

### City Ends Rent Control

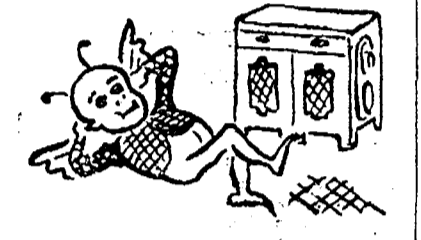

(Continued from Page 1)  
 of by publishing the same once in a newspaper circulated in the City of Grosse Pointe, and by posting a notice of the meeting in at least five public places in the City of Grosse Pointe; and  
 "Whereas, notice was duly given as provided in such resolution and such public meeting was duly held; and  
 "Whereas, as a result of such public meeting, the Council finds as follows in respect to there not

being such a shortage in rental housing accommodations in the City of Grosse Pointe as to require rent control:  
 "1. The present rental housing facilities in the City of Grosse Pointe are sufficient to care for those now living in the City of Grosse Pointe.  
 "2. There is no emergency in rental housing accommodations in the City of Grosse Pointe at the present time and none threatened.  
 "3. There is a much larger percentage of rental housing in the City of Grosse Pointe compared to the size of the City of Grosse Pointe than is true of other Grosse Pointe municipalities, due to the number of terraces and two-family houses in the City of Grosse Pointe.  
 "4. There are rental properties now available in the Grosse Pointe area.  
 "5. Taking into consideration the residential nature of the City of Grosse Pointe and the proximity of the City of Detroit, rental housing in the City of Grosse Pointe is and will be desirable. But that does not mean that there is such a shortage of rental housing accommodations in the City of Grosse Pointe that rent control is required.  
 "6. There has been an increase in the number of rental units for residential purpose in the City of Grosse Pointe in the past few years and they are not subject to rent control.  
 "Now, therefore, be it resolved that rent control in the City of Grosse Pointe be terminated on the 1st day of October, 1950."

### Homemakers' Hints

Today, a surprising number of homemakers are finding the way to have comfortable, really attractive homes at lower cost. The answer? The roomy old farmhouses just outside of town... the cottages at nearby lakes that can be bought for very little. A little ingenuity

— a wall knocked out, here, new paint there—turns these bargains into beautiful year-round homes. First consideration, however, should be the right working equipment for the home—a convenient kitchen and bathroom, electricity, of course—and the right heating equipment. Many homemakers are discovering a new fuel oil heater that may be placed right in the living room—matching other furniture designs—and heating the entire home inexpensively and very efficiently.

The heater is called Duo-Therm... giving thrifty, clean and work-saving oil heat in homes without basements or central heating plants. It has a Power-Air Blower which circulates heat throughout the rooms and a thermostat control for heat regulation.  
 One reason why this efficient heater is so popular is that it's designed just like fine furniture. There are Sheraton and Hepplewhite and Chippendale Models for traditional rooms... and smart blond designs for modern rooms, each of them actually resembling a smart looking console.  
 There are styles for every purpose—for warm heating comfort in a trailer or a six-room house. No wonder so many homemakers—both in the city and in the country—are depending upon this economical, really thrifty way to warm homes in winter!

### Mack Resigns As Councilman

Councilman John Mack, who has served on the Grosse Pointe City Councils for 10 years, presented his resignation at the meeting on September 25.  
 His resignation was accepted with deep regret by his fellow councilmen, who decided at once to give him a farewell dinner at the Grosse Pointe Yacht Club at an early date, probably October 12.  
 Mr. Mack is one of the executives of the Chrysler Corporation and for a long time was in charge of Fargo, selling Dodge trucks in fleet lots all over the United States.

### Former Pointer Talks on Sweden

"You cannot imagine how beautiful Sweden is if you have just seen pictures," said Donald Corbin, former resident of Grosse Pointe, talking to a gathering at the home of Mr. and Mrs. George R. True on Thursday evening.

"Stockholm is an exceptionally beautiful city, with very modern architecture. It is built on many islands and is very much like Venice except that it is more beautiful and very clean. You can swim and boat in both fresh and salt waters, and many more people have boats in Stockholm than cars."

Mr. Corbin, who is returning to Sweden when he completes his fall term at Wayne University, continued: "Sometimes, as Americans, we think we have all the latest in manufactured items. And yet, I brought back many items which we do not have in America, among them about 50 items which would interest the housewife."

"For instance there is a splendid gadget for making smooth gravies and sauces, and a dispenser which delivers the right amount of mustard or catsup without any pounding.  
 "Young men are wearing their hair long right now—about down to the top of the ear, all the way around. When a man has his hair done, it is trimmed, washed, and waved, and he wears a hairnet while it is drying. In the barber shops, there are pictures showing how the man's hair will look both before and after it is waved."

"In many homes you would notice their beautiful chandeliers. These are investments, and when a family moves, it detaches the chandelier and takes it along to the next home, just as we would our rugs or chairs."

### School Fight Spotlights Shores' Problem

(Continued from Page 1)  
 only by putting the second grade pupils on the half day sessions and thus providing what their parents term a "half-education" during this period.

The committee states that the idea for the half day sessions came from Superintendent John Barnes and not from the Shores committee.

