Elect Officials

Applying their lessons in government theory, the youths begin by electing a mayor and city officials and finally voting for a governor and state elective officials.

Voting is conducted in true-to-

The high school students who will become "residents of the 40th State, are:

Bob Chapman, Lee Clancy, Jay Valade, (alternate for Jim Clyma, who is unable to attend), Chuck Finger, Dave Hubbert, Dave Netherton, King Patterson, Mike Rauth, Stu Smith, Dick Spindle and John Taylor.

Welcome to New Teachers

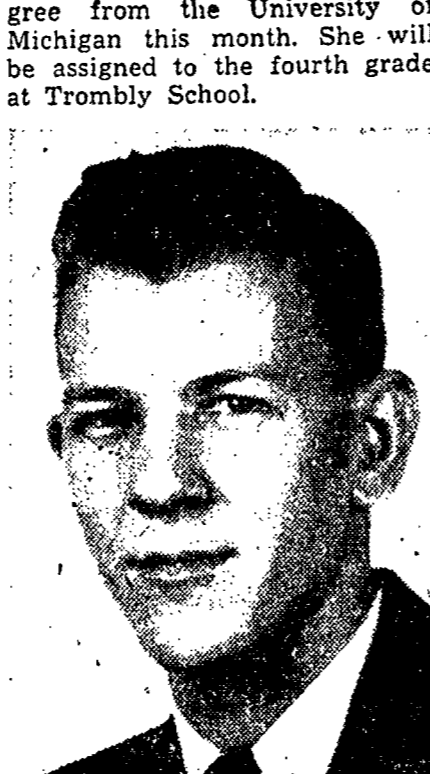

Because of the growth of the Grosse Pointe community and the subsequent increased enrollment in the public schools, the Grosse Pointe School Board has made some 50 appointments to the different faculties.

These appointments have been made because of the need to replace those teachers leaving the Public School system for reason of transfer or retirement.

By way of introduction to the parents of children who will attend or who are now attending the public schools, the NEWS is publishing weekly short biographies of those whose appointments have been confirmed. During the coming months until school reopens in the fall, the biographies of new teachers will appear in each issue.

MISS DOROTHY KLEIN comes from Vicksburg, Mich. She attended Michigan State College for one year, then transferred to Western Michigan College of Education, from which she received her degree this month. She will take over the sixth grade at Trombly School.

Donald Bassett, born in Connecticut, is a graduate of a Cleveland high school, and is a veteran of World War II, seeing service in the U. S. Navy. He is a former Monroe, Mich., teacher. He is married and the father of two children. He will teach the sixth grade at Trombly School.

Park Protests Smoke Nuisance

Park City Manager Everitt B. Lane appeared before the International Joint Commission in the Federal Building, Friday, June 5, to urge, along with representatives of other interested cities, that legislation be passed to control smoke and fly ash emitted by passing ships.

"The City of Grosse Pointe Park borders on the lower end of Lake St. Clair near the outlet to the Detroit River," Mr. Lane said.

"Ships down-bound, before reaching the outlet into the river, fire up and emit great quantities of black smoke and soot over a part of the city, which also impairs the public use of a large swimming pool and other recreational facilities in the waterfront park."

He also said ships up-bound fire up within the restricted area of Detroit, and before reaching the lake create the same air pollution conditions. In addition, many of the ships blow their flues, scattering fly ash over the area, Mr. Lane said. Many letters of protests have been received from home owners demanding relief from such nuisances.

Mr. Lane also stated the Park had conducted a survey from May 18 to 29 and recorded 52 ships, averaging from five to six a day, contributing to the smoke and fly ash nuisance.

He presented a resolution to the Commission, on behalf of the Park, requesting that the ships be made to install smoke abatement equipment or confine their smoke emitting activities to the open lake area.

The resolution further urged that a restricted area be extended not less than one mile north and east of Peche Island, to provide space for smoke and flue blowing activities.

Time may be money, but it's work that gives it exchange value.

4 Pointers Get Lieutenant Bars

Four Pointers were commissioned second lieutenants in the United States Army in a commissioning parade held at Michigan State College during the week of graduation.

Those commissioned and the branch of the Army they will enter are Donald A. Drader of 485 University, and Robert T. Bolo, Jr., of 81 Lochmoor, Quartermaster Corps; Allen B. Bass of 282 Kerby road, Ordnance; and John E. Corfield of 1510 Oxford road, Military Police.

The 293 cadets who received their commissions were the last to graduate from M.S.C. under the old system of optional branch choice.

President John A. Hannah delivered the principal address, stressing that the two years facing the graduating cadets can be important milestones in their careers and not just "wasted years."

Each commissioned cadet received three gold second lieutenant bars and two "U.S." ornaments to add to his uniform.

Police Warn Of 'Racket'

Pointe residents seeking domestic help, were warned by Park police to be on the lookout for a woman who uses a "carfare trick," on her victims.

According to Park Det. Lt. Arnold Hough, a woman who gives her name as Geraldine Kinslow checks the classified sections of newspapers for persons seeking a maid or a cook and phones for an interview.

During the course of the phone call, she requests carfare from Dearborn and return if she comes to the persons house, which is agreed.

Arriving at the home of the person seeking domestic help, she presents her qualifications in glowing terms, and if the prospective employer agrees to hire her, she then asks for time to think it over.

Before leaving, she asks the interviewer for \$5 to cover her fare. Naturally surprised the prospective employer demands to know why it cost \$5 to travel from Dearborn and return.

The woman, in turn showing surprise, claims that she did not come from Dearborn, but from "Fort Dearborn," as she claims she had stated when she made the appointment for the interview.

In almost every case, the victim pays, Hough said.

He asked that anyone else contacted by the woman call police immediately.

No matter what car you now own you will want to drive the New Packard

WHEREVER you go these days, people ask one another: "Have you driven the new Packard?"

Maybe you are wondering why so many people ask that question.

We'll try to tell you—

Several months ago Packard announced its return to the fine-car field with a beautiful new series of fine automobiles . . . and for the first time in years America had a new choice in fine cars!

And as the welcome idea of choice once again in the fine-car field gathered momentum, Packard showrooms filled quickly. No matter what car they had been driving up to then, men and women reared in the tradition of buying only the best were the first to call upon or summon Packard dealers.

For Packard was Packard . . . with a reputation for quality so deeply entrenched that it is one of the major achievements of the first fifty years of automotive history in America.

A Worthwhile Discovery

Had Packard really done it again . . . given America a new choice in fine cars? Those who came to look were satisfied—and remained to ride. That's when people started saying, with the gleam of discovery in their eyes, "Have you driven the new Packard?"

Have you?

