Cottage Hospital Isolette Has a Customer

The new Isolette which was given to Cottage Hospital by the Hospital's Auxiliary received its first customer on September 16 when MAUREEN LOU CROSBY was born three months premature. Since that time the tiny infant, who weighed one pound 11 ounces at birth, has gained two ounces, which nurse GRACE BENSON, left, explains to MRS. HENRY R. KLEIN, president of the Cottage Hospital Auxiliary, as excellent progress. The Isolette permits a nurse to care for a premature infant without removing it from the unit in which oxygen, humidity and temperature are automatically controlled.

THE UNITED STATES and Great Britain brought jittery France into line in their efforts to rearm West Germany against Communist attack. The two nations threatened to withdraw their troops from Europe if France rejects plans to rearm Germany within North Atlantic Treaty Organization. The British-American broadside appeared to be well timed to assure the success of the nine-nation conference in London, which had been called to figure out ways and means to free West Germany and rearm her.

Friday, October 1

THE ELIMINATION of all atomic and hydrogen weapons by stages and the eventual use of atomic energy for peaceful purposes was proposed to the United Nations by Russia's Andrei Y. Vishinsky.

He pointed out that the Soviet bases its foreign policy squarely on peaceful co-existence between Communist and capitalist nations. He claimed that a new war is being attempted in Korea by warlike circles.

Henry C. Lodge, United States chief delegate, stated that he was glad to see that the Russians propose the two important principles that the United States has been trying to get Russia to accept for years.

Saturday, October 2

EVERY EFFORT is being exerted by the chiefs of the nine nation delegation to break an arms control plan deadlock and bring the vital London conference to a successful conclusion.

Sources in the French and other delegations expressed confidence that this can be accomplished, mainly on the feeling that the nine-power conference cannot be allowed to fail. During the meeting held yesterday, bitter words flashed between British Foreign Secretary Eden and French Premier Mendes-France that may mar their personal relationship for a long time to come.

Sunday, October 3

COMPLETE AGREEMENT was reached during the nine-power conference in London, with France consenting to permit West Germany to join the free world alliance.

An American proposal saved the conference whereby France agreed that Germany be granted full sovereignty and the right to raise an army of 500,000 troops.

French Premier Mendes-France was ill with influenza for the past three days and left his chief diplomatic lieutenant, Roland de Moustier, to clean up the details.

Monday, October 4

IN THE FACE OF A STEPPED-UP BOMBARDMENT by the Red Chinese, Nationalists on Formosa are undertaking large scale dispersal of government, industry and population against Red air attack.

Premier O. K. Yui appealed to residents of Taipei and other heavily populated cities in the Nationalist island bastion to voluntarily leave what may be the main targets for the Reds' bombers.

The precautionary measure came in the wake of renewed Communist threats to "liberate" Formosa.

Tuesday, October 5

TRIESTE, the key port at the head of the Adriatic Sea, goes back to Italy under an agreement to be signed by that country and Yugoslavia. The agreement, which will be signed in London, ends a nine-year dispute, which has brought the two countries on the verge of war several times.

Wednesday, October 16

A PLANE, UNIDENTIFIED, detected on radar equipment, caused Formosa to go on island-wide blackout. Nationalist military rada picked up the plane about eight miles from the island but officials were unable to determine whether the aircraft was Communist. No air raid siren was sounded.

Farms Gives Pay Boost to All Employees

Six and One-Half Percent Raise Means Hikes Not to Exceed \$400 Per Year

At an adjourned meeting held on Monday, October 4, the Farms council approved a wage adjustment increase of six and a half percent for all of the city's employees, according to information released by Farms City Clerk Harry Furton.

The council approved the adjusted schedule, which is retroactive to July 1 of this year, following recommendations by Mr. Furton, who made a study of the wage situation.

The adjustment, which depends upon the type of position held, varies from 10 cents an hour to not to exceed \$400 a year. The six and a half percent increase means a \$300 raise for patrolmen and firemen, plus a modest clothing allowance of \$45 a year, which represents the differential in costs covering their type of work. The increase brings the pay of patrolmen and firemen to \$4,900 a year, excluding clothing allowances.

Hot-Rod Owners Defeated In Round in Woods Court

Hot-rod owners, in a legal tilt over the crackdown on their band by Woods police, did not fare so well, at a hearing held before Woods Judge Don J. Goodrow, on Wednesday, September 29.

Two hot-rod car owners, George Helwig, 22, of 1627 Anita, and Clyde Pinson, 21, of 3940 McClellan, Detroit, were fined \$10 each for violating the Woods' anti-noise ordinance.

Judge Goodrow, by his decision, aligned himself with the police in their crackdown on Hollywood mufflers, started more than a month ago, after many complaints from irate, noise-weary citizens. The youths hired George A. Peauchamp of 11 Vernier road, as their legal counsel, to carry

Voters Rush to Municipal Offices in Drove to Beat Deadline for Registering

Officials Pleased with Turnout, but Irked that so Many Waited Until Last Day; Official Count Still Going On

Although the count is still incomplete, all five Pointe communities showed a substantial increase in the number of registered voters at the arrival of the registration deadline on Monday, October 4.

All the municipal offices, with possibly the exception of the Shores, were kept extremely busy on the deadline day. Pleased But Irked The City registered 157 persons on Monday alone, which, although it pleased the city officials, irked them because the people had waited till the last day, especially since a good number of them live within a block of the City Hall.

The City now has approximately 4,821 qualified voters. At least 256 Woods citizens registered for the coming election on Monday, bringing that community's unofficial total to 8,855 voters.

The Park's 9,200 electors were joined by 251 eligibles who waited until the deadline. The count is still being carried out. The Farms added 150 last day

Drinking Driver Finds it Costly

Joseph T. Lampert, 34, of 4174 Alter road, Detroit, was fined \$85, had his license revoked for a period of six months and placed on a 90-day probation on Friday, October 1, by Park Judge C. Joseph Belanger.

Lampert was found guilty of driving while drunk and in the course of his driving, was spotted backing up through an alley at the rear of 15402 Mack, and continuing on, knocked down the stop sign at the corner of Mack and Somerset.

The front fender and bumper of his car were in such a condition that it hampered the maneuverability of his car and the police impounded it. During his 30-day probation, he must make restitution to the city for the sign that was knocked down.

Halloween Parties Set For Oct. 30

Big Committee Working to Make Community Project Best in History of Event

Saturday night, October 30, is to be the big night of the annual Grosse Pointe Halloween parties this year. The Adult Committee met Sept. 28 to make the final arrangements for the celebration. Under the leadership of Forrest Geary and Mrs. Remington Purdy, this promises to be one of the gayest events ever put on.

Parties will be held at Pierce Junior High School, Parcels Junior High School and Grosse Pointe High School. Help will be given to those elementary schools whose P.T.A.'s request it.

Space Is Limited Due to the limited capacity of the auditorium at the high school, all ninth graders will attend the parties at Pierce or Parcels. Next year, when the new auditorium is available, there may be a change in this arrangement.

The parties at the junior high schools will begin at 7:30 p.m. and end at 11 p.m. At the senior high school the hours will be 7:30 p.m. to midnight.

Tickets will be sold in the school during that week at the bargain price of 25 cents. If they are purchased at the door, 60 cents will be the charge.

Many Contributors These parties are made possible by the financial help of numerous community organizations and many private contributions. The money received from the sale of tickets covers only a small part of the expenses for the evening.

Representatives of the Grosse Pointe Woods Community Club, City of Grosse Pointe Police Department, Grosse Pointe Farms Police Department, Grosse Pointe Park Police Department, Grosse Pointe Women's Republican Club, American Legion Auxiliary Unit 303, Veterans of Foreign Wars Alger Auxiliary Unit 995, Poupard P.T.A., Maire P.T.A., Trombly P.T.A., Pierce P.T.A., Parcels P.T.A., Rotary Club, Kiwanis Club, Metropolitan Club,

Successful Battle Waged by Workers Saves Woods Dike

Valiant Crew Sticks to Fight Throughout Long Downpour; Basements and Streets Badly Flooded in Large Area

At a regular meeting held on Monday, October 4, the Woods council was informed by Mayor Waid McKnight that a crew of men struggled valiantly to save the Torrey pump station dike during the heavy rainfall on Sunday, October 3.

Praise was lavished on Herman Lauer, head of the building inspection department, and his crew, composed of members of his department and that of the Public Works Department, who prevented the Torrey station dike from collapsing.

