

### Group Sponsoring Kid's Baseball

(Continued from Page 1)  
port leagues in their own communities."

**Founded in 1939**  
For the uninitiated, Little League Baseball had its beginning in and around Williamsport, Pa., in 1939. Its founder was Carl E. Stotz, a native of Williamsport, who realized that boys in the 9 to 12 age groups needed, more than anything else, competition in their own age group with field and other equipment trimmed down to their size.

It is played exactly like Big League baseball except that it is adapted to the mental and physical requirements of junior boys. The exceptions are in the size of the diamond, distances of pitchers' box to home plate, number of innings, distances between bases and equipment. For example, instead of using steel-spiked shoes, boys in Little League wear a special canvas shoe with rubber cleats. All boys must also wear a specially-designed protective cap.

**Have Farm Teams**  
Another great feature of Little League Baseball is that, in an effort to give as many boys an opportunity to actively compete, those who do not at the outset make the "first teams" join so-called farm teams. As they show improvement, the "farm" team boys are moved up to first teams on a regularly-established system of merit points.

Umpires, managers and members of the various Little League committees in any community are all members of the local community and run their own program under specific policies laid down by the national organization.

**Officials Cooperate**  
Gnau announced that preliminary negotiations for the right number of special diamonds in Grosse Pointe Farms had already been started with the proper officials of the Grosse Pointe Board of Education and Farms officials and that their co-operation had been promised. He also said that several business houses had ex-

pressed willingness to sponsor teams.  
The organizing committee of Little League Baseball in Grosse Pointe Farms has been meeting regularly since early fall. The original organizing committee is, besides Gnau, composed of Robert Ayrault, 271 Ridgmont, TU, 4-2608; Robert C. Choje, 114 Hall Place, TU, 2-8116; John S. Pingel, 306 Mt. Vernon, TU, 1-7703, and Dr. Robert Swanson, 160 Beaupre, TU, 5-3287.

**Have World Series**  
Choje is director of salaried personnel at the U. S. Rubber Co. plant in Detroit, which company annually sponsors the Little League Baseball World Series at Williamsport.

"This is one of the greatest movements for junior boys that I have ever had the privilege to be associated with," Choje said. "As some proof of its popularity, there were about 70 leagues in four eastern states when U. S. Rubber began sponsorship of the Little League World Series in 1948. Now there are 1,788 leagues in 44 states with 150,000 boys."

Gnau said that on the advice of Little League Baseball National Headquarters, it has been decided that at least for the first year of activity that the league in Grosse Pointe Farms be limited to four teams and made up of boys living in the Farms only.

"Naturally, when the movement proves successful we would

expand in our own community in the years to come," he continued. "We are also, however, very anxious that fathers in other Grosse Pointe communities get the bug and start their own leagues this spring along with us so that in the future years real competition could exist at a junior level among a lot of youngsters in all of the Grosse Pointes and other neighboring communities."

**Other Leagues Help**  
Gnau said that a number of conferences have already been held with Little League officials in other communities in the Detroit area, namely Birmingham, Farmington and Livonia Township.

"The enthusiasm with which men in these communities talk about their leagues gives us great confidence with the results we can accomplish here," Gnau said. Present plans call for starting league play as early in May as weather will permit.

"I urge you to attend the meeting," Gnau said, "no matter where you live, no matter whether you have sons or any children at all, if you are at all interested in a program which encourages sportsmanship, leadership and competition among a group of boys who are just at the right age to be properly susceptible to such training."

### Old Fashioned Country Fair at Methodist Church Friday

The Old Fashioned Country Fair to be held tomorrow (Friday, November 21) at the Grosse Pointe Methodist Church offers a day of fun for the whole family.

For the children there will be the ever popular fish pond, as well as balloons, goodies, etc. To make the fair a family event, a country supper, with both adult and children's plates, will be served from 5 to 8 p.m., under the chairmanship of Miss Mary Todd.

The whole fair is tuned to the old time theme, with all the women working wearing old fashioned costumes and much attention being given authentic old backgrounds.

Expected to draw much attention is the Country Store, an authentic replica of an old time general store, where in addition to educational features there will be a table of antiques, a school clothing exchange booth and a sale of white elephants.

**WAXNE UNIV. CONCERT**  
Milton Setzer of University place will be the accompanist for the Wayne University Men's Glee Club when it gives its annual fall concert at 8:20 p.m. on Tuesday, November 25, in the large auditorium of the Detroit Institute of Arts.

under the direction of Mrs. K. L. Kimmel, plans to come to the aid of Thanksgiving festivities in a very practical way by featuring food that can be used next Thursday. For instance old fashioned home-made mince meat turkey stuffing in the bulk.

