Police Issue Special Plea To Graduates

Chiefs Ask Students to Use Restraint in Celebrating and to Drive Carefully

With graduation season here, the Police Chiefs of Grosse Pointe have issued the following statement:

"To The Graduates of Grosse Pointe:
"The Police Chiefs of Grosse Pointe urge all students to drive with care on the Evening of Graduation.

"The Grosse Pointe Parochial School graduate Sunday night, June 12, and the Grosse Pointe High School on June 16. Parents should warn their children of careless driving on these evenings. A few moments of fast or careless driving may not only cost their lives but could result in permanent injuries.

"We also urge parents to warn children of drinking alcohol while calling on graduate friends. Parents should not in any case serve hard liquor to visiting students. The State Law does not allow anyone to serve alcoholics to minors.

"Congratulations to all Graduates and the best of fun but remember, please use caution in your driving.

Report Robbery At High School

Another breaking and entering at the High School was reported to the Farms police this week by Charles Saltzer, assistant principal.

Sometime between Friday, June 3 and Monday, June 6, the locker of Marie Van Zannen was broken into and \$20 in currency was stolen.

FIRE EXTINGUISHED
A small roof fire at the Sigurd Wendin home at 291 Cloverly road, was extinguished by Farms firemen at 1 p.m. on June 2 before it did much damage.

New Law in Park Directed At Trespassing Swimmers

The ordinance introduced in Park Council at the request of Chief of Police Arthur Louwers, prohibiting swimming on the lakefront at any place except the municipal park, has been passed. Already the police have ticketed a half dozen boys whose cases will be handled in juvenile court.

Heretofore the police have had no legal methods for handling this nuisance of swimmers trespassing on private property. To answer the innumerable complaints that

Detroit Council Committee And Pointe Representatives Discuss Big Sewer Project

Hold Session To Argue Sides In Drainage Proposal Which Would Cost Three Local Municipalities More Than Five And A Half Million

A meeting was scheduled to take place yesterday at 10:30 o'clock in the Detroit Common Council chambers between the Sewers Committee of the Detroit Council and representatives from the Grosse Pointe municipalities, whom the committee had asked to meet with them to discuss the problem of the Fox Creek drainage area.

The results of the meeting were not available at press time.

Would Change Outlet
This is the issue which has been hanging over Grosse Pointe for a year or more. Detroit, largely at the behest of the Detroit Water Board, wants the flood water sewage, which now goes into the Fox Creek outlet carried down and dumped into the river at the Conner Creek outlet. This latter outlet is about opposite the Detroit water intake.

Detroit insists that Grosse Pointe, or rather the Farms, City and Park municipalities, should share in this cost and the itemized bill which they have presented as the estimate of costs entails an expenditure of more than \$5 1/2 million dollars for these three municipalities.

Pay for Treatment
The normal raw sewage flow from these municipalities is sent down to the Detroit sewage treatment plant, for which they pay Detroit a substantial sum of money each year.

The sewage over which this problem arises is only that which is carried into Fox Creek in time of storm water overflow. The Detroit Water Board has never made out a good case to show that this momentary overflow seriously endangers the Detroit water supply.

Pointe's Attitude
The attitude of the Pointe communities has thus far been that they can't pay such a sum and won't pay it. So far as Grosse Pointe is concerned the matter has always rested there. Back of the Pointe's chronic avoidance of the subject, the fear has haunted the minds of official Grosse Pointe that if a court of compe-

Head-On Crash on Moross Rd.

A head-on crash was reported at Moross and Lake Shore road at 4:30 p.m. on June 2.

Mabel Nymann, of 1783 Prestwick, driving south on Moross, stopped for the light at Lake Shore. The second car, being driven west on Lake Shore by Dorothy DeBuschere of 5500 Phillip, Detroit, made a right turn into Moross and crashed into the Nymann car. The amount of the damage was not stated in the report.

Adopt Policy On Memorial Development

Directors Meet to Discuss Plans for Putting Center Into Use

The Directors of the Grosse Pointe War Memorial Association met on Monday night, June 6 at the Memorial Center, primarily to hear the report of the Policy Committee, but also to discuss and provide for several routine items on their agenda.

As a general declaration of the overall policy which should obtain in the conduct of the Memorial, the Committee recommended:

To so conduct the affairs of the Association as to insure its permanence, beauty, dignity and service to the community and thereby do proper honor to the memory of the veterans of World War II.

Recommendation
Under this general declaration of policy the committee made several specific recommendations:

1. That development of the use of the building be done slowly with the public fully aware of the necessity for the Center to find its proper place in the community.

To Develop Program
3. That as a staff is available the Center develop its own program of benefits, lectures, etc., and that in the future it provide for interest groups not now active in the community.

4. That if practical arrangements be made for catering service when the building has been equipped for the same.

Discuss Furnishings
6. That a Furnishing and Arts committee be appointed to solicit gifts from the community and advise in the furnishing and decorations of the Center.

Commander Herbert Micou accepted the chairmanship of a committee on repairs and alterations, Mayor Ralph Netting of Grosse Pointe City assisting.

Mrs. Ellie chairman of the House Committee, is calling a meeting immediately to consider required kitchen equipment and getting estimates on repainting the kitchen and several of the upstairs rooms.

Park Business Men Win in Battle Over Raised Assessments

Village Officials and Board of Review Agree to Return to 1948 Figures After Group Fights Against Big Boost

President Homer C. Fritsch of Grosse Pointe Park said on Monday afternoon that at a meeting of the Village officials and the Board of Review on Saturday morning it was decided to return the assessments on business properties on Kercheval, Charlevoix and Mack to the old basis of the 1948 assessments.

No change is to be made in the assessments fixed on the few commercial properties immediately east of the Municipal Building on Jefferson avenue.

This action signifies a substantial victory for the Grosse Pointe Business Mens Association.

No expression could be obtained from any responsible Park official whether this abandonment of the proposed hike in commercial assessments would affect the budget recently adopted or retard the proposed program for improvements.

May Affect Program
It is understood that this program was predicated on the expectation of obtaining more revenues this year from the raise in assessments.

The battle started when the village raised assessments on business properties \$100 per front foot. After a first objection was lodged, the assessment on corner properties was kept at the increased figure, but on lots within the blocks, the assessment was dropped to a \$70 per front foot increase.

Association Helps
The Grosse Pointe Business Men's Association stepped into the breach to help the Park Board.

James W. McFally was retained as legal advisor. A meeting was held on May 26 in the Turner Buick Building and a committee named to carry on the fight.

Further meetings with the village officials and Board of Review resulted in the Park's decision to return to the 1948 assessment figures.

Farms to Install Parking Meters

The recommendation of Chief of Police Hoyt of the Farms that parking meters be installed in the business district area on Kercheval between Fisher road and Muir road was adopted by the Farms Council at the adjourned meeting on June 6.

The police believe that with the installation of meters, plus the paving of property in the rear of Kercheval on the northwest, which the municipality acquired, the parking congestion problem in this section will be solved for years to come.

The Farms will now have to pass the necessary ordinance to install meters and then decide on the type of meter and other details.

Village Trustee William G. Kirby has long been the chief advocate of parking meters for this section and has argued for their installation at a number of council meetings.

DOUBLE OFFENDERS
Last week's hot weather produced the usual crop of illegal swimmers along the Pointe lakefront. The Farms police reported an unusually large number of trespassers from Detroit. A study of the police blotter revealed that about half of them failed to bring along their suits. The complaints about nude swimmers were as frequent as those concerning properly attired natators.

Maire Safety Patrol Boys Taken to Midget Auto Races

Under arrangements made by City Patrolman Jules Deraedt, assisted by Patrolman Foster Mauck, about 45 boys of the Maire School saw the midget races at the Motor City Speedway at Eight Mile and Schoenherr last Monday night, June 6.

This is a reward for the boys who are of such valuable assistance to the police in guarding the safety of the small school children at the street crossings near the schools. The boys are offic-

ially called the Safety Patrol and their services are greatly appreciated by the regular police.

The boys saw the races through the courtesy of Andy Bardo, the proprietor of the Speedway. One week later, Monday, June 13, a like number of boys from the Richard School will see the races.

Transportation to the races was provided in station wagons donated by the Valley Cleaners, Bassingers Service Station and the Bon Secours Hospital.

Bert Wicking Opposed By Thomas Lott

Heavy Vote Expected in Election of Trustees of Board of Education Monday

Qualified electors will go to the polls Monday, June 13, to vote in the election of Rural Agricultural School District No. 1, Grosse Pointe Township. Two candidates for one vacancy for a three-year term as trustee of the Board of Education will be voted upon.

Bert H. Wicking, president of the board, whose term is now expiring, is being opposed for reelection by Thomas L. Lott.

After the election, the board will meet to elect officers. The annual meeting of the Board of Education will also be held Monday night at 8:30 o'clock in Grosse Pointe High School.

Library Expenses
In addition to electing a trustee Monday, the voters will be asked to approve library expenditures for the year 1949-50 in the amount of \$56,935, and to vote on such other questions and propositions, if any, as are required by law to be submitted to the electors.

For instructions on where to vote in Monday's election, an advertisement of the Board of Education appearing in this issue gives a complete list of the various precincts. The polls will be open from 8 a.m. to 8 p.m.

Must Be Registered
Registration must be on or before 12 o'clock noon, June 11. Only persons who have registered may vote at the election.

Statements have been issued by supporters of each of the two candidates. Some of the more recent statements are as follows:

Hubbard's Draft
Mr. Hubbard's draft of the Farms position was as follows:

June 1, 1949
"The Village of Grosse Pointe Farms presently has a drainage agreement with Detroit which has been in effect for the past eleven years. This agreement is included in the proceedings of the Detroit Common Council of May 31, 1938, on pages 1359 and 1360.

