FISHING RODEO SET FOR SATURDAY

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, August 13

TWO LIVES were lost and a score of persons injured when a \$50,000 fire leveled the General Motors Detroit Transmission plant in Livonia, latest reports stated. The fire broke out at 3:45 p.m. Wednesday, and was still raging early Thursday. It was feared that the death toll will rise when firemen are able to enter the building for an investigation of the cause of the conflagration. Fire departments from Livonia, Wayne, Northville, Detroit, Plymouth, Dearborn and Redford Township, fought the blaze. Gov. Williams visited the scene and immediately clamped tight security on the Ternstedt wing of the plant. It was feared that secret vital to defense work might be broken.

THE COMMUNIST PARTY membership in North Korea was thinned out by the purging of 25 officials by North Korea's Communist regime, a broadcast by the Peiping radio announced. The radio indicated that younger Reds were rising to power in the government of Kim Il Sung. Among the top officials purged were Kwon O. Chik, former ambassador to Communist China, and Chu Nyong Ha, ambassador to Russia.

THE ALLIES and Communists made their ninth exchange of prisoners, but in a warning sounded over China's Peiping radio, the Reds claimed the right under the Geneva Convention to hold prisoners being tried for offenses and those already serving sentences. In Washington, State Department officials noted that neither the United States, nor the Korean and Chinese Communists are signatories of the convention but have agreed to abide by it. They said the Geneva Convention has certain complications provisions regarding the retention of prisoners of war, but the armistice agreement with the Communists overrides them.

Friday, August 14
GENERAL MOTORS' officials moved quickly to give work to employees whose jobs were wiped out temporarily by the fire at the GM Detroit Transmission plant in Livonia. However, GM plants in distant cities and five car manufacturing factories, customers for the GM Hydra-Matic transmissions will feel the effects of the production loss, and as a result, more than 50,000 persons will be out of work. Two persons were killed in the fire, and another is feared to be dead. Damage caused is upwards of \$50,000,000.

THE NORTH CAROLINA coast was racked by an Atlantic hurricane that brought death, injury and destruction and then rolled northward to threaten the Virginia and Delaware coasts. The 100-mile-an-hour winds blew a man off a fishing pier at Wrightsville Beach and swept him out to sea, and uprooted trees, roofs and signs, besides downing power and communication lines. Residents had ample warning, however, and everything was battened down.

AMID MOUNTING ACCUSATIONS from both the Allies and Communists that prisoners were being withheld, the prisoner exchange went into its 10th day. Allied repatriates had told of fellow prisoners having been jailed on phony charges and not being sent home. The United States insisted that the armistice required the release of all prisoners who wanted to go home and threatened to hold back some Communist prisoners until the Reds returned all Allied prisoners who have been jailed.

DR. WILLIAM HOEGNER, interior minister of Bavaria, told 200 Jewish displaced persons staging a hunger strike, that there will be no more expulsions to Israel until a decision in their case is made in Bonn. The DP's, part of 600 quartered in the Fohrenwald Camp, went on the strike when three of their number were expelled and 80 more were faced with expulsion.

Front Porch Igloo Gift To Travelers

Appropriate Going-Away Present Sent on Eve of Departure for Alaska

"The Iceman Cometh" and right to the doorstep of Mr. and Mrs. Eddie Chase of Cadieux road last Monday afternoon. But he wasn't empty-handed. The ton of ice stacked in neat blocks on the Chase's front porch was the slow-melting evidence. This friendly prank was initiated by "a group of Eddie's friends", Mrs. Chase smilingly decided and was an informal bon voyage for their forthcoming trip to Alaska.

Business and Pleasure
Mr. Chase, a disc jockey with station CKLW, will combine business with pleasure by interviewing the Governor of Alaska, the mayors of the major cities and many pioneers, to discover more about this rapidly developing territory. Tapes of the interviews will be made and flown to Detroit where radio audiences will hear them only two or three days later.

City to Vote Again On Bond Issue for Park Development

Residents Believed Ready to Approve Recommended Improvements for Recreation and Additional Parking Space

Voters of the City of Grosse Pointe will ballot on at least three special propositions at the regular city election scheduled for Tuesday, November 3. The residents will once again be asked to approve extensive improvements to the parking and recreational facilities at the lakefront park.

Following the receipt some weeks ago of a detailed report submitted by Kenneth Bergmann, head of the special park committee, the council members and Mayor Ralph B. Nettling have spent considerable time studying the recommendations of the report.

Pier Plans Changed
Some changes have been made in the plans for new pier facilities, swimming areas and boat moorings which were submitted to the voters last September. This proposal was turned down last fall by 20 votes, but council members now believe that the residents are ready to approve a bond issue for the much-needed improvements.

Want Parking Space
The council does not agree with Mr. Bergmann's recommendations in one respect. He believes sufficient parking space for cars could be obtained within the park with the acquisition of the adjoining Dougthy property, which is available.

Two Protests Made
Twice, at public hearings held in the Woods' Council chambers, residents presented petitions protesting the paving of their street on the grounds it would increase the flow of traffic and encourage speeding, thereby endangering the lives and limbs of their children.

Seven To Be Elected
A mayor, three councilmen, clerk, treasurer and assessor will be elected on November 3. The terms of Councilmen Alonzo Allen, Chester Carpenter and Sidney Morgan all expire this fall. Councilmen John Kenower, Kenneth Bergmann and Frederick Parker will serve for another two years.

