—Picture by Fred Runnels

This group of Pointe girls has staged three fairs for the benefit of the March of Dimes polio fund, the first one back in September 1949, when they were but 12 years old. The first event netted the fund \$150 and the two succeeding ones, \$210 and \$596 respectively. Last week the March of Dimes sent Donald Barton, administrator of the Detroit campaign, to officially thank the youngsters for their efforts and present them with a Certificate of Appreciation. Beamingly accepting the award are, from left to right—GAY MERCER, LYNN JOHNSTON, JOAN LE GRO, MIMI KENOWER and SUSAN GILLIS. A sixth member of this group, Dibby Pearce, could not be on hand for the presentation.

**To Put up Building** A new building is to be erected at this location and the Post Office, in making its choice, advised Representative Rabaut that ample space will be afforded under this offer and that the location is good. The Department also held the rent to be reasonable and that this location will meet with the approval of a majority of patrons.

**Indicates Growth** "This new post office is an indication of the growth of the community and the wide activities of its residents," said Rabaut. "The Department has given the matter the most serious consideration and I hope that its choice will afford the maximum benefit for the people and be pleasing to them."

### 'The Cat' Given Long Jail Term

Twelve and a Half Year Sentence Handed Ernest Morris by Judge Frank Fitzgerald

Circuit Judge Frank Fitzgerald sentenced "The Cat," Ernest J. Morris, 41, 134 Harmon, to twelve and a half years, on January 31.

"The Cat" was caught the day before Christmas by the Grosse Pointe Farms police when he attempted to run a barricade of police cars called while he was reported prowling. He had been in one home and attempted entry of another in the neighborhood within 15 minutes.

**Was Parole Violator** Morris received a two and a half year sentence from Judge Fitzgerald and was ordered to serve ten years for a previous burglary conviction. He had served four and a half years of a 5-15 year sentence for that conviction when he was paroled in November of 1949.

For the first few days after his arrest, Morris had maintained his innocence, but finally admitted to Farms Police Chief, Walter Hoyt, that he was "The Cat." Then he made confessions that cleared up at least 18 robberies in the Pointe and some 12 others in Detroit.

Morris was always careful to take nothing but money. Any trinkets of value were always left, but purses, wallets, and drawers were rifled for cash. By leaving things that could be easily identified, "The Cat" avoided the possibility of being caught with positive evidence.

At the time "The Cat" was captured, Farms police had evolved a plan in conjunction with Detroit police of the 9th Precinct. The next time local police were notified "The Cat" was in action, Detroit police were to go to his home and nab him when he returned. The Farms police had prints of his shoes that Morris had made in the mud and snow.

### TWO CARS IMPOUNDED

Both Albin Mytowski, 4349 Commonwealth, Detroit, and Russell J. Snyder, 1327 Coplin, Detroit, had their cars impounded by Grosse Pointe Park police, February 3, and were ordered to appear in court Wednesday, February 6, to answer charges of driving on revoked licenses. They were each placed under \$100 bonds.

### CAR CLOCK STOLEN

D. C. Steenrod, 880 Nottingham, reported the clock was taken from the dashboard of his car, while parked near his home, on February 3.

### Crusade Launched To Battle Against Dutch Elm Disease

Overflow Crowd Hears Experts Urge Concerted Action Against Threat By Municipalities and All Property Owners

The crusade against Grosse Pointe's "tree killer," Dutch Elm disease, gained considerable impetus Monday night at the Grosse Pointe War Memorial. An overflow crowd of property owners and citizens heard four widely known authorities point out the danger of the disease and outline a program of prevention.

"Time is short," C. A. Boyer, of the Michigan Department of Agriculture, warned. "An ounce of prevention is worth a pound of cure," he said.

**Urges Total Spraying** Boyer is chief of the Bureau of Plant Industry. He said Grosse Pointe should immediately launch a program of "spraying all trees."

"The spraying must be done before the first of April," he warned.

Boyer said that once an elm is infected, it will die. "There is no hope for trees that are already infected," he said. "They are doomed to die. But prompt spraying with DDT can save the others."

**Disease Spreads Fast** Boyer said that the disease spreads fast and every elm within one-quarter mile of an infected one faces doom.

He said that the spraying program should be followed by a complete program of sanitation. He advised all home owners to remove all dead wood and fire wood from their properties.

Boyer said that the State of Michigan is anxious to cooperate to stop the spread of the disease. "But we need your help," he said.

**Urges Municipal Action** Boyer recommended that each community take action now. "A program can be set up collectively for all the five Grosse Pointes," he said. "A trained man should be hired to guide the project."

He suggested that volunteers attend council meetings and urge their civic bodies to take steps now.

**21 Infected in Pointe** Boyer said that surveys have shown that there are 74 infected trees in Michigan, 21 of them in Grosse Pointe. Six are in Grosse Pointe Park; five in Grosse Pointe Woods; nine in Grosse Pointe City, and one in Grosse Pointes Farms.

Boyer said that it costs about \$3 to spray each tree. "That's very reasonable compared to the \$100 it requires to move a tree once it is infected," he added.

**Detroit Preparing** Walter E. Meyers, of the Department of Parks and Recreation of the City of Detroit, said his department is asking \$45,000 in the next budget for DDT material alone.

He said the spraying would include (Continued on Page 3)

### Month-Old Baby Fatally Stricken

Grosse Pointe City police officers received a call that a baby was sick and in serious condition at 549 St. Clair, about 8 a.m. on February 1.

They attempted to revive the child with an inhalator and called Dr. Donald Sweeney from the Bon Secours Hospital. Dr. Sweeney pronounced the baby dead on his arrival.

The child was Michael McCloskey, one month old. The cause of death was determined to have been a virus. The parents are Mr. and Mrs. Richard G. McCloskey.

### Mrs. John Green Succumbs As Flames Raze Residence

Fire which destroyed the John Green residence at 575 Lakeland avenue in the early hours of Tuesday morning, caused the death of Ethel Green, 33, wife of the owner of the property.

Green returned home just as the firemen were carrying his wife out of the house. It is believed she was dead at the time.

The fire was reported to the Grosse Pointe City Fire Department by Roy Gullberg of 568 Lakeland, at 3:10 a.m. Fire Chief Ledger Chauvin sent two trucks to answer the call and requested two more pieces of equipment from the Farms Fire Department

### Cooperation Stressed In Discussions

Most of 50 Organizations Composing Council Are Represented at Meeting Thursday

Launching an attack on interlocking problems that concern all the Grosse Pointes, nearly 70 civic-minded citizens participated in a spirited meeting of the Grosse Pointe Community Council last Thursday at the Neighborhood Club.

"This meeting has shown that we have discovered many problems of mutual interest," said Chet Sampson, chairman, at the conclusion of the round table discussions. "By studying them and classifying them, we can work together to find their solution."

**Good Representation** The men and women attending the meeting represented a large majority of the 50 organizations composing the Community Council. They brought to the session the viewpoints of a cross-section of Grosse Pointe regardless of political boundaries, age groups or other barriers.

Mrs. H. Ray Will, secretary of the Council, who presided at the meeting, said the Council was encouraged because of the large number of young people in attendance. She said she hoped their problems could be solved with Council assistance. Adult representatives for youth interests included school principals and teachers as well as Boy and Girl Scouts' and Campfire Girls leaders.

**Next Meeting March 20** The Council's next meeting is to be held March 20. In the meantime committees, which were formed at discussion groups during the meeting, will develop plans to attack various problems. Before the March meeting, the delegates are to consult with the organizations they represent, about the Council proposals.

During the registration period, refreshments were served by a volunteer committee of Kerby School mothers, in addition to Mrs. Robert Redlin, social chairman, Kerby P-TA, others who poured were Mrs. Barney Bannon, Mrs. William Briscoe, Mrs. Walter Isley and Mrs. Carl Van Gallow.

**Defense Film Shown** A showing of the Civil Defense Film, "Survival Under the Atom Bomb," opened the program. Mr. Sampson then outlined the purposes of a community council as a "planning and coordinating agency through which groups of varied interests can operate as one, when that seems the best way to attack problems of the entire community."

The meeting then was divided into six discussion groups. Each group was to consider the problems in its own area of interest, and report back to the general meeting.

**Warnings of Threat** 1. Community Beautification. Mrs. Harley Higbie reported on the imminent threat to thousands of beautiful elm trees in the Grosse Pointes by the Dutch elm disease. More than 70 percent of our trees are elms, but only one of the five cities owns the necessary spraying equipment. The important spraying must be done during March. Mrs. Higbie urged attendance at the Garden Council's meeting (which was held this week) to help plan the attack on this menace to beauty in Grosse Pointe.

**To Revive Calendar** 2. Cultural and Educational Opportunities. Mrs. Shirley Patterson asked all organizations to take part in one of the Council's oldest projects—the weekly Calendar of Events—by sending new information regularly about their future events. Later in the meeting Mrs. Will also requested up-to-date lists of officers for inclusion.

