## GP CITY GOES TO POLLS TUESDAY

### HEADLINES

of the WEEK  
As Compiled by the Grosse Pointe News

Thursday, October 25

**BRITISH ELECTORATE TURNS** out in droves to ballot in general election. Odds on Churchill's favored, Conservative party stood at 9 to 2. Odds against victory by the Labor party stood at 3 to 1. The total vote is expected to approximate 30,000,000, or 85 percent of the eligible voters. Record poll predictions came from nearly all main areas.

**UN PROPOSED** that a two and a half mile buffer zone be drawn across Korea. This proposal provides that the UN yield 200 square miles in the east and the Reds 200 square miles in the west. The proposal was made at a subcommittee meeting in Panmunjom today. Another subcommittee meeting has been set for tomorrow, at which time the Reds may reply to the plan.

**DETROIT POLICEMEN** and firemen to get pay increase. Increases in individual twice monthly take home pay will range from \$3.68 to \$6.18. The boost, which will affect 814 patrolmen and 225 firemen, will become effective within two or three weeks. This action was taken to stimulate recruiting, particularly for the police department, now 238 men short.

**GEORGE PATSKAN**, 34, who escaped from three sheriff's deputies at the County Building yesterday, was captured. He had hidden in the apartment of a friend, who notified police. Patkan escaped shortly after having been convicted of robbery and kidnapping. Joseph Brunson, 26, who also escaped, is still at large.

Friday, October 26

**WINSTON CHURCHILL**, just turning 77, rode to victory today with a majority win in the British national elections. Churchill's Conservative Party swept back into power and ended the six year rule of the Labor Party Socialist rule.

A **HINT** was given today by Egypt, that it will make a trade pact with Russia. This would swing the bulk of Egypt's import-export business to the Iron Curtain countries.

**DOCK STRIKES** mushroomed, with the rebel unionists planning to close more ports. The rebels asked Canadian and Virginia dock hands to join the strike. The 12 day old strike would then become an international issue.

The strike affects 20,000 dock hands. A Federal Mediation panel returned to Washington after its chairman, Clyde M. Mills, said "We're giving up."

**ALLIED OFFICERS** reject Red truce proposals. Communist negotiators abandoned their demand for a truce line at the Thirty-Eighth Parallel and proposed a new line about ten miles north of the Parallel.

Saturday, October 27

**JOE LOUIS KNOCKED** out in eighth round of fight with Rocky Marciano last night in New York's Madison Square Garden. Referee Ruby Goldstein didn't even count over Louis.

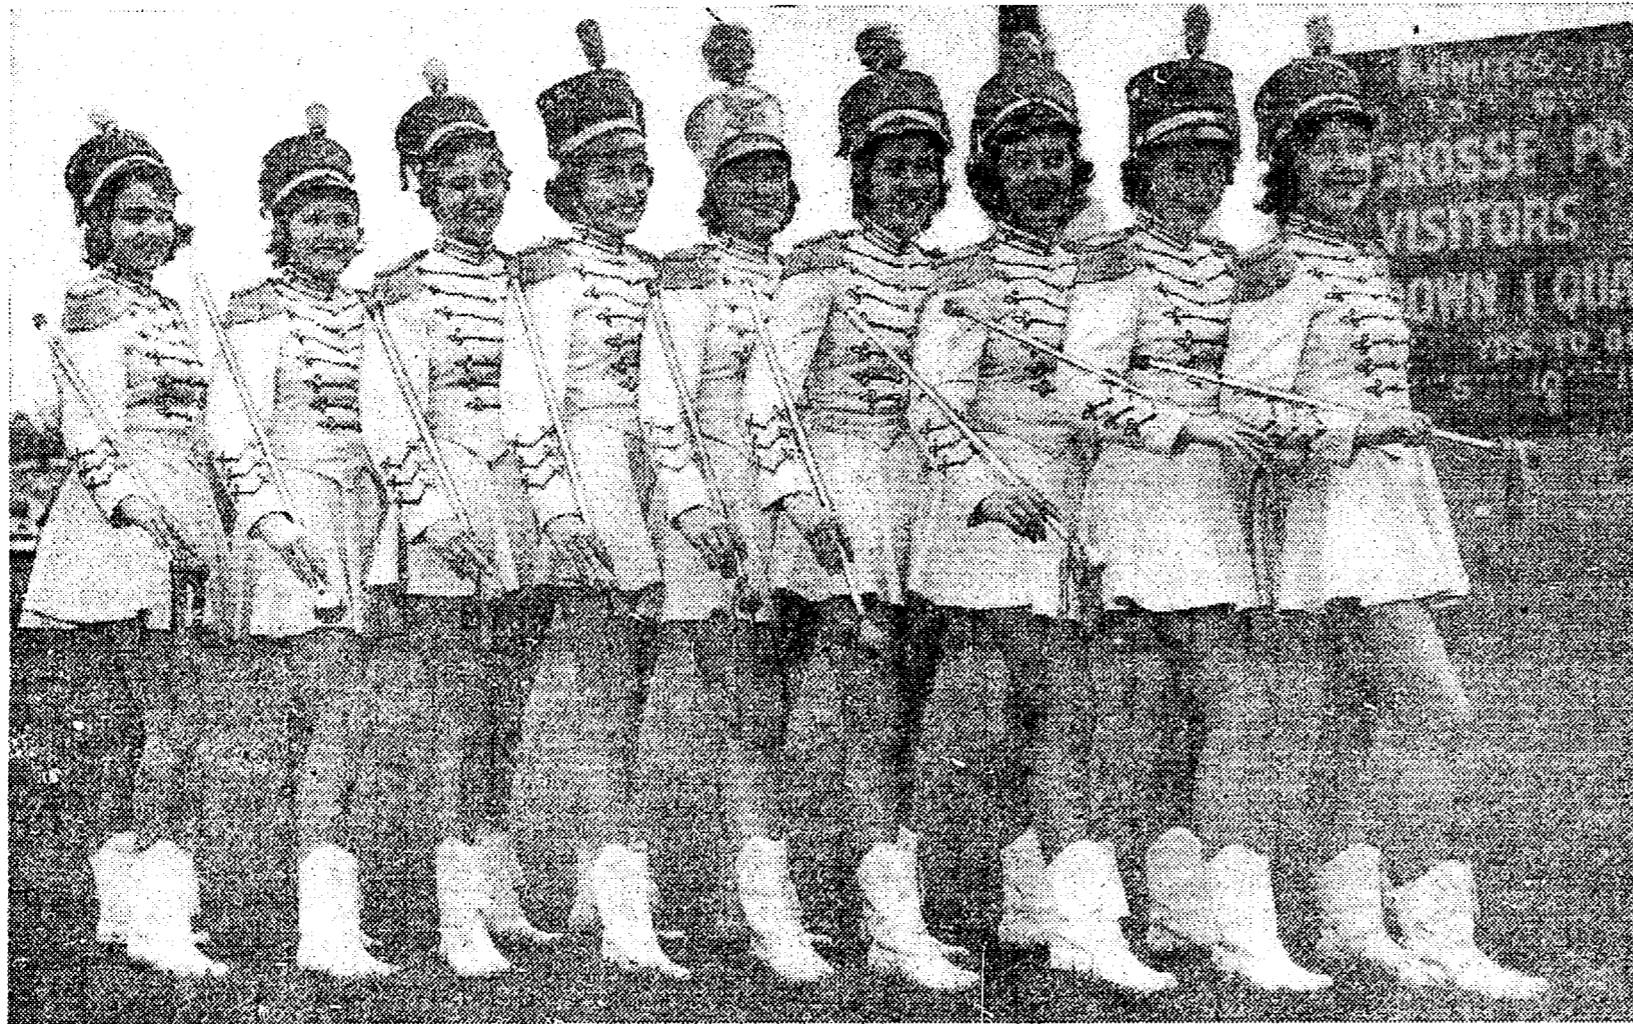

**GENERAL MOTORS CORP.** reveals a 59 per cent cut in profit for the third quarter. The company attributes the decline in earnings to further government restrictions, higher taxes, higher costs and lower margin of profit on defense work.

**FATHER OF TRIPLETS**, William Waskul, 37, of 17205 Oakland, Detroit, shot his wife and himself yesterday. The wife had filed a suit for divorce. The motive for the shooting was thought to stem from a court order which would compel the husband to vacate the house Nov. 1. Waskul had filed a counter suit. Besides the seven-year-old triplets, there are three other children.

**WINSTON CHURCHILL** expected to ask the U. S. for at least \$500,000,000 in economic and rearmament aid, according to authoritative British diplomatic sources. Churchill is expected to seek the aid under a defense

**THESE NINE DRUM MAJORETTES** were the only bright spots of Grosse Pointe High's annual Dads' Day last Saturday, October 27. Performing with Coach Dewey Kalembert's wonderful band they did yeoman service during the halftime ceremonies of the Grosse Pointe-Fordson game. Clad in the pretty white costumes they provided the color in an otherwise drab afternoon for the Blue Devil followers. ### Thieves Get Big Haul in City Market

Jewelry, Cash, Bonds and Important Papers Stolen From Davidson's

The thieves who entered Davidson's Market at 17015 Kercheval avenue during the early hours of October 26, made away with two metal cash boxes containing money and jewelry, and paper bags containing store receipts and miscellaneous papers.

City Patrolman Robert Van Tiem and Sgt. Andrew Teetaert, while cruising through the alley in the rear of the store at 2:45 a.m., noticed a pane of glass broken out of the overhead garage door.

Further investigation revealed a broken window and an unlocked door. As the door was closed, the officers thought that someone might be inside the building and called for additional help.

Upon the arrival of Farms police and City Patrolman Moffat, the officers entered the building. A thorough search of the building failed to produce any occupants.

However, police found that several filing cabinets in the office had been broken into and ransacked. The office is located on the mezzanine floor. The lock that controls a row of cabinets had been forced with a crowbar.

Among the items reported stolen are two one-half carat diamonds, valued at \$700; a wrist watch, valued at \$50; a platinum brooch, which contains eleven diamonds; a pen and pencil set; three series E \$25 war

### Poodle Survives Six Days Trapped in Watery Prison

A chocolate-brown poodle named "Nelly" is back home at 242 Lewiston road even more adored than ever since her harrowing experience of last week. Nelly spent six days, from Friday, October 19, to Thursday, October 25, trapped in a water meter excavation at the Country Club of Detroit on Country Club drive.

Nelly had accompanied her owner, Mrs. Ralph W. Simonds, to the club. Nelly customarily accompanies Mrs. Simonds when she goes golfing. At each hole Nelly bounded up for a pat from Mrs. Simonds and then chased off on her own affairs.

When she completed her golfing, Mrs. Simonds called Nelly and headed for her parked car.

### Woods Beach Park Provided Fun for 270,000 Residents During Season Just Closed

Steps Now Being Taken to Furnish Facilities for Winter Sports Enthusiasts; Next Year's Plans Already Being Studied

More than 270,000 persons used Grosse Pointe Woods' municipal lakefront park during the summer season, it was announced this week by Philip Allard, city administrator.

Mr. Allard said the city issued about 10,700 passes for the park. The average attendance on Sundays was near 4,500, on Saturdays 3,700, and weekdays near 2,900. With the pool equipped for swimming at night, the evening attendance averaged 500.

Donald Hallman, park superintendent, said the park had a very good safety season, with a number of small accidents but no major mishaps.

Mr. Hallman said the swimming class under the direction of William Harrick had an attendance of 1,800 for the season. The bus service to the park was increased from four runs a day to eight, each having a full capacity.

A check on the water pollution was taken twice a week by the Grosse Pointe Board of Health. The water in the pool was changed twice during the season.

Mr. Allard said the city has made plans to have the park open this winter for skating. The open ends of the bath house will be boarded up to enable skaters to use the fireplace to keep warm. The dressing rooms are being covered with a temporary roof.

The plans for next season are already shaping up. They include having the breakwall finished. A plot of ground will be plowed for use by the Pointe garden clubs to plant flowers. The property on the other side of the Milk River, in the park, will be made into picnic area.

### Police Recover Stolen Truck

A stolen truck was recovered on October 27 by City police investigating the report of Mrs. Gordon LaRue, of 694 Neff road, that a suspicious truck was parked in front of her home.

City Patrolman Martin found a 1946 Dodge panel truck answering the description of one that had been listed as stolen from Harper Woods.

The owner of the truck, Dr. Kenneth Scott Merriman, of 7470 Gerald street, Centerline, was notified and picked up his truck that evening.