"Under this agreement the Farms pays Detroit annually for the capital costs, standby costs and operating costs on the disposal of all storm water from Grosse Pointe Farms.

"Under a separate agreement the Farms pays Detroit on a quarterly basis for the treatment of all sanitary sewage from Grosse Pointe Farms.

"It would appear from the agreement that if the present Fox Creek outlet is a source of anticipated pollution to the Detroit water supply, the method of correcting it would not involve the Farms but would be strictly a Detroit problem."

City Has One Too
This agreement between the Farms and Detroit, which was made on May 31, 1938, was identical with a similar one which

Farms Building Shows Increase
Building operations in the Farms for the month of May totaled 32 building units representing a cost of \$663,750.

This is a substantial rate of increase over the two preceding months, which were the first two months of the Farms' fiscal year. For the months of March and April the total was \$912,000 in round figures.

The total building operations for the first quarter of the year was 93 units, involving \$1,576,050.

"Mr. Wicking has chosen to become a sticker candidate due to the fact that the legality of his nominating petitions has been challenged. Technicalities with respect to the date on which Mr. Wicking's petitions were actually filed with the Secretary of the Board of Education were raised last week by a local attorney who is supporting another candidate.

"Mr. Wicking said in a statement to the press Monday of this week, 'I have been advised by competent legal counsel that my nominating petitions were legally drawn and filed. In view of the fact that my opponents have challenged the legality of my petitions it is entirely possible that my re-election might be challenged in the courts if I insisted on my right to have my name printed in the official ballot. Since I am sincerely interested in the welfare of the Grosse Pointe Public Schools I have decided to run as a sticker candidate on June 13 so that there can be no possible attack upon the results of the school election.

"Other members of the Board of Education have publicly stated their unanimous support of Mr. Wicking in his campaign for reelection. A paid advertisement

Two Candidates Seek Post On School Board Monday

(Continued from Page 1) in this paper signed by many Grosse Pointe civic leaders also urged the re-election of Mr. Wicking.

Advocates of Mr. Wicking's re-election emphasize the fact that it is extremely important that those who favor him observe the legal technicalities which are prescribed for voting for a candidate whose name does not appear on the official ballot. It is legal to write in the name Bert H. Wicking on the blank line on the ballot but the vote will not be counted unless the full name is correctly spelled and a cross (x) made in the box at the left

of the name. It is also legal to attach a gummed sticker carrying Mr. Wicking's name on the blank line provided on the ballot, but it is essential that a cross (x) be made in the box at the left of the sticker.

THOMAS L. LOTT
The following is an interview with Thomas L. Lott, candidate for the School Board, in the forthcoming election on June 13.—
"There is a growing concern over the cost of government—the proportion of the country's income that goes to support government. Recent estimates have put the total 'take' of government at all levels at one-quarter to one-third of the country's income. And while education is most important, still those charged with the responsibility of spending public money, whether it be for schools, or for township or municipal government, or on the state and national level, should recognize the size of the tax burden in the aggregate and should be increasingly alert to see that the public money is well spent.

"We have just gone through a period of relatively easy money during which these obvious principles have been ignored, but a reaction seems to be setting in and money may not be so free and easy. Under these circumstances the people ought not to be asked to increase taxes unless the necessity is obvious; if it is necessary to ask for more schools, the request should be limited to the strict necessities and should not be phrased as a blank check to raise taxes for fifteen or twenty years for projects yet undetermined. And if the people are to be asked for money, they should, instead of being asked to reach a decision within a few weeks, be given a complete and fair disclosure of the problem and allowed ample time to mull it over; the calling of a special election a month before a regularly scheduled election is an unseemly procedure and expense and the electorate naturally wonders what excuses there could be, other than political, that would occasion such haste.

"Lastly, any proposition that is put to the people should be a fair proposition. It is unfair, especially so in times of high taxes, to tax one section of a community largely for the benefit of another section."

Kiwanians Hold Baseball Party

Members of the Grosse Pointe Kiwanis Club enjoyed a baseball party on Wednesday night, June 8. There were 80 in the party which attended the Detroit Tigers-New York Yankees game at Briggs Stadium. Chartered buses carried the group to the game.

John Fritzsche is chairman of the committee which is completing plans for the annual Fourth of July community celebration to be held on the Mason School grounds.

Memorial

(Continued from Page 1)
The Directors also approved a blanket bond upon all of the officers in places of trust, in amount of \$10,000 and approved other types of insurance which a properly should carry.

Drainage

(Continued from Page 1)
was concluded at the same time or about the same time between Grosse Pointe City and Detroit. Apparently this quite clearly removes these two municipalities from any liability in Detroit's drainage problem as originating in these areas.

Lieut. Champine On Retired List

Lieutenant Stephen Champine, of the Farms Fire Department, who has served more than 26 years in the department, has retired, as provided for in the municipal retirement system.

Choral Groups To Give Concert

Grosse Pointe High School's choral groups will combine their talents in a varied concert at 8:15 o'clock Friday evening in the Pierce Auditorium.

The voices of six soloists will be presented with different groups. The piano solos to be played by Milton Setzer will add variety to the program.

Lila Binney, 12B, will sing "Summertime"; Mary Jane Kurth 11B, will also be featured in a solo.

Singing with the choir in the selection "Solo and Sanctus" will be Gay Stevenson, 12A.

Barbara Orphal, 12A, and Nancy Russell, 11A, will be accompanied by the Girls Glee Club in singing the solos for "Barcarolle" and "How Lovely are Thy Dwellings."

All the groups will combine for a mighty rendition of the new "Battle Hymn of the Republic" with Kenneth Field, 11A, singing the solo.

Theater Group Planning Plays

The reception accorded the Grosse Pointe Theatre's recent trio of one-acts indicated approval of the Workshop training program under which the plays were presented.

Another group of Workshop plays will shortly go into rehearsal, for presentation about the middle of July—the exact date to be announced in the near future.

Members who wish to try out for parts in these shows are urged to be at the Miller Memorial Hall, behind Christ Church on Grosse Pointe boulevard, on Sunday, June 12. Readings will begin at 2:30 p.m. and will continue as far into the late afternoon or early evening as there are aspiring actors and actresses who wish to be heard.

If you would like an opportunity to participate in this activity, but are not already a registered member, you may sign up next Sunday at Miller Memorial Hall. The registration fee is \$1.00. Additional information about the Theatre may be obtained by telephoning Mrs. Virginia Cassil, temporary membership chairman, at Niagara 6360.

Active and associate members of the Grosse Pointe Theatre are reminded, too, of the general meeting to be held tonight, Thursday, June 9, in the Miller Memorial Hall at 8 o'clock. The most important items on the agenda are the election of the new Board of Trustees and the discussion of a blueprint for the organization's future.

St. James Choir Plans Program

The Senior Choir of St. James Lutheran Church will present music for the complete church year from Advent to Trinity at its Song Service on Sunday, June 12 at 11 a.m.

There will be a short message by the Rev. George E. Kurz, pastor. This will be the first service of this kind for the choir which will present favorite anthems appropriate for each season.

Mrs. Robert Schmitz is director of the choir.

PIANO RECITAL
Elnine Camburn will present a group of her pupils in solo and duo-piano numbers at the Grosse Pointe Memorial Church House on Thursday evening, June 16, at 7:30 o'clock. The public is invited.

Settle Traffic Cases in Court

Justice John L. Potter presiding in Park Police Court on May 31 disposed of the following cases:

David R. Miller of 2126 Algonquin, Detroit, pled guilty to simple larceny in stripping cars May 31, was fined \$25 and \$10 costs, to be paid to the Wayne County probation department, and placed on probation six months.

Henry Peters, Jr., of 1247 Philip involved in a similar offense on May 29 was given the same sentence.

Charles M. Anderson of 229 St. Jean, pled guilty to the same offense on May 29, was fined \$50 and costs of \$15, the latter to be paid to the Probation department and placed on probation six months.

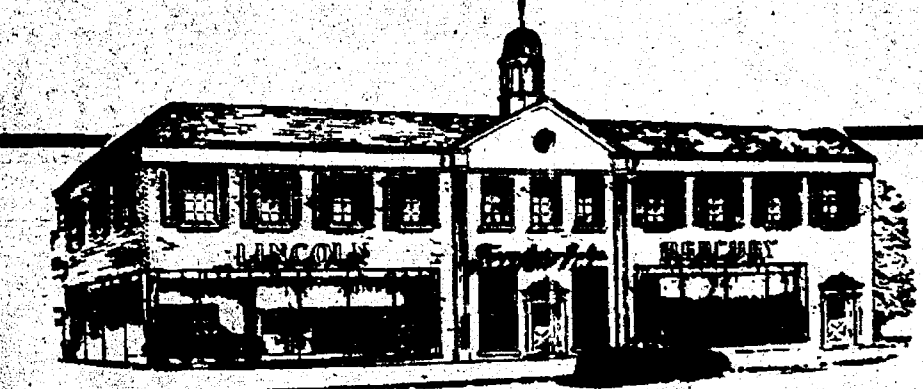

On the following day in Justice Joseph Belanger's Court Charles A. Rebstock of 5582 Somerset, for failure to have car under control at Somerset and Charlevoix on May 16, resulting in an accident, pled guilty and was fined \$20 or 20 days in jail.

Dino Constantini of 2392 Oakdale, Detroit, charged with running through a red light at Jefferson and Pemberton on April 23, pled guilty and was fined \$5 or 5 days in jail.

Sherleyan Scripp of 781 Bedford, G. P. Park, charged with entering intersection at Avondale and Barrington on May 11 without due care and caution resulting in an accident, pled guilty and on further examination the plea was accepted and case dismissed.

