Setter Presents Young Master With Man-Sized Problem

ANDY SMITH of 77 Muir road clutches a litter of 10 half breed puppies from his pedigreed English setter "Spot." HEADLINES of the WEEK

As Compiled by the Grosse Pointe News

Thursday, July 27

AN ASSAULT has been launched by an estimated 40,000 Communist shock troops in an effort to crack South Korean defenses wide open. The left flank of the First Cavalry Division on the Yongdong front has been driven back by the North Koreans. A lightning thrust by enemy troops along the south coast of Korea drove American forces back 25 miles to within 50 miles of the important supply port of Pusan. Maj. Gen. Hobart Gay, commander of the First Cavalry Division, immediately ordered a counter-attack.

Thursday, July 27

THE HOUSE quickly passed a bill authorizing search of all foreign vessels entering this country in an effort to guard against any atomic sneak attack on American shores. President Truman has ruled out the use of the atomic bomb in the present struggle in Korea. Truman declined to make a comment on present peace prospects. He said that he had best wait for more developments.

Saturday, July 29

AMERICAN and SOUTH KOREAN counter-attacks have stalled the Communist thrust against the center of the 200-mile front. A field dispatch reported Americans have regained positions lost in Friday's fierce battle. American Navy dive bombers and Air Force jet fighters continued to blast the Communist column around the city of Kuchang. Clearing weather conditions have permitted greater support from fighter planes.

Sunday, July 30

MANUFACTURERS have been given the go-ahead by the Air Force to begin production of more than 4,000,000 worth of airplanes and parts. The aviation industry was directed to get busy with the job and contract negotiations will follow later. The orders cover the entire Air Force procurement program for the fiscal year that began July 1, according to a high government spokesman. No details as to the names of the companies or the types and numbers of planes will be made public.

Monday, July 31

NORTH KOREAN Communist troops have crashed through the American defense line at Kuchang on the western front in South Korea. The vital communication center of Taegu is now only 30 miles from Red forces. The Communist drive threatens the main American port of Pusan. American troops are abandoning the city of Chinju and digging in to the east. MacArthur has estimated that the Reds have built up their invading army to 200,000 men.

GENERAL DOUGLAS MACARTHUR has flown to Formosa to carry out President Truman's instructions to guard the Chinese Nationalist stronghold against a possible Communist attack. MacArthur was accompanied by several of his key staff members.

Tuesday, August 1

NORTHERN KOREANS have knifed through the American defensive line along the western front. Communists are now 33 air miles southwest of the key communications center at Taegu. Fresh American reinforcement troops are pouring into South Korea. MacArthur's headquarters reported the first units of United States Marines have reached a South Korean port. A military spokesman has estimated North Korean dead at 37,500. He also said the Communists are running short of tanks.

Wednesday, August 2

AFTER HANGING ON TO his throne for 10 days of open demonstrations and riots, King Leopold III has agreed to delegate his royal prerogatives to his eldest son. Repercussions have begun anew in Belgium because anti-Leopoldists claim the King wouldn't abdicate in favor of his son, Prince Baudouin, until the prince reaches his 21st birthday. Baudouin won't become 21 until Sept. 7, 1951. Mounted police rode through the streets of Brussels in an effort to round up 2,000 smoke-bomb throwing demonstrators.

Trap Snares Thieves at Farms' Pier

Young Brothers Nabbed When They Attempt to Steal Purse Planted By Attendant

Two youths were apprehended at the Farms pier on July 28 when they made an effort to steal a purse from atop a picnic table. The boys, brothers, spied the purse and were ready to make off with it when they were nabbed by Henry Collins, the park attendant.

Planted Purse

Collins had "planted" the purse in an effort to catch the thieves who had been stealing park passes. After a thorough questioning at the Farms police station, the youths admitted stealing four bags and three wallets from the Moross Pier.

Had Four Passes

One of the boys had four park passes that didn't belong to him concealed on his person. They said the money they had stolen was only change and didn't exceed a dollar. The brothers have been released to their father until further disposition of the case. Because of the youth of the boys involved, the News withholds their names.

Ford Family Gives \$5,000 More to Memorial Center

Two substantial gifts to the Grosse Pointe War Memorial Center have brought the total raised in the current drive for funds to between \$12,000 and \$13,000, it was announced this week by Alger Shelden, president of the Memorial Association.

The two outstanding gifts, for \$2500 each, were received from William Clay Ford and his sister, Mrs. Walter B. Ford, the former Josephine Ford. With gifts previously received from Mrs. Edsel Ford and Mr. and Mrs. Henry Ford, II, this brings to \$20,050 the total amount donated to the memorial by this one family.

Responses from 8,000 other Pointe families contacted during the current drive have produced less than \$8,000 to date. These

Pointe Swimmers Enjoying Best Break in Years; Water Pure, Season Uninterrupted

Macomb County Officials Giving All Possible Cooperation To Keep Beaches Open; Weather Lends Assistance

Pointe swimmers have had an unusually good break this year. With the summer more than half gone all of the municipal beaches have operated since their openings without a single interruption. Generally by this time of year, the "No Swimming" signs have been posted at least once.

Availability of the Pointe

beaches for swimming is largely dependent on the weather, with heavy rains being the main cause of interruption. So far this year there have been no very severe storms, a fact which has also been most pleasing to those whose basements flood during unusually heavy storms.

Thanks to Macomb

Local swimmers owe some debt of gratitude to officials of Macomb County for the uninterrupted season so far. Whenever possible Macomb County uses the interceptor sewer which runs inland and keeps drain and sanitary sewage out of the lake. During a very heavy storm this interceptor cannot carry all the drainage and it is necessary to divert the flow into the lake. Within a few hours the pollution shows up at the Pointe beaches and it is necessary to close them.

Better Than Ever

Points Health Commissioner Dr. Thomas S. Davies says the regular tests being made at all the Pointe beaches, shows the water purer this year than ever before.