Robert H. Radloff, of 2147 Ridgmont, failed to stop for a red light at Mack and Moross on Sunday, October 28. He collided with Cecil Enloe of Centerline, who was traveling west on Moross. Farms police gave both drivers tickets for not having their cars under control. No damage was reported.

### Shoplifter On Probation Nabbed Again

Woman Accompanied By Small Children Caught With Stolen Items

A woman with three small children in tow was apprehended by City Patrolman Douglas Allor on October 26, for investigation of shoplifting. The officer stopped her as she prepared to pull away from a parking space on Kercheval avenue.

Officer Allor was responding to a call from the manager of Peck and Peck, 16910 Kercheval avenue, who reported the presence of a shoplifter in the store.

When stopped by Officer Allor, Mrs. Mary Cornelius, 25, of 16316 Eastburn, Detroit, had a green jersey blouse in her possession, which still bore the store's price tag.

Also found was a blue turtle-neck sweater, which Mrs. Cornelius admitted stealing from the D. J. Healy Shop at 16444 East Warren, Detroit.

Ironically, police found a magazine coupon for such a turtle-neck sweater, with a check attached to it, in the shoplifter's purse.

Recognized by Police Officer Allor and Detective Sgt. James Flannigan both recognized Mrs. Cornelius as the woman caught shoplifting at a Kercheval avenue jewelry store on Christmas Eve of 1947.

Police also recovered a ring valued at \$285 and other articles including mens wear stolen from a mens store in Kercheval avenue.

### Hit-Run Driver Does it Again

A thrice caught hit and run driver, William Eigeman of 20629 Nesbit, Harper Woods, was again given a ticket for leaving the scene of an accident Thursday, October 25 by Woods Police.

Eigeman, driving north on Mack, making a left hand turn into Vernier road, scraped the rear fender of a car driven by Lillian M. Susalla of 1070 Roslyn. He then drove away without stopping, police said.

### Churches Joined In Effort to Get Blood for Korea

Red Cross Mobile Unit Will Be at Congregational Church On Chalfonte On November 9; 200 Volunteer Donors Needed

The Grosse Pointe Congregational Church, under the chairmanship of Mrs. Lyndle R. Martin, has arranged for a Red Cross mobile blood unit to visit the church on November 9. Six other churches will participate in the program.

The Red Cross stipulates that 200 potential donors be secured before the unit can be definitely committed, Mrs. Martin stated. This number should insure at least a hundred actual donors.

It costs the Red Cross about \$200 to set up a mobile blood bank for an afternoon. Last May five churches participated, with a response of only 97 donors.

The participating churches and the blood bank committee chairman are: Grosse Pointe Congregational, Dr. David Davidson; St. Michael's Chapel, Mrs. Joseph G. Rhein; Grosse Pointe Woods Presbyterian, Mrs. J. M. Easton, Jr.; Grosse Pointe Memorial, Mrs. Donald Schurr; Christ Church, Mrs. Truman Brown; Grosse Pointe Methodist, Mrs. Willis Bugbee; and Faith Community Reformed, Mr. Bernard Williams.

Grosse Pointe Congregational Church has begun an active campaign to enlist donors. Last Sunday registered nurses from the congregation were on duty in uniform to take appointments. Rev. Charles W. Scheid made a recording which will be played over the public address system at intervals during the pastor's service on November 2.

Nurses and doctors will be on duty at each Congregational Church function preceding the Red Cross visit. James Millies prepared notices of the Red Cross visit which were placed on cars parked at the church last Sunday.

The Congregational Church set up a blood bank credit for its members last May and seven church members have drawn on the credit since. The Red Cross automatically allows 20 percent of the blood collected for Korea.

Although all who wish to donate blood will be accommodated, Mrs. Martin urges potential donors to make appointments to prevent waiting. It will facilitate the work of the committee if appointments are placed before November 6.

The mobile blood unit will be stationed at the Congregational Church, Chalfonte at Lothrop, from 2 to 8 p. m. on Friday, November 9.

Appointments can be placed by calling the Congregational Church, TU. 1-5050, during the day. Mrs. Lyndle R. Martin, VA. 2-7141, will take appointments during the evenings.

Hours Are 2 to 8

Chief Goulette warns that the approaches to the new road are of gravel and are very dangerous. Extra patrols will be added to keep careful watch on the new sections and speeding drivers will be punished to the extent of the law.

Less than 24 hours after the new section of Mack avenue was opened Thursday, October 25, Woods police wrote up their first accident report.

August C. Weir of St. Clair Shores was driving south when Jack Lucido of 1507 Sunningdale pulled into the intersection at Mack and Anita, striking Mr. Weir's car on the left side.

Hearing the crash in the station, Woods officers rushed out and took the situation in hand. Mr. Lucido told police he would take care of the damage to Mr. Weir's car.

Another Car Stripped

Zena Randazzo of 464 Cloverly road, reported to Farms police someone had taken the fender skirts off his car, during the night of Tuesday, October 23.

Farms police estimated \$600 damage to Mr. Whittaker's car.

### UF Business Collections Reach 35 Percent of Quota

A. J. Meyer, prescription pharmacist, in charge of business collections for the United Foundations fund drive, reported that approximately 35 per cent of the business quota had been reached by Tuesday, when the NEWS went to press.

The business quota for the four Pointe municipalities is \$27,260. Grosse Pointe Shores is not included in the program because of the restricted amount of business within its confines.

Each of the other Pointe communities has a chairman, who has a group working with him. Norton Walbridge is chairman for Grosse Pointe City; Claude Jurgensen, Grosse Pointe Park; William Moir, Grosse Pointe Farms, and David Burnett, Grosse Pointe Woods.

Each worker has 10 or 12

### Five Seeking Election as Councilmen

Incumbents In All Other Offices Unopposed; Three Vacancies Exist on Council

While Big Sister Detroit treks to the polls next Tuesday to elect its municipal officials there will also be one, and only one election in the Pointe community. The City of Grosse Pointe will ballot, with no contest slated for most of the offices.

Mayor Ralph B. Netting is unopposed. Others who will be automatically reelected include Clerk Norbert P. Neff, Treasurer Theodore G. Osus, Assessor Neil Blondell, Justices of the Peace Leslie Young and Joseph P. Uvick, and Constable Charles Locke.

Five Council Candidates

Five candidates are seeking election as councilman, with John L. Kenower the only incumbent. Councilmen Dexter M. Ferry, Jr., and Thornton Waterfall both announced they would not run again.

Three councilmen will be elected for four year terms. Candidates besides Mr. Kenower include Kenneth F. Bergmann, Stanley Fisher, Frank Hoag and Donald G. Wright.

A Special Election originally scheduled to be held at the same time, by Wayne County, to accept or reject a bond issue proposal for the improvement of the Wayne County Airport, has been cancelled.

Clerk Neff announced that, as in past City elections, no campaigning of any kind will be permitted within 100 feet of the polls, nor will any formal solicitations.

Absentee Ballots

Absentee voters' ballots will be available at the Municipal Building in Maumee avenue until noon, Saturday, November 3.

The only polling place in the City is located in the Fire Hall in Maumee avenue.

### GPMS to Hold Open House

The Mothers' Club of the high school is cooperating with the high school staff in sponsoring Open House on Thursday, November 8, from 7:30 p.m. until 10 p.m.

The purpose of Open House is to give the mothers and fathers of students an opportunity to meet the teachers, and to become better acquainted.

Due to the large number of mothers and fathers arriving at such times, the suggestion has been made that any parents wishing to confer at length with the teachers about some special phase of their child's program or activities, should, at that time, make an appointment to see the teacher at a future date.

The Room Mothers are assisting the teachers on this occasion by acting as hostesses.

### Reckless Drivers Pay Up in Court

Judge C. Joseph Belanger disposed of the following cases in the Park traffic court session of Wednesday, October 24:

Albert P. Wagner, of 4350 Yorkshire road, was fined \$2 for parking in a no parking zone in front of St. Clair Church.

Gottlieb F. Nagel, of 13115 East Jefferson avenue, found guilty of reckless driving causing an accident at Jefferson and Balfour, paid a \$40 fine.

George Villerot, of 25 Beacon hill, was fined \$10 for speeding on Jefferson avenue.

Aldon Duvell Henson, of 635 E. Grand boulevard, was fined \$75 and his license was revoked for one year for drunk driving on Jefferson avenue.

WEBER HOME ROBBED

Richard S. Weber of 988 Lake Shore road, called the Farms police Saturday, October 27, reporting someone had entered his home and stolen \$68 in cash. Detective Eugene Boylan of the Farms police will make an investigation.

ing a workman near the paddie tennis courts, she told him about Nelly.

As Mrs. Simonds prepared to drive away in her car, the workman waved a crow bar and called to her. The workman told her he thought he heard a noise near the courts.

She returned to the courts with him and heard a noise that sounded like the tags on Nelly's collar jingling. The workman prried a piece of the wooden flooring from the courts with the crow bar.

As they glanced down the opening, they spotted a wet mass of fur huddled on a narrow ledge. The workman went for a ladder and Mrs. Simonds spoke softly to her pet.

The workman, Florimond Mares, extracted Nelly from her prison and Mrs. Simonds secured a blanket from the club. Wrapped in the blanket Nelly was rushed to the office of Dr. J. F. Puris on Mack avenue.

Nelly was administered every aid from penicillin shots to intravenous feeding in the battle to restore her to health. Today she is definitely on the mend and once again enjoying the comforts of her own hearth.

### United Nations Lecture Subject

Dr. Lawrence Preuss, Professor of Political Science at the University of Michigan who will speak on "The United Nations" at the War Memorial Center on Wednesday evening, November 7, at 7:45 o'clock, is one of many university faculty members who rendered outstanding governmental service during the war.

He served for more than three years with the Department of State in various capacities and in 1943 was appointed head of the legal branch of the Department's Division of International Security and Organization.

In 1944, he became Associate Chief of the Division of International Organization Affairs, a division which he helped to establish. From November, 1943, to May, 1944, he was in London as adviser to the United States representative on the United Nations War Crimes Commission.

Dr. Preuss was also technical expert and Assistant Secretary at the Dumbarton Oaks Conventions in Washington in 1944. He was principal secretary of the United Nations Conference of Jurists in Washington in 1945 and was technical expert of the American delegation at the United Nations Conference on International Organization in San Francisco in 1945. He lectured at the Academy of International Law at the Hague during 1949.

Dr. Preuss received his A.B., his master's degree, and his doctorate from the University of Michigan, where he is now professor of Political Science. He has also studied extensively in Europe. This lecture will be the seventh in the University of Michigan Extension Service series "Around the World Today." If further information is desired, call the War Memorial Center, TUxedo 1-6030.

### Theater Building Will House USO

The USO of Metropolitan Detroit will move its headquarters from the Veterans' Memorial Building to the basement of the Shubert Lafayette Theater, on or about December 1, it has been announced by USO President Ben R. Marsh. A long-term lease was signed on September 29.

The entire lower level of the theater will be renovated and furnished for use by service men and women. Funds for this will come from proceeds realized from the Ed Sullivan benefit show given in Detroit last spring and sponsored by the Lincoln-Mercury dealers, according to Jerome H. Remick, Jr., who was chairman for the show and is now chairman of the Building Committee for USO.

Money for maintaining USO "services for service men" comes from United Foundation contributions.

The move from the Veterans' Memorial Building was necessitated by the increased load at the Center. Approximately 3000 service men and women use the center each month. It is expected that the central location of the new rooms and the enlarged space will answer all the needs of a downtown recreational and information Center.

The USO of Metropolitan Detroit, through its member agencies, also operates a canteen and lounge at Fort Wayne, services at Seltrige Field and Grosse Ile, overnight week-end housing, and mobile canteen service in railroad and bus stations. A new canteen service has just been opened at the induction center in the Federal building in Detroit.

The eleven agencies that help maintain these services are Allied Veterans' Council, American Red Cross, Council of Social Agencies, Detroit Service Organization, Jewish Welfare Board, Lutheran Service Organization, National Catholic Community Service, Salvation Army, Travelers Aid Society, YMCA and YWCA.

## Pointe Gets Through Season With Only 8 Cases of Polio

Grosse Pointe had but eight cases of infantile paralysis during the year, and cold weather has put an end to the danger season. Dr. Thomas Davies, health commissioner, reported on Tuesday. Two additional cases were reported during the summer in Gratiot Township.

Last year there were 33 cases in the Pointe with one resulting death. Dr. Davies said that not only was there a deciding diminution in the number of cases this year, but they were also lighter than in the past. No re-

sulting paralysis was reported in any of the local cases.