Nearly Reached Top It was disclosed that even though all the pumps in the station were working, the water from the torrential rain and from the Manchester sewer in Harper Woods, kept steadily rising. The water reached to six inches from the top of the dike, and with the strain and pressure, the dike started to crumble.

Heavy equipment was put into use to repair the damages, and within 15 minutes, after the laws was torn up to help reinforce the banks of the dike, the danger was past.

Staged Long Fight The crew worked throughout the night and the better part of Monday without any sleep checking the station pumps to make sure they worked properly, and keeping an eye on the dike and for other danger signs.

One member of the crew, Mat Hardy, received a scalp wound and was taken to Dr. Clarence Candler's home, where several stitches were required to close it. Instead of going home, where he might rest, he returned to his job and stayed until sent home Monday afternoon.

Councilman Harry Pratt revealed that during the rain, streets in the area of the pumping station were flooded up to porches of homes on both sides, and that in an area of three square blocks, basements were flooded to depths as much as three feet.

Many residents rested easy after they phoned in to find out about the situation concerning the dike, and were informed that everything was well in hand.

Shores Enacts Dog Ordinance

An ordinance requiring that dogs not in the confines of the home of their owners must be on a leash, was passed by the Shores council on Monday, October 4.

The ordinance, which prohibits permitting dogs to run at large in the village, becomes effective within 20 days.

This is the first time that such a law has been enacted in the Shores.

Candidate Feted

Mrs. Lee Lewis, Jr., of Kensington road, is entertaining at a tea this afternoon, Thursday, October 7, honoring Joseph Moynihan, Republican nominee for Congress for the 14th district.

Business Association Lends Support to Clean-Up Drive

In an effort to lend its support to the "Keep the Pointe Sharp" campaign, the Grosse Pointe Business Men's Association at its last meeting Thursday voted to join hands with two other local groups, the Garden Club and the Property Owners Association, who are already engaged in clean-up campaigns, and urged full participation by all shops.

Named to head the business leaders' group in this work is Wilbur J. B. Thomas, and Mitchell and Lorne Ayling.

The meeting, a noonday luncheon affair, which was held at the Howard Johnson Restaurant in the Woods, also marked the kickoff in the group's fall membership and advertising guidance campaigns with Raymond Houteman and Emmett Simms speaking for the committees.

Past presidents William Moir and Charles Verheyden also gave supporting talks. One of the features of the meeting was the new rule of holding business sessions while lunching. This shortens the time of the meetings to one hour and fifteen minutes.

Basements Flood Twice Within Week

Stores in Farms Business District Suffer Damages From Loss of Stored Goods

A rain-soaked and basement-flooded weary Pointe is wondering if the rainfalls will never end, as the week-end brought the heaviest rainfall, in point of inches, in 29 years.

Official sources disclosed that on Sunday, October 3, the Detroit area experienced a rainfall of 3.6 inches, the like of which had not struck this area since July 31, 1925, when more than five inches of rain poured down from the skies. Saturday's rain was less than half an inch.

Fourth Time Recently For the fourth time in a little more than a month, disgusted residents throughout the Pointe communities, especially in the Farms, called to register complaints of flooded basements.

A preceding rain, a flash storm, which occurred on Thursday, September 30, not only flooded the basements of homes, but those of the stores in the Kercheval business district, causing hundreds of dollars in damages to basement stored merchandise.

Leaves that had fallen or were dislodged during this pelting rain, clogged the sewers and catch basins along the streets and were believed to have aided in minimizing the flooded basement situation in the Farms.

Too Tired To Call However, this does not detract from the fact that there could have been many flooded basements, of which residents did not complain, assuming, probably, a "what's the use of complaining," attitude.

Thursday's rain registered 1.6 inches during its 40 minutes of occurrence, five-tenths of an inch falling within the first five minutes, and nine-tenths of an inch in the next five.

The Farms was hardest hit in both the August 19 and August 25 deluges, when flooded basements produced hundreds of complaints to the Municipal Hall. Rainfall for both dates averaged about 2.18 inches.

Build Up Platforms To avoid a recurrence of damages to goods in the event of another flood, store owners along the Kercheval business district, worked hard building platforms and piling their goods on top of them.

Some were fortunate enough to have made their platforms high enough so that any repetition of a flood will not touch their goods, but then some did not, and when last Thursday's rain came, the low-built platforms were covered by at least one to two inches of water, ruining valuable merchandise.

Leaves Helped Some Officials throughout the Pointes were unanimous in the opinion that fallen leaves and the leaves dislodged by the heavy rain, were instrumental in preventing a greater catastrophe.

They said that the leaves congested on and around the street drains and catch basins causing the water to seep slowly rather than pour into the sewers.

Calls into municipal offices were more about flooded streets than about flooded basements. The entire length of Lake Shore road was just a mass of water pouring into Lake St. Clair.

The Farms received about 30 calls from residents concerning flooded basements; the Park five, attributed to blocked sewers; the City two, the Woods two, and the Shores one.

Going on Ballot To remedy an inadequate sewer situation and to bring relief in the areas which need it most, the Farms is placing a bond issue before the voters on the November 2 election. Twice before, in 1948, a bond issue for this purpose was turned down by the people of this community. It is hoped that the third time it is put forward, it will be successful.

Farms City Clerk Harry Furton disclosed that it would be to the advantage of the people of his community to vote for the bond issue. He stated that if the citizens turn it down, other means will be taken to improve the sewer condition.

Would Delay Relief "If the bond issue is turned down," he stated, "the sewers will have to be improved anyway, but over a period of years. Whereas, if the issue is passed, then the

situation can be taken care of right away."

He said that the bond issue would benefit the city's taxpayers, in that payment of the bonds can be extended over a period of 20 years, and will be assessed against the tax rolls to the amount of 50 cents per \$1,000 assessed valuation. Resident-property owners coming to live in the Farms in the future and during the life of the payment, will be assessed equally, and will help pay off the debt.

Would Raise Taxes More

However, he added, if the issue is turned down, then the taxes will be upped to about \$1.50 or more, per assessed \$1,000 valuation, to pay for the sewers, closing the gap on the tax limitation and leaving less flexibility in the tax rate. The tax limit is \$20 per \$1,000 valuation. Taxation at present is \$15.42 per \$1,000.

The Grosse Pointe Property Owners Association pledged support behind the passing of the bond issue at a recent special meeting, in which the Farms council approved placing the issue on the ballot.

Skirts Hoisted

Charles Sharp of 20253 Hamburg, Detroit, complained to Park police on Tuesday, September 28, that while his car was parked in a rear lot at the place of his employment on East Jefferson, someone stole two fender skirts from the vehicle.

Mothers' Club of the Grosse Pointe High School, Grosse Pointe War Memorial, American Association of University Women, and Grosse Pointe University School, attended the meeting and helped make the plans.

Food Prices the Same

Food will be sold at the same prices as last year. Appetizing new items have been added to the menu. Mrs. Thomas Blackwood heads the food committee.

With the election of 1954 officers, the incumbents found themselves re-installed in their offices. Forrest Geary is general chairman; George Elworthy, vice-chairman; Arthur Dannecker, treasurer; and Mrs. Remington Purdy, secretary. All these good people deserve a great deal of credit for the fine work they have done and are doing. To put on a wonderful party for 4,000 young people is no easy task.

The committee is making an urgent appeal for parents or other interested adults to offer their services in the capacity of supervisors for that night. Those who have served in the past have had fun while doing the community a service.

The police departments of the Pointe are 100 per cent behind this project. The juvenile misdemeanors on Halloween have dwindled to practically nothing since the citizens started giving these bang-up parties for the young people—everyone has fun with no harm done. Please call Mr. Geary at TUxedo 5-3808 and offer your services.

If any buses are needed for transportation, J. Dunton Barlow will be in charge of procuring them.

Publicity is being handled by Mrs. James B. Blashill.

Visitor Robbed

Miss Ruth Woodbury of 1338 West boulevard, Cleveland, O., visiting in the Pointe, informed Farms police on Sunday, October 3, that while her car was parked in the driveway of 253 Merriweather, someone forced the lock of her car trunk and stole the spare tire and wheel. They were valued at \$35.