Dr. Davies has received additional help this year in this testing work and other phases of the health service. The County, which took over the health service for the Pointe in April, has assigned him a sanitarian, Ernest Orchard, who works full time with the Pointe office in the Defer School.

Rams Into House On Anita Avenue

Myrtle Harkness, of 1736 Roslyn road, lost control of her car as she was making a right hand turn off of Anita onto Goethe on July 26. She plowed into the side of a frame house at 1658 Anita.

Estimated damage to her car was \$250. A four by six foot hole was blasted into the basement as a result of the impact of the car. Cracks were also made in the kitchen and dining room walls.

With Mrs. Harkness at the time of the accident was her nephew, Donald Wilson, 15, of Montreal. Woods police issued a ticket to Mrs. Harkness for not having her car under control.

Queen's Ball Is Addition To Festival

Dance To Be Held On New Terrace at Farms Pier Following Water Events

Next Monday, August 7, one of twenty eight Grosse Pointe Farms girls will be chosen as queen of the Farms first Water Festival to be held August 17.

To Dance on Terrace

Following the presentation of a loving cup to the lucky girl there will be a dance on the new pier terrace.

A local businessman, John Reigler, is making this possible by setting up a public address system which will provide the latest in records for the crowd's entertainment.

The Better To See

The contest will get underway at 7 p.m., instead of 7:30 as previously announced. The reason for the change is to give the spectators a chance to witness the judging during the daylight instead of by floodlights.

Warned Against Switching Plates

Robert M. Wulbrecht, 20, of 5337 Pennsylvania, Detroit, was taken to the Farms police station on July 24 to explain why he was driving around in a 1939 car with license plates that belonged to a car of '49 vintage.

Investigation by police proved that the license plates on the car that Wulbrecht was driving belonged to another car owned by his family. Police told him to be sure and get the right plates on the right car.

Two Cars Crash At Intersection

Bernadette R. Chappell, of 10917 Marne, Detroit, driving east on Vernor on July 28 struck a car operated by James McGinnis, of 28222 Schram, Roseville.

McGinnis came to a complete stop at Beaconsfield and Vernor but then pulled into the path of moving traffic. McGinnis will appear in court on August 30 to answer the violation charge of driving into moving traffic.

Educators Jittery Awaiting Bids on Cook Road School

Building Costs Increased By War Scare May Jeopardize Whole Program; Sub-soil Conditions Complicate Situation

Bids for the Cook Road Elementary School will be opened at a regular meeting of the Board of Education on Wednesday night, August 9, and the board members are keeping their fingers crossed in unhappy anticipation of what the bids may mean to the whole building program of the Pointe public school system.

When bids were taken for the completion of the Parcels School early in June, the board was delighted to find it could be built for \$290,000 less than the architects' estimates. It may be a far different story next week.

Double Trouble

The war scare has caused building prices to zoom. Architects and builders have told the board it was extremely fortunate to get its Parcels bids in just under the wire.

In addition to the advanced costs generally, the sub-soil conditions on the site of the new Cook School have been found to be very bad and it is going to be both difficult and extremely expensive to sink the required piling supports for the new structure. Some experts have estimated it may add from \$50,000 to \$60,000 to the cost of the building. \$1,045,000 Estimated

The architects' estimates for the Cook road school were \$1,045,000. If the bids are far above this mark it may jeopardize the remainder of the building program, which includes completion of the New Kerby School and the building of a new school in that portion of Grosse Pointe which lies in the Pointe public school district.

Bids for coal and oil for the various school buildings for the coming winter will also be taken at the meeting on August 9. There will also be bids received for one new car and one panel truck to replace two vehicles.

More Fireworks

Secondary to the taking of the bids on the Cook road school, but promising plenty of intense interest and activity at the meeting, will be the continuance of the arguments for and against having half day sessions at the Vernier School.

A spirited discussion on this subject was held at the last meeting of the board, followed by a vote which resulted in a tie. The faculty and school administrators have insisted it was necessary to install half day sessions at the school to keep from crowding 45-50 pupils into a single room and lowering the standards of education. The PTA has been strongly against the half-day sessions.

How They Voted

When the vote was taken Directors Alice Moody Sheaffer and Shirley T. Johnson voted for the half-day sessions. Directors Franklin Dougherty and Bert H. Wickling voted against them. Board President Sigurd Wendin was out of town.

There is also the possibility that the Mason School PTA may get in on the argument. Half-day sessions are being used at that school, against the wishes of some of the parents. They may take this opportunity to renew the battle for their own cause.

Formal Note Is Injected Into Farms Beauty Contest

Twenty-eight young ladies who had entered the Grosse Pointe Farms Beauty Contest scheduled for August 7, are putting their swimming costumes in moth balls and pressing their formal gowns. The event was suddenly switched this week to a Talent Show Popularity Contest, and more dignified attire was prescribed.

Considerable confusion covers the sudden change in plans of the committee running the community event, but certain developments during the week threw a more or less revealing light on the transformation.

The NEWS was asked to take publicity pictures of some of the entrants last Wednesday at the pier. Nineteen of the girls appeared, all in their bathing suits. But only four of them would pose.

When asked for an explanation, one of the girls who refused to pose acted as spokes-

New Supply Of Chlorine Is Obtained

New Diving Platform Now Being Installed; Refilling Expected by Weekend

The threat of the possibility of having to close the Woods pool at the municipal beach park because of the lack of chlorine, appears to have been eliminated. The pool, now closed while a new diving platform is being installed and a regular cleaning is being administered, will reopen again on Friday or Saturday.

Woods Clerk Phil Allard told the NEWS Monday that a new supply of the purifying chemical has been obtained. Last week it was announced that there was very little on hand and the company which has been supplying the chlorine was on strike. Other manufacturers had already started to ration out their stocks, as chlorine is a very important war product.

