

## WOULD UNITE FIRE DEPARTMENTS

### Fourth of July Cheer Well Distributed Ahead of Time

A trailer-truck load of beer was delivered at Mack and Bedford road on the morning of June 28, but not exactly to the location where it was intended. The driver of the truck said he was confused by the signals of a woman driver ahead of him. He said she signaled for a left turn, then turned right instead as he started around her car. He slammed on the brakes and the trailer went out of control and wrapped itself around the tree at the corner. This is the result. The driver was not injured.

### HEADLINES

#### of the WEEK

As Compiled by the Grosse Pointe News

Thursday, June 29

**ALL COMBAT TROOPS** currently based in Japan have been alerted to go into action at a moment's notice if necessary to save South Korea from the communist hordes pouring in from the north. MacArthur is presently at an undisclosed location in Korea.

**BRITISH NAVAL FORCES** in the Far East are now at the disposal of the United States. The British fleet in waters of the Far East is reputedly double the strength of the United States naval force in the same area. Pravda, the Communist paper in Russia, charges the United States with "a direct act of aggression" because of our interference in Korean affairs.

**AS AN ADDED SECURITY** measure, the Sault St. Marie locks have been ordered closed to the public indefinitely. The order was received from the office of the Army district engineer of Detroit. During World War II, troops were stationed at the locks as a precaution against enemy aircraft.

**DR. HERMAN N. SANDER** received his first patient minutes after his medical license was restored to him. Sander was acquitted by a jury on the charge of performing a mercy killing on one of his patients. A five man board of the New Hampshire board of medical registration restored Sander's license.

Friday, June 30

**A UNITED STATES REQUEST** that Russia order its puppets of the North Korean government to call off their invasion of South Korea was rejected. However diplomats in Washington have little fear of a clash of the world powers because of the comparatively mild refusal statement of the Russian government.

**A FIVE-YEAR RETIREMENT PLAN** has been agreed upon by members of the UAW (CIO) and the Kaiser Frazer Corp. The plan provides for a maximum pension of \$125 a month for workers who are 65 and with 25 years of service with the company. Seniority rights of many of the workers have been carried over from defunct companies. This time will count toward retirement.

**A BILL DESIGNED** to slash excise taxes has been pushed through the House and will now go to the Senate. Approximately \$1,010,000,000 will be cut from excise taxes and levies on large corporations will be raised \$433,000,000. The nuisance tax, as the excise tax has been dubbed by many, will affect the purchase of furs, jewelry, movie tickets, and scores of other items.

**ROBERT BLUM**, United States economic chief in Indochina, was the target of an assassination plot by Communist terrorists who used bullets and bombs in an attempt on Blum's life. Blum was not injured by the communists but 10 Indochinese bystanders were.

Saturday, July 1

**THE FIRST AMERICAN GROUND TROOPS** were flown in from Japan to support the forces of Southern Korea. A collapse of Southern Korean forces forced the Americans to vacate their Suwon headquarters and a vital airfield. The United States Navy has been ordered to attack military targets in North Korea.

**JAMES TROTTER**, 32, of Miami, was swept to his death over the coastal area of Virginia. Trotter, a pilot himself, was a passenger on a chartered plane that was flying south from Newark, N. J. The door of the plane flew open and Trotter was pulled from the plane by the airstream of the plane's engines. The Coast Guard vainly searched the waters around the position where Trotter fell to his death.

**THE MICHIGAN UNEMPLOYMENT** Compensation Commission announced that employment in Michigan was at an all time high. The number of people currently employed in the state is 2,112,000. Muskegon is no longer listed as a "distressed area" by the Federal government. If un-

(Continued on Page 2)

### Park Closes Contract for Street Lights

Mack and Jefferson Avenues To Be Much Brighter After Installation

Grosse Pointe Park has closed its contract with the Detroit Edison company for the installation of the new lights on Mack avenue and Jefferson avenue.

The contract calls for the erection of 31 lights on Mack during August and 20 during September. Much Brighter Jefferson avenue will get 32 new lights in September and 23 in October. All of the new lights will be 15,000 lumens each.

The Park has decided to have all of the new lights of the greater candle power. This action was taken largely at the insistence of the business men along Mack avenue.

**Net Yet Sold** The Farms and City are not yet sold on the idea of using the larger lights on these thoroughfares. They hope to save some money on current and installation by using smaller lights.

### Open Car Door Invites Trouble

While driving west on Beaufort on June 28, Henry Allard, of 65 Muir road, struck the door of a car parked at the curb.

Joel Staley, of 3732 24th street, was just opening the door of his car when Allard was driving by. Damage to Allard's car was estimated at \$75 and to Staley's \$150.

### SPEEDER TICKETED

A ticket was issued to Harold B. Simester, of 1200 Ashland, Detroit, by Officer Allor of the City police. Simester was ticketed for speeding 45 miles per hour on Jefferson at 11 p.m. on June 26.

### Shores Installs New Traffic Lights on Lake Shore Road

Grosse Pointe Shores has installed modern signal lights at Lake Shore and Vernier roads. Heretofore this important traffic junction has been protected by only a blinker light, but the ever-mounting traffic on Lake Shore, plus the heavier traffic that has come on Vernier with the building of multiple living units and with the general development of the mile stretch on that highway between the lake front and Mack avenue has made this additional signal protection necessary.

The new lights at this point are both overhead and on the

### Widespread Effort Started To Get All Eligible Pointe Voters Properly Registered

League of Women Voters and Republican Groups Spearhead Campaign; Farms-Sending Out Special Notices to Residents

A widespread movement to get every eligible voter in the Pointe area on the official registration lists is being carried on under the leadership of the Grosse Pointe League of Women Voters, (non-partisan), and the Republican interests which are predominant in the Pointe.

The City of Grosse Pointe Farms is assisting with what it calls a "major registration program for the best interests of all."

#### Notices Mailed

On June 30 the Farms mailed a "Notice of Registration," and a "List of Polling Places" to all persons now registered in the city's registration books. Following this mailing the Farms will mail to each resident a notice entitled "Are You Registered?" This notice will call attention to the fact that if any person in the household who is eligible to register did not receive a new registration card, that person is definitely not registered.

#### Tells Dates

The notice will also provide dates available for registration, which are any day during regular hours, 8:30 a.m. to 4:30 p.m., and Saturday until 12 noon; also until 8 p.m. the following days: Tuesday, July 11; Friday, July 14; Friday, August 18; Monday, August 21, and Tuesday, August 22, which is the last day one can

#### CAR CATCHES FIRE

George Saad, of 912 Balfour, reported his car on fire at Devonshire and Jefferson on the morning of June 23. The fire was immediately extinguished by the Park firemen. Cause of the fire was traced to a sticking float in the carburetor. The damage was confined to the fuel pump, car wiring, carburetor and paint on the hood.

### Parked Car Hit By Woman Driver

A parked car was struck by a car driven by Mrs. J. F. Murphy, of 1393 Cedar, Birmingham, on the night of June 28, in front of 92 Muir road.

She was taken to Cottage hospital for treatment and was released to her husband a few hours later. The damaged parked car is owned by Wallace Hoggson, Jr., of 92 Muir.

#### TICKETED FOR SPEEDING

Mrs. Alfred Glancy, Jr., of 66 Renaud, was given a ticket on June 22, for speeding on Jefferson. She was driving 40 miles per hour on Jefferson between Neff and Fisher.

### Nab Youths Seen Looting Parked Car

Howard Semmler Chases Trio and Gets License Number For Park Police

Howard Semmler, of 715 Berkshire, was just pulling his car into his drive, at 11 p.m., on June 28, when he noticed two men prying hub caps off a car parked near his home. As soon as the men saw Semmler they jumped into a red convertible and sped away.

#### Gives Chase

Semmler chased them and managed to get the license number of the fleeing car. Park police traced the ownership of the car to Albert C. Pethke, 28, of 19327 Mitchell.

Pethke was apprehended at his home and confessed to stealing the hub caps from the parked car. The police also picked up Richard S. Bugnaski, 17, of 3208 Jacobs, Hamtramck, and Fred L. Grigg, 19, of 19222 Lamont, who were accomplices of Pethke when he was looting the car.

#### Fined in Court

Pethke and Bugnaski were arraigned before Judge C. Joseph Belanger on June 30 and were found guilty of the misdemeanor. They were fined \$30 and \$5 court costs. They were also ordered to make restitution of \$18 each. Grigg is presently free on bond, released to the custody of his father. He was to appear in court on July 5.

### Barrington Road Parking Limited

At the meeting of the Park Council on June 26 it was decided to permit parking for two hours on the west side of Barrington and prohibit it entirely on the west side.

This action was taken following a petition of residents in the area immediately south of Jefferson, who alleged that parking on both sides made an unnecessary hazard to children in the neighborhood.

The parking problem on the streets from Wayburn to Nottingham inclusive from Jefferson to Mack where many two-family residences exist, was also considered at length but no immediate action was taken.

It is quite probable that before winter comes all parking on these streets will be prohibited between the hours of 2 a.m. and 5 a.m. The practice of so many families of leaving their cars on the streets all night in this area constitutes a serious handicap to street cleaning and especially to snow removal during the winter months.

### Building in Shores Hitting Fast Pace Despite Deterrents

Failure of State to Approve Sewer Plans and Insistence of Officials on 100 Foot Lots Are Handicaps

Building activities in Grosse Pointe Shores had a notable pickup this spring and early summer. The permits issued during May and June have been more than those for the entire previous fiscal year.

#### State Slow to Act

As was published in the NEWS a few weeks ago, on the authority of the local building department, a great advance in building operations in this one-mile-square municipality at the northeast corner of the Pointe, only awaits the approval by the state authorities at Lansing of the sewer system plan which has been submitted by the village.

It has been rumored in some quarters that another deterrent against a big building boom is the disposition of the local planning commission to insist on 100 foot front lots not only on the lakeshore frontage but on the intersecting properties as well.

#### Realtors' Viewpoint

The Shores authorities are naturally concerned with keeping the village as a most desirable site for the finer type of private residences which it has been for many years, while realtors whose face is closer to practical sides of the picture claim that it will be increasingly difficult to adhere to the old standards of fine home construction in the face of advancing building costs and the diminishing number of home builders who are able to build this type of homes.

### Pointe Ignoring Memorial Drive

The drive recently started to build up the endowment fund of the Memorial Center by letter solicitation is meeting with discouraging results.

The week before last the total contributions received by this method amounted to only about \$4,085. The results of the second week are not definitely known but it was believed on Monday would not total more than about \$500 additional.

Alger Sheldon, the president of the Memorial Association, was out of the city and not expected to return until after the Fourth and authoritative information on the results of the drive was not available.

The opinion was expressed by some in close touch with the current solicitation that it might be necessary to abandon the letter appeal and return to personal solicitation and direct canvassing.

No report was available on the results of the work of the special gifts committee, but the general letter appeal has thus far proved most discouraging.

#### NEW HOME DAMAGED

Ernest G. Moeller, of 891 Washington, informed the City police that some vandals had damaged a house he is constructing on Fisher, on June 26. Included in the property damage were broken windows and 500 feet of insulation ruined. Neighbors living near the new house reported seeing three young boys enter the building.

#### BITTEN BY STRAY DOG

Mrs. B. H. Werner, 125 1/2 Beaconsfield, reported to Park police that her daughter had been bitten by a stray dog on June 26. The police located the dog and it has been impounded.

### Pointes Seek Solution to Old Problem

Municipalities Form Committee to Study Garbage and Rubbish Disposal

Grosse Pointe is making ready to handle its garbage and rubbish disposal problem as a singly-controlled municipal function. The old method which has prevailed from the beginning of each one of the five Pointe municipalities attending to this function in its own way and manner has been very costly and inefficient.

In some instances certain municipalities have hauled their garbage as much as 100 miles for a round trip single load.

#### Form Committee

Within the last two weeks a committee composed of representatives from each of the Pointes was formed and at the first meeting it was decided that the first step must be a scientific study of the problem from an engineering standpoint.

To meet the expenses of such a survey, which will cost considerable money, it was decided to ask the councils of each of their respective communities to authorize an appropriation for their share of the expense. It was estimated this cost would be approximately 2 1/2 cents per capita of their populations, or about \$1,000.

#### Authority Planned

Following the adoption of a final plan agreed upon for garbage disposal the next step will be to set up a "garbage" authority which will be legally empowered to handle the work for all the communities, the same as if done by a single municipality.

What the bulk cost to all of Grosse Pointe will be cannot be estimated until the final plan is decided.

All informed local officials are convinced however it will be much less than the present piecemeal method that has been used so long.

### Two Cars Crash At Park Corner

An accident occurred at Barrington and Jefferson on July 1, when a car driven by John Cosgrove, of Komoko, Ind., ran into another car being driven by James A. Collins, of 6084 Stanton. Both cars were traveling east on Jefferson.

Collins attempted to pass Cosgrove on the right hand side. Cosgrove was preparing to make a right hand turn onto Barrington. Both drivers were ticketed by police and must appear in court July 19. The car being driven by Cosgrove is owned by A. H. Touscany, of 1060 Berkshire.

### Thirsty Onlookers Watch As Beer Pours Over Street

Many residents of Mt. Clemens undoubtedly had parched throats the evening of June 28. A large truck, carrying a full load of beer destined for distribution in the Mt. Clemens area, failed to arrive as scheduled. The truck, driven by Richard J. Charbeneau, of 130 South Wilson, Mt. Clemens, tipped over at Mack and Bedford and foaming beer poured into the street. The accident occurred shortly before noon on June 28.

Charbeneau told police he was driving behind Florence G. Mumme, of 4165 Springle, who sig-

### Blessed Urges Formation of One District

City Safety Commissioner Proposes Greater Efficiency With Less Equipment

A plan for a unified Fire District to provide protection for all five of the Pointes has been suggested by Clarence D. Blessed, Safety Commissioner of the City of Grosse Pointe. Details of the possible operation of such a unified method of protection, are explained in the following letter.

Mr. Robert Edgar, The Grosse Pointe News, 99 Kercheval Avenue, Grosse Pointe Farms 30 Michigan Because of your interest in my remarks about the opportunity now present for the establishment of a Fire Department District in the Pointes, I should like to further explain the possible operation.

#### Fewer Fire Risks

At present the area and the population of the five Grosse Pointes is less than the area serviced by a Fire Department Battalion in the City of Detroit. The area of the Pointes contains less fire risks because of the smaller number of garages, filling stations and manufacturing establishments. There are only a few apartment houses, and those are mostly confined to a concentrated area on the West. A large portion of our houses are located upon lots with more space separation than most residential areas of Detroit.

At the present three of the communities maintain a separate Fire Department organization. The personnel of each department is excellent and deserving of high commendation from the citizens. The equipment has been selected with the protection of just that community as its objective.

#### Wouldn't Need Detroit

However, in the face of constantly increasing costs, it is my opinion that a study of a District plan for Fire Department protection would result in greater protection through added working personnel and the selection of equipment which would serve any type of hazard without the need for assistance from the City of Detroit.

For example, at present the Pointe has three Fire Chiefs. The District plan would require but one. Thus two men would be assigned to the manning of equipment. At present we have a total of fourteen serving in junior positions of authority. The District plan would require eleven, made up of three assistant chiefs, four captains and four lieutenants. At present the Pointes maintain five buildings, or portions of buildings, for its Fire Departments. The District plan would require but two locations. At present the five Pointes maintain thirteen pieces of equipment. Under the District plan, seven pieces of equipment, properly selected, would offer better and more efficient protection.

#### Would Raise Chief

The responsibilities of the Chief of such a District would warrant a substantial increase in compensation over the ability to pay of any one of the Pointes. The added compensation should produce the most efficient man within the departments at present, and offer an inducement in the future for the competitive training for the job by younger men. The same would be true of the positions of assistant chief, captain and lieutenant.

