AT THE END of more than two weeks of debate, the United Nations Political Committee unanimously approved a resolution calling for secret five-power talks on disarmament problems. The resolution was sponsored by the United States, Britain, France, Canada and the Soviet Union.

It was the first time since 1946 that the West and Russia have agreed to jointly sponsor a resolution. The Committee then voted 58 to 1 to send to the Disarmament Commission a proposal by India for a standstill agreement on the production of arms pending conclusion of a disarmament agreement.

THE INDOCHINA TRUCE will be violated if the Communist military regime closes the United States consulate at Hanoi, the State Department warned North Viet Nam. A Department spokesman said that the Red Viet-minh had not actually asked the United States diplomats to leave, but he noted that in news dispatches the Reds refuse to recognize the United States consulate.

The spokesman, Henry Suyden, stated that it was obvious that the consulate cannot be maintained if the Reds did not want it, but if it was forced out, it would be in violation of the truce.

STUNG BY THE CHARGE that the United States is neglecting to aid the new anti-Communist regime in Guatemala, the State Department announced that the little Republic will receive \$6,425,000 in an aid program.

Diplomats revealed that this may touch off an old criticism that U. S. has poured billions in aid to other countries of the world and gives "only crumbs" to Latin America. The aid to Guatemala will be mainly to boost employment, build roads and for other technical assistance.

PLANES OF NATIONALIST CHINA bombed Communist-held Tumen (Head Gate) Island near the Tachen Island group. The bombers attacked Red artillery positions on Tumen which have been pounding nearby Yikiang-shan Island among the Nationalist-held Tachens.

The Nationalist raid met with anti-aircraft fire, but all planes taking part returned safely. Nationalist Air Forces sources announced. A recent shift of Red troops, naval and air strength near Chekiang near the Tachens led the Nationalists to believe that the islands will be the first to feel the predicted Red onslaught against Nationalist offshore bases.

Bloodmobile Gets Total of 103 Pints

Fifty Persons Who Had Made Appointments to Donate Failed to Keep Dates

The most recent blood collection in the Pointe, held last Thursday, October 28, at the Grosse Pointe Unitarian Church, netted 103 pints, the Red Cross Bloodmobile workers announced.

Appointments had been made by 126 persons to donate their blood on that day. It was stated that 50 of these failed to appear, but some 40 residents who had not made appointments appeared to contribute.

Volunteers started calling those who failed to appear, a half hour after their appointment hours. In 30 of the cases, the persons reported illness or their families said the one who had made the appointment had been called out of town. In 20 cases, no telephone contact was made.

Those working on the collection reported that fortunately, an unusually low number of rejects was encountered, only 23, which helped make the total donation of 103 pints possible.

Elizabeth T. Hendrie Dies In Second Traffic Fatality Of Year Within G.P. Farms

Loses Control of Car and Crashes Into Telephone Pole After Colliding With Another Car at Boulevard and Newberry

The Farms experienced its second traffic fatality this year with the death of a woman who died of injuries suffered in an accident on Friday morning, October 29.

Dead of chest and head injuries is Miss Elizabeth T. Hendrie, 51, of 293 Webster, who died in Bon Secours Hospital the afternoon of the day of the accident.

Hit Other Car

A Farms police report disclosed that Miss Hendrie was traveling west on Grosse Pointe boulevard in her car, when she struck another car, driven by William J. Park, 35, of 1749 Winchester, Lincoln Park, and which is owned by Tracy Major Sales.

The report revealed that Park was driving north on Newberry place and made a stop at the boulevard. He started up again and was approaching the intersection when he saw Miss Hendrie coming and stopped in the middle of the street.

Hit Telephone Pole

Miss Hendrie's car struck the front bumper of Park's car, and the woman lost control of the vehicle, which jumped the curb at the northeast corner of Hall place and rammed into a telephone pole.

The woman was rushed to Bon Secours Hospital, where she died later in the day.

Park and a passenger in his car, Jean Bedford of 5369 Belvidere, Detroit, were taken to the Wayne Prosecutor's Office to make a statement to Assistant Prosecutor Thomas Gallagher.

On Monday, November 1, the principals involved went to the Prosecutor's Office with Farms Det. Sgt. Harold Seelow, to determine who was to blame and if a warrant should be issued.

Sgt. Seelow stated that a warrant was denied because sufficient

Food and Lodging Found by Possum

The garbage container belonging to Mrs. Hugo Scherer of Lakeshore road acquired an interesting new occupant. When Arthur Champagne, of Moran road, looked in it Tuesday morning he found a large opossum, curled up in the bottom, fast asleep.

Arthur made a noose with a rope and was able to lead it to the garage where he has it temporarily caged. The fact that the opossum was able to open the heavy, step-on type can is amazing everyone.

Cites Laxity In Battling Elm Disease

Head of Men's Garden Club Deplores Failure to Remove Dead and Diseased Trees.

Letters sent to the heads of each Pointe municipality, by Vincent R. DePetris, president of the Men's Garden Club of Grosse Pointe, deplored the laxity shown by the communities in removing dead and diseased Dutch Elm trees and limbs.

The letters stated that reports made by a committee which studied the progress of the Dutch Elm Disease battle, while commendable in the efforts "put forth to combat this scourge to our beautiful elms," nevertheless, indicates some laxity which will seriously hamper the battle to save the elms.

Helps Spread Disease

He wrote that in some instances, removal of trees and limbs, when delayed for some time, favored spreading of the disease. He disclosed when this is not properly attended to, and if not done promptly, will permit the Japanese Elm Beetle, and even other types of insects, to transmit the disease to healthy trees.

"The thing is," said DePetris, "once the disease enters into the sap of the elm, the tree is lost. There is no known cure against the blight. The bi-annual spraying does not kill the disease, only the beetle and other insects, which can and do carry the disease to healthy trees."

Doesn't Save Tree

He revealed that when diseased limbs are removed from the elm, that this does not mean the tree is saved, but only that the removal of the limbs deprives the beetle of a home and place to lay its eggs for the winter.

His letter stated that it is believed that the malpractice of not removing the blighted trees and limbs is entirely due to the lack of understanding of the seriousness of the disease on the part of public officials.

DePetris offered the support and cooperation of his organization in the battle against Dutch Elm Disease.

House Thief Gets \$80

Mrs. Egon Olson of 1259 Aline, reported to Woods police on Friday, October 29, that someone had entered her home and taken \$80 in cash. She told police that she had left the house at 7:30 p.m., the day previous and returned at 2:30 a.m. the following morning. The door had been left open she said.

Bandit-Kidnapers Sought Following Robbery of Store

Two Make Manager Drive Them to Supermarket In His Car and Open Safe, While Third Keeps His Wife and Family Under Guard; Get \$1,200

A smooth working gun-wielding bandit team, who kidnaped a store manager from his Detroit home and forced him to take them to his store in the Farms, where they robbed him of \$1,200, is the object of a search by both the Farms and Detroit police departments.

Victim of the kidnap-robbery, Frank Miller, 42, of 8335 Bliss, Detroit, manager of the Kroger Super Market, 18850 Mack, was accosted by two of three men, as he was about to enter his home, at about 9:30 p.m. on Friday, October 29.

Leave Guard at House

The two gunmen were forcing Miller, at gun point, to return to his store, when Miller's wife, Phyllis, 41, noticed him in front of the house and came to the door to see what was amiss.

It was then that the third man went to the door and he was assigned to guard the people in the house while the other two forced Miller into his own car and made him drive to the store.

Arriving here, the gunmen, using insulating wire, tied up two night stock clerks, John Skalba, 58; and his stepson, Stanley Boyle, 19, both of 8140 Forest-lawn, Detroit.

Get \$1200 From Safe

They then made Miller open the store safe and took \$1,200. Still keeping him at gun point, they ordered him to call his home. Then the bandits talked to their confederate saying, "City Morgue? Meet at the usual place in three minutes."

They then ordered Miller back into his car and drove away, to drop him off at Mack and Warren, and escaped west on Warren in the manager's car.

Miller ran back to the store and called Farms police, then called his brother-in-law, who lives across the street from him, to check and see if his family was all right.

Mrs. Miller stated that the bandit who guarded her house, made her and the other captives, which included her family, look at television and warned them not to turn around to look at him.