Council Ignores Pleas
Residents arrived at this meeting armed with a petition signed by 55 of the 77 persons who would be assessed for the paving, a stronger protest than the previous one. The council, however, chose to ignore the petition, and by a 6-1 vote decided the street would be paved.

Kid Anglers Ready to Vie For Awards

All Youngsters Under 17, in Park, Farms and City, Eligible to Complete

Saturday, August 22, is Rodeo Day in hundreds of municipalities from coast to coast, when they celebrate the nation's greatest fishing contest for children.

Must Be Registered
All boys and girls under the age of 17 in these three communities are eligible to participate, provided they first register at their local park. Prizes, consisting of the finest of fishing tackle, are awarded the youngsters catching the biggest fish of the several species allowed by the rules of the Rodeo.

Committee Meets
At a meeting of the General Committee held on Monday, August 17, final details for the contest and picnic were completed and announcements made of cooperating personnel.

Others Helping
Forrest Geary will represent the Grosse Pointe Board of Education and provide his usual helpful cooperation.

Financial Contributions
The police and firemen of Grosse Pointe City have in past years provided bait for the fishing contest and they have generously volunteered to do so again.

Wrigley's Market
Wrigley's Market is supplying the frankfurters for the picnic. For two hundred or so hungry youngsters, that adds up to a lot of hot dogs.

Contest Ends at 10
The actual fishing will commence promptly at 8:30 and end at 10 o'clock, and will take place along the lake front between the Farms pier and the Crescent Sail Yacht Club.

assault, and after questioning, the victim was sent home in a cab.

X-Rays Show Injury

However, on the way home, Gentile complained of severe pains in his chest and head, and the cab driver took him to the Highland Park General Hospital, where x-rays revealed that he had several broken ribs and a fractured skull.

When notified of the situation, Highland Park police called Park authorities, and a warrant was issued against Percin.

An investigation by Park Patrolman Gus Boone uncovered the fact that Percin was a parolee from Jackson Prison, where he had been serving a nine-month to 20-year sentence for extortion.

If convicted of the felonious assault charge, he may be returned to prison to serve the rest of his sentence as a parole violator.

After a week's recuperation in Frank's native Ireland, the couple is returning to the States this week.

Welcome to New Teachers

Because of the growth of the Grosse Pointe community and the subsequent increased enrollment in the public schools, the Grosse Pointe School Board has made some 50 appointments to the different faculties.

These appointments have been made because of the need to replace those teachers leaving the Public School system for reason of transfer or retirement.

By way of introduction to the parents of children who will attend or who are now attending the public schools, the NEWS is publishing weekly short biographies of those whose appointments have been confirmed. During the coming months until school reopens in the fall, the biographies of new teachers will appear in each issue.

RICHARD AMBERG, born in Toledo, O., was educated in Saginaw, Mich. He has BA and MA degrees from the University of Michigan. He served in the United States Navy during World War II and in part of the Korean campaign, and was one on the staff of the Saginaw News. His most recent assignment was with and Butler University. She will

teach in the first grade at Mason School.

MISS JOAN QUANDT attended the elementary schools of Grosse Pointe and is a graduate of Grosse Pointe High School.

the Lincoln Park schools. He will teach English in Grosse Pointe High School.

MISS GLORIA HANSON grew up in Cambridge and Newton, Mass. She received her BA from Tufts College. She also attended Ohio University and has taken special primary teacher's training at Wheelock College in Boston. In the past two years she has taught in the schools of Fresno, Calif. She will teach the kindergarten at Poplar School.

She was graduated and received her degree from Michigan State College last spring. Her assignment is the second grade at Defer School.

MISS ELIZABETH FIDDES, born and educated in Detroit, is a graduate of Denby High School.

Two Pointe Students Make All-State Band

Two Woods high school students took part in the All State High School Band concert at the National Music Camp this summer. The All State groups are sponsored by the School of Music of the University of Michigan.

The boys are David Stander of Bernier road and Duane Kalemher of Anita. David played the saxophone and Duane took charge of percussion.

The All State Chorus, orchestra and band concerts will be broadcast this fall all over Michigan. In Detroit station WJR will present the series of six programs. The date has not been set.

HOME FREEZING HINT

Most vegetables can be frozen satisfactorily by packing dry. However, asparagus, green and wax beans and green peppers keep better in frozen storage if they are covered with a two per cent brine, report foods and nutrition authorities at Michigan State College.

Make the brine by dissolving four teaspoons of salt in one quart of water. Cool it before using. Brine speeds up the rate of freezing, gives a less stringy product and gives protection against fluctuating storage temperatures.

reason for the condemnation and stated this was adopted on May 18 of this year.

Several persons later stated they were surprised that such a resolution had been passed without their knowledge.

Another resident asked by what right the village had to take away peoples homes and properties, and stated taxpayers should have something to say about it.

Judge DeBaeke stressed that the jurors must decide in favor of the condemnation, before any land can be taken away, and if taken, owners will receive just compensation.

Fight Promised

The resident retorted the people wanted their lands and homes, not compensations, and vowed a fight to the end.

At the close of the hearing, groups formed in the hall way and steps of the municipal building and held discussions on the proposed condemnation and what they intend to do about it.

Fed Up with Rust-Wrecked Tools?

Get an Electric Air Drier (Dehumidifier)

Hot under the collar because rust makes your favorite saw bind, makes drills seize and chatter, makes tool calibrations hard to read? Excess moisture causes the trouble.

Dry out the air with an electric dehumidifier. Its thirst is enormous. It removes as much as 3 gallons of water from damp air every 24 hours.