Your Packard dealer will turn the keys over to you anytime you can make it.

Driving the new Packard is a fine-car motoring experience not many people who appreciate the right of choice will care to miss.

NEW! The Packard CLIPPER—another great Packard line. If you plan to buy a car in the medium-price class, be sure to see and drive the Packard CLIPPER, compare it with other medium-priced cars.

Youth Council Plans Dance

The Youth Council of the War Memorial Center is planning their first Summer dance on Saturday, June 27.

"Vacation Days" will be the theme of the dance. Dancing will be on the terrace and lawn to the music of Fred Crissey and his band.

The War Memorial doors will be open at 9 o'clock and the first three couples to arrive will not

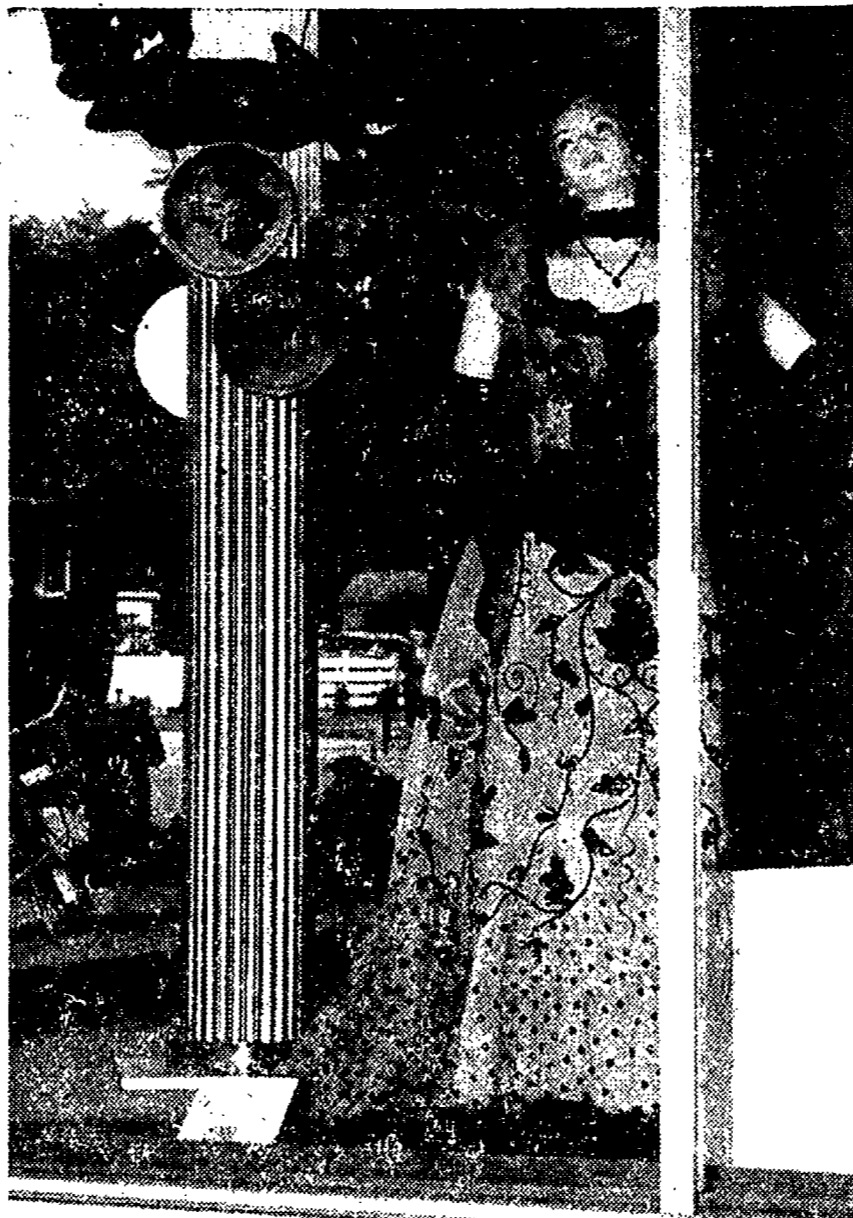

have to pay admission. Refreshments will be served on the terrace. Sport coats for the boys and dressy cottons for the girls will be the appropriate attire for the evening.

Students from grades nine to 12 and recent graduates are invited to the dance.

The Youth Council has also planned other activities for teenagers during the summer months.

The country's greatest need today is a crime commission that can braid legal red tape into a serviceable rope.

Pointe Chiefs, Judge Urge Co-operation in Campaign

The Grosse Pointe police chiefs and Judge C. Joseph Belanger joined this week in urging motorists to co-operate in the current State-wide traffic safety campaign.

The drive is under the leadership of Highway Commissioner Charles M. Ziegler and is sponsored by the Michigan State Safety Commission, of which Ziegler is chairman.

The campaign slogan is: "Keep in Lane—Don't Be a Road Hog."

Judge Belanger warned of the seriousness of dangerous passing, which can result in at least nine types of accidents, and pointed out that the minimum fine for a reckless driving conviction is \$25 under State law.

Three such convictions within a year result in automatic suspension of the violator's drivers license.

"Taking a chance on passing the car ahead is taking a chance on a heavy fine, taking a chance on losing your license and taking a chance on someone being killed—possibly yourself," he said.

The chiefs called attention to the fact that passing on city streets with parked cars and frequent intersections can be particularly dangerous. They said:

"There are not many conditions which justify passing on a city street where parked cars only allow one moving lane of traffic in each direction.

"The speed limit on most city streets is 25 miles an hour. If the car ahead is going 20 miles an hour, the difference in speed is only five miles an hour.

"To be able to go five miles an hour faster for a short trip will not save enough time to make it worth while to pass.

"Parked cars add a special hazard to passing, and hide pedestrians, especially children, who may thoughtlessly run out into the street. In many areas, the blocks are not long enough to permit passing before reaching the intersection."

The chiefs suggested the following safety tips to help motorists who wish to pass with safety:

- (1) Be sure that there is no car close behind you which may try to pass you as you pull out.
- (2) Make sure that there is no car right ahead of the car you

are going to pass which might block you.

- (3) Be certain that there is no oncoming car, or, if there is one, that it is far enough away so that you have plenty of time to complete your pass before it arrives.
- (4) Assume yourself that there is no intersection, driveway, or filling station entrance from which a car could come and interfere with your passing maneuver.
- (5) When you are certain of cars behind you and in front of you, and of all entrances to the roadway, then pass rather quickly so that you do not have to stay on the wrong side of the roadway very long.

It is recommended that when

highway conditions and the speed limit permit safe passing, that you travel about 15 miles an hour faster than the car you are passing. Less than this will make it harder for you to stop in time if an emergency develops.

