(Continued from Page 1) any serious illness during the summer.

Barnes stated that all elementary schools this year will include grades Kindergarten through Six with the exception of the following:

#### The Exceptions

Old Kerby School will enroll pupils in grades Kindergarten through Three; New Kerby School will enroll pupils in grades Four-B through Six-A. The Mason School will enroll pupils in grades Kindergarten through Three; and the Parcels School will enroll pupils from grades Four-B through Six-A.

Barnes' announcement also stated that under the present policies of the Board of Education, in order for children to be

eligible to enroll in Kindergarten they must be five years of age on or before December 1 of the current school year, except that children who will be five years of age between December 2 and January 31 of the current school year, may at the request of their parents be given certain tests by the Department of Pupil Personnel of the Grosse Pointe Public Schools to determine the readiness of such children to enter Kindergarten.

#### Parents Informed

Parents of all children of these ages who were listed on the May, 1950, census have been informed of this policy by letter. Parents of children of these ages who did not receive such notification may make an appointment for testing by calling the Board of Education, TU. 5-2000, Extension 33.

School officials estimate that this year will see an all time record enrollment in excess of 6,000 pupils. This will be an increase of more than 400 pupils over last year's enrollment.

#### Teachers Start Early

All teachers and other school employees will start their new school year on Tuesday, September 5. On this date special meetings and conferences will be held for all employees at the Grosse Pointe High School Building. On Wednesday, September 6, all staff members will be on duty in their assigned buildings preparing for the opening of school for pupils which will take place on the following day, Thursday, September 7.

#### Chair Fire Extinguished In Leo Fitzpatrick Home

Farms firemen were called to extinguish a fire in the Leo Fitzpatrick home at 93 Cloverly road on the morning of August 21. The blaze appeared to have started in an upholstered chair.

Damage to a wooden partition was estimated at \$150, with additional slight damage to the contents of the house from smoke.

#### ADMITTED TO TRINITY

Four Pointers admitted to the freshman class at Trinity College in Hartford, Conn., are Mayo Schreiber, son of Mr. and Mrs. Waldemar F. Schreiber of Three Mile drive; Raymond C. Leonard, Jr. of McKinley road; Hal Horace Smith, III of Rivard boulevard; and Stanley N. Muirhead, Jr., of Kercheval road. Classes will begin on September 25.

### Farms Police Have Busy Month, According to Report

Grosse Pointe Farms police answered 170 calls, made 22 arrests, issued 90 violation tickets and collected \$717 in fines during July, according to the monthly report submitted by Chief Walter R. Hoyt.

There were 54 traffic violations which produced \$229 in fines, 30 parking violations which put another \$37 in the till, six violations of the dog ordinance, another \$6, and 18 traffic court cases which swelled the total by \$445.

The arrests included 10 adults and 12 juveniles. There were 14 cases of simple larceny entailing a total loss of \$218. Of this amount \$141.50 was recovered.

Three breaking and entering cases involved a loss of \$3856.75, of which \$196.75 was recovered. Seven bicycles were stolen and five were recovered. Two destruction of property cases accounted for \$40 damage, with \$20 recovered.

Four persons were bitten by dogs and six persons were re-

ported missing. All of the latter were located.

Fifteen traffic accidents accounted for total damage of \$2966 and one personal injury. Three adult operators' licenses were suspended and one juvenile's.

The officers found 29 doors left open, made two ambulance runs and answered five fire alarms, two of them false.

The department issued 194 operators' licenses and 21 chauffeurs' licenses.

#### Burglars Frightened Away From Creamery

There was an attempted burglary at the Sweitzer Creamery at 15202 Mack avenue on the night of August 16.

A panel had been knocked out of a small door in the rear. The police said it was the work of amateurs who had been frightened away before the completion of the job. There was no evidence of their having gotten inside.

#### DOGS NEEDED FOR BLIND

Approximately 250,000 persons in the United States are blind. Guide dog training facilities of the nation are able to supply only one animal for each 1,000 blind persons annually. The Leader Dog League for the Blind will provide 60 vitally important trained dogs next year. Detroiters, October 1.

**Reckless Drivers Pay Up in Court**

Park Police Court on August 16 produced the following cases, disposed of by Judge Belanger:

David Ernest Bonnell, 767 E. Grand Blvd., for speeding 45 m. p.h. on Jefferson avenue on July 8, paid a fine and costs of \$16.

Gaston Benoit, 25652 Haynes, Roseville, charged with driving into moving traffic causing an accident at Charlevoix and Berkshire on July 29, pleaded guilty and paid a fine and costs of \$15.

Pauline Nellen Kovack, 253 Mt. Vernon, Grosse Pointe, for speeding 34 m.p.h. on Charlevoix on July 28, pleaded guilty and paid a fine of \$5.

Daniel Papineau, 22821 Violet, St. Clair Shores, charged with speeding on Jefferson avenue on July 20, failed to appear at the hearing and forfeited his cash bond of \$15.

Edward Sandomierski, 20860 Harper, Grandt Township, for failure to have car under control and hitting a fire hydrant on Windmill Pointe drive on July 27, pleaded guilty and paid a fine of \$5.

Jack R. Emery, 2033 Fleetwood, for speeding 40 m.p.h. on Jefferson on July 21, paid a fine and costs of \$15.

Martin Henry Rahn, 5540 Harvard, Detroit, for passing on right and causing an accident at Jefferson and Beaconsfield on July 2, witnesses failed to appear and case was dismissed.

**Woods Orders Survey of Signs**

The Building Inspector in the Woods has been instructed to make a survey of all signs in the business section which overhang public property, meaning streets or sidewalks.

When completed he will report to the Council and it is understood an order will issue forthwith to do away with all such overhanging signs by January 1, 1951.

**Kids' Carnival Raises \$145 For Battle Against Polio**

Twenty-seven enterprising youngsters, residents of Hawthorne road, achieved substantial success in their carnival venture, staged Sunday, August 20, at the Grosse Pointe Shores Municipal Pier. The proceeds of \$145 will be donated to the National Infantile Foundation.

