

# MEMORIAL DONATIONS NEEDED

## HEADLINES of the WEEK

As Compiled by the Grosse Pointe News

**Thursday, June 15**  
**THE UNITED STATES, Great Britain and Canada are planning to release more information to the public concerning atomic energy. The additional information will be made public as a result of the Russian atomic explosion last September.**

**WORKERS INVOLVED** in the recent Chrysler strike will receive pay cuts due to garnishments. Many of the factory workers were plunged into debt during the 100-day strike.

**A MYSTERIOUS HAZE** continued to cling around the Hawaiian Islands. Many people first believed the haze had some connection with the atomic bomb. Scientists have checked the haze for radioactivity and found none. They now believe the haze was caused from volcanic eruptions.

**RECOMMENDATIONS** to change the wholesale pricing of natural gas were placed before the Federal Power Commission by Engineering experts. Present pricing would cause the average Detroit 12 per cent extra on his gas bills.

**Saturday, June 17**  
**FBI AGENTS** arrested Alfred Dean Slack, 44, Syracuse, chemist, on charges of espionage. He was accused of planning to supply Russian agents with a powerful U. S. explosive, RDX.

**LEGISLATION** was signed today by President Truman, opening America up to 136,000 displaced persons. This will make the total number of DPs eligible for entry to the United States 341,000.

**ANOTHER AIRLINER** plunged into Persian Gulf today. At least 25 persons were killed. The plane, an Air France Skyraider, went down in nearly the same spot where another plane crashed two days ago. Sabotage is suspected.

**THE NEW YORK YANKEES**, last year champions of the baseball world, revealed a trade involving eight players and \$500,000. The Yanks hope to bolster their fading pitching power in this new deal with the Browns. The trade was made just before midnight, just under the wire for the close of trading for the season.

**Saturday, June 17**  
**HARRY BRIDGES**, head of the CIO Longshoremen's Union, lost his bid to United States citizenship today before Federal Judge George B. Harris, after he was convicted of perjury in his denial of being a communist. Deportation plans are now underway.

**THE CITY OF LOS ANGELES** has been paralyzed by a strike of AFL operators of the city's public transportation system. Over 1,000,000 riders were stranded in downtown Los Angeles by the strike.

**THE BASING-POINT** and price fixing bill was vetoed by President Harry Truman in his veto message that passage of the bill endangers the protection afforded the public by the anti-trust laws. The measure would have permitted manufacturers to absorb freight costs and sell at delivered prices.

**AN APPROPRIATION** was asked of Congress for \$1,000,000 by The Food and Drug Administration. The money would be used to enlarge the staff for a drive against "butterleggers" who are expected to launch a nationwide wave of phony butter sales next month. Federal taxes on oleomargarine end June 30, and the Food and Drug Administration is expecting that there will be many unscrupulous people seeking a quick profit.

**GOVERNOR WILLIAMS** is making an attempt to save Michigan telephone users \$80,000,000 a year. Williams called the impending increase "absolutely unwarranted." The governor's contention is based on the figures of the experts on the Michigan Public Service Commission.

**Sunday, June 18**

## Athletes Don Somber Attire for Graduation Celebration

This group of letter winners from Grosse Pointe High School gathered on Friday afternoon, June 16, the day after commencement exercises, to have a farewell party observing the end of their high school days. Left to right are DICK LOWERY, track, basketball and football; DICK SMITH, baseball and basketball; BOB HAFFER, baseball and basketball; BOB PETERSON (host at his Lincoln road home), tennis; DICK HIGGS, track; RONALD KNOWLES, football; and kneeling, JIM MARTIN, track.

## Detroit Ups Price Tag on Fire Fighting

**Notifies Pointes They Will Have to Pay Standby Charges After Oct. 1**

The Detroit Board of Fire Commissioners, with the approval of the Common Council, has addressed a letter to the five Grosse Pointe municipalities notifying them that the contracts now existing between Detroit and those municipalities for supplementary fire service will expire on October 1, 1950.

The communication also stipulates that if the Grosse Pointe municipalities desire a new contract for this emergency service it will have to include a standby charge which will be in addition to the usual charge of so much per hour per apparatus.

**Amended in 1947**  
In October 1947 the old contract was amended whereby there was a step-up in charges per hour for apparatus.

It has been standing since that time at \$100 per hour for the first hour of service for land apparatus with \$75 per hour for subsequent hours.

The charge for fireboat service

## Grosse Pointe High School Presents 234 Diplomas at 25th June Commencement

**Adele Huebner and Bayard Johnson Capture Top Honors And Will Have Names Engraved on Mothers' Club Trophies**

Grosse Pointe High School presented diplomas to its twenty-fifth June class in semi-annual commencement ceremonies last Thursday evening.