This will be the last weekend for those interested to inspect lovely Holiday House at 440 Barblay road in the Farms. This is the sixth year Cox and Baker have presented a Holiday House. The exciting modern home is all on one floor. The living room, above, has a color scheme of turquoise and mocha with accents of lemon yellow and rouge. More than 20,000 persons have inspected the strictly modern residence in the last four weeks.

Hot-Rod Tilt Police, Schools Give Break To Model Plane Enthusiasts

(Continued from Page 1)

rodders had their Hollywood mufflers and other noisy gadgets removed and replaced with standard auto equipment, and the Woods again became a rather quiet town.

However, a dozen or so of the hot-rod enthusiasts, taking exception to the crackdown, chipped in to hire Beauchamp to fight the case.

The case, which was scheduled for Saturday, October 9, was moved to the Wednesday date on request of the attorney for the youths.

Exceptions to the anti-noise campaign are such vehicles as the diesel trucks and motorcycles, which as Judge Goodrow puts it, "are noisy by nature—their noise is necessary."

Encouraged by the court decision, the Woods police continue to keep a watchful eye on the community's streets to stop anyone violating the noise ordinance.

A group of youngsters, all model plane enthusiasts, petitioned Park Police Chief Arthur Louwers for the right to fly their model planes in any area named, without being subjected to complaints to police by annoyed residents.

Chief Louwers disclosed that a number of the youths, the youngest of them about 12 years old, asked for permission to fly their planes without interference of police who have been stopping them on complaints of citizens.

They insisted that they should be allowed time and a place to fly and enjoy their model planes, and that this time and place should be set aside for them.

Parcells PTA Meets Oct. 15

The lights at Parcells will be shining brightly on Friday, October 15, to welcome parents and students to the first Open House of the year.

The program in the auditorium, which will start promptly at 7 o'clock, will feature the 8-B chorus of more than 300 voices. The chorus is under the direction of Mr. Donald Simmons. A brief business meeting of the Parent-Teacher Association will precede the musical program.

Classrooms will be opened for a short period to allow parents an opportunity to meet teachers and to view exhibits. Refreshments will be served in the gym to close the evening's events.

much as has been done for Little League Baseball and other sports for the small fry of the Pointes.

Chief Louwers took up the issue with Harold Husband of the Grosse Pointe Board of Education, on Wednesday, September 29, who was in sympathy with the wishes of the plane enthusiasts and who in going along with the program assigned the Pierce Junior High School playground, as the site for the flying.

The hours set are for two days during the week: Tuesdays, from 4 to 5 p.m., and on Saturdays, from 3 to 5 p.m.

The plane enthusiasts, who by the way must be Park residents, must see that persons, other than the pilot, be clear of the arch of the plane's flight.

Chief Louwers stated that residents who have heretofore complained of the noise made by the planes, will have to go along with the program, on the days and time stipulated, without benefit of police intervention.

To Give Speech On Propaganda

The general meeting of the League of Women Voters on Friday, October 8, will feature a talk on "Propaganda" by Professor Bruce Lannes Smith, Associate Professor of Political Science at Michigan State College.

Scheduled to begin at 1 p.m., the meeting will be held in the library of the Grosse Pointe Memorial Center. The public is invited to hear this talk, which will cover the power of propaganda its methods and its tools.

Professor Smith did his graduate and undergraduate work at the University of Chicago with special emphasis on international politics and international propaganda. During World War II he served in a number of government intelligence agencies and was assigned as Attaché to the U.S. Political Adviser for Germany.

Later, Mr. Smith served almost three years in Berlin under the Office of Military Government for Germany (OMGUS).

After returning to the U.S., he spent a year as Research Associate at the University of Chicago working out a plan for worldwide distribution of social science publications — a plan later adopted in part by UNESCO.

His next position was as Associate Professor of political Science in the Foreign Service Institute, a graduate school run by the State Department for Foreign Service and military officers assigned to duty aboard.

In 1953, Mr. Smith was appointed to his present position at Michigan State where he specializes in international politics and comparative government.

Expert to Talk at Center On 'Revolution in Asia'

Russell Hunt Fifield, Professor of Political Science, Phi Beta Kappa and Phi Kappa Phi will present his "Recent Observations on Asia" at the War Memorial Center on Wednesday evening, October 13.

He has just returned from a year studying international relations in Southeast Asia where he interviewed both Asian leaders and American officials in the Philippines, Indonesia, Malaya, Indochina, Thailand and Burma.

The revolution now occurring in Asia is the most vital occurrence in world politics, he believes. Professor Fifield is well qualified to bring Pointers within close range of this crisis. He was with the Department of State 1944-45, was American Foreign Service Officer in China 1945-47, Consultant with the Department of State 1953, and Fulbright Research professor in the Philippines 1953-54.

Professor Fifield will be followed Wednesday evening October 20, by Professor John E. Muehl speaking on "India, Democracy's Strong Hold in Asia?" Professor Muehl has recently spent two years in that country.

"The Significance of Economic Development in the East," by Professor Charles F. Remer and the "Implications of the Asian Revolution" for the United States" complete the lecture series on the Revolution in Asia.

FREE BOOKLET HOW TO THROUGH TAX EXEM

With today's high tax rates, it is important to know the advantages of tax-exempt investments. Municipal Bonds are turning out to be one of the best ways to protect your income.

If you have a taxable income of \$10,000 or more, you would have to pay a tax of 7.4% on the return of 7.4% yield from a 3.50% investment. It's something to think about.

Our New Booklet explains in plain language how you can get much more from your investments. Send for your copy today.

Paintings Tell YWCA History

Six paintings by Mrs. Mary Bruce Sharon, of New Haven, Conn., well-known 77-year-old painter of primitives, are on exhibit this month at the Detroit Historical Museum as part of the Detroit YWCA's celebration of the YWCA's world founding in London, England, in 1855.

Mrs. Sharon has been painting only six years, but has already won for herself a place in the field previously monopolized by 83-year-old Grandma Moses.

The paintings, which are on a nationwide tour, represent scenes from the YWCA's historic background. Among the scenes depicted are the first summer camp for women in America opened by the YWCA of Philadelphia at Asbury Park, N. J., in 1874, the first YWCA typing class in New York in 1880, and the first YWCA cafeteria in Kansas City in 1891.

The exhibit, open to the public, may be seen in the Museum's Hall of Citizenship. The Museum is open from 1 to 10 p.m., Tuesday, Wednesday, Thursday, Friday and Sunday, and from 9 a.m. to 6 p.m., Saturday. It is closed Monday.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. *It's something to think about!*

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone.

Society News Gathered From All of the Pointes

From Another Pointe of View

By Jane Schermerhorn

This might very well turn into the silly season . . . A Pointe couple took off early in the week for travel in Europe . . . and their last minutes here were breathless . . . They are to be hosts in one European town to a reigning monarch and her consort . . . The invitation is for tea . . . and details included last minute bookings for the family cook and maid . . . and a great big package containing the personal silver service of the Pointers . . .

Persian Interlude

We don't know much about how style-conscious they are over in Teheran . . . but we do know that Mrs. Cullen Landis' white beaver Dior chapeau . . . will get a low long whistle wherever she takes it . . . Mrs. Landis paused briefly in the Pointe with the Otis U. Walkers, of Balfour road, and appeared, at the luncheon given by Missie W. in her honor, complete with the elegant lid . . . Those gathered heard a few details of the important and wonderful government appointment which sends Cullen to direct motion pictures in Persia (Iran, if you wish) for two years . . . but more about the customs of those who'll be the Landis' neighbors for many months . . . For one thing the accepted way of drinking tea is to hack off a morsel from a big loaf of sugar, a traditional center-piece of Persian tables, and place it between the teeth, sipping the tea while holding the sugar . . . And when Mrs. Landis heard that the proper place to sit, in a Persian home, is on the floor . . . she promptly took back a new dinner dress in which it would have been necessary to have assistance in rising from a straight chair let alone the floor! Mrs. John Hession drove down from her Lansing home to attend the bon voyage luncheon . . . and also present were Mrs. David Davidson . . . Mrs. Herbert O. McInerney . . . Mrs. Herbert Paetz . . .

Mr. Cinderella Scores

The Pointe's Cinderella is a gentleman who works for a steel company . . . He received a telephone call from one of the executives in the Eastern office last week . . . which offered a proposition . . . If the Pointer would get the Easterner a new Cadillac within two weeks, the Pointer would be given a brand new one for himself as a gift . . . Long before the stroke of midnight, Mr. Cinderella produced the Cadillac . . . and now he's driving a dreamy new one himself!

