Hear Report On Fluorine Experiments

Study Leads Farms Trustees
To Table Matter For
Three Months

A report of the committee studying the feasibility of introducing fluorine into the water furnished through the Farms pumping station, was heard at a meeting of the Farms trustees Monday night. After discussion the report was tabled for three months. Henry Hubbard, trustee who is chairman of the committee which includes Trustee George Schlaepfer and Engineer Murray Smith, said that the group has accumulated considerable data on the matter.

Many Arguments
There are many arguments for introducing sodium fluoride into the water used for drinking. The practice is strongly recommended by many dental organizations which claim the fluoride is most beneficial to the teeth.

Mr. Hubbard said, however, that the State Department of Health has advocated that communities wait until all results are in from tests which are being conducted at Grand Rapids, before they go ahead with the installation of systems to put fluorine in the drinking water.

Tests Take Time
The Grand Rapids experiments have been going on for about five years and it is said it may be four or five more years before they can be properly evaluated.

The committee reported the equipment and installation would cost about \$1,500 and at the present rate of consumption materials would cost about \$2,400 per year. The trustees felt that if the matter is brought up again in three months more information may be available to help them make a decision.

Smash Windows In New House

Alfred DePaape, of 67 Lochmoor boulevard, reported to the Park police on April 23 that some one had broken 19 panes of glass in a new house he is building at 1035 Whittier.

A woman living in the neighborhood of the new house reported that earlier in the forenoon of that same day she had seen two boys with sling shots about the premises.

Swimming, Sound Trucks Targets of Park Ordinances

Two ordinances were introduced in the Park Council meeting on April 22, which will directly affect certain practices which have become common in the Park in recent years.

Entries for Big Mutt Show Pass 100 Mark; More Prizes Announced for Annual Event

Additions Made to Committee of Public-spirited Residents
Who Will Help Run Show Scheduled for Saturday,
May 7 at 10 a.m.

As of Monday, April 25, 107 entries had been received for the Second Annual Mutt Show being sponsored jointly by Gray's Sport Shop and the Grosse Pointe News. With entries limited to 125 and the event scheduled for May 7, nearly two weeks away, it looks as though there may be some disappointed youngsters who failed to enter their pets before capacity was reached.

Roland Gray has been getting entries at his home as well as his shop at 106 Kercheval, and the calls have been coming at night and on Sundays. Entries should be made during the day at Gray's Sport Shop. And it isn't necessary for the owners to take the dogs with them when making the entry, as a number have been doing.

Owners should also remember that their dogs must be licensed and vaccinated as prescribed by Pointe ordinances.

Rules Being Mailed
Postcards containing all the rules for the Mutt Show will be mailed to all entries in plenty of time for thorough study before the event.

In addition to the medals which will be awarded the winners, a number of other prizes have been proffered during the week.

Wood Motors of Mack agency for the popular MG British cars, has asked permission to give two of the winners an outing after the show. The first place winners in the two classes for best groomed dogs (large and small) will be taken to the Grosse Pointe Yacht Club in the MG cars. There they will be taken aboard one of the new all-glass Garmont boats made by the famous Gar Wood Company, and taken for a ride on Lake St. Clair.

Will Present Pictures
Paul Gach, well known Pointe photographer, wants to make pictures of some of the winners and their pets and will present copies to the owners.

Miss Beverly Ann Gray has announced she would like to donate a prize. Just what this will be is being kept a deep secret to date.

John Sweeney, Jr. of Moran road, who made such a fine contribution to the success of the show last year by sending his prize French poodles, to give a demonstration of obedience and tricks, is being contacted to see

if it will be possible to have a repeat performance this year.

Committee Enlarged
There have been a number of additions to the large committee which plays such an important part in the running of the show. The cooperation of these public spirited residents in helping out with this community-wide event is greatly appreciated by the sponsors.

Added to the committee list have been Mrs. William B. Ford, Jr., the Misses Gertrude Whelden and Helen and Mary Owen, Bill Callery, Lam Bowen, Henry B. Joy, Jr., C. A. Dean, III, Charles Palms, Jr., William Joy, Traver Smith, Detective George Champlain of the Farms police department, Benjamin Warren, Lysle Basinger, Jack Caulkins, F. C. Ford, Jr., Jake O. Wardwell, Dorothy Bennett, Forrest Geary and Arthur Gardner, Jr.

1000 Attend Sessions of Institute

Representatives of 42 Organizations
Vote for Formation
of Community Council

More than 1,000 interested Pointers attended the sessions of the Family Life Institute held last Thursday evening and Friday in the High School. All of the meetings were well attended and the foundations were laid for future projects for the advancement of improved family life conditions in the community.

To Establish Council
The establishment of a "Grosse Pointe Community Council," composed of representatives from local organizations and municipal governments, whose purpose shall principally be to foster the development of community life of all the Grosse Pointes, was unanimously approved at a dinner session on Friday night, attended by 175 men and women representing 42 local organizations.

The resolution advocating the formation of the council was presented by Grant Armstrong, chairman of the Community Council Committee. He cautioned that the plan called for hard work and sincere backing from all the community and announced that the first meeting of the Council, as voted, would be held on Thursday, May 5, in the Neighborhood Club. Plans for definite projects will be discussed and the public is invited to attend.

Enthusiastic Youth Panel
One of the most enthusiastic groups which met at the Institute was the Youth Panel. The forum for parents and youth was headed up by John Page, well known authority on youth problems and Howard Howell, a group of 10 young people have been working for several months on a Moral Code which they presented for discussion and approval. The young people stressed the fact that valuable as a code is, matters can be much more easily and justly handled by parents and youth can talk problems over with understanding.

The Rev. Paul F. Ketchum of Grosse Pointe Memorial Church announced there will be an open community meeting for parents and youth to be held in the near future in the church, to clarify the proposals of this panel and work towards better family life in the Pointe.

Community Planning
A group on community planning headed Edward Connor, executive director of the Citizens Housing and Planning Council of Detroit and a Resource Panel under Moderator Ledyard Blake-man.

Mrs. Cosgrove of the Highland Park Schools, spoke to a large group of mothers and students on "What Is a Good Mother?" Among the thought-provoking and practical suggestions offered were to have fun living with your children; to live enriched lives; that mothers need to have the courage to let the child take the consequences of his own acts; that they need to encourage self-reliance in children by trusting that they have good sense; to accept the child as he is; and to recognize the biological urges as normal but needing to be molded into civilized life. Following the discussion period which closed the meeting, nearly one hundred women signed up for further classes or lectures along these lines.

Miss Collins Speaks
Miss Lorentine Collins of the Detroit Schools was the dinner speaker. With her rare wit and humor but with deep conviction and enthusiasm, she stressed the importance of facing our problems for our children by "Working Together."

Superintendent of Pointe Schools John Barnes welcomed the large evening session which was then taken over by Dr. Howard McClusky of Ann Arbor. Both Dr. McClusky and the other speakers emphasized the need for over-all planning and the importance of schools as community centers.

Audience Participation
Before the final summing up by Dr. McClusky, time was given for audience participation by using Dr. Phillips' 6-6 plan in the consideration of projects listed on sheets presented to everyone present.

All Voters Warned About Registration For May 9 Election

Electors Must Be Specially Registered For School Balloting
Before They Can Cast Votes On \$4,000,000
Bond Issue and Increased Millage

To vote at any school election, which includes the special election on May 9 on the \$4,000,000 bond issue, it is necessary for the voter to be registered especially for school elections.

Many persons, because they are registered to vote at the usual village, county, state or national election, believe they are qualified so far as registration goes to vote at the May 9 election.

This is definitely not so. If they are already registered to vote at school elections they may then vote on that registration on May 9 but unless they are so registered for school elections, they cannot vote.

Where To Register
Persons wishing to vote at the special election on May 9 and who are not now registered for school elections, may register at the Board of Education offices at 389 St. Clair or at any public school on any school day during school hours.

In addition to that they may register on Saturday, April 30, at any elementary school office between the hours of 3 and 9 p.m. and also up to noon on Saturday, May 7, at the Board of Education offices.

Separate Issues
The election on May 9 will be for two separate purposes. First, the voter will vote, yes or no, on the proposal to issue \$4,000,000 worth of bonds. Only those who are property owners or who are the husband or wife of a property owner can vote on this issue.

Second, the voters will vote yes or no on the authorization to increase the school millage to care for the bond issue. Any registered voter can vote on this question. Both measures are definitely interlocking. The failure of either one automatically means the failure of both.

Either measure carries by bare majority of the votes cast.

Simple Majority Suffices
When the hike in the school millage to five mills was voted three years ago it required a two-thirds of the votes cast to carry either measure. That was the state law then. Since then it has been amended, (last year), so that a simple majority suffices to carry either.

When the school millage hike was adopted three years ago the measure got through by a scant excess of twelve votes more than the required two-thirds.

To vote on either of the measures the voter must be registered for school elections.

Plenty of Room In Park Schools

An interesting sidelight on the impending crowded conditions of Grosse Pointe schools, as so strenuously set forth by the proponents of the \$4,000,000 bond issue, is furnished by figures obtained on April 26.

The registration as of that date at the Trombley school was only 276. The capacity of this school is 600 pupils.

At the same time the registration at the Defer school was 345. The capacity of the Defer school is 650 pupils.

Chance Arrests May Solve Robberies in Park and City

A chance pickup of two suspicious parties by the Park police last Sunday night, bids fair to lead to the solution of a lot of car stripping and miscellaneous robbery that has been going on recently in both the Park and the City.

Park Patrolmen Mouton and Hoyer, cruising at midnight, saw a young man on foot on Cadeux who they thought it might pay to interrogate. He wasn't so inclined and ran towards Harvard. They eventually got him and Sergeant Mead and Patrolman Russell joining in the hunt, got another unattached

All Members Requested to Be Present

Must Decide Important Matters Aimed at Opening
Lakefront Community
Center

All members of the Grosse Pointe War Memorial Association are urged to attend the annual meeting, scheduled for Monday night, May 2, at 8 o'clock, in the Neighborhood Club. Anyone who has made a donation or pledge to the fund is a member of the organization and entitled to vote on the many important matters that will come before the meeting.

Would Reduce Board
Proposed changes in the setup of the organization were approved at a meeting of the board of directors in the Neighborhood Club on April 7. They will ask the members to change the board from the present 59 directors to 15, and it is expected that will be the number which will be elected Monday.

There will also be a vote on recommended changes of the articles of incorporation and by the by-laws of the association.

To Change Name
The directors approved changing the name of the organization from the Grosse Pointe War Memorial Library Fund to the Grosse Pointe War Memorial Association. The members are expected to approve this change now that the library project has been rejected and Alger House acquired as the community's memorial center.

It is also expected committees will be named to carry on the various aspects of opening, operating and maintaining the memorial center in Lake Shore road.

The first event which will be conducted at the center will be Memorial Day exercises. Because of the brief time available between the annual meeting and the holiday, it has been necessary for some of the members of the Special Committee of Fifteen which did so much work on the acquisition of the property, to continue to function in assignments designed to have the center in shape for the Memorial Day exercises. The grounds are being cleaned and put in first class condition. It is expected the residence itself will be cleaned and open for the inspection of the members on Memorial Day.

Shrine to Be Moved
The temporary Memorial Shrine which has occupied two locations on the High School campus is being moved to the lakefront site before the holiday. Later on, when provisions have been made to have the names of those who served and died in World War II permanently installed in a suitable place inside the center, the temporary shrine which now contains plastic panels of these names, will be converted into a summer house on the Center's grounds. It is a copy of a Sir Christopher Wren summer house and is expected to fit in most satisfactorily with its surroundings.

Great Possibilities
The necessary furnishing and decorating of the Center is expected to get started shortly after Memorial Day. Many details must be worked out, but the passage of time is expected to see the Center take an increasingly important part in the lives of all Pointe residents as a headquarters for cultural and educational activities.

Primarily A Memorial
Under the direction of public-spirited citizens it should develop into a beautiful and functional Community Center, and, in keeping with its primary purpose, be an outstanding tribute of the Pointe to its heroes of World War II.