The Pointe fared better in the 1951 polio season than did Detroit or the rest of the state. In both places, there was a falling off in the number of cases, but not to the extent which the Pointe enjoyed. Detroit reported 339 cases from January to October 19. There were 1219 cases in the entire state during the same period, as against 1469 in 1950 and 2504 in 1949.

While Detroit reported 14 new cases for the week ending October 19, there has been no new case reported in the Pointe or Gratiot Township since September 4, Dr. Davies said.

The health commissioner said that the Pointe area has had a very healthy year. Common communicable diseases are also running below normal, he stated.

## Woods Barbecue Damaged by Fire

The Woods police department played fireman Monday night, October 29. The chef at the Grosse Pointe Barbecue, Mack at Beaufait, called, reporting a fire in the kitchen. Three of the officers on duty rushed to the scene.

The cause of the fire was blamed on a faulty refrigerator. The kitchen suffered damage to preparing tables and food storage cabinets. The restaurant itself suffered smoke damage.

## Glen Kalember Kicked In Head by Playmate

Glen A. Kalember, age 9, of 1374 Anita, was rushed to Saratoga hospital Tuesday, October 16, after being injured while playing kick ball at the Mason school.

Glen was kicked in the head by a playmate. Woods police took him to Dr. Clifford Loranger's office on Park avenue. Dr. Loranger had him rushed to the hospital. Doctors said he suffered no severe injuries, but they kept him under observation for two days.

## Rotarians Hear Rev. Dr. Cole

## 3 Cars Tangle On Lake Shore

A passing car forced Ralph B. Ewing of 2064 Oxford, who was also trying to pass a car driven by Jack Moll, 5259 Lennon to crash the rear of Mr. Moll's car, Sunday, October 21, on Lake Shore road.

Both drivers thought the crash was slight and did not bother to stop. Mr. Moll got home and found his rear bumper and trunk damaged. He then called Farms police and reported the accident.

## Pointe Theater Dates Shifted

If change is a sign of progress as the sages say, then Grosse Pointe Community Theatre has made considerable progress in the past two weeks.

First of all, there's a change in date for the first production. The theater will present Emyln Williams' celebrated play, "The Corn Is Green" on Thursday and Friday, December 6 and 7 at 8:30 p.m. in the auditorium of the Grosse Pointe High School, instead of Thanksgiving week-end as previously announced.

Second, and even more important there's a change in director. The Theatre is proud to announce that William Merrill, of Will-O-Way fame will direct one of the best casts the theater has ever gathered together.

December 6 and 7 is expected to provide Pointers with two evenings of "top" theatrical entertainment.

## Cars Collide On Mack Avenue

August Fast, of 792 St. Clair avenue, was issued a ticket for reckless driving, causing an accident at Mack and St. Clair on October 27.

Mr. Fast had been driving north on St. Clair and was proceeding across Mack avenue when he collided with a car driven east on Mack by Joaquin Martinez Oramas, of 21301 Sloan drive, Detroit.

Mr. Fast told police he had stopped at St. Clair before continuing across Mack. After looking both ways, he said he estimated he had sufficient time to make the crossing.

City police had Mr. Fast's car, a 1929 Chevrolet, towed to the rear of the police station.

## Methodist Men To Hold Outing

Reproductions of Antique Pine Items Ready for Fair

When the doors of the Grosse Pointe Congregational Church "Country Fair" open tomorrow at 10 o'clock a booth of unusual interest will be one of the first to draw shoppers attention. Here will be displayed hundreds of authentic Early American reproductions made by craftsmen in New Hampshire and shipped to Grosse Pointe to be hand finished by the group in charge. Mrs. Russell Tripp of Nottingham road grew up in New England and is a descendant of the family which started the famous Kanakin factory in Swanzeey, N.H. in 1836.

The factory is still owned and operated by members of her family and the Kanakins are made the same way as in the pioneer days and of the same material. Kanakins or buckets in the olden days were a household necessity for water at the well, butter, flour and sugar.

Today, the modern housewife has found many uses for them, waste paper baskets, cookies, toys, sewing and even for smoking stands. All sizes will be displayed.

Mrs. Tripp and her committee made a complete study of how pine accessories are finished before they began their work last March. Each piece was carefully sanded by hand and taken through as many as seven processes to give it the effect of long years of actual wear. Since each pine board is different in respect to grain, knots, and hair-like scratches every item has its own individuality. It is this hand rubbing that gives them a mellow softness of finish.

Among the items featured will be the old fashion salt boxes, used now as planters or for matches by the fireplace. Sugar scoops, a copy of those used in the country stores—these make beautiful plant containers or filled with fruit arrangements for table decorations.

There are the old knife trays, which now serve as snack trays, and the miniature knife trays beautifully finished for cigars. There are Early American candle brackets, old sap buckets, complete with glass liners and congs, ideal ice cube containers, the much loved crickets, both oval and square, and quaint antique doll trunks and doll cradles.

There are the old spoon holders of mellow pine for the family heirlooms. All the credit

### Important City Election

Next Tuesday's election will be a very important one in the history of the City of Grosse Pointe. It will behoove every eligible voter to get to the polls, though past experience tells us but a dribble will exercise this most precious right.

The candidates for mayor, clerk, treasurer, assessor, justices of the peace and constable are all incumbents without opposition. Three councilmen are to be elected to four-year terms and there are five candidates. John L. Kenower is the only incumbent councilman seeking reelection, the other two having announced their retirement from public office. Dexter M. Ferry, Jr., has served long years both as mayor and councilman and feels that he has devoted all the time he can to public service. The residents owe him a debt of gratitude. Thornton Waterfall, the other incumbent, says that the press of private business keeps him from running again.

The residents indeed owe all those Pointers who serve without pay and without personal ambitions, a great vote of gratitude. It is a thankless job to be a mayor or a president or a councilman or a trustee of any of the Pointe cities or villages. When they run for office, even their best friends forget to go to the polls and cast their votes. When they make some move which they feel is for the good of their community, there are ten times as many squawkers as there were electors.

The City, the first of the five Pointe municipalities to divorce itself from the township and take on the status of a full-fledged city, faces many major problems. It is the only one of the five Pointes which showed a drop in population, based on the 1951 census figures.

This paper does not hesitate to endorse the candidacy of Mr. Kenower for reelection. Next to the youngest councilman in length of service, in the short time he has held that office he has demonstrated a capacity for action which has proven a great asset to his community.

He has headed up the important off-street parking program and has accomplished much in developing a solution. It is to be hoped he will be returned to office so he can continue his work in this field.

He has been the chief advocate of a capital improvements program which has been sorely needed by the City for a long time.

His first assignment as a councilman was to supervise a complete survey of the City's muddled insurance program. Under his direction all of the municipality's insurance has now been reviewed, much of it rewritten and brought up to date and consolidated under one agency.

One of the major problems which the City faces is that of sewage disposal. This very important and costly matter will have to be dealt with in the near future. Mr. Kenower has already put in long hours of study on this problem and is in a position to render his community invaluable service when the time comes when it must be tackled.

Having been in the financial business for many years, Mr. Kenower has learned a great deal about municipal management and finance through his studies of the backgrounds of the many municipal bonds which his company has handled. This knowledge has served and can continue to serve his own city well.

It is to be hoped the qualified electors of the City will realize the importance of next Tuesday's election. It is their duty to be acquainted with the problems their municipality faces and to go to the polls and vote for the candidates they believe are best fitted to solve them.

### Grosse-Exaggerations

A. PRYOR

"Fill the bowl with rosy wine,  
Around our temples roses twine;  
And let us cheerfully awhile  
Like the wine and roses smile.  
Crowned with roses we condemn  
Gyges' wealthy diadem.  
Today is ours. What do we fear!  
Let's treat it kindly, that it may  
Wish, at least, with us to stay.  
Banish business, banish sorrow;  
To the gods belongs tomorrow."

(Abraham Cowley)

A local woman, poring over the contents of a family strong box, came across a set of exercises sent to her grandmother in 1911. She let us view them and we are mighty sorry that we are unable to accompany this article with some of the little drawings that appear with each exercise. A far cry from today's slim young things showing us the way . . . wearing skimpy bathing suits . . . this character in the drawings is built on Helen Hokinson lines and is wearing what looks like long underwear.

One of the exercises reads as follows: "Lie on the back, bring the knees to the chest; clasp the ends of a wand, one end in each hand and rest the feet upon the stick, so grasped, keeping the knees close to the chest; stretch the left leg as near perpendicular as you can upward above the wand. Relax and do the same thing with the right."

Another reads: "Grasp the fat on the abdomen between the fingers and thumb; hold the roll out firmly with the hands and draw the abdomen in tensely. Grasp the roll of fat just below the waistline and hold the flesh out, pinching it. With hands clenched and firm, knead the fat over the abdomen and just below the waist until it is sore. Do not be afraid of overheating."

No sissie, they . . . the physical culture group of THAT age. No wonder grandma had a figure like an hour glass and indulged in daily vapors!!!

That little book the Grosse Pointe News offered its readers last week, has been selling like Mario Lanza recordings. In case you and you haven't seen it yet, don't fail to do so. It is called "What you can do with ONE POUND of Hamburger." The book contains 58 recipes with complete menus. It shows you how to stretch that valuable pound of hamburger and still keep it delicious. We trust a word to the WIVES is sufficient!

A young married woman who has had a few depressing incidents crop up in her life lately, hid herself to a downtown department store recently and opened a charge account. A few days later, the phone rang and when she answered it a voice she THOUGHT was that of a close friend, asked if Mrs. Soandso was there. Without any hesitation and seriously as all get out, our heroine replied, "No! She just jumped out the window!" The "voice" at the other end screamed "WHAT did you say?" By this time, the little woman realized there must be something foul afoot, so she asked cautiously, "Who IS this?" The voice replied that "IT" was the charge account department of said store to check on a few details about Madame's new account! Our heroine is now wondering whether or not the store will honor her account. She tried to explain . . . but the voice still sounded a little guarded . . . as if it thought those men in white coats might be what Madame needed instead of a charge account.

We've heard of a lot of gimmicks used in getting around an annoying problem, but this takes the cake. Last week, a local grandmother went shopping for a birthday present for her young grandson (who lives out West), and finally came up with a Hop-Along Cassidy hat. The store where she found the prize is a small shop full of gadgets for children but no facilities for packing and shipping anything. The type of place where whatever you buy is tossed into a paper bag . . . and that is THAT. Grandma tried to talk them into boxing and mailing the unwieldy hat, but no soap . . . so she left with it in a paper bag.

As she strolled down the avenue, wondering how she could get the danged hat shipped without having to package it herself and trek to the post office, she suddenly came to a shop that sells clothes and toys for kiddies. She gazed into the attractive window, admiring the display of party dresses and stuffed animals, then making up her mind, entered the store and asked if they sold Hop-Along Cassidy hats? The charming salesgirl allowed as how they did NOT . . . but couldn't she interest Madame in something else?

As if the thought had JUST come to her, grandma turned her lovely eyes on the girl and said, "Well, as a matter of fact, as long as I'm here I might as well pick up a rattle and a teething ring for my newest grandchild." Any sale is a sale . . . no matter how small . . . so the obliging salesgirl started off to obtain the rattle and ring . . . asking the while if she should have them wrapped as a gift? "No," said foxy grandma, "That won't be at all necessary but they have to be shipped to Iowa." Without batting an eyelash, the salesgirl said they'd be glad to do it . . . and as she was busy taking down the address for the seventy-five cents worth of merchandise . . . Grandma whipped the large cowboy hat out of the paper bag . . . just like a magician taking the proverbial bunny out of the hat . . . and said, "As long as you are shipping the teething ring and rattle, would you mind including THIS in the package?" We think it's a wonderful story. Oh, to be a grandmother! They get away with MOIDER!

### Letters To The Editor

October 29, 1951.

Gentlemen:

To hit a child with our car and injure or kill him would haunt us for the rest of our lives. Such a tragedy almost happened on Saturday night, last, and if you have space in your paper for public opinion, I would like to address myself to the parents of the boy of about 10 or 11 years of age, wearing a red plaid jacket, who, thanks to the grace of God and my husband's good brakes, just missed being hit by our car at 8:15 p.m. in front of the school located on the south side of Kercheval avenue, just beyond Nottingham.

I am sure that the parents of this child love him deeply and see to it that everything is being done in order that he may grow up to enjoy a happy and useful life, and yet their poor safety example was almost the cause of an accident to their son.