Other specialties of the Pantry Shoppe will include home-made salad dressings and puddings and a variety of festive fruit cake, nuts, and a variety of cookies including a good supply of "Peppercakers," the traditional Swedish holiday cookie. There will also be all kinds of specialty breads and rolls of refrigerator cookies and hors d'oeuvres as well as jams, jellies, preserves and other home-baked goodies.

Working with Mrs. Kimmel are Mrs. Harold Munson, Mrs. Jack Still, Mrs. John Parnell, Mrs. Fred Steiner, Mrs. Wilson L. Wil-

liams, Mrs. Francis H. Brown, Mrs. W. J. Kirby, Mrs. Robert Stevenson, and Miss Grace Simmons.

Other booths at the fair include the Apron Shoppe and Ye Olde Gifte Shoppe where wares have been planned for use as Christmas gifts. Christmas cards, holiday decorations, green plants, fresh flowers and garden accessories will also be for sale.

In addition to the country supper, a snack bar will be operat-

ing all day long, and the church's youth groups will be selling home-made candies in hand painted containers.

**OLD FASHION NOTE**  
The Scythian men were the first men known to wear trousers instead of skirts or robes, the Book House for Children reports. The Scythians were a nomadic, warlike people who dwelled on the treeless plains of South Russia about 700 B.C.

### New Nash Production Expected Next Year

Nash Motors has taken another major step toward the eventual production of its lighter NXI car exhibited two years ago in a series of unprecedented nationwide showings to test public reaction.

Negotiations between Nash and two long established British automotive firms have been completed for the production "during the latter part of 1953" of the new car for distribution in the United States and Canada, George V. Mason, president and chairman of Nash-Kelvinator Corporation said today.

Austin Motor Company, Ltd., and Fisher & Ludlow, Ltd., both of Birmingham, England, will produce the cars for Nash Motors, he said. Fisher & Ludlow will build the bodies and Austin will provide the chassis and do the final assembly.

A name for the new car, which has a definite sports car appearance, has not been selected.

Changes made since the NXI was shown to the public include an increase in the wheel base to 85 inches and horsepower to 42, more seating capacity and styling improvement, resulting in an even more beautiful car, Mason said. The new lighter car is designed to give up to 40 miles per gallon at normal highway speeds.

No one knows better than the great Stokowski that the ordinary record-player doesn't do more than half justice to the musical perfection which exists on records, under modern recording techniques. Therefore he welcomed the invitation to test Stromberg-Carlson's new equipment in his own studio and to state exactly what he thought of it. Here are his comments:

"For discriminating music lovers who wish to hear great music in its full beauty, I can recommend with confidence the Stromberg-Carlson reproducer, which I have thoroughly tested.

"It has a single stylus with diamond pick-up and long, light tone arm which reduces distortion to a minimum—a 25-watt amplifier and a pre-amplifier that incorporates the latest technical knowledge—and a 15" speaker with large enclosure.

"All these features create a reproducer of high quality that will give full musical satisfaction to the discerning music lover."

# Now—the car of the year — the deal of the year!

And we're ready to back up that headline with appetizing facts and generous figures. For example, "the car of the year" is more than a glib phrase, it's a title that Mercury has earned by doing—by making news.

Mercury is the one car in its class that came up with something really new for 1952—styling so new it left other cars far behind. And Mercury (with optional overdrive) again proved that pound for pound it could beat all comers for economy in the Mobilgas Economy Run.

But, we know, you're equally interested in "how much" for your present car. We can give you some idea if you just pick up the phone and call us. But we can do even better if you give us a chance to appraise it firsthand—so we can allow for the extras and the care you've given it.

So drop around. Our deals are now the best of the year. That means tops in town.

Standard equipment, accessories, and trim illustrated are subject to change without notice. White side-wall tires and full-die hubcaps at extra cost.

### Discuss Benjamin Franklin At Library Group Meeting

The first discussion meeting in the Great Men and Great Issues series, sponsored by the Friends of the Grosse Pointe Public Library, was held Monday evening at the Woods Branch of the Library.

The meeting was opened by Jay Sorge, chairman of the Friends' program committee, outlining the purpose of the series, which has been developed by an agency of the Ford Foundation to help give citizens a new insight into the great recurring issues of a democracy and a free people.

Otis Dickey, administrative assistant to the superintendent of schools, took over as discussion leader and introduced through an excellent motion picture the great man of the evening, Benjamin Franklin.

An extremely lively and enjoyable discussion period followed the film presentation of Franklin's life and beliefs. The changed role of diplomatic representatives from Franklin's time to the present, because of improvement in communication, led into a discussion of what role the Philadelphia sage would play in national life if he were alive today.