Church Entrance Scene of Crash

An accident involving two cars was reported to the Farms police by one of the drivers on April 25.

Richard Henry Miller of 20009 Washtenaw, was driving his Hudson west on Lake Shore road when he collided with a Crosley being driven out of the driveway of St. Paul's Church by James W. Law of 26 Moran.

According to the police report, Law accepted the blame. Damage was estimated at \$50 to each car.

Requests Permit For Car Laundry

John C. Staudt, real estate operator, appeared before the Park Council on April 22 on behalf of a client who wishes to locate a car laundry on the last two lots in the commercial area on the south side of Kercheval between Beaconsfield and Nottingham. The zoning ordinance now requires that where a car washery is operated, the offset from the street shall be 25 feet. Mr. Staudt asked that the offset should be reduced to 20 feet, to allow readier access to the property from the rear.

The Commissioners informed Mr. Staudt the permission would have to wait amendment to the ordinance.

Private Police License Asked

Application was made to the Park Council on April 22 by Julius G. Rapasky for a license to carry on a private police patrol service in the village.

The practice of granting permission to private citizens or groups of private citizens to hire special watchmen for their homes has been permitted in the village for many years. In such cases the private watchman or company gives a bond of \$1,000 to indemnify the village against liability for the acts of the privately licensed watchmen.

When the Rapasky application was presented there was a discussion whether or not this bond was high enough in view of the incidents which might arise involving the village.

Action on the Rapasky application was postponed until the Village Attorney can examine the matter further and advise the Board of Commissioners.

It was understood Papasky's application contemplated a general watchman service for any citizens who might desire to hire it anywhere in the village.

Dogs to Give Demonstration Of Obedience at Show Here

The Southern Michigan Obedience Training Club will hold its second American Kennel Club Sanctioned Obedience Trial in the Eoys Gym of the Grosse Pointe High School, Saturday afternoon, April 30. Judging will commence at 1 o'clock. Pure-bred dogs of any breed and of either sex are eligible to compete.

The purpose of Obedience Trials is to demonstrate the usefulness of the pure bred dog as the companion and guardian of man, and not the ability of the dog to acquire facility in the performance of mere tricks.

The various classifications of exercises engaged in by the dogs and their handlers which are "Novice, Open and Utility," have been adopted by the American Kennel Club with the thought in mind that a dog which meets the requirements for being trained as a Utility Dog has demonstrated its fitness to a place in our modern scheme of living.

Each dog will be individually judged solely on its ability to perform the prescribed exercises and not upon its show points or conformation. The highest possible score in each of the classes is 200, and prizes and prize ribbons will be awarded to the four highest scoring dogs in each of the five classes. In addition, a special prize will be awarded to

the highest scoring dog handled by an amateur exhibitor, and a Grand Prize and Rosette will be given to the highest scoring dog in the Trial.

Admission is free, and everyone is cordially invited to attend the first Dog Show ever held in Grosse Pointe under American Kennel Club auspices.

Five Dog Bite Cases Reported

Five Dog bites were reported to the Farms police department during the past week. In all cases, the owners were ordered to keep their animals confined for a 10-day observation period and the bites were reported to the Grosse Pointe Health Department.

On April 24 Bruce Thompson of 126 Kerby lane and Henry Holland of 57 Cambridge road were bitten by a dog owned by Mrs. Robert Brooks of 85 Cambridge.

On April 19 Dick Newkirk, aged 14, of 355 Mt. Vernon, was bitten by a dog owned by the Bartletts of 340 Kerby road.

On April 21 Larry Krawczak, aged 6, of 470 Colonial court, south, was bitten on the left hand by a black cocker spaniel owned by D. W. Campbell of 454 N. Colonial court.

On April 20 John Gardener, aged 2, of 4000 Haverhill, was bitten on the right cheek by a setter owned by Dr. George Goodheart of 273 Beaupre road. The child was visiting his grandmother, Mrs. J. C. Peters of 302 Kerby road. He was taken to Cottage Hospital by Patrolman Lyford for treatment.

sions of the small groups formed, it was found that interest centered first in individuals, who, after consideration of their own lives, their values and activities, should orient them toward better family life. The second most important project as shown by audience vote related to the schools, including more parent education classes in their regular programs, and the proposal that schools work for programs which will ac-

complish worthy home membership.

Another suggestion which appealed to the group was that leaders of such organizations as Scouting should work for enough leaders so that better programs towards mature personality development could be offered.

Finally the audience felt that it was important to increase responsibility of youth by offering job opportunities and by using youth on all planning programs.

The Family Life Education Committee which brought about this Institute wishes to thank all the citizens and organizations who gave so generously of their time, abilities, interest, and financial assistance to make the Institute possible, and feels that by continued efforts and support of the Community Council much progress can be made towards bettering family life in Grosse Pointe.

Macomb Chapter to Hold Annual Meeting on May 4

The sixteenth annual meeting of Gen. Alexander Macomb Chapter, U.S. Daughters of 1812, will take place Wednesday, May 4, at The Stockholm on East Jefferson avenue, with luncheon set for 12:30 o'clock.

Mrs. Harold M. Hastings, president, will conduct the final board meeting of the fiscal year at 11 o'clock at Newberry House, as usual. She will also preside at the annual meeting, at which officers and chairmen will report on the year's accomplishments.

Delegates reporting on the 57th Associate Council just concluded in Washington include: Mrs. Lloyd DeWitt Smith, Honorary President National, and Mrs. Henry B. Joy, Honorary Vice-President National.

Mrs. Marvin L. Hoagland will be honor-guest at the luncheon, as she was elected in Washington to the office of third vice-president-national, which carries with it the national chairmanship of membership.

Mrs. Frank A. Rose, chaplain of Gen. Macomb Chapter, will conduct a memorial service for deceased members; and will install the officers-elect for the ensuing year.

SNEAK BOMBARDMENT

A burst of fire crackers was reported from the neighborhood of the High School on the night of April 24. The Farms police investigated but the bombardiers had fled.

Belanger Fines Reckless Drivers

In an unusually heavy session of traffic court in the Park Judge C. Joe Belanger disposed of 13 cases in rapid succession on April 20. The cases—

Matthew Carey, 385 University, for driving without due care and caution, on March 31, causing an accident at Maryland and Jefferson, paid \$10 fine and \$5 costs.

Leslie R. Saylor, 15412 Mack avenue, for driving into moving traffic at Mack and Nottingham on April 2, causing an accident, fined \$15 and \$5 costs.

James Wm. McClellan, 29160 E. Jefferson, for leaving scene of property damage on Nottingham. Fine \$75 and \$5 costs.

August M. Conner, 3826 Livernois, for entering intersection without due care and caution, was let off with costs of \$5.

Rene J. Maguet, 22329 Glenn court, St. Clair Shores, charged with speeding 40 m.p.h. on Jefferson, failed to appear at hearing and forfeited a bond of \$20.

Nancy C. Pierce, 582 Lincoln, for entering intersection without due care and caution, at Pemberton and Fairfax, fined \$10 and costs of \$5.

Theodore Trefzer, 869 Pemberton, entering intersection at Pemberton and Fairfax without due care and caution, fined \$10 and \$5 costs.

Carter Sales, Jr., failed to stop for Jefferson on March 18, fined \$5 and \$5 costs.

Thomas H. Conway, III, failed to stop for Vernor, \$5 fine and \$5 costs.

Salem Smith, 4784 Maryland, failed to stop for Chaplevoix, accident, \$30 and \$5 costs.

Joseph Wm. DeGrace, 4546 VanDyke, Utica, Mich., for speeding 42 m.p.h. on Kercheval, failed to appear and forfeited a cash bond of \$20.

Ray L. Ryan, 16243 Evanston, reckless driving on Devonshire and St. Paul, failed to appear and forfeited a cash bond of \$75.

Robert Morey Pierson, 9223 Pinehurst, for speeding 43 m.p.h. on Mack, failed to appear and forfeited a cash bond of \$15.

Miss Wanamaker's contribution to the journal is a written comment on a recent court decision, "Negligence—Liability of Public Amusement Operators for Dangerous Premises."

Eleanor Forster Wins Honors at Hillsdale

Eleanor Forster, daughter of Mr. and Mrs. Paul C. Forster, 1301 Hampton road, Grosse Pointe Woods, was pledged to Epsilon Delta Alpha, scholastic honor society at Hillsdale College, at honors assembly.

Miss Forster, a sophomore at Hillsdale, was graduated from Grosse Pointe High School, pledges to the honor society must have achieved a cumulative average of 2.3 for a minimum of 40 semester hours.

To Move Fence At Woods Park

The Edsel Ford estate has requested the Village of Grosse Pointe Woods to move the fence running from Jefferson avenue to the lake, which will mark the boundary between the part of the Ford estate which the village purchased for a lakefront park and the remainder of the Ford property.

There is no dispute between the village and the estate as to the true boundary line and the village will direct its relocation at once.

In this same connection, it had been expected that the village would have had the green barrier stipulated in the purchase agreement all set by May 1, 1948. It has since been observed, however, that the ground has not settled enough to permit the planting of the shrubbery and trees that will eventually constitute the barrier. It was decided therefore to postpone the erection of the barrier for one year, or until May 1, 1950.

Mrs. Ford is reported to be agreeable to this later date.

Children Hurt In Two Crashes

Mary Alice Malloy, aged 9, of 4144 Three Mile, riding in a car with her mother on April 18, suffered painful head injuries when her mother ran into a parked truck. The police took her to Bon Secours Hospital where head injuries were treated.

Mrs. Malloy was given a ticket for not having her car under control.

Park Patrolmen Charles Slusser and A. Boone, while cruising at 11:52 a.m. on April 19, witnessed an accident on the north side of Mack in which a small girl, Margaret Van DeGinste, aged 7, of 3584 Mack avenue suffered minor injuries.

They took her to Bon Secours Hospital for first aid treatment and then returned her to the scene of the accident, which was on the Detroit side of the avenue. She was turned over to Detroit police, who had been notified of the accident.

president of the Detroit Federation of Women's Clubs. She was placed in nomination by Supervisor Carl Schweikart, chairman of the Ways and Means Committee of the County Supervisors.

Garden Pilgrimages Scheduled For Four Successive Weekends

Plans for the Detroit Garden Center's annual Garden Pilgrimage were discussed at an informal gathering held Tuesday afternoon in the home of the publicity chairman, Mrs. George L. Villero, of Beacon Hill, Grosse Pointe Farms.

The public garden tour is scheduled this year to take place on four successive weekends, from May 21 through June 12. This is the second year that a city-wide tour has been offered, although previous to the war, limited pilgrimages to certain sections of the city were conducted.

The committee for the tours is under the chairmanship of Mrs. Meredith Randall, who stated that there were several reasons for offering four week-ends of garden visits this year instead of a straight week of tours. Primarily, it has been so planned in order to offer a greater opportunity for more people to see the gardens and to enable as many men as women to attend. Also, weather hazards are not as great as when the tours are spaced over a longer period of time.

At Tuesday's meeting, it was pointed out by Mrs. Henry L. Newman, president of Garden Center, that it is hoped that the Pilgrimages will continue to foster an interest in the beautification of the Pointe and make it possible for all to share in appreciation of the beauties that do exist.

The schedule has been planned to include gardens in widely separated areas, in order to offer the public a greater variety of material. There will be formal and woodland gardens, small back-yard and farm-yard gardens, wild and highly cultivated flowers. A few of the 88 gardens to be shown, include, in Grosse Pointe:

Mr. and Mrs. Ray M. Whyte's formal garden with 4,000 tulips; Mr. and Mrs. Wesson Seyburn's beautifully designed French, formal garden; Mr. and Mrs. Richard Webber's natural woodland drive, with a bowling green and featuring rare iris; the large walled garden with pool and woodland paths of Mr. and Mrs. J. J. O'Brien. The complete list will be published at a later date.

According to Mrs. Randall, \$2.00 tickets will admit visitors to all of the 88 gardens, although single 30c tickets will be available at the entrance of each garden visited. Tickets also will be available at the Garden Center. Proceeds will be used to continue the free services of the Garden Center on Belle Isle, which provides free garden information to anyone in the Detroit area, and also maintains a well-stocked garden library.