New Suppliers Found

Two new suppliers were found during the week and there may now be enough on hand to guarantee keeping the pool open for the balance of the season. It was also stated the strike has been settled at the plant of the original supplier so it will probably be possible to get an additional quantity there if it becomes necessary.

It also developed that the Woods had one other card up its sleeve in the event it wasn't possible to get the regular chlorine needed to purify the pool. The health authorities advised the village officials that it would be expensive, but it was possible to make the pool safe for swimming by adding Roman Cleaner, a cleansing and disinfecting product which contains chlorine.

Popular Spot

The weekend saw a great crowd using the Woods park. Two extra lifeguards were hired for Saturday and Sunday to safeguard the many swimmers. The village has just purchased four new lifeguard chairs for the four guards regularly employed.

Contracts have been let for the new comfort station and construction is expected to start immediately. The building will cost about \$7,000 and is expected to be completed within 90 days. It will not be finished for the current swimming season, but will be available for the late fall picnickers and winter skaters.

Pool Now Drained

The pool was drained Monday so workmen could install the new diving platform recently presented to the village by Mervyn Gaskin. While it is empty, it will be given one of its periodic thorough cleanings.

Refilling will depend on the weather. It is necessary to wait for an offshore breeze before fresh water is pumped into the pool, to avoid filling it while onshore winds are pushing sediment and pollution towards the intake. Woods officials said Monday they expected it would be filled and ready for use again by the weekend.

Burglar Foiled At Woods Home

A burglar attempted to break into the home of Marie Kemp, of 2143 Fleetwood, on July 26. A pane of glass had been kicked out of a rear door leading into the kitchen. The lock of the door had also been jimmied.

Investigation by Woods police revealed that the thief was unable to get into the house proper. The kitchen door had been securely locked before the Kemps left on their vacation.

Brand New Car Looted by Kids

Mrs. J. P. McLaren, of 1264 Bedford, heard a noise in front of her home on July 30 and investigated to find some boys tampering with her car.

The youths she saw fled as soon as they were aware of their detection.

The young culprits stole three hub caps from the McLaren's new Cadillac. The car only had 14 miles registered on the speedometer.

Political Tempo Quickens

The Provisional Branch of the League of Women Voters is to be congratulated for the campaign it has been waging to see that all 21-year-olds who have just become of voting age, have had special help and encouragement in becoming officially entered on the registration lists of the various Pointes.

The right of franchise is one of the most precious privileges offered the citizens of this country and it is important that it should be impressed on these young people at the earliest possible moment that they have assumed a new obligation which must not be shirked.

Pointers have been in the practice of exercising this right to vote, and in practically every election excepting the national ones, the record of the local electors has been little less than shameful. Voting regularly is a duty which every good citizen should perform with a sense of pride and gratitude. It is a privilege which many people of the world would give much to possess.

To be completely representative, governments of all forms must be placed in office by the greatest possible participation in elections. Corrupt political machines can get their candidates elected only when the honest voters and supporters of good government stay away from the polls.

The voting habit should be acquired early and nurtured at every possible opportunity. This is the aim of this non-partisan organization in its present campaign.

Congratulations should also be extended to the municipal officials of the five Pointes who have cooperated with the League by keeping offices open to receive registrations on special occasions beyond the normal office hours.

With the primary elections scheduled for September 12, political activity is increasing its tempo and there is every indication that the Pointe will be in for a hotter campaign than in previous years.

There is a great possibility that two Pointe residents will be opposing each other for the governorship of the state. Fred M. Alger's record in his two terms as Secretary of State should earn him the nomination for Governor on the Republican ticket. It appears certain that another Pointer, Governor G. Mennen Williams, will be the Democratic nominee.

The congressional fight should also be more spirited than usual this fall. Incumbent Louis Rabaut will doubtless be the Democratic nominee. The primaries will see former Congressman Harold Youngblood pitted against an unusually strong adversary, Richard Durant, for the Republican nomination.

The Pointe is located in the largest congressional district in the entire United States. While the Pointe area has always been predominantly Republican, it is such a small portion of the great district that it has not been able to overcome the Democratic majority piled up outside the Pointe, excepting on scattered occasions. One of these was in the Republican landslide of four years ago when Youngblood defeated Rabaut in the election by a narrow margin.

The Republicans claim that recent surveys indicate that the great number of new residents coming into the 14th District include more Republicans than Democrats, and are hopefully asserting that chances look good for another victory this year.

In any event, no effort will be spared by either party to see that all of its members get to the polls, especially with such hot fights promised in the primaries.

Through the campaign being conducted by the League for Women Voters it is expected there will be an unusually large number of 21-year-olds casting their first ballots.

Before It's Too Late

Something is going to have to be done to slow up traffic in the Farms business district on Kercheval avenue between Fisher and Muir roads. The suggestion has been made that another traffic light is needed between Fisher and Muir. The Farms police will have to decide whether this is the answer to the problem.

The two curves in Kercheval between these two streets are what make the situation particularly dangerous. Cars which have been stopped by the lights at either Fisher or Muir are able to gather considerable speed before they round the turns which take them smack into the heart of the crowded business district. With continued building activity, this congested condition is going to get worse all the time.

Shoppers are crossing the street, drivers are getting out of their cars and there always seem to be a great many children darting in and out of the traffic. Just a few weeks ago one child had a very narrow escape from serious injury when he was struck by a car in front of the Grosse Pointe News office. Something should be done without waiting for a traffic fatality to point out the necessity.

In the City's business district just a few blocks further west, there is a traffic light at each of the three corners. In addition, this section of Kercheval is prominently posted as a 15-mile per hour speed district and the police enforce the law. And yet this section of Kercheval is perfectly straight and vision is unimpaired through the entire business district. In the Farms, with infinitely more dangerous conditions, most drivers seem to be in the habit of making a speedway of the winding stretch between the two lights.

