Rotarians Get Into Little League Baseball

The Grosse Pointe Rotary Club received its contract Monday noon at its meeting in the War Memorial Center, to sponsor a team in the Little League's Grosse Pointe Farms loop during the coming season. HOWARD GNAU, who heads up the Farms organization, formally presents the contract to CYRIL PAYE, Rotary president. Half-hidden behind Mr. Paye is EARL HOLZBAUGH, last year's president of the Pointe branch of the international service organization. On the right is the REV. ANDREW RAUTH, minister of the Grosse Pointe Woods Presbyterian Church. The Little League will offer real organized baseball to the smaller youngsters. Sponsors are still needed. Those interested are requested to call Herbert Bumpus at TU. 5-1122.

Where Silence Is Eloquent!

Have you ever heard a 1953 Cadillac?

The odds are that you haven't—unless you've listened quite carefully.

For it is a literal fact that you must concentrate to detect the sound of a Cadillac car in motion . . . save, of course, for the soft song of the passing wind and the quiet hum of the tires on the

pavement. Even that great, powerful engine never raises its voice above a whisper!

But, oh, the wonderful, wonderful story this marvelous quiet tells.

It tells, for instance, of Cadillac's rigid adherence to the highest standards and ideals of automotive construction of the superlative engineering that

enables every part of the car to perform in perfect harmony ... of the magnificent styling and design

that give the car its smooth, easy, steady, floating ride

. . and of the flawless craftsmanship that keeps the car so unbelievably free from vibration.

And, of course, it speaks with equal clarity of the many things a Cadillac provides its owner.

It promises rest and relaxation ... and a freedom from distraction that adds pleasure and safety to every journey.

It foretells mile after mile of extraordinary dependability and a minimum of upkeep expense.

And it prophesies longevity . . . and, hence, bespeaks the wisdom and soundness of its owner's investment.

Yes, the quiet of the Cadillac car tells a wonderful story all of its own. And it's one that we think you should "hear" for yourself.

Why not come in soon—and spend an hour with a 1953 Cadillac?

We think you'll agree that silence was never more eloquent.

At present, the only Pointe having voting machines is the Shores, which has three for its 703 voters.

The pros and cons of voting machines for the Woods is still being debated, and it appears to be gaining favor with the city

According to City Manager Everitt B. Lane of the Park, voting machines are expected to be installed sometime in 1954. The Farms, rumor has it, has been cold on the idea. During the county election, February 16, voting machines were demonstrated in the War Memorial Center, and residents were thrilled with the ease and quickness they afforded.

In the City, the machines are under serious consideration. The community, one of the biggest voting precincts in the State of Michigan, is interested in eliminating the long and wearying hours it requires to count the votes after an election, and the possible chance of errors being made during the course of tabulating the votes

Center Sponsors Theater Lectures

The Grosse Pointe War Memorial Center will sponsor, for the fourth time, a series of lectures to be presented by the University of Michigan Extension Service.

The course will be called "Contemporary Theater Appreciation" with emphasis being placed on the practical rather than the literary aspects of theater arts.

The series of four lectures will begin Wednesday evening, March 4. at 8 o'clock and continue through March 25. Professor Valentine B. Windt will be in charge.

Though Professor Windt was born in Budapest, Hungary, he was educated in this country, receiving his A.B. degree from Cornell University and his M.A. degree from Princeton. He also studied at the American Labora lory Theater in New York City and at the Drama School of Carpegie Institute of Technology in Pittsburgh.

Thousands of Michigan students know Professor Windt directly or indirectly for his work in play production, for in the years since he joined the University faculty in 1928, he has not only taught play production and acting but has directed the many student plays given on the campus. In addition, he has directed the plays in the annual Drama Festival in Ann Arbor, which have featured such stars as Ruth Chatterton, Ruth Gordon, Madge Evans, Hiram Sherman, Louis Calhern, and Whitfield Kane.

The total cost of the series is \$5.00 and cards for enrollment are now available at the War Memorial Center, 32 Lake Shore load or phone TU, 1-6030.

The committee in charge of this course of lectures is Mrs. Barton D. Woods, chairman; Mrs. Hubert Goebel, Mrs. R. H. Patterson and Remington Purdy.

Drinking Driver Has Costly Ride

Andrew Prohownik, 31, 22213 Benjamin, St. Clair Shores, arraigned before Park Judge C. Joseph Belanger, Monday, February 23, was found guilty of driving while drunk, and was fined \$100 and sentenced to 30 days in jail. In addition, his driver's license was revoked for a year.

According to arresting officers. Patrolmen Stanley Johnson and James Barclay, Prohownik was spotted driving east on Jefferson, Sunday, February 22, his car swerving from one side of the street to the other. He was apprehended and taken into custody in an intoxicated condition.

Let's Get On With It

We hope there will be no stumbling blocks in the negotiations now under way, for the City of Grosse Pointe Farms to take over a portion of the Gabriel Richard School playground for the enlargement of the municipal parking lot north of the Kercheval avenue business district. The project is one of great importance to all the business establishments in the area, and means much to all those who shop in the constantly concerned with the names of vegetables. In fact their NORWAY, SWEDEN, FINLAND, district, from the standpoint of added convenience.

There has been a considerable changeabout in the situation during the last few months. When the Farms first made a tangible offer to purchase the needed property from the taking advantage of the city's plight and attempting to gain unreasonable concessions. This was indicated in the acknowledgement by the School Board that it didn't need the property requested, and in its declaration that before it gave it up it would require the closing or re-routing of McMillan road. This was asked so that the two Richard playgrounds could be incorporated into one fenced-in play area and eliminate the necessity of the pupils having to cross a street to get to the larger recreation site.

The Farms hired engineers to survey the situation and make recommendations. On the basis of this study it was explained to the school officials that McMillan road was too important a traffic lane to either close off or re-route.

Since that time it has been evident that the Board of Education has not only yielded to the presented facts, but has also been acutely aware of the desirability of cooperating time at the picnic. See what we mean- Big, eh? with the Farms in solving its problem and rendering a public

Our own Detroit Symphony Orchestra's contribution to Jewish Music Month was presented at Thursday evening's concert when we heard . . . for the first time . . . the Israeli Dances, by Marc Larvy . . . (present director of the HOUSE OF THE SEVEN "Voice of Israel" in Jerusalem). This set of dances consists of five parts (originally six) . . . namely the Shepherd Dance. priceless wealth of unpublished ing in Dutch waters adding to the one would find when examining the present-day basic culexciting tale, which is given ture of Israel . . . We enjoyed listening to the style of Mr. Larvy's composition and would like to become better acquainted with his contributions to the music world. . . .