Jerome S. Snyder, of 279 Piper, Detroit, involved in the same case was also adjudged not guilty.

In addition, there will be booths with handmade jewelry, aprons for every occasion, fine needlework, tasty baked goods of all descriptions. Beautiful flowers including both fresh flower arrangements and planted dishes.

Other booth will feature white elephants, books and toys for children in addition to a fish pond with surprise gifts. A wide variety of delicious refreshments will be served at the special Refreshment Booth.

An organ grinder complete with trained monkey will provide entertainment throughout the afternoon and evening with additional music scheduled for the evening hours.

noon and evening with additional music scheduled for the evening hours.

Police Radio Consoles Arrive

Four of the five new consoles required for the new Inter-Municipal Police Radio System have been delivered, it was stated at the Farms village offices on June 6.

The Woods did not join in the system until recently, so there may be some delay in getting the additional console to service that village. The transmitter had also not yet arrived early this week, but it was expected to be delivered at any time.

The transmitter will be installed in one of the cell blocks in the Farms police station. Each of the five police stations in the Pointe will have its own receiving console.

Biting Dog Shot By Park Police

R. H. Wertz of 1056 Balfour was bitten by a stray dog on June 4. He asked the police to track down the animal and have it impounded or disposed of to ascertain whether he was rabies infected.

The police started a hunt which lasted over a day. When they finally found the animal they saw they would have difficulty in catching it and one of the men shot it with his service revolver. The head was sent to the Herman Kiefer Hospital for examination. The animal was unlicensed and ownership unknown.

A Whale of a Lot of Tuna

Pointer Henri Germain was a tired but happy man after landing this giant of the sea after a two hour battle. He caught the big fellow with a 39 thread line, fishing off Bimini on May 23. It weighed 640 pounds.

Attacker Breaks Artificial Leg

As City Patrolman Rabaut and Moffat were cruising at 2:15 a.m. on June 2 they came upon a knot of four young men and a girl on Mack near Woodall.

Stopping for information, the young people pointed to a man lying on the sidewalk who could not walk. He turned out to be Theodore Hebert of 643 Notre Dame, who has an artificial leg. He said he had been attacked by an unknown man, who had beat-

en him up and also broken his wooden leg, which accounted for his inability to walk.

There were no witnesses to the assault, the five young people having just happened along a few minutes earlier, and found him.

As the attack had occurred on the Detroit side of Mack, the Detroit police were notified and a car from the Conners station took all six to the station for further examination.

High School Students Win Scholarships

15 Capture Awards for Fine Work Done During College, Preparatory Years

A total of 15 scholarships have been awarded recently to Grosse Pointe High School seniors.

Massachusetts Institute of Technology has awarded scholarships to Jim Fenske and George Abbott. Jim won a \$500 fund which is renewable for four years. George will receive \$200 assistance, which is also renewable for four years. Both boys plan to study engineering.

Going To Vassar
Carroll Grylls received notification of a scholarship she has received to Vassar where she plans to major in psychology.

Full tuition, board and room will be paid by the Kentucky State Teachers College for Vincent Schoeck.

Tuition will be paid for Gloria Schable by Highland Park Junior College where she will study retailing.

The Grosse Pointe Rotary Club has given scholarships of \$200 each to Bruce Wolf and Rudy Schneider. Bruce will attend Wayne University to study pharmacy and Rudy will take up a course in engineering at the University of Detroit.

Rewarded by U. of M.
Dona Lee Davenport and Jerry Webster of the January graduating class and Robert Evans and Barbara Stafford of the June class won University of Michigan Regents-Alumni scholarships.

Scholarships were awarded by Michigan State College to Barbara Otto, Julie Ford and Dick Ashleman.

Park Purchasing Aerial Pictures

On the advice of Edward Laird, planning consultant of the firm of Wilcox and Laird, the Park will soon acquire from the Detroit Edison company a series of aerial photographs of the Park area as an aid in the overall planning which is in progress.

The Detroit Edison has taken such photos of the whole Grosse Pointe area as an aid to its own work in the Pointe, and very kindly offers to sell to any of the Pointe communities such of the photos as they want.

Scotch Family Reunited After Year's Separation

Mr. and Mrs. Andrew McCusker of 2209 Roslyn road, Grosse Pointe Woods, welcomed their two children, James, aged 11, and Beatrice, aged 9, from Scotland, at Willow Run at 2 p.m. on Sunday June 5 after a separation of a year.

Mr. and Mrs. McCusker, who were residing at Coventry, England, came to America in June 1948, and left James and Patricia in the charge of Mr. McCusker's sister, Mrs. O'Connor, of Motherwell, Scotland. They had hoped to send for the children as soon as they could obtain a place to live here.

The difficulty of securing acceptable quarters and in making arrangements with the immigration authorities delayed the reunion until now.

The McCuskers received word from Mrs. O'Connor the other day that the two kiddies would be placed on the plane at Prestwick Field, Scotland, at 10:15 p.m. on Saturday, June 4, due to arrive at Willow Run at 2 p.m. the following afternoon, after a transfer at the New York field.

These two little ones who are among the very latest "immigrants" were given a heartfelt welcome by their father and mother.

Mr. McCusker is most grateful to Congressman Louis C. Rabaut for the assistance he gave them in cutting the red tape which barred their arrival.

Queried as to the condition at Coventry when he left a year ago, Mr. McCusker said the people there had done marvels in restoring the City which had been subjected to the most devastating bombardment of any place in England. Coventry is an important industrial city. He is employed at Briggs as a "final operator."

Would Include Pension Plan In Farms Charter

Harry A. Furton, Farms Clerk, reported to the Council meeting on June 6 that the Charter Commission at its meeting held on Thursday evening, May 26, requested to be advised of any changes recommended by either the Council or the Actuary in the existing retirement system.

The Charter Commission felt that in the adoption of the charter for the new city that the retirement systems should be corrected for any recommended changes and be included as a part of the Charter.

Federalists Hail Action in House

The first movement in the direction of world federation will be discussed at a meeting of the Grosse Pointe Chapter of United World Federalists which is scheduled for 8 p.m. next Tuesday at the Neighborhood Club.

Among the steps which will be reviewed is a resolution which was introduced in the House of Representatives in Washington on Tuesday, June 7. The resolution was:

Seek development of the United Nations into a World Federation. Eighty-four members of Congress sponsored this bill which marks the first movement on a nation-wide level in taking concrete steps towards World Federation.

Several states have already introduced similar legislation.

Virginia Bus Blamed For Accident in City

Aline L. Jerome of 9470 Camley, Detroit, reported to the City police on June 2 that at 11 o'clock that morning as she was driving east on Jefferson avenue, her car was sideswiped by a greyhound bus carrying a Virginia license.

There was no personal injury but both fenders on the contact side of her car were badly crumpled. The bus did not stop, but she got its number and the police will take it up with the Greyhound Co. of Virginia.

Hunt Club Show Attracting Nation's Top Hunter Stable

The famed Rolling Rock stable of Pittsburgh, Pa., generally regarded as the top hunter stable in the U. S., will participate in the 38th annual Grosse Pointe Horse Show at the Grosse Pointe Hunt Club June 16-19.

This marks the first time in a decade that the celebrated Rolling Rock horses have bid for honors in the Grosse Pointe competition, the biggest outdoor event of its kind in the Midwest.

Ermine Coat, Speakeasy and Pappy, all consistent winners in the big shows in the East, will make the Rolling Rock stable the favorite in the Grosse Pointe show. Other Rolling Rock entries will be Spanish Spear, Tudorlan, Glamor Man, White Coat and Arctic Fox. This stable is managed by the veteran showman, William Bale.

Other outstanding entries are Mrs. Ralph T. King's stable from Cleveland, Mrs. A. E. Reuben's Hasty House stable from Toledo, and Ralph Fleming's and Rosalind Hauss' stables from St. Louis, Mo.

Tops among the Michigan contenders are Mrs. J. A. Blackwood's Bobby Pin, Mrs. Charles Kirchen's Brambles and Mrs. J.

Deanne Rucker's Clifton's Chance. The Grosse Pointe show, which has attracted more than 300 of the best mounts in the Midwest, East and South, will be the biggest in the 38-year history of the event. Afternoon and evening sessions are slated for all four days.

Want Hall Place One-Way Street

Residents in the Radnor Park area, particularly those residing along Hall place, have requested the Farms police to convert that street into a one-way street. This street has been well occupied with new homes all built within the last two years.

Hall place is the most westerly cross street between Grosse Pointe boulevard and Kercheval and with the erection of the many new homes has become a much travelled thoroughfare. The residents have asked to have the entrance to the proposed one-way plan at the boulevard and the exit at Kercheval.

The petitioners have asked that if the one-way plan be deemed not feasible signs shall be posted limiting the speed to 15 miles an hour.

They say there are approximately 25 small children residing on Hall place and ask that the present excessive speed be materially reduced.

Chief Hoyt acknowledged the receipt of the petition and advised that it be referred to the council for the reason that the request, if granted, would affect other people than those living on Hall place.

The matter was referred to the streets committee for further consideration, when brought before council on June 6.

The Park's Assessment Issue

It is small concern to the taxpayer whether taxes are taken out of his pocket by raising the assessment on his property or increasing the millage. He is mightily concerned whether discrimination is shown in the spreading of the taxes so that he is the sufferer.

This briefly was the issue down in the Park village where, in its quest for more revenue it upped the assessment on all commercial properties.

The Grosse Pointe Business Men's Association, sensing that if this practice became general in all the Pointe communities eventually every property owning member of their group would be affected, has come to the support of the Park business men.