Cut Phone Wires

She said when the phone rang, the band let it ring for about 25 times and then picked it up saying, "City Morgue." He then asked for a knife to cut the telephone wires, which was given to him. After cutting the wires, he ordered the people to continue to look at the television and left. Miller told police that when he missed the combination of

Election Returns Due Next Week

Election returns had not been tabulated in time to be carried in this issue of the NEWS. The results of all local balloting will be published next week.

Thomas Laughlin, clerk of tiny Lake Township, called Tuesday afternoon to say that the voting had been concluded there. As was to be expected the electors there were preponderantly Republican. With 12 voting, the ratio was 10 to 2 in favor of the Republican candidates for national and state offices.

Chauvin Retires as City's Fire Chief; Trombly Named

Last Saturday Cub Scout 19 of the Maire School held a special parade through the Village center in its annual "GET OUT THE VOTE" drive. Leading the parade was City Fire Chief Ledger Chauvin in the City's finest piece of fire fighting equipment, highly polished and immaculately clean.

What no one of the hundreds of boys and girls and citizens watching knew, was that it was the final ride for one of Grosse Pointe's finest firemen. Up high in the front seat of the bright red fire truck in all of his gold braid, sitting proud and erect, waving and smiling, Ledger L. Chauvin, Fire Chief of Grosse Pointe City, was on his last day of active fire service. He was retiring a part of his 34 years of

Retain Top Standing in State With Port Huron Remaining As Final Hurdle

By Fred Runnells
News Sports Editor

The Grosse Pointe Blue Devils were champions every inch of the way last Friday, October 29, when they won the "BLUE CHIP" game and captured the schools first Border Cities League football title before a huge combined Fordson Homecoming and Dads' Day crowd on the Tractors' home field.

Needing only a tie to clinch the BCL crown, the Blue Devils made no bones about which team was going to win at the very outset of the contest played on a damp, sticky gridiron.

Use Every Opportunity

Utilizing a first period 70-yard sustained drive, a 48-yard rambly by halfback Don Eugenio, two intercepted passes, a pass completion and two Fordson fumbles, in that order, the Pointers thoroughly trounced a good Fordson eleven, 45 to 19.

The final score doesn't give a true picture of the game, however. The title-conscious Devils could have made it a shutout had head coach Ed Wernet elected to stick with his first stringers throughout the game.

Not until the Pointers had piled up a comfortable 39 to 0 margin did the second and third stringers see action late in the third quarter. Three blocked kicks enabled the Tractors to break into the scoring column but all this came after Wernet had opened the gates of mercy.

Finally Slams Door

Only after Fordson had scored its second touchdown early in the final stanza, and had the Devil substitutes deep in Pointe territory, did he slam the door in their faces. Once the first line defenders moved back into action the Fordson Tractors stopped dead in their tracks with seven minutes remaining in the game.

Actually the Devils could have been more impressive on the scoreboard, but it wasn't necessary. They had convinced Harvey Barcus of the Detroit News, Hal Schram of the Free Press and George Maskin of the Times, and everyone else in the stadium, including the Port Huron scouts (Grosse Pointe's final foe), that they deserved the number one

Park to Acquire Land Near Beach

The Park council approved appropriation of \$19,500 towards the purchase of three or four lots at Windmill Pointe drive and Alter road, to be used as a parking lot for residents who use the municipality's waterfront recreation site.

At a special meeting held on Monday, November 1, the council, on recommendation of the city's Planning Commission and Park City Manager Everitt B. Lane, agreed that the purchase of the lots must be made at once.

Mr. Lane informed the council that the city's option on the lots will have expired on November 13, and if the city does not purchase the land, the construction company interested in building multiple dwellings on the properties, will have a right to do so.

He said that the Detroit city council had recently approved a permit issued to the construction company to build the dwellings and if the city did not take up the options, the lots will be lost.

Two of the lots, 76 and 77, belonging to one owner, will be purchased for the sum of \$11,000; lot 75 will cost \$8,500. The owner of the remaining lot, 78, has refused to sell at the present time and the city is still negotiating for its purchase.

The four lots involved are adjacent to the waterfront park. At present, to save time and to make the project legal, a petition is being circulated by the Grosse Pointe Property Owners Association in the Park, whereby the city is asked to utilize the property, once it is purchased, as a parking lot for the city's residents.

Issue Statewide Alarm

A statewide alarm was issued describing the holdup men and Miller's car, a maroon 1953 DeSoto, license number HM-2536.

Farms police detectives, Sgt. Harry Seelow and Harold Beaupre are working on the holdup angle; Detroit is primarily interested in the kidnapping phase of the case, because the two crimes took place in their respective communities.

The following day Detroit police found Miller's car abandoned at Audubon and Warren, in Detroit.

which is retroactive to July 1, the top pay for the patrolmen and firemen was brought to approximately \$4,921 a year, as compared to the level of \$4,836, when the five percent was granted.

Mr. Lane informed members of the council that the pay increase affects both police and firemen up to the rank of sergeants. He said that the police and fire lieutenants and fire captain had already been granted the full seven and a half percent increase last August.

In addition to the wage increase, members of the police and fire departments have been granted compensatory time off, that is, they have been granted time off for the four national holidays of the year, or equal time.

Fire Chief

(Continued from Page 1)

the retirement will become effective June 1, 1955, when Chief Ledger L. Chauvin reaches his 60th birthday. On November 1, Chief Chauvin started to take his sick and accumulated leave. Until June 1955, he will serve as a "Consultant" to the Commissioner assisting in the preparation of reports, study of fire needs within the City, and in the preparation of the next annual fire department budget.

He was appointed March 22, 1937, when the office of Superintendent of Public Safety was abolished following the retirement of Joseph T. Brisson.

Chief Chauvin who lives with his wife, Madeline, at 672 University place, was born in the City, and has lived here all his life.

He joined the City fire department in December of 1920, as a pipeman and driver of a pumper. In May of 1926 he was made Captain, in May of 1929, Senior Captain, and two months later, became the Assistant Chief.

Mayor Parker and all of the members of the Council and other City officials expressed the highest praise for Chief Chauvin who not only devoted himself unselfishly to his job but personified the highest type of leadership in his many years of service.

Safety Commissioner Mazer announced that as of November 1, Police Chief Thomas V. Trombly was appointed to the combined post of Chief of the Police and Fire Department.

Commissioner Mazer explained this new appointment to the mayor and council at their last regular meeting. He stated that the added responsibilities and duties being assigned to Chief Trombly would in no manner impair or decrease the Police and Fire services to the City but on the other hand would lead to a saving of tax monies.

Mayor Parker and the council examined this appointment in regard to its efficiency, economy and indispensability to the taxpayers; and after discussing this issue they approved and accepted this action. Both the mayor and the council agreed that it was in full accord with their policy of achieving the maximum of service for every tax dollar spent.

Commissioner Mazer further stated that Chief Trombly would be assisted in the operation of the Police and Fire Departments by placing Lt. Andrew Teetaert in charge of the Police Department and placing Captain Harold Rivard in charge of the Fire Department. Commissioner Mazer stated that this would make an excellent team that would effectively provide all necessary safeguards for the security, safety and welfare of all of the residents of this community.

Chief Trombly was born in Detroit and moved to the City at the age of 12. He lives at 532 Notre Dame, with his wife, Marion, and family.

He joined the police department in 1925 as a patrolman and was promoted to uniform sergeant in March of 1932 and then to detective sergeant in April of 1935; and in March 22, 1937, he was appointed Chief of Police of Grosse Pointe City.

One million members will be the goal of the American Legion Auxiliary for 1955. Mrs. Elva Neilson, Membership Chairman of Grosse Pointe Auxiliary Unit, has announced, following action by the organization's recent national convention increasing state membership quotas.

Enrollment of members for 1955 already has been begun by Mrs. Neilson and her committee. "The national convention increased state quotas by one member per unit," said Mrs. Neilson. "With approximately 14,000 units in the organization, this increase will give the Auxiliary well over one million members. Present enrollment is in excess of 990,000, a new high record."

"Re-enrollment of members of the Grosse Pointe Unit for 1955 is progressing rapidly, and we expect to have our entire 1954 membership re-enrolled before the new year begins. We are also inviting other eligible women to join with us now for the interesting activities ahead."

A firm stand in opposition to any curtailment of the hospital benefits now provided for sick and disabled war veterans will be taken by the American Legion Auxiliary during the coming year, according to Mrs. Mary Del Barba, Rehabilitation Chairman of the Grosse Pointe Unit of the Auxiliary.