An interesting comparison to the Israeli dances was provided on the same program by a performance of the "Polovtsian Dance" from Le Frince Igor, by Alexander Prophyrieages of Columbus. He tells of his vich Borodin . . . The opera itself is nationalistic, (Borodin claimed . . . "interesting only to us Russians") . . . and it is his lusty youthful wanderings, based on an old Russian epic dealing with the Tatar Konchak's capture of Prince Igor and his son in the eleventh century . . . the dances occur in the second act of the opera when at the command of the Khan, the Polovetzki slaves enter and begin THE CURVE AND THE TASK to sing and dance for Igor's entertainment . . . (in the opera), by Stuart Cloete-"The jungle choral sections are scattered throughout the dancing enterof Mozambique is the scene of tainment, but in concert performance the dances are played his novel of primitive people, in continunity), thus providing more intensified turbulence

Guest soloist for the evening was the very notable violin virtuoso Isaac Stern . . . who offered two outstanding compositions .. the Concerto in D-Minor (Opus 77), for Violin and Orchestra are interested in music as well as by Johannes Brahms . . . and Maurice Ravel's "Tzigane," Rhapsody

We are anxiously awaiting Thursday's symphony concert, because it will also be illustrative of five nationalities, and Dorothy Maynor, soprano, will be featured guest artist . . .

For Baby Sitters

The setting up of at least mini mum standards at city and state levels for all baby sitters, as a public health and welfare measure, seems to be favored by the majority of the country's leading child psychologists, according to a survey made by The Parents' Consulation Service of The Book House for Children.

However, although more than 52 per cent of the 390 experts questioned approved of the idea, conspicuous number felt that it was "not practical" because of Returned from their stay in the many difficulties that would valentine decorated table. Among those who favored the idea (the more than 52 per cent) and among those who did not favor it (about 35 per cent), there were several who felt the answer could be found in more and better training courses for baby sitters and in parent education programs, at a community level, in cooperation with the press, radio, women's clubs, schools, and civic organizations.

The survey was made to get the child guidance experts' reactions to a suggested solution for the problem of the baby sitter who is not physically, mentally, or morally qualified for the job.

For the past two years, the Service has recommended that "state legislatures and city councils throughout the nation pass laws requiring the licensing of all baby sitters, private kindergartens, day care agencies, and nursery and play schools because the present lack of standards for these persons and institutions is highly detrimental to the health, safety, and general welfare of infants and pre-school-age chil-

Baby-sitting is "big business" in America today. There are now an estimated one-million baby sitters in the United States ranging in ages from ten to eighty, and about one family in twelve with an infant or small child uses their services.

caught fire and moved ahead of the Blue Devils. Dean Pinchoff led the uprising by collecting 12 points. The Grosse Pointe fans had nothing to cheer about as the third quarter ended with Monroe out front, 45 to 37. Devils Finally Awaken

The Blue Devils, confronted with the thought of defeat finally woke up in the fourth quarter. Led by John DiCicco, and Jack Smith, the Pointers came within one point of Monroe with 30 seconds left to play. Jack Smith gave the Blue Devils their winning margin by driving between two players and sinking a one hand shot with less than 20 seconds to play.

The final game in the Minor League will be played Friday, February 27, and the first four teams in this League will go into tournament play-off on March 3.

The Junior Basketball League has had the most trouble this month, the cause being lack of interest in the game on behalf of the boys themselves. Four games have been won by forfeits because of the lack of players showing up for these games. This, we hope, will be corrected next year by trying to obtain a sponsor for each group.

The last league in the Neighborhood Club, and by no means he least, is the Midget League This league has met and satisfied the greatest expectations of everyone. The boys have shown interest along with the respective service clubs.

Eighty kids, representing the Grosse Pointe Lions, Rotary, Optimists, Veterans of Foreign Wars, Post 303, Metropolitan Club and the New Exchange Club, are waging an all-out battle for the huge perpetual Neighborhood Club Midget League Trophy which will be on display next week along with fortyfour other individual trophies and team awards.

St. Paul Flyers Score Easy Victory Over St. Ladislaus

By Bob Barrett

St. Paul High School racked up its twelfth victory in 14 starts last Friday night by completely outclassing St. Ladislaus, 48 to 31. The Flyers, paced by Center Glen Walters, who scored 15 points, led-by 8 points at halftime, and scored as they pleased in the second half.

Although the score was decisive the early stages of the game In the fourth and final period found both teams in a see-saw the Flyers decided to pour on the affair. The game opened with St. coal and this they did by hitting

ving to a set offense. This proved in its division. to be just what the doctor ordered for St. Paul because it gave hook shots and for lefty Bob C. Wright to try more of his one handed pushes.

At the two minute mark of the second quarter, with the help of the two players just mentioned, the Flyers had a 15 to 8 lead and never lost the lead for the remainder of the game. The score at half time was St. Paul 23, St. adislaus 15.

With a lead of 8 points the Flyers went into the third quarter with the idea not so much to ncrease the lead as to protect it. They did this by setting up a tight defense which St. Ladislaus Dossin of Berkshire road. found very hard to penetrate. The score at the end of the third C Battery Army with a five win quarter was St. Paul 31, St. Ladis-

CAMERAS CATCH PICTORIAL NEWS OF INTEREST FROM ALL OVER THE WORLD

Tomorrow's BRIDE—Costumed as the "Bride of Tomorrow," singer-actress Constance Moore stole the show at a Mardi Gras ball in New York. Miss Moore delighted the participants in the Junior-League-sponsored event with her futuristic bridal gown, modeled along "space suit" lines.

AND NO NET TO CATCH 'EM—A breath-taking piece of action is the Bob Gerry troupe doing the daring balancing act on the tight rope for which it is internationally famous. They perform without a net under them for added chills. The act is the high light of the German Krone Circus and this picture was taken in Munich.