Members of honor were 10 of the 24 members of the first class of June, 1925. A special salute to these people was given by the 234 members of the Class of 1950, representing the first class were: Mrs. Frank Banach, Mrs. Harry E. Cornellus, Calvin Cutler, Mrs. Frederick Gillam, T. A. Hinz, Mrs. George S. Holme, Mrs. John Lapish, Kathleen Morrison, W. E. Renaud, and Mrs. Fred S. Wolf.

**Student Speakers**  
The twenty-fifth anniversary theme was developed by three student speakers. Agnes Banach, the daughter of Mrs. Banach, Kenneth Rice and John Chase surveyed the record of the high school in its first quarter century and indicated future directions.

Two other graduates who contributed to the program were Alice Schlaepfer, clarinetist, and her accompanist, Shirley Krueger.

**Honors Announced**  
Following the awarding of diplomas by John R. Barnes, superintendent of schools, an imposing array of honors and scholarships were announced by Walter R. Cleminson, principal.

The honor boy and the honor girl of the class were announced to be Bayard Johnson and Adele Huebner. Their names will be engraved upon the trophies provided by the Mothers' Club to maintain a special role of honor of the most outstanding boy and girl of each class.

**Outstanding Citizens**  
Under a revision of the citizenship award plan, five per cent of the graduates were cited as outstanding in citizenship. They are Mary Banach, John Chase, Howard Clarke, Mary Hodges, Bayard Johnson, Joan Massey,

## Building Hits Record Pace In Farms

**44 New Residences Valued at \$900,000 Started During Month of May**

Building hit an all-time high pace in Grosse Pointe Farms during the month of May, it is revealed in the monthly report of Murray Smith, building commissioner.

**44 New Homes**  
Mr. Smith's office issued permits in May for 44 new residences with a total value of \$900,000. Permits were also issued for 14 miscellaneous building jobs, such as alterations, with a total value of \$18,400.

Building permits issued in the Farms since the first of the year, with the first three months unsuitable for starting new construction, show a total of 147 for residences valued at \$2,732,000, three for business places valued at \$60,000, and 42 for miscellaneous jobs valued at \$61,800.

**Five Month Total**  
The five months total for all types of construction is 192 permits with a value of \$2,853,800.

**Rough Use Given Kids' New Toy**  
The Farms' old fire engine, which was replaced last year with a new pumper, has been moved to the municipal beach park as a plaything for the children. It had become so obsolete that no bids were received when it was advertised for sale.

The kids are having so much fun with their new toy that it is reported it is doubtful whether it will last out the season. With the official opening of the beach park on June 16, the youngsters started swarming over the engine, and are carrying away everything removable.

One official surmised that it won't be long before nothing is left but the frame and motor.  
**DRIVER HURT**  
Miss Mary Jane Clements, 13, of 451 Touraine suffered a back injury when she dived into the water at the Farms' Pier on June 15. She was taken to her home by Officer Lyford of the Farms police.

## Conversion to City Status Approved by Voters in Woods

**Charter Commission Elected; Electors Turn Thumbs Down on Bond Issue of \$13,000 for New Park Site**

Considering the importance of the issues involved in the special election in the Woods on Tuesday, June 19, a very light vote was polled. Only 1,224 ballots were cast out of a total registration of approximately 4,500.

The vote for incorporation as a city carried by 863 for to 361 against.

**Burgess Plan Beaten**  
The vote on the bond issue of \$13,000 to acquire a plot of ground in the southwest part of the village for a small playground and park was defeated by 639 to 534. This was the measure in which former Commissioner George M. Burgess was particularly interested.

The advisory ballot on the policy of assessing blankage street pavement resulted in: 623 No; 577 Yes.

**Charter Commission**  
The vote for the Nine Charter Commissioners was: Russell M. Harkness, 858; George A. Beauchamp, 575; Arnold L. Dissing, 569; George M. Burgess, 518; Waid H. McKnight, 486; Herbert M. Savage, 466; Harold O. Love, 433; Albert Beaver, 413 and Albert L. Eyre, 301.

## Mack Pave To Be Fixed

When the paving work was done on Mack avenue following the widening of that thoroughfare, there were several sections where the new pavement was laid below the old pavement which remained as a part of the widened street.

In the City's frontage on Mack this occurs between Rivard and Fisher and in the Farms extends on for practically the entire frontage on Mack. The result has been that the inequality in the level of the pavement has operated as sort of breakwater which has caused splashing and some water to flow back to the stores. There was no curb on the Grosse Pointe side of the avenue.

