

City Plans Bond Issue

(Continued from Page 1)

our open area considerably.

2. If the Tobin property can be acquired, efforts should be made to legally change the status of the original deed so that the upper third of the present park, plus the new Tobin property, can be made into an off-the-street parking area, thus eliminating a Jefferson Avenue or any other surrounding street nuisance due to any set crowded day at the park.

3. The construction of the pier should be carefully figured by the consulting engineer, with these recommendations in mind. The old No. 4 dock area should at least be doubled in length with

three types of swimming available:

a. One for the small fry beginning swimmer.

b. For the timid swimmer, with proper pontoons placed to insure the safety margin of any swimmer who forgets that if he swims out, he must also return if there is no anchorage available.

c. For good swimmers of all ages and sizes, a section with diving boards, properly dredged for depth.

This whole area (a, b, and c), can be completely surrounded by walking pier space, with the proper steel bridging construction put in to keep the natural circulation of the water in effect.

4. The next extension of the pier should have several projecting "L's", properly designed to house as many small boats as possible. This committee definitely feels that no effort should be made to house large boats, especially power boats over 30 feet. Some of the sail boat accommodations could be longer than 30 ft. We also feel that the small boat owner would be willing to pay more for mooring space than he has in the past, so that the City would not feel that this particular type of recreation constitutes a constant deficit every year. There are many small boat owners in Grosse Pointe City who are not using this convenience at present, who certainly would do so.

5. The planning, then, could include another extension as the final one. This section could be for fishing, sun bathing and strolling, with a shaded section at the far end, similar to that on the Grosse Pointe Farms pier for people to sit and enjoy themselves. It probably could also be used for additional swimming, with proper diving boards on the end.

6. We feel the general construction of this entire projection should be of heavy steel, similar to that used by the Little Club, and all of it properly filled in with heavy concrete and cement.

7. We also feel that additional study should be made with the purpose of promoting more of the year around use of our park. Certainly ice skating and other winter sports could be worked into this program. The present open shelter in the center of the park could easily be closed in and a stove installed for a warming-up spot for ice skaters. Several small beaches have incorporated handball and tennis courts, as needed and usable activities for the younger set.

8. We also recommend that for an immediate program, the sand beach at the present wading pool be deepened fifteen to twenty yards, proper quality lake sand brought in, and the present wading pool cemented. Also the picnicking facilities could be expanded with additional tables, benches and stoves similar to those used in the Grosse Pointe Farms, for wiener roasts, etc. This should be done quickly for a June 15th opening, when school lets out.

9. We hope that the Council will invite several architects and several engineers to help our regular engineers with ideas on this project. Several have been asked, and have shown a willingness to cooperate. The names of potential assistants are as follows: Mr. Claire Stuchell, Rivard Blvd.; Mr. Clarence Day, Cadieux Rd.; Mr. Tom Candler, Rivard Blvd.; Mr. Les Lowry, University Pl.; Mr. Griswold Herreshoff, 473 Lincoln Rd.; O. W. Pongrace, Neff Rd.

10. The feeling of our Town Hall Meeting and our personal inquiries of many citizens who were not at the meeting, and our own thinking, is that a \$350,000 bond issue would be in keeping with our ability to pay. Mr. Blondell feels that a \$350,000 bond issue, including interest, would run us about \$1.00 per \$1,000 of our assessed value. Our recommendation is that a \$350,000 limit is not too much, and it should

be placed before the people to be voted on, no later than August 5.

It is this Committee's hope that the old saying, "Strike while the iron is hot," is very much in order, and we hope that whatever plan comes from the Council will be a unanimous one. We feel nothing would be more detrimental to the success of any plan than the lack of faith and unity in our Council. We feel they are well equipped to do a good job, and we have confidence that with the leadership of Mayor Netting, it will be done.

Respectfully submitted,
Special Citizens Committee,
Edward Pongrace, chmn.,

Eighteen Models of Other Makes of Cars Cost More!

Official price lists show that there are eighteen different models of American motor cars, produced by five separate automotive manufacturers, which actually cost more than the lowest-priced Cadillac—when similarly equipped.

If you find this difficult to believe—then you're in good company!

For the record also shows that, during the past few years, literally hundreds of thousands of motorists have taken title to these costlier models. And there can be little doubt that many of them did so simply because they failed to realize how relatively modest the cost of a Cadillac car can be.

They simply assumed that exclusive in quality means exclusive in price! And it is doubtful if a single misunderstanding ever cost so many motorists so much!

It cost them, first of all, the satisfaction of owning a Cadillac! For there is no substitute for the sense of pride and well-being that comes from owning a motor car that is universally recognized as the "Standard of the World."

It cost them, too, the pleasure of driving a Cadillac! And this, beyond any question, is the greatest penalty of all! For in missing out on Cadillac's marvelous handling ease, its superb power and quiet, and on the wonderful rest and relaxation to be found behind its wheel—they're missing out on motoring's finest rewards.

And, of course, it also cost them Cadillac's many long-range economies—its almost unbelievable gasoline mileage, its unsurpassed dependability, and its legendary long life.

We know that you wouldn't want to make such a costly mistake in the selection of your next car. But you'd better be careful—because there are eighteen different ways to make it!

So when the time comes—investigate! And if you pay the price of a Cadillac—be sure that you get one!

Carrying Mail Hazardous Job

The high frequency of injury to letter carriers places the delivery of mail among the more hazardous occupations. Postmaster Frank C. Middel said today.

Approximately 14 out of every 100 letter carriers were injured while in the performance of duty last year, Middel revealed.

Out of a total force of 2,553 letter carriers, 349 were injured in 1951, including 94 bitten by dogs, 244 by falling on icy walks, steps and porches, and 11 by falling on faulty sidewalks, steps and porches.

It was necessary that a number of carriers be hospitalized and some have become permanent cripples as a result of broken bones.

During the month of April, this year, 11 carriers were bitten by

Farms Police Report Submitted

According to a report released by Chief of Grosse Pointe Farms Police, Walter R. Hoyt, \$663 were collected for a total of 219 violations during April, in fines and court costs.

Five injuries resulted from 25 traffic accidents, with damages estimated at \$2,675.

Eight cases of simple larceny were reported, entailing an original loss of \$143, of which \$70 was recovered.

The report showed two suicides, one a 45-year-old woman, and the other a 57-year-old man. Both are believed to have been the result of ill health.

Four cases of property destruction resulted in estimated damages of \$80. The damage was done to new homes by small children whose parents made restitution totaling \$65.

Two cases of auto theft were reported during the month. However, both cars were recovered, one in Detroit and the other in Huron County.

The report included the arrests of 20 adults and 11 juveniles. The charges ranged from drunk and disorderly and vagrancy to investigation of larceny and breaking and entering.

Farms police answered a total of 218 calls during the month.

Fine Work Done By Y-Teens Club

By Delphine Walgenbach
G. P. H. S. Journalism Student

Y-Teens is a new club, just two years old, at Grosse Pointe High School. It is affiliated with the YWCA.

Because of the popularity of Y-Teens two chapters have been formed. The senior chapter has 77 members and the junior chapter has 70 members with a waiting list of 45.

The six aims of the Y-Teens combine to benefit community, home and self. These goals are: useful work, improved personal health, warmer personal relations, better social relations, religious devotion, and appreciation of the arts.

The new officers of the senior club for next year are Karen Temple, president; and Glenna Howell, vice president; 11 A's. Other officers are Jeanne Newell, I.C.C. representative; Nancy Bruneau, secretary; Sherry Davis, treasurer; and Louise Hutchins, chaplain; 12 B's.

The Y-Teens assisted with the clothing drive held in co-operation with the Save the Children Foundation. They are also doing volunteer work at Sigma Gamma, a hospital for convalescent cerebral palsy and polio patients.

Members are also helping to paint odds and ends at the oldest settlement house in Detroit at Fourth and Porter. They are planning a tea for their mothers

at the Grosse Pointe Memorial Center on May 26.

Other activities are giving parties for underprivileged children, collecting toys and games for needy children, and helping the Hi-Y with school projects. The girls sell greeting cards and plastic vegetable bags to raise money for the club. They participated in the city-wide Y-Teen conference, and put on a fashion show for their mothers.

The girls have a varied program of speakers, service projects, and field trips. Their idea is to make themselves as well informed as possible on current problems. Beauty experts, fashion experts, and career wise people have talked to them. They have had speakers on prejudice, intolerance, civic improvements, and current world problems.