These parents, together with a small group of people, stepped out into the street from behind a parked car some distance beyond the cross walk where they should have been crossing. They did not allow themselves sufficient time in which to cross against through traffic, and my husband slowed down considerably in order to assure them ample space in which to cross. Just as they reached the opposite curb (in front of the school), the boy, who had appar-

ently remained at the curb for a few seconds, dashed out from between parked cars without even the slightest pause to see if any cars were coming. We came to a screeching stop, missing the boy by only a foot or so. The boy raced the rest of the way to the curb beyond, and all his shocked father could say was, "Why don't you slow down!"

Safety is taught thoroughly in most public schools, but some of the responsibility lies upon the parents who teach a great deal by the example they set. I'm sure that these parents, as well as ourselves, who are also parents, will never forget this incident. Perhaps in future safety campaigns your paper can emphasize the part that parents play in leading their children to better safety habits.

Yours very truly,  
Betty Nething,  
560 Sheridan, Detroit.

To the Editor:

Wonder if anyone can tell me why we need three saloons within 500 feet of each other on Mack avenue between Kerby and Belanger?

Three petitions were signed with 90 per cent of the people against saloons opening. What happened? Not just one, but two are in business and the third is ready to open.

We certainly would like to know who has the final say on these matters. It most certainly isn't the residents in this location. The Farms even makes it easier to get to these places by opening Belanger to Mack so the beer trucks and such can go right through.

Seems to me instead of tearing down the two saloon buildings at Mack and Moross it would have been better to let them be. They just moved to our block and certainly haven't improved anything.

Mrs. Kathryn Huvaere,  
459 Belanger.

### BORROWED CAR BLAZES

A shorted battery cable caused a fire in a car driven by Paul Fiori of 11000 Pearless. Mr. Fiori told Woods Police that he took his car to the Watring Garage on 9026 Cadeux for repairs and the garage gave him this car to drive. Minor damage was done.

### What Goes on at Your Library

by Jean Taylor

"A man ought to read just as inclination leads him; for what he reads as a task will do him little good; a young man should read five hours in a day and so may acquire a great deal of knowledge." —Samuel Johnson.

Well and good for 1750, Dr. Johnson . . . but who today can spare five hours of reading out of the precious twenty-four? For busy people who like to read but for whom time is a problem, we list these short books of two hundred pages or less, that can be toted about for reading on the bus, in the dentist's office or at the hairdresser's:

- SOUTHWEST CORNER, by Mildred Walker.
- "A satisfying tale of an indomitable Vermont woman who adjusts to a difficult situation."
- DAWN IN LYONESSE, by Mary Ellen Chase.
- "The tragic legend of Tristram and Iseult brings strength and compassion to a Cornish maid-servant when tragedy comes into her own life."
- THE SNOW GOOSE, by Paul Gallio.
- "Of a lonely artist and a young girl, and the beautiful bird which was a bond between them and became a symbol and a legend."
- LET THE HURRICANE ROAR, by Rose Wilder Lane.
- "A vivid story of the hardships and simple heroism of a young couple during pioneer days in Dakota."
- A GENIUS IN THE FAMILY, by Hiram Maxim.
- "A son's recollections of his eccentric and unpredictable father (Sir Hiram Stevens Maxim), and of family life in Brooklyn about forty years ago."
- OUTSIDE EDEN by Isable Scott Rorick.
- "The cheerful adventures of a happily married couple, gayly and wittily told."
- FRIENDLY PERSUASION, by Jessamyn West.
- "Entertaining episodes about the Birdwell family, nineteenth century Quakers living in Indiana during the period following the Civil War."
- THE PLUM TREE, by Mary Ellen Chase.
- Emma Davis, head nurse in a home for aged women, brings happiness to her charges. Sensitive but not saccharine.
- MAMA'S BANK ACCOUNT, by Kathryn Forbes.
- A short story first, then a novel, then a play. "Mama" is wise and humorous and lovable.
- PORTRAIT OF JENNIE, by Robert Nathan.
- "The story of a poor young painter and the strange elusive girl who becomes the center of his life. A love story outside the box."
- STILL ABLE TO RUN
- Reinhardt E. Vogt of 1635 Faircourt, called Farms Police Sunday, October 21, and reported that he had run over a dog and thought it was injured badly. Police were unable to find the dog.

### What's Your Opinion?

By Fred M. Kopp, R. Ph.

Throughout life we meet people with very definite opinions on every subject. And when it comes to illness and medical advice almost everyone becomes an authority.

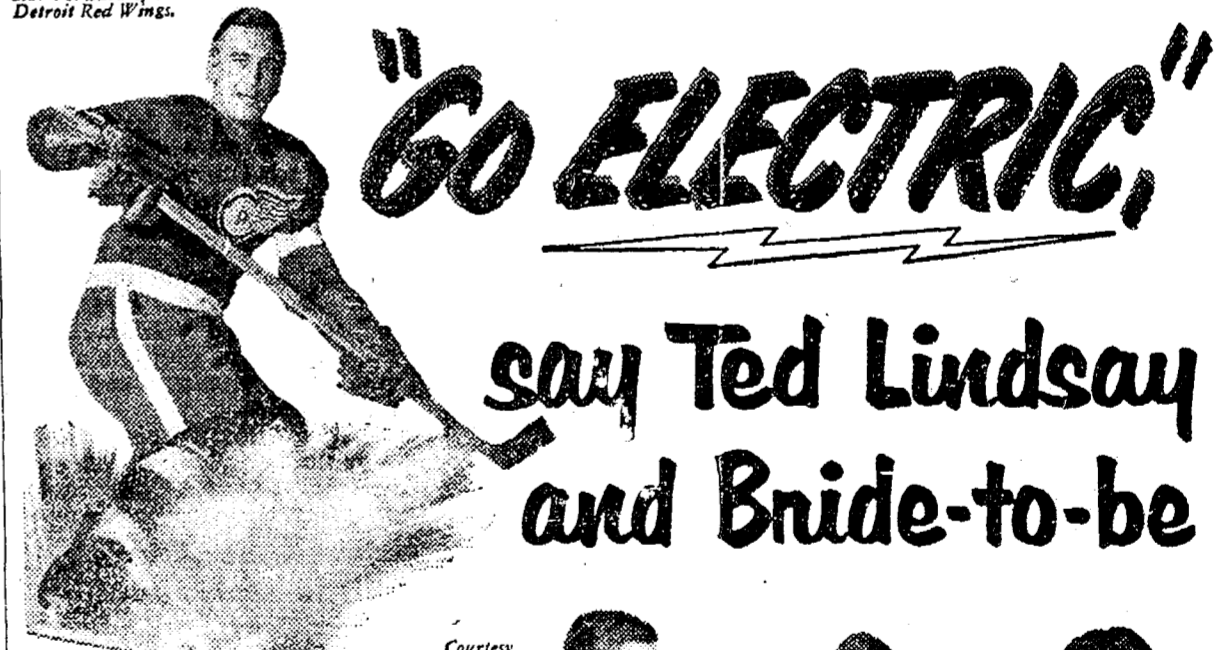

How much illness is retarded and suffering endured by following the advice of well-meaning individuals we will probably never know!

Isn't it logical that with something as important as health, we should seek the services of an authority, a doctor?

In purchasing medicine the services of an able, conscientious pharmacist are important, also.

### HOW TO SCORE HIGH WITH THE "HOME" TEAM

### "GO ELECTRIC!"

say Ted Lindsay and Bride-to-be

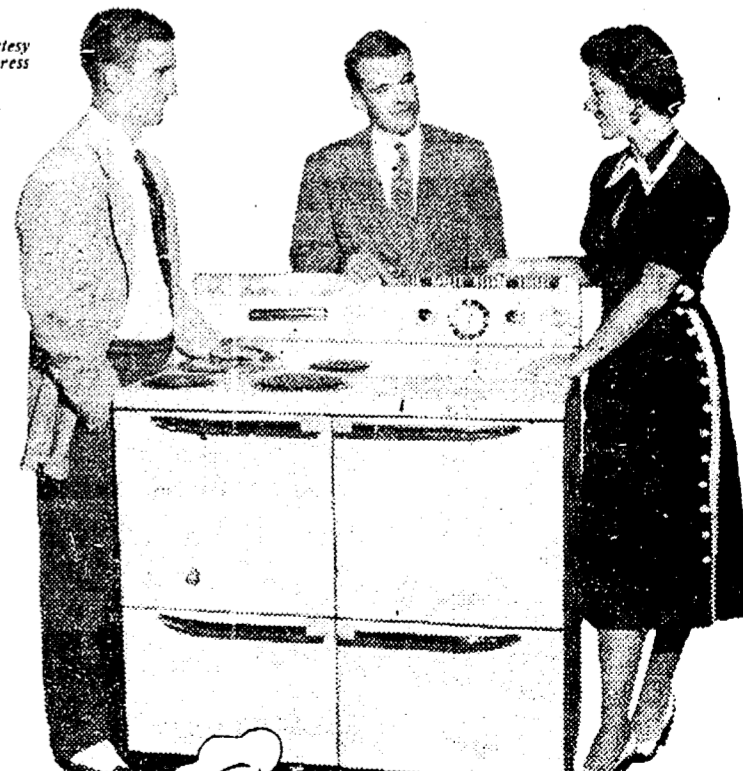

"An all-electric kitchen is our goal," said Red Wing star Ted Lindsay with a smile for his bride-to-be, lovely Pat Snell.

"Yes, and my first choice is an electric range," emphasized the future Mrs. Lindsay. "It's so beautiful! And just look how easy it is to regulate the heat with these controls. Now I know why they say you can cook to perfection with an electric range!"

"They're easy to clean," said Ted. "Look, Pat, how these heating elements lift up out of the way."

"Plenty of storage space, too," Pat put in. "And look at the big oven! Justness, these new electric ranges are simply out of this world!"

Yes, it's true. Electric appliances . . . electric ranges . . . are finer than ever today. Visit your nearby appliance dealer soon.

Bill Moore, salesman, points out the advantages of electric cooking.

**Women of Congregational Church To Hold Country Fair Tomorrow**

Grosse Pointe will acquire a new Market Place tomorrow, strictly a temporary institution, set up for the day in the parlors of the Grosse Pointe Congregational Church, 240 Chalfonte.

Many hundreds of articles, beautifully finished, and handiwork displays will be assembled for the Women's Association's Annual Bazaar.

Lending a country air to the display will be the "Country-style" motif, complete with autumn colored petticoats decorating each of the counters. Gaily dressed country ladies (made from paper), each holding a handful of balloons, will be attached at strategic places throughout the room. Workers will be

in bright country dress.

There will be the usual "White Elephant" booth, always a favorite spot at any fair. Mrs. Harold Husband is chairman.

Mrs. Edgar Hahn and her committee have been working for months to make the sort of doll clothes for which the church is noted. Your little girl will love a smocked dress or pitie of her own to match her dolly's. Here you may buy tea party settings in small dimensions.

The Needlework department will have the lovely hand-made articles supplied by Mrs. Marcus Kalbfleisch and her committee. They have dozens of towels, luncheon mats of contrasting colors, and many novelties as useful as they are attractive.

One of the most unusual examples of craft will be in the assemblage of the tinware and wooden pieces, authentically designed, and hand painted. Each is designed by the artistic person who painted the article. There will be tote waste-paper baskets, letter racks, card boxes, old fashioned salt boxes. Something new this year is a large hand painted key—to hold all your keys. There will be lovely trinket boxes, Christmas sleighs—some of black and gold, some traditional red and green and some of antique stain.

Tiny figures and colorful patterns of authentic design will be displayed on the set of tole Chippendale trays.

The antique collection which made such a hit last year will be even larger this year. Mrs. Robert Kimball is again in charge and has attempted to provide many articles which are authentic and in great demand by collectors. Old glass and china, English tea cups, tin-ware, water pitchers and picture frames will be featured.

Mrs. Verne Drew has charge of the knitting. About 20 women have been knitting for this committee. Some of the expertly knitted articles which will be on display may be had by special ordering.

Seeds of aprons will be featured in the apron booth, aprons of every color and for every occasion, dainty organdies, eyelets, chintz and the more practical kind.

After shopping, guests may stop at the booth of snacks or have tea served from the gaily decorated tea-table.

The market will be open tomorrow from 10 a.m. to 10 p.m.

**Musicale Party Set for Nov. 13**

Mrs. Kenneth Costley will open her Pemberton road home on Saturday, November 3, for a business meeting and musical tea for the Ways and Means Committee of the Tuesday Musicale.

