MOTORISTS BEING GIVEN BREAK

Road Commission Answers Motorists' Queries

Ever since this sign was erected in Moross road some six weeks ago the question on many lips has been "Yes... But When?" The bad holes in the cement pavement have been drilled out and filled with new concrete, but that is as far as the work has progressed. The Wayne County Road Commission announced Monday that its program is so large it is having great difficulty obtaining materials and labor. It assured the NEWS that Moross road is going to get a whole new surface of two inch asphaltic concrete just as soon as possible. This work will be completed before the Jefferson avenue resurfacing project is tackled.

New Farms Garage Near Completion

\$75,000 Project Represents Major Improvement In City's Facilities

The new Farms municipal garage is in the final stages of completion and is expected to be accepted from the contractor within the next week or 10 days. The council will inspect the property next Monday prior to final acceptance. The structure, which is attached to the sewer pumping station located at Kerby and Chalfonte, represents a major improvement in the city's operational facilities. The building is costing \$67,000 and with driveways and landscaping the total outlay will be at least \$75,000.

Complete Facilities
The garage will provide protection for the Farms maintenance vehicles, some of which formerly had to be left out in the open, or housed in rough sheds on the property. There will be a mechanics' room and complete facilities for maintaining, washing, repairing and lubricating the trucks and other apparatus.

In addition, there will be complete sanitary facilities to serve the Kerby Road athletic field which adjoins the property. Room has also been provided for a voting booth, which will eliminate the necessity of an unsightly, temporary voting shack in that area.

Residents Pleased
The architecture blends with that of the pumping station and residents in the neighborhood are pleased.

An order for the equipment has been placed with the Miller Equipment Co. The two pieces of equipment will cost approximately \$3,000. The leaf collector and wood chipper will work integrally. As leaves and tree branches are collected, the chipper will shred them into small pieces.

Helin Raps Park's Failure To Make Tax Refund After Decision by Supreme Court

Has Paid Under Protest on Assessment of \$122,000 Instead of \$40,000 Which He Paid for Windmill Pointe Property

A vigorous protest over the failure of Grosse Pointe Park to refund taxes which he paid under protest, is made in a letter received by the NEWS Monday from Charles Helin, of 15440 Windmill Pointe drive. Mr. Helin's claim to a refund from both the Park and Grosse Pointe Township was upheld in a decision handed down by the State Supreme Court early last January.

Mr. Helin's letter follows in full. To the Editor, Grosse Pointe News, Early last January the Supreme Court of Michigan in a unanimous decision upheld my charge that I had been excessively and fraudulently taxed on my home on the shore of Lake St. Clair, in Grosse Pointe Park, and ordered a refund of the tax money I had been paying under protest.

Township Pays Up
Finally, last April, after some extended bickering I received my refund from the Township. Though I had paid under protest to the Village at the same assessed value I have still to receive my refund from them. The reason, so I'm told, is because they think they can find some loophole or technicality on which they can beat me in another extended court case at the taxpayer's expense.

What I have recovered after a lone battle of many years is meaningless, considering the cost it has been to me. **Flays Lawyers**
Apparently, there exist in these United States, some bright young lawyers, politicians, tax assessors and collectors, who, when they are out soliciting votes for themselves or their bosses, never fail to remind the voter how wonderful it is to live in America in a country governed by law instead of dictators, but just somehow forgot to mention they can be so blinded by the opportunity to snatch a tainted nickel or two from the pockets of an incompletely fleeced taxpayer, that all

this country stands for becomes subservient. When this group heard of the Court's decision which put a crimp into their tricky and illegal tax-assessing formulas that ignored completely cash values, they screamed bloody murder to anyone who would listen, and hid en masse to Lansing. **Want Laws Changed**
Here, they beseeched the legislators of both houses to pass new laws in an attempt to circumvent the unanimous findings of the Supreme Court and the clause in the constitution which states that no property can be assessed for more than its true cash value. On this clause I based my case. The only way to remove it is by a direct vote of the people.

I question that a total of two ever read the record of the trial or were greatly interested, of those appearing before the legislators. Certainly, I know the facts were ignored in Lansing. It's easy to guess what their true interest is. **No Scavenger Sale**
These men misrepresented the facts when they called the purchase by me of this property in an open sale a "scavenger sale." This politically adopted word could better be used to describe the swarm of high-tax "boys" which descended from all over the state into Lansing in an attempt to railroad through legislation that would enable them to operate beyond the legal reach of the over-assessed taxpayer.

No one who knew the facts of the purchase of this estate could have decided otherwise but that the assessment was fraudulently set at a rate many times greater than the average Grosse Pointe property. **What Are They Worth?**
If the true cash value of these mansion types of residences is but little more than their scrap value, don't blame the writer. Blame instead, the pinheaded, two-for-a-penny, potato burning New Deal politicians and their able Republican assistants, even in communities like Grosse Pointe. It is pretty generally understood that if this group could not feed from the public trough they would starve to death.

Sincerely, Charles Helin. **OIL THEFT REPORTED**
An attendant at the Grosse Pointe Garage, 17153 E. Jefferson, reported the theft of three quarts of oil on September 4. The attendant told police the boys jumped into a car and headed east on Jefferson.

St. Michael's Dedication Service Held

Bishop Russell D. Hubbard Presides At Impressive Ceremonies At New Chapel

Grosse Pointe's newest church, St. Michael's Episcopal Chapel, Sunningdale drive, was opened with impressive ceremonies last Sunday. At 11 a.m. the congregation participated in a Service of Thanksgiving at which the Vicar, the Rev. Edgar H. Yeoman preached. He was assisted in the service by his father, the Rev. Alfred Yeoman, of Tillsonburg, Ontario, and Maurice Wood, lay reader of Christ Church Parish.

Bishop Hubbard Presides
At 4 o'clock in the afternoon the church was dedicated by the Rt. Rev. Russell S. Hubbard, D.D., Suffragan Bishop of Michigan. The Bishop knocked on the door of the church which was opened by the Senior Warden of the Parish, Dr. John G. Mateer.

In the procession which then moved into the church were the Acolytes, the choir, followed by the clergy of the Grosse Pointe area, including the Revs. Paul Ketchum, Andrew Rauth, Charles Scheid, and Hugh White; the Rev. William Wood, Dean of the East Side Convocation of the Diocese of Michigan, and other clergy of the Episcopal Church, followed by members of the Vestry of Christ Church Parish, the Building Campaign Committee of St. Michael's Chapel and the clergy of Christ Church Parish.

Altar Dedicated
The Altar of White Italian Marble in memory of Mr. and Mrs. Frank J. Weber, was dedicated with the church. Following the ceremonies a reception was held in the Parish House.