The danger is greatly augmented on Saturday and Sunday afternoons when swarms of children attend the matinees at the Punch and Judy Theater.

Grosse Exaggerations

"It is easy to sit in the sunshine And talk to the man in the shade; It is easy to float in a well-trimmed boat And point out the places to wade." (Ella Wheeler Wilcox)

Last Saturday at about two-thirty, we were sitting on the screened porch of a friend's house minding our business over a glass of iced tea, when the sky suddenly clouded a bit. Our hostess, who had plans for the evening, asked her husband to dial "weather" and find out if it was going to rain anytime during the day. This he did and came back to report that "weather" SAID: "Fair today through Sunday, with partially clouded skies."

He had no sooner dropped these pearls from his lips, when we saw real, honest raindrops falling gently in the back-yard fish pond. Within ten minutes, the deluge was so great, we all had to pitch in and move the furniture against the wall to keep it from getting soaked. When lightning and thunder started boom-booming, we were THAT curious . . . that WE went to the phone and dialed weather . . . "it" said, "Fair through today and Sunday with partially clouded skies." Someone must have slipped in the wrong record.

These home-making magazines are at it again with their weird ideas. This time it's television sets . . . and how easy it is to have them unobtrusively around the house with unobtrusive seating capacity for you and all the neighbors. Oh yeah? Most of the illustrations showed sets built in hidden cupboards or lurking behind sliding doors. These were pictured in elegantly furnished living rooms that contained nice easy chairs on big fat rubber-tired rollers . . . for easy rolling into place. Also, we noted the floors of these rooms were BARE!

Special lighting was suggested, advising that the ideal light should be of the same intensity as the light in the tele-vee set. Nothing at all to having a TV set; we alluz sez. Just knock out a wall to make a place of concealment; put rubber tires on your chairs . . . and oh, yes, be sure to take up the rugs.

We should like to borrow the New Yorker's "Go Climbed A Tree" dept. for this next item, which we plucked out of one of the Sunday graphic sections of the newspaper. The article deals with the life of a once prominent beauty who died recently. Our tree-climbing has to do with this paragraph: "Even her mother had no idea of the thrills that were in store for Vera. The family, which lived in New York City, was well-to-do and Vera's mother wanted her to go to Vassar and enter society. So she refused to let the little girl have dancing lessons. ! ! !"

At a small social gathering the other evening (nice people, who no doubt weren't allowed to go to dancing school when young), a local gent intrigued his audience by telling them he had actually SEEN some flying saucers the previous night. At once he was pelted with questions from every side. Where were they, what did they look like, did he really see them etc., etc., etc. When the hub-bub died down, he calmly replied that he had been at a large stag dinner at one of the downtown hotels the previous night and that sometime during the evening he tripped a waitress . . . and he SAW flying saucers!

We hope you enjoy this true tale as much as we did when it was told to us this week by a local woman. Our heroine happens to have a very talkative manicurist who loves to gabble about people and pass on whatever she hears. This day, as she was filing away, she brought up the name of a woman whom our informant doesn't like. When the manicurist pinned our heroine down to ADMITTING she didn't care about the woman in question, she then said, "I don't understand why people don't like her . . . because she has so many nice traits." A bit miffed, Madame said, succinctly, "Name ONE!" Whereupon the manicurist character replied, "Well . . . for one thing she has a lot of money." (That was always a nice trait in our little book!)

We listened in on a little scene that took place between a young married man and a dowager of the Helen Hokinson type. The young man happened to mention that he and his wife were moving to quarters more suited to their pocketbooks. The dowager (probably assuming that their pocketbooks had somewhat enlarged), began to quiz him about the new house. He answered her questions as to number of rooms, size of living room, how many bathrooms, fireplaces in each room, color scheme, and on and on, while he balanced in two hands a drink, a cigarette and sodden canape. Finally, she said brightly, "And I suppose you have a lovely porch?" He mumbled something indistinctly . . . but she didn't let it sit there. "What is the porch LIKE?" she asked. "It's like this," he replied. "It consists of two chairs and a bottle of Scotch!"

Has been said that everything new and does happen in Paris . . . and after reading the following news item (culled from a Bermuda newspaper), we believe it. We print here, word for word, the exact item headed: "Court Must Get To The Bottom of This!"

"The manager of a clothing shop told a court here today that he fired a male clerk because when a customer asked to see the manager, he lowered his trousers and said, 'Here he is!'"

The clerk was said to have a picture of his employer tattooed on his posterior. He asked for compensation for wrongful dismissal.

"The employer stated that he would take medical and legal advice on whether he could sue to have the tattooed portrait removed. The court of referees postponed decision for two weeks."

Michigan Mirror

Michigan's big news-of-the-week was the hurried preparation to get under cover from Russian bombing planes if and when war breaks.

If war does not come, the preparations may be regarded as constructive for test training purposes.

If war does come, a lot of people fear that Michigan may be caught unprepared. The big industrial centers and the Soo locks offer ideal targets, and a few bombs, placed accurately, could become miniature "Pearl Harbors" to American security.

Plans to evacuate industrial centers are being rushed, while first aid organization was being pushed to provide doctors, nurses and nurses' aides for bombed areas.

All of these recent preparations reveal the extent to which Michigan citizens have been suffering from war jitters.

At Washington the Congress approved extension of the Draft, empowering the president to draft needed manpower for the armed forces, now 635,000 men short. Michigan's selective service machinery is being kept on a stand-by basis for instant call. Detroit's coordinator, Brig. Gen. Clyde E. Dougherty, gave this bit of advice, as publicized in the press:

"All I can say is get calm, don't get hysterical, get under cover, turn off the gas and lights, leave the radio on for advice."