Should the personnel requirements of the District Department be less than the present number of men, then, under the pension plans now in operation, it would not be necessary to sever the connection of any firemen. Replacements of pension personnel would not be made until the desired number had been reached.

#### All Would Have Voice

Such a plan permits each of the Pointes to have a voice in the administration of the District Fire Department. A fire Commission would be created, with membership made up of one commissioner from each of the Pointes. The method of selection would be determined by the individual Pointe, and for such term of office as would be acceptable to that community. This type of administration should attract men of experience and real interest. Their interest would be the most

(Continued on Page 2)

# Headlines of the Week

(Continued from Page 1)  
employment exceeds 12% in a given community, it is then listed as a distressed area.

**THE GREATEST TRAVEL** movement in Michigan history is now underway. Over 2,000,000 automobiles are now travelling over the states arterial highways. Airlines, trains and busses were jammed to capacity loads. The holiday exodus in Michigan is now underway. The National Safety Council predicted that 385 persons will die in traffic throughout the country between 6 p.m. Friday and midnight Tuesday.

**Sunday, July 2**  
**AMERICAN TROOPS** are being rushed to the front in trains and truck convoys in an effort to support the Han River defense line in Southern Korea. The Suwon airfield, strategic military objective, has been fortified with the addition of American infantry men to that immediate area.

**ALL ALASKAN MILITARY** POSTS and airfields have been alerted in an effort to repel any possible surprise attack. All troops are now equipped with steel helmets, rifles, pistols and gas masks. Lt. Gen. Nathan Twining, commander in chief of the Alaskan command, is anxiously awaiting the arrival of tanks from the United States. Tanks are a potent weapon that can be used in anti-airborne operations.

**A RECORD PRODUCTION** in the output of automobiles was reported by the Ford Motor Co. and Chevrolet Motor Division of General Motors. The all time production record for a single automobile company was claimed by Chevrolet General Manager T. H. Keating. A new peak for a single day was set June 29, with 9,440 units assembled.

**MICHIGAN CONGRESSMEN** were split in their decision on whether or not they would vote for war if Russian troops should aid the communists in North Korea. The question of an intended vote for or against war

should Russian troops actively be engaged in the current conflict in Korea, was asked of 11 members of the state's 16 man congressional delegation.

**Monday, July 3**  
**AMERICAN INFANTRYMEN** have been rushed to the Korean front in an effort to repel a threatened communist breakthrough. The present situation has been termed "serious". The American combat troops are expected to go into action on July 4, the celebration of Independence Day.

**THE CHINESE NATIONAL** GOVERNMENT has volunteered to dispatch 33,000 troops from Formosa to aid the allied forces now fighting in Southern Korea. The American Government rejected the offer of additional fighting men. The Chinese authorities were told to look to their own defenses on Formosa first. Plans are being made for a consultation between General MacArthur and Generalissimo Chiang Kai Shek.

**THE NATIONAL death figure** has jumped to 272 thus far over the holiday period. Michigan recorded 21 fatalities as a result of 17 deaths from traffic and 4 persons having been drowned. A two car collision near Saginaw accounted for four of the traffic deaths. The figure of 385 deaths as predicted by the National Safety Council may be borne out before Tuesday midnight.

**THE WEEK OLD STRIKE** by the Switchmen's Union (AFL) against five Western railroads has been eased up somewhat by the union's proposal to move "essential materials." A government appeal to end the strike has been rejected by the union. Railroad authorities claim the offer by the union to move essential materials is highly impractical. The railroads contend that it is impossible to run only "half a railroad."

**Tuesday, July 4**  
**THE SOURCE** of information for Detroit Bookies still remains a shrouded mystery. A Commerce sub-committee investigating bookies on a national scale, believes that racing information in the Detroit area is coming in from a wire service from Windsor. Chicago has been listed as the center for racing wire service in the United States.

**ACCORDING TO A BOARD** of Commerce report, Detroit factory workers are the highest paid in the nation. Although Pittsburgh ranks higher than Detroit in factory size, the annual worker's wages in Detroit factories are the highest. Both New York and Los Angeles have a larger percentage of small plants than Detroit.

**IF PLANS** had gone off according to schedule, the Boys' Vocational School at Lansing would have been blown up today. Two boys, William Wall and Richard Gifford, broke out of the home and planned to blow it up on Independence Day. The boys gathered the dynamite sticks, fuses and caps for their planned celebration. Warren Township police arrested the boys and foiled their plans.

**NORTH KOREAN PLANES** have been strafing American troops with rockets. The first casualties inflicted on American troops came as a result of the rocket equipped planes. A clash between Communist and U. S. ground troops is expected on the plains south of Seoul. A pincers movement by the North Koreans has seriously imperiled the important air base at Suwon.

**NATIONAL GUARD** divisions may be ordered from summer maneuvers to active duty training. This situation may come about if MacArthur is forced to send Divisions presently in Japan to aid the fighting in Korea. If this happens, fighting groups in this country would have to be sent to Japan as replacements and National Guard Units would have to replace those troops in this country.

# Fire District

(Continued from Page 1)  
efficient fire protection of the Pointes.

The recent change in the Police radio and its present successful operation should warrant the thoughtful consideration of a Fire District plan on the part of all of the citizens of the Pointes. If a sincere study of the plan substantiates its possible efficiency, then the details of apportionment of costs, and the locations of fire houses became but details in the over-all plan for making it effective.

Sincerely,  
Clarence D. Blessed,  
Safety Commissioner

**Combined Departments**  
Mr. Blessed's reference to the three Pointe fire departments has to do with the fact that the Woods and Shores have combination fire and police departments, with the men serving as firemen and policemen. The chiefs of police head the combined departments.

The statement that under this one district plan the need for help from Detroit would be eliminated, refers to the recent ultimatum of Detroit which becomes effective with the expiration of contracts now existing between the Pointes and Detroit.

**Added Charge**  
After October 1, if any of the Pointes wish the assurance that Detroit fire equipment will be available in case of a major fire, they will have to sign a contract agreeing to pay substantial fees annually for the assurance of this standby service. In the event such help was needed, the per hour charges for equipment used would also have to be paid in addition to the standby service annual fee.

# Civilian Defense Being Organized

All of the Grosse Pointe municipalities received a letter from Governor Williams on June 28 asking them to name a local director of civilian defense.

Presumably the Grosse Pointe chief executives have already taken action in accordance with the Governor's request. There is to be a meeting of this group from throughout the state at Lansing today, where they will be instructed in the line of their duties by the State Civilian Defense authorities.

# Youngblood Files For Congress

Harold F. Youngblood, Congressman from the 14th District during 1947 and 1948 filed petitions Friday afternoon to secure the nomination for United States representative in Congress, on the Republican ticket, at the Primary Election September 14. Youngblood, his wife, and children live at 480 Lakewood avenue, Detroit.

# 33rd Division Veterans Planning Two Events

Detroit will be the scene of two events that will be of great interest to all 1,500 men who served with the "Gold Cross Division" from the state of Michigan.

On Friday, July 14 at 8:30 p.m., a meeting will be held at the New Veterans' Memorial building on West Jefferson near Woodward.

A picnic will be held Sunday, July 16, at Edgewater Park.

**LOSES WALLET**  
William Sharpe, of 155 Muir, reported the loss of a brown leather wallet to Farms police on June 28. The billfold contained \$40 and Sharpe's identification credentials.

**FREE 3-DAY TRIAL!**

# KELVINATOR AIR DRIER

PROTECTS FROM ROT, MILDEW, RUST!

Just plug in the amazing new Kelvinator Air Drier in your home or business place! See how it removes gallons of water from damp air! See how it checks dripping pipes, clammy cellars, steamy laundry rooms! Prevents mildewed carpets, warped woodwork, rusted tools, spoiled clothes and luggage! It's quiet, foolproof, compact, portable. Costs little. Saves money, time and trouble. See us for details on FREE TRIAL OFFER.

# Meet Your Michigan

**JANUARY IN JUNE:**  
THE ROUGH DEPTHS OF THE OLD PEWABIC IRON MINE: NEAR IRON MOUNTAIN IN MICHIGAN'S VAST UPPER PENINSULA, ARE BLANKETED WITH SNOW THE YEAR 'ROUND. APPROPRIATELY NAMED THE 'DEVIL'S ICE BOX,' ITS SUMMER TEMPERATURE REMAINS CONSISTENTLY BELOW FREEZING.

**DO YOU KNOW?**  
YOUR STATE IS AMONG THE NATION'S FIVE LEADING PRODUCERS OF COMMERCIAL APPLES. IN 1949, A RECORD PRODUCTION OF MORE THAN 11 MILLION BUSHELS OF JONATHAN'S DELICIOUS, NORTHERN SPIES AND OTHER VARIETIES BROUGHT MICHIGAN FRUIT-GROWERS NEARLY 105-MILLION DOLLARS.

**SAHARA HOT RODS!**  
ZOOMING OVER GIANT SAND DUNES ALONG MICHIGAN'S SEAK WEST COAST IS THRILLING PASTIME FOR COUNTLESS VACATIONERS. 'DUNE SHOOTERS' THAT ARE POWERFUL, STRIPPED-DOWN V-8S ARE EQUIPPED WITH TEN OVER-SIZE WHEELS AND TRAVERSE THESE DESERT-LIKE AREAS WITH EASE.

**WORLD'S LONGEST INTERNATIONAL SUSPENSION BRIDGE** IS THE AMBASSADOR BRIDGE IN DETROIT. FIFTH LONGEST OF ITS TYPE IN THE NATION, ITS RIVER SPAN MEASURES 1850 FEET AND TOWERS 152 FEET ABOVE THE WORLD'S BUSIEST INLAND WATERWAY. COMPLETED IN 1929, IT COST \$16,821,000.

MICHIGAN FEATURE SERIES prepared by the MICHIGAN TOURIST COUNCIL... No. 25

# Children Invited To Church School

The Congregational Church, Chalfente at Lothrop, invites all the children of the neighborhood to attend the daily Vacation Church School.

The school opens July 10 and continues through July 21, 9:30 to 12:30 a. m. Any boy or girl, ages 4 to 11, or from Kindergarten through 6th grade will be welcomed.

The program consists of Bible stories, games, songs, worship and activities. The final session will be an evening program for the parents on July 21 at 7:30 p. m.

Mrs. Alton Huntington, director, will be assisted by Mrs. Dell Wilson, registrar and pianist, and Mrs. Harry Ellis, organist. The Kindergarten head, Mrs. Joseph Dingman, will be assisted by Mrs. Gene Culp, Mrs. Kark Schaltenbrand and Peggy Ewing. The Primary head, Mrs. Robert Choate, will be assisted by Mrs. William Hulsmit, Mrs. Lyle Hudson, and Ann Lampman. The Junior Department head, Mrs. Jerome Friesma, will be assisted by Mrs. Harold Beattie and Lyn Huntington.

The registration fee will be \$1 per child and any child may register with Mrs. Dell Wilson, TU. 2-5422 or at the church on July 10 at 9:30 a. m.

# WATCH FOR VANDALS

Harry C. Smith, Jr., of 1135 Fairholm, reported to the Farms police on June 27 that boys have been throwing mud and debris into the basement of a new home he is building on McMillan. The police are keeping a watchful eye on the home and will prevent any such actions in the future.

# Zeder Elected Scout Executive

Fred M. Zeder, of East Jefferson avenue, Grosse Pointe, vice-chairman of the Board of Chrysler Corporation and in charge of the famous Chrysler Engineering laboratories, was elected to membership on the National Council Executive Board, Boy Scouts of America, at the National Council's Annual Meeting in Philadelphia last week.

The Council's annual meeting was held just prior to the opening of America's Second National Jamboree at Valley Forge, Pennsylvania, in which 47,000 Scouts and Leaders participated—including 600 local delegates from this area.

Mr. Zeder served as president of the Detroit Area Scout Council during 1942 and 1943; when he had to resign from active Scout leadership because of war production schedules. Since that time he has been a member of the Seventh Scout Regional Committee comprising the four states of Michigan, Indiana, Wisconsin, and Illinois.

The local Scout Council, a Red Feather Agency of the United Foundation, has always had representation on the National Council on a Scout-membership basis, but Zeder is the first prominent industrialist in some years to be elected to the Executive Board.

# William Webster Taken by Death

William Webster of 2126 Hampton road died of a heart attack on Thursday, June 29.

Mr. Webster was born in Scotland 58 years ago. He was a resident of Grosse Pointe Woods for the past 25 years, and was Superintendent of the Woods Water Department for the past 12 years.

He is survived by his wife Mary, and four children, Helen, Jane, William J. and Anne.

Services were held at the Roy J. Kaul Funeral Home of St. Clair Shores Monday at 1:30 p.m. Burial was at White Chapel cemetery.

A conscience doesn't keep you from doing anything; it just keeps you from enjoying it.

# Memorial Center Schedule

For Period Thursday, July 6 Through Thursday, July 13  
Friday, July 7—Young Adult Informal Evening (for all Grosse

**TONY'S GAS STOLEN**  
Tony Koinis, proprietor of a restaurant in Grosse Pointe Park, told police that someone had siphoned the gasoline out of his car while it was parked behind his place of business on the night of June 26. The gasoline tank was nearly full and when Koinis was preparing to leave for home, the car refused to start. He checked the gas gauge and learned of the theft.

**SPEEDER TICKETED**  
Robert E. Peltier, of 21800 Kingsville, was given a ticket by City police for speeding 46 miles per hour on Kercheval on July 1.

**Thank You...**  
To serve—that is the purpose of our existence. It is the purpose and aim of this Bank. It must be the purpose and aim of any bank.  
To guide the daily flow of cash, checks and credit into the public's business operations and everyday living needs—that sums up, in brief, the functions of a bank.  
To earn money by its services—that, too, is a bank's responsibility to its customers, to its employees, to the public, to its stockholders. Any business enterprise, whether it be a small shop, a bank or a giant corporation, be it engaged in the sale of services or goods, must earn its way. Thus, and only thus, can it continue to serve its purpose and broaden its usefulness to the public.  
Our current Statement of Condition adds another chapter to the story of the City Bank's stewardship. Our services are being utilized by an ever-widening circle of customers. While their deposits have continued to increase, so, too, has your Bank been privileged to assist in carrying out the sound plans and needs of industry and business, of institutions and associations, of individuals and of families. During the sixteen months of its existence, this Bank has made more than 10,000 loans totaling more than \$50,000,000.00 which have ranged from a few dollars to many hundreds of thousands of dollars.  
In rendering these and other services, your Bank's earnings on Invested Capital, during the last nine months, have exceeded the average 1949 rate of return of the Nation's 14,000 banks.  
We do not measure our progress, however, solely by the yardstick of growth and earnings. Rather do we look to the scope and quality of our services. Therefore, we offer our services to all, whatever their banking needs may be—large or small, business or personal.  
This is our conception of banking. This is our conception of serving the public and the community. This describes our aim. The support which this Bank has received is enabling us to pursue that aim unceasingly. For this support, we thank you.

**REPORT OF CONDITION OF CITY BANK AS OF JUNE 30, 1950**

### Five Cars Pile Up in Crash On East Jefferson at Bedford

A five-car accident occurred the afternoon of July 2 on Jefferson at Bedford. A car driven by Catherine C. Herman, of 1167 Whittier, was preparing to turn left off Jefferson onto Bedford. Leslie Aubuchon, a navy man, stationed at Lambert Field, Mo., was driving behind the Herman car and skidded into it.

Aubuchon's car was then hit in the rear by one driven by Max Jerome Plante, of 300 Fiske, Detroit. Plante's car glanced off the car ahead and then struck a car coming from the opposite direction. The car going east on Jefferson was driven by Jeanne Smith, of 1628 Severn, who proceeded to bump into the car ahead of her.

### Driver Blinded By Headlights

Late in the evening of June 29, Roy T. Baker, Jr., of 17211 Sherwood, was driving east on Ridge. When Baker reached Kerby he turned his car north on that street.