Next Sunday morning there will be a celebration of the Holy Communion at 8 o'clock; at 9:30 church school classes will convene for boys and girls, grades 3 and over. At 11 a.m., there will be a celebration of the Holy Communion with the Rev. J. Clemens Kolb preaching.

At this service many memorials and gifts will be dedicated. The nursery, kindergarten and first and second grades will meet at this time.

Quiet Shattered
City police received a call from Bon Secours Hospital on September 10 of a horn blasting in a parked car. Officers Moffat and Van Tiem disconnected the horn wire.

Speeder Halted
John E. Andries, of 3859 Harvard road, received a violation ticket for speeding 40 miles an hour on Charlevoix on September 2.

School Enrollment 389 Above Figure Of One Year Ago

Total of 6349 Pupils in Attendance At All Schools in District on Third Day of New Term; 200 More Expected

Unofficial enrollment figures obtained on the third day of school in the Pointe's public school system indicate that 389 more pupils were in attendance on Monday than on the corresponding day a year ago. There were 6,349 children at all of the schools in the district. This represents an increase of 6 1/2 percent over a year ago.

Many More Expected
Past experience has been that the enrollment picks up from 150 to 200 within the first few weeks of school each fall. This is expected to be exceeded this year because of unusual conditions which exist at the new buildings still under construction.

It has also been difficult to get accurate figures at the Monteith, Poupard and Parcels schools, where half day sessions are being employed until the buildings are completed within the next few weeks.

High School About Same
Attendance at the High School on the third day was 1,091, one less than last year. There were 383 in Brownell Junior High, located in the High School building. Last year on the same day there were 407 in Brownell. Pierce Junior High reported an enrollment of 395 on Monday.

Junior High School enrollment stood at 1,290 on Monday as against 1,238 on the same day a year ago, an increase of 52 pupils.

New Polio Cases Make Total of 8

The total number of infantile paralysis cases reported in the Pointe so far this year is eight, according to the Grosse Pointe Board of Health. There are two additional cases in Gratiot Township.

The last two cases recorded here were those of a man, reported on September 4, and of a five year old boy. The boy's case was discovered when he reported for school on opening day. He had a very light case of polio at the time. He is fully recovered.

At this time last year there had been 13 in the Pointe, and none had been reported in Gratiot Township. Total number of cases all last year was 33, with one death. All of this year's cases have been light.

Versions Vary On Accident

A car driven by a Grosse Pointe Park resident and a Lake Shore Coach Lines bus collided at Country Club and Mack on September 4. The driver of the car stated the bus stopped suddenly to pick up a passenger and she was unable to prevent the collision.

The bus driver told police he had already picked up the passenger and was pulling away when the car ran into the rear of the bus. Both parties agreed to assume responsibility for damage to their own vehicles.

Rotarians Hear Reuben Ryding

Reuben Ryding, publicity director for Detroit's 250th Birthday Celebration, was the speaker at the regular luncheon meeting of the Grosse Pointe Rotary Club in the War Memorial Center Monday noon, September 10. Mr. Ryding told the club members of many back stage incidents which occurred during the anniversary celebration.

Girls to Hold Third Annual Fair to Help Battle Polio

A group of youngsters in their very early teens has completed plans for its third annual fair and once again looks forward to making a substantial contribution to the Infantile Paralysis Foundation. Last year the event netted \$310 to aid the fight against polio. The year before, the girls' initial effort, staged when they were only 11 and 12 years old, produced a \$250 gift to the foundation. This year's fair will be held on Saturday, September 15, on the city-owned lot at Maumee and Nef. The hours will be from 1 to 5:30 and in case of rain the fair will be held the following day, Sunday, September 16. Attractions will feature a white elephant booth, a bake sale, a books and records booth, a fish pond and various games. There will be no admittance charge. The girls running the fair include Susan Gillis, daughter of Mr. and Mrs. David Gillis; Lynn Johnston, daughter of Mr. and Mrs. George O. Johnston; Dibby Pearce, daughter of Mr. and Mrs. Fred Pearce; Gay Mercer, daughter of Mr. and Mrs. Edwin J. Mercer; Joan Le Gro, daughter of Mrs. Emily Young Le Gro; and Mimi Kenower, daughter of Mr. and Mrs. John L. Kenower.

Street Repair Program Hits Full Stride

Mack Widening Started; New Surfaces for Moross and East Jefferson

The Wayne County Road Commission has two projects, the widening of Mack avenue and the resurfacing of Moross road, underway in the Pointe at the present time, with the repair and resurfacing of East Jefferson in the Park and City due to be started very soon. Several of the municipalities are engaged in work on their own streets.

Although a starting date has not been set for the resurfacing of Jefferson, the work is to be completed by early November. The Cooke Contracting Co., which was awarded the contract for this work, will begin the Jefferson avenue project as soon as prior commitments allow.

Material Shortage
Materials have been short due to the amount of resurfacing work throughout Wayne County. John H. Norton, road engineer for the Wayne County Road Commission, stated.

The widening of Mack avenue has begun. Mack is being widened from Severn to Manchester and from Van Antwerp to the Wayne-Macomb county line. Concrete is to be installed by October 15, Mr. Norton said.

To Cost \$200,000
The Currie Co. is handling the widening of Mack. The cost of this project is approximately \$200,000, Mr. Norton said, and the weight and gas tax will finance the cost.

Moross road will be resurfaced from Harper to Ridge road where Wayne County's jurisdiction ends. The Cooke Contracting Co. was awarded the contract for this project prior to receiving the contract for the resurfacing of East Jefferson.

To Cover Moross
The cost of resurfacing Moross will approximate \$57,000, Mr. Norton said. The contract specifies two inches of asphaltic concrete. Preparatory work has begun on Moross, with the filling of holes and cracks.

The City of Grosse Pointe is resurfacing portions of Lakeland, Rivard, University, Lincoln and Washington, in accordance with its road improvement program for this year.

Doing Thorough Job
The Cooke Contracting Co. is applying a seal coat over a binder coat. The finished surface will be two inches in thickness. Catch basins are being raised to meet the new street levels. The approaches to the streets being resurfaced are being feather edged to conform with the new levels.

This project which was begun several weeks ago will cost between \$16,000 and \$18,000. Funds already available are financing the improvements. A portion of the money being used for this repair was surplus from a \$330,000 special bond issue floated in 1946 when major repairs were made on Lincoln and University.

Woods Paving Streets
Grosse Pointe Woods awarded the contract for paving of five streets; Holiday, Roslyn (west of Mack), Ridgmont (west of Mack), Hollywood (east of Mack) and Marter road (north of Vernier), to the Cooke Contracting Company.

The Cooke Contracting Co. will also pave Hawthorne road following the sale of special assessment bonds. The culverts have already been installed in preparation for paving the streets.

Park Also Busy
Kercheval from Lakepointe to Wayburn, the easeway from west of Yorkshire to Cadieux and Charlevoix from Lakepointe to Devonshire, have been resurfaced in the Park.