Various members of the group proposed him for Secretary of State, as the U. S. representative in the United Nations, and as a guiding spirit in the Voice of America. His work toward peaceful settlement of disputes between nations brought out a discussion of present-day problems and possible avenues of settlement.

Participating in the evening's discussions were Dr. and Mrs. Al-

fred H. Whittaker, Mr. and Mrs. Marion K. Kellogg, Mr. and Mrs. Jay Sorge, Rev. Andrew F. Rauth, Willis Bugby, Rev. Hugh White, George M. Zimmerman, Mrs. Sterling Sanford, Miss Norma Roemer, and many others.

Next meeting in the series is scheduled for December 15, at the Woods Branch of the Library. Thomas Jefferson will be the personality from whom the discussions of the group will start.

### State Puts Ban On Bar in Farms

The New Brick Inn, at 18696 Mack avenue, has been ordered closed for a 30-day period by the State Liquor Control Commission. The Grosse Pointe Farms police department received notification from the Commission on November 17.

The Inn's Class C liquor license was suspended on two counts. The first was that of selling liquor to minors; the second, allowing gambling on the premises. For the first violation the license was ordered suspended for 15 days, with a fine of \$150. On the second charge, a suspension of equal duration was ordered, and a fine of \$100 was placed against the Inn.

If the fine on each count is not paid, the Commission advised, an additional 30 and 20 days respectively will be tacked onto the suspension periods ordered on each count.

The suspension will become effective December 8. Owners of the bar are Xavier Van Slambrouck and Adolph F. Linclau.

Proceeds from the sale of seals help defray the expenses of the underprivileged children's camp at North Lake.

### Blaze Damages Woods' Garage

Off-duty and on-duty Woods police officers and fire volunteers battled a blaze late in the afternoon of November 12, that resulted in approximately \$3,000 damage to the Woods Highway Department garage.

Both fire engines screamed to the fire, and by the time of their arrival there had been internal explosions of gas, kerosene, paint and other inflammables stored in the building.

The blaze is believed to have been started by sparks from an arc welder igniting a nearby gasoline storage tank. A lone employe had been welding a road grader in the garage.

Firemen from Grosse Pointe Shores and Harper Woods stood by in the event additional help was needed. Total damage has not yet been inventoried, Director of Public Safety Verne Bailey said.

### Slip of Foot Causes Crash

As he was approaching Mack intersection, Driver of the second car was V. Imogene Keller, of 1860 Kenmore. Police said there was no serious damage. Andersen lives at 20593 Ridgemont.

### Installation Held By Tuxis Club

The annual service for the installation of new officers and the induction of new members of Tuxis was held Sunday, November 9, in the Sanctuary of the Grosse Pointe Memorial Church.

White roses were presented to the four new officers—president, Jerry Goebel; vice - president, Stuart Smith; secretary, Karen Temple; and treasurer, Bill Miller. They in turn presented the 153 new members with red roses

as a symbol of their promise to carry on the duties of Tuxis. Prior to the service the new officers and new cabinet members, Mary Jane Clemente, Mary Shenfield, Dick Anslow, Sue Clemenson, Don McCarty and Dave Netherton, attended a cabinet meeting and dinner at the Clementes'.

Following the service an informal reception was held in the church gym for the new and old

members and their parents. Mothers who helped arrange and work at the reception were: Mrs. Hubert Goebel, Mrs. Stanley Smith, Mrs. Wallace A. Temple, Mrs. William Miller, Mrs. David C. Lowe, Mrs. Frank P. Lister, Mrs. Irving Ketchum, Mrs. Henry Hubbard and Mrs. Venderbush.

### Voters' League Hears Dr. Smith

"Party membership should be based on policy, not patronage," said Dr. Carl O. Smith of Wayne University in a talk on "The Two-Party System" before the Grosse Pointe League of Women Voters at Memorial Center on Friday, November 14.

Although he is a strong believer in the two-party system, Dr. Smith says, "I would like to see the factors of heredity and environment in determining party allegiance replaced by intelligent consideration of policy formulated by the parties."

Using the British system as an example, Dr. Smith pointed out that democratic government here could represent more truly the will of the people if when an important policy was to be adopted, the electorate could vote to support or reject the party in power which favored the policy.

Commenting on the check and balance system in our national and state governments, Dr. Smith said, "The 'good' people have been too 'good' in their effort to protect minority groups." He emphasized that "fewer checks would allow the majority in power greater freedom to accomplish the legislation it had promised the voters."

Members of the Grosse Pointe League continued study of the Electoral System in unit groups on Monday and Wednesday.