"By action of the national convention in Washington, D.C., last month, we are pledged to continue our fight against depriving veterans unable to pay for private treatment of their right to care in veterans hospitals," Mrs. Del Barba said.

"We will give vigorous opposition to all efforts to change laws which now permit men who have defended their country to seek their country's aid when they are sick and without funds to pay medical and hospital bills."

GIVES QUICKER ACTION

Different water temperatures are specified in bread recipes for dissolving compressed and active dry yeast. Compressed yeast must be dissolved in lukewarm water (80-85 deg. F.), states Household magazine. At this temperature, a drop of water placed on the wrist feels neither warm nor cool. Active dry yeast should be dissolved in warmer water (105-110 deg. F.) for quick action. Water at this temperature feels warm but not hot to the touch.

Bassinet Cover Smothers Baby

Efforts of Farms firemen to save a three-month-old baby which smothered in its crib, on Saturday, October 30, proved futile.

Farms firemen were called and Firemen Bob Sharp and Edward Beaupre administered oxygen to the infant until the family doctor arrived.

The child was rushed to Bon Secours hospital, where it was pronounced dead a few minutes later.

Some Park Buses Rerouted After Residents Complain

A dispute between residents residing on St. Paul, between Wayburn and Maryland, and the Lake Shore Coach Line bus company, ended in a compromise on Monday, November 1.

The Park council heard arguments of both sides, after the residents charged the buses of the company were causing excessive fumes and the vibration of the passing buses was causing the plaster in their homes to fall.

In addition, the residents charged, the buses in making their turns, have broken the corner curbs at the northeast

corner on Wayburn and the southwest corner at Maryland.

A petition, presented to the council, bearing 66 signatures of persons effected, asked the council to remedy the situation by forbidding the buses to use the one block of St. Paul, which is generally used on the bus route.

Both the Kercheval and the Charlevoix buses usually go down Wayburn, turn west on St. Paul and turn north on Maryland to Jefferson.

Walter Schweikart, owner of the bus line, asserted that the fumes and vibrations could not be halted and that these occurrences were normal.

He further stated that if the bus line is changed, children in the area, who since infancy have been trained to watch out for the buses on the route, are apt to become confused if the route is changed and thus endanger themselves.

He said that the same question had been presented to the council on June 7, 1953, by residents living in that sector, and their petition to reroute the buses was denied.

After several of the residents present at the meeting, and the bus line official had let off some steam, Park City Manager Everett B. Lane displayed three alternate plans recommended by the Park Planning Commission, which were designed to remedy the situation.

After viewing the plans and another discussion, both parties agreed to the third plan, which called for the Kercheval buses to travel on Maryland, turn east on Kercheval and return by the same route, thus eliminating the use of St. Paul.

The Charlevoix buses, however, will come up on Maryland, turn west on St. Paul, turn east onto Charlevoix and return by the same route.

The solution eliminates heavy bus traffic, which the residents contend is the crux of the whole matter.

The council approved the plan after both parties involved agreed to give the plan an indefinite trial period. The plan takes effect on Monday, November 8.

Further, the council approved that the radius of the curbs at the northeast corner of Wayburn and the northwest corner of Maryland, be enlarged so that the buses can make their turn without running over or bumping up against them.

HAS SAME FOOD VALUE

Low-score butter doesn't rate as high in flavor and texture as butter with a higher score. The original quality of cream—sweetness or sourness and absence or presence of food flavors—determines the butter score, points out Household magazine. Sweet cream butter scores 82-93, while sour cream butter scores are lower. The food value, however, is the same regardless of the score. All butter sold must contain 90 per cent butterfat.

Torch Drive Funds Help Neighborhood Club

The many activities offered in the varied program of the Neighborhood Club are possible largely through the support from the United Foundation. Those who use this community center are most anxious that the current drive for funds be successful. Pictured above, AUGUST BALZER, 84, and a member of the Oldtimers' Club there, uses the back of BOBBY CARRIER, 5, to fill out a Torch Drive pledge card. Left to right, illustrating some of the club activities are: DORIS KLOSKY, badminton; BARBARA DePOLO, fencing; ANNA MARIE MCGOUGH, tennis; and GLORIA STREHLAU, basketball.

Neighborhood Club Program Benefitted By Torch Drive

Many opportunities for fun and recreation are made available to the community by means of the Torch Drive. The Neighborhood Club is one of the agencies in the Grosse Pointe area which benefits by contributions and makes possible a great variety of activities for young and old in which to participate.

It is interesting to note that many of the established community services had their origin through the work of the Neighborhood Club such as the Cottage Hospital, first public library, first playground, first Visiting Nurses' Service, first Boy Scout Troop, first Campfire Group, first social case worker, first public tennis courts and the Grosse Pointe Community Club was started at the suggestion of the director of the Neighborhood Club.

The Wayne County public welfare office is located in the Neighborhood Club as is the O.C.D. headquarters for the Grosse Pointe area. The largest election precinct in the United States is also located in the club gym on election days.

The schedule is always kept flexible in order to accommodate programs that might be requested by the Grosse Pointe residents. The Fashion Show in the Fall for the benefit of the Thrift Shop is always held in the Neighborhood Club and many hundreds of people attend it.

The Grosse Pointe Camera Club holds its meetings in the club rooms and also holds the annual camera show there.

A total of 162,363 people used the Neighborhood Club facilities from January 1954 through September 1954. This included 1,032 activity classes and 268 community group meetings of 16,146 people.

Within the last year a social service department has been established which anyone with a problem can go for a solution, or just to talk over their problem.

The Neighborhood Club has been the center of activity in this area for 43 years. Three generations of Grosse Pointers look with pride at this club.

Often former members will return from out of town for a visit and cannot resist going to the club to reminisce and talk over many happy memories. They all say they have never seen anything in their travels that can compare with the Neighborhood Club.

One local group of women has met regularly in the club for 12 years to knit afghans. These have been sent all over Wayne County; to hospitals, convalescent homes, for old people, to Veterans who are amputees, to the unmarried mother's departments of the Children's Aid Society and Florence Crittendon

C. G. Academy Exam Dates Set

Congressman Louis C. Rabaut, 14th District of Michigan, has announced that nation-wide competitive entrance exams for the U. S. Coast Guard Academy will be held on February 28 and March 1 of 1955.

"This outstanding four-year course is being offered to unmarried high school seniors and graduates who will reach their seventeenth but not their twentieth birthdays by the 1st of July next year," Rabaut said.

Young men earning commissions as career officers in this service are graduated from the Academy with accredited B.S. degrees in Engineering.

Congressman Rabaut says that youths who are deeply concerned over their nation's well-being and who are interested in a promising career are urged to write to the U. S. Coast Guard, Washington 25, D.C., for additional information.

"I can think of no finer avenue to self-advancement for any young man than this program," said Rabaut. "In war and in peace, the Coast Guard has proved itself well-deserving of its motto, 'Semper Paratus.' No task, through the years, has been left undone nor any public duty left unattended by this gallant and small, but devoted service," concluded Rabaut.

Unusual Gifts At Ship's Wheel

One of the very newest and most attractive shops to come to Grosse Pointe in recent months, is the Ship's Wheel, a port for people of good taste for selecting home, terrace and ship accessories. Its location is out in the new Colonial Farms area of Grosse Pointe Woods at 19605 Mack avenue.

Vern Ball and Ken Spaulding, the "skippers," each with a background that stands him in good stead, man the port and lend a lively spirit to the shop's colorful atmosphere.

Lamps suitable to adorn a boatman's den and such things as lake charts that even a sharp-eyed admiral would be pleased to own, are to be found there.

Then, there are lovely new items for the smart terrace, as well as home gifts of excellent and unusual taste.

All these can be found at the Ship's Wheel, and with Christmas only 51 days away, hurry.

Poupard PTA To Meet Nov. 9

The Poupard PTA has scheduled the third Parent-Teacher night for November 9 at the Poupard school. An opportunity for classroom visitation from 7:45 to 8:15 has been arranged to allow parents and teachers to discuss child problems and progress.

Following a short business meeting, Mr. John A. Hammel, principal, and Miss Virginia Johnson, first assistant teacher, will present a talk and demonstration on how Reading and Spelling are taught. They will emphasize the beginning reading phase and will show actual classroom techniques.

With the current community

and national interest in the teaching of "basic fundamentals," this program is expected to attract a large and attentive audience.

This will be the last meeting scheduled for this calendar year due to the approaching holiday activities.