Grosse Pointe Farms has completed its annual street sealing program. A survey is made each spring to determine the most critical areas. Harry Furton, Farms clerk, stated there are no streets requiring complete overhauling at this time. The Farms resurfaced the parking lot at the city owned pier and the parking lot at the rear of the Kercheval business district this spring. The Farms expended between \$8,000 and \$10,000 on this project this year. Grosse Pointe Shores reported its streets to be in good condition. No resurfacing is contemplated in the Shores this fall.

Perry defeated the English on Lake Erie on September 10, 1813. This made possible American re-occupation of Detroit.

Helin Raps Park's Failure To Pay Him Tax Refund

(Continued from Page 1) assessed and paid on the Windmill Pointe property which was originally owned by Herbert V. Book. The Park, then a village, and the township both assessed the property at \$132,000. After paying taxes on this assessment for a number of years, Mr. Book asked for a reduction, which was not granted.

Refused to Pay

Mr. Book refused to pay taxes, amounting to about \$5300 per year, for the next three years, and the state took over the property on a tax lien. During these three years Mr. Book tried to sell the property, but there were no takers.

The state retained title to the property for the next two years, during which time it tried to sell it, but again there were no takers until Mr. Helin put in a bid of \$40,000 in 1945.

Back Goes Assessment

When Mr. Helin received his first tax bills he noted that they were based on an assessment of \$132,000 and he protested to the State Tax Commission. The commission reduced the assessment to \$122,000, he says.

Mr. Helin paid his taxes for four years to both the Park and Township on the \$122,000 assessment basis, but each year he protested and filed suit for a refund. In all there were eight suits, four against each the Park and Township.

Upheld By Brennan

Judge Vincent Brennan heard the action in Circuit Court and upheld Mr. Helin's charge of fraud. The Township took an appeal to the Supreme Court.

The Supreme Court's decision held that the assessment was excessive, and on the basis of this decision the Township has refunded more than \$11,000 to Mr. Helin.

Affected Others

On the basis of the decision, the Park, City and Farms have all reduced assessments considerably on "mansion type" properties, allowing a reduction for obsolescence.

The Park appointed a committee composed of Robert McKean, councilman and lawyer; Pierre

Hettler, city attorney; and William Stammen, city clerk, to study the matter with Mr. Helin and his lawyer, George H. Heideman. Mr. Heideman appeared before the Park council once to plead the case, but no decision was reached.

At that meeting, several months ago, Mr. Heideman asked the council to decide on a reasonable tax and stated that Mr. Helin would be willing to pay it in order to avoid extensive litigation and expense for both sides. To date the Park has not set any figure.

New Garage

(Continued from Page 1) reported pleased with the project which has been handled aesthetically.

Large gates to an open courtyard will permit the vehicles to enter from either Chalfonte or Kerby, drive through the courtyard and out the other side. These gates weigh 700 pounds each and hanging them presented a considerable problem.

Parking in Rear

Parking for the employees will be in the rear of the building in an area shielded from Kerby road by a green barrier. Landscaping will be extensive.

Sgt. William A. Cole An Officer Candidate

Sgt. William Andries Cole was graduated recently from Leaders School at Fort Ord, Calif. He spent a short leave with his parents, Mr. and Mrs. Andries Cole, of 423 Manor road.

On September 4 he reported at Fort Riley, Kansas, to enter Officers Candidate School.

Bill was graduated from Detroit University School and Kenyon College. Before he entered the service he was associated with the Sales Division of the General Electric Co.

X-RAY SEAMEN

More than 5,000 Great Lakes merchant seamen had their chests x-rayed beginning the first week of September as their boats passed through the Sault Ste. Marie Locks between Michigan and Canada during September and October, the Michigan Department of Health announced.

Many Pointers Going to MSC

Approximately 3,000 new students and transfers are expected to be among an estimated 12,500 students who will enroll at Michigan State College for the fall term Sept. 17-21.

New students and transfers will number 1,800 men and 1,200 women, according to Kermit Smith, assistant registrar.

The estimated 12,500 fall enrollment compares with 14,993 students registering for the fall term, 1950, Smith said. The enrollment drop is probably due to the uncertainty of international conditions, Smith said, and is expected to be felt by virtually all universities in the nation.

Breakdown of fall enrollment indicates that men will outnumber women 8,600 to 3,900.

Among the Pointers listed among the new students and transfers are: Nan Greenshields, Marilyn A. Brown, Hillyard B. Pierce, Duane R. Streib, Thomas F. Marick, Clark D. Will, Sallie A. Lau, William E. Siebert, Richard D. Stuart.

Mr. Whittemore came to Christ Church on September 1, having recently been graduated from the Episcopal Theological School, Cambridge, Massachusetts. He is also a graduate of Cranbrook School and Yale University. During the war he served with the United States Navy.

Mr. Whittemore is the son of The Rt. Rev. Lewis Bliss Whittemore, Bishop of Western Michigan.

Street Lighting Plans Postponed

Critical material shortages make the postponement of ornamental street lights for North and South Renaud roads necessary.

The Grosse Pointe Woods City council directed the city treasurer to refund to property owners the special assessment paid by them for this project.

The council also stated that the original estimated cost of the improvement appears to be considerably below the actual cost of the construction work, as evidenced by the bid received.

Annette Torrey Bows At Ball in Clairview

Quite the nicest way to begin autumn for the Pointe was the debut ball of blond Annette Torrey, whose introduction to society took place last Friday evening in the Lake Shore home, Clairview, of her grandmother, Mrs. Harry Norton Torrey.

The chill night moved the guests indoors, where the beautiful rooms were decorated with handsome dahlia blossoms from the Torrey gardens. But from the tall windows the emerald lawns, floodlighted, for the occasion, added to the evening's glamor.

In addition to Mrs. Torrey and the debutante, receiving the guests were the deb's father William Ford Torrey of Ossabaw Island, Ga. and Mrs. Torrey.

Annette wore a strapless gown of imported white tulle, the moulded bodice attached to a shepherdess skirt-tiered in tulle

ANNETTE TORREY

hostess wore a gown of blue organdy trimmed in white embroidery.

Ushers for the debutante at the ball were Nick Ruwe, John Hamilton, John Wood, Warren Sisman, Dave Cudlip, Dick Sutherland and Bob Scherer.

At midnight the guests breakfasted at small tables covered with white cloths and centered by arrangements of white dahlias and blue bachelor buttons.

Annette leaves the first of next week to begin her freshman year at Sarah Lawrence College.

During the holiday deb season, Annette's aunt, Mrs. Torrey Shallcross and her cousins, Mrs. William Moore Joy and Mrs. Ledyard Mitchell Jr. are planning to compliment her at a dinner dance.