Joanne Bauer Leahy and Frances Elaine Hauss will provide the musical entertainment. Frances, a music major at University of Michigan, is the daughter of Dr. and Mrs. Robert Hauss.

Co-hostesses will be Mrs. Richard Shannon, Mrs. Kurt Keydel, Mrs. Robert Hauss and Mrs. Edward Baumann.

At the tea table will be Mrs. Burton Winke, Mrs. Charles Jacobson, Mrs. Albert Zanolli and Mrs. Carl Beutel.

Two large affairs are planned for this year. One hundred tables have been reserved for a card party at the Grosse Pointe War Memorial on November 13. Tea aprons in various shades of organdy (pastel shades) made especially for the table prizes, three favors for each lady attending the party, and 100 prizes have been provided.

The following from Grosse Pointe have taken one or more tables for the party: Mrs. Kenneth Costley, Mrs. William J. Coulter, Mrs. Luella Carless, Mrs. Albert Grundy, Mrs. Adolph Jacobson, Mrs. Henry B. Joy, Mrs. Albert Lungershausen, Mrs. Fred T. Murphy, Mrs. Oscar Pengelly, Mrs. G. M. Pratt, Mrs. Cecil Rush, Mrs. J. Milton Setzer, Mrs. A. E. O'Neal, Mrs. Nelson McBride, Mrs. Frank Coolidge, Mrs. Philip Dexter and Mrs. Edward Baumann.

Valentine Vanities, slated for Valentine Eve at the Detroit Yacht Club, will be for Tuesday Musicale members and their friends. There will be a dinner dance, with music by the Dierkiss Orchestra, strolling musicians before the dinner hour, and a floor show.

Proceeds for the year will be used to carry on the Philanthropic work of the club, replenish the Student Assistance Fund for needy young girls, assist the Detroit Women's Symphony Orchestra, which is a civic project, and which the Tuesday Musicale founded.

There are only a few tables left that have not been reserved for November 13, and anyone wishing tickets for same may call either Mrs. Edward Baumann, chairman of the ways and means committee, at TU. 2-3832 or Mrs. O. P. Pengelly at LA. 7-7048.

# Society News Gathered From All of the Pointes

## From Another Pointe of View

By Jane Schermerborn

After February the Pointe will have a new and lovely resident in Jeanne Boyle, daughter of Mr. and Mrs. William M. Boyle, Jr., of Chevy Chase, Md. . . .

Whose engagement to Thomas Chase Williams, son of Mrs. William K. Williams of Beaupre road, and the late Mr. Williams, was announced by her parents . . .

The news was told at a merry cocktail party at the Boyle home in Chevy Chase . . . and traveling from the Pointe to toast the attractive couple were, in addition to the bridegroom-elect's mother:

Tommy's uncle and aunt, Mr. and Mrs. Wilfred V. Casgrain of Willow lane (who had been at their Summer place at Sugar Hill, N. H.) . . . John Gaylord Williams, Tommy's twin . . . and another brother and his wife, Mr. and Mrs. Charles Casgrain Williams of Silver Springs, Md. . . .

## February Wedding Bells

Jeanne, whose father recently resigned the post of Democratic National Committee Chairman . . .

Attended Holy Cross Academy and Chevy Chase Junior College . . .

Her debut took place in Washington last Winter . . .

Tom, who is a grandson of the late Mr. and Mrs. Charles V. Casgrain, studied at University of Detroit High School . . .

And is a senior, this year, at Georgetown University . . .

He's vice-president of his class and during World War II served in the North and South Atlantic with the U.S. Coast Guard . . .

The wedding will take place in February . . .

## The Tuesday Assemblies

From the pinafore set to the Quite sub debs . . . there was chatter this week of the new Tuesday Assemblies . . .

Which will get off to a sparkling start at the Little Club come the afternoon of Nov. 13 . . .

Mary Johnson and Ed Picard . . . than whom there is no whomer in ballroom dancing . . . will direct tiny feet in the first assembly . . .

And the second, which begins at 5 the same afternoon, will find the eight to fourteen year olds getting ready for the Big Days Ahead when THEY go to the deb parties and dance till the wee small hours . . .

Jack Rosevear will set the rhythms at the piano . . .

Which makes us guess the little dancing pupils will be the envy of mamas and papas who have long loved to dance to Rosevear tunes . . .

## Ulrichs Visit Here

Former Pointers . . . Mr. and Mrs. Elmer Ulrich . . . will be winging this way from their Brentwood, Calif., ranch house . . .

Arriving here on Nov. 8 . . .

They're going to spend a fortnight . . . which news is heralded alike by their former neighbors . . . and members of the Grosse Pointe Fire Department (Elmer was a Park Commissioner) . . .

Lots of informal get-togethers are being planned during their stay . . .

Recent callers at the Ulrichs' California home . . . were Mr. and Mrs. Tommy Fisher who have now returned to their own Kenwood road address . . .

While the Ulrichs are here, they'll stop at the Whittier . . .

## The Bridegroom's Secret

We've often wondered how the bridegroom got HIS trousseau shopping done . . .

And certainly learned this week . . .

When attractive Mrs. Charles Theron Van Dusen, of Metamora, walked into a gentleman's shoppe the other day . . .

And ticked off items on a 1-o-n-g list . . .

Son, David Buick Van Dusen . . . takes as his bride, the Pointe's lovely Isabel Baxter . . . Nov. 10 in Christ Church, Grosse Pointe . . .

## Short and to the Pointe

### Mrs. William Ray Pruett

Just home from a month's whirl in California are MR. and MRS. DONALD JENKINS of Hampton road who find the famous Farmer's Markets snitching the reputation of Broadway and 42nd Street as The Place to see all your friends pass by. Ever so many Pointers were visiting the stalls to make purchases from all over the world.

Glimpsed at the Terrace Room: LIEUT. COMMANDER FRANK B. SAUNDERS escorting his cute little daughters, PATRICIA and FRANCES, for a dinner party "just like the grown-ups."

One of the "fun" things about weddings is the number of former Pointers who return either in the wedding party or as guests for the wedding week-end. When BETSY HOLTON and JOHN B. WARREN are married Dec. 1 in Grosse Pointe Memorial Church the former MARTE DOUGLAS, MRS. WILLIAM E. WEISS of Oyster Bay, L. I., will accompany her husband to the Pointe for the week-end. Mr. Weiss will be one of the groomsmen. Also here that week-end will be MRS. EDMUND LUNCKEN (the former DOROTHY BACKUS) of Cincinnati (Mr. Lunken is another groomsmen), to stop with her mother, MRS. STANDISH BACKUS of Lake Shore road.

MR. and MRS. JOHN H. LONGLEY, of Meadow lane, will spend Thanksgiving this year in Wilmington, Del., where they'll be guests of his cousins, MR. and MRS. W. W. LAIRD. Before returning to the Pointe in early December, the Longleys plan junkets to New York (where they'll visit Mr. Longley's sister, MISS IRENE LONGLEY) and Worcester, Mass. (to visit MR. and MRS. STANLEY NORTON) and in Simsbury, Conn. (they'll stop to see MR. and MRS. LAWRENCE CATHLES).

MRS. W. HOWIE MUIR, of Ridge road, and MRS. CAMERON CURRIE, of Lewiston road, have been entertaining their sister, MRS. SPENCER PENROSE of Colorado Springs.

MR. and MRS. RALPH C. WILSON left last Thursday for a trip around the world.

MR. and MRS. GEORGE ARMSTRONG JR. and their little daughter, SUSAN, have been paying a visit to Mrs. Armstrong's parents, MR. and MRS. ALBERT A. GRIFFITHS of Edgemere road.

MR. and MRS. ROBERT B. SEMPLE are back in their University place home, following travel in Europe.

One of the larger parties traveling to the homecoming game between Michigan and Minnesota last week-end were guests of MR. and MRS. JAMES J. TRUDELL JR. of Lincoln road at cocktails before boarding a chartered bus for Ann Arbor. In the party were MR. and MRS. JOHN W. ANDERSON II, MR. and MRS. JOHN W. DETWILER, MR. and MRS. THEODORE B. BUTTRICK JR., MR. and MRS. THOMAS L. LOTT, MR. and MRS. DAVID SLOSS, MR. and MRS. EDWARD S. WUNSCH, MR. and MRS. HARRISON T. WATSON, MR. and MRS. CLARK SWART, MR. and MRS. ALBERT D. THOMAS JR., MR. and MRS. WILLIAM LOTT of Galion, O., MR. and MRS. JOHN McLEAN, MR. and MRS. JOHN H. LONGLEY and MR. and MRS. W. ROBERT BRYANT.

MR. and MRS. SELDEN B. DAUME and MRS. EDWARD P. HAMMOND are among Pointers who have made reservations for Tuesday Musica's first concert of the season, Nov. 6, in Art Institute Auditorium. The evening concert will be dedicated to Detroit's two hundred and fiftieth birthday celebration.

## Bowes Fly to Hawaii Following Marriage

Former Mrs. Edward Douglas Stair Jr. and John Francis Bowes Speak Vows in Grosse Pointe Memorial Church; Will Live in New Orleans and the Pointe

Winging into Hawaii today are Mr. and Mrs. John Francis Bowes whose marriage took place last Saturday afternoon in Grosse Pointe Memorial Church at services attended by members of their families.

The Rev. Frank Pitt officiated at the wedding of the former Mrs. Edward Douglas Stair, Jr., of Park lane, daughter of Mr. and Mrs. Charles Mason Hamper, and Mr. Bowes, who is the son of Mr. John Francis Bowes of Honolulu and the late Mr. Bowes.

Following a month on the Islands, during which time they will be headquartered at the Royal Hawaiian, the Bowes will return to the Pointe, dividing their time between here and New Orleans. They will return to the states on the SS Lurline and plan a San Francisco holiday before coming on to the Pointe.

The new Mrs. Bowes was married in an opera length frock of French rose Chantilly lace, its skirt formed to frothy fullness by layers and layers of the sheer material. She wore a small hat in matching shade of velvet encrusted in pearls and rhinestones and carried the lightest pink orchids. She was given in marriage by her brother, Winston Marsh Hamper.

Little Nancy Stair was her mother's maid of honor in pale pink taffeta picture frock, full length, and nylon net halo on her locks. She carried a tight, old fashioned bouquet of pink, white and blue blossoms surrounded by a ruffle of lace and her tiny ballet slippers matched her frock.

Susan Stair was bridesmaid for her pretty mother. She was dressed like Nancy and only blue ballet slippers differed in the costumes.

Mr. Bowes asked his bride's six year old son, Doug, to serve as the only usher and this lad did handsomely in a trim navy blue suit.

One of his proudest moments was escorting his grandmother, Mrs. Charles Mason Hamper, to her pew in the lovely church.

Mrs. Hamper, for her daughter's wedding, donned a black velvet gown with small matching toque. She pinned purple orchids to one shoulder.

Family members returned to Mrs. Bowes' home for a reception following the church services.

The first of the week, Mr. and Mrs. Bowes left for New York, from whence they planned to Hawaii.

Mrs. Bowes traveled in a rouge gaudy suit worn with black French velvet chapeau sparkled with jet. Accessories were black.

## Liggett to Hold Big Auction Sale

There's scarcely a Pointer who doesn't admit to a sentimental feeling for Liggett School and that applies to many of the leading gentlemen hereabouts, too.

For the Liggett Kindergarten claimed them back in their three cornered pants days. (Still it never fails to be a shocker at cocktail parties to hear a bass voice boast, "Oh, yes, I went to Liggett.")

All this leads up to why there's so much interest locally in Liggett Alumnae Association's fund raising auction sale to be held Nov. 9 in the school gymnasium.

Auctioneers, for instance, will be Pointers Richard S. Spencer Jr., Lansing Pittman and Donald Thuermer who join Ches B. Larsen and Richard Kimbrough in helping to woo beautiful dollars from the throngs who'll attend.

Alumnae Association President, Mrs. James B. Lewis is proud that none of the articles offered could possibly be classed as "white elephants" although all were donated by loyal Liggett-teers. Many local shops added beautiful items to the stock the auctioneers will offer.

All proceeds go to the scholarship fund and board members who are working with Mrs. Lewis on the sale include Mrs. Edward Wishropp, Mrs. Charles Morgana, Mrs. Lloyd Marenlette, Mrs. Frank Ware, Mrs. Lansing Pittman, Mrs. Hardee Bethea, Mrs. Henry Kohring and Margaret Watkins.

