

UNIFORM POINTE LAWS SUGGESTED

Sailor's Bar Razed By Sportsmen's Association

Members of the St. Clair Shores Sportsmen's Association held a wrecking meeting last Saturday afternoon January 14 at Joe Snay's old bar for the express purpose of raising the roof, literally. The structure was purchased by the Sportsmen's Association and will be torn down by the members. The materials will be transported to the vicinity of 9 Mile road and Harper where the members will erect their new clubhouse. The old bar is one of the last on the East Side of Mack near Mcross road to be torn down to make way for the widening of Mack.

835 Home Building Permits Issued in Area During 1949

School Board Releases Figures to Illustrate Need For Added Facilities in Northern End of District; Total Value Is \$11,982,497

Figures on home building activities in the Grosse Pointe School district have been presented by Lynn M. Bartlett, Director of the Department of Pupil Personnel. The figures were submitted as supporting argument for the need of increased school facilities.

The number of home building permits in the district in the year 1949 was 835, the largest in the history of the district according to a compilation of figures covering the past 25 years. It was 15 higher than the previous year of 1948 and 4 more than in 1941, the last year of building activity before the war.

189 in Gratiot
Bearing directly on the question of the necessity for another school in the Gratiot township part of the Grosse Pointe School District, it was noted that 189 of these home permits were in that area. This is more by 88 than the total dwelling house construction in the same period in the Park and City combined.

The highest home building activity in the year was in the Woods, with 336 home units with the Farms coming next with 202. The Gratiot township area (Grosse Pointe school district only), was third with 189. Following these came the Park with 70, the City with 23 and the Shores with 7.

These figures furnish indubitable proof of the necessity of providing more schools in this northern area of the district.

Mostly Single Homes
The great bulk of these figures represent single, detached dwellings houses. In the relatively few cases where multiple dwellings are listed they are enumerated as one each for the number of families which will occupy them, and have no bearing whatever on the significance of these figures as related to school enrollment.

An informing table in the Bartlett report is presented as showing "The Distribution of Residential Building Permits According to Elementary Census Districts."

This covers the last three years, Jan. 1, 1947 to Dec. 31, 1949 inclusive.

It shows that of a total number of 2249 dwelling building permits (Continued on Page 2)

Farms Building To Get Gas Heat

The City of Grosse Pointe Farms is inviting bids on the cost of converting the heating system in its municipal building in Kerby road to the use of gas fuel instead of coal. The conversion proposal was first brought up at a council meeting last month. Since that time additional information has been obtained on the conversion plan.

A competent expert has inspected the present plant and pronounced it very suitable for conversion and recommends installation of a 500,000 BTU input gas conversion unit. It is estimated the conversion would cost between \$750 and \$815, but that a great savings would be made on the cost of fuel.

Employees of the village have frequently complained that it is impossible to get sufficient, uniform heat from the coal furnace and that the building is also needlessly dirty under the present conditions.

Farms May Present Its Kids With Obsolete Fire Engine

Grosse Pointe Farms will probably be the first municipality in the country to give its kids an honest-to-goodness fire engine as a toy.

The obsolete engine which was discarded when the city received its new pumper last year, has been stored in the barn on the Country Club property. Efforts to obtain a buyer have proven fruitless to date.

The suggestion was made at the council meeting Monday night that when spring rolls around again, provided no buyer for the apparatus appears in the meantime, the city might as well tow it into the beach park and

Park Wants City, Farms, To Join Plan

Idea Would Be to Have All Three Revise Ordinances On Identical Lines

At the City Council meeting on January 16 Attorney Albert Meder presented a copy of a letter written to Henry R. Maurer, Attorney for Grosse Pointe Farms, by Pierre V. Hefler, Attorney for Grosse Pointe Park, under date of December 27, suggesting a uniformity of the ordinances of the two communities which would cover 80-90 percent of the work and services of the two communities for their residents.

Mr. Hefler said he was prompted to make this suggestion by noting that the new City of Grosse Pointe Farms was directed to undertake such a review and compilation of its own ordinances within two years.

Mr. Hefler said he had long considered the advisability of the Park undertaking a similar work on its ordinance structure and it occurred to him that it might be advisable for the two communities to get together in this work.

With the thought in mind that the City of Grosse Pointe, lying between the two and with identical problems, might be similarly interested in joining in the same undertaking, he was sending a copy of his suggestion to Attorney Meder also.

All three of the communities have a multitude of ordinances which have been amended and changed from time to time and the thought occurred to Hefler that while one of them was already committed to the purpose of straightening out these existing inconsistencies and reducing its ordinance structure to a readily understood pattern, it might be advisable for the other two to join in the movement as a task common to all three and that out of this work there could emerge a common pattern for the handling of these functions of local government.

Common Treatment
Mr. Hefler said that there were certain items in local government of each which would have to remain for individual treatment but for four-fifths or more of these functions a common method of treatment might be gained.

Mr. Hefler said that the Park was already launched well on the road towards City structure and if this should eventuate by authorization of the people in March the Park would be set in ample time to undertake this problem well within the time limit the Farms has set for itself.

With the Farms and City of Grosse Pointe already in that status it would then simplify somewhat the completion of this task.

It follows of course that if the Woods and Shores should also later come under city structure all of Grosse Pointe would then be in that category and ready to provide itself with a common pattern of local regulation covering the majority of their functions of government.

The suggestion met with favorable reception by the City Council but called for no immediate action further than to recommend that their Attorney, Mr. Meder, pursue the idea further in conjunction with the attorneys of the other two communities.

If this suggestion should eventuate it would be a long step towards the ultimate consolidation of the whole Pointe community into a defacto municipally operating unit, although there is no intimation in Mr. Hefler's letter that he had this in mind.

Stolen Rubbish Bags Recovered

Grosse Pointe City has apparently made a modest recovery on the hundreds of rubbish bags that it has lost at intervals during the past few months.

Patrolman Derardt, on his rounds on Tuesday morning, Jan. 10, found a heavy canvas bag in front of 588 Notre Dame. It contained 25 used bags. It was impossible to determine whether they were originally owned by the City, but a guess by the police department is that they were and that the purloiner had dropped them off his truck.

HEADLINES

of the WEEK
As Compiled by the Grosse Pointe News

Thursday, Jan. 12

MAYOR COBO wants the quality of service on DSR improved without increasing fares to 15c, as manager Nowicki had recommended.

SENATE REPUBLICAN LEADER WHERRY of Nebraska, urges Congress to reject President Truman's request for higher taxes... says they would only be used to finance "spendthrift socialism."

Friday, Jan. 13

MAYOR COBO yesterday gave his approval to 15c cash fare but still opposes a flat increase to that amount... wants tickets still sold for 12½c.

TOKYO says that Stalin has split with Mao Tse Tung over disagreement between the Communists and the regular communists.

FOOD RATIONING on all items excepting sugar had been ended in Western Germany.

Saturday, Jan. 14

A GLIDER at Lawton Field, Ga., with 17 paratroop students aboard, hit by a freakish gust of wind crashes, killing 12 and seriously injuring the other five.

A SURVEY discloses that 60 per cent of married couples in Great Britain are practicing birth control.

HEAVY GALES in the North Atlantic ship lanes gave the liners a tossing about yesterday... running four hours late.

Sunday, Jan. 15

THE RED HOT stove legend was enacted yesterday in Georgia where Roy Turner was fined \$27 for putting his wife "on a red hot stove."

AT LEAST NINE locals in the miner's union in the Pittsburgh area reject Lewis' suggestion to go back to the three-day work week and sullenly demand "five days or nothing."

Monday, Jan. 16

FOUR YOUTHS aged 17-21 are held for investigation in the murder of Walter Krenzel, aged 64, operator of a gas station at 2830 E. Forest.

TWO KANSAS COUPLES flying to Florida for a vacation plunged to death on an Alabama mountain side; Mr. and Mrs. E. L. Collins and Mr. and Mrs. Bedford Miley of Chanute, Kan.

IT IS STATED that one of the chief contributing factors to the difficulties of the DSR in getting on an even keel is the growing use of private automobiles.

Tuesday, Jan. 17

NATIONAL LABOR RELATIONS BOARD is making ready to ask a Federal Court to cite John L. Lewis... will charge that Lewis and the union refuse to bargain and that he is demanding an illegal contract... NLRB's action subject to no interference from Washington.

A ROARING BLIZZARD swept into Upper Peninsula yesterday, with 30 inches of snow reported in some places... scores of schools closed and only most important through highways attempted to be kept open.

COLLEEN TOWNSEND, movie actress, announces she is giving up her screen career to become a missionary or religious teacher... "Christ is first in my life and I want to be where I can serve Him most."

Wednesday, Jan. 18

GENERAL MOTORS' profits for 1949 will total more than \$600,000,000, according to Alfred P. Sloan, Jr., Chairman of the Board.

HEAVY FLOODS are threatening in the lower Mississippi valley... towns are mobilizing to fight the swollen floods pouring in from Kentucky and Tennessee streams.

PICKETS IN CARS are roaming the Pennsylvania and West Virginia soft coal fields to keep the men out of the pits... attempting to choke off the nation's coal supply... 74,000 now out.

Park Police Car Crowded Into Crash

Patrolman Art Conlan and Sally Ware of Rivard Blvd. Injured in Accident

As Park Patrolman Art Conlan was driving west on Jefferson avenue at 3:40 p.m. on Jan. 14, he attempted to pass a car between St. Clair and Notre Dame. The driver of the car crowded him into the other lane, causing him to hit headon a car driven by Mrs. W. Marie Ware of 304 Rivard. The driver of the crowding car was Elvira Vigole of 8749 Hosmer, Detroit.

Both Cars Damaged

Both the Scout car and the Ware car were badly damaged. Sally Ware, a passenger in her mother's car, sustained a three inch cut on her chin which required 23 stitches at Bon Secours Hospital. Conlan suffered leg and chest injuries. Mrs. Ware was uninjured.

Conlan had just previously chased a speedster from the Park into the City and had issued a ticket and was returning to quarters when the accident occurred.

Runs Red Light And Crashes Car

Fred J. Wolf, of 274 McKinley, driving east on Charlevoix at 4 o'clock Saturday afternoon, Jan. 14, failed to stop for the red light at Cadieux and struck a Cadillac convertible driven by Fred M. Warren of 600 Pingree, Detroit.

Both cars were considerably damaged but no personal injury resulted. Wolf got the ticket for passing a red light.

HOT ENTERTAINMENT

A television set caught fire in the O'Brien home at 1125 Grayton at 11:25 p.m. Jan. 13. The fire department was called and the damage was confined to the set.

St. Paul Parish Soliciting \$600,000 to Enlarge School

The drive now under way to raise \$600,000 among the parishioners of St. Paul's Catholic Church in Grosse Pointe, will extend through March 26. The money will be used to build an addition to the school in which 640 children are now enrolled.

John M. Toolin, chairman of the church committee which planned the drive, said that there are 320 children in the parish who were denied admission to the school because of lack of space.

Mr. Toolin announced that Ross Roy has been appointed chairman of the drive and Joseph R. Parker is co-chairman. The solicitation is under the

Farms Approves Architects' Plan for Municipal Garage; Cost Estimated at \$130,000

New Structure Will Be Attached to Present Pumping Station At Chalfonte and Kerby; To Have Many Additional Features

The Grosse Pointe Farms Council on Monday night authorized the architects to prepare working drawings and take bids for the new municipal garage adjoining the sewer pumping station in Chalfonte road at Kerby. The new building, which will be attached to the present pumping station, is expected to cost about \$130,000, according to the architects' estimates.

Originally the estimates for the garage were \$80,000. As plans advanced it became obvious that a larger building was needed and many additional features have been added. Two plans were submitted, one for the building which is now approved, to be attached to and blend in with the present pumping station; the other for a flat-topped modern structure to be erected some distance from the station.

McEachin Objects
Councilman Neil McEachin objected strenuously to the detached, modern building, on the grounds that the residents in that neighborhood would find it distasteful.

In addition to providing room to house the many trucks and other equipment owned by the Farms, much of which now has to be parked outdoors, there will be room to make repairs, a mezzanine to store old records of the village and city, a room to make repairs on the Inter-Municipal Police Radio System equipment, and toilet facilities to serve adjoining Kerby Field, the city-owned recreation center.

Will Vote There
The building has also been enlarged to provide room to establish one of the voting precincts there.

The architects, Giffels and Vallet, said they would be able to produce bids to be opened on April 17. They estimated it would take about five months to complete the structure after actual construction is started.

The city already has \$45,000 on hand to help pay for the new building. The additional amount needed will be included in the budget for the next fiscal year which starts in July.

Building Report Reflects Boom

Permits issued in December by the Farms for three residences valued at \$184,000, brought the total number of permits issued during the 10 months from March 1, 1949 to December 31, to 188, having a total valuation of \$3,677,000. The Farms fiscal year started on March 1.

During the same period there were 117 other permits issued for business places, miscellaneous and non-assessable structures, having a total value of \$652,500. This brings the totals for the 10 month period to 305 permits with a total value of \$4,329,500.

OUT OF SEASON THEFT
George P. Richardson of 18710 Jefferson avenue reported to the Park police on Jan. 13 that someone had stolen an outboard motor from a boat in his boathouse. He said he had no occasion to enter the boathouse for several weeks and cannot tell the approximate time at which the motor was taken.

New Father Hurt Rushing To Hospital

Runs Through Stop Signal and Crashes Car at St. Paul and Nottingham Road

A serious automobile accident occurred at Nottingham and St. Paul at 7:17 p.m. on January 14 when a car driven north on Nottingham ran into a Fisher-Record recording car driven east on St. Paul by Paul W. Eberle of 11051 Rosemary, Detroit.

John J. Fitzsimons, Jr. 24, of 895 Beaconsfield, driving north on Nottingham at a high rate of speed, failed to stop for the sign at St. Paul and crashed into the Eberle car.

Critically Injured
Fitzsimons was hurried to Bon Secours Hospital where he was found to have a fractured skull and kidney injuries. He did not recover consciousness until the next day. On Monday noon he was reported by the hospital to be in critical condition.

Dennis Allen, of 3969 Montclair, Detroit, a passenger in the Fisher Record car, suffered a fractured collar bone and broken face bones.

Unable to Talk
Fitzsimons, conscious only at intervals since Sunday, has been unable to give his side of the story. He was riding alone and was said by friends to have been on his way to the Jennings Hospital to see his new born son. The hospital reported Wednesday his condition was somewhat improved.

Police had still not been able to question him.

Judge Adjourns Licavoli Case

Pete Licavoli of 1154 Balfour, who was arrested on Jan. 4 for the possession of gambling paraphernalia in his home, had an examination before Judge John L. Potter of the Park on Monday afternoon, Jan. 16.

His attorney, Joseph Louisell argued for the better part of an hour and a half against the validity of the search warrant on which the house was gone over by the Park police.

Louisell announced he was going to obtain a Circuit Court opinion of the warrant's validity and to give him time to do so the examination was adjourned.

PILSNER PILFERED

Ten bottles of beer were stolen from the back porch at the residence of Larry Gentile at 288 Fisher road on the night of January 13. Entrance to the porch was gained by breaking a screen to unlatch the door. Some boys were seen in the neighborhood a short time before the theft was discovered.

PHELAN DOG KILLED
A dog owned by James Phelan of 10 Moross road was killed by a car on the night of Jan. 13.

Michigan Alumni to Attend Game in Ann Arbor Saturday

The University of Michigan Club of Grosse Pointe is about to embark en masse for Olde Ann Arbor Town to witness a basketball show-down between Michigan and Minnesota at the Yost Field House on January 21 this Saturday.

Members and their guests will depart from the Grosse Pointe High School at 4 p.m. on two Greyhound buses; one labeled the Yellow and one the Blue, for the men's Michigan Union in Ann Arbor where they will collect in the Dean Harry Anderson Room for dinner before seeing the game.

According to Miss Bernice Moore, treasurer of the club, the

event is a sell-out with a list of names familiar to Grosse Pointers. Mr. and Mrs. Ellsworth S. Jones have reserved eight seats and with them will be riding Mr. and Mrs. Walter Pear, Dr. Robert Glaesner and R. E. Anslow, Robert E. Smith and Arthur Lee, all with guests.

The fact that Minnesota's Coach Cowles previously coached Michigan to championship games before returning to his alma mater has spurred on many to attend such as: Mr. and Mrs. Paul Jerome, Mr. and Mrs. Alonzo Allen, Dr. John Cobane and his daughters, Mary and Carol, Mr. and Mrs. Ed Hartwick, Mr. and Mrs. John Veech, Mr. and Mrs. Jack Kenower, Mr. and Mrs. John M. Chase, and Mr. and Mrs. Gerald Stoetzer.

Among others traveling singly or with guests will be Mr. and Mrs. Russell McNair, Mr. and Mrs. Hubert Goebel, Carl Binns, Mr. and Mrs. Frederick J. Holtz, Jr., and Richard Holtz. The Grosse Pointe High School contingent will be represented by Conrad Proctor, Ted Siehler, Larry Kennedy and George Parker.

PTA at Richard To Meet Jan. 23

The Richard School PTA is sponsoring a public meeting at which time members of the Board of Education will present the problem of the need for new schools in the community.

During recent weeks various programs and demonstrations at the school have brought out a total of about 400 parent visitors. Several staff members, namely: Lois Arends, Alma Raynal, Olive Stringer, and Evelyn Kyzivat presented Christmas programs. Mildred Weyrauch's group demonstrated the development of a newspaper in the second grade.

Jennie Dombrowski and Elsemia Nault's groups showed the use of such pieces of audio-visual equipment as: the radio; wire recorder; film strip; film and lantern slide projectors; victrola and felt board. Leone Bennett's sixth grade group gave a puppet show. Rosalie Tomb had her fourth grade group demonstrate how the class carried on its club activities such as electing officers and putting on a program.

Clara Blank had a considerable number of parent visitors observing regular classroom work of several English and Social Studies classes. William Ferry and Martha Ream had their instrumental music classes play the old and familiar Christmas music numbers.

The first semester closes on Jan. 27.