They claim that the jumping of the assessment on Kercheval avenue business places by \$70 per foot front on interior lots and \$100 per foot front on corner properties, and corresponding increases on business property on Jefferson and Mack avenues, is discriminatory and illegal.

The Park village boasts of not having issued any bonds since 1939. Its village administrations for the past six or seven years have done an excellent job in the management of the village finances. It has paid off more than \$700,000 of its debt which it inherited from earlier administrations. It has, since the coming of Village Manager Everitt B. Lane, and with the effective cooperation of such Village Presidents as Karl B. Goddard, Howard P. Parshall and the present President Homer C. Fritsch, consistently followed the Pay-as-you-go plan in all village improvements.

The per capita public debt today in the Park is the lowest of any of the Pointe communities. It is the purpose to continue that plan that prompts the present action to raise the larger sums needed for permanent improvements by increasing its tax receipts via the increased assessment method and in this procedure the owners of commercial properties have apparently been singled out to carry the load.

The business men claim that any improvements instituted for the common advantage of the whole community should be borne equally by all of the taxpayers.

It is rumored that the village has in mind the improvement of its own property in the rear of the municipal building and the possible acquisition of other property for parking lot space and a miniature park. Improvements on Jefferson avenue are also contemplated.

The business men of the Pointe as a whole are determined that these plans for improvement shall not be carried out almost wholly at their expense. It is true that the Park has upped the assessment on residences built since 1942 by a flat 10 per cent, but even this will leave the major part of the load on the commercial property owners.

The business men of the Park were greatly aroused over this issue and determined to carry it to Lansing if adjustments could not be made through the local authorities.

Stables to Clean

When the preliminary examination of alleged chiseling in the Detroit Welfare Department by the Auditor General discloses that 35 per cent of the 489 cases investigated were in fact chiselers no further argument need be made for a thorough investigation of the relief rolls.

Auditor General Tobin has asked the Common Council for an appropriation of \$25,000 to set up the machinery for a full scale investigation. He warns that the complete investigation will cost much more.

This investigation should go much farther than merely determine who is and who is not entitled to receive relief.

The major objective should be to learn how they got on relief in the first place and who among these professional almoners of the public money were responsible for the chiselers getting there.

There must have been a lot of slipshod investigating done by these "trained" do-gooders. This era of magnificent spending of public funds has resulted in this kind of service in many branches of government from the Federal ranks down to the smallest units of local government.

It will not be surprising if such an investigation discloses that cases of downright venality, with kickbacks and such, are unearthed in the ranks of the professional spenders.

It looks as if there were stables to be cleaned and the sooner the job is tackled the better.

Lewis Meets a Greater Power

John L. Lewis the beetle browed, domineering head of the United Mine Workers of America, should have learned by this time there is a power in this nation which transcends the power of himself and his subservient union.

His threat that the Government "can't dig coal with bayonets" may be true but his latest defiance of that power should convince him that his spurning of court orders, backed by tremendous fines which the Government can and will enforce, will be more effective than bayonets.

The United States Court of Appeals has upheld the contempt of Court conviction and fine of \$20,000 against Lewis personally and of \$1,420,000 against his union which Federal Judge T. Alan Goldsborough imposed when Lewis let his men abandon work in April 1948 without even informing them officially of the Court's ruling.

His plea that the men impatiently walked out of their own violation was too thin. The Court of Appeals says that "the evidence is overwhelming that the walkout was concerted."

Further the opinion says that "Quite apart from what the miners did, the Union (John L. Lewis), made no attempt to direct, instruct or persuade them to return to work and thereby it disobeyed the Court's order."

When Lewis "officially advised" the miners to return to work he tacitly was advising them not to do so, by his intended failure to refer to the Courts order at the same time.

As was said during the height of the draft riots in New York City in July 1863 "God Reigns and the Government at Washington still lives."

Grosse Exaggerations

A. PRYOR

"Slower, sweet June,
Each step more slow;
Linger and loiter as you go."
(Julia Harris May)

If they don't stop publishing those pictures (in the daily papers) of the guys who have switched to Calvert's... we are going to switch back again to Four Roses or Golden Wedding. Not that we have anything against the people pictured, but their pictures and their obscure jobs are no particular incentive for us to want to follow in their footsteps. NOW... if Maurice Evans or Clare Booth Luce or Eleanor Roosevelt or Bing Crosby or Helen Hayes have switched to Calvert's... THAT is something we want to know about.

Last week in Washington, some big doings were going on at the Army and the notables who appeared were announced over the air. They included Arthur Godfrey and his entire staff, Bob Hope and Bing Crosby (who seem to go together like cheese and crackers), Fred Allen, Gen. Omar Bradley, President Truman and Jane Russell! Don't ask US how Jane Russell got in there... we wondered about that too. Maybe it was because she was picked as having the prettiest jaw-line.

SAGA OF A SUN BATH

Remember last Thursday? Sunny, warm, balmy, just the kind of day that made you want to drop everything and BEGIN your summer. To us it meant getting away from the telephone and typewriter and beginning our sun tan in the back yard. Full of steam and the spirit of '49, we gathered our sunning mat from the attic, our bathing suit from moth balls, our leftover sun tan oil and dark glasses and made for a grassy spot in the garden. We were mid-way through the oiling-up process, when the phone rang! "Let it ring," we sez to ourselves, but after about five persistent clanging, we decided it might be important. Sooooo, in we go, grab the phone with an oily hand and find ourselves being asked by a very polite little man "If we wouldn't like to have our piano tuned!"

We brushed him off summarily and went back to old sol. We settled down with a huge summer sigh and bang! the phone again. This time we were hanged if we'd answer it, so we just lay there worrying about what it MIGHT be. No go. We had to shut the dangd thing up, so in we went again. This time a sweet-voiced female wanted to know if we didn't think this a good time to have our oil burner looked over and cleaned NOW instead of waiting until the rush started. With ears in our voice we allowed as how "NO, NOT NOW."

Back we went again, less enthusiastically and settled down once more. Just as we were turning over to "do the other side" the phone again. It rang and rang and rang. This MUST be important, we thought... so in again to pick up the receiver. This voice just wanted to check on whether it was Monday or Tuesday of next week that they were to pick up our rug to be cleaned! This time when we returned to the garden it was to gather up our paraphernalia and take it back to the house. We gave up... got dressed and sat down at our desk where the phone is right at hand. P.S. It didn't ring once again the whole day.

At a veddy swank dinner party in the Pointe last week, the slightly tipsy host announced to the guests that if his wife seemed a little "cold", they were to pay no attention because the unfortunate woman had only just removed her girdle from the icebox before dressing for dinner. Madame, who felt called upon to explain her spouse's bald statement of fact, told the following. She had purchased the girdle during the week and had it sent to her house. When it arrived there, it was packed in a long box that had printed on the outside, "American Beauty." Since Madame was out at the time, the maid, thinking "it" was a box of flowers, placed the whole box carefully in the refrigerator and forgot to mention it to her mistress. Three days later when she remembered it (must be SOME ice box), she apologized and said she hoped the flowers would still be alright. Madame looked... and found the "flowers" to be her girdle.

Speaking of dinner parties, Mrs. William G. Curran, who with her husband gave a veddy nace one last week, sent out written invitations that sounded gay as all get out to the invited guests... except that Mrs. Curran failed to say WHO was giving the party OR where it was! A friend who recognized her hand writing telephoned her to tell her about it... whereupon the pretty "Katie" had to sit down and telephone all the guests to explain WHOSE party it was.

While we are in a "party" mood, here's another one we like. A local woman who has been hunting lol! these many moons for THE perfect butler to preside over her mansion, thought she had found just the man... when she attended a party at the home of friends recently. Having ascertained from the hostess that the man was merely a pinch-hitter for the evening, our heroine kept her eyes glued on his every move and decided he was the answer to her prayer. After dinner, she asked her hosts if she might go "below stairs" and speak to the butler about working for her. They'd be delighted to have her do so... sooooo, out to the kitchen goes Madame and accosting the butler in her best Harvard accent, she explained who she was, the size of her family and her house and asked if he might not be interested in working for her in a permanent job. Before he had time to answer, she went on to assure him that without ado, she just KNEW he would fit into her well-run household perfectly.

Finally he said (as only such a butler CAN say it), "Apparently Madame doesn't remember me! You interviewed me two years ago and decided I wouldn't do. I'm afraid I'm not interested now."

Dear Sir:

I want to make an appeal through your paper. We are in need of material for cancer pads. The Cancer Society supplies us with all the fillings for this vital work, but does not have enough material for the amount of pads needed.

Old sheets, pillow slips, baby diapers, table cloths and men's white shirts are fine materials. No matter how old they are, we can use them if they're white and soft. The pads are used once and burned.

The work must go on through the summer months. Those who are already sending their material to the Cancer Society through church groups or other channels are urged to continue this. Those who have not been contributing materials are urged to help in this important work.

Material may be left at 466 Philip or 513 Lake Shore road. If this is not convenient, I can pick it up if the donors will call me at NI agara 3775.

Hunt Club to Present Pony To Outstanding Youngster

Who is the junior citizen of Michigan who best served his family, friends, neighbors or community in 1948?

That's what the members of the Grosse Pointe Hunt Club are trying to find out. They are going to give that youngster a spotted pony, equipped with saddle, bridle and halter. The presentation will be a highlight of the concluding day of the Grosse Pointe Horse Show at the Grosse Pointe Hunt Club Sunday, June 19.

Any boy or girl who did not reach his or her fifteenth birthday in 1948, is eligible for the award. Plenty of latitude has been allowed in determining the winner. The award may be given for an outstanding act of heroism, or it may be presented for meritorious service to others over a long period of time.

Unless the winner nominates himself, the person who suggests his name will receive a \$50 savings bond.