**Shores Very Upset**  
 Officials of the Shores are very much upset over the situation which has developed there. The present argument over the half day sessions is said to be only a small part of the major problem. Expansion in the Shores has been so sharply curtailed in recent years as to be almost dormant. This has been due to the

fact that the State would allow no further building in the village until a new sewer system was provided to replace the current use of septic tanks.

**Ready to Expand**  
 The Shores has now reached the point where it is about ready to start construction on a complete sewer system. This will open the door to the development of subdivisions in the .80 per cent of the village which is not yet built up. Many real estate operators have already planned subdivisions and the Village Planning Commission has been busy for a number of years plotting the orderly and desirable development of these vast empty spaces.

Many of the plans for streets and various restrictions have been approved, and the village looks forward to a tremendous growth during the years ahead. It has been estimated by some of those close to the picture that the population of the Shores will be tripled within the next five years, and will again double within the following five.

**6,000 in Ten Years**  
 This would mean that the Shores, with a present population of about 1,000, would have 3,000 within five years and 6,000 within the ten.

One of the main problems now confronting the Shores planners is the educational facility void. How, they want to know, are they going to be able to offer any educational facilities to newcomers to the village when they haven't enough for the present population?

**Hut Plan Approved**  
 The Planning Commission recalls that it went to the School Board four years ago and asked for a four-room quonset hut at Vernier to relieve the situation and provide some insurance against future expected growth. The School Board at that time approved the plan and the Planning Commission obtained the approval of the village to lend the School Board land for the hut for as long as it was needed.

The Planning Commission members blame former Superintendent of Schools Paul Essert for stalling action on the hut project and finally having the entire project killed by the Board.  
**Oct. 3 Meeting is Set By Woods Garden Club**  
 Members of the Grosse Pointe Woods Garden Club will meet on Tuesday, Oct. 3, at 1 p. m. in the home of Mrs. D. J. Hanna, 1914 Beaufait.  
 Mrs. A. P. Hallingd, guest speaker, will discuss "Bulb Planting."

### To Halt Plumbing Station Leak

The leakage in the sanitary discharge at the City's pumping station on Charlevoix has been causing anxiety to the City for some time.

At the meeting on Sept. 25 a contract was let to Louis G. Sherf

of 4302 Yorkshire to install new piping that will correct the trouble and also give the City an additional stand by discharge service at the station.  
 The price for the job completed will be \$5,225.

### Pointes Turn Down Detroit Fire Assistance Proposal

The City Council on Sept. 25 rejected the dictum laid down by the Detroit Fire Department that to continue the supplementary fire service arrangement which has existed for years between Detroit and the City, the City would have to agree by October 1 to not only pay the time-of-service charges, at increased rates, but also pay a stated standby charge, which in the City's case would amount to \$375 a year.

The same proposal has gone out from Detroit to the other Pointe Communities which have been operating under the same arrangement with Detroit, at varying figures of cost.

The Farms council, which also met Monday night, took similar action. The clerk was instructed to write Detroit stating that the present contract would be allowed to expire on October 1, and also informing the city that the Farms council thinks the proposed charge eminently unfair.

Detroit has not been called upon for aid at any Farms fire in the memory of any of the present officials. On the other hand, it was stated it has frequently happened that someone has pulled a Farms alarm for a fire on the Detroit side of Mack. The Farms firemen have responded and rendered service without charge until the Detroit equipment arrived.

#### Two New Patrolmen Being Hired by Farms

Joseph Eugene Miller of Muir road has been approved by the Farms council as an applicant to fill a vacancy on the police force created by the retirement of Sergeant Andrew Allard. Miller will be hired on a probationary basis. One more patrolman will have to be hired to replace George Van Tiem, who has received his orders to report for active Army duty on October 6. Van Tiem was a member of the reserves. He was married in August.

### Rummage Sale Donations Require Sorting

The Women's Association of the Grosse Pointe Woods Presbyterian Church will hold its annual Rummage Sale at the Church on October 6 and 7. The hours on Friday will be 9 a.m. to 9 p.m. and on Saturday from 9 a.m. to 2 p.m. Sorting out and pricing some of the many donations which will be sold are, left to right: MRS. HERMAN GOODSMITH, co-chairman; MRS. FRED LEONARD, MRS. WINSTON LANCASTER, MRS. ROBERT SMITH, chairman, and MRS. W. O. GAMBLE. Some of the others working on the project include Mrs. Roy Nelson, Mrs. Robert Jewett, Mrs. Rex Johnston, Mrs. Franklin Dougherty, Mrs. L. W. Westerville, Mrs. L. Marr, Mrs. J. C. Rowe, Mrs. William Ferguson, Mrs. Charles Schank and Mrs. L. Anderson.

### Reckless Drivers Pay Up in Court

Judge John L. Potter disposed of the following cases in Park police Court on September 20:

D. Sarvis, 904 Lakepointe, for permitting his dog to run at large, paid a fine of \$2.

Phyllis Balsiola, 5787 Belvidere, Detroit, for reckless driving and hitting a city fire hydrant at 1445 Bishop on August 16, pleaded guilty and paid a fine and costs of \$10.

Albert E. Gregory, 1064 Seyburn, for reckless driving causing an accident at 16708 Jefferson on Sept. 17, pleaded guilty and paid a fine and costs of \$55. He was also prohibited from driving for 30 days and directed to attend two sessions of traffic school.