### Youngster Steps Into Path of Car

Five and one-half year old Mary Ellen Valentine, 1333 Cadieux, stepped from the curb at the corner of Vernor and Cadieux and was struck by an automobile on February 1.

The driver of the car was Mary Ellen West of 1337 Cadieux. She was ticketed for interfering with pedestrian traffic.

Preliminary examination revealed Mary Ellen Valentine had received no injuries.

### Phoney Check Passer Hits End of Trail

Youth Who Obtained \$2400 Returned From Houston, Tex., to Face Music; Held in Jail

Wayne C. Reed, 19, was returned to Grosse Pointe Friday, February 1, to answer charges of larceny by receiving money under false pretenses.

Reed waved examination and pleaded guilty to cashing eight bad checks between November 27 and January 24, totaling \$2,442. He cashed the checks in every kind of commercial establishment from banks to book stores, from Hanover, N. H. to Detroit.

**Left Providence Home** Reed, who until two years ago lived with his mother and father in Providence, R. I., ran away from home and joined a group selling magazine subscriptions. His job brought him to Detroit a year ago where he became acquainted with a young Grosse Pointe girl.

After leaving Detroit, he maintained correspondence with her and returned again in January of this year. It was through her that Reed became acquainted with another Grosse Pointe girl whose mother he persuaded to endorse a \$1,500 check.

**Cashed January 18** He cashed the check at the Grosse Pointe Bank January 18. He had tried to have it cashed earlier that same day, but the bank refused to honor it with his endorsement alone. Six days later the check bounced.

Reed left town before the check was returned through a New York bank, where he claimed to have an \$8,000 account. He also wrote another phoney check for \$300 to cover his bill at a Detroit hotel.

**Found at Swank Hotel** Reed was picked up a day later at the Shamrock Hotel in Houston, Texas, where he had registered under the same name. All the money was gone.

Detective Sergeant James Flannigan, of the Grosse Pointe City Police Department, flew to Houston January 30, to pick Reed up and return him here for arraignment. He was held at the City headquarters until Saturday, when he was transferred to the Wayne County jail, pending trial before the Circuit Court. A \$350 bond has been signed by the complainant to guarantee prosecution.

**Outlook Is Gloomy** It has been suggested that there is a possibility of Reed being placed on probation if he were able to make full restitution. However, Reed says he has spent the money, and his family could not meet the \$2,400 figure, plus the \$350 costs of the complainants' bond.

A motion by Councilmen

Wright-Bergmann for reconsideration of wage schedules existing and proposed in the City was adopted by unanimous vote.

A motion by Councilmen Wright-Bergmann proposing that the Labor Relations Committee recommend wage and hour changes for all public employees as necessary to fall in line with existing practice in the immediately surrounding communities, to be effective April 1, 1952, resulted in the following vote: Councilmen Wright and Bergmann voted "Yes". Councilmen Allen, Carpenter, Kenower and Morgan voted "No". The motion failed to carry.

The City Engineers submitted a comprehensive plan of a proposed new City dock, harbor and marine structure, together with estimates of costs. The same was ordered placed on display for public examination by the City Clerk.

house from the top of the doorway to a window directly above. The living-room was gutted and some fire damage was done to the vestibule. The rest of the house was severely damaged by smoke. No fire reached the upstairs or basement, but the intense heat that blistered the hall on the second floor at the head of the stairs was believed indirectly responsible for the death of Mrs. Green.

Chief Ledger Chauvin and Arthur Brisson of the City Fire Department reached the second floor bedroom and found Mrs. Green slumped on the floor with her back against a fireplace that jutted out from the wall by a window. The window was closed. One of Mrs. Green's slippers was on the floor in the doorway to the hall.

They carried Mrs. Green downstairs and out onto the front lawn. She was wrapped in blankets taken from the bed in which she had been sleeping. Firemen tried to revive her with an inhalator.

Dr. George De Smyter was summoned and ordered Mrs. Green to Bon Secours Hospital. Artificial respiration was continued en route. Dr. De Smyter tried to revive Mrs. Green with a respirator at the hospital. At 4:30 a.m. Mrs. Green was pronounced dead from carbon monoxide poisoning.

It is believed that the heat of the flames drove Mrs. Green back into her room after she had attempted to cross the hall to a door that opened onto an upstairs back porch.

Six off-duty firemen were summoned to help put out the blaze that burned for over two hours. The fire started in the living-room and is presumed to have been caused by a cigaret.

Mrs. Green had no children, but Mr. Green has a married daughter by another marriage. Mr. Green had been spending the evening with friends when he arrived home to find his wife being carried out of the burning house.

Ask Theater Support

Increased support for the Grosse Pointe Community Theater, especially by young people interested in any phase of theatrical work, is sought. This group felt that the new family orchestra might work with the Community Theater. Fortnightly book review and discussion groups of the Friends of the Library were cited as being of interest to prospective members of this organization. The need for parents to volunteer as chaperones for youth activities at the Grosse Pointe War Memorial Center was stressed in Mrs. Patterson's report.

Need Youth Canteen

3. Recreation. A youth canteen or social hall where young people may gather after high school sporting events and at other times was named as a pressing need in the report of Bernie Falk. He said that the school now has dances after some of the games, but added that the Council's recreation committee is to meet again February 3 to discuss in more detail these problems. The Grosse Pointe Lions Club, Falk said, has offered to help in recreation for youth, either with funds or in any other capacity.

Children's Services

4. Community Institute. A sub-committee of this group reported on a study of children's services made by the League of Women Voters. Mrs. Donald Jennings said the League saw the need for an

overall community group to work on such matters to help improve the mental health of parents and children. Dr. John F. Franklin, of the Wayne County Clinic for Child Study, undertook to make the services of a youth officer available to work with our police departments.

May Hold Institute

Plans for a Community Institute to be held this spring are to be discussed further at special meetings of this committee. It was brought out that a real attempt must be made to interest those people attending an institute who are most greatly in need of the help it can offer.

5. Civic Responsibilities. Elizabeth Wright, who reported for this group, said that Civil Defense is a real community-wide problem, in which all groups must work together for mutual security. Grosse Pointers continue to be too complacent about the atom bomb.

Help Offered

Continuing the work on civil defense, under George Elworthy, OCD director, Council representatives offered the help of their organizations in their respective lines. Campfire Girls, for example, will make emergency kits for school use. State Troops will aid in traffic direction and maintaining order in emergencies.

The Council was asked to promote further showing of the OCD motion picture among member organizations, such as P-TA's and church groups.

Miss Wright stated that the Grosse Pointe blood typing program is scheduled to start in Grosse Pointe February 18, for both children and adults.

ENGINEERS NEEDED

During the next three years, U. S. colleges will graduate a little more than half the engineers needed for civilian and military efforts. The U. S. Department of Labor says that 63,000 engineers

will graduate through June, 1954, compared to a normal civilian need of 90,000 plus heavy military demands.

More than 700,000 adults serve in the Boy Scouts of America as volunteer leaders.

**Suspicious Man Eludes Police**

Park police officers investigated a call that a suspicious man was in the neighborhood of 853 Beaconsfield.

It was reported that a man of medium height and build, about 30 years old, with dark hair and wearing horn-rimmed glasses, followed a young lady down Beaconsfield to her home.

After the girl had entered her house, the doorbell rang and her brother answered it. The gentleman with the horn-rimmed glasses asked if there were a Mr. Bennett living at 852. A check by police officers showed there was no such house number on Beaconsfield.

The man left the house, but was seen later standing in the driveway at 848 Beaconsfield.

By the time the police had arrived, the man had gone.

she will arrange will be on display both days of the symposium. Of additional interest will be a display of books on phases of gardening and useful new accessories for the home gardener.

Saturday, March 1, will be devoted to conferences on horticulture. Since the man of the family is often interested in planning the garden surrounding his home, the committee decided to study this aspect on Saturday, when men might be able to attend. Four well-known landscape architects will be on hand for special free consultations, including Edward A. Eichsteda, Edward H. Laird, B. S. Winkworth and Miss Eleanor Roche.

Dr. James Tyson, head of Soil Science of Michigan State College, will speak on "Planting and Care of Your Lawn" with slides at 10:30 a.m. He will bring his soil testing equipment and will test as many soil samples brought in by Grosse Pointe gardeners as time allows. Other samples may be sent to the college for a later report.

Gilbert Bentley, seed expert, will speak on "Annals" at 2 p.m. and will show slides of

Mrs. George E. Villerot, membership chairman of the Grosse Pointe Garden Center, is general chairman of the symposium. She has the following members to assist her: Mrs. Wendell K. Wheelock, chairman of lectures for Friday, and Mrs. Julian P. Bowen as chairman for Saturday's lectures; Mrs. Eugene P. Hawkins, Mrs. Chess Lagomarsino Jr. and Mrs. James A. Lefer, contact chairmen; and Mrs. J. Lawrence Buell, Hostess Chairman.