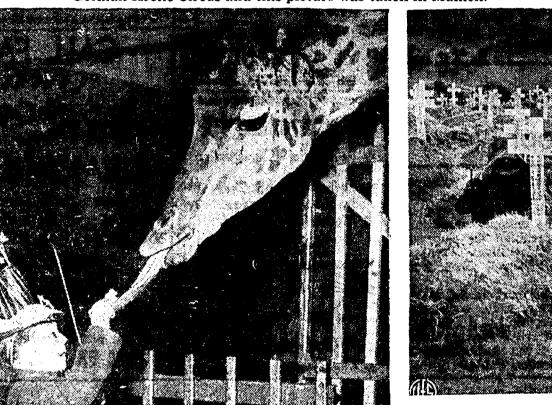

JUST A PLANE GIRL—Streamlined and up-to-date but no jet pilot, shapely Greta Brownlee flies her breeze-propelled plane along the sands of Miami Beach, Fla. Looks inviting, doesn't

FOUR IN HAND—Things are looking up these days for the Silas Pinkhams of West Buxton, Maine. Seven months ago—when they were expecting only one offspring—Mrs. Pinkham gave birth to quadruplets. Still living in a scant two rooms, they shall move shortly to a new home and Mrs. Pinkham, who has been caring for the youngsters without the aid of nurses or maids, will soon have room to move around. Here, while mother takes time out to clean the house, the quads, by virtue of this mechanical contraption, get their morning bottles.

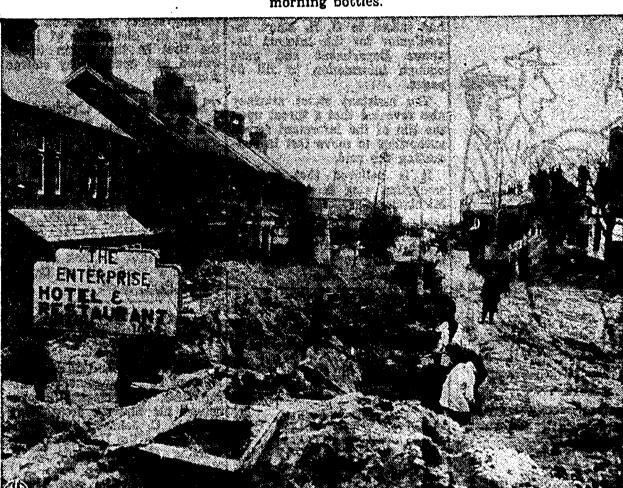

WELL-SUITED — The pristine beauty of spring is interpreted by Phillip Mangone in this trim match-box town suit. Designed for Botany's worsted window-pane boucle, it is a study in contrast—clear, sharp black with pure white.

"THAT BOARDING HOUSE REACH!"—Forty-seven-yearold Joseph Wietz, a midget with a Paris circus, makes Betty, the giraffe, reach for her supper as he feeds her from a distance. Long neck and long tongue enable the spotted creature to get her meal without any trouble at all.

A PRAYER FOR A BUDDY—Two U. S. Marines visit the grave of a Korean Marine buddy to pay their respects. The South Koreans have earned the respect of all of the United Nations as a fighting people. The Marines are T/Sgt. Barton V. Forester (left) of Philadelphia, Pa., and Pfc. Lawrence Caudler of Georgetown, S. C.

DIGGING OUT — Townfolk in Sutton - on - Sea, Lincolnshire, England, aided by tractors, trucks and mechanical shovels, clear the main street of huge quantities of sand, which was deposited there during the vast flooding of the area recently. In some places the sand was measured at 12 feet deep.

- Innovator Glynski of Hackney, England, demonstrates his new game, based on chess, at the Inventors' Exhibition at Westminster. The board of the new game is made up of 91 hexagonal "squares" of three colors, in contrast to the regulation chess board which has 64 squares of two colors. The new game on the six-sided board is said to give an increase of 50 percent more moves than regular chess. There are 20 pieces to a side: 11 pawns, 3 bishops, 3

"I'M SORRY, DEAR"—The tears are flowing fast from the eyes of 16-month-old Philla who has got her own ideas about the intentions of her mother's boxer, Olivia of Fiddlers. The dog, however, is bewildered. She only wanted to lavish some affection on the London youngster and she can't understand Philla's reaction. It only goes to show how easily it is to be misunderstood.

CORONATION PREPARATION—James Woodford puts the finishing touches on the model of the Lion of England which will stand guard at the Royal entrance to the Annex of Westminster Abbey during the coronation of Queen Elizabeth II. It is one of the 10 "Queen's Beasts" taken from heraldic devices used by Elizabeth's ancestors and which will be part of the decorative scheme at the Annex. The lion wears the authentic expression of that "ferocious loyalty."

ROYAL SUPPER — Guests stand in line at the royal castle in Stockholm as King Gustav Adolf and Queen Louise of Sweden appear at a supper given for government officials and mambers of parliament Behind the rulers are Princess Sibvila and Prince Bertil.

MONKEY BUSINESS—Mickey, the monkey, acts the spirited jockey as he guides his mount, Rex, the pointer, around the turf at Pinehurst, N. C. They're the pets of the trainers of the Newport Stock Farm stables. A special saddle was built for the joy-riding monk.

SPECIALLY DESIGNED JOB—Pierre Pottier, a bearded Parisian decorator, shows up with a homemade car which took him six months to build. The odd-shaped vehicle features a mica dome for all-around visibility and boasts no seats. Instead of seats the designer installed a heavy carpet with sliding back rests.

TRYING TO GET A RISE OUT OF THE FURNACE—Mrs. Ellen Connell, 57, janitress for the past nine years, tends the furnace at the Gannet elementary school in Cambridge, Mass. Parents of pupils at the school complained that the average temperature was about 50 degress and that the children had to keep their snowsuits on indoors to keep warm. School officials investigated and had to praise, not censure, Grandma Connell. They found it was impossible to raise the heat another degree with the present heating system, Mrs. Connell shovels about 600 pounds of coal a day in addition to her other work.

Summary of Regular Meeting February 16, 1953

Called to order at 8:00 P.M.

Present on roll: Mayor William F. Connolly, Jr., Councilmen Daniel W. Goodenough, John M. S. Hutchinson, Richard L. Maxon and Neil S. McEachin. Absent: Councilmen William G. Kirby and George L.