Six Drivers Pay Fines in Court

In Park Police Court on January 11, Judge John L. Potter, presiding, heard the following cases:

Martin Charles Allor, 1143 Beaconsfield, for making left turn pulling into traffic and causing accident at Balfour and Kercheval on Dec. 16, paid a fine and costs of \$20 and was ordered to attend two sessions of Traffic School.

Edith B. Morgan, 330 Rivard Blvd., for going through a red light and causing an accident at Kercheval and Cadioux on Dec. 11, paid a fine and costs of \$16.10.

Emerie A. Cousineau, 1292 Pennsylvania, Detroit, for failure to observe pedestrian standing on street, causing accident at Mack and Kensington on December 28, paid a fine and costs of \$25.

Joseph John Sakmar, 16031 Mack, Detroit, for making left turn from wrong lane causing an accident at Mack and Havenhill on Dec. 20, paid fine and costs of \$25 and was ordered to do no driving for 30 days.

Clarence Watson, 3503 Fourth street, Detroit, for reckless driving resulting in an accident at Nottingham and St. Paul on Dec. 21, paid costs of \$6.10 and was directed to do no driving for 30 days and to attend two sessions of the Traffic School.

Walbott Barnard, 2226 Lenox, Detroit, for reckless driving causing an accident at Maryland and Vernor on Dec. 10, paid a fine and costs of \$15 and was directed to attend one session of Traffic School.

BOARD OF REVIEW

Raymond Jeffs, Paul Franseth and John Miller were appointed members of the Board of Review of Grosse Pointe Farms by the Council on Jan. 18.

Witwer Memorial Lecture Sponsored by Bon Secours

The staff of Bon Secours Hospital has established the Annual Dr. Eldwin R. Witwer Memorial Lecture. The first of these lectures will be held Tuesday, February 14, at 8:15 p.m. in Pierce High School Auditorium, Kercheval avenue at Nottingham. Dr. Kenneth Corrigan will speak on "Radiant Energy in the Diagnosis and Treatment of Disease."

Dr. Eldwin R. Witwer was the originator and first Chief of the Department of Roentgenology of Bon Secours Hospital and until his untimely death in 1948 took a very active interest in its program. He lived in Grosse Pointe for many years and was widely known among his fellow citizens and neighbors.

In addition to his association with Bon Secours Hospital, Dr. Witwer was Radiologist at Harper, Children's and Michigan Mutual Hospitals and had been in previous years Radiologist of Jennings, Cottage and Marine Hospitals. He was a past president of the Radiological Society of North America.

Because of Dr. Witwer's great interest in and many years of work with Radiant Energy in all its forms, it was deemed fitting by the Staff of Bon Secours Hospital that the first Witwer Memorial Lecture should be devoted to that subject. Dr. Corrigan was associated with Dr. Witwer in the development and use of the high-voltage Roentgen Therapy Apparatus at Harper Hospital.

Dr. Corrigan is a very entertaining and stimulating speaker and brings to his subject a wealth of experience in the field of Physics and its application to Medicine. In addition to his work in Roentgenology, Dr. Corrigan has been active in the study of brain waves, heart waves (Electrocardiography) and more recently in the research in Atomic

Energy and its use in diagnosis and treatment of disease. Dr. Corrigan was throughout World War II a consultant in the development of the Atomic Bomb and is now engaged in experimental work in the use of Radioactive Isotopes.

It is the intention of the staff of Bon Secours Hospital that the first Annual Dr. Eldwin R. Witwer Lecture shall further Dr. Witwer's ideas of being of service to his fellow-citizens and neighbors and will acquaint them with progress in this interesting and fast-moving field. The lecture will be given in terms understandable to an audience of lay people.

Admittance to the lecture will be by invitation. Further information may be obtained by calling Dr. Joseph Kasper, Pathologist at Bon Secours Hospital, who is a member of the committee.

City's Employees Get Holiday Pay

The Grosse Pointe City Council at the meeting on Jan. 18 decided that for the purpose of computing the holiday pay this year when Christmas and New Years were celebrated on Monday, the employees should be paid time and one half for their work on the following Saturday.

Normally the men do not work on Saturday. The City's hourly paid employees work a five day week.

EXTINGUISH BURNER BLAZE

Farms firemen were called to the home of Mrs. Julius H. Haas at 189 Cloverly road on the night of Jan. 15 when the oil burner caught fire. Mrs. Haas called the municipal building the following day to thank the men for their promptness and efficiency in handling the blaze.

Building

(Continued from Page 1) mits issued in this period the number built or to be built in the area to be served by the proposed Cook road school was 715; by the Gratiot area 393; or 32 per cent and 17 per cent respectively of the total, or practically half of the entire school district.

Valuation of Buildings Interesting figures on the valuation of new buildings (residential), in 1949 in the five Pointe municipalities and the Gratiot area, which have no direct bearing on the school housing problem, but are significant of the tax production to come from these sections, show new home values in the Woods to be \$4,551,475, in the Farms, \$3,885,000 and in the Gratiot township section, \$1,563,475. The other figures show \$1,470,000 for the Park, \$343,047 for the City and \$160,500 for the Shores. The total for the year was \$11,982,497.

The average value of the home units was, for the Park \$18,961.54, City \$14,915.10, Farms \$19,232.87, Woods \$13,546.06, Shores \$22,928.57 and for Gratiot township (school district area) \$8,272.35. The average cost for the whole school district was \$14,350.30.

Lower in Gratiot It will be noticed the average cost for dwellings in the Gratiot town area was much smaller than in the rest of the district. This however in no sense has any relationship to the school population.

In addition to the values of homes built in the Pointe and Gratiot amounting to \$11,982,497.20 there were commercial properties, garages, etc., built to a value of \$1,098,016, or a grand total of all construction of \$13,080,513.20.

On a hunting watch the face is protected by a metal case.

G.P. Yacht Club Elects Officers

Commodore of Grosse Pointe Yacht Club for 1950 will be Clarence E. Bleicher, president and general manager of DeSoto Motor Corp.

J. Edgar Duncan was elevated to the rank of Vice Commodore and Paul Marco was elected Rear Commodore. Anthony R. Motshall will serve as secretary and

Frank C. Barrows, Jr., as treasurer.

Rex Regan, Leo Jacques, W. O. Kronner and William Gillett were named to the Board of Directors. They will join Com. Albert P. Teetzel and Fay M. Thomas, incumbents, in addition to Com. Sutton and the newly elected flag officers.

Scouts Ask Help in Getting Bicycles to Give Orphans

Boy Scout Troop No. 156, sponsored by Christ Church, Grosse Pointe, is seeking the Community's help in accomplishing its winter good turn project which the boys have undertaken for the benefit of the children at the Protestant Children's home on East Jefferson Avenue.

The Troop is soliciting all the contributions they can possibly get of bicycles and tricycles, in usable condition or not, and all parts and equipment of every description. These bikes will be completely rebuilt, all unusable parts replaced from the stockpile of parts which the boys hope to collect, and put in first class condition before the formal presentation next spring.

They hope to be able to supply the children at the home with enough bicycles and tricycles not only to fill their summer needs in their present location but also to have them sufficiently equipped

for their new location on Cook road in the near future.

Any contributions of bikes, trikes, parts, or equipment will be most gratefully accepted. If you can help please call the Christ Church business office, TUxedo 5-4841, and let them know what evening or weekend they can be picked up.

Asks Police To Help Locate Wandering Son

Harry L. Lippman, of 705 Westchester, asked the police on Jan. 15 to help him locate his 17-year-old son William whom the family had not seen since 9 a.m. the day before.

The youth is 5'7" tall and weighs 156 pounds. The young man has been stricken with the wanderlust before, and no great anxiety is felt but that he will show up in due time.

Center Receiving Letter of Thanks

The City of Grosse Pointe Farms is sending a letter to the Grosse Pointe War Memorial Center, expressing appreciation for the cooperation it has shown in creating its own parking center and relieving the congestion on the streets in that vicinity.

The new lot at the Center, large enough to accommodate more than 100 cars, has been completed. Its use has been offered to the Grosse Pointe Memorial Church to relieve Sunday congestion in the streets near the church.

Mrs. Ida Young Killed by Car

Mrs. Ida Young, 66, of 447 Madison avenue, was struck and killed by a car as she was crossing Mack avenue at McKinley at 6 p. m. on Friday, Jan. 13.

Mrs. Young, a widow, was on her way to serve as a baby sitter in the home of Don Young of Grayton road when the accident occurred. She had parked her car on the right hand side of Mack heading west, and is believed to have started across the street to mail a letter.

The driver of the car which struck her, Joseph C. Bluff, 51, of 23906 Lakewood, St. Clair Shores, is under investigation by the Prosecutor's Office. The accident occurred just five feet over the boundary line separating Grosse Pointe Farms and Detroit, on the Detroit side of Mack.

Funeral services were held Monday and burial was in Forest Lawn cemetery. Survivors include a daughter, Mrs. Donald Stovall of Detroit; a sister, Miss Lena Feddick of Port Hope, Mich., and a brother, Albert Feddick of Bay City, Mich. Mrs. Young's husband died some years ago.

Aged Resident Takes Own Life

Camille Pattyn, aged 72, of 972 Nottingham, committed suicide on Monday evening, Jan. 16, by taking arsenic. A roomer in the house, which was Pattyn's home, found him lying on the floor apparently dead and notified his son, Paul Pattyn, of 16276 Collingwood avenue, Detroit.

Paul called the Park police, who notified the Coroner's office. The Coroner's office, after hearing the evidence from the police, waived an inquest.

Pattyn left several notes addressed to friends and relatives in which he said he wanted to die and was doing this of his own act.

Mrs. Alfred Burkemo Injured in Accident

As Alfred Burkemo of 792 Neff was driving west on Charlevoix at 5:19 p.m. on Jan. 13 he collided with a car driven by Leon M. Martin of 4443 Kensington at the intersection of Three Mile drive.

Mrs. Burkemo sustained injuries to her ankle and was removed to Bon Secours Hospital. Both cars were badly damaged.

City to Build New Wading Pool at Lake Front Park

Council Approves Project Which Will Cost An Estimated \$11,500; Will Be First Unit in Complete Swimming Installation

Grosse Pointe City is going to have a new wading pool for the youngsters. At the meeting of Council Monday night a preliminary sketch and estimate of cost was presented by Engineer Lester Brown which met with favorable reception by the Council. Mr. Brown was instructed to have completed plans ready with a firm cost estimate ready for action by the next council meeting.

The pool will be tightly enclosed and will be about 3 feet above the lake level. An electrically driven pump will be installed permitting frequent changes of water. The bottom will be covered with 18 inches of clean sand.

Will Eliminate Pollution

In time of pollution of the offshore water it is the intention to fill the pool with the regular city water.

Around the pool will be either sod or sand embankment on which the children can play or their attendants sit in chairs under awnings.

The estimated cost of the pool is \$11,500 and Mr. Brown was certain that it could be built within this figure.

The intention is to have the pool ready by the time school closes in June.

Just First Unit

It is emphasized by the Council that this wading pool is to be so placed as to be the first unit of an eventually completed swimming pool installation. The deepest part of the wading pool will not exceed 20 inches. This measurement keeps it within the legal classification of a wading pool as

Pointe's History To be Discussed

Grosse Pointe's history, dating back to 1679 when LaSalle gave Lake St. Clair its name, will be brought to life at the Grosse Pointe War Memorial Center on January 20 when Kenneth L. Moore, Grosse Pointe historian, presents "The Background of Grosse Pointe" at 8 p.m.

Illustrating his talk with slides which have never been shown anywhere before, Mr. Moore, who has been acquainted with Grosse Pointe for over 50 years, will trace its development through that of Detroit and Michigan.

The slides which have been donated by the Grosse Pointe Rotary Club show, among many other things, several prominent historical Grosse Pointe homes, early maps of the territory and some drawings done by leading Pointe artists including Dave Hamilton.

Pointe homes included in Mr. Moore's group of 50 slides are: H. F. Wardwell, Provencal; E. A. Brush (the grandfather of Mrs. F. C. Ford); Lothrop; T. H. Hinchman; Joseph H. Berry; John S. Newberry; James F. McMillan; T. P. Hall; George Hendrie; George Russel and A. T. Lewis.

Other of Mr. Moore's slides show clubs including the Grosse Pointe Club and the Country Club. Various public buildings are also included in his group of slides.

This illustrated talk is open to the public and there will be no admission charge.

Purse Returned By Honest Man

Mrs. Joseph Politi of 309 Rivard placed her leather handbag on the fender of her car at 10:30 a.m. on Jan. 11 and then went back into her house.

When she got in her car she drove out to Charlevoix and then down to Cadieux before she missed the bag. She retracked her journey to her house but could not find it. An hour and twenty minutes later a service man for the Bell Telephone Company rang her doorbell and returned the purse intact. He had found it on the street along her outward journey and located the owner by data inside of it.

The name of the Bell employee could not be learned.

Reckless Drivers Fined in Court

Traffic cases involving five Detroit drivers and one from the Pointe were heard in City police court before Judge Joseph Uvick on January 9.

Harry L. Johnston of 13811 Bringard drive, Detroit, paid a \$15 fine and costs of \$5 for reckless driving.

Willard E. Elliott of 14880 Faircrest, Detroit, paid a \$5 fine and costs of \$2 for improper parking.

Thomas G. Belanger of 5315 Radnor, Detroit, was fined \$15 and paid costs of \$5 for reckless driving.

Albert H. Emery of 5984 Hillcrest, Detroit, paid the same amounts for a similar violation.

Minnie R. Chapman of 491 Lincoln road, had her license revoked until March 18, 1950 for reckless driving. No fine or costs were assessed.

PORK ON HOOF

A roaming pig was the cause of a complaint received by the Farms police from 282 Ridgeman road on the afternoon of Jan. 12. After the porker had been corralled and penned up in the municipal garage, it was claimed by Bert Walters of 314 Hillcrest road.

Nash Ambassador Super 2-door Sedan
Car Illustrated \$2,083.00
State and local taxes (if any) extra. Prices may vary slightly in adjoining communities due to transportation charges.
Hydra-Matic Drive optional on the Ambassador at extra cost. White-stitch tires, A-Glide rim covers, and Wheel Eye System optional at extra cost.

Want to know the last word in effortless driving?

In the 1950 Nash Ambassador Hydra-matic Drive is combined with Selecto-Lift Starting.

Simply lift a lever and go! No clutch pedal—not even a starter button! You can drive all day without shifting gears.

And here's the thrill of America's top high compression engine that uses regular gasoline—for performance and gasoline mileage new to fine cars.

Note the quietness. Airflyte design cuts through the wind with 20.7% less air drag than the average car.

Here, too, is the comfort and luxury only the Nash Ambassador can offer . . . with Airliner Reclining Seat . . . Weather Eye Conditioned Air System . . . Twin-Bed spaciousness . . . the rigidity and lasting silence of Airflyte Construction.

Yes, it's the most modern of fine cars, yet the price of a Nash Ambassador, even a Custom model regally tailored to your order—is as much as a thousand dollars less than cars of comparable size and quality cost! See your Nash dealer, and make this frank comparison yourself!

Thursday, Jan. 26—Musical discussion by Louise Cuyler about "The Music of Vienna." Public invited. (Phone reservations to Memorial Center, TU. 1-6030, 9 a.m. to 5 p.m.).

Community Council Plans To Issue Calendar, Directory

The Grosse Pointe Community Council has completed its organization for the present season and is now ready to undertake certain community services.

Immediate plans call for the establishing of a Community Calendar and a Directory of community organizations. The Council feels that these two projects will be of material assistance and convenience to Grosse Pointe organizations.

All organizations are invited to participate in these projects as follows:

1. Community Calendar: This Community Calendar, to be effective, should list events planned by each organization in Grosse Pointe. With this information, it will be possible for any group to determine in advance whether there might be a serious conflict for a contemplated activity. Therefore, cooperation in forwarding dates for planned events is essential.

Events may be listed by mail, or by telephoning TUxedo 5-2000 Ext. 25 and asking for the Community Calendar. Use this number also for clearing dates.

2. Directory: The Directory will list information on all Grosse Pointe organizations as follows: name, representative, telephone number, and date of regular meeting. A copy of this Directory will be sent to each organization listed, and the Directory will be reissued periodically.

To finance its services, the Council has voted annual membership dues of five dollars (\$5.00) per organization. If you are not already a member, your check, payable to the Grosse Pointe Community Council, may be sent to Mr. J. Hastings Downie, Treasurer, 1361 Balfour Road, Grosse Pointe Park 30, Michigan.

Additional information may be obtained from any of the officers, which include:—Grant E. Armstrong, president; Mrs. C. Q. Swenson, vice-president; Mrs. H. Ray Will, recording secretary; William Maas, corresponding secretary; and Mr. Downie, treasurer.

Detroit and Wayne County had over half of Michigan's 1,500 TB deaths last year!

Meeting Planned By Camera Club

Table-top photography will hold forth at the Grosse Pointe Camera Club's meeting on Tuesday evening, January 24.

Dr. Gordon Aldrich, president of the Club, has arranged for the members to set up their own table top arrangements and then all will be given an opportunity to photograph them after making their own individual lightings of the subject.

The president has also arranged for a showing of the finished prints at which time honors will be awarded to the ones having the most outstanding table top arrangements and finished prints.

The meeting will be held at the club rooms in the Neighborhood Club at 8 o'clock. The public is invited to attend the shooting session.

Halfback Lynn Chandnois started all of Michigan State's nine games, playing more than 440 out of a possible 540 minutes.

Truck, Car Crash At Intersection

An accident involving a passenger car and a truck occurred at Kercheval and Vendome road on the morning of January 13, doing damage estimated at \$175.

Maurice Wood, of 300 Rivard boulevard, driving his car south on Vendome, stopped for Kercheval then started up again without seeing the truck approaching from the west on Kercheval. There were no personal injuries, but the car was damaged to the extent of \$75 and the truck \$100. Charles Jacob of Pleasant street,

St. Clair Shores, was driving the truck. Mr. Wood accepted the blame and said he would pay for the damage.