The first Parent-Teacher meeting for 1955 is tentatively scheduled for January 13 and specific details will be announced later concerning the Health Program planned for this future meeting.

The days are growing much shorter—just like the funds of the man who has been on vacation.

Rotary Governor To Visit Pointe

Gordon R. Eaton
The Grosse Pointe Rotary Club on Monday, November 8, will be host to Gordon R. Eaton, Governor of the 223rd District of Rotary International, who is making his annual official visit to each of the 38 Rotary Clubs in Ontario, Canada, and Michigan. He will address the Club and confer with President William G. Wahl, Secretary Robert M. Orr and committee chairmen on Rotary administration and service activities, and on plans for the participation by the Rotary Club of Grosse Pointe in the world-wide observance of Rotary's Golden Anniversary, February 23-June 2, 1955.

Mr. Eaton is a past president of the Rotary Club of Leamington, Ont. He was elected District Governor of Rotary International for the 1954-55 fiscal year at the annual Rotary Convention in Seattle, Washington, last June. He is one of 220 District Governors supervising the activities of some 8,300 Rotary Clubs which have a membership of 389,000 business and professional executives in 89 countries and geographical regions throughout the world.

Wherever Rotary Clubs are located, President Wahl asserted in discussing the Governor's visit, their activities are similar to those of the Rotary Club of Grosse Pointe because they are based on the same general objectives—developing better understanding and fellowship among business and professional men. Promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of goodwill, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and strength. During the past fiscal year, 448 new Rotary Clubs were organized in 51 countries of North, South and Central America, Europe, Asia, Africa and the Islands of the Pacific.

Society News Gathered From All of the Pointes

From Another Pointe of View

By Jane Schermerhorn

A mighty man is William J. Champion III . . . just four months old . . . he's convinced his mom and dad that their ever so attractive home on Lochmoor simply isn't big enough now that he's arrived on the scene . . . Convinced them though just before the littlest Bill got here they went through the rigors of "doing everything over" to be beautiful for his appearance (and beautiful, in addition to everything else, is that pink and pickled pine kitchen so dreamy you'd forget a fallen soufflé in it!) . . . So a "For Sale" sign is going up at their Lochmoor home . . . and the Champions will move soon to their new house on Washington road . . .

Fair Week Away

Just Before the Christ Church Fair . . . has all the suspense of The Night Before Christmas here in the Pointe . . . A week from today . . . at 10 a.m. . . the doors will be thrown open wide or what must be the biggest church fair in the United States . . . While we're tapping an impatient foot, just as you are . . . some of the last minute thoughts add up to what a lot of Christmas shopping will be done at the popular Charcoal Studio of artist Sam Field who'll be on hand, with two other artists, to do charcoal sketches of Pointe darlings . . . In other years these have proved favorite Christmas gifts of grandparents, aunts and uncles . . . Mrs. Robert Semple is busy now taking appointments for morning "sittings" and mamas can avoid the crush by making a date in advance.

Christmas Carouse!

Everyone is talking about the terrific job Mrs. John W. Anderson II has turned in as staging chairman . . . She's chosen a carouse theme for the 1954 Christmas Fair . . . and ceilings of the undercroft at Christ Church will be hidden in a merry maze of red and white streamers beneath which there'll be green covered tables holding all the beautiful wares . . . Nov. 11 . . . It's Armistice Day, isn't it? All of which means the only bankers doing business will be Fair treasurer Miss Frances Booth and her right hand gal, Mrs. John H. French, Jr. . . . Don't forget the miniature zoo, something new this year, and especially wonderful as a reward to tots who eat their spinach even though the doctors now say it's poison for them . . .

Milliyuns Will Be There

After next Thursday life won't seem the same to Mrs. Peter A. R. Ford . . . all the question marks will be removed from ends of sentences . . . That's because for months, now, as president of the Women's Auxiliary (sponsoring group of the Fair) she's been the Information Please Gal for 1100 workers . . . knowing the answers to the myriad questions which arise in this big business project . . . And it is big business with such a worthy cause . . . Funds will be used for the new Sunday School building needed at Christ Church, Grosse Pointe . . . Robert James Grays Return This Week End

Former Mary Patricia Gallagher and Bridegroom Arrive Friday After Wedding Trip in Miami Beach; Spoke Vows Oct. 23 in SS Peter and Paul Jesuit Church

Returning to the Pointe this week-end, after their wedding trip in Miami Beach, will be Mr. and Mrs. Robert James Gray who were married Oct. 23.

They motored South following their wedding in SS. Peter Jesuit Church, the former Mary Patricia Gallagher waving goodbye to reception guests after she changed to her trim oatmeal cashmere suit combined with printed brown and beige tie silk blouse.

The bride, who is the daughter of Mr. and Mrs. Charles S. Gallagher, of Hawthorne road, was married in bridal robes of Chantilly lace over ivory satin. A girle of satin finished the slender waistline of the opera length frock which had soft bateau neckline and long, fitted sleeves.

Her fingertip veil of imported silk illusion fell from a Queen Anne cap of Chantilly lace and she carried a bouquet of white orchids, stock, bebe mums and white sweetheart rosebuds.

Sheila Ann Gallagher was maid of honor and Maura Gallagher was bridesmaid. Both are Pat's sisters.

Their gowns with bouffant waltz length skirts had molded bodices finished in portrait necklines. Tiny caps of the same crystalline used in their frocks, completed their costumes. Sheila was in Nile green and carried bronze mums, while Maura's gown was in emerald green and her flowers gold mums.

Robert Connelly served as best man and the ushers were the bridegroom's cousin, Richard Kennedy of Cleveland, and John Reuter.

The reception and wedding

breakfast was given at the Detroit Yacht Club by the parents of the bride.

The young Grays will go to their new home in Faircourt road when they return from the South this week-end. At mid-week they were joined in Miami Beach by the bridegroom's parents who will spend the Winter in Florida.

A number of out-of-town guests were here for the Oct. 23 ceremony. The largest group came from Davenport, Ia., where the Gallaghers lived until seven years ago. This contingent included the bride's uncles and aunts, Mr. and Mrs. H. J. Kennedy, Miss Marie Kennedy, Mr. and Mrs. James T. Gallagher and her father's aunt, Mrs. Nell Hans. Real Pink Tea Opens Symphony Ticket Sale

Mrs. Karl Lysinger's Tea and Musicales in Setting of Pink Murns Launches 1955 Ticket Sale of Women's Symphony Orchestra; Two Concerts to Be Given

It was a real pink tea party Monday afternoon when Mrs. Karl Lysinger opened her Whittier road home to launch the ticket sale drive of the Detroit Women's Symphony Orchestra.

Beautiful mums in all the shades of pink were used throughout the Lysinger home and were arranged in the centerpiece on the Richelieu lace-covered tea table, blending perfectly with the champagne pink and teaberry green dining room.

Enthusiasm to make this best-ever season for Detroit's all woman symphony (one of less than six in the whole country) soared as plans were made before a cheering open fire. Monday was just a day to have a fire in the fireplace, too!

Mrs. Lysinger greeted her guests in a navy peau de soie frock by Dior. It has been a week of many costumes for the hostess who on Wednesday evening changed to travel togs and left for New York with Mr. Lysinger. Today he flies to Brussels to be the guest of the Belgium government.

Mr. Lysinger is the only Michigan member of the special party which, during its week-long visit, will be entertained at the American Embassy by U.S. Ambassador to Belgium Frederick M. Alger and Mrs. Alger.

While Mr. Lysinger is in Europe, Mrs. Lysinger will remain in New York where the National Horse Show will be one of the main attractions.

But back to the tea party—another highlight of the afternoon was the musicale featuring three members of the Women's Symphony Mrs. Edmund J. Jonoski and Mrs. Willis Morgan, violinists, who played the Double Concerto for Twin Violins by Bach.

Mrs. Peter Jensen was accompanist. And then, over the tea cups, the guests—most of them engaged in this 1955 ticket sale—recalled highlights of the past seven seasons of the young Symphony.

Victor Kolar, accustomed to working with male orchestras never dreamed he'd have to remind his feminine musicians to put on their prettiest make-up to the night of the concert. He concentrated on music-music-music. Consequently, Detroit's Women's Symphony bowed to an impressed public with nary a trace of lipstick or rouge!

Future Home May Be Europe

Betsy Wheat, daughter of Mr. and Mrs. Renville Wheat, of Touraine road, whose fiance, Lieut. Paul H. Townsend, Jr., receives a new assignment from the Army this month, is keeping her fingers crossed that it will be Europe.