At the Game

Saturday's gray skies didn't deter the football fans headed for Ann Arbor and the Michigan-Army game . . . They forgot the heat watching that high stepping Michigan Marching Band . . . Complained from the opening kickoff to the last whistle about the way the game was going . . . And the college buildings are still standing only because wives patiently, firmly led disgruntled mates back to the car after the game . . . It had been some time since we had been exposed to the American Fan . . . and he's certainly a worry bird . . . Mrs. Edward A. Wishropp, in a smooth looking gray suit with gunmetal velvet cloche (its paler gray chiffon band was dotted with cut steel beads) joined friends for the game . . . and next day took off for Chicago to join Dr. Wishropp who was attending a pediatrics convention . . . Maureen's bridal veil of imported silk illusion was held in place by a crown of Brussels lace, a family heirloom.

She carried white Fuji mums and white heather flown to the Pointe from Scotland for the wedding.

Senior Center Marks Birthday With Bazaar

Senior Center on East Grand Boulevard, a Project of the Junior League, to Stage Oct. 14 Bazaar in New Club-Rooms; Everyone Invited. 1 to 5 p.m. Event

No matter how busy you are next Thursday, Oct. 14, there's a date you'll be happier for keeping. It's the big bazaar being staged by the members of the Senior Center (project of the Junior League) who, besides celebrating a first anniversary, hope to swell the center's furnishing fund from sale of the lovely articles they've made.

Mrs. Frank J. Sladen, Mrs. Donald Flintermann and Mrs. H. Ripley Schemm are on the Center's executive committee.

And before recting a little of the nice history of the Center, we'd like to remind you that next Thursday's event will be held from 1 to 5 p.m. at the Center, 587 East Grand boulevard.

It was just about a year ago that the Junior League launched this project. They rented a one-room store on Mack avenue, down in Indian Village, and in best "do it yourself" fashion, remodeled, furnished, and decorated the cheerful clubroom.

When it was finished, they threw open the doors to welcome "senior Detroiters" who were finding time heavy on their hands, who were lonely, who wished they might take up a craft or a hobby to "while away the hours. Lots of them were folks just lonesome for the companionship of contemporaries.

Social agencies in the city helped spread the message that the new Center was opening but, for the most part, it grew just because the "seniors" wandered by and discovered it for themselves.

Nothing could spell greater success than the fact that within a few months, the first quarters were inadequate. By June, a generous source presented one of the lovely, big old homes on East Grand boulevard to the League for the project and the next month, over 125 "seniors" helped move from the Mack site.

So Thursday's party will be a house-warming, too, with the houses arranged in bazaar fashion for the visitors. The event will offer really beautiful silver jewelry, handknit articles for infants and children; skiing mittens and accessories for grown-ups; a book nook, a fruit cake booth (and this is just the right time to start treating that Christmas cake to

School will be open at 7:30 o'clock to permit parents to visit their children's classrooms and meet their teachers.

All parents and friends interested in the Maire School are cordially invited to this meeting.

Officers of the Maire PTA for the coming year are: President, C. Henry Haberkorn; first vice-president, Donald Lescohier; second vice-president, William O. Brink; treasurer, Mrs. Kenneth Kimmel; secretary, Mrs. Leone Bennett.

Other members of the executive council are: Mrs. Michael David, Mrs. Thomas Sage, Mrs. J. Cullen Kennedy and Dr. Donald Sweeney.

Most arguments would be spoiled if either party knew the facts.

Mrs. Richard J. Fleming

Following their wedding in Grosse Pointe Memorial Church, Saturday evening, October 2, at 8, the former Barbara Mensing and her bridegroom, Richard J. Fleming, left for a wedding trip through the East.

The bride is the daughter of Mr. and Mrs. George C. Mensing, of McMillan road, who entertained at a reception in the Whittier. Mr. Fleming is the son of Mr. and Mrs. Pearl E. Fleming of Wisconsin avenue, Detroit.

For her wedding, Barbara chose a gown of ivory satin and Chantilly lace. The portrait neckline of the bodice was formed of scallops of lace, and long lace sleeves accented the tiny-waisted bodice. The great skirt swept into a formal train of lace. Her silk illusion veil was secured by a Juliet cap of matching lace. She carried staphanotis and ivy.

Miss Joyce Judson was maid of honor, and the maids included Edonna, Georgia, Ann Carter and Elaine Higgins.

All were dressed in gowns of autumn rust velvet, and matching headpieces with circular veils. Their flowers were yellow daisy mums and ivy.

William Fleming was his brother's best man, and the groomsmen included Richard Short, Kenneth Hansen, Jay Ceran and Daniel Slove.

A pale blue beaded hat was worn by Mrs. Mensing, mother of the bride, with a gown of slate blue. Orchids were pinned to her handbag. Mrs. Fleming chose an iridescent grey taffeta gown and a small beaded hat. She, too, wore orchids pinned to her bag.

When the young Flemings left the Whittier for their wedding trip, the bride wore for traveling, a black and white princess dress with matching accessories.

Following their wedding trip, the couple will live in Virginia.

NAE Alumnae Will Meet Nov. 12 at McKean Home

Mrs. Robert E. McKean will be hostess to members of the NAE Alumnae Association in her Bishop road home on Nov. 12. Board members for the group include Mrs. J. Crawford Frost, Jr., Mrs. Henry L. Caulkins, Mrs. John L. Wiant, Mrs. Bethel B. Kelley, Mrs. Jack Gould, Mrs. W. Franklin Graham, Mrs. Joseph E. Bayne, Mrs. Wilcox Seeley and Mrs. Edgar A. Guest Jr.

Ensign Urban Weds in East

The Church of St. James the Less in Scarsdale, New York, was the scene for the wedding on September 11 of Miss Charlotte Ruth Schimmat, daughter of Mr. and Mrs. Charles A. Schimmat of Lynwood road, Scarsdale, and Donald David, son of Mr. and Mrs. Francis M. Urban, of Cranford lane, Grosse Pointe.

The 2 o'clock ceremony was performed by the Rev. William G. Weinbauer, and a reception was held at the home of the bride's parents.

Given in marriage by her father, the bride wore a lace-trimmed antique taffeta gown, the skirt of which formed a redingote effect over tulle. Her illusion veil was caught to a Juliet cap of Chantilly lace, and she carried a bouquet of white roses and staphanotis with an orchid.

Mrs. Craig Andrews of Glen Oaks, L. I., was matron of honor for her sister. Her waltz-length delphinium blue gown was of silk organza over taffeta with a matching beaded jacket. She wore a floral headdress and carried a bouquet of dark red roses. The bridesmaid, Miss Ann Ketter of Uxbridge road, was dressed like the maid of honor, and her bouquet was a lighter shade of roses.

The bride's mother was attired in a teal blue taffeta dress with navy blue accessories and a pink orchid corsage, while the mother of the bridegroom wore a beige dress of nylon tulle with lace bodice. Her accessories matched the dress and her corsage was of cymbidium orchids.

Michael Couchin, brother-in-law of the bridegroom, acted as best man, and the ushers were David Bishop of Grosse Pointe Woods, and Craig Andrews.

Mrs. Urban is an alumna of Scarsdale High School and Colby Junior College. She has just completed a year at St. Vincent's Hospital in Indianapolis, Ind., completing her medical technical course.

The bridegroom attended Scarsdale schools and graduated from South Side High School in Port Wayne, Ind., and from Purdue University as a mechanical engineer. A member of Phi Sigma Kappa fraternity, he holds the commission of Ensign in the United States Navy.

The couple will live in San Diego, Calif., where the bridegroom is now stationed.

Those who make the rounds find it difficult to square themselves.

Harley G. Higbie Jr. Takes Eastern Bride

Son of Mr. and Mrs. Harley G. Higbie, of Lake Shore Rd., Marries Lorraine Nichols at Ceremony in Woodstock, Vt.; To Make Future Home in Grosse Pointe

Six Pointers were in Woodstock, Vt., last Saturday to serve as groomsmen when Harley Green Higbie, Jr., claimed as his bride, Lorraine Nichols, at an afternoon ceremony in the town's Saint James Episcopal Church.

The bridegroom is the son of Mr. and Mrs. Harley G. Higbie, of Lake Shore road, and the bride is the daughter of Mrs. Craven Nichols of East 57th street, N. Y., and Woodstock, and the late Herman Armour Nichols.