Electric dehumidifiers are compact — easily moved from one trouble spot to another. They plug in, just like a floor lamp.

Most air driers are under 25" high, weigh under 80 pounds.

GP Park In Good Financial Shape

Park City Manager Everitt B. Lane presented the financial report for the July 1952-53 fiscal year, to the council on Monday, August 10.

According to the report, very few fund transfers were made during the year and all departments closed their activities within budget allotments.

Reappropriated surpluses and assessed values from new buildings permitted the city to reduce the tax rate for the present fiscal year by 30c per \$1,000 assessed valuation.

A new Capital Improvement program is in the process of being prepared to earmark surpluses and balances for annual expenditures for the next six years. The present financial condition which added revenues and the reduction of debt service from long bond maturity in 1955 will permit the city to continue its pay-as-you-go method without additional borrowing or bonds.

The following projects are scheduled for the six-year Capital Improvement program: (1) Waterfront and park development; (2) street paving; (3) new lateral sewers in the northeast district; (4) new street lighting; (5) Civic Center improvements; (6) Municipal Building alterations and additions; (7) eight miles of new curbing; (8) water main improvements; and (9) New equipment replacement in all departments.

Not included is the Fox Creek rehabilitation program, which will confront the city within the next year.

Okay Transfer Of Licenses

Acting on recommendation of the police department, the Woods council approved the transfer of two 1953 SDM licenses to new owners on Monday, August 17.

A thorough investigation by the police uncovered indirect infractions of the liquor laws, previously committed at the old places of business of both of the owners who sought to have the licenses made out in their names. Because the infractions were committed by employees, and not the owners themselves, the council felt this could not be held against the new Woods business people.

The license of Albin Mature was transferred to Nicholas and Rose Rozich, new owners of the Mature Market on Mack avenue; and that of Anthony Ugval's to Anthony and Mary Munaco, new owners of the Lochmoor Market, also on Mack avenue.

Chief Louwers to Conduct Police Fingerprint Course

The Park Police station will serve as a classroom for a picked group of officers from the Harper Woods and the Pointe police departments, who will undertake a course in fingerprint identification beginning November 1.

The project, suggested by and to be taught by Park Police Chief Arthur Louwers, will cover two hours, one night a week, for 10 weeks. There will be a flexibility of the hours as a course for a particular night may take longer than the scheduled time.

The classification that will be covered will include fingerprinting, dusting and lifting and photography. Each officer will actually photograph and develop latent print evidence.

Chief Louwers said that he has been interested in teaching the techniques of fingerprint identification, and thought it was an excellent idea that such a course be undertaken for the benefit of the various police departments.

He has already asked the Federal Bureau of Investigation for the loan of several cameras and other equipment needed to carry out the course. This can be granted to him, he said, because he is a graduate of the FBI National Police Academy, and as such can avail himself of the use of FBI equipment.

Democratic Club To Hear Rabaut

Fourteenth District representatives on state Young Democratic convention committees will be picked at a meeting Thursday, August 20, of the First Young Democratic Club.

The meeting will be held at 8 p.m. at the Northeastern branch of the YMCA, Harper at Cadillac near Gratiot. The club will also consider other items of business such as mapping the group's roles in the Young Democratic convention set for Detroit in October and the fall municipal election campaign.

Club president Miss Eileen Ziesch, 1280 Chalmers, announced that 14th District Congressman Louis C. Rabaut will make one of his first reports on activities of the 83rd Congress at a special meeting of the 14th Young Dems set for Thursday, September 3.

Rabaut, of 1015 Three-Mile Drive, Grosse Pointe, has been one of the leaders of the Democratic minority in Congress and is considered to be an expert on fiscal policies.

Campers' Food Committee Hard at Work

Some 63 members of the new inter-denominational high school youth group formed at the Grosse Pointe Woods Presbyterian Church, left Wednesday, August 12, for a camping trip to Youth Island near Pontiac. Busy on the project of feeding the group were, front row, left to right: GAIL AMBROSE, JACKIE KAHN, MARY LIDDLE and KAY MARTIN, vice-president of the group. Back row, left to right: CAROL VESTEL, president; REV. BOB STANBERRY, assistant minister of the church; MARILYN MARR, MILDRED GHESQUIERE, BETTY SNALL and RUTH SNELL.

Hutchison-MacKenzie Rites Are Solemnized

John William MacKenzie Jr. of Harcourt Road Marries Carolyn Hutchison at Ceremony in Jefferson Avenue Presbyterian Church; Northern Honeymoon

No one can deny that today's bride is a sentimental young lady. Invariably she follows the tradition of something old and something new, something borrowed, something blue.

Following custom closely was last Saturday's bride, Carolyn Hutchison whose bridal Juliet was trimmed in the orange blossoms her maternal great-grandmother, the late Mrs. Rudolph Charles Blanke, had carried when she was a bride.

Carolyn was married at a ceremony in Jefferson Avenue Presbyterian Church to John William MacKenzie Jr., son of Mr. and Mrs. John W. MacKenzie of Harcourt road.

The bride's parents are Mr. and Mrs. Charles Homan Hutchison of Burns avenue. Her bridal costume of white embroidered organdy was fashioned on Princess lines with slight, chapel train and she carried an arrangement of white roses and lily of the valley. A frothy veil was attached to the bridal cap.

There were five bridal attendants, gowned alike in classic frocks of embroidered white organdy over crisp mint green taffeta.