The County Road Commission has assured the Grosse Pointe complainants that when the Mack avenue pavement is completed they will come back and lay a new pavement conforming with the new level and the abutting Grosse Pointe properties will be additionally protected by a curb.

The present criticism comes largely from the impotence of the business forces to have this work hurried forward rather than wait until the whole pavement is completed. It is likely that a joint committee representing the City and Farms will confer with the Road Commissioners to have this new pavement hurried ahead of schedule.

**TANGLE ON MACK**  
Gerald Klapaczky, of 8648 Maxwell, Detroit, driving east on Mack on June 15, slowed his car down to permit another car to make a left hand turn onto Littlestone. Klapaczky's car was stuck in the rear by a car driven by Rudolph Palombi, 21550 Moross. Damage to both cars was estimated at \$150. Police issued tickets to both drivers.

**Rose Show and Folk Dances Attract 11,500 to Memorial**

Grosse Pointe's War Memorial Center had its biggest weekend on June 17 and 18 when the annual show of the Detroit Rose Society, and folk dances staged by the International Institute, attracted 11,500 persons to the beautiful property on Lake Shore road. Officials at the Center said 8,000 visited the Center on Sunday alone.

All three floors of the Italian Renaissance structure were filled with lovely roses being exhibited by hundreds of members of the rose society and amateur gardeners.

A source of particular satisfaction to the Center officials was the fact that roses from the Center's own memorial gardens carried off three first prizes and a medal. First prizes were won by the Center exhibits of Double

## Non-Givers Urged to Contribute

**Help of Every Resident Required to Insure Continuing Development of Center**

The first trickle of returns from the campaign being waged to raise funds for the Grosse Pointe War Memorial Center are starting to come in. More than 6,000 Pointe households which had made no previous contribution to the memorial were solicited by mail more than a week ago. The flood of responses which was anticipated has not yet materialized.

**Some Personal Contacts**  
At the same time that the officials of the memorial association are anxiously waiting for donations from those solicited by mail, a special committee is making personal contacts with another group of some 200 of the wealthier families of the Pointe who also had made no previous contributions. Practically no reports have been received from this group of workers.

At the beginning of this week less than \$3,000 had been received in new gifts. The money is badly needed to increase the endowment of the Center. It is now operating at a deficit and it is imperative that enough money be raised to add to the endowment fund to enable it to produce sufficient income annually to at least maintain the Center.

It is hoped the residents of the Pointe will contribute an amount which will not only meet the maintenance costs, but will allow further development of the beautiful lakefront property.

**All Urged to Give**  
All Pointers who have not participated in the creation of this memorial to those who served and died in World War II, are urged to make as large a contribution as possible now. Payments may be spread over a three year period if the donor so desires.

Additional gifts from those who have already given will of course be gratefully received, although no previous donors are being solicited in this campaign.

**Annual Donors Bear Brunt**  
The present deficit is being partially met by the donations of a small group of wealthy residents who have pledged themselves to donate \$500 each annually over a period of years. The remarkable progress made during the short period the Center has been open, gives the directors of the association hope that its increasing recognition as the patriotic cultural and social center of the community will lead every Pointe resident to participate in its maintenance and development.

**Coulter Elected M Alumni Head**

Glenn M. Coulter of Merriweather road was elected national president of the University of Michigan Alumni Association at a meeting in Ann Arbor on June 18.

At the same session it was announced that \$450,000 has already been subscribed to the Michigan Memorial Phoenix Project, the campaign just having been launched. A total of \$6,500,000 is being sought from Michigan alumni and certain corporations and foundations all over the country.

**P.T.A. Endorses Fluoridation**

The Kerby School P.T.A. has written a letter to the Farms Council expressing unanimous approval of the fluoridation of the water supply and urging the council to take action.

The communication has been filed along with a great deal of other material on the subject. A committee has been studying the fluorine question for the last several years.

It has hesitated to take official action until the State Department of Health will officially approve such a project.

**TO REPLACE TRAFFIC LIGHT**  
The traffic light at Fisher road and Grosse Pointe boulevard, recently damaged by boys who exploded home-made bombs in it, will be replaced by a single overhead type of light.

To write, well is to think well, to feel well, and to render well; it is to possess at once intellect, soul, and taste.—Buffon.

been won by both June and January graduates from ten different colleges and universities as well as from two other sources.

Highland Park Junior College named Joseph Henion as an alternate winner of a tuition scholarship.