In short, Y-Teens is a club designed to make teen-age girls aware of the adult world. It has a tremendous following and is here to stay at Grosse Pointe High School.

Savage to Talk At High School

The Grosse Pointe Rotary Club will be represented at the Grosse Pointe High School's formal assembly on June 3, when Herbert N. Savage of 1834 Hunt Club drivespeaks to the students on "The Future For You."

Mr. Savage, a resident of Grosse Pointe Woods for 22 years, is now serving his second term as councilman.

He is one of the leading laymen in the Grosse Pointe Woods Presbyterian Church and was instrumental in its founding.

Congressional Candidate Durant Attacks Truman's Bid for Power

At his press conference on Thursday, May 22, President Truman told reporters, as a result of questions about the seizure of the steel industry and the case now before the Supreme Court, that he as President can take whatever action he thinks necessary in a national emergency; that the Supreme Court cannot decide the basic question as to whether or not he has those powers, although in this one case he would abide by its decision; and that only a new amendment to the Constitution can change his mind.

Wishing to get a Republican's reaction to these statements of the President, reporters put the question to Richard Durant, the 1950 Republican nominee for Congress from the 14th District, and currently running for re-nomination this year. What did he think about all this?

What Goes on at Your Library

At this time of year, when every organization is winding up its business preparatory to a fresh start, we should like to express the appreciation of our staff for the work done by the Friends of the Grosse Pointe Public Library, under the able leadership of Mr. Marion K. Kellogg.

The Friends of the Library, as the name implies, is a group of citizens interested enough in their library to become well informed about its program and to interpret that program to the community. Mr. Dexter M. Ferry's magnificent gift of a new Central Library has provided increased incentive for this energetic group.

How To Detect Malignant Tumors

Churchgoer's Car Stolen By Youth

While Mrs. Kenneth Duffy, of 479 Cloverly, was attending the services at St. Clare Parish, at Audubon and Charlevoix, May 20, someone drove her 1951 Kaiser from the parking lot.

Grosse Pointe Park police put out a general broadcast, and about 40 minutes later the car was found in the driveway at 1400 Three Mile drive by Park Patrolmen Vervacke and Cools.

An hour after the car had been reported stolen, Sergeants Stanley Enders and Donald Dean of the Detective Bureau picked up a 16-year-old boy responsible for the theft.

Further investigation revealed that the boy had also stolen two other autos from the same lot since the first of the year, and that he had been involved in two car thefts in Detroit.

A complaint has been filed against the youth at the Wayward Minor Division of Juvenile Court.

Arthur H. Davis Now Navy Ensign

Among the 550 men awarded ensign commissions today from the Navy's only Officer Candidate School, in Newport, R. I. was Arthur H. Davis, USN, of 315 Lincoln road, Grosse Pointe.

Ensign Davis was graduated from DePauw University in 1951 with a bachelor of arts degree.

Established in June 1951, to provide junior officers for the expanding fleets and to relieve reserve officers ordered to active duty since the outbreak of Kor-

ean hostilities, the school's original enrollment of 500 will swell to 2100 by October. It is currently graduating more new officers than the Naval college NROTC programs combined.

During four months' training, the candidates, all college graduates, undergo intensive training in the basic sea-going skills: gunnery, seamanship, navigation, engineering, damage control and communications. They cover the same ground in 16 weeks that the NROTC students do in four years.

Ballet Presented By Dolphin Club

By Sue Cleminson
G. P. H. S. Journalism Student

The newly organized Dolphin club gave its first water ballet recently in the Grosse Pointe High School pool.

The theme, "Vacation Dreams," was carried out by songs representing many different places envisioned by "Susie Splash," (Glenna Howell), as she slept on the bank of a river.

The Orient, Latin America, France, and a mysterious planet were represented by the girls' various routines.

Solos were performed for the Broadway and New Orleans scenes by Janet Roberts and Betty Morris. Karen Jacob and Jean Leete worked together on a routine done to the music of "Bali Hai" to represent the South Sea islands.

Anne Langs and Pat VanHouten donned sinister make-up, red suits and tails to portray Hades.

Also on the program was a comedy number "In Any Port" done by Sally Jo Ritter, Carol Vestal, and Emmy Galbraith to the record "Bell Bottom Trousers."

Others in the program were Mary Shenefield, Doris Rock, Rochelle Mistele, and Margalo Eley. Also in the various numbers were Maral Molyneux, Shirley and Jane Pressl, Sally Beardslee, and Mary Carless.

Nancy MacDonald wrote the interesting commentary which accompanied the show and was read by Sandy Marx.

The club which has been practicing since the beginning of the semester, includes grades 10 through 12 and is sponsored by Mrs. Ruth Fransted, physical education instructor.

Official Seal For Farms Designed By Frank Steele

A Seal of the City of Grosse Pointe Farms has been designed by Frank Steele, of 55 Mapleton road, an advertising artist with a broad experience in national and local business activities.

Following a suggestion by Harry Furton, City Clerk of Grosse Pointe Farms, that the Seal should depict the City as a pleasant residential community, the designer selected the materials which appear in the emblem with careful consideration for their significance in that respect.

The City Council on Monday, May 19, 1952, adopted the Seal as the official Seal of the City.

The designer chose Gothic lettering from a 16th century manuscript which adapted well to the circular display necessary in the conventional form of seal required for civic purposes. It can also be considered significant of

the early influences on the religious and educational life of the community.

Within the circle of lettering a comfortable home is situated among the trees on a deep rectangular plot representing the strip farms of the French settlers along the shores.

The homes faces Lake St. Clair and off the shore a popular type of recreational sailboat appears, to represent the outstanding facilities of the community.

At the bottom of the emblem a small inset circle contains a fleur-de-lis and lion surmounted by a star representing the succession of governments and the whole design as a unit surely represents a great place to live, with a rich historical background and great promises for a happy future.

FRIGHTENING SPECTACLE Grosse Pointe Park firemen administered one tank of oxygen to revive Mrs. E. M. Herman, May 25, after she had collapsed at the sight of smoke billowing from her home at 5848 Windmill drive.

Firemen hurried into the house, found a charred roast that had been left in the oven too long.

DEFENSE AND EXPENSE Taxpayers are beginning to get the idea that defense and expense are synonymous.

And in case there are some of her Pointe friends who didn't get a chance to see Lady Jane during that too brief stay . . .

We might report she still has the world's most beautiful blue eyes . . . and that she is even more stimulating a gal than ever . . .

As she turned her car northward . . . she left us not only with a week's work to do but madly intent upon finding bib lettuce and two new authors she made sound irresistible . . .

The Tulip Fete

Ninety some guests were moved indoors, as gracefully as that, last Saturday evening when Dr. and Mrs. Lawrence Pratt gave their annual Tulip Festival . . .

The emerald lawns, glistening with rain drops, precluded much garden touring . . . but peeks out the windows of their Windmill Pointe drive home . . . afforded glimpses of waist-high tulips tucked in the greenery of the vast grounds . . .

Hardy souls who couldn't resist a quick turn around the beautiful if damp greenery were, as Robert Benchley long ago observed, happy to get back indoors and slip into a dry martini . . .

Greeting their guests in the foyer were Dr. and Mrs. Pratt . . . the pastel Missie P in a fascinating cocktail frock with molded teal blue off-shoulder bodice and pout skirt of gold embroidered tissue silk organdie in a heavenly emerald shade . . .

Enchanted at being permitted to greet the earlier guests and whisk their wraps to upper regions were daughters of the house . . . Lawrie and Janie, blond beauties in little girl party frocks of blossom toned organdie . . .

A de luxe version of The Greatest Show on Earth is being readied for June 13 when the Parents Association of Country Day School and Detroit University School stages its third annual carnival on the Grosse Pointe boulevard grounds of Country Day.

The carnival with all the thrilling rides of an amusement park will have a Midway, gay and gaudy, offering special attractions and then there'll be a boulevard of miscellaneous booths stocked with a variety of wares.

Alfred R. Glaney Jr. is general chairman for the Carnival, with Bruce Chalmers serving as co-chairman. The event will benefit the scholarship funds of the two schools. On the sponsorship committee are Mrs. Alexander L. Wiener, C. Henry Haberkorn III (for the parents), Miss Barbara Bayne (for the Alumni) and Fred Duffield, Karla Behr and Betty Chesbrough (student representatives).

Visitors to the fair will also see a display by the U.S. Coast Guard on Water Safety. One of the newest and fastest boats on the water will be exhibited and land lubbers will find interest in a well known racing car.