Roy A. Stougaard, Jr., 278 Piper boulevard, Detroit, for speeding 45 m.p.h. on Jefferson on August 24, paid a fine and costs of \$21.

Allen T. Campbell, 1408 Seminole, Detroit, for pulling into moving traffic and causing an accident at Kercheval and Wayburn on Aug. 21, pleaded guilty and paid a fine and costs of \$11.10.

George Hope, Jr., 1150 Lakepointe, charged with reckless driving causing an accident at Three Mile and Jefferson on August 11, denied his guilt and on examination was adjudged not guilty.

Frederick E. Stoepel, 579 Neff, for speeding 40 m.p.h. on Kercheval on Aug. 24, pleaded not guilty and sentence was suspended.

### Party Fugitive Scares Neighbor

A woman living in Yorkshire road was surprised to see a strange man apparently sleeping on her front porch one morning last week, and called the police.

On investigation the police learned that the man had been a guest at a late party next door

the night before. Growing tired of the hectic humor and general frivolity of the event, he had betaken himself to a quiet seat on a neighboring porch to get away from it all.

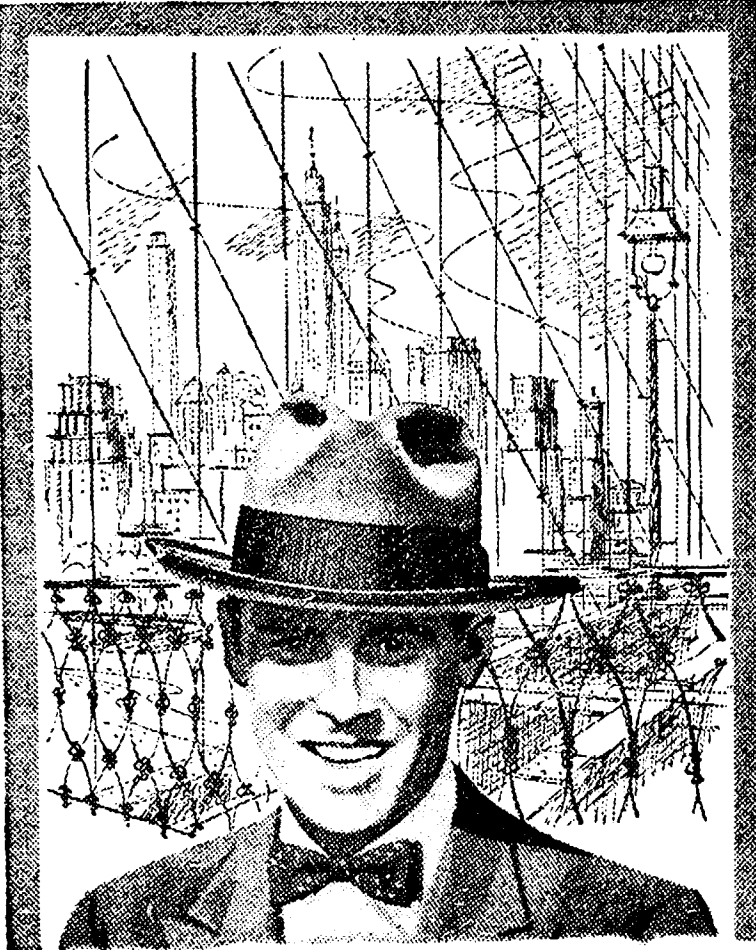

He was still quietly meditating or sleeping, at 7:09 the next morning when the alarmed housewife found him.

### City Council Flare-Up No. 2 Concerns Housing Proposal

Flare-up No. 2 happened at the City Council meeting Monday night when Councilman Chester Carpenter offered a rough sketch which a party had prepared showing a proposed development on the plot on the south side of St. Paul opposite the VFW Club House.

This party had an option on the place and before exercising it desired to know informally how the council would view his proposed development. He wished to erect a sixteen-family unit on the site.

City Clerk Neff who had been an interested but quiet listener on the discussion which ensued began to get red about the neck. "What I would like to know," he broke out, "is why you gentlemen should be giving serious consideration to the proposal of a party to put 16-family units on this place when only a year and a half ago you refused permission to a high class and responsible builder from the West Side to erect a 12-family unit on this identical property on the ground that it would make the plot too crowded."

The effect was a bombshell. Possibly not any of the councilmen realized that the refusal of 18 months earlier was in any way identified with this same plot.

Councilman Thornton Waterfall suggested not too enthusiastically that times and conditions had changed since then and possibly the Council should not consider the development of more closely packed building units to care for the City's fast growing population.

Mayor Netting demanded to know who the party of 18 months earlier was, probably having in mind the idea of giving him another chance to present his proposition.

Clerk Neff promised to produce his name in the morning as soon as he had had an opportunity to look up the records. The next morning Neff had the name. He then learned that this party was no longer interested in the development of this plot.

Needless to say there was no more serious discussion of the 16-unit man's proposition.

Incidental to the discussion it might be mentioned that City Clerk Neff holds his commission as clerk of the City, by virtue of the direct vote of the people and is not a creature of the Council as is the case in some of the other Pointe communities.