Kenyon College awarded a \$200 scholarship to David Smith.

Naval Reserve Officers Training Corps scholarships covering tuition, books, and \$50 monthly went to Harry Esling, Brenton Fuger, and Buel Quirk of the January Class.

**Two Veterans in Class**

Two more veterans were included in the June Class: Charles and Joseph Penfocost, brothers who completed their work in connection with their service in

the armed forces. This plan has been followed by 246 boys who now hold diplomas from the high school.

Honor graduates last Thursday were: Robert Anslow, Mary Banach, Carolyn Bauer, John Chase, Glenn Coury, Joan Cunningham, David Donnelly, Harry Eason, Harry Esling, Barbara Gordon, Dana Hendrykowski, Joseph Henion, Marlene Hesse, Mary Hodges, Adele Huebner, Elenore Jackle, Bayard Johnson, Joyce Kanser, Carolyn Keith, Suzanne Kitson, Lois Kretschmar, Shirley Krueger, Nancy Logue, Richard Lowery, Evelyn Mann, Dan Manson, Sue Martin, Daniel Moroney, Anne Packey, Joy Perry, Betty Petch, David Pethick, Joseph Redfield, Joan Rexford, Kenneth Rice, Susan Riggs, Alan Robertson, Peter Roll, Elizabeth Scales, Alice Schlaepfer, Donald Schmitz, Frank Schneider, Armin Seilstad, Warner Settle, David Smith, Barbara Sonneman, Virginia Spurrier, Bruce Terris, William Whittingham, and Joan Wozniak.

The invocation and benediction were offered by the Reverend Albert L. Melvin. Commencement music was furnished by the high school band and by the girls' glee club. Following the exercises the Mothers' Club entertained the graduates and their guests at an informal reception.

**Farms Firemen Attend College in Ann Arbor**

Two members of the Farms Fire Department are attending the Michigan Fire College sessions being conducted by the University of Michigan in Ann Arbor on June 20, 21, 22 and 23.

Selected by Chief George Danbury to attend the college were Lieut. Philip Trombley and Fireman Frank Brown.

### Detroit Raises Price Tag

(Continued from Page 1)

was \$200 the first hour with \$150 for subsequent hours.

City Clerk Norbert Neff of the City recalls that the last time a Detroit fire boat was summoned to the Grosse Pointe water front was when the private home where the Little Club now stands burned more than 30 years ago.

**Whole New Feature**

The entirely new feature in the Detroit proposal is that there must be a standby charge in addition to the regular charges. This is computed at the rate of 3c on each \$1,000 of valuation of buildings and improvements as determined by the County equalized assessment valuation.

In the case of the City this charge was computed by Clerk Neff at \$378.95. In the Farms Clerk Furton estimated it to be between \$750 and \$900 annually.

What this would amount to in the Park, Shores and Woods is not yet figured, where Detroit's proposition has not come before the council bodies.

**Special Provision**

The Park has had special provision in its arrangement with the Detroit department whereby Detroit gave service without charge for fires occurring west of the middle line of Lakepointe, and the Park gave free service for the properties on Wayburn and Barrington lying in Detroit.

The proposal met with varying reception in the City and Farms where the latter felt that the many calls to which they respond from Detroit across Mack avenue and for which no charge is made should entitle that municipality to special consideration. In the City the general impression was that the standby charge amounting to less than \$400 a year was reasonable, in return for the assurance that all of the facilities of a great fire department were

waiting at their beck and call in any emergency.

**Will Hold Parleys**

The matter will be the subject of conference between the Pointe officials, and eventually with Detroit.

Grosse Pointe has until September 1 to make its answer. Detroit says that unless this demand is acceded to, the whole arrangement for supplementary fire service will be discontinued.

### Syracuse Alumni Elect Jack Burns President

At the recent annual meeting of the Syracuse Alumni Club of Detroit Jack Burns of 36 Colonial road, Grosse Pointe Shores, was elected president for the coming year. At 26 he is now the youngest Syracuse Alumni president in the country, having just been graduated from Syracuse this past January.

Mr. Burns will be responsible for the many activities of the Detroit Alumni Club which was founded fifty years ago and which at present numbers over 300 members. He replaces Dr. Ernest O. Fox of the Detroit Board of Education who served as president for the past five years.

**BLUE ANGELS COMING**

The Blue Angels are coming to town! This famous jet team will be one of the many outstanding features at the Public Open House and Air Show to be held at Grosse Ile on July 2, 1950 in observance of the Silver Anniversary of Naval Aviation in Michigan, according to Captain James P. Walker, Commanding Officer of Grosse Ile Naval Air Station.