Mr. and Mrs. C. Henry Haberkorn III in charge of the Carnival part of the day, give just a hint of the fun in store when they mention there'll be a Merry-Go-Round, a Ferris Wheel, a Tilt-A-Whirl, airplane rides for the young, auto rides AND pony rides.

Parent supervisors of the Donkey Booth are Mrs. Hilton Mosher and Mrs. John Williams and the workers will be students of the 9th grades of the two schools.

Ninth and eleventh graders at DUS will man the hot dog stand (not a reason in the world for you to leave for even lunch or dinner) and there'll also be a hamburger stand where Mr. and Mrs. Joseph G. Standart Jr. and Mr. and Mrs. Mead Baker will be in charge.

Mrs. John Hagen and the 11th graders of Country Day promise a dreamy Baked Goods booth and Mrs. David Richards and the 10th graders of Country Day will baby-sit with the too-tiny tots while older brothers and sisters and parents do the Carnival.

Society to Hold Birthday Party

Mrs. Charles Horton Metcalf will be guest of honor at the annual meeting and luncheon of the Historic Memorials Society, June 8 at the Grosse Pointe Yacht Club. Mrs. Lloyd Dewitt Smith will offer a toast to Mrs. Metcalf in tribute to her many years of service with the Society.

The Historic Memorials Society will observe its sixty-first anniversary. It was organized in 1891 as the Mt. Vernon Society. Through the efforts of Mrs. Metcalf, the organization retained its identity as a patriotic society after Mt. Vernon became a national patriotic shrine. She gave it its new name, The Historic Memorials Society and outlined its objective — "to promote and assist in the restoration and preservation of national, state and civic memorials." She served as its president for 20 years.

Following the support of Mt. Vernon, the Society assisted with a gift of \$500 to help purchase and restore "Kenmore" the home of Betty Washington Lewis, near Fredericksburg, Virginia. Since its initial gift in 1922, the Society has continued to support the restoration with annual gifts. Mrs. Metcalf has been Michigan Regent for Kenmore for 30 years. She recently resigned and was replaced by Mrs. Henry B. Joy.

At the annual meeting disposition of gifts from the Society for national, state and civic memorials will be designated. Its most recent civic gift was made to the Detroit Historical Museum; \$1500 to help furnish the Room of Tradition. Its interest and support of the Detroit Historical Society dates back 20 years when the Society contributed the necessary funds for the maintenance of the early museum, continuing to pay the rent until the new Historical Museum became a reality.

Hostesses for the afternoon are Mrs. Raymond H. Berry and Mrs. Millard H. Toncray and reservations are being taken by Mrs. Elias Ben Lyons and Mrs. Walter W. Fleming.

Mrs. Paul D. Aird, president of the society, has asked the members of the executive committee to meet at her home on Marquette drive for a special meeting on Wednesday, June 4.

Bride Carries White Heather at Wedding

Lorraine Gillette Tucks A Sentimental Sprig of Heather In Bridal Bouquet for Her Marriage to Alan True Schoerger in GP Memorial Church

A sprig of white heather sent all the way from Dundee, Scotland, was tucked in Lorraine Gillette's bridal bouquet of valley lilies when she became the bride of Alan True Schoerger last Saturday evening in Grosse Pointe Memorial Church.

Mr. and Mrs. John Dudley Gillette of Bishop road entertained the wedding guests at a reception in the Detroit Boat Club following the church service.

The heather was the gift of the bride's great uncle, Angus Gibson of Dundee, and it was as sentimental as the ivory satin and Alencon lace gown Lorraine wore.

She was the third bride in the family to be married in the gown which had bodice of the lovely lace caught to a great skirt of white satin which fell into a cathedral train.

Alencon lace mitts covered her arms to the just below elbow-length sleeves and her fingertip length silk illusion veil was attached to a Juliet cap embroidered in pearls.

Mrs. George A. Grabarek of Kalamazoo, with whom the bride attended Kalamazoo College, was matron of honor and the bridesmaids were Virginia Fowler and Barbara Fretz of Newberry, Mich.

They wore identical frocks of poudre blue tulle over taffeta. The pouf skirts designed opera length. On their heads were tiny illusion hats in a matching tone and they carried bouquets of white tipped fuchsia carnations.

For her daughter's wedding, Mrs. Gillette chose a gown of dusky rose chiffon and lace with

which she wore a small matching lace toque and white orchids.

The bridegroom's mother, he is the son of Mr. and Mrs. Albert E. Schoerger of Detroit, was gowned in beige chiffon and lace, with hat to match. She also wore a corsage of white orchids.

William C. Zabrowsky assisted the bridegroom as best man and the guests were seated by John C. Emerson of Pittsburg, William Brosius Jr., George E. Grabarek of Kalamazoo and Thomas Cor-saut of Ann Arbor.

It was a brief wedding trip for Lorraine and Alan.

They week-ended in Chicago and then returned to Ann Arbor where they will live on Knob Hill until the bride is graduated in June from the University of Michigan School of Nursing.

For traveling, Lorraine donned a light blue sharkskin suit worn with tiny navy straw chapeau and navy accessories.

KID BITS

By NANCY KASER

Saturday, May 24, will long be remembered as the evening of the Senior Prom "Midsummer Night's Dream." Almost all couples went to parties before and after.

Ann Carter was another one who gave a party that night after the prom; Sally Lemon and Dallas Kitchen, Barb Mensing and Jim Davison, Ellen Berard and George Cope, Marietta, Cashen and Paul Welch, Joanie Smithers and Rich Limberg, Nancy Gmeiner and Jack Fyfe, Sally Beardslee and Tony Pear, Betty Reitz and Terry Snowday, Jean Stunyo and Jim Yeager, Donna Georgi and Bob Jackson, were just a few there.

Both Chuck and Bob Schaller asked friends to a breakfast at their house. Some who stopped in there later that night, were Janet Fildew and Harvey Keith, Jeanne Newell and Dave Bouse, Bill Wondram and Fran Crowley, John Richardson and Pat Smith, Maral Molyneux and Ernie Niggard, Marilyn Howe and Diane Retzlaff.

Lots of these same kids had a real swell time at George Papich's, Edna Eden's, Fred Garriss' and Shirley Giller's.

Woods Church Planning Sale

Mrs. Gerald C. Schroeder was hostess Monday afternoon at a tea in her home at 50 Shoreham, Grosse Pointe Shores, for members of the rummage sale committee of the Grosse Pointe Woods Presbyterian Church.

The committee is made up of representatives from the 11 groups in the Women's Association of the church. They are already making plans for the annual rummage sale, to be held at the church next October 3 and 4. Mrs. Cecil Finerty, 1625 Hawthorne, and Mrs. Robert William Smith, 1681 Hollywood, have been named co-chairmen of the rummage sale committee to assist Mrs. Schroeder.

Mrs. Daniel Hembel, 1597 Newcastle, Grosse Pointe Woods, is chairman of ways and means.

The Women's Association groups and their representatives on the committee follow:

Elizabeth—Mrs. Schroeder; Esther—Mrs. Charles Brownell; Lydia—Mrs. Carl Asmus; Martha—Mrs. Arthur Bennett; Mary—Mrs. Rex Johnston; Miriam—Mrs. George Britton. Naomi—Mrs. George Brown; Priscilla—Mrs. W. F. Lancaster and Mrs. F. L. Lentz; Rachel—Mrs. Clarence Anderson and Mrs. Fred L. Olmstead; Rebecca—Mrs. Samuel Skeen; and Ruth—Mrs. Kenneth W. Smith.

The committee has asked church members to save goods for the sale and take them to collecting points. Committee members will supply information as to where goods may be deposited.

HANG TOGETHER
It should be all right to point out that industry and labor must hang together—or they'll hang separately.

Garden Pilgrims Ignore Rains

Last week-end's weepy weather didn't daunt flower lovers who invaded the Pointe for Detroit Garden-Center's annual pilgrimage to Pointe estate gardens.

Some 500 hardy souls checked in at garden gates on Sunday and the preceding day found at least 50 visitors in each of the nine open gardens.

One pilgrim journeyed by bus from her third floor walk-up apartment at Wyoming and Michigan, starved for sight of growing flowers since her landlord refused to let her cultivate a strip of ground beside his flat.

To prove the complete absorption this type of garden pilgrim enjoys, one turned in a ticket on the reverse side of which she had carefully written down a recipe for Strawberries Romanoff. Another visitor left a request for some of the herbs to be found in one of the gardens; she wished to use them in a christening bowl this week-end.