### Polio Cases Near Last Year's Top

With two new cases of infantile paralysis reported in the Pointe on Tuesday the total for the season reached 19 and threatened to surpass last year's 21.

The latest two cases are those of two sisters, one 5 and one 15, living in the Park. There was said to be no paralysis in either case.

Of the 19 cases reported, nine of the patients are 15 years old or older. In previous years the disease has most often attacked young children. One of this year's patients is 40 years old.

Only two of the Pointe's cases this year have been of a very serious nature. One young mother who is expecting another child was taken to Herman Kiefer Hospital last week with almost complete paralysis. Her condition is reported as critical.

A former Pointer, Mrs. Edmund Lunken of Cincinnati, the former Dorothy Backus, was stricken with polio while motoring in the east last week. She is in a New York hospital.

### Complete Survey of City's Lighting System Approved

On the suggestion of Councilman Sidney Morgan at the Council meeting on Sept. 25, the Detroit Edison will be requested to make a survey of the City's lighting system. This will be done with the view of making a complete rearrangement of the city's entire public lighting service at some reasonably early date.

that this is one of the major problems that confronts the city in the near future. The council urged that this be done before the leaves have fallen off as affording a better picture of the lights and shadows that must be reckoned with in any satisfactory diffusion of the street lighting.

### Canadian Driver In Pointe Crash

Garnet T. Fraser of 1225 Division street, Kingsville, Ont., while driving south on Berkshire on Sept. 19, failed to stop at Charlevoix and struck a car driven west on Charlevoix by Hector G. Barron, aged 58, of 19805 Moross road.

Barron was taken to Bon Secours Hospital suffering with injuries to his left leg and right hip.

Fraser was given a ticket for stop street violation resulting in an accident, returnable to Traffic Court on October 4. He posted a \$50 cash bond for his appearance.

### Betrothal Told

At a family buffet dinner given in their home in Lincoln road on Saturday evening, September 13, Mr. and Mrs. Edward A. Ketterer announced the engagement of their daughter, Barbara, to Donald C. Bangs, son of Mr. and Mrs. Henry Leighton Bangs of Berkshire.

The news was revealed to the guests as Kristina Segerlund, niece of the bride-elect, presented each one with a red rose, to which was tied a heart bearing the pictures of the engaged couple. No date has been set for the wedding.

### Hit-Run Driver Fails to Escape

A call was received at the Park police station at 9:03 p.m. on Sept. 20 that a tan colored Hudson car occupied by two colored men had just struck two parked cars in front of the place and turned about and gone back down the avenue.

A police radio broadcast resulted in a Detroit scout car picking them up at Conner and Jefferson.

On investigation it was learned that the men had first sideswiped a car at the Toddle House and then in backing up to turn around they had damaged another car. The driver of the offending car was Ernest Fulmer of 253 Erskine street, Detroit.

The next morning he posted a \$100 bond for his reappearance in court on September 27, to give him time to effect a settlement for damages done to the other two cars.

### Woods Creates Special District

At the Woods Council meeting on Sept. 19 it was decided to create a special assessment district along north and south Renaud road for the installation of boulevard lights. The property owners along those streets petitioned council some time ago for the lights.

The territory to be covered runs from Milk river to Mack avenue.

### Mothers' Club To Hold Mixer

The first Parent-Mixer of the year at Grosse Pointe High School will be held on Monday evening, October 9, at 8 o'clock when all parents of Junior High and High School students are urged to attend, renew old friendships, and get to know one another.

Mrs. Harold S. Davis, president of the Mothers' Club, has announced that Miss Margaret Caspell, who spent last winter in England as exchange teacher from Grosse Pointe High School, will speak on the comparisons of teaching here and abroad. John E. Finch, head of the High School Music Department, will conduct his students' chorus in a number of songs. Refreshments will be served.

The Mothers' Club held its first board meeting of the year at the High School on Monday afternoon, September 25, with Mrs. Davis presiding, to discuss plans for the coming year.

### Private Entrances to City's Park Subject of Discussion

The "private" gates into the City's beach park have long been a thorn in the side of the Council.

Recently the city attorney was directed to prepare an ordinance to deal with the situation and that ordinance was up for consideration at the council meeting on September 25. The ordinance as drawn provided both for fines and penalties and permitted civil actions by injunctions.

There are now three of these private gates, all from the Lakeland avenue side. One of them was put in several years ago on police recommendation who desired a quick entrance into the park in the event of accident or drowning, and the property owners who desired the private entrance assured the police that the gate would be for their use at all times.

Since then two other gates were put in by private parties. These were made in the face of actual prohibition by the police and the parties put them in in the dark of the moon. These private gates have not been faithfully used and many unauthorized persons have gotten into the park through them. Being able to get into the park without having to display tickets at the regular entrance on Jefferson avenue has enabled many to get in who should not be able to.

Mayor Netting said that the recent Joey Housey case had shown the necessity of giving maximum protection to the small children and as public parks were largely frequented by this class it was doubly necessary that the best protection possible be given them.

The Mayor asked Commissioner of Public Safety Clarence Blessed for his opinion on the matter and Mr. Blessed gave it in a forthright manner.