The lower picture is a partial glimpse of the window display, which includes 1903 motoring fashions (loaned by the Detroit Historical Museum) as well as present day motoring fashions. Also, there is a group of interesting pictures of Dearborn at about the time the Ford Motor Company was founded. One of these 1903 pictures, which comes from a private collection, shows Mr. and Mrs. Henry Ford's horse, Tom. William Ford, brother of the motor company's founder, is shown in the same picture. Whirly Deb Season Opened on Monday

A Fortnight of Parties for Season's Debutantes Begins With Dinner for Elizabeth Leonard and House Dance Introducing Jeanne Whittaker

Monday brought the opening of June's gay debutante season to the Pointe with the first local bud to bow, Jeanne Whittaker, daughter of Dr. and Mrs. Alfred H. Whittaker of East Jefferson avenue.

The Whittakers gave a dance at their home and the deb crowd stayed on for buffet breakfast.

Gowned in floor length white nylon net and satin, with white cabbage roses a dramatic touch, the auburn-haired deb carried the gift bouquet of white roses and ivy presented by two young men of the stag line, Edward Nicholson and Donald Kuhn.

Mrs. Whittaker's gown was champagne moire, waltz length, with Vionnet neckline and leaf-shaped applique outlined in matching sequins and pearls.

Dr. and Mrs. Whittaker and the debutante received the guests in the French Room of their home.

The Whittaker gardens were floodlighted in pastel hues for the evening and guests found tables and chairs arranged for garden chats.

Iris and peonies were used through the rooms of the home, which was cleared for dancing.

The deb's ushers were Don Kuhn, Edward Nicholson, Brydon and Peter Dow and her brothers, James and Alfred J. Whittaker, Jr.

Houseguest of the deb for her coming-out party was Nancy West of Chappaqua, N. Y., who is a classmate of Jeanne's at Northwestern University.

Earlier in the evening Mr. and Mrs. William Rust Pierce and Mr. and Mrs. Lawrence Leonard of Cleveland, O., were hosts to the young set at the debut dinner of Elizabeth Leonard.

Three years ago former Pointers, Mr. and Mrs. Leonard, planned their daughter's debut with a Pointe setting (Cleveland does not have a debutante season) and the home of her grandparents, the Pierces, of Beverly road was the scene on Monday evening.

Here again June Gardens came into full play with special lighting. Guests met the debutante on the upper terrace leading to the Pierce gardens.

She wore an opera length full-skirted white organdie gown with motif of embroidered daisies beginning at her right shoulder and traveling diagonally to the frock's hem.

Her father's gift of yellow daisies accented the flowers on her gown.

Mrs. Pierce chose for her granddaughter's debut a floor touching gown of green printed white chiffon and the debutante's mother was gowned in an opera length dinner dress of pink cotton.

Supper was served at small tables covered with white cloths and centered with arrangements of all yellow flowers, daisies predominating.

Elizabeth will remain in the Pointe until the close of the local debutantes season when she will leave for Cleveland and her parents' home.

Occurring too late for coverage in this week's Grosse Pointe News were the debuts of: Paul Sutton, daughter of Mr. and Mrs. John R. Sutton, Jr.; Sandra Goebel, daughter of Mr. and Mrs. Henri Goebel; Betsy Leonard, daughter of the Raymond Leonards, and Betsy Wheat, daughter of Mr. and Mrs. Renville Wheat. Details of their parties will be printed in next week's paper.

The young set also attended a dinner at the Little Club for Sally Schemm on Tuesday evening when hosts were Mr. and Mrs. Daniel W. Goodenough and Mr. and Mrs. William John Spicer.

Colby Dean's List Names Five Pointers

Five Grosse Pointe girls were recently elected to the Dean's List at Colby Junior College, New London, N. H., for the second semester, according to an announcement released from the college.

Hoffman, of 15985 Windmill Pointe drive; Alice Jane Hooker, daughter of Mr. and Mrs. Floyd G. Hooker, of 445 University place; Ingrid Petersen, daughter of Mr. and Mrs. Edgar Petersen, of 30 W. Wind lane, and Gail Sisson, daughter of Mr. and Mrs. Harry M. Sisson, of 309 Grosse Pointe boulevard.

THE BEST

When I was a kid, best way to start a fight was with the challenge, "My Father's better than your Father."

It's no longer something to fight about but, inwardly, I haven't changed a bit—I still think my Dad's tops in Pops. Through the years, he's given me plenty of reason for thinking so, too. We've been great friends... played together, talked "man-to-man" and worked out problems of growing up. Most important, though, Dad taught me a sense of responsibility as a person and as a citizen.

I know I'll be a better parent myself some day because of Dad. I'm looking forward to Father's Day, June 21st, as the time to say, "Thanks!"

'View Pointe' Topics Varied

By JoAnne Magill
G.P.H.S. Journalism Student
Another chapter in the interpretation of the Grosse Pointe program for parents and students was published in the June "View Pointe," issued June 11.

"View Pointe" is a picture magazine published by Grosse Pointe High School every semester.

Quite different from the conventional yearbook, which it replaces, no two issues of "View Pointe" are ever alike. With a variety of pictures the staff tries to cover many phases of high school life.

This semester's co-editors are Peggy Guinane, Anita Hatch, and Gwen Bashara, 12A's.

Displayed on the cover was a view of the High School as seen through a magnifying glass, held against a map of a section of the Grosse Pointe School District.

Three other striking photographs of the building were used in the magazine. On the inside cover were two photographs of the front of the school, entitled "Night and Day".

Introducing the senior pictures was a dramatic evening photograph of the library pillars, background for the June commencement exercises. All three of these pictures are by Bob Leacock.

Among other features in "View Pointe" is a Spring sports page and a two-page spread called "Check Those Seniors," which portrays typical senior activities.

Students wishing a leather cover may have their copies bound for \$1.50 additional cost. This year's leather cover is white, with gold lettering.

EGGS TOSSED

William Dance, of 436 Washington road, complained to City police Friday, June 12, that a group of teen-agers pelted his car with eggs as he was driving in the City. The location where the incident occurred was not given.

Lochmoor Club Scene of Gaiety

Junior members of the Lochmoor Club will have an opportunity for their first get-to-

gether since the Christmas holiday.

They will meet in the Coral Room which has been hung with pennants from all colleges and universities on June 19 and dance to the music of Johnny King's orchestra.

Margie Payne and Barbara Lowe will be hostesses to a group of Grosse Pointe High graduates.

Other parties include: Robert Bolo, Joyce Blasko, Mark and Beverly Beltaire, Raymond Bolo and Marcia Risser; and Dick Gallette and a party

of eight.