The headlights of another car coming in the opposite direction temporarily blinded Baker and he lost control of his car. His automobile struck a telephone pole. Baker was not injured and the pole was not damaged.

**PARK INVESTS**  
The Park Council at the meeting on June 26 passed a resolution authorizing the Finance Committee to invest \$75,000 of the City's funds not immediately needed, in short term U. S. Certificates of Indebtedness. They bear 1 1/4 percent interest.

### Molesters Caught In Act by Police

A maid employed by Walter Schweikart, of 15700 Windmill Pointe drive, was accosted by three hoodlums, as she was walking south on Berkshire, on June 25.

Fronnie Castleberry, 35, was walking toward her place of employment when a car carrying the three nefarious youths pulled along side of her. The boys were hurling obscene remarks at the woman when a Park police car arrived upon the scene.

Kenneth Chandler, 22, of 679 Manistique, William D. Yarnell, 23, of 896, Algonquin, and Boyd B. Ellis, 23, of the Algonquin address, were booked on a charge of disorderly conduct. They were arraigned before Judge C. Joseph Belanger on June 26, and were ordered to pay a fine of \$50 or serve 30 days in the county jail. They paid the fine.

The three men were all second offenders on disorderly conduct charges.

### Police Impound Car of Speeder

Robert Langlois, 18, of 113 Beyne, Mt. Clemens, was arrested by Park police for reckless driving at 1 a. m. on June 24.

Officers Dilloway and Crandall were cruising east on Mack when Langlois' car went zooming by. The police immediately took up the chase and clocked the speeding car at 60 miles per hour.

Word of the speeder was radioed to the City. Park police overhauled the aspiring "Barney Oldfield" at Mack and Warren. Langlois was removed to the police station. Two passengers in the speedster's car, George Pingel, 21, of 213 Court, Mt. Clemens, and a Robert Clark, address unknown, were told to go home and stay out of the Pointe area.

Langlois' exploits as a dangerous driver were curtailed by the police. His car was impounded and he spent the rest of the night in jail. He has been ordered to appear in court.

### Magnet Removes Steel From Eye

C. W. Dietz, of 900 Nottingham, called the Park police at 1:30 a. m. on June after a tiny piece of steel had lodged in his eye and he awoke in great pain.

The steel so inflamed his eye that it was impossible for him to drive himself to the hospital. A police car took Mr. Dietz to Bon Secours hospital where a doctor removed the steel sliver with a magnet.

### Police in Shores Set for Speeders

The Shores police department has recently added to its equipment a new Ford Scout car with special power and equipment.

Undoubtedly the police had in mind when they purchased this new equipment the frequent hot rod artists who pick out the attractive speedway on the lake front.

### New Prexy of Rotary Club

EARL HOLZBAUGH, right, receives the congratulations of PIN'TAN HENK as he assumes the presidency of the Grosse Pointe branch of the international service organization for the coming year. Mr. Holzbaugh's tenure of the office started on July 1.

### Magazine Lauds Safety Program

How Detroit has cut accidents caused by drunken driving is the subject of an interesting article in the July 5 issue of the Saturday Evening Post.

Entitled "Don't Get Drunk in Detroit" the article is written by Post writer Sidney Shalet, who asserts that drunken driving is one of the most reprehensible of all driving practices because the drunken, or drinking, driver is such an accident risk.

Detroit's hard-hitting program, "Drunk Drivers Go to Jail," has paid rich dividends in lives saved and injuries averted, the Post story says. It points out that this is only one phase of Detroit's over-all traffic accident prevention program, which in the last 20 years has cut fatal accidents almost in half.

In the Twenties and Thirties "cars were killing off people with assembly-line precision—between 300 and nearly 400 a year—and drunken drivers were taking a big bite of these fatalities," the story says. "Today Detroit has cut its motor car deaths to considerably less than 200 annually, and in each of the last three years never more than six deaths have been caused by drunken drivers. The automobile capital of the world now stands as a model for all cities to emulate."

The consistent policy of Traffic Court Judges George T. Murphy and John D. Watts in sending drunken drivers to jail, the determined enforcement efforts of the police and the educational efforts of the Traffic Safety Association of Detroit and newspapers and radio stations have been the vital elements in the successful program, the story declares.

"The slogan, 'Drunk Drivers Go to Jail,' means exactly that. Over a period of several years upward of 90 per cent of those found guilty of drunken driving did go to jail. In the cases of the small per cent of drunken drivers who escaped jail, the authorities held that there were valid extenuating circumstances."

The story says that in 1941 Detroit's accident prevention campaign received a tremendous boost when several of the big automobile makers and other manufacturers, bankers and businessmen gave their financial and moral backing to the forming of a unique group known as the Traffic Safety Association of Detroit, an autonomous, aggressive, purely local organization that keeps up a continual drum-beating to keep the public intelligently conscious of traffic problems.

Its present head is William F. Hufstader, vice-president of General Motors, successor to a distinguished line of industrialists, among whom have been C. E. Wilson and Henry Ford II, the story adds.

The story also goes into national aspects of the problem, pointing out that both convictions and jail sentences for drunken driving are rare in most localities, although gradual improvement is being made in many others.

We should consult three things in all our actions, justice, honesty and utility.

### Reckless Drivers Pay Fines In Judge Belanger's Court

The following cases were heard in the court of Judge C. Joseph Belanger on June 28.

William C. Patton, Jr., of Rochester, Mich., was found guilty of backing his car up without locking and thereby causing an accident on Beaconsfield on June 2. He paid a fine and costs of \$10.

Leah Clarke, of 23478 Keeler, Detroit, failed to stop on Audubon at Charlevoix on June 2. The defendant pleaded guilty and was placed on probation for six months. Costs of \$5 were paid.

While driving on the wrong side of Jefferson near Edgemont Park on June 3, Minor Lynn of 3946 Lillibridge, Detroit, caused an accident. The court assessed a fine of \$20.

A probation period of three months and a fine and costs totaling \$25, were imposed on Alfred Czarnec, of 1028 Maryland. Czarnec was driving on June 7, without having acquired a license to operate a vehicle.

Raymond H. Olsen, of 1100 Newport, Detroit, was found guilty of a charge of reckless driving on Barrington on June 12. Fine and costs were \$15.

Also guilty of reckless driving was John S. Avason, of 14516 Hazelridge, Detroit. He was found driving recklessly on June 2, on Mack near Audubon. He paid costs and fine of \$15.

Ann Bouter, of 1012 Kensington, was found guilty of letting her dog run at large on June 12. Judge Belanger suspended sentence, but placed Miss Bouter on three month's probation.

The case of Elsa C. Ruegsegger, of 1055 Balfour, charged with driving into moving traffic resulting in an accident on June 14, was dismissed.

Delphia M. Morris, of 11043, Nottingham, Detroit, was found not guilty of making an improper right turn resulting in an accident on June 20. The case was dismissed.

Charged with improper passing on Vernor near Berkshire on June 20, Herbert Bruce Wright, Jr., of 7416 Neff, Detroit, pleaded not guilty to the charge. The case was dismissed.

Ruth S. Wiseley, of 1560 Hampton, was found guilty of driving

into moving traffic with a resulting accident on Cadieux and St. Paul. The judge suspended her sentence.

Eugene Oakley Marquette, of 492 Alter, Detroit, was found not guilty to the charge of reckless driving and causing an accident on June 3.

### County Abandons Kercheval Ave.

The abandonment of that part of Kercheval avenue lying in the Park and City, of which these two communities were notified on June 6 by the County Road Commission, has now become a reality.

When the Park and City sought a conference with the Road Commission to learn whether or not the two Pointe Communities might not continue to be relieved of this expense, they learned that the County's action was already in effect.

The legal counsel of the two municipalities have notified the Councils there is no question of the right of the County to take this action and probably there will be no further effort to stay it.

### Young Angler Snares Own Finger on Hook

Fishhooks were designed to catch fish, but Thomas Morrocco, 10, of 504 Marlborough, Detroit, caught his finger with a hook.

The accident occurred while Tommy was fishing from the breakwater on Windmill Pointe drive on June 22. A Park police car was cruising by at the time of the mishap, and the police noticed the boy writhing in pain.

Thomas was driven to the office of Dr. James H. Blain, Jr. The fishhook was removed and the boy was taken to his home.

### Choir to Give Sacred Concert

The Senior Choir of St. Paul, Ev. Lutheran Church, Chalfonte and Lothrop, will present a sacred concert at 7 o'clock Sunday evening, under the direction of C. J. Wickwire, choir director.

The accompanist will be Miss Rogene Hartje, Parish Worker and organist at St. Paul. Among the numbers to be sung will be "Gloria" by Mozart, "Russian Vesper Hymn" by Bortniansky, and "Triumph, Thanksgiving" by Rachmaninoff.

At the Sunday School Service at 9 o'clock, Mr. Lowell Hesterman, Vicar of Salem Lutheran Church, will speak.

A class of ten children will be confirmed at the 10:30 church service. There will be the Baptism of infants at this service also.

The Sacrament of Holy Communion will be celebrated at the service next Sunday morning.

**CAUGHT SPEEDING**  
William Dean Robinson, Jr., of 4843 Chatsworth, was ticketed for speeding 45 miles per hour on Jefferson on July 2. The ticket was issued by the City police.

### Taxicab Target On Fisher Road

A cab driver, for a local taxi company, was parked on Fisher in front of a store on June 29. It was 9 p.m. and Edmund Demeire, of 5035 Somerset, Detroit, driver of a cab, had pulled to the curb in order to eat lunch before continuing with his work.

Demeire's munching was interrupted by the shattering of the right front window of his cab. Police investigated and learned that someone had fired a 22 cal. rifle or a pellet gun and smashed the window. The area was searched but police were unable to find any one in the vicinity.

### Crash Blamed On Sign Ignorer

William M. Nellis, of Route 4, Mason City, crashed into a car being driven by Rembert E. St. Germaine, of 6020 Oldtown, Detroit, on June 24. The accident happened at the intersection of Wayburn and Vernor.

Nellis was driving north on Wayburn and failed to stop at Vernor. St. Germaine's wife, Madeline, and his two children, Kenneth, 3, and daughter, Carol Ann, 9 months, were treated at Bon Secours hospital for abrasions.

They were released after treatment. Nellis was given a ticket to appear in court on August 19.

### Paul H. Palazzolo's Car Broken Into by Thieves

Paul H. Palazzolo, of 709 Lakepointe, reported to Park police that his car had been broken into sometime between midnight and 7 a. m. on June 24. Thieves gained entry to the auto by breaking the left front air vent.

Articles stolen from the car included a 100-ft. steel tape measure, an electric drill and a side view mirror. A foglight on the car was broken.

### 17 New Homes Started in Park

During the month of June the Park issued permits for the construction of 16 single family dwelling houses valued at \$287,500. A permit was also issued for the construction of one 2-family dwelling to cost \$25,000 and for minor alterations and repairs aggregating \$8,000 — \$10,000.

### 1776....1950

Not since the first Declaration of Independence was proclaimed by the American colonists one hundred and seventy years ago have the people of this land been more actually aware that the preservation of political freedom and the protection of human dignity is a never ending struggle, than at this moment.

The threats of the men on horseback, which were bids for personal dictatorship occurring in the intervening years, have been successively met as they appeared either on the small domestic stage or on the larger world scene. Some even never had their hour, as in the case of Aaron Burr in our country. Then came Napoleon, Kaiser Wilhelm II and Hitler who successively set the world afire and then perished in the flames they had kindled.

The last threat to human freedom comes from a people who have had the least experience in its enjoyment. Rebelling against the despotism which the Czars had imposed on the country for generations and taking the economic pattern for society which Carl Marx and Frederick Engels had brought out sixty nine years earlier they subjected the Russian people to a despotism differing in no essential detail today from the original communist manifesto of 1848.

It is the opposite in every respect of that pattern of social and economic regulation which the free countries of the earth have developed during the last 200 years.

It makes the individual the slave of the state. It denies the right of self government and tolerates only a single political party. The Government in all its operations and functions is predicated on the dictum that the people have neither the right nor capacity to rule themselves.

This is the scheme of social and economic regulation which these politicians blantly announce they intend to impose upon the whole world, "by force if necessary."

They have consistently preached a world revolution by violence for more than thirty years and have not receded a jot from this line since their first declaration.

Their technique is to sow discord and strife in any spot on earth where the soil is fertile. Their particular enmity is addressed to the United States as the one nation whose unparalleled progress and well being is the living negation of the policies which they preach.

They would destroy us if they could and have never by word or gesture suggested any other attitude.

They shrieked for our help during the war but the moment their peril was passed started instantly to sew the seeds of illwill towards us among their own benighted people.

Russia has studiously aimed to block every suggestion for world peace that has come from us or the other free nations of the world since the end of the war. She would destroy us tomorrow if convinced of her ability to do so.

Whether or not the events now transpiring in Korea are to prove the curtain raiser which translates the cold war into a fighting one the near future will tell.

There is every reason to believe that if we stand firm in Korea and see to it that the invaders from the North are driven back to their own side, actual open warfare will be postponed; possibly indefinitely.

But the Rubicon has been crossed. By whatever easing terms the President may dress the story we have demonstrated our willingness to use "force if necessary" to help peoples who are free or wish to remain free. To do any less at this moment would be fatal to the cause of world peace.

In the course that President Truman has indicated the American people will back him.

At this writing it is indicated that American men will enter the battle line on the opposite side of the world on the great anniversary of our declaration of political and spiritual freedom.

Before this is read they may have fired the first shots which will be our declaration to the world that this nation, now grown great, will fight if need be to preserve freedom for other peoples who love freedom and have the spirit and courage to fight in their own defense.

### Another Consolidation Proposal

The proposal of Clarence Blessed the Commissioner of Public Safety for Grosse Pointe City, that a single fire authority should be set up for all of Grosse Pointe, is loaded with common sense and carries the promise of substantial savings for the tax payers. The argument is directly in line with that which has been advanced repeatedly in years past by this newspaper in its advocacy of the consolidation of all of Grosse Pointe into a single operating municipality.

Already we have seen this plan carried out in effect in several of the area's most important functions. Its police radio service has already been taken over by an agency called the Grosse Pointe Intermunicipal Police Radio Service.

The Public Health Service has been taken over by the County Health Department with the proviso that for such service as the Pointe desires over and beyond that which the County authority ordinarily gives, it will pay by a pro rata assessment levied on each community.

A serious start is announced this week towards providing for the collection and disposal of the garbage and waste materials of the area under a single authority, instead of going hit or miss as it has for years in doing this work at exorbitant costs to the taxpayers.

The same arguments which Commissioner Blessed advances for the fire service would apply to the police protection.

But the inborn spirit of home rule which has always been so strong in Grosse Pointe has prevailed against the simple method of outright consolidation.

The Pointe is now reaching the same result in effect for its routine functions of local government. It is however still left disjointed and apart in its ability to meet those serious situations which require common action which are constantly arising in every community.

We have them with us now and will have more as the years go by.

## Grosse-Exaggerations

A. PRYOR

"Here in my library I sit,  
 Amid rare volumes richly bound,  
 A mine of cleverness and wit,  
 From authors everywhere renowned,  
 Tonight their words seem flat and stale,  
 Their weakness fills me with disgust,  
 I want that crude, hard-fisted tale,  
 Where 'seven more redskins bit the dust'!"

(Quincy Kilby)

If you'd like a side-light on the effect tele-vee has on your young... we submit an example here. The hero of our story is Tony Stroh, young son of the John Strohs. On his first day at school, the teacher greeted him with, "Hello, Tony, how are you?" Tony's reply was, "Have YOU tried E and B lately?" A nice ad for his father's company... Stroh's Beer!