Mayor William F. Connolly, Jr., presided.
Minutes of meeting held on January 19, 1953 and January 28, 1953, were approved.

The Council was advised by Messrs. Chet Sampson, member of the Board of Education, and Glenn Coulter, attorney for the Board, that the Board did not wish to sell any portion of the Gabriel Richard school property but did offer to lease the desired property on terms which did not appear practical to the Council in view of the improvement cost.

The meeting was recessed to permit a continuation of hearing before the Board of Appeals in the matter of F. H. Request of Mr. Charles Mannino for permission to extend the building at 115 Kercheval Avenue to the alley line was

referred to the Board of Appeals. Hearing on confirmation of special assessment roll for Special Assessment District No. 5, being the improving of Lothrop Road west from Chalfonte, was held. One written

objection was filed. The roll was confirmed. A proposed new sidewalk ordinance which would give the Council the right to require the installation of new walks as well as the repairing of existing walks was introduced and laid on the table.

The following ordinances were enacted: Fire Prevention, Animals and Fowl, Fishing, Picnicking and Swimming, Firearms, Loitering and Trespassing, Curfew,

Public Rights-of-way and Traffic. Articles of incorporation to establish an authority among several municipalities for complete refuse incineration was

submitted to the legal counsels of the various communities The Council approved cooperation with the Grosse Pointe Garden Club Council in connection with the annual clean-up campaign which is to be held in the period beginning May

15th through May 23rd. Approval was given the Wayne County Treasurer to act as agent for the Farms for the purpose of approving the application of property owners to pay 1949 and prior years' taxes and accept the necessary moneys for the redemption of properties reverted to the State.

General fund budget revenue and expense report for the six months period ending December 31, 1952, was received and ordered filed. Work of repairing the south dock of the Municipal Pier

was awarded to Floris Demeulenaere, low bidder. Council approved Board of Review meetings in City Hall, between hours of 9:00 A.M. and 5:00 P.M. on March 10, 1953 and March 24, 1953. Bills were approved.

Bids were authorized taken for spraying of all elm trees on City streets for report at the next Council meeting. The formal plat of Colonial Farms Subdivision No. 5 was approved and Cox and Baker, builders, was granted permission, under special arrangements, to build homes in the sub-division prior to recording of the plat. Recommended expenditures for repairs to pumps at the

Water Plant were approved. A proposed amendment to the platting ordinance which would give the Council the right to waive the installation of sidewalks, now required in the present platting ordinance, when in the opinion of the Council such installation is not

necessary, was laid on the table.

The following reports were received and examined: Building, Treasurer, Fire Chief and Police Chief. The attorney reported that the requirements of the City's ordinance had been met in connection with the sale of parts of Lots 4 and 5 of Westwind Subdivision and that as a result of such, a building permit had been issued for the construction

of a new residence on the property. Compensation for the services of the City Attorney was

Section 5. No person shall kindle, maintain or knowingly furnish Section 5. No person shall kindle, maintain or knowingly turnish the materials for maintaining any bon-fire or other exposed fire of a nature to create a fire hazard to surrounding property within the City, without obtaining prior permission and instructions from the Fire Department in regard to proper safeguards. In all cases there shall be an obligation upon the person kindling, maintaining or knowingly furnishing the materials for maintaining the fire to keep a sufficiently safe control of said are, to be responsible for any changes therefrom, and to extinguish, remove or wet down all resultant embers and hot ashes at the close of said fire.

Section 6. It shall be the duty of the Fire Chief or the officers or members of the Fire Department to designate such fire extinguishing and fire protective equipment and measures as they may deem necessary considering the hazards involved for each business and mercantile establishment, church hospital, school, library, club, theatre or other place of public or semi-public character. Failure to install or provide the equipment or take the measures ordered by the Fire Chief or officers or members of the Fire Department, and, to maintain the equipment in operative condition at all times, shall be a violation of this ordin-

Section 7. Any person violating any provision of this ordinance

shall upon conviction be subject to a fine of not more than \$100.00 or imprisonment for not more than ninety days, or both, in the discretion of the court. Each act of violation and every day upon which such violation shall occur shall constitute a separate offense. Section 8. Ordinance Number 27, adopted February 6, 1922, entitled "An Ordinance Providing for the Care and Inspection of Premises, by the Fire Department to Safe-Guard the Public and Property Against Fire" is hereby repealed. Section 9. If any provision of this ordinance shall be held invalid, the remainder of the ordinance shall not be affected thereby. Section 10. This ordinance shall take effect twenty (29) days after its enactment or upon its publication, whichever is later.

Animal and Fowl Ordinance

(Ordinance No. 95)

views are so obstructed as described in this section.

Sec. 20. Traffic Signal Legend. Whenever traffic is controlled by traffic-control signals, exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights successively I at a time, or with arrows, the following colors shall be used and said terms and lights shall indicate and apply to drivers of vehicles and pedestrains as follows:

(a) Green alone or "Go."

1. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrains lawfully within the intersection or an adjacent crosswalk at the time such signal to available to the contribution. 2. Pedestrains facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

(b) Yellow alone or "Caution" when shown following the green or

"Go" signal.

1. Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at the intersection, but if such stop cannot be made in safety, a vehicle may be driven cautiously through the intersection. 2. Pedestrains facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right-of-way to all vehicles. (c) Red alone or "Sto

No pedestrian facing such signal shall enter the street unless he can do so safely and without interfering with any vehicular traffic. (d) Red with arrow

Green arrow (steady): Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.

2. Red arrow (flashing): When a red arrow is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked and shall then be privileged to make the movement indicated: Provided, That no interference is offered pedestrians or vehicles lawfully on the street.

3. No pedestrian facing such signal shall enter the street unless he are vehicular traffic.

can do so safely and without interfering with any vehicular traffic.

(e) In the event a traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any sign or marking the stop shall be made at the Sec. 21. Pedestrian Walk and Wait Signals. Whenever special pedestrian-control signals exhibiting the words "Walk" or "Wait" are in place

such signals shall indicate as follows: (a) Walk—Pedestrians facing such signal may proceed across the street in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(b) Wait.—No pedestrian shall start to cross the street in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the wait signal is showing.