### Planning Party in New Church

COLGAN, O.S.A., pastor of St. Clare de Montefalco parish, explains the workings of the organ in the new church to four members of the committee which is planning a Thanksgiving Party in the church basement next Sunday, November 23. ### ACEI to Form Pointe Branch

The Association of Childhood Education, an organization whose purpose is to bring into active cooperation all groups concerned with children in the home, school and community is in the process of being formed in Grosse Pointe. A group of teachers have felt for some time that more could be done to enrich the experiences of all Grosse Pointe children. Realizing that there are several groups within the community striving for a similar purpose, the teacher group is interested in combining their efforts with the parents, clergy, library staff and other community groups through the A.C.E.I.

The Association of Childhood Educational International has branches in other cities of the state and nation as well as in other parts of the world.

All persons genuinely interested in children are invited to attend an organizational meeting at the Grosse Pointe War Memorial, Wednesday evening, December 3, at 7:30 o'clock.

### Center to Fete College Crowd

On behalf of all hard working people of higher education, home on their first big vacation of the year, the Young-Adult Group of the Grosse Pointe War Memorial Center, would like to extend heartiest and most sincere welcome.

The way of showing appreciation for this event is the sponsoring of a Thanksgiving dance, "Pilgrim's Progress," on Saturday night, November 29, in your honor. Mr. John Lake, now director of the Center, says that no reservations are necessary; also those at the Center, hope that all in the college age bracket will be sure to come.

Al Roth and his band will supply the music from "dreamy" to "Charleston," until 12 midnight. The driveway at the Center will be lighted at 9 p.m. to start the "welcome parade." Tickets for couples will be \$1.50, and those for singles will be \$1.00.

The entertainment committee promises this to be one of the Center's most gala events of the year, and we're sure you'll see and be able to talk over "the good ole' days" with scores of old acquaintances.

Dress will be formal.  
**Joan Bisceglia Will Read Thanksgiving Proclamation**

Joan Bisceglia has been chosen by the senior class at Liggett School to read the President's Thanksgiving Proclamation at the school's Thanksgiving Exercises November 26, at 11 a.m.

Contributions are to be brought to the church by Sunday, November 23; or a pick-up may be arranged by calling Mrs. Soren Raymond, TUxedo 1-0717.

The misfortunes hardest to bear are those which never happen.

### Pointers Christened

Pointe infants were christened Sunday, November 9, at the Church of the Holy Spirit, Grosse Pointe Park. Rev. Erville B. Maynard officiated.

Godparents were: Frederick Pongrace, son of Mr. and Mrs. Pongrace; Miss Frances Wood, daughter of Mr. and Mrs. Wood; and Montgomery Groat, son of Mr. and Mrs. Groat.

Other godparents were: John C. Chapin, son of Mr. and Mrs. Chapin; John C. Tolleson, son of Mr. and Mrs. Tolleson; and Rawley Deland, son of Mr. and Mrs. Deland.

The church ceremony was held at 10:30 a.m. and the church was decorated with poinsettias to mark the occasion.

### Talk on Censorship Heard By Motion Picture Council

Inspector Herbert Case of the Bureau of Censorship, Detroit Police Department, addressed the Grosse Pointe Motion Picture and Television Council at its meeting in the Grosse Pointe War Memorial Center, November 17.

Some 19 outstate cities follow the recommendations of the Bureau in censoring movies, pocket books and magazines. The Bureau must sometimes achieve its end by resorting to court action, Inspector Case explained. Often, advice that objectionable material be withheld has resulted in voluntary censorship by the distributors.

Inspector Case pointed out that neighborhood theaters were controlled by neighborhood opinion, which when well directed is an important control factor. He remarked that the films shown during the past year have been improvements over those of the previous year.

However, the number of "undesirable" books and magazines examined has increased each year, as has the number censored. In 1952, 934 books have been examined and 48 withheld. Fourteen of 400 magazines examined have been withheld.

Inspector Case described the role of parents and the community in the censorship program: understanding the basic needs of children, respect their rights and feelings, help them de-

velop standards, see that they have wholesome experiences. Communities would do well to examine their recreational and cultural activities, he advised.

### John H. French Dies Suddenly

John H. French, Sr., leader in Detroit banking and industry, died Sunday night, November 16, in Jennings Hospital. He was rushed to the hospital that afternoon following a heart attack in his home, at 936 Lake Shore drive.

Mr. French, 71, was co-founder of the Michigan Stamping Co. and acted as its president and general manager. The organization merged with Briggs Manufacturing Co. in 1925, and Mr. French was appointed director and second vice-president.

Following a short period of retirement from industry in 1924, he resumed active management of the Briggs Co. in 1925. At that time he was elected first vice-president and general manager.