Wide sashes of the green taffeta finished the slender waistlines of the dresses and the girls carried bouquets of Shasta daisies.

Mrs. William James Halliday was Carolyn's matron of honor.

The bridesmaids included Sydney Snell of East Haddam, Conn., Anne Morrell of Plainfield, N. J., Margaret MacKenzie, sister of the bridegroom, and Mrs. James McGoodwin of Medford, Ore.

Dr. MacKenzie served as his son's best man.

Seating the guests were Robert C. T. Hutchison, brother of the bride; Willard P. Kerr, William Webster, Frank J. Thorn and William J. Halliday.

For traveling the bride donned a cocoa brown linen suit with

natural accessories. The young couple left the wedding reception to motor in Northern Wisconsin, returning to the Pointe by the Upper Peninsula.

Carolyn is the granddaughter of Mrs. L. E. Hutchison of Springfield, Mo., and of Rudolph G. Blancke of Plainfield, N. J.

Society News Gathered From All of the Pointes

From Another Pointe of View

By

Jane Schermerhorn

Now that we're home again it seemed just a hop, skip and jump from Holland to Switzerland . . . First we saw that ancestral town of ours . . . visited a family who lived in a windmill . . . and had tea with the gentle dominie at Schermerhorn, his wife and two sons, one a music professor at the University in Rotterdam, the other an earthy banker . . . And then it was on to Lucerne . . . We'd been interested in the many return visits Mrs. Alvan Macauley, Jr., and her daughters make to Switzerland year after year . . . and of course we'd listened to some pretty strong superlatives from Emile Bischofberger, who is a native of that fairyland . . . (incidentally when we arrived in Paris we heard M. Bischofberger would manage the London East when Les Gruber takes over the Punch and Judy Bar . . . if true, what news for Pointers!) . . .

Swiss Time

We understood instantly why the Macauleys pack their skis and take off for Switzerland . . . And now we're ready to agree with Mr. Bischofberger that Swiss chefs rate right along with the French . . . The flowers . . . our hotel, like the old Greenbrier . . . the snow capping the tops of those wondrous Alps . . . and the blue Lucerne alive with sail boats, ferry boats taking passengers for rides around the lake . . . the water skiers riding the swell behind speed boats . . . and bathers cutting through the water where graceful swans float, too . . . The Swiss, friendly and the least grabby of any country we visited (with the exception of England) so anxious to make your holiday pleasant . . . The gay little shops . . . and the watches and the cuckoo clocks . . . We remember the last night we were in Lucerne . . . having to pack for an early morning train to Rome . . . we were up till the wee hours . . . and through the stillness of the night we heard in that land of the expert clock makers the hour of three being tolled for ten full minutes . . . by cuckoo . . . by chimes . . . by bong-bong-bong . . . That was one morning Swiss clocks didn't agree . . .

The Temperature Rises

From the coolness of Switzerland we raced right into Rome's 105 degrees and hardly expected to see the palm trees which YOU knew were there all along . . . At our hotel the waiters hummed arias from grand opera . . . there was a party of young college girls chaperoned by an overdressed woman who insisted upon arriving late for all meals so that the girls had to untangle their spaghetti and rise while she was seated . . . the Italian women were the most fashion-conscious on the continent . . . and the Italian hair-cut is strictly an export for most of the ladies are so beautiful their hair is worn in severe fashion that only beauty can afford . . . and long hair is very popular . . . Italian girls are plunking for pale toned lipstick . . . and while the Americans paddle over cobble stoned Roman streets . . . they trip along on spike heels and shoes you'd never believe would stay on their feet . . .

Roman Holiday

At the Villa Taverna, embassy residence of Ambassador Clare Boothe Luce, who's very serious about her job . . . We met a wonderful gal . . . Tish Baldrige . . . who is Mrs. Luce's social secretary . . . She was a Vassar classmate of Mrs. William Clay Ford (Continued on Page 8)

Buffy Wicking Joins Pointe Brides-Elect

Daughter of Mr. and Mrs. Bert Harrison Wicking of Trombley Road Is Engaged to William Pittman Blackmon of Montgomery, Ala.; Engagement Told at Trio of Parties

The romantic tidings from Paradise Pointe, N. C. (Camp LeJeune), reverse the modern engagement story, for in this one the young man must wait till his lieutenant fiancée completes her service with the United States Marine Corps before the wedding.

At least those are now the plans of the Pointe's popular Mary Elizabeth (Buffy) Wicking, daughter of Mr. and Mrs. Bert Harrison Wicking of Trombley road, and William Pittman Blackmon, son of Mr. and Mrs. William Brigger Blackmon of Montgomery, Ala.

The engagement is being announced this Thursday evening at Bill's birthday party which will take place at Camp LeJeune where Buffy is serving as a lieutenant. Bill is a lieutenant in the USMC Reserve and spent two years on active service.

Here in the Pointe, the Wickings entertained at a family dinner party on Wednesday evening to announce the engagement.

Buffy, an Annie Ward Foster girl and queen of the May Party in 1949 is a graduate of the University of Michigan, class of '52.

Police Chief O. C. Ingalsbe Retiring from Shores Post

The officials and employees of the Shores will turn out in force tonight, August 20, to attend a dinner at the Grosse Pointe Yacht Club, honoring retired Shores Police Chief O. C. Ingalsbe.

Chief Ingalsbe, who officially retired on August 2, has been with the Shores department for 34 years, beginning his service on August 2, 1919, as a patrolman.

He and his wife have built a small home in St. Ignace, Mich., where they now plan to live.