The most profitable booths were the Refreshment and the White Elephant but all booths were well attended. Added attractions which swelled the coffers were pony rides supervised by Sanford White, who lent his pony for the occasion, rides on Mr. Charles White's cruiser, and photographs taken by Tom Bruce, one of the guards at the pier.

The presence of George Coons, recently returned from Herman Kiefer Hospital where he was

completely cured of a mild case of polio, was sufficient reward to the children for their efforts.

The children are in hopes that they will be able to make the presentation of the money in person as they did last year. Last year the children presented the money to a nurse at the ambulance entrance to Herman Kiefer Hospital.

**Vernier School Report Twisted**

In the story carried last week concerning the half day school issue in the Vernier and Mason Schools, the statement was made that School Directors Johnson and Shaeffer voted for the full day sessions and Directors Wicking and Dougherty for the half day sessions.

This error resulted from a transposition of names. The alignment was directly opposite to that stated.

The half day session was finally adopted with the return of President Wendin, who had been absent from the July meeting. He voted with Directors Johnson and Shaeffer for the half day session; Wicking and Dougherty again voting against and in favor of full sessions.

**Morning Walk Rudely Halted**

A man giving the name of Napoleon Tose and address as 701 Westchester drive went into the Park police station shortly after 7 o'clock Monday morning and exhibited a badly torn coat.

He said he had gotten as far on his early morning constitutional as the 700 block on Lakepointe when a large dog had jumped him with this result.

The police located the animal as belonging to Norman Olson of 706 Lakepointe. Mr. Olson was given a ticket for harboring a man eating dog.

**Seek Prowler, Find Lost Watch**

Mrs. Roy Ouellette of 1045 Audubon reported prowlers about her place to the Park police at 11:50 p.m. on August 21. Her doorbell had rung a few moments before and when she answered the door a man ran off the porch and sped away in a car in which there were two other men.

While Patrolmen Johnson and Vervacke were looking over the premises Johnson found a valuable ladies wrist watch. The watch had been previously reported as lost by a woman who had been a guest at the Ouellette home a week earlier. Its loss and recovery had nothing to do with the call of the fleeing visitors.

The woman who lost the watch has been contacted by the police and gave an accurate description of her property.

**Poles Bear Brunt Of Two Crashes**

Two poles appear to have taken the worst beating in successive accidents at Moross and Ridge roads on the afternoon of August 17.

Edward J. Ewing, Jr., of Birchcrest, Detroit, told the Farms police, he swerved to avoid a parked car while driving north on Moross and skidded into a pole.

When a Grosse Pointe Garage tow truck came to take his car away, another pole was a victim. David Kennedy, driver of the truck, said as he was turning around, the wrecking boom knocked down a Detroit Edison pole.

**GRAY'S AWNING SLASHED**  
 Roland Gray, owner of Gray's Sports Shop at 106 Kercheval avenue, reported to the police that someone slashed his awning at his store on Saturday night, August 19. The vandal had made two cuts, each about two feet long.

**Freighter Rescues Young Pointe Sailors**

Two young teen aged boys from Grosse Pointe had an experience in Lake Huron on Monday they will not soon forget.

Bob Semple, aged 14, of 304 University place and Tom Williams, 13, of 254 Hillcrest, were sailing and late in the afternoon found themselves in the commercial lane seven miles northeast of Harbor Beach and five miles off Port Hope.

Meanwhile their parents, alarmed by their continued absence, called on the Coast Guard to search for them. They were picked up at midnight by the freighter J. C. Shale.

A member of the Semple family in the Pointe stated late Tuesday afternoon that he understood that the freighter had taken the boys directly into Harbor Beach and that they were both well but decidedly chilly from their 12-hour exposure.

Fortunately there were no heavy winds blowing on the lake and the boys were probably in no greater danger than from being hit by one of the big boats into whose channel they had gone.

### Pointer With ECA Stationed In Korea When War Started

His 33 years of power plant experience with the Edison Company equipped Edwin B. Rall, of 1344 Yorkshire road, for his present association with the economic Cooperation Administration, Washington, D. C. The E. C. A. is engaged in rehabilitation activities overseas.

Mr. Rall was sent from Washington, D. C., to Korea to aid in the reconstruction of power plants to further Korean industries.

Mr. Rall was on the scene Sunday, June 25, when the Communist North Koreans perpetrated the surprise attack on South Korea. In the following lucidly presented eye-witness account, Mr. Rall, relates the details of the evacuation of the group to Japan:

"No one had the faintest idea that the North Korean army was preparing for an invasion below the 38th parallel line.

"They struck the South Korean army Sunday, June 25, and were over the line before the South army was alerted; it was another Sunday surprise attack, like Pearl Harbor.

"Late Sunday night we were ordered to pack what we could in one suitcase, take one blanket, and be ready to get out any minute. After waiting two hours, I decided to pack what I could in my foot lockers.

"We lay down for the rest of the night, two men were detailed to stand by for phone calls. At breakfast reports came in that the South army was holding.

"I got in touch with one of my Korean friends, who got a cart and took my lockers to his home. If there was to be an invasion I would rather have the Korean family would have my things than a Korean Commie.

"The warning Monday morning stated that all women and children should prepare to evacuate at once. They assembled at Ascom City and from there went to Inchon Port, where they boarded a Norwegian freighter.

"More than 650 women and children were aboard the boat. Each had only what he could carry in one suitcase and a blanket. U. S. fighter planes

covered the ship to Japan.

"North Korean Yak fighter planes were over Seoul most of the day. Two fire bombs were dropped, one near the Seoul railroad station, which did little damage, and one in the East end of the city. A fire was started, but was extinguished in a short time.

"By noon we could hear the rumble of the big guns north of Seoul. Anti-aircraft guns were mounted at different points around the city and on a few buildings.