Miss Marie Louise Anderson is assisting as president of the Grosse Pointe Garden Center, and Miss Christine Edwards will staff the table where membership cards will be available. Mrs. Frederick W. Campbell and Mrs. Wood Williams are layout chairmen for Saturday's Horticulture Day, and plan to have a display of forced plant material shown in for this occasion. Mrs. James W. Lee II is publicity chairman.

This event is the first of a series in which garden enthusiasts may participate. The Garden Center Room in the War Memorial is open as usual for consultations, and the trial gardens will be on view on the lake terrace. The next event for Grosse Pointe Garden Center members will be a tour of Mrs. Ernest Kanzler's gardens on May 20, followed by a return to the Memorial Gardens for a brief talk. Admission for this will be a card of membership. Similar programs will be planned for the fall.

**Carrico Mixes Cars, Theater**

Mixing the distribution of new automobiles with the theater is an ideal way to fill one's time, claims John F. Carrico, 1019 Nottingham road, who is producing as well as directing The International Little Theater's production of "Mister Angel," February 13 and 16 at The International Institute, 111 East Kirby.

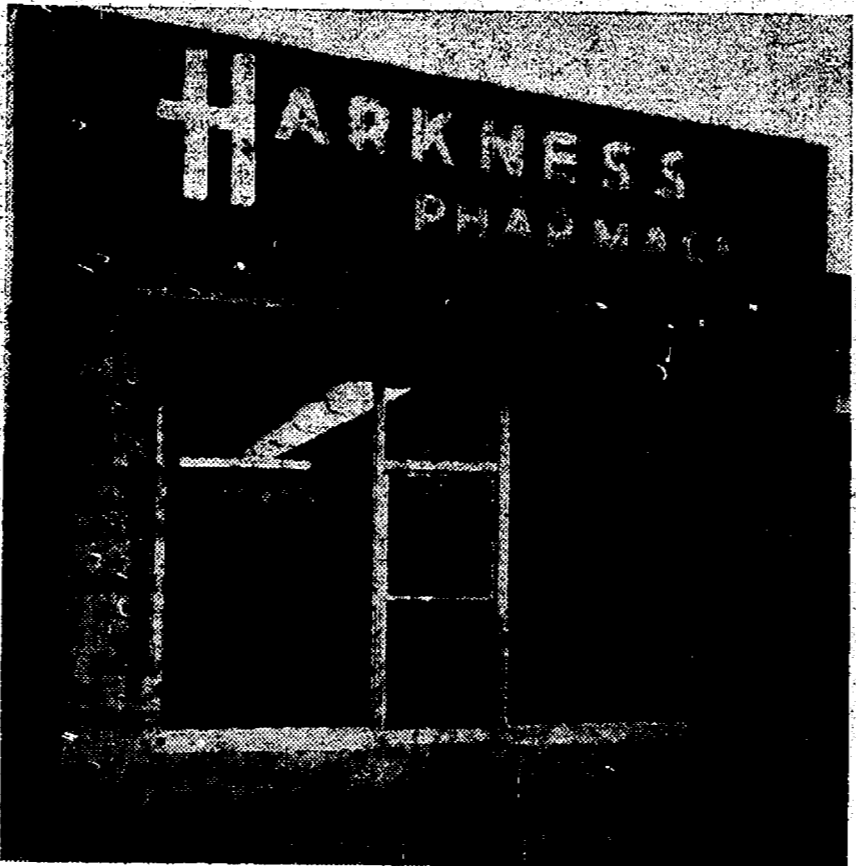

Carrico is Distribution Assistant Manager for Chrysler Sales Corporation. He also has a family of four boys, one daughter, and a red-headed wife to help fill his spare time.

This mixing of two careers has been going on—and quite successfully for the past twenty-five years, ever since Carrico gave up—or the theater gave him up (he went broke) as a local theater manager.

This year marks Carrico's thirty-fifth year working in and at professional and little theater. He directed his first show in 1917 while at Northeastern High School.

The play was "The Awakening" and was written by Carrico and was used in the Liberty Bond campaign. Other plays of his authorship have been produced locally and in Indiana.

**To Hold Open House Saturday**

This new home of the Harkness Pharmacy located next door to the original store at Mack at Lochmoor, will be the scene of an Open House on Saturday. The pharmacy, now in its seventh year, is headed by Russ Harkness. Long active in civic affairs in Grosse Pointe Woods, he served on the charter commission of the new city and is head of the organization of local businessmen.

**Accident Caused By Construction**

Farms police received a report of an accident at Beaupre and Kerby roads on February 2.

A 1939 Plymouth owned and driven by Vernon Brown, 30, of 7731 Kercheval, was struck on the left front fender by Estelle M. Smith, 32, of 278 Beaupre. She had stopped at the crossing and proceeded across Kerby. She failed to see Brown because of construction equipment along the curb.

No tickets were issued.

**Grosse Pointe Area Office of Civil Defense**  
 George Elworthy . . . Coordinator

**CD Coordinator Elworthy Completes Special Course**

George Elworthy, coordinator of Civil Defense for the Grosse Pointe District, is back in the Pointe after completing a course in Civil Defense instruction at the government-maintained CD Staff College at Oney, Md., 20 miles outside of Washington.

Elworthy was nominated by the state OCD to take the special course from January 21 to 26 inclusive. It was a concentrated course of instruction covering all phases of atomic, biological and chemical warfare. The enrollees were kept busy from 7 in the morning to 9 at night.

After completing the course, Elworthy spent several days in Washington and called on Senator Homer Ferguson. He reports that he queried the senator about the reluctance of the Congress to provide for civilian defense measures through appropriations, while every effort was being made to rouse the people to the need for preparation.

Senator Ferguson said, according to Mr. Elworthy, that the OCD group had not presented any concrete program to back up their demands for money, and he felt, along with many other

members of Congress, that money might better be spent for other things, such as roads to provide evacuation facilities in case of bombings.

Reporting on progress in the local CD effort, Mr. Elworthy said they are anxious to have local residents who studied biology in college, register for a course in blood giving and taking. Those willing to volunteer may call Mr. Elworthy at TUxedo 5-4600.

Dr. Aaron Z. Rogers, chairman of the medical committee, held a meeting with his group recently in the Neighborhood Club. The Air Raid Wardens, under the leadership of Lansing M. Pittman, chief warden for the district, and his assistant, Col. Walter Allard, have held a number of meetings.

**Youth Fellowship Plans Installation of Officers**

The Youth Fellowship of the Grosse Pointe Methodist Church will install its second semester officers in a special service this Sunday evening at 7:30 p.m.

The officers for this semester are: Wendall Birdsall, president; Granger Brownson, vice-president; Dianne Quinlan, secretary; Gay Edgar, treasurer.

The installation will be a candlelight affair in the sanctuary and the parents of the officers and members of the organization are especially invited to attend and be the guests of the Youth Fellowship at an informal tea immediately after the service.

Newcomers Club Will Hold Party

The Newcomer's Club to Grosse Pointe is planning an evening of square dancing on Friday, February 8, in the gymnasium of Memorial Church.

The popular Lee Brennans will be callers. The Brennans have been calling square dances for 15 years and since 1943, when they came to Detroit, they have been in great demand.

Mrs. Brennan says the "fun element" in square dancing makes it one of the very best forms of recreation because it is not possible to worry or fret while doing it.

Chairmen of the committee arranging for the dance are Mr. and Mrs. Robert Sutton of Mr. Vernon road. Serving on their committee are Mr. and Mrs. Robert Ayrault of Roosevelt place, Mr. and Mrs. George Cutler of Fairway lane, Mr. and Mrs. Glen Knudtson of Ridgemont road, and Mr. and Mrs. William Stewart of McMillan road.

Mr. and Mrs. Bertram Butler, soon to be residents of Washington road, will be guests at the dance.

Mr. and Mrs. Allan Redrow who will live in Cadieux road were introduced at the last meeting of the club.

New arrivals to the Pointe who are interested in the Newcomer's Club may obtain further information by calling Mrs. J. S. Vaughan at TUxedo 1-8912.