## Boyd's Hosts At Costume Gala

Goblins, witches and pumpkins greeted the ninety some guests of Mr. and Mrs. Tom Boyd who entertained at a costume party last Saturday evening in their Windmill Pointe drive home.

The hosts, dressed as Martha and George Washington, greeted guests who arrived for cocktails and dinner and stayed for dancing to the lilting tunes of a three piece orchestra.

By the time the first cocktail was passed, the Boyd's guests knew that everyone had joined in the spirit of the evening for waitresses and waiters and houseboys appeared clad in plantation costumes and bellboy uniforms.

First prizes for the best costumes of the evening went to Mrs. Frank Buck who wore an elegant Colonial costume of white satin and lace with high powdered headress. (Mr. Buck dressed as her male counterpart) and to Stark Hickey who arrived as a Hula Girl complete with grass skirt, a halo of blossoms, floral lei and bright red heart painted on his chest. The handsome Mrs. Hickey wore an earlier date beaded gown with parsley corsage.

Just a few of the other costumed revelers included Dr. and Mrs. Larry Pratt (he as a sombre monk in long black robes), Dr. and Mrs. Eldon C. Baumgarten (he as a riotous gym teacher in black satteen bloomers, midly black with black tie and a wig); Dr. and Mrs. George W. Hoist; Janssen, whose costumes boasted "sacks appeal" for they were unusually contrived outfits made of gunny sacks.

Still others present at the party were Mr. and Mrs. Harry Esch, Mr. and Mrs. Larry Norton (their Dutch costumes were exquisite), Mr. and Mrs. Otis U. Walker, Mr. and Mrs. Bill Whyte, Mr. and Mrs. Edward Schoenherr, Mr. and Mrs. Floyd Rice, Mr. and Mrs. Fred Weisell.

Mrs. Edwin Schaub, Mr. and Mrs. Harry Turner, Mr. and Mrs. George West, Mr. and Mrs. Oscar Markus, and their guest, Val Lupi of Milwaukee; Mr. and Mrs. Carl Smith, Mr. and Mrs. Earl Cardoff, Mr. and Mrs. Cliff Hammerlee, Al Diederick, Mrs. Lucy Wetzel, Mr. and Mrs. Al Bowles, Mr. and Mrs. Aaron McKay, Mr. and Mrs. Carl Probst.

Very widespread is the belief that the Bible is complete; that it begins with Genesis and ends with Revelation. That's all there is. Nothing more is expected or needed.

**St. Pauloscope**

by MARY MARGARET VAN DAMME

The spirit of the season invaded the De La Salle gym last Saturday night when the Senior class put on its annual Hallo-we'en dance.

Among the fellas and gals from St. Paul's who attended were Sandra Smith and Bill Kerich, Kay Andre and Jim Dygert, Joan Hackenburger and Ed Will, Donna Mayo and Jim Hoskins, Connie Molitor and Jack Carroll, Charlotte Klein and Larry Eppers, Lynn Van Tiem and Jim Gallagher, Janet McInally and Jim Houlihan, Gloria

Wancour and Colbie Miller, Lou Ann Moxley and Bob Reid, Skip DuCastel and Tom McLaughlin, and Janet Hook and Gene Reynolds.

The Juniors got together on Friday night at Pat Monahan's home. Dancing in the gaily decorated recreation room were Joan Hock, Jim Haley, Blanche Finney, Bob Barrett, Jeanne Sharrow, George Brady, Janet Hock, John Brady, Sandra Smith, Gene Kornmeier, Joan Hackenburger and Cliff Jablonski.

Also enjoying the "pop" records were Bill Rossman, Denise Olds, Dennis Reynolds, Alice Weol, Don Behringer, Carole Plourde, Ed Heck, Shirley Fincham, Charles Hackey, Rita O'Grady, Larry McCormick and Theresa Yott.

Joan Marks was hostess to a party after the game with St. Mary's of Mount Clemens to celebrate the victory we so happily won.

In the jubilant crowd that thronged to Joan's home were Jack Trombly, Joe Weber, Shirley Fincham, Don Behringer, Carole Plourde, Dick Schaff, John Barton, Joyce Zemper, Joe Bejin, Ed Lynch, Nancy Mason, John Quinlan, Tom Tapert, Kay Piche, Larry McCarthy, Louis Giest, Joan Heidt, John Huette-man, Joe Meier, Lynn Van Tiem, Gene Reynolds and Bob Walker.

On Friday night Donna Mayo and Gary Dixon, Connie Molitor and Joe Loeffler, and Arlene Froelich and Mickey Endres were in the audience at Pierce Junior High where the Optimist play was given. I heard from inside sources that it was really terrific.

They did it again! Yes, that wonderful team of ours did it again. This time Annunciation was on the under side of a 31-0 score.

Those giving their all to cheering the Flyers on were Donna Mayo, Connie Molitor, Margaret Carrier, Peggy Sharpe, Sandy Smith, Blanche Finney, Pat Monahan, Dee Athman, Jeanne Sharrow, Denise Olds, Kay Andre, Barbara Sutton, Nancy Mason, Rosemary Jankowski, Gloria Wancour, Lynn Van Tiem, Elaine Barbaret, John Brady, George Brady, Shirley Fincham, Joan Hackenburger, Joan Hook and Janet Hock.

Also watching the overwhelming victory were Marilyn Sutherland, Joan Heidt, Rita Fincham, Joyce Zemper, Mary Moxley, Janet Oxley, Maureen O'Brien, Mary Ellen Beaupre, Claire Lenz, Pat West, Dick Dowd, Arlene Froelich, Jim Hoskins, Kenneth Furton, Barbara Healy, Roy Moxley, Dee Chiens, Mary Kay Boomer, Dorothy O'Kray, Evelyn Piche, Clare Jablonski, Jack Klom, Joyce Barton, Marilyn Blondell and Pat Bisceglia.

The steam-fire engine was given a second trial in Detroit on November 5, 1859. Prior to that year, all fire equipment in regular use was hand drawn and hand pumped.

L. E. Longshore, president of the Club, has issued an invitation to the photographically minded public to attend the session. The members will also submit prints for judging and awards will be made for the best pictures accepted.

**Council Tells Fellow Solon To Abide by Fence Ordinance**

The Farms council has decided not to be penned in by that fence owned by Farms Councilman Daniel W. Goodenough and George Rieveschl, neighbors in Lothrop road.

The fence dispute consumed considerable time at the last two council meetings. A group of Mt. Vernon and Charlevoix residents appeared at the meetings in protest of the fence which they stated depreciated their property.

Since those meetings, the council resolved that it would enforce the existing ordinance governing the height of fences that can be erected in the Farms. The fence, erected on a stone retaining wall of varying height stands 15 feet above the sidewalk in one place. City Attorney Henry Maurer stated he thought the fence in violation of the or-

dinance at the last council meeting.

The council since directed Murray Smith, city engineer, to study the fence and make recommendations. Mr. Smith offered a plan whereby the fence could be made to comply with the ordinance.

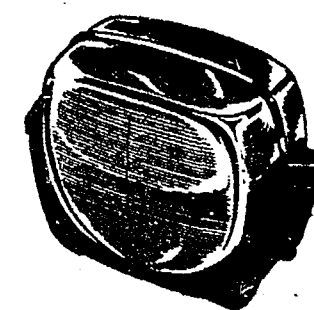

Mr. Maurer incorporated Mr. Smith's findings in a letter which has been mailed to Mr. Goodenough and Mr. Rieveschl. The next move is up to them.

**ORIGINAL BURBANK**

The original "Luther Burbank" was an unknown Mayan tribesman who lived in the highlands of Mexico, about 15,000 B. C. The Book House for Children tells how this man "united the seed of the plant called TEOCENTLI with grain of an unknown grass to develop the hybrid cereal named corn, or maize."

## Lantern Fires Big Gas Main

Park Firemen Subdue Spectacular Blaze with High Pressure Fog Nozzle

The gas main blaze at the southwest corner of Kercheval and Cadieux on October 24 was seen by City Patrolman Julius Deraedt and Robert Van Tiem at 1:20 a. m. as they were cruising west on Kercheval.

The City officer immediately contacted the Park fire department and the Michigan Consolidated Gas Company. Park firemen extinguished the blaze with two high pressure fog streams.

**How It Works**

Park Fire Chief Edward Rector explained that a fog stream is effective in combating oil and gas fires. A special hose attachment breaks the water into small particles, like a mist.

The flames shot as high as 70 feet into the air before the fire was controlled, Chief Rector reported. The gas mains on Kercheval avenue are currently undergoing repairs.

Oil lanterns had been placed near the open excavation and some of the earth had fallen on top of a 1½ inch gripe pipe. The weight of the earth broke the pipe, permitting some gas to leak to the surface.

**Lanterns Ignited the Gas**

The oil lanterns ignited the gas. Although Park firemen had the flames under control in a matter of minutes, they continued to pour water over the neighboring mains to prevent a recurrence of the flames.

The Gasper Mannone family which resides at 1177 Cadieux was instructed to shut off all pilot lights. However, it was not necessary for the family to vacate the house, Chief Rector said.

The Michigan Consolidated Gas Company dispatched an emergency crew. Park firemen remained at the scene of the blaze for about an hour and a half.

Traffic was rerouted by Farms and City police.

## Given 30 Days For Indecency

Leon E. Skidmore, 22, of 950 Manistique, Detroit, charged as a disorderly person, was found guilty on October 23 and sentenced to 30 days in the Wayne County Jail.

Patrolman Arthur Conlan, while cruising on St. Paul on October 22, observed Skidmore standing at the fence peering into the Pierce Junior High School grounds.

Police said Skidmore was conducting himself in an indecent manner. There was a girls' gym class on the grounds at the time.

Seeing Patrolman Conlan approaching, Skidmore jumped into his car but was apprehended before he could drive away.

Skidmore is on four year probation for assault with intent to do bodily harm less than murder.

He told Police Chief Arthur E. Louwers that he had followed girls on various occasions, but had never spoken to them or approached them in any way.

**PASSING CAR ON TARGET**

Richard Von Mack of 259 McKinley, reported to Farms police that while driving west on Fisher road Friday, October 27, someone from an approaching car threw an object, breaking his left front windshield. Mr. Von Mack could give no description of the car.

## Farms Officials Watch Parade of Equipment

CITY CLERK HARRY FURTON points to one of the newest pieces of municipal equipment as all the community's rolling stock went on parade Sunday, October 27. Others, left to right, are: Councilman William G. Kirby, Engineer Murray M. Smith, Councilmen Neil S. McEachin, George L. Schlaepfer, R. L. Maxon, Daniel W. Goodenough and his daughter, Elizabeth.

## New Tax Laws In Effect Today

Giles Kavanagh, Collector of Internal Revenue at Detroit, announced today that employers will be required to withhold income tax from wages paid on and after November 1, 1951, at the higher rates provided by the Revenue Act of 1951.

Revised withholding tax rate tables for employers have already been printed in Washington, and rushed to the offices of Collectors throughout the nation.

Collector Kavanagh stated that the pamphlets containing the revised tables have been placed in the mails to all employers on his list. Employers who do not receive the pamphlet within a few days may obtain copies at the Collector's office.

Collector Kavanagh stated that employers are expected to make every reasonable effort to comply with the provisions respecting the new rates.

In view of the short time elapsing between the enactment of the law and the first payroll period affected, many employers may not be able to adjust to the new rates on the first pay day affected. While no adjustments will be made in the audit of the withholding returns in such cases, he made it clear that this does not in any manner affect the responsibility of employees to meet their full tax liability as required by law when making their returns for the year 1951.

Collector Kavanagh also called attention to the fact that the new law relieves individuals from penalties for failure to comply with the requirements relative to declarations of estimated tax on Form 1040-ES for 1951 due to the increased rates in the Act.

Revised estimates will not be required on account of the rate increase, although the higher tax for 1951 provided in the law will have to be paid when taxpayers file their income tax returns for the year.

## Boat Named For Pointer

A Great Lakes cargo freighter has been named for Troy H. Browning, of 1170 Harvard road. The S. S. Troy H. Browning was christened at ceremonies held in Baltimore, Maryland, several weeks ago.

Long identified with shipping interests on the Great Lakes, Mr. Browning is president of the T. H. Browning Steamship Company and is manager of operations for the Nicholson-Universal Steamship Company.

The Nicholson-Universal Company recently acquired the Troy H. Browning and two other C-4 type cargo vessels from the U. S. Maritime Commission. The vessels, originally built as ocean cargo ships, were adapted for Great Lakes use by the company.