He is also founder of the French Mortgage and Bond Co. and Clinton View Greenhouses. He was director of the old National Bank in Detroit, the Detroit Properties Corp. and the Dominion Forge and Stamping Co., Walkerville, Ontario, which he also founded.

He is survived by his wife, Elsie Mott; sons, George, of Florida; John H., Jr. and James; brothers, George W., C. Lester and Howard L.; a sister, Mrs. Abram Butler, of Snyder, N.Y. Also surviving are eight grandchildren.

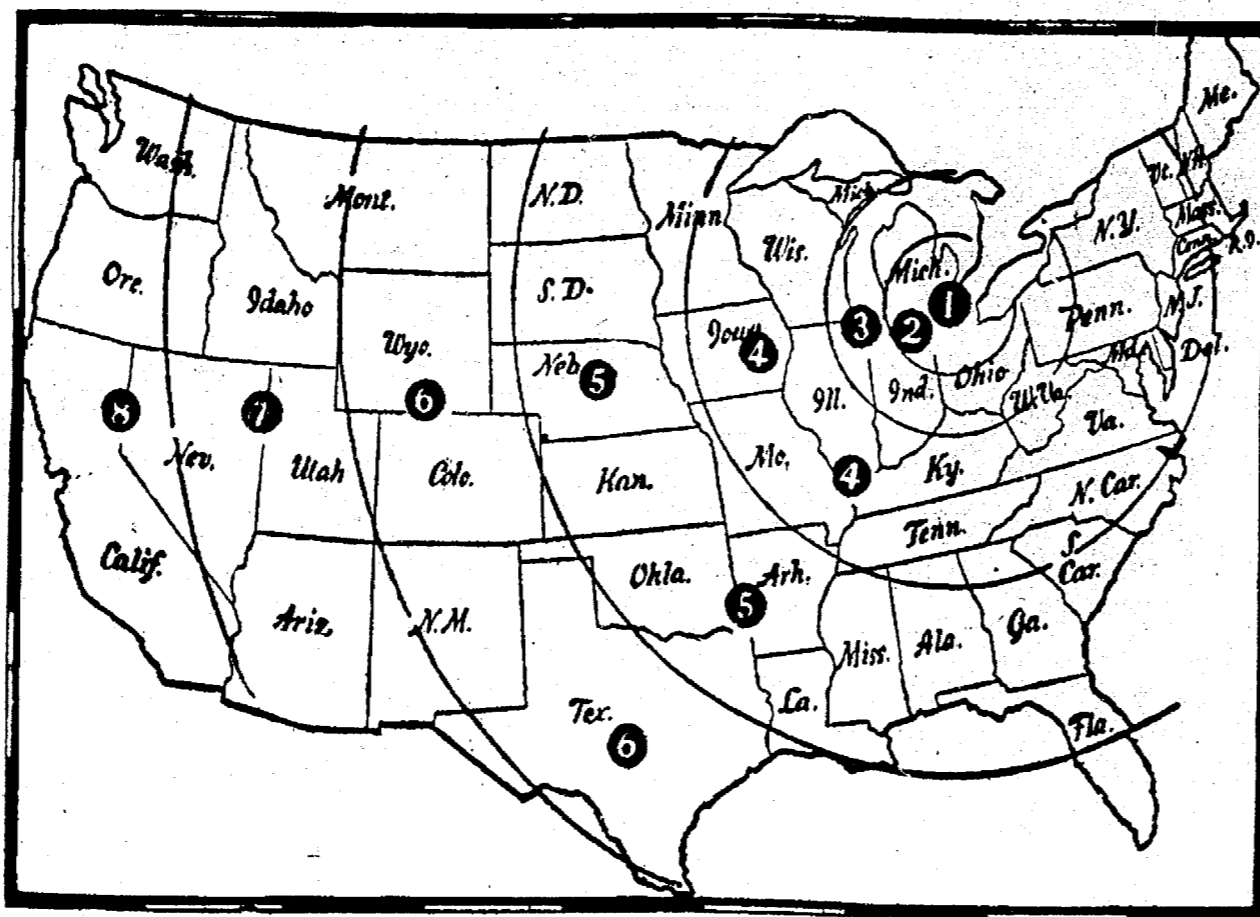

Funeral services were held at Christ Church, Grosse Pointe, Wednesday, November 19. Burial was in Woodlawn cemetery.

#### DANGER AHEAD

Over 2,000,000 American children will lose their lives or be injured next year as a result of accidents in the home. A study now being made of four thousand actual home accidents by the Institute for Safer Living shows that 50 percent of all disabling home accidents happen to children under 15—that nearly one and a quarter million of these mishaps will occur to children under five.

After listening to all the campaign speeches it's too bad we can't salvage the wire from everything that's haywire these days.