Sec. 22. Flashing Red or Yellow Signals. Whenever flashing red or llow signals are used they shall require obedience by vehicular traffic 1. Flashing red (stop signals). When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

Chapter V · SPEED REGULATIONS

Sec. 23. (a) Any person driving a vehicle on a street shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface and width of the street and of any other condition then existing, and no person shall drive any vehicle upon a street at a speed greater than will permit him to bring it to a stop within the assured, clear distance

ahead.

(b) Subject to the provisions of paragraph (a) of this section and except in those instances where a lower speed is specified in this chapter, it shall be prima facie lawful for the driver of a vehicle to drive the same at a speed not exceeding the following, but in any case when such speed would be unsafe it shall not be lawful:

25 miles per hour on all streets in a business or residence district as defined herein other than streets or parts of streets specified below:

35 miles per hour on Lake Shore Road from Fisher Road to northerly city limits.

35 miles per hour on Mack Avenue from Fisher Road to north-30 miles per hour on Grosse Pointe Boulevard from Fisher Read to 30 miles per hour on Kercheval Avenue from Kenwood Road to 30 miles per hour on Chalfonte Avenue from Fisher Road to Moross

30 miles per hour on Moross Road from Ridge Road to Mack Avenue. 15 miles per hour in public parks unless a different speed is fixed 15 miles per hour in public parks unless a different speed is fixed and duly posted.

Prima facie speed limits in excess of 25 miles per hour are reduced to 25 miles per hour when passing school entrances.

Adequate signs shall be placed and maintained upon all streets upon which the permissible speed is increased above 25 miles an hour and in public parks where the permissible speed limit is reduced below 25 miles an hour, giving notice of such increased or reduced speeds.

(c) Where signs are erected at the beginning of a speed control zone, officially established stating the limit of speed, it shall be prima facie unlawful to exceed such stated speed while within such speed control zone.

(d) Where signs are erected upon the approach to an intersection directing operators to slow to a definite stated speed, every operator shall reduce the speed of his vehicle to the stated speed before entering the intersection and shall not exceed the stated speed until past the

intersection.

(e) No operator shall drive through any alley at a speed exceeding 15 miles per hour.

(f) In every charge of a violation of this section, the complaint, also the summons or notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the speed applicable within the district or at the location. Chapter VI TURNING MOVEMENTS, ETC.

Sec. 24. Signals for Starting, Stopping or Turning. (a) The driver of any vehicle upon a street before starting, stopping or turning from a direct line shall first see that such movement can be made in safety and shall give a signal as required in this section. direct line shall first see that such movement can be made in safety and shall give a signal as required in this section.

(b) The signal herein required shall be given either by means of the hand and arm in the manner herein specified, or by a mechanical or electrical approaching device which conveys an intelligible signal or warning to another driver approaching from the rear.

Whenever the signal is given by means of the hand and arm, the driver shall indicate his intention to start, stop, or turn by extending the hand and arm horizontally from and beyond the left side of the vehicle. Sec. 25. Intersections: Position for Turning. The driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the

made as close as practicable to the right-hand curb or edge of the roadway.

(b) Approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered.

(c) Approach for a left turn from a 2-way street into a 1-way street shall be made in that portion of the right of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection. A left turn from a 1-way street into a 2-way street shall be made by passing to the right of the center line of the street being entered upon leaving the intersection.

(d) Where both streets or roadways are 1-way, both the approach for a left turn and a left turn shall be made as close as practicable to the left-hand curb or edge of the roadway.

Sec. 26. Signs Limiting Turn. When pavement markers, signs or signals officially placed within or adjacent to intersections require and direct that a different course from that specified in this section be shall turn a vehicle at an intersection other than as directed and required by such markers, signs, or signals.

Chapter VII SPECIAL STOPS REQUIRED

Sec. 28. Stop Signs. When stop signs are erected at or near the entrance to any intersection, every driver of a vehicle shall stop such the intersection except when directed to proceed by a police officer or traffic-control signal.

Sec. 29. Leaving Driveway or Alley. The driver of a vehicle about to enter or cross a street from an alley, private road, or driveway shall come to a full stop before entering such street. Sec. 30. Obstructing Intersection. When traffic conditions are such that it is necessary for an operator driving into an intersectior to stop within the intersection in a manner that will interfere with movement of vehicles on the cross street, the operator shall stop his vehicle before entering the intersection and shall not proceed until traffic conditions change so as to permit passage through intersection without stopping. Sec. 31. Passing Stopped Vehicle at Intersection. Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

Chapter VIII

MISCELLANEOUS DRIVING RULES

Sec. 32. Right-of-Way (a) When 2 vehicles enter an intersection at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right. The driver of any vehicle traveling at an unlawful speed shall forfeit any right-of-way which he might otherwise have hereunder.

(b) The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by this ordinance, may make such left turn and the drivers of all other vehicles approaching to the vehicle making the left turn: provided, that an intersection at which a traffic signal is located, a driver intending to make a left turn shall permit vehicles bound straight through in the opposite direction which are awaiting a go signal to pass through the intersection before

which are awaiting a go signal to pass through the intersection before which are awaiting a go signal to pass through the intersection before making the turn.

(c) The operator of a motor vehicle having stopped as required by this ordinance at the entrance to a through street or a stop intersection, shall yield the right-of-way to other vehicles which have entered the intersection from said through street or which are approaching so closely on said through street as to constitute an immediate hazard, but said driver having so yielded may proceed and the drivers of all other thicles approaching the intersection on said through street shall yield the right-of-way to the vehicle so preceeding into or across the through street.

(d) The driver of a vehicle about to enter or cross a street from an alley, private road or driveway shall yield the right-of-way to all vehicles approaching on the street being entered.

set, private road or driveway shall yield the right-of-way to all vehicles approaching on the street being entered.

Sec. 33. Driving to Right. Upon all streets of sufficient width except upon one-way streets the operator of a vehicle shall drive the same as closely as possible to the right-hand edge or curb of such street, when overtaking and passing another vehicle subject to the limitations applicable in overtaking and passing set forth in this chapter: provided, however, that on streets having three or more lanes for traffic, the perator of a vehicle shall keep the same entirely within the extreme left: provided further, that on streets having three or more uneven sumber of lanes, the operator of a vehicle shall not drive the same or four or more even number of lanes, he shall not drive the same or any part thereof to the left of the center lane and on streets having part thereof to the left of the center lane and on streets having four or more even number of lanes, he shall not drive the same or any part thereof to the left of the center lane and on streets having four or more even number of lanes, he shall not drive the same or any respect to one-way streets, and with respect to undivided streets naving a lanes or more, vehicles moving in substantially continuous lanes of traffic may pass either to the left or right of preceding vehicles which occupy adjacent lanes. The foregoing rules shall apply on divided roadways, except that on such roadways, operators shall keep to the right of the division. On divided roadways where traffic is required to travel in one direction only, operators may proceed to the left of such division.