Mrs. Ralph Harman Booth

A bit of a gentle era has passed last week with the death of Mrs. Ralph Harman Booth . . . whose flair for life and whose profound interest in people and the arts was watched by this reporter for many years . . .

It was always a stimulating conversation when we talked with her . . . and we never knew during that conversation how far we'd travel . . .

For her life as the wife of the late Ralph H. Booth, who had been American Minister to Denmark . . . her international reputation as a patron of great art . . . and her brilliant record as a hostess made her always fascinating . . .

She was a perfectionist in many graces that are "on the way out" . . . that are almost misunderstood today . . . in her hospitality for instance . . . every detail of her parties from the moment her guests were invited till that time when she would bid them goodnight or good afternoon was minutely planned . . .

Eleanor Pillsbury Buell Sets November 3 Date for Her Marriage to John Howard Stephenson Jr.; Patricia Peterson Engaged to John Taylor Seeber

There goes the bride . . . and here come the Engaged Girls. Two of them told their romantic news at Sunday cocktail parties this past week-end.

There was Eleanor Pillsbury Buell, daughter of Mr. and Mrs. J. Patricia and Jack are planning their wedding for next Spring. Now for the vital statistics. Patricia is graduate of Northern College in Marquette and also has attended Hillsdale College and Ohio Wesleyan University. This past Summer she's been doing graduate work at Northwestern.

Jack, who's a member of Theta Chi, received his diploma from the University of Michigan.

The Buells gave a Sunday afternoon cocktail party for Eleanor and her fiance and guests took one look at the faces of the happy young couple to learn their news!

They have set a November 3 wedding date.

Eleanor, who wore a deep gray-blue taffeta frock with perkiest of peplums, is a graduate of Grosse Pointe Country Day School and Smith College. She's a member of the Junior League and Tau Beta.

The bride-elect was presented to society at a Christmas reception in the holidays of 1946.

Two September Brides Speak Vows in Pointe

Carol Isobel MacPherson Is Wed to John Sydney O'Brien At Afternoon Ceremony; Marjorie Lou Bull Is Bride of Gordon Neiswanger of Pasadena

White heather that made a sentimental journey from Scotland to the Pointe formed part of Carol Isobel MacPherson's bouquet last Saturday when she became the bride of John Sydney O'Brien at a small family ceremony in Jefferson Avenue Presbyterian Church.

The blossoms were sent by friends who also included a lucky sixpence for the bride's satin slipper.

Carol is the daughter of Mr. and Mrs. G. Boyd MacPherson of Seyburn avenue and John is the son of Mr. and Mrs. Sydney C. O'Brien of Harcourt road. A reception at the MacPherson home followed the church service.

The bride was gowned in ivory satin with handrun Alencon lace, studded in pearls, used to outline a deep yoke on the fitted bodice. Lace also trimmed the full skirt and cathedral train and a pearl studded lace cap held her short-length illusion wedding veil. Her bouquet, besides the all-important heather, was composed of white stephanotis, a white orchid and ivy.

Suzanne Reekie was Carol's only attendant. Her waltz length frock of champagne satin was fashioned with square neckline and a bouffant skirt distinguished by separated panels of silk net. On her head was a wisp of a satin fillet frothed in champagne net and she carried a cascade arrangement of green spray orchids, bronze bebe mums and ivy tied with velvet ribbons.

Richard Rohrback was best man for John.

When the young couple left for a wedding trip to San Juan, Puerto Rico and the Virgin Islands, the bride traveled in a costume of deep bright blue wool. The coat was lined in scarlet and her accessories were blue.

Miss Rose Bastone, daughter of Mr. and Mrs. Frank Bastone of Holiday road, became the bride of Joseph Palazzolo at a noon ceremony on Saturday, September 8. The bridegroom is the son of Mr. and Mrs. Frank Paul Palazzolo of Devonshire road.

The Rev. Richard Parrish officiated at the double ring ceremony in St. Paul's Church in Lake Shore road. A breakfast and reception followed in the Fort Wayne Hotel.

The bride wore a white slipper satin gown with rose pointe bodice and a wide V neckline ending in scallops. The sleeves were also of rose pointe lace, ending in points over the hands, accented with seed pearls. The skirt contained three panels set in front with an overlay of rose pointe lace and the 5-yard train had a wide panel of the lace. The illusion veil fell from the off-the-head type headdress which ended in scallops. She carried white carnations centered with a white orchid.

Grace Bastone was maid of honor and wore a gown of ice blue lace over ice blue satin. Bridesmaids included Mary Palazzolo, Katherine Bastone, Rose Ann Ciaramitaro, Rose Palazzolo and Frances Bastone. Their gowns were identical to the maid of honor's excepting they were of poude lace over poude blue satin.

Sam Gianino was best man and the ushers included Freddie Vitale, James Hammer, Brian O'Keefe, Sam Palazzolo and Joseph Impastato.

The bride's mother wore gray chiffon and lace with a hat of rose colored feathers and an orchid corsage. The mother of the bridegroom was gowned in teal blue chiffon and lace and wore an orchid corsage.

When the couple left for a month's honeymoon to the west coast, the bride wore a gray-otoman suit with detachable cape collar, a black velvet helmet type hat and black accessories. They will live in Devonshire road.

Mrs. Bull donned blue chiffon gown with small lace jacket for her daughter's wedding and the bridegroom's mother chose a costume of deep bright blue wool. The coat was lined in scarlet and her accessories were blue.

Wedding Every Hour On Popular Saturday

Pointe's Middle Aisles Attract Doves of Bridal Pairs Sept. 8; Mary Lou Patterson Becomes Mrs. Kenneth McCoy; Dolores Rind, Richard Bender Wed

The procession of Grosse Pointe brides took on a "June Look" last Saturday and there was such an invasion of tulle and orange blossoms many persons checked the calendar to be sure it was September.

The popular day was chosen by Mary Lou Patterson, daughter of Mr. and Mrs. Frank Patterson of Yorkshire road, and Kenneth L. McCoy, son of the Charles A. McCoy's of Shreveport, La., for their marriage in Christ Church.

The Rev. Henry Sherrill performed the ceremony at four o'clock and later guests attended the reception at the home of the bride's parents.

Lustrous, heavy white imported Italian satin was used in Mary Lou's wedding robes which had portrait neckline finishing a fitted bodice and a formal court train extending from the great skirt. A tiny cap held in place the froth of rosepoint lace over illusion wedding veil and she carried white orchids and fuji mums.

Three attendants and a flower girl were in the wedding party, all wearing gowns of emerald satin and nylon net with matching net cloches trimmed in satin. Against their deep toned gowns they held bouquets of stark white fuji mums.

Rebecca Ann Patterson was her sister's honor maid with Mrs. Ward Skillcorn of New York and Mrs. Eugene P. Kennan serving as bridesmaids. Mary Lou's cousin, Mary Kathryn Keenan, was flower girl.