Wedding guests attended a reception, following the service, at the home of the bride's mother.

Hugo Sherer Higbie served his brother as best man.

Pointe ushers were Seaborn S. Livingstone, Carlton M. Higbie, Jr., Forbes Howard, Danforth Holey, Hilary H. Misco. Others were Albert M. Mackey, Jr., of Indian Village; John H. Williams of New York City; and the bride's cousin, Lieut. James C. Manny, also of New York.

Lorraine, who was given in marriage by her brother, Herman Armour Nichols, Jr., was groomed in ivory silk wedding gown and the bridal veil worn by her parental grandmother.

A single white camellia decorated her mother of pearl prayer book.

Lolita Nichols, of New York, was her sister's maid of honor, and matron of honor was the bride's cousin, Mrs. John Lancaster.

Bridal attendants included Mrs. Thaddeus E. Beck, Jr., of Alex-

andria, Va.; Mrs. Corlies Smith of Philadelphia; Ann Crosby of Wayzata, Minn., and Alexandra Sewell of Bath, Me.

They were groomed in raspberry silk, mink bands on their heads, and carried arm bouquets of shaded pink camellias.

Following their wedding trip, the young Higbies will return to Grosse Pointe to make their home.

The bride is the granddaughter of the late Mr. and Mrs. William G. Nichols of Rye, N. Y., and the late Mr. and Mrs. James B. Craven of New York. She is a graduate of Miss Halls School, Pittsfield, Mass.; attended Evelynsholme School in Florence and graduated in 1933 from Bennington Junior College.

The bridegroom graduated from Yale University in 1949 and during the war served in two years as second lieutenant in the U. S. Air Force. At Yale he was a member of Chi Psi.

He is a grandson of Mrs. Hugo Sherer, of Lake Shore road, and the late Mr. Sherer and the late Mr. and Mrs. Nathan Bradley Higbie who made their home in Chicago and Pasadena.

Any man who deceives himself is an easy mark for the deceivers.

Library's Film Department Offers Program of Services

The film department of the Grosse Pointe Public Library offers a full program of services for the winter season.

These include the provision of new films each month during the winter, the circulation of films from the library's permanent collection, the provisions of skilled assistance in the obtaining of persistent films for program purposes, and the holding of special film showings in the library.

During October the new films will include SKI IN THE VALLEY OF THE SAINTS, which deals with winter sports in the Laurentians, an attractive travelogue, AGELESS PARIS, and NORTH OF HUDSON BAY, which depicts an expedition across the Canadian northland to Port Churchill.

Other titles available during October will be RIVER OF CANADA, TRAPPERS OF THE SEA, ART AND LIFE IN ITALY, and JASPER. These films and those in the library's permanent collection which cover a broad range of subjects appealing to a variety of ages and tastes, are circulated without charge to holders of adult library cards.

From the sources of film information in its files the library is able to offer comprehensive service in locating films for program purposes. In view of the fact that well over ten thousand 16 mm. sound films are in existence, there are few areas of specific interest in which a film has not been produced.

It is to assist in the locating of the right film for a definite purpose that the library has built up its film information files; program planners of the community are invited to avail themselves of this service when considering use of a film.

In addition to providing film information, the library can also offer assistance in booking films which are not in the local collection.

Periodically throughout the winter months the library is planning to hold film showings. The first of these is planned

for the afternoon of Thursday, October 21 in the meeting room of the Central Library. Full details of the program will appear in next week's News.

STORE FOR MANY WEEKS

A good way to store fine, dry bread crumbs is in a tightly covered jar in the refrigerator. Refrigerated, the crumbs will remain in good condition for many weeks, reports Household magazine. It's also handy to have some bread crumbs stored in the home freezer in a freezer jar, plastic freezer box or heavily waxed paper container.

Top Candidates To Talk at Tea

Donald S. Leonard, Republican candidate for governor, and Joseph A. Moynihan, candidate for R. Baude, Mrs. John Petrosky and Mrs. John F. Keys.

will be on hand to meet the workers, and to thank them personally for their efforts.

Mrs. Meredith Randall is in charge of the tea, which will be assisted by Miss Flora Anderson, Mrs. Richard Durant, Mrs. William Klenk, and Mrs. Joseph H. Lackey, as well as the area chairmen, Mrs. John S. Foley, Mrs. R. Baude, Mrs. John Petrosky and Mrs. John F. Keys.

PTA at Defer Meets Monday

The Parent-Teacher Association of Defer School will hold its first general meeting on Monday evening, October 11, at 8 o'clock in the school gymnasium.

An entertainment program will be provided by Earl Rissman of the Detroit Department of Parks and Recreation.

A Cheap Insurance Policy

The support of all residents of the community is earnestly recommended for the membership drive which is now being conducted by the Grosse Pointe Property Owners Association.

This is an organization that is completely dedicated not only to the preservation of all those things which contribute towards making the Pointe an unexcelled residential area, but also constantly seeks improvements. It cannot carry out its program without the help of us who live and work here.

The chief aims of the non-profit organization are to maintain high community standards and protect property values, and to give service to members... to do things for them which they cannot do themselves, or which can be done better and less expensively through the association.

The G.P.P.O.A. is in constant contact with the authorities of all the Pointes, and has their confidence. Personal problems of members can usually be speedily solved. It carries on a continuous study of building restrictions, zoning laws, traffic regulations and developments in new subdivisions. Special vigilance is kept over the activities of speculative builders with bizarre ideas which might greatly effect property values.

It sends representatives to municipal public hearings so that it may intelligently fight for the protection of the interest of property owners.

It has in the past, and continues to participate in the campaigns to combat the spread of Dutch elm disease, the encroachment of Japanese beetles, etc.

The G.P.P.O.A. is governed by a board of directors of 17 local property owners, all of whom serve without compensation. A full-time, paid executive-secretary is on duty at all times and an executive committee of five directors holds special meetings on short notice to handle special problems.

The activities of the association benefit all residents of the Pointe whether they are members or not. Its program is a costly one and deserves the support of all who are interested in preserving Pointe standards. Membership is the cheapest possible form of insurance towards this end.

A year's membership costs \$10. It is suggested that those owning property assessed at more than \$20,000, should pay a \$25 annual fee. There are now about 800 members. There should be many more, and with added support a greatly expanded program could be carried out.

Whether contacted during the campaign or not, it is to be hoped that a great majority of the property owners will send their membership fees to the association office at 16840 Kercheval Avenue, Grosse Pointe 30.

Open Letter to Mrs. Hudson

We were informed that you stopped in recently to chide us, good naturedly, about having the only building in the area with an unpaved expanse between sidewalk and curb. We hasten to admit that this situation has caused us some embarrassment through the years, and we doubtless should have offered an explanation before the criticism was received.

Our falling is that we are tree-happy... slaves to the magnificent elm which towers over our building. The barren patch of unpaved earth which besmirches the front of our property is just one more offering we have laid on the altar erected to its survival.

When the NEWS building was erected some 10 years ago, it rose in the midst of a veritable open prairie. The big elm had flourished here for some 150 to 200 years and it was not in our hearts to cause it to be felled. We went to fairly extreme pains in having its main roots spanned with steel and concrete beams, and we skimmed on the building's interior to give it every chance to survive the shock to which we were subjecting it.

We called in many tree experts and held long consultations about its chances for survival. Despite the fact that its feeder roots spread many feet beyond the outlines of our building and had loads of open area through which to get water and food, we followed the experts' prescriptions of installing special feeding stations and watering areas, within the building courtyard and in the space between the sidewalk and curbing.

Since then progress has manifested itself all about us, with new structures going up on both sides, and a solid paved court immediately to our east. Each bit of construction has meant another strangle hold on the life-sustaining tendrils of the old tree.

The lovely giant is now confined for its eating and drinking into the vastly restricted area of our rear lawn, the courtyard and the small but precious area between the sidewalk and the curb. These comprise a paltry pasture for the proud beauty that knew no bounds for so many years. We imagine its adjustment to the constantly constricted environment has been fraught with pain and struggle which nothing so old should be made to endure.

So we have swallowed our pride and tried not to look too often at the ugly little patch of barrenness. We have discussed the situation with a number of authorities, but none has come up yet with a satisfactory solution for neatness which would not deal another cruel blow to our friend.

So we beg the indulgence of all who have to put up with our sentimentality about lovely trees. We shall keep seeking an answer which will make everybody happy.

