all over the country. This duplicates his achievement in the month of July, and makes the third month in this year in which he has led all the members of the Detroit Agency of that Company, and at the same time attained one of the top ranks among all the Company's representatives. In addition to individual monthly honors he completed in July the requisite qualifications for life membership in the Million Dollar Round Table, which demands a minimum of one million dollars of life insurance sales in each of three years. Of all the life insurance Coburn has placed during his 18 years in the business he has had only four death claims.

Police Holding Car Believed To be Property of Prowler

William Forrester, of 995 Westchester, reported to the Park police on Sunday evening about 9 o'clock that he had just surprised a prowler in his garage. A young man about 22 years old, quite well dressed, had fled towards the Trombly School. He had chased him a short distance but the youth got away.

Later in the evening a young man answering the same general description had called at the home of Hervey Taylor at 941 Westchester and said his car had been stolen while parked near that house and asked whether Mr. Taylor had seen anybody prowling nearby. He did not seem to care to prolong the conversation.

It happened that the Park policeman had brought into the station an apparently abandoned car they had found in the described location of the "stolen" car. They were waiting to see whether the owner appears.

If he does not, they propose to lock him up and make further inquiries themselves about the car owner's activities earlier that same evening in the Westchester area.

Woods Engineer Gets Assignment

At the Woods Council meeting on Sept. 21 the village engineer was instructed to prepare plans and specifications for the dredging out of the swimming area in the beachfront park and also for the dredging out of the Milk River from Torrey road to Lochmoor boulevard.

He was also requested to make a survey of the village to ascertain its prospective future needs for more water mains. This latter item is necessitated by the great growth of the village in recent years.

Woods Pinochle Players To Gather on October 2

The Saturday Pinochle Club for members of the Grosse Pointe Woods Community Club will have its first meeting on October 2.

Call Mrs. Doyle Billup at TU. 1-2095 for reservations.

40 BUILDING PERMITS

Building operations in Grosse Pointe Park for the past three months called for the issuing of 40 building permits aggregating construction costs of \$619,400.

Edgar Ford Dies Of Heart Attack

Edgar J. Ford, aged 62, of 1129 Lakepointe, died suddenly of a heart attack in the garden of his home about 1 o'clock on Wednesday afternoon, September 22.

Mr. Ford, who was fond of working about his garden, had apparently felt an attack coming on and had sat down in a chair. Two neighbors, Mrs. Charles Siska and Mrs. Robert Rodgers, observed him and thought there was something unnatural in his posture and phoned the police. He had died before they arrived.

Mr. Ford had a weak heart and as recently as the Monday before his death had gone to the hospital for further examination and treatment.

He was born in England and had been a resident of Grosse Pointe for the past 15 years. He is survived by his widow and a daughter and three grandchildren by a previous marriage. The latter four live in California. He was a skilled automotive mechanic.

The funeral was held at 1 o'clock on Saturday afternoon and burial was made in Forest Lawn cemetery.

Files Protest Against Dumps

The Lake Pointe Country Club of St. Clair Shores objects to the smoke and odor which arises from rubbish piles adjacent to its golf links.

The City is a party to some of this dumping, and received a letter from the club at the meeting on September 20.

City Clerk Neff explained that he had made a personal inspection of this complaint and remarked with a wry grin that he had found the City's own little private dump burning merrily when he was there.

His inspection however convinced him that the City was only a minor offender.

Larger and more offensive piles of waste deposited by other parties abounded in the neighborhood. He thought the matter could be disposed so far as the City is concerned and the Council took no action.

3 Fires Damage Homes in Park

There was a roof fire at 1096 Beaufield in a four-family flat belonging to Earl Michaels of 1142 Nottingham Saturday noon, Sept. 25, which did considerable damage to the roof and attic. A spark from the furnace set fire to a shingle roof.

Another fire on the same day at the Frank Ryan home at 1079 Balfour was started by sparks from an incinerator, communicating to a dry shingle roof.

At 6:39 p.m. Saturday night, Sept. 26, a fire occurred in the home of William Johnson, Controller of Grosse Pointe Park, at 1100 Nottingham, which caused considerable damage to the library furnishings and books.

It was caused by the blocking of a chimney flue in an upstairs fireplace.

There are people who want a new world while they themselves go on living in the same old way.

Fire Prevention Week Puts Spotlight on Safety Rules

"Six times as many Michigan people die in fires in their own homes as die in public building fires," Dr. Albert E. Huestis, state health commissioner warned Michigan residents in urging every family to participate in National Fire Prevention Week, October 4 to 9.

"Each family should spend some time during Fire Prevention Week checking on precautions which may save lives," the commissioner said.

"These are some of the things you can do.

See that all matches are far out of reach of children. Provide a metal container for used matches; let no person throw them into the wastebasket.

Check the smoking habits of your family. Let no person smoke in bed. See to it that there are sufficient ash trays in the various rooms. Check your cigarettes to be sure they are completely extinguished when discarded.

Have your furnace or heating equipment, its flues and chimney cleaned and thoroughly checked for faults, cracks, loose bricks or rusted out places.

Be sure that every gasoline container is so marked that it cannot be mistaken for kerosene. Allow no one to use inflammable cleaning fluids for clothing, floors or furniture within the house.

Do not use electrical appliances that misbehave. Do not overload a lighting circuit. Have all work wiring and poor sockets replaced. When fuses blow out, when lights flicker, when equipment does not work properly, you and your family are in danger. Something is wrong.

The same is true for gas appliances. Any smell of gas requires that the entire supply for the house be shut off until a check has been made by an employee of the gas company. The smell of gas means that gas has escaped into the room or basement. Attempting to light the fire or heater may blow up or burn up the entire house.

Clean up your attic, basement and closets; especially get those oily dust mops out of closets, and dispose of old paint, cloths, oily dusting rags, old paints and varnishes. Such things can cause spontaneous fires without warning in less than an hour's time.

Use only a metal container for furnace ashes and be sure that it is not near kindling, papers, or the wooden coal bin.

Screen your fireplace; keep lighted candles far from blowing curtains and drapes; and supervise fall bonfires carefully.

Do not leave children alone in the house. Be sure that you have checked the furnace, turned off the iron, the gas stove, and the water heater when you leave the house. Turn off and disconnect your electric flatiron whenever you leave the room.

In case of fire, save life before property.

Keep in mind, too, that 20 to 30 Michigan people die each year from carbon monoxide poisoning from faulty furnaces, faulty water heating equipment or faulty chimneys.

Give a thought to these and other fire hazards in your home or on your farm. Homes are hard to get, property is valuable and life is irreplaceable, the commissioner concluded.

Home Deserter's Journey Halted

At 1:10 a.m. on September 25 City Patrolmen Mauck and Smith picked up a 14-year-old girl at the Grosse Pointe garage on Jefferson avenue. She was walking and was detained there by the garage employees because of her extreme youth and the late hour. They notified the police.

She told the police she was going to Mt. Clemens. Her mother was notified and said that the child had left home about 7 o'clock that evening saying she was going to Mt. Clemens.

The youngster told the police she could not get along with her mother. She said she would rather go to the Juvenile Home than return home. The police took her down to the Juvenile Home and reported the incident to the Detroit police.

The parents of the girl are divorced.

Find Evidence Of Peeping Tom

A guest at the home of Mrs. Frederick Burton, Jr., of 636 Notre Dame, discovered a man peeping in a side window of the house at 11 p.m. on Sept. 18.

When the police came they were convinced of the correctness of the peeping Tom hypothesis. There was a stool which he had taken out of the garage parked under the window. A neighbor had also seen a fellow prowling about the place a short time earlier.

CLEAN SWEEP

W. A. Schumacker of 326 Moran reported to the Park police on Sept. 23 that all the rims and hubcaps had been stolen from his '48 Pontiac while parked on Somersett near Jefferson on the evening of Sept. 16.

The insurance company had meanwhile replaced the stolen property.

Council's Action Lauded by Gage

Henry T. Gage, a member of the House of Representatives at Lansing, and recently honored by his party with a renomination, has addressed a letter to the City Council approving its action in setting aside certain areas in the city available for parking lot locations.

The significant part of Mr. Gage's action is that he appeared as the attorney for those residents in the Neighborhood Club district on Waterloo who protested the action at the big public hearing in the City fire house on Maumee last Spring.

GETS LAW DEGREE

Alfred Bradley Pitt of McKinley place has been awarded his degree of Juris Doctor of Law at the University of Michigan.

United Nations Week Scheduled

The third annual observance of the United Nations Week will be held this year from October 17 to 24. The movement is sponsored by persons at Washington in and out of the Government service, and is designed as a great civilian supporting movement for world peace.

The last day of the week, October 24, is urged as a World Holiday, falling on Sunday, when it is urged that clergymen preach on the subject of world peace and the citizens generally give themselves to contemplation of the subject.

When the letter requesting the cooperation of the Park village was read before the Board of Commissioners at the meeting on Sept. 27 it was sincerely endorsed. President Homer C. Fritsch suggested that the proclamation requested of the village be prepared as a joint expression from all the municipal heads of the Pointe. This plan was decided on favorably.

HEADLIGHT STOLEN

Mrs. Elaine Lyons, of 754 Neff, reported the larceny of a headlight from her car on Sept. 24 while it was parked in front of 321 Middlesex.

HAS PART IN PLAY

Mrs. David Stapleton of 1157 Bedford road, Grosse Pointe Park, has one of the leading roles in "First Lady," a satire on Washington society during a presidential election year, which will be presented Friday and Saturday, October 1 and 2 at the Institute of Arts Theater.

Community Lecture Series Books Outstanding Movies

Grosse Pointe Community Lectures announces the opening of its 1948-49 Sunday Afternoon Travel and Adventure Series. The program planned for this season will be the most versatile ever presented and will include five of the top notch lecturers in the illustrated field.

The first attraction of the season will be Robert Friars with his newest film, "Caribbean Holiday," to be presented at the John D. Pierce Auditorium on Sunday afternoon, October 17, at 3 p.m. This humorous and exciting all-color film will feature the high-

lights and unique beauty spots of Haiti, Jamaica, Puerto Rico and Trinidad. Known for his fast-moving and uproariously entertaining travelogues, Robert Friars more than maintains the pace set by his famous "Mexican Holiday" and "Holiday in Cuba."

On November 14 Vincent Palmer will present "World Below the Waves," an unusually fascinating film of the mysterious water world, introduced by a man who can tell his story with humor, drama and interest. This spectacular film, magnificently colored, is thrill packed with amazing sights of the undersea world.

On January 23 Muri Deusing will show "Safari in Africa," the picture story of the Central African Expedition of the American Museum of Natural History of which Deusing was the official photographer. The expedition penetrated the wildest and most remote regions of Central Africa. There will be pictures of the exciting camp life of the expedition, fierce jungle tribesmen, the Pygmies, wild animals galore, a termite colony, beautiful butterflies and birds. This exciting adventure picture in superb color described by Muri Deusing has three months of daringly dangerous adventure concentrated into seventy thrilling minutes.