"We were having lunch when a Yak came over and shots from the Naval Armory building gun, caused us to jump to the windows. In the evening we could hear the planes and see the flash of the anti-aircraft guns on the mountains; the rumble of big guns was quite audible now. Indications were that Seoul soon would be entered by the North army which was within 12 miles of the city, but reports were that the South army could hold them back.

"We had dinner, but were on the alert. Nine o'clock curfew was established, also a complete black-out. Those of us who had flash-lights were fortunate.

"We lay down, but with our shoes on. At 12:15 p.m. Tuesday, we got a report that the situation was getting worse, and that the North army would enter Seoul.

"At 3 a.m. the 27th, we were routed out, the call came for all men to assemble at the Embassy Building where we were divided into groups and boarded buses and traveled to Kimpoo airport.

"The U. S. Air Force transport planes started coming in at 6 a.m. I was in the fourth plane to leave and was No. 13. I did not like that No. 13, but nothing happened. A couple of Yak planes flew in, but the U. S. air cover planes knocked one of them down; the other beat it.

"We left Kimpoo Port at 7:10 a.m., arrived in Japan 8:55 p.m. Hot coffee and sandwiches were served us which were very welcome.

"The evacuation showed fine planning from the time we arrived at the Embassy Building in Seoul until we arrived in this billet in Japan.

"The Air Force and Army deserve much praise and credit for their clock wise and efficient handling of the evacuation."

**WOODS TO BUY ROLLER**  
At the Woods Council meeting on Aug. 15 authorization was given to purchase a portable roller for the highway department. The price is \$2,690.

### Station Wagon, Car in Tangle

Damage totaling about \$900 was done when a station wagon and a passenger car tangled at Mack and Moross at 12:41 a.m. on August 1.

Mrs. James Hamilton of 303 Kerby road, driving the station wagon west on Mack, turned left into Moross and was hit by the car driven by Walter H. Van Ney of 1945 Anita.

Both drivers were given tickets and a witness ticket was given to William P. Hunt of 1875 Lancaster.

Damage to the station wagon was estimated at \$400, and to the passenger car at \$500.

### Doctor's Hobby Produces Prize

An avocation is always prominent among those things prescribed as the essentials of a well balanced personality. Dr. L. Benson Bristol, of 243 McMillan, has chosen photography as his avocation. Dr. Bristol is a member of the Grosse Pointe Camera Club.

Dr. Bristol became interested in photography through the efforts of his friend and luncheon companion, Dr. C. J. Marinus, of 48 Pine court. Encouraged and inspired by the enthusiasm of Dr. Marinus, Dr. Bristol began attending meetings of the camera club. Dr. Bristol has since become so absorbed in photography that he recently built his own dark room and now develops and enlarges his own pictures.

Proof that Dr. Bristol has come of age photographically speaking, is the Walter J. Pietschmann trophy that he was awarded for the best print entered for the year in the beginner's classification by all of the camera clubs in Greater Detroit.

Subjects of the winning print were the doctor's five children, Nancy, 9, Freddie, 7, Jimmy, 5, Bobby 3, and John, 2. Setting for the print was the window seat of a hotel room in Cincinnati where the family stopped on their way home from a vacation trip. By closing the venetian blinds which covered the window, a very effective silhouette of the children was produced.

### Meeting Planned By Federalists

The Grosse Pointe Branch of the United World Federalists has announced that it will hold a large community meeting in the War Memorial Center next month. The exact date is expected to be announced next week.

Many local civic organizations are expected to cooperate in sponsoring the meeting. An important speaker from the east coast will come to address the meeting.

### Woods to Add Two Officers

The Woods village is going to add two more men to its combination police and fire department. Applications for the positions will be received at the September meetings.

The addition to the personnel of the public safety department is the direct result of the large increase in population of the village as disclosed in the last census, and the consequent growth of the general safety responsibility of the village.

### Civilian Defense Plans Explained

GEORGE ELWORTHY, head of the Neighborhood Club and Civilian Defense Coordinator for the Pointe area, explains to SERGEANT FRED SCHANBECK of the Grosse Pointe Police Department, how his organization has been set up to take over control in the event of a bombing attack or other emergency which war might produce.

### SHOP LIGHTS

Grosse Pointe now has a store that features picnic and grill party needs ranging from a bag of charcoal to wienies and marshmallows. It is the Farms Delicatessen, located on Mack Avenue near Kerby road, and which handles the Kowalski line of sausages and other meat products. The store delivers.

The stately appearing structure you see rising adjacent to the Woods Recreation building is a new Howard Johnson Restaurant over which Grosse Pointer Alvin Sherman will preside when completed.

The big new store building on Mack near Bournemouth, originally built to house the Alger Market, is being fitted up and will become the Grosse Pointe branch store of the Michigan Chandelier Co.

The Dan't, the smart gift shop on Fisher Road opposite the High School, this week opened its Christmas corner where exclusive lines of greeting cards and other personalized holiday items are featured.

### Woods Planning Group Studies Two Proposals

Edward Schultz of Grosse Pointe Woods, presented a sketch of a proposed subdivision in the northeastern section of the village, at the council meeting on August 15. At the same time he presented a proposed master plan for the development of several subdivisions in that area.

Both proposals were referred to the Village Planning Commission for study.

He that resolves to deal with none but honest men must leave all dealing.

### Pointers to Get Degrees at MSC

Eight Pointe students are among the record 900 who will receive degrees on September 2 at Michigan State College as graduates from the summer school session. No special commencement exercises have been planned.

The Pointers who will get their diplomas include:—Philip E. Barnes, Erwin Foersterling, Jean LeRoy Lavine, George Karl Friese, Charles Hilgendorf, Alfreda Raake, Harry L. Smith and Dennis H. Thomas.

### Four Pay Fines In City Court

In City Police Court on August 14 Judge Leslie Young disposed of the following cases:

John Bick of 909 St. Clair, for reckless driving paid a fine of \$10.

Joseph G. Sansone of 5051 Rohms, Detroit, for driving at excessive speed, paid a \$30 fine and \$5 costs.