Frank Welsher Jr., will be host to 12 of his friends. Russell White and Ann Hoover with their party of 10 will join the festivities after the rehearsal dinner which precedes their wedding on June 20.

Limerick Lace In Headdress

Marriage vows were spoken Saturday morning in St. Ambrose Church by Mary Ann Cannon, daughter of Mr. and Mrs. Leo Cannon, Nottingham road, and Terrance Keane Glynn, son of Thomas Glynn of Chicago, Ill.

The bride chose for the ceremony a gown of pure silk shantung fashioned with an illusion neckline, giving the bodice a decolletage effect, fitted elongated waist and long sleeves ending in points over the wrist.

The full skirt was caught up around the hemline to form a scalloped edge with Spanish trim braid and the gown was completed with chapel length train.

Mary Ann's bridal headpiece, designed especially for her, was of Limerick lace more than a century old. Her bouquet was a cascade arrangement of stepanotis centered by a white orchid.

Ruth Cannon, sister of the bride, attended as maid of honor wearing a waltz length gown of light blue silk shantung. She carried pale pink carnations, roses and rubrum lilies.

The bridesmaids, in gowns to harmonize with the maid of honor and carrying similar bouquets, were Nancy Becker, cousin of the bride; Mary Lou Coburn and Vickie Cannon, the bride's sister.

Little Tommy Cannon, four-year-old brother of the bride, was ring-bearer.

Patrick Beag, of Chicago, served as best man, and Paul Briscoe, also of Chicago; John Cannon, brother of the bride, and Eddie Sauers, were ushers.

Mrs. Cannon chose for the wedding a blue silk dress and matching hat and corsage of rubrum lilies.

Immediately following the ceremony, a reception for their friends and relatives was held at the Grosse Pointe Yacht Club.

The young couple left for a honeymoon trip through western Michigan after which they will make their home in Chicago where Mr. Glynn is employed in the sales department of Continental Can Company. He is a graduate of Loyola University.

The members of the Grosse Pointe Mothers' Club will be hostesses at the reception following Commencement exercises, Thursday evening, June 18.

Bert Wicking Named Head Of Science Museum Group

Bert H. Wicking, vice-president of the Detroit Trust company, will be the first president of the Detroit Science Museum Society, it was announced today.

Mr. Wicking is also president of the Grosse Pointe Board of Education.

"Detroit is a city whose economy is founded on science," said Wicking. "All Detroit industries are completely dependent on science for their processes, and every citizen in turn looks to science for producing the civic wealth necessary to a healthy market."

"It is therefore highly regrettable that Detroit lacks a science museum, while all larger cities and many smaller cities have such a museum. Our intention is to rally the interest of metropolitan Detroit citizens and the support of this area's wealth toward creating a Detroit Museum of Science and Man."

Although the Society has been in existence since 1951, it has hitherto been led by its first vice-president, Suren Pilafian, Detroit architect. Pilafian and the other officers of the Society will re-

tain their position for another year: Second vice-president, Carl Obrecht, instructor of biology at the University of Detroit; recording secretary, Hazel W. Messner; corresponding secretary, Charlotte Selar; treasurer, Ruth L. Starck.

Twelve directors were retained for another year. The designated directors are Dr. Charles W. Creaser, chairman of the biology department, Wayne University; C. Allen Harlan, president of Harlan Electric Company; Dr. George Lechler, anthropologist, Wayne University; Dr. W. Mason Mathews, psychologist, Merrill Palmer School; Clarence J. Messner, principal of Richard School in Grosse Pointe; Oscar Noren, mechanical engineer, University of Detroit; John W. Pritchard, administrative assistant, Detroit Board of Education; Henry P. Zuidema, geologist and author; in addition to Wicking Pilafian, Obrecht and Mrs. Selar.

According to Wicking, the year 1953-54 will see further expansion of the membership, an increasing list of sponsoring organizations, an accumulation of funds for the project, further studies, and possibly the establishment of a temporary location.

The Society proposes to erect a planetarium as the first unit of the museum complex which will eventually include a Hall of Man and other halls devoted to various sciences and technology.

The Society increased its membership during the 1952-53 year from 83 to 307 members and it has the endorsement of 41 sponsoring organizations, mostly scientific in nature. In the course of the year, it has offered to Detroiters three lecture programs of scientific significance. Major Henry Zuidema with three-dimensional color slides in geology; Dr. Helen Dodson of the Hulbert Observatory, on solar-terrestrial relationships, and Dr. Robert T. Hatt, director of the Cranbrook Institute of Science on museums of the middle east.

In addition, the Society surveyed other museums throughout the country, developed plans for the Detroit Museum, investigated temporary locations, and interested citizens in the project. A site for the museum has been reserved in the city's Master Plan.

Pointer Weds In Ithaca

George Maxwell Kennedy, son of Mr. and Mrs. James Randolph Kennedy of Lincoln road traveled to Ithaca, N. Y., and yesterday (Wednesday) claimed as his bride, Gayle Lovejoy Raymond, daughter of Professor and Mrs. Clinton Beaumont Raymond.

The ceremony took place at 3 o'clock in the afternoon in Anabel Taylor Chapel of Cornell University. The Rev. Clinton Ritchie, assistant director of Cornell University Religious Work, officiated.

The chapel's altar was banked with palms and baskets of white flowers were flanked by cathedral candleabra.

Given in marriage by her father, the bride wore a gown of candlelight satin with portrait neckline bordered in imported lace. The fitted bodice was finished in leg-o-mutton sleeves and the great skirt extended into a cathedral train. The dress was first worn by Gayle's sister when she was a bride.

An inverted bridal crown of matching satin and lace held in place a full length imported French illusion veil and her bouquet was composed of all white daisies.

Mrs. David H. Hammers of Poughkeepsie, N. Y. was her sister's matron of honor gowned in pale blue aqua point d'esprit fashioned with snug bodice and puffed skirt. Matching mitts and an aqua net hat completed her custom. She carried daisies.

In similar gowns, only toned in pale yellow, were the bridesmaids including Joy Powell, of Memphis, Tenn.; Mebla Negri, of New Brunswick, N. J.; and Valerie Reid of Chicago. Their flowers were made of yellow daisies.

The bride's nephew, David Hartz Hammers was ring bearer. A model modern marriage is one in which the wife is a treasure and the husband a treasury.

A wife in most cases may be an influence for good, but asking a husband's opinion of a new hat makes an awful liar out of him.

Buses, Gainsborough And A Beautiful Bride

Wedding of Mary Lou Cudlip and William Jansen So Lovely It Coaxed Sun Through the Clouds Last Saturday at St. Paul's on the Lake Shore

Reappearance of the bridesmaids' bus on the wedding scene started the light-hearted note on which the wedding of Mary Lou Cudlip and William Jansen traveled so blithely last Saturday morning when they spoke their marriage vows at St. Paul's on the Lake.