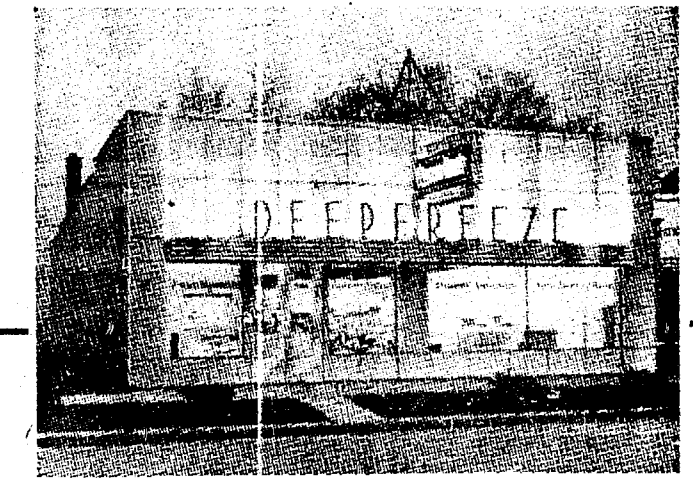

### Tenant's Dog Interferes With Landlady's Laundry

A housewife on Beaconsfield complained to the Park police on Thursday noon, June 15, that her neighbor and tenant had her dog tied to her, (the landlady's), wash line and the dog would not let her hang up her wash.

The dog's owner withdrew her too watchful pet and the domestic routine went on without further interruption.

James A. Jameson, 215 McMillan, was found guilty of speeding 38 miles per hour on Vernor Highway, May 21. The fine and costs were \$10.

Lloyd S. Cola, 25214 Gratiot, Roseville, pleaded guilty to a charge of driving at a speed greater than reasonable on Jefferson. He must attend two sessions of Traffic School. The case was dismissed.

George Richard Mackris, of 2532 Ashland, Detroit, was charged with reckless driving, resulting in an accident at 1152 Maryland on May 31. He pleaded not guilty. The case was dismissed.

Roy Clifford Broom, of 864 Lakepointe, was charged with reckless driving, resulting in an accident at Beaconsfield and St. Paul on May 22. His plea was not guilty to the charge. The case was dismissed.

Charles Gresehover, of 2629 Fairview, Detroit, was charged with reckless driving at 15206 Mack avenue, resulting in an accident on May 20. Gresehover's plea was not guilty. The case was dismissed.

Vincen P. McMahon, of 21713 McCormick, Detroit, was charged with reckless driving on Charles, west of Nottingham, resulting in an accident on June 10. The case was dismissed because of no witnesses.

# Kercheval Avenue Upkeep Studied

The notification from the County Road Commission that the City and Park must take over the maintenance of Kercheval, was up for long and serious consideration at the City Council meeting on June 19.

It will be discussed by the Park at their next council meeting with the likelihood that a joint committee of the two communities will soon thereafter go into serious session with the County Board.

The general consensus at the City council meeting was that inasmuch as Kercheval is an important feeder thoroughfare into the county's main highways to the north and east it would be unjust for the county to renege on its obligation to maintain this highway. In addition to this it is used as a right of way for buses and various public services.

There is fear, however, that if the County Road Commission insists on local maintenance there will be no alternative left.

# Talcott Heads PTA at Kerby

At its annual organizational meeting, the Board of Directors of the Kerby School Parent Teachers' Association elected R. H. Talcott, Jr. as its president.

Other officers elected were: William Swartz, vice-president; Anne Wallace, secretary; and Joseph Henry, treasurer. John Pingel and Mrs. Ross Wilkins, Jr. were appointed as co-chairmen of the program committee for the coming year. James Lee accepted the chairmanship of the publicity committee.

PTA meetings for next year will be held on the following dates: October 10; December 5; January 16; February 23; March 20; and May 8.

It was decided that the February meeting would be devoted to a Family Fun Night. Members of the board of directors for the ensuing year are: Richard Talcott, William Swartz, Miss Anne Wallace, Joseph Henry, John Pingel, Mrs. Gertrude Seddow, Mrs. Ross Wilkins and James Lee.

# Confesses Theft Of Two Trucks

The mystery of the stealing of a truck belonging to the Farms market on June 8 has been solved.

The St. Clair police reported the next day the truck had been found stuck in the mud on Eleven Mile road near the lake front. A colored man named Otis Sanford told that a young man borrowed his motor bike to get help and that was the last seen of the bike for several days when it showed up on the Farms parking lot in the rear of the NEWS office.