ATTEMPTED B. AND E.

An attempted breaking and entering was reported at the home of J. E. Thomas at 440 McKinley road on the afternoon of Jan. 14. Mr. Thomas reported that he found two panes of glass broken in a French door and storm door. Entrance was not gained. Detective Sergeant Elmer Labadie was unable to find any fingerprints.

Kid Bits

By JANET GREGORY

Everyone made their last filing before exams this past week-end . . . the basketball game Friday night proved a thriller to all. George Parker, Henry Eckfeld, Doug Ramsey, Nancy Crowe, Jerry Goebel, Mickey Rosen, Bill Rossiter, Al Clem, Taylor Obold, Joannie Scherer, Bill Winkler, Hank Hubbard, and Dan Webb were some of the Blue Devil fans.

More seen cheering were Hoyt Spicer, Buddy Allen, Bill Armstrong, Neil Smith, Howie Clark and Sue Kitson, Barb Westcott, Susan Lindberg, Jane Rippe, and Paddy Parker.

The 12A's climaxed a successful year with the Senior Prom Saturday night. The pre-prom dinners and open-houses afterwards, plus the prom added up to a perfect evening.

DINNER PARTIES . . .

Barb Harling and Larry Frear, Janet Weinheimer and Jack Carpenter and Marlene Houchen and Bob King started their evening off with the proper nourishment. JANET served the cocktails and BARB the dinner at their respective homes.

One entire room in the Hawthorne House was reserved for DIANE SCHLEICHER'S and DOT OLSON'S party. Dick Cheatham and Maurie Chase performed the host's duties by helping each of the 70 guests find their seats through clever place-cards (diplomas with the guest's name inscribed).

ON THE GUEST LIST . . .

Sally Andrus and Dick Arnold, Jan ZurSchmiede and Dave Donnelly, Clyde LaMee and Connie Baker, Marion Orloff and Bob Peters, Sue Mair and John Weigle, Madge Winter and Bob Davison, and Joan Howard and Skip Downey were a few of the guests.

Dot and Diane had a photographer take the group's picture . . . Brenda Winter and Ron Knope, Spike Quirk and Sue Martin, Owen Jeakle and Carol Krause, and Terry Thomas and Kay Sutton will also be seen in the picture.

Another "progress" dinner started at DAN MANSON'S home with cocktails. Betty Scales, Kenney Rice and Sally Steenrod, Sally Reynolds and Art Dienser, Barb Westcott and Larry Swart, Jeanne Morrison and Bruce Johnson, Wayne Peterson and Nancy Russell and Howie Clarke and Bonnie Reitz were the participants. WAYNE PETERSON did the honors by having the main course.

FROSTY FANTASY . . .

The impressive decorations, novel programs, and good music all added toward making "Frosty Fantasy" a complete success. Helen Maiden and Rusty White, Eddie Beaver and Jackie Climie, Jerry Jenkins and Bobby Bull, Tom Hoffman and Mary Edsall, Bill Turrill and Gail Ashton, Don Schmitz and Salle Lemon, Joy Perry and Howie Ramsey and Jack Marshall and Helen Reed are among those that would verify this.

More of the seniors who attended are Katy Nebel and Bruce Harrington, Nancy Pitsos and Jack Rowe, Nancy Maynard and Jim Fisher, Doug Michelson and Joan Merrill, Bev Martin and Ford Slater, Art Meissner and Alice Schlaepper, Bob Hollar and Marilyn Smith, Al Schweitzer and Pat Cant, Harriett Goodrich and Jim Brenner, and Larry McMillan and Carol Stuart.

AFTER THE PROM . . .

STU FRIESEMA started the ball rolling for many of his friends with an open-house. Lee Eskridge, Bert Wicking and Barb James, John Drake and Sally McKernan, Suzie Spurrier and Pat Brogan, Sue Riggs and Bumpy Jones, Gloria Clyma and Jerry Nay, Don Venderbush and Gail DeGurse, and Rog Ellis and Sid Bolles were a few who dropped in at Stu's home.

BOB MARTIN'S household was also open into the wee hours of the morning. He and BETSY HUETTE greeted Eldon Marwede and Diane Mouton, Joyce Clements and Frank Abbott, Joan Rexford and Kirk Walsh, Bob Slade and Barb Fitzgerald, Sally Mehrner and George Preston and many, many more.

BREAKFASTS . . .

The BLUE GABLES was the place MARLENE HOUCHEN chose to give a breakfast for her friends. Some of the couples included Joannie Abrash and Mort Skult, Lila Binney and Ralph Hauke, Sally Shepler and Dunc Osborn, Mary Ellen Hiquette and Bill Farful and Don Paquette and Carolyn Smith. Bob King was Marlene's date.

The seniors are still going strong with their "tea timing" as CAROLYN SMITH proved Sunday when she gave her tea. The assistants were Lila Binney, Mary Hiener, Judy Richardson, Jan Weinheimer, Sally Mehrner and Sally Shepler.

All dressed up in their Sunday best were Jeanne Beyer, Judy Morlen, Nancy Hall, Maryanne

Church Women to Hear Home Decorations Talk

The Evening Group of the Women's Association of Grosse Pointe Memorial Church, will meet at 8 p.m. on Tuesday, January 24, in the church parlors.

Bruce B. Bradshaw, speaker, will talk on "Friends in Home Decoration," discussing rooms in the traditional manner and the principles to be applied in choosing the style and furnishings for a home.

Hostesses will be Miss Anne Seeley and Miss Lucy Seeley. A large attendance is desired and every member is requested to invite at least two guests.

Burlingame, Pat Putman, Nancy Kaser, Crystal Gregory, Ginny Keller, Mary Thoman, Alice James, Barb Drinkaus, Maggie Madigan and Paddy Parker.

Business Group Plans Big Party

A very unusual meeting is in the offing for members of the Grosse Pointe Business Men's Association, according to an announcement made yesterday by the group's president, William Moir.

The entertainment committee is planning the special program which is to be a part of either the February or March meeting. Members of the association will be privileged to invite their assistants and other members of their staffs to attend this event, which is expected to attract more than 300 persons, and at which a buffet luncheon will be served. The date and final arrangements are to be announced later.

Local business and professional leaders whose fine stores, shops and offices serve the needs of Grosse Pointers, make up the As-

sociation's membership, which now exceeds the one hundred mark.

Library Receives Aid From State

According to an announcement by Robert M. Orr, Director of Public Libraries, the Grosse Pointe Public Library has just received a check for \$1,204.88 from the State Board for Libraries as first payment for 1949-50.

State Aid is given to those public libraries that are given reasonable local support, and is used to meet special needs that could not be taken care of with local funds.

A furlong is one-eighth of a mile.

ELECTION COMMISSION

Dan Goodenough, chairman of the Farms Charter Commission, Alonzo O'Connor, former treasurer of the village, and James J. Meehan were named as the first three election commissioners of the City of Grosse Pointe Farms, by the council on January 16. They will serve for one year.

Society News Gathered from All of the Pointes

From Another Pointe of View

by Jane Schermerborn

We haven't looked, within the hour, at what the business editors have to say about the figures... but if they want to gaze over in this corner... 1950 seems like the buildingest year ever...

Of course all that hammering and upsadaisy with the two-by-fours at the Wendell W. Andersons' place on Vendome may not be of a permanent nature... But the terrace of this gracious manor... is being enclosed and "topped" to give extra space for daughter Lindsay's wedding reception... come Feb. 11 when she marries Easterner Chuck Sagar in Christ Church, Grosse Pointe...

We should mention, too, the great swing to "home receptions" among the season's elegant brides... Suzette Alger... who'll be Reese Howard's bride on Feb. 18... will also have a reception at the home of her parents Mr. and Mrs. Frederick M. Alger Jr....

Some might say... that it is quite natural for the girls with la-r-g-e homes to have their receptions there... but that's not it... something else... a something that's creeping into the 1950 scene...

And many of the girls who live in the smaller, modern home... are greeting guests in the family living room after the wedding... The 1950 bride just seems to like it that way better...

New French Regency Home

The Frank David Boyntons are looking forward to next Monday as Moving Day... when they'll quite Indian Village to move into the French Regency home they've built on Cloverly...

We're dying to see this Dream House... which is complete with an inter-com system permitting Moddorn to answer the front door bell's ring through a phone in the uppermost reaches of the house, if she chooses, and tell the young man she already subscribes to the magazine...

With the new... the Boyntons have combined so many charming "old" touches... including a mantel brought from a French chateau... It is of white marble with ormolu trim...

There is a story-and-a-half glass enclosed terrace... The Boyntons were married on a Feb 7th... Mr. Boynton's birthday is Feb. 14... so the Sunday between (Feb. 12) has been set tentatively for the housewarming party they'll give in their new home...

Daughter, Barbara Boynton, is flying home from Manhattan to attend the housewarming and probably give that inter-com system a going-over...

Record Fishermen

The Boyntons have always been included among the most Fascinating People We Know... and their lives ever are as excitingly paced as the past few weeks have been for them...

They're just back from a Mexican whirl... where, although Tyrone Power and his new and beautiful Mexican wife were "among those present" the B's could concentrate to the extent of landing five of the largest sailfish chalked up, in the mysterious waters off this primitive resort...

Parkers Build Metamora Lodge

The lavish touch of "adding a room for the wedding (Continued on Page 7)

Short and to the Pointe

Joins Ranks of Brides-Elect

MISS ANNETTE DAVIS, daughter of Mr. and Mrs. Clement H. Davis of Lewiston road, whose engagement to Bill Doroty, son of Mr. and Mrs. W. W. Doroty of Cleveland, O., was announced during the holidays.

MRS. ROY D. CHAPIN of Lake Shore road, and MRS. ALLAN SHELDEN, who also lives on Lake Shore road, will leave next Monday for Los Angeles. On the 27th of the month, they'll sail for Honolulu to be gone until early March.

MRS. PHILIP YORDAN, who has been the houseguest of MRS. DAVID WORMER of Vernier road, has returned to her home in Beverly Hills, Calif.

Another Pointe visitor, MRS. R. EMERSON SWARTZ of New York, left last week after a visit with her brother and sister-in-law, MR. and MRS. FREDERICK H. ROBINSON of Buckingham road. While she was in the Pointe, Mrs. Swartz was complimented at a dinner by COMTE and COMTESSE PIERRE de ROSTANG. Mrs. Swartz was a bridesmaid in the wedding party of the former Nancy Stair and "Pete" Rostang, 25 years ago.

MR. and MRS. NELSON SCHLAF of Kenwood road are planning a Miami Beach junket next month.

A family dinner was given by PAUL PELLERITO of Buckingham road to announce the engagement of his daughter, ANN JANE, to PETER J. LUCIDO, son of MR. and MRS. J. P. LUCIDO of Devonshire road.

MR. and MRS. LEDYARD MITCHELL, of Ridge road, will leave Feb. 1 to vacation in Naples, Fla.

MRS. GENO CIOE with her little son, CRISPIN, of Chicago, are visiting her mother, MRS. GEORGE K. HEBB of Maumee road. Mrs. Hebb complimented her daughter at a tea party last Saturday afternoon.

MRS. RAYMOND JONES of Toronto is the houseguest of MRS. JEAN MCKIGGAN HADLEY of Lake Shore road. Mrs. Hadley gave a luncheon for her guest last Tuesday when places were marked for MRS. JACK PRINCE, MRS. KARL BEHR, MRS. ERNEST ZERON, MRS. WALTER R. O'HAIR, MRS. J. DONALD SHEETS, MRS. JOHN H. MOTHERSILL, MRS. WALLACE CLARK, MRS. ALBERT ALDINGER and MRS. FRANCIS TAIT.

It's a Spanish accent for daughters in the GEORGE H. ZIMMERMAN family this winter. Last week-end, JESSIE and ELAINE ZIMMERMAN returned to the Pointe after a visit with their grandmother, MRS. JESSIE ZIMMERMAN who took them to Cuba during their stay. DORIS ZIMMERMAN is at the University of Mexico this winter, with the Smith College juniors, intent upon the Spanish language.

MRS. L. LESLIE BERRY of Balfour road, planned away yesterday for Tampa, Fla., where she'll visit for the next 10 days with her brother-in-law and sister, MR. and MRS. HARRY M. BAILIE.

MR. and MRS. HAROLD R. BOYER of East Jefferson avenue, have been in New York City for the Automobile Show.

MR. and MRS. HENRY FORD II and MR. and MRS. FRANK P. BOOK were invited to the New York reception given by MR. and MRS. HORACE C. FLANIGAN in their Waldorf Towers suite when

the engagement of their daughter, PEGGY, to THOMAS MURRAY MacDONNELL was announced. Tom is the son of MR. and MRS. JAMES F. MacDONNELL of New York and Long Island, and a brother of Mrs. Ford.

MRS. HERNDON WAGERS and her little daughter, ANNE, of Middletown, Conn., have been visiting Mrs. Wagers' parents, MR. and MRS. HENRY L. NEWMAN of McKinley place. Their plans call for a this week-end departure. Mrs. Newman gave a tea for a number of her daughter's friends last Friday. Among other parties complimenting the former Pointer was the luncheon which MRS. AUGUSTIN G. NUTTER of Moran road gave. PEGGY FLINN, MRS. HENRY KOHRING, MRS. HARRY RUSSELL and MRS. MARSHALL TEMPLETON were present at this party.

MR. and MRS. HOWARD FREEMAN SMITH of Provencal road, are planning to leave in early February for a month in Nassau.

MRS. HARRY NORTON TORREY, of Lake Shore road, is another Pointer planning to leave for the South in February. Mrs. Torrey will go to her winter home on Ossabaw Island, Ga.

MR. and MRS. PREWITT SEMMES of Country Club drive, and their dashing daughter, MARY MARTIN, are off on a three months cruise which will take them to South America, North Africa, Italy, Portugal,

Spain, France and England. They sailed last Thursday from New York aboard the Caronia. Also listed among the ship's passengers for the cruise was MRS. FREDERIC M. SIBLEY of East Jefferson avenue.

MRS. HENRY B. JOY of Fair Acres, Lake Shore road, will leave for Hawaii the end of January, traveling with MRS. FREDERICK N. BRADLEY of Washington.

After the holidays at the Royal Hawaiian Hotel in Hawaii, MR. and MRS. HARRY B. MILLER and their son, RICHARD, have returned to their Oxford road home.

MRS. JACK E. FLEURY will open her Nottingham road home today to members of the East Side group of Alpha Xi Delta for luncheon and meeting.

Former Pointer, MRS. RUSSELL L. ENGS now of Darien, Conn., was in town last week for a visit, dividing her time between COUNT and COUNTESS CYRIL TOLSTOI and THE JOHN OWENS III Mrs. Eng's was Helen Owen Gillespie.

MRS. LOUIS J. SMITH welcomed members of the Grosse Pointe Alumnae Chapter of Alpha Phi to her Kenwood road home Wednesday for the sorority's monthly meeting. Mrs. Smith was assisted by MRS. GEORGE SCHOOF.

MRS. EDGAR B. WHITCOMB was named honorary chairman of

the board of Thompson Home at the 75th annual meeting held last Tuesday. MRS. JOHN J. CHEATHAM is the new president. MRS. HENRY B. JOY was elected first vice-president; MRS. WILLIAM M. MERTZ, second vice president and MRS. ARTHUR McGRAW, third vice president. Other officers elected were MRS. C. C. ANDERSON, treasurer; MRS. READ RYAN, assistant treasurer; MRS. WILLIAM KERR, recording secretary; MRS. FRANK ALLEN WHITTEN, corresponding secretary.

MR. and MRS. HOWARD R. WALTON of Lewiston road, left this week to make a series of family visits in the West. They plan to visit their son and daughter-in-law, MR. and MRS. HOWARD R. WALTON JR., in San Mateo, Calif., and MR. and MRS. DAVID RYTHIER WALTON in San Pedro, Calif. The senior Waltons will also holiday at Pebble Beach before their Grosse Pointe return.

MRS. RICHARD E. CRESS of San Francisco, who is visiting her aunt, MRS. RAY E. DANAEHER of Lake Shore road, was guest of honor at the luncheon Mrs. Danaeher gave last Saturday. Mrs. Cress' children, SUZANNE and ROBERT, accompanied their mother on her visit to the Pointe.

MR. and MRS. HARRY R. FRUEHAUF of Lakepointe avenue, are paying a January visit to Honolulu.

MR. and MRS. FRANCIS JONES of Colorado Springs, Col., announce the birth of a daughter, ANNETTE GREGG JONES, on January 12. Mrs. Jones is the former ELIZABETH MORAN PARRISH of Grosse Pointe.

MR. and MRS. CHESTER DAVIS of New York announced the birth of a daughter on December 30. Mrs. Davis is the former JEAN FERRY of Grosse Pointe.

Peggy Maiden Is Mrs. Bader

White heather was sent from Paisley, Scotland, for the wedding bouquet of lovely Peggy Maiden, who was married Dec. 29 to Joseph Bader, Jr., at an evening candlelight service in Grosse Pointe Memorial Church.

The heather, a symbol of luck, was combined with bridal white carnations in the bouquet. Peggy's gown of antique ivory satin was fashioned with snug bodice, tiny turn down collar and a full skirt which extended into a formal train. Another sentimental note was the bridal cap which had been given to Peggy when she was a little girl by a family friend. It was hand-tatted, and for her wedding, Peggy had it embroidered in seed pearls. It held in place the fingertip veil of silk illusion.

Peggy is the daughter of Mr. and Mrs. David S. Maiden of East Jefferson avenue and her bridegroom is the son of Mr. and Mrs. Henry Bader of Mayville, Mich.

Helen Bader was the bride's maid of honor wearing a portrait frock in green velvet with small matching hat and muff. Her flowers were white carnations.

The bridesmaids were dressed like the maid of honor and carried deep red carnations. They were Betty Ostermann and Connie Ganapols.

Mrs. Maiden chose a floorlength gown of aquamarine crepe for her daughter's wedding and completed her costume with a toast satin toque. Her rose corsage blended with her hat.

Paul Titus of Mayville, Mich., was best man and seating the guests were Joseph Pierce and Norman Miller.