Sec. 34. Marked Lanes. The foregoing provisions of Section 33 shall not be deemed to prevent the marking of lanes for terferomes. In one direction only, operators may proceed to the left of such division.

Sec. 34. Marked Lanes: The foregoing provisions of Section 33 shall not be deemed to prevent the marking of lanes for traffic upon any street, and the allocation of designated lanes to traffic moving in a particular direction or at designated speeds. When such lanes are marked and clearly visible, it shall be unlawful for any operator to straddle such lane markings or to fail to keep his vehicle entirely within the limit lines of lanes except while in the process of necessary and safe transfer from one lane to another or to avoid conflict with other vehicles. Operators of vehicles preceeding in opposite directions shall pass each other to the right.

Sec. 35. Overtaking on Right. The driver of a vehicale may over-take and pass upon the right of another vehicle only under the fol-1. When the vehicle overtaken is making or about to make a left turn:

2. Upon a street with unobstructed pavement not occupied by parked vehicles of sufficient width for 2 or more lines of moving vehicles in each direction and when such vehicles are moving in substantially continuous lanes of traffic:

3. Upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free frem obstructions and of sufficient width for 2 or more lines of moving vehicles and when such vehicle are moving in substantially continuous lanes of traffic.

4. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or mun-travelled portion of the roadway.

Sec. 36. Overtaking on Left. (a) The following rules shall govern

Sec. 36. Overtaking on Left. (a) The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions, and special rules in this

The driver of any vehicle overtaking another vehicle proceeding in the same direction shall pass at a safe distance to the left thereof, and when safely clear of such overtaken vehicle shall take up a position as near the right-hand edge of the main traveled portion of the street as

Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

(b) No vehicle shall be driven to the left side of the center of a 2 lane street or in the center lane of a 3 lane street in overtaking and passing another vehicle proceeding in the same direction unless such left side or center lane is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or of any vehicle approaching from the opposite direction or any vehicle overtaken.

Sec. 37. One-way Streets. Upon a roadway designated and sign-sted for one-way traffic a vehicle shall be driven only in the direction designated. Sec. 38. Backing. (a) No operator shall back his venicle unless he shall first ascertain that it can be done safely. (b) No operator shall back his vehicle a distance of more than

(c) No vehicle shall be backed around a corner at an intersection unless preceded by an observer to safely direct the movement. Sec. 39. Driving on Sidewalk and over Curb. No person shall drive, lead, or back any vehicle on or along any sidewalk in any public street or public place except in such points designated for such purpose by the lowering of the curb, and no person shall drive, lead, or back any vehicle over any curb, except where the curb has been lowered for such specific purpose. lowered for such specific purpose.

Sec. 40. Avoidance of Signal. No operator shall attempt to avoid obedience to any traffic control device by driving upon or through any private property, or through an alley. Sec. 41. Splashing. No motor vehicle operator shall recklessly, witfully, wantonly, or carelessly operate his vehicle in such manner as to splash snow, rain, water, mud, dirt, or debris on any person then upon a sidewalk or crosswalk.

Sec. 42. Crossing Fire Hose. No vehicle shall be driven over any unprotected hose of a fire department when laid down on any street or private driveway, to be used at any fire or alarm of fire, without the consent of the fire department official in command.

Sec. 43. Ride Inside Vehicle. No person shall ride in or operate any motor vehicle unless all portions of such person's body are entirely within that portion of the vehicle designed for the carrying of passengers or merchandise or as otherwise permitted by this ordinance; provided, however, that this section does not apply to any person whose employment makes it necessary to ride otherwise. towing or otherwise. Sec. 46. Leaking or Spilling. No vehicle shall be driven or moved on any street unless such vehicle is so constructed or loaded as to prevent its contents from dropping, sifting, leaking, or otherwise escap-

Sec. 47. Following Fire Apparatus. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than 500 feet or drive into or park such vehicle within 500 feet where fire apparatus has stopped in answer to a fire alarm. in answer to a fire alarm.

Sec. 43. Interference with Driver's View or Control. No person shall drive a vehicle when it is so loaded, or when there are in the front seat such number of persons as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle. Sec. 49. Lap Driving. No operator shall have in his lap any other person, adult or minor, nor animal, nor shall he be seated in the lap of any person, while the vehicle is in motion. Sec. 50. Arm Around Person. No operator shall have either arm

around another person or shall another person have either arm around the operator while the vehicle t_2 in motion. Sec. 51. Garagemen to Report Cars Damaged. The person in charge of any garage or repair shop to which is brought any motor vehicle which shows evidence of having been involved in an accident or struck by any bullet shall report to the nearest police station immediately after such motor vehicle is received, giving the engine number, registration number, and the name and address of the owner or operator of such vehicle. Chapter IX.

PEDESTRIAN RIGHTS AND DUTIES

Sec. 52. Pedestrians on Highways. Where sidewalks are provided, it shall be unlawful for pedestrians to walk upon the main traveled portion of the highway. Where sidewalks are not provided, pedestrians shall, when practicable, walk on the left side of the highway, facing traffic which passes nearest.

sec. 53. Jay Walking. When traffic control signals are not in place or not in operation the driver of a vehicle shall yield the right of way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling, or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger, but no pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield.

Sec. 54. Duty to Look. Before entering any roadway, a pedestrian must come to a full stop at the curb or edge of said roadway and then look for oncoming vehicles; except that a pedestrian is not required to make such stop when crossing with a green or walk signal or at the direction of a police officer.

Chapter X PARKING.