Among those present at Mrs. Villero's gathering on Tuesday, were Mrs. Henry L. Newman, Mrs. Meredith S. Randall, Mrs. Longyear Palmer, Mrs. Alexander L. Wiener, Mrs. Hal H. Smith, Mrs. Harold S. Tyree, Mrs. James Remick, Mrs. H. Hunter Williams, from Grosse Pointe.

Body temperature reaches its lowest point early in the morning.

To Raise Funds For New Chapel

Final arrangements for the Games Party to be held at Christ Church on Friday evening, April 29, have been completed by the women of the Evening branch of the Women's Auxilliary of St. Michael's Chapel.

Committee members who are assisting Mrs. Elmer E. Knoch, chairman, include Mrs. Fred Button Jr., Mrs. Richard Koehler, Mrs. Richard Dixon, Mrs. Joseph Manderano, Mrs. Mason Lettick, Mrs. Eugene Weber and Mrs. H. N. Tune.

To serve refreshments to the expected 400 guests the husbands of other committee women have been recruited for the evening. Kenneth Lander, Maxwell Matthews, Ray Amluxen, Dave Crawford will be helping their wives serve coffee and doughnuts.

The proceeds from the party will be turned over to the building fund for the new St. Michael's church to be built on Sunningdale drive in the Woods.

Among the bridge players for the evening will be Mr. and Mrs. John Chapin, Mr. and Mrs. Mervyn Gaskin, Mr. and Mrs. Aron C. Moore, Mr. and Mrs. Nelson Fisher, Mr. and Mrs. Leslie Klauer, Mr. and Mrs. Duncan Seaman, Mr. and Mrs. James McEvoy, Mr. and Mrs. James Lynch, Mr. and Mrs. John French, Mr. and Mrs. Frederick C. Bahr and Dr. and Mrs. Robert Sinclair.

Other players will include Mr. and Mrs. William Howe, Mr. and Mrs. Arthur Ruttan, Mr. and Mrs. William Smale, Mr. and Mrs. James Baker and Dr. and Mrs. Joseph Bakke.

We're Not That Rich!

Grosse Pointe is a rich community but not rich enough to indulge in the luxury of adding millions to its public debt to provide additional school facilities which are not now needed and may not be needed for years to come, if ever.

But this is exactly what will happen unless the taxpayers awake to a situation which is already well advanced by an earnest but over-enthusiastic group of parents of school children who are concerned with providing all the gadgets and conveniences for their children to the neglect of every other public consideration, even the accumulation of a public debt which would be well nigh insuperable.

The Board of Education, relying on the advice of its educational experts and its figuremen, has given the green light to the project, which now awaits only the approval of a bare majority of the owners of taxable real estate in the Pointe to become a nightmarish financial reality.

In all the preparatory buildup for this campaign there was never even a gesture of attempt to mention the available school rooms now empty.

There are a number of school rooms in the Park section of the district which are wholly unused. There are not enough children to fill them.

The whole argument for new buildings is in the area in the Woods or, more generally, north of Moran. But there is room available in the School Board's present buildings to seat every last child of this "teeming population," actual or prospective.

The only possible justification, if it is a justification, for this proposed great expenditure, is that it would be more convenient for parents in that section to have their children attend nearby schools.

It would also save the School District the expenditure of \$15,000 a year for bus fares, which seems to weigh so heavily on the conscience of the figuremen.

There are millions of school children in this country, and of adults who were school children a few years ago, who never went to school in any other way than by bus or other means of public conveyance.

It would not be an insufferable hardship for children or parents if the children continued to ride on buses for a while longer until we can see whether or not this vast increase in the local population materializes.

The growth of population in the Pointe has not been at such a dizzy figure for the past ten years as to stampede the people into sanctioning new buildings which are not needed now and may never be needed.

Even our school authorities would have to confess that some bad guesses were made a few years ago in gambling on the school needs in the lower part of the district. The empty school rooms there are indisputable evidence of this fact.

When the hike in the school millage of five mills was authorized by the taxpayers three years ago it was presented to them that this big increase was going to take care of the school needs. Apparently it didn't. The school authorities made such a bad guess that they have acknowledged now that they can't even do what they expected to do with the New Kerby and Parcels schools without spending much more money than they had expected to. Now they want to put up three more new school buildings in addition.

We shall probably make ourselves as popular with this stand as a skunk at a Sunday school picnic, but we shall dare to lift our voice in behalf of truth and the sweltering taxpayer. It is presumed to be bad taste for anybody to oppose spending money for schools.

When this hike of five mills was voted three years ago the law required that the raise must be endorsed by two-thirds of the qualified voters. That got through by a scant twelve votes over the two-thirds.

Since then the school zealots have seen to it that the required vote was reduced to a bare majority and that is the additional hazzard the overburdened taxpayer faces, come May 9.

The simple fact is that our educators and their supporters among the citizenry have evolved into one of the most highly organized pressure groups in the country. Grosse Pointe is no exception to a situation which obtains generally throughout the country. They are running high, wide and handsome with the public purse for that object which is nearer their hearts than all other matters of public concern combined.

The taxpayers are confronted with the imminent possibility of taking a deep draught of this brew. They will unless they are awake enough to register and vote. If they cannot arouse themselves from their comfortable slumber their suffering will lie on their own doorstep.

We wish to make it clear, this paper is for the best schools and the best instruction money can buy, if it has to sweat out of the taxpayer the last centime that can be squeezed, but we are convinced that if this whole building program should be repudiated in toto, not a child would be deprived of instruction and desk room in good schools, at no greater sacrifice than having to continue to ride a few miles in a bus at public expense each day. Let us go along for a few years more with what we have.

Youth's Own Prescription

One of the gratifying discoveries made in the two-day Family Life Institute held on April 21, 22, was that an active and earnest group of young people in the Pointe have been giving serious thought for many months past to the development of a code of morals and ethics for the youth of the community.

This announcement merely confirms what everyone had known for a long time, that the youth of Grosse Pointe are in fact a superior group of young people. These youths, just

"A place in thy memory, dearest, Is all that I claim; To pause and look back when thou hearest 'The sound of my name.'" (Gerald Griffin)

More often than not, a contestant on a quiz show acts and talks as if he or she had been kicked in the head by a butterfly when a child. Our weekend radio listening brought to light two such creatures on different quiz shows. The first was a young man on the "True or False" program. He was asked whether it is true or false that Sir Walter Raleigh was beheaded. After much thought, he allowed as how he thought it was true. That turned out to be the right answer... and the emcee went on to tell how it happened etc. When he finished, the contestant exclaimed, "Tsk, tsk, tsk, that's a shame!!!"

The other was a girl on the Quick as a Flash program. A small disguised skit was performed and the contestants were asked to identify the incident. Our little heroine identified the character correctly as "Little Miss Muffet." When the emcee asked if she knew the little jingle and could recite it... the contestant replied that it was too "risque." Wonder which version she was thinking of? We hope not the one the trike and scooter set are this very minute learning in kindergarten!

We are in the throes of a tizzy-like correspondence with a little store out West that advertised a fetching blouse that caught our eye. Not that we aren't true to our local shops (Bless them) but every now and then we spy a little find that we THINK is irresistible. And so it was with this blouse. The ink wasn't even dry on the paper of the magazine, when we sent an airmail letter to the shop, enclosing our check for full amount and ordered the blouse. Within a week or so we received a vedy nace letter from the establishment, advising us that by the time they received our order they were ALL OUT of that particular model! We wonder how these advertisers get "cleaned out" so fast. The only thing we can figure is that the proof reader on the magazine where the ad appears, must send all her relatives and friends to the shop to buy the particular thing pictured before the magazine ever appears on the stands. Must be

Anyway, they returned our check and as far as we were concerned it was a closed book. Another week passed and suddenly arrived our blouse! With another day or two, another letter came from the shop advising us that while they were out of the blouse we WANTED, they could send us another model. Please let them know. What we did then was to send them our check again, telling them we HAD received the very blouse we wanted and that was that.

Another week passed. One day our smiling parcel postman hands us another package and it turns out to be another blouse from the little shop out West. This, we rushed to the post office, post haste, and wrote a letter explaining that we HAD the blouse we wanted for which we had returned our first check to them. A few days later, we received another letter advising us that they had "discovered" a blouse left in the store just like the one we wanted and were shipping it immediately... would we please send our check for same. As things stand this minute, we have just received our check BACK from the shop (again) and we are in one blouse. We don't think this condition will last, however... but we'll keep our readers posted.

We've been getting a lot of inquiries lately about the tree in our front yard... that is, the G. P. News' front yard. Nature lovers will be happy to know that our vice-president in charge of trees tells us the big elm is doing beautifully. But to get back to the recent queries about whether or not the News is going to install a lightning rod on Mrs. Elm... NO we are not, editorially speaking. In the first place, the efficacy of a lightning rod is a moot question with us! (The only house we know of in the Pointe that sports lightning rods all over the place, has had three huge trees on the property struck by lightning in as many summers.)

Secondly, Mrs. Elm is purported to be some hundred and fifty years old and if the old girl stood alone all that time without ever being hit... we feel that now the News building is there to surround her and protect her (?), she won't need anything further in the way of a safe-guard against the elements, which are going to "element" anyway, no matter what we do. Okay?

emerging into young manhood, and young womanhood, are much perturbed over the record for malicious mischief and evil doing which is established in this community by an infinitesimally small percentage of the whole youth body.

The front page police report accounts of the doings of a comparatively few of the youths of the Pointe are a cause of embarrassment and no little resentment to the larger body of clean living and clean thinking young people of the community.

This youth group has been busy in setting up what it calls a moral code for youth which they aim to impress on the whole youth group of the community, both by example and by those other methods which youth itself knows so well how to apply.

This movement which apparently has originated within the youth group itself is one of the most promising portents for the success of the family life improvement move which this group of earnest men and women launched here a short time ago.

There is no danger in the development of a citizenry of the future for Grosse Pointe or any other community where youth itself recognizes its responsibilities to the future.

The decision of the new organization to adopt a wider purpose such as a Community Council rather than to be restricted to the narrower purpose of a Family Welfare Council is wise. Most of our youths are fast approaching that period of their development when they naturally look out on a broader prospect than that of family life alone.

Our Beautiful Pheasants

Several news articles that have appeared recently in the columns of this paper about the pheasants in Grosse Pointe have brought forth expressions of interest from our residents that reveal the affection with which these beautiful birds are regarded by most of our townspeople.

Their appearance on our streets and in the private yards is a cause of joy. We have learned that many of our citizens spend considerable sums of money feeding them each year. They are the subject of special care during the breeding season which is on now and any disturbance of them is deeply resented.

One of our correspondents complains particularly of hunters taking their dogs into the brush which the birds frequent, much to their alarm and disturbance during the mating season.

The damage which these wild creatures are alleged to do to gardens during the growing season is negligible compared to the color and pleasure their presence lends to the Pointe community.

It is gratifying that so many of our people attempt to give them sanctuary on their private estates. It is a happy practice which should be copied by every Pointe home owner.

Two Sides Presented on School Board's Expansion Proposal

The following article, prepared by the Grosse Pointe Board of Education, presents the program proposed by the school officials in connection with the election which will be held on May 9 to determine whether qualified electors will approve a \$4,000,000 bond issue.

Six school building projects will be undertaken by the Grosse Pointe Board of Education if a favorable vote is recorded in the special school election scheduled for Monday, May 9, 1949. School district electors are being asked to approve a \$4,000,000 bond issue and a special tax levy to finance the proposed building program.

Completion of the Parcels Junior High School at the corner of Vernier Road and Mack avenue is the largest of the six projects contemplated by the Board of Education. The existing first unit, completed less than a year ago, contains only standard class rooms. Industrial Arts, Household Arts, Music, Art, Science, and Health Education facilities are included in the proposed new construction.

An auditorium with a seating capacity of 900 and a Public Library Branch are also part of the Parcels project. Plans and specifications for this project are virtually complete. The Board of Education expects to have construction under way by mid-summer if funds are made available.