He said he believed that all public facilities should be open

to all the people on an equal basis, whether they lived next door to the park or a mile away. He believed there should be one legal entrance to the park, that this should be the one on Jefferson avenue and that all persons should be compelled to use it. Moreover if some persons could get into the park without having to show admittance tickets the whole process of limiting the park use to the city's own citizenry would be nullified.

Action on the ordinance was postponed until a later meeting.

### Painters Badly Injured in Fall

While William Martens, 31, of 5784 Lodwyck and Donald Watson, 24, of 22029 Cushing, painters, were painting from a scaffolding at the Grosse Pointe Bank on Aug. 31, a rung in their ladder broke and they fell to the ground.

Officers Onstwedder, Johnston and Van Tiem took them to Bon Secours Hospital where Watson was found to have a fractured back and Martens a fractured heel. Both will be in the hospital for some time.

### Driver Cleared As Child is Hit

Little 5 1/2 year old Caroline Phau, of 963 Nottingham, ran out from between two parked cars in front of 925 Nottingham on Sept. 21 and was knocked down by a passing car. Fortunately the car was going very slowly and the child suffered only minor bruises.

The police said the driver was in no sense at fault and no arrest was made.

### Two Badly Hurt In Auto Crash

A serious automobile-tree accident occurred shortly after 3 o'clock Tuesday morning, Sept. 26, at the corner of Bedford and Windmill Pointe drive.

Sergeant Mead was on the desk in the Park police station when a phone message came in to stop a man who was incessantly blowing a horn on Harcourt. When Mead himself arrived on the scene a young man staggered up to him and said "I've been shot."

Investigation disclosed that the young man, who was Gilbert Gonzalez of 16624 E. Eight Mile drive had run into a tree and smashed his car and seriously injured himself and a young woman, Marie Franzen, 21, of 3551 Hurlburt, Detroit.

Mead took them to Bon Secours Hospital, where examination showed that Gonzalez had a ruptured diaphragm and liver and a punctured colon.

The girl had a badly lacerated face, two broken legs and a probable skull fracture. She was also in a state of shock.

The hospital reported that both persons were in a very critical condition, with Gonzalez the more critically injured of the two.

The National Geographic Society says watermelons were first taken to America by the earliest settlers.

### Center Offering Lectures on Art

"Painting Today" will be discussed by the noted sculptor and painter, Mr. Franklin Page, Tuesday evening, October 3, at the Grosse Pointe War Memorial Center.

Mr. Page not only is the curator of the Detroit Institute of Arts but he is also an art instructor at Wayne University. Grosse Pointers who heard his lecture series at the Center last year have requested his return.

He will give a series of four lectures on "The Arts of Our Time." His first lecture "Painting Today," on October 3, is a discussion of the tendencies of contemporary painting directed toward trying to discover a method for the study of the meaning of modern art.

His second lecture on October

10 will have to do with "Experiencing Modern Sculpture." The third talk on October 17 will be on "Today's Architecture." His fourth and final lecture on October 24 will consider "Modern Art in Home and Industry."

Call the Grosse Pointe War Memorial Center (TU. 1-6030) for reservations. The fee will be \$1.00 per lecture or the entire course for \$3.00.

### PATRICIA THURLOW BITTEN

Little Patricia Thurlow, aged 2, of 819 Beaconsfield, was bitten on her left hand by a fox terrier owned by Lloyd Ratz of 809 Beaconsfield on September 19. The child was treated by Dr. W. S. Scott of 79 Kercheval and the dog was impounded.

### New Charvat Florist Shop To Open at Mack and Calvin

Friday marks the opening of Charvat the Florists' new shop at Mack and Calvin. The shop is owned and operated by Louis F. Charvat and his two sons, Louis (Bud) and Bob, all residents of Grosse Pointe for over 21 years. The shop is unique in that it features drive-in facilities which eliminate the problem of parking. The plant conservatory is constructed of Aklo Glass which admits natural sunlight but reflects its heat. This allows viewing the huge display of plants at normal room temperature the year round.

Two large modern refrigerated display cases house the cut flowers. The end of one case is solid glass and extends to the building line on Mack avenue, permitting full view from the sidewalk.

The interior of the shop, which is finished in rich cherry paneling, features a revolving display stand. A large bulb room is completely stocked with imported and domestic bulbs.

The Charvat family also operates a floral shop at 7347 Mack avenue, which the father estab-

lished 35 years ago. Prior to that he and his father conducted a business on Rowena Street, in Detroit, for 15 years.

Both Bud and Bob are graduates of Michigan State College where they received degrees in horticulture.

Ray LaFave, a widely known floral designer, joins the staff of the new shop after 16 years at the other Mack avenue location. Deliveries and telegraph orders are a part of the firms' services.

#### First Chi Omega Alumni Meeting Set For Oct. 4

The Detroit Chi Omega Alumni Association is opening its 1950-51 season on Oct. 4 at the home of Miss Virginia Hoelze in University place. It is to be a dinner meeting with the time set at 6:30 o'clock.

After dinner there will be color slides and an accompanying talk on the Scandinavian Countries by Miss Virginia Hoelze. Miss Hoelze has just returned from Europe. Following the slides Mrs. Earl Zuehlke will give a report on the convention which she attended last June.

All members are requested to bring worn, white sheets, to be torn for cancer bandages.