The S. S. Browning's sister ship, the S. S. Tom Girdler, was on display in Detroit last week. These freighters can carry a capacity tonnage of between 12,000 and 14,000 tons. They can travel at a maximum speed of about 22 miles an hour, nearly double the speed at which the average freighter travels.

The S. S. Browning is expected to arrive on the Great Lakes before the close of the navigation season. These ships will deliver ore to commercial docks on the Lake Erie shore.

## Exhibit Planned By Ad Artists

The Advertising Artists of Detroit will hold their Ninth Annual Exhibition of their creations at the Scarab Club, 217 Farnsworth avenue, Friday, November 16 through Saturday, December 8.

Here assembled in one gallery will be the keenest, newly prepared product of the commercial studios. Artists, young and old, have been asked to present technics, experiments and ideas, which have been reproduced or have never seen the light of day.

Originality, courageous unorthodoxy, freshness of approach will be the tenor of the exhibition.

The principle purpose of the display will be to acquaint the Art Director and Art Purchaser with the talent available in Detroit, in the hope that on occasion he can find what he needs, without a sojourn beyond the city limits.

The committee in charge of this exhibition is convinced that many an original talent is hidden under a local bushel, and that such a display will give an opportunity for such ability to be recognized by a prospective purchaser.

### Blue Devils Still in Slump As Fordson Romps to Win

Danny Slowe Stars Again, Making Both Pointe Touchdowns, Season Closes Friday Against Port Huron

By Fred Runnells

Not even the added incentive of having their dads watching from the players' bench, nor the huge pep rally the night previous could give the saggling Blue Devils the lift they needed to whip an underdog Fordson eleven last Saturday, October 27, on the local gridiron.

Early in the first quarter some 500 candidates for pneumonia watched the Blue Devils move deep into Fordson territory and many thought they were about to witness the revival of the long lost Blue Devil steamroller attack, that had been missing in the two previous losses to Wyandotte and Highland Park.

**Devi's Control Ball**  
Right from the opening kickoff the play remained in Fordson territory with the Blue Devils having control of the ball 80 percent of the time. They were unable to cross that all important double white stripe for a score.

Once the Pointers had the Tractors back on their own 9 as the result of a nice punt by Rod Haldeman, and again near the end of the first quarter the Devils drove from the Fordson 20 to the Tractors' 8, thanks to the hard running of Danny Slowe. Slowe failed to get any blocking on the last play before the period ended and lost 5 yards back to the Fordson 13.

**Pass Play Flops**  
Opening the second quarter Slowe smashed his way back to the 8 and Allen Billups hit the line for one yard to the Tractors 7. Quarterback Don Schmidt faded back for a pass and was swarmed under by a host of Fordson tacklers. Instead of taking the loss, Schmidt tried to get off the pass. The ball was batted high in the air, Gerry Lachowicz picked it out of the air and raced all the way. However, the officials detected a bit of clipping on the part of Fordson on its 20 yard line and the ball was given to the Tractors on their own 35.

From this point the Tractors ripped the Blue Devils to shreds with a savage attack that left the Devils bewildered and behind 6 to 0 as quarterback Roger Davis bulldozed his way four yards over center to climax the 65 yard drive. Ed Anderson blocked the try for the extra point.

**Gets Dander Up**  
The Fordson touchdown appeared to ruffle the Blue Devils and in less than 30 seconds took the lead. Danny Slowe, on the first play from scrimmage, made the blood race in his dad's veins as he cracked his way over his own right tackle and raced 89 yards down the sidelines for the tying score. Ed Anderson split the uprights to put the Pointers out in front 7 to 6.

Later Jerry Goebel halted another Fordson drive when he intercepted Sesto Alessandro's pass on his own 35 and raced back to the Fordson 43.

**Go Well on Ground**  
Staying strictly on the ground the Devils moved to the Tractor 11. At this point Schmidt abandoned the successful ground attack and on first down flipped a bullet pass right into the waiting arms of Alessandro. There wasn't a Blue Devil receiver within shouting distance of him and he raced back to his own 30 with Schmidt making the tackle. Schmidt was the only Pointer between Alessandro and a touchdown.

Fordson's second touchdown came early in the third quarter when Carl Cheek hit a big hole in the Blue Devil line on a quick

### Club Now Offers Gym Activities

Basketball, wrestling, boxing and other gym activities for boys 10 to 17 years of age are now being offered at Mason and Parcels Schools, under the joint sponsorship of the City of Grosse Pointe Woods and the Community Club.

Tuesday and Thursday evenings at Parcels School feature basketball and other gym games. Boxing and wrestling activities are the special interest of the Wednesday evening group at Mason School.

Activities begin at 6:30 p.m. for the younger boys and at 8 p.m. for the teen-agers. The adult leaders are Edward Werner, Herman Steinman, both of the Grosse Pointe Schools, and Robert Powell.

Craft activities, clubs, and play groups have been organized for children and adults, and are now meeting with skilled leadership, at the Community Club. While most of the groups already have a full membership enrollment, there is still room for new members in the clubs for four and five year old boys and girls, and in the knitting and handicraft activities for women. Membership in the Community Club, a Red Feather organization at 20863 Mack Avenue, is open to all residents of the Grosse Pointe school district. Telephone TU, 1-7970.

Pointe followers have just about given up the ghost for this year inasmuch as the Pointers will be bumping up against the champions of the Eastern Michigan League in Port Huron.

### DUS Grid Team Keeps Slate Clean in Battle for Title

Bruce Garbutt Intercepts Two Passes To Help Pave Way To Victory Over Tough Opposition From Fraser Aggregation

By Fred Runnells

Detroit University School clinched at least a share of the Southeastern Suburban Conference football title last Friday, October 26, on its home field by beating Fraser, 13 to 7, in a savagely fought battle that had the officials working overtime to keep the lads from tearing one another limb from limb.

**Breaks Help Out**

An intercepted pass and a recovered fumble gave the boys from the Cook road school this important victory and a clear path to its first unbeaten season since 1943. D.U.S. has only Bloomfield Hills (won 1 lost 2) will be a pushover while Fraser is battling a tough opponent in its last game. However, only a D.U.S. defeat can keep it from the crown.

At this writing D.U.S. is counting their chickens before they are hatched by figuring Bloomfield Hills (won 1 lost 2) will be a pushover while Fraser is battling a tough opponent in its last game. However, only a D.U.S. defeat can keep it from the crown.

**DUS Holds on 15**

Fraser struck early in the game for its lone score after it had put together a sustained drive from its own 22 yard line to the D.U.S. 15 where the Cook road boys stalled the drive temporarily and took over on downs. However, Fraser got a break when DUS was penalized 15 yards for clipping, back to its own 1 yard line on the first play from scrimmage and was forced to punt. Fraser's McMyler fumbled the punt but recovered on the DUS 32.

On the first play Fraser pulled a tricky forward pass from Kelley to Whittier. He lateraled to Seiferlein who rammed down the sideline for the score. Bruce Garbutt made a goal line tackle but only succeeded in tripping up the ball carrier in the end zone. Seiferlein converted to put Fraser out in front 7 to 0 in the first period.

**Garbutt Intercepts Pass**  
DUS's first score came early in the second quarter when big Bruce Garbutt, 6 feet-4 inch, 170 pound junior, intercepted Seiferlein's pass on his own 49 and smashed his way through five Fraser would-be tacklers and scampered down the sideline on a 51 yard gallop to put his team back in the ball game. On a fake place kick Paul Brown flipped a three yard pass into the waiting arms of Garbutt in the end zone to tie the score.

Later on in the second period Garbutt halted Fraser's second bid when he intercepted Seiferlein's third down pass on his own 16 and raced back to the DUS 36 with less than 2 and a half minutes left in the first half.

**Punt Gains Nothing**  
DUS was unable to capitalize on this break and was forced to punt. The punt was of the rain maker variety 50 yards up and 50 yards down and after the pigskin had stopped its crazy bouncing wound up right on the line of scrimmage from where the play originated.

Fraser tried two unsuccessful passes before the half ended with the score all tied up at 7-all. The biggest break of the ball game came on the opening kickoff of the second half when Fra-

### Barrett Team Leading Loop

In the Grosse Pointe Businessmen's Bowling League, Barrett's Flowers once again assumed the lead by taking four points from Belding Cleaners, paced by Reid's 234 game in a 537 series.

Barrett's pushed Boutin's service into a second place tie with Bruce Wigle when Boutin's only managed to split even for the night with Revere Cleaners.

Bruce Wigle made a clean sweep in their series with Hank McCuen's five and Pointe Insurance Agency showed some life by taking four points from Funston Chevrolet to take fourth place in the standings.

Scores in the 200 class were posted by Reid with 234, De Santis 232, Madsen 221, Carroll 214, Troyer 214, Rau 211, Lawson 208, Ford 208, Mortson 207, Pety 204, Beckley 203, Dangelmaier 202, Karowich 202, and Steiner 200.

### Jack Trombly Leads St. Paul Gridders to Lop-Sided Win

Hapless Annunciation Eleven Swamped As Five Other Flyer Touchdowns 'Are Called Back on Account on Penalties

By John Engelhard

Led by the devastating running and passing of Quarterback Jack Trombly, St. Paul romped to a 31-0 win over a hapless Annunciation "eleven" before a handful of spectators Sunday at the Neighborhood Club field. The Flyers scored in every period and had the startling total of five touchdowns called back because of penalties.

The Cougars took the kickoff to their 30 and started throwing the pigskin immediately. John Barton intercepted on the first play and the Flyers had a first down on Annunciation's 42.

**Three In One**

The Red and White crossed the goal line three times before they could rack up a score. First Gary Fett and then Bob Walker scampered into the end zone on long runs only to be frustrated by an official's red flag on the ground. Finally Pete Schummer pushed to paydirt, real legal like, and the farce had begun. And it was a farce.

The Cougars never got beyond St. Paul's 35 in the weakest offensive display the Flyers have faced this year. Walker got one that counted later in the initial period to give the Flyer's a 12-0 lead as the second stanza began.

**Trombly Sensational**

Trombly was sensational this season though the official statistics will not give him credit. Jack returned a punt 60 yards, and

tossed a pass to Schummer that covered 59 yards both for touchdowns that were called back. Undiscouraged, Trombly flipped a touchdown pass to Tim Champine and the Flyers were in front, 18-0, at the half.

Jack continued to star in the second half. He heaved a beautiful 48 TD pass to end Ed Lynch and also hit Lynch for the extra point. Another Trombly to Lynch pass that went for a score was called back as the third period closed.

**Subs Get Chance**

Coach Ed Lauer mercifully emptied his bench in the final period. Third string Halfback Phil Van Tiem added insult to injury to the Cougars when he nabbed an enemy aerial and wiggled 30 yards to paydirt, making the farce complete.

The Flyers wind up their regular season this Sunday when they travel to St. Charles to tangle with a good Dragon team.

## MUSIC

The New Detroit Symphony Orchestra presented its second concert last Thursday evening with Eleanor Steber as guest soloist. The program opened with Robert Schumann's Symphony No. 4 in D Minor. It was apparent from the start that conductor Paul Paray had succeeded in achieving better balance between the choirs since the first concert. M. Paray again showed his superb powers as a conductor. He revealed perfect understanding of Schumann's varied moods and deep emotional feeling as they appear in this work.

Again, with the last offering on the program, Berlioz' Suite from "The Damnation of Faust", M. Paray led the orchestra with authority. Here, in the "Rakoczy March", as in the finale of the Schumann work, the tempo was perhaps a shade too fast.

As soloist, Miss Steber proved to be a delightfully charming individual and an outstanding artist. To hear the rich beauty of her soft high notes is an exciting experience. Her voice has remarkable quality at every register, an indication of unusually fine control. Miss Steber sang two Mozart arias, two Verdi arias, and "Depuis le Jour" from Charpentier's "Louise" as an encore. In his direction of the orchestra we were not surprised to find that Paul Paray showed himself to be a fine and understanding accompanist.

Tonight, Jascha Heifetz will appear as soloist at the third concert with Monsieur Paray and the orchestra. The Cleveland Orchestra under the accomplished baton of George Szell comes to Detroit November 5th in the second of the Masonic Auditorium Concert Series.

## DRAMA

"Death of a Salesman" by Arthur Miller, opened at the Shubert Theater Sunday night, making its second appearance in Detroit. The entire cast in the current production is new, as is the director (Del Hughes), but this group is certainly no less distinguished than the company which first brought the gripping story of Willy Loman here last year.