The second building project in the proposed program is the completion of the new Kerby elementary school on Kerby road and Beaupre. The pupil capacity of the building will be more than doubled if the voters approve the bond issue and millage propositions on May 9. Nine additional class rooms, a pupil library, and an auditorium-gymnasium are included in the portion of the Kerby building yet to be completed.

New Elementary School A new elementary school with a pupil capacity of approximately 600 will be built on a ten acre site on Cook road east of Mack avenue if the results of the election are favorable. School authorities insist that completion of this new elementary school by September 1, 1950 is imperative if larger numbers of children living in the area north of Moross road are to avoid half-day sessions or transportation by bus to the Defer and Trombly Schools in Grosse Pointe Park.

New Gratiot School The proposed building program also includes two additional elementary schools. One of these would serve an area approximately one mile square in the northwest corner of the school district. A building including twelve classrooms, a general purpose room, and an auditorium-gymnasium is proposed on a site owned by the school district west of Harper between Van Antwerp and Lennon.

The last elementary school included in the building plans of the Board of Education will be erected on a site on Roslyn road if necessary funds are voted by the people on May 9. This new school would serve the north-eastern corner of Grosse Pointe Woods and the greater part of Grosse Pointe Shores.

To Serve Vernier Area This area is at present served only by the Vernier School which is totally inadequate in size, very

badly located with respect to the pupil population which it seeks to serve, and includes no facilities for physical education or library instruction. Sixth grade pupils from the Vernier School area are now transported to the Parcels School because of crowded conditions in the building.

School authorities and parents have been concerned for years by unsatisfactory conditions existing in two basement classrooms in the Vernier School. Efforts to improve lighting, heating, and ventilation of these two rooms have been only partially successful.

Would Enlarge Gym The existing school program is included in the program to be financed from the proposed \$4,000,000 bond issue calls for the improvement of Physical Education facilities at Grosse Pointe High School. The Boys Gymnasium is one of the smallest of any Class A high school in southern Michigan. It has been impossible for years to seat student and adult spectators who try to crowd into the gymnasium to watch basketball games between Grosse Pointe teams and competitors from neighboring schools.

Pointe High School basketball teams have been handicapped in away-from-home basketball games by their unfamiliarity with large playing floors. School authorities point out that winter sports intramural competition is also very much limited by present gymnasium facilities.

Would Improve Facilities School officials are still studying ways and means of correcting present inadequacies in the high school physical education facilities. No final decisions will be reached without further study and consultation with architects and engineers. The Board of Education has announced its firm intention of providing greatly improved facilities for indoor sports if funds are authorized on May 9.

Voters Must Register School officials report that a large number of new registered voters have been added to the rolls in the past two weeks. Residents of the school district are again reminded that registration for state and national elections does not qualify them to vote in school elections. Michigan law requires special registration for school elections.

Unregistered residents of Grosse Pointe may register in any public school office or in the Board of Education offices during office hours up to Saturday, May 7. Special registration opportunities are offered on Saturday, April 30 between the hours of 3:00 p.m. and 9:00 p.m. at the Defer, Kerby, Maire, Mason, Richard, Trombly, and Vernier Elementary Schools. Voting on Monday, May 9 will be done in the seven school buildings just named.

AGAINST EXPANSION

Dear Sir: In view of the coming election on the question of additional school facilities I thought possibly you might be interested in a copy of a letter I wrote Mr. Bert W. Wickling, dated March 17, 1948.

At that time the school enrollment was 5,163. The report I got this morning is that currently 5,276 students are enrolled, making a net difference of 113 students in one year's time. The 1948 census of school age pupils from five to nineteen, taken in 1948, is 8,872; with an enrollment of

5,276 this indicates that just under 59 1/2 per cent of the school age go to the public schools. The remainder go to parochial, private and other schools. As near as I can ascertain there is an indication that the school age census by 1952 will show a total of 10,072 or an increase of 1200, making an additional 714 under the above percentage, the which would indicate that by 1952 we would have an enrollment of 5,990.

The existing schools on a basis of 35 students per room have a capacity of 7,305. This is an indication that before the district is increased in debt that perhaps it would be advisable to make a survey to ascertain if better utilization cannot be made of existing school properties.

Under the proposal to be voted on not only will taxes be increased by \$2.50 per thousand, but the \$5 per thousand voted some time ago will be continued, making a total increase of \$7.50 per thousand of assessed valuation as against three years ago, and in addition a four million dollar bond issue will be created, and there may be a time before long when taxes become a real burden, especially on those who are endeavoring to pay for costly homes out of their incomes.

Yours very truly, Frank L. Lowmaster

Written 13 Months Ago Mr. Bert H. Wickling '81 Trombly Grosse Pointe Park 30, Mich. My dear Bert:

This is a belated acknowledgment of your letter of March 4, including summation of building permits issued in the Grosse Pointe school district for 1947.

The total of 594 home permits I think is likely to be the peak for a good many years, as you know the financing of homes has tightened up considerably of recent months.

I notice in your summary notes you estimate public schools average one pupil for every two homes. I think this is a little on the high side, as reducing it to general average would indicate about 220 students against the new homes for 1947.

I have made several interesting computations along the lines of our talk and I have had so many different figures given me as to the capacity of the schools that I have computed the situation in the area west of Fisher Road and the area east of Fisher Road. The last available figures were 1293 students in the area west of Fisher Road. There are 54 full size class rooms and four smaller class rooms. Figuring 30 pupils per room, in line with what I understand to be the stated policy of the Board, and allowing only 15 for the small room, would give a capacity of 1680 grade students in the area west of Fisher Road, as against an enrollment of 1293. However, generally throughout the United States, most school boards are worrying with the idea of keeping the number of pupils under 45 and around the 40 limit, with 35 pretty generally accepted "brought out the United States as the ideal, and the capacity on this basis for 54 class rooms, allowing only 15 for the small rooms, would give a capacity of 2050.

In the same area, Junior and High school enrollment is 1140, which would compare with the capacity of 900 for Pierce, which, however, on the more generally accepted basis, would be a capacity of 1050.

East of Fisher Road, with the completion of the new rooms in the Parcels school there are 68 full size class rooms and five small class rooms. Using the computation of 30 for the full size rooms and 15 for the small rooms, would give a capacity of 2115, against an enrollment of 1703, in the grades. However, computing 35, in line with the very general acceptance, and again allowing only 15 in the small class rooms, would give a capacity of 2455, or by this latter method of computation, in the entire area there would be a capacity of 4505 grade students against an enrollment of 2996.

In the district east of Fisher Road the combined Junior and High enrollment is 1027 against the stated capacity of 1500 in the High School. However, this, on a little more realistic computation would be a capacity of 1750. On a computation of 30 students per room, the capacity is 6195; and at 35 students per room, it is 7305 against an enrollment of 1163, so that by any method of computation it seems that there is not, as has been stated so many times, any shortage of, nor imminent shortage of, class room space; but it looks as though our facilities should be adequate for a long time to come.

However, the apparent problem is in the location of the schools, and in the switching to the general Junior high school program a few years ago, if one assumes that the seventh, eighth and ninth grades are about evenly divided, the picture would look about as follows, if the Junior high idea was abandoned, and the full eighth grade was utilized and the four years in the High School.

Assuming two-thirds of the present Junior high enrollment then reverting to the grades, the picture would look as follows:

In the area west of Fisher road a grade enrollment of 1625 against a capacity, on the basis of 30 students to a room of 1680; and on 35 students per class room of 2050, and the Senior high enrollment west of Fisher Road would be about 810, as against the capacity of the Pierce school of 900, so it would seem the area west of Fisher Road, by any method of computation, was about up to capacity.

East of Fisher Road, adding two-thirds of the Junior high school enrollment of 519 back to the 1703 already in the grades would mean an enrollment of 2049 against a capacity, figuring 30 students to a room, plus adjustment for the smaller class rooms, of 2115; but adjusted to 35 per class room would mean a capacity of 2455. Adding the remaining Junior high to the High school enrollment would bring the total of not over 681, against a minimum capacity of 1500.

So by these computations it becomes quickly apparent that the capacity in the school buildings east of Fisher Road is not only more than adequate for present needs, but is adequate for anticipated needs for quite a long time to come, if the buildings are adjusted to take care of the requirements.

Another set of figures, using this last computation would mean a total grade enrollment would be 3674, against the minimum capacity of 30 students to a room, of 3795, and utilizing the space for 35 students per room, a total of 4505. The Senior high school would then have a present enrollment of 1491, as against a capacity of 1500. On the basis of 35 students per room and 15 for the smaller class rooms, this would then mean that we had space for 881 students in our grade schools through the eighth grade, over and above what we now have enrolled and that we would have the high school about to the minimum capacity, and in addition would then have the entire capacity of the Pierce school without students.

Certainly this picture does not indicate that there is such a tremendous, pressing need for schools as was indicated some time ago. With the enrollment of 5163 total for the last report I have, against a capacity, based on the Board's program of 30 students to a room, of 6195, and on the basis of 35 students to a class room, a capacity of 7305 indicates that at the present time, considering the rooms of the Parcels school, we have an over capacity of 1030 students on a basis of 30 students to a room, and we would have an over capacity of 2242 students on a basis of 35 students per room.

Therefore, if we had a building condition at the rate of 1947, it looks as though we could go quite a few years before there would be necessity for additional school buildings.

Please do not misunderstand; I have never objected to the best schools, in fact I desire the best schools we can have. I do think the student's time is taken up unduly by things which confuse his education, and that we could with profit to ourselves, stress the basic educational requirements far more than we do.

Nor do I object to my taxes; I can pay them, and have not found them particularly burdensome; but we do have a lot of homes in which the owners find their taxes burdensome, and while in times such as we have been enjoying, everybody can pay their taxes, we have seen many times when people simply could not pay their taxes, and it is then they object most strenuously to taxes, and vote sometimes with poor judgment, to reduce them.

I like cream in my coffee, but I think we have to consider whether or not we are getting too much cream in our coffee, in the Grosse Pointe school district. It is fine when you can pay for the cream, but it is tough when you have a cream appetite and a milk income.

Cordially yours, Frank L. Lowmaster

Letters To The Editor

April 22, 1949 fine cooperation given up by the press and radio. Sincerely yours, Mrs. Frederick J. Schumann "Fashionscope" Chairman. April 8, 1949

To the Editor: I want to thank you for the dignified and accurate presentation of my campaign for election as Regent of the University of Michigan, which you gave in the Grosse Pointe News. It was heartening and most helpful. Sincerely, Vera E. Baits

Dear Sir: My wife and I have recently become quite alarmed by the excessive amount of crime in Grosse Pointe, much of which is quite evidently due to juvenile delinquency.

Having lived with my brother-in-law's family in Grosse Pointe for many many years, we have naturally always been greatly interested in the town, and when my wife began to call my attention to the distressing number of articles in the Grosse Pointe News dealing with crime I decided that some action must definitely be taken.

The enclosed articles which have recently appeared in your paper form a shocking "Scrapbook of Crime" of a community that has long been known as one of high morals. May I call upon all loyal citizens of Grosse Pointe to take action immediately in forming an anti-delinquency and crime movement? We used to attribute much of the crime in Grosse Pointe to neighboring Detroit, but evidently this is no longer the case. Let us act at once!

Dear Mr. Edgar: The Committee wants you to know how much we appreciate the excellent job you did on public life for "Fashionscope". We sold out the house and raised over four thousand dollars for The Detroit Garden Center Building Fund. This would have been impossible had it not been for the

Gallbladder Diseases

By FRED M. KOPP, R.P.H.

Diseases of the gallbladder are quite common, and while there are no certain means of prevention, some interesting and enlightening facts have been compiled.

For instance gallbladder diseases rarely occur in young people, and about four times as many women as men suffer from them. Where gallstones have formed an operation is necessary in many cases, while some cases will respond satisfactorily to treatment.

Obesity, too rapid reduction in weight, excessive fats in the diet, and digestive disturbances may cause gallbladder trouble.

The best way to guard against gallbladder diseases or any serious illness is to consult your doctor at regular intervals.