If any of you have ever had a sick animal that you worried and stewed over, you'll like this true tale about a local fox terrier who recently scared the daylight out of his mistress. It seems that Fido had some vague ailment that was serious enough to alarm his doting mistress, who took him to a veterinarian. The latter gave Madame pills, liquid medicine and a tonic to give the dog... and told her to keep a sharp eye on his condition and call him if the dog seemed worse. She followed every instruction to the letter and never let the dog out of her sight.

About five days after the first medication, our heroine was having lunch in her sitting room on a tray... when she was called to the phone. When she returned to her luncheon tray about six minutes later, she discovered that Fido had eaten the whole dang thing... which included a lamb chop, vegetables (something she had NEVER been able to get him to eat)... and a dish of blueberries with cream! The dog seems fine now... but we wouldn't advise that general treatment for your pooch's ailments!

The above reminds us of a "rabbit" story told us by a local woman who was saddled with a rabbit to take home to her son when she returned by motor from a trip up North. Not being "rabbit minded" the woman didn't know what in tarnation to do with the thing, so she went to the library to find out how to "travel with a rabbit." She ended up by putting it in a box which she had cut air holes in... and which contained some fresh lettuce leaves and a carrot. Everytime she had a chance, she peered into the box to see how bunny was standing the trip. Nightfall came and she was dismayed to see that he hadn't even nibbled at any of the food he was supposed to love.

The night of her first stop, she took the rabbit out of the box and let him roam around the grassy plot in back of the hotel where she was stopping. STILL the rabbit wouldn't eat... so there was nothing to do but take him up to her room and hope he would eventually get hungry. She made a little bed for him in the room and spread some fresh lettuce and a few carrots out on a piece of paper, then ordered her dinner sent up.

When the waiter arrived with her tray, she discussed the bunny with him (hopefully) but the only thing he had to offer was that... "You can't never tell about animals. Maybe he don't like that stuff the book sez... maybe he'd rather have a pie or something." To illustrate his point, he removed Madame's apple pie from the tray and set it on the floor in front of Brer Rabbit. The rabbit, sniffed like made and immediately set to work on the pie, which he half devoured before the little woman could take it away!

One day last week we attended a "ladies' tea"... which is one of the penalties for being a female and in this business. There were several ladies present who were in their late sixties or early seventies and the trend of conversation dealt with the Korean situation. One thing led to another until finally they got on the subject of the present administration... where they placed the blame for everything that was happening. One woman (easily over seventy), excoriated the Senate and the House; they were lax; they paid no attention to their duties; they'd rather vacation and play than sit around Washington DOING something. She went on and on... and finally one of the guests asked, "Do you mind telling me who you voted for last time?" Whereupon the little old lady drew herself up in her chair and said proudly, "I'VE NEVER VOTED IN MY LIFE!" All we can say is !!!!!

NOW IN OUR THIRTIETH YEAR

We think we do them best of all!

## Daily Naps, Shorter Swims, Poliomyelitis Precautions

Every Michigan child should have a compulsory rest period every afternoon and his swimming should be limited to short intervals which will not tire or chill him, the Michigan Department of Health warned today in announcing poliomyelitis precautions for Michigan parents and children.

Accumulated evidence indicates that there is marked relationship between becoming over-tired or really chilled and the amount of crippling resulting from poliomyelitis. Dr. F. S. Leeder, director of the Division of Disease Control of the department pointed out.

When there are poliomyelitis cases in a community, a great many children have light cases of the disease with no symptoms or with symptoms no more severe than those of a common cold. These children may become seriously ill and crippling may result if they are allowed to become over-tired or chilled during the first few days of their illness, he explained.

Michigan parents and children should carefully observe all the precautions prescribed by the National Foundation for Infantile Paralysis, Dr. Leeder said. They are:

Keep children with their own friends. Keep them away from people they have not been with right along, especially in close daily living. Many people have poliomyelitis without showing signs of sickness. Without knowing it, they can pass the infection on to others.

Try not to get over-tired by work, hard play or travel: If you already have the poliomyelitis in your body, being very tired may bring on serious poliomyelitis.

Keep from getting chilled.

Don't bathe or swim too long in cold water. Take off wet clothes at once. Chilling can lessen your body's protection against poliomyelitis.

Keep clean. Wash hands carefully before eating and always after using the toilet. Hands may carry poliomyelitis into the body through the mouth. Also keep food clean and covered.

Watch for early signs of sickness. Poliomyelitis in different ways—with headache, sore throat, upset stomach, sore muscles or fever. Persons coming down with poliomyelitis may also feel nervous, cross or dizzy. They may have trouble in swallowing or breathing. Often there is a stiff neck and back.

Call your doctor at once. Until he comes, keep the patient quiet and in bed, away from others. Don't let the patient know you are worried. Your doctor will tell you what to do. Usually poliomyelitis patients are cared for in hospitals, but some with light attacks can be cared for at home.

Dr. Leeder concluded with an encouraging note. "More than half of all people who get the disease recover completely without any crippling," he said. "Observing these precautions can increase that percentage."

#### PUPPY NIPS BOY

Mrs. Burt T. Weyhing, of 789 Loraine reported to City police that her son James, 4, was bitten on the left cheek by her 3 month old dog. The boy was playing with the dog in the Weyhing's backyard on June 25 when the dog nipped him.

## TAPERT "SEZ"

FORD, CHEVROLET and PLYMOUTH OWNERS LOOK AT THIS!

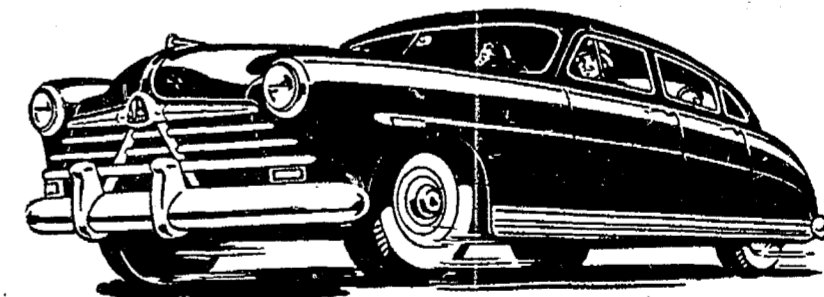

MANY former owners of the lowest-priced cars are now getting big-car room, ride and safety and still have low-cost transportation.

How are they doing it?

They traded their old cars in on the new lower-priced Hudson Pacemaker, the car that's three ways better — MOST ROOM! BEST RIDE! SAFEST!

Right from the start they're money ahead. That's because our G-I-A-N-T trade-in allowance more than offsets the small difference in list price.

You'll save money, get more for your old car and get immediate delivery of your new car at Hudson Tapert.

## See and Drive the 1950 Hudson

Most Room! Best Ride! Safest!

Hudsons, with their exclusive recessed floor, are so advanced in styling, so modern in design that they are setting the pace in beauty for years to come!

Choose from three great series: Custom Commodore—famous Super—or lower-priced Pacemaker, which brings you all of Hudson's exclusive advantages for just a few dollars more than the lowest-priced cars!

### Sharon Ann Birthday Girl

Now it hasn't all been debutantes and brides, this June, as the guests at Sharon Ann Queeney's eighth birthday will quickly tell you.

Gay little notes bid guests to the party of the J. Rex Queeney's daughter.

They said: It's time again for Sharon Ann to have another party!

So come at twelve on June 19th and please don't be tardy!

We'll "munch" around the barbecue grill, hamburgers and "daws" on a bun. Then off we'll go to Jefferson Beach, where we'll have lots of fun!

Six mothers and a special guide will show you around the park.

You'll try the games and take the rides and each will have a lark.

So wear your shorts or blue-jeans, just anything for play.

Have Mama pick you up at five... a long but Happy Day."

Among the Very Young Set helping Sharon Ann celebrate her birthday were Jackie Booth, Susan Sheldon, Phyllis Ledyard, Phyllis Hoag, JoJo Joy, Barbara Gauss, Jane Eccleston, Frances Bonbright, Sandra Brown, Lynn Ann Ternes, Ann Hammond, Patricia Dockson, Mimi Gage, Carolyn Van Zile, Judy Lomax, Kathy Bates, Gay Bacon, Sarah Bates, Robyn Redfield, Sally Degener, Julia Ferry, Renee Martel, Julia Ortwein, Marilyn Davis, Ted Grace, Ricky White, Sandy White, David Viger, Dennis Wood, Don MacFarlane, Billy Edgar, Bobby Haas, David Ireland, Peter Lord, George Lott, Steven Monro, Ross Mulholland, Tommy Stevens, Pete Freydl and Peter Monroe.

### Our Lady Queen of Peace Fair Set for July 29, 30

July 29 and 30 are the dates set for Our Lady Queen of Peace Church Festival to be held on the church grounds, Bourne-mouth avenue at Harper, (three blocks north of Moross road).

There will be a great variety of games and an even greater variety of prizes and entertainment for every age.

The best doctors in the world are Doctor Diet, Doctor Quiet, and Doctor Merryman.

### To Wed in Fall

The engagement of JOANNE FRANCES ORLEMAN, daughter of Dr. and Mrs. Frank J. Orleman of Merriweather road, was announced at a family dinner party in the Orleman home on June 15. The bridegroom-elect is George Vincent Rowe, Jr., son of Mr. and Mrs. George V. Rowe of Poughkeepsie, N. Y.

Miss Orleman attended Sacred Heart Academy in the Pointe and Barat College at Lake Forest, Ill. and the University of Michigan. Mr. Rowe attended Miami University in Oxford, Ohio. The wedding is being planned for this September.

### Artists Market Picks Officers

Mrs. James B. Angell, newly-elected chairman of the board of the Detroit Artists Market, called a meeting of the board at her home on Stephens road on June 27 at which officers and committee chairmen were chosen.

Mrs. George Kamperman and Mrs. Richard H. Webber are vice-chairmen; Mrs. Lem Bowen is secretary; Mrs. William J. Dennes continues as treasurer, and Mrs. Kirkland B. Alexander will again be gallery manager.

Committee chairmen are Miss Florence Davies, Mrs. Henry Hopkins, Jr., and Miss Hops Whitten. Mrs. Julius Haas is a new member of the board, which also includes Mrs. Allan Sheldon, Mrs. William H. Rea, Robert H. Tannahill, and the retiring chairman, David O. Hamilton.

Patience is bitter, but its fruit sweet.—Rousseau.

# Society News Gathered from All of the Pointes

## From Another Pointe of View

by Jane Schermerhorn

So nice to see Mrs. Samuel H. Bell local to the Pointe for a short Summer visit to her parents... the Frederick Clifford Fords of Bishop road...

Mr. Bell arrived Monday from their ranch in Arizona... to join his family... and after their stay here... they'll go to be with his family in Watzata, outside of Minneapolis, before returning West...

The Bells are accompanied by their four gay little Bells... who are having a dreamy time meeting their contemporaries among mama's friends...

Naturally... the arrival of Mrs. Bell in the Pointe... inspired many get-togethers of the girls we remember as the Scintillating Six... who all made their debuts together at a ball in the Country Club...

### Sighted Guest, Admired Same

We were standing next to a gentleman at a recent wedding reception, lazily watching the receiving line form, when the gentleman started a series of gyrations best described as craning the neck...

"Where is she?" he asked his wife... who pointed out a Brunet Charmer... "Well, I can understand it now" he said...

Seems as if the gentleman merely wanted to at last get a glimpse of the young lady who had been their houseguest for the days preceding the wedding...

"She always gets in after I am in bed," he explained with a smile, "and I always go to work before she is up..." He was at last delighted with the houseguest!

### The House Guests

Everyone at the Pointe seemed divinely happy about houseguests during the recent debutante whirl...

"Couldn't have been nicer"... "Such a joy"... "A Darling Boy"... "SO much fun to have around" accompanies the mention of any out of town name these days...

Judy Nichols... who came for Lydia Buhl's coming out party... left on Thursday to return to her Long Island home...

### Summer Time

We keep thinking about! The always stunning Mrs. Wesson Seyburn's Summer chapeau... modestly brimmed... pastel toned... and banded in an arrangement of tailored green leaves and small clusters of pearls... almost like mistletoe...

Mrs. Elmer Ulrich's lush pastel blue mink jacket... and the casual way she tosses it over her pretty shoulders on cool evenings when she and Elmer (whose (Continued on Page 8))

## Short and to the Pointe

### Their Engagement Is Announced

Mr. and Mrs. Marvin Horton Rorick, of Perryburg, Ohio, announce the engagement of their daughter, SHELLA MARIE, to FREDERICK JAMES ROBINSON, II, son of Mr. and Mrs. W. Dean Robinson of Provencal road, on July 1. Miss Rorick attended Maumee Valley Country Day School and was graduated from Westover School, Middlebury, Connecticut. She is a junior at Smith College. Mr. Robinson attended Phillips Andover Academy, Andover, Massachusetts and is a senior at Yale University, where he is a member of Delta Kappa Epsilon and Wolf's Head Society.

A bevy of excited little girls are enjoying the joys of camp life this week at Bryn Afon in Rhineland, Wis. They left the Pointe last week Campers include GEORGIA ZIMMERMAN of Kenwood road, ANNA RAY BAKER of Lake Shore road, KATHERINE YONKERS of Stephens road, SALLY BOALES of Edgemere road, GAIL WEBSTER of Windmill Pointe drive, HELEN FROST of Village land, GRACE ROBINSON of Provencal, ANN GOODRICH of Handy road, MARILYN MEYER of Touraine road, NORMA HANLEY of Lochmoor boulevard, MARY MACARTHUR of St. Clair avenue and MARI LOFSTROM of Williams avenue.

HAROLD R. BOYER of East Jefferson avenue will be aboard ARTHUR GODFREY'S plane Aug. 18, when they and three other men will go to the Yukon as the guests of C. E. WILSON. On the agenda, which sounds nothing less than out-of-this-world are bear and mountain-goat hunting, a horseback pack trip, and use of the successful guides employed by BING CROSBY on a recent trip. Others in the party will be ROBERT K. EVANS, DR. J. S. LESZYNSKI and HARLOW E. CURTICE.

Guests of the GEORGE W. VAUTERS of Buckingham road for the Fourth of July week-end were four young out-of-towners, WILLIAM B. SNYDER and ROBERT TUREMAN, both of Kansas City, Mo.; and HUGH SINCLAIR and LOU CHAPMAN, both of Memphis, Tenn. Celebrating was in order at the Old Club, where the Vauters occupied the JOHN W. MULLFORDS' cottage. Other guests included JOE PARSONS, MRS. EDWARD C. STARK, VICKI ADAMS and MRS. MOFFETT HODGES.

Pink 'n' Blue Dept.: MR. and MRS. COLBURN W. STANDISH of Lakeland avenue, are telling friends about their new grandson, FREDERICK DANA STANDISH III, born June 26 to CAPT. and MRS. FREDERICK D. STANDISH II of Lexington, Ky.

Back in the Pointe from a holiday in New York are the JERRY FLANIGAN and MR. and MRS. GEORGE JACOBOWICZ and their son, JERRY.

Another proud grandmother hereabouts is MRS. RALPH W. SIMONDS of Lewiston road. Her granddaughter, BERNARDINE McEVY, arrived on June 20, the daughter of M. and Mrs. JOHN K. McEVY of Ypsilanti. The baby's mother is the former BERNARDINE SIMONDS.

SEN. and MRS. HOMER FERGUSON are new grandparents. Their son-in-law and daughter, MR. and MRS. CHARLES ROBERT BELTZ of McKinley road, became the parents of a daughter, CAROLYN ELIZABETH, on June 28. Mrs. Beltz is the former AMY FERGUSON, and the baby was named for her two grandmothers.

A belated welcome to the Pointe for DR. AND MRS. ROY FONDA is in order—they've been living in their new house in Lake Shore lane since April.

Europe beckoned to KITTY MCKINLEY and BARBARA BAYNE, and last week the pair sailed aboard the liner DeGrasse, bound for Plymouth, England, and a two-month tour abroad. Kitty is the daughter of MR. AND MRS. WILLIAM A. MCKINLEY of Yorkshire road, and Barbara's parents are MR. AND MRS. JOSEPH E. BAYNE of Lewiston road. A week in Paris is on the agenda, but the rest of their plans are flexible.