J. Logan Price of Baton Rouge, La., assisted Mr. McCoy as best man and bridesmen were Lt. Eugene P. Keenan, Ward Skillcorn, Gordon Morseth and Elliott Stork Jr.

Mrs. Patterson pinned brown spray orchids to her gown of toast chiffon and chantilly lace worn over taffeta. A small velvet hat was also toast-toned. Mrs. McCoy was gowned in moss green lace and taffeta with hat of green velvet and a corsage of brown orchids.

When the young McCoy's return from their Bermuda wedding trip, they'll make their home in Grosse Pointe. The new Mrs. McCoy's going away costume was a green gabardine suit worn with brown accessories. Her bridal orchids bloomed on her shoulder when she and Mr. McCoy left for their honeymoon.

At 7 o'clock the same evening, cathedral tapers were lighted at the altar of Messiah Lutheran Church, where the Rev. A. H. A. Loeber heard the marriage vows of Dolores Elaine Rink and Richard Myers Bender.

The bride is the daughter of Mr. and Mrs. Ernest L. Rink of Yorkshire road, and Dick's parents are Dr. and Mrs. Norman C. Bender of Buffalo, N. Y.

White gladioli and dahlias were arranged in the church for the candlelight ceremony when the bride wore an off shoulder gown of ivory chantilly lace, its full

Church to Hold Rummage Sale

A new twist will be added to the annual rummage sale to be held at the Grosse Pointe Woods Presbyterian Church, Friday and Saturday, Oct. 5 and 6.

Antiques and collectors' items will be auctioned at 1 o'clock on the first day of the sale.

The sale itself will be held from 9 a.m. to 9 p.m. on Friday and from 9 a.m. to 12 noon on Saturday.

In the past, collectors and antique dealers joined the rush as the sale opened to the public, heading for art objects and other choice items. For their convenience, antiques and other desirable pieces will be reserved for the auction.

Mrs. Robert William Smith is heading the rummage sale again this year. She is being assisted by Mrs. Herman C. Goodsmith and Mrs. Robert Jewett as co-chairmen.

Church members and others with goods for the sale are asked to get in touch with Mrs. Smith, TU. 2-4984, or members of her committee.

Cinderella Ball Set for Sept. 22

One of the first "strictly formal" social events of the fall season is the "Cinderella Ball" which has become an annual affair sponsored by the Women's Committee of the TB and Health Society of Wayne County.

Mrs. Sam T. Keller, general chairman, announced that the ball will be held September 22 at the Book Cadillac hotel.

"The purpose of the Ball," explained Mrs. Keller, "is to supplement the funds raised through double-barred cross Christmas Seals so that the Women's Committee can give direct assistance to TB patients in this area and to projects that will benefit large numbers of patients."

Fittingly enough, a former TB patient, Barbara Krawter will reign as "Cinderella" at the Ball. She, and the three members of her court, all TB patients with arrested cases, were chosen through a contest held on WWJ-TV's "Cinderella Week End" show.

Grosse Pointers are busy purchasing formals for the Ball and many have made reservations for the \$75.00 per couple tickets.

Among those who have indicated they will attend are Mr. and Mrs. Thomas Fisher, Mr. and Mrs. David A. Wallace, Mr. and Mrs. Kendrick Brown, Mr. and Mrs. J. Widman Bertsch, Mr. and Mrs. T. P. Henry, Mr. and Mrs. T. J. Henry, Mr. and Mrs. Thornton E. Waterfall, Mr. and Mrs. Eugene A. Casaroli, Mr. and Mrs. John O. Huse, Mr. and Mrs. James C. Zeder, Mr. and Mrs. Jack Schafer, Mr. and Mrs. Ralph Wilson, Mr. and Mrs. R. P. Ewart, Mr. and Mrs. E. G. Jacques, Mr. and Mrs. William J. Athanson, and Mr. and Mrs. A. D. Blackwood.

Emil Coleman and his well-known orchestra will provide dance music and Kyle MacDonnell, popular TV singer from New York, will perform. Miss MacDonnell is an excellent example of a young woman who for three years was hospitalized with TB but has "come-back."

Mrs. Sam Keller, chairman, announced that a few tickets are still available and an open invitation is extended to all Grosse Pointers. Further information or reservations may be made by calling the Cinderella Ball Committee, WOODWARD 1-5510.

State Civil Defense Office Tells How to Save Lives

EMERGENCY TREATMENT FOR BURNS
(This is the second in a series of five articles prepared by the Michigan Office of Civil Defense, dealing with emergency action to save lives. The first article covered Preventing Death Through Loss of Blood. Readers are urged to save these articles.)

The rules for care of burn victims must be strictly followed when an untrained person must aid a burn victim:

1. Use no grease, salve, oil, or water on the burn.
2. Make victim comfortable. Cut clothing around burns. Do not clean burns.
3. Cover burns with clean compress, using several layers of cloth. Cover entire burned area.
4. Fasten compress with a bandage, securely, so as to keep wound covered. Do not remove.
5. Mix a teaspoon of salt, with a half-teaspoonful soda, in a quart of water. Give to victim as he desires it.
6. Do not give salt-soda-water solution to anyone unconscious or semi-conscious, nor to anyone more than half of whose body is burned.

The importance of following these rules is demonstrated by the number of burn victims who have suffered greatly as a result of improper treatment. Surveys show that in many less serious burn cases, poor care is as often the result of death as is the burn itself.

The complete course in care of burn victims is given in the Official Red Cross First-Aid Training Course. Every adult should volunteer for complete training in First-Aid.
(The third article will deal with Emergency Treatment for Broken Bones.)

Two Hurt as Car Hits Motorcycle

Thomas William Karl, of 2515 Philip, suffered bad cuts on his arms and legs when the motorcycle he was operating and a car collided at Charlevoix and Rivard on Sunday, September 9. Joyce Judson, 16, of 323 Moran, who was driving the car, had begun to turn left on Rivard as the motorcycle started to pass her car. Both vehicles were traveling west on Charlevoix.

Edward Bouquet, of 2565 Philip, who was riding on the motorcycle, was treated at Bon Secours Hospital for bruises. Thomas Karl was taken to the hospital by Sgt. Teetaert and Patrolman MacEachern.

The three passengers in the automobile were issued witness tickets. Miss Judson was issued a violation ticket for failure to give a signal causing an accident.

Witness tickets were also issued to a pedestrian who viewed the accident and to a motorist who told police he saw the collision through his rear view mirror.

Soldier on Leave Involved In Action on Home Front

Woods police responding to a report of a fight in progress on the front lawn of a home in the 1800 block of Roslyn road, found an 18-year-old youth lying face down on the ground, unconscious.

Police summoned an ambulance and used a resuscitator on the youth. He was then removed to a doctor's office for treatment.