Ann Stover Lilley's Betrothal Announced

Will Become Bride of Joseph Raymond Mason Next Month; Many Parties Already Planned; Mrs. John Mack To Be Hostess At Luncheon

The engagement and approaching marriage of Ann Stover Lilley to Joseph Raymond Mason has been announced by her mother, Mrs. Lyman Robinson Lilley of Lakeland avenue. No definite wedding date has been named, but the ceremony will be read in the Lilley home sometime next month.

Ann was graduated from Liggitt, Chevy Chase Junior College in Washington and from Wells College in Aurora, N. Y. She is a member of the Junior League.

The prospective bridegroom is the son of Mr. and Mrs. Herbert Wynn Mason, of Bloomfield Hills. He attended Dartmouth for two years and was graduated from the University of Michigan, where he was a Sigma Chi member. During the war he served as an ensign in the United States Coast Guard.

In the brief time since the announcement, the bride-to-be's friends have already planned several pre-nuptial fetes. On Wednesday, Mrs. John H. Mack entertained at a luncheon and recipe and kitchen shower in her home on Lakeland avenue.

Tomorrow evening, Mrs. Frederic M. Sibley will give a family dinner party for the couple at the DAC. Virginia van Der Zee and her mother, Mrs. Abram van Der Zee have scheduled a luncheon and miscellaneous shower for Saturday at the Country Club.

On May 2, Mrs. William H. Elodget will give a tea and table-top shower for Ann in her Birmingham home. The Lake Shore

Exchange Vows In Christ Church

Miss Bonnie Jean Lang, daughter of Mr. and Mrs. George E. Lang of Whittier road, was married on April 23 to Roy R. Lang, son of Mrs. John Lang of St. Clair Shores. The ceremony was performed in Christ Church at 7 p.m. by the Rev. Edgar H. Yeoman.

Marilyn Cousins was the matron of honor and the bridesmaids were Gloria Werner and Vivienne Tocco.

Robert Lang was best man and ushers included William Scanlon, Anthony Tocco, John Sanger and James Flanagan.

The bride wore ice blue satin with a train and a chantilly lace veil. She carried calla lilies. The bride's mother wore aqua crepe with a nylon net hat with dusty pink roses. The mother of the bridegroom wore grey crepe with navy accessories. Both mothers wore orchids.

The young couple motored to Buffalo and Niagara Falls. The bride's going away costume was a grey suit, hat and accessories.

Doris Williams Exchanges Vows

Christ Church was the scene of the wedding Saturday, April 23, of Doris Elizabeth Williams, daughter of Mr. and Mrs. Albert V. Williams of Merriweather road, and Archer David Swink Jr., son of Mr. Archer D. Swink Sr. and the late Mrs. Swink, of Alter road. The Reverend Edgar Yeoman officiated.

Traditional ivory satin was Doris' choice for her bridal gown. It was fashioned with a sweetheart neckline, brocaded waist, long pointed sleeves and an extremely full skirt. A coronet of seed pearls topped her fingertip veil of illusion and she carried a satin covered missal adorned with white orchids.

Doris asked Mrs. William G. Platt to be her matron of honor and Miss Betty Newnham as maid of honor. Mrs. William H. Wallace and Mrs. Francis J. Dunlap were bridesmaids with Lois Ann Rupp, niece of the groom, as junior bridesmaid.

The attendants were identically gowned in ice-blue satin brocade fashioned with hooped skirts and off the shoulder neckline of net. The bonnets were of matching nylon net. The junior bridesmaid wore a gown and hat of yellow taffeta and net. The honor attendants carried nosegay bouquets of pink spring flowers with the bridesmaids, carrying bouquets of yellow. Lois Ann carried a combination of both shades.

Attending his brother as best man was Hodson R. Swink with Reginald Park, Victor Williams, brother of the bride, and Elmer Rupp, seating the guests.

For the reception at the Whittier directly following the ceremony, Mrs. Williams received in a dinner dress of powder blue crepe. A matching flowered hat and orchid completed her costume.

Mrs. Swink chose a black and gold crepe gown with matching hat and a corsage of orchids. Among the out of town guests were Mr. and Mrs. W. M. Cunningham of Chicago, Miss Ann Corrick of Washington, and Miss Winnifred Moran of Boston, Mr. and Mrs. George Widmer of Philadelphia, Pa., and Mr. and Mrs. A. Troutman of Buffalo. For her honeymoon Mrs. Swink chose a pale green gabardine suit with beige and cocoa accessories. Her corsage was of white orchids.

Upon returning from their honeymoon in Chicago, the young couple will reside in the Windmill Pointe Apartments.

Students Giving Famed 'Mikado'

Junior high school students of Grosse Pointe Country Day and Detroit University School will present "The Mikado," Gilbert and Sullivan's operetta, this afternoon and evening in the GPCD auditorium.

Sarah Goddard will wear her own authentic Japanese costume for her portrayal of Yum-Yum. David Gillis will play Poch-Bah and Henry Earle will be the Mikado. Sandra Fitzpatrick, Marian Ferry, Anne McKnight and David Rust, Jr., also have parts in the operetta.

Jean Diekoff is musical director and Carla Lipski has designed and built sets for the production. Tom Mackey and Bizzy Buell are technical assistants.

TOPPLES FROM SWING

Kathryn Sullivan, aged 5, of 460 Manor road, was injured in a fall from a swing at Kerby school on April 20. She cut her lips and was taken home by the police.

Games Party to Benefit Chapel

MRS. RUTH KOEHLER, left, MRS. ELMER KNOX, center, and MRS. FREDERICK BUTON, Jr., are three of the members of the committee which planned the Games Party to be given tomorrow night, Friday, April 29, in Christ Church. Proceeds will be turned over to the building fund for the new St. Michael's Church to be built in Sunningdale drive in Grosse Pointe Woods.

Joan Normile Bride Of Charles F. Lawler

Young Couple Honeymooning in Miami Following Wedding in St. Clare de Montefalco Church; To Live in Nottingham Road

Easter lilies and cimbodium ferns banked the altar of St. Clare de Montefalco Church on Saturday for the 11 o'clock ceremony at which Helene Joan Normile and Charles Francis Lawler were married. The Rev. James D. Clark officiated at the wedding.

The bride, daughter of Mr. and Mrs. Thomas William Normile of Devonshire road, was attired in a candlelight satin gown fashioned with basque waist, long sleeves pointed at the wrists and full skirt extending into a train. The bertha was of heirloom silk duchess lace which had been worn by Helene's maternal grandmother, mother and sister, Mrs. Marvin W. Brinkman, at their weddings.

Her bridal veil of silk illusion with mantilla of silk Chantilly lace had also been worn by her mother and sister. She carried a cascade arrangement of white iris and ivy centered by a white orchid.

Mrs. Marvin Brinkman was her sister's matron of honor. Bridesmaids were Margaret Sweitzer of Grosse Pointe, Patricia Sutton, Mrs. Thomas Goubout and Mrs. William Weil, of Port Huron, sister of the bridegroom.

They were gowned in American Beauty taffeta and wore braided horsehair hats with velvet streamers which matched their dresses. Their flowers were cascade bouquets of yellow carnations and miniature white jonquils. Mrs. Brinkman carried the same flowers with an additional color accent of yellow iris.

Small Jean-Marie Lawler, niece of the bridegroom, was the flower girl. She wore a white organdie frock with matching bonnet and carried a miniature bouquet corresponding to the other attendants.

Charles asked his brother, James F. Lawler, to be his best man. They are the sons of Mrs.

'tage Success to be Given by Grosse Pointe Masquers

"Ring Around Elizabeth" by Earl Armstrong, a New York success, vintage of 1946, will be presented in the John D. Pierce Auditorium, at 8:30 p.m. Wednesday, May 11, and Friday, May 13, by the Grosse Pointe Masquers.

Sponsored by the Adult Education Program of the Grosse Pointe Board of Education, this group of amateur theatre enthusiasts enters upon its third year of production with the re-act comedy, characterized by Elizabeth Cherry adroitly imitates and coddles her vigorous household: keeping peace between her mother and her father-in-law, tactfully swaying her husband's viewpoints, quelling the outbursts of the family maid, and gentling her problem daughters, every mother cannot help but recognize her counterpart. But the simplicity of Elizabeth's escape from these homey entanglements proposes an unexpected twist to a universal problem, baffles the other characters, and provides a whimsically humorous situation.

Appealing in its context and comedy lines to every family, "Ring Around Elizabeth" will prove good entertainment, worthy of an evening's visit for you and your friends to the Pierce Auditorium. There will be no admission charge.

Blue Devils Have Easy Time While Defeating Hazel Park

Coach Frank Banach's Cinder Path Artists Take All But Three First Places While Amassing Total of 86 4/5 Points to Opponents' 22 1/5

By Fred Runnells
Losing only three first places, Coach Frank Banach's 1949 Blue Devil track team swamped a weak Hazel Park aggregation, 86 4/5 to 22 1/5, to win the non-league opener on Wednesday, April 20, on the local track.

The victory was almost identical to that of last year over the same opponent, the only difference being the four fifths of a point tacked on to the Pointers' score. Last year the Devils won 86 to 23.

The fractional score was brought about by a five-way tie at five feet, two inches between Coury, Bray, Hill and Bill Pierce and Duquoy of Hazel Park in the high jump event.

The Pointers slammed two events, the 100 and 220-yard dashes.

Williams, Schmidts and Polan finished in that order in the 100 and Williams, Polan and Bray crossed the finish line in that order in the 220.

Jimmy Williams and Bill Pierce shared the spotlight honors being the only double winners of the meet. Pierce won both the 120 high hurdles and the 200 low hurdles and as previously stated Williams won the 100 and 220.

Butch Edgar, veteran from last year's Blue Devil squad, needed only one jump to win the broad jump event when he soared 19 feet 7 1/4 inches on his first attempt. In view of the fact that this was Edgar's second workout in his specialty, Coach Frank Banach doesn't hesitate to state "if Edgar keeps on improving he has an excellent chance of breaking the school mark in the broad jump."

Followers of the Pointe think-clads shouldn't become too hepped up over the Blue Devils after their overwhelming opening victory because there are two and possibly three schools that have powerhouse teams in the B.C.L. this season.

Fordson is exceptionally well balanced and at this writing is the favorite to cop the top honors.

Devil Netters Capture 21st Straight Win

GPHS Team Defeats Ypsilanti Without Losing a Set; Hampered by Wind

By Fred Runnells

Coach Merlin Schultz's Blue Devil tennis team scored its twentieth consecutive victory and the second in the 1949 season last Monday by trouncing Ypsilanti Central, 7-0, without losing a set.

Ypsilanti shared the State Class B title with Battle Creek last year but the team the Point-

ers beat was a far cry from the Ypsi team of a year ago. Ypsi has only two returning lettermen on this year's squad in Dick Roberts and Bob Raham.

Roberts and Raham won the State Class B doubles title in 1948 at Kalamazoo. However, both boys deserted the doubles competition and played the number one and two singles respectively against Grosse Pointe.

Alex Mann got a goodly measure of revenge for his defeat by Roberts last year when he nailed his opponent 6-3, 6-1 in the number one singles.

Erratic Bruce Kirchner racked up the number two singles match when he dumped Raham 6-4, 6-2.

Allen is impressive. Bob Allen scored the most impressive victory of the match when he whipped Bruce Wallace in straight sets, 6-0, 6-0, in the number three singles.

Cort Kleidier was just a shade behind his teammate Allen in impressiveness when he dropped only one game to Dick Delano while winning 6-1, 6-0.

Blue Devil doubles players dropped only nine games in sweeping the three doubles matches.

In the number one and two doubles both Pointe combinations got off to shaky starts, but settled down in the second sets to win.

Jim Swift and veteran Tom Auch defeated Mickey Frank and Bill Wolf, 6-3, 6-0, while Skip Pessel and Lerop Johnson were whipping George Roberts and Paul Linquist.

Another Allen Wins. The most impressive doubles victory was turned in by Bruce Allen, a first year player, and Dick MacKenzie when they clipped Harold Britten and Pat Phillips, 6-1, 6-0.

Although the Pointers scored a clean sweep in this match the brand of tennis was far from the standard set by former Blue Devil teams, which swept to 69 consecutive victories over a six-year period.