In "Swiss Journey" Karl Robinson has produced another outstanding color film which will acquaint you with one of the most interesting countries in the world. You will pause longest in the high Alpine country where the vast majority of the people live in small, beautifully picturesque communities anchored to the mountain sides of the ever majestic Alps. You will share the toil, enjoy the simple pleasures, and feel the free spirit of the Swiss people. This will be shown on February 20.

On March 6 Frederick Machetanz will show "Alluring Alaska," a panorama of Alaska from the Aleutians to the Arctic, from the Klondike to Eskimoland on the Bering Sea; Mount McKinley; a trip down the Yukon; famous Alaskan characters; fishing and dog mushing.

Season tickets may be reserved by calling the Grosse Pointe Board of Education, Niagara 2000, extension 25.

Judge DeBaeke Fines Drivers

In Park police court on Sept. 22 Judge Victor H. DeBaeke disposed of the following cases:

Flem Anderson of 1649 Gray avenue, Detroit, for driving over center of street on Kercheval on August 31, was fined \$10 and \$7.50 costs.

Carroll Blanke of 2081 Country Club drive, for driving without due care and caution causing an accident on August 30, paid \$10 fine and \$5 costs.

James Bedwell of 907 Kitchner, Detroit, who had posted a cash bond of \$15 for speeding on August 28, failed to appear in court and his bond was forfeited.

Demonstration Will Launch Popular Dog Training Class

All persons interested in dogs are invited to attend the preliminary meeting of the Dog Obedience Training courses on Tuesday, October 5, at 8 p.m. in the boys' gymnasium of the Grosse Pointe High School. These courses are sponsored by the Community Service Department of the Grosse Pointe Board of Education.

At this meeting dog owners will see an exhibition of all phases of obedience work by members of the Southern Michigan Obedience Training Club. Their dogs will go through fundamental as well as advanced work in retrieving and scent discrimination. This club will furnish trainers for the classes starting Tuesday, October 12.

Charles Frank, internationally known dog trainer and a member of the Southern Michigan Obedience Training Club, will exhibit his superbly trained Springer Spaniels and Golden

Retrievers at the opening meeting. These dogs will perform, individually and as a group, the same exercises that they engaged in at various American Kennel Club and Sportsman conventions throughout this country and Canada.

"The training classes are designed to teach a dog owner how to train his dog to be responsive to all types of commands," said

Ray H. Lee, one of the trainers. He also added, "It will, among other things, enable you to take your dog for a walk, instead of having him take you for a run."

Don Dasher, nationally known dog trainer for the past two decades, stated, "Any dog, regardless of breed or age, can be made a better mannered and more satisfactory pet through this training."

Last spring, 36 dog owners enrolled in Grosse Pointe's first

obedience training course. Among this group were H. Lynn Pierson and his French Poodle, Marshall Templeton (Cocker Spaniel), Dr. Rudolph Larson (Boxer), Mrs. David Gillis (French Poodle), Tony Pear (Irish Setter), Mrs. H. Jarson (English Bull), Miss Sally McKernan (Brittany Spaniel), Mrs. John Drake (Collie), R. J. Nixon (Boxer), Miss Sally Woodruff (Cocker Spaniel), and Joseph McQuillen (Boxer). A

separate class is planned for this group which will be designed to perfect their training.

Many owners have already enrolled in the beginners ten week dog training class, starting October 12. Additional enrollments will be accepted until classes are filled. To enroll, or for further information, call the Grosse Pointe Board of Education, N. 2000, Extension 25, at once, as classes must be limited.

Business Group To Hear Wiant

The next meeting of the Grosse Pointe Business Men's Association will be addressed by Thoburn (Toby) Wiant, well known newspaperman who is now associated with Young and Rubicam, advertising agency. The session will be held on the evening of October 7 in Harvard House.

Mr. Wiant started his newspaper career with the Indianapolis News and also worked with the Associated Press in that city. AP sent him to New York in 1939. He served as an AP war correspondent, seeing service in the Western Desert and Cairo, China, Burma, French Indo China, India and Japan.

He took part in 20 combat raids in bombers over Thailand and was an observer in the first B29 air raid on Japan. He was with General Stilwell in the North Burma jungle and with Lord Mountbatten in Kandy, Ceylon.

Wiant was awarded the Air Medal by the 10th US Air Force, which award, being to a civilian, had to be endorsed by President Roosevelt.

Additional new members recently admitted to the Grosse Pointe Business Men's Association include Gerald Queen of Queen's Cleaners, Joseph deGrimme of deGrimme's Art Gallery and Michael Roberts of Furs by Robert.

Leaves Cabbie Waiting in Vain

A cab driver from Detroit complained to the Farms police at 3 a.m. on September 25 that a fare he had taken to the Pointe had done him out of \$300.

His story was that he had picked up the man on Woodward near Grand River and brought him to an address on Mapieton road.

The fare said he had to get money in the house to pay the taxi charges. He disappeared between two homes and when he didn't come back the cabbie went in search, in vain.

Retrievers at the opening meeting. These dogs will perform, individually and as a group, the same exercises that they engaged in at various American Kennel Club and Sportsman conventions throughout this country and Canada.

"The training classes are designed to teach a dog owner how to train his dog to be responsive to all types of commands," said

PORCH BLAZES
A small fire at the Charles C. Moore home at 676 Washington road on September 21 did some damage to awnings and porch furniture before it was extinguished by the City firemen.

STRICTLY MODERN
Some youngsters with a strictly modern sense of juvenile humor stole a bag of peat moss from alongside the garage at the E. A. Wulz residence at 1160 Audubon on September 21.

Pointers Asked to Donate Old Shoes to Help Europe

"SHARE OUR SHOES" is the slogan of the campaign which opened September 25 throughout the state of Michigan to help provide some of the two hundred million pairs of shoes which are needed in Europe where practically no shoes are being made to sell at any price.

The Michigan Shoe Retailers Association, the Detroit Shoe Retailers Association, and the Detroit News are cooperating in this state-wide drive. Barrels with the sign "S.O.S.—Share Our Shoes" are being placed in shoe stores and departments throughout the state and the public is urged to turn in their used shoes—no matter how worn. Barrels to accept donated shoes are at Jacobson's, Ryon's Juvenile Shoe Store, Peter Pan, Buster's Shoe Store and Best's.

The Foster Parents' Plan for War Children says that the need is appalling. Thousands of European children will be unable to go to school this winter because of lack of shoes, and some of them have never had a pair of shoes in all their lives. Thousands of adults will work with their feet wrapped in rags. In many families the same pair of shoes does duty for several members of the family, being passed from one to another as necessity calls for going out into the streets.

So don't throw away your old shoes—not even odd ones, as the number of persons with only one

foot is shockingly large. Worn shoes can be resoled or mended by craftsmen in Europe, and they may represent happiness, health and a better chance for survival to some fellow human.

Look into those closets and attics and find old shoes. How much better to put them to good use rather than collecting dust and taking space. No matter how obsolete the style, whether black or tan, high or low, work shoes or dress shoes, someone will be grateful to have them. Take them to your local shoe retailer and they will be sent on to an accredited relief agency. Most of the children's shoes will be distributed by the Foster Parents' Plan for War Children which has been doing outstanding work among the unfortunate victims of war and poverty.

The drive will continue until October 23.

Costs Postpone Plans for Clinic

Dr. Nelson W. Diebel who plans to erect a clinic building at the corner of Kercheval place and Cadieux road, has decided that the cost of construction has advanced to the type of building for which he was granted a building permit a short time ago would now cost more than he wishes to spend on the project.

He brought in amended plans recently and was informed by the building inspector that this type of building would not conform to the city's building and fire laws.

He appeared at the council meeting on September 20 to inform the council that he thought he and the building department could work out some legal compromise that would be acceptable to the authorities.

Only men on fire can win the cold war. —Pinshon.

Curbs in Park To Be Replaced

Grosse Pointe Park is faced with an extensive curb replacement problem. In a discussion of the curb conditions at the Council meeting Sept. 27, Manager Lane said that from 8 to 10 miles of the curbing in the village was in bad condition, or in some cases practically worn out.

This big job is being taken into account in the general overhaul picture of village improvement envisaged by the planning now under study.

Before the work is finished, which may be four, six or eight years hence the village would have had to make an outlay of approximately a quarter million dollars.

Cowardice asks, Is it safe? Expediency asks, Is it politic? Vanity asks, Is it popular? But Conscience asks, Is it right? —Pinshon.

Tipsy Passenger Taken Off Bus

A man who had just alighted from an east bound Lake Shore bus at the transfer station on Jefferson, went into the Park police station at 1:32 a.m. on September 21, and said he had been requested by the driver of the bus to ask them to send a scout car to overtake it, at about Bishop and Jefferson. He had a sick woman who he wanted the police to take to her home.

The police said she was not in a serious condition and a quick restorative made her as good as new. She had had too much to drink.

Youthful Pyromaniacs Start Fire Under Car

Two small boys, about seven each, conceived the notion of building a fire under a car parked in the rear of the Kroger store late in the afternoon of Sept. 21 and proceeded to act on the idea. Fortunately a nearby adult saw the operations of the youthful pyromaniacs and stopped the incipient conflagration.

The car belonged to Mrs. Herman Schieber of 868 St. Clair. Examination showed that no damage had been done to the car.

Try nailing up the answer instead of pinning down the blame.

Launch Drive to Aid Leader Dog League

Demonstration by Dogs and Trainers at Home of Arthur Buhls, Jr., Witnessed by Some 100 Residents Interested in Work

A demonstration of how Leader Dogs work to guide and protect their blind owners was given on Tuesday afternoon at the home of Mrs. Arthur H. Buhl, Jr., on Provenal road. About 100 Pointers who are interested in the Leader Dog League's activities attended the demonstration which introduced a drive to raise funds for the League's expansion program.

Fifty thousand dollars is needed to operate the League this year, according to Mrs. Buhl, who heads a committee which is undertaking to raise \$2,000 in Detroit as part of the extensive campaign that will cover Michigan and the midwestern states served by the League.

Others on her committee include Mrs. Lewis S. Robinson, Mrs. Bruce Chalmers, Mrs. Andrew W. Barr, Mrs. Edgar L. Fink, Mrs. Henry B. Joy, Jr., Mrs. John N. Lord, Mrs. Edward S. Evans, Jr., Mrs. John W. Mulford, and Mrs. H. Hunter Williams. Bruce Chalmers is the president of the League's board of trustees and Mrs. Buhl is vice-president. Lewis S. Robinson is secretary-treasurer. The board of trustees also includes Andrew W. Barr, Henry B. Joy, Jr., Mrs. Nelson McCormick, and John W. Mulford, all of Grosse Pointe.

The Leader Dog League was organized in 1939 as a non-profit, national, social agency to serve the blind. Training headquarters are just outside Rochester, Michigan. Executive offices are in Detroit. The League is supported entirely by contributions from the public. It owns its buildings and several acres of land and has all needed facilities for training dogs and schooling their prospective blind owners, but it lacks adequate funds to fulfill the increased demand on its services, Mrs. Buhl stated.