Youths Indulge in False Alarm Spree While Firemen Are Battling Big Blaze

The fire department of Grosse Pointe Farms was called out to fight a fire that started in an abandoned building on Moross and Mack on July 30. Both fire engines answered the call.

Four Grosse Pointe youths wondered just what would happen if they should turn in an alarm in the Farms while the firemen were putting out another blaze. The foolish quartet proceeded to turn in a false alarm at the call box on Moran and Grosse Pointe boulevard.

Regular Epidemic

Fifteen minutes later the boys drove to Moran and Ridge and turned in another false alarm. Firemen from the City of Grosse

Pointe answered both alarms. Meanwhile the youths turned in another alarm in Grosse Pointe Park, but this time they were nabbed by the alert Park police.

Three of the four boys engaged in the false alarm spree spent the night in jail. The other youth was not with the boys when they were apprehended turning in an alarm at Harvard and Maumee.

Plead Guilty

Three of the boys are residents of the Park, the other, a juvenile, resides in the Farms. The three older boys were arraigned before Judge John L. Potter on July 31. They pleaded guilty to the charge of turning in false alarms. The juvenile will be prosecuted in the Juvenile Division of Probate court. The other boys will appear before Judge Potter on August 10 for sentencing.

While the boys were carrying on with their zany antics, Farms firemen were fighting the worst blaze to be recorded in the Farms since last fall.

Reckless Drivers Pay Up in Court

The following cases were heard in the court of Judge John L. Potter on July 26.

Jack Langley, of 3802 Huribut, Detroit, was found guilty of speeding and failing to stop at the intersection of Kercheval, St. Paul, and Jefferson on July 7. He paid a fine and costs of \$40. Langley is forbidden to drive for 30 days and he must attend two sessions of Traffic School.

For pulling into moving traffic and causing an accident at Jefferson and Wayburn on July 4, Howard G. Janescheck, of 785 Fernhill, Detroit, paid a fine and costs of \$10.

Marilyn J. McBrien, of 317 Eastlawn, Detroit, pleaded guilty to a charge of reckless driving and causing an accident on Balfour on July 6. She paid a fine and costs of \$10 and must also attend one session of Traffic School.

A fine and costs of \$10 was imposed upon Stella Warakowski, of 1614 Fairview, Detroit, who was found guilty of reckless driving and causing an accident at Jefferson and Bedford on July 6. Judge Potter also ruled that she must attend two sessions of Traffic School.

The court received \$15 in fine and costs from Rudolph A. Manthey, of 509 Dickerson, Detroit, who was found guilty of reckless driving and causing an accident at Korte and Windmill Pointe drive on July 9.

Ray T. Lyons, of 258 Kerby, was found guilty of speeding 35 miles per hour on Vernor on July 12. He paid \$10 in fine costs.

E. D. Stair, Jr., Dies Suddenly

E. D. Stair, Jr., aged 47, of 833 Park lane, Grosse Pointe Park, died late Monday night of a heart attack. He was pronounced dead in Jennings Memorial Hospital, where he had been driven by his wife, Kathleen.

The Stairs had spent the evening with his father, 91, at the latter's home at 8330 East Jefferson avenue. After they left to go home, Mr. Stair complained of indigestion and Mrs. Stair drove him to the hospital.

Mrs. Stair said her husband had been ill only once in the last 12 years.

A speedboat and auto racing enthusiast, Mr. Stair had worked tirelessly to make last Saturday's Memorial speedboat race a success. He was in charge of the affair as commodore of the Detroit River Racing Association and a member of its board of trustees.

Stair himself had driven in many speed classics. He was the owner of a former Gold Cup entry, Katy Did, and had served as an official at the Indianapolis Speedway races.

Besides his wife and father, Mr. Stair is survived by three children, Nancy, 10; Susan, 9; and Edward D. III, 5; and a sister, Countess Pierre deRostang, also of Grosse Pointe.

Mr. Stair was an engineering consultant.

Ignores Sign; Causes Crash

William R. Vaughn, of 9172 Yorkshire, Detroit, driving south on Washington on July 25, smashed into a car driven by William M. Clark, of 2524 Helen, Detroit, going east on Waterloo.

Vaughn failed to stop at the stop street. He was given a ticket for not having his car under control.

Mrs. Bates was given a ticket by Farms police for permitting her unlicensed son to drive the car. Maxwell was given a ticket for reckless driving and leaving the scene of an accident. He is to appear in the juvenile division of Probate court.

Juvenile Driver Gets in Trouble

Maxwell Bates, 15, of 502 University, was driving a station wagon east on Beaupre on July 24 when the car got out of his control and leaped over a curb, travelled across two lawns and then got gack into the street and sideswiped a parked car.

Maxwell drove right home without reporting the accident. His mother, Mrs. Elizabeth Bates, brought the boy back to the scene of the accident. Estimated damage to the Bates car was \$50 and to the parked car, owned by Florence Sterr of 28 Roslyn, the damage was \$200.

Pointe Remains Free of Polio

Not a single case of infantile paralysis has been reported in the Pointe so far this season. Dr. Thomas S. Davies, health director, told the NEWS this week. Last year the first case was reported on July 16 and before fall's cold weather arrived there had been 21 cases with one fatality.

Dr. Davies pointed out that the later in the season the first case is reported, the better are the chances that there will be few polio victims. Cold weather usually puts an end to the dread disease.

Wrong Move

Gaston Benoit, of 25652 Hayes, Roseville, was driving south on Berkshire on July 29 and moved into the path of traffic on Charlevoix. Benoit's car was struck by Clinton B. Hatcher, of 428 Madison, who was driving west on Charlevoix. Park police ticketed Benoit for driving into the lane of moving traffic and causing an accident. He is to appear in court on August 18.

Cyclist Hits Bus

Billy Finn, 10, of 1421 Wayburn, was riding his bicycle south on Wayburn on July 30, when he started to cut across the street and ran into a Grosse Pointe bus. The boy suffered bruises on his left elbow.