Their marriage takes place Nov. 29 in Grosse Pointe Memorial Church and will be followed by a reception at the Little Club.

With her parents, Betsy spent most of the Summer on the continent and in the tradition of travelers wants to go right straight back. Austria was her favorite country.

Two parties have feted the Nov. 29 bride-elect. Articles for a future kitchen were brought by guests who attended the tea Mrs. John Mateer and Mrs. Berrien Eaton gave for Betsy.

Last Saturday, a white holder filled with choice recipes was presented to the bride-elect by those attending the tea Mrs. Norman Freble and Mrs. Wilkins Livingstone gave at the former's Ridge road home.

The hostesses, before the party, sent file cards to each of the guests who were requested to share their very best recipes with Betsy.

Jane Pickens Inspires Pointer's DAC Dinner

Mrs. Roy D. Chapin and the Carsten Tiedemans Choose a Pointe Guest List for Their Dinner at Detroit Athletic Club; Star Is Friend of Mrs. Chapin

Mrs. Roy D. Chapin and the Carsten Tiedemans were hosts at a dinner at the Detroit Athletic Club last evening for the very special reason of seeing Mrs. Chapin's close friend, singer Jane Pickens, in her starring role on the club's dinner-floor show. Incidentally, Mrs. Chapin returned last Saturday from New York where she visited Mrs. D. Dwight Douglas.

In the dinner group at the club were the Roy D. Chapins, Jr., the John C. Chapins, the Hugo S. Higbiés, Mrs. Allan Shelden, Mr. and Mrs. Allan Shelden III and the W. Warren Sheldens. The star joined them after her performance.

Earlier, Miss Pickens, who in private life is Mrs. William C. Langley, of New York, had been the guest at tea of the John Chapins in their Provençal road home.

In fact, it had been a day crammed with activity for the singing star of radio and television—Miss Pickens, secretary of the National Cerebral Palsy and an indefatigable worker for that organization, was a noontime speaker at Detroit's Torch Drive luncheon.

The star came into Detroit on the heels of a 17-hour telethon she had done in New York for the cerebral palsy cause.

Married last March to Mr. Langley, an investment broker, the singing star now is a neighbor of Mrs. Chapin's son-in-law and daughter, the William E. Huttons II, when the families are at their respective homes at Westbury, L. I. The Langleys will winter at their town apartment on Fifth avenue, New York, upon completion of interior decorating which the star is currently directing by telephone from

Detroit. Her performance at the DAC continues through Saturday, Nov. 6.

Mr. and Mrs. Leo J. Kay entertained at the club's dinner-show last Friday, preceded by cocktails in a private dining room. Their guests were Dr. and Mrs. Louis J. Morand, the Stephen Gormans, Dr. and Mrs. Frank J. Bauman, the Julian Chevrans, the Leo Joliats, the Stanley Beatties, Mrs. John Wagner and Miss. Eileen Moloney.

Dr. and Mrs. John E. Webster were hosts at cocktails in their Windmill Pointe drive home before taking their group to the DAC on Saturday evening. Guests were Dr. and Mrs. E. Stephen Gurdjian, Dr. and Mrs. Roman E. Boucher, Dr. and Mrs. Milton J. Rueger, the William Martins and Mr. and Mrs. Lawrence Pace.

The Peter J. Gallettes, of Audubon road, entertained the Ernest P. Lambs and the John E. Brennan at the opening dinner-show and will be hosts this evening Nov. 4, to the George C. Mitchells and Mrs. Florence E. Sisman.

The J. Edgar Duncans and the A. J. Daltons were among the many Pointers who applauded Miss Pickens during her, nine-evening performance at the DAC—they were guests last Saturday evening of Mr. and Mrs. William F. Back.

A Doll With An Idea

Some years ago we worked with Harry E. Taylor on the Detroit Times... but it wasn't until this week that we took up the subject of dolls with him. That's because Harry's wife and Mrs. Harold Good of Okemos, Mich., have invented a doll with an idea... and Harry suggests the gals have had a lot of helpful hints from the men in their families... This doll... called the Forget-me-not Baby Doll kit... although as cuddly and wonderful as all dolls... has a mission. It brings understanding to the "Old Baby" in the family who so often feels left out of it all when Mama comes home from hospital with that New Baby. The Taylors and the Goods approached this flight into doll land psychologically (Mrs. Good is a child guidance specialist, Mr. Good instigated the psychological testing program started at General Motors through Oldsmobile... The Taylors describe themselves as newspapermen, teachers and devoted grandparents)... and came up with a "take-home gift" that helps Old Baby share everyone's affection for the newcomer... While mother attends to the new baby's food, bath, rest and diapers... a little helper is doing the same thing with the Forget-me-not Baby which has inflatable bath, after-the-bath receiving blanket, nursing bottle, soap and powder, easy-on diapers (no worrisome safety pins), a kimono and bassinet... Harry is ever so happy that Young Clothes has stocked the Forget-me-not Doll... there it is regarded above the status of a toy...

Grace Poole Marries James E. Donnellon

Nuptial Mass Celebrated in St. Ambrose Church; Young Couple to Live in Detroit Following Wedding Trip

Grace Rita Poole, daughter of Mrs. Albert H. Poole, and the late Mr. Poole, became the bride of James Edward Donnellon, son of Mrs. Bernard J. Donnellon, and the late Mr. Donnellon, on Saturday, October 30, at 10 a.m. Nuptial Mass at St. Ambrose Roman Catholic Church.

The bride was given in marriage by her brother, Albert H. Poole II.

A breakfast for the immediate family followed at the Alger Veterans' Club, where an afternoon reception was also held.

The bride wore a floor length gown of nylon tulle and Chantilly lace with a fingertip veil and carried a prayer book with a white orchid.

The bridal attendants wore ankle length gowns of aqua crystal-ette with matching head bands of velvet leaves and carried bouquets of yellow mums.

Miss Jean Poole, sister of the bride, was maid of honor, and the bridesmaids were Miss Barbara May of New York, cousin of the bride, and Mrs. Robert Van Antwerp of the Pointe. Suzanne Scheible, niece of the bridegroom, wearing a yellow net dress, was the flower girl.

The bridegroom's brother, Patrick Donnellon, was best man, and seating the guests were Robert Scheible, brother-in-law of the bridegroom, and Donald Lubic. The bride's nephew, Albert H. Poole III, was the ring bearer.

Mrs. Poole chose a street length dress of navy blue lace with aqua hat and an orchid. Mrs. Donnellon wore a turquoise suit dress with toast accessories and an orchid.

Following a trip to Chicago, Mr. and Mrs. Donnellon will reside in Parkview avenue, Detroit. For traveling, the new Mrs. Donnellon changed into a brown wool suit with tangerine accessories.

It's much easier to find a man willing to lend you a helping hand than one who'll stand for a touch.

The ballroom of the Detroit Boat Club on Friday evening, November 5, will be the scene of a good, old-fashioned square dance — complete with golden pumpkins, hay, autumn-brown corn stalks, and sundry other decorations, to make this "Harvest Hoe Down" really live up to its name.

Terry Jarman will call, and before the first "Promenade" or "Dooey Do" takes place, beginners may receive expert instruction both in round and square dancing.

Assisting the chairmen, Mr. and Mrs. Henry W. Ruifrok, will be Mr. and Mrs. Milton A. Osgood, Mr. and Mrs. Earl Meyer, Mr. and Mrs. Arthur O. Schmidt and Mr. and Mrs. William R. Evans.

Torch Drive Award Winners

MRS. BENSON FORD presents MRS. LEOLA SCHLORFF (left), 430 Moran road, and MRS. EDWIN MERCIER, 1255 Buckingham, with Torch Drive awards for making the best showings of solicitors in Grosse Pointe Farms and Grosse Pointe Park respectively. Mrs. Schlorff attained 102.1 percent of quota, Mrs. Mercier 300 percent, prior to the Ladies Day luncheon at the Statler Hotel Monday.

Farms Voters Approve Issues

The first election returns from the Pointe were phoned in late Tuesday night by Harry Furton, Clerk of Grosse Pointe Farms.

He reported that both bond proposals passed by overwhelming majorities. The proposal for the water booster station in the beach park was approved by 87 percent of the voters, 4,148 to 619.

The proposal to correct sewer inadequacies was approved by 80.4 percent of the voters, 3,794 to 925.