The Rev. Frank Fitt officiated at the ceremony which was followed by a reception in the church parlors and a buffet supper.

Alger-Howard Nuptial Guests To Be Feted

Pointers Plan Luncheons and Brunches to Entertain Out Of Town Guests Who'll Attend Wedding of Suzette Alger and Reese Howard, Feb. 18

Out of town wedding guests who will be in the Pointe for the wedding of Suzette Alger, daughter of the Frederick M. Alger of East Jefferson avenue, and Reese Howard, son of the Graeme K. Howards of Long Island, will find a special social schedule arranged to keep them busy.

The fashionable ceremony is to take place in Grosse Pointe Memorial Church on Feb. 18 with a reception following at the Alger's Pointe home.

Mrs. William K. Muir's luncheon for feminine out-of-town guests will be given Friday, Feb. 17 at the home of her mother, Mrs. Henry E. Bodman of McKinley place. Men and women have been invited to the luncheon which the bridegroom's parents will give at the Little Club the day of the wedding.

And the day after the wedding those still here will be feted by Mr. and Mrs. James J. Phelan who have planned a brunch at the Little Club for Feb. 19.

Of course the wedding party will lunch with Marian Chapin the day of the ceremony. The luncheon will be given in the home of Marian's mother, Mrs. Roy D. Chapin of Lake Shore road.

All reports have it that the bride-elect's grand mother, Mrs. Fred T. Murphy, who is in Jennings Hospital at the moment, will be home in time to attend Suzette's wedding. She is giving the rehearsal dinner at the Little Club on Friday evening, Feb. 17.

Suzette's maternal grandparents, Hon. and Mrs. Charles S. Dewey of Washington, D. C. are expected at the Pointe the Thursday before the ceremony. Arriving at the same time will be her uncle and aunt, Mr. and Mrs. Edward B. Smith of Lake Forest, Ill.

Mr. and Mrs. Charles B. G. Murphy will be among the out-of-town guests, coming from their New York home for the wedding week-end and also on the impressive list are Edward McIlvain of New York, Mr. and Mrs. Francis Thayer Jr. of Locust Valley, Long Island.

Mrs. Alger and Suzette will leave next week for New York for a one day session with wedding gown fittings and other pre-nuptial errands.

U. of M. Women Planning Party

The Detroit Association of University of Michigan Women will hold its benefit, Dessert Bridge at the Grosse Pointe War Memorial Center this coming Saturday, January 21, at 1:30 p.m. to swell its funds for the Special Scholarship Awards to scholarship girls now residing in cooperative dormitories in Ann Arbor and for the annual Scholarship Dinner honoring new selectees.

General chairman of the event is Mrs. Eugene Klaver of Lincoln road. Assisting her will be Miss Elizabeth Mason, Mrs. G. H. Snaddon, Miss Helen Converse and Miss Harriet Snaddon.

Among those reserving tables are Mrs. Albert M. Mackey, Mrs. Glenn Coulter, Mrs. James Lafer and Mrs. John Lynch.

Others planning to attend are Mesdames William Grinnell, Eugene Cousins, Harold Blackman, Raymond Harvey, guests of the association's social chairman, Mrs. Edgar Braun.

Ann Arbor will be represented by the executive secretary of the Alumnae Council, Miss Alice Russell.

More of the Bridge and Canasta enthusiasts are Misses Helen J. Delbridge, Janet MacFarland, Rose Barton, Mary Farnsworth and Marjorie Stowell, president of the association.

New Officers Selected By Woods Garden Club

At the annual birthday luncheon of the Grosse Pointe Woods Garden Club the following were elected to office for the ensuing year—

Mrs. P. W. Rowe, president; Mrs. Elton Ireland, vice president; Mrs. Waid McKnight, treasurer; Mrs. C. Y. Moffett, corresponding secretary.

The meeting was held at the home of Mrs. J. E. McCaughey in Beaufort road.

Grosse Exaggerations

A. PRYOR

"A man's ingress into the world is naked and bare, His progress through the world is trouble and care; And lastly, his egress out of the world, is nobody knows where. If we do well here, we shall do well there: I can tell you no more if I preach a whole year." (John Edwin)

'T'other night, we dined at the home of a local gent whose library we had heard a lot about. . . so we were keen to have a peek. The walls were lined with book shelves from floor to ceiling. . . so many feet of blue bound classics, so many feet of red bound classics, so many feet of green bound classics. All very fine and all very dull UNTIL we came upon another book wall containing a heterogeneous collection of books that looked as if they had really been read. Our practiced eye lit upon two together on the top shelf: "American Wines" and "General Evangeline Booth!" The juxtaposition of these two far fetched tomes prompted us to study the shelves further and, much to our delight, we found the following books placed side by side:

"The Story of Philosophy" and "Short Stories from the New Yorker." "Ulysses" (by James Joyce) and "This Believing World" . . . a religious book by L. Browne. "Doctors of the Mind" and "American Duck, Goose and Brant Shooting" were nestling close to each other like a couple of love birds. "The Ten Commandments" was keeping company with "Catherine the Great" . . . and "Modern American Poetry" was leaning against "Murder Cavalcade."

"Secret Agent of Japan" cohorted with "Golf After Forty" and bringing up the rear, was the best pair of all: "Napoleon in Exile" and "The Detroit Tigers"!!!!

If you are one of the unfortunate MANY who have tried to get tickets for "South Pacific" and have failed, you should appreciate this true story about a local business man who recently returned from New York with the following:

On arriving in the big city, he telephoned an old school tie and in the course of conversation, asked his friend if there was any chance of his getting a couple of seats to South Pacific; he would be there for five days and didn't care which night he could have them for as long as he GOT them. His pal (who had some sort of drag with the right people) said it would be tough, but he'd see. So much for that.

Our hero went about his business, along with associates from various parts of the Country, when finally, on his last day in town, a group of the boys met in someone's suite after a strenuous meeting. Martinis were flowing like the Volga on a hot day, when there arrived two latecomers to the party who announced with great hoots and shouts that . . . "GUESS WHAT . . . WE have two seats for South Pacific for tonight!"

Our hero suddenly remembered that he had asked his School Tie to get two for him . . . so he telephoned his friend, but, being sure it was hopeless, he decided to have some fun about it at his own expense. While everyone listened, he said into the phone:

"Hello, Charlie? Listen, I want two seats for South Pacific for tonight . . . and I won't take NO for an answer, and what's more, I want GOOD ones, understand?" His pals were haw-hawing and guffawing all over the place; most of them being from New York and knowing how impossible it is to get them. But much to our hero's surprise, his school pal (who thought the guy had lost his mind) told him he DID have two seats for him that night and had been trying all day to reach him at the hotel to inform him of the good luck.

"Okay," sez our hero, "We'll pick 'em up at the box office." Naturally, his companions in the suite thought he was pulling some big bluff . . . so they gave him the horse laugh in spades.

When he tried to convince them that he really DID have the seats, they laughed harder than ever. He DID manage to get one business acquaintance to agree to go with him to the show. The little man who accompanied our hero didn't believe it either . . . but sure enough, there were the tickets at the box office . . . and paid for! When they were ushered to their seats, it turned out they were in the fifth row centre . . . and WAY over to the left, hugging the wall in about the tenth row, were the two guys who were laughing the hardest when our hero said he had seats!

The following evening when our local business man left on the Detroit, the whole gang was at the station plying him with bon voyage gifts and begging him to tell them how he did it! But our little man wouldn't give. He left them with the parting shot: "Well, you know how it is with us mid-Western yokels . . . we don't say very much . . . but we usually get what we want."

That age-old slogan: "them what has, gets" . . . doesn't always hold water. The case we have in mind is that of a local man who has more money than you can shake a stick at. A large stick. Well, this here now man was planning a trip and in checking over his gear, the fourth butler discovered that the lock on one of the master's suitcases was busted. He gave it to the footman, who promptly took it to wherever suitcases are repaired, and directed the worthy concern to deliver it to our hero's office . . . where it would be picked up and brought home by the first chauffeur.

It so happened that the day it was delivered to the man's office (in a building named after and owned by his family), our local gent had already left for home. The little delivery man was quite upset because he said he couldn't leave the bag without collecting the \$2.50 due on the repairs! After much fuss and fan-fare, the chief telephone operator in the building PAID for the danged thing, then telephoned our hero at his home to advise him that he owed her \$2.50 and she would like it as soon as he arrived the following morning! The little repair shop was taking no chances . . . millions, notwithstanding. Hi-ho.

dwelling houses in designated areas, the height and location of buildings, where commercial properties are permitted or prohibited and practically all manner of regulations having to do with the more attractive development of the municipality and more enjoyable living for the people.

This planning is not expected to go so far as interfering with established rights or prohibitions as fixed by existing zoning regulations or reservations in private subdivisions but rather as a pattern which private developers in yet undeveloped areas will be required to observe.

It has been calculated by the village authorities that such a plan should be well worked out and in operation within the next six years. One specific item which will come in for attention is the beautification of the entrance to Grosse Pointe at the limits on Jefferson avenue. As this is the first view the incomer into the Pointe along its principal highway gets of the community, it is of concern to all Grosse Pointers that this should be a favorable one and in that sense affects all of Grosse Pointe.

The plan is that a suitable bus waiting room and transfer point will be provided in this section and in this it is understood the Lake Shore Coach Lines, Inc. has agreed to cooperate practically.

The project is of concern to all of Grosse Pointe and it should contribute to the uniform development and beautification of the whole area as the years pass. Grosse Pointe already acknowledged as one of the most beautiful residential communities in America, desires to maintain its progress along that line and the work undertaken in the Park promises to be a starting point for collective action by the rest of the Pointe community.

What Goes on at Your Library

By Jean Taylor

"Bill is fifteen, Mary is going on twelve and the twins are ten. Which encyclopedia shall we buy or shall we buy any at this point?" This is a frequent question at the library. In one afternoon last week, we had two requests for such information at the City Branch desk and two by telephone.

The school child of today no longer confines himself to a few texts. He is expected to get material on assigned topics from various sources. A good young people's encyclopedia is a boon to any youngster. Such encyclopedias are available at your library. If the budget permits, a set is a desirable asset in the home as well.

The buying of an encyclopedia however, entails no small expenditure and the wise budgeter wants value for his money. There are sets of books on the market that do not give value for the price paid. It is disillusioning to pay from \$40 to \$100 for an encyclopedia only to find out too late, that the topics assigned at school are not to be found in it, that the vocabulary is too difficult for the child and that the statistics and facts presented in it are inaccurate and outdated.

The making of a good encyclopedia for children is an expensive proposition. Editors who are abreast of present day teaching methods must be employed. Illustrations and charts which modern education demands, are expensive to reproduce.

Two encyclopedias on today's market are excellent, the World Book Encyclopedia and Compton's Pictured Encyclopedia. Parents need have no hesitation in buying either. Space does not permit a detailed analysis of these sets but they are in your library if you care to look them over before you buy. Our preference leans toward the World Book. Somewhat fuller in treatment, it is adequate for the senior elementary grades, for junior and senior high school work and it can serve as a good popular encyclopedia for the adults in the family as well.

Before buying any set of books, we suggest that you examine its rating in the Subscription Books Bulletin available at your Main Library. The American Library Association appoints a committee whose business it is to compare critically all book sets, juvenile and adult which appear on the market. This is a non-profit organization and any criticism given is definitely unbiased. Here you will find comparisons of different sets revealing the weaknesses of each as well as the good points. The Subscription Books Bulletin does not circulate. For your convenience it is made a reference tool to be used at the library.

Jean Carr told us this story of a post Christmas incident at the Main Library. A day or two after Christmas, Billy Bailey, aged five, flung himself breathlessly up to the library desk. "Got any books about Daniel Boone?" Every atom of his person bristled with the pride of possession. Atop his small head was a spanking new Daniel Boone coonskin cap, tail and all.

Finding every book on his favorite hero in circulation, Billy spied one about Kit Carson, on the cover of which was a picture of the trapper wearing a similar coonskin cap. This made a happy substitution, to the satisfaction of everyone.

According to Billy's mother this keen interest dated from one day in the library when Billy discovered a picture of Daniel Boone in his coonskin cap. His aunt visiting the Baileys shortly after found that her expensive fur hat, not coon and sans a tail, was found more often than not on Billy's head. On a recent trip to Florida the family stopped in Kentucky and visited a cave that Daniel Boone had discovered. Billy's enthusiasm soared to new heights. . . Time marches on.

Six days before Christmas Billy announces that the gift he wants most is a Daniel Boone coonskin cap. Detroit is scoured by the Baileys, East, West, North, South.

What Causes Your Cough?

By FRED M. KOPP, R.Ph.

Smoking, nervousness, allergy, are all causes of an annoying cough. But a cough may also be an indication of a more serious ailment such as sinusitis, tuberculosis, chronic bronchitis, heart trouble, lung abscess, lung or chest tumor. Coughing spells are weakening and embarrassing. When you have a cough that persists for more than a couple of weeks you should see a doctor. Finding and curing the cause of your cough is the only way to overcome it.

A doctor's prescription is the most effective medicine. Have it compounded of quality drugs by a pharmacist with an established reputation in his profession.

This is the 275th of a series of Editorial advertisements appearing in this paper each week.

Rabaut to Sing For Heart Ass'n.

Washington, D. C.—"There's No Business Like Show Business" was echoing up and down the halls of Congress and many government offices on Jan. 10 as a few of the nation's VIPs took time out from their official chores to rehearse for, of all things, an Amateur Hour!

Congressman Louis C. Rabaut, of Grosse Pointe, left Appropriations Committee hearings to loosen up his vocal chords in preparation for the program sponsored by the American Heart Association for its 1950 campaign. The tenor tones of Congressman Rabaut's voice are familiar to many after his 25 years of service as soloist in SS. Peter and Paul's Church.

The program will be staged in Washington's Constitution Hall and broadcast over the nation on February 2.

The American Heart Association, sponsor of the affair, was formed in 1922 by a group of America's foremost cardiologists to fight the nation's Number 1 Killer, heart disease. Recently reorganized into a national voluntary health agency, with local

affiliates in major areas of the United States, its membership is composed of laymen, physicians, and scientists interested in reducing disease, disability and death from disorders of the heart and blood vessels.

Speaking of the program, Congressman Rabaut said: "I enjoy singing very much, but I seldom get a chance to do something for such a fine cause, and that makes this opportunity doubly pleasant."

Coming British Elections

The coming general elections in Great Britain, now scheduled for February 23, will probably not settle as much in a definite sense as the general world opinion might expect.

Much that has been inaugurated in Britain in the last generation along social welfare lines will carry on regardless of Labor or Conservative victory. This work, like the conferring of the right of franchise, is a step which once taken can never be wholly retracted.

A Labor victory will be a recommissioning of the present Government to go full speed ahead on its "cradle to grave" welfare program. If the Conservatives win it cannot do much more than raise a stop, look and listen sign for the public to ponder.

A Conservative victory may erect another barrier to stay the progress of the nationalization of industry, and in that sense make for the protection of private enterprise. Even in this field, however, the industrial machine of Britain, due to the strain of two great wars and the unavoidable draining off of profits into the prosecution of war has left some industries in such an exhausted condition that Government operation has appeared the only haven into which they can point.

Some of these industries which produce many of the most vital items of export, which she must continue to export if she is to survive, must be carried on even though the resulting deficit must be charged to general taxation.

Her problem has been made more acute in the disintegration of the empire which for two centuries has assured her a protected market for the outlet of the products of her mines, mills and factories.

Britain's future is not bright. Her situation now presents a melancholy contrast to the condition which obtained only a generation ago when the pound sterling was the recognized medium of exchange in the world under her own flag.

We are reminded now of an opinion expressed more than forty years ago by a general officer of the American army whose duties had taken him into far corners of the world in a sort of ambassadorial capacity and had given him unusual opportunities to see things as they were then and to gauge the future with remarkable accuracy.

This man stated then that he saw the world of the near future divided between the Anglo-Saxon and the Slav. The Mongolian race he eliminated as wanting in qualities necessary to modern greatness. He based his appraisal largely on the possession by these two great branches of the human family of the natural resources upon which greatness must be predicated. The rapidity of movement in the modern world accentuates this appraisal.

Treating the English speaking world as a social and spiritual entity, towards which position it is fast gravitating, this forecast is rapidly materializing.

That we recognize the force of this association is evidenced by the tremendous efforts we are putting forth to assist old Mother England to stem the tides of adversity that are now threatening her. Any impairment of the moral or material forces for which she stands is an attack upon the system of human society of which we are equally a part.

A Six Year Plan

The Planning Commission of Grosse Pointe Park is working on a pattern for village improvement and regulated development covering a run of six years. When this is finished and approved by the Board of Village Commissioners it will constitute a blueprint to be observed by those engaged in new property developments.

It will cover land uses, by which is meant the purposes to which landed property may be applied in certain designated areas, the open air spaces required to be provided about

Christian Science Lecture By CECIL F. DENTON, C. S.

Given Under Auspices of the Second Church of Christ, Scientist, of Detroit, Mich., Monday, January 9, 1950

Lecture on Christian Science

Entitled
Christian Science: The Awakening to Spiritual Reality

by
Cecil F. Denton, C. S.
of New York City

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The lecturer spoke substantially as follows:

In the Christian Science textbook, "Science and Health with Key to the Scriptures," its author, Mary Baker Eddy, declares (p. 95), "Lulled by stupefying illusions, the world is asleep in the cradle of infancy, enshrouded in the hours." And she adds, "Material sense does not unfold the facts of existence; but spiritual sense lifts human consciousness into eternal truth." It was the mission and life purpose of Christ Jesus to rouse human consciousness from its lethargic and limited concepts of life and being into the radiant realization of spiritual dominion, as made manifest in health, success, and happiness. "I am come," he said, "that they might have life, and that they might have it more abundantly" (John 10:10). And today, through the teachings of Christian Science, the Christ, Truth, still calls to you and me, asking in the words of the Scriptures (Prov. 6:9), "How long wilt thou sleep, O sluggard? when wilt thou arise out of thy sleep? When, indeed! Shall not our anointed be 'Now?' Shall we not awaken now to the illusory nature of all discord and adopt the spiritual sense which lifts human consciousness into eternal truth?" How pertinent, today as of old, is Paul's reminder to the Romans (13:11), "Now it is high time to awake out of sleep."