Mrs. William Young Gard

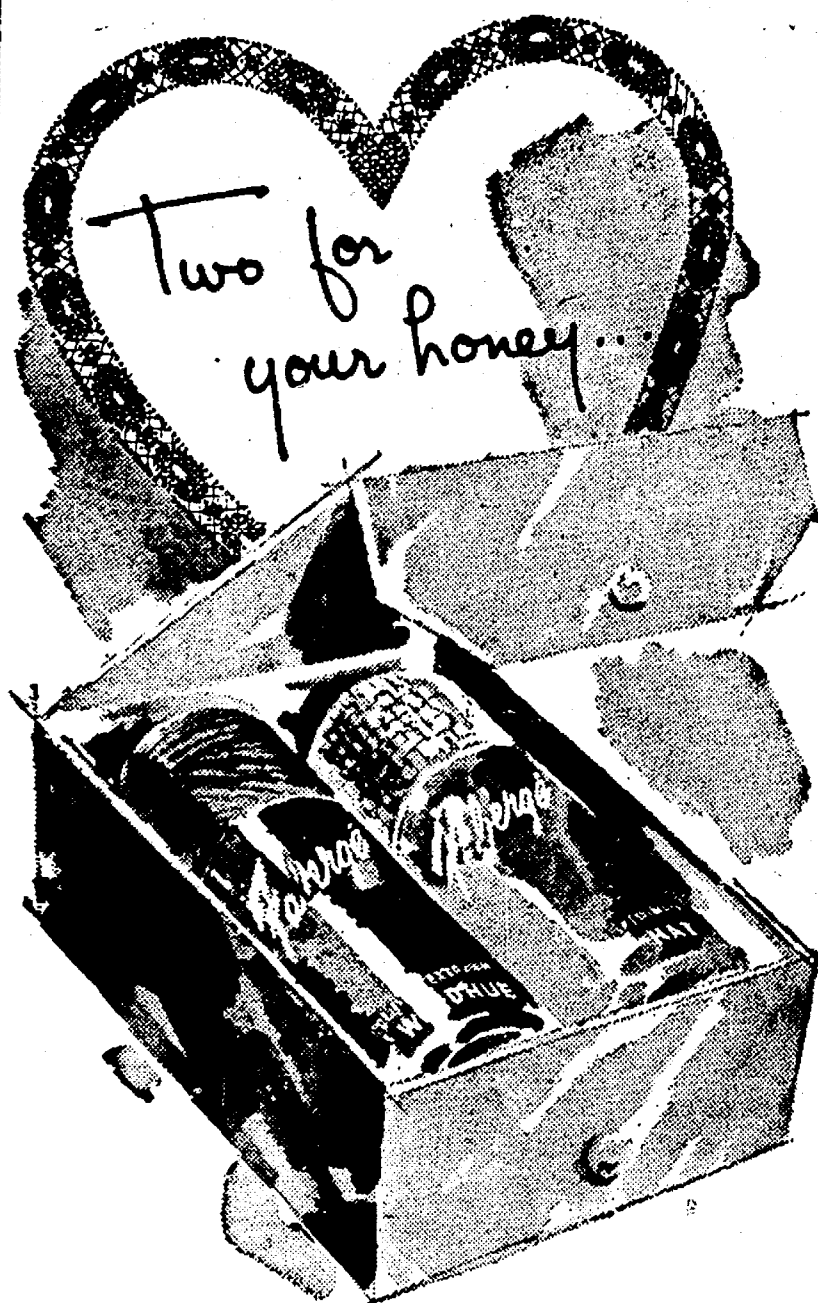

The former NANCY FRAZER PIERSON, daughter of Mr. and Mrs. Harry Lynn Pierson, Jr., of Voltaire place, was married on February 2 to the son of Mr. and Mrs. Paul D. Gard of Washington road.

Mrs. Ellen Auer Visits Pointers

Mrs. Ellen Auer of Cologne, Germany, arrived last week-end to be the houseguest of Mr. and Mrs. Henri Hopkes Jr. of Lakeland avenue. On this, her first visit to the United States, Mrs. Auer will spend two weeks in the Pointe with the Hopkes. Mr. and Mrs. Hopkes took their guest, and William Brabender of Minneapolis, to the Otsego Ski Club last week-end.

### Christ Church Lists Activities

A Parents' Forum will be conducted in Miller Hall beginning at 8 o'clock on Monday evening, February 11, at Christ Church. The Forum will include educational, and to a limited degree, social activities.

The question to be discussed at the first meeting is, "What is the Relationship of the Prayer Book to Our Daily Lives?"

Tuesdays are very busy days in Miller Hall. The Woman's Auxiliary meets at 10:30 a.m., and after a morning of activity the women adjourn to the Undercroft for luncheon. In the afternoon the Rev. Henry W. Sherrill conducts an inspiring discussion on "The Christianity of Main Street."

At 4 o'clock, beginning next Tuesday, February 12, Mr. Sherrill will conduct a class for children on Confirmation instruction. A class for adults will be held Tuesday evening beginning on the same date. This group will be instructed by the Rector, the Rev. Dr. J. Clemens Kolb, and will meet at the Rectory.

On Friday evening, February 22, the Canterbury Club will sponsor a Square Dance. All young people are cordially invited to attend.

### Ridge Top Homes Going Up in Farms

**NEW SUBDIVISION ON RIDGE ROAD AT KERBY TO PROVIDE 50 NEW HOMES**

Fifty new homes are under way on an ideal hilltop spot at Ridge and Kerby roads in Grosse Pointe Farms. It is an exclusive development but comes within what might be called the popular price range. The Brown Investment Company, who have been builders of fine quality homes in and near Grosse Pointe for nearly 20 years, are the developers.

The homes ranging in price from \$19,500 to \$25,000, feature primarily three bedrooms and are chiefly in the new ranch-style. They are custom built. The lots are beautifully wooded and range from 50 to 75 feet in width and 110 to 148 feet in depth. The general neighborhood is quiet and exceptionally homelike.

The new Kerby School is just below the hill and excellent transportation is only a block away on Moross road.

Several of Grosse Pointe's early landmarks, including the old John Kerby village store, have been completely removed to make way for this development, while several other of the original homes within the development have been beautifully res-

tored and, together with the area's stately trees, lend a graceful charm that seldom can be had in a strictly new subdivision.

Kerby road is rich in Grosse Pointe's early history, it originally being the tree-planted lane on the farm of the first Kerby to settle here. He was Rufus M. Kerby and his farm extended from the lake to Mack avenue. He is said to have settled here in 1796.

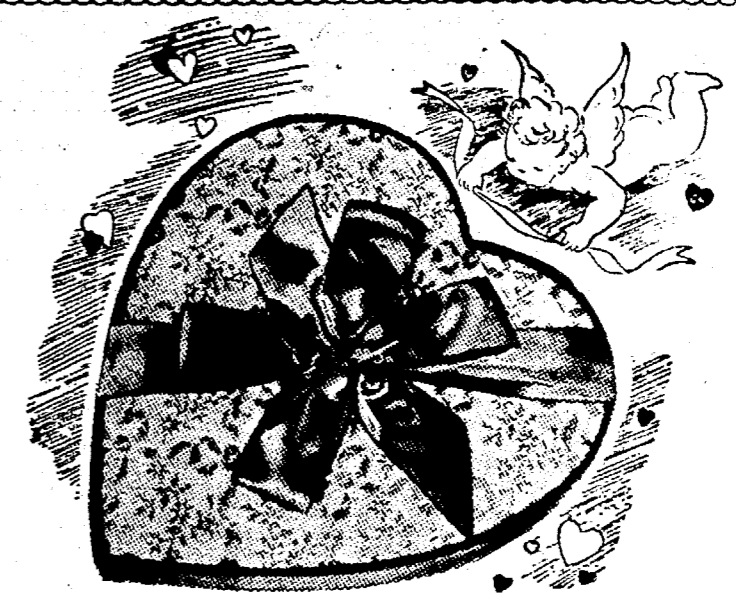

### Vernier P-TA To Hold Dance

The Vernier School PTA will sponsor its third annual Dancing Party in the Monteith School gymnasium, at 8:30, Friday, February 22.

Jack Qualey's orchestra will provide music for popular and square dancing. Bill Nowak will be the caller. There will be prizes, and refreshments will be served.

Dance chairmen are Mr. and Mrs. Gerald C. Schroeder of 50 Shoreham.

Tickets may be purchased in advance at the Vernier School, or at the door. The tickets are \$1.25 per person.

## From Another Pointe of View

By Jane Schermerhorn

The wedding of tiny Nancy Pierson and Bill Gard left society with that completely happy sensation of having been "just like the weddings used to be" . . .

Cars were parked for blocks and blocks along Grosse Pointe boulevard . . . and if the lawns of Christ Church were still too tender for the old time gathering of nursemaids and baby buggies with cooing occupants, at least two tots in arms watched the proceedings to make it "just like weddings used to be."

A couple of Hopalong Cassidy's poked pink noses around the wedding canvas to gander the bride and bridegroom . . . flash bulbs glittered . . . the church steps were done up grandly in a hedge of Spring posies . . .

AND . . . Miss Burnham was there . . . two mammoth orchids in her hand . . . conferring with Smith and getting the bridal party down the aisle in Burnham style . . .

### Family Pews

The church pews read, from left to right, like the pages of the Social Secretary . . .

In the pew for the bride's family . . . were the Harry Lynn Piersons, Jr. . . . and it was long ago we learned the rather special place this couple has in the hearts of boundless friends . . .

And looking every bit as misty-eyed and happy were the occupants of the pew of the bridegroom's family . . . the Paul D. Gards . . .