PTA at Defer Meets Monday

The Defer P.T.A. will meet next Monday evening, November 8, promptly at 8, with an important program.

Girl Scout Troop 537 will open the meeting by presenting the colors. Mrs. Kay Lardie of the Detroit Board of Education will be the speaker. Her topic will be "Television For Our Children."

Following the speakers' presentation there will be an Open House held by the teachers in their classrooms to further acquaint the parents and teachers, and to exchange ideas that are of great value to parents.

A social hour with refreshments will follow in the cafeteria.

Duck Hunting Rough Sport, Boating Quartet Discovers

A vote of thanks goes to the Coast Guard units of Harsens Island and Jefferson Beach from four very grateful people.

Marie Dolgner, 656 Hollywood road, Harlan Kieling, and Mr. and Mrs. Doug Beswetherick, of Detroit, were on Lake St. Clair on Sunday afternoon, in the "Escapade III," a 30-foot cabin cruiser owned by Harlan.

The men anchored the boat outside the freighter channel and set out in a dinghy to do a bit of duck shooting. The repercussions from their guns upset the dinghy and the next thing the girls noticed was the men clinging to the life preservers.

Somehow they were able to start the cruiser and, getting as near as they could, they attempted to throw a line to the men. The first try failed, but the second line reached them and they were able to get into the boat.

Being very wet and cold, they retired to the cabin to change, and the women re-started the cruiser. But this time a dangling rope caught in the propeller and broke it.

They sent up flares, turned their flag upside down and sent SOS signals with a spot light. A great many freighters passed them by without seeing their distress signals.

Finally, however, one freighter saw them and sent word to the

League to Hold Sports Night

The Lutheran Laymen's League of St. James Lutheran Church, McMillan at Kercheval, is holding its annual "Sportsmen's Night" on Monday, November 8, in the church fellowship hall.

A turkey dinner, prepared by Mrs. Irving Bopp, and her committee of guild members will be served at 6:30 p.m. The league has invited the St. James baseball team to be special guests.

The program will include Mort Neff of "Michigan Outdoors" TV fame, Vic Wertz, popular major league ball player, and a colored film of highlights from the 1954 Indianapolis speed race. Fred Weiss will be master of ceremonies. Tickets may be obtained from Harold Barthel.

All habits are stepping stones—some lead up, others down.

Cub Scouts Help Stir Up Voters

Threatening weather failed to dampen the enthusiasm of 70 Cub Scouts from Pack 19 of Maire School who marched through the city Saturday morning carrying banners, placards and sandwich boards urging Grosse Pointe citizens to get out and vote Tuesday.

Den Four, honor den for the coming month, carried the pack colors.

Music was provided by a spirited four-piece band made up of Dick Saunders, Tom Saunders, Elmer Schmidt and Ed Vance.

The Grosse Pointe City police and fire departments cooperated to make the parade an outstanding success by sending pieces of equipment to join the marchers.

People who always aim to do a lot of big things usually settle by doing a few small ones.

THE FORWARD LOOK

"These 9 top aircraft designers salute Chrysler Corporation's all-new 1955 styling."

L. L. Colburn, President

Left to Right: Alexander Kartvel, VP Engineering, Republic Aviation Corp. • Michael Gluhareff, Chief Engineer, Sikorsky Aircraft Division, United Aircraft Corp. • Hal Hibbard, VP Engineering, Lockheed Aircraft Corp. • Glenn L. Martin, Founder, Glenn L. Martin Co. • Louis Brague, Pres. Societe Ateliers d'Aviation • John K. Northrop, Founder, Northrop Aircraft Corp. • William T. Piper, Pres., Piper Aircraft Corp. • Robert J. Woods, Chief Design Consultant, Bell Aircraft Corp. • George Trimble, Jr., VP Advance Design Dept., Glenn L. Martin Co.

THESE nine world-famous authorities in aircraft design recently attended a special preview of Chrysler Corporation's all newly designed automobiles for 1955: THE FORWARD LOOK.

What they saw was new-styled engineering... entirely new design from frame to roof, from headlight to tail-lamp—design created to match the mood of today's car owner.

They saw long, low lines—with a reason for every line. They felt a sense of forward motion even when the cars were standing still.

They found many features the public has been seeking... features new to motor cars and right up an air-minded man's alley.

They were right at home with the New-Horizon windshields—fully swept back and fully wrapped around—new windshields that provide visibility equalled only by an airplane pilot's. They admired the bold sweep of glass as they sat in the driver's seat.

They experienced the convenience of the PowerFlite Range Selector in a surprisingly new and logical place—a

place an aircraft designer might well have chosen himself.

THE FORWARD LOOK intrigued these men as it is bound to intrigue you, too. It is a design concept that brings together the things you have been asking for—in looks, in taste, in luxury, in comfort, in performance.

We believe this new design concept will bring you fresh pride of ownership every time you step into your 1955 Plymouth, Dodge, DeSoto, Chrysler or Imperial. This is THE FORWARD LOOK—See it at your dealer's soon.

Scouts' "Good Turn Day" Will Benefit Handicapped

Fifteen thousand Boy Scouts of the Detroit Area Council will hand out "Good Turn Day" bags throughout the metropolitan area,

Saturday, November 20, it was announced today by Peter Duffy, co-chairman of the Boy Scout Drive.

This is the first step in a gigantic Good Turn planned by the Scouts on behalf of Goodwill Industries, largest newspaper of handicapped people in the State. The second step is "Good Turn Day" itself, on Saturday, November 27. On this day the Scouts will return to collect the bags filled with discarded clothing. The clothing drive will give every person in the metropolitan area a chance to help the Boy Scouts help the handicapped help themselves.

Two hundred and fifty thousand Good Turn bags will be distributed in this all-out house-to-house campaign.

When the Scouts collect the bags on "Good Turn Day," November 27, they will take them to a central point in their district. Four hundred trucks will pick up the material and feed it into large trailers. These in turn will take the material to the Goodwill warehouse where 800 volunteer workers will work in shifts unloading the clothing.

White material will go to the American Cancer Society for cancer pads. The remaining material will form a stockpile to keep the Goodwill production line operating through the winter months when collection of discards is traditionally slow.

Discards are the raw materials with which the handicapped work. Layoffs or operation at a loss is inevitable when discards come in too slowly during the winter.

Proud of the fact that they are self-supporting despite handicaps, Goodwill workers do not ask for money either private or public. They ask only for discards which would otherwise be thrown away. They clean, repair and renovate these discards and sell them at moderate prices to cover their labor and parts cost.

The Boy Scouts "Good Turn Day" drive will insure full and steady production.

Daniel Morris Rests Up At Camp Hakata, Japan

A wireman in Battery A, Morris entered the Army in March 1953 and has been overseas since last January.

SCOTTISH TARTAN BALL

A Tartan Ball will be held in the Masonic Temple Fountain Ballroom, under the auspices of the Detroit District Order of Scottish Clans, Daughters of Scotia and the Ladies Auxiliaries on November 13.

Library Acquires Seven New Films

Users of films from the Grosse Pointe Public Library will have seven new titles, in addition to the 30 or more in the permanent collection, for use during the month of November.

All the films are 16 millimeter with sound, and are available free of charge for use in the community. They may be reserved in advance for specific dates or picked up without reservation for less formal use.

Reservations, pick-ups and returns are all handled at the Central Library at Kercheval and Fisher, telephone TUxedo 4-2200. Details and descriptions of the new films follow:

"Bali Today," 11 minutes, color. Life on this famed South Seas island is shown by scenes of the rice harvest, colorful dance ceremonies, and the rituals of the Brahmin religion. Examples of weaving and mask-carving illustrate Balinese art.

"Here's Hockey," 10 minutes, black and white. What many sportsmen regard as the fastest game in existence, hockey is here outlined in a fast-moving film which includes some shots of the Detroit Red Wings.

"Hunting With a Camera," 15 minutes, color. How the hunter can experience all the thrill of pursuit and capture without firing a shot is shown in this film. Photographed in Canada's National Parks, it includes sequences of the "shooting" of both big and small game.

"Notes on the Port of St. Francisco," 22 minutes, black and white. An attempt to discover and convey the spirit of the city of San Francisco. Includes most of the well-known sights in addition to many fresh and unexpected scenes of the city and its people.

"Salt Water Wonderland," nine minutes, color. Photographed at the Marine Studios in Florida, this film pictures the color and spectacular action of marine life around the coral reef. Closeups of weird sea monsters, polyps feeding, octopi, barracuda, porpoise, etc.