It is possible the chilly southeasterly wind which brushed the courts, took some of the effectiveness from the Pointers' style of play, but to win the Border Cities League title the entire squad will have to sharpen their shots before league opponents are met.

Sweeney's Pinmen Capture Club Softball Loop to Open About June 1

Deadline For Entries Set For May 9; League Will Be Limited to 16 Teams

By Fred Runnells

The Neighborhood Club Softball League will open up about June 1 according to Athletic Director Bill Desrocher. The deadline for team entries has been set for May 9. The league will be limited to 16 teams.

Work on the diamonds has started and they will be ready for use long before the season gets underway, thus enabling the teams to get in some practice.

Champs to Defend. Dofourest Insurance, 1948 champions, will be on hand to defend the title.

Four games a day will be played on Monday and Tuesdays with the starting time set at 6:30 p. m.

A \$25 entry fee is required, which covers the cost of umpires, at \$4.00 per game. A portion of the entry fee will go towards purchasing a suitable trophy for the league champions.

If a team drops out of competition any time during the season it must forfeit its entry fee.

Can Carry 18 Players. Each team will be allowed to carry 18 players on its roster and will be required to provide a score book with the names of all its players.

All players will be required to sign a contract with the team of their choice and once the contract is signed they cannot play with another team in the league until they have obtained their release from their manager.

June 16 is the deadline for players to change teams and still be eligible for the playoffs. There will be no player additions after June 16.

A player must play in at least four games to be eligible for the playoffs.

To Use Official Rules. The Official Playing Rules will govern all contests and will be enforced by umpires from the Detroit Federation of Umpires.

Don't forget the deadline for entries, May 9.

Men's Club Plans Party. The Men's Club of the Grosse Pointe Congregational Church will hold its annual Bridge Dinner, Monday, May 2, at 6:30 p. m. at Chateau Fontaine.

Prizes will be awarded for high scores attained during the year and in the tournament following dinner. Arrangements are in charge of Howard Emerson and Minard Mumaw.

Kopp's Bowlers Tie Up Lead In Battle for League Honors

Middle Atlantic Transportation Company Shares Top Spot With Druggists; Third Place Farms Market in Crucial Contest Tomorrow Night

By Fred Runnells

Kopp's Pharmacy came up with a 3-1 win over Monday Cleaners in the G.P. Rotary Bowling League, again sharing the lead with Middle Atlantic Transportation Co., held in check by Harrison Carpets. Carl Allemang's 580 series was tops for Kopp's.

Farms Market's sponsor, Bill Moir, closed shop early and went out to the Woods Recreation to do a little cheering for his team. He was promptly rewarded, Holzbaugh dropping the first two. Farms looking for a sweep, got out of stride and messed up the last game and with it went total pins, Holzbaugh tying them up, two apiece.

Houston Draps 4. Houston Bros., Inc., met and were outrolled by G. P. Review, who had one of their best nights. Capt. Henry Peplinski, Review anchor, took high honors for the evening with a 589 series, boosting his average to 185, high on the Rotary roster.

Harrison Carpets, presenting a full team, opened with 901 against Middle Atl. Transportation Co. and things looked mighty dark for the league leaders. They came back to win the next one. The final game was taken by Harrison but total pinfall went to the Middies by six pins.

Punch and Judy Wins. Punch & Judy Cocktail Lounge gave up the middle game to the Auto Club but took the rest for a 3-1 win. Miner Wilson came through with 233 to help his team gather 903 pins in the closer.

Low scores prevailed on alleys 11 and 12, (where all the high scoring has been done all season). Piche's Barber, Shop and Motor City Tires got nowhere, each taking two. Russ Piche had a chance to become a hero in the last game, needing three pins to win; two to tie. Russ uncorked a wild pitch, his ball gaining momentum on its travels down the alley, knocked off the seven pin with a clean hit, losing the game... tsk... tsk.

Farms Market, only three points out of first, will meet Middle Atl. Transp. Co. tomorrow night. This series will be sure to pack them in and no doubt the S.R.O. sign will be dusted off and hung up. Kopp's Pharmacy will have their hands full when they take on Houston Bros. Inc.

Thinclads Capture Initial League Track Meet, 84-25

Coach Frank Banach's Blue Devil track team swamped Royal Oak 84 to 25 to win its initial start in Border Cities League competition this year on Tuesday, April 26.

The Pointers rolled up the lopsided score by winning ten of thirteen events.

Bill Pierce snatched top scoring honors from his teammate, Jim Williams, when he won both the high and low hurdles and tied for first place with his brother Hill in the high jump event.

William was just a shade behind in points having won the 100 and 220 dashes and was anchor man on the Pointers winning 880 relay team.

Butch Edgar again dominated the broad jump event with a leap of 20 feet 3 1/2 inches. This mark was almost a foot and a half better than his teammate Jerry Jenkins, who finished second ahead of another Pointer, Eric Schmidt.

Hil and Bill Pierce gave the spectators good reason for standing in the rain when they battled "even steven" in the high jump event and finished in dead heat for first place at 5 feet 6 inches.

Damage Slight As Cars Tangle on Mack Avenue. Damage was slight when two cars tangled at Mack and Moross at 7:55 p.m. on April 16.

Donald Gretzinger, of 3477 Grayton, driving east, collided with a Ford being driven south, on Moross by Richard Joseph Fullam of 319 Hillcrest road. Fullam was attempting a left turn into Mack at the time of the crash.

Damage to the Ford was estimated at \$20 and to Gretzinger's car at only \$2.

**Driver Dealt
"Full House"**

A man giving the name and address of William Duran of 20773 Bethlawn, Ferndale, earned himself three violation tickets in about a split second when a vegetable truck he was driving at 8 a.m. on April 20 ran into a bus at Bedford and Kercheval.

The Park police found him driving with an expired driver's license, with brakes that would not sprag a baby carriage, and guilty of entering an intersection without due care and caution. He drew what is called in police parlance a "full house."

His truck was impounded. There were no personal injuries.

Delegation Set For Convention

Friday evening, April 29, five local school secretaries will board the train and accompany Miss Mary McElroy, president of the Michigan Association of School Secretaries, to Grand Rapids, Michigan, for their eighth annual two-day convention.

Some 300 school secretaries, from all corners of Michigan, will be at the Pantlind Hotel to attend meetings, lectures and to witness the installation of their newly elected officers. Miss McElroy, who is secretary to the superintendent and to the Grosse Pointe Board of Education, will be there to preside over the business meetings. As retiring state president, after two successful years at this post, she will turn the gavel over to her successor.

Mrs. Frank Banach, Marion Letring, Martha Mayer, Mrs. Neil Muir and Elinor Schrage are the Grosse Pointe school secretaries who will be on hand to hear an address by Miss Rebecca Barnhart, of Battle Creek, describing her recent official trip to Japan.

The featured guest speaker for the Saturday evening banquet at the Pantlind Hotel will be Miss Leida Arro, now of Flint, Mich. Miss Arro, who is a European displaced person, will paint a verbal picture of conditions in Europe and tell some of her own exciting personal experiences.

Residents at the foot of Park Lane complained to the police on Saturday afternoon of fishermen loitering about on their front yards. The police warned them away.

The lakefront residents say they do not wish to be too captious towards these fishermen who frequent the lakefront, but many of them come in disreputable looking old jalopies and make a nuisance of themselves with their noise and disturbance parties would fish from a boat and avoid going on private property they would be within their legal rights and avoid trespass on private property.

It is this same nuisance that the Park aims to stop by the no-swimming ordinance that was introduced at the Park council meeting on April 22. This ordinance was prepared at Chief Lotwers's request as the only effective means of stopping this practice. All the police can do now is to warn the swimmers away. They often come right back again. The new ordinance will provide a penalty and the Chief is confident this will end the trouble. He says that in Detroit they solved this problem long ago by providing a \$2 penalty for swimming in the lake in other than authorized places. The Park ordinance will restrict the swimming to the park beach pool.

MARAUDERS DISARMED
A report from 505 Pemberton on Saturday afternoon of boys with sling shots brought the police on the run. They found two boys 12-13 years old who acknowledged they had brought down one robin but assured the police "they hadn't hurt it any." The police confiscated the light artillery.

A burglary at the Stephen Champine home at 398 Country Club drive was reported to the Farms police on the night of April 21. The thief or thieves stole \$85 in cash, a woman's gold wrist watch and band and a valise with a gold chain, gold circle pin and cameo.

Mrs. Champine said she had left home about noon and didn't return until 10:46 p.m. She had left a window open facing on the street, and this was still open when she returned.

The thief apparently did all

his stealing from the one room with the open window. A baffling aspect of the burglary is that the shades were up in this room and the lights on when Mrs. Champine returned. Anyone passing could have seen into the room. A street light right in front of the house makes the location anything but conducive to robbery.

Pointe Baha'is Hold Celebration

On April 21, the Baha'is of Grosse Pointe celebrated the anniversary of the proclamation of Baha'u'llah, founder of their religious teachings. In 1863, in a garden outside of the city of Baghdad, Iraq, Baha'u'llah announced to a number of his followers that once again, God had kept His promise never to leave mankind in darkness, by sending a Divine Message, empowered to heal the ills of the world at this time.

Young Visitor Good Emissary

The janitor at the Pierce school phoned the police on April 20 at noon that he had a lost boy on his hands.

The police found a seven year old boy, as bright as a new dime. The little chap acknowledged he was lost but wasn't at all excited about it. He knew where he lived, away over on Warren, but he was visiting his grandmother on Lakepointe in the Park and had wandered schoolward to seek out companions for play.

The police straightened out the tangle and got him back to grandmother's house, safe, sound and grateful. The police said it was a positive pleasure to serve such a bright lad. The usual run under such circumstances are panicky and howling.

City of Grosse Pointe Farms BUILDING PERMIT ORDINANCE (Ordinance No. 83)

AN ORDINANCE REGULATING THE ISSUANCE OF BUILDING PERMITS FOR THE ERECTION, ALTERATION OR IMPROVEMENT OF BUILDINGS ERECTED ON CERTAIN LOTS IN THE CITY OF GROSSE POINTE FARMS.

Section 1. No building permit required by the building code, being ordinance No. 30A, adopted May 4, 1925, as amended, or the zoning ordinance, being ordinance No. 80, adopted October 25, 1948, as amended, for the erection, alteration or improvement of a building erected or to be erected on a lot as defined in said zoning ordinance and which lot does not abut on a public street or highway unless a public or private way or passage shall be issued leading to and from such lot shall connect such lot with a public street or highway and unless all improvements required by Ordinance No. 22, being ordinance entitled, "An Ordinance Regulating the Approval of Plans in the Village (now city) of Grosse Pointe Farms," adopted September 13, 1920, as amended, shall have been made and installed in and upon said public or private way or passage. Provided that the City Council may permit the issuance of such building permit without the installation or construction of improvements required by said Ordinance No. 22, as amended, provided the owner or owners of such lot shall have filed with the City Council a good and sufficient surety or personal bond, to be approved by the City Council, in the amount hereinafter specified, conditioned that the owner or owners of said lot for which a building permit is sought shall, within two years from the date of such bond, install or cause to be installed and constructed in said public or private way or passage, without expense to the city, all improvements as provided in said ordinance No. 22. Such bond shall also provide that in case of default by the obligor or obligors in the performance of the condition of such bond, the cost of construction and installation of all of said improvements and the surety or sureties named in such bond, the amount of such bond shall equal at least one-half of the amount of the City Engineer's estimate of the cost of construction and installation of all of said improvements in and upon said public or private way or passage.

Section 2. Every application for a building permit for the erection, alteration or improvement of any building on a lot described in this ordinance, in and upon which a building permit is sought, shall be accompanied by a plat, drawn to scale, showing the exact dimensions of the lot, the location of the building, the location of the way or passage connecting said lot with a public highway and the location of said public highway and shall state the improvements, if any, in said way or passage or any other information that may be required by the Building Inspector.

Section 3. This ordinance shall take immediate effect.