It costs \$1,400 to buy and train one Leader dog and to train the dog's owner in its use. The dogs are sold to the blind for \$150 and the owner is given an eight-year guarantee of usefulness with periodic checkups on the dog's behavior as well as on the owner's treatment of the dog.

The use of Leader Dogs to guide blind people about a traffic hazardous city has proved to be one of the most effective methods of restoring the confidence of the blind. With his dog, a blind person can go safely to the corner drugstore, shop, board a bus, cross the street, take a train, and work to support himself. The dog veritably acts as "eyes" for his blind master.

Present at the demonstration Tuesday were Louis Folmer and his dog "Pal", who is famous for his ability to recognize the spoken names of various places his master wishes to go. When Mr. Folmer says to Pal, "Take me to the Statler", Pal does just that and can be depended upon to lead his master safely to any number of places in the city, given similar instructions. At the demonstration Tuesday, Pal and Mr. Folmer will refuse to obey a command that might endanger his master, how it leads its master around low hanging obstacles, depressions in the ground, pauses at street corners and curbs. His performance was a perfect result.

Mothers' Club Calls Meeting

The Mothers' Club of Grosse Pointe High School will begin its program of activity for the school year on Monday evening, October 4, at 8 o'clock.

All fathers and mothers of the students at Grosse Pointe High School are invited to enjoy a social evening and meet the parents of their children's classmates. A beautiful colored travelogue of South America will be shown.

Mrs. Bert Spurrier is chairman of the evening assisted by Mrs. Leon K. Lindahl, social chairman, and Mrs. C. M. Weinheimer, hospitality chairman.

Mrs. Charles B. Lord of McMillan road is president of the club.

Guild Planning For Ingathering

Members of the Needlework Guild have announced plans to hold this year's Ingathering the week of Oct. 25 at Jefferson Avenue Presbyterian Church. Mrs. Frederick M. Alger, Jr., has been appointed Ingathering chairman. Avoiced purpose of the guild is to provide new garments for the needy and household linen for charitable institutions. Mrs. George M. Black, Jr., first vice-president of the group, will check the 49 organizations on the Guild's distribution list to learn their individual needs.

Mrs. Joseph B. Schlotman will handle distribution of Guild literature and the bags of garments. Mrs. Allan Sheldon III will supervise packing of the bags and Mrs. Reynolds Morris heads the committee which will purchase articles with funds contributed during the drive.

Mrs. Phelps Newberry, vice-president of the National Guild, is chairman of the nominating committee for the election at the annual meeting. Local branch officers, besides Mrs. Black, are: Mrs. Edward R. Doyle, president; Mrs. Otis Wadyar, treasurer; Mrs. Henry Ledyard, secretary; and Mrs. Harry J. Mack, publicity chairman.

CHIEF GOING SOUTH
Chief Edward Rector, of the Park Fire Department, will attend the International Fire Chiefs' Conference at Miami from November 8 to 12.

"So It's Hi Ho, Come to the Fair"

Picture by Fred Runnells

The annual Rummage Sale of the Grosse Pointe Woods Presbyterian Church has been announced for Friday and Saturday, October 8 and 9, beginning at 9 a.m. Final plans are in progress under the auspices of the Women's Association with proceeds going toward modern kitchen equipment for the newly dedicated church building on Mack avenue. This year is busy sorting some of many articles which will be sold. Choice items collected include linens, fringed screens, vases, small electrical appliances, exceptional stockings of children's apparel and toys. Chairman of the affair is Mrs. W. O. Gamble with Mrs. Roy Nelson as Co-chairman. Assisting are Mrs. Frederick Hicks, Mrs. Basil Crist, Mrs. Lawrence Marr, Mrs. John Rowe, Mrs. Gordon B. Cameron, Mrs. William Ferguson, Mrs. Robert Hammel, Mrs. Frederick Leonard, Mrs. Byron Rundy and Mrs. George Jennings.

Eda Julia Gardella Weds Salvatore D. Palazzolo

Mr. and Mrs. Salvatore D. Palazzolo left on a honeymoon trip to Mackinac Island following their recent marriage. Before the wedding, the bride was Eda Julia Gardella, daughter of the Louis P. Gardella.

Mr. and Mrs. Frank Palazzolo of Devonshire road are the parents of the bridegroom.

A period gown of ivory satin with deep decolletage and tulle yoke was worn by the bride. A spray design of pearl embroidery trimmed the gown. Her flowers were lilies of the valley and gardenias.

Attendants included Mary Guerrini, maid of honor; Mary Palazzolo, sister of the bridegroom; Evelyn Johnson and Geraldine Huebner. Joseph Palazzolo was best man for his brother.

Wedding in St. Louis Draws Pointe Families

Several Pointe families were in St. Louis over September 18 for the wedding of Mary Bartow Lammert and Edward G. Hotchkiss, Jr., that day in Our Lady of Lourdes Church.

Mr. and Mrs. D. Neil O'Day left their Muir road home early in the week to make the motor trip. Mr. and Mrs. Daniel R. Simmons, Jr., of Fairholme road stopped at St. Louis en route home from a Colorado Springs vacation. Mr. Simmons was an usher in the wedding party.

The bridegroom is the son of former localities, Mr. and Mrs. Edward G. Hotchkiss.

Book Review Group Hears Wayne's Dr. Alfred Kelly

The first meeting of the Book Review Group of the Women's Association of the Grosse Pointe Memorial Church after the summer recess was held on September 17 in the Church House.

Dr. Alfred H. Kelly Assoc. Prof. of History, Wayne University, spoke on "Current Events." Hostesses for the day were Mesdames Costley, Eichelbarger, Risk, Shenefield, Gehrig, McPhail, and Seeburger.

The social hour was devoted to a reception for new members.

Attend Opening Of Thrift Shop

The Neighborhood Thrift Shop opened Tuesday, Sept. 28, in the wake of the successful annual fashion show on Friday, Sept. 24. Discarded clothing and bric-a-brac to replenish Thrift Shop shelves were handed by all who attended the showing to Mrs. Howard Freeman Smith.

In the audience were Mrs. Henry Ledyard, Mrs. David Rust,

Woman's Club To Open Season

The Southeastern Woman's Club begins its 1948-1949 season with a pot-luck luncheon on October 4 at 12 noon in St. Mark's Methodist Church. Mrs. Edward C. Richards is taking the reservations.

Mrs. Joseph C. Robinson, chairman of the Needlework Guild, asks the members to please bring a donation. Mrs. George Morse, program chairman, has planned a program on "The Near East."

The speaker of the afternoon will be Dr. Hartman A. Lichtwardt. Dr. Lichtwardt served with the American Christian Hospital from 1919 until 1933, in Meshed, Iran.

He was the first one to be interested in leprosy in Iran and the work he started there is still being carried on.

Not only is Dr. Lichtwardt a medical doctor, but also a doctor of divinity, president of the Detroit Foreign Policy Association, and chairman of the executive board of the World Study Council.

Methodist Society Plans Bazaar for October 22

The general meeting of the Grosse Pointe Methodist Woman's Society of Christian Service was held in the home of Mrs. M. F. Santmyers, 303 Moross road on Wednesday, September 29, at 8 p. m.

Plans for the bazaar to be held in the Kerby School on October 22 were discussed and formulated. Material for the bazaar should be gotten to Mrs. M. F. Santmyers, chairman, as soon as possible.

Marian Getler Bride Of Joel W. Melcher

Reception Held in Home Following Ceremony in Woodward Avenue Presbyterian Church; to Live in Omaha

White flowers in triangular arrangements before two large windows in the living room of the Getler home formed the background Saturday evening for the candlelight ceremony at which Marian Getler and Joel Woodbury Melcher repeated their marriage vows. The Rev. Herbert B. Hudnut, of the Woodward Avenue Presbyterian Church, officiated at the 8:30 o'clock nuptial rites.

The bride, daughter of Mr. and Mrs. Charles Getler of Whittier road, chose seed pearl gros de londre for her wedding gown. A petal-like collar edged the round neckline, the long sleeves were pointed at the wrists and the full skirt, gathered at the hips, extended into a cathedral length train. Marian's full length veil of illusion fell from a Juliet cap trimmed with iridescent orange blossoms. She carried a spray of stephanotis centered by a white orchid.

Mrs. Philip C. Manker, of Chicago, was her sister's only attendant. The honor matron wore heavy brown taffeta faille with V-neckline, short sleeves, and full skirt with bustle in back. Her headdress was a small crown of ivy and she carried pale yellow gladioli formed in the shape of a crescent. Mrs. Getler's shell pink floor length net gown was trimmed in paillettes. The bridegroom's mother chose blue crepe with which she wore burgundy-colored orchids. Joel asked his brother, Richard Melcher, of Birmingham, to be his best man. They are the sons of Mrs. Austin G. Melcher, of Omaha, Neb., and the late Mr. Melcher.

Immediately following the ceremony, a reception was held in the home of the bride's parents. The newlyweds motored to Chicago, before continuing on to Omaha, Neb., where they will make their home. When they left, the new Mrs. Melcher was wearing a royal blue gabardine suit, tomato red hat, black accessories and an orchid.

Guests who came from out-of-town to attend the wedding in-

RIVERSIDE KIWANIS
James Park and Bruce Reynolds, who were delegates to the recent Michigan District of Kiwanis convention at Sault Ste. Marie, will present their reports to the weekly luncheon meeting of the Riverside Kiwanis Club on Thursday, September 30. The Club will also hold its nomination primary for officers for 1949 at this same meeting.

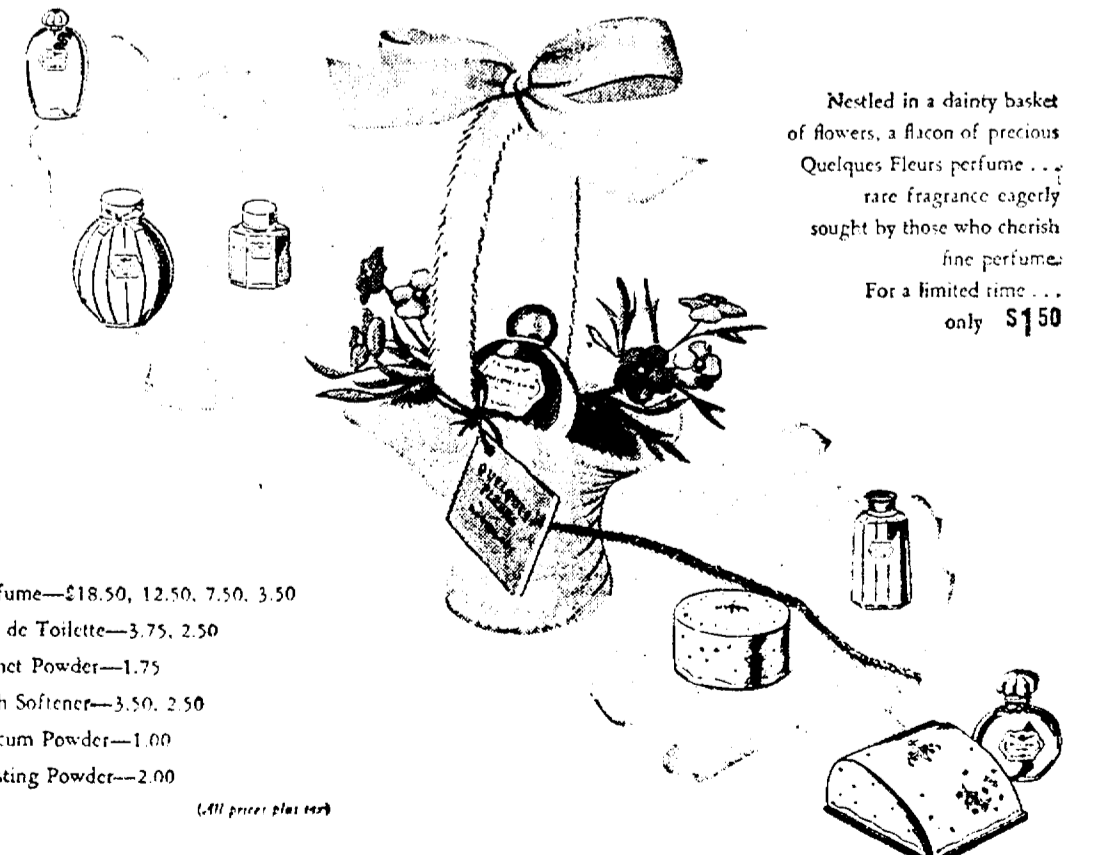

No abilities, however splendid, can command success without intense labor and persevering application.