Woods Sea Scouts Given Boats by Kiwanians

THE GROSSE POINTE WOODS SEA SCOUTS became the proud owners of a couple of Lightning Class sailboats which were gifts from the Riverside Kiwanis Club. WILSON BRYCE stands in cockpit and clutches the ownership papers while JIM BOARDMAN gives the craft a loving smack to show the boys joy as JERRY LORENZ, left and JERRY DEISING look on. The boats are in need of much repair but it is Skipper Bob Schultz's plan to have the boys work on them during the winter and have them ready for use next Spring. Any Grosse Pointe boy 14 years old interested in getting into the troop may call the Skipper at TU 1-6312 for information.

Speeder Finds Fun Expensive

Francis Ritchie, 21, of 1025 Wayburn, was arrested by Park police on July 30 for reckless driving and speeding. Ritchie was zooming down Wayburn and running through stop streets.

He was tried in the court of Judge John L. Potter on July 31 and found guilty of the charge.

He paid \$40 in fines and court costs. Ritchie also had his license revoked for a six month period and he must attend three sessions of Traffic School.

Society News Gathered from All of the Pointes

From Another Pointe of View

by Jane Schermerhorn

This is Jubilee Year for the Pointe's Mrs. William Rust Pierce... who is celebrating her twenty fifth anniversary as one of the country's leading couturiers...

And to mark the occasion... Mrs. Pierce entertained last Saturday evening at a gala garden party in the terraced gardens of her Beverly road home...

The hostess... who shows off her own stunning "originals" with great distinction... chose for the evening a white chiffon gown imprinted in green leaf motif... Its slim bodice, designed with square neckline, melted into a sheathed skirt which had 1950 fan drapery at the back...

Tables were arranged on the terraces for an al fresco supper... and a strolling troubadour played melodies to match the moon on his concertina...

Mrs. Pierce's Jubilee

Guests were those who have been associated with Mrs. Pierce... some since she first started as a custom designer.

They presented the hostess with twenty five sentimental American Beauty roses in honor of the jubilee...

In turn... the hostess presented each of her guests with a gold bracelet, a gold medallion marking the silver anniversary dates...

Among those present were Miss Margaret Gee... Madame Edith Fenyou... Mrs. Homer C. Doty... Mrs. John Huntington... Mrs. Clayton Wilkinson... Miss Roselle Sullivan... Miss Irene J. Wright... Mrs. C. F. Noster... Miss Glenna Patterson... Mrs. Norman H. Boardman... Mrs. Tina Trotter... Miss Lyda Woods... Miss Helen Dodd... Miss Florence Halstead... Miss Mary P. White... Miss Esther Peterson... Mrs. Nina Carruthers... Miss Janet Mook... Mrs. Rosann Babthorn... and Mrs. Frank Bogart...

McDonalds Have Guests

Guests galore at the Pointe these August days... The James McDonalds of McKinley are hosts to Mr. and Mrs. Arthur Richards of North Attleboro, Mass... And their children... Ann, Billy and Jean... Who'll be here for a week...

Party For Former Pointer

And though it's odd to call her a guest... Mrs. Edward Aldworth (the former Lois Murphy) is here for a visit with her parents... the Charles R. Murphys...

And will leave this week-end... for Les Cheneaux where she'll spend a week with the Lanny Pittmans at their Summer home...

The Murphys invited a group of Lois' Pointe intimates for buffet supper Sunday night...

The Sugar Plum Tree

Maybe it's just thinking of things we like that reminds us at this point...

Of Mrs. J. Rex Queeeny's crystal sugar plum trees... which sometimes hold perky blossoms as a party table centerpiece... and other times become veddy sophisticated with branches filled by giant ripe olives and other cocktail party fare...

The adults love the Sugar Plum Trees... as surely as young Sharon Ann Queeeny's pig tail set find them entrancing.

Show Boat Party Held At Pointe Yacht Club

Entire Cruiser Fleet Participates in Formal Review Honoring Commodore C. E. Bleicher; Latin American Theme Used

The entire cruiser fleet of Grosse Pointe Yacht Club participated in the first formal Commodore's Review Saturday afternoon preceding Show Boat. Com. C. E. Bleicher in his boat "The Alma D." received the gun salutes of about 50 cruisers.

Cocktails were served on the lawns to those watching the review and Paul DeCarlo's orchestra played for dancing on the shoreside dance floor.

Show Boat this year brought Latin America to GPYC. The barge with its paddle wheels at bow and stern was moored in the outer harbor and Pancho and his gaucha orchestra played on its dance floor deck. Tancho and Maria's dancing feet and Cuban Pete's bongo artistry enhanced the mood.

In Show Boat tradition, charcoal broiled steaks were prepared on the huge outdoor grill and served on the lawns. Rex B. Regan was the impresario of the party, assisted by the entire club's entertainment committee.

Mr. and Mrs. David B. Ireland, Jr., entertained at cocktails in their Lincoln road home before taking their party to the Club. In the group were Mr. and Mrs. David Ireland, Sr., Mr. and Mrs. Richard D. Hasse and the David Stapletons.

Mr. and Mrs. Lawrence W. Fisher's party were Mr. and Mrs. Ray Long, the W. F. Rockwells, Mr. and Mrs. David Fleck, Mr. and Mrs. Ernie Lamb and Mr. and Mrs. Harold Borgman.

Mr. and Mrs. Adolph Jacobson asked Mr. and Mrs. Richard McMahan to make up their foursome. The John F. DeHayes were hosts to Mr. and Mrs. Ralph Eastman, Jr., Mr. and Mrs. Louis A. DeHayes and Mr. and Mrs. Jack Slattery.

Grace Roehm was her sister's only attendant. She wore emerald organza over blue taffeta, a blue straw hat trimmed with garden flowers, and she carried garden flowers in shades of pink, blue and white.