At tonight's reception, the retired chief will be presented a retirement badge by former Shores Police Commissioner Ford Ballantyne, who served in that office up to two years ago.

Besides the officials who will attend the dinner, there will be a few old time residents of the Shores, and the police and fire chiefs from the Pointe communities.

Lt. Fred Duemling has been

appointed Acting Chief of the period, and Sgt. Elmer Gabriel, his second in command.

Lt. Duemling began with the department in 1925 as a patrolman, and was elevated to the rank of lieutenant in 1936.

He is married and the father of four children and lives at 67 Vernier road.

His son, Frederick, is a sergeant in the Army Air Force at an air field in Denver, Colorado. His other children, Gloria, 19, will be married on September 5; Carol, 17, is expecting to graduate from Grosse Pointe High School in January, and Robert, 11, attends Parcels.

Sgt. Gabriel lives at 1437 Brys, is married and the father of two children.

He began his career with the department the same year as Lt. Duemling. However, after more than a year of service, he left the department. He returned a year later, and has served continuously since.

A Preview of Alaska

Friends of Mr. and Mrs. Eddie Chase (he's a CKLW disc jockey), played a practical joke on them when they ordered a ton of ice placed on their front porch just a few days prior to the start of their Alaskan trip. MRS. CHASE is shown pondering over what to do with the ice which practically blocks the doorway of their home on Cadieux road.

Shores Police Schedule Cut

The Shores Police-Fire Department will go on a five-day work week, beginning on Sunday, August 23, according to Acting Chief Fred Duemling. They have been working a six-day week.

Simultaneously with the announcement of the new work schedule, Chief Duemling announced the promotion of Patrolman LaForest to the rank of sergeant, and the appointment of Gordon Swartz of 21915 California, St. Clair Shores, both of which were made early last week.

Sgt. LaForest lives at 53 Vernier road, is married and the father of two children. He has been with the department for 14 years.

He was recently cited for his heroic part in the rescue of a mother and her two children whose car went out of control and catapulted over the seawall into the icy waters of Lake St. Clair on April 3.

Patrolman Swartz is a veteran of World War II, serving in the

Army Paratroops in the South Pacific. He holds the Silver Star, Purple Heart and two unit citations.

He formerly was employed by the St. Clair Shores Water Works Department, a job he left, he said, to begin a career in police work.

He is married and the father of two children, a boy and girl.

BREAK FOR OLD-TIMERS

Here's a break for the Old Timers! The Michigan State Fair will admit elderly people to the grounds free of charge on Old Timers' Day, Thursday, September 10. The State Fair Board of Manager resolved to admit people without charge on that day "65 years and older" but did not set up any requirement of proof of age. Doormen will be instructed to use their good judgment, according to James M. Hare, State Fair general manager.

Woods to Sell Dangerous Slides

The Woods council, at its meeting on Monday, August 17, authorized the sale of two big slides located in the city's lake front park.

Councilman Rex Johnston, pointing out that the slides were hazards rather than mediums of fun, stressed the fact that at least six persons have injured themselves so far this summer, by falling off them.

Latest victims, suffering spinal injuries from falls off the slides are: Pat Ruth, 20, of 1976 Anita, who was taken from the park by Woods police for treatment by Dr. Clarence Chandler; and Frank Russo, 14, of 4855 Townsend, Detroit, a guest of John DiGiovanni of 2002 Alhard, who was rushed to Saratoga Hospital.

Both accidents occurred on Sunday, August 16.

American Communists seem to like everything about Russia except the idea of living there.

Baptist Church Adds to Staff

Two new members have been added to the staff of the Jefferson Avenue Baptist Church, East Jefferson at Lakeview, it was announced this week.

Miss Shirley Barr of Middletown, Ohio, has accepted the position of Director of Christian Education. Miss Barr was recently graduated from the Baptist Missionary Training School, Chicago, Illinois. She will direct the youth program and community work in this church beginning September 1.

Miss Helen McConachie, A.A.G.O., has accepted the position of organist and choir director. She has been with the Palmer Park Presbyterian Church for the past eight years, and previously was with the First Baptist Church of Detroit. Miss McConachie will also begin her service on September 1.

Good Public Relations

In the years since the end of World War II the United States Navy has taken many prominent business men on cruises as part of its public relations program.

Quite a few Pointe executives have been on these trips, and two of the more recent returnees are Bert H. Wick of Trombley road and C. M. Justice of Bishop road.

Mr. Wick tells of the trip with tremendous enthusiasm and has a wealth of pictures to illustrate his tales of the experience.

The cruise on which Mr. Wick and Mr. Justice were invited originated in Chicago. The 15 guests rendezvoused there and were flown to San Diego in a giant Navy ship.

The trip over took six days, during which the business men were given every opportunity to see all parts of the ship and share life aboard with everyone from the top brass down to the able bodied seaman in the engine room.

They were royally entertained in Honolulu at parties and dinners and taken on several air trips to various parts of the islands, during their week there.

One outstanding experience in which they shared was watching Admiral Arthur W. Radford assume his new post as Chairman of the Joint Chiefs of Staff.

Admiral Felix B. Stump then took over the duties of Admiral Radford as Commander-in-Chief Pacific and the United States Pacific Fleet.

"It was the greatest experience of my life", says Mr. Wick in summing up. Which does much to explain the great success of this experiment in good will and public education.

Thoughtless Cruelty

In St. Louis the kids killed the only water elephant at the zoo by tossing it too many ice cream sticks, and failing to remove the wooden handles before the hand-out.