City of Grosse Pointe Farms DOG ORDINANCE (Ordinance No. 84)

AN ORDINANCE TO AMEND ORDINANCE NO. 70 ENTITLED "AN ORDINANCE TO REGULATE THE POSSESSING, HARBORING, OWNERSHIP AND RUNNING AT LARGE OF DOGS, TO PROVIDE FOR THEIR VACCINATION AND TO PROVIDE FOR THE DESTRUCTION OF VICIOUS AND DISEASED DOGS IN THE VILLAGE (NOW CITY) OF GROSSE POINTE FARMS; AND TO PROVIDE PENALTIES FOR VIOLATION THEREOF.

Section 1. Ordinance No. 70 of the Village (now city) of Grosse Pointe Farms entitled "An Ordinance to Regulate the Possessing, Harboring, Ownership and Running at Large of Dogs, to Provide for their Vaccination and to Provide for the Destruction of Vicious and Diseased Dogs in the Village (now City) of Grosse Pointe Farms; and to Repeal Ordinance No. 64, adopted February 28, 1947," is hereby amended by amending the title and section 10 and by adding new sections to be known as section 10 (a), and section 10 (b), to read as follows:

Title: An Ordinance to regulate the possessing, harboring, ownership and running at large of dogs, to provide for their vaccination and to provide for the destruction of vicious and diseased dogs in the Village (now city) of Grosse Pointe Farms; and to provide penalties for violation thereof.

Section 10: It shall be the duty of the Police Department to cause any and every dog so impounded, seized or delivered as provided in Sections 8 and 9 hereof, that has not been vaccinated as provided in Section 2 hereof, to be vaccinated by the Village Veterinarian, unless said dog is to be destroyed under the provisions of this ordinance; and no such dog shall be released if that has not been vaccinated. No such dog shall be released by the Village Veterinarian or from the pound unless the owner or person entitled to demand the same shall pay to the Police Department the sum of Two (\$2.00) Dollars, for first and second and delivery of dog during a license year, plus (.50) cents per day or fraction thereof, after the first day, for the care, custody and feeding of such dog and the further sum of Two (\$2.00) Dollars in each case where such dog has been vaccinated under the provisions of this section and shall procure, and produce a proper license for said dog in the event that such dog shall not have already been duly licensed. All money so received for the release or sale of dogs shall be paid forthwith into the Treasury of the Village (now city). The first day for the purpose of this ordinance shall be considered to run from the time the dog is picked up until three (3) o'clock in the afternoon of the day following.

Section 10 (a): If the Police Department is unable to seize a dog found running at large, harbored or owned contrary to the provisions of this ordinance, a violation notice in form used by Violation Bureau of the Police Department may be delivered to the owner, harbored or keeper of such dog, or left at his residence or place of business, giving notice of the violation of this ordinance and that a warrant may be issued for the arrest of such owner, harbored or keeper unless he or she appears in the violation Bureau of the Police Department within 72 hours and pays the sum of Two (\$2.00) Dollars for each subsequent violation and Five (\$5.00) Dollars for each third and fourth violation during the current license year as fixed by this ordinance and satisfying the Police Department that such owner, harbored or keeper of such dog has otherwise complied with the provisions of this ordinance. All moneys collected by the Police Department shall be promptly paid into the Village (now city) Treasury.

Section 10 (b): Not more than four (4) violations of this ordinance during the current license year by the owner, harbored or keeper of a dog may be settled in the violation bureau of the Police Department.

Section 2. This ordinance shall take effect twenty days from the passage thereof.

Gavel Presented To Schweikart

Carl Schweikart who recently completed his term as chairman of the Board of County Supervisors of Wayne County, is displaying a handsome silver mounted gavel which was presented to him by his fellow supervisors on the completion of his term on April 19.

He is especially pleased with the set of resolutions presented to him at the same time which read as follows:

Whereas, Carl Schweikart, Supervisor from the Township of Grosse Pointe, became the first Supervisor from this Township to ever serve as Chairman of the Wayne County Board of Supervisors; and

Whereas, his election as Chairman on April 13, 1948 came just 12 days after the 100th Anniversary of the creation of the Township of Grosse Pointe on April 1, 1848; and

Whereas, Supervisor Schweikart has outstandingly represented his Township and ably served this Board of Supervisors as its Chairman for the year 1948; Now, Therefore, Be it

Resolved, by this Board of Supervisors in Regular Session here assembled this 18th day of April, 1949, that this resolution be spread at length on this day's journal as a permanent record of his meritorious service and that a suitably engraved gavel be, and it hereby is, presented to Supervisor Schweikart, on behalf of the citizens of the County of Wayne, as a symbol commemorating his service as Chairman of this Board.

Wayne County Board of Supervisors John A. Kronk, Chairman, Edgar M. Branigin, Clerk.

JOAN BEVERLY CLARK, daughter of Mr. and Mrs. Ralph M. Clark of Grayton road, whose engagement to Donald William Sicklesteel, son of Mr. and Mrs. David T. Sicklesteel of Moran road, has been announced.

Miss Clark attended Michigan State College, where she was a member of Pi Beta Phi sorority. The bridegroom-elect was graduated from St. John's Military Academy and Michigan State College. He is a member of Psi Upsilon fraternity. He served three years in the Navy in the Pacific Theater and was discharged with the rank of ensign.

359 Motorists Stopped in Drive

Partial returns from 90 cities and counties for the first two weeks of the State-Wide Brake and Light Check Program sponsored by the Michigan State Safety Commission show that 34,015 motorists were stopped for traffic violations, 1,316 had unsafe brakes and 2,947 had unsafe lights, it was announced by Chiefs of Police of Grosse Pointe. They stated that in Grosse Pointe, thus far, 359 motorists have been stopped and 25 brakes and 72 lights have been found to be in an unsafe condition.

The growing need for maintaining vehicles in safe operating condition is dramatically illustrated by recent figures released by the State Highway Department showing that traffic increased 9 per cent during the four months period of November, December, January and February. This increased travel offered more opportunities for accidents and resulted in a 27 per cent increase in traffic deaths during the same period, according to figures tabulated by the Michigan State Police.

The chiefs said that if each motorist would realize that each month in Michigan there are over 1 1/2-billion vehicles miles of travel, he would realize that safe driving is important. "It just makes sense to drive even more carefully when there is more traffic, especially when the records show that in four months 9 per cent more traffic produced 27 per cent more deaths," they said.

Ordinance No. 82, being An Ordinance, to Preserve the Public Peace in the Village of Grosse Pointe Park, is amended by the addition of Section 2(a) to read as follows:

2 (a) It shall be unlawful for any person, firm or corporation to play, use, or operate, for advertising purposes, or for any other purposes whatsoever, on or upon the public streets, alleys, or thoroughfares in the Village of Grosse Pointe Park, any device known as a sound truck, loud speaker, or sound amplifier, or radio or phonograph with a sound amplifier, or any other instrument of any kind or character which emits therefrom loud and raucous noises and is attached to or upon any vehicle operated or standing upon said streets or public places aforementioned.

Wm. G. Stamman, Village Clerk.

Ordinance No. 152

An Ordinance to Regulate Swimming in Lake St. Clair THE VILLAGE OF GROSSE POINTE PARK ORDAINS:

1. No person shall swim in Lake St. Clair from the foot of any public street or from the shore of any public place, except such public places as may be designated by the Village of Grosse Pointe Park for swimming and are then in charge of a lifeguard.

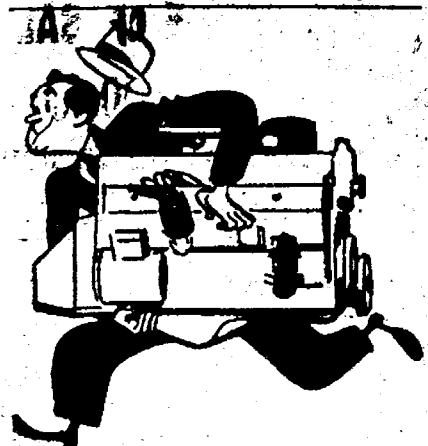

2. No person shall swim in Lake St. Clair from the shore of any privately owned property or enter upon such private property for the purpose of swimming; provided, however, that an owner or lessee of property bordering on Lake St. Clair and his authorized guests may, in the exercise of riparian rights of such owner or lessee, swim in Lake St. Clair off the shore of such property. No person shall be deemed to be a guest within the meaning of this section unless he is in the company of such owner or lessee, or has in his possession at the time a written authorization from such owner or lessee.

3. Any person violating the provisions of this ordinance shall be punishable by fine of not more than \$100.00, or by imprisonment not exceeding 90 days, or both, in the discretion of the court.

Wm. G. Stamman, Village Clerk.

Baha'is Hear Dr. C. L. Meader

Dr. Clarence L. Meader, Professor Emeritus of the University of Michigan, addressed the Baha'is and some of their friends at the home of the George R. Trues, 132 Moran road, on Sunday afternoon.

Dr. Meader, who teaches Semantics, (the study of meanings), at Ann Arbor, Flint, and Detroit, pointed out the many ways in which the Baha'i teachings were in accord with the principles of general semantics.

"According to Baha'ullah," he said, "the remedy the world needs in its present-day afflictions can never be the same as in a former time. This is in accord with the semantic principle of non-identity, that no two persons or things are identical, and that no one thing remains the same way for any length of time."

Honor Employees On Anniversary

The three Shepler brothers, Glenn, Leo and Dallas, whose dry cleaning business is now entering its thirtieth year of continuous operation, are marking the occasion by building a splendid new recreation hall for their main building, Harper at Grayton, for the use and convenience of all members of their staff.

Glenn Shepler, president of the firm, said Monday that he and his brothers are planning at least one other factor of importance to the Shepler organization, to be announced later in the year, as a feature of this important milestone in the firm's history.

Founded in 1919. The first World War had just closed, the boys were home again and Detroit was a busy, ambitious city, everybody being bent on doing something worthwhile. This period saw the launching of Shepler's Dry Cleaning firm by two of the brothers, Glenn and Leo; in a small store on Navaroe avenue at East Jefferson. The third brother, Dallas, joined the firm eight years later.

To provide the finer type of cleaning has always been the most important plank in the Shepler policy; a second has been punctuality. To seek out means of insuring constant improvement has always been an important factor. Since then these original men have remained close to the working rooms of the establish-

ment and have steadfastly held to those original ideals. They have seen to it that each standard has been rigidly maintained.

Today Shepler serves many of the noted families of Grosse Pointe and Detroit and holds high rank in the cleaning industry. They maintain branches in Indian Village and in the Penobscot Building.

Does Coiffures For Television

Television has brought greater need for on-the-scene hairdressing and we find Mr. Frank Ohrt, of Ohrt Hairdressers, whose new Grosse Pointe branch is at 19877 Mack avenue, doing much of this work in at least one of Detroit's major broadcasting studios.

Artists appearing in "Fashions in Rhythm" over WXYZ-TV, with Grace Smith as commentator, are among those served by Mr. Ohrt. "It should be easy to understand why this important work must be done right, at the studios," Mr. Ohrt said in describing how artists depicting fashions insist upon hair styling to compliment the creation they model.

Cranbrook Photographer To Address Camera Club

Harvey J. Croze, official photographer for the Cranbrook Foundation, will address the Grosse Pointe Camera Club at its Tuesday evening meeting on the subject of "What's the Idea?"

Mr. Croze's talk will be illustrated by the lecturer with photographic prints and audience participation. He will also supplement the talk by lighting for modern dance and will use the Marion Kirk Dancers as models. He is internationally known for his work in the photographic field; having been director, instructor and master of photography at the Institute of Science, the Art Academy and many other places.

Dr. Gordon Aldrich, the club's president, also announced that in addition to the program there will be judging of members' prints of the assignment of "Proverbs". The president has issued an invitation to the interested public to attend the meeting which will be held at the Neighborhood Club.