All nominations must be sent to Mark Belaire, Pony Contest, The Detroit Free Press. Entries must be postmarked not later than Tuesday, June 14.

Judges for the contest will be Frederick M. Alger, Jr., Secretary of State; Prentiss Brown,

chairman of the board of The Detroit Edison Co.; and Circuit Judge Miles Culehan.

West Pointer

Among the cadets graduating from the United States Military Academy this June is FRED S. GALLAGHER, the son of Mr. and Mrs. F. C. Gallagher, 1318 Somerset road, Grosse Pointe Park.

Fred was graduated from the Grosse Pointe High School, and later attended the University of Michigan and Amherst College, where he attended USMA Preparatory School.

He served in the Army for 2 1/2 years and was a Corporal in the Infantry. He received his appointment to West Point from Hon. Louis C. Rabaut. While at the Academy he was an outstanding cadet, and was awarded Academic Stars in his second class year.

Upon graduating he will be commissioned in the Corps of Engineers and will be a Second Lieutenant.

Graduation at Michigan Drawing Points Families

Mr. and Mrs. Ernest Rink of Yorkshire road will join Mr. and Mrs. Fred Stichel of Balfour road in Ann Arbor on Friday to attend "The Heiress", starring Martha Scott.

On Saturday, June 11, their daughters, Dolores Rink and Ruth Stichel, will receive their degrees from the University of Michigan.

Prince Slightly Injured in Crash

As Fred A. Prince, Jr., of 286 Hillcrest was driving east on St. Paul at 2:30 a.m. on June 3, his car was struck by a car driven north on Rivard by Curtis Keegin of 593 Rivard.

Prince received a slight injury on his left arm, which was treated at Bon Secours Hospital and he was discharged. The property damage was extensive.

Keegin was given a ticket for reckless driving and for driving with an expired operator's license.

The celebration of Labor day was inaugurated by the Knights of Labor in New York City in 1882.

Society News Gathered from All of the Pointes

From Another Pointe of View

Jane Schermerhorn

Inasmuch as we have never run a club's supper room... or had anything to do with show business (except for those few seasons with the Abbey Players and Noel Coward)... We think we are the one to observe here and now... that the Public simply will not turn down the best... In the face of anxious "business is slow" weather... Charles A. Hughes (synonymous to magic for the Detroit Athletic Club)... signed Peter Lind Hayes and Mary Healy for a week's supper show at the D.A.C. and the room which a week before had looked a little like the Wide Open Spaces... was so packed the walls bulged... "Standing Room Only"... was the story for the entire run of the talented duo... who were enchanting... brilliant and the hit of what Peter called that great Republican Restaurant... the Waldorf Astoria...

Christian Dior Star

We think it's what Detroit needs... someone to appear on the supper room floor and dedicate a lilting song to General and Mrs. Motors... present in the persons of Mr. and Mrs. C. E. Wilson... Someone to tell us about Moonlight Sinatra... sing songs like "It's Cold Outside"... It's nice to be entertained by as versatile a trooper as Peter Lind Hayes... whose neat dance steps interspersed songs and monologues to music all in excellent taste... exciting to watch... It's nice, too... to have the distaff side a beauty... in good voice... and wearing Christian Dior gowns (Mary's Friday gown was white silk net... thousands of yards... swooped and draped... very off the shoulder... and very one single pink rose below one slight hip...)

Pointers Enjoy Show

So did all those in the Hughes' party which included Mrs. Fred T. Murphy... (who is a delightful audience always... lavish with applause... and enjoying every minute of a good performance)... Mr. and Mrs. James H. Holden... Mr. and Mrs. H. Lynn Pierson... Mr. and Mrs. Edward B. Caulkins (recently returned from California)... Mr. and Mrs. Henry E. Bodman... and Mr. and Mrs. David C. Gillis, the latter charming in a navy above the ankle length frock with deep stand-up bertha of crisp white organdie...

Dancing At The D.A.C.

There was something extra in the rumbas and sambas turned out by members of the Ray Whyte party after the Hayes-Healy show... Here the funmakers included Mr. and Mrs. Arthur J. Rohde... Mr. and Mrs. Phil Wood... but we must confess Phil had the twinkle in his eye before he saw that evening's performance... many years before, in fact... There was birthday music for Mrs. Rex Queeney, who with Mr. Queeney was with a large party of friends... She wore birthday gardenias... and a pleated navy chiffon frock which fitted close to her slim waist and fell in great folds to above the ankle length... her navy straw hat had picture brim... She flew back from Williamsburg, Va., to attend closing day exercises at Detroit Country Day School, where her 7-year-old... Sharon Ann... received two of the awards in the lower school... one for perfect attendance... the other for scholarship... which makes her the cutest blue stocking we know...

Junior League's Fair Will Be Gala Event

Country Kitchen, Tea and Fashion Show and Dance Just Few of Features to Be Seen Next Thursday at Lake Shore Road Site

"When Old Mother Hubbard went to her cupboard, She found that her cupboard was bare. But today Mrs. Hubbard can fill all her cupboard—From Country Kitchen, Junior League Fair."

This jingle tells the story of just one booth—the Country Kitchen—which will be a part of the elaborate Country Fair to be sponsored by the Junior League on Thursday, June 16, at 485 Lake Shore road.

Mrs. Francis Bourke, chairman, and her quaintly-aproned committee, will preside over the array of homemade goodies. From members and their mothers they have solicited contributions, ranging from roast turkeys, baked hams, relishes, jams, candies, pastries and sweets, and especially requesting the specialties de la maison.

Committee members who will alternate at the booth in two hour shifts include the Mesdames William Larchen, Edward Ives, Harry Frost, Jr., Angus Goetz, Robert Bryan, Gilbert Currie, Thomas Whitehead, Brooks Begg and Walter Meeke. Mrs. Ernest Davis, Miss Agnes Holmes and Mrs. Charlotte Dey have also been assigned to the Country Kitchen.

General chairman of the Country Fair is Mrs. Frank J. Sladen, with Mrs. Allan Sheldon III and Mrs. William M. Joy as vice chairmen. A tea and fashion

show, Country Garden and dance will be among the many features of the fair.

Florence Michie to Wed Harry Stahl on June 25

Florence Michie and Harry Stahl will be married on June 25 in Grosse Pointe Memorial church.

Marjorie Bull will be Flo's maid of honor. Ann Stahl, sister of the prospective bridegroom, Mrs. Robert W. Clarke, Mrs. Neil B. Michie, of Lansing, Nancy Lightbody and Nancy Balkema of Monroe, will be bridesmaids.

Chick Fleck will be best man for Harry. Richard Carter, Neil B. Michie, Robert W. Clarke, Richard Ricketts and Robert S. King, Jr., are to be ushers.

Goodness consists not in the outward things we do, but in the inward things we are.—Chapin.

Reunion Ahead For Ballantynes

Mr. and Mrs. Carroll Trego Ballantyne will travel to New York to meet Mrs. Hilda Garrett and her daughter, Daphne, who arrived on the twenty first from their London home.

The visit marks the first time Mrs. Ballantyne has seen her mother and sister since her marriage.

The Garretts will come to the Pointe to spend a delightfully long visit with the Ballantynes.

The end of the month will see the arrival of Mr. and Mrs. John M. Norcott who are coming from Ross, Calif., to visit Mrs. Norcott's parents, Mr. and Mrs. Howard P. Ballantyne. With them will be their son, David, and daughter, Lynn. Mrs. Norcott will be here about two weeks but the remainder of his family plan to spend a longer time, going with the Ballantynes to Harbor Point for a few weeks.

Board of AAUW Meeting Today

Phil Wright, Jr. Marries in East

The wedding of Miss Joan Trumbull and Philip, North Wright, Jr., was held in Concord, Mass., on May 28. Mr. Wright, a former resident of the Pointe, is the son of Mrs. Grace Hinchman Wright of Boston and Philip N. Wright of Grosse Pointe. The bridegroom has recently been living in Aspen, Col.

The ceremony in Trinity Church was performed by the Rev. Bradford Hastings at 4 o'clock and was followed by a reception at the home of the bride's parents, Mr. and Mrs. Franklin H. Trumbull.

Orange blossoms worn by her sister and her mother trimmed the veil which the bride wore with her mother's satin wedding gown. She carried a bouquet of lilies-of-the-valley. Her attendants carried baskets of ivy and white flowers to match the wreaths they wore with their rose-sprigged chintz dresses. Mrs. William D. Locke of Concord, who was her sister's matron of honor, and Miss Maud Banks of Far Hills, N. J., maid of honor, wore gowns with a white background.

Sprigged chintz with a green background was worn by Miss Faith Trumbull of Concord, as bridesmaid for her sister. Similar dresses of yellow were worn by the flower girls, Helen and Miriam Locke, whose brother, Franklin Locke, was a junior usher.

The best man was James Conniff of Aspen, Colorado. The ushers were Peter Courtney of Boston, William D. Locke of Concord and Austin B. Mason of Concord.

After a wedding trip to Nantucket, Mr. and Mrs. Wright will live in Aspen, Colorado. She attended Concord Academy, was graduated from Vassar College in 1944, and was in the WAC for two and a half years, serving with the Air Transport Command in the CBI theater. He attended Trinity College, served overseas with the Ninth Air Force, and was a prisoner of war.

Una Lundberg Bride Of Joseph S. Smith

Ceremony in Christ Church followed by reception in Grosse Pointe Yacht Club; couple taking motor trip to California

Before the flower-decked altar of Christ Church, Grosse Pointe, Una Lundberg became the bride of James S. Smith on Friday evening, June 3. Una, daughter of Mr. and Mrs. Everett E. Lundberg of Oxford road, and James, son of Mr. and Mrs. Herbert W. Smith, of Fisher road, repeated their vows to the Rev. Edgar H. Yeoman at 8 o'clock.