Grosse Exaggerations

A. PRYOR

"When all at peace, two friends at ease alone Talk out their hearts; yet still Between the grace notes of The voice of love From each to each Remotes a rarer speech, And with its presence every pause doth fill." (Walter De LaMare)

A friend of ours motoring through the East recently, got caught with his tire down someplace in the country and stopped at a small farm house to beg the use of the telephone. The motherly little woman who opened the door for him apologized for the messy condition of the house and yard and explained that her husband had been sick and they had had hard times lately.

Our friend went about his business with the phone and was told he would have to wait a half hour or so before his car could be fixed. The kindly farm woman invited him to wait in the house... and as he did so, she went into a long story about their hardships due to illness and added that they had had to sell their cows in order to pay the doctor and hospital bills. Finally, having run out of conversation, she exclaimed: "Say, as long as you have to wait so long maybe you'd like to look at television?" He followed her into the "parlor" which was sparsely furnished but boasted a good looking table model t-v set with 21 inch screen! Cows may come and cows may go, but it looks like t-v is here to stay.

A five year old child, the daughter of a neighbor of ours, went to her first day of kindergarten a couple of weeks ago and was fairly silent about how she liked it when her parents pressed her for information at the day's end. However, after a week went by, when an uncle called at the house and asked the youngster how she liked school, she replied: "Uncle John, I'm a pretty mixed up kid."

Along with millions of others, we have a weakness for Fall "smells"... such as burning leaves, the ground after a heavy rain, roasting chestnuts, the odor of spice from the kitchen where fruit cake is in the making and even the mothball smell that means our winter clothes are coming back from the attic cedar room. HOWEVER... it is good that we have an excellent memory, because this Fall that's all we can lean on. Right now we are smelling creosote from the freshly stained shingles on our roof; and paint, paint, paint from the newly done walls of our house, wall-paper paste and whatever the stuff is that carpets are cleaned with... make up our cacophony of odors for THIS season. On top of all this and surrounding it, is that indescribable smell of a dank basement that has been flooded with water from time to time during the rainy season.

And that is another story. The last flood (our personal one), left four inches of standing water in two basement rooms that were in the process of being painted and new floors laid. It is a crying shame that all the people who voted "No" when that bond issue deal to build adequate sewers came up last time... are not forced to have their noses stuck in every basement in town that is flooded due to this problem.

One of our local "wits" was asked if he had seen the U. of M. football game last Saturday. He explained that he hadn't because he had a poker party scheduled for that night and was busy all day marking the cards! Then he added: "If it didn't do me any good because at the last minute some smart aleck changed the decks!"

We predicted some time ago that the Democratic ticket in '56 would bear the names of Stevenson and Symington for President and Vice-President. It doesn't exactly take a crystal ball to figure this one out, but we have been wrong so many times lately that any thought we get at all scares us silly. Now from the far West we hear that a political big-wig wouldn't be surprised if Senator Symington got the nod from the Democratic party to run for the Presidency.

In case you care... there has been only one President in the history of our country who ever came directly from the Senate. His name was Harding. Truman, of course, came by the top job through the death of Roosevelt. Look it up and sue us if we are wrong! Maybe Senator Symington will be the next man to accomplish this seemingly difficult feat... from Senate to President. Could be.

Bud Guest... of whom we write so often that readers may begin to think we owe him money... brought up the subject of small children receiving anything from ten cents to a quarter from a good fairy, for lost teeth, and it reminded us of the following incident which took place last year.

An eight year old girl who had been losing teeth as fast as all get-out, was in the habit of finding a dime under her pillow each time she lost one. But came a day when, like many kids, she found a dime her mother had dropped on the floor and saved it for what she thought might be the right time to spring a reason for keeping it. The time came when another tooth dropped out. She proudly showed her mother TWENTY CENTS that the good fairy left under her pillow!

Naturally mother dear knew danged well she had left a dime... and she also knew where the other dime came from... but since she didn't quite know how to break the news to junior miss without giving away the fairy story, she had to let it go and our future Deb was ten cents to the good. Not a bad racket. Wonder how that could be worked out on a larger scale?

Leaders to Meet

Approximately 100 Michigan educators and Junior Red Cross leaders will attend the annual all-day Conference for Adult Leaders in Junior Red Cross on October 9 at the Kellogg Center of Michigan State College, East Lansing.

This group, representing schools throughout the state, the state department of education, the School of Education of Michigan State College, and Michigan Red Cross chapters will have an opportunity to meet with the 16-state Midwestern Area director of Junior Red Cross, Mr. Eldon W. Mason, and Red Cross field representatives for Michigan.

Plans for the day conference include three discussion groups in the morning to study local, national, and international aspects of Junior Red Cross programs for school curriculum, and three similar groups in the afternoon to discuss organization necessary for successful Junior programs.

Miss Bernice Knight, councillor at Saline Junior High School, Dearborn, and volunteer teacher-sponsor for Junior Red Cross in her building, will chair the panel on teacher-sponsors and their role in Junior Red Cross program. She is also co-ordinator for Junior Red Cross in the Dearborn city schools.

Mrs. David Vivian, director of Junior Red Cross for the Detroit Chapter, will head a delegation which, in addition to Miss Knight, will include: Mrs. M. M. Sheaffer, co-ordinator of Junior Red Cross for Grosse Pointe; Miss Elisma Nault, Miss Rachel Sundingsland, teacher-sponsors for Richard and Grosse Pointe High Schools, respectively; Mrs. Claude Miller, Carr School and Miss Clara Lee and Miss Bertha White, Goodell School, Lincoln Park teacher-sponsors.

Have A T. B. X-Ray

By Fred Kopp, R. Ph.

Doctors find upon examining people that many of them have had T.B. and didn't know it. They are the lucky ones for without care their condition corrected itself.

But think of all the others in whom the disease continues to develop unchecked. In most states T.B. X-rays are a part of public health service sponsored by the State Medical Association.

Ask your doctor about a T.B. X-ray. A good prescription consists of pure, high potency drugs combined skillfully by an experienced pharmacist.

Pointer Weds Dearborn Girl

Sophie Manoloff, of Dearborn, and Bill Traicoff, son of Mr. and Mrs. James Traicoff, of Kerby road, were united in marriage Sunday afternoon at St. Clement Macedonian Orthodox Church.

After the 2:30 o'clock ceremony, the bride's parents, Mr. and Mrs. John Manoloff, entertained at a breakfast in their home on Appleton, and later, guests were invited to a reception in St. Clement Hall.

Sophie was gowned in crystal white Chantilly lace over satin for her wedding day. The bateau neckline was embroidered in sequins and seed pearls, the jewel motif repeated on the full skirt which swept into cathedral train.

She wore a fingertip length veil of silk illusion, secured by bridal Juliet of seed pearls. Her flowers were white roses, stephanotis and a white orchid.

In shades of blue, from peacock to turquoise, the bridal attendants donned frocks of pleated shantung, tiny shrug jackets covering their shoulders. They carried bouquets of roses.

Clara Manoloff was her sister's honor maid and the bridesmaids were Virginia Dimanlin, Bessie Karloff, Mary Tanasoff and Viola Dallas.

Diana Manoloff, little sister of the bride, was flower girl. For the bridegroom, Ted Theodoroff performed the duties of best man and ushers were George Phillips, John Novatis, Boris Chokreff, Carl Chokreff and Pete Traicoff.

Mrs. Manoloff affected a costume of gray blue lace over pink taffeta, and the mother of the bridegroom chose pink lace gown with matching bead trimming.

After their wedding trip to New York and Florida, the young couple will live in Grosse Pointe Farms.

The bride traveled in a brown suit dress with matching jacket.

mother was also a president. The Sisters are registered nurses, serving without pay in the homes of the poor needing professional nursing care, regardless of creed or color.

This lovely show will represent a million dollars worth of fashion in a display of gowns, jewels and furs.

Mrs. William C. Markley and Mrs. Jerry T. Flanigan, auxiliary president, are the chairmen. Others helping include: Margaret Bradford, Mesdames John M. VanLoon, Cyril J. Burke, William

Faber, Henry Warren Jones, William E. Keane, Ray Danaher, Arthur G. Kirchner, and Charles T. Fisher, Jr.

Another feature looked forward to by the members and friends is the arrival for the anniversary of the newly elected Mother General, Mother Rose Xavier, from Ossining, N. Y.