Louis Pellizzari of 19642 Packard, Detroit, for driving at excessive speed, paid a \$15 fine and \$5 costs.

William Phyer of 1365 Mullett, Detroit, for larceny of bags belonging to the City, paid a \$15 fine and \$5 costs.

William R. Vaughn of 9172 Yorkshire, Detroit, charged with not having car under control, resulting in an accident, was dismissed without prejudice, no witness putting in an appearance.

If your cakes fall perhaps you are not using the right sized pan. When pans are too small the cake batter will run over the edges and burn. When the pans are too large the cake tends to be thin and overbaked.

### Hollywood Stars Entertain Pointe Girls Touring West

The large group of Pointe girls who are on Chet Sampson's station wagon cavalcade to the west coast have been thoroughly initiated into the glamour that is Hollywood.

The five station wagons in which the girls are traveling, pulled into the movie belt on Sunday, August 13, after driving down from the San Francisco area, through Yosemite National Park, Carmel and Monterey. Before going into Hollywood they stopped at Alan Ladd's ranch and had dinner there.

When they checked into the Drake Hotel in Hollywood on Monday morning they found Montgomery Clift, current teenage rage, in the receiving line. He lives at the hotel.

Monday night the girls attended the television show, "Lights, Action, Camera," and also met Bobby Driscoll, starring in "Treasure Island," who won an Oscar last year for his work in "The Window."

On Tuesday the Pointers saw the radio show, "Welcome to Hollywood" and met Nancy Ramsey, appearing in that show. In the afternoon they were guests at the Metro Goldwyn Mayer studios, where they were visited by former Pointer George Murphy and the young star Scotty Beckett. That night they saw the Penny Singleton broadcast.

On Wednesday morning the girls were the guests of Bob Stack at his Bel-Air home and enjoyed a swim in his pool. He had just returned from Mexico where he made a bullfight picture and he showed the local lassies the costumes he wore in the shooting of the film.

That afternoon Anne Baxter

was hostess to the group at the Twentieth Century Fox lot. They were feted at a large banquet and had visits with Richard Widmark, Glenn Ford and Bill Lundigan. Next they were entertained by Loretta Young at her palatial home. That night they saw Mona Freeman and Alan Young in a broadcast of the Family Theater.

Thursday the girls participated in Walter O'Keefe's "Double or Nothing" broadcast. On Friday, Keenan Wynn was the guest of the girls at a luncheon party, following which they attended the Curt Massey - Martha Tilton broadcast. They also saw the show at the Hollywood Bowl and swam at the beach.

They left for Long Beach Friday night for more swimming there and at Laguna Beach the following day. From there the trip continued to San Diego, into Tia Juana in Mexico to see a bull fight, thence to La Jolla and on to Las Vegas, Hoover Dam and Bryce, Zion and the Grand Canyons.

The girls are due back in the Pointe on Friday night, September 1, after more than a month of adventure and traveling more than 8,000 miles.

### City Police Confiscate Commandos' BB Guns

John Van Tiem, one of the City's highway crew, reported to the police on August 15 that some boys were shooting at him with BB guns.

The police confiscated two BB guns in the 700 block of University and discovered that the two would-be Commandos were a couple of 9-year-old boys.

## Reflections

by paul gach

Well, vacation is over . . . Time now to get back to work. But first . . . a little note somewhat out of the ordinary. I want to express my gratitude to a very handsome Collie dog named "Thane". He was getting old and the vet had to put him to sleep, but his fond master brought him first to me for a last portrait. From that sitting came the picture I called "The Two Graces" and which won the highest possible honors for me in the print salon at the convention of the Photographers' Association of America last week in Chicago. Again, my thanks to "Thane" and his devoted master.

## Grosse Exaggerations

A. PRYOR

*"Whence comes solace? Not from seeing, What is doing, suffering, being; Not from noting Life's conditions, Not from heeding Time's ministrations; But in cleaving to the Dream And in gazing at the Gleam Whereby gray things golden seem."*

We think this is a cute story. Of ten people we told it to, it was new to eight and two had heard it twenty years ago... so proceed at your own risk. A little boy is strolling through the country with his father and as usual, he is asking such questions as little boys ask: "Dad, what makes the sun stay up in the sky? I know it's there to give us warmth and light, but what makes it STAY up there?"

Father: "I'm sorry son, but I don't know." Boy: "Dad, how does the rain get up in the sky?" Father: "Sorry, son, I really can't say, I don't know." And a little later: "Dad, how is it possible for a great big oak tree to grow from such a little acorn?"

Father: "I can't answer that, son, I really haven't any idea." Still later: "Dad... do you MIND my asking you all these questions?" Father: "Not at all, son. How else could you ever learn anything?"

This is a philosophical anecdote that contains more than meets the eye. An ex-GI who went to his Buddy's grave frequently to place flowers on it, always noticed a young Chinese at the adjoining grave, putting a bowl of rice on the grave of HIS Buddy. One day, thinking to "twit" the young Chinese, the GI called to him and said, "Hey Buddy, when do you expect your friend to come back to eat all that rice?"

The Chinese boy looked at him with a sly twinkle, and said: "When YOUR friend comes back to smell the flowers you leave!"

A couple of weeks ago, we mentioned the book, "Second Oldest Profession" in this column and explained at the time that it was a story about newspaper business. A local woman called to tell us that on the strength of our mentioning it, she bought the book. The first night her husband saw it lying on her bedside table, he picked it up, glanced at the title, raised his eyebrows, and exclaimed, "Reading a dirty book, eh?"

Of all the nonsensical commercials we've heard on the radio, the one about the shampoo that makes your hair gleam is tops. A little scene is enacted whereby ONE HALF of a girl's hair is washed with "Beetlejuse" shampoo, while the other half of her head is washed with "some other product." She is then brought before a group of impartial judges... and they guess WHICH side of her head was shampooed with "Beetlejuse." Of course they are always right!

As usual... and in the interest of research for our readers, we tried this... washing one side of our hair with you-know-what and the other side with Twenty Mule Team. Plenty happened! If you don't believe us, just TRY washing one half of your hair. It's easier to wash one hand!