The big chartered bus, just like the kind that chug along the streets, pulled into the fashionable Pointe church, and though there were seats to spare, its cargo of seven bridesmaids were standing up—didn't want to wrinkle their frothy gowns.

And if the beautiful bride was 20 minutes late arriving at the church (having veil trouble . . . the veil being the breath-taking one that trailed for yards behind her as she walked up the center aisle . . . the first genuine Byzantine lace in Detroit in years and years) no one seemed to mind.

We're sure everyone would have been content to wait an hour just to see the bride, as her father placed her arm on that of her bridegroom-elect at the altar, she leaned over to place a kiss on his cheek before he joined Mrs. Cudlip in the first pew.

Mary Lou, daughter of Mr. and Mrs. William B. Cudlip, of Lake Shore road, was a picture bride in her gown of mellowed ivory satin, designed by the couturier to the British royal family, Norman Hartnell. Its sculptured bodice was lavishly trimmed in thistle pattern lace and the handsome veil, fashioned into Gainsborough cap molded with crown of orange blossoms, traveled the full length of the long cathedral train. She carried a small bouquet of

white orchids and stephanotis. Stepped down from Gainsborough portraits, too, were the bridal attendants whose waltz length frocks with bellshaped skirts and very, very tight bodices were of white eyelet embroidery over pale blue taffeta. Their Gainsborough picture hats of blue horsehair were as wide as their shoulders and piled with pastel garden flowers dusted in little sequins.

The bridesmaids were Mrs. Thomas A. Reynolds, Jr., of Chicago; Mrs. Roger W. Hull, Mrs. William Codd Boydell, Mary Lyn Kerwin of Boston; and Mrs. Robert L. Thibodeau. Their carnations were the same shade of pinky-cream.

David Pringle Jansen was his brother's best man and the bridegroom's assistants were the bride's three brothers, David Rockwell, Charles Thomas and William John Cudlip, II; Charles A. Dean, III, the bride's cousin, Robert S. Cudlip; Charles T. Fisher, III, Robert Johnson, of Dearborn, and James R. Sailors of Grand Rapids. When Mrs. Cudlip left the church with her husband she hurried to the steps of the stone church where the new Mr. and Mrs. Jansen had passed to be

The full skirt of net fell into a formal train, which was appliqued with matching lace and three tiers of French silk illusion formed the wedding veil, held in place by a Juliet cap also of Chantilly. Her flowers were stephanotis and gardenias.

Bouquets of pink geraniums and ivy were carried by the bridal attendants, all of whom wore waltz length frocks of mauve mousseline de soie, with tucked bodices and midriff of matching mauve satin.

Their tiny caps of mauve silk flowers were entwined with pearls. Lynn Eskridge was her sister's honor maid, and the bridesmaids were Mrs. Howard Senteney, of Birmingham, Beth Barstow, of Cleveland, Ann Glasgow and Jane Rippe, both of Grosse Pointe.

MSC SEEKS NEW SONGS
Five top personalities in American music have been selected as judges for Michigan State College's "Centennial Music Contest" to choose new songs and marches about the college.

The judges are tenor James Melton; Arthur Fiedler, conductor of the Boston "Pops" orchestra; Paul Lavalie, conductor of the "Band of America"; Fred Waring, director of the Waring glee club and orchestra, and Henry Weber, musical director of radio station WGN, Chicago.

One Patient Helps Another

Coast Guardsman WILLIAM BYBEE (left), himself a patient at the United States Public Health Service (Marine) Hospital on Windmill Pointe, gave a pint of blood to another, more seriously ill patient, FREDERICK WILES (in bed), of 3169 East Outer drive, Detroit, who has tuberculosis. DR. JAMES A. SMITH, pathologist, supervises the presentation. Because of the shortage of blood at the hospital, patients who may donate without jeopardizing their own recovery are solicited. Wiles, a Navy veteran who served in the South Pacific, has been in the hospital since December, 1950; has had five operations and 11 pints of blood, and doctors say he will need more.

Sandy Jr. Earns Net Honors

Sandy Wiener, Jr., 16-year-old son of Mr. and Mrs. Alex Wiener, of 385 University, was elected captain of the Choate School varsity tennis team for 1954. Choate is a boarding school in Wallingford, Connecticut.
Sandy comes by the net game naturally because his dad was a whirlwind teen-age protège of the late Bill Tilden back when he was attending the Germantown Academy.
He toured the big tournaments with Tilden as his doubles partner for three years, starting when he was only 14 years old.
Sandy, Sr., also played on the Choate tennis team in his senior year and played on the varsity while attending Yale. He still plays and competes annually in the Little Club tourney.

Chief Louwers Graduate Of FBI National Academy

Park Police Chief Arthur E. Louwers graduated Friday, June 12, from the Federal Bureau of Investigation National Academy in Washington, D.C., after 12 weeks of intensive training.

His successful completion of the advanced law enforcement course was announced by F. H. McIntire, special agent in charge of the Detroit FBI office.

Chief Louwers was one of 79 members of the 51st session of the National Academy. Graduation ceremonies were held in the FBI Departmental Auditorium in Washington.

The purpose of the academy is to train selected law enforcement officers as police executives, administrators and instructors, in order that graduates may pass along to their own police departments the benefits of the training, McIntire said.

Particular stress was laid on courses in ethics in law enforcement, constitutional law and evidence.

FBI Director J. Edgar Hoover restated the need for well-trained law enforcement officers in America today.

He said that high standards must be achieved in the law enforcement profession on every level of its operations in order that its duty to the community and the Nation can be properly performed.

There is no need for a Federal police force, and the fight against crime can be won if law enforcement is fully supported locally, Hoover said.

Unusual Works of Art Given Detroit Institute of Arts

Tremendous artistic value and great historic interest attach to a group of recent acquisitions of the Detroit Institute of Arts.

Most important of all is the bronze statue of "Eve" by Auguste Rodin, great French 19th century sculptor. This statue purchased from the general memberships of the Founders Society, is the second piece by the great French sculptor in the Detroit collection. Rodin's "Thinker" in front of the Woodward Avenue entrance is one of the most familiar landmarks of Detroit.

The statue of Eve was done in 1881 and formed originally part of the huge "Gates of the Other World" commissioned by the French government, which occupied Rodin for nearly thirty years. The theme of the gates was taken from Dante's "Inferno." Eve was intended originally to stand on one side of the gate balanced by Adam on the other and the Thinker, symbolic of Dante, was to be placed over the lintel of the gate. However, this statue of Eve after the expulsion from the Garden of Eden was made into an independent composition and by general consent, one of Rodin's greatest works.