The chairman of the meeting is Mrs. Sylvester Smith of Severn road, Grosse Pointe. Mrs. Smith is also taking reservations, as is Miss Dorothy Gilmore of Longacre. Reservations must be in by Sunday, Oct. 1.

This meeting is the first one over which the new officers will preside. The officer selected June for the year 1950-51, include: president, Mrs. Earl Zuehlke; vice president, Mrs. Minard Mumaw; recording secretary, Miss Barbara Stickney; treasurer, Mrs. John S. Heil; corresponding secretary, Mrs. Charles N. Thompson; Senior Panhellenic Representative, Mrs. Howard Simon; Junior Panhellenic Representative, Mrs. Howard Gordon; Publicity, Mrs. H. E. Altman.

#### Solution Sought To Bank Parking

Engineer Gunderson in the employ of the Wayne County Road Commission who is engaged in making a survey of the parking problem in Grosse Pointe City, was requested by the City Council last Monday night to include in his report suggestions on relieving the parking situation at the Grosse Pointe Bank at Rivard and Jefferson.

The bank's fast growing business is causing it increasing anxiety over the parking convenience of its customers and there is belief that it will cooperate with the city in arranging better parking facilities.

#### Dominican High Mothers To Meet on October 4

Mothers of new students will be welcomed at the first meeting of the Dominican High Mothers' Club at 8 p.m. Wednesday evening, Oct. 4. Mrs. Lawrence Bielman, president, will conduct the business session.

Harold Carlson is to be the guest speaker. Mrs. Bruce Costa will be program chairman and Mrs. Alfred Beste, social chairman. Mrs. Charles Beste will act as hostess for tea after the meeting, assisted by the senior mothers.

#### George Neirinck Leaves For Duty at Fort Knox

George Neirinck, popular member of Gray's Sport Shop staff, left Tuesday to report for active duty with the Army at Fort Knox, Ky.

George has been feted at a number of parties during the last week, and 15 of the youngsters who were members of the teams he directed last year while running the Grosse Pointe Inter-Church Basketball League, presented him with an ample supply of cigarets to take to camp.

### Pointe Theatre Starts Casting

The Grosse Pointe Theatre announces that try-outs for "State of the Union," its first major production of the 1950-51 season, will be held on Monday and Tuesday, October 2 and 3, at 7:30 p.m., in Grosse Pointe Memorial Church House, Lake Shore road.

"State of the Union," one of the best-known comedies of the contemporary American theatre, was written by Howard Lindsay and Russell Crouse, who also authored the plays, "Life with Father" and "Life with Mother," co-produced "Arsenic and Old Lace," and are responsible for the plot of the hilarious new soon-on-Broadway musical "Call Me Madam." Small wonder, then, that with such illustrious parents "State of the Union" has had such a successful career. Ruth Hussey and Ralph Bellamy starred in its Broadway opening. A few years later Spencer Tracy and Katherine Hepburn appeared in the Hollywood version.

The Grosse Pointe production, which will be presented on November 24 and 25, will be directed by Dallas Chapin, who enjoys a considerable reputation in Detroit and Grosse Pointe theatre circles. A member of both the Players and Fine Arts, Mr. Chapin has directed three shows for the AWVS Little Theatre group. His Grosse Pointe Theatre responsibilities have included the following: co-directing "Clarence," the enactment of the important role of "David" in last year's "Claudia," and current membership in the Board of Trustees.

Mr. Chapin will be assisted by Miss Undine Sturdevan, secretary to the Board of Trustees, who was last seen on stage in "I'll Leave It to You."

Seventeen roles, six female and eleven male, are to be cast during the try-outs. All members of the Grosse Pointe Theatre, as well as those interested in joining, are urged to read for parts, either Monday or Tuesday evenings, October 2 and 3.

## Parishioners Build Dream Home to Benefit Church

The Ideal Dream Home at 2133 Vernier road, Grosse Pointe Woods, will become some lucky family's "dream-come-true," but it will also stand for years as a monument to the cooperative spirit of the members of St. Joan of Arc parish, St. Clair Shores.

The spacious brick-and-stone house, beautifully custom built, spreads 42 feet across a lot 80 x 110 feet. The house itself is almost 30 feet deep.

A large hall from the front door gives access to a living room 18 feet by 13, a kitchen 11 by 13 feet, a den 9 x 11 feet that can readily be converted to a bedroom. The dining room, 11 x 12, has a large picture window. On the main floor, is also a powder room, 5½ feet by 8 feet.

The second floor has two bedrooms and bath. The master bedroom measures approximately 16 x 13 feet. The smaller bedroom is 15½ by 11 feet with two closets and a dressing room large enough for a nursery. The bathroom is 8 feet by 6½.

The entire basement of the model home has been excavated, the floor tiled with asphalt and equipped with a lavatory. There is a laundry room and a gas forced-air furnace. Copper plumbing is used throughout.

Here's how St. Joan's parishioners and friends did their "bit" for the project:

The site was given by Arthur J. Scully, not a parishioner. J. Warren Weller, designed the house. The Bidigare brothers built it. Henry Mok of the Scheuran-Mok Lumber Co. provided the lumber and millwork. J. A. Broughton was the stonemason.