"Scottish Rhapsody," 13 minutes, black and white. The highlights of Scotland: Edinburgh and other historical places, Glamis and Cawdor castles, Lochs Leven, Lomond, Culloden, Glenfinnan and Loch Shiel, the highlands of Bonnie Prince Charlie, the famous Border of Burns and Scott.

"Sing A Little," 10 minutes, black and white. Balladeer Allan Mills sings three songs, "The Farmer's Cursed Wife," "Barbara Allen," and "Jack, the Sailor. Animated puppets enact the story behind each song.

ALMONDS ENHANCE FOODS

A new crop of almonds will soon be available in your grocery stores. Slivered almonds dress up vegetables and casseroles, add crunchiness and richness to cookies and fancy desserts. According to Household magazine, here is how you remove the brown almond skins so that you can use blanched almonds in many of your favorite recipes: Cover shelled almonds with cold water and bring to a boil. Drain. When they can be handled, slip off skins by pressing between thumb and forefinger. Place on absorbent paper to dry.

Paper Pudding Stops Weeds

Old newspapers are being put to good use in an experiment at Michigan State College that may provide farmers with a new mulch.

Tests so far with a "paper pudding" made by stirring paper in water until it "soups up" show it will control weed growth if it is put on a quarter inch thick.

The paper also seals the soil surface so that moisture can get in but will not dry out rapidly, report G. S. Rai and Charles L. Hamner, research horticulturists.

They built the idea on work done for many years with strips of kraft paper between pineapple rows in Hawaii. But they wanted to find something cheaper — and easy to apply — and they hit upon the "paper pudding" idea.

It can be sprayed on and it works with many different crops. They have run tests with to-

matoes, corn, beans, even evergreen trees.

They suggest an old washing machine, or similar equipment, for mixing up the "soup" and that it can be sprayed on with

This fall Mrs. Shirley Liddicoat welcomed to her first grade two new pupils, John McMillan and Marjorie Madarasz. John came from Indianapolis and Marjorie from Detroit. Mrs. Elizabeth Stewart welcomed Per Hogestad, John Peterson and Jay Sorge. Two came from Detroit and the third came from Kerby School. Miss Sydney Snell also welcomed to a first grade, Jeffrey Parkes and William Porter. Jeffrey came all the way from California.

In grade two, Miss Lillian Goodwyn's class was joined by John McCandless, who came from the Ford School in Detroit. Mrs. Letrice Petree's group was joined by Sally Clarke and Roger Teetzil. Sally came from Elmwood and Roger came from Kerby. Mrs. Petree is a teacher newcomer, also. CAMERAS CATCH PICTORIAL NEWS OF INTEREST FROM ALL OVER THE WORLD

Interior Modes... by René

CHICAGO—The newest idea in Christmas gifts, a TV set of "all picture" compactness designed for modern interior decorations, will head hubby's Yuletide list this season.

The versatility of the new set, made by the Raytheon Manufacturing Company, is demonstrated by Barbara Starwyck who chose the Raytheon Challenger to fit the modern decor of her California home.

Both the 17-inch and 21-inch Challengers have all-metal cabinets in choices of eight colors and two finishes. They can be adapted by an inexpensive fabric sleeve to harmonize with or match draperies, bedspreads, furniture slip covers or room colors. The new design places all controls on top for easy top-tuning, leaving the front "all picture." The compact set can be placed in bookcases, on coffee tables, and in room arrangements previously denied to larger cabinets.

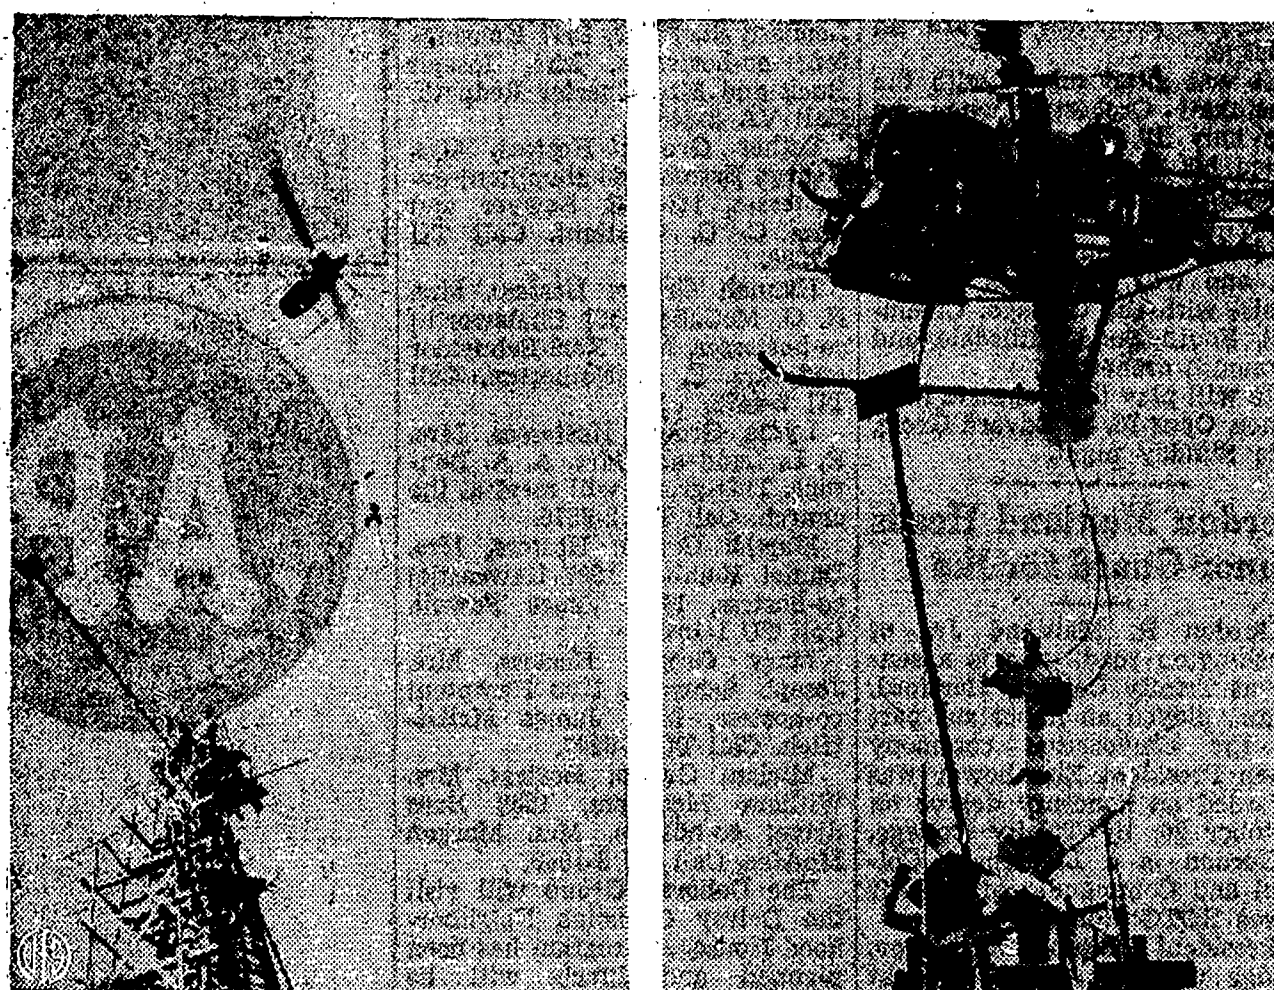

"RATHER TIRED"—India's Prime Minister Jawaharlal Nehru shows in this very recent photo the "rather tired" feeling that is causing him to consider quitting his office. Reports from Bombay said Nehru is considering passing on the Prime Ministership to Bombay States Chief Minister Moraji Desai, leaving him more time to concentrate on affairs of the Congress Party, of which he is president.

DARK DAY—The planked surface of Wall Street was a scene of near-panic as hundreds of bewildered investors milled about after the stock market crash on Black Friday. A record 16,000,000 shares changed hands that day, and the decline in stock value by the end of the year was estimated at \$15,000,000,000. Two years later, losses were estimated at \$50,000,000,000. The nation, enjoying one of its most prosperous periods in history, will mark the 25th anniversary of the dark day in 1929, on October 29.