The quality of a bronze depends upon two things. Whether the sculptor himself works on it after it comes from the caster and how many casters have been made from one original plaster model. This heroic bronze is an extremely fresh and brilliant cast, one which Rodin himself supervised and finished. It has an extraordinary beauty of patina which Rodin himself gave to it.

Three paintings, John Quincy Adams by the 19th century American artist, George Caleb Bingham, 1811-1879, The Love Letter by Sir Peter Lely, English, School, 1618-1690, and William Wragg by Jeremiah Theus, American (ca. 1719-1774), and an exceptionally fine American 18th century Chippendale style desk and an English silver epergne made by Thomas Powell in London in 1759 are also among important recent additions to the collection.

The painting of John Quincy Adams, president of the United States from 1825 to 1829, and eldest son of the second president, John Adams, is important both historically and artistically. It is the gift of Mrs. Walter O. Briggs. The artist, Bingham, recently recognized as one of America's most important 19th century painters, is most famous for his genre scenes of which the Detroit Institute possesses two splendid examples, The Trappers' Return and Checker Players. The Adams portrait is one of the rare actual portraits done by Bingham and is a psychological study of first importance which helps to understand the man.

Adams was a diplomat, he taught rhetoric at Harvard, he represented the U.S. in Russia and in Great Britain and was secretary of state to President Monroe.

"Few men," it has been said, "have possessed more intrinsic worth, more independence, more public spirit and more ability than Adams, but he was handicapped by a certain reserve, a certain austerity—and few men in American history have during their lifetime been regarded with so much hostility and attacked with so much rancour by their political opponents."

The Love Letter by Peter Lely is the gift of Mrs. Trent McMuth of Grosse Pointe. Subtle and muted in coloring, the luminosity of the lively flesh tones emphasized by the Rembrandt-esque background, it makes one feel that it was executed by a painter of official portraits in a moment of leisure to express the quietude of a warm day and his love of beautiful women. Lely, born Peter vander Paes in the Netherlands, is best known for the numberless portraits he painted in England after he settled there in 1641.

The portrait of William Wragg by Jeremiah Theus is the gift of Dexter M. Ferry, Jr. The artist, born in Switzerland, came to America as a youth and specialized as a portrait painter for the aristocracy of Charleston in

Pointe Communities Seek To Aid Korean Homeless

The Pointes and surrounding communities have designated Saturday, June 20, as the date they will gather usable clothing for unfortunate war victims of Korea.

Residents of the Pointe communities are asked to have their usable clothing, no longer desired by them ready and placed on their porches to be picked up by the hundreds of trucks, which will be used during the collection.

Several factories and business places have donated space to store the clothing until it can be properly baled at various local warehouses and sent to New York where Army transports will take it to Korea.

The drive is sponsored by the American Relief for Korea, Inc., and is aimed at helping to alleviate the misery and suffering of the homeless and destitute civilians of that country.

All that is required is that usable clothing be left on the porches of the homes and they will be taken to centrally located trailers. Everyone is asked to help make this drive a success.

'Who's Got the Marker?' Skippers Are Asking

"Mark, mark, who's got the marker?" That's the question the skippers in the Star, L. Privateer, C. Vineyard Haven, Luder and Raven classes were asking of the judges at Bayview last Saturday, June 13, after they had made a futile search for the elusive object in the annual Bayview regatta.

The judges didn't know. They said it was there when they checked the various DRYA race courses on Lake St. Clair the day before.

The first mark of C course was supposed to be anchored off Provençal road and had been there since the latter part of May when the course was laid out. For some strange reason it's gone. Either lost, strayed, stolen or sunk.

Could it be some sharpshooter was using it as a target and blasted a hole in the metal drum float? Inasmuch as the first mark of the course wasn't there to be rounded, most of the classes mentioned turned around and went back to the host club for the after-race festivities which were really something and lasted into the wee hours of the morning.

The judges had decided, and race chairman Chuck Richter agreed that the prizes for these classes will be awarded on the results of the Detroit Boat Club regatta to be held on Saturday, June 27.

This makes the Boat Club race doubly important for those classes who use the LRYA events to determine their fleet championships.

The Cruising "A" scramble was actually a two-boat affair between Elmer Wagner's "Last Straw" and Paul Smiley's "Orient". These were the only two of the six-boat fleet that sailed the right course.

"Orient" got the winning gun but was knocked down to second place behind "Last Straw" on corrected time.

Too Gmeiner's New York 32 "Apache" finished 52 minutes behind "Orient," but "Apache" sailed six miles farther by circling the wrong course. Pat Collins' "Vitesse," winner of the Memorial Day regatta; Nubs Sarn's "Riveiry," and Gil Pingree's yawl "Red Head" finished in that order.

From what the boys in Cruising A class tell me, Gmeiner and his crew sailed one of the sharp corners seen around here in a long time and if they would have remembered the right course could have been the first boat home in the A division for a lopsided win. It's darn seldom Tom makes that kinda mistake.

In his first race of the 1953 season, Fritz Leydorf picked up where he left off last season with hi Owens cutter "Joanne" and won the Cruising B honors both

on elapsed and corrected time. Mac McGuire's Mackinac sloop "Kandu" finished third behind Zorn's "Maxial" but took second on corrected time.

Karl Ness got "Happi-Ness" going real good to beat the largest fleet to cross the starting line at the head of Peche Island. He apped Jack Cullen's "Albacore," Hank Burkard's "Meteor," Jim Carlin's "Glory Bea II," Nagel-Nicol-Desmond's "Balquhider," Walt Kunow's "Tempress," Simon's "Trepine," Susan Fisher's "Old Rarity," Pete Bayer's "Whistle Stop," Fuller's "Dianne" and Grad Schneider's "Margaret M" in the Cruising C division.

George and Jay Gonyeau's new six meter "Big Apple III," just in from Sweden, looked mighty pretty getting her first winning gun in her first start on drinking water.

Ernie Hahnemann's "Bo-Ve," also in her first race and from Sweden, was second in the two-boat race.

After the race we talked to Jay and he was really enthusiastic about his new ship and figures she will be a wood match for the rest of the sixes when they decide to come out and play.

Al Gregory got his first winning gun in the 30-squares with his "Typhoon" by beating Ed Offer's "Mistress." Dick Sullivan sailed "Starling" around the wrong course. Doc Berry cruised around the 15 mile course that hard-to-spell "Fyrvapligen" and got a winning gun but no prize because trophy chairman Carter Sales said before the race a class had to have three straters before a first place award would be given.