Mrs. Eddy's Mission

Just as it was the mission and life purpose of Christ Jesus to rouse human consciousness into the realization that salvation is not something reserved for the hereafter, so it was the divine mission and life purpose of the Discoverer of Christian Science to reveal to humanity the Science of Christ's Christianity. True, spiritual healing as Jesus demonstrated it continued for some three hundred years after the Master's ascension; but it was not until the world until Mrs. Eddy, over eighty years ago, became cognizant of the naturalness of the operation of divine law in human affairs. This was indeed a discovery—a discovery which brought to her awakened thought health in place of pain and illness, supply in place of lack.

In his biography of Mrs. Eddy, Dr. Lyman P. Powell tells us of her early background, which was rich in educational reading and in religious experience. He quotes from her autobiography, "Retrospection and Introspection," Mrs. Eddy's recollection of her spiritual yearnings. "From my very childhood," she writes (p. 31), "I was impressed by a hunger and thirst for divine things—a desire for something higher and better than matter, an apart from it,—to seek diligently for the knowledge of God as the one great and ever-present relief from human woes." And she seeks diligently she did, by giving herself over for three years to a thorough study of the Scriptures so that she might understand the divine law which governed what the world had termed the miracles of Jesus, the prophets, and the apostles. In speaking of this experience, she has said (Science and Health, p. 109): "I knew the Principle of all harmonious Mind-action to be God, and that cures were produced in primitive Christian healing by holy, uplifted faith; but I must know the Science of this healing, and I won my way to absolute conclusions through divine revelation, reason, and demonstration."

Science and Health

This demonstration, of which Mrs. Eddy speaks, refers to the results of the application to human affairs of her discovery of the ever-presence of the Christ, Truth. As the Master and his disciples had done, so she healed all manner of diseases, uplifted the sinner, and comforted the sorrowing. So that the world also might know this healing and redemptive truth, Mrs. Eddy recorded her discovery in the Christian Science textbook, "Science and Health with Key to the Scriptures." This textbook has been trans-

lated into several of the major languages of the world and has become one of the most widely read books of our day. I am sure that you will be interested, as I was, to learn that the library of Yale University recently displayed this principal work of the Discoverer and Founder of Christian Science in its exhibit of widely read and best-selling books in the history of American printing. With this display in an early edition of Science and Health, I was glad to see a biographical sketch of Mrs. Eddy and the following appreciative concluding statement: "Undoubtedly, the phenomenal success of her visionary work results not only from its warm and appealing message from a deeply inspired personality, but also from her excellent use of words and keen understanding of the human mind."

Indeed, Mrs. Eddy did have a "keen understanding of the human mind," and it was for this reason that she worked patiently and lovingly to educate mortals out of their long-enslaving beliefs. She knew that the human mind is reluctant to surrender its preconceived concepts, but she knew also that, as Science and Health declares (p. 323), "When the sick or the sinning awake to realize their need of what they have not, they will be receptive of divine Science, which gravitates towards Soul and away from matter, streaming away from the body, and elevates even mortal mind to the contemplation of something better than disease or sin." Mrs. Eddy knew, too, as you and I know today through the demonstrated truth of Christian Science, that everything the Master did and said was to awaken mortal thought out of its self-imposed bondage.

Jesus' Deeds Awakened Thought

When Jesus healed the centurion's servant of palsy (Matt. 8:5-13) he was not only demonstrating the unreality of disease, but he was also awakening thought to the realization that the law of God, good, is infinite and omniscient. This fact enables the Christian Science practitioner today to heal those who are far distant through what is known as absent treatment. When the Master multiplied the seven loaves and few fishes (Matt. 15:21) so that the five thousand people constituted his audience were fed, he was awakening thought to the spiritual fact that supply is not in matter and is inexhaustible. In raising Lazarus, the daughter of Jairus from the dead, as well as in his own resurrection and ascension, Christ Jesus was making clear to a skeptical world that life is immortal, without beginning or end.

Jesus' Teachings Awakened Thought

Not only in what Jesus did, but in all that he taught, do we find the Master's devotion to the liberating of mankind through spiritual awakening. You will recall that early in Jesus' ministry his healing work brought to him fame throughout all Syria. He left the multitudes that followed him and went by himself up to a mountain where his disciples came to him. In what he has become known as the Sermon on the Mount, he then gave these first students the basic teaching of Christianity, which, through its teaching and practice, is destined to establish a new order within individuals and in the affairs of the nations. In her volume, "Miscellaneous Writings" (p. 25), Mrs. Eddy refers to the Sermon on the Mount "in its direct application to human affairs, as containing the conclusion 'that there is but one God or Life, one cause and one effect.' Think of it! Could anything in this world be more pertinent than this teaching which has such 'direct application to human needs'?"

It is significant that Jesus began his teaching with a series of Beatitudes. He knew that not only do certain righteous qualities of thought bring blessing into one's experience, but he knew also and proved that regardless of the seeming severity of any human experience, the law of divine Love is ever present to replace sorrow with joy, poverty with needful supply, and disease with normalcy. Therefore, every seeming adverse circumstance is not an affliction, but is a challenge to demonstrate the truth of the man's God-given dominion, to awaken to the realization that the Christ, Truth, is adequate to meet every situation. Small wonder, therefore, that Jesus should introduce his memorable teaching with these Beatitudes.

"Blessed are the poor in spirit"

"When the Master said, 'Blessed are the poor in spirit, for theirs is the kingdom of heaven' (Matt. 5:3), he was not saying that to be bankrupt of Christ is to possess the kingdom of heaven. One Bible translator renders the phrase 'poor in spirit' as 'the gentle in spirit' (Ferrar Fenton). Gentleness, therefore, is a spiritual quality, and those who express that trait are manifesting that which characterizes the kingdom of heaven within, within your consciousness and mine.

Job's stoicism had to give way to the prayerful before he could see the need of praying for his friends. And whatever would bind you and me in terms of self-will or unrelenting human opinions must give way to that gentleness which is the very life within us, that effortless which makes demonstrations of divine might so natural and spontaneous. Gentleness, therefore, is not weakness or spinelessness. On the contrary, it is strength, because it is devoid of the debilitating effects of tension or friction. Paul recognized that "the fruit of the Spirit is . . . gentleness" (Gal. 5:22), and in his letter to the Ephesians he wrote, "Be ye kind one to another" (4:32). To make the kingdom of heaven manifest in our homes, our church, our practice, or our business, we need

that quality of gentleness which inspired Mrs. Eddy to urge a pupil to "be gentle in spirit, in the brain and a fibre more in the heart" (Twelve Years with Mary Baker Eddy, by Irving C. Tomlinson, p. 133).

Healing Incident

When Jesus said, "Blessed are the poor in spirit, for theirs is the kingdom of heaven," he meant also that blessed are they who feel the need of spiritual-mindedness, those who, conscious of their lack, "cried unto the Lord," and he delivered them from their distresses" (Ps. 107:6). Such was the cry of a young mother and father whose little six-year-old daughter lay helpless before the dread disease named infantile paralysis. Two physicians who had been called on the case held consultation and declared that the child could not possibly live through the day. The simple word that God is in every Science practitioner, a Christian Scientist, having been called there on another case, asked her to come and help them.

The practitioner, upon entering the home and becoming aware of the tragic fear of the child's need, asked them if they believed God could help them. Faced "with their own spiritual barrenness and consciousness of the fact that they did not even own a Bible, and that they did not know God and feel unworthy to ask His help, but could you help us find Him?" The practitioner, explained to them in simple words that God is in every life and His love is in every-thing, and that they had at that moment recourse to His law of divine justice, which is ever present and ever adequate. She assured them that even as the Father-Mother, so He mothered and fathered their little one at all times. She then asked the father to take her Bible and read the ninety-first Psalm, and gave the mother Science and Health, reading that she read the Lord's Prayer with its spiritual interpretation, given on pages 16 and 17 of our textbook. In humble obedience these two put their precious child in the practitioner's care and eagerly sought the truth from the books.

Closing the door, the practitioner, alone with the child, sat quietly by the bedside. Shutting out all material evidence, she earnestly prayed for that spiritual light which would illumine the perfection of the child, that kingdom of heaven within. Almost immediately the child's breathing, which had been heavy and labored, became quiet, and she dropped into a natural sleep. Her entire body became relaxed and normal, and when she awakened an hour later, she sat up in bed completely refreshed and well, using her arms and limbs in perfect freedom, whereas before they had been stiff and paralyzed. Calling the parents to the room, the practitioner rejoiced with them and their little daughter in the realization that God was not a God afar off, but a God at hand. Because of the humility of these parents, who recognized their need of knowing God, they were receptive of the divine idea, which brought healing to their home. "I am healed, as those who feel poor in Spirit! The Realm of Heaven is theirs" (Moffatt's translation).

"Blessed are they that mourn"

In the chapter on Christian Science Practice in Science and Health, Mrs. Eddy admonishes (p. 377), "If grief causes depression, convince the sufferer that affliction is often the source of joy, and that he should rejoice always in ever-present Love." It is because this is a fact that Jesus reminded his disciples, "Blessed are they that mourn: for they shall be comforted" (Matt. 5:4). We find our comfort as we find our rest, our strength, and our joy in spiritualized consciousness; not only in thinking as God's man, but in being God's man. In the passing of a loved one it is to lose sight of the comfort which comes of knowing not only the eternity of life, but also the immortality of those qualities which have already been established.

No one will conclude, I am sure, that such an observation justifies coldness or lack of appreciation of what such an adjustment demands. "The fibre more in the heart" requires that we not fail to be loving and helpful to those whose sorrow is aggravated because they know not how, through the application of Christian Science, to break the mesmerizing hold of grief. In helping such as mourn, let us do those deeds of kindness which will ease the sense of burden, but let us also keep our vision on the deathless Christ, for therein only lies the keynote to giving "beauty for ashes" and "the oil of joy for mourning" (Isa. 61:3).

"When the light of one friendship after another passes from earth to heaven," our Leader writes, "we kindle in place thereof the glow of some deathless reality" (Pulpit and Press, p. 5). This kindling of "the glow of some deathless reality" is the work of the Comforter, whose only office is to bless and, in the words of Job, "to set up on high those that be low; that those which mourn may be exalted to safety" (Job 5:11).

"Blessed are the meek"

In speaking of the saving ministry of Christ Jesus, Science and Health declares (p. 30), "In meekness and might, he was found preaching the gospel to the poor." It is significant that our Leader couples meekness and might together, and it is readily seen that they are inseparable attributes of consciousness; for might without meekness is arrogance, and meekness without might in some cases becomes softness or even a sense of martyrdom. Meekness is not the Uriah Heep type of wringing one's hands in pseudo self-accusation, but it carries the meaning of kindness or humility, which

finds joy in forgetting self and in serving one's fellow man.

When Jesus said, "Blessed are the meek, for they shall inherit the earth" (Matt. 5:5), he was speaking the thought of the Psalmist, who said the same thing (Ps. 37:11). In fact, all the Beatitudes go back to the meekness of the meek, for they shall inherit the earth" (Matt. 5:5), he was speaking the thought of the Psalmist, who said the same thing (Ps. 37:11). In fact, all the Beatitudes go back to the meekness of the meek, for they shall inherit the earth" (Matt. 5:5), he was speaking the thought of the Psalmist, who said the same thing (Ps. 37:11).

"To inherit the earth" is to have dominion over all material beliefs. Meekness, or humility, brings success, for it acknowledges God as the source of all success, learning, health, and enforcement; and it acknowledges, too, as our hymn says, that "His is the power by which we act, His be the glory too" (Christian Science Hymnal, No. 354).

The Hungering for Goodness

Not only are the meek blessed, but those who hunger for goodness, for they shall be satisfied" (Matt. 5:6). In reply to the question, "Are we benefited by praying?" Science and Health says (p. 2). "Yes, the desire which goes forth hungering after righteousness is blessed of our Father, and it does not return unto us void."

A Christian Science practitioner once found her work on a certain case bringing no perceptible results. Finally she was called to the bedside of the patient, who was said to be passing on. She sat there for a moment praying for the light that would banish the darkness. Suddenly she found herself saying, "When you desire the Christ more than you desire to be well, you will be healed." Opening his eyes, the man asked her what she had said. She repeated, "When you desire the Christ more than you desire to be well, you will be healed." He replied, "That's right." He knew that he had been seeking in Christian Science the principle of healing. The practitioner's remark truly awoke him to the realization that physical healing was not his primary need, but, rather, an awakened sense of his own constitutive Christly thinking and acting. With this change of attitude his healing followed naturally and quickly.

In the testimonies in our periodicals and at our Wednesday evening meetings we learn of persons who spontaneously release such habits as smoking; and yet there are other persons who seek healing in Christian Science of a physical problem, but who actually are seeking the habit of indulgence in tobacco, saying that they must leave them, or that they do not want to use will power. The fact is, however, that any decision to do right is not human will, but the habit of the divine will in human affairs.

You and I may not be guilty of the smoking habit, but can we honestly say that we are free of other negative habits? We need to break all habits of destructive thinking, for example, the habit of fearful contemplation of the future, which is a false sense of humility, or the habit of indulging temperamental traits because we feel, in self-justification, that we were born with certain traits of character. We do not fall into the set routine of living that lacks the buoyancy which comes of living inspirationally. Scientifically speaking, even so-called good habits are not good if they are performed so mechanically, or unthinkingly, that they stultify inspiration or the expression of individuality.

"Blessed are the merciful"

The final tenet of The Mother Church reads, "And we solemnly promise to watch, and pray for that Mind to be in us which was also in Christ Jesus; to do unto others as we would have them do unto us; and to be merciful, just, and pure" (Science and Health, p. 497). Nowhere could there be found a more perfect epitome of the Sermon on the Mount than is found in these lines, and therefore it may be said that nowhere could the true and noble challenge to spiritual awakening. The Master said, "Blessed are the merciful: for they shall obtain mercy" (Matt. 5:7). Mercy begets justice. Surely mercy begets love and forgiveness and compassion. Mercy does not condone error, but because it is loving, it heals error.

How true it is that one cannot be proud and merciful at the same time—the same time, nor condemnatory of persons and merciful at the same time. It is a Christian demand upon you and me, this day and every day, to be merciful, to be done forever with the inclination to balloon a brother's faults or indiscretions.

"Blessed are the pure in heart"

If it is true, as the Psalmist has said, that "righteousness and peace have kissed each other" (Ps. 85:10), it is also true that mercy and purity belong to the same family—Christlike qualities. It was Jesus' purity which enabled him not only to see God, but also to bless his fellow man. Therefore he could read mortal mind, and did, but only for the purpose of blessing and healing mankind. And we have already said, "Thought imbued with purity, Truth, and Love, instructed in the Science of metaphysical healing, is the most potent and desirable remedial agent on the earth" (Miscellaneous Writings, p. 47). Naturally, therefore, the Christian Science practitioner will not weaken this "most potent and de-

stable remedial agent on the earth" by blenching his own purity through any compromise with matter or materia medica.

Purity, therefore, means more than mere rectitude although, of course, morality is part and parcel of purity. When Daniel said to King Darius, "My God hath sent his angel, and hath shut the lions' mouths, that they have not hurt me: forasmuch as before them innocency was found in me" (Dan. 6:22), he must have meant that not only was his moral slate clean, but that he was also innocent of fear of self-pity, of doubt, or of resentment. This purity of thought and purpose was his protection. This purity enabled him to see God.

A consciousness that is devoid of clinging to materiality, that is free from "vaunting ambition, which is the learning of the earth" (Act I, Sc. 7, line 16), one that is free from envy or strife, is a consciousness that is so pure that the Word of God finds ready admission to heal and to bless. Truly, "Blessed are they that are pure in heart: for they shall see God" (Matt. 5:8).

To Make Peace in the World

At a time when the world is still talking of another war, there is a solemn obligation upon all Christian Scientists to make peace in the world. Indeed, the obligation is upon us at all times, for only the Christian Scientist realizes fully that war is just as mental as disease, and only the Christian Scientist understands how to combat that abnormality. "Blessed are the peacemakers," our Master said: "they shall be called the children of God" (Matt. 5:9).

For you and me to make peace in the world is to begin with ourselves and to unlearn all negative thinking. "And the work of righteousness shall be peace and the effect of righteousness quietness and assurance for ever" (Isa. 32:17). War is simply avarice, greed, revenge, and hate objectified and magnified.

You and I shall make our contribution to the world's peace by doing something about it. Mrs. Eddy declares: "Christian Science reinforces Christ's sayings and doings. The Principle of Christian Science demands peace. The First Commandment in the Hebrew Decalogue—'Thou shalt have no other gods before me'—obeyed, is sufficient to still all strife. God is the divine Mind. Hence the sequence: If all principles one Mind, peace would reign" (The First Church of Christ, Scientist, and Miscellany, p. 278).

Are you and I today striving to be of one Mind, to acknowledge God in all that we do and say? It is in that oneness of Mind that we may reconcile men at variance. Therein lies our highest service to our God and to our country, and therein lies our identification as the sons of God.

Persecution and Triumph

The final Beatitudes of Jesus pertain to persecution for righteousness' sake and for being a follower of the Master. Christ Jesus knew that any stand for divine Principle invokes the jealousy and resistance of the carnal mind. But Jesus never once implied that persecution should be a source of scorn or that you or I should ever be cause for a heavy heart or a long face. He did say we would have tribulation in the world but that we should be of good cheer, for we shall overcome the world. The Christ still overcomes the world's resistance to spiritual awakening. Christ, Truth, does make our burden light through the assurance that every problem which confronts us is as nothing before the power of the Christ. Oh, yes, our God may be evil spoken of, but the Christian Scientist is serene in the midst of opposition, for he knows that any attack of mortal mind is not upon the person but upon the Christ in purity and in righteousness. Therefore that consciousness which, like Daniel, is innocent of fear and resentment, will have no occasion to harbor any sense of persecution. That is the reason the Apostle Paul could say, "None of these things move me" (Acts 20:24); and it was out of deep dependence that the Discoverer of Christian Science could write (Poems, p. 12):

"Then His unveiled, sweet mercies show
Life's burdens light,
I kiss the cross, and wake to know
A world more bright."