Immediately after, a reception took place at the Grosse Pointe Yacht Club. The lovely, dark-eyed bride was given in marriage by her father. She was gowned in candlelight satin, distinguished by the skirt formed of tiers of embroidered satin ruffles from waist to the end of the medium train. A similar ruffled bertha bordered the net yoke of the bodice, and ruffles finished the long, fitted sleeves.

Her fingertip veil was caught to her dark hair with a circlet of illusion, and she carried a colonial bouquet of stephanotis with white orchid center. Her only ornament was the bridegroom's gift, a string of pearls.

Mrs. Harold L. Bohm, sister of the bride, was matron of honor, and Margaret Williams, Eileen Macrae, Mrs. John Sprague and Beverly Waddell were bridesmaids.

They were all costumed alike in full-skirted white organdie frocks with snugly-fitted bodice and short shirred sleeves. American Beauty taffeta sashes girdled their waists, with big bows caught high in back and streamers falling to the hemlines. Matching taffeta piped their small-poke bonnets of white organdie, and their colonial bouquets were of American Beauty roses tied with streamers of the same color.

The bridegroom's best man was Jack Williams, Roger Smith, Harold L. Bohm, Robert Mutschall and William Wojtowka seated the guests.

At Grosse Pointe Yacht Club, the wedding party received in the big lounge against a background of palms and white flowers arranged in the bay window.

Guests were seated at small tables in the club's dining room for supper. Traditional white flowers and lighted candles decorated the buffet table, with the tiered wedding cake on a separate table.

Mrs. Lundberg greeted guests in a dress of aqua crepe, the long

skirt designed on straight lines. White sequins and tiny rhinestones embroidered the bodice, and she wore a lavender orchid as headress.

Mrs. Smith choice for her son's wedding was a dress of dacia brown lace, accented by her corsage of small bronze-green orchids. She wore a matching lace hat at the church rites.

When the bridal couple return from their month's motor trip to California, they will live on Marter road, Lake Shore Village.

For traveling, Una wore a beige bolero-jacket suit with printed beige blouse and brown accessories, and beige top coat trimmed with brown reptile belt and buttons.

W. Hurst Montee Family Vacations in Southland

Mr. and Mrs. W. Hurst Montee of McMillan road and their daughter, Jackie, returned last week-end after a brief holiday at the Homestead in Hot Springs, Va. The Montees went first to White Sulphur Springs to be on hand for graduation festivities at Greenbrier College where Jackie is a junior.

They stopped at the Greenbrier and then with Jackie went over to Hot Springs where vacationing foreign members of the United Nation's helped make their visit a memorable one.

Jackie will graduate from Greenbrier College next June. She is planning to spend this summer at the Pointe, taking her vacation for the next fortnight, and then joining the ranks of the working girl till college opens in the autumn.

Luncheon Feting Officers of DAR

Mrs. Millard H. Toncray, regent of Louisa St. Clair Chapter, D.A.R., is entertaining at Newberry House today, Thursday, June 9, with a luncheon for all past regents and members of her retiring and incoming boards. A board meeting will follow the luncheon.

A special place has been reserved by Mrs. Toncray for Mrs. Henry Bourne Joy in honor of her eightieth birthday. Apart from the festivities of that occasion Mrs. Joy was invited as one of the past regents, having presided in that office in 1927 and 1928.

In addition to Mrs. Joy, and Mrs. Toncray other Pointers at the luncheon include Mrs. Arthur Maxwell Parker, Mrs. Raymond H. Berry, Mrs. Walker Ryan Graham, Mrs. Roy E. DeHart and Mrs. Arthur L. Evelyn, who recently was elected second vice-regent of the chapter.

Gala Festival To Aid Hospital

There will be "fun galore" at the Fontbonne Festival which will take place on the grounds of St. Francis Home, 2701 Fennell, Saturday and Sunday, June 18 and 19.

The festival will be sponsored by the Fontbonne Auxiliary of St. John Hospital and the proceeds will be used for the equipment and furnishings of this new East Side institution.

Amusements for the children and entertainment for the adults will be the keynotes for activity on these two days from 1 to 11 p.m.

There will be kiddie rides and pony rides for the youngsters along with toyland with dolls for little girls and the fish pond for surprise-bites.

Besides the regular festival amusements which attract everyone, young and old, many will be fascinated by the apron and fancy work booths and others will be drawn to the pantry shelf or the parcel post office with packages from every state.

Plastic household gadgets, baked goods, monogrammed stationery and religious articles are some of the many articles which will be on display in the various booths for the enjoyment of the festival-goer.

Mrs. Leo Fitzpatrick is general chairman of the affair, assisted by Mrs. Arthur Kerwin and Mrs. A. J. Fisher Jr., as co-chairmen, and a host of other auxiliary members throughout the area.

Fire at Farms Dump Perils Residences Adjoining Plot

Engineer Murray M. Smith of the Farms reported to the Council at the meeting on June 6 that there had been a fire at the village dump on Quinn road on May 20 "which might have had serious results for the Village." The dump caught fire supposedly from a bushel of hot ashes, although this was questionable, and at the same time a high wind blew the burning papers from the dump over

the roofs of the adjoining houses. The Farms employees on the ground had summoned four public works men and a pump to the dump but they were unable to control the fire. Fortunately a heavy rain came at the right time and put it out. Mr. Smith said he took Chief Dansbury up and they had looked it over and afterwards went on and made their peace with the township supervisor.

They had assured him that they would work on the fire until all fire and smoke was eliminated, which job was not wholly completed until the following Saturday. Mr. Smith suggested that it might be advisable to have Mr. Maurer, the Village Attorney, give an option on the village's liability for damages caused from fire spreading from this dump. In the meantime they planned on obtaining two good fire extinguishers which can be housed on the property for use by the colored people who do salvage work at the dump.

A SERIOUS ILLNESS IN MY FAMILY MEANT A \$3684 HOSPITAL BILL FOR ME . . .

Blue Cross covered all but \$37.50!

Case No. 54-49322-44
98 days in the hospital. The bill for drugs and dressings came to \$2828.90. Laboratory fees alone were \$116.50. Total cost: \$3684.90. Patient's family paid only \$37.50. Blue Cross took care of the rest.

Figures show that one person in every ten will go to a hospital this year.

NEW medical techniques call for expensive drugs and equipment. General hospital expenses have gone up, along with everything else. That's why typical hospital bills are so high these days—in some cases as much as three times as high as they were in 1941! And that's why you and your family need Blue Cross protection now more than ever before.

No other health-care plans offer so much for so little. Blue Cross, Michigan's wholly nonprofit, voluntary health plan—pays out in benefits an average of 85 cents from each dollar received. Blue Cross Hospital Plan provides up to 120 days of hospital care in any of

172 participating hospitals in Michigan. No cash limit on the benefits covered. In addition, Blue Cross Medical-Surgical Plan pays liberal amounts for operations and your own doctor's calls at the hospital in non-surgical cases.

Blue Cross is available to employed people through group enrollment . . . No physical examination or health statement required.

You can join more than 1,500,000 Michigan people who already enjoy Blue Cross protection. Talk to your employer . . . or ask your local Blue Cross representative . . . or write directly to one of the Blue Cross offices listed below for full information.

Wyandotte Finishes Strong To Capture Coveted Crown

Blue Devils' Record of Three Straight Wins Snapped; Down River Investment In Improved Athletic Equipment Appears To Be Paying Off

By Fred Runnells

At long last the Grosse Pointe Blue Devils lost possession of the aged Border Cities League All-Sports Sweepstakes Trophy. Loss of the trophy this year marked the first time in four years of competition that the Pointers failed to cop the top sports prize.

Wyandotte finished fourteen and a half points ahead of the Blue Devils to win the trophy for the first time, and became the fourth school in the Border Cities Conference to have its name engraved on the battered hardware.

Topped by Pointe

Previous to this year Grosse Pointe, Fordson and Monroe were the only schools to hold the prize, with the Blue Devils topping the list with seven successful attempts. Fordson has won the trophy four times and Monroe once.

Grosse Pointe established a league record by winning the trophy the last three years in succession. Previously Fordson held the record with two successful attempts in succession.

Finished Strong

Wyandotte scored its all important winning points in the second half of the sports campaign which included baseball, track and tennis. The Bears and the Blue Devils were tied at sixty two and a half points at the end of the first half of the campaign, which included football, basketball and swimming.

Wyandotte's track team came up with an undefeated season to capture first place with the Blue Devils finishing third. The Bears annexed second place in tennis behind the Pointers' undefeated champions which forced the outcome of the Sweepstakes race right down to the finish line.

Nine Provides Punch

Wyandotte's baseball team provided the winning punch with a tie with Fordson while the Blue Devils' all veteran baseball team could do no better than third place in the final diamond standings.

The lions share of the credit for winning the Sweepstakes

trophy, according to Wyandotte sports followers, goes to the improved athletic equipment and facilities.

While Wyandotte has been improving its athletic plant in the past two years Grosse Pointe has rested on its oars and done NOTHING to improve its facilities.

Second Rate Plant

This "do nothing" attitude taken by the Grosse Pointe officials has reduced the Blue Devils athletic plant to a second rate status in the league.

The Blue Devils cannot boast of having the best of anything in the line of athletic facilities, which in a community of this financial standing is nothing less than outrageous.

Grosse Pointe has the smallest gymnasium, the poorest baseball diamond, the smallest swimming pool and a track that isn't official because of the lack of a curbing. The lack of this curbing around the track has, for years, prevented the school from holding the exciting league regional track meet.