Bobbing umbrellas blossomed along with the dogwood and wistaria and footgear, to withstand the cold and wet grounds, ranged from the fragile plastic kind (for Cinderellas) to sturdy old fashioned rubber galoshes (for sensible gals).

Hostesses at the gardens displayed the latest in rainy weather chic. Mrs. Alexander Wiener hid from the rain in a gray gabardine raincoat and dashing Sou'Wester Cape Cod helmet to match. Mrs. Cameron Waterman and Mrs. Arthur H. Buhl Jr. wore the transparent plastic raincoats, and Mrs. Thomas Little III, wearing gabardine rain clothes, tripped over tulip beds in scarcely practical but delightful plastic toe rubbers.

Mrs. Julian Bowen, whose gardens were heavily visited on Sunday afternoon (many Pointers who had attended the dedication services at Grosse Pointe Memorial Church dropping by), greeted guests with her Yorkshire terrier tucked in her arms.

The terrier's name is George and he loathes being left out at parties. He had a bow tied in his top knot and did everything to show his joy but identify the trilliums.

Garden lover Mrs. Longyear Palmer stuck it out in all kinds of weather as she presided at the entrance to Mrs. Horace E. Dodge's Lake Shore road gardens and Mrs. Allan Shelden and Mrs. Phelps Newberry served tea to those who called at the gardens of the Ernest Kanzlers' home on the Lake Shore.

Mrs. John Jenness Newcomb, finishing her stint in the rain, dashed off to collect galoshes for the girls just arriving as hostesses.

Dr. and Mrs. Lowrie Craig Dickson Jr. not only made the pilgrimage but carried with them their two year old tow-head angel whose love for flowers has started early.

Mrs. James O. Murfin, who has been out of town, was on hand Sunday to welcome in her own charming way all those who came to see her gardens on Lincoln road.

And very much in evidence during the Pilgrimage were Mrs. Thomas Little Jr., Pointe chairman; Mrs. Frederick Schumann, Garden Pilgrimage chairman, Mrs. Alan P. Beebe and Mrs. Henry L. Newman.

Democracy is not a cure for war but war is a cure for democracy.

Dogwoods, Vibernums, Flowering Crabs

By VINCENT DePETRIS

The flowery month of May with its lilacs and wistarias gives us an added blaze of spectacular color with dogwoods, viburnums and flowering crabs.

Ancient legend is somewhat confusing as to the derivation of the term "Dogwood" for this species of beautiful small trees. One story has it that many years ago the English made a decoction from its bark to wash mangy dogs. This story is perhaps the most plausible one for us to believe regarding the origin of this common name. As a matter of information the bark of the dogwood does contain a fair amount of quinine, the same drug found in the South American chinchona which is so effective in combating malaria and tropical fever.

Over 50 Varieties
There are over 50 distinct known species of dogwoods. The species which we admire most for the abundance of long lasting white and pink blooms during early May is known botanically as *Cornus florida* or *floridum*.

The specific name "florida" or "floridum" has no connection with the southern state but is derived from the Latin word "floridus" meaning flowery or full of flowers.

This is rather appropriate since these small trees are literally covered with blooms at least every other year.

The pink flowering variety is known as "rubra" meaning red.

Need Moist Soil
Dogwoods thrive best in moist fertile soils and in semi-shaded locations. They make a picture of unforgettable beauty with their drifts of showy and long lasting flowers. They attain the size of small trees, and have the advantage of giving a colorful display of reddish foliage in the fall.

Dogwoods are most successfully transplanted with a ball of earth attached to the roots. The best planting time is early spring, not later than the end of April, or in the fall after they have shed their leaves.

Variety from China
A rare and very white-while dogwood is one introduced from China. It is known as *Cornus Kousa* or commonly as the Chinese Dogwood. It is very similar to our North American dogwood but differs in its blooming period which is late June. Moreover the Chinese dogwood blooms after the foliage has been produced.

The number of shrubs comprising the Viburnum family is quite extensive. However the most beautiful and showy of all the viburnums is the viburnum tomentosum commonly called the "double file" Viburnum because of the double ranked flower clusters along the stems. The color is white and when in full bloom this large shrub is a spectacular sight.

Dazzling White Flowers
It is completely covered with arching branches of dazzling flowers from the end of May into June. The merits of this shrub do not end here. It is very robust in habit, attaining a height up to eight feet. It is remarkably free from disease and insect pests and does exceptionally well in partially shaded locations.

This Viburnum is easily transplanted and quickly established itself. The best time to plant is while the plants are dormant either in early spring or late fall.

Flowering Crabs
Flowering Crabs (*Malus*) comprise an important group of May flowering small trees which are easily grown and very showy and colorful.

They are particularly desirable either as individual specimens or for background grouping. Flowering crabs are easily transplanted when dormant. They are very hardy and extremely easy to grow, adapting themselves to a wide range of conditions. When in full bloom the myriads of blossoms completely hide the foliage.

The best pink varieties are: M. Floribunda; M. Halliana Parkmani; M. Ionensis, a double variety; M. Baccata; and M. Scheideckeri.

The best red are: M. Atrosanguinea; M. Purpurea; M. Rosy-bloom; and the purple leaf variety, M. Purpurea Eleyi.

Among the white flowering

crabs the best are M. Sorgenti and the newer introduction from China, Malus-Theifera, the Tea Crab. This latter variety is of a bushy and compact habit up to 15 feet. It is completely covered with white blossoms in mid-May.

From Apple Family
Flowering crabs belong of course to the apple family. The botanical name *Malus* is the Latin word for apple. Most of the showy varieties come from Northern China and Siberia, consequently they are all extremely hardy. All varieties produce an abundance of either red or yellow fruit which lasts well into the winter.

Many of the heavily fruited varieties possess a great deal of appeal and beauty in the fall months.

To summarize, the Dogwoods

and Flowering Crabs are extremely beautiful small trees when in bloom and also attractive in the fall months with brilliant foliage and showy fruit.

The Viburnum makes an unforgettable sight when in bloom in May and flourishes with great vigor in partially shaded locations. Could we ask for more?

Pick Delegates To Boys' State

By David Stalker
G. P. H. S. Journalism Student
Boys from all over the State of Michigan will convene June 19-24 in Lansing, at Michigan State College campus for the annual meeting of Wolverine Boys' State.

Eleven boys from Grosse Pointe High School have been selected to attend this eight-day program. They are Peter Gall, 11B-Louis Hribar, 11B, Wayne Miller, 11A, Bob Backhaus, 11A, Bill Wundrum, 11A, Dave Terris, 11A, Kurt Ewend, 11A, Bill Miller, 11A, Jerry Goebel, 11A, and Charles Schaller, 12B, Dane Belfore, 11B. The Grosse Pointe Rotary Club, American Legion Alger Post 86, the Klett Chapter of the Disabled American Veterans, and the Detroit Districts Association of the Disabled Veterans will pay the boys' total expenses for the trip to Lansing.

Wolverine Boy's State is set up for the purpose of acquainting future citizens with the way in which the state government is run. At Lansing they will organize a mock government and go through all the procedures as if they were the governing body.

Students from Grosse Pointe High School are chosen from grades 11B, 11A, and 12B, so that they will have a chance to return to school and apply some of the principles they have learned.

Students were selected on the basis of citizenship, sportsmanship, cleanliness, enthusiasm, and mental alertness. They were chosen by Grosse Pointe High School counselors, physical education department heads, and H. Y. and S. A. sponsors.

NO HITLER INVENTION

The swastika, a symbol generally associated with the Nazi regime, was not original with the Germans of Hitler's time. The Book House for Children describes it as "a design used by the American Indian of the southwest to decorate baskets, pottery, blankets, and other articles."

Welcome Wagon Gets Welcome Gift

The organization that makes a speciality of good public relations by welcoming new residents to the community, new babies into the world and giving special recognition and presents to brides and brides-elect, was the recipient of a nice gift itself. FRANK McLAUGHLIN, Pontiac dealer whose sales and service headquarters are at 3162 East Jefferson avenue, has provided the transportation for Welcome Wagon's representative in this area. Left to right—MR. McLAUGHLIN, MRS. LOUIS HUTCHENREUTHER of Harcourt road, new hostess for the Grosse Pointe Park, City and Woods; and MRS. LE-LAND KENNEDY of Lakepointe avenue, former hostess and recently appointed supervisor for Welcome Wagon for the Metropolitan Detroit district.