Tomato Canning Season Is Here

During August and most of September, one of the best home grown vegetable buys in Michigan is tomatoes. Michigan growers will again supply thousands of tons of this healthful vegetable at economical prices. Tomatoes are one of the best and cheapest sources of Vitamin C—alert homemakers will serve them often.

We need at least one good serving of this vitamin each day and tomatoes rank with citrus fruits in our Basic Seven food groups, high in Vitamin C. We get the most food value out of tomatoes when we eat them raw, or fresh. However, they keep most of their vitamin value when properly cooked or canned.

Tomatoes are one of our easy-to-can vegetables. They may be "put up" either by hot or cold pack, and make a tasty and economical winter vegetable supply. For canning, figure one bushel of fresh tomatoes to yield 15 to 20 quarts, depending on amount of waste. Buying firm, ripe tomatoes, smooth and regular in shape will help avoid waste.

Candidates for Farms Beauty Title

These are four of the young ladies who have entered the Beauty Contest to be conducted by Grosse Pointe Farms. In all there are 28 entries. The winner will be picked at the Farms pier on Monday, August 7. Left to right are JOAN BISCEGLIA, MARILYN WROBLOS, CAROL COOPER and CAROLE HENEHAN.

Pointers Gather At Harbor Beach

Point names dot the roster at the popular Harbor Beach summer resort. The F. H. Bourke family of Rivard boulevard have already spent weekends and short stretches at their cottage, but they are now there for the whole month of August.

Mr. and Mrs. C. Brooks Begg of Lakeland avenue, as well as Sally, Chuck and Barbara, are on the go every minute of their stay.

Mr. and Mrs. Henry Hubbard of Muskota road occupied the Richard H. Webbers' house for a fortnight. Mrs. Joseph Bayne and Mrs. Harry W. Frost, Jr., were their house guests.

Mr. and Mrs. H. Lynn Pierson of Voltaire place cruised up to the resort on the Picaroon recently for a brief stay. Nancy and Dave Pierson, Ted Ostus and Peggy Barie accompanied them.

His training closely parallels that given to a recruit in the regular Navy. BIG TOMATO GROWER

Michigan ranks third in the U. S. in production of fresh tomatoes during the growing season. Commercially, we grow about a million bushels for fresh use and about 35,000 tons for the processing or canning market.

This is the time to buy locally grown table beets for fresh use, pickling or canning. If you want to keep the bright red color when cooking beets, remember to leave at least an inch of the tops on. That keeps beets from bleeding their color while cooking.

Louise Barbara Mohn Weds George Troost

Young Couple Honeymooning on Motor Trip Through Maine Following Ceremony Performed Saturday in Christ Church

On a motor trip through Maine are Mr. and Mrs. George Richard Troost, who were married Saturday at a 4 o'clock service in Christ Church, Grosse Pointe. The Rev. Henry Sherrill officiated at the rites.

The bride, the former Louise Barbara Mohn, was given in marriage by her father. Her white satin gown was fashioned with a fitted bodice and a small Bramley collar edged in seed pearls. Her full skirt extended into a cathedral train and her bridal veil of point d'esprit and Battenburg lace was that worn by Mrs. Mohn at her wedding. White orchids, white rosebuds and baby chrysanthemums formed the bridal bouquet.

Rosalind Mohn was her sister's maid of honor. They are the daughters of Mr. and Mrs. Fred T. Mohn of Rivard boulevard. The honor maid was gowned in nylon net over lime green taffeta. Her ballerina length dress had a Bramley collar and the skirt was accented with pleats. Rosalind wore a matching horsehair halo trimmed in white velvet ribbon streamers and carried pale yellow roses and pompons in her colonial bouquet.

Mary Louise Troost, sister of the bridegroom, Nancy Lightbody, Rosemarie Johnson, Patricia Menner and Mary Ellen Mack were the bridesmaids. Their pale yellow frocks were fashioned like the maid of honor's and they carried bouquets of talisman roses and gold pompons. Carolyn Ann Rode, the flower girl, wore pale yellow net.

Mr. and Mrs. George W. Troost of Muirland avenue are the bridegroom's parents. George asked James Thorne to be his best man. Paul Brandmier, Harold Aven, of Saginaw, George Kirchner, T. J. Ward and Robert McGhee seated the guests.

Mrs. Mohn chose gray Alencon lace for her daughter's wedding. She wore matching accessories and a small gray summer felt hat trimmed with rhinestones. Her corsage was of rubrum lilies. Mrs. Troost was gowned in orchid

chiffon with her small velvet and net hat two-toned in deeper shades. Her flowers were deep purple orchids.

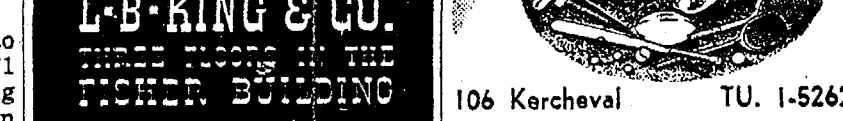

White flowers banked the fireplace as a background for the receiving line at the reception held in the Pemberton road home of the bride's godparents, Mr. and Mrs. Carl T. Hess.

When the couple left on their honeymoon, the new Mrs. Troost wore a brown and white checked sheer wool suit with brown accessories and carried the orchid from her bouquet. They will reside on West Grand boulevard.

Star Boat Skippers Ready For Championship Contest

By Fred Runnells

Next Saturday, August 5, the local Star Boaters will begin their onslaught on out-of-town sailing events.

Five top notch boats of the Detroit River Fleet will travel to Gull Lake on August 5 in an attempt to wrest the Michigan State Championship from the best skippers and boats the state has to offer. Meryl Amo's "Mohawk", Alex Allardyce's "Thistle II", Jack Tighe's and Glenn Peterson's "Old Crow", Bill Douglas' "Mondovi" and the writers "Brat" will carry the Detroit River colors into the campaign. There is an outside possibility Arno Streit's "Desire" will make the trip providing her owner can get away from work for the two day event.