### Spring's First Bonnet

A society reporter has never been expected to report the first Spring robin . . . but the first Spring hat, ah, yes!

Ours bobbed into view on the pretty head of Mrs. Henry Earle . . . it was black fine Italian straw with a turned-up white brim dashed with red ribbon trim . . . Mr. Earle was casting an appreciative glance its way when we saw them arriving at church . . .

In fast succession we jotted down the names of wedding guests Mrs. Edsel Ford and the Ernest Kanzlers (Mrs. Ford and Mrs. Kanzler choosing chic black costumes with small stark white chapeaus) . . .

### Chic Parade

The Harold L. Wadsworths were accompanied by their deb, Lee . . . who wore a wisp of a black velvet hat with oat colored afternoon frock . . .

Mrs. Eva Doty Worcester and Mrs. Longyear Palmer were in merry conversation with friends . . . and we remembered how a Sunday editor of ours would forgive even Late Copy if we handed him a picture of the beautiful Missie W. for the Sunday society section . . . such a great and silent admirer was he . . .

The John W. Mulford and the Leo J. Fitzpatrick looked as if they thoroughly enjoyed the walk into the February Spring day as they parked their cars . . .

## Pointe Bride Chooses Blue Wedding Gown

### Constance Woodall Bride in Blue Marquessette and Lace for Marriage to William Prescott Fisher; Nuptials in Home of Herbert J. Woodalls on Oxford Road

For her wedding last Saturday afternoon, Constance Buzzer Woodall chose a beautiful frock of French blue marquessette and lace, combining it with a filmy veil of the same soft shade.

Constance, daughter of Mr. and Mrs. Herbert J. Woodall of Oxford road, was married to William Prescott Fisher at a five o'clock ceremony in her parents' home.

William is the son of Dr. and Mrs. Ralph Lee Fisher of Cloverly road.

One hundred and forty yards of marquessette with the interesting lace insertion were used in an opera length skirt for the wedding gown which had fitted bodice finished with deep Vionnet neckline and short sleeves. A tiny blue marquessette cap held the shoulder veil of blue illusion and Constance carried a charming tight round bouquet of white carnations.

Matron of honor was the bride's sister, Mrs. Warren Weaver Jr., who came from Albany, N.Y., for the wedding.

She wore a waltz length frock of shell pink taffeta shantung with snug-fitting cap to match and carried pale pink carnations.

Two tiny members of the bridal party were the bride's nieces, Susan McPike, aged 6, and Barbara Willey, 8 years old, of Monroe.

Their frocks were blue organza worn over blue and white dimity with bands of blue velvet finishing the waistslines. They carried carnation miniature bouquets.

Robert L. Fisher was his brother's best man.

For the informal ceremony, Mrs. Woodall wore a gown of silver gray taffeta and Mrs. Fisher was in hyacinth blue lace. Both mothers pinned camellias to the purses.

A reception followed in the Woodall home after which the young couple left on the wedding trip.

At its conclusion they will reach Durham, N.C. where William will finish his senior year at Duke University. The bride received her diploma from Hood

College, Frederick, Md., in January.

When the newly-married Fishers left the Pointe, Mrs. Fisher traveled in a becoming outfit wearing navy accessories with her trim navy wool suit and hat.

## Lovely Ceremony Held In Springtime Setting

Nancy Frazer Pierson Weds William Young Gard Amid Spring Flowers at Christ Church, Grosse Pointe; Mr. and Mrs. Harry Lynn Pierson Jr., Give Reception

A hedge of Spring flowers in all the lovely pastel tones marked the winding staircase of Christ Church, Grosse Pointe Saturday afternoon when Nancy Frazer Pierson, daughter of Mr. and Mrs. Harry Lynn Pierson, Jr., of Voltaire place, was married to William Young Gard at a four o'clock ceremony.

The bridegroom is the son of Mr. and Mrs. Paul D. Gard of Washington road.

For her wedding, the tiny brunette bride was dressed in gown of stiffened white ivory satin, the slashed neckline edged in tulle and white. From a fitted bodice swirled the long, full skirt extending into cathedral length train. Over her dark hair was the snug fitting Carrickmacross Belgian lace bridal cap her mother had worn. It held a billowing veil of the same lace.

Nancy's bridal bouquet was a cascade arrangement of white stephanotis and ivy.

As spring-ies as Easter were the chic little bouquets of golden freesia and ivy clasped by the bridesmaids. They were gowned in Bahama blue (blue as the sea) marquisette waltz frocks worn over matching taffeta skirts. On their heads were pert little caps of the same tone and material, edged with tiny velvet rolls that tied in back.

Mrs. Michael J. Murphy, matron of honor, and Suzanne Reekie, maid of honor, carried bouquets of white freesia distinguishing them from the maids.

Mrs. John Park, Mrs. Richard A. Speer, Mrs. Henry B. Kinzie, sister of the bridegroom; Sally Frost and Julie Micou were bridesmaids.

Best man was R. Kemerer Edwards of Chappaqua, N. Y., and the bridesmen were David Pierson, brother of the bride; Henry

B. Kinzie, George Hestick, William D. Maxon, Frank W. Gibson, Jr., of West Orange, N. J., and Granville A. Burland of New York City.

Mrs. Pierson wore sapphire blue chantilly lace with matching flower chapeau and white orchids. The bridegroom's mother wore navy crepe with small hat of navy straw. She pinned her white orchids to her handbag.

Wedding guests left Christ Church to attend the reception at the Little Club, following which the young couple started off on a Southern wedding trip.

For traveling, the new Mrs. Gard donned a navy blue suit and there were white flowers on her small navy hat.

The Gards will make their home in Grosse Pointe. Officiating at the wedding ceremony were the Rev. J. Clemens Kolb and the Rev. Henry W. Sherrill.

## The Blood-Typing Program

Blood-typing of all residents will get started in the Pointe area on February 8 and the cooperation of all is earnestly solicited by the Civil Defense authorities.

The program is being carried on for the benefit of the citizens and it deserves their support. Some misinformed persons have been of the belief that the idea behind the blood-typing was to establish potential blood donors and that those typed assumed a certain obligation to make blood donations.

The real purpose behind the program is to determine just what type of blood each person requires, should he or she need a transfusion in the event of a major disaster such as a bombing attack. The state will furnish each person typed with an identification tag, carrying the name, address, religion, etc., and the type of blood required should the need arise.

It is understood four teams will be sent here to handle the local typing assignment. All of the typing will be done at the schools. The pupils at each school will be typed, and the adults are urged to go to any of the schools listed in the schedule below, at whatever time is most convenient for them. No appointments are necessary.

The State Office of Civil Defense in Lansing has supplied the local officials with consent forms which must be filled out and signed by the parents of minors. All local school children are being given these forms to take home for the signatures of their parents or legal guardian. The authorities hope they will be filled out promptly so there will be no delay in the program.

The following schedule is for one week only. It is understood there will be a second week of typing here, but the dates have not been confirmed. It is believed it will probably follow right after the first week.

Adults are urged to study the schedule and select the time and place most convenient for them, and then to be certain to appear for a typing.

## Grosse- Exaggerations

A. PRYOR

"See, yonder, the belfry tower  
That gleams in the moon's pale light . . .  
Or is it a ghostly flower  
That dreams in the silent night?  
I listen and hear the chime  
Go quavering over the town,  
And out of this flower of Time  
Twelve petals are wafted down."  
(Frank D. Sherman)

It has come to our plastic ears, that Bill Silbert, of Woodward 5-4808 fame, (the Wonder of the Wonder Bar from midnight until 2 a. m.), is about to leave this locale for parts unknown. IF it is true, we think the local radio stations had better take another gander at this boy before we lose him. Silbert, of whom there is no "whomer" in the realm of platter spinning and chatter . . . has won the hearts of untold numbers of "folks" in Michigan. He has a way with people . . . all kinds of people . . . and they ain't gonna like his not being on the other end of that telephone six nights a week. Listening to Silbert is like eating peanuts . . . and a lot of listeners have the habit!

Besides being fun to talk and listen to . . . the guy is "movie material" as to looks and can sing as good or "gooder" than most of the newcomers. Why he isn't on t-v is a mystery to us. We don't know Silbert from a hole in the ground, but we CAN attest to the fact that he keeps us up every morning until he signs off . . . and we're by no means alone in that deal. Don't know what the guy has but whatever it is, he's got it. IF the "powers that be" let him get away, a powerful lot of fans will raise their voices singing (ironically enough) Bill's sign-off theme song:

"It's a lonesome old town  
When you're not around . . ."

Sometime ago, having nothing better to do, we started a list of what we call human paradoxes . . . you know, the bald headed barber; the pilot who can't stand heights and refuses to look out of a 20 story window; the Fashion Editor who looks like a frump; the piano teacher who can't carry a tune, etc. Well, this week we found a new one to add to the list. A local woman had the doubtful pleasure of recently entertaining an authoress who has written a well known book on Etiquette. She was our heroine's house guest for a weekend in the country. When the visitor left for her home . . . that was the end of her. She never even sent her hostess a "thank you" note!