Ed Bayer continued to hold his jinx over Bill Gleason in the Universal A division. Both sail International 21's. Bill Calder topped Jenkins, Ternes, Tomlinson and Hutton in the Universal B class with his new fiberglass "Rebel."

It was a chilly day with the wind out of the North, variable from 8 to 15 miles per hour during the day. It was too wet on the weather leg up the Grosse Pointe shore but the tars, donned storm gear for warmth which was shed on the reach on the second leg across the lake and the run down wind to the finish line in front of the host club.

It was a good regatta. Even the skippers were involved in the missing marker incident agreed it was fun. There wasn't a single note of discord because the sailors buffet was ample and the party was terrific.

Commodore Hank Dunlap should feel proud of the way his men performed and Bayview once proved it doesn't have to take a back seat to any club in the world when it comes to staging a regatta.

'Indians' Champs Of Cub Pack 86

The "Indians" won the Cub Scout Pack 86 baseball championship on Thursday, June 11, by beating the "Giants," 13 to 8.

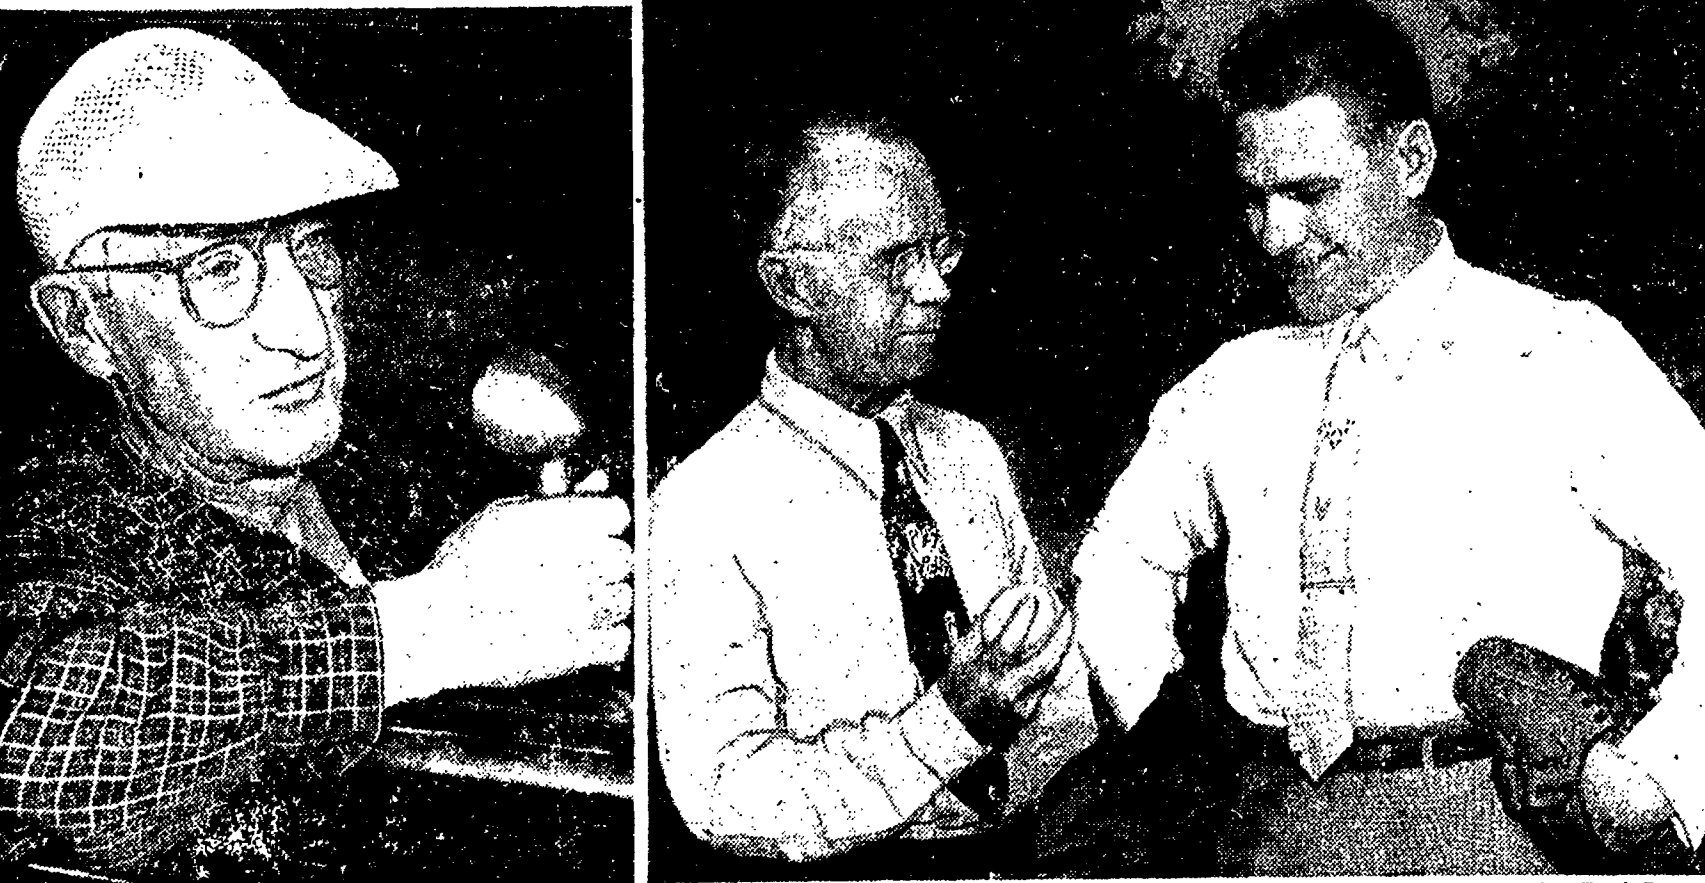

The two teams were finalists in a series in which six teams of Cubs played four games each. The championship game was held at Trombly School playground.

Both of Grosse Pointe's Little Leagues, the City and Farms, opened in a blaze of glory with the City having a sunny day and the Farms a rainy one. Top photo—Farms Little League officials Robert Chope, secretary; Howarth Gnaou, president; John Pingel, vice-president, and Remington Purdy, treasurer, hold the official league flag which they couldn't raise because of the rain. Bottom left—Tyson added color to the City's opening game by keeping the spectators informed with a colorful running account of the game over the public address system. Bottom right—Councilman Chester Carpenter, left, shows Councilman Kenneth Bergman how he held the first pitch he threw to officially open the City Little League.