MRS. CHARLES M. TEACH of Pittsburgh is in town this week, visiting her parents, MR. AND MRS. LEROY A. COLEMAN of Lincoln road. The whole family spent the week-end at their summer cottage on Lake Erie, where they were joined by MR. TEACH. The HENRY KOKRAMS of Lakeland avenue completed the party.

## Long Fourth Week-End Calls Pointers Away

Old Clubbers Celebrate with Series of Parties; Northern Resorts Draw Large Contingent; Sammy Chapin On Flying Vacation

The long Fourth of July week-end drew Pointers away from town in droves, to celebrate the holiday at cottages, beaches, and clubs, aboard boats, planes and trains.

As usual, the Old Club on Harsen's Island, where the water of the St. Clair River runs as cold as cold can be, was one of the most popular spots.

Festivities got under way on Saturday, when Dr. and Mrs. Sigurd Becker of Devonshire road, with their son-in-law and daughter, the Henry Earles, were hosts at a cocktail party for 200-odd guests at their cottage on the boardwalk.

The following evening, the entire club membership were the guests of Mr. and Mrs. John Boydell at another cocktail party, and the highlight of the Fourth itself was the water ballet imported by the Sam Kellers.

Among cottagers, most of whom had guests for the week-end, were Mr. and Mrs. Ray Whyte, the Sterling Docksons, Mr. and Mrs. Arthur Rohde and Mr. and Mrs. William E. Slaughter, Jr. Air-borne Sammy Chapin did pilot duty for a Pointe con-

tingent bound for Harbor Point. Her passengers were Mrs. A. Frederick Kammer and her children, Lisa, Ricky and Polly; and Robert E. Upham, Jr.

After depositing her passengers, Miss C. took off for Nantucket and a week-end cruise aboard a yawl with a group of Eastern friends.

Harbor Point drew a number of other Pointers for the week-end, among them the Edward A. Skaes, with Judy, Anne, Timmy and Suzie; and Mrs. Henry E. Bodman and her daughter, Thayer.

John B. Ford, Jr., and his son, Gordon, sailed up to the Pointe earlier aboard Royono, to open the cottage, and the whole family were up for the week-end.

Pointe aux Barques was the destination of Mrs. Ray E. Danaher of Lake Shore road. She and her son-in-law and daughter, Lt. (jg) and Mrs. James W. Bolding, left for the northern resort with the Bolding children, Jimmy and Evelyn.

And, of course, many Grosse Pointers took advantage of the cool lake and river breezes and did their celebrating at one of the various clubs, where fireworks lit up the sky on Tuesday evening to end the long week-end.

## Pierson-Jackson Wedding Held

In a recent ceremony in Grosse Pointe Memorial Church Caroline Mary Pierson became the bride of Norman Edward Jackson, son of the Edward Henry Jacksons of Canton, O.

Caroline is the daughter of Mr. and Mrs. Lewis Austin Smith of Merriweather road. She was groomed in candlelight satin, with imported lace outlining the portrait neckline. A band of lilies of the valley fastened her illusion fingertip veil. The bridal bouquet was of white orchids and stephanotis.

The bride's sister, Mrs. Arthur Thomas Prew, was matron of honor. Bridesmaids included Barbara Wood, Mrs. John Fellows of Canton, a cousin of the bridegroom; Barbara Hinkley, Mrs. Edmund H. Peeler of New York City; and Patricia Thompson of Canton. Little Mickie Pierson was flower girl.

The attendants' gowns were of pale blue net and lace, and they wore wreaths of red carnations in their hair. Their bouquets were formed of the same flowers with the honor attendant's distinguished with clusters of stephanotis.

Richard Kempthorn of Canton was Norman's best man. Guests were seated by Marling Abel, also of Canton; Tom Kelsey of Cleveland; Tom Raber of Fort Lauderdale, Fla.; Frank Kiser of Cleveland; Chuck Lentz of Toledo; and Russell Pierson, brother of the bride.

MR. and MRS. HENRY M. PAGE of Hickory Island, Grosse Ile, announce the birth of a son, FREDERICK CLARKE PAGE, on June 24. Mrs. Page is the former JEANETTE HINCKLEY of the Pointe.

JAMES S. HUDSON, JR., a student at Avon Old Farms School, Avon, Conn., has returned to spend the summer vacation with his parents, DR. and MRS. J. STEWART HUDSON of Lothrop road. Active in the Riding and Outing Clubs at Avon, James also won his sports letter in soccer this year.

It's a girl for MR. AND MRS. F. JOHN KEOUGH of Vernier road. JULIE arrived on June 23. Her mother is the former RUTH DUFFIELD.

More stork news: MR. and MRS. WILLIAM H. LEDYARD of Dyar lane announced the birth of a daughter, FLORENCE ODELL.

In the Pointe this week, as a relief from the heat of Tuscon, Ariz., is DR. JOHN DIEBEL, who is visiting his son and daughter-in-law, DR. AND MRS. NELSON W. DIEBEL of Touraine road.

Back in Vendome road is MRS. HENRY P. WILLIAMS, who has returned from Mackinac Island after helping her daughter-in-law, MRS. G. MENNEN WILLIAMS, get the Governor's Mansion in order for summer occupancy.

The newlywed MR. AND MRS. WILLIAM C. PORTER (LORNE RICKEL) returned from their Quebec honeymoon last week to occupy the home of the bride's parents, MR. AND MRS. ARMIN C. RICKEL, in Edgemont park. The Rickels have left for Mackinac Island for the summer.

More visitors in the Pointe this week are MRS. THOMAS AHEARN and her son, THOMAS, here from Portchester, N. Y. They're staying with MR. AND MRS. J. F. MORRIS of Kingsville road for two weeks.

## Rites Performed In New York

Diane Whitney Stinchfield, daughter of Mr. and Mrs. Charles Stinchfield, Jr., of Harvard road, became the bride of Bernard Klingenstein in New York City last Thursday.

The ceremony was held in the St. Regis Hotel. Bernard is the son of Mr. and Mrs. Paul H. Klingenstein of Park avenue, New York City.

The bride is attending the New York School of Social Work. She previously attended Grosse Pointe Country Day School and is a graduate of the Ethel Walker School and Sarah Lawrence College. She is a member of Tau Beta.

The bridegroom is a graduate of the Taft School and attended the University of North Carolina. The newlyweds will make their home in New York.

A bachelor is a souvenir of some woman who found a better one at the last minute.

## July Big Month at Center With Parties Every Week

July is to be a big month for the young people of the community at the War Memorial Center, with parties planned there for every weekend.

This Friday, July 7, there will be an informal party for the alumni age group, through the twenties, with the spotlight being focused on the alumni of Grosse Pointe High School. There will be dancing to records, games, ping pong and refreshments. Dates are not necessary and single persons will be admitted.

While this party is sponsored by the Memorial Center, emphasis is being given the High School alumni, and the alumni association is looking on the event as the first social gathering of its summer season. The alumni of other schools and colleges will of course be welcomed.

The first graduating class of Grosse Pointe High received caps and gowns just 25 years ago. The alumni aim to build up scholarship funds to aid future students.

On July 15 the Center will sponsor a party for the teenage group, with the college age crowd also invited. This will be an anniversary event, as it will be staged just a year after the first Center party. The same orchestra will play and specialty numbers and intermission entertainment are being planned.

On July 22 there will be a dance for the young adult group, including the college group through twenties. This will be for couples only, with stags being banned.

The Simians, young Pointe dramatic group, will stage a dramatic presentation at the Center on the night of July 29.

Members of the Grosse Pointe Farm and Garden Club named Mrs. Meredith S. Randall as their president for the next year at the group's annual meeting last week.

Others on the new slate are Mrs. James A. Lafer, first vice-president; Mrs. Harold R. Smith, second vice-president; Mrs. William H. Fries, third vice-president; Mrs. William M. Rosborough, treasurer; Mrs. Joseph M. Dodge, assistant treasurer; Mrs. Burt Eddy Taylor, Jr., recording secretary; and Mrs. Richard Durant, assistant recording secretary.

Mrs. Lynn McNaughton and Mrs. Henry P. William are members-at-large.

David Haldeman Finnie To Wed Pennsylvania Last week-end in York, Pa., Nancy Scott Hennesy's engagement to David Haldeman Finnie, son of Mr. and Mrs. Haldeman Finnie of Ellair place, was announced.

Nancy is the daughter of Mr. and Mrs. John William Hennesy of York. She was graduated from Vassar College last month.

David is a graduate of Hotchkiss School and Princeton University, and is in his junior year at Yale Law School.

The wedding will be in early fall.

## Jean Pratt, Louise Mohn Plan Summer Weddings

Jean Sets Aug. 12 for Marriage to Mitchell Justice; Louise Will Be Married to George Troost July 29; Garden Reception to Follow

Two Pointe brides-elect announced their wedding plans last week, and it begins to look as though late summer will vie with June as a favorite with middle-aislers.

Jean Pratt, daughter of Mrs. George Hunter Pratt of Balfour road and the late Mr. Pratt, will become Mitchell Justice's bride on Aug. 12 in Grosse Pointe Memorial Church.

Mitchell is the son of Mr. and Mrs. Clarence M. Justice of Neff road.

The bride-to-be has asked Mary Louise Goodson to be her maid of honor and bridesmaids will be Janet Hobson, Mrs. Thomas Willmore, Jr., Patti Ann Yeager and Mrs. Philip H. Clark II, the bridegroom-elect's sister, who will return from Germany just in time for the wedding. She has been there with her husband, who is in government service.

Parties for the pair will be deferred until the middle of this month, when Mr. and Mrs. Justice will return from a European tour.

The other date-setter, Louise Barbara Mohn, has chosen July 29 for her marriage to George Richard Troost in Christ Church.

Louise is the daughter of Mr.

and Mrs. Fred T. Mohn of Rivard boulevard and George's parents are Mr. and Mrs. George W. Troost of Murland avenue.

Louise's sister, Rosalind Mohn, will be her maid of honor. Also preceding her down the aisle will be Mary Ellen Maek, Mary Louise Troost, Patricia Menger, Nancy Lightbody and Rosemarie Johnson. Little Carolyn Ann Rode will serve as flower girl.

George has asked James Thorne to be his best man. Guests will be seated by Robert McGhee, Paul Brandmier, T. J. Ward, Harold Aven of Saginaw and George Kirchner.

Following the wedding ceremony, Louise's godmother, Mrs. Carl T. Hess, will give a garden reception at her home in Pemberton road.

## Duffield-Hart Betrothal Told

Mr. and Mrs. Louis Edward Hart Jr. of Chicago, Illinois, announced the engagement of their daughter, Miss Jeanette Burnet Hersey, to George William Duffield of Grosse Pointe, at a cocktail party on July 1 at their summer home in Harbor Springs, Michigan.

Mr. Duffield and his parents, the George Bethune Duffields, of 93 Merriweather road, were houseguests of the Harts over the 4th of July weekend.

Miss Hersey attended the Westridge School in Pasadena, California, and was graduated from Bryn Mawr College this June. She was introduced to society at a dinner dance given by her parents at the Chicago Racquet Club during the Christmas holidays of 1946, and is a provisional member of the Chicago Junior League.

Mr. Duffield attended The Detroit University School and was graduated from Princeton University this June, where he was a member of the Charter Club.

There are no immediate plans for the wedding.

## Julie Belanger Sets Aug. 19

Aug. 19 is the date set by Julie Belanger, daughter of Mr. and Mrs. Charles A. Belanger of Merriweather road, for her marriage to Donald Francis Staub.

The ceremony will be held in St. Paul's on the Lake Shore.

Julie's sister, Mrs. Richard A. Green, will be her matron of honor. Honor maid will be Mary Louise Kappel, and bridesmaids will include Mrs. F. David Boynton III, Celeste Belanger and Carol Staub. Mrs. Boynton's little daughter, Anne, is to be flower girl.

Don, the son of the Charles R. Staubs of Kensington road, has asked William Walsh to be his best man. On the ushers list are Arthur Mariz, Pierre Belanger, George Young and Richard Addy.

Parties already given to honor the bride-elect include a tea and party shower, by Agnes Holmes of The Whittier and a kitchen shower hosted by Mrs. Ernest G. Davis of Lincoln road and her daughter, Mrs. Frederick C. Stoepel II.

On Wednesday, Mary Lou Kappel will give a personal shower in her home on Lake Shore road.

## Debutante and Bride-Elect

—Picture by Moffett Studios —Picture by J. R. D. Stevenson  
MISS JULIE THURBER, left, daughter of Mr. and Mrs. Cleveland Thurber, of Kenwood road, who was presented to society at a tea in her parents' home June 27. MISS JEANETTE BURNET HART, right, who will become the bride of George William Duffield. Miss Hart is the daughter of Mr. and Mrs. Louis Edward Hart, Jr. of Chicago. The bridegroom-elect is the son of the George Bethune Duffields of Merriweather road.

About 1,000 Michigan homemakers will leave summer households for an educational vacation at Homemakers' Conference at Michigan State College.

## Parties Fete Janice Olivier

Janice Elizabeth Olivier's calendar has been crowded during the last weeks, as she has been feted at a number of parties preceding her wedding this Saturday to Dr. Thomas Peter McWilliams, Jr. in St. Paul's on the Lake Shore.

A reception will follow the noon ceremony at the home of her parents, the Jules Oliviers of Moran road.

Last week Janice was guest of honor at a luncheon given by Ann Haggarty at her home in LaSalle place, and on Saturday Mrs. Carl E. Beran of Rivard boulevard, and her niece, Angela Roberts, will be co-hostesses at another luncheon. Mrs. Thomas H. Cotter of Harvard road and her daughter, Patricia, also honored the bride-elect at a luncheon and linen shower at the Women's City Club.

This evening Joanne Orieman of Merriweather road has planned a buffet supper for members of the wedding party and out-of-town guests, and tomorrow evening the bridegroom-elect's parents, Dr. and Mrs. Thomas P. McWilliams of Scranton, Pa., will give the rehearsal dinner at the Whittier.

## Newton Classmates End Gay Debutante Season

Julie Thurber and Marjorie Ann Petzold Bow At Teas Last Week; Presented by Mothers, Mrs. Cleveland Thurber and Mrs. Herman Petzold

Fast friends and classmates at Newton College, Julie Thurber and Marjorie Petzold became the last of this summer's crop of lovely debts to make their bows to society. Both were introduced at teas last week, Julie on Wednesday and Marjorie the following day.

Mrs. Cleveland Thurber presented her daughter at a tea in her Kenwood road home. The deb and her mother received in front of the fireplace, bedecked with yellow daisies for the occasion.

Dark-haired Julie wore a ballerina-length frock of white organdy over pink satin. Panels of embroidery were set in the bodice and full skirt. She carried her father's gift bouquet of pink sweetheart roses and trailing ivy.

Mrs. Thurber was gowned in beige crepe, fashioned with a V-neckline, three-quarter length sleeves and a draped skirt.

She decorated her tea table with a cream lace cloth, centered with two crystal and gold-based

epergnes filled with yellow roses and ivy.

The deb's assistants were, besides her sister deb, Marjorie, another classmate, Noel Lane of Scarsdale, N. Y.; Anne Wheat, Mary Boyer, Virginia Robb, Molly Connelly, Helen Parker, Donna di Marco and her young sister, Mitzi Thurber. They all carried round bouquets of white carnations.

Marjorie's bow the following day was at a tea given by her mother, Mrs. Herman G. Petzold of Whittier road. Her debut dress was ankle-length, of white organdy over pink taffeta. A matching sash circled her waist and the color was repeated in her father's gift bouquet.