**IN THE MAIL BAG**  
A traffic warning sign in a Southern town reads: "CHILDREN. Travel slowly. Do not kill the children. Wait for the teacher."  
Another is a sign posted in an Eastern Church reading: "Owing to shortage of manpower and limited space available, only the dead who are now living in the Parish will from this time be accommodated for burial in the cemetery."

In the magazine section of a New York Sunday paper, there appears a column for men... tips on dressing, tips on cooking, tips on fashions, and just plain masculine tips. Since the newspaper itself is noted for its impeccable "writing"... we were fascinated to read the following: "Most particular men have a rule. Never look like you need a haircut; and never look like you just had one." We just hope our column never "looks like" we didn't know what we were doing. If it does... we hope the Editor will wash our mouth out with soap. Cashmere Bouquet, that is.

### Fighter's Dependents

The next matter following the program now being formulated to vastly increase the nation's material preparation for a great war that may come, is to make provision for the children and dependents of the men who will be called to do the fighting.

Unless this is done quickly and under a just and acceptable plan there can be no cheerful acquiescence by the young men who will have to do the fighting when the summons come to join the fighting forces.

A normal man can have no great relish for the task in which he is engaged, even that of fighting for his country, if he feels that by doing so he is leaving defenseless against want and suffering his wife and young children and dependent parents.

This provision is obviously urgent in making ready for a war which all still hope will never come. There is complete agreement on this among our government leaders. The outline of the measure and the kind of aid is already generally accepted.

The soldier should be required to contribute from his pay a certain designated part for his dependents. If the number of his dependents is so great that they cannot be adequately cared for by his pay plus the government supplement, then he should not be taken into the fighting forces at all.

This problem comes right along with the enrollment of the men and the building of the equipment they will use. That this will be attended to and quickly is certain.

### Letters To The Editor

Los Angeles, Cal., August 17, 1950  
Gentlemen:  
As always, it is a pleasure to renew my subscription to the Grosse Pointe News. You have no idea what it can mean to a former Pointer to be able to remain current on the activities of the many friends I left behind when I transplanted my own to California.

I watched Grosse Pointe grow up from fields to become perhaps the nation's finest residential area. By all standards I consider the "NEWS" a worthy representative of this outstanding community.  
It is with eagerness that my wife Virginia and I are looking forward to our September visit with my mother, Mrs. Charles B. Hull, and all our wonderful friends in the Pointe.  
Sincerely,  
Fletcher Hull.

## Mrs. John J. O'Brien to Head 1950 Torch Drive in Pointe

Top leadership for the 1950 Torch Drive of United Foundation has been announced. In Grosse Pointe, Mrs. John J. O'Brien of Kercheval avenue was named regional chairman for Region One.

year, 6,500 volunteers raised \$9,270,000 for the benefit of more than 140 health and community services. It has been estimated

MRS. JOHN J. O'BRIEN

Mrs. O'Brien is a member of the United Foundation's board of directors. She worked as a special gift solicitor in the first Torch Drive last year.

The Region One chairman has been a leader in civic affairs for more than 30 years. She was one of the founders of the Community Chest and is an active board member of the American Red Cross, the Visiting Housekeeper Association, Women's Hospital, Delta Home for Girls, and the Neighborhood Club.

Region One is made up of the Grosse Pointes. It covers the same territory as Division One in last year's drive. There are five divisions this year in Region One, Grosse Pointe Park, City of Grosse Pointe, Grosse Pointe Farms, Grosse Pointe Woods and Grosse Pointe Shores.

A new alignment for solicitation this year divides the Grosse Pointes and Detroit into eight Regions. They will be solicited by the regional campaigns unit of the Torch Drive. This unit is headed by T. H. Keating as general chairman. There will be three co-chairmen of the unit.

One will direct recruitment, assisted by a woman vice-chairman. The promotional co-chairman and his committee will be responsible for the development of an over-all and coordinating promotion plan for the unit. The special services co-chairman will organize a committee to assist in the assignment of the \$500-and-over prospects.

Each of the eight regions will have two campaign units, one for business and industry, one for general solicitation. The eight regions are broken down into 20 divisions which, in turn, are made up of 101 areas sub-divided into 1,060 districts. Each region, division, area and district will have a general chairman with co-chairmen and committees.

An estimated 6,000 women and 3,000 men volunteers will be needed for small business and residence solicitation during the drive, October 10 to November 9. In the first Torch Drive last

### Many Pointers Helping Plan Detroit Birthday Festival

Detroit's 250th Birthday Festival preparation will get into high gear this week with the launching of a \$1,000,000 financing program, announced Saturday by William A. Mayberry, president of the Manufacturers National Bank, who is chairman of the Finance Committee. Complete approval of the Festival budget and of the financing plan was given last week by the 24-man Finance Committee.

The finance plan calls for subscriptions from business and industry for the major underwriting with a proviso that any unexpended funds remaining after the seven-week Festival, from July 24 to Sept. 9, 1951, shall be refundable to the subscribers contributing to the underwriting fund.

Speaking of the wholehearted support and endorsement of the Finance Committee, as well as the civic interest already manifested in the Festival plans, Chairman Mayberry said, "From the spirited enthusiasm we have met on every hand, I am confident that our objective can be quickly reached. I am certain that when all groups in Detroit realize how much the 250th Birthday Festival will mean to our city in a civic sense, spontaneous support will be forthcoming from all sources."

Selden B. Daume, president of the Detroit Trust Company, whose strong leadership as General Chairman has sparked the progress of the Festival program, is most enthusiastic about the benefits which will accrue to our city through the celebration.

"Detroit's 250th Birthday Festival," says Daume, "presents a unique and significant opportunity for all of us to unite to strength and solidify civic pride in our community. Moreover the occasion presents us with a wonderful challenge to demonstrate the vital role that Detroit plays in the lives of people everywhere."