Sec. 55. Prohibited Stopping. Where signs prohibiting stopping are installed, no operator shall stop, stand, or park, a vehicle in such designated place except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-

Sec. 56. Prohibited Parking. No person shall park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with law or the directions of a police officer or traffic-control device, in any of the following places:

On a sidewalk; In front of a public or private driveway; Within an intersection;

(d) On a crosswalk;

(e) Within 20 feet of a crosswalk, or if none, then within 15 feet of the intersection of property lines at an intersection of highways;

(f) Within 30 feet upon the approach to any flashing beacon, stop sign, or traffic-control signal located at the side of a highway;

(g) Within 20 feet of the driveway entrance of any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of said entrance when properly signposted;

(h) Along side or opposite any street excavation or obstruction when such stopping, standing, or parking would obstruct traffic;

(i) On the highway side of any vehicle stopped or parked at the edge or curb of a street:

(l) Within fifteen feet of a fire hydrant.

(m) In any place or in any manner so as to block immediate egress from any emergency exit or exits conspicuously marked as such of buildings;

(n) In any place or in any manner so as to block or hamper the immediate use of and immediate egress from any fire escape conspicuously marked as such providing an emergency means of egress from any building.

sec. 57. Park Next to Curb. Every vehicle parked or stopped upon a street shall be so parked or stopped with the wheels of such vehicle paralled to the roadway and within 12 inches of any existing right-hand curb, except that vehicles upon a one-way street may so park at the left-hand curb, where allowed, in the direction of traffic; provided, however, that where official signs permit angle parking, then all vehicles must be parked or stopped in the angle direction designated. Sec. 58. Moving Cars. No person shall move a vehicle not cwned by such person into any prohibited area or away from a curb such distance as is unlawful.

Sec. 59. Parking Beyond Curb. No person shall stop, stand or park a vehicle on that portion of the highway located between the property lot lines and the curb, unless permitted by signs appropriately erected. Sec. 60. Parking in Aliey. No person shall park a vehicle in a vehicle in a public alley, nor shall he stop or stand a vehicle in a public alley if such stopping or standing shall obstruct passing by other vehicles; provided, that a commercial vehicle may load or unload in a public alley, but shall not obstruct other vehicles from passing.

Sec. 61. Limited Time Parking Signs. When official signs have been erected upon any street indicating that parking is prohibited for a longer time than is designated, no person shall park any vehicle on said street in violation of any such signs: provided, however, that this regulation does not apply upon on Sunday and Legal Holidays unless signs are installed and worded to include Sundays and Legal Holidays. Sec. 62. Leaving Vehicle Unattended. No operator shall leave a motor vehicle unattended with the motor running; or allow any vehicle to stand without first effectively setting the brakes thereon and stopping the motor of said vehicle, and when standing upon any grade without turning the front wheels to the curb or side of the street. Sec. 63. Parking Commercial Vehicles During Night. It shall be unlawful to park any commercial vehicle on any street in this city for a period longer than thirty minutes between the hours of 2 A.M. and 4 A.M. of the same day. The Chief of Police for good cause, may grant special parking permits permitting parking of commercial vehicles during the above hours, provided each permit is granted for a definite period of time.

Sec. 64. Parking Over 48 Hours. Continuous parking of a vehicle on the street for a period of 48 hours is hereby prohibited, and such vehicle may be impounded by the police. Sec. 65. Prima Facie Evidence. In any proceeding for violation of the parking provisions of this ordinance, the registration plate displayed on such motor vehicle shall constitute in evidence a prima facie presumption that the owner of such motor vehicle was the person who parked or placed such motor vehicle at the point where such violation occurred.

> Chapter XI EQUIPMENT

Sec. 66. Lights. (a) Every vehicle upon a street within this city shall be equipped with lights which shall be lighted in accordance with the provisinos of Act 300, Public Acts of Michigan, 1949, as amended, better known as the Motor Vehicle Code.

(b) Any motor vehicle may be equipped with not to exceed two spot lamps, except that a motorcycle shall not be equipped with more than one spot lamp, and every lighted spot lamp shall be so aimed and used upon approaching another vehicle that no part of the beam will be directed into the cyes of the approaching driver. Section 78. Bicycles, Motorcycles, Regulations Applicable. (a) It is a misdemeanor for any person to do any act forbidden or fail to perform any act required in this chapter.

(b) The parent of any child and the guardian of any ward shall not authorize or knowingly permit any such child or ward to violate any of the provisions of this chapter.

(c) These regulations applicable to bicycles shall apply whenever a bicycle is operated upon any street or upon any path set aside for the exclusive use of bicycles, subject to those exceptions stated herein.

(d) These regulations applicable to motorcycles shall be considered supplementary to other provisions of this ordinance governing the operation of such vehicles.

Section 79. Bicyclists: regulations applicable. Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle under this ordinance except as to those provisions which by their nature can have no application. Section 80. Bicycles and Motorcycles, Number and Manner of Carrying Persons. (a) A person propelling a bicycle or operating a motor-

cycle shall not ride other than upon or astride a permanent and regular seat attached' thereto. (b) No bicycle or motorcycle shall be used to carry more persons at one time than the number for which it is designed and equipped.

Section 81. Bicycles and Motorcycles: Operation at Right of Roadway, Special Paths. (a) Every person operating a bicycle or motorcycle upon a roadway shall ride as near to the right side of the roadway as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction.

(b) Persons riding bicycles or motorcycles upon a roadway shall not ride more than 2 abreast except on paths or parts of roadways set aside for the exclusive use of such vehicles.

(c) Wherever usable paths for bicycles have been provided adjacent to a roadway, bicycle riders shall use such paths and shall not

Section 82. Same: Carrying Articles, Hands on Handle Bars. No person operating a bicycle or motorcycle shall carry any package, bundle, or article which prevents the driver from keeping both hands upon the handle bars of said vehicle.

Section 83. Bicycles: Lights, Bells, Brakes. (a) Every bicycle when in use at night time shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least 500 feet to the front and with a red reflector on the rear which shall be visible from all distances from 50 feet to 300 feet to the rear when directly in front of lawful upper beams of head lamps on a motor vehicle. A lamp emitting a red light visible from a distance of 500 feet to the rear may be used in addition to the red reflector.