Time To Wake Up

It's high time Grosse Pointe officials awoke from their DEEP SLEEP, looked around the rest of the league and took the necessary steps to improve the high school's athletic plant. This would make the finger pointing from the rest of the schools in the league one to be proud of instead of one of shame.

Let's start this improvement program with increasing the size of the high school gymnasium to give more youngsters a greater chance to enjoy competitive sports and give local basketball fans a break with additional seating facilities for future basketball games.

at the starting line off the upper end of Peche Island and proceeded to show everyone why the Star class is regarded as the fastest thing afloat in the line of racing sailboats.

The Stars were forced to wait until every other class had gotten underway before they could start, but once they got underway all seven starters made time on all the other classes. Elapsed times were not available but I can safely say, according to the finish times of all classes the Stars had the fastest time for the fourteen mile course, which finished near the entrance of the St. Clair River. Bob Reithmiller, Bill Douglas, Bill Walker, the writer and Harry Meanwell finished in that order.

Alex Allardyce, sailing his new Star "Thistle II" knocked the ears off the eight boat Star fleet in the first race of the "A" Series race sailed on the number 2 DRYA course Sunday, June 5. He had almost five minutes over second place. Canadian Bill Walker, who incidentally was sailing Alex's old boat.

Arno Streit, Merle Amo, Bill Douglas, the writer, Harry Meanwell and George Richardson finished in that order.

Bayview Yacht Club's regatta is next on the DRYA list and will be sailed Saturday, June 11 over the regular DRYA courses. The starting times are later than usual. The schooners and ketches get away at 12:55 and the eight meters get the big procession underway at 1:15 p.m.

Plan Protection At Intersection

The Police and Fire Committee of the Farms, Trustee George L. Schlaepfer, chairman, reported at the council meeting on June 6 that it had considered the request of petitioners in the vicinity of Moran, McMillan and Williams to require the stopping of all cars entering this five point intersection and has ordered the installation of stop signs on Williams avenue to stop the Williams avenue traffic before it enters the intersection.

The committee stated that it appeared from an examination of the area that Williams avenue did not have a clear view of the intersection, as does traffic on the remainder of the streets. It felt that with this installation, which is clearly visible from all directions, that the intersection is well protected.

The committee was also guided by a report it had of accidents at this intersection. One resident in the vicinity of the area had filed a communication requesting that the intersection be left unchanged.

Championship Undefeated Blue Devil Team

Grosse Pointe High, sheared of its Border Cities League All-Sports Sweepstakes Trophy for the first time in four years, can lay claim to only one championship team. The Blue Devil tennis squad went through the 1949 season undefeated to win its second successive BCL title. Left to right front row: TOM AUCH, CORT LECKLIDER and LEROY JOHNSON. Second row: BRUCE TERRIS, FRED PESSSEL, BILL WHITTINGHAM, AL MANN and BILL ROSSITER. Back row: COACH MERLIN SCHULTZ, JIM SWIFT, BOB ALLEN, RAY LEONARD, BRUCE ALLEN, DICK SMART and student manager JACK SWIFT.

High School Net Teams Win 100 Out of Last 101 Matches

By Fred Runnells

Grosse Pointe won the 1949 Border Cities League tennis title for the second year in succession when it whopped a feared Wyandotte team 4 to 3, on May 24, trimmed Fordson, 6 to 1, on May 27 on the local courts, and then walloped Royal Oak on its home courts, 6 to 1, on June 6.

The victories were the Devils' eleventh, twelfth and thirteenth of the season without a loss and ran the Pointers' current consecutive winning streak to 31 matches. The victory march started two and a half years ago. The Devils won 158 sets and lost 40 in the thirteen matches this year. The 31 match consecutive vic-

tory streak coupled with the Pointers' all time high 64 match streak which started back in 1941 gives Grosse Pointe tennis teams an enviable record of 100 wins out of 101 matches. The only defeat suffered by Blue Devil net teams in the last 8 years was administered by Monroe in 1947. It was this defeat that cracked the Pointers' 69 match streak. As far as can be learned, this mark is tops in high school competition in the nation.

Four boys on this year's team stood head and shoulders above the rest of the squad. Leroy Johnson led the team in won and lost percentages, winning 10 and losing none. Rookie Bob Allen scored the most victories, winning 11 while dropping one match.

Al Mann earned the "most valuable player" title despite the fact he scored 8 wins against one defeat for the season. Mann dropped his last match to Mel Best in the Royal Oak match. Mann had no soft spots throughout the season and played the Blue Devils' opponents' best players.

Bruce Allen tied Mann in the won and lost column with an 8 to 1 record.

Coach Merlin Schultz will lose six of his fourteen letter winners, five through graduation and one on eligibility.

Those graduating are Jim Swift, Leroy Johnson, Tom Auch, Dick Smart and Bob Allen. Bruce

Kirchner has completed three seasons of competition and is not eligible for the 1950 squad.

Said Coach Schultz: "The deciding factor in this year's team's success was balance." I am inclined to agree, as the Blue and Gold team had no player which could be classed as outstanding such as was the case four years ago. Then Coach Larry Westerville had five boys who could play the number one singles spot and win with ease.

This community can be proud of Grosse Pointe High's lone Champion for it showed it had the stuff when the chips were down. And speaking of winning I might add I have never seen a Pointe player who was a gloating victor.

By this simple addition, Commodore J. A. Hirschfield, Commander, 9th Coast Guard District, urged boaters and fishermen in the Great Lakes area to equip their craft with life preservers in the interests of safety and obeying regulations. In addition, outboard motor-propelled vessels over 16 feet in length must be numbered by the Coast Guard.

The portable motor enthusiast who rents a boat shares responsibility with the boat owner for equipping the boat with adequate safety devices, according to Commodore Hirschfield. The renter must carry a life preserver to operate the boat lawfully, and the boat owner is responsible that the boat leaves the dock with due precautions taken for the boater's safety. Violators are liable to a \$100 Federal penalty. "The outboard season is under-

Boat Banter

By Fred Runnells

The 1949 DRYA sailing season got off to a whale of a start with the Detroit Yacht Club's Memorial Day regatta.

One hundred and twenty seven starters in 26 classes hit the starting line and traversed the 15, 12, 9 and 6 mile triangles, with an additional three mile leg down the river to the finish line off of the DYC main dock, in light northeasterly breezes.

Plenty of Work

There was plenty of work for the light canvas men when the boats encountered a broad reach on the second leg and a run on the third leg and down the river. Toot Gmeiner's "Apache" topped the Cruising "A" class on corrected time and Wes Wedrick, last year's local Lightning champ, sled home that class which was the largest in the regatta, nineteen, count 'em.

Maurice De Clerq scored a lopsided victory with his new sail in the catboat class and his club won the catboat team trophy by a mile.

Surprise Beating

Bill Berry handed Al Grundy a surprise licking in the 22 square meter's and Bob Reithmiller topped the Stars. Ray St. John, as usual led the 30 squares over the finish line and Boyd Benkert coasted to victory in Charley Beck's eight meter "Conwego". Bill Hanson's "Marbill" topped the Cruising "C's" and Duke Hueber squeezed out a half boat length victory over Riency Zeidler in the K class.

Bob Jenks won the Lawley 110 contest by a mile over Bob Greig and the rest of the fleet.

Old Club Regatta

Saturday, June 4, saw the renewal of the Old Club Regatta, which was limited to just the big boats and that crazy bunch of Star boaters who were not listed on the program but requested a starting gun. They got their gun

The property owner at 1008 Bishop had started to have an addition built on his garage. He had neglected to take out a permit for the addition with the Park Village Building department and construction was stopped on June 4 pending the permit.

Model Airplane Club Plans Meet

The Strathmoor Model Airplane Club will hold its annual spring meet Sunday at the far east end of Belle Island. Over 35 model plane enthusiasts from this area will begin competing for prizes at 11 a. m. The prize list includes a trophy, model plane and model plane engines. All prizes are being furnished by the club's sponsor, Rose Company, Desoto-Plymouth dealer at 1833 East Jefferson.

Different phases of the competition, which is expected to last until late afternoon, include racing, stunt flying and ribbon cutting. These model planes often fly over 100 miles per hour. Rose Company is furnishing club members with "T" shirts and caps.

GET NEW SCOUT CARS

Three of the four new police scout cars ordered by the Farms were delivered to the department on June 6. The fourth one was expected momentarily.

Life Preservers Required by Law

An outboard motor plus a boat equals a motorboat, and a motorboat must carry an approved life preserver for each person aboard under Federal law.

By this simple addition, Commodore J. A. Hirschfield, Commander, 9th Coast Guard District, urged boaters and fishermen in the Great Lakes area to equip their craft with life preservers in the interests of safety and obeying regulations.

In addition, outboard motor-propelled vessels over 16 feet in length must be numbered by the Coast Guard. The portable motor enthusiast who rents a boat shares responsibility with the boat owner for equipping the boat with adequate safety devices, according to Commodore Hirschfield. Pointe Legion Team Defeats Unbeaten Griggs Post, 10-8

Addition of High School Players Increases Strength of Nine; Jim Schoeck and Bayard Johnson Compose Winning Battery

Banging out 15 hits, four for extra bases, Grosse Pointe Post 303 American Legion baseball team defeated unbeaten Griggs Post 10 to 8 at Kerby Field Sunday, June 5.

The addition of Grosse Pointe High players helped the Pointers considerably. Jim Schoeck and Bayard Johnson made up the Pointe battery with Schoeck going the route to become the winning pitcher.

Bayard Johnson and Duwayne Peterson contributed home runs in the 15 hit attack.

The Pointers drove Griggs starting pitcher, Edwards, from the box in the third inning. Edwards was relieved by Moulton. Grosse Pointe scored nine earned runs against five for Griggs. Three unearned runs were contributed to Griggs through seven Pointe errors, four of these errors were due

to the rough surface on the comparatively new Kerby Field.