Arthur Miller is without doubt the most outstanding playwright to come forward in many years. He is obviously an individual of immense sensitivity and remarkable insight, but, more important, he can express himself dramatically, and he has something to say.

His finest expression to date is "Death of a Salesman." This is a play of tremendous power and beauty. It is theatrical art in its purest and highest sense. Here, Miller does the impossible. He sees into the psyche of an ordinary human being; he understands this being, with his foibles, his dreams, his torment. He presents, really, a word-picture of a man's soul.

The man is Willy Loman, salesman, and he is slowly dying. His death is an ordeal of great significance and tragic import, not because Willy is a great man—though his wife thinks he is—but because Willy is a human being. Mr. Miller seems to say: "Every man is created in God's image; each individual has a bit of the Divine within him. Therefore, he has importance always, and his death is inevitably tragic."

Thomas Mitchell played the lead in Arthur Miller's Pulitzer and Drama Critics Prize winner here last year. Sunday, Duncan Baldwin recreated the role of the broken salesman with a portrayal that clearly revealed the nature and scope of Willy's suffering as well as the author's tragic intent. As Linda, Sylvia Davis is excellent. She plays Willy's weary but patient wife who feels his anguish, realizes its meaning, and respects its importance. But she cannot fully understand, and Willy's motives for his eventual self-destruction remain hidden to her.

The rest of the cast is superb. Steven Ritch's *Bill* is especially fine. Settings and lighting by Jo Mielziner plus incidental music by Alex North added substantially to the creation of the drama's incredible impact.

Monday, "The Autumn Garden" by Lillian Hellman will open at the Cass with Frederick March and Florence Eldridge heading the cast.

Freezing of Waffle Now Perfected

One-minute in toaster is all that is required before serving.

A perfected frozen waffle, with the ingredients, taste and texture of the home-made kind, now has come to market.

After months of research the makers, Snow Crop, discovered the method of producing a palatable waffle which could be stored indefinitely in a freezing compartment, yet would not require defrosting before being heated for serving.

The waffles are made from a batter of flour, eggs, baking powder, milk, sugar, salt, vanilla and vegetable shortening that is cooked until 99 percent done. They are ready to serve, hot and crisp, after being heated in the toaster for one minute.

They come in a box which has a "window" to show the six waffles packed inside. The key to the attainment of the standard crisp texture after toasting rests

in the moisture retained by these packages during the freezing process. This new waffle was tested on housewives in selected areas. Acceptance was immediate, one small neighborhood store, for example, selling ten cases in twenty days. Now, they are available nationally, ready to be stored in a freezing unit, then to be served after the minute's "warm-up" in a toaster.

Edison Institute Honoring Rogers

Nearly every middle-class home had a John Rogers statuette on the mantle-piece or brightening a dark corner of the parlor 75 years ago. Each of Rogers' 80-odd groups were as close to a three-dimensional photograph as artistic craftsmanship could make them.

Some of his best known, and certainly the most popular, are on permanent display in Edison Institute Museum, Greenfield Village. Tuesday, October 30, was the 122nd anniversary of John Rogers' birth. He was born in Salem, Mass., in 1829 and died in New Canaan, Conn., July 26, 1904.

In the gracious Victorian era, a piece of Rogers' statuary was as popular a wedding gift as silver is today. His realistic approach and careful attention to detail made him one of the most popular artists of the period.

Rogers' works were from one to two feet in height and were made of plaster-of-paris over a metal frame. Each had appealing human interest; some were subtly humorous and others were historically significant.

Although Rogers occasionally did serious subjects, he never did disagreeable ones. The majority of his groups portrayed "candid camera" glimpses of the homely incidents of life as it was lived in the last half of the 19th century. They are substantial records of the customs and costumes of the time.

The popularity of his works led Rogers to perfect a method of reproduction which permitted as many as 3,000 copies of one subject to be cast. It is estimated that altogether, not less than 100,000 Rogers groups were sold to the American public from five to fifty dollars each.

Many Uses for Apples Suggested By Red Cross Nutrition Service

There are almost endless ways in which you can serve apples which are so abundant this year. They're delightful in the main course, served as salad or dessert, or as a crunchy between meal snack.

Not all varieties of apples are equally well suited to all purposes, according to the Food and Nutrition Service of the American Red Cross. A few kinds are known as general purpose apples, however, because they're tart enough for cooking, but not too acid to eat out of hand and to use in salads.

If you're not sure of the best apples to choose, check this list before you go to market: FOR EATING (that is for eating raw as dessert or in salads): Delicious, Grimes Golden, Jonathan, McIntosh, Northern Spy, Stayman Winesap, and Steele Red.

FOR BAKING (because they are tart in flavor and hold their shape): Baldwin, Northern Spy, Rome Beauty, Stayman Winesap, and Steele Red.

FOR COOKING (tangy enough for all cooking purposes): Baldwin, Rhode Island Greening, Rome Beauty, Stark, Steele Red, and Wealthy.

Pork and apples are a favorite combination and at the present time make a tempting main course at a reasonable price. Try them together, using the apples in a stuffing.

Elementary School News

RICHARD SCHOOL Field trips into the community are a part of the experiences of the school children in all of the schools of the Pointe and Richard School makes full use of this very worthwhile kind of learning situation.

Within the past few weeks Mr. Maben took his class on a nature walk; Miss Robberson sponsored a visit to the police station for her second grade; and Mrs. Drew, Miss McCormick and Miss Kerr together took their first grade youngsters out into the country to see a farm.

Soon Miss Nault will take her group to the Detroit Historical Museum and Mrs. Stringer plans on going to the Michigan Central Station with her group. In the course of the school year probably every classroom in the building will have had several of these field trip experiences. Field trips hold an important place in the modern program of education. It has been known for a long time that children like to learn about things which are interesting. And what presents more fun and interest than seeing a railway engine, as well as reading about it, or learning about the habits of the monarch butterfly by actually watching it, or finding out the source of the breakfast milk by seeing the cows being milked out on the farm?

Not only do youngsters enjoy learning when the subject is appealing, but they also remember these situations better and thus their learning is more effective and longer lasting.

Learning by the field trip method is also realistic. Sometimes pupils misunderstand by textbook reading alone, especially if the material is remote to their actual experiences. In the modern home, too, parents are continuously enriching their children's experiences through travel and actually doing things in addition to reading about them.

The 80 Richard School children who went out to the Wayne University Farm and saw the harvesting, the milking of the cattle, and the feeding of the poultry, will have a much better idea of the importance of the farm in their daily lives. City children need to know that practically everything they wear, most of the items making up their housing, and all of their nourishment comes from the soil. They can thus learn some of the basic elements of conservation at first hand.

Field trips also contribute to democratic citizenship. In our modern technology everyone is dependent upon others for the necessities of life. The principles of interdependence are more effectively learned when youngsters actually have the chance to see of them in operation. The second graders who visited the police station now see better the need for this important department of our government.

The Michigan Central Station visitors will be observing trains, watching the passengers, noticing the constant flow in and out of all kinds of supplies including the U. S. mails. By doing this they appreciate better what others contribute to their own state of well being.

Children go on these instructional trips by walking, when they take place in the neighborhood, and by bus, when the distances are greater. They personally share with our Board of Education the cost of such important ventures. Significant values are realized from them. CLARENCE MESSNER, Principal.

Fair and Supper Planned By Christ Lutheran Women

The Ladies' Aid of Christ Lutheran Church, East Vernor and Iroquois, will stage its annual fair and supper on Thursday, November 8.

The doors will be open at 11 a. m. and luncheon will be served. Mrs. Clyde Gross, of Lexington road, president of the Ladies' Aid, announced. Supper will be served from 5 to 7:30 p. m.

HOW IT STARTED In the days when the sword was used for defense, the rule of the road was: "Keep to the left." The Book House for Children explains the custom as a practical bit of medieval etiquette that placed passers on the right where it would be easier to strike at them with a sword, if necessary, for self-protection. Today, the custom of passing to the left still prevails in many European countries.

Under proclamation from Governor Cass, Thanksgiving Day was observed for the first time in Detroit on November 25, 1824. Ex-Senator Chandler of Detroit served as the campaign manager for President Hayes for the election of November 8, 1876.

### PILFERINGS

Picking up the New Yorker, October, 1950 . . . and it's STILL funny:

A New Canaan resident went into his post office the other morning to mail a couple of important letters and asked the man at the parcel-post window, the only one open, for two three-cent stamps.

"You'll have to wait five minutes," the clerk told him. "The stamp window doesn't open until nine."

He pointed to an adjacent window and the New Canaanite waited patiently before it until the dot of nine, when it shot open briskly, and revealed his old or five-minute-old friend, who smiled, pleasantly, and said,

"Now, let's see—two threes."

And the cartoon of the saleslady, holding the bottle of new perfume, and saying to the wide-eyed customer: "With this one, we ask our patrons to submit to a loyalty test. It could be very dangerous in the hands of a spy."

Letters the NEW YORKER Never Finished Reading: From the Mass. Mutual Life Insurance Co.—

"Dear Mr.—

"I understand that you are the lifetime President and Treasurer of Your Family, Inc. For more than forty years that has been my job in My Family, Inc.

"Busy as we both are . . ."

## Pointer of Interest

MRS. STERLING DOCKSON OF SUNNINGDALE AVENUE

We've had many fascinating replies to a stock query, "Now how did you happen to become interested in collecting butterflies" . . . or whatever the particular pursuit was. None has been more convincing or profound than Mrs. Sterling Dockson's answer.

"It was a simple case of self defense," she told us this week as we sat in her beautiful deep aqua, powdered rose and antique mirror living room.

"I have a husband whose hobbies include hunting, photography and airplanes. Our ten-year-old daughter, Patty, collects postal cards, playing cards, foreign money (both coin and paper), and besides loves to play the piano and take ballet dancing. Now, can't you see it was MY move?"

Well, we could and, what was more, we could SEE Mrs. Dockson's hobbies scampering over the floor, like toys suddenly come to life.

For the hobbies are toy French poodles, black as midnight. If we had been a bit earlier we might have watched the Mama poodle, Bon Bouche (Tid Bit) with s-e-v-e-n of her babies tumbling and gamboling together.

Poodle Presents  
But, like all full-fledged hobbyists, Mrs. Dockson believes in sharing the fun. So when she bred Bon Bouche with her friends, the Ray Whytes' show Toy French poodle, Martini, she promptly started tying ribbons on their little necks (clipped just So) and presenting them to friends.

To the Whytes went a cutie originally named (because he was coal black) Lily Whyte. The new owners re-dubbed him Olive to match his Pa. Demi Tasse went to Mr. and Mrs. Giendon Roberts and Mistinguette (Misty) will reside right on Sunningdale by royal command of Miss Patty Dockson.

The three remaining poodles, Pierre, Jet and Frosty, are going to be sold and will probably bark in the best French tradition from some lucky child's Christmas stocking this year! And thus, Mrs.

Her first trial on the hills resulted in a broken ankle which laid her up for some time. She almost welcomed the days "off her feet" for she had always dreamed of having nothing to do but read, read, read.

In two weeks she was read out. And that's when she decided to

take up the piano again. As a little girl there were the usual lessons and more than passing interest in the piano. Now, she's going to join Patty in music lessons, but Mama's will be popular this time. There's a soft aqua toned console piano just waiting for Mrs. Dockson's shapely hands to draw from its keys the scores of "Two On The Aisle" and all the other current hits.

Take to Skies  
The Docksons like to go pheasant hunting together, and Mrs. D. is so stunning in her Nimrod togs that the birds simply stand still for Sterling's gun.

And this hobby-consumed family adore travel by air. That's why they have their own plane, "Bessie," a Beachcraft Bonanza standing fueled and ready at City Airport for junkets their fancies dictate. They'll go to Florida this Winter again . . . it takes them just nine hours to reach Fort Lauderdale.

We weren't surprised that the plane has been dubbed "Bessie" by nickname-loving Sterling. We can remember back in the days when he was courting Mary. Maybe it was to avoid ribbing for all those telephone calls he made that he always called her "George" in those starburst times.

The other afternoon he came in to cast an approving eye on the toy French poodles and we noticed Mary is still George, but one of the most pastel and charming ones we've ever known!

JUST VISITING  
City police received a call from a Lincoln road resident on October 20, who reported that her two-year-old daughter had been missing for half an hour. Officer Keller and MacEachern were dispatched to search for the youngster. A short time later, the anxious parent called the station to report that the child, who had been at a neighbor's home, had returned.