An investigation disclosed that the youth's opponent, an 18-year-old soldier home on leave, had taken exception to remarks made in reference to the soldier's imbibing habits.

A wrestling match ensued following the remarks. Police believe that the boy was knocked unconscious when the soldier's elbow struck him in the pit of the stomach, knocking the wind out of him.

Police held the soldier at the station overnight. He and another youth had obtained drinks at a Mack avenue bar earlier in the evening. They had both used false drivers' licenses to obtain the drinks.

The boys involved had been visiting at the home in front of which the controversy took place, police said. Police gave the soldier a letter explaining his late return to camp, as his furlough had expired when he was released by police.

None of the parties involved wished to press charges, police said.

PACKARD THUNDERBOLT POWER

means Performance *plus*...maintenance *minus*!

There are many things to look for, in a power plant, and the most important of all is... the name of its maker.

Packard is known throughout all the world as "America's Master Motor Builders" . . . and today's new Packard Thunderbolt engines offer you the best all-around combination of silent smoothness . . . efficiency . . . and service-free durability.

Specifically, they give you the peak efficiency of America's highest, com-

pression eight—and the service-free simplicity of a design with up to 25% fewer working parts than in engines of comparable power.

And durability? Fact: Of all the Packards built, in the last 52 years, over 50% are still in service . . . and many of them have rolled up individual records of over a half million miles.

In Packard's case, that stands for the company with the broadest range of power-building experience of any single automobile manufacturer.

With Our Blessings

Within the next few days and weeks we shall be saying goodbye to you young men and women who are leaving for college. Some of you who attend institutions close by, will be back with us often; others will not return until the Thanksgiving or Christmas vacation periods.

If your powers of perception were abnormally keen, you could find tucked away in that outrageous assortment of luggage and duffle which is always affected by the college crowd, other things than the equally absurd collection of personal items which go ever with you.

So much of us goes with you, it is just as well you do not know. Accepted with the seriousness with which it is sent, it would constitute a burden that young people should not be called upon to carry.

It is an unchanging law of life that the younger generations grow constantly farther away from their parents. And it is, for us, a sad truism that just the reverse holds with the oldsters.

Advice is easy, and there are so many things we think we could and should have told you, to make things easier. Looking back, we are so prone to think of these years through which you are now passing, as a painless period of enchantment and frivolity.

The shyness of youth, if such a thing still exists, is surely equalled by the shyness of a parent who is afraid to bare his soul to his own children lest he appear weak, or in fear that he may embarrass the youngster with a display of maudlin sentiment.

We wish we had not hesitated to tell you how proud of you we are, and what tremendous boons you have granted us through your accomplishments. We are sorry about the beatings we felt at the time we merited, and we wonder fearfully whether they were harmful or helpful.

We are so mindful of our own first days in college, and of little incidents and soul-shaking experiences which followed in quick succession through all those wonderful years. We are going through them again with you now, and hoping that something we have imparted is helping you, either to get the utmost enjoyment or the least sorrow out of them as they come along.

College is such an immense hodge-podge of opportunities and pitfalls, with so many doors that should be opened and entered, and so many others that should remain closed; so many roads that should be explored, and endless turns that should never be taken.

There is so much said about our "future citizens," the "leaders of tomorrow," the "hope of the world," that we trust you will pardon us for mentioning these old cliches. We like to remember the college president who told the entering freshman class: "If, by the time you have been graduated from here you have learned how to educate yourselves and can use a library intelligently, we shall consider that we have done a good job."

These years are but preparatory ones for the many, many which lie ahead, each pregnant with possibilities for broadening your education. The truly wise man is the one who continues to learn every day of his life, who is always honest enough to admit he does not know the answer, but then makes a point of finding it.

Your education has to do not only with classrooms and textbooks and lecture halls, but with mixing with your fellow students and faculty members, both socially and intellectually. Tolerance is an attribute to be devoutly cultivated.

Let religion be a large part of your lives and be thankful that there is a noticeable surge today in the movement back to the Greatest Teacher. There will be many times when you will find yourselves in need of His instruction and you will find it helpful to be on close terms with Him.

These are the golden years and yours is the privilege to make of them what you will. If we have helped you walk across the threshold with confidence, we are grateful. If we have failed you, forgive us.

"He who loves an old house Never loses in vain, How can an old house Used to sun and rain, To lilac and larkspur, And an elm above, Ever fail to answer The heart that gives it love?"

(Isabel Fiske Conant)

We agree with Jeanette Davis when she sings, "The Charms of the City Aint for Me." We are strictly the bucolic type... even though the sound of "bucolic" always makes us want to eat "tums." An incident that cinched this love of rural life, happened to us last week.

And indeed, it was. The little man from the fish market, getting no answer to his ring, merely entered the house and put our fish order in the refrigerator all by himself...

Now that our crush on Bill Silbert (alias Phil Silbert, alias Jack Philbert), has been established... at least in our own mind... we are going to have to find a way to get "Laura" out of our hair!

At first we thought that Laura might be Silbert's mother-in-law and he HAD to mention her every 20 minutes. But unfortunately, Laura doesn't sound like anybody's mother-in-law.

Girls! When you are thumbing through "Who's Who" or pouring over the Wall Street Journal, do YOU picture the tired business man as a guy who spends most of his time away from the office sitting in his parlor counting out his money?

A few months ago, we wrote about the local character who stopped in a linen shop to buy his wife a small breakfast tray cloth and came out with a thousand dollar banquet cloth.

Last week, on the night the President spoke from San Francisco, a couple of friends telephoned and suggested they call on us for a little conversation and warm milk.

We dashed out of the room to investigate and found that Ruffy, our wild cat, had caught a mouse which he was holding in his mouth while trying to get away from the stately Mr. Charles Dickens, who ALSO wanted the mouse.

What Goes on at Your Library

by Jean Taylor

WORD IS GOING AROUND...

*** AMONG THE SMALL FRY... That the new librarian at the Woods Branch is a super story teller. Miss Susan Thompson joined our library staff in July and will be the Children's Librarian at the Woods Branch.

Her interests are many and varied. Art, music and psychology are her first loves, one reason, she tells us, that she chose to be a librarian. Uncertain which interest to follow she decided all three would contribute to successful work in a public library.

We add our welcome to that of the youngsters, Sue. It is nice to have you with us.

*** AMONG THE TEEN AGERS... that when the crowd wants a good time it always ends up at Kay's house. 'Elsa Maxwell' may be born not made, but Kay insists that her ability to make both her impromptu and planned parties a success is neither congenital nor happenstance.

*** AMONG THE OLDSTERS... that CAINE MURKIN by Herman Wouk, a modern sea adventure based on World War II, is the most absorbing book they have read in many a moon.