Narrowly Misses Serious Injury

While stopped in the rain in front of the Grosse Pointe Woods police station, trying to retrieve a lighted match that had been flipped into the back seat of his car, Salvatore Maniaci, 4406 Holcomb, narrowly missed serious injury.

Standing in the street with the car door open, Maniaci leaned into the rear seat searching for the match when a Buick driven south on Mack avenue by John Shafer, of 22778 David, struck the door.

Shafer told police he had been having trouble with his windshield wiper and had not seen Maniaci's car. He was ticketed for reckless driving.

OFFICER IN AIR FORCE

Adelbert E. Gieche of 749 St. Clair, Grosse Pointe, has received his commission as a second lieutenant in the Air Force Reserve. While at Michigan State College, Adelbert was a member of the Air ROTC Unit with the rank of 1st Lieutenant in the Cadet Corps.

Flood Protection Progress Reports Heard at Meeting

Last Monday at the Grosse Pointe War Memorial Center the Flood Committee met once again to revise the high-water condition that threatens the Pointe shoreline.

Spokesmen for Grosse Pointe Woods stated that the Milk River diking project has neared completion. The park swimming pool has been provided protection against inundating waters so that swimming facilities will be available without fear of contamination.

The Farms reported that the Wayne County Road Commission is continuing work along the lake front, laying tremendous concrete slabs above the seawall as a preventive measure against further erosion by wave action. Last week's storm which raised the lake level 1-5 of a foot proved the project adequate, spokesmen said.

The Park now has completed construction of its 3,000 foot flashboard wall along its shoreline. The carpenter strike has halted work on the wooden flood-wall along the east bank of Fox Creek. However, Detroit engineers have suggested that the existing earthen dike would offer more than sufficient protection if widened and reinforced with more fill. The problem, according to Park officials, lies in the acquisition of the proper fill, clay. The City has completed its contour map showing elevations that constitute danger areas. Also, a survey of the "critical basement

areas" has been prepared and made available to residents of the community.

In the event of a flood, the Michigan Consolidated Gas Co. advises that residents whose basements have been flooded cut off their gas lines at the shut-off point in the basement; also gas hot-water heaters. Facilities on the upstairs floors would still be useable.

The Flood Committee is preparing a booklet, similar to that published by the OCD for distribution in the Fox Creek area, devoting a section to each of the Pointes, explaining their situations.

Drunken Driving Costs Her \$60

Grosse Pointe Park police arrested and held Dorothy Powell Adams, 37, of 5837 Holcolm, May 22, on a drunk driving charge. She had smashed two automobiles parked on Mack avenue near Yorkshire, striking one, then swerving across the street into another.

Police Matron Grace McCracken accompanied the arresting officers to the Wayne County Jail until her trial the following day. Judge C. Joseph Belanger fined her \$60 and ordered her driver's license revoked for one year.

MacArthur Gets New Woods Job

Last week the city council of Grosse Pointe Woods announced the temporary appointment of Ray MacArthur, 39, as city administrator to replace Philip Allard, whose resignation from the position will become effective June 14. Allard gave up active participation in the affairs of that office Wednesday, May 23.

MacArthur, who is presently both city clerk and comptroller has been in the employ of the municipality for the past year. He assumed the duties of clerk following the resignation of Dorothy Westendorf, three weeks ago.

Spokesmen stated that of the applications received for the permanent position of city administrator, none have been approved.

Summer Program Scheduled By Woods Community Club

"Register your children early!" is the official word this week from the Grosse Pointe Woods Community Club which is gearing for the summer program to begin June 23.

In order to serve the greatest number of children and still provide them with a quality experience, a Day Camp program has been designed. It will consist of three two-week sessions, three days a week, divided into age groups with the 4-7 year olds coming in the morning and the 8-12 year olds in the afternoon. As each section is limited to 40 children, early reservations will insure your child's attendance during a period convenient to the family.

Themes have been chosen for each two week period. Children coming from June 23 to July 3 will undoubtedly become Indians, "Forty-niners" or something equally historical under the theme of "Pioneer Days." "The Greatest Show On Earth" will set the stage for the second session, July 7-July 18. Buccaneers, pirates or sailors will fill the Chene-Trombly playground the third session, July 21-August 1, when "Over The Bounding Main" will be the theme.

The programs in all three sessions will include sports and games, crafts, special projects, simple dramatics, outdoor skills, and other activities.

The fee for Day Camp will be \$1.00 a session for Community Club members and \$1.50 for non-members.

The second part of the summer program will be playground activities and recreation under the direction of Edward Werner. If the demand is great enough, a special play day at least once a week will be established where members choosing not to attend the Day Camp can participate in a planned program of sports and games, crafts and other activities. The Community Club will attempt to supervise the playground during the times when specially planned programs are not in session. Of interest to boys is the fact that instruction in softball will be available.

The third part of the program is the evening teen-age program. It will include a Boy's Club Night, a Girl's Club Night, and Coed Club Night. Boys and girls must be 12 years old to register for these groups, except you must be 14 to register for the Coed Club. The final details of planning and scheduling will be completed by a committee of active teen-age members in conjunction with the

staff. It is additional there will be a few additional openings for new members in this program.

Registrations for any of the summer activities should be made in person by the parents of the children at the Community Club, 20883 Mack, 9 a.m.-5 p.m., between June 2 and June 20. The Community Club is one of the agencies cooperating in the United Foundation Torch Fund. Its membership is open to all residents within the Grosse Pointe school district.

Pointe Chapter Of AAUW Elects

Spring flowers, for-get-me-nots, spirea, tulips, lilacs and iris, made delightful splashes of color on the luncheon tables when the Grosse Pointe Chapter of A. A. U. W. had its final meeting of the spring season and an election of officers on Thursday, May 22.

The chapter also commemorated its 9th birthday. First president for the group, which started with approximately 30 charter members in April 1943, was Mrs. John Pear. The membership now numbers 119.

Dr. Deborah Bacon, dean of women at the University of Michigan, was guest speaker for the occasion. She spoke of the 800 foreign students now enrolled at the university. "It is interesting to note," she said, "that foreign students seldom come to America to study the arts, or philosophy, but engineering, medicine, public health and education. In other words, the good old American 'know-how' of getting things done."

She urged members to visit their homes for holiday opening to the foreign students as the best possible means to show how democracy works in family life and the community.

Welcome to New Teachers

Because of the growth of the Grosse Pointe community and the subsequent increased enrollment in the public schools, the Grosse Pointe School Board has made some 50 appointments to the different faculties.

These appointments have also been made because of the need to replace those teachers leaving the Public School system for reason of transfer or retirement.

By way of introduction to the parents of children who will attend or who are now attending the public schools, the NEWS is publishing weekly short biographies of those whose appointments have been confirmed. During the coming months until school reopens in the fall, the biographies of new teachers will appear in each issue.

The Grosse Pointe School Board has announced the appointment of BEULAH JEAN MARKHUS to the faculty of the Mason Elementary School. She will teach fifth grade students, beginning next fall.

JEAN LOIS COLLINSON, of 841 Grand Marais, will teach Kindergarten at the Monteith and Poupard Schools, beginning next fall, according to a recent announcement by the Grosse Pointe School Board.

Born in Moline, Illinois, and a graduate of the public schools of Toledo, Ohio, Miss Markhus is now a student at the University of Michigan, where she is active in student affairs.

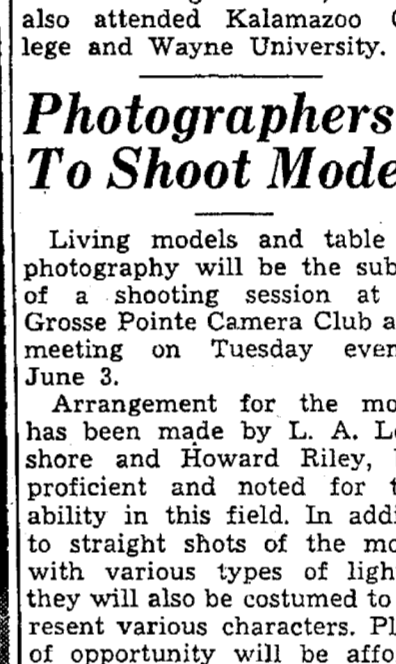

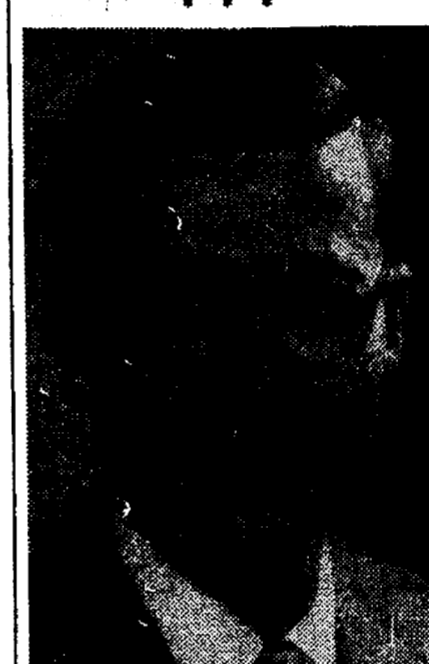

She is a graduate of Grosse Pointe public schools and of Michigan State College, where she was active in campus activities. She has been teaching in the Dearborn public school system since her graduation from Michigan State last December.