Biggest item in the budget for which financing is needed now is the preparation of a huge historical Detroit spectacle or cavalcade which will be presented daily during the Festival at the Michigan State Fair Grounds. It will be patterned after the spectacular dramatizations which were presented at Treasure Island in San Francisco, the Texas Centennial, and the Railroad Fair in Chicago. It will be professionally directed and staged and will employ hundreds of persons in the cast. Several technical ex-

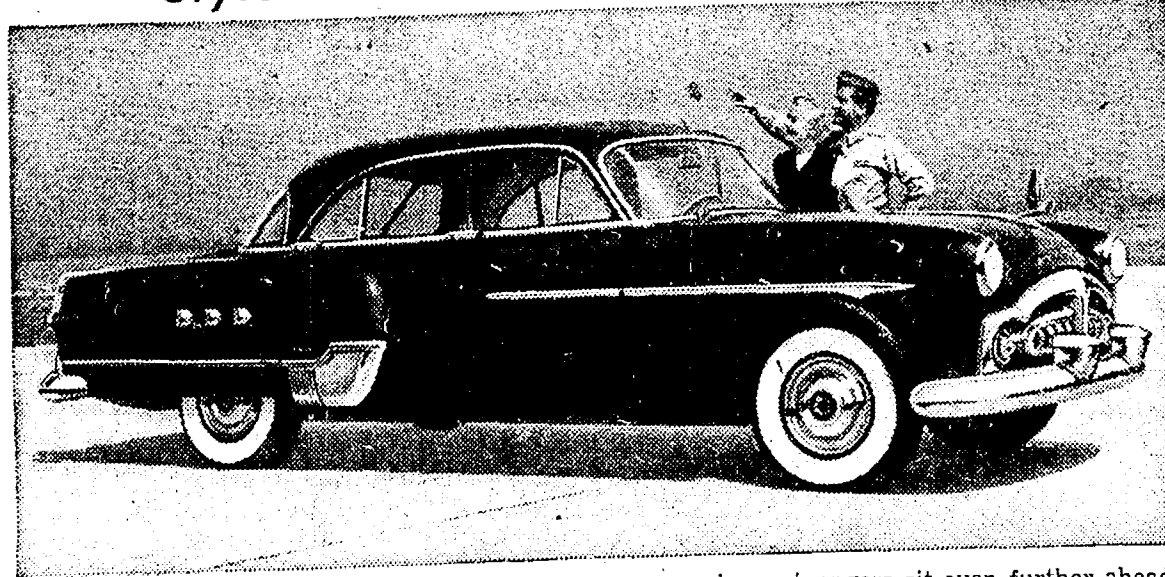

perts have already been consulted in the preliminary planning. During the past week eight major civic committee appointments were confirmed and plans for their activities will be announced within a few days as blueprints for activities are drawn and defined.

Wide community participation is being projected. William E. Storton, program coordinator, is seeking endorsement and cooperation from more than a hundred civic, business, and trade organizations. At least six major community activities calling for active participation on the part of thousands of Detroiters are being outlined as Festival preparations are going forward on a wide front.

Members of the Finance Committee who have undertaken the job of raising the funds needed to prepare for a great Festival program are: William A. Mayberry, Chairman; Arthur S. Albright, treasurer, Detroit Edison Company; George W. Carter, president, Detroit Insurance Agency; John S. Coleman, president, Burroughs Adding Machine Company; M. E. Coyle, executive vice-president, General Motors Corporation; Joseph Dodge, president, Detroit Bank; Hugh Ferry, president, Packard Motor Car Company; George R. Fink, president, Great Lakes Steel Corporation; Henry Fink, president, Michigan Consolidated Gas Company; Charles T. Fisher, Jr., president, National Bank of Detroit.

Also, Henry Ford II, president, Ford Motor Company; Clarence J. Huddleston, executive vice-president, Wabeco Bank; B. E. Hutchinson, financial vice-president, Chrysler Corporation; Frank N. Isbey, president, Detroit Fruit Auction Company; Richard W. Jackson, vice-president, Hudson Motor Car Company; Eugene W. Lewis, chairman, Industrial National Bank; Frank X. Martel, president, Detroit and Wayne County Federation of Labor; George W. Mason, president, Nash-Kelvinator Corporation; Joseph R. Parker, assistant secretary and treasurer, The J. L. Hudson Company; Howard Parrshall, president, Commonwealth Bank; W. Calvin Patterson, vice-president, Michigan Bell Telephone Company; Nate S. Shaper, president, Cunningham Drug Stores, Inc.; William W. Slocum, president, United Savings Bank; and Joseph F. Verhelle, president, City Bank.

### Style Leader of 1951 Packard Line

Style leader of the new 1951 Packard line is the Patrician "400" — a car to pioneer a whole new era of fine-car development. Sleek lines of the daring new functional body design combine with smartly-tailored "Fashion Forum" interiors to highlight this model, which is powered by a new Packard Thunderbolt engine, Ultramatic Drive is standard equipment. The new engine has a 7.8-to-1 compression ratio — the highest in the industry for full-size passenger car engines — and rates 155 h.p.

Other models in the 1951 Packard line are the "300" termed the new "Boss of the Road" and the "200," in seven body styles, including both soft-top and hard-top convertibles. Improved Ultramatic Drive, Packard's famed automatic transmission, is optional on these models at slight extra cost. In the new line, rear seat passengers sit even further ahead of the rear axle to give an improved "Limousine Ride." Lowered hood line enhances the "Guide-Line" fenders. Wrap-around, three-piece rear windows, together with a new curved one-piece windshield, afford "Horizontal-View" visibility.

The Patrician "400" and "300" are on a 127-inch wheelbase, while the "200" models have a longer 122-inch wheelbase.

### Legion Team Wins Trophy

The American Legion Junior Baseball season drew to a close last Wednesday evening at Waterworks Park where Grosse Pointe Post 303 beat Pulaski Post 270 in the final game of a two game knockout series to determine the winner of that division. Grosse Pointe won the trophy for 1950.