Proceeds of the party will be used for making needy repairs to the convent, enlargement and restocking of pharmacy and financing the work of the sister-nurses among the sick poor.

Scapini-Ottolini Nuptials Held

The former Anne Ottolini chose a gown of white imported rose point lace and pleated nylon tulle for her marriage to Vincent Scapini on Saturday, September 25. Her scalloped veil fell from a Juliette cap of rose point lace, edged with pearls, and she carried a bouquet of white roses centered around an orchid. The double ring ceremony, which took place in St. Margaret Mary Church at 10 a.m., was officiated over by Father Pamponi. Anne's parents are Mr. and Mrs. John Ottolini of Huribut avenue, and the bridegroom's parents are Mr. and Mrs. Marco Scapini of Newcastle road. Mrs. Pizzuro was Anne's maid of honor, with Tina Ercolani, Eunice Peech, and Joann Colombo assisting as bridesmaids. For his best man Vincent chose his brother Alex, who was assisted by ushers Joe Ercolani, Matthew Savage, and Herman Vethacke. Mrs. Ottolini wore navy blue with fuchsia accessories for her daughter's marriage. For the evening reception she chose a lavender lace gown. The bridegroom's mother, Mrs. Scapini, chose a gray wool suit for the morning ceremony, and later changed to a gray lace gown over pink tulle. Both wore orchid corsages. After the reception which was held for 400 guests at the Knights of Columbus Hall, Anne changed to a brown suit with rust accessories. The couple will reside in Newcastle road after a two-week honeymoon in Bermuda. Anne is a graduate of St. Anthony High School, and Vincent attended De LaSalle and graduated with a Master Degree of Finance from the University of Detroit.

HOW TO COOK 'EM

To cook dry lima and navy beans so they will remain whole, boil them gently and avoid a lot of stirring. Rapid boiling and frequent stirring cause bean skins to break. When cooking beans under pressure, relates Household magazine, allow time for a slow rise and fall of pressure so that the beans will cook evenly without breaking.

Only a GAS Clothes Dryer Runs for 2¢ an hour!

Before you buy, check the amazingly low cost of running a GAS Dryer

A Gas Clothes Dryer is just about the biggest bargain you can own. It dries the average load of wash in 45 to 50 minutes for less than two cents . . . one-fifth the cost of other automatic dryers. And think of the work it saves you on that load of wash . . . the lifting and carrying of a heavy basket of wet clothes, the piece-by-piece pinning up and taking down. Not to mention the probable trouble from rainy weather, broken clotheslines, and soot in the air that usually calls for re-washing.

Clothes come out of the Gas Dryer soft and clean. And about a third of your wash—sheets, towels, blankets, knit goods, play clothes—are practically wrinkle-free, ready to be put away without ironing.

See the work-saving, time-saving Gas Dryers now on display in Gas Company offices and in dealers' showrooms. Choose one today for your home.

Gas Dryers purchased from appliance dealers or the Gas Company are installed at no extra charge.

Boat Club Plans Football Fling

The Detroit Boat Club opens its square dance season on Friday, October 8, with the "Football Fling." Both avid devotees and novices can look forward to a pleasant autumn evening of square dancing in an atmosphere of pignik, mums and conviviality.

Quarterbacking the event will be outstanding caller Dave Palmer.

The committee, consisting of Mr. and Mrs. Arthur O. Schmidt, chairman, Mr. and Mrs. Harold M. Cumberland, Mr. and Mrs. Paul L. Nagle, Mr. and Mrs. Sheldon L. Drennan and Mr. and Mrs. William R. Evans, is sure that the "Football Fling" will be the forerunner of many increasingly popular and enjoyable Boat Club square dances.

CHILL LARGE HAMS

Small, 1½-pound canned hams can be stored at room temperature, but it's necessary to keep large hams refrigerated. Canned hams weighing 3 pounds or more are heated, only enough to complete their cooking, and not to protect against spoilage, reminds Household magazine. To allow these hams to be stored at room temperature, they would need longer cooking at high temperatures. This would make the ham unpalatable.

Moynihan Says "Rescue 14th"

"RESCUE THE FOURTEENTH DISTRICT is my theme," explains U.S. Congress-candidate Joe Moynihan, as he shows his campaign symbol to Vice President Richard Nixon and Senator Homer Ferguson at the Lansing Airport. Moynihan realizes his district is in serious need of better home-front representation in Congress—to raise local employment, promote tax reduction programs. In Washington, Moynihan will represent all the people in the 14th District, wage earners, businessmen, housewives; and work for peace with progress. Republicans for Jos. A. who, where and whatnot

by uboozit

Mrs. Thomas J. Riggs, Jr., of Beverly road, carried her radio... no bigger than a half pound box of candy... to the hairdresser's with her... so she wouldn't miss one wonderful World Series minute!

And speaking of radios... Mrs. Frank B. Saunders, of Cloverly road... has a tiny one which is one of the accessories of her leather shoulder bag...

Mrs. John F. Aird's silver gray cashmere sweater has diamond point scalloped collar outlined in gray pearls...

What do they read when they have a few minutes to spare?... Mrs. William C. Ford loses herself in the pages of U. S. News and an article on the hydrogen bomb!... Svelte Mrs. Lewis S. Robinson finds fun in the pages of Gourmet... and Mrs. Daniel R. Simmons, Jr., brings her own full-sized book, no "condensation" reader, she!...

A distracted young matron in the Farms confused those bottles of various "sprays" on her dressing table... and doused her elegant coiffure with suede shoe spray on a hurried afternoon... her nap was good as new again...

And a gracious host, explaining to the guests why his chairman-of-almost-everything wife wasn't "down" to greet them at the moment of their arrival said, "I think she has a telephone receiver stuck in her ear"...

Over at the Junior League Shop... all the philanthropically-minded volunteer salesgirls now wear little badges... printed with "Volunteer" and the girl's name... "A lot of customers couldn't understand why the shop clerks didn't know exactly where every piece of stock was and they'd get impatient... They're much more understanding now"...

PILFERINGS

Again it's Bennet Cerf. Two enterprising publishers formed a partnership and over a period of years built up a profitable line of low-priced juveniles. One spring day the elder of the two actually was lured away from work to join a golf foursome. At lunch time, however, he made a bee-line for the telephone in the locker room and called his office.

"Anything happen this morning?" he asked anxiously. "Anything happen!" echoed his partner excitedly. "We got the biggest order of our history by wire from Marshall Field, that's all."

"Have Miss Jones read it to me right away," cried the senior member of the firm.

Miss Jones came to the phone and said brightly, "Here it is, Mr. Stern. 'Ship immediately forty dozen Pinnocchio. Stop. Eight dozen Black Beauty. Stop. Seventy-three dozen Mother Goose. Stop...'"

The angry voice of Mr. Stern interrupted her recital. "Listen," he screamed to his partner, "would you be kind enough to leave that girl alone till she finishes reading the telegram?"

Frank Crowninshield, cherished the answer the Duke of Portland gave him years ago when he asked, "What London club do you like best?"

After due consideration, the Duke rumbled: "I use a filthy thing called 'The Albemarle.' The food and wines are capital. I'm a great fellow for gluing and they have glue in the library. But the principal reason I like it is I don't know any of the members."

George Kaufman, columnist, author and publicist for over thirty years, has befriended, in his time, scores of penniless youngsters who later became gods of Hollywood and Publishers' Row. He likes to quote an injunction from the Talmud: "When you do a kindness to a man, ask him not to do you any harm in return." A friend once told him that a novelist was going around town saying nasty things about him. Kaufman consulted a little notebook and frowned: "That's strange. Very strange. He doesn't owe me a cent!"

MRS. CHARLES E. KELLY OF CADIEUX ROAD

By Jane Schermerhorn

The instant the door opened on the creamy pink interior of the home on Cadieux we got a distinct whiff of capability.

This time capability was a gal with interesting gray eyes and a smile that dimpled the corners of her mouth.

Her name? Mrs. Charles E. Kelly who, despite myriad claims on her time (she's co-chairman with Mrs. Edwin O. Bodkin of USO Anti-Aircraft committee and chairman of the same committee's Grosse Pointe area... she's a volunteer worker with USO Travellers' Aid) she simply exudes calm. And she has that enviable quality of giving her whole attention to you and the matter at hand.