This approaches the essence of childish thoughtlessness. It also turns our thoughts to the cruelties perpetrated on animals and humans by many supposedly intelligent adults.

The other evening we were sitting on a friend's terrace when the twilight calm was pierced by the plaintive wails of a couple of tiny kittens, trying to poke their little noses through the screen door.

There wasn't any question about where the kittens had come from. They had simply been tossed over the fence by some unthinking person who wanted to get rid of them.

Probably the one who was trying to get rid of the kittens knew that my friends had cats, and this seemed an easy way out. But anyone who knows anything about cats should realize that this is about as mean a trick as can be played.

Any competent veterinarian strongly advises against mixing any stray cats or strange kittens with those which have been sheltered all their lives.

The cat lover wants desperately to be helpful to the abandoned kittens, but isn't willing to risk the welfare of his own animals. The frustration can be pretty maddening.

It is after hours for calling the Humane Society. That leaves the ever-cooperative police. They get hundreds of these calls each year. They obviously can't absorb all the unwanted kittens which are abandoned.

The pound can't keep accumulating stray pets indefinitely, so unless someone is prepared to claim them or offer them shelter, they have to be destroyed within a few days.

Chances are, the kids, who probably wanted to keep the kittens like mad, were told by their parents that they would be given a fine home and be very happy with other cats for company.

Grosse Exaggerations

A. PRYOR

An Arab approached a weighing machine In the closing light of the day, But instead of a coin, he inserted a slug . . . And silently stole a weigh."

We have always been intrigued by the date on the covers of popular magazines. For instance, we heard on the radio today about some magazine whose September issue is now on the stands.

Last week . . . to be exact, on the twelfth day of August, were thumbing through a copy of LOOK magazine, whose cover bore the date "August 25, 1953."

Art Linkletter's "House Party" is a fun program, but the best part of it is or are the four children he interviews each day. We are certain the children receive no stipend for lending most of the humor to the program . . . but we have seen the gifts they receive and think the sponsor could do better by the kids.

He paints a picture of Hoodoo coming down on Christmas morning to open his presents with great anticipation. He opens the first and most likely looking box that MUST contain the football. In it are three sets of woolen underwear. With a sickly smile he turns to another box that "rattles" like it might be the jacks and ball . . . but no . . . in this box are six celluloid collars for Sunday wear.

Linkletter's children go home with such loot as a book of games for children of all ages . . . a pair of rubber feet for swimming . . . or a set of blocks for some kid who just passed thirteen! If WE were the youngsters, we'd strike.

A strange turn of events took place last week when a woman telephoned Al Green's Restaurant and announced in sobs that she had lost a fair sum of cash and was sure she had lost it while THERE earlier in the evening.

Maybe she will read about it here. We hope so. Other folks who read this need not apply . . . the exact sum lost, will of course have to be identified by the proper owner before the money will be turned over.

Sometimes we think disc jockeys ought to stick to spinning records and leave the long-hair talk to those in the know. In the wee hours the other morning, we were listening to one of these characters who was talking about some art exhibition of someplace (we didn't catch where or what) when we heard him say: "LOWESTON? what's THAT? Well, I don't know what it is, but personally we prefer Italian and French paintings." GET US OUT OF HERE!!!

It's been a long time since we've heard a "shaggy dog" story . . . but someone gave with the following one recently and it does something to our funny bone. A hill-billy is strutting down the road of his village when he spots a beautifully colored parrot on the roof of a small shack. He has never seen one before and thinks if he could catch it, it would make a nice pet.

The little man backed away . . . tipped his hat and said: "Oh, I beg your pardon. I through you were a bird."

Allah forbid that we should ever mention the name . . . but a small town shopkeeper recently sent a customer a bill for merchandise bought over the past FIVE years! The woman who received the bill had written several times to ask about her statement, then as we all do . . . forgot about it.

It was beautifully typed out with "credits" for things returned . . . as if she could remember what out of what had been sent back five years ago.

The woman sent a check immediately . . . and some days later she Bank called to ask if there had been some mistake! But she didn't give the little shopkeeper away. She merely told the bank clerk that the check WAS okay . . . that she was buying a piece of the business!

Incidentally . . . in case you are wondering what the shop proprietor's excuse was for being so lax . . . he explained that he thought the bookkeeper was taking care of things! How rich can you GET that when taking inventory you don't even notice the absence of some 800 bucks? Maybe we'll give up this penny ante column stuff and open a shop.

Windsor Yacht Club Regatta Attracts 122 Racing Boats

Commodore George Vuicic and all the Windsor Y. C. members are as happy as the dickens over their new regatta date and rightly so.

Actually last Saturday, August 15, there weren't too many big boats out. (three in Cruising A, seven in C and none in B), but the small boat boys turned out in droves.

Beautiful But Tricky
It was a beautiful day for a race, but for most of the skippers also an exasperating one because of the fluky westerly zephyrs which plagued the fleet on the second windward leg.

Many Opinions
The last leg saw a wide difference of opinion as to which head canvas to use. Some popped out with spinnakers while others elected to ride with the genoas.

Only Vic Heinrich in the Privateers, Tom Hansen in the L's, Boyd Benkert in the Ravens, Barb Slocum in the Luders and Toot Gleimer in Cruising A had comfortable winning margins.