(b) No person shall operate a bicycle unless it is euipped with a bell or other device capable of giving a signal audible for a distance of at least 100 feet, except that such vehicle shall not be equipped with nor shall any person use upon such vehicles any siren or whistle. (c) Every bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, clean pave-

> Chapter XIII **IMPOUNDING**

Section 84. Removal and Impounding of Vehicles. Any police officer of the City may, in his discretion, remove any vehicle or bicycle left for an unreasonable length of time, or disabled, or parked in violation of the ordinances of the City, on or in any street, alley, park or public place. Such vehicles and bicycles may be removed to another place on the streets, alleys, parks or public places of the City, or to any City Vehicle Pound or garage or other place of storage designated by the Section 85. Resource of Impounded Vision of Police for such purpose.

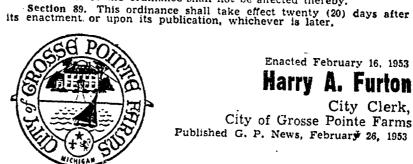

Section 85. Recovery of Impounded Vehicles. The owner of any vehicle or bicycle removed to the City Vehicle Pound or other place of storage, or his duly authorized representative, may recover possession thereof by paying to the City Clerk the expenses of removal of the vehicle or bicycle, and the expense of storage, including a reasonable charge for the service of City owned vehicles used for towing, and a reasonable charge for storage on City property, and including also the reasonable towing and storage charges of any private towing service or garage used for such purpose.

Chapter XIV GENERAL

Arthur Murray Studio Opened

A veritable show place is the new Arthur Murray Studio in this vicinity. Located at 16641 East Warren, just two blocks east of Outer Drive, it is a revelation in modern decor. With colorful furnishings and bamboo drapes that are automatically controlled, it provides a pleasant setting for perfecting one's self in correct social dancing.

A permanently installed six channel music system makes it possible for the kind of music preferred to be tuned into any of the private studios by pushing a wall button. The huge ballroom will make an ideal place for the many dancing parties and social affairs that the Arthur Murray Studio plans for its students.

This is the fourth Arthur Murray studio in this area. The downtown studio is at 1209 Washington boulevard; the northwest studio at 19480 Livernois and the Pontiac studio at 25 East Lawrence.

Lon Dante is manager of the new studio. Formerly assistant manager of the downtown studio, he will have a large staff of instructors, expertly trained in the Arthur Murray method of correct social dancing.

Dominican High Holds Father-Daughter Mass

The Dominican High School was sponsor of the anual Father and Daughter Communion Mass on Sunday, February 22 at 9:30 a.m., in the auditorium of the High School at 9740 McKinney avenue.

After the Mass, which was offered by the chaplain, Rev. Fr. L. Burcki, breakfast was served by members of the Mothers' Club in the cafeteria.

Notice of Registration

FOR SPECIAL ELECTION TO BE HELD IN VILLAGE OF GROSSE POINTE SHORES ON TUESDAY, APRIL 14, 1953.

who, where and whatnot

by whoozit

We are queried by a very proper Pointer: Does one carry a prayer book at a fifth wedding?

The dreamy Mrs. Lester F. Ruwe wears a full length mink cape . . .

And sister, Virginia DeVoy, invariably prefers black and navy in her own smart wardrobe . . .

Hunt Club Prexy John W. Mulford is ga-ga over volcanoes . . . that new one in Nevada may expect a visit from him any day . . .

Never knew a more frantic bridegroom-in-quest-of-adove-cote than Bill Grant before his marriage to the handsome Suzie Pirie last Summer . . . Finally found JUST the right one on Grand Marais in view of the lake . . . No sooner had they settled in it . . . than whoooof . . . business took Bill to Chicago ... and that's where they're going to live now.

Which reminds us that "Honeymoon Cottage" . . . the cunning little white house at the end of the John V. Redfield property on Lincoln road . . . is the most popular of all with newly-married couples . . . and of course, you know that the current Lucky Ones are the Don Lewis Nixons. . . .

Our favorite grand dame has been at it again . . . She comforted a friend who had just lost a bicuspid and a molar (count 'em) last week by be-littling the whole affair, "My dear, I've had every tooth out and I didn't mind it a bit. The only thing I've noticed is that I don't sing quite as well as land to a neat and famous barber shop on Fisher road in before."

PILFERINGS

The little boy's aunt was cross-examining him in the usual impertinent way.

"And do you say your prayers, Billy?"

Billy smiled. "Oh, yes! I say 'Heaven bless and protect me' every night."

"And every morning?" "No," said Billy, "I can look after myself during the day."

Albert: Father, what is tact?

Father: Tact, my boy, is what prevents a gray-haired man with a wrinkled face from reminding a youthful-looking woman with the complexion of a camellia that they were boy and girl together."

The doctor was examining a naval hospital orderly for advancement in rating. "What would you do if the captain fainted on the bride?"

"Bring him to," warbled the aspiring orderly.

"Then what?" asked the doctor. "Bring him two more," returned the man, promptly.

The teacher was giving the class a lecture on gravity. "Now children," she said, "it is the law of gravity that keeps us on this earth."

"But please, teacher," inquired one small child, "how did we stick on before the law was passed?"

How did you acquire your fortune?" inquired the inter- suit shoulder.

viewer of the famous poet. "At a single stroke," came the answer.

"Of your pen?"

"No," confessed the laureate; "of my paralytic uncle." 24 years ago; he is noted as the Barker is dotty about children

From lather boy Mr. Barker went on to all the courses required to train him as a ladies' hair dresser, which was his profession when he stopped off in Detroit en route to Australia. By now he had already married the prettiest girl in all of Liverpool.

The prettiest girl was to stay in England till her young husband was settled in Australia, but the Detroit stopover to see his grandparents, who had already come here to live, proved to be the end of the journey. So Mrs. Barker came to Detroit instead, and the European training gave Sam easy entree into a fine position in one of our large department stores.

If You Play . . . See Gray!

by paul gach The other day a youth asked

I want to be really dead serious about something. It concerns death and I think it is very serious. All too often, I am called upon to create a living likeness of a loved one who has passed on. Not only of old folks but often in tragic cases, a youngster. We are working on one of each at the moment. Older people wouldn't hesitate so much about making a fine portrait for their family if they could see the mess from which we often have to work. Old beat up snapshots, newspaper clippings and the like, are usually all people can bring us. They have to settle for a makeshift portrait. In the case of children, well let's face it; none of us knows from day to day what tomorrow will bring. If we did know we would probably all commit suicide and then our children would be looking for a picture of us. Moral: Have

your own portrait made soon

and often, as well as your chil-

dren and your parents.