Walker-Turner Vows Exchanged

At 1:30 o'clock on Saturday afternoon, in Cordova, Illinois, Constance Turner, daughter of Mr. and Mrs. Harrison Irving Turner, became the bride of Donald Frederick Walker, Jr. The bridegroom is the son of Mr. and Mrs. Donald F. Walker of 608 Washington road, Grosse Pointe.

The bride, given in marriage by her father, wore a gown of ivory taffeta which had a fitted bodice and a bouffant skirt. The yoke and long fitted sleeves of the gown were edged with Brussels lace. The veil of silk tulle fell from a band of heirloom Brussels lace. She carried a colonial bouquet of white roses.

Barbara Turner, the bride's sister and only attendant, carried Johanna Hill roses. Her gown was of the same design as the bride's but was fashioned with cap sleeves, and was of deep rose taffeta.

Harrison C. Turner, the bride's brother, served the bridegroom as best man.

During the reception which followed the ceremony, Mrs. Turner greeted the guests wearing a navy blue crepe dress. Mrs. Walker wore a steel blue crepe dress and a matching hat with a small ostrich plume. Both mothers wore corsages of pale pink mums.

honey-moon trip to Mackinac Island, the new Mrs. Walker wore a suit of Edwardian green gabardine with black accessories. After their return, Mr. and Mrs. Walker will be at home at 4681 Ashland avenue.

Correct Size Important in Rug Selections

Proper Floor Covering Serves to Co-ordinate Entire Decor of Room

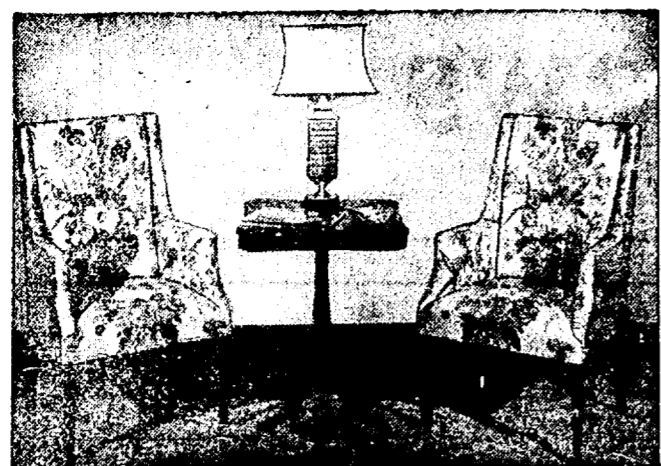

Correct size is just as important as correct color and pattern when you choose a rug or carpet. The size of the floor covering can make your room look larger or smaller, completely or sparsely furnished.

One reason so many of the best interior decorators prefer solid-color, broadloom carpets is that with broadloom you can cover the floor completely and provide a quiet, restful, finished-looking background for furniture and accessories.

Whether or not you carpet the room from baseboard to baseboard or leave a narrow border of floor all around is a matter of personal preference. Most people who live in apartments or in rented houses feel it is more economical not to lay the carpet from wall to wall but to have it cut and bound as a rug, so that it may be taken up and moved easily.

Rug shoppers will get more enduring satisfaction from their purchase if careful consideration is given to the selection. Here are a few hints to keep in mind when selecting wool floor coverings.

First, study the color scheme of the room for which you are buying. Remember the function of a carpet or rug is to coordinate the whole decor of the room, not to compete with it. Soft muted tones on the floor offer a fine background for bright color accents in a room. High, bright

The classic wing chair, originally designed to protect Queen Anne from drafts, comes in a wide choice of present-day adaptations. They can be seen at the L. Meyers furniture store.

colors give character and life to an otherwise quiet color scheme. It is well to remember that carpet and rug colors "grey down" after a few weeks use. It is wise to buy a slightly more intense shade than you had planned on. Within a few weeks it will tone down to the desired color.

Design is a very important consideration. Leading decorators agree that too much design in a room is fatiguing to the occupants. Design areas need to be relieved by plain surfaces. If the wall area is boldly patterned, a plain floor covering is a better choice. However, if both wall and furniture treatment are on the plain side, a patterned carpet or rug will give the room necessary interest.

Is the room modern, traditional or a combination of both? Most of the modern floor coverings are equally good in both settings. Carpets and rugs having a texture effect, that is, a rough surface, are excellent for either type

when buying rugs. The face of a wool carpet or rug is called pile. Density of pile is the most important single factor in determining durability according to the National Bureau of Standards. Pile is composed of tufts of woolen yarn held together by backing yarn.

The first thing to do is to look for the closeness of the weave. That is, the number of tufts or rows of wool to the inch. This can best be seen by looking at the back of the rug. Count the number of rows to the inch in each direction. The threads running lengthwise are called warp; those running across are called weft.

Multiply the number of threads you find running each way and you have the actual number of tufts or rows to the square inch. If the count is around eight or nine in each direction the rug is a high-grade item. The greater number of pile tufts, the longer the rug will wear. Whether the pile is long or short, it should be thick and springy to the touch.

Prospective rug buyers should know the current trends in modern wool floor coverings. One is for the texture effects, mentioned before; the other for delightful adaptations of 18th century and Victorian floral effects.

The latter are characterized by lush all-over floral designs employing large areas of free space

to give full play to the color variation of the floral bouquets. Here, too, one finds the "textured" feeling in the weave and design. This is achieved by twists in the yarn and the shading of color tone which give a hand-worked "needlepoint" appearance.

The definitely texture weave items are architectural in feeling. Many are built in two, three and even four levels of luxuriously looped, or cut pile, or a combination of both. This means that each individual tuft of yarn is left in a loop or cut. Some textured rugs and carpets are called embossed. They look very much like fine tweed. This is done in the weaving process by a clever handling of the color variations to give the desired three-dimensional effect. Then there are sculptured or carved rugs on the market. Here the design is more pronounced and is achieved by actually dropping out a tuft of pile in the weaving. In some very expensive carpets actual hand carving is done.

Texture weaves are very satisfactory from a practical standpoint as well as a decorative one. Wool naturally repels soil. The manufacturing processes which produce the new weaves repel dirt even more than formerly, show no footprints, even in the plain colored fabrics.

Maple furniture is authentic early American reproductions is favored by many.

Rug shoppers should know the names of the basic weaves. They are: Wilton, Axminster, Brussels, Velvet, Chenille and Tapestry. These are types of fabrics, not trade names. They should know that the term broadloom refers to the width of a rug or carpet, not to the weave. Any rug or carpet over six feet wide is broadloom. Broadloom may run as high as thirty feet wide. It is made in

all weaves and designs. Another thing to keep in mind is that all new cut pile rugs and carpets "fluff." Short ends, which have been left in the fabric during the process of cutting, appear for a time, but soon disappear. It does not mean that your beautiful new wool floor covering is losing its lovely pile. A rug pad is a "must" for all type of wool floor coverings. It

prolongs their life by evening up rough floors. It also helps the pile to spring back under the strain of foot traffic.

What price should one pay for a carpet or rug? If your budget is limited, put every cent you can into the most expensive rug or carpet for the living room where traffic is heaviest. You can economize in other rooms which are not used so much. Don't blame the quality of the rug or the reputation of the store if you buy a cheap rug for this room. The bedroom is a good place to pinch pennies, if you must.

Pat Candler Invites Deb Crowd to Party

Pat Candler, one of the June debutantes, invited the deb crowd to a treasure hunt and buffet supper in her Mapleton road home one evening recently. Party guests included Sally Frost, Sherman FitzSimons III, Ann Wedthoff, Bob Palms, Marion Wilbur, Pete Baker, Laura Murphy and Andy Creamer.

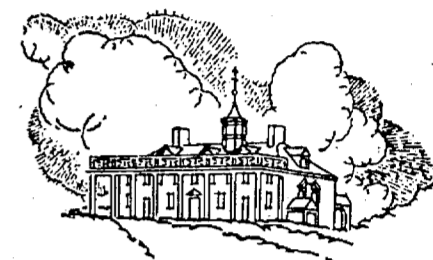

Two out-of-town visitors, Suzanne Schwab, of Kenilworth, Ill., and Aurel Reynolds, of Omaha, Neb., Pointe house guests during Sally Frost's debut, were escorted to the party by Bert Dickson and Harry Downer.

Color is Just as Simple as Red, Yellow and Blue

Perplexing Problem Can Be Reduced to an Easy Fool-Proof Formula

By RICHARD KOSTKA
When considering your home decorating problems it is essential to have a clear conception of just what makes color.

Can this be reduced to some simple concise method which can be easily memorized as a sort of formula? Yes. If you remember that with the exception of three colors, all others can be formed by a mixture of either two or three of these same colors.

These three primary colors are red, yellow and blue. They are the only colors which cannot be produced by mixing. In addition, black and white are used optionally to darken or lighten.

Reference to red, yellow and blue as primary colors indicates the bright, pure, intense versions of each of them. From these three begin the mixtures which create all other colors. For example, mixing equal parts of red and blue results in a pure violet. Equal parts of yellow and blue form pure green.

This second step gives the secondary colors (orange, violet and green). However, neither the pure primary nor the pure secondary colors are found to a great extent in home furnishings.

Generally, the colors we live with are muted or toned down by further mixing. To make any color lighter, white is added. This creates a tint. Similarly, addition of black to any color results in a shade of that color. The addition of white to bright red will develop pink, while adding black to pure green will give a deeper shade of green.