That nice little man who calls for his wife when she is obliged to coif Madame's hair at Madame's own home will probably let her take a bus in the future . . . thanks to some nosy parker who caused the gentleman no end of embarrassment. It seems he was parked in front of one of the Pointe homes waiting for his bride and having nothing better to do he rested his head on the steering wheel and proceeded to steal 40 winks. He hadn't been asleep more than 20 minutes, when a scout car pulled up and one of the gendarmes rapped on the window. Our hero came to with a start, opened the car door and asked what was what.

La Officer said, "Feeling all right Buddy?" When the little man assured him that of course he felt all right, why? . . . the officer said they had gotten a call on the police radio that a man was parked in front of Soandso's house and was either ill or drunk!!! That ought to teach people not to take naps in their own cars, while in the Pointe. VIGILANCE is OUR watchword, boy!!

We hope you think this story is as funny as we think it is. A local woman presented her one and only general maid, with a nightgown for her birthday. It was a very elegant nightgown and apparently the maid was impressed as well as highly pleased. So much for that. About a week later, Madame left the house in the morning, announcing to the maid that she would be gone all day . . . and outlined a few chores she wanted done . . . among them, a thorough vacuum job to be done over the downstairs.

Something unforeseen happened to Mi'lady's "out all day" routine, so she returned home unexpectedly around two p. m. As she inserted her key in the lock, she was happy to hear the hum of the vacuum cleaner, proving beyond doubt that good old Hildesten was indeed at work. She shed her hat and coat and marched into the livingroom to see what progress was being made . . . and to tell the little character that she was home. What met her startled eyes was Hildesten . . . working away like mad with the vacuum . . . and wearing the nightgown! What's more . . . she wasn't wearing it OVER her uniform either . . . she was wearing it as one usually wears it . . . ready for bed. When the first shock wore off . . . our lady thought it was pretty funny; however she wonders whether or not the maid was wearing it when she answered the doorbell to receive the two packages that had arrived! The maid sez "no" . . . but Madame is still skeptical.

A friend of ours received a very nice note this week from a fourteen-year-old daughter of a neighbor, thanking her for her Christmas present! Wrote the youngster: "Dear Mrs. Soandso, I'm sorry to be so late thanking you for your nice Christmas present, but I didn't have any appropriate paper." THAT kid is going to grow up to be President!

Overheard on the bus:  
Smith: "I saw a REALLY old movie on television last night."  
Jones: "Well, most of them are old. What makes you say this one was REALLY old?"  
Smith: "This one was so old that it was a movie about England lending US money!"

## What Goes on at Your Library

By Jean Taylor

At the fortnightly group meeting of the Friends of the Grosse Pointe Library, last week, Dr. Hugh Stalker, speaking informally on one of his many hobbies, book-collecting, made proposals aplenty. Those, already converts, enjoyed comparing notes and interchanging ideas. Memories of books long ago appreciated but lately forgotten, were revived with nostalgic pleasure.

The fun, excitement and happy associations involved in tracking down a desired book, make this hobby a delightful pastime. However, books collected in this way give little satisfaction unless the collector frequently dips inside them. If you do not learn to enjoy books as a child or teen-ager, there is small likelihood, according to this speaker, that you will be an adult book lover. As a librarian, who is particularly interested in children and books, you may be sure we say "amen" to this.

Advice given the young medical student, to ride at least two hobbies, preferably in opposite directions, has proved sound and might be applied with profit by all of us, whatever our chosen field.

A user for many years of the Grosse Pointe Library, Mr. Oswald Robbins, also rides a hobby along a different route than the one he daily pursues in his legal profession.

At the "Friends" group meeting next Tuesday evening at 8:30 in the Main Library, he will review and lead a discussion on the recent book, The Fear of Freedom by Francis Biddle.

Mr. and Mrs. Robbins have been active members for some years of Wesley Maurer's class, which meets every Thursday evening in the Rackham building.

This discussion group led by Mr. Maurer, professor of journalism at the University of Michigan, has been in force for over 20 years and has received national recognition. The books used cover for the most part, subjects of a sociological nature.

Members of this class who have been privileged to hear Mr. Robbins discuss books tell us we must not miss next Tuesday's meeting. We'll hope to see you there.

The director of our Grosse Pointe Libraries, Mr. Robert M. Orr, has just returned from attending the mid-winter meeting of the American Library Association, in Chicago.

Mr. Orr is one of four representatives from Michigan elected to be members of the A.L.A. council. He has recently been made also, a member of the building committee of the national library association.

The mid-winter meeting is primarily a business one, as opposed to the more general nature of the annual A.L.A. convention which will be held next summer in New York. Mr. Orr reports a stimulating and profitable week.

Business at the new Woods Branch continues to flourish. Its staff tells us that Saturday has been labeled "Family Day." Fathers, mothers and children of all ages from the baby in arms to the teen ager, arrive at the library together and return home laden with books.

That is music to our ears . . . No worry there, about future book lovers!

### Colds Invite Pneumonia

By Fred M. Kopp, R. Ph.  
A cold seems not so important, while we realize fully the seriousness of pneumonia. Yet the simplest cold that hangs on, with nose and throat drainage into the chest, foretells the more serious illness that is to follow.

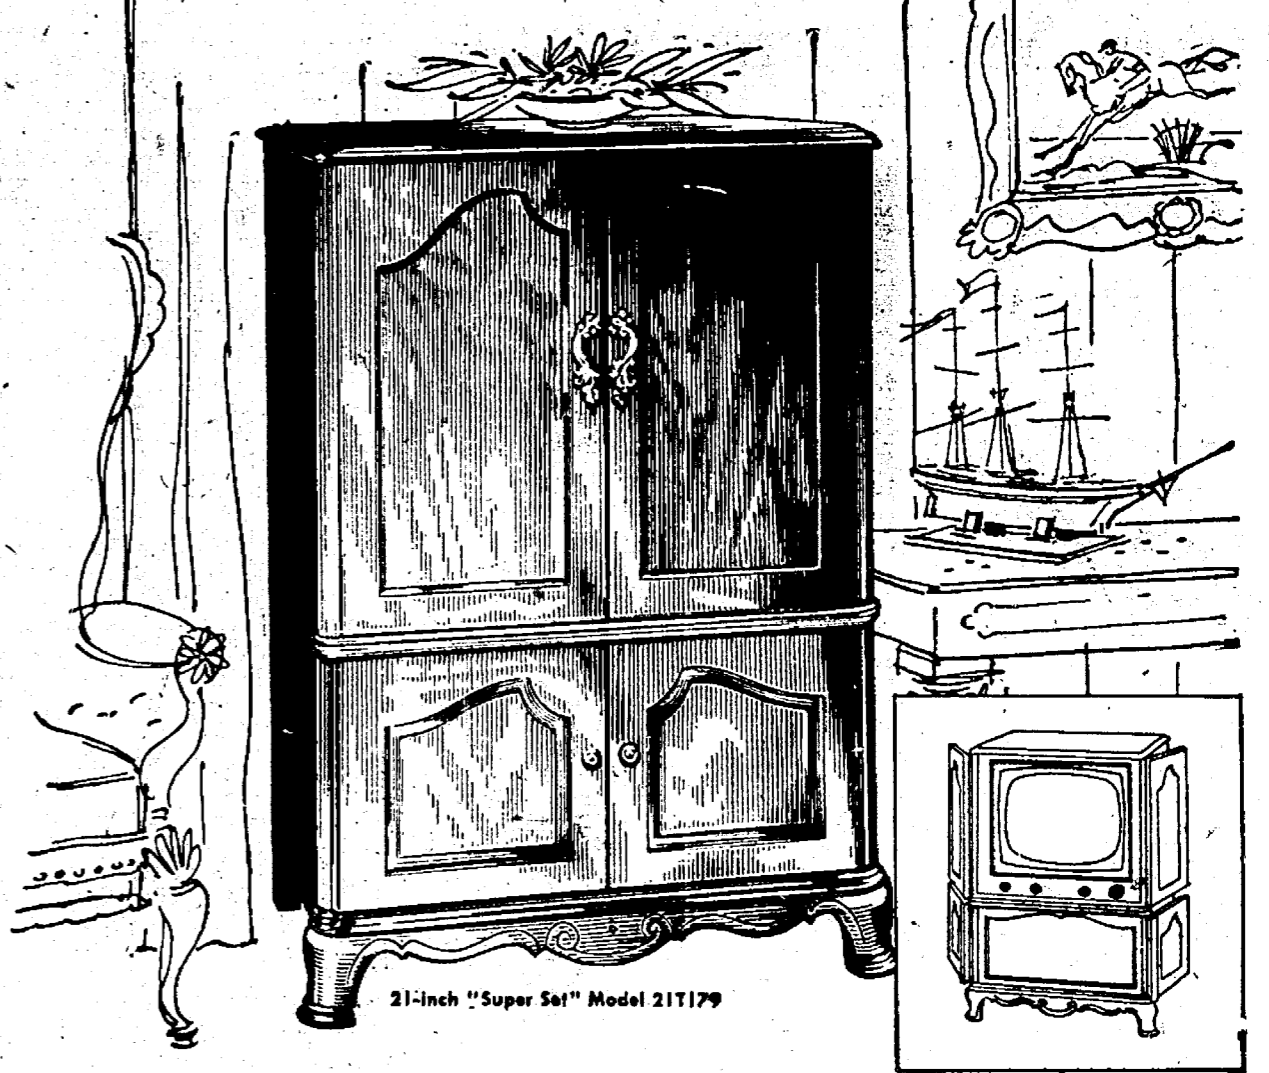

Preceding pneumonia there is often a great fluctuation of the body temperature and sometimes the patient, especially a child may not appear seriously ill.