Just Beat Deadline
Gmeiner's "Apache" just barely got over the finish line in time to make a race of it in Cruising A. Toot squeezed over the line just 7 minutes before the 6:30

1,000 Residents Turn Out To See Farms Fleet Review

Congratulations are in order and Henry Collins, director of the Grosse Pointe Farms Municipal Pier, stands right at the head of our list for the wonderful job he did in organizing the first fleet review and regatta ever staged at the Pier Park.

More than 1,000 Farms residents lined the outer dock to watch 49 beautifully decorated boats of various sizes and shapes pass in front of the judges' stand for inspection. Fleet Nixon of the Detroit Free Press, Mrs. Herbert Schmitz and Jay Sorge selected Fred Runnell's Privateer sloop "Wind Toy" as the best decorated ship. Jerome Fluarty's little outboard cruiser was second, and Jim Shane placed third.

Queen of the day Barbara Mending and her court of Sharon Haskin, Carol Cooper, Judy Moxley, Christine Geist and Jean Clemens rode on William Hagen's boat which led the review parade and Barbara was beautiful in the crown made by Neil McEachin.

Following the review came the speed boat races started by Victor Verhaeghe. In the event for 5 horsepower outboards Charles Backman crossed the line the winner, followed by Jim Allor and Terry Lanter.

In the 10 horsepower event Jerry Olsen got the winning gun with Harold Weik and Bruce Vollmer following in that order. Then the rains came and lasted for about ten minutes but that didn't dampen the crowds' spirit.

Tom Muer had some tough luck in the race for 25 horsepower outboards when his gas tank tipped over as he was leading in a three boat race. Tommy's boat stopped dead in the water and he dropped back to last before he discovered what had happened. He got going again and chased Dennis Furton

Fun and Prizes Plentiful At Splash Party in Shores

Fun and prizes were plentiful at a Splash Party held recently at the Shores Municipal Park under the direction of Robert Kurvink and Nancy Gabriel. Games and races were held in the shallow end and beach area, for tots five years and under, with balloons and lolly-pops awarded as prizes.

The actual number of farm people in America is decreasing although their level of living has been rising, according to Dale E. Butz of Michigan State College's department of agricultural economics. "Our farm population has declined from 95 per cent of the population in 1790 to about 16 per cent in 1950," he said.

In the 25-yard swim for those 12 years and under, John Mertz emerged victor, with Billie Kamichski coming in second and Howard Hartwig ending third. John Mertz was first in the disrobing contest, Lee Jefferis getting second, and Cynthia Gabriel, third.

Metropolitan Club Field Day Proves to Be Big Success

Over 900 Grosse Pointe small fry had the time of their lives last Saturday, August 15, on the Neighborhood Club athletic field where the Metropolitan Club held its 13th Annual Field Day.

There were prizes galore, highlighted by the 10 beautiful deluxe Schwinn bicycles which were given away. The kids don't buy the chances on the bikes. They were given a ticket when they entered the field and dropped the stubs in a box. The drawing for the bikes climaxed the gala affair at 4 p.m.

Starting at 11 a.m. the races and games began under the direction of Sgt. Andy Testa of the City Police and Jim Flanagan. Patrolman Bob Van Tiem, the general chairman, did a tremendous job in putting on the affair with the help of 40 of the club members who dished out gallons of ice cream and soft drinks.

The quantity was more than ample and more than one small fry was seen turning down another portion of goodies. Eight ponies were used in giving the youngsters free rides and needless to say they were bushed completely at the end of the day.

The following are the winners of the events: Boys 6 to 8, 35-yd. Dash, won by Carl Vertgett. Girls 6 to 8, 35-yd. Dash, won by Lynn Cote. Boys 8 to 10, 40-yd. Dash, won by Allan Andrews. Girls 8 to 10, 40-yd. Dash, won by Pat Newport. Boys 10 to 12, 50-yd. Dash, won by Wayne Wilson. Girls 10 to 12, 50-yd. Dash, won by Nancy Bristol.

Eddie Bradley, son of the Clarence Bradleys of Lakepoint, was the first boy at the Howe Military School Summer Camp to receive a speech award. Eddie is returning Saturday after spending seven weeks at the camp, located at Cedar Lake near Howe, Indiana.

He also received awards in Hamcast and archery and is appearing in the famed Hiawatha pageant Friday. The pageant is the dramatic finale to the active summer season.

Boat Banter

By Fred Rummels

The Windmill Pointe Y.C. boat owners who participated in the club's dedication Fleet Review made themselves about as popular as ants at a picnic last Saturday, August 15, with the local wind wagon sailors.

Starting in front of their own slub, the fleet of beautifully decorated power boats with gals in bathing suits, naturally, and festooned with balloons and pennants flying aloft from bow to stern, made its way downriver past Bayview, Edison, the Boat Club and back up in front of the DYC.

After passing DYC the fleet began its parade up in front of the Windsor Y.C. which was holding its annual sailing regatta. About the time the commodore Alfred L. Smith led the gay procession past the Windsor Club the bulk of the one design sailboats were battling their way to the finish line in tricky and sometimes baffling head winds.

All the powerboats were churning along with full throttle and the wake was terrific. This caused the wind wagon boys to emit some well chosen words as their spars careened, boats rocked and sails spilled what little hard-earned wind the skip-

pers had coaxed into them. To say the air was blue would be a gross understatement.

The procession was just part of the dedication ceremony key-noting the renaming of the Detroit River Racing Association which is now known as the Windmill Pointe Yacht Club. It is our guess the sailor boys have another name they will probably use quite frequently from here on in.