Mixing Formula
There are versions of the secondary colors which are created by mixing two primary colors in unequal parts. While yellow and blue, mixed equally, result in green, a greater portion of yellow mixed with blue produces a green which is definitely on the yellow side—lime or chartreuse. A greater portion of blue mixed with a small amount of yellow is used to obtain a green which is on the blue side, such as aqua or turquoise.

By this same method we can produce either red-orange or yellow-orange by adding more or less red to yellow. Copper and henna are examples of red-orange. The yellow used for taxi cabs is usually a yellow-orange rather than a true yellow.

A greater or smaller quantity of blue added to red will give blue-violet or red-violet, respectively. And, once more, any and all of these colors can be lightened with white or darkened with black. Strictly speaking, white and black are not considered as colors, but rather as mixing agents which produce tints or shades.

Color's Relatives
All hues have family ties just as people do. A color-wheel can help teach the relationships of primary and secondary colors. Nearly all color wheels are based on the same simple principle.

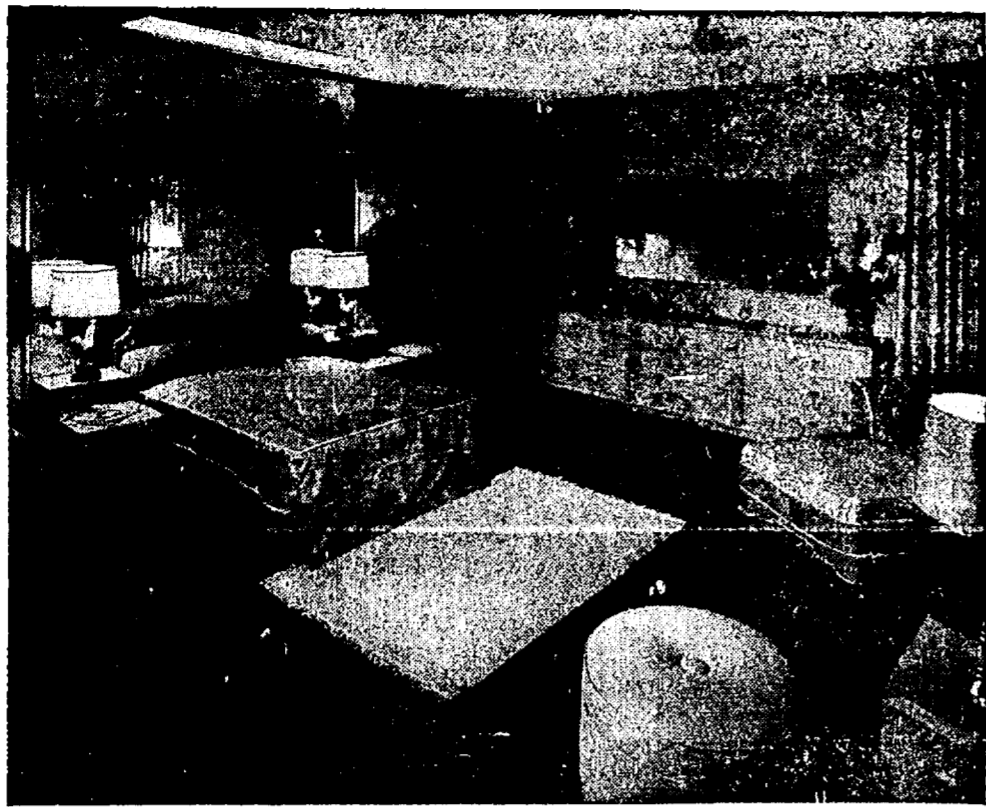

In a color wheel a circle is divided into three equal parts and the primary colors, red, blue and yellow, are placed in them. Next, an outer circle is added with spaces for the secondary colors, orange, violet and green. These secondary colors are placed midway between the two primaries which are mixed to form them. On the outer circle spaces are left for the intermediate colors—those formed from unequal mixtures of the primary colors.

Using colors together in color schemes is the next problem. What goes with what has often been a matter of discussion. As far as color harmony is concerned, any two colors can be used together with one predominating. But all people do not prefer the same combinations as a rule. However, there are certain definite combinations which appeal to the average eye.

Generally, the eye is best pleased with color combinations which contain some amount of each of the primary colors (red, yellow and blue). It is not necessary that these three colors be seen in their primary state. Two of them may be mixed together and appear as a secondary color. For instance, yellow and blue may be used in a color scheme in the form of green. Now, what is the safest color to use with green? Since the blue and yellow primaries are already represented, we merely add the third primary, red.

Pleasing color harmony does not result from the use of a combination of colors which are equal in amount. The best results come when a dominant portion of one color is used with accents on another. Green, therefore, can best be accented with a small portion of red. Christmas holly wreaths illustrate this point. The red berries give a decorative kick to the green leaves. There would be little demand for holly wreaths without the red berries. You are safe in following nature, using red accents with green.

The reverse holds true too: green accents with red are good in a decorative scheme. The eye is not entirely satisfied unless

Modern Originals by Widdicomb lend a spacious atmosphere to this contemporary bedroom. Displayed in Grosse Pointe by Haydon House, Inc.

both colors are present in proper proportion.

Nature also has the clue to the safest color to use with blue. The blue sky goes relatively unnoticed all day, but there is definitely one time of day when we pause to admire it. This is at sunset. Analyzed in terms of color, the blue sky adds the sunset hues of red and yellow (the other two primary colors) and combines them in the huge orange ball of the sun.

Against the background of the blue sky the combination is often awe-inspiring. Colorwise, it is simply blue color to which orange accents have been added. Pure, intense blue is seldom seen in home furnishings colors. However, the formula can still be used by combining lighter or darker hues with accents of peach, cedar or other versions of the orange family, lighter or darker.

What About Yellow?
Finally, there is the question of what to use with yellow. A study of nature will again give us the simplest answer. Incidentally, this is always a safe method. Purple iris or violets are found to have small yellow centers, accents. These small amounts of yellow provide the pleasing color harmony. The principle also works in reverse order. Yellow expanses can be accented with small amounts of violet.

In each of these examples two of the primary colors have been combined as one, and the third primary used as the accent note. Keep in mind these everyday, familiar instances derived from such sources as holly leaves and red berries, blue skies and sunsets, and the yellow centers in purple or violet flowers.

Use Color Wheel
You can also check this method with the color wheel. It has been adjusted to show a of the colors in equal segments while retaining the order of their appearance. In each case, these color combinations are directly opposite each other on the color wheel. This is not by accident, it's the way it always works out.

To take the formula a step further, the same method can be used to decide what to use with the various intermediate colors. Blue-green, for example, is a green on the blue side, or one which contains more blue than yellow. The color which best accents green is red. Likewise, the color which accents blue is orange. These combine into red-orange, which properly accents blue-green.

Expressed in home furnishings colors, this means that a sofa of turquoise or aqua color, versions of blue-green, will appear to advantage on a rug or against a wall directly related to the family of red-orange.

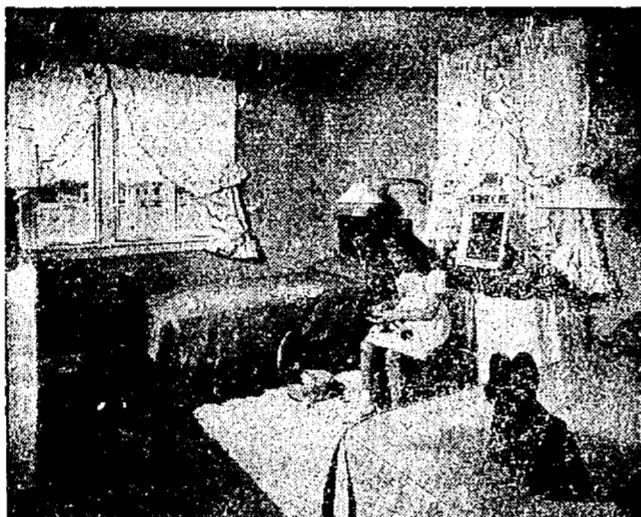

This doesn't mean red-orange in its pure state, but rather in a toned down or greyed version such as apricot, henna-rose, or a reddish-brown, all of which belong to the same immediate family.

This also ties up with the color wheel, since blue-green is directly across the wheel from red-orange. The same test will determine what to use with chartreuse, a yellow-green or a green which contains more yellow than blue. The accent for yellow is violet, and the accent for green is red. So, for chartreuse, these two accents may be combined into one color: red-violet.

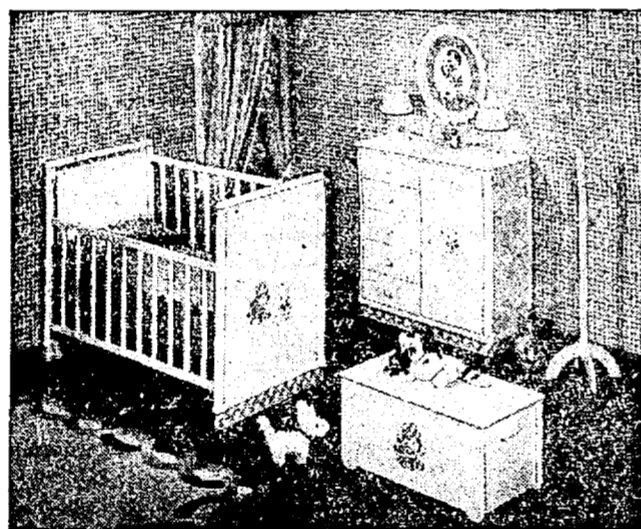

This means that any yellow-green, such as chartreuse, lime or apple, can be safely used with red-violet such as burgundy, mulberry, fuschia and raspberry.

On the color wheel yellow-green appears directly opposite red-violet. When seeking the proper accent for any color, refer to the color wheel and use the color opposite. This method is known as the use of complementary colors.

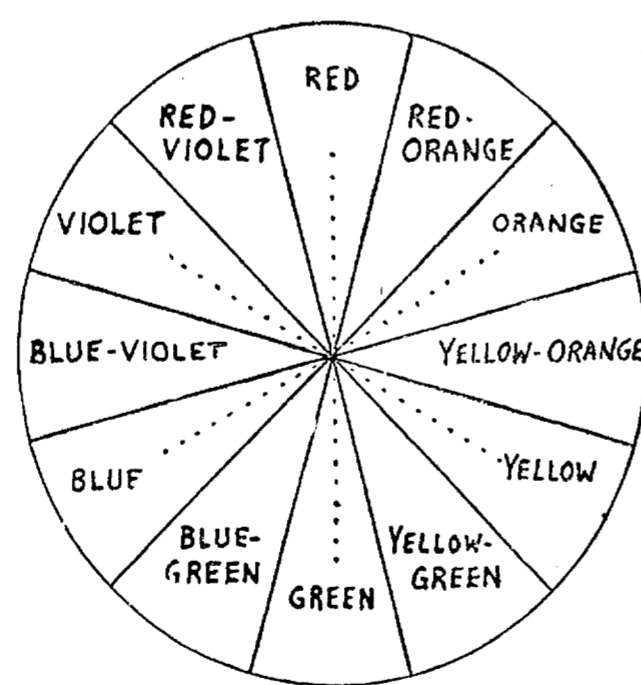

The average home is no longer devoid of gay, cheerful colors. Drab rooms are definitely a thing of the past, and home furnishings designers are constantly improving designs and introducing new styles.