Since her graduation, she has also attended Kalamazoo College and Wayne University.

She will receive her B.A. this June.

Davis, editor of The Freeman, at 8 p.m. at the Buckingham Hall, 15917 Harper, in a talk on "Contemporary Politics".

Mr. Davis was formerly the editor of the Denver Rocky Mountain News, and from 1941 to 1946 the Washington Editor for the Saturday Evening Post. In 1947 and 1948 he was in Europe as a representative of the Secretary of War on a special mission.

The Freeman is a national magazine, founded in 1950, conceived in the idea that the middle of the road needed a forum to counter-act the weight of the intellectual "left". "Freedom," says Mr. Davis, "is like a ball of yarn—indivisible, integrated, one continuous strand bound tightly together. Take a knife and cut into a ball of yarn—remove the most tiny section—and you no longer have a ball of yarn... just a hundred useless, meaningless shreds."

"Freedom is the same. Remove one small piece and irrevocably freedom is weakened over-all. Those who have been carving away at freedom are now a deadly danger to traditional American freedom—political, economic, and personal."

Col. Felix Vidal Given Command

Col. Felix L. Vidal, a West Point graduate and now an Air Force Reserve Officer from Grosse Pointe, Michigan recently assumed command of the 929th Reserve Training Wing at Selfridge Air Force Base. The wing is the largest in the Tenth Air Force area and among the leaders countrywide in assigned strength.

Colonel Vidal brings to the Wing his 15 years of active duty experience during which he had the wartime command of the 72nd Fighter Wing and the 325th Fighter Group.

The 39 year old Colonel was commissioned from West Point in the Class of 1933 following in the footsteps of his brother Eugene who also graduated from the Academy and later became Assistant Secretary of Commerce and Chief of Civil Aviation under President Roosevelt.

Cadet Vidal, a plebe at 16, was the youngest player on the Academy football team. In his junior and senior years, he quarterbacked the Army team to victories over Navy. For his outstanding play in the 1932 season, Vidal was selected on most of all the All America teams.

Upon graduation in 1933, he immediately went to Randolph and Kelley Field for Pilot training. After winning his wings, he completed tours of duty at Barkdale AFB, Panama, and Mitchell

Field. At the outbreak of the war Colonel Vidal (then Major) became A-3 officer of the 1st Fighter Command. From there he was assigned command of the 72nd Fighter Wing, he became Deputy CO of the 306th Fighter Wing, 15th Air Force.

In the final stages of the war, Colonel Vidal was Commanding Officer of the 325th Fighter Group in Italy. He flew 14 combat missions and was awarded the Legion of Merit, the Bronze Star, and two Air Medals.

In 1945 he was ordered to the Pentagon as Manpower Chief. His mission was to carry out an orderly reduction of manpower and to set up new manning tables for the post war period. For his work in this assignment, Colonel Vidal was awarded the Commendation ribbon.

In 1946, with his assignment completed as Manpower Chief, Colonel Vidal resigned from the Regular Air Force to enter private business. He is currently head of the Labor Relations Division for the Hudson Motor Company.

Pete Schummer Hurls No-Hit Game to Give St. Paul Win

By Fred Runnells
St. Paul Flyer baseball fans have a new hero to cheer today after Pete Schummer posted the first no-hit ball game in the history of the school on Grosse Pointe boulevard last Monday, May 26, while he was handing Annunciation a 13 to 0 shutout on Algonquin Field.

What made Schummer's feat all the more glamorous was the fact that he issued no walks while striking out ten. Only two Annunciation players reached first base, both on errors. Neither of them reached second. One was picked off first and the other tossed out when he tried to steal second base.

Also Stars at Bat
Schummer was not only a tower of strength on the mound but he led the Flyers' attack with a double and two singles in four times at bat to become the leading hitter of the day. Roy Moxley was the only other Flyer player to contribute more than one hit to the 13 hit attack. He collected a triple and a single. St. Paul practically sewed up the game in the fourth inning with a 6 run splurge that gave it an 8 to 0 lead and Schummer a good margin to coast on if he had so wished.

As far as this writer can determine Schummer's no-hit performance was the first by a high school boy in more than two decades.

Keeps Team in Tie
The victory was incidental but very important inasmuch as it allowed the Flyers to remain in a four-way tie for second place in the East Side Parochial League with St. Catherine, St. Ambrose and St. Mary of Mount Clemens. All have won 5 and lost 4. St. Martin leads the league with 8 wins and 2 losses.

Boat Banter
By Fred Runnells

That high water that has been causing so much trouble this spring is casting a shadow on the first inter-club DRYA sailing regatta. Because of the high water Detroit Yacht Club race committee chairman John G. Painter has been forced to change the plans for the DYC Memorial Day regatta on Friday, May 30.

Originally Painter had the fleet finishing in front of the DYC dock but the rebuilt docks will not provide enough room for visiting boats to tie up and hold their usual after the race confab. Therefore, the 24 class fleet will start and finish in the Lake.

Also, Painter points out that skippers should have a sharp eye about them and notice the new starting and finishing lines being used for the first time this year by the DRYA. There's gonna be two, yep TWO, starting buoys. One on each side of the committee boat so be sure you know which way you're goin' before you start.

DRYA Commodore Ed Bodkin's idea of a sustained membership in his organization has caught on like wild fire. The commodore's idea was brought to light when he took over the reins of the DRYA at the winter meeting held at Crescent Sail Y.C. Seems the DRYA was running in the "red" each year and then had to go around its member clubs and ask for a handout. The sustained membership idea takes the DRYA out of the "soup line" category and puts it on a sound financial footing.

Already 132 sailors have sent their two bucks—that's all it costs—to secretary Hal F. Smith at 2747 Calvert.

How about sending that check for two bucks before the first regatta Memorial Day. After all it is for your own benefit and the DRYA is you and you and you and especially YOU.

State Track Meet Close

The annual high school State track meet held at Ann Arbor last Saturday, May 24, in the mud and rain turned out to be the closest in 26 years. Only four points separated the first six schools in the final standings.

Saginaw High, the pre-meet favorite, captured 21 points to lead Pontiac by two points, who in turn edged Highland Park by a half point. Kalamazoo Central followed with 18 points. Grand Rapids Union 17 1/2, and Grosse Pointe 17.

Devil Point Winners
The Blue Devils' points were earned by Ray Raetzl who finished third in the 100 yard dash and fourth in the 220. Ralph Gray was a section winner in the 440. Bob Schaller, Grosse Pointe's star half miler who was figured to equal or better the State half mile record, was hampered by the heavy track and had to settle for a section victory in his specialty.

DUS in Tie
In Class "D" Detroit University School notched a two-way tie for third place with Suttons Bay. Both scored 15 2/5 points.

DUS earned its points on Bruce Garbutt's victory in the broad jump; Jim Ottaway's second place in the pole vault; a sixth in the medley relay and a third in the half mile relay events.

Ball Schedules Ruined By Rain

Grosse Pointe's American Legion baseball team, Tom Boyd, was idled by wet grounds last Sunday, May 25. The game will be made up at a later date which is all right with Manager Bill Pierce, who expects to acquire a basketful of stars from Grosse Pointe High School when the Blue Devils complete their Border Cities League season next week.

Coach Eddie Lauer's St. Paul Flyers, just one game removed from first place in the East Side second division Parochial League race, had two games scheduled and both were rained out on Tuesday and Thursday.

Coach Lauer hopes to have fair weather for the next two weeks so his team can complete its schedule, which has five games to run, before school lets out for the summer.

Errors Costly To Legion Team

Tom Boyd's American Legion baseball team lost a comedy of errors on Sunday, May 11, at Wallace Field when it outfumbled Vincent Post by 12 to 5 errors and wound up on the short end of a 12 to 4 score.