On June 15 the City police received a request from the Detroit police to pick up one Fred Pelkey of 656 St. Clair avenue who was wanted on suspicion of stealing a truck belonging to the C. and S. Landscape company. The truck had been found hidden in Torrey Woods.

Before turning the youth over to Detroit the City police did some interrogating on their own and got a confession from Pelkey that he was the party who had stolen the Farms truck a week earlier. He also confessed he had stolen the C. & S. truck.

The Detroit police say they intend to turn him over to the psychiatric department for a thorough mental examination.

The Pelkey boy has been a thorn in the side of the Pointe police since he was a very small boy and they generally agree that he needs treatment beyond ordinary punishment.

# Pays for Destroying High School Property

In open court on June 14, Donald Sarvis, 19, 904 Lakepointe, Grosse Pointe Park, was sentenced by Judge J. Burgess Book 3rd to a minimum of one year probation.

On the night of May 26, Sarvis and three other boys engaged in a beer drinking spree which wound up in malicious destruction of public property. Sarvis climbed the tower at Grosse Pointe High School and took the hands off the clock. While carrying out this juvenile vandalism, Sarvis was already on probation for taking part in a street fight which followed the Grosse Pointe-Highland Park basketball game last March 4.

Sarvis must make restitution of \$43, the cost of the repairs to the clock. Further terms of probation prohibit Sarvis from entering the High School grounds or any other school property in the Pointe. The judge also imposed a fine of \$25. The terms of probation are to continue until further notice from the court.

# Injured in Fall At Horse Show

Miss Josephine Rothman, 14, of 508 Linden road, Birmingham, fell from her horse while she was jumping in the Horse Show at the Grosse Pointe Hunt Club on June 15.

She was taken to Cottage hospital by Farms police. An examination revealed she suffered a mouth concussion, cuts and bruises. Miss Rothman was released from the hospital June 16.

# Back Verheyden On Alley Request

On June 26 a public hearing will be held before the Park Village Board of Commissions on the petition which Charles Verheyden, Inc., presented to Council on April 24, asking for the abandonment of the alley which bisects the Verheyden property from the Whittier boulevard. The petition also asks permission to set up parking facilities on Verheyden's Property behind the alley proposed to be abandoned.

The abandonment of the alley, which is not a thoroughfare, will automatically cause it to revert to the Verheyden property as he is the owner of the land on both sides.

The petition also claims that this provision will greatly improve the parking facilities thereabouts and the traffic situation on the streets.

All of the owners of the private property to which the alley runs, but not through, have signed their willingness for the abandonment of the alley, except the owner of one lot. This lot is not on the alley, nor is served by it.

# Two Injured In Park Crash

A bad accident occurred on June 15 at Devonshire and Charlevoix when Joel A. Lichtenstol, of 716 Hastings street, Pittsburgh, passed the stop sign and ran into a car going east on Charlevoix, driven by Charles Cherpes, of 22504 Francis street, St. Clair Shores.

A passenger in the Cherpes car, William R. Cummings, of 22509 Garfield, Detroit, suffered multiple fractured ribs and a fractured clavicle. Michael Nollet of Brys drive sustained lacerations and bruises.

Both were removed to Bon Secours hospital. Lichtenstol was fined \$35 after a hearing before Judge Joseph Belanger.

# Gate Wreckers Do School Favor

The gate to the Fisher road entrance of Grosse Pointe High School was dismantled from the posts supporting it, on June 15. The aspiring wrecking engineers then chained the gate to the rear of a car being driven by Mary Jean Stover, of 328 Touraine.

When the Farms police investigated the gate removal operation, the youths responsible had vanished.

According to Charles E. Saltzer, assistant principal at the High School, the boys unwittingly performed a service for the school. The gate was scheduled for removal by the school maintenance crew, because of its dilapidated condition. "If I knew who the responsible boys were," said Saltzer, "I would thank them for the service."

# Farms Improves Pier Facilities

Improvement work to the Farms pier thus far has totalled \$8,400. The work at the park has included new piles, repair of the catwalks, the erection of a boat hoist, repair of storm water drains, concrete slab work around the boat house, a new pier steel section and dredging of the boat harbor.

An estimated \$4,700 worth of work remains to be finished. Included in this figure will be new sanitary facilities for the convenience of the Farms residents.

# Pointers Get Diplomas At U. of D. High School

The church was decorated with cybodium fern and aisle candle-labra which was carried on into the chancel. There was a lovely all white arrangement on the altar consisting of white gladioli and peonies, surrounding the white kneeling bench.