The Grosse Pointe team was recruited from boys of St. Paul, St. Ambrose and Grosse Pointe High Schools and sponsored by Tom Boyd, Inc., Ford dealer, representing the Ford Motor Company, national sponsors of American Legion Junior Baseball.

There were over 15,000 teams playing junior baseball in 1949. There were 300 alone in Michigan. The players making up the Grosse Pointe squad of 16 were Jim Oester, Earl La Fave, Rodg Muller, Willie Winkler, Bob Sabo, Jim Schoeck, Buzz McAndrew, Jack Pollak, Bob Cupples, Norm Soper, Mickey Endres, Dale Ewart, Bill Palm, Lee Clancy, Bob Sealby, Coby Martin, Rich Yuma and Johnny Dicioco.

The local Legion post encourages boys between the ages of 14 and 17 to try out for the team providing they go to St. Paul, St. Ambrose or Grosse Pointe High Schools or Junior High Schools. It can also play boys who are not in school but who are residents of Grosse Pointe Township on February 1, 1951.

Next year will see excellent coaching and it will pay boys who want to get the most out of baseball as a pastime or possible profession to get out and sign up early next spring. Grosse Pointe Post has also made plans to give local fans an opportunity to see regular games played at Grosse Pointe next year, both single and double-header.

Rogd Muller and Norm Spoef represented the Pointe team in the All Star game played at Briggs Stadium which was won by another close score of 2 to 1, a repetition of the 1949 score. This game between teams of the Detroit Districts and Downriver organizations takes the pick of players. There were 21 teams on the Detroit District's roster this season, which assured ample competition in the play around.

### Mrs. Chevrolet Drives Mercury

Wynn Walters, salesman with the Tracy Motors Lincoln-Mercury agency at Kercheval and Hall place, is featured in a recent issue of Salesman's Guide Book, a publication for Lincoln-Mercury salesmen all over the country.

His story is headed: "Former Chrysler Dealer Sells Mrs. Chevrolet Another Mercury." Walters has been in the auto sales business for 25 years and is considered tops in his field. He recently sold a 1950 Mercury to Mrs. Louis Chevrolet, widow of the man who founded the automobile company which still bears his name.

### Election School Offered Voters

As a community service and to provide a means of imparting information to the many newly registered voters in Grosse Pointe, an Election School will be conducted at the Grosse Pointe War Memorial Center, 32 Lake Shore road, on Wednesday evening, August 30, at 7:30.

In view of the striking number of new registrations enrolled throughout the five Grosse Pointe units in the recent interval ending with the close of registrations August 23, it was deemed highly advisable and desirable to provide an opportunity for the young "first-timers" to be adequately informed in all phases of voting. This will be upon a strictly non-partisan and non-political basis in which instructions will be based upon HOW to vote—not for WHOM.

A typical facsimile of an election board will be set up, with

the necessary applications, poll books and instruction ballots, together with ballot boxes and voting booths.

Norbert P. Neff, clerk of the City of Grosse Pointe, has agreed to conduct the school in connection with the program activities of the Memorial Center. The public is invited and it is hoped that all electors who desire information in the general subject of "How to Vote" will be on hand.

## who, where and whatnot

by whoozit

The beautiful yacht Delphine cruising in Michigan waters is an eye stopper for all who view her graceful course. Owner MRS. HORACE E. DODGE has just returned from a voyage up Mackinac way . . .

Even the chickens are talking about all the Grosse Pointe gals who (getting ready to see all those fabulous IRENE creations at the Starr Commonwealth fashion show and wanting to be able to fit in to their same old size) are on that famous two week diet. And no wonder. The first day, dieters must eat nine eggs!

Whoozit was called by MRS. ROBERT STEWART who was anxious to know the fundamentals of the new South American game Barraca. We promised to include them in this column but they're soooo involved Mrs. S. won't you call us again and we'll read what our friend IDA LIPPMAN told us about the game. She played it in Brazil and we do believe she's responsible for its Detroit and Grosse Pointe popularity.

Little ANN HAGGARTY is off to Boston this fall to teach in a viddy modern school with emphasis on all that's new in educational methods . . . and instead of being a Wellesley grad and a full fledged teacher she looks much more like a school girl!

You've never seen a prouder grandmama than pretty MRS. DAVID JAMES HARRIS when we met her the other day and she told us that THE CARLTON WIGGINS (SUZANNE HARRIS) had a baby girl Aug. 16. The very next day was the baby's grandmother's birthday so always the new little SUZANNE WIGGINS will be MRS. FREDERICK E. HARRIS' very nicest birthday present; she went out to the Wiggins' home in Beverly Hills for the great day. We almost regained Mrs. Wiggins as a Pointer earlier this year but scarcity of G. P. homes and the lure of California climate made us loser.

### PILFERINGS

At the Stork Club, a bore was describing what happened to him on a trip to Grand Canyon. "There I stood," he orated, "drinking in the scene, with the giant abyss yawning before me."

At this point, Sherman Billingsley interrupted, "Was the abyss yawning before you got there?" —Irving Hoffman

"Federalese," the term used to describe the tortuous terminology in which bureaucratic directives are written, knuckled under to Plain English when a New York City plumber wrote to the Bureau of Standards that he had found hydrochloric acid good for cleaning out clogged drainpipes. The bureau's response was: "The efficacy of hydrochloric acid is indisputable, but the corrosive residue is incompatible with metallic permanence." The plumber wrote back he was glad the bureau agreed with him.

To which the bureau replied: "We cannot assume responsibility for the production of toxic and noxious residue with hydrochloric acid and suggest you use an alternative procedure." By return mail, the plumber told how glad he was the Government thought his idea was OK.