Penicillin is used by many doctors to control pneumonia as soon as it has been diagnosed.

An experienced, skilled pharmacist keeps ample supplies of penicillin refrigerated for just such emergencies.

## Park Engineer Discourages Joint Fight on Elm Disease

Any cooperative program to fight "Dutch Elm" disease was discouraged by Herb Heger, Grosse Pointe Park city engineer. Heger was among the more than 300 present at the special meeting Monday at the Grosse Pointe War Memorial.

He said that any plan for the five Pointes to hire an expert to direct a project here would not be workable.

He said there would be considerable confusion as to what areas to spray first and how much time the hired expert should spend at each Pointe.

"Besides," he added, "laws prevent any municipal vehicle from entering private property."

Heger pointed out that Grosse Pointe Park has been spraying trees along city streets for a number of years.

"Before we go any further in this crusade," he said, "I think it would be best to wait until the State completes its survey here and see just how many trees are infected."

Heger said that Grosse Pointe Park alone has 5,000 trees.

"It would cost us at least \$15,000 for spraying our trees alone," he said. "We don't have that kind of money in our budget."

Other officials declined to comment until they reported to their respective councils.

They were Phil Allard, Grosse Pointe Woods, Murray Smith, Grosse Pointe Farms, Norbert Neff, Grosse Pointe City, and Thomas Jeffers, Grosse Pointe Shores.

## To Install New Light on Vernor

In an effort to provide a traffic break to enable school children to cross Vernor Highway safely, a traffic light will be installed at Nottingham and Vernor in the very near future.

Original plans of the Grosse Pointe Traffic and Safety Committee called for the installation of two traffic lights to be installed on Vernor and Charlevoix to discourage the use of these two streets for through traffic. Park Chief Arthur Louwers mentioned that the new traffic signal may cut down the excessive speed on both thoroughfares.

The unfortunate incident that occurred in the Woods recently when a careless little boy who was injured by a motorist as he ran across Mack after alighting from a Lake Shore Coach Bus which was being used as a school bus, brought up the subject of properly marking all buses used to transport school children.

Woods police chief Walter Goulette suggested a letter be sent to the Board of Education requesting that every school bus be marked front and rear. Norbert Neff, City Clerk of the City of Grosse Pointe, mentioned that this is the practice used in Detroit.

The next meeting of the Safety and Traffic Committee will be held at the War Memorial Center on Wednesday, February 27.

## Two Cars Tangle At Intersection

Clemens H. Martin, 18, of 801 Oxford road, driving a 1951 Ford, attempted to cross Kercheval avenue at Merriweather and was struck on the right side by Mrs. Harriet L. Johnson, 28, of 210 East Grand boulevard.

Mrs. Johnson was driving a 1949 Mercury, owned by Elmer Stanke, of Roseville, Michigan.

The grille, grille guard, and hood of Martin's Ford were damaged to the tune of \$45. The Mercury received approximately \$25 damage. Martin assumed responsibility, and no tickets were issued.

## Devil Reserves Beat Dearborn

By FRED RUSSELLS

Coach Howard McAdams' Blue Devil reserve basketball team took command at the outset and chalked up an impressive 57 to 44 victory over Dearborn last Tuesday, January 29, on Dearborn's home court.

Paced by Lou Hribar, who captured the individual scoring honors with 15 points, the Devils moved into a 14 to 8 lead at the end of the first period and increased its lead to 29 to 16 at the halftime intermission.

In the final two quarters the Devils were content with matching Dearborn's point production to gain an easy victory. Both teams scored 28 points each in the two final periods.

Ron Haldean and Dearborn's Schmuck tied for the runner-up scoring honors with 12 points each.

The Devils were minus the services of one of their better guards and an excellent play-maker in Dave Belfore, who was ill and didn't make the trip. McAdams' charges will be attempting to boost their victory skain next Friday night, February 8, when they meet the Royal Oak Acorns on the local court. The game gets underway at 8:30 p.m.

## Getting Ready for Valentine's Day Party

## Pointe Mermaid Slashes Records

Not all of the swimming honors are reserved for the male members of Grosse Pointe's aquatic family as was proven recently when 16-year-old Doris Rock of 1783 Hawthorne splashed her way to record times in two events during a swimming meet held in the Detroit Turners' pool.

Although the records haven't been okayed as yet there is every indication that at least one of them may be entered in the State AAU record book.

Doris swept through the 150 yard individual medley event in 1:56.9 which bettered the State mark of 2:03.8 set by Emily Hardy in 1950.

Miss Rock, (names can be deceiving), bettered her own record in the 50 yard breast stroke event by a fast and four tenths seconds with a 34.1. The old mark stood at 37.5.

Recognition of the times will be applied for to the Amateur Athletic Union and Doris quite possibly will become a member of that select Grosse Pointe group that has held State swimming records in the past and present.

## Champion Boxer Entered In Big Time Dog Shows

"Bubbling Over's Diamond," the champion boxer as "Rocky," the better known as "The In' That For Pets Shop, 20422 Mack, will be entered in the Westminster dog show at Madison Square Garden, New York, and other shows at Hartford and New Haven, this week-end.

"Rocky" is a Canadian champion boxer and requires only five additional points for United States and International championships. He is the son of the champion "Bubbling Over of Lilac Hedge."

Oswald Robbins To Review Book

Oswald Robbins will be featured speaker at the second in the series of Discussion Programs planned for this winter by the Friends of the Grosse Pointe Public Library. The meeting will be held next Tuesday, February 12, at the Main Library, 15490 Kercheval avenue, at 8:30 p.m.

Mr. Robbins will review Francis Biddle's new book, "Fear of Freedom". This timely book takes up the many present threats to our freedom, and compares our time with previous periods of hysteria. After his talk, Mr. Robbins will lead a discussion on the subjects covered by the book.

A native of Watertown, New York, Mr. Robbins came to Detroit in his early youth. He attended Western High School and Wayne University and received his law degree from the University of Detroit. Attorney for General Underwriters, Inc., he specializes in Workmen's Compensation. (The speaker was a college athlete, has done consider-

ing, and has been interested in book reviewing for the past 15 years. He is an admirer of Professor Maurer, and has taken an active part in Professor Maurer's classes. Mr. and Mrs. Robbins live with their two children at 1345 Balfour.