The bride, who was given in marriage by her father, was gowned in white organdy, fashioned with fitted bodice, bertha collar, and long pointed sleeves. The train was from an extremely full skirt. Her finger tip veil was held in place by a softly braided halo, set off with pearls. To complete the effect she carried a cascade arrangement of white carnations with lemon foliage, puffs of maline and white streamers.

## Elizabeth Whelden Says Wedding Vows

Daughter of Mr. and Mrs. Gilbert Hart Whelden Becomes Mrs. George E. Bushnell, Jr., on Saturday in Grosse Pointe Memorial Church

The new Mr. and Mrs. George Edward Bushnell, Jr., are basking in the Northern Michigan breezes today, following their marriage at 3 o'clock Saturday afternoon in Grosse Pointe Memorial Church. Dr. Frank Pitt performed the ceremony uniting Elizabeth McLeod Whelden, daughter of Mr. and Mrs. Gilbert Hart Whelden of Lincoln road, and Mr. Bushnell, son of Justice George E. Bushnell and Mrs. Bushnell of Brighton, Mich.

Betsy's white satin bridal gown was distinguished by a water collar, standing about her shoulders in back to dip below a transparent net yoke delicately embroidered with tiny seed pearls. The dress was fashioned with a fitted bodice, long pointed sleeves edged in rosepointe lace, and a full skirt ending in a circular train.

The long illusion bridal veil fell from a cap of heirloom rosepointe lace which formed a tiny halo set forward on the bride's head. She carried a bouquet of white spray orchids, outlined with fleur d'amour and ivy.

Betsy's eight attendants were dressed alike in delphinium and organdy. The gowns were fashioned with water lily necklines of organdy embroidery following a bateau outline, short sleeves and short bouffant skirts. They wore small cloches of matching embroidered organdy. Their flowers, shaded tones of delphinium with a tiny bunch of blue-purple violas, were carried in old-fashioned bridesmaids' baskets of natural straw, with over-arm, broken-hooked handles.

Mary de Coningh of Shaker Heights, O., was maid of honor and Mrs. Peter Stewart was matron of honor. Bridesmaids included the bridegroom's sister, Polly Bushnell of Brighton, Mich.; Sara Ray of Winchester, Mass.; Roxane Whelden, the bride's cousin, of Norwich, Vt.; Nancy Wensinger, Patricia McKean, and Audrey Bushnell of Glendale, O.

Best man for George was Hastings S. Morse, Jr., of Botsford, Conn. Guests were seated by Betsy's brother, Gilbert H. Whelden, Jr.; John C. Emery, Jr.; Richard B. Gushie, John C. Walker of Winnetka, Ill.; Willard S. Smith of New York, N.Y.; Gordon A. DeBoard and William O. Underdown of Ann Arbor.

At the Country Club reception following the ceremony, Mrs. Whelden received guests

In a long dress of delphinium blue chiffon, its cowl neckline edged with matching lace. The same lace edged her marine cloche. She pinned a nosegay of violas to her handbag. The bridegroom's mother, Mrs. Bushnell, wore a gown of rose pink chiffon with a matching horsehair hat, and a deep purple orchid on her shoulder.

Betsy's going-away dress was knitted by her mother in navy linen. With it she wore a navy and white checked short topper and green accessories. She pinned her bridal orchids to her handbag.

After their return, the young people will move into a honeymooner's dream—a small farmhouse near Ann Arbor, where George is completing his final year in law school at the University of Michigan.

## Parties Honor Carolyn Taylor

These last few days before their Saturday wedding are busy ones for Carolyn Taylor and Ted Ewald, who will be feted right up until the time of the ceremony.

On Sunday, Mrs. Jewett Dwyer gave a cocktail party for Ted and Carolyn, and another one was given last night by the bridegroom-elect's sister, Mrs. Brewster Loud, Jr., at the home of her parents, Mr. and Mrs. Henry Ewald of Iroquois avenue. This evening Eleanor Buell will give the spinster dinner for Carolyn at her home on Vendome road, and Ernest Kratzert will be host at the bachelor dinner in the University Club.

The senior Ewalds will give the rehearsal dinner tomorrow evening at the Little Club, with most guests going on to Mary Stuart Macdonald's debut ball at the Country Club.

The H. Lynn Piersons, uncle and aunt of the bride-elect, have planned a luncheon for the day of the wedding in their Voltaire place home.

In a ceremony performed by her bridegroom's father, Lorone Ste. Claire Rickel was married in Grosse Pointe Memorial Church on Saturday to William Clan Porter, son of the Rev. and Mrs. Phil Porter of Dayton, O.