In desperation, the bureau broke down and wrote the plumber in plain Anglo-Saxon language: "Don't use hydrochloric acid. It eats hell out of the pipes." —Cleveland Plain Dealer

Mary Boland rushed into Kenneth Hopkins' hat salon for a new chapeau. "How about a dashing sailor?" suggested Kenneth. "Wonderful," said Mary, "but don't you think a retired admiral is more my type?" —Erskine Johnson

## Pointer of Interest

MRS. ALDEN MATTHEWS BURNETT OF BEACONSFIELD ROAD

Unusual forms of art are the special interest of Mrs. Alden M. Burnett. Although she has always loved painting and formerly devoted time to doing water colors and china, more recently she has developed a fondness for (1) enamel plates, (2) antique stenciling, and (3) country tin.

The first-mentioned item refers to enameling and drawing designs on beechwood plates of various sizes and shapes. Mrs. Burnett has a marvellous collection of designs for her enamel plates. One very large round plate on which she is working will have a Norwegian inscription lettered around the outside and a design in the center.

### Found in Library

Mrs. Burnett finds her Scandinavian and antique designs from library research; some of the former patterns she obtained from an old Scandinavian publishing house. Originally a New Englander, she came to the Pointe with her family three years ago from St. Paul, Minn., where there is naturally a good deal of interest in Scandinavian art. Mrs. Burnett taught classes in Scandinavian rosemailing designs at St. Paul's International Institute.

### Attended Classes

In Hartford, Conn., last year, Mrs. Burnett attended classes in antique stenciling; she has been concentrating on that phase ever since. She paints an article black, as is the antique custom, outlines

## Stricken Family Needs Clothing

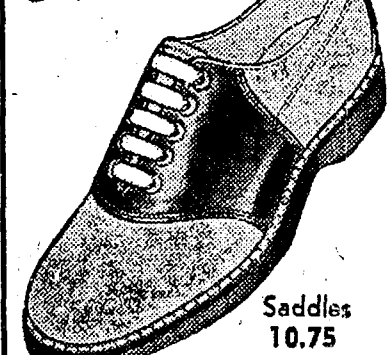

A Grosse Pointe family having a summer place at Mikado, Mich., has reported to Police Chief Tom Trombly of the City that a family living near their Mikado home and who have at times done part time domestic service for them, have recently met with a tragedy in that the husband and father has lost both his legs in an automobile accident.

There are four young children in the family; a boy five, and three girls, 7, 9, and 12, who are badly in need of clothes.

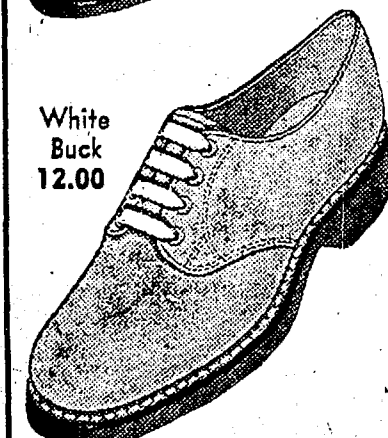

Chief Trombly will guarantee to deliver any clothing that Grosse Pointe people may give to the needy ones. The parents are more concerned about their children's clothing than their own.

## Pointe Counter Points

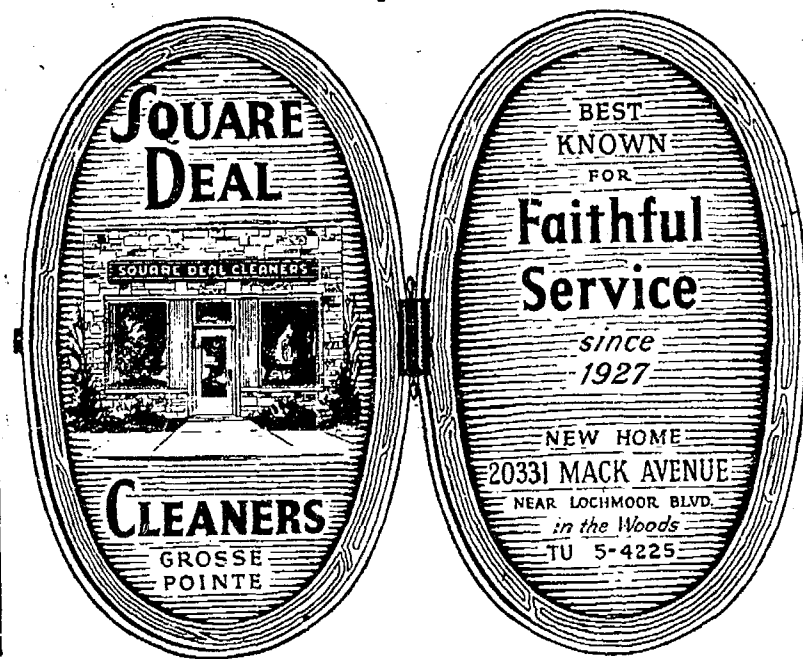

The grade school girl and her teen-age sister will be "clad in plaid" for the trek back to the classroom, if one can judge from the selection of cotton plaid frocks at JACOBSON'S Youth Center. Every clan in Scotland is represented by the plaid designs used for these cunning cottons. Dainty dresses (but practical too from Mama's viewpoint), in sizes 7-12 are priced at \$4.95 and \$5.95 for back-to-school wear. JACOBSON'S cotton plaids for size 10-16 high schoolers are only \$5.95. Smartly fashioned green, red or brown corduroy frocks for teens are \$8.95.

Newly developed in France and brought to our shores to delight the leddies is the "Tepidaire," new form of machine wave which has Pointe women flocking to LOUIS FOR HAIR STYLES, 16912 Kercheval. Low controlled heat gives a wave that is comfortable, yet closer to the head than any former machine wave. Soft luxuriant curls are produced by the Tepidaire method, say experts at the smart salon in the village.

### Dick Fruehauf Winner Of Event at Horse Show

Dick Fruehauf, son of Mr. and Mrs. Harry R. Fruehauf of Lakepointe avenue, won the hunter championship on his horse, "Bay Warrior," at the seventh annual charity horse show held last week-end at the Don Metta farm in Owosso. Dick was awarded a silver teapot. The Fruehaufs were on hand to see their son perform. After three more weekends of shows, Dick will leave for the Babson Institute of Business at Wellesley, Mass.