(Continued on Page 9)

## Pointers Attend Sorority Parley

Members of the Sigma Phi Gamma, International Sorority are meeting for their annual International Convention in Portland, Oregon, July 4 to July 8.

Delegates from Delta Omicron Chapter of Grosse Pointe are Mrs. Helen Kerns, chapter president, and Mrs. Margaret Schick, chapter treasurer. Mrs. Kay Fruehauf, international organizer, left June 29 on "The City of Portland" with Mrs. Lillian Shea of Ft. Wayne, Indiana, international secretary-treasurer to meet with the other international officers for a pre-council meeting before the convention.

Mrs. Fruehauf, joined the other members on the Sigma Phi Gamma special train returning to Chicago, by way of Banff, Lake Louise and Vancouver, British Columbia.

There were 200 delegates on the special train. Two new chapters have been added to Sigma Phi Gamma, Theta Eta in Monroe, Michigan, and Theta Theta in Port Huron, Michigan during this past month.

## SLIPS - GOWNS - PETTICOATS

We've just made an unusual purchase of exquisite lingerie that we think is terrific! We've bought slips, gowns and petticoats galore, from one of your favorite manufacturers, and priced them so low you'll want to accumulate an entire new lingerie wardrobe at once, for vacationing, for present wear, for gift-giving, for back-to-school days. There are beautifully fitting slips (one style with a convertible plunge bustline), full sweep gowns, and pert petticoats. Your choice of wonder-working NYLON, or multifilament rayon trimmed with nylon shadow net.

### From Another Pointe of View

(Continued from Page 6)

hair is silvering in the handsomest way possible!—which is the fortune of jet-topped folks, spend a Summer evening at Grosse Pointe Yacht Club . . .

Mrs. Sandy Weiner, who doesn't believe in idle moments . . . knitting on something emerald and wondrous looking as her hair is being coiffed . . .

Reminding us that another All-American knitter . . . is bandbox trim Mrs. Stewart Hudson . . . who has promised an appalling number of sweaters to very best friends come next Christmastime . . .

### The Top Tan

It's high time we started envying Summer tans . . . and whose better to start with than Ginny Paddock's . . .

Of course you couldn't say Miss Paddock's tan was one that "just happened" as she breezed about the Pointe . . .

It's handsome foundation was laid last winter in Naples . . . long her favorite Winter haunt . . . was burnished anew at Charlottesville's Farmington Country Club . . . and stays deep brown with Grosse Pointe ultra rays . . .

### Gardners Visit

The Pointe enjoyed a brief visit from the Arthur Gardners . . . who dashed in from their Washington home . . . for a few of the debutante dances . . .

They stayed at their country place at Rochester . . . and have now returned to the East . . .

### Girl Rides Bike Into Side of Car

Paula Walker, 10, of 688 Bal-four road, had a narrow escape from serious injury on June 28 when the bicycle she was riding collided with a car on East Jefferson avenue.

Paula was riding east on Jefferson and attempted to cross over to the north side of the street when she ran into the side of the car, being driven by Neil Schuell, 21, of 1610 Collingwood, Detroit.

She was treated in Bon Secours Hospital for minor abrasions of the left shoulder. Her bicycle was damaged, as were the front door and rear fender of the car. The accident also cracked a rear window of the car.

Social behavior is learned from experience only. There is, in spite of all modern devices in child care and training, no substitute for the good examples of parents.

### Local Products Now Best Buys

Homemakers are always anxious to stretch the family food dollar, and A. B. Love, agricultural economist at Michigan State College, wants to emphasize a suggestion that he says can help Michigan homemakers do just that.

One of the best ways to get more for your money, he advises, is to buy local products when they're in season. It's the time of lowest price and highest quality. It's good family economics to can and freeze foods as well as enjoying them fresh when they are abundant.

Here's what to expect of some of the fruits and vegetables now and during the summer, according to Love.

**Small fruits**—We're now in the midst of the heavy strawberry season in Michigan. As the strawberries become less plentiful, heavy supplies of cherries and raspberries reach the harvest stage. A record cherry crop is starting to market, and raspberry bushes in Michigan will yield heavy crops this season if favorable weather continues.

**Early peaches**—This is going to be a "short" year for the Georgia peach crop. Don't look for good supplies early in the season. Georgia will have the shortest peach crop in 50 years, which means high prices and poor quality. Plan to use small fruits early in the season in place of peaches and wait for Michigan's crop which comes later.

**Melons**—We can expect a heavy supply of locally grown melons all through August and September. Good quality cantaloupes from the West and watermelons from Florida are now available.

**Potatoes**—New potatoes available are coming in largely from California. Michigan early potatoes will be on market in late July.

**Peas**—The next two weeks are going to be the plentiful supply season for Michigan grown peas, a good time for canning and freezing.

**Snap beans**—Michigan beans will not come to market until August, but green and wax beans are now in good supply from southern states.

**Carrots**—Carrots we buy in the store now are coming mainly from Arizona and California. Since it is near the end of their season they're not as firm and crisp as we expect them to be from local fields. Michigan's crop will be plentiful in August.

**Tomatoes**—At this time of the year tomatoes are more or less a luxury food in Michigan. Present supplies of good quality are largely hot house tomatoes from Ohio and Indiana.

### Amorous Driver's Advances Eluded

A 17-year-old girl who lives on Coplin avenue, sought refuge in a Vendome road home at 1:30 a.m. on July 1, after a youth in whose car she had been riding made improper advances to her.

The girl told Mrs. George Hammond of 168 Vendome road, she had escaped from the car after the youth parked the car on Vendome near Kercheval. The Farms police were called, but the driver had departed. The girl said all she knew about him was that his name was Bill.

The police called the girl's father and he arrived at the station to take her home.

Marco Polo was only seventeen years old when he set out on his fabulous voyage to China. At the time, young Marco had a lot of adventurous spirit and very little experience as a world traveler. He made the hazardous trip in the company of his uncle and his father who both were seasoned explorers.

### To Attend Baha'i Commemoration

Mrs. Floyd H. Munson and Mrs. Marshall E. Templeton will attend a special Centenary Commemoration of the Martyrdom of the Bab held at the Baha'i House of Worship in Wilmette, Illinois, July 9.

It was on July 9, 1850, that the Bab, the fore-runner to Baha'u'llah, was publicly executed in Iran as a result of his call to the world for religious unity. He declared that kings and governments of both the East and the West must unite on a common religious basis in order to form a permanent peace.

Baha'is in Grosse Pointe, Detroit, Dearborn, and Royal Oak will meet at Rouge Park to hold special commemoration services of this historic date. In over 100 countries of the world, Baha'is have set this day aside for pause and reflection.

At the Centenary Commemoration at the House of Worship in Wilmette, Mrs. Munson and Mrs. Templeton will hear of the progress of the Shrine now being built on Mt. Carmel, Israel, over the mausoleum of the Bab. This Shrine, built of Rose Bavono and Chiampo granite, carved by master workmen in Carrara, Italy, is to be crowned by a golden dome 125 feet in height. Baha'is from both the East and the West are participating in the rearing of this unique and magnificent structure in the Holy Land.

### Hits Parked Cars On Nottingham

A car driven by Evelyn Juliet Stock, of 805 Beaconsfield, side-swiped two parked cars in front of 929 Nottingham on July 1. Her car then bumped into a car being driven by Raymond L. Karter, of 5254 Lemay.

The parked cars, owned by Ada B. Hipp, of 929 Nottingham, and Fred Neal, of 931 Nottingham, were only slightly damaged. Mrs. Stock was ticketed for leaving the scene of an accident.

MICHIGAN FEATURE SERIES prepared by the MICHIGAN TOURIST COUNCIL... No. 10

### Artists Elect Mrs. Angell

The board of directors of the Detroit Artists Market gathered at the home of its new chairman, Mrs. James B. Angell of Stephens road last week to elect other officers and committee chairmen.

Named as vice-chairmen were Mrs. Richard H. Webber and Mrs. George Kamperman. Mrs. William J. Dennes is treasurer, with Mrs. Lem Bowen re-elected secretary.

Committee chairmen include Mrs. Kirkland B. Alexander, gallery manager; Florence Davis, exhibitions; Hope Whitten, publicity; and Mrs. Henry Hopkes, Jr., lay jury.

Mrs. Julius Haas is a new member of the board, joining Robert H. Tannahill, Mrs. William H. Rea, David O. Hamilton and Mrs. Allan Shelton.

### Comanches Lead Cub Pack Loop

The second round in Cub Pack 290's softball league will open next week.

First round games were being completed this week at Mason Playground.

Leadership of the Indian circuit was held by the Comanches. They won their second game last week, when they defeated the Chippewas, 34 to 5. The Comanches had been tied with the Mohawks for top place. The Mohawks dropped their second game to the Navajos, 13 to 10.

The Comanches will take on the Navajos Tuesday, July 11. The Mohawks will play the Chippewas Thursday, July 13.

The Standings

	W	L	Pct.
Comanches	2	0	1.000
Navajos	1	1	.500
Mohawks	1	1	.500
Chippewas	0	2	.000

### Federal Grand Jurors To Hold Annual Picnic

### Know What to Buy When, Advice of Food Specialist

Homemakers who keep tab on growing seasons of local farm products as well as how to use them will find that it helps simplify the first problem of cooking—"what to buy when."

Mary B. Odwell, agricultural economics department food specialist at Michigan State College, believes this is especially helpful in summer months when fresh fruits and vegetables are being harvested. It insures getting the most for your money, both in day-to-day meals and in home freezing and canning.

You can count on getting good quality, garden-fresh celery all summer. It's a long-season vegetable, and Michigan is the number one celery state in the nation. Early celery is now coming from fields in the area of Kalamazoo, Muskegon and Decatur. Midseason and late crops arrive from areas farther north in the state. Michigan farmers grow both golden and the green pascal types of celery.

Michigan has two crops of spinach. We are still getting early crop spinach, and will enter another local supply season in late summer. Always wash spinach in luke-warm water just before cooking. Ordinarily the water that clings to the leaves after washing is enough to cook the spinach.

We are now in the midst of the Michigan green pea season. Al-

though most of the peas are grown for commercial canning and freezing, Michigan's farms provide a good supply of early and midseason varieties for fresh use.

When buying peas, look for those with well-filled but not bulging pods. Fresh young peas are brittle and tender. Older peas are hard and starchy. Freezing is the best method of "putting them up" for winter use.

### Car and Cyclist Tangle; Rider Escapes Injury

Raymond Farr, of 1019 Buckingham reported an accident at the Park police station on June 28, involving a bicycle and a car. The bike rider was Wayne Nichols of 1087 Lakepointe, who ran into the side of Farr's automobile. The boy wasn't hurt and no damage was done to his bike. Farr said that his car wasn't damaged either, but he wished to report the accident to the police.

Tact is a matter of knowing how far to go too far.

## F. A. Wood Enters Congress Race

F. A. Wood, of 21772 Moross has filed as a candidate to represent the Fourteenth Congressional District.

## Make Debuts

(Continued from Page 7)

quet of pale pink anthurium, stephanotis and ivy.

Pink roses adorned the mantelpiece over the fireplace, where the bud and her mother stood to greet guests. Later, guests gathered in the garden.

Mrs. Petzold chose a frock of mauve marquisette with a fitted midriff and full skirt. She wore an orchid corsage. Assisting her were Mrs. E. Lloyd Eccleston, Mrs. Bernard Clark, Mrs. James B. Webber, Jr.; and Mrs. Miles O'Brien.

Marjorie's assistants, who wore shoulder corsages of gardenias, included Julie Thurber, Barbara Smith, Noel Lane, Josette Joinville of Windsor, Sue French and Molly Moll.

Thousands perish from intemperance; meanwhile all the world gives themselves over to it. —Chinese.

## Beauty Scaled to Fit Space

Many of the new dining room suites shown by furniture stores serving Pointe homes, are scaled down to conform to the trend toward smaller dining rooms. However fine traditional styling and fine woods are retained. Rooms actually appear larger with this treatment.

## Homegrown Strawberries Suggest Number of Delightful Desserts

Strawberries are one of the most delightful fruits grown and homegrown berries are coming into Pointe stores in abundance. While they can rarely be classed as economy foods, they should be reasonably priced so everyone can use them several times a week.

Strawberries harvested nearby can be picked ripe. A thrifty shopper tilts the box gently to see that the fruit is firm and well colored. The flavor and sweetness increase with color, so deep red berries are best.

When the fruit is to be stored for most of the day or until the next day, spread it in a shallow dish. If left in the box or placed in a deep container the weight of the fruit on top crushes the berries below.

**Easy to Prepare**  
This luscious fruit needs little preparation—just a quick but thorough washing to remove the sand shortly before serving. Do the job before removing the hulls so none of the flavor will be washed away. You can remove the sand more efficiently if you either hold each berry under a spray or put them in a large bowl of water then lift them from the water.

If strawberries had nothing to offer but the enjoyment they add to meals, they'd be well worth using. But they are one of the best sources of vitamin C as well, according to the Food and Nutrition Service of the American Red Cross.

One half-cup serving takes care of most of the day's requirement. At this season of the year you can count on them as a good alternate for the serving of citrus fruits or tomatoes which should be included in each day's menus.

**Like Gilding Lily**  
Dressing up strawberries is like gilding a lily, but when we can use them often it's fun to vary the service. They add tempting color and flavor to fresh fruit salad and cocktails as well as desserts. Probably their best partners are other fruits, especially pineapple, and cream mixtures.

Of course, shortcake heads the list of favorite strawberry desserts. Whether you choose cake or biscuit to go with the berries, be sure to have plenty of the fruit and crush it so the tangy sweetness of the juice will be the predominant flavor. A big chunk of cake or biscuit topped with a few skimpy berries and a dab of cream is an insult.

Here are recipes for a few simple strawberry desserts and some not so simple.

**With Sour Cream**  
Wash, hull and cut berries in half. Sprinkle with sugar, varying amount to suit sweetness of

berries. Chill for about 30 minutes. Serve with sour cream. If liked, combine berries with an equal amount of diced banana.

**With Pineapple**  
One fresh pineapple, 1 pint strawberries, about 3/4 cup sugar. Wash and hull strawberries and cut in halves. Wash pineapple thoroughly. Cut in half lengthwise, right through the crown. Scoop out center, leaving a well about 1/2 inch thick. Dice pineapple, discarding tough core, and mix with strawberries. Add sugar to suit taste and chill well. Serve in pineapple shell, garnished with a few whole berries.

A mixture of sliced strawberries and diced or shredded fresh pineapple sweetened to taste can be served on squares of sponge cake and topped with whipped cream for a refreshing dessert.

**Preserves**  
Cook one cup shredded fresh pineapple with 3 cups granulated sugar for 10 minutes, starting over low heat and stirring often until juice has formed. Add 2 cups hulled strawberries and cook about 20 minutes longer or until fruit is clear and syrup has thickened. Remove from heat and allow to stand for several hours or overnight to plump the fruit. Bring to rolling boil again. Pour into sterilized jars or glasses and seal. Makes about 4 half pint jars.

One half cup butter or fortified margarine, 1/2 cup sugar, 4 egg yolks, 1 1/2 cups sifted cake flour, 1 1/2 teaspoons baking powder, 5 tablespoons milk, 1/2 teaspoon vanilla or almond flavoring, 4 egg whites, 1/2 teaspoon cream of tartar, 1/2 teaspoon salt, 1 cup sugar.

Cream fat, beat in first amount of sugar until fluffy, then the egg yolks one at a time. Sift flour with baking powder. Add flavoring to milk. Add dry ingredients alternately with milk, beating well after each addition. Spread in 2 layer cake pans lined with wax paper.

Sprinkle salt and cream of tartar over egg whites and beat until stiff enough to form soft peaks. Beat in sugar a little at a time. Spread meringue over the batter. Bake in slow oven, 250 degrees F., for 25 minutes, then increase temperature to 350 degrees and bake for 20 minutes longer. Remove from pans, pull off waxed paper. Cool. Shortly before serving time place one cake, meringue side down on serving plate. Cover generously with crushed strawberries, sweetened to taste. Put second layer on top and add more strawberries. Serve plain or with thick sour cream or whipped cream.