Albert Caloia of the Caloy Plumbing Co. supplied hardware and plumbing fixtures. Joe's Elec-

tric installed fixtures supplied by the Michigan Chandelier Co. Marshall VanAssche of Rene Van Assche & Sons installed the heating system. Meier cut stone provided stone trim. Cement work was furnished by George A. Fresard and plastering by the St. Clair Shores Builders. Hans Lovisa did the tile work. The landscaping was done by David Allemon's Florist and Nursery.

When these many hands made the work of construction light, the parish committee, under the chairmanship of John J. Gallagher and Mrs. John Schummer, started the task of making it known to the public.

Visitors may view the project every weekday from 1 to 9 p.m. and Saturday and Sunday from 10 a.m. to 10 p.m.

### Southeastern Woman's Club Meets On Oct. 2

The Southeastern Woman's Club will begin its 1950-51 season with a potluck luncheon at 12 noon on October 2 in St. Mark's Methodist Church. Mrs. C. G. O'Dell is chairman of the luncheon committee.

The speaker for the after lunch program will be Hugh McNeill, who will have as his subject "The Story of Linens." Miss Audrey Bleet will be heard in several solos.

### AT KALAMAZOO COLLEGE

New students enrolling at Kalamazoo College this fall included John Brobst of Blossom Lane, Grosse Pointe Woods, a freshman, and Harold Beattie, of Grand Marais, a transfer student who previously attended Highland Park Junior College.

### Beth Skidmore to Marry Robert Russell Rector, Jr.

The betrothal of Beth Skidmore to Robert Russell Rector Jr., was announced Sept. 10 at a dinner given at the Barton Hills Country Club by the bride-to-be's mother, Mrs. Sackett Skidmore, of Ann Arbor and Detroit.

Beth attended Michigan State Normal College in Ypsilanti. Her fiancée, who is the son of Mr. and Mrs. Robert Russell Rector of Merriweather road, was graduated from Washburn College, Topeka, Kan.