### Post Office Issues Christmas Mailing Instructions

To insure delivery of gift parcels and greeting cards before Christmas the following mailing schedule should be followed closely, according to Postmaster F. C. Middel:

- Zone 8—mail not later than December 6
- Zone 7—mail not later than December 7
- Zone 6—mail not later than December 8
- Zone 5—mail not later than December 10
- Zone 4—mail not later than December 11
- Zone 3—mail not later than December 13
- Zone 2—mail not later than December 14
- Zone 1—mail not later than December 14
- Local—mail not later than December 15
- Canada (all points)—mail not later than December 1

#### Postage Rates

The postage on letters and sealed Christmas greeting cards is 3 cents per ounce. Unsealed Christmas cards bearing no written message may be sent at 2 cents for the first two ounces and 1 cent for each additional ounce. Cards sent at this rate will not be forwarded nor returned to sender in case of nondelivery.

Christmas cards should be bundled with the stamps facing the same way and tied with string. Special Delivery and Air Mail should be handed in at the post office separately from ordinary mail.

Advertising matter, other than for Christmas business, should be deposited in the mails after December 1 and before December 27.

The Post Office does not provide directory service. Extreme care should be taken to see that all mail matter is completely addressed including street, number, city, state and delivery zone number.

**Packing and Wrapping**  
Pack articles carefully and tightly in strong durable containers. Wrap and tie packages

securely with good quality paper and cord, but do not seal them unless name and address of sender are shown together with the printed inscription reading "Contents, Merchandise—Postmaster: This parcel may be opened for postal inspection, if necessary," as sealed parcels not so labeled are subject to the letter rate of postage. The name and address of the sender may be handwritten, hand-stamped or typewritten on the labels.

Coffee, cigarettes, and tobacco products are prohibited to some APO's, c/o Postmaster, New York, N.Y., and New Orleans, Louisiana. Therefore, if your parcel is addressed c/o Postmaster, New York, or New Orleans, you should check with the Post Office for prohibitions or special requirements.

**Permissible Additions**  
To encourage early mailing, senders are permitted to mark parcels "Please Do Not Open Until Christmas." In addition, written salutations, such as, "Merry Christmas," "Happy New Year," "With Best Wishes," as well as numbers, symbols etc.,

for the purpose of description, may be enclosed with third- or fourth-class (parcel post) mail. A simple dedicatory inscription not of a personal nature may be written in books but other unauthorized additions subject the parcel to the letter rate of postage.

Do not enclose letters or messages, no matter how brief, in parcels as doing so will subject the entire parcel to the letter rate. Communications enclosed in envelopes prepaid at the letter rate may be securely fastened to the outside of parcels sent at the third- or fourth-class rate.

#### Perishable Matter

Articles likely to spoil within the time reasonably required for transportation and delivery are not acceptable for mailing. Parcels containing perishable matter must be endorsed "Perishable" directly above the name of the addressee.

#### Labelling

About December 1, printed labels marked "LOCAL" and "OUT OF TOWN" will be distributed by carriers to Detroit residents for use in segregating and facing their Christmas greeting cards. The mailing public is urged to use these labels and it should be noted that the following communities should be included in "LOCAL" bundles: Brightmoor, Delray, Ecorse, Ferndale, Grosse Pointe City, Grosse Pointe Farms, Grosse Pointe Park, Grosse Shores, Grosse Pointe Woods, Hamtramck, Highland Park, Lincoln Park, Lochnoor, Oak Park, Redford and River Rouge.

#### SCARED BUT UNHURT

Young Richard Flaherty, aged 9, of 20044 Holiday, emerged frightened but uninjured after running from behind a parked car near Holiday and Torrey roads into the side of an automobile driven by Alcida Le Claire, 1137 Hawthorne, on November 13. ## From Another Pointe of View

By Jane Schermerhorn

Washington columnists are already filling our eager ears with exciting hints on the elaborate plans for President-Elect Dwight Eisenhower's Inaugural Ball down there in Washington, D. C., come January 20.

And we've been curious about the Pointers who will be present at this brilliant occasion.

Earliest ones mentioned to us have included Mr. and Mrs. Charles A. Dean, Jr., Mr. and Mrs. Henry Ford II, and Mr. and Mrs. Wendell W. Anderson.

And very probably Mr. and Mrs. Frederick M. Alger.

All of which would make us think the Arthur Gardners, former Pointers who now live in Washington, are also making ready at the moment to open guest rooms to many of their friends who'll be in the capital for the ball.

### Archduke and Princess Here

Presence in the Pointe of Archduke Franz Josef of Austria and his Princess, Martha, was last week-end's social highlight.