Dr. Frank Pitt assisted at the 4 o'clock rites. Lorone is the daughter of Mr. and Mrs. Armin Rickel of Edgemont Park.

Her gown, designed on Empire lines was of point d'aiguille lace over white satin, with a wide oval neckline, short sleeves and a small plume in back.

Lorone's long veil of heirloom rosepointe lace edged with satin and illusion bands, fell from a lace cap.

Maid of honor was the bride's sister, Gloria Rickel. Her gown was of champagne marquisette, with rows of shirring forming a cape collar and panels at the sides of the bouffant skirt. Her hat was a Gainsborough style, crownless, of shirred marquisette, tied with bronze velvet, with streamers reaching the hemline of the dress.

Her bouquet was of Peruvian lilies. Bridesmaids Margaret McKean, Gertrude Whelden, Elizabeth Prescott and Lydia Kerr wore peppermint green dresses styled like the honor maid's, and carried majestic daisies.

The Rev. Phil Porter, Jr., of Athens O., was his brother's best man. Ushering were Bentley Handwork and Leander McCormick-Goodhart, both of Toronto; Stanley Day, David Bogle, of the Pointe, and Robert Blum and John Huffman of Dayton, O.

The Rickels' garden, overlooking Lake St. Clair, was the scene of the wedding reception. Mrs. Rickel greeted guests in a floor-length gown of delphinium blue marquisette, with an applique of the lace on the skirt. She pinned pink gardenias to her handbag.

For her son's wedding, Mrs. Porter chose a dress of pink chiffon, with a cluster of green orchids in her hair and fastened to her purse. Before the newlyweds left for a two week's motor trip to Quebec, Lorone donned a powder blue sheer wool suit, a sand beige hat and ostrich accessories.

Exotic Geraniums

It sometimes takes a fashionable doing to make us appreciate beauty in the commonplace. Take, for instance, the glorification job done on the geranium by MRS. LESTER S. MOLL.

Sad Story

The weatherman added an unhappy footnote to one of last week's large out-of-the-Pointe debuts... by sending rain pouring down, he RUINED the fabulous taffeta table-coverings used for the party.

PILFERINGS

Herewith an excerpt from a recently unearthed and musty-smelling copy of "Gaskell's Compendium of Forms," vintage 1883, weight approximately 10 pounds:

ETIQUETTE OF THE CARD TABLE

Married ladies, pronounced spinsters (!) and elderly gentlemen are entitled to be first considered when making up your card tables, as the young have other entertainments which suit their stage of life better than Whist or Bezique.

"Intimate friends and members of the same family should not play as partners because, being acquainted with each other's mode of play, they have their opponents, who may be less accustomed players, or less craftily matched, at a great disadvantage."

"Heavy play is never in order in good society; social games should be indulged in for the amusement that results, but gambling is a device which cannot be defended."

"Out-door amusements, such as croquet, call for precisely the same courtesies as whist, chess or bezique, and the stress of city life makes such forms of pleasure for both sexes commendable."

Yours for more pleasant, philosophic games of bridge or canasta!

MRS. BERNARD F. STANBERY

—Picture by Fred Runnels

Next fall Grosse Pointe will be missing a woman who has earned the lasting gratitude of many parents and children in the community. She is Mrs. Bernard F. Stanbery, home teacher for the Grosse Pointe Board of Education.

Mrs. Stanbery, a gracious and charming person with a delightful sense of humor, is eminently suited to her chosen work.

As she explained it, Mrs. Stanbery was able to compress much learning into a little time by answering questions and discussing the work during the first part of the period.

As one mother of a little girl (kept at home for months recuperating from polio) put it, "Mrs. Stanbery not only kept my daughter's marks up to the point where she graduated top in her class, but she was a wonderful morale builder for us all."

Alphabet to Algebra

Such tributes are not unusual for Mrs. Stanbery, who, in the course of a semester, is called upon to teach subjects ranging from beginning reading to advanced algebra and trigonometry.

The services of the home teacher are provided free of charge to families in the community upon their physicians' recommendation.

The last semester, Mrs. Stanbery taught seven children at home. As she tells it, her schedule was something like this:

"I started out in the morning with a boy who was a junior in high school, studying history, advanced algebra, English and of all things—bookkeeping. I studied the last subject right along with him, and learned as much as he did."

"My next pupil was a little first grader, and there I taught beginning reading and all the funny things first graders do. From her I went to a fifth grade boy, whose subjects were English literature, social studies, science and arithmetic."

"Then I taught another first grader, an eighth grader and a sixth grader—it really kept me