However, what book to read does not seem a major problem with most of us but rather, where to find the time to read. We pass along these suggestions originally published in the Boston Globe:

- 1. Talk less. 2. Carry a book in your bag. 3. Put a book under your pillow at night; if you can't sleep, read. 4. Wake up 15 minutes earlier every morning and read. 5. Keep a book handy to pick up in the kitchen, dressing, on the telephone. 6. Have a book ready when meeting unpunctual people. 7. Take along your own book when going to the dentist, doctor, lawyer... Why read their old magazines? 8. Keep an unread book in your car in case of traffic jams, or a wait for repairs. 9. Never go on a journey

THE MEMBER OF THE WEDDING

Detroit's 1951-1952 legitimate theatre season opened Monday evening, September 3, at the Cass Theatre with the presentation of "The Member of the Wedding," a drama adapted from the novel of the same name by Carson McCullers.

The result is a play of great warmth, beauty, and impact. It is the story of a lonely adolescent girl's fierce desire and need to identify herself with something, or somebody, outside of herself.

The Cass performance was a disappointment to those who were fortunate enough to have seen the Broadway production, for though the presentation now on view here has its delightful and affecting moments, on the whole it fails to fascinate, to charm, and to deeply move, as did the New York version.

Perhaps opening night had something to do with these regrettable faults, and for the resulting inability to establish an atmosphere of reality and credibility.

Frankie Addams, the tom-boy adolescent, highly imaginative and volatile, Berence, the maternal colored cook, and John Henry West, Frankie's small and always-active cousin who lives next door, are, in the play, three people long and intimately associated, yet they do not convince the audience of their comfortable and close relationships.

Frankie is the central character. It is she who gives the play and the other players their raison d'etre. The portrayal of this role is thus all-important, and Betty Lou Holland (Frankie) is not quite up to the difficult task. Julie Harris, a former Grosse Pointer who first acted the part on Broadway, created a very believable Frankie.

Robert Mariotti, an eight-year old who plays John Henry, is delightfully distracting, and handles his lines with confidence and poise.

Miss Waters again reveals her remarkable and versatile talent. She is magnificent. Berence Sadie Brown—all-loving, all-knowing—lives, and the audience is hers.

"Y" Sponsoring Publicity Course

Club and church women from Grosse Pointe will have opportunity to improve their 1951-52 publicity programs at classes directed at Central YWCA, 2230 Witherell, Detroit, by members of Theta Sigma Phi, national fraternity for women in journalism. Classes begin Sept. 27 at 7 p.m. and will continue for 16 weeks.

"Publicity Inside Out" will bring instruction from Detroit women in advertising, news reporting and editing, radio, publicity and public relations. Their lectures will show how to get stories into the newspapers, radio, and television; how to prepare newsletters, flyers, posters; how to plan an organization's publicity for the year or for a special occasion. Class assignments will be made, group discussions encouraged.

Check Minor Ailments Now

By Fred M. Kopp, R. Ph.

Serious illnesses as a rule will receive the proper medical attention because the patient demands relief from pain. It is the minor illnesses that go unheeded; yet over a period of time they can do just as much harm to your health.

This is the reason doctors stress the importance of physical examination yearly so minor ailments can be diagnosed and corrected.

No need to wait until you are confined to bed. There are many effective medicines your doctor can prescribe that will check illness before it reaches an advanced and dangerous stage.

Information leading to the whereabouts of the above bronze sun dial is urgently sought by the Lochmoor Club.

This sun dial, which stood on a pedestal in front of the club house for 30 years, disappeared early this spring.

S. Graham Holmes, club manager, said the sun dial has never been moved from the pedestal. It is sorely missed as it has served as a monument to the club since its organization.

The sun dial weighs approximately 175 pounds. The club held by the golfer points to the time. A replica of the landmark appears on club stationery.

Mr. Holmes promises that no embarrassing questions will be asked. Anyone able to offer a clue as to the whereabouts of the sun dial is asked to contact the Lochmoor Club at 1018 Sunningdale or call TU. 5-1470.

A cash reward is offered for its recovery.

"I took the Blindfold Test —that new Dodge Oriflow Ride sure opened my eyes!"

Says DANIEL F. HOWARD, JR. of New York City. "The Blindfold Test convinced me! The new Dodge Oriflow Ride really levels out the worst kind of bumps and ruts," continues Mr. Howard. "No ride has ever been so smooth."

Come in! Try it! FEEL HOW NEW ORIFLOW RIDE MAKES ROUGHEST ROADS BOULEVARD-SMOOTH!

Here's something new in riding smoothness! Blindfolded you ride over a bumpy road. You're told the ruts are there — but you don't feel them! Gone is the pitch, bounce and jar you experience in other cars as the new Dodge Oriflow Ride levels out the rough spots. And with blindfold off you'll be amazed you traveled over such bumps and chuckholes.

Words alone can't tell it all! That's why we invite you to come in and take this daring "Blindfold Test."

You Could Pay up to \$1,000 More! As you thrill to the new Oriflow Ride, experience Dodge extra roominess . . . "Watchtower" visibility . . . ease of handling. Then you'll know why you could pay up to \$1,000 more for a car and still not get all the extra-value features Dodge gives you!

'Holiday House' Now Open to Public

Cox & Baker Designers of Model Home

The American decorative trend toward Naturalism keynotes the 1952 preview model home, "Holiday House," designed and built by Cox & Baker and open to the public at 493 Shelbourne road, corner of Mack avenue.

Each year, Vox & Baker, builders of fine homes, present a furnished model home for the purpose of acquainting the public with latest trends in architecture, planning, and interior decor. Scott Shuptrine, again this year, has furnished the handsome ranch home in the Contemporary manner... easy, relaxed in feeling... (rather than outright Modern, which often sacrifices comfort for dramatic effects). Taking their color cue from the ledge rock and slate rock and slate floor, the earthy tones have been intensified for a harmonizing whole effect that is pleasing, casual and downright liveable.

The all-electric Kitchen combined with the Utility room features Hotpoint miracle-working appliances to give the housewife a holiday from household chores! In the compact, well-planned kitchen, there's the Hotpoint Garbage Disposall, Hotpoint Dish-washer, Automatic Washer and

Dryer, Hotpoint Ironer, Refrigerator, Electric Stove and Freezer. Bringing the laundry appliances adjacent to the kitchen area saves time, steps, and extra work! The kitchen is ideally planned for easy-to-reach storage... with all cupboards available to the average Mrs. America! Approximately seven thousand visitors have already lauded the spacious floor-plan of Holiday House which includes a huge living-dining area, two bedrooms, two full baths, breakfast room, and All-Purpose Room. The All-Purpose room, with green burlap walls, doubles as Guest Room, Library, Sitting Room, or Music Room. It is furnished in Drezel's "Precedent" group. Silver Elm wood and custom-upholstered pieces from Scott Shuptrine's own workrooms are delightful against the Mocha walls and beige twist carpeting of the living room. A wall of windows in this room opens onto a spacious terrace, walled for privacy, with grounds beyond landscaped for picture-beauty. Cox & Baker, developers of Colonial Farms, will hold open house at Holiday House through October 9. The model is open daily and Sunday 10:30 to 3:30 p.m.; Saturdays, 12 noon to 3:30 p.m.

who, where and whatnot

Everyone at the Pointe is preoccupied at the moment with (of ALL things) Christmas Cards selecting . . .