Attractive twin headboard beds with dust ruffles to match the headboard upholstery add color and charm to this bedroom designed for two sisters. The dressing table top and stool matches the headboards. This suite is on display at Grosse Pointe Furniture Shops.

Don't forget baby. You'll give your children a fine start in life with a room of their own. Grosse Pointe Furniture Shops feature the finest in infants' furniture. The miniature wardrobe and chest shown above will teach baby the importance of neatness at an early age.

This wheel shows all colors in equal segments, so that you'll find good color combinations placed opposite each other.

Many Ann Busch Hostess At Party for Ohio Guest

Mary Ann Busch of Lancaster road, Grosse Pointe Woods, returned on Friday to classes at St. Mary of the Springs, Columbus, O. Last week she had as her guest, Frances Chinery, of Cincinnati.

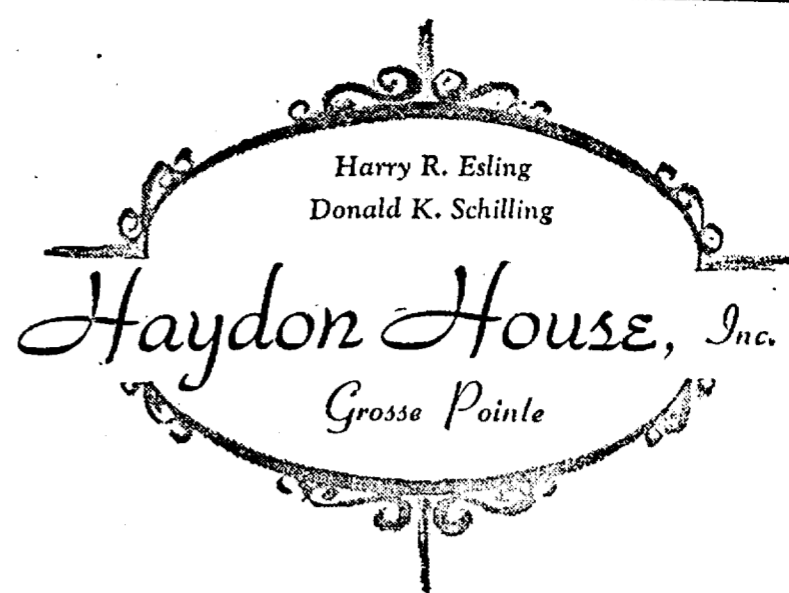

The hostess honored her guest at a breakfast, to which she invited Jean Kennedy, Joan Thibodeau, Ann Leinweber, Mary Pat Millenbach, Mrs. Dorothy Wurm, Pat Maloney, of Chicago, Corrine McKenney, Joan Ceymour and Barbara Condon.

Barbara Staudt of Lakepointe road has also left to begin her freshman year at St. Mary's college.

Gehlert Home Is Scene Of Farewell Celebration

Eight junior Pointers staged a recent going-away party for themselves and their friends before departing for their various alma maters. The Gehlert home on Grayton road was the scene of merry activity with Joan and Jean Gehlert, Bob Cudlip and Bill Robinson, Elaine Kramer, Dede McKee, Baro Klink and Bill Mackie as hosts.

Among those they greeted at the door were Harriet and Mary Lu Cudlip, Christine Sandodal, visiting from Havana, Cuba, Jack Cudlip, Rankin Peck, Sally Potter, Roger Hull, Liz Lind, Dolly Bennett, Bill Murphy, Johnny Brown, Carolyn MacPherson, Chuck Hicks, Sally Frost and Sherman FitzSimons.

Headboard Beds Are Growing In Popularity

Dramatic displays of headboard beds will be featured in retail bedding departments during the Fall Home Fashions Festival. Shown in a wide range of colors and designs, the variety of headboards includes attractive styles for all types of bedrooms.

Materials used in upholstering the headboards range from delicate satin and taffeta to serviceable leatherette and chintz. Florals, stripes and plaids as well as plain colors of every hue in the rainbow offer an interesting basis for bedroom color schemes. Some headboards are shown with matching draperies, bedspreads and dressing table skirts.

The headboard upholstery should set the decorative keynote for the entire bedroom. For example, a delicately scrolled headboard done in velvet, taffeta or nylon, in a dainty shade of green, pale blue or sunshine yellow would very nicely set the stage for a very feminine room.

Plans for a smartly sophisticated room might start with a cherry red faille headboard with an edging of red and white stripes, a bedspread to match, and red and white striped draperies. For masculine taste, a heavy, rectangular headboard covered in leatherette, twill or corduroy in bottle green, dark red or a rich brown would probably appeal.

The use of headboard beds makes possible the a la carte selection of other furnishings, too. For example, as many or as few sectional storage pieces as are desired can be chosen to fit the room and the needs of the occupant. Drawer chests, cabinets, bookcases, dressing tables and

desks may be chosen from any period because the versatile headboard bed harmonizes with all.

This bed style, once exclusively a decorator's item, is now available in almost all furniture and specialty stores. It is particularly popular with young and newly married couples planning budget apartments or small homes. They can start with the mattress and spring-on-legs, a chest and floor covering, and add the headboard and other pieces later.

Definition of Sofa

Although the word "Davenport" is widely used to designate the living room sofa, it is in reality a trade name. An upholsterer in Boston named "Davenport" made such luxurious couches that people began to speak of all overstuffed couches as "Davenports." The term was so widely used a sofa or couch came to be known as a Davenport. The dictionary defines a sofa as a kind of long seat, usually upholstered and having a back and arms; a couch is defined as a structure, as a bed or lounge, for repose or sleep.

PARCELLS SCHOOL

We were glad to see so many of our parents and friends take advantage of the Open House Sept. 19. They were all as pleased with the school as we are.

The 4H-Garden Club, under Miss Dorothy Wolfe's direction, held their Achievement Program in the playroom. These 5th and 6th grade pupils have worked hard all summer in their gardens and had many flowers and vegetables to display. The entries were divided into five classes:

- I. Club Exhibit; II. Speciman;
- III. Arrangements; IV. House Plants and V. Novelty Display.

Oriental Beauty

Many prominent interior decorators say the secret of home decoration is to have the rug the foundation for decoration of a room. Oriental rugs, such as the above, photographed in the S. J. Skaff store, is a striking example.

Radios Doing Double Duty

A radio is no longer just a radio. Today it frequently combines a variety of other features.

For instance, there is a handsome new piano which is not only a fine musical instrument, but also a radio and phonograph! This triple duty instrument has built-in drawers on either side. Pull out one drawer and you have a radio, pull out the other and you get a phonograph.

Tired? Crawl into bed with a good book, and turn on the bedlamp attached to the headboard. Just twist a dial on the lamp and you can also listen to the radio. Yes, it's a combination bedlamp and radio. The light is at the best angle for reading without eye-strain.

If you've got jangled nerves from a jangling alarm clock, there's a radio-alarm clock that's the answer to your prayers. Simply set the clock in your radio to your favorite program, and you can be awakened by the velvet notes of soft music. Or, if you like, by your early morning news program.

To answer the ash-tray problem, one radio now includes a smoking stand. For small apartment dwellers there's a radio-bar

combination on the market. And in Hollywood, where they don't do things by halves, they're fond of a halfpint-sized radio, no larger than a cigarette case. It's built like a hearing aid, and plugs right in the ear so you can listen while you work. Nobody else can hear.

Modern radios offer a lot of surprises for those who want to be different!

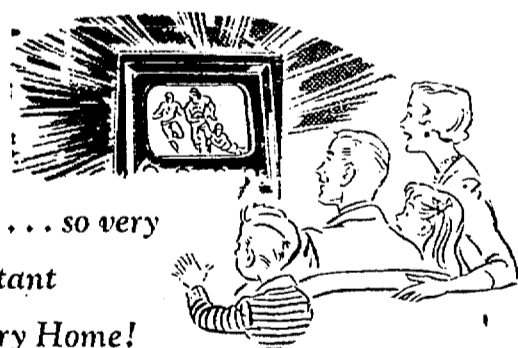

Good Design Not Costly

Good design and durability are not necessarily dependent upon cost. New mass production methods make the finest furniture available at moderate prices.

Fabrics are produced in such large volume as to sell at reasonable prices, too. Not since pre-war days has such a wide selection of furniture covers and drapery materials been offered by stores.

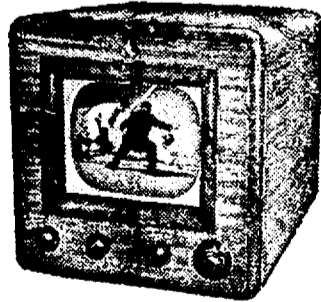

LOADER BATTERY STOLEN
Frank J. Knight, Jr. reported to Woods police on September 15 that between 4:30 p. m. on September 14 and 7:30 a. m. on September 15 someone had stolen a battery from his Ford loader parked on Mack avenue near Allard. He valued the missing battery at \$17.

Good Bedding Means Good Health Say MD's

Prominent among items being shown in connection with the Fall Home Fashions Festival are new developments in sleep equipment. Bedding deserves a place in the spotlight, said more than 1800 doctors in a recent survey, because it influences health more than any other furnishing in the home.

Wornout, inferior or unsuitable mattresses and springs can ruin a night's sleep because correct support is indispensable to relaxation and restful slumber. Bedding must be capable of giving equal support to each part of

the body, allowing the spinal column to rest on an even plane, in order to be comfortable.

Great progress has been made in the styling and comfort of sleep equipment recently. Most of the materials used in the manufacture of bedding have been to War and have profited by the extensive research which was necessary to make them meet rigid military requirements. In addition new styling and construction details developed by individual manufacturers have also improved the comfort and appearance of their products.

When shopping for bedding, it's well to remember that the quality of construction of a mattress is more important than the color of the ticking. It's a good idea, too, to buy the mattress and spring at the same time and to make sure that the combination is right. For example, an innerspring mattress should not be used with an open coil bed-spring. It supplies 2/3 of the total resilience of the combination and should have a firmer foundation such as a boxspring, a coil spring with a platform top or convolute coils, or a good metal band spring. A solid upholstered mattress, on the other hand, needs the additional resilience supplied by an open coil spring unless an extra firm foundation is desired.

Individual comfort preferences are an essential consideration, too, in the selection of sleep equipment. A heavyweight, for example, will rest better on a rather firm foundation, while a lightweight may prefer a soft one or medium one.

New, improved materials and construction methods are the result of years of scientific research. With the availability of this new comfort, there is no longer any reason why everyone can't have the kind of sleep which contributes to good health and the enjoyment of living.

Television Tables

Television tables, especially designed to accommodate table model television sets, are now available. These come both in period and modern design. They are equipped with a drawer and some have sliding shelves for accessories and are the correct height for the proper viewing of telecasts.