In the opening game of the Farms Little League Monday, June 8, Walt Connolly made the huge turnout of spectators forget all about the Detroit Tigers with a brilliant stop of a line drive. It was undoubtedly the best play made in Little League play so far this season.

FARMS
Walt plays shortstop for the Yankees, and it was in the third inning he turned in his fielding gem. At the time the Yankees held a 4 to 0 lead.

The Tigers, on a single and two walks, filled the bases and had one out and were seriously threatening to tie up the ball game when Connolly streaked to his left, leaped high in the air and speared the screeching liner, which was labeled for two bases, in the webbing of his glove.

He fell directly on second base for the double play which ended the inning and saved the ball game for Tom Kolodziecki who was the Yanks starting pitcher. The Yankees went on to win, 12 to 4. Dave Ayrault was the loser, giving up 12 runs and 13 hits.

Indians Beat Sox
Bill Butler hurled and batted

the Indians to a 19 to 15 victory over the Red Sox on Tuesday, June 9. Butler paced the Indians' assault with three hits and Bob Herrick collected three hits for the losers. Jim Eiter was the losing pitcher.

Nine-year-old Bob Maniere struck out 10 Tigers in his five-inning stint on Wednesday, June 10, to beat the Tigers 5 to 2. Pat Duffy was the loser. Steve Baum got two of the Tigers' three hits.

The Yankees chalked up their second win in three days when they whipped the Red Sox, 14 to 9, last Wednesday behind the five-hit pitching performance of Tom Kolodziecki. It was Tom's second victory.

Dick Kay belted the first home run of the Little League season with a tremendous poke that cleared the left field fence. Mike Trader was the losing pitcher in the game that had to be called at the end of five innings because of darkness.

chewed up the Red Sox 10 to 3. Twelve-year-old Guy Miller chalked up the first no-hit, no-run ball game in the City Little League last Wednesday, June 10, to give Manager Andy Teetaert's league-leading Braves a 6 to 0 decision over the Dodgers.

Miller struck out 16, walked eight and got two batters on ground balls to the infield for his perfect performance.

On Monday, June 8, the Dodgers dropped the Cardinals 10 to 7 on a five-run uprising in the sixth and final inning.

Guy Miller, playing first base, paced the Braves to a lopsided

17 to 6 pasting of the Cubs on Tuesday, June 9, with a home run. Gilles and Cavanaugh also belted circuit blows for the Cubs' lost cause.

On Thursday, June 11, the Cubs bounced back from their loss of the day previous and walloped the Cardinals 15 to 4 on a seven-run, third-inning rally.

Boat Banter

By Fred Runnells

Seven classes will be sailing for double prizes in the next DRYA regatta which will be the Boat Club affair scheduled for Saturday, June 27.

That is how trophy chairman Carter Sales will get rid of the last 21 beautiful and unique prizes he had hoped to award to the Star, L. Privateer, C. Vineyard Haven, Luder and Raven classes at the conclusion of the Bayview regatta last Saturday, June 13.

Because of the lost, strayed, stolen or sunk first mark of Course C, the judges declared "no race" for those classes.

Race Chairman Chuck Richter came up with the only possible solution and the DRYA judges and Secretary Hal F. Smith agreed.

Said Richter, "The classes involved in the missing mark incident will sail for double prizes in the next regatta (Boat Club)." "However," he continued, "only those boats that sailed in the Bayview race will be eligible for the Bayview prizes. If there is an added starter in any of the classes involved it will sail just for the Boat Club award."

"For example—if a class had five boats out for the Bayview race, only those boats will be eligible for Bayview prizes. If the added starter wins the Boat Club race it will be awarded the Boat Club prize only."

If the first eligible boat finishes second it will be awarded the Boat Club second prize and the Bayview first prize.

Bob Neesley didn't get his re-rigged schooner "Malabar" out for the Bayview regatta but promises to be ready for the famous Mills race next Saturday, June 20, on Lake Erie. Bob has forsaken the old gaff rigged main and has a new taller spar in "Malabar" to take the new marconi main.

Bob says the old gaff had too many strings to pull and the marconi rig will make it easier for family sailing. Of course Avery Mactlem, Moon Drake, Clem Carter and Joe Drake like the idea too because they won't have to work as hard when they put the beautiful, black-hulled schooner through her paces in local regattas and the Mackinac classic from now on.

Dave "Deacon" Sloss has his crew working like a bunch of beavers putting his new "Kathmar" (nee "Kay"), 47 feet, 5 1/2 inch Swedish yawl, in shape for the Mills race. She's up on the elevator at Bayview and the boys completely stripped her black top sides and have repainted them white.

She looked mighty pretty under sail a week ago but the white paint really makes her look like a fancy lady. Johnny Detwiler was hanging onto the scaffold by his toes last Sunday scrubbing the water line. He looked like the man on the flying trapeze.

Grosse Pointe Y.C. race Chairman Aaron Evans has the sailing instruction classes underway and they are using three new fiberglass dinghys.

"Carter's Pill II" found some rocks up near Driscoll's last week and suffered considerable damage to her bottom and props. Carter "Noisy" Sales says, "We were going right down the middle of the channel when we hit a pile of broken concrete and then a cruiser went by and its wash put us higher on the rocks, which didn't help the situation any."

Luckily, Carter was able to stuff the break and stop the leak long enough to get back to Gregory's where the repair job is now going on.

Effective August 1 the Detroit River Racing Association will be known as the Windmill Pointe Yacht Club according to the news we received from RPM editor Ben Coehell who is also the vice-commander of the club.

The last big event the DRRA will stage before the name change becomes effective will be its seventh annual Detroit Memorial regatta to be held on July 4.

This race will be held on the three mile course located in the aquatic amphitheater created by Belle Isle, the Belle Isle Bridge and the Detroit mainland from Garbriel Richard Park to the foot of Meadowbrook Ave. The start as usual, will be in front of the Memorial Park near the Whittier Hotel. We will have more details on this event as the day approaches.

That hardy band of sailors who call themselves the St. Clair Yachtsmen have a new home. They took their catboats down to Kean's Boat Harbor a few weeks ago and the biggest plan afoot now is the bidding on the contracts for a new clubhouse which Kean's is going to provide.

Mable Kling, a member and one of our best grapevine tappers, has been teasing me with this information for weeks and she finally got the okay to release it. Gosh, she almost busted her buttons keeping the secret until she got the "go ahead" signal last Sunday. Mable wanted it to be known that the club will still be known as the St. Clair Yachtsmen and will compete in local regattas under that burgee.

Neil Haney, who pilots his 25-foot cruiser "Starfire" out of the DRRA, must be the champion muskie catcher of the club. So far this year Neil has netted seven muskies.

Everything we have is taxed—even our time and patience.