MRS. WALTER S. CLARK wears a stunning navy Suzy sweater, knitted and poiled by herself . . . and then trimmed down the front with functional buttons that spell out C-L-A-R-K . . .

We always try to be observant of the folks pointed out to us, by the daily newspapers, as celebrities . . . leaders of our times . . .

So were fascinated the other night . . . to behold a fashion designer who came to town with great headline fanfare . . . arrive with two 80-pound models for dinner at a local dawance and dine spot . . .

One of the models wore a frock of gray burlap sacking that made no pretense of following the new look . . . the old look . . . or look again . . . Just sewed up the sides and a slit where her head went through . . .

Even our young man was impressed with the total lack of chic . . .

Next the designer and the model got up to dawance . . . we watched breathlessly and then with the same fascination as a bird regards a snake . . . Were reminded only of the old, old story about the dancing couple who would have been arrested if the music hadn't been playing . . .

Then the soigne couple returned to the table . . . He swatted her on the posterior of the gray gunny sack and she fell, with some grace, to the floor where she sat, cross-legged. The designer took a handful of crackers from the table bread tray and proceeded to crumple them over the head of the young model who shrieked with laughter . . .

Do you know . . . we feel as if we didn't even have to read Vogue next month! . . .

PILFERINGS

Still reading from the DAC News: "Herb Stein's example of Heart in Hollywood is the case of a top woman star whom on hearing that a studio gal stricken with an incurable disease had been given less than three months to live, promptly bought her a \$3,000 mink coat so that her last days on earth could at least be happy." E. E. Paramore Jr.

The following squib from Christian Science Monitor's Family Page sums up, neatly, the Vanity of Woman.

"She was five, and she had known few luxuries during her brief existence. So when she became possessed of a coat of rabbit fur, she wore it to kindergarten and refused to take it off. When the period for outdoor sandpile play arrived she insisted that the bunny wrap stay on. The teacher didn't argue, and soon she felt a tug at her sleeves. 'Please, Miss Williams,' whispered the perspiring little face. 'I'm so hot—could I take off my shoes and socks?'"

And on the same channel: Teacher (explaining): Yes, quite a number of flowers and plants have the prefix "dog." For instance, the dog rose and the dog violet. Can you name another?

A brief silence, then a happy look illuminated the face a little Oscar, the boy at the end of the class. "Please, miss, colliflowers."

Grand Finale

The comic book her youngster reads Is crammed with most heroic deeds, But all surpassed by that ahead . . . Getting Junior into bed.

It happened at a penitentiary. The convicted murderer's wife had come to visit him. She asked, "How do I go about getting a pardon for you from the governor?"

"That's easy," said her husband, "Hey, governor, how about a pardon?"

"Sure," was the reply from the next cell!

The New Yorker's Summer camp letter written by a wee California camper to her mother:

"Yesterday was a bad luck day for this camp. One of the counselors had a sunstroke & later a girl named Joan had hysterics. One of the counselors (who is lame) ran out to help her and fainted. Miss Truman gave Skip (the counselor) a glass of 3 year old brandy & she got drunk. Then we discovered that Joan and Pat had run away from camp. The police were out until 12 a.m. looking for them. They found them. Then this morning we killed a trantula spider in my bathrobe. I all most got bitten. I love you & Daddy. That's all I have got to say."

Pointer of Interest

MRS. LUCY ANE WINGARD of BISHOP ROAD

Mrs. Lucy Ane Wingard likes to spend an early evening watching her five-year-old great-grandson, Johnny Schable, sit transfixed as Hopalong Cassidy adventures over the TV screen in their Bishop road home.

There's shooting and bare-back riding and great excitement but it can't compare with the stories etched in her memory of her great-grandfather bargaining for his life with the Indians and Pontiac on a farm here in Grosse Pointe . . . nor can Hoppy's hi-jinks hold a candle to the sight of Lake St. Clair black with the canoes of enemy Indians.

You see, Mrs. Wingard (nee Lucy Delmas) is going to celebrate her ninetieth birthday this Saturday. She's the baby of her family she told us when we spent an enchanted afternoon with her this week.

She was the youngest of 13 children born to Felicia Gouin and Grosse Pointe's first justice of the peace Augustus A. Delmas. She's the only member of the family still alive but on Saturday, besides countless friends marking her happy birthday will be her daughter, Estella Wingard, her son-in-law, George Schable, her grandson and his wife, the John A. Schables and their children, Lucy Ann and Johnny; nieces Ada and Lucy Delmas and grandnieces, Luella and Christine Godfrey, all of Grosse Pointe. From Jackson, Mich. will come her nephew, Jay Scott.

Modern Lady If you think that with this ninetieth birthday at hand, Mrs. Wingard is going to settle down to a princess-on-a-pillow existence you're terribly wrong.

There's a spring in her step (she opened the door for us when we called on her), she can thread a needle without her glasses, she'd like to bake her own birthday cake but her family say it wouldn't be a party, and she likes nothing better than to "skip up stairs in my room and read the Detroit Times!"

She thinks television is fine and besides remembering the old cat whisker radios she can recall the first telephone in Detroit and covered wagons.

Whisked Backwards Before we had been with Mrs. Wingard ten minutes we totally forgot that on the corner of Bishop and Mack there was a gas station where one could buy coco cola as well as gasoline for motor cars that had radios, heaters and air conditioning.

Orr to Address Movie Council

Robert Orr, director of the Grosse Pointe Public libraries, will explain the library's audiovisual facilities and describe the additional resources which will be available to Grosse Pointers when the new Perry-Sales Library is completed, at the September 17 meeting of the Grosse Pointe Motion Picture Council.

The meeting will be held in the Grosse Pointe War Memorial Center at 1:30 p.m. and will be called to order by Mrs. Daniel Hamel, president. Superintendent of Schools, James Bushong, and "Red" Barron, movie director of the AAA, will be featured speakers at future meetings of the council.

old Detroit and Grosse Pointe seemed a much more peaceful world. She has lived through many good and bad times, and through it all she's clasped her prayerbook tightly in her hands.

God has been good to her, she told us, and she'll be thinking that this Saturday when she pins the beautiful amethyst and pearl brooch (a birthday gift from her daughter, Estella) on her pale lavender gown (there are earrings to match) to bask in the love and good wishes that will be hers on her ninetieth birthday.