New Cedar Chest

Among the new duo-feature furniture items are cedar chests which resemble a low chest of drawers. Two cedar-lined drawers are provided for storage but an ingenious pull-out shelf, built into the chest just beneath the top, converts it into a fine writing desk or a dainty, feminine vanity.

TOUGH PHONE POLE

When the wheels on his truck locked, Theodore Grabski, 20, of 23 Mile road, hit a telephone pole at Kercheval avenue and Muir road on the night of September 17. The pole was not damaged but the truck suffered to the extent of about \$20, the police estimated.

A comfortable chair, a bright reading lamp, a radio and his favorite newspaper spell HOME to any man. Add a foot-rest for extra comfort.

Better Furniture Is Being Made

More careful finishing and better construction in new lines of furniture coming on the market can be expected in the near future.

You will find more low cost units, too, believes Jessie Marion, extension home furnishings specialist at Michigan State college, whose study of market reviews gives us this hopeful news.

New developments and fashions in home furnishings come

so rapidly it seems impossible to keep up with them. It pays Mrs. Housewife to keep informed by reading as much as she can, advises Miss Marion.

Some new features in home furnishings will prove to be very helpful to Mrs. Housewife. Paper draperies have been greatly improved. New designs and colors add to their appearance and a fire retardant treatment makes them softer. By adding chemicals to the paper some companies have draperies that are free from fire hazards and because they are softer will drape better.

New colors and color combina-

tions are very much in the news for furniture, carpets, curtains, drapes, linoleums and kitchen appliances. Orchid is turning up again in bathroom accessories such as shower curtains and towels.

Wood finishes in furniture are becoming darker, with a trend away from the blond. Brightly painted tops combined with wood finishes are being featured in case goods. Bottle green and darker colors are becoming prevalent in the new carpets. Bright yellow

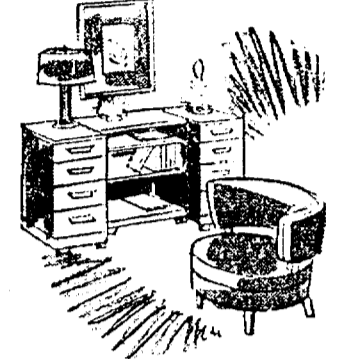

and gold are appearing more in floral patterns and plain yellow has been introduced in a new linoleum line. Chinese red, cocoa and hunter green are used in easel-type curtains and eliminate a need for draperies.

Her Goal

"I can assure you that a good woman's thoughts rise above dress." "That's right. She's probably thinking of a new hat."

Oriental Rugs . . . richest of all beauty!

Oriental Rugs can now be had for about 50% less than a few years ago

Unlike domestic floor covering and other household goods, which are still rising in price, Oriental Rugs have found a new level during the years 1947-48. When one considers Oriental Rugs for their durability, beauty, distinction and excellence as floor covering, the present day value can be appreciated.

Smart shoppers go to S. J. Skaff, Detroit's best-known dealer, where the largest selection and widest experience help to make the rug choosing a great occasion. Skaff's fine reputation for honest dealing, is an asset that is entirely essential in choosing an item so important as an Oriental rug, and where the buyer enjoys the right of "come back."

Skaff's is just that kind of dealer. Our 38 years experience, doing active business in Michigan, is your guarantee that you will get the best service and finest merchandise at the lowest prices.

Before you buy shop us; we'll give you the correct information on rugs; save you money; give you peace of mind; and assure you long-lasting satisfaction.

The 'New Look' In Lamps is Here

If you want your room to have the "new look" be sure your lamps are not dated! A handsome lamp costs little more than a new hat, yet many women who buy several hats a season are using lamps bought many, many years ago and look it!

The new lamps are tall, decorative and useful. The Chinese influence is popular, celestial figures fashioning the base of new lamps which may be used in modern or traditional settings. Planters lamps which provide space for vines come in many shapes and range from china bowls to metal scales of justice.

Nubian pincers, shining black saucers from the Belgian Congo, ceramic lions and tigers from the jungles of India—all furnish the motifs for new lamps. Shades are large and decorative and vary to fit the base.

The size and height of the lamp selected should depend on the height of the table on which it stands. The new tables are large and low enough to hold a good sized tall lamp. The bulb of the lamp should always be at the best height to provide for good light for reading or sewing.

French Provincial Is High Fashion

For interesting contrast in Colonial homes, French Provincial furniture may be mixed with American Colonial styles and the simpler pieces of 18th Century. Combining the charm and simplicity of line and decoration of its peasant interpretation, and the sophistication of the French court from which it was originally copied, French Provincial furniture is, as its name implies, developed in the provinces of France.

Today, however, it is a favorite with those who want an unusual touch which is both simple yet sophisticated, full of charm, comfortable, colorful and adjustable to present day surroundings.

Because native fruitwoods were used to fashion the original pieces, French Provincial reproductions today are usually shown with a fruitwood finish—a soft brown tone that blends well with maple, cherry, walnut or mahogany.

Fabrics used on the upholstered pieces are of the chintz variety and have small, gay figures, often glazed. Checks are very popular. Dining room chairs have ladder backs and many of the bedroom groupings have upholstered headboard beds.

The popularity of French Provincial is growing more noticeable in the lovely model rooms assembled by furniture stores as part of the Fall Home Fashions Festival.

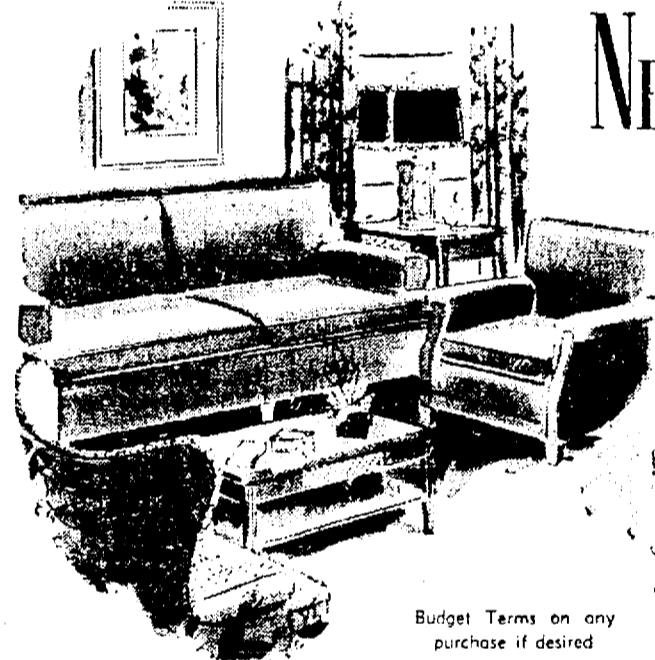

Late.

"Waiter, I ordered an egg sandwich and you brought me a chicken sandwich."
"Sorry, sir, I was a little late calling for your order."

Modern is Style Parade Leader in Furniture

If your home is furnished in modern, you're at the peak of the fashion, for that style is now firmly entrenched as America's number one preference, a survey conducted by the National Retail Furniture Association discloses. Its popularity has skyrocketed to such heights during the last year that more modern is being purchased for American homes than any other single style, and shows no signs of diminishing.

Walnut appears to be the favorite wood for the modernists, and the trend to the new simplified designs is particularly noticeable in dining room and bedroom suites.

It should not be construed, however, that modern is "running away" with the American home, although this new fledged style accounts for 50 per cent of all living room suites sold.

It is unlikely, according to style authorities, that modern will permanently replace the traditional period styles for all time. The modern influence will creep into even the traditional designs, but these established periods are so well founded through long use and intrinsic esthetic value that it is unlikely any new style will drive them completely from even the modern home.

As one designer puts it, "Modern is disappearing as a definite and sharply limited style, but expanding simply as good design with modern feeling. There

will definitely be more of this as time goes on."

Hence, while the contemporary influence is more manifest this season than at any time in the past, it is not the bizarre, weird moderne of several years ago, but rather a much modified modern more adaptable to the average home, and more in harmony with the established periods.

Nearly 75% of the bedroom furniture sold in California last year was modern in design, while New England still clung to the elegant, traditional 18th century bedroom suite. Thirty-five per cent of sales in New England were traditional and only 26% modern.

Early American designs are preferred by 10% in both California and New England. Sales of 18th century bedroom suites were the lowest in California. The most popular wood was walnut.

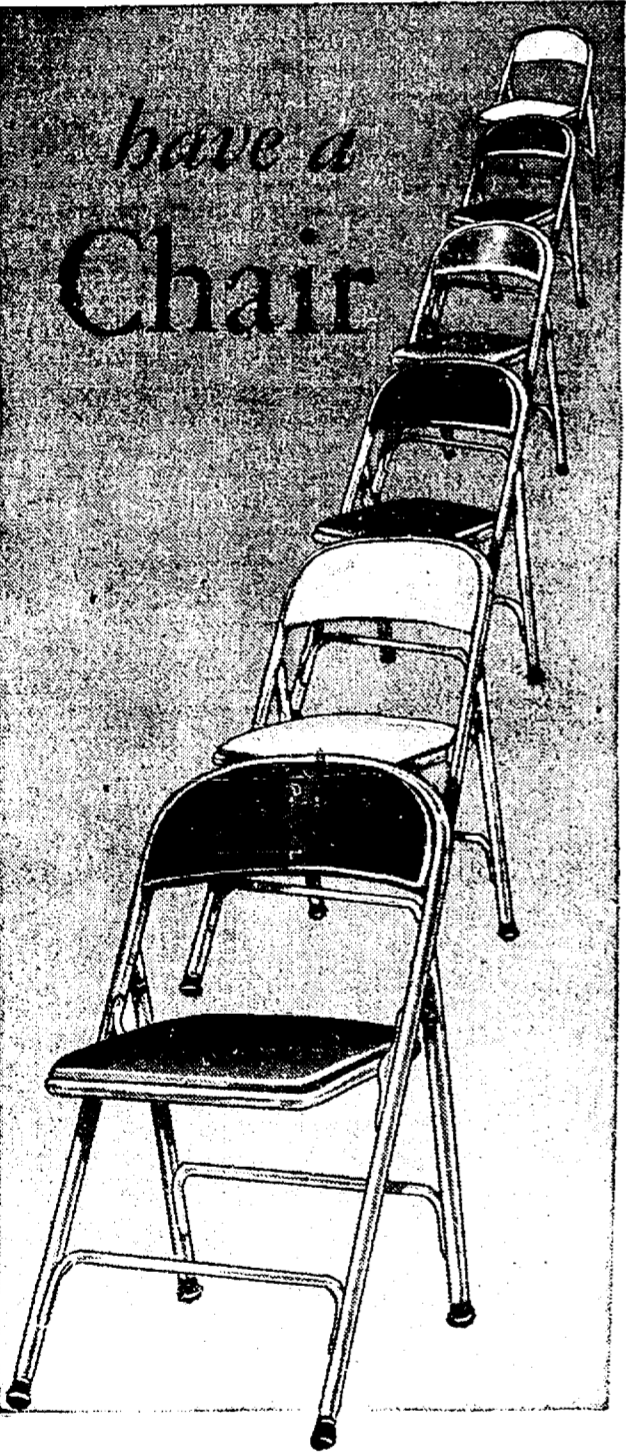

Mahogany leads in the 8-piece dining room suite category in all parts of the country, but ties for first place with walnut on the West Coast. Although the nation's homemakers seem to prefer modern furniture in the living room, there is an overwhelming preference for 18th century dining room suites.