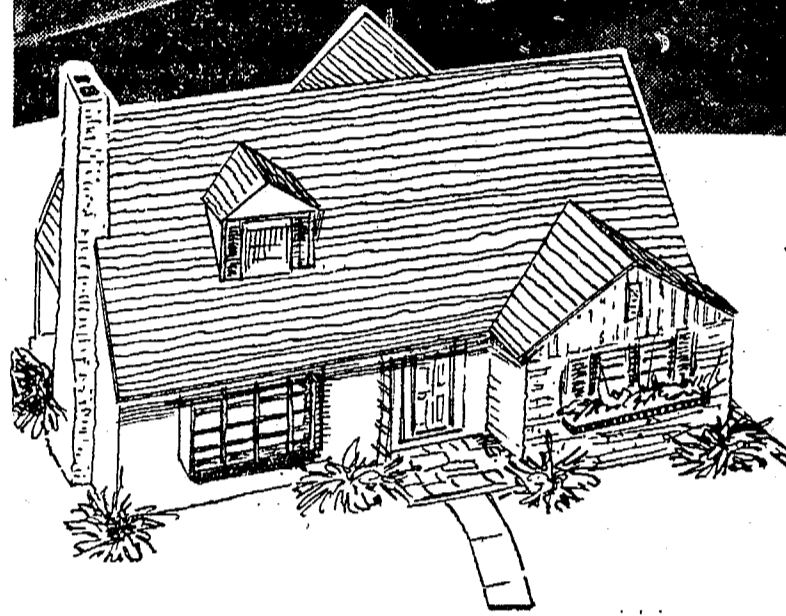

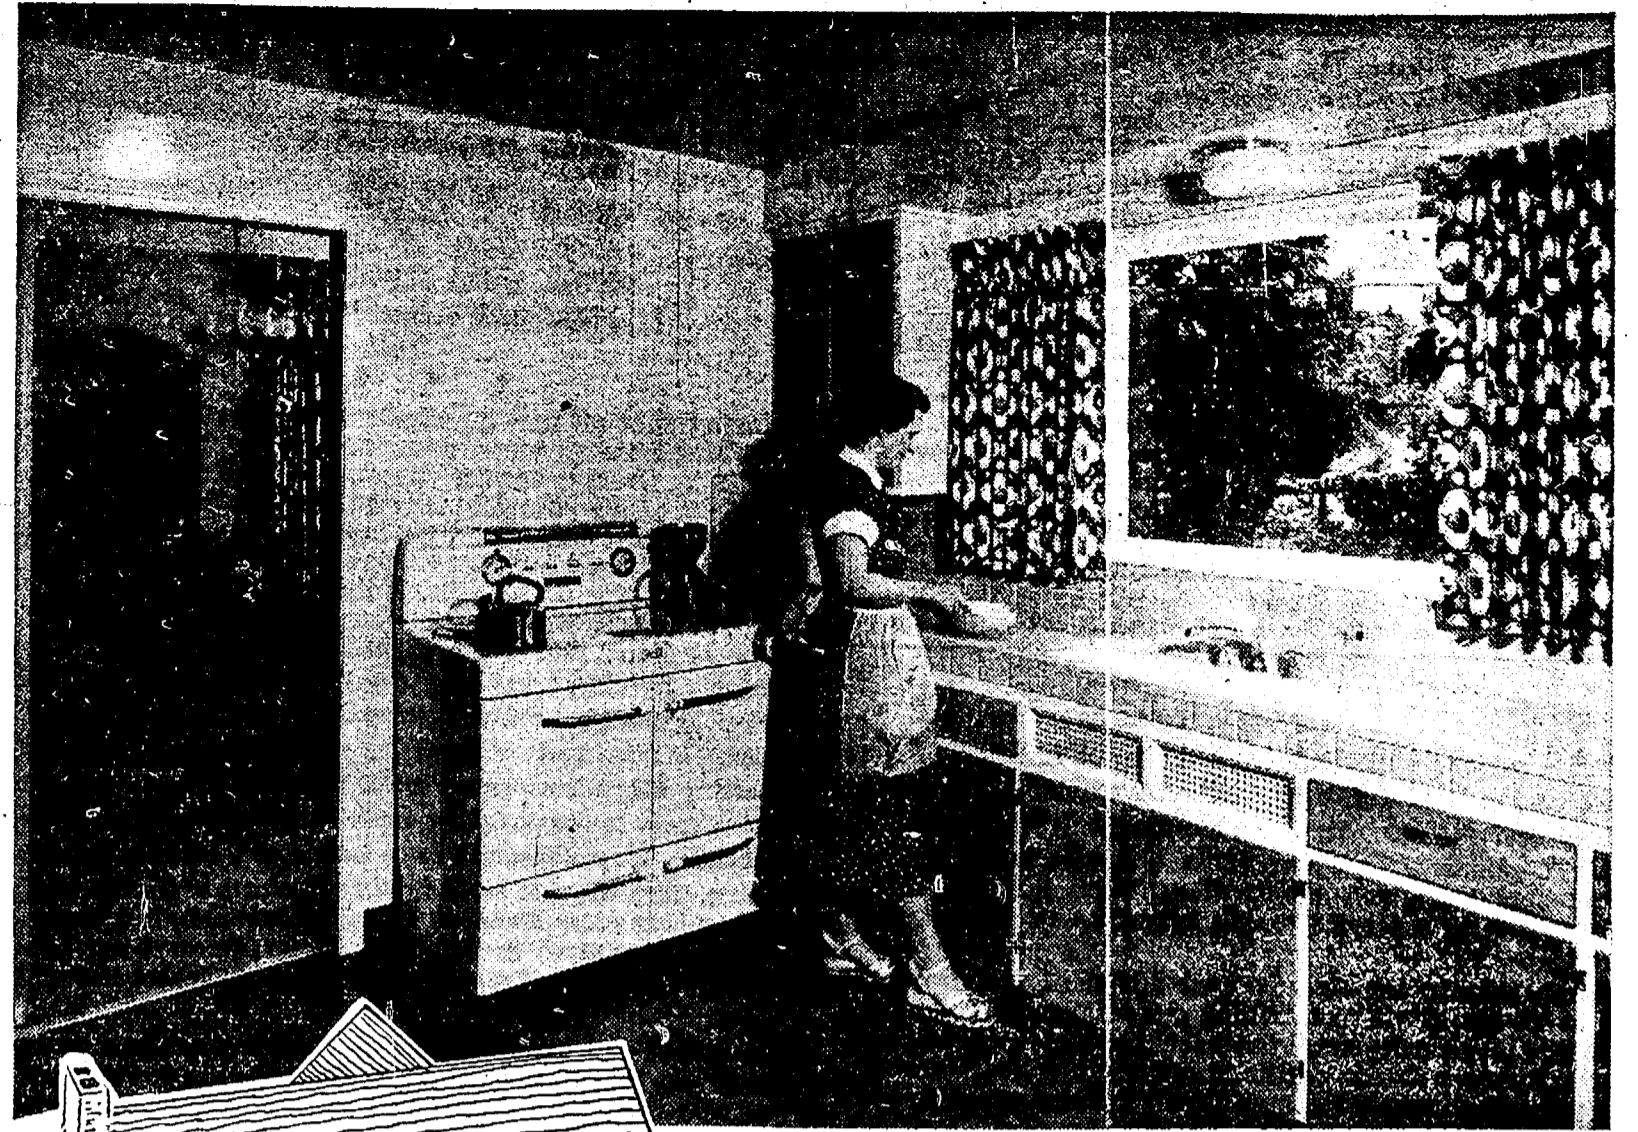

tember 25 to urge greater protection against traffic hazards along that thoroughfare.

They presented their case so earnestly and convincingly that President Pro Tem Peter Koenig and the commissioners promised that something would be done. The making of Charlevoix and Vernor one-way streets by Detroit in its own limits has added greatly to the local hazard.

The petitioners wanted the stop signs renewed and placed in lower positions making them more clearly visible to the traveling public. They also suggested additional stop lights at certain locations along Charlevoix and asked that the letters SLO be painted in large yellow letters on the approaches to the avenue.

**SALLY MCKERNAN PLEDGED**  
Sally McKernan, who wrote last year's St. Paulscope Column in the Grosse Pointe News, has been pledged to Kappa Alpha Theta sorority at the University of Kansas in Lawrence, Kan.

## 30,000 Persons Have Seen the House St. Joan's Built