The royal couple were houseguests of Mr. and Mrs. Frank W. Donovan of East Jefferson avenue, arriving on Saturday and leaving for their home in New York on Tuesday evening.

Sunday morning, Father Subrino, chaplain at the Spanish Embassy in Washington, flew here to say mass for the royal visitors, at Convent of the Sacred Heart.

And later that day, the Donovans invited some 300 Pointers to meet their interesting houseguests.

### Donovans Give Reception

Mrs. Donovan welcomed her cocktail party guests in a deep turquoise taffeta frock, long sleeved, with low cut bodice attached to full silken skirt.

The Princess chose a waltz length gown of navy lace and pinned to it a beautiful diamond clip. She added a strand of pearls to her costume.

Guests were invited for three different hours.

Handsome arrangements of yellow mums were used in some of the rooms of the Donovan home, alternated with bouquets of shell pink mums.

About 75 remained for a buffet supper with the Donovans and their guests.

On Monday evening, Mr. and Mrs. Jose L. W. Segimont (Mr. Segimont and the Archduke were boyhood friends in Spain) were hosts for the visitors.

At a dinner party for 20 guests in the Grosse Pointe Hunt Club.

### Greatest Fair in America

Superlatives come easy to a society writer, but all those in our typewriter are merited by the 600 women who worked on last Thursday's Christ Church Fair, long since established as the most outstanding church fair in America.

We are still awed by the magnificent work done by the workers, and also terribly impressed that after such toil they all looked so bright and peppy all day at the Fair!

Didn't blame Mrs. George O. Johnston for heading right

### Girl Scout News

Fifteen Girl Scouts of Troop 834, Trombly School took advantage of their day off from school Friday, October 24, to visit Jack Miner's Bird Sanctuary in Canada.

Jasper Miner, son of the famous Jack Miner, told the girls how his father started in 1908 by feeding geese and now the number runs into the thousands. The geese stop at the Miner farm on their way south for the winter. Mr. Miner gave each girl a handful of feed for the ducks and swans on a nearby pond.

The girls who went to Canada were: Barbara Bashara, Bonnie Byrns, Bonnie Campbell, Maureen Craigie, Sharon and Marilyn George, Joan Long, Janet Krainer, Susan Long, Wallis Rae, Sandra Riemer, Della Ringel, Janice Stoneking, Marilyn Tonia, and Susan Williams.

The girls were accompanied by their leaders, Mrs. R. F. Stoneking and Mrs. W. Rae. Mrs. Stacy Klingsmith, Mrs. George Bashara and Mrs. William Godette helped.

The Troop has been working on the Bird Badge, Tree Badge and Out Door Cook Badge, and has been very fortunate in having Mrs. Stacy Klingsmith, author of "Guardians of the Forest," and a leader of the Junior Audubon Society helping them.

On Monday, October 27, Troop 834 had a Halloween Party at Barbara Bashara's home in Balfour road. Prizes were awarded for the funniest and prettiest costume. The menu consisted of doughnuts and pop. The highlight of the evening was the awarding of badges. Fourteen Outdoor Cook Badges, four Swimming Badges, one Cat and Dog Badge, one Child Care Badge and one Second Class Rank Badge were awarded.

Troop 299, Maire School, went camping at Metamora on October 10 through 12 under the leadership of Mrs. James Zinn and Mrs. Edward Trowbridge. They were assisted by Miss Mary Jane Barrett and Mariner Scout, Millie Rowe. The activities of the week-end included an Alpine Hike, a cook-out, and working on Out Door Cook Badges. Their Sunday Morning Scout's Own was combined with Troop 204 from Richard School.

Mrs. Mitchell Andrews has enrolled 134 girls in the Tuesday evening swimming classes which began October 28 at the High School pool. For ten weeks these Girl Scouts will be learning to swim or perfecting their skills under the expert instruction of Mr. William Reaume.

"Tween-agers and seniors are checking their calendars for Monday, December 8. That is the night Grosse Pointe Girl Scouts are taking over Fairview Gardens for their roller skating party.

In case anyone who voted at Defer School has been wondering about the uniformed Girl Scouts who were helping direct traffic in the building so efficiently, they were all members of Troop 843 under the leadership of Mrs. Mitchell Andrews and Mrs. Edward Vorhoff.

Members of the Grosse Pointe Council held a luncheon meeting November 6 at the home of Mrs. Henry Walker of Village lane to learn more about the structure of the Girl Scout organization. Mr. DePetris has originated more than 500 species of chrysanthemums and has collected every medal and honor the horticultural societies of the country can heap on one.

His displays in and surrounding his greenhouses in Grosse Pointe boulevard are the mecca for thousands of flower lovers each fall. Scores of varieties are exhibited in a single garden plot that contains more than 3,500 individual plants. His breeding beds and cutting frames contain practically all of the better known and exotic varieties of this famous fall flower.