## Michigan Wins Traffic Prize

At a testimonial dinner in the Statler Hotel, Detroit, on June 27, State Highway Commissioner Charles M. Ziegler was presented with a plaque denoting Michigan's leadership in the field of traffic engineering, by Robert S. Holmes, of the Institute of Traffic Engineers of New Haven, Conn.

Michigan won this top honor in competition with the leading states of the nation. California was second in the competition, with New York, Pennsylvania, Ohio and Illinois, runners up. All states competed for the award, which was made on the basis of all engineering functions of the competing state highway departments, including traffic control devices, surveys and studies, intersectional design, planning and administration.

In accepting the plaque, Commissioner Ziegler said, "The safety programs of the State Highway Department are state-wide and continuous. Beginning with the selection of the location of a road, all the way through design, construction and control, safety features are of paramount concern. The Department is constantly safety-minded. We are proud to have this recognition come to Michigan."

"Recognizing the importance of adequate signs to the safety of the motorist, the Department is now engaged in re-signing the entire trunkline system in conformity with a uniform national pattern. Signs, signals, flashers, and other traffic control devices and pavement markings provide protection to the highway users by clearly designating danger points such as hills, curves, railroad crossings and road intersections. Grade separations at railroad crossings and intersections of important traffic routes are constructed for safety and to keep the traffic flow moving."

"A program of roadside improvement is carried out at all times. Brush and overhanging tree limbs are removed to assure ample clearance and adequate sight distance. Shoulders are sodded and kept in condition to hold vehicles which leave the road surface. Roadside parking areas and turn-outs are maintained in order that the motorist may rest awhile and continue driving refreshed."

"Winter hazards of snow and ice are quickly removed from highways. Gravel is cleaned away from railroad tracks, and every precaution is taken to keep the highways safe."

"The greatly increased traffic and the higher percentage of heavy commercial vehicles in the traffic flow, have congested our highways and made wider and heavier road design mandatory, as well as bringing safety factors

Samuel Taylor Coleridge was once mistaken for a pickpocket by an elderly gentleman. The same man later bought the shabby little boy who was to become one of the world's greatest poets, a subscription to a circulating library.

"We are concentrating on reasonable safety programs considering our inadequate highway revenues. Likewise, the deficiencies on the trunkline system can be eliminated only as fast as revenues are provided. Poor roads, roads not capable of carrying the traffic load, and insufficient grade separations at railroad crossings and heavy traffic intersections, are taking an annual toll in lives and property far in excess of the cost of improving the highways of the State," Ziegler said in conclusion.

The Michigan Good Roads Federation presented Commissioner Ziegler with a scroll commending him and the Department for winning the safety award, for foresight in recognizing the importance of traffic planning, and for assistance given in the engineering analysis of Highway Needs in Michigan.

# Michigan Mirror

From now until November election day, Michigan bi-partisan government will be somewhat of a farce. The governor's efficient press secretary, Paul Weber, is preparing a constant line of attack to run down Republican claims and to promote the Williams campaign for re-election. You may safely expect plenty of righteous and angry statements from both sides. Remember, 1950 is an election year.

After vetoing the \$10,380 Louis A. Kunzig salary from the civil service budget, Governor G. Mennen Williams staged a friendly rescue act for the civil service commission's full constitutional allowance. He vetoed a legislative cut of \$40,500, explaining that the state constitution required one per cent of the state salary total for maintenance of the civil service department. The \$40,500 reduction would have been unconstitutional, said Williams. The commission had previously agreed to the cut.

The governor signed the legislature's \$271,000,000 omnibus appropriation bill quite reluctantly. He said he was forced to sign it to prevent "financial chaos" although the amount was \$70,000,000 less than he asked for and \$14,000,000 less than the current year's total. Williams is disputing Republican claims of economy, while legislative leaders are pointing to the record as a real achievement—the first check on rising government expenditures since 1933.

Operations and payrolls of Michigan's mental hospitals, will have to be trimmed after July 1, according to Charles F. Wagg, state mental health director. New vacancies will remain unfilled to the extent of 200 to 250 jobs. While cutting \$1,376,000 from the hospital budget, the legislature added \$100,000 to hire additional psychiatrists and adjust pay of those already in service.

Legislative bills to remedy so-

called waste of public funds in welfare administration were permitted by Governor Williams to become law without his signature. The senate committee on social aid and welfare, headed by Colen Smith, reported Jan. 12 that "millions of dollars have been wasted" due to lax administration, especially in Detroit. The state puts up 50 cents of each relief dollar expended. The legislative bills were aimed at a tightening of practices which have been contributed to higher welfare expenditures.

Stewart Woodfill, president of Mackinac Island's Grand Hotel, offers this bit of convincing logic why a bridge should be built at the Straits: Assuming that no federal aid should be used, the bridge would pay for itself on the \$1,000,000 annual loss to the state due to ferry operation deficit, depreciation of ferry and dock equipment, and interest on invested funds lost to the state. In 1949 the ferry fleet lost \$813,000. This amount, if used to finance the bridge, would retire the bridge bond issue and leave the crossing toll-free. The legislature authorized a study commission.

Add to the list of total losses from the University of Michigan fire that destroyed Haven Hall, the results of months of research for the state reorganization study.

One of the 27 state government functions now being studied by experts are state agencies dealing with labor, workmen's compensation and unemployment compensation.

Assistant Provost John A. Perkins, former state controller who is director of the project, Robert S. Ford, who is head of the university's Bureau of Government and Gordon Gray of the Bureau of Government had just about completed their report when—poof!—it all went up in smoke.

Perkins, Ford and Gary are now trying to put down on paper as much as they can remember.

Agriculture economists of Michigan State College forecast "slightly lower" farm produce prices in the second half of 1950, as compared with 1949. Farm income nationally is down 20 per cent from the 1948 peak.

Michigan automobile industry, and GM's five-year peace pact with CIO, is leading the nation's prosperity parade at present. Car output is forecast at seven billion (including trucks). Retail trade is due to be better than 1949. However, consumers are still calling for reduction in prices, and the dependency of the 1950 boom on automobiles and housing has prompted several economists to recommend caution.

## Neighborhood Club News

**Softball Results June 27**  
Hansen Chevrolet 4, Riley Motors 1.  
Bella Bar 20, Wilson Agency 4.  
Eastern Heating 7, Mt. Oliva 4.  
Hudson A. A. 7, Federal Mogul 6.

Hansen Chevrolet took a thrilling 8 inning contest from Riley Motors by the score of 4 to 1. At the end of the regulation 7 innings, the score was tied at one run. In the last half of the eighth inning with two outs and two men on bases, Guerresimo blasted a home run between the outfielders that scored three runs and won the game. The winning pitcher was Seigried, who allowed only 5 hits, and the loser was Runnells, who gave up 10.

Another thriller that was decided in the final inning was played between Hudson A.A. and Federal Mogul with Hudson coming out on top of a 7 to 6 score. Federal Mogul led 6 to 5 as Hudson came to bat in the last half of the 7th inning. With one out, Jenkins and J. Kamego both singled, Korky hit a double to left, one run coming in to tie the score. Then E. Kamego singled for the fourth straight hit of the inning and drove in the winning run.

**DAY CAMP**  
The Neighborhood Club Summer Day Camp is enjoying a most entertaining summer with many interesting projects and activities included in their daily program. This past week, the cowboys and cowgirls concentrated their efforts on putting on a Wild West Show which included racing, Indian Wrestling and special movies provided by the American Airlines for the occasion.

The children are looking forward to Monday, July 10, when Officer Edison, Storing of the Detroit Police Department will bring his famous dog "Safety Girl" and will put on a demonstration of Safety Rules which should be followed by all children.

The Neighborhood Club has been receiving so many phone calls from Mothers wishing to enter their children in the Day Camp and we regret that due to limited facilities we are unable to accommodate any more than we have at the present time.

## Salad Can Be Hot Weather Main Dish, But It Must Be Filling

A big, cool salad as the mainstay of a meal, always sounds tempting during warm weather, and the idea is appealing to the person who does the cooking. Whether a menu built around a salad satisfies the family's appetite and meets the food requirement depends on wise choice of the makings.

Main dish salads must be filling. That's an easy requirement to meet because they all contain a generous amount of crisp, bulky greens.

A stick-to-the-ribs quality is essential for these salads. It's well to make sure that they contain a goodly portion of foods such as meat, cheese, poultry, eggs, or fish which will give them a satisfying flavor and at the same time help to meet the day's need for tissue and blood building protein.

Because these combinations usually take the place of meat dish, vegetable, and "side-dish" salad, they must be big—big enough so everyone can have two generous servings at least. Unless this is the case it's necessary to add enough other dishes to the menu so no one will be shorted.

Hearty salads will be favorites for summer meals if the same general rules for preparing all salads are followed.

1. To have the salad greens temptingly crisp, wash them quickly but thoroughly and store them in the vegetable freshener or bag in the refrigerator until ready to mix the salad. The Food and Nutrition Service of the American Red Cross suggests this procedure not only for the best flavor but as a means of retaining the vitamins A and C in the greens.

2. Meat, fish and cooked vegetables which are rather bland in flavor make more interesting salads if they stand in French dressing or seasoned vinegar for an hour or more before being added to the rest of the salad. To avoid intermingling of flavors and colors keep them in separate moulds during this marinating process.

3. Mix the crisp salad ingredients with the other ingredients and dressing shortly before serving. The dressing wilts greens if added too early.

4. Have all ingredients in pieces small enough to handle easily but not so small that diners can't tell what they're eating. Distinct shapes and colors make the salads more attractive to see as well as taste.

5. With a few exceptions, salads must be cold to be good. Chill all of the ingredients, and if the weather is extremely hot, chill the bowl in which you plan to mix and serve it.

It's a good idea to have one hot dish in a salad meal. Make it soup for a starter, a hot buttered vegetable, a casserole of creamed or scalloped potatoes, a beverage or hot bread. One of the easiest is garlic bread prepared by slicing French bread about 3/4 inch thick, leaving it attached to the loaf at the bottom. Spread with butter flavored with garlic and bake in a moderate oven for 15 minutes to heat through.

### SUPPER SALAD

Two cups sliced cooked veal or pork, 1 cup sliced celery, 1/2 cup diced green pepper, 1/2 cup diced tart apple, 1/4 cup French dressing, 1/4 cup mayonnaise, 2 tablespoons chopped chives or green onion, 1 head salad greens, 2 tomatoes, 2 hard cooked eggs.

Add French dressing to meat and let stand, covered, in refrigerator for about 30 minutes. Shortly before serving add celery, green pepper, apple and half of the mayonnaise which has been mixed with the chives or onion. Toss lightly until mixed, adding more French dressing if needed. Serve on crisp salad greens garnishing with wedges of tomato, sliced hard cooked egg and the rest of the mayonnaise. Serves 4.

### KIDNEY BEAN CHEESE SALAD

Two and one-half cups (No. 2 can) kidney beans, 1 1/2 cups diced celery, 2 tablespoons chopped onion, 1/2 cup chopped sweet pickle, 1 1/2 teaspoons prepared mustard, 2 cups salad dressing, 1 tablespoon pickle juice, 1 pound cottage cheese, 1 cup grated carrot, greens.

Combine all ingredients except greens, carrots and cheese. Season to taste. Line bowl with greens and arrange bean mixture in it around a mound of the cheese which has been well seasoned and mixed with grated carrot. Makes 6 to 8 servings.

### MINTED LAMB SALAD

Two cups thin, small slices of cooked lamb, 2 cups sliced, cooked potatoes, 3/4 teaspoon salt, 1 tablespoon chopped mint, French dressing, salad greens.

Combine potatoes, meat, salt, mint, and enough dressing to moisten well and let stand for about 1 hour. Remove mixture from bowl, leaving dressing in it. Add broken lettuce hearts or other greens to dressing and toss lightly. Add meat mixture, garnish with mint sprigs and serve. Makes 6 servings.

## Car, Motorcycle Collide in Alley

A motorcycle driven by James C. Bye, of 4433 Kensington, smashed into the side of a car driven by Frank D. Cotter, of 230 Merivue, on June 29.

Cotter was in the process of parking his car behind a store at 76 Kercheval when the accident occurred. Both parties involved refused to sign complaints against each other. No tickets were issued by the police.

### WRONG ASH TRAY

The Park fire department answered a call to a beauty parlor on Charlevoix on July 1. A pedestrian who had been puffing on a cigar nonchalantly flipped it over his head while he was walking on Charlevoix. The cigar, still smoldering, plopped into the awning in front of the shop and minutes later the awning was afire. The department put the fire out.

### GAS THIEVES HURRIED

Approximately 15 gallons of gasoline were stolen from the car of F. C. Dickey of 448 Lincoln. The thieves who stole the gas were evidently scared away from the scene of the crime rather hurriedly. Police found the stolen five-gallon gasoline can was found lying beside the car. Police also found spilled gasoline in the driveway, indicating a very hasty departure.

In the family food budget the price per serving is more important than the price per pound or dozen. Meat cuts may vary from one to five servings per pound. A small chicken has more bone waste in relation to weight than a large one.

### FIRST SKY ROCKETS

The first rockets to brighten the skies in a Fourth of July celebration were shot up into the air over Lancaster, Pennsylvania, by Robert Fulton in 1778. The thirteen-year-old boy who was later to become famous for inventing the steamboat, made his rockets at a time when fireworks were almost unknown in America. He fashioned them of gunpowder and cardboard cylinders, working carefully to produce the startling results he desired.

## who, where and whatnot

by whoozit

### PLACE NAMES

We've always been fascinated, and frequently charmed, by the names, quaint or poetic, many Pointers have chosen for their summer homes and cottages. Over the years, we've selected a list of favorites, and inasmuch as it's now The Season, we'll share a few of them:

Deep Lake Farms, the Holly, Mich., home of the BENJAMIN E. YOUNGS.

Thirsty Knob, MR. AND MRS. FRED M. ALGER, JR., at Metamora.

Hazelwood, the MAURICE WOODS, Camlachie, Ont. Windcliff, MRS. STANDISH BACKUS, Manchester, Mass.

There's sheer poetry in Trillium Hill, where MR. AND MRS. GEORGE VILLEROT summer at Walloon Lake.

Brookhurst, ARCHIBALD CAREY, Grand Traverse County.

Chin-Whisker Lodge, the HUMPHREYS SPRINGSTUNS, Grayling.

Yellowleaf, MR. AND MRS. CHARLES A. DEAN, JR., Point aux Barques.

The WILLIAM C. RONEYS' "Mikenauk," at Higgins Lake, smacks of the Indian. Others on our list:

Kakissowin Lodge, MR. AND MRS. CYRIL J. EDWARDS, Collins Inet, Ont.

Beach o' Pines, MR AND MRS. GEORGE E. PARKER, JR., Grand Bend, Ont.

Mary Anne Manor, ANNI WARD FOSTER'S Manitoulin Island home.

### PILFERINGS

In rebuttal to the excerpt from IRVIN S. COBB'S panegyric on women we reprinted last week, this week here is what MARY ROBERTS RINEHART has to say on the subject of MEN:

"... There are really no men at all. There are grown-up boys, and middle-aged boys, and elderly boys, and even sometimes very old boys. But the essential difference is simply exterior. Your man is always a boy. He grows tidier, and he gathers up a mass of heterogeneous information, and in the strangest possible fashion as the years go on, boards have to be put into the dining room table, and the shoe bill becomes something terrible, and during some of his peregrinations he feels rather like a comet with a tail. The dentist's bills and where to go for the summer and do-you-think-the-nurse-is-as-careful-as-she-should-be-with-baby's-bottles make him put on a sort of surface maturity. But it never fools his womankind. Deep down he still believes in Santa Claus, and would like to get up at dawn on the Fourth of July and throw a firecracker through the cook's window.