The "big plum" one of these boys hope to pull out of the championship pie is the State Star boat title and with it the right to name the site of next year's event.

This year's event was a gift to the Gull Lake Fleet from the Detroit Fleet who had been awarded the championship series when the Port Huron Fleet was unable to hold it because of financial difficulties. Gull Lake requested the series and had a big talking point when they mentioned the fact they already had a thousand greenbacks to finance the series.

Following the Michigan State Championships three of the local Stars will go to St. Joseph, Michigan, to compete in the Great Lakes Championship series which starts August 13 and runs five days.

Dick Sterns of Chicago will be defending his Great Lakes crown and the huge Archer Trophy which he won for the third time last year at Cleveland, Ohio. He made Great Lakes history by becoming the first skipper to have won the trophy three times.

The series will be sponsored by the St. Joseph fleet.

The biggest event in all of

HURT IN TUMBLE
Owen Orr, 16, of 805 Notre Dame, fell off his bicycle and injured his head on July 24 on Ridgmont road. Farms police took Owen to the Bon Secours hospital where he was treated for minor head lacerations.

FENDER SKIRTS STOLEN
Two rear fender skirts were stolen from the car of Ralph Graseck, of 15317 E. Jefferson on July 30. Graseck had parked his car behind a theater on Jefferson and when he came out of the movie he discovered the theft.

PASSES STOP LIGHT
Failure to observe the stop sign at St. Paul and Neff on July 26, resulted in a ticket for Lloyd R. Hill Jr., of 1292 Engle, Detroit.

The last out of town series of the season is the Canadian National Championships which will be held at Toronto, Ontario, September 4 to 6.

These dates conflict with the local DRYA Race Week, September 1 to 4, and local Star skippers are trying to make up their minds which event to take in. In previous years the Race Week was held during the Fourth of July weekend.

The Detroit River fleet is confident it will annex one or both the State or Great Lakes title and has already started a project to raise funds to sponsor either event next year. The project underway is building a Penguin class sailboat.

The Pointe's Buffy Wicking, who has just completed a six weeks' course at the Marine Training Schools at Quantico, Va., brought home among other souvenirs a remarkable description of the United States Marines. Titled "The Magnificent Amphibians," a portion of it goes as follows:

"The United States Marine is a military phenomenon, who looks like a soldier, talks like a sailor, and fights like a wildcat, and thinks like a princess of royal blood. Always a modest fellow, the Marine describes himself as a soldier who can read and write."

"... Although from year to year the plumage of this magnificent bird has become less and less bright, even today the sight of a full dress MARINE is a sight to dazzle the eyes of all who behold him. In any shortage of electrical power, you could suspend him from a lamp post and he would provide enough light for his duller looking confreres to read a newspaper at a distance of four blocks..."

"The Marine is extremely proud that he is amphibious. Get one of them to take off his shoes and what do you find? Web feet!"

"... He gets less liberty than a soldier and a three day pass doesn't mean so much to him as half of it must be spent in making himself as pretty as possible. When he leaves his barracks, he must pass the inspection of two full length mirrors just inside the door..."

"The United States Marine, as any Marine will tell you, with or without provocation, is the best looking, toughest, most intelligent, most polished, and most valuable member of the armed forces."

General Eisenhower's mother, who disliked hearing her sons Arthur and Edgar addressed as "Art" and "Ed," decided to give her next child a name nobody could shorten. She named him Dwight. "She was right. Nobody could shorten it," says the General. "So I became Ike."—Morton Downey.

From the day on which she tips the scales at 140 the chief excitement of a woman's life consists in spotting women who are fatter than she is.—Helen Rowland.

MRS. HARLEY EARL, sporting a Bimini tan following a fishing trip, will now give it a Fisher's Island overtone as she vacations there for the month of August...

THE LLOYD MARENTETTES boast the Pointe's first hunter green brick home!... They've just had the exterior done over and it's stunning. To further dramatize the green and white home, the geraniums were dug up and replaced with just the right shade of coral ones.

GLIMPSED: MISS SARA BURNHAM on her way to Deigh-Navin for a formal portrait and HARRY BREITMEYER sending special orchids because she's Detroit real Orchid Lady.

All her Pointe friends make a dash for the home of the CHARLES A. HUGHES when word gets about that HARRIET (MRS. JAMES CROWLEY) has written home. Her letters from Ireland are lyrical.

And now we think JOHN P. FRAZER is as dashing as the Duke of Windsor back in the days when HRH was making the world fall in love with England and the heir to her throne.

Alger Against New State Taxes

"No new taxes and the modernization of the State Government," has been the theme of Secretary of State Fred M. Alger in his drive for the Republican nomination for Governor to date. In more than 100 meetings in all parts of the state Alger has stressed these points.

As the campaign enters the final six weeks before the primary, Alger will expand upon his program. To date he has continuously assailed the program of the present administration which called for increased taxes all down the line he has charged. Alger has held that the Republican controlled legislature acted wisely in rejecting most of the financial program submitted by the present Governor.

"It was at no time a program devised by state officials, either legislative or executive, for the benefit of all of the residents of the State," Alger has consistently told his audiences.

A Forstmann's costume suit, consisting of basic wool dress and lovely tailored long-sleeved jacket, is tops for the autumn dress parade, say buyers at JACOBSON'S, who are raving about the l-u-s-h fall colors and materials. A complete selection of new Mountain Mist wool jerseys, in a variety of handsome styles, can also be found in the dress salon... in both misses and women's sizes.

Good now and right on through the season are any one of JACOBSON'S simple basic black dresses. Popular George Hess tailored gabardines, belted and with smart button detail, are other JACOBSON'S offerings for fall.