Wise Zeal

Upon the completion of the Beatitudes, Jesus told his disciples that they were "the salt of the earth; but if the salt have lost its savour," he asked them, "where-with shall it be salted?" One Bible translator renders this passage, "But if salt becomes insipid, what can make it salt again?" (Moffatt).

We need "zeal," but we need rather its absolute or spiritual connotation, which Science and Health defines as "the reflected animation of Life, Truth, and Love" (p. 599). God's man created, as the Bible says, in His image and likeness, does not grow old and tired. He does not say to himself, or to others, "I sense had the inspiration to study, but now it is an effort for me to maintain a sense of freshness in my study." Man is at the focus of divine Love's perception; man knows only spontaneously and inspirationally, which, like God's mercies, are "new every morning" (Lam. 3:23).

"The reflected animation of Life, Truth, and Love" is seen in consistency of devotion to divine Principle, which is true consecration, or obedience. This zeal is the animation of the Christ, Truth—the irresistible propulsion of divine energy and inspiration. It finds no time for trafficking in

gossip, for resorting to formulas for healing, or for putting off to a more convenient season the overcoming of negative trends of thinking. The promises of the Bible are always to him who overcometh; and he who has a zeal for life, he whose life has not become apathetic and indifferent, will resist that overcoming. "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven" (Matt. 5:16).

Prayer Brings Spiritual Awakening

Perhaps in no one instance did the Master do more to give his disciples and the world the key to awakening to spiritual dominion than when he gave what we gratefully know as the Lord's Prayer. In this prayer Christ Jesus replaced that sense of petition to God which classifies man as a miserable sinner with a sense of oneness with God which brings blessing and healing. Throughout her writings Mrs. Eddy has laid great stress upon the importance of the spiritual sense of the Lord's Prayer; and it is well known that the Lord's Prayer, which further interpretation gives in Science and Health plays a large part in the daily thought of the Christian Scientist. Science and Health speaks of the God which brings aspiration and spiritual consciousness, which is indicated in the Lord's Prayer and which instantaneously heals the sick" (p. 16).

Healing Experience

I should like to tell you of an experience of a friend who found these words true in her life. This friend's mother, who was not a Christian Scientist, had been given up by her attending physician. The family had been called to what was said to be the mother's deathbed. The physician had said that nothing further could be done medically for the mother; whereupon this friend, who, because of years of proving the truth of Christian Science, had both for herself and for others, could speak with conviction, replied, "My mother does not need to die." The physician then informed her that at that very moment her mother was already passing on. The friend told her mother in her arms, and with her sister repeated the Lord's Prayer over and over again, realizing all the time its spiritual significance. Here the sequence: If all principles one Mind, peace would reign. Very shortly it was evident that the mother was reviving, and soon thereafter she recovered completely.

The Spirit of Prayer

It is highly important that we remember that Jesus prefaced his instruction regarding prayer with this admonition, "After this manner therefore pray ye: our Father, who art in heaven, hallowed be thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven. Give us this day our daily bread. And lead us not into temptation, but deliver us from evil: for thine is the kingdom, and thou art ever with us, and thou art the God of angels" (Matt. 6:9-13). It is never the words alone which bring healing, but rather the realization of the truth which the words convey. "After this manner therefore pray ye: our Father, who art in heaven, hallowed be thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven. Give us this day our daily bread. And lead us not into temptation, but deliver us from evil: for thine is the kingdom, and thou art ever with us, and thou art the God of angels" (Matt. 6:9-13).

Perfect God and Perfect Man

And so shall you and I be satisfied when we awake in the likeness of God. When shall that awakening be? Now, if we will, Christ Jesus never once implied that we must wait until some future time to find our true selfhood. "Be ye therefore perfect," he told his disciples, "even as your Father which is in heaven is perfect" (Matt. 5:48). The man of God's creating simply cannot help being perfect. He must be perfect because God is perfect, and help produces like. The familiar saying, "Like father, like son," is literally true in our divine relationship.

One of the chief reasons for Christ Jesus' great success in demonstrating not only his own spiritual dominion but also in bringing healing and an awakened sense of true being to others was his consistent refusal to accept as true the evidence of the material senses. He was never deterred into believing that man is ever less than perfect. Jesus always saw the perfect man because that is the only man he knew. "According to Christian Science," Mrs. Eddy has said, "perfection is normal,—not miraculous" (Miscellaneous Writings, p. 104). And so it was to Jesus, who claimed his perfection by reflection, the reflection which was the basis of his identification as the Son of God.

Conclusion

Before we leave our subject this evening, let us recall that the awakening to spiritual reality is the most practical thing that you and I can do in this atomic age, or any age. Job finally learned, you will remember, that his afflictions were not God-sent; and when he acknowledged God as infinite and supreme, he again knew health and abundance. In all that Christ Jesus taught and did, he aroused consciousness to the realization that the kingdom of heaven is already within man, within your consciousness and mine. Christian Science today shows us how to throw off the finite limitations that come with a material concept of life and to lay hold of the infinite good that is the natural unfoldment of spiritualized consciousness. How significantly Mrs. Eddy has written: "Many sleep who should keep themselves awake and awaken the world. Earth's actors change earth's scenes; and the curtain of human life should be lifted on reality, on that which outweighs time; on duty done and life perfected, wherein joy is real and fadeless" (Message for 1902, p. 17).

Many Subjects Now Covered By Adult Education Courses

The 1950 winter program of adult activities sponsored by the Grosse Pointe Board of Education will offer a wide variety of courses of interest to many adults in the community. The purpose of the adult education program is to serve the desires and needs of all the adults in the community.

If you find in the following list a course that interests you, please call the Grosse Pointe Board of Education, TU. 5-2000, Extension 25 for information regarding class reservations and starting dates. The winter program will include: Oil painting and water color (beginning and advanced); ceramics, jewelry; leathercraft; china painting; bookkeeping and beginning accounting; shorthand; typing; English for foreign born; grammar, spelling, pronunciation; practical speech; dramatics; parliamentary law; Spanish conversation; French conversation; woodshop; open badminton and instruction; bridge (beginning and advanced).

It is advisable to make reservations for all classes as membership is limited. If the above list does not include the activity in which you are interested, call the Board of Education, TU. 5-2000.

Devils Beat Monroe in Vital Battle

Sports

Keep Record in BCL League Clean With 44-36 Victory

Bayard Johnson and Bruce Allen Star for Pointe Five As Team Shows Complete Reversal of Form Displayed in Losing to Ann Arbor

By Fred Runnells

In what was billed as the Border Cities League "show-down game" the Grosse Pointe Blue Devils had a complete reversal of form over last week and turned it into a "show-off game" as it easily whipped the unbeaten Monroe Trojans, 44 to 36, last Friday, January 13, on the local court.

The victory placed the Pointers at the top of the B. C. L. standings and kept their league record unblemished.

By virtue of comparative scores against a common opponent, Ann Arbor, the Trojans entered the game a slight favorite and earlier Trojan victories had stamped them as the "dark horse" in the 1949-50 race.

Only One Threat

Only once did the Trojans threaten and that was in the first minute of the contest, when they tied the score at 2-all after Bruce Allen had taken a tip-off pass from Bayard Johnson to give the Pointers the lead 8 seconds after the opening whistle.

Mann, Hafer, Quirk and Johnson each hit the meshes for scores to give the Pointers a comfortable 10 to 2 lead in the first period before the Trojans' Beardregard gave his team its second counter.

Bruce Allen got his second bucket near the end of the first quarter and Barron swished two points for Monroe to make the score read 12 to 6 in the Devils favor at the end of the initial period.

Fulkerson Stars

Monroe's star, Dick Fulkerson, carried the Trojan attack all alone in the second stanza when he notched seven points on two field goals and three free throws. However, Jim Schoeck, who replaced Quirk early in the second period, threw the Pointers' attack into high gear with five fast points which were followed by field goals by Allen, Johnson, Peterson and Hafer, who also dunked a charity toss to give the smooth working Devil outfit a commanding 26 to 13 halftime advantage.

Allen and Johnson combined for a fast five points in the first 90 seconds of the third period to give the Pointers their biggest lead of the game, 18 points.

In the third quarter the Trojans established their second highest scoring effort when they outscored the Devils 11 to 10 but were still trailing 36 to 24 going into the final stanza.

Regulars Withdrawn

Monroe notched 12 points in the final period but half of this total came in the last three minutes when Coach Ed Wernet withdrew his regulars and substituted his second stringers in order to keep from humiliating the likeable Trojan coach, Red Davis.

This is an outstanding trait of

Coach Wernet. He never leaves his regulars in a contest after it is all but won. He feels that a close score makes a better spectator game than one which is a lopsided, run away contest.

The Blue Devils used 12 players in downing Monroe and nine of the boys broke into the scoring column.

Allen, Johnson, Star

Bruce Allen and Bayard Johnson led the Pointe parade with 10 points each, which tied them for runner-up scoring honors behind Monroe's Dick Fulkerson who captured 12 points on three field goals and six charity tosses.

Monroe's keen eye at the foul line was a life saver and kept it from becoming completely humbled. The Trojans made 13 of 18 foul shot tries.

The Blue Devils barely got above the .500 mark in the foul-shooting department, making eight of 15 tries.

The star of the game was Captain Bayard Johnson who not only tied for runner-up scoring honors but was brilliant on defense as he has been throughout the season.

It was Johnson's passing that gave his teammate Allen all four of his field goals. Allen's other two points came via the free throw route.

Sharp as Razors

Unlike the Ann Arbor contest of two weeks ago the Pointers were sharp as razors both on offense and defense. They weren't frustrated and confused they knew the chips were down and this game was the big one in the first round of the B. C. L. race.

Many a spectator from Monroe marveled at the way the Devils worked complicated plays on the tiny Grosse Pointe floor.

Only one fault could be found with the Pointers on this Friday the 13th. They missed repeatedly on easy shots which could have decided the outcome of the game in the first quarter.

The center play of both Blue Devils centers, Spike Quirk and Jim Schoeck, was the best turned in so far this season.

Quirk will play his last game for the maize and blue next Friday, January 20, when the Pointers tackle the defending champion Wyandotte Bears on the local court.

St. Paul Girls Defeat St. Mary

By Peggy Hyde

The girls' varsity team at St. Paul added another victory to the winning column by defeating St. Mary's of Mt. Clemens, 34 to 24, last Sunday afternoon at the St. Mary Gym.

St. Paul held a comfortable lead all through the game. Carol Staub was high scorer for the winners with 14 points.

The reserve team also won by a good margin with a 38 to 12 score. Mary Ellen Beaupre and Janet Hock were the sharpshooters in that game for St. Paul with 14 points each.

Next Sunday afternoon, St. Paul will meet Nativty at the Nativty gym.

KIDS AND MATCHES

Children playing with matches were blamed for setting fire to a studio couch in the basement recreation room of the C. A. Barrett home at 84 Stanton lane on the night of Jan. 13. Farms firemen extinguished the blaze. Damage was estimated at \$30.

Brogan, Bray Help Reserve Five Conquer

Pair Pace High School Second Team to Victory Over Monroe Reserves

By Fred Runnells

The scoring battle between Pat Brogan and Ben Bray which started two weeks ago, again paced Coach Harold Fisher's Blue Devil reserve basketball team to victory last Friday night, January 13, on the local "cracker box" court. This time it was Monroe who fell by the wayside, 47 to 37, before the two-armed Brogan-Bray assault to give the Pointers their fourth straight win in five starts.

A quick first period scoring spree, paced by Bray's five points, netted a 14 to 5 Blue Devil lead and practically iced the game for the Pointers.

Trojan star, Bob Woodward, was all that stood between the Trojans and a first period, white-wash. He scored all five of Monroe's points in the initial stanza and later went on to collect 14 more, more than half of the Trojan's final total, to capture high point honors with 19 points.

Woodward paced the second quarter attack, which saw the Trojans score 11 points while the Devils were coasting, and more or less put his team back in the running at the halftime intermission, 22 to 16.

A big 13 point third period scoring spree paced by Brogan's 3 field goals left no doubt as to which team would emerge the victor.

The Pointers entered the final quarter holding a commanding 36 to 23 advantage. Brogan and Mety led the Devils' last period attack with four points each while big "Jumbo" Delling, substituting for Bray at center, added the final three points on a free throw and a bucket.

Monroe's biggest scoring spree came in the final period when it scored 14 points. Larry McKelvey and Woodward paced the attack with five points each.

In the last period the Trojans took full advantage of their free throw tries and connected on five of eight chances.

Brogan and Bray tied for runner-up scoring honors with 10 points each. This gives Brogan a one point edge in the two weeks old scoring battle as he edged his teammate 11 to 10 in the Ann Arbor non-league contest. However, if one cared to look up the records of these boys from the beginning of the season you would discover Bray holds an overwhelming lead of 50 to 29 in five games played to date.

The scoring totals of these two boys doesn't mean a thing as far as the team record is concerned but it does point out how much Brogan has improved since the beginning of the season.

Bray was a fixture at center from the very beginning of the campaign and has several seasons of experience as compared to Brogan, who only started playing basketball when he transferred to Grosse Pointe two years ago.

The Blue Devils will attempt to run their victory skein to five straight when they meet Wyandotte next Friday, January 20, here in the High School.

Gray Donates Court Trophy

Picture by Fred Runnells

ROLAND GRAY, of Gray's Sports Shop, shows the new trophy which he is donating to the new Inter-Church Basketball League for perpetual competition, to his assistant, GEORGE NEIRINCK, left, as he studies the standings so far in the first round of play. The trophy will be awarded to the winner of the playoff game at the end of the season. This will pit the winner of the first round of play against the champion of the second round.

Nay Cracks Another Record As Pointers Defeat Parkers

Jerry Lowers Mark in 200 Yard Event, Then Captures 100 Yard Free Style Five Minutes Later to Enable Team to Win by Narrow Margin

By Fred Runnells

Jerry Nay continued along his record breaking trail last Friday, January 13, when he smashed the Highland Park 200 yard free style pool record and helped the Pointers squeeze by a surprisingly strong Polar Bear team, 44 to 50. The new record of 2:07.3 eclipsed the best times ever chalked up for this event in the Polar Bear pool which included the best times when Highland Park was competing in the Metropolitan league before entering the Border Cities League four years ago.

Nay not only showered himself with glory on his record breaking performance but earned the title of "Iron Man" when he teamed with Watson two events later and won the 100 yard style event. Watson finished five tenths of a second behind Nay and it was this sweep of the century event that provided the turning point of the meet.

Trailed Till Then

Up to this point the Blue Devils had been trailing the fast paddling Polar Bears in the first four events. The Pointers moved in front 26 to 19, thanks to Nay and Watson, and never relinquished their hard earned lead.

Chase and Heath have had a grudge battle on throughout the season. It was his plan to shoot strength against strength which is commonly known in swimming circles as "breaking the other team's back." That is why Nay was entered in both the 200 and 100 yard events despite the fact he would have to swim two events with less than five minutes rest between them.

Nay Is True Champion

Nay, being the true champion that he is, came through with flying colors and provided the winning punch that gave his team its fourth win in five starts this season. One of the meets was a non-league affair against Hazel Park.

The Blue Devils will entertain the Fordson Tractors on Friday, January 20, and according to past performances should walk off with the honors again.

Currently Fordson is down in the second division of the six team conference with Wyandotte and Highland Park. Royal Oak, still unbeaten, heads the league with a 3 and 0 record while Grosse Pointe and Monroe share second place with identical records of 3 victories and one loss.

Junior Loop Lead Grabbed By Optimists

New Uniforms Seem to Help Quintet in Neighborhood Club League Defeat Opponents

By FRED RUNNELLS

Sporting brand new uniforms, handed out before the game by President Preston Smith and Judge Young of the Grosse Pointe Optimists Club, the Optimists flashed too much class and speed as they swamped a helpless Wildcat quintet 43 to 20 on the Neighborhood Club court last Saturday afternoon, January 14, in the club basketball league.

The victory boosted the Optimists to the top of the Junior division standings with a record of four wins against one loss.

Rositer Sets Record

Bill Rositer set a league scoring record when he paced the winning attack with 26 points.

Other games played in the Junior Division last week saw Tracy Motors whip Turner Buick 38 to 31 on Monday January 16 and The Neighborhood Club Jets squeezed by the Flashes, 31 to 30 two days earlier.

Bill Krumple of the Jets and Bob Shaw of the Flashes tied for scoring honors with 9 points each. Mike Faber led the Tracy attack with 10 points for top honors.

A three-way tie was created in the Minor Division race when the league leading Tracy Motors suffered a 49 to 36 beating by C. P. Post "303" in the second game of a double header at the Club on Saturday, January 14.

Three-Way Tie

The victory boosted the "303" team into a two-way tie with Tracy and two days later January 16 the Metropolitan Club cagers whipped the Junglers 37 to 30 to create the three-way tie for first place.

Jim Law paced the Metro's with 13 points and Dick Scherer was the big gun in the "303's" victory with 15 counters.

The only other game in the division was played on January 14 and was a rough affair with the Optimists Club edging St. Ambrose 47 to 41. Fifty three fouls were called, 27 on the Optimists and 26 on their opponents.

Ken Brown Wins

In the Major Division there was one game that produced some real fireworks and that was between the Flyers and St. Catherine's (Continued on Page 11)

St. Paul Basketball Team Runs String to 3 Straight

Scores Victories Over St. Martin and St. Catherine; Pete Belanger Stars With Broken Finger; Reserves Also Win Two

By JOHN DRAKE

The St. Paul basketball quintet chalked up a pair of victories over St. Martin and St. Catherine to run their string to three straight. St. Martin fell before the Flyers' shooting on January 10, 38 to 32, and St. Catherine went down 37 to 25 last Sunday, Jan. 15.