Council of Church Women Sponsoring Benefit Tea

The Detroit Council of Church Women is sponsoring a tea for the benefit of its contingent or operating fund, at Newberry House, 1363 E. Jefferson avenue, on Friday, April 29, 2 to 4 p.m.

who, where and whatnot

By whoozis

It'll be "out to lunch" any day now for many of the Pointe's most famous nautical families including the following owners of handsome crafts:

- THE FREDDIE FORDS, JUNIOR
- COMMODORE and MRS. PHIL WOOD
- THE RAY WHITES
- THE BOB KELLERS

MMMmmmm! What's that perfume? You'll have to ask the GP News' Parfum Finkerton who, on his rounds this week, learned the pet scents of these fashionable leddies:

- MRS. GEORGE O. JOHNSTON... Bendel's "Sans Jene"
- MRS. CHARLES CREEDON... a hauntingly lovely English fragrance, Floris' "Honeysuckle"... and then back to her old favorite, "Bellodgia"...
- MRS. HARLEY EARL... Tuberose...
- MRS. ARTHUR GARDNER... another Lanvin's Arpege fan...

DO YOU REMEMBER?

When the HAMMOND BROTHERS were the most dashing lads ever as the all-brother polo team?...

When no amateur theatrical was complete without the tap dancing sister act of the CROWLEY TWINS?

The "Scintillating Six"... best friends who made their bow at one large and brilliant ball at the Country Club... all dressed alike in picture frocks of misty white and crystals?...

A DRINK WITH SOMETHING IN IT

"There is something about a Martini,
A tingle remarkably pleasant;
A yellow, a mellow Martini;
I wish that I had one at present.
There is something about a Martini,
Ere the dining and dancing begin,
And to tell you the truth,
It is not the Vermouth—
I think that perhaps it's the gin.

"There is something about an old-fashioned
That kindles a cardiac glow;
It is soothing and soft and impassioned
As a lyric by Swinburne or Poe,
There is something about an old fashioned
When dusk has enveloped the sky,
And it may be the ice,
Or the pineapple slice,
But I strongly suspect it's the Rye.

"There is something about a mint Julep.
It is nectar imbibed in a dream,
As fresh as the bed of a tulip,
As cool as the bed of a stream.
There is something about a mint julep,
A fragrance beloved by the lucky,
And perhaps it's the mint,
Of the frost and the mint,
But I think it was born in Kentucky.

"Then here's to the heartening wassail,
Wherever good fellows are found;
Be its master instead of its vassal,
And order the glasses around.
Oh, it's beer if you're bent on expansion,
And wine if you wish to be thin,
But the brave of the land
Politely demand
Rye whiskey and Bourbon and Gin.

MRS. HOWARD FRENCH OF KERBY ROAD

By Kitty Carney

Many antique articles of furniture, china and silver inherited from their ancestors grace the lovely home of Mr. and Mrs. Howard French. One of the most cherished relics, which stands in the huge desk in the living room, is a communion cup brought from the village chapel in Wales attended by Mrs. F.'s grandmother in her youth.

Since forebears on both sides of the family had collected cups, Mrs. French is justly proud of her odd old China cups. These came not only from England, but from all parts of the world; some years back, a Nantucket sea captain picked up many of these cups in his travels and handed them down to his kin.

Nearly 200 Years Old One of the quaint cups in a blue and white pattern is handleless with a very deep saucer. Its age is ascertained by a marking on the bottom which states that it reached the 100-year mark in 1855. Another blue-rimmed cup with flower design against a yellow background is oddly shaped like a flower.

Other cups which Mrs. French prizes are: (1) flat-bottomed round cup which fits closely into the saucer and has a three piece gold handle. The deep purple cup and saucer trimmed with gold leaf design. (2) A flat black cup with rich gold handle and trim. (3) Several cups edged in green which have pedestal-like bases. (4) A dainty china cup, with star shaped flower design, gold edge, and handle, and three gold feet. (5) An odd triangular cup and saucer, white with flower trim.

Stored Egg Cups The twin egg cups enclosed in a china holder have a story behind them which Mrs. French revealed. When her grandmother was sent from Wales to school in England, she was assigned a seat-mate. Thus, the two young lasses had to share their dishes while they were schooled in niceties for proper English ladies. Among relics of "old Detroit," (Mrs. F.'s grandfather, John Ed-

wards, built the waterworks), are a silver Juster dresser set, containing brush, mirror, comb, nail file, etc., wreathed in flowers with "Eliza E. Edwards" inscribed on each. Mrs. French also inherited some spoons which her grandmother picked up in travels around the world from Alaska to Genoa.

Arrangements are under the direction of Mrs. George Smith, assisted by Mr. Smith, Dr. and Mrs. L. R. Martin, Mr. and Mrs. Sidney Morgan, Mr. and Mrs. Alton Huntington, Dr. and Mrs. Lindon Babcock, Mr. and Mrs. Edward Kay, Mr. and Mrs. F. G. Treat, Mr. and Mrs. Joseph Dingman and Mr. and Mrs. Howard Poppen.

Copies of the proposed amendments to the Articles of Incorporation and to the By-Laws may be obtained from the Secretary or may be examined at the office of either the Grosse Pointe News or the Grosse Pointe Review.

In accordance with the provisions of the present By-Laws the Board of Directors has fixed the number of Directors to be elected at the 1949 Annual Meeting at 15.

All persons who have contributed funds to the Grosse Pointe War Memorial Library Fund are members of the corporation and have the right to attend the meeting and to vote.

NANCY VOORHEES

Pillows flew and female screams echoed throughout. KATHY DROGE'S home in Oxford road Friday night, April 22, when she invited Ardyth Fahl, Cathie Greig, Nancy Doherty, Jan Walker, Jeanne Smith, Janie Rollings and Joyce Giller over for a hilarious slumber party. Besides playing murder in the dark and bridge, KATHY served cokes and sandwiches to her hungry guests. It's been said the gals finally went to dreamland 'round about 7 a.m.

BONNIE REITZ also gave a slumber party the same weekend for Gail de Gurse, Lynn Tappert, and Mary Ann Wagner. After the movies the gals listened to records, played a player piano, and ATE!

Red and yellow crepe paper streamers and murals depicting farmers and city slickers conveyed the theme of the S. A. dance, the "Hayloft Hop," held in the boys gym at GPH on Saturday night, April 23.

Cocktails were served by PEG DICKEN, wearing a black and yellow print, to her date, JIM SWIFT, Alice Savage in Clarence O'Dell, Alice Sichter, in Bill Isbey, Sarah Weed in Cal Purdy, and Margo Gessler in Bill Duffy. Then on to the dance, where JOHNNY TITUS' orchestra supplied the music for dancing. During the intermission the students square danced. Lots of kids were there, including Vince Schoek and Judy Richardson, Nancy Maynard in Jim Fisher, Marilyn Wilber in Al Clem, Annie Candler in Jim Williams, Marti Watkins in Jim Mast, Sally Reynolds in Art Deizer, Jeanne Salmon in Spike Quirk, Sally Seymour in Clark McPhail, Sue Riggs in Bob Evans, Barb-Bauman in Sparky Farquhar, Sue Martin in Bayard Johnson, Pat Potvin in Bill Anderson, Pat Hammond in Jim Fenske, Barb Sutton in Dick Nightgale, Carolyn Hahn in Chubs Lawler and Marcia Boothe in Bob Allen.

Soon after the dance BILL BEARDSLEE invited several couples over for bridge, cokes and more dancing. Among BILL'S guests were Nancy Georgi in Dick Guenther, Sally Andrus in Bob Coleman, Lois Buck in Dick Tordon, Sarah Weed in Cal Purdy, Marcy Wetherbee in Jim Stover, Janet Johnstone in Don Fessell, and BILL'S date BARB ORPHAL.

'Same night dancing to the smooth bands of Eliot Lawrence, Tommy Dorsey, and Sammy Kaye at the coliseum were Carroll Grylls in Bob Hansen, Ellie Jackel in Joe Fromm, Mary Stover in Don Wallace, Jane Austin in Jerry May, Joy Perry in Howie Ramsey, Louise Dealey in Corky Bailey, Gretchen Kleehammer in Marty Bogge, and Irene Blasiola in Don Bennet.

Don't forget the Junior Prom on May 14th. BOB COLEMAN will supply the music in the boys' gym from 9 until 12.

Saturday night it is: Youth Night at Grosse Pointe Memorial Church. There will be regular dancing and square dancing in the lounge for everybody. You may come bag, stag, or drag. The admission is 60 cents per person, but the food is free. Don't forget Saturday night—boys will wear slacks and girls cotton dresses. Be sure to come! Having a party? Please call me. TU. 2-9757.

CURRIED RICE

Contributed by Mrs. Louis B. Hyde
Salt and steam 1 cup of rice with sufficient water in double boiler. When cooked, add one medium onion cut small. Make 1 cup of thick cream sauce. Add 1/2 tsp. curry powder. Beat well to mix. Add rice; stir well and let stand covered.

Tomato Sauce
Bacon cut fine or 2 tbs. bacon drippings, 1 large onion cut up. Cook until golden brown. Then add:

- 1 can tomatoes
 - Salt
 - Cayenne pepper
 - 12 whole all spice
 - 6 cloves
 - Pinch of sugar.
- Cook thoroughly. Strain through colander and mix with rice.

Pointe Girls Pledged To Comoro Sorority

Three students from the Pointe have been pledged to Comoro, social sorority in the College of Arts and Sciences at the University of Detroit, at a ceremony held recently in the home of Mary Lou Carr.

They are: Susan Martz, daughter of Mr. and Mrs. Arthur Martz, of 1238 Balfour road, a junior majoring in psychology; Suzanne Scully, daughter of Mr. and Mrs. Frederick Scully, of 521 Oxford road, a freshman pre-medical student; and Carol Diedrich, daughter of Mr. and Mrs. Arthur Diedrich, of 1033 Yorkshire, a freshman studying dental hygiene.

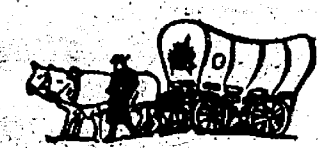

Pointers to Take Part In DAR Chapter Meeting

Mrs. Arthur Erwin will be one of the hostesses at the meeting of the Fort Pontchartrain Chapter, DAR, in the IngleSide Club on Friday, April 29.

Among the delegates who will report on the state conference are Mrs. Roy R. Riddle, Mrs. Ernest C. Harris and Mrs. Albert E. Cooney.

Mrs. Carl D. Macpherson was among those who attended the Continental Congress in Washington, D. C., recently.

Now Mother will sit right back and view the picture brightly if her gift this MOTHER'S DAY arrives with your love tucked into a glamorous WALTON PIERCE present. Both the Grosse Pointe Branch and the Women's City Club shops put in extra special thought for your Mother's Day gift. For instance there's nothing more exciting than the extra wonderful French perfumes (n-e-w ones!) and we'd gladly be Mrs. Dionne if our children remembered us with a flacon of "Funel"... made in Cannes and specially shipped us with a flacon of "Funel". The really outstanding Nylo-Crepe hosiery would make a charming remembrance. It's exclusive with Walton Pierce and is just about the sheerest hosiery magic we've seen. Leather straw handbags for Spring and Summer are sure to please. Mama who'd also approve and welcome one of the good looking faille bags with gold colored frames. The shelves are beautiful, too, with Designers or Costume jewelry and heavenly silk lingerie.

Mary Dunhill's snappy new personalized lipsticks are downright Conversation Pieces and you can get them at GROSSE POINTE DRUG CO. There's a charming price reduction in this lipstick which is a good, creamy texture and comes in seven different shades. YOUR initials are put right on the lipstick case while you wait two seconds at the counter. There's a smart choice of black and gold, white and gold, red and gold, and a two toned gold. Teddily handsome and a r-e-a-l buy!

A Summer rainbow of color has touched the exquisite lingerie just arrived at JACOBSON'S. New satiny fabric slips and gowns are tinted in orchid green, opal, champagne or white. This special slip has a deep lace hem and bodice and boasts slender rayon straps. The Summer White lingerie is crisp and frosty. One of the slips we saw edged at the top in white lace bound in blue and at the hem with a double flounce of lace. Two words surely in the vocabulary of all well dressed gals are "Fischer Slips." So carefully contrived are these wonders of pure silk and lace that they well might be custom made for each wearer. The slips have wide shoulder straps of lace and come in delicate tones of tea rose and white as well as shimmering black for under your darker costumes!