"That is the reason women are natural monogamists. They know they have to be one-man women, because the one man is always a boy, and has to have so much mothering and looking after. He has to be watched for fear his hair gets too long and sent to the tailor's now and then for clothes. And if someone didn't turn his old pajamas into scrub rags and silver cloths, he would go on wearing their ragged skeletons long after the flesh had departed hence . . .

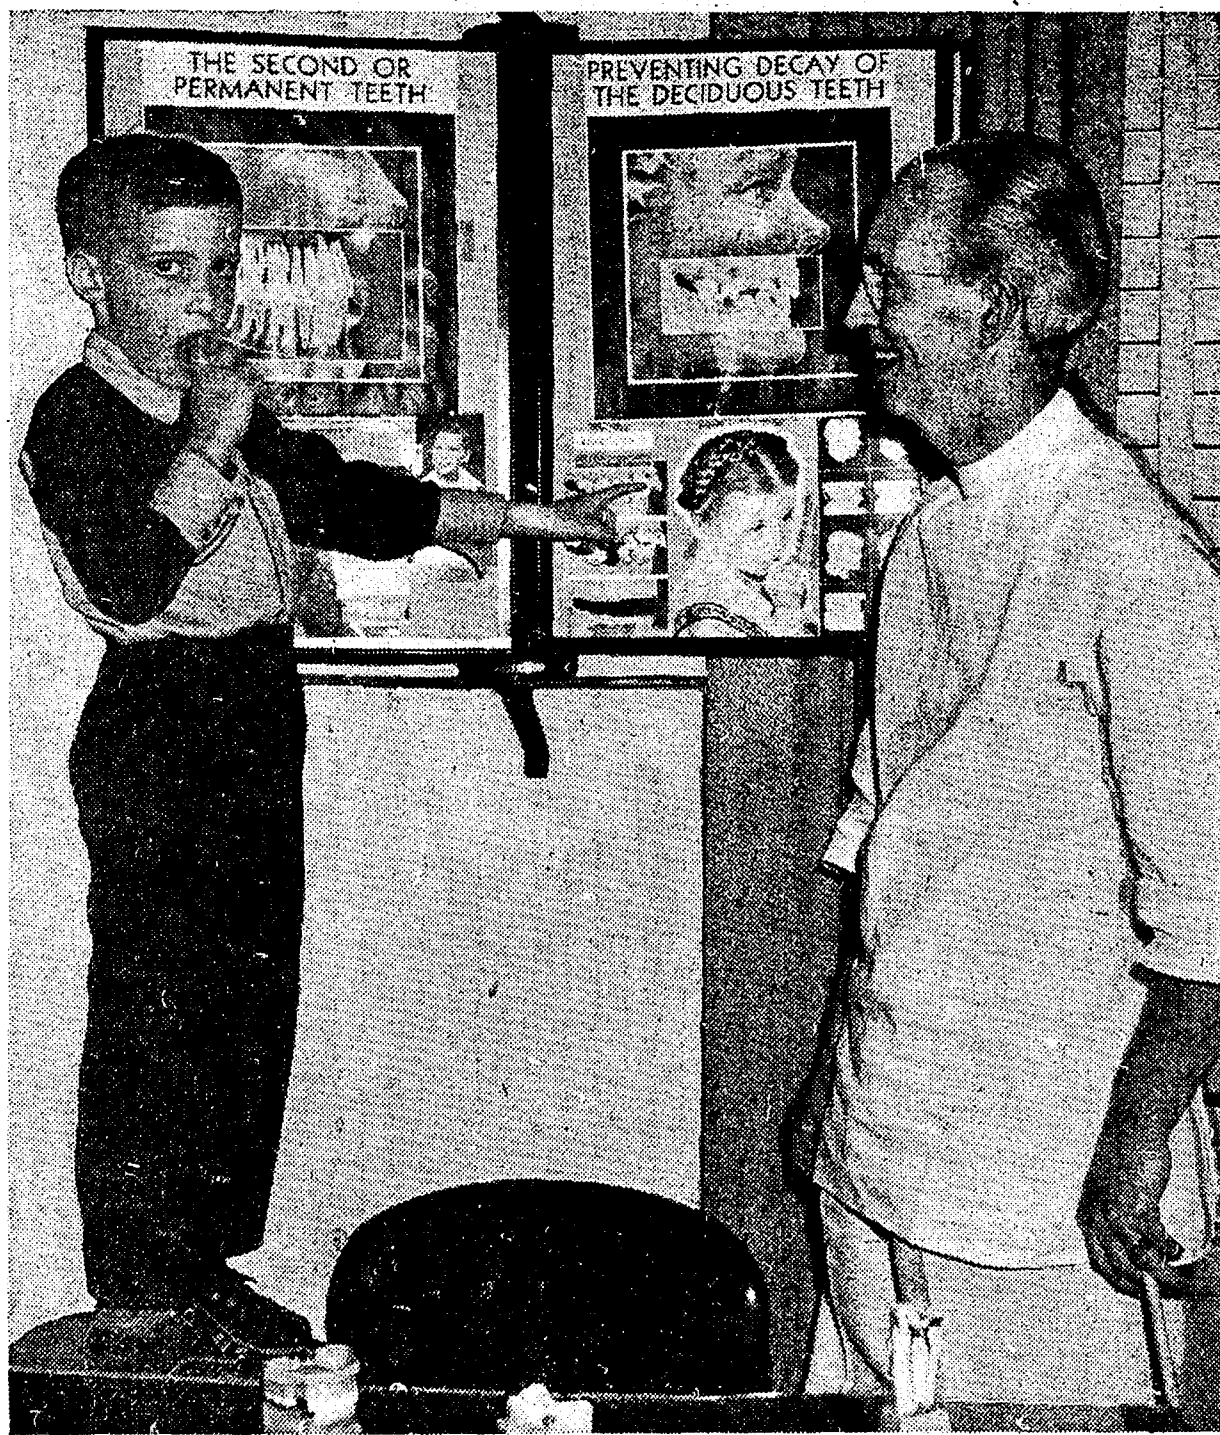

"And then of course now and then he must be separated forcibly from his old suits and shoes. The best method, as every woman knows, is to give them to someone who is going on a long, long journey, else he will follow and bring them back in triumph . . ."

## Pointer of Interest

DR. ROY FONDA OF LAKE SHORE LANE

—Picture by Fred Rummels

Dr. Roy Fonda, who has been a practicing dentist for 34 years, knows whereof he speaks when he tells his colleagues how to run their practices—he is one of three dental "efficiency experts" in the United States, and devotes a good deal of time each year to lecturing on his subject.

According to Dr. Fonda, his "gift of gab" started him in his avocation, which has taken him into nearly every state in the Union, delivering his lectures on practice management and dental economics. The dental profession is the only one for which such a service has been devised, and Dr. Fonda places the blame for its necessity on colleges and universities.

"Schools send the graduate dentist out into the cold world with a fine technical education—and nothing else. Curricula and not rounded, and the fledgling finds himself without any knowledge of how to run an office, use psychology or train personnel—all important factors in any doctor's life. After all, while our prime concern is with helping people maintain their health, we have to make a living doing it."

**DENTISTS PIONEER**  
The dental societies have pioneered in correcting this condition, which exists in other fields as well, in Dr. Fonda's opinion. His lectures, which he has been delivering for four years, are presented in major cities for practicing dentists and their hygienists and assistants.

To cover his ground, Dr. Fonda takes two days and a night—27 hours of talking. And he's found that he's had to branch out, in some cases, to become a combination psychologist, employment counselor and financier.

Dr. Fonda's lectures are followed up, at intervals, by survivors, who go into the dentists' offices to make recommendations, after spending a day there—

## Helpful Angler Gets His Reward

Patrolman Aaron Domine, of 1056 Maryland, and Joseph Gentile, of 11930 Payton, Detroit, set out to fish for fighting muskellunge on June 26. The men thought the muskies might be biting best far up in Lake St. Clair, off the New Baltimore shoreline.

Soon after they set out they came upon a small sailboat stuck firmly upon a sand bar. Domine and Gentile didn't hesitate to lend a hand and nearly an hour was devoted to removing the boat from the bar.

Domine remarked to Gentile as they proceeded on their way, "Well, maybe we will be rewarded for the act of mercy we just performed." The men cast their lines into the water and started to troll on the river.

A muskie must have overheard Domine's remark, because within a very few minutes the patrolmen had hooked one and was wrestling furiously with the fish in an effort to bring him aboard the boat.

The fish put up quite a struggle, but twenty minutes later Domine broke into a big smile. He got his Muskellunge. The fish weighed 15 pounds and was 36 inches long. The catch was made about one-half mile northeast of Peche Island.

troit after graduation from the University of Michigan Dental School in 1916. He's been an East Sider most of that time, but has been in the Pointe only since April 1, when he and his gracious wife bought a house at 95 Lake Shore Lane in Grosse Pointe Shores.

"Just like an interior decorator recommends a change in color scheme, perhaps," Dr. Fonda explains this service.

The Pointe dentist has pioneered in another field, also, where his financial know-how has come to the fore. He is a member of the Detroit Dental Society's original committee which worked out the first long-term payment plan for dentistry in the country.

**INSTALLMENT PLANNING**  
It's a plan rapidly being adopted in other parts of the nation by large groups of dentists "who are interested in bringing increased dental care to private citizens through free enterprise."

Dr. Fonda and his colleagues believe that the budget plan, which enables the individual, working with a third party (usually a bank) to buy pro-rated dental care on a long-term basis, in the same manner as he is enabled to buy consumer goods, will do much to forestall socialized medicine in this country.

As Dr. Fonda sees it, "Health is certainly one of the most important factors in anyone's life, and this plan will give the individual the privilege of taking care of his health in a convenient manner . . . it's something the professions have heretofore neglected, in large measure."

Slender, gray-haired Dr. Fonda was born in Johnstown, N.Y., and began his practice in De-

## Pointer Making Study of Sweden

Elizabeth Waldbott, 18, of 1144 Balfour, will spend her summer in Sweden studying the language, customs, and daily living of the Swedish people.

Elizabeth is a member of a group known as "The Experiment in International Living." The purpose of the group is to acquaint college students, (she just finished her freshman year at Wellesley College) with their international neighbors.

The students exercise the right of choosing the country which they wish to visit. Elizabeth's choice was Sweden and while residing in that country she will live with the family of a Swedish college student. Miss Barbo Goransson, of Helsingborg will be Elizabeth's hostess for the greater part of the summer.

The college students who are participating in the experimental living program, sailed from Quebec on June 26, aboard the liner S.S. Volendam. The ship will arrive in Rotterdam on July 6.

## Pointer's Home Ad Background

The beautiful home erected by Anthony Motschall, on the promontory thrust out into the lake immediately north of Vernier road has had national publicity recently in the New Yorker.

It has been selected as the attractive background for a new station wagon in an advertisement in that publication.

## Scout Jamboree Great Experience

From Valley Forge television is showing millions how Boy Scouts from all over the nation and some from foreign lands can live together in harmony, swapping objects of interest brought from their home communities, exchanging techniques, portraying the history of their sections in pageants on stages in a large natural amphitheatre seating the entire population of the camp.

Many special trains took Scouts to Washington. About 100 special trains were needed to carry Scouts and their camping gear to Valley Forge. Scouts visited America's leading cities while enroute to and from the Jamboree. They see the places they heard about and meet face to face with many prominent Americans who have been their guests at the Valley Forge Camp.

And they had a rendezvous with George Washington whose leadership started the United States on its way.

### KNOW YOUR LETTUCE

How well do you know lettuce types? The most popular is crisp head or "iceberg" lettuce. Leaf lettuce is used interchangeably with the head type, and is usually preferred for wilted lettuce. It grows in bunches instead of heads, and has greener leaves. Butterhead lettuce is smaller than the iceberg type, and generally has a smoother, greener leaf. Romaine lettuce has a long or cylindrical head, with a coarser leaf and stronger flavor.

July is one of the months when fresh fruits and vegetables are in plentiful supply. Plan to use them daily in economical and healthful summer meals.

### THE FLYING DOCTOR

He is a member of Psi Omega, national dental fraternity; Detroit Commandery No. 1 of the Masonic Lodge, and the Pierre Fauchard Academy, an organization which honors only members of the dental profession who have contributed much. Dr. Fonda has written many articles which have appeared in professional journals.

The Fondas find that they must plan their lives at least two months in advance, to allow for the doctor's lecture schedule as well as his practice. They fly when possible, as a time-saver.

Next September, for instance, Dr. F. knows just where he'll be—in Duluth, Minn.; Montgomery, Ala., and Grand Rapids, telling hundreds of colleagues, in his enthusiastic and graphic manner, how to mind their business.

## Kid Thespians Aid Polio Fund

The "Morning Glory Club" picked June 28 for its variety show to raise funds for the polio fund. Members of the group range in age from 7 to 11. They raised \$9 for the battle against infantile paralysis.

Dancing, singing and ventriloquism acts were presented. They were all worked out by the youngsters themselves.

Members of the club include Beverly Gray, Michele Boccia, Mary Edith Bunge, Holley Hurt, Peggy Ven Wassenhove, Mary Ellen Jarrett and Marion Keifer. Phyllis Boccia and Barbara Bendlen ushered.

After the performance Beverly's mother, Mrs. Roland Gray of Roland road, entertained the budding Thespians at a "Cast and Crew" party.

## Pointe Counter Points

Most of the Pointe seems to be drifting these days in the general after-the-Fourth July doldrums . . . when anything requiring effort becomes not too important and keeping cool is THE THING. Pointe shops are quite willing to cooperate in this activity.

For instance, JACOBSON'S has made even the arduous task of applying C-O-O-L cologne easier, by stocking a complete line of solid scents, in foil-covered sticks. Too, there's a new, delightfully-perfumed deodorant on the same principle, a great aid for summer. We discovered that JACOBSON'S have stocked a group of brushes which will make life easier, as well—they're imported, real-bristle ones, with polished wood backs which, for OUR money, shine hair better than anything else.

Remodeling is going on apace in two Pointe centers—THE CLOTHES LINE, which will close tomorrow until completion of their new wing in mid-August, and THE PENTHOUSE, which is holding a large sale while THEIR remodeling is being done.

If you took a batch of Fourth-of-July snapshots, color or black and white, the minimum of effort will be required to take them to the CAMERA CENTER for developing or printing . . . and if you're planning to spend some of your leisure fishing, GRAY'S contest is still going on to make it profitable as well as pleasureable . . .

### Pointe Women on Board Of U. of M. Association

New president of the Detroit Association of University of Michigan Women is Mrs. Edgar G. Braun. She was elected at meeting of the group held last week in the Bishop road home of Mrs. Stuart G. Baits.

Other new officers include Mrs. James L. Frey, vice-president; Mrs. Lyman Jones, recording secretary; Bertha Whittaker, corresponding secretary; and Cornelia Grossman, treasurer.

New committee heads are Barbara Armstrong, United Nations; Mrs. Frey, social; Mrs. Erzell Carley, publicity; Mrs. Lee Walters, membership; and Marilyn Sage, program.

### New England Women Elect Mrs. Warner

New president of Grosse Pointe Colony, National Society of New England Women, is Mrs. Charles B. Warner, Jr., who was named at the group's election last week.

Vice-presidents are Mrs. Russell F. Tripp and Mrs. Lewis C. Dunn. Other new officers include Mrs. Louis Gascoigne, chaplain; Mrs. George S. Guy and Mrs. Alden Matthews Burnette, secretaries; Mrs. Albert C. Pasini, treasurer; and Mrs. Charles W. Holden, registrar.

More are Mrs. Harold E. Phelps, historian; Mrs. George Savage, flag custodian; and Mrs. Frank Horton and Mrs. Lloyd DeWitt Smith, directors.