The loss was the second in three starts for the local nine despite the good pitching of Jack Rohloff, who practically gave up in disgust in the fifth inning when his teammates kicked in four runs for the opposition. The first five balls pitched by Rohloff were easy bouncers which should have been easy outs. All were turned into baserunners by the butterfingers infield. The first four errors produced two runs and after Doug McBride took over the pitching chores in the fifth a couple of hits and another error produced two more runs.

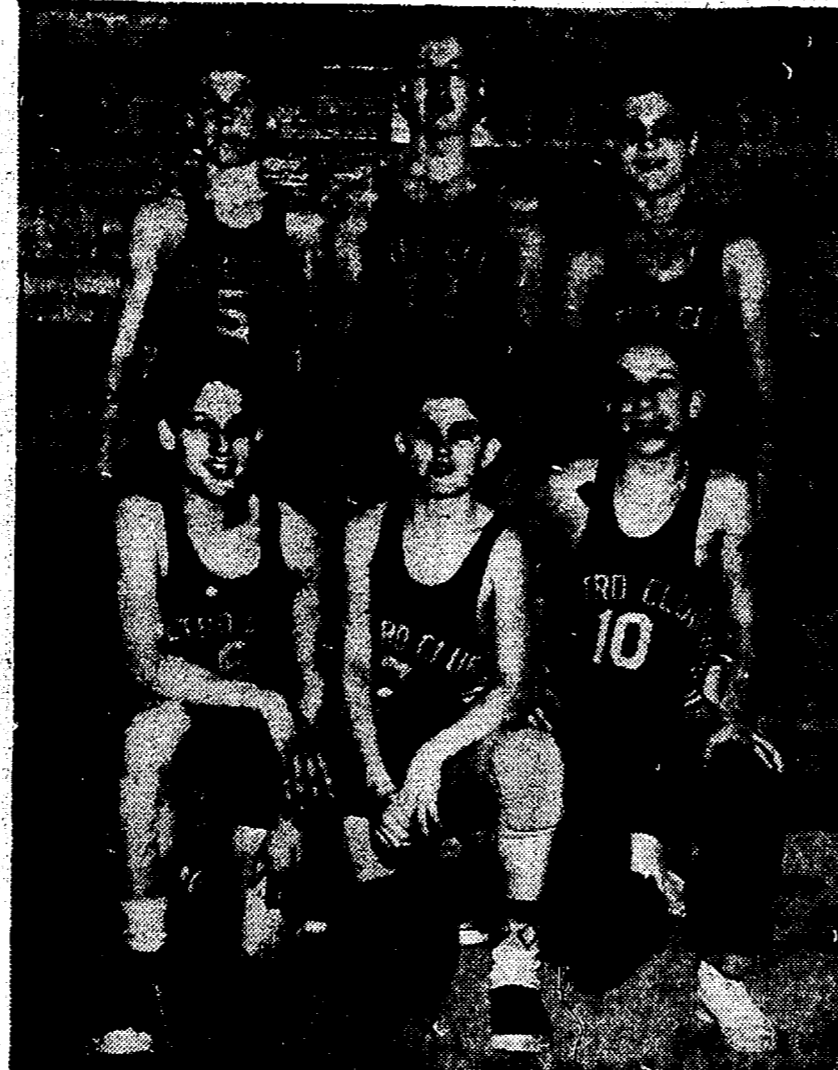

Vincent Post committed five miscues to bring the game total to 17 errors.

Winning pitcher Howell allowed 8 hits while striking out 4 and walking 3. Rohloff, who was the losing pitcher, was tagged for 4 hits and 7 runs while striking out 5 and walking one. His relief hurler, McBride, allowed 4 hits and 5 runs and struck out 3 and walked 3 in the last four and one-half innings.

Last Cage Champions

The last basketball champions to be crowned in Grosse Pointe are the Metropolitan Club's Juniors, who won the Junior Division title at the Neighborhood Club. The Metropolitan Club sponsored three teams during the 1951-52 season to become the biggest sponsor of athletic teams in the Grosse Pointe area. The club also sponsors a baseball team each year. Left to right, standing: TOM MCCARTHY, JAMES AYRAULT and ED MCKERNAN. Kneeling: AL WORTHMAN, JOHN WADE and FRED VAN TIEM.

Runnells Rides Winning Tug

Your reporter turned "stink boater" for a day and just long enough to be a rider on Captain John Roen's 135 foot Diesel powered tug "Roan V" from Sturgeon Bay, Wisconsin, which won the third annual tug boat race last Saturday, May 24.

The victory marked the third year of trying for Captain John, who each previous year had taken second place behind Captain Earl McQueen's 80 foot "Atomic". In each preceding year Captain John had brought a smaller tug boat to the races and failed. This year he took no chances and brought the pride and joy of his fleet, the 1800 horse powered "Roan V". This big brute was the pre-race favorite and carried off most of the rainedrenched gold and silver trophies that adorned the table at the finish line in front of the Veterans Memorial Building.

Captain John's only real threat, Cap'n McQueen's "Atomic", was forced to drop out of the race shortly after the start at the foot of Livernois when the lubricating oil in her crankcase reached the flash point and exploded, filling the engine room with a black cloud of smoke and singing the eyebrows of a couple of engineers. It took about five minutes to clear the engine room of the grimy smoke and get "Atomic" underway again. By this time, the entire fleet of eight other tugs were ahead of her. However, "Atomic" made a game try of it and finished sixth.

From your reporter's vantage point on the top deck of the winning tug, the "darling" of the fleet was the Great Lakes entry, steered by Cap M. E. Kelly, "Nebraska" which was first over the starting line and second to finish. What caught everyone's fancy was the way the "Nebraska" would belch out columns of white steam and black smoke as Cap Kelly would call for more speed in his unsuccessful attempt to catch the fast moving new champion. The "Nebraska" was the only steam tug in the race. And there were times when the hundreds of spectators who lined the American shore, couldn't see the hundreds of spectators who lined the Canadian shore because of the billowing black smoke from the "Nebraska's" stack.

D.U.S. Wins Ball Crown

Behind the 4-hit pitching of Dave Rentschler and the timely hitting of Bill Osbeck, DUS topped Grosse Ile, 6 to 3, May 21, to clinch the Southeastern Suburban Conference baseball crown.

DUS has now won 8 to 9 league games. Rentschler chalked up one-hit victories over Edison and Detroit Country Day School, and 4-hit victories over Grosse Ile, A. E. Smith, and Edison.

In an 11-inning, 3-2 victory over A. E. Smith, DUS's Bruce Garbutt gave up only one hit during the last seven innings.

Captain Bill Osbeck has hit 19 times in 37 trips, to the plate, leading the team batting averages with .511.

Timely hitting by Garbutt, Gordon, and Birgbauer have been deciding factors in many of the squad's victories.

What makes the title doubly sweet for DUS is the fact that this year's squad is the same that wound up in the league cellar last season.

Two losses have been suffered during the 11-game season: Southlake and DCDS.

Flyers Trounced In Track Meet

St. Paul's optimistic track team suffered its most disastrous blow of the 1952 track season when it finished far down the list in the Parochial Regional track meet held at U. of D. Stadium on Wednesday and Saturday, May 14 and 17.

Prior to the two day meet, which saw the track events staged on Wednesday and the field events held on Saturday, the Flyers school boy coach, Bob Walker, had high hopes of capturing the Class C honors. However, St. Mary's of Orchard Lake, practically sewed up the crown in the very first event when it scored 12 points with a first, second and third. From that point on it was St. Mary's all the way with the rest of the schools picking up what crumbs were left laying around.

The Flyers gathered 18 points on Lou Geist's two second places, in the high jump and the 180 yard low hurdles; Bob Walker's second place in the broad jump event and a third place in the high jump.

St. Paul's final points were captured by the Medley relay team of Phil Van Tiem, Gary Fett, Jack Tombrly and Wally Houge who finished third.

Blue Devil Baseball Team Finally Tastes Victory

Grosse Pointe baseball team took its last bus ride of the season when it went to Royal Oak last Wednesday, May 21. For once it was not a long ride home. After seven long games, in which the Blue Devils took all the short ends, the Pointers won a game. The score was 4-2 and Lou Hribar got credit for the victory.

In the first inning the Devils' only hit came off the bat of catcher Ron Smith. However, Royal Oak got off to a good start as they got two runs on two hits. Wohlfel and Dehart, the center fielder and second baseman, both singled to center and, then proceeded to score as Grosse Pointe made three costly errors.