Flo Roadstrum is still up in Petosky where she was taken after breaking her elbow at the steep roast following the Port Huron-Mackinac race. Hubby Bob has been a busy little beaver running between Detroit and Petosky on weekends just to keep Flo and her traction splint company. Bob says his favorite crew member will have to remain in the hospital at least another three weeks. How about dropping a letter or card to Flo just to cheer her up?

Sailmaker Howard Boston is still wondering who the practical joker was who dumped his gear out of his duffle bag and filled it with the cheapest commodity on Mackinac Island while he was waiting for the ferry to take him back to the mainland after the race.

With the Windsor Y.C. regatta, the local tars will begin a busy sailing season which will include Edison Boat Club, Crescent Sail Y.C., Detroit Yacht Club Sweepstakes, Bayview North Channel race on Saturday, October 3. Br-r-r-r.

Soap Box Racer Wins Bicycle

Lee Henderson of 850 St. Clair avenue, won the bicycle presented by the Ray Whyte Company to the local boy whose car performed the best in the Soap Box Derby. Lee won three heats in the races in which 14 boys from the Whyte company were entered.

Jack Schafer, one of Detroit's foremost Gold Cup Challengers, tossed a bombshell into the annual Gold Cup contest meeting recently when he stated he would not take his "Such Crusts" out to Seattle to renew the challenge in 1954.

Looking at the picture from all sides, we can understand why the Detroit challengers are getting a little fed up in trailing their boats way out to Seattle, like they have for the past three years, only to see Stan Sayres run them into the ground with his fabulous Slo-Mo's.

We know how expensive it is to truck the huge Gold Cup boats all the way across the country, and we also know the winner gets only glory and the losers a bunch of headaches when they see their temperamental crafts conk out, explode and burn or just plain get beat.

On the other hand no one is demanding that they go to the expense of building the ships and taking them to the regatta. They are doing it for the glory alone.

Joe Schoenith, Schafer, Al Fallon and George Simon, this year's challengers, all more or less agreed they wouldn't challenge in 1954 in the Seafair regatta in Seattle "win, lose or draw" before the 1953 races began. Schafer stuck by this agreement, Fallon is hedging, Simon doesn't say anything and Lee Schoenith, driver of his dad's "Gale II," wants another crack at the Slo-Mo's.

From this corner it looks as if Schafer has had enough. After all, he has built six "Such Crusts" and trailed them to Seattle three times. He has every right to give up. Schoenith has challenged twice, as has Fallon. Only Simon is a newcomer to the Unlimited class racing. These men have all poured small fortunes into the project of trying to wrest the famous old Gold Cup from Sayres.

We remember back when Gar Wood was defending the Harmsworth trophy. How many challengers brought boats from foreign countries and failed for more than two decades. It's true there were only two challengers who tried unsuccessfully more than twice to defeat Gar Wood's "Miss America's." They were Betty Carstairs and Wilson with his "Miss Canada's."

I wonder if our local challengers don't think those sportsmen and women didn't incur expenses.

They had much further to ship their boats and it had to be done via freighter and trailer, which took much more time than it takes to trail a boat out to Seattle.

It's true former challengers finally gave up just as the present ones are attempting to do. But the way they are going about it is wrong in our estimation. According to reports Schafer suggested the Gold Cup regatta not be held in one city for more than two years. This suggestion was squashed by Sayres himself when he said "If I went for that idea I would have to move my business and residence. I'd have to move out of town. The Gold Cup is the nub of the whole Seafair regatta and without it the entire week would be a dull affair."

Sayres is right. Didn't he bring his first Slo-Mo to Detroit, at considerable expense, and romp off with the cup? Why, then, must special concessions be made for the local men so they can race their boats in their own backyard? The Gold Cup rules are well founded and if a challenger cannot whip the defender on the waters of his choosing then they have not the right to ask for a change in the rules.

Gentlemen, there isn't a single person in this area demanding that you go to the expense of winning the cup back. It is all your own idea. If you can bring the Gold Cup back to the Detroit River that would be wonderful.

Phillies Capture Crown in Neighborhood Club Loop

The favored Phillies came through as expected and captured the Grosse Pointe Major League baseball crown last Wednesday, August 12, beating the Pirates in the dramatic deciding contest 6 to 4.

Power Squadron Plans Big Day

Detroit Power Squadron, a unit of the United States Power Squadron, has announced August 22 as the date for the annual Contest Day.

Scheduled to begin at 10 a.m. at the Detroit Yacht Club, the Contest Day expects to draw a crowd of over 500 contestants and spectators. The events are open to all members of the Detroit Power Squadron and the Detroit River Yachting Association.

Commander R. Stuart Paliz has stated that three trophies will be awarded winners in the various contests. The Chief Commander's trophy will go to the skipper who demonstrates the highest degree of navigational excellence pursuant to the rules of a predicted course around Belle Isle. Last year's winner was Charles J. Purdie in his 32 ft. cruiser TERRY-DON.

The Alvin C. Sawtelle Memorial Trophy will go to the person who best handles his sailboat in relation to bearing soundings and directions over a fixed course. Karl Ness won last year in his Pilot Class sloop HAPPINESS.

Sailboat through various situations such as coming about, jibing, dropping and furling sailing while making a midstream mark, etc., will win the Harold E. Peterson Memorial Trophy. Thomas Bowles won in 1952 in a St. Clair Sail Club Catboat.

Dinner will be served between 6 and 7 p.m. (outside, weather permitting), after which the awards will be presented. Dancing under the stars will round out the evening.