Pete Belanger, the Flyers' hard-driving forward, continued to out-point his teammates despite the fact that he has been playing with a broken finger. He totaled 13 points in ooth contests.

Start Out Fast

The St. Catherine game played at the St. Charles gym, opened with all the aspects of a good battle. Tom Marchand got hold of the opening jump and raced to the basket to score for the Flyers. Jerry Dishman of St. Catherine tied things up in 10 seconds.

The bubble broke right there, however. Holding their opponents to a single free throw point, the Flyers went on to score four more baskets to hold a 10-3 first quarter lead.

St. Catherine was held scoreless until the middle of the second period, when Gerido Testolin took a long, down-court pass and put it away.

Hold Bib Advantage

St. Catherine had only two field baskets to their credit when the half-time buzzer sounded. The Flyers held a 10-point, 17 to 7 margin.

The St. Catherine five changed tactics in the last two periods, taking more shots, and almost managed to keep up with St. Paul. Both periods saw the Flyers just make the scoring edge, 10 to 9.

Tom Pelkey, Tom Marchand and Bill Heutteman followed Belanger in the scoring department for the Flyers with 8, 7, and 6 points respectively.

A noticeable change in the Flyers' play in this contest was their cutting down on the extra-long shots from the guard positions. Pelkey made a couple of baskets from far back, but the tendency was to work the ball in for easier shots.

Testolin High Scorer

High scorers for St. Catherine were Testolin with 7, Shawn McAlinden with 6, and Pat Connolly with 5.

The St. Martin game nine days ago proved to be somewhat harder going for the Flyers. Jack Trombley, an up-and-coming player for the Flyers who will be up there in the scoring ranks soon, scored 8 points. Pelkey got 7 and Marchand 6. The Flyers out-scored St.

Martin 13 to 8 in the first 8 minutes to take the lead, but St. Martin was hardly down and out. Both teams scored four field goals and a pair of singles in the second quarter, giving the Flyers a 5-point, 23 to 18 halftime lead.

Shoot from Far Out

The Flyers were still shooting heavily from the far guard positions at this time, but Pelkey managed to sink 3 out of 7 for his end of the evening.

St. Paul completely commanded the third quarter, scoring 8 points to St. Martin's two pointers and having almost complete control of the ball.

The final quarter was a sudden reversal of the third. St. Martin out-pointed the Flyers 10 to 7 and had control of the ball for over 5 1/2 minutes of the 8.

Higgins of St. Martin scored first after 45 seconds of play, and was matched in 90 seconds by Tom Pelkey's long swish-shot. After Marchand's free toss 70 seconds later, St. Martin had almost 100 per cent control of the ball.

Couldn't Cash In

Unfortunately for St. Martin, they were unable to cash in on their advantage to any great extent. Up until the one-minute mark they had scored only two free shots, while St. Paul made their few chances pay off with two field baskets.

The last 65 seconds proved rich for St. Martin, though. Carey, Seagram, and Coffee each popped in a basket, but their last minute efforts couldn't overcome the 12-point St. Paul lead.

Seagram led St. Martin in scoring with 8 points, and Murphy, Higgins, and Peet each tallied 6.

Reserves Also Win

The St. Paul Reserves won both their games, 35 to 15 over St. Martin and 30 to 22 over St. Catherine. The first game served up a freak basketball accident—a score in the wrong basket.

After a jump-up under St. Martin's basket one of the St. Martin's boys grabbed the ball, and while the other 9 raced down the gym, the crowd was amazed to see him putting the ball through the hoop of his own basket.

Last Place St. Clare Upsets Woods in Inter-Church Loop

Two of Three Games Played Last Week Settled in Thrilling Last-Second Finishes; St. Paul Protests Decision of Referee

By Fred Runnells

It is true the best basketball isn't played in the new Inter-Church basketball league, but if you're looking for excitement this is the league to follow. The oldest players in the league are only 14.

Last Saturday, January 14, two of the three games played in the girls' gym at the High School ended with the deciding point being scored in the final seconds of the game.

Decision Protested

The St. Paul-Grosse Pointe Memorial contest was followed by plenty of rhubarb over the game winning shot, with St. Paul protesting loudly to the referee, who stood fast by his decision.

This all came about after St. Paul had fought an uphill battle

to tie the count at 16-all on Dave Belfore's hook shot with less than a minute remaining.

With seconds remaining Alex Forrester bade good on a free throw to give Memorial a disputed 17 to 16 win.

Confusion Reigns

It was this shot that caused all the noise and confusion.

St. Paul players and their Coach Bob Tiem argued loud and long that the referee should have called a double foul as both boys involved collided when they raced for a free ball. Many spectators believed St. Paul had a good point but didn't take part in the argument as they knew the referee's word is final. St. Paul is allowed to protest the game to league officials Roland Gray, Harold Husband and Forrest Geary. However, no protest had been filed at this writing.

The second wild contest saw last place St. Clare score a terrific upset when it nicked unbeaten Woods Presbyterian 17 to 16.

Thrilling Finish

St. Clare was forced to come from behind in the late stages of the third period to tie the score at 16-all and then cop top honors in the fading seconds of the game on Jack Cadde's successful foul shot.

Presbyterian appeared to have the game pretty much under con-

trol in the first two periods and held a 10 to 6 halftime advantage. "Snook" Walters was the big gun for St. Clare and his personal efforts set the stage for Cadde's game-winning free throw. The victory lifted St. Clare out of the cellar berth and moved it into a two-way tie with St. Paul for third place.

Christ Church Wins

Christ Church walked all over Grosse Pointe Methodist and scored a lopsided 39 to 7 win which placed it in a two-way tie for first place with Memorial.

Sandy Wiener of Christ Church set a new league scoring record with 18 points.

The Methodist team was handicapped because it didn't have a couple of tall boys to match Christ Church's height.

Needs Correcting

This is something the league officials are going to have to correct before another season rolls around.

It seems hard to believe but there are some 14 year-olds in the league that are six feet or taller.

This is a common mistake and can be corrected. The Detroit Fireman's Midget Baseball League did this in its second year of operation.

One solution could be the formation of two divisions in the league and use heights instead of ages. This procedure would make all the teams approximately the same and not give any team a height advantage which is extremely important in basketball.

Word has come to me via the grapevine that some of the players on the last place teams in the league don't like to be referred to as the last place team.

After all fellas, how should I write it? I don't play on your team and make you lose ball games—you do that yourselves. All I can do is write it as I see it. The only thing I can suggest is that you get a move on and get out of last place, then I can call some other team the cellar outfit.

Next Saturday, January 21, Christ Church and Memorial will battle for first place and St. Paul will attempt to move into a two-way tie with Woods Presbyterian for third place. Grosse Pointe Methodist has a chance to drag St. Clare down into the cellar with them when they meet in the third game of a triple header program at the High School. The first game starts at 9:15 a.m.

Standings as of January 14

Christ Church	4	1	8
Memorial	4	1	8
Presbyterian	3	1	6
St. Paul	2	2	4
St. Clare	2	3	4
Methodist	1	2	2

Michigan Starts Memorial Drive

Robert C. Hauke of Oxford road, is the co-author of a dramatic skit which was presented in Rackham Auditorium on Tuesday night, Jan. 17, to alumni of the University of Michigan.

The skit outlined the history of the university in the field of atomic research since 1923 when it instituted annual nuclear physics symposia drawing noted scientists from all over the world. The program is connected with the launching of the university's drive for \$6,500,000 to finance the Michigan Memorial-Phoenix Project, to establish an atomic energy center in Ann Arbor and carry on a broad program of research for a 10-15 year period, in honor of the Michigan alumni who died in World War II.

Optimists

(Continued from Page 10)

tween the victoryless Ken Brown quintet and the mdch beaten St. David team.

These teams tangled on Monday, January 16, and through the efforts of Bill Johnson, who scored 23 points, Ken Brown won its first win of the season and dragged St. David down into a two-way tie for last place. Both teams have records of one win and five losses.

County Seeking Racing Revenue

A communication was received at the City Council meeting on Jan. 17 notifying the City of the action taken by the County Board of Supervisors on the disposition of the tax revenues which the state receives from the racing tracks.

The City of Detroit has been receiving 20 per cent of this revenue but their removal of the track from the State Park has taken this revenue away from Detroit. Meanwhile Livonia township, where the new tracks are to be located, is making ready to convert itself into a city primarily to get under the wire on the division of this state tax money from racing parks.

Under the present law all of the revenue from tracks, except in the case of cities, has gone to the state.

Wayne County's move now is to petition the Governor to include in his call for the special session of the state legislature on March 15, an amendment to the law so that the counties may recover 20 per cent of this tax. The appeal of the county to all of its subdivisions for support of this proposal is based upon the benefit they will get from the increase of the county's tax income.

On next Monday the Legislative Committee of the County Board of Supervisors will draw up an appeal to the Governor to bring this matter to the attention of the state legislature when it meets in special session.

On January 24, 25, 26 Mr. Carpenter, who represents the City of Grosse Pointe on the County Board and who is chairman of the legislative committee, will be in Lansing at the meeting of the State Association of County Supervisors where he will request a similar petition from them.

"Y" Starting New Class For 8-Year-Old Group

A special class of 8-year-old boys, limited to 30 in number, is being started at the Hannan Y.M.C.A. at East Jefferson and Garland. The new membership group opened Friday, January 10th, and meet weekly thereafter for a six-months period.

Play skills and games will be stressed on the gym floor while learning "how-to-swim" will be featured in the pool. The Friday periods will open at 3:45 o'clock with a short film program; at 4:15 the boys will start their gym work which will be followed by a 5 o'clock swim. Parents may call for the boys at 5:45 to take them home.

This new Y.M.C.A. program is of special interest to the Grosse Pointe families as many have phoned the local Association regarding such a class for their prep age, according to Carl Throop, Hannan Y.M.C.A. Youth Director. Reservations for membership in the class may be made by phoning YAlley 2-7200.

St. Paul's Pin Loop Lead Knotted Again

For the third week in succession a different team holds down first place in the St. Paul bowling league race. Last week Eddie Lauer's squad evicted the Ruprich team and last Thursday Pete Martin's teammates scored 3 out of a possible four points and moved into a two-way first place tie with the Lauer outfit.

Two hundred plus scores went begging last Thursday, in comparison to last week's eleven 200 scores only four were posted this week and these weren't very healthy. L. Donovan topped the list with a 204 and was followed by J. Rotole's 203 and J. Zarrett's and W. Kerby's even 200 games.

The Ruprich squad which fell flat on its face two weeks ago remained in a contending position, just one point off the lead-

er's pace.

Team Standing

E. Lauer	32

What a Relief!

...aches and pains quickly soothed by an

ELECTRIC HEAT LAMP

Here's a fast, easy way to untie pesky winter kinks. Just relax for a few minutes under an electric heat lamp. In no time at all, infrared rays send penetrating warmth to comfort tense, tired muscles. A built-in reflector puts the heat right where you want it. Ruby-red filter cuts down glare. Keep the new electric heat lamp handy for immediate use, day or night.

EXTRA USES
Just the thing for drying hair, hostery, paint. Also helps defrost frozen foods, brings quick heat to chilly corners. Fits any lamp socket. A real all-round value!

Annual City Police Report Shows Bluecoats Were Busy

Chief Tom Trombly of Grosse Pointe City submitted his annual report for the year 1949 to the City Council on Monday night, January 16.

The report covers a mass of detail and the Chief was complimented by Mayor Netting on its completeness and the full information it carried showing the activities of the department.

It is in too much detail to report in full but its perusal discloses such salient facts as:

Money collected from all sources, including fines, licenses, impounding fees, \$5,746.75.

Operators' licenses issued 1,348, and chauffeurs licenses 135. There were 91 Justice Court cases and violation tickets issued to the number of 777.

There were a total of 107 automobile accidents handled involving 35 personal injuries. There were no traffic or pedestrian fatalities during the year.

The rounds of patrolmen

E. A. Barrell, III Weds in East

Of interest to the Pointe is the wedding which took place Jan. 14 in Wilmington, Del., when Edgar Alden Barrell III married Elizabeth Lee McLaughlin, daughter of Mr. and Mrs. James Raymond McLaughlin of Wilmington.

The bridegroom is the son of Mr. and Mrs. Edgar A. Barrell II of Dover, Del., and formerly of Grosse Pointe where the senior Mr. Barrell headed the English Department at Detroit University School.

Pointer Heads Charity Group

Mrs. J. Crawford Frost will lead Neighborhood House activities for the coming year as president, following her election Monday at the 93rd annual meeting of the Settlement House, Porter and Fourth.

Other newly-elected officers include: Mrs. Donald C. Stevenson, first vice president; Mrs. George T. Trumbull, second vice president; Mrs. S. Wells Utley, treasurer; Mrs. C. Bayard Johnson, assistant; Mrs. Raymond A. Jacobs, recording secretary; Mrs. William Hudson, assistant; Mrs. Ralph Thomas, corresponding secretary.

Trustees who serve for a three year period, are Mrs. George A. Hughes, Mrs. Edward M. Plunkett, Mrs. Trumbull, Mrs. Stevenson, Mrs. Thomas and Mrs. George A. Cornell. In the program which followed election of officers, Mrs. Frederick Orlert addressed the group on her travels in the Far East. Mrs. Ezra Lockwood and Mrs. Howard R. Walton were hostesses for the luncheon.

International Relations Group of AAUW to Meet

The International Relations Study Group of the Grosse Pointe Branch of the American Association of University Women will be held today, Thursday, January 19, at 1 p.m. in the home of Mrs. Edgar A. Hahn, 1221 Three Mile drive.

Mrs. Shepard and Mrs. Barnes will lead a discussion on "The Declaration of Human Rights," and Mrs. Seebler will complete the discussion of the national AAUW legislative program. Also included is a report of the Board of Education meetings.

Neighborhood Club Games

Five girls games were played last week, two in the Senior League and three in the Junior League.

In the Junior League the Jr. GPAC defeated the Owls 35-14 with Jane Rowe making 16 points and Sally Hull 14 points for the GPAC.

The St. Paul Freshmen defeated St. Ambrose Juniors in a close scoring game, 19-12. Janet Hook scored 17 points for the Freshmen.

St. Ambrose Freshmen took a drubbing by being defeated by St. Paul Sophs by the score of 44-16. Mary Allor again was top scorer for her team with 18 points.

In the Senior League, St. Clair Recreation Gemokes defeated St. Ambrose Senior 57-14.

The Senior G.P.A.C. had a hard time holding its lead throughout the game with the St. Paul Flyers, but at the final horn G.P.A.C. was on top 27-23. Muriel Kreski was high scorer for her team with 13 points while Peggy Hyde of the Flyers added 14 points for her team.

Epiphany Ramblers drew a bye.

League Standings Junior League

Flyers	0	2
St. Ambrose	0	2

Games for the next two weeks:

Wed., Jan. 18, 8:30 p.m.: St. Frost vs. Jr. G.P.A.C.

Wed., Jan. 18, 7:15 p.m.: St. Ambrose Juniors vs. St. Ambrose Fresh.

Thurs., Jan. 19, 8:30 p.m.: St. Paul Sophs vs. Owls.

Senior League

Thurs., Jan. 19, 7:15 p.m.: Sr. G.P.A.C. vs. St. Ambrose Sr.

Thurs., Jan. 19, 8:15 p.m.: Gemokes vs. Epiphany.

Flyers: Bys.

St. Women's Hobby Club

The Senior Women's Hobby Club is sponsoring courses in textile painting, pastels, oil painting and china painting under the direction of Mrs. McLaren. These courses will be run on Wednesday evening from 7:30-9:30 p.m. Any women interested in registering are asked to call Miss Masak at TU-5-8400.

Theater Party

There will be another exciting installment of the Boy Scout serial "Young Eagles" at the weekly theater party Friday, January 20th, at 7:00 p.m. at the Neighborhood Club. Also on the program will be cartoons, contests and prizes. All the children of the community are invited to attend.

GIRLS' BASKETBALL

The Grosse Pointe Girls Basketball League sponsored by the Neighborhood Club got off to a flying start on Wednesday Jan. 4 when the Jr. Division took the floor with the result that there were surprise upsets.

The Jr. G.P.A.C., captained by Alice Allhoff, defeated St. Am-

brose Freshmen, captained by Margie DeMattis, by the score of 38-4 with Jane Rowe of the Jr. G.P.A.C. chalking up 28 points for her team.

The St. Paul Freshmen co-captained by Joan and Janet Hook out shot the Owls, captained by Noreen Sullivan, 34-4. Janet Hook with 18 points was high scorer for her team.

The St. Paul Flyers, captained by Mary Allor, defeated St. Ambrose Juniors by the score of 29-4. Mary Allor was high scorer with 12 points to her credit.

In the Senior Division the St. Paul Flyers met defeat at the hands of St. Clair Recreation Gemokes—the score was 35-30. It was a nip and tuck game all the way through with Capt. Rita Leit-hausen pushing her Flyers and Captain Jean Kratz building up her Gemokes.

The Epiphany Ramblers, captained by Jane Jones defeated St. Ambrose Seniors, captained by Dorothy Graul, in another close and exciting game—score 35-28. High scorer for the Ramblers was Edith Lippert with 14 points and high scorer for St. Ambrose was Captain Dorothy Graul with 13 points.

Sr. G.P.A.C. team drew a bye. Games scheduled for the next two weeks are as follows:

Every Wednesday afternoon at 1 p.m. is Canasta time at the Neighborhood Club. All women of the Community are invited to participate whether they are beginners or experienced players.

Pointe Author Honored at Tea

Mrs. Haldeman Finnie, author of the current popular novel "My Son and Heir" was guest of honor at the Junior League Scribblers' tea yesterday afternoon in the home of Mrs. William P. Herbert, another Pointe author.

Mrs. Ames Howlett was co-hostess with her mother in their Bedford road home.

Marygrove Alumnae Plan Open House on January 22

The alumnae of Marygrove College will be hostesses at a Guest Open House at the college on Sunday, January 22.

Mrs. John Burkhardt is general chairman of the affair, assisted by Mrs. Michael Houran, Patricia Kinahan and Gerre Wood.