Smith Gets Second Hit
In the third inning Grosse Pointe collected another single as Ron Smith got his second straight hit, but the Blue Devils had to wait until the fourth inning to collect their first run of the game. It came when Rod Haldeman doubled to left and then scored as the Acorns' left fielder and third baseman made errors.

In the fifth inning the Devils got the three big hits and walk of the game. Again it was Ron Smith who started it off with his third straight single. Then came the long overdue explosion. Diccico singled to left and Bob Sealy followed with a booming triple that should have been an easy home run.

Out of Luck
However, luck was not with Bob because the ball hit the bleachers and rolled back to the right fielder. Don Schmidt followed with a single to center to score Sealy with the third run of the inning.

Big Day for Smith
It was a big day for the Blue Devils and also, for Ron Smith. Ron has started the last three games, in nine times at bat he has collected six hits and walks (once). He is now batting .667. The average speaks for itself.

The totals for the game were Grosse Pointe: four runs, nine hits and three errors; Royal Oak: two runs, seven hits, and three errors.

Flyers Win East Side CYO Title

St. Paul's grade school baseball team chalked up a 2 to 0 shutout over St. Clare on Monday, May 26, at Cannon Field to capture a share of the East Side CYO baseball championship with St. Clare and St. Rose.

By sharing the baseball title the St. Paul grade school athletes gained the distinction of having won the three major sports championships in one year. They won the football crown last fall and the basketball title last winter.

Pitcher Bob Marshall struck out 18 batters while allowing only 2 hits and walking three in registering his third victory of the season.

St. Paul scored its two runs in its half of the third inning when Lou Echlin, the lead-off batter, was hit by the pitch and sent to first base. He promptly stole second from where he scored when Russ Roland singled into center field.

Roland drove St. Clare's catcher crazy as he ran wild stealing second and third bases before he got caught in a run-down between third and home. Roland looked like a sure out but with an uncanny burst of speed evaded the catcher's tag and scored standing up for the final run of the game.

The Flyers will now enter the race for the City CYO baseball crown which is a one game knockout tourney.

St. Paul finished the regular season with 4 wins and 1 loss in five starts.

The sort of thing we wish Joseph de Grimme had been here to share. However, it's been difficult to bring any subject to Sir Joseph's attention these past few days. During the recent visit of Austria's Chancellor Figl, Joseph had a nostalgic half hour's visit, learning how his native Vienna is coming back again after war's devastation . . . and that his favorite St. Stephen's Church, where he went as a young lad, has been completely restored.

PILFERINGS

From Punch magazine comes the poem, "Old School Tie":

I look around
At our Old Boys' Dinner;
None of us chaps
Seem to get any thinner.
A solemn thought
Comes into my head:
An Old Boys' Dinner
Is a Middle-aged Spread.

And in the same magazine's Charivaria column: "A Sunday Times reader suggests that parrots understand what they say. This disposes of their only excuse."

Also under the head of Civilization we learn there is a club in Paris called Societe de Tyrosemiophilia with the object of uniting all those interested in the colored pictures which decorate the tops of cheese boxes.

Says Bennett Cerf:

Eddie Cantor has developed a new quiz program. Your name is selected at random from a local telephone directory, and if you're home when Cantor calls, he borrows twenty dollars.

And his "Shake Well Before Using" includes the story of the two cockneys who were riding up to London on the morning train when they spied a dignified old party on the seat opposite, reading his morning Times. "Blip me," said one in awe, "it's the Archbishop of York." "Ye're cuckoo," scoffed the other. After heated discussion they bet a quid on it. "Only one way to find out," said the first. "I'll ask 'im!"

He then poked the old party vigorously in the back and said, "Beg pardon, mate, but, to settle a bet, are you not the Archbishop of York?" The old man put down his paper angrily and said very distinctly, "What the blank blank do you mean by bothering me this way? Buzz off, you blank blank blank, before I pull the be!! cord."

The cockney resumed his seat with a puzzled air and admitted,

"I still dunno whether it's the archbishop or not. 'E wouldn't tell me!"

Pointer of Interest

MRS. CLARK L. BASSETT of LOCHMOOR BOULEVARD

By Ann Schrage

The 15th Annual Exhibit of Grosse Pointe Artists Association is now in progress at the War Memorial Center. So we thought it timely to introduce our readers to one of the Association's most ardent members, Gertrude Geer Bassett.

Mrs. Bassett won the Lilian Pear Award in this year's exhibit for her oil painting, "Harmony," a subject of four small musical instruments. This is her second award. Last year she won second prize for an oil entitled "Fruit."

This recognition is not surprising after seeing the many beautiful pictures that Mrs. Bassett has painted in the past 15 years.

Painting to her is almost as natural as breathing, particularly since it has become a phase of her family life—one seldom separating from the other.

Studio in Home
The large dining room of her spacious Southern Colonial home on Lochmoor boulevard is also her studio. Its picture window facing the garden gives her the most light a good part of the day.

Here at the window stand her easel and palette and each day finds Mrs. Bassett painting in her spare time. She has an exactness of detail and color and a wealth of original ideas.

She paints portrait heads of her friends and family and other subjects for special places in her home. Be it for the beautiful Victorian living room with its off-white walls that set off the antique framed oils, or for her kitchen.

In the kitchen there's a painting of a pair of Dutch shoes. The originals were brought back from Holland when the Bassetts toured Europe last year. Now holding trailing ivy they hang in the alcove on either side of the kitchen sink.

The Bassett Boys
Beside Mr. Bassett, are four sons, Blackie the family dog, and one goldfish, who has recently been a model for two lovely Chinese theme oils that hang in the breakfast room.

Tom, the oldest son, who married last year after graduating from the School of En-

gineering at U. of M., now lives in Fort Worth, Texas, where he follows his chosen profession.

Bob, the second son, enlisted last June, is an aviation cadet at Marana Air Base in Arizona. Clark, Jr., will graduate from Grosse Pointe High School next month, and has been chosen for the National Honorary Society (Tom also achieved this honor). He will be a pre-medical student next year at U. of M. The youngest of the family, Dick, will finish at Brownell in June.

Favorite Subjects

The Bassetts spend a large part of their Summer days on their cruiser, "Topsy II" (Mrs. Bassett's youthful nickname) and Mr. Bassett is the "captain." Although none of the other members of her family aspire to her talent in painting, her husband is an excellent amateur photographer, she told us.

Mrs. Bassett's painting reflects her great pride in her family. Four identically framed "heads" of the boys and one of her new daughter-in-law now grace the paneling over the library fireplace.

On the hearth an antique wooden cradle caught our eye. Mrs. Bassett told us it had been used for all four babies and had been made by Mr. Bassett's great grandfather. It is over 100 years old, and for the present, is being used for a magazine rack.

A Collection
An oil of "Paw" and "Maw" Bassett (she did a self-portrait) hang on either side of the fireplace finishing the Victorian theme in the living room.

She called our attention to a very old clock on the mantel. The entire mechanism is made of wood.

She admits to being an antique collector, having chosen "all the lovely pieces that decorate her home."

The Heart Path
Her art does not stop with the

back door. In the garden we saw replicas of grist-mill stones she had made, also a heart shaped pattern for stepping stones, all ready for the concrete.

While these are still wet, the names of each member of the family made of wooden letters will be put in, leaving a permanent imprint.

There will be a "heart" for each member of the family.

Mrs. Bassett stores her paintings like her books. Making changes as she rearranges her home, or to suit her fancy of the moment.

To date she has done 70 portrait heads; many subjects: marines, landscapes, still-life themes; 15 needlepoint pieces for her Victorian antiques; and some ceramics. She attends three classes each week to improve her technique for she is determined to be painting for many years to come.

"The Idea Woman"

On the prize committee for the Mothers' Club of Grosse Pointe High last annual party, she decorated all the table prizes with little flowers made of bits of wire, sequins, and colored metal. She also donated a marine oil painting for a door prize.

A member of AAUW, she has also been the Michigan representative of her alma mater, Sweet Briar College, Va., for the past 17 years. This year she is editor of Class News for the college. Her interests also include the D. A. R. and the Grosse Pointe Women's Republican Club.

We were strongly impressed with the entire Bassett family and repeatedly had the thought that here indeed is the typical family, we would like to feel, that constitutes the backbone of our community of Grosse Pointe.

This should be a great satisfaction to Mrs. Bassett. We would not only like to nominate her for the ideal woman, but also to borrow a pet name her boys have for her—"The Idea Woman" of the year!