When Mr. Kelly joined the Air Force during World War II, Mrs. Kelly must have enlisted, too. It was then, as wife of Lieut. Col. Kelly, that her work with the armed forces started. Mr. Kelly is in the reserves now but his wife remains on active duty.

Jobs Galore For the greatest part of the seven years service, the Kellys were stationed at Normowile Field, Texas. Three days a week Mrs. Kelly took the USO Travellers' Aid desk in San Antonio. There were eleven camps in the area and as housing "chief" Mrs. Kelly turned her attention to everything from one night lodgings to permanent housing for servicemen and their families.

As president of the Officers Wives Club at the field, she and thirty-five members took over redecorating the base hospital. A one-story barracks type of building, it attracted the Texas sun. Before long, the women had cut and sewed eighty-two pairs of curtains, fooled the sun and delighted the boys. They furnished the kitchen and created a nursery rhyme decor for the children's ward.

They also assembled gift layettes for soldiers' wives whose children were born at the hospital. Besides that, President Kelly personally visited every new mother.

Two days a week the officers' wives met to work for the Red Cross at the base, maintaining a weekly quota of cutting and folding 10,000 surgical dressings each week.

For the Boys Another hundred pairs of draperies were whipped up for Bachelor Officers' Quarters at Normowile and then at Christmastime, the women's eyes lighted on an abandoned building on the base.

This would be just right for their Christmas idea, they decided, and permission was given them to use it.

They decorated it gaily and opened a Gift Wrapping Service for the boys. Not only did they wrap presents the boys were sending home, in merriest of holiday trim, but they enclosed them in the heavy brown paper so the boys merely had to address and stamp them!

Golden Rule Many emotions mingled to make Mrs. Kelly such a devoted worker.

Not only was her husband an Air Force officer, but far off in Germany her brother, Bill Seccord, was a nose gunner in a B-29. She always hoped if her brother needed help or a cheering word, someone would do the same things for him that she tried to do for the boys in Texas.

Back to peacetime service, Mrs. Kelly's chief responsibility as co-chairman of USO's anti-aircraft committee, is to see that various civic and church groups are lined up to furnish refreshments for the dances and entertainment USO provides all over the metropolitan area.

Looking Ahead USO first started taking entertainment to the anti-aircraft boys after Mrs. Frank Pitt made a telephone call following a meeting of Grosse Pointe Memorial Church's social service group.

The church women wanted to do something to make life a little more pleasant for the young men literally living in mud (because the sites were so new) and USO went to work.

Mrs. Kelly and Mrs. Bodkin drove to one of the camps and talked to the commanding officer and arrangements were made for a weekly show or dance at each camp once a week.

So efficient is chairman Kelly that she has already lined up groups which will take care of the ice cream and coffee situation through October, 1955.

But don't think she's neglecting curtains.

A civic-minded business man, who preferred to remain anonymous, paid for materials for the 128 pairs of curtains which Mrs. Kelly and her Grosse Pointe committee members made for the barracks at Chalfonte.

Assigned a building for their work, the gals moved in with cutting machines, portable sewing machines and irons to press the draperies to perfection.

Another USO curtain assignment was to make 500 pairs (this was an army appropriation) for day and recreation rooms at all the anti-aircraft installations in and around Detroit. Mrs. Kelly was so thrilled with this job, that she personally supervised the hanging of every drape. It gave her an opportunity, too, to thank the magnificent women who had done the job.

Mrs. Kelly's work also includes membership on the USO board of directors and she serves on the integration committee.

Strictly Personal Somehow she finds time to add to her collection of Dresden figures and black and white and sepia tone etchings.

She loves to sew and used to make many of her own clothes before her USO jobs came along. And as for baubles! She wears a fascinating antique gold charm bracelet. It was once her father-in-law's watch chain. Among its monotone ornaments, hangs the clip from her father's watch chain (and if you look closely you can see the impression of a couple of Mrs. Kelly's baby teeth on it).

Wherever she and Mr. Kelly travel, her souvenir is an addition to the antique gold charm bracelet.

FRIED CHICKEN FRANCAISE

Contributed by Mrs. Roy D. Chapin

Cut up two frying chickens and brown in butter. Serve with the following sauce poured over the chicken:

- 2 c. chicken stock
- 2 tsp. tomato paste
- 1 tsp. bovril
- 1/2 pint sour cream

Blend together well and a little sherry greatly improves the character of the sauce.

The sauced chicken is accompanied by boiled rice, seasoned with a little sauteed onion and mushrooms mixed through it.

Fried Chicken Francaise combines nicely with a clear soup, green beans, green salad and a mousse dessert and coffee.

Richard PTA 25 Years Old

The Richard School PTA twenty-fifth year with the opening meeting for the current season coming on Monday evening, Oct. 18 at 8 o'clock.

President Ebert Warren will chair the auditorium part of the program, which will consist of a brief business session, some comments by Principal Clarence Messner, and an introduction of the entire staff through the use of Kodachrome slides.

The main part of the program will consist of a visitation of the several classrooms. This presents an opportunity for the parents to become acquainted with the teacher and with one another. Work being done in recent weeks by the children, will be on display. Bulletin boards will be attractively decorated to show the projects under way by the boys and girls.

The meeting will close with a social hour. Besides Mr. Warren, PTA officials include Thomas Tilley, vice-president; Mrs. John Leutyler, treasurer; Miss Lillian Koby, secretary; and Mrs. Fred Adams, program chairman.

Weasels are sometimes like little pigs. Sometimes they go to market... and other times they stay home. These weasels went to market. And probably their bodies now adorn a judge's state robe. These particular robes are lined with ermine, you know. But the tails! They've been sewn on the fancy jersey under pants we saw in sportswear at Jacobson's. These, gals, are the pants to wear under the gay kilt skirts... other skirts, too, we betcha... because jersey is one of the most enjoyable fabrics to wear. Comfortable regardless of climate, we understand. Pack them... crush them... toss 'em in a suitcase and there's nary a wrinkle. Navy, black and purple pants are trimmed in ermine-tails or nosebags. Which will you have to wear to the next game?

Gosh, it's more thrilling to see your picture right at the party, isn't it? The one big reason you can take pictures at your next party and have the picture in sixty seconds, is because the Camera Center, in the village, will lend you a Polaroid Camera free of charge. And that's because their equipment is completely insured. 17114 Kercheval; Tu. 1-4096.

Had hoped to give you a Bird's-eye-view of the last word in hair styles now in vogue in Paris and other European capitals. However, we will have to leave that until another time. That's because Marie Bird is knee-deep in preparation for the annual visit, in her salon, of the International Hair Artist, Madame Marguerite Buck, who will arrive soon. Have every reason to believe that she will star in an exciting event to benefit the United Foundation Torch Fund. However, it's good to see Marie Bird back in the Pointe. Of one thing you can be sure... if you want the finest in beauty service... make an appointment now with her capable staff. Tu. 1-6833. 117 Kercheval, on the hill.

A shimmering satin cocktail gown of grey or apple red pure silk helps to "make" your "After Five" evenings. White kid gloves... a really big velvet bag... AND a pair of NEW Tura glasses are the other late day signatures that could complete your evening dress. The new After-Five Tura models embody all the grace and glamour of the most desired of all frames in ophthalmic history. The new shape... the new glistening metal... makes them easier to adjust. Then, too, they can be dressed up or down. Choose from fourteen colors. Johnston Optical Co., 87 Kercheval, on the hill.

This is what we call a compact collection of Paris inspired coats. It offers a well rounded representation of important silhouettes which were in the much publicized long torso look to the full, even voluminous, coat for after six. It's possible to start your "Closet Beautiful" here and now. Start with as little as a garment bag or a gay set of hangers if you desire. We're sure you will go back again and again for more as they are open stock items. The four drawer chests are roomy and afford space for hose, lingerie, cosmetics, jewelry, and will hold all your personal effects. They're a sturdy wood frame construction completely covered with heavy gauge quilted virgin vinyl plastic film... and wipes clean with a damp cloth. Garment and suit bags, blanket comforter bags... hat boxes, are just a few of the pieces you might like to own. Each item we've mentioned is from around two to four dollars... except the chest which is around twelve. Glowing colors. At Jacobson's Home Decorative Shop, in the village, you can dress up your bed 'n' bath, if you so desire.

Are you the owner of a suit that goes to town... or country with equal finesse? Or do you own a country-side woolen skirt? Then harken to this bit of information... Prices begin at ten ninety-five. Browns, navy, white, or what will you have?