Several weeks ago the New York Times carried a story in its garden section, written by Lee McCabe, telling about his trip to Madison, N. J. for a pre-

view of one of the new chrysanthemums, the Orloima. He devoted more than 20 inches of type to praise of this great new variety which is expected to be available to growers next year.

More recently Mr. DePetris had a letter from the Massachusetts Horticultural Society, advising him that another strain, the Tacoma, has been given an Award of Merit at its annual show.

The executive secretary of the society comments: "Tacoma is a gem . . . by far the finest pompon that has been developed in recent years."

**FIRST TATOODED WOMAN**  
Princess Ati of the ancient land of Punt was probably the first "tatoodee lady" of whom there is any historic record. The Book House For Children reports. Egyptian sailors, upon their return from a royal expedition to Punt, described the princess, who lived about 1500 B.C., as "fat, with lines of tatoodee on her cheeks."

## Foggy Weather Boosts Accidents, Motorists Warned

The Grosse Pointe Traffic Safety Division issued an appeal last week to all motorists to renew their efforts toward its traffic safety program.

The appeal came in the wake of the numerous accidents that occurred under the heavy shroud of fog over Detroit last weekend.

It was urged that youthful

drivers in particular be more conscientious about driving. At one time licenses here could be issued to those who had attained the age of 14. Because of the high incidence of accidents among that age group, the age limit has since been upped to 16. Present records have led some to believe that possibly the age limit may again be raised.

Spokesmen cited the 25-vehicle accident, including a bus, that occurred on a New Jersey highway and resulted in the deaths

of two persons and injuries to about 25 others. Also pointed up were the 20 traffic deaths in Michigan at the same time.

"These fog-induced accidents showed the complete and total disregard for driving conditions," officials stated.

An auto insurance company has determined that one of every four drivers in the nation last year, or about 18 million, were involved in accidents. About 40,000 were killed and one million injured.

News Notes From D.U.S.

Mr. Al Dimmer, an ex-Marine recently returned from Korea, showed movie films of Japan and Korea to the upper school assembly at Friday University School on Friday, November 7.

Al Dimmer, a former athletic assistant at D.U.S., was a well-known sports star on the East Side. He was an outstanding football player at St. Philip Neri High School and has won many speed skating championships at Belle Isle and Alpena.

The boys of grades 7 through 12 were much interested in the films and in Mr. Dimmer's running commentary on them. He took the films himself, and they revealed a good many aspects of life in Korea and Japan usually neglected by newsreel cameras.

At several of the parents' meetings taking place these days for the various grades at D.U.S. suggestions are being made about possible field trips that the boys may take in the course of the year. Visits to Greenfield Village, courts, bird sanctuaries, auto plants, Selridge Field—those are just some of the projects that parent-committees (who volunteer as aides on these trips) are thinking over.

The Winter Program at D.U.S. began on Monday, Nov. 10. Activities such as journalism, photography, book clubs, etc. are offered as extra-curricular electives.

In the Wake of War

For more than 10 years the Knitting Ladies at the Grosse Pointe Neighborhood Club have been making afghan blankets for distribution to needy organizations and individuals. Their work began in January of 1942, and since that time they have produced more than 250 of these blankets, which have been distributed through the Red Cross.

Last August, Mrs. Donald Corey, of Kenwood court, one of the knitting group, which includes among others Mrs. Robert Millar, of Beaconsfield; Mrs. H. B. Gardner, of McMillan; Mrs. Fred West, of McKinley, sent one of the blankets to E. B. Rall, 1344 Yorkshire, retired Detroit Edison Co. executive, who was serving in an advisory capacity in Korea for reinstallation of electrical operations.

Rall, a close friend of Mr. and Mrs. Corey, was asked to give the blanket to one of the many needy Korean families. By mid-October he was able to inform the group, by letter, that he had given it to a family of nearly four years acquaintance, the Lees.

Said Mr. Rall: "From the pictures you might think them unappreciative, but the... Koreans have been through so much misery their feelings and senses are somewhat dulled."

Mr. Rall described the Lees as a "worthy family (whose) father, a doctor, was executed by the Communists and their home... looted. There are seven in the family, and, as bad off as they are, they took in a little homeless girl to share their meager lot."

In an effort to continue their work of the past, the Knitting

Ladies have asked that Pointe residents continue to donate yarn, badly needed now, to their group. The more than 250 blankets already made by them were made possible through previous donations.

Donations will be accepted at the Club, at 17145 Waterloo, or arrangements may be made for a pick-up by calling Miss Pauline Masack at the Club, TUxedo 5-4600.