The Pointers will meet Faust Post at Waterworks Park Sunday, June 12. The scheduled starting time is 1 p. m.

FISHING CASUALTY

John Ontswedder, 16, son of City Patrolman and Mrs. Ontswedder of St. Clair avenue, was taken to Cottage Hospital on June 5 to have a fish hook removed from his scalp. The accident occurred while he was fishing. He was taken to the hospital by Farms Police Lieut. James Furton and Patrolman Jarrett.

Barbara Weeks Exchanges Vows

Five bridesmaids in gowns of delphinium blue, marquisette and leghorn picture hats preceded Barbara Ann Weeks to the altar last Saturday when she married Clarence John McLeod Jr. in St. Paul's Church on the lake.

The maids carried bouquets of white daisies. Eugene McLeod, sister of the bridegroom, was maid of honor and the other attendants were Ann Brown, Mrs. Leo P. Rabaut Jr., another sister of the bridegroom, Mrs. William L. Hurley and Mrs. Arthur Bodan.

The bride, daughter of Mr. and Mrs. Edward J. Weeks of Oxford road, wore a candlelight satin Empire wedding gown with a coronet of rosepoints from which fell a court-vail of illusion. Her flowers were valley lilies and stephanotis surrounding a white orchid.

John, son of Mr. and Mrs. Clarence J. McLeod of Pontchartrain boulevard was assisted by his brother, Malcolm, as best man. The guests were seated by Ivin Kerr, Robert Huber, Leo P. Rabaut Jr., William L. Hurley, J. Addison Bartush, Sidney L. Erwin, Michael Dillon and John Shea.

Following a Grosse Pointe Yacht Club wedding reception, the McLeods left for Sea Island, Ga., and upon their return they'll live in Harvard road. Mrs. McLeod traveled in a blue printed silk costume and navy straw chapeau.

Case of Illegal Boarding Of Boat Heard in Shores

The case against two teen-aged youths charged with illegally boarding a boat at the Grosse Pointe Yacht Club on May 31, was dropped following a hearing in the Shores police court during the last week.

The boys were apprehended by the harbor master at the club, whose duty it is to protect the many valuable craft moored there. When he saw them leaving a cruiser he turned them over to the Shores police.

Evidence produced before Justice Victor H. DeBaekke proved that the boys were friends of the daughter of the owner of the boat, that they had gone there expecting to meet her, and that they had gone aboard the boat only to get a match.

The court impressed upon the youths the fact that they had no right to go aboard the craft. The harbor master and club officials asked that the charges be withdrawn after the evidence had been heard and the owner of the craft said he had no wish to prosecute.

John Paul Jones Society Conducts Family Picnic

Over 50 members attended the John Paul Jones Society, Children of the American Revolution, Family Picnic at the Robert Artners home in Kerby Road, Sunday, June 6.

New officers were introduced and installed by Mrs. J. Harvey Maxwell, State Sr. President of C.A.R. They are as follows:

President, Claudia Moore; Honorary President, Roger Williams; 1st Vice-President, Robert Artners Jr.; 2nd Vice-President, Don Slack; 3rd Vice-President, Winifred McQueen; treasurer, Paul Jones; secretary, Anne E. Bacon; parliamentary, Charlotte Klein.

The annual picnic day was also the fifth birthday of the Artners daughter, Gail.

PILFERINGS

Sez Punch: Men who wish to join one exclusive club may have to wait as long as ten years. We understand that in order to annoy members using the front entrance they queue queue tactfully in a side street.

Frank Farrell in the N. Y. World Telegram sez: "Vaughn Monroe, the moose caller, suggested if your neighbor's radio blares till 2 a.m., phone him at 4 and tell him how much you enjoyed it.

C.E.F. sez: "Someone remarks that the Derby result may not have been a surprise to everybody but it was something to PONDER."

And H. I. Phillips in the N. Y. Sun sez: "Ever since that Kentucky Derby upset, Folks have been reciting: "Now, Dasher! Now, Dancer! Now, Frances and Vixen! "On, Comet! On, Cupid! On PONDER and Blitzen!"

"A man elected to Phi Beta Kappa at the age of 49, after a successful career, as a song writer, has the material for a song on a new key..."

And from Howard Brubaker in the New Yorker: Public opinion polls are with us again, but with a startling difference. This year it is the Democrats who scoff at the silly things.

The New York Times advises the June bride this way: "Men don't appreciate women who make pulpits out of hearth rugs"... Yelva Burnet... "Loving people is easy, but living with them isn't"... E. H. Young...

"One of the most prolific causes of the breaking up of marriages is indigestion"... Bishop of Dover... "There is nothing a man of good sense dreads in a wife so much as her having more sense than himself!"... Fielding.

MR. and MRS. WILLIAM KERBER OF MERRIWEATHER ROAD and the founding Pointer, LUCKY -Photo by Fred Rummels

Lucky, handsome liver and white English Pointer, who came into the lives of the William Kerbers quite unexpectedly nine months ago, "seems to know that he has to make good because he was an orphan," his foster owner's laughingly explain.

On his way to work one morning, Mr. Kerber saw a canine mite tottering along the street by the curb. He took the helpless pup home, and when a check with neighbors in that vicinity and with the Pointe police failed to produce a claimant, Mr. and Mrs. Kerber decided to retain the founding. "We call him 'Lucky,'" says Mr. K., "because he was lucky that someone found him and because we were lucky to find such a nice dog." Lucky, first dog that the Kerbers have owned, has made his foster family proud of him.

All Ears and Legs The puppy, who was all ears and legs at first, has developed into a first-class hunting dog with good lines and a perfect point. To this day, he eats practically everything including such un-nutritious items as kleenex, cigarette butts and lumps of coal. "Lucky is a great diplomat," Mrs. Kerber remarks. "He makes a fuss over whichever one of us is home, and is very good to company."

Does Many Tricks The dog diplomat, we found, has learned a number of remarkable tricks under the Kerber tutelage. On request, Lucky will sit, sit-stay, lie and shake hands just as a matter of course. Asked if he is hungry, Lucky will lick his lips; asked if he is tired, he gives a prodigious yawn followed by a tired groan. With a minimum of coaxing to "sing soprano," he stands and howls a high "Oooooooooohh" for as long as the audience desires.

Sneezes at Will Lucky has also mastered the art of sneezing at will. When Mr. or Mrs. Kerber express concern over his "catching pneumonia," the pointer will sneeze several times, shaking his head up and down to show that their worry is warranted. Because the sneeze was the hardest trick to learn, Lucky thinks that it is a passport to anything, and he sneezes furiously whenever he wants to eat some delicacy or go for a walk. When his five dog foods are lined up, and he is asked which one he wants, Lucky paws the box of his choice.

Knows Everyone Lucky recognizes the name of each person connected with the household. At the question, "Where's Bill?" or "Where's Julie?" he immediately goes upstairs, to the kitchen or wherever the party named happens to be. He is familiar with the names of his dog friends in the neighborhood—"Bambi," "Freddie," "Frisky," "Nippy" and "Herby." Lucky also answers to a variety of nicknames around the house from "Puddin'" to "Pie-face."

When the Kerbers made a weekend trip to visit some relatives, they took their pet along. "He was perfectly happy in the parlor," Mrs. Kerber said, "as long as he could sit in a chair in a circle with everyone else." In their home Mrs. Kerber has vacated the library for reading because Lucky has taken the "only other comfortable chair." No, Lucky is far from spoiled; he just knows that he rates special privileges, and he accepts them graciously like a "pointer" of interest should.

"SWEET" DILL PICKLES

Contributed by Mrs. Gilmore S. Van Hamm Buy a quart jar of inexpensive dill pickles. Rinse the pickles in clear water and either cut in cross-cut slices or in strips. Alternate a 1-inch layer of pickles with 1/4-inch layer of granulated sugar until the jar is filled. If there is any space left at the top, fill it with sugar. Let stand for about a week—provided the family doesn't get into them before the time is up. Then, keep in refrigerator. Syrup from the sweet dills can be re-used, thus cutting down on the amount of sugar. Thomas Jefferson conceived principle upon which certain modern secret codes are based.

By JANE The sun smiles brightest on Cole of California fashions for the summertime and the famed house's latest inspirations are being unpacked this minute at JACOBSON'S. Every way to beat the heat and look simply beautiful is taken into neat consideration by Cole. There are cotton bathing suits in stripes or an assortment of colors, two piece with shirred lastex briefs, halters or bras with adjustable straps. Or if you prefer, one piece suit there's a dream with lastex waist, brief panties and the same desired adjustable straps. Play suits by Cole have full skirts with lastex waist band, double flounces at the bottom and boast a brief jacket. They may be found in prints or iridescents. There are crinkled rayon and cotton skirts and sun-back dresses in pastel waffle pique (pink or blue). The dresses have completely shirred bodice, square neckline (can be worn off the shoulder) with dainty embroidery edging, and f-u-l-i skirts. Cotton sunbacks are snappy in pastel prints.

We found a little gruesome one suggesting that Lovely You might be bothered by fleas, gnats, chiggers, mosquitos or biting flies but after all, those are the same buggers for which your grandmas used citronella. Remember it's horrible odour? Well, the very same problems are cured, but much more quickly, "6-12" and "UnXid," the 1949 insect repellent that makes life out of doors possible and positively a joy. One smells a little like hair oil... the other like witch hazel. The dreamy one who thought all this up for you is naturally GROSSE POINTE DRUG CO. where there's a good supply on hand. We have it on Mr. Shook's own word that these repellents, unlike citronella, smell fine to humans but the bugs can't stand them. We're ordering a couple gallons ourselves!