Miss Wood's choral group, the Scherzo Club, will entertain the alumnae and their friends after the tour of the campus buildings.

Following the musical program, refreshments will be served in Madame Cadillac Hall.

Takes Part in Dance Recital at Hillsdale

Eleanor Forester, daughter of Mr. and Mrs. Paul Forester, of Hampton road, Grosse Pointe Woods, was one of two Hillsdale College students who recently presented a series of South American dances at a special meeting of the Spanish Club of Hillsdale College.

The program was presented to explain the dances and customs of the southern countries which are particularly associated with the holiday season.

When no dew follows a hot day, rain may be expected.

American Legion Auxiliary News Unit 303 Grosse Pointe By Doris Nielsen

Last Sunday President Nell was invited to the Tom Phillips joint Post and Unit Meeting to speak on Legislation, she being the District's Legislation Chairman. Russ Cameron, Department Field Service Officer spoke on the Hoover Plan.

I can't urge everyone too strongly to write those letters to your Senators—Homer Ferguson and Arthur Vandenberg, Senate Building, Washington 25, D. C.—asking them to vote NO on Senate Bills 2008, 2111 and S-2019 and House Bills 5182, 5181, HR-2588 and 5171. Please, folks, for the sake of the Veterans, don't fail to send either a card or a letter to the above with your own signature on it.

NOTE: We must have our membership quota no later than January 31, so how about it—let's get those dues paid to Sue Hamilton now. We only have 67 paid to date with 39 still due.

League Plans Friday Lecture

Members of the Junior League will turn out tomorrow (Friday) evening, for the Country Club lecture of Dr. Douglas Bond, director of Psychiatry at Western Reserve College and professor of Psychiatry at University Hospital, Cleveland.

Dr. Bond, whose subject is to be Psychiatry, will be introduced by Dr. Leo Bartemeir.

Preceding the lecture, Mrs. Daniel W. Goodenough, president of the Junior League, and Mr. Goodenough will be hosts at dinner to Dr. and Mrs. Bartemeir, and Mrs. John M. S. Hutchinson and the evening's speaker.

The lecture will begin at 8:30 p.m. and husbands of Junior League members have also been invited.

Pointers Will Attend Two Patriotic Meetings

Mrs. Lloyd DeWitt Smith of Grand Marais boulevard, president of the Grosse Pointe Colony, National Society of New England Women, will attend the annual Women's Patriotic Conference on National Defense in Washington from January 26 to 28. She will be accompanied by colony members Mrs. Albert E. Stewart and Mrs. O. W. Shannon.

Mrs. Edward J. Savage of Yorkshire road will attend the national board meeting of the society in New York on Monday, January 23, and will give a report on the Pointe Colony.

Russell Barnes to Talk About Foreign Policy

Russell Barnes, Foreign Correspondent of the Detroit News, will speak on "The Foreign Policy Association" on Wednesday, January 25, at 1:30 p.m. in the home of Mr. and Mrs. George R. True, 132 Moran road.

Mr. Barnes will outline the purposes and activities of this organization, and will answer questions on world affairs. Anyone interested in knowing more about the Foreign Policy Association is cordially invited to attend this free lecture.

Lightbodys Give Cocktail Party

Mr. and Mrs. W. Harold Lightbody are giving a cocktail party this Saturday evening in their Merriweather road home following which they will accompany their guests to the Beavers' party at the Detroit Athletic Club. Mr. Lightbody is president of the Beavers.

The Lightbody's guests will be Mr. and Mrs. Arthur Sutherland, Mr. and Mrs. Harold Burton, Mr. and Mrs. Merrill Perry, Mr. and Mrs. Hilton Grier, Mr. and Mrs. Navarre Bennett, Mr. and Mrs. Clarence Pinkston and Mr. and Mrs. Edgar Ritz.

Mr. and Mrs. Lightbody will leave the first of the month to spend February in Fort Meyers Beach, Fla. Daughter Nancy will plane down to join her parents after the U. of M. J-Hop which she is attending with Thomas Whittingham of the Pointe.

Blocked Pits Start Fires

Small fires which started in two blocked fireplace ash pits were extinguished by Farms firemen during the week. One was in the home of Montgomery H. Parsons at 180 Lakeview on the night of Jan. 13 and the other in the home of N. W. Schlaff of 75 Kenwood road on January 12.

Mrs. Schneider is to talk on what the police department does to protect children and how it aids them in becoming law abiding citizens.

Mrs. William Jasnowski will serve as co-hostess with Mrs. Hoffines. Members are requested to make reservations for the meeting.

Triby is famous for her beautiful feet.

Vernier P.T.A. To Meet Jan. 24

Vernier School parents are reminded that Tuesday, January 24, is the date of the special meeting when John R. Barnes, Superintendent of Schools, will be present to discuss and answer all questions concerning the new building problem.

Parking Meters Take In \$664.66

The Farms Council has approved the payment of the first installment on the purchase of 100 parking meters at a total cost of \$6100. The purchase plan calls for the city to pay one-half the amount collected from the meters.

Since their installation in the Kercheval avenue business center the first part of November, a total of \$664.66 has been collected. The heaviest week was that ending Jan. 3 when \$176.49 was taken in. The first payment of \$332.33 will be paid to the Magee-Hale Park-O-Meter Co.

Policewoman Addresses Club

Police woman Rosemary Schneider of the Detroit Police Department will address members of Eastside Delta Delta Alliance at an 8 p.m. meeting Jan. 25 in the home of Mrs. J. R. Hoffines, 15771 Mack avenue.

Mrs. Schneider is to talk on what the police department does to protect children and how it aids them in becoming law abiding citizens.

Mrs. William Jasnowski will serve as co-hostess with Mrs. Hoffines. Members are requested to make reservations for the meeting.

Triby is famous for her beautiful feet.

Business Notes

Walter R. Cavanaugh, insurance broker of 1431 Oxford road, last week became National President of the Aetna Leaders Club for 1950, having written a larger volume of new business during 1949 than any other Aetna agent in the country. He also becomes a life member in the Million Dollar Round Table Club, which means he has written a million or more annually in business for the past three years. He is associated with the H. J. McLaurin Agency in the Buhl Building.

The association of Hugh Chalmers, Jr., with Sweeney and Moore, Inc., well known real estate brokers and subdividers, is announced by that company.

Mr. Chalmers, former partner in the real estate firm of Toles and Chalmers, has specialized in Grosse Pointe and Indian Village properties for many years. He becomes manager of sales and brokerage for Sweeney and Moore. During the past year, Mr. Chalmers served as president and director of the Grosse Pointe Real Estate Association, an active organization of many of the owners of property, and the real estate brokers, in this area. He is also a member of the Detroit Real Estate Board.

The Grosse Pointe office of Sweeney and Moore is located at 20180 Mack avenue at Renaud road.

Pruss Cousins Give Parties During Holidays

Sue Pruss of Lochmoor boulevard and her cousin, Pat, of East Outer drive, were both holiday hostesses. Sue entertained at cocktails on Tuesday, Dec. 27 and Pat was hostess at a tea for her senior classmates of Dominican High on Dec. 28. Pat's aunt, Mrs. Edward Pruss poured.

who, where and whatnot

By whoozit

Those two distinguished Capricornians, the Pointe's JOSEPH de GRIMME and Free Press art and movie editor, HELEN BOWER, have the same birthday and annually exchange birthday greetings . . . They've been doing this since that January day some years back when Sir Joseph, in his own inimitable way, said to la Bower, "Do you know you were born on the same day as a Very Famous Man?" Misssee B. knit that smart brow of hers until Joseph told her HE was the famous man . . .

THE PRINCESS CONCHITA SEPULVEDA PIGNATELLI devoted a recent column to the wonderful party given by MR. and MRS. ROBERT HARDY ANDREWS of Holmby Hills, Los Angeles to tell their daughter JOY CHARLEENE'S engagement to former Pointer, CORNELIUS N. RAY, son of COL. and MRS. CHARLES H. RAY of Grosse Pointe and Westwood, Calif. THE EDWARD PAULEYS, MR. and MRS. JOE E. BROWN, THE NELSON EDDYS joined the large crowd at the egg nog party and learned the attractive couple will be married April 10. Chuck attended Detroit University School, Texas Military Institute and the University of California. The bride-elect, who's a beauty according to the Princess, received her education at Smith.

NOMINATED FOR OBLIVION: Society woman who have a-l-1 the time in the world for reporters when they want publicity for charity events they're chairmanning but who go offly uppity when asked for news that make society pages readable!

BROOKS ATKINSON, in the New York Times, reviewing "The Member of the Wedding" in which Pointer JULIE HARRIS plays the feminine lead: "Miss Harris has genius for the stage."

 - And everywhere is ab-
- Dwight Chapman.

Frank Farrell in the New York World-Telegram & Sun: QUICK published a holiday list that featured items priced from a dime to a million dollars. Wouldn't you know that it would be a Texan who wrote to the editor inquiring where he might shop for the little number known as the Jonker diamond?

CBS's Garry Moore thinks he has a nifty five-year plan up his sleeve. Hopes to marry Rita Hayworth's Yasin when she's 5. "I know she won't be much of a wife at that age," Gary figures, "but, wow, what a mother-in-law I'll have!"

Hillbilly Dance Set for Tonight

The third in a series of Hillbilly Barn dances will take place this evening, Thursday, at 8:30 o'clock in the Detroit University School gymnasium. These dances are being sponsored by St. Anne's Guild of St. Michael's Chapel.

All Pointe square dance lovers are cordially invited to join the regular attenders in following the calls of Mr. and Mrs. Lee Brennan. Tickets for \$1.00 may be purchased at the door.

Among those who are planning to attend tonight's dance are Mr. and Mrs. Harry Finley, Mr. and Mrs. Albert Eyre, Mr. and Mrs. Harold Hardin, Dr. and Mrs. John Bakke, Mr. and Mrs. Robert Orr, Mr. and Mrs. Paul Rowe, Mr. and Mrs. William VanPelt, Dr. and Mrs. Fred Watts, Mr. and Mrs. Edwain Allen, Mr. and Mrs. Edsel Laughlin, Mr. and Mrs. John Blake, Mr. and Mrs. Whitney Collins, Mr. and Mrs. John Lindsay, Mr. and Mrs. David Crawford and Mr. and Mrs. Richard Dixon.

Saks to Show Resort Apparel

Saks Fifth Avenue will hold a fashion showing of resort wear and small furs in the Book Cadillac Casino at 1 o'clock on Friday afternoon. Fay Thomas, manager of the hotel, will be the host.

Jules Schubot, prominent jeweler, will present a number of his unusual creations which will be worn by the models.

Anthony's Ideas Curl Your Hair

Anthony is back from New York with a lot of new ideas that will curl your hair . . . in the very latest and smartest fashion. The popular proprietor of the popular coiffure salon in the Punch and Judy building has been making the rounds of the most elite spots in Gotham to find out just what is going on there as pertains to milady's hairdos.

Anthony reports on a full day spent at the fabulous establishment of Elizabeth Arden, where he was shown "the works" by Miss Edwards. He also put in a good deal of time with Wayne Forrester, who coifs the Duchess of Windsor, with Michael of the Waldorf, and with Marcell just over from Paris with a lot of new ideas.

Anthony says much stress is being laid on the new technique in hair cutting. The old stripping is out. It weakened the hair structure. The trick is more direct cutting, which leaves the hair shorter but with all its original body.

And the accent is definitely on short hair. Anthony says everyone who is smart, (chic not fresh), in New York, from debs to grandmothers, now goes in for the short coiffure.

REQUEST APPROVED
Meadow lane will have an extra street light as the result of many requests received from residents. One additional light was approved last month by the Farms council and the second additional one was given official approval on Jan. 16.

Pointer of Interest

MRS. FREDERICK W. FUGER OF McMILLAN ROAD

A Pointer who has looked the Gestapo squarely in the eye, who has ordered storm troopers out of her father's home in Poland, today presides over her McMillan road home with a dotting eye for her artist-architect husband and two beautiful little girls, Eva and Ricki.

She's Mrs. Frederick W. Fuger, the former Countess Ala Grabska, whose life today embraces nothing more dangerous than taking advanced English (which she doesn't need) at Grosse Pointe High School.

It was before the war, when she was Countess Grabska that this delightful person first visited the Pointe. She arrived at the home of her uncle and aunt, Count and Countess Alfred von Niezychowski, to say,

"I have come to learn about hotels. Will you help me get a job at the Statler?"

The Niezychowskis rocked on their heels; couldn't believe this fragile niece's words. There were international telephone calls exchanged with her parents, Count and Countess Grabska, who said, resignedly,

"Yes, our daughter is like American girls. She wants a career."

So, in the daytime through a friend of the Count's, the Countess of the Province of Poznan, sewed in the linen rooms and learned how to make "hotel beds," and in the evening she came to the Pointe home of her relatives to live the life of a debutante.

DETERMINATION

But thousands of miles from Poland, a young man they had never met decided along with the Grabskas that a career was not for their daughter, Ala. His decision took him to Embassies, the State Department, the countries all over Europe which weren't occupied by the Germans in 1939; finally to a German civil wedding ceremony to be followed by a secret Catholic service. If the Mounties' "trade mark" were to be reversed, we'd say Mr. Fuger was the originator of "Get Your Gal!"

With a share of her heart left behind in Grosse Pointe, Mrs. Fuger had returned to Poland to prepare for her wedding. It was to be a smashing one as befitted the daughter of a count. There would be carriages and horses with plumes and the service was to be held in the private chapel on the Grabska estate.

Here the Germans stepped in; threw the family out (even though the Count was in the diplomatic service of Poland), and it seemed the Countess Ala would never be able to leave Poland, that she wouldn't marry the Grosse Pointer. Once she stood

up to storm troopers who came to search her father's house. They were so surprised, they obeyed her command to leave!

She reckoned without the Grosse Pointer. He arrived in Berlin and in nothing flat had whisked his bride through two weddings (in the German civil service the Gestapo jeered, "Well, Countess, how does it feel to be Frau Fuger?"). In the second, performed by a little German priest, Mrs. Fuger will always remember that the priest used a Polish prayer book, spoke French and married them in English.

Her hobbies include essay writing and photography, but even with all the Phillips Oppenheim flavor of her young lifetime, we do believe Mrs. Fuger's greatest interest is in her children and husband and home.

Women put more stress on words than on deeds.

CHOCOLATE FUDGE BREAD PUDDING

Contributed by Deb Jazis Woodruff

- 2 c. stale bread cubes
 - 3 squares chocolate
 - 3 c. milk
 - 2 eggs
 - 1/2 c. sugar
 - 1/4 tsp. salt
 - 1 tsp. vanilla
 - 1/4 c. chopped nuts
- Put the milk and chocolate in top of double boiler and when chocolate is melted, whip with rotary beater. Add to the slightly beaten eggs, the salt, vanilla and sugar and combine with the chocolate mixture. Mix and pour over the bread cubes which have been placed in buttered baking dish. Let stand five minutes then beat again until the sugar is dissolved. Add the nuts. Set in pan of hot water and bake one hour in a 350 degree oven. Serve with foamy sauce.

FOAMY SAUCE

Beat 1/3 c. sugar into 2 slightly-beaten eggs. Mix with 1/2 c. whipped cream. Flavor with 1/2 tsp. vanilla.

Greiners Take Florida Home

Mr. and Mrs. Claude A. Greiner of Balfour road have taken the Boca Raton, Fla., home of the Richards Haynes for the season.

A series of houseguests will visit the Greiners in Boca Raton during the season. Mrs. Greiner's parents, Mr. and Mrs. Bernard J. Ver Hoven, will motor down for a visit and the Clinton Drysdale will spend a few weeks there in February.

Mrs. Schenck to Leave For Holiday in Barbados

Mrs. Joseph Schenck, who is the houseguest of her son and daughter-in-law, Mr. and Mrs. George E. Schenck of Lakeland avenue, will leave this weekend to spend several weeks in the Barbados.

Pointe Counter Points

This is the month when everyone starts figuring. The gentlemen get out income tax forms but the ladies' figuring is much more personal. JACOBSON'S have learned over the lovely years that Moddom, in January, turns to her own figure and invariably pays a call to their intimate apparel shop for a new foundation garment. So the shop is always ready with fashion news for January introduction. This year, JACOBSON'S introduce the Tru-Balance girdle which belies the diet-departure you may have made during the holidays. Slimming the hips is the specialty of this beauty girdle which has sides of Kabo net (stretches all ways) and tummy flattening material insets, front and back. Sort of spans the fanny right into the lines you'll need for Spring fashions. An ideal girdle, incidentally, for wear with suits (and the well-dressed gal has known for years and years that her suit girdle should be different than the one she wears with frocks . . . just ask Miss Loney at JACOBSON'S). There is the Enhance, by Lily of France, a flattener to the figger but a puffer-up to the ego of the wearer, it's that slimming; Donnel's high waisted girdle nips the waistline into Gay Nineties proportions. For the fuller figure JACOBSON'S have brought back a Formfit Bra, sort of a three-quarter affair that is wonderfully comfortable and has latex in the back for a marvelous anchored feeling. Most of these beauties come in tea rose or white.

Neighborhood Club Holds Annual Election of Officers, Directors.

The Neighborhood Club is electing a new slate of officers this morning as approved by the nominating committee. Mrs. Edward S. Evans, Jr., is the president for the coming year.

Other officers elected include: Mrs. Sidney T. Miller, Jr., first vice-president; Mrs. George Bethune Duffield, second vice-president; Miss Sarah Hendrie, third vice-president; Mrs. Edward Doyle, recording secretary; Mrs. Warren Sheldon, assistant recording secretary; Mrs. Allen Edwards, Sr., treasurer; Mrs. Henry T. Bodman, assistant treasurer;

Miss Mary Woodruff, corresponding secretary; Mrs. Andrew Hotchkiss, assistant corresponding secretary.

Re-elected to serve on the board are Mrs. Douglas Campbell, Mrs. Cyril Edwards, Mrs. Howard F. Smith, Jr. and Mrs. L. Rothe Farr.