For families with smaller dining areas, the 5-piece dinette suite in small-scale modern design is in greatest demand. Oak is the most popular wood, except in New England, where maple is preferred.

Short and to The Pointe

(Continued from Page 8)

MR. and MRS. DEAN SELLERS of Washington road were hosts recently at a dinner party at the Grosse Pointe Yacht Club. Honor guests were MR. and MRS. CHARLES A. SULLIVAN of Oak drive, who were celebrating their sixtieth wedding anniversary.

Dinner at the Lochmoor Club followed by dancing at the Boat Club helped MARY ANN STAUDT to mark her twenty-first birthday recently. Helping her celebrate were MARGIE HOLLAND, BOB TOBIN, LETTIE KRETSCHMAR, JACK HUCKINS and the honoree's escort, JACK MACKENZIE.

About 30 guests attended DIANE THOMPSON'S farewell fête for KATIE STEWART recently in the Thompson home on Somerset road. Katie is now attending Penn Hall in Chambersburg, Pa. Among those present were ELLY CORFIELD, MERRY BAUMANN, JANE FORDON, CHARLOTTE SMITH and JUDY NELLIS.

JOAN ROCKWEL came from Ann Arbor to her Ballfour home for a weekend. Her house guests were MARY LOU BEEMAN, of Grand Rapids, her Delta Gamma sorority sister, and CYNTHIA FINN, of Sutton's Bay, a Theta sister.

Accompanied by their daughters, ELAINE, GEORGIANA and SANDRA, MR. and MRS. GEORGE E. SCHENCK have returned to their home in Lakeland avenue after a month at Nantucket.

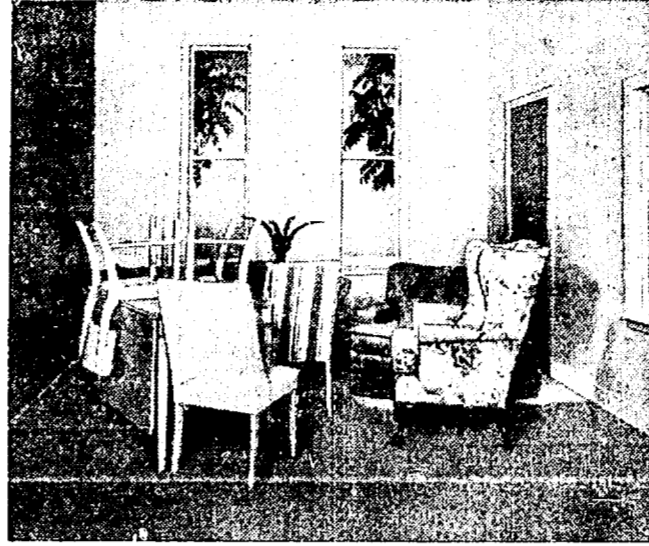

DR. and MRS. FRANK H. PURCELL entertained on Sept. 23 at a cocktail-dinner party in their Edgemont Park home. Honor guests were their niece, MARY ELIZABETH KERWIN, and her fiancé, EDWARD KEITH FRAZER, JR. The couple will be married Oct. 9.

A portion of the college crowd met for dinner at the Grosse Pointe Yacht Club to mark vacation's end, and then adjourned to DOUG LONG'S home for dancing. Exchanging goodbyes were JACKIE MONTEE, JOE NAYMICK, JOYCE CULHAN, CARL STEIN, AMY MORRISON, GEORGE WESTERHOLM, PAT McCLURE, GEORGE CHERPELES, CAROL GRYLLES, TED LIKERT, JANET VAN OSDOL and DICK LAMB.

COMTESSE PIERRE de ROSTANG gave a luncheon recently in her home in Trombley road for MRS. MALCOLM HUMPHREYS, of Palm Beach, Fla., MRS. WILLIAM J. HEIL and her sister, MRS. EVANS STEVENTON. Mrs. Humphreys is visiting her brother-in-law and sister, the LEWIS L. GOODWINS. Mrs. Heil and Mrs. Steventon left Saturday to spend the winter in San Francisco.

Miss Marian Chapin, daughter of Mrs. Roy D. Chapin of Lake Shore road, Grosse Pointe Farms has left to attend Briarcliff Jun-

How to Treat 'Difficult' Windows

Here's a striking example of how a furniture store decorator solved a perplexing window problem. Above you see the furniture as it was delivered from the store, and below as the room looked when the decorator had finished with the window. A deep cornice at the top, venetian blinds, wall-to-wall carpeting, book shelves, a few potted plants, colorful draperies and — presto! — a "problem" becomes a thing of beauty.

ior College at Briarcliff Manor, New York, where she will be a member of the freshman class. Miss Chapin, who is a graduate of Miss Porter's School, will major in Liberal Arts at Briarcliff.

SALLY MARSHALL, daughter of DR. AND MRS. JAMES R. MARSHALL of Lincoln road, left recently for Western College for Women at Oxford, Ohio. Her brother, JIM, has also returned to the University of Michigan to resume studies in medical school.

MR. and MRS. EMIL HUBER of Berkshire road, returned recently by air from a three months vacation trip to Switzerland.

MR. and MRS. JOSEPH ZEMENS of Broadstone avenue left for a Cuban holiday recently. It was the first chance the Zemens have had to vacation since the arrival of a daughter, KATHRYN ANN, on June 24.

The old fashioned hay ride and box supper which 26 members of the young single and married sets enjoyed on Sept. 19 was inspired by MRS. CHARLES DELBRIDGE, JR., and MARY JANE McCLURE of Nef road.

Three members of the HARRY

B. HOWENSTEIN family of Vendome road are attending schools away from home. HARRIET is at Wheelock School in Boston. BILL at Portsmouth Priory in Rhode Island and JEAN at Smith.

MR. and MRS. HUGH McMILLAN, JR., of Toronto, Ont., paid a brief visit to Hugh's father, HUGH McMILLAN and MRS. McMILLAN of Woodland place recently.

MRS. CHARLES B. DUCHARME, who has been spending her summer here, will return to Tryon, N. C., at the end of the month. Part of the time, she has been the guest of her son and daughter-in-law, the JEROME C. DUCHARMES of Meadow lane.

MR. and MRS. JOHN KENOWER of Village lane are vacationing for two weeks at Farmington Country Club in Charlottesville, Va.

The OWEN R. SKELTONS and their daughter, EDNA, arrived home on Ridge road last week after two months of European travel. Edna left Tuesday for Wellesley College. MR. and MRS. JOHN B. MORAN, JR. (JOYCE SKELTON), are staying with her parents until their own home is completed.

MR. and MRS. JOHN BOCKSTANZ of Nottingham road will celebrate their sixth wedding anniversary on Sunday, Oct. 3.

In Waverly, Mass., for a month is MRS. NORMAN H. PREBLE of Rivard boulevard. She's the guest of her son-in-law and

daughter, MR. and MRS. EDWARD E. STRITTER.

MRS. WESSON SEYBURN plans to leave her home in East Jefferson avenue this week-end for New York. There, she will bid bon voyage to her son-in-law and daughter, MR. and MRS. MANUEL QUINTANA and their son, MANUEL, JR. The Quintanas, who live in Old Westbury, L. I., will sail Oct. 5 for the Argentine to spend a few months visiting Mr. Q.'s parents, MR. and MRS. CARLOS QUINTANA.

MRS. C. BRADFORD HITT of Lincoln road was chairman last week for the Boat Club bridge luncheon and fashion show.

The EDWARD M. BURSICKS of Buckingham road were in New York last week for a brief fall vacation.

JOSEPHINE MOLL, daughter of MR. and MRS. LESTER S. MOLL of University Place, is studying at Manhattanville College of the Sacred Heart in New York.

In their Washington road home Friday evening MR. and MRS. EDWARD S. WUNSCH entertained at a buffet supper. Among the guests were the crew who sailed the Escapee to Bermuda in last spring's race.

MR. and MRS. WALTER E.

AUCH of Hillcrest road have announced the Aug. 25 birth of a son, TERRANCE HICKEY.

SHIRLEY FORSYTH, daughter of MR. and MRS. RICHARD A. FORSYTH of Rivard boulevard, entrained Wednesday for her freshman year at Mt. Holyoke College.

Joan Morrison is currently enrolled as a student at Frances Shimer College, Mount Carroll, Illinois. She is the daughter of Mrs. William Morrison, 503 University place, Grosse Pointe.

JAMES S. DAVIS announces the engagement of his daughter, EVELYN, to ANTHONY HOLLOW, son of MR. and MRS. SHICKORY HOLLOW of LaSalle Gardens, N. No date has been set for the wedding.

MR. and MRS. E. H. BISHOP of Falls View, West Virginia, were visitors in the Pointe this week. They were the house-guests of their niece, MRS. LES SCHROEDER of Colonial Court North, and MR. SCHROEDER.

MR. and MRS. CARL C. KELLER of Omaha announce the birth of a son, MICHAEL MARTIN, on September 20. Mrs. Keller is the former DORIS BARBARA ALLEN.

Around the middle of next month MRS. ARTHUR GARDNER and her daughter, JOAN,

are expected to return to their home in Lake Shore road.

MR. and MRS. WENDELL W. ANDERSON leave their home in Vendome road this week-end. They'll chipper to Bermuda from New York.

We aim to take CARE of our own . . .
NEW CLAYTON ANALYZER POINTS OUT DEFECTS WITHOUT LEAVING OUR SHOP
By pressing a button, we take your car off a fast highway and into heavy traffic . . . then up the steepest grades . . . all without leaving our test stall. That's because we have the amazing CLAYTON ANALYZER . . . the same instrument used by motor car manufacturers to test car performance under actual road conditions. These tests, before and after service work, show exactly what work is needed and how well it is performed. Trouble shooting with us is a science because guess-work is eliminated. Saving in time and parts reduces cost to you. Play it safe . . . have your car checked today.

PETZOLD A Dependable Name Selling A Dependable Product
The Only Service Department in Detroit
Specializing in Station Wagon and Wood Body Repair
Station Wagon Specialists — You'll be surprised what a completely new look we can give your station wagon or wood body automobile. Our wood body specialists (men who have years of experience on fine wood finishing and repair) know how to get the most out of the finish. For instance, all varnish is applied with a brush instead of mechanically sprayed — smoothly, evenly and with lustre that enhances the wood's natural grain and beauty.
Save Money on Our Bumping and Painting — Whether it is a large job or just a small fender repair you'll find that Petzold does it efficiently, economically. Come in and see our special body shop in action and then you'll be sure to see why people say "They really do a job at Petzold's."
NO MONEY DOWN — EASY TERMS on all service work. Just ask to see our service manager when you come in.
Tune In The Animal World Court — WXYZ 6:30 P. M., Monday thru Friday