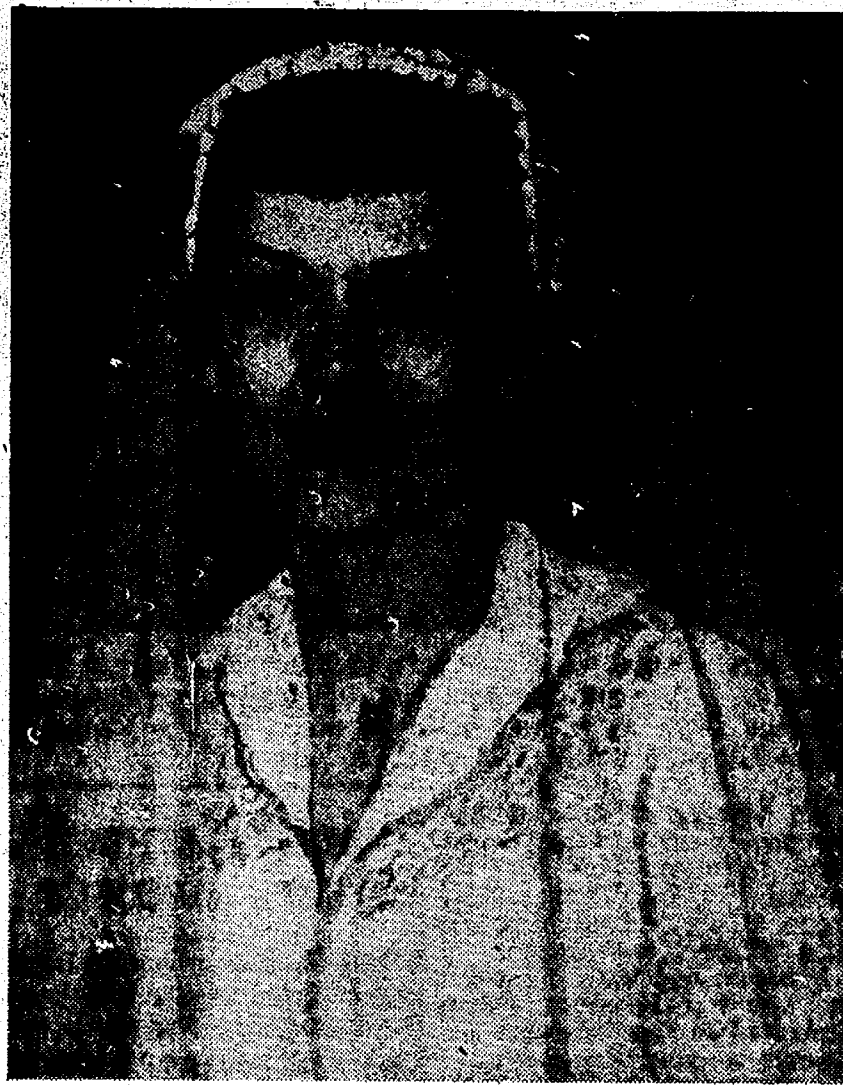

Make-Up Artist Shares Talents

Grosse Pointe Community Theatre is holding classes in stage make-up every Monday evening at 8:15 p.m. at the home of Mrs. George True, 132 Moran road. Members and their friends who are interested in this phase, a fascinating one, of stage production are welcome to join. Bring a towel, good hand mirror and your own cleansing cream.

Mrs. Rae Bambas, who is teaching the class, has had a wealth of theatrical experience and has kindly agreed to share her knowledge of make-up with members who are interested in turning a young thing of eighteen into an octogenarian, or doing a lightning transformation on a frankly middle-aged matron—turning her into a glamour girl. It can be done.

Members of the class will make-up the players for the next workshop play, "The Romancers," to be given at the February meeting of the organization at the Grosse Pointe War Memorial on Tuesday, February 19, at 8 p.m.

Mrs. Robert Charles Elliott

The former EVALENE LOIS GOUGH, daughter of Mr. and Mrs. Edwin K. Gough of Hampton road, was married on February 2 to the son of Mr. and Mrs. Roy R. Elliott of Riverside, Cal.

Evalene Gough Speaks Vows

When the Robert Charles Elliotts return from their California wedding trip the first of March, they'll make their home on Gray avenue in Detroit.

The marriage of the former Evalene Lois Gough, daughter of Mr. and Mrs. Edwin K. Gough of Hampton road, and Mr. Elliott, son of Mr. and Mrs. Roy R. Elliott of Riverside, Calif., was solemnized last Saturday morning at a nuptial high mass in St. Joan of Arc Church.

The Rev. Father Clarence Jordan officiated at the ceremony which was followed by a wedding breakfast for members of the immediate families at the Knights of Columbus Hall. Later, Mr. and Mrs. Gough were hosts to 200 of their friends at the reception for their daughter and new son-in-law.

For her wedding Evalene was gowned in accordion pleated Castellian lace over white satin. A Spanish wedding veil fell fingertip length and the bride carried white orchids on a mother of pearl prayerbook.

Assisting Mr. Elliott as best man was Sam D'Ortenzio and the ushers were Merle Kalczyński and John Gaines.

Mrs. Gough's costume was navy and white corded silk with which she wore a small navy chapeau and orchids.

Among out of town guests at the wedding were Mr. and Mrs. Robert Abram of Alpena, Mich.

A cute little Scotch girl, who arrived in the Pointe a few months back, announces that her favorite reading matter in the newspapers is the "Hatched, Matched and Dispatched Column." Remove the header and you have "Birth, Marriage and Death Notices."

Several Pointers are having their faces lifted... but not what YOU think at all... Mrs. Joseph de Grimme is the lovely plastic surgeon in this case. Her instruments are those talented paint brushes of hers... She changes facial expressions, on family portraits, to look a lot more like the actual subjects than the original painters made them. It's accomplished by the most infinitesimal touching here and there and presto... grandma looks natural...

Gourmet James W. Lee II (Detroit Cordon Bleu) hasn't gotten over being delighted with two of his Christmas stocking presents from Santa Claus... a cheese grafter and a garlic press...

And the maitre of one of the downtown hotels hasn't gotten over an elegant mama and daughter who arrived at the door of his dining room only to have a little ceremony before entering... They doffed their long mink coats, placed them over their husbands' arms and in turn the husbands gave them each a pink mink stole. They gathered the stoles around their shoulders and walked grandly to their table.

Love the bright canary yellow trim the Frederick W. Fugers have added to their charming gray house on McMillan... shutters and front door are bright, bright yellow...

Snails were the most eagerly gobbled hors d'oeuvres at the wedding reception of Sally Marshall and Doug Young... ranking in popularity with wonderful Oysters Rockefeller...

## Pointer of Interest

MRS. LAWRENCE J. HOWARD OF ST. CLAIR AVENUE

If you ever find yourself bored, we prescribe a visit to a wonderful lady who's as close to you as St. Clair Avenue. Her name is Mrs. Lawrence J. Howard and she gently reminds that the person who has learned to work with her hands has discovered joys never ending.

Mrs. Howard loves life so full-heartedly that she really doesn't have enough hours in a day to pursue all her interests.

There is china painting (she's been fast at it for 40 years and all about her interesting home there are beautiful examples of her excellence) in the work... painting country tin... stenciling in gold bronze on early American furniture... hand painted linens... and a small oil or two of some of her favorite scenes in Maine where the family spends its Summers.

The present generation couldn't possibly remember forty years ago when the dearest wish of young ladies was to own a set of hand painted china; better still to paint that china themselves.

And so it was that Mrs. Howard traveled the prodigious distance from Grosse Pointe to the Hodges Building (it's now the David Stott), to study with the most popular teacher of the day, Mrs. Proctor Knott Owen.

Hardly had Mrs. Howard her young-lady gloves off, than her nimble fingers were wrapped around a paint brush and she was designing wild roses on a china bowl. (That first triumph, incidentally, is in perfect condition today and a great favorite of Mr. Howard, daughter Mrs. Kathleen Young and granddaughter, Ann Young.)

Mrs. Howard learned to mix the china paint powder with just enough oil of copal and lavender (it's a very fragrant hobby) to get the shades her own artistry demanded. In about the same amount of time the modern bride-elect uses to decide what kind of china she wants for wedding gifts, Mrs. Howard had painted a Dresden pattern on a dinner set for eight on Havilland china.

We kept noticing that our Pointer of Interest belongs to the thorough school of hobbyists. She simply doesn't know half

### LEMON ANGEL PIE

Contributed by Mrs. M. Robert Olp

I—Combine 1 tsp. each vanilla, vinegar, water. Whip till stiff three egg whites, ½ tsp. baking powder and ¼ tsp. salt. Add 1 cup sifted sugar in spoonfuls, alternating with a few drops of the combined liquids. Continue beating a few minutes. Heap lightly in a buttered pie plate.

II—Press into shape of a pie shell with a spoon. Bake at 275 degrees for one hour. Combine slightly beaten egg yolks, 1 slightly beaten egg, ½ cup sugar, 1½ Tbsp. flour, ¾ cup water and the juice and grated rind of 1½ lemons. Cook till thick in double boiler, stirring constantly.

III—Whip 1 cup heavy cream and flavor with ½ tsp. vanilla. Spread in the bottom of cooled meringue shell. Pour in the cooled lemon mixture and drop remaining whipped cream from spoon to decorate the top. Chill several hours. Will serve eight.

why the days couldn't be long enough for this charmer? Her blue eyes sparkled (the dress she wore gave them a violet tone the other evening) when we asked about the carved eagle which perches over the front door on St. Clair.

She explained it was a Bellamy eagle, a type carved by sea captains. A Captain Bellamy started the fad on voyages long ago. Carving the eagles speeded up a journey by thousands of knots an hour for seafaring men. The Howards' Bellamy eagle has a motto carved over it and the lady of the house seems perfectly to emulate the full meaning of the words, which when translated from the latin proclaim "While we live, Let us live!"

It's amazing how much more advanced photography is up North. I've been doing a little candid photography down here and everyone is tickled about the three-dimension color slides I've been making. Of course Grosse Pointers are enthused also, but down here most of the professional photos have never even heard about it. We had such wonderful success with color slides on all the debut parties, that now everything is set for shooting color at weddings. Of course the black and white books are made also; in fact both pictures are taken together on the same flash. My equipment looks like something from Mars, so don't get scared if you see me on the job looking like a portable radar station.