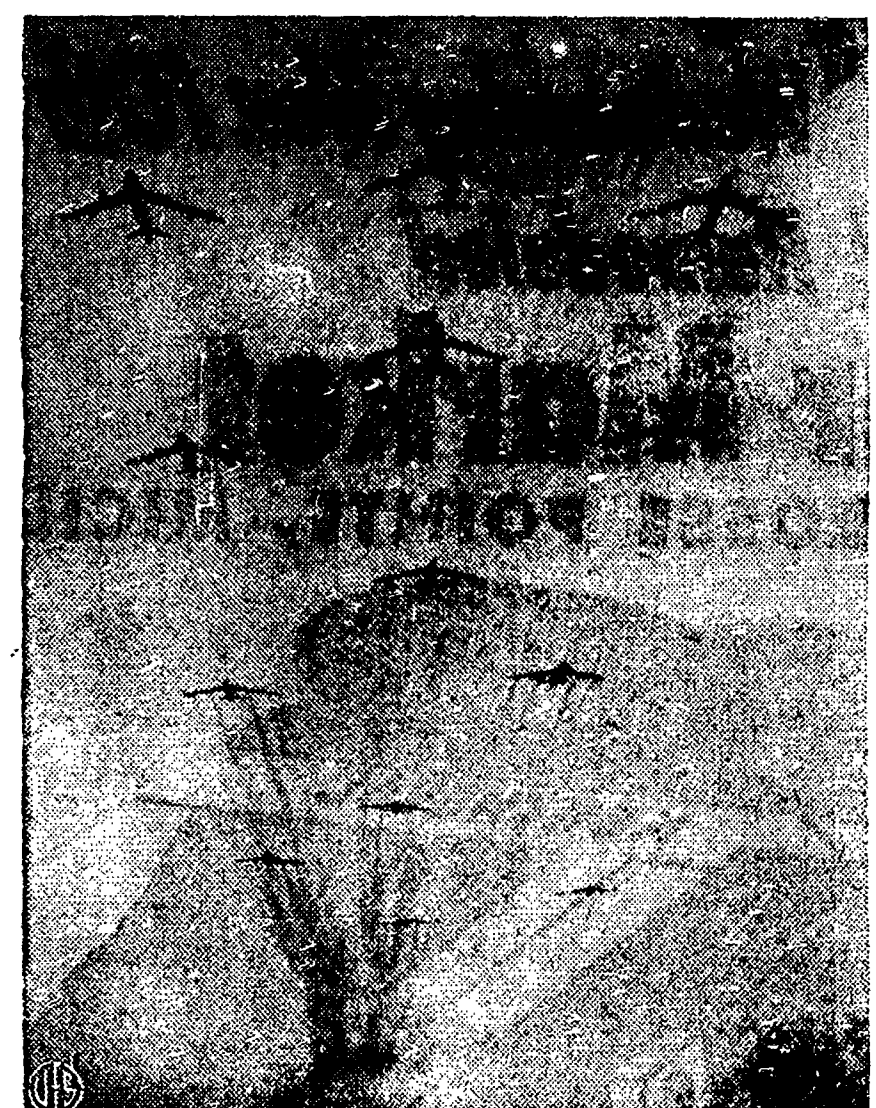

HAPPY ENDING—Hans Christian Andersen couldn't have made a happier ending to the story of tuberculosis patients Tobias Alufsen and Ada Maratse at Skive, Denmark. Clad in the costumes of their native Greenland, they leave a church at Skive after their marriage. Brought to Andersen's home country of Denmark for treatment, they fell in love and decided to wed. Nearly recovered, they will soon return to Greenland to live.

CROSS IN THE SKY—The versatile helicopter came to the aid of the people of Avesta, Sweden, recently when they were faced with the problem of how to get a new cross atop the church steeple. The 'copter enabled them to place it from the air. At left, workmen atop scaffolding await the descent of the 'copter carrying the 15-foot-high cross. At right, the aircraft hovers steadily overhead as the 300-pound cross is put into its place.

Pat McNamara offers encouragement to a contestant in the Thumb District Flowing Match north of Port Huron. The candidate for United States Senator is shaking hands with Frank Burtog of Allenton. Smiling at the left is Charles G. Rosetta, St. Clair County Democratic chairman and candidate for County Treasurer.

FLIGHT FROM AFAR—Trailing clouds of vapor, a fleet of sleek B-47 Stratojets roars over Dayton, Ohio, en route nonstop from England to March Air Force Base in California. The six-jet medium bombers made the trip in less than 15 hours. The Boeing Airplane Company's Wichita, Kan., plant turned out its 1,000th Stratojet for the U. S. Air Force this week.

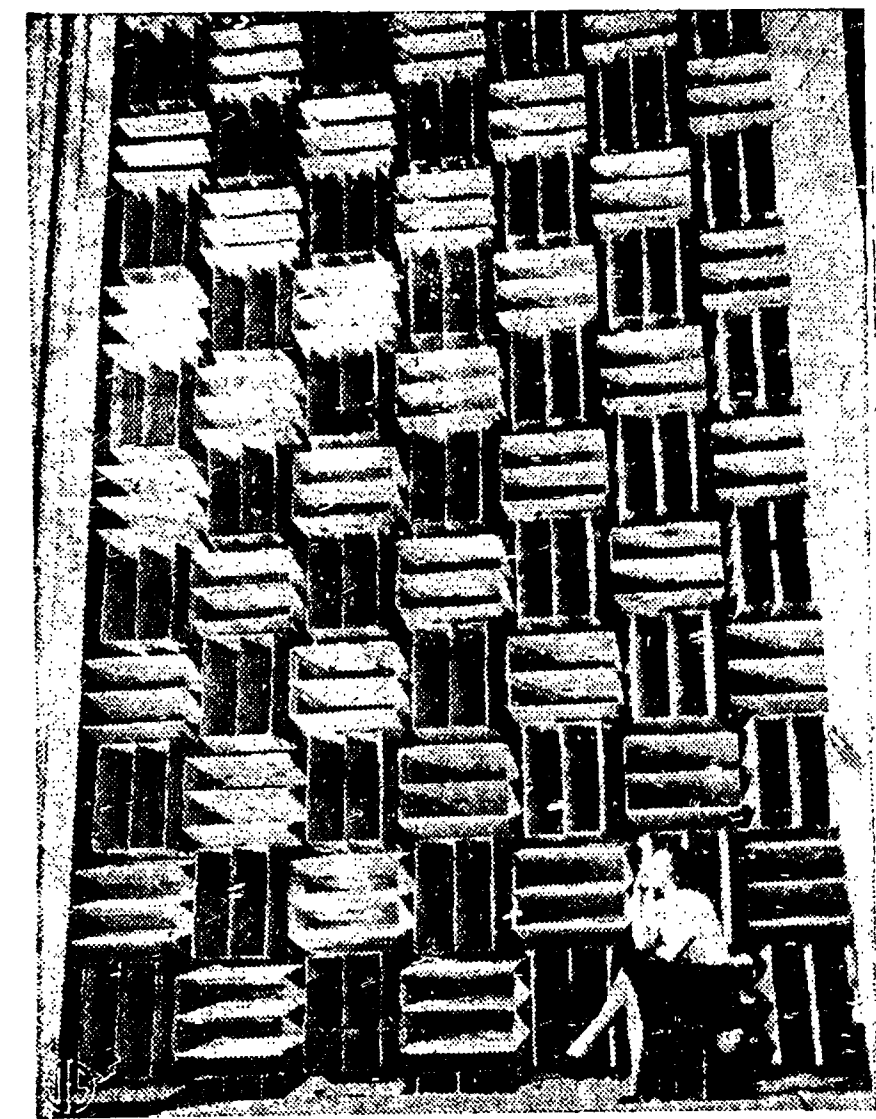

TO PLAY'S THE THING—Eye-delighting designs dominate this two-piece play suit, made from Lowenstein fabrics by Agnes Gray of New York. Two coordinated prints were used in a pre-shrunk poplin that is machine washable. The one-piece coverall-pedal-pushers use a diminutive check while the sleeveless jacket is done in a large plaid with coordinated check.

MASCOT'S MEALTIME—On the west coast of Greenland, where the U. S. Army Engineers Corps is supervising defense construction, one of the welcome strangers is Elmer, an Arctic fox. Workers noticed that the shy animal would watch construction work from 100 yards away, and when food was left on the grounds he would dash in to eat it. Now Elmer trusts employee James Alexander enough to walk right up and take food from his hand.

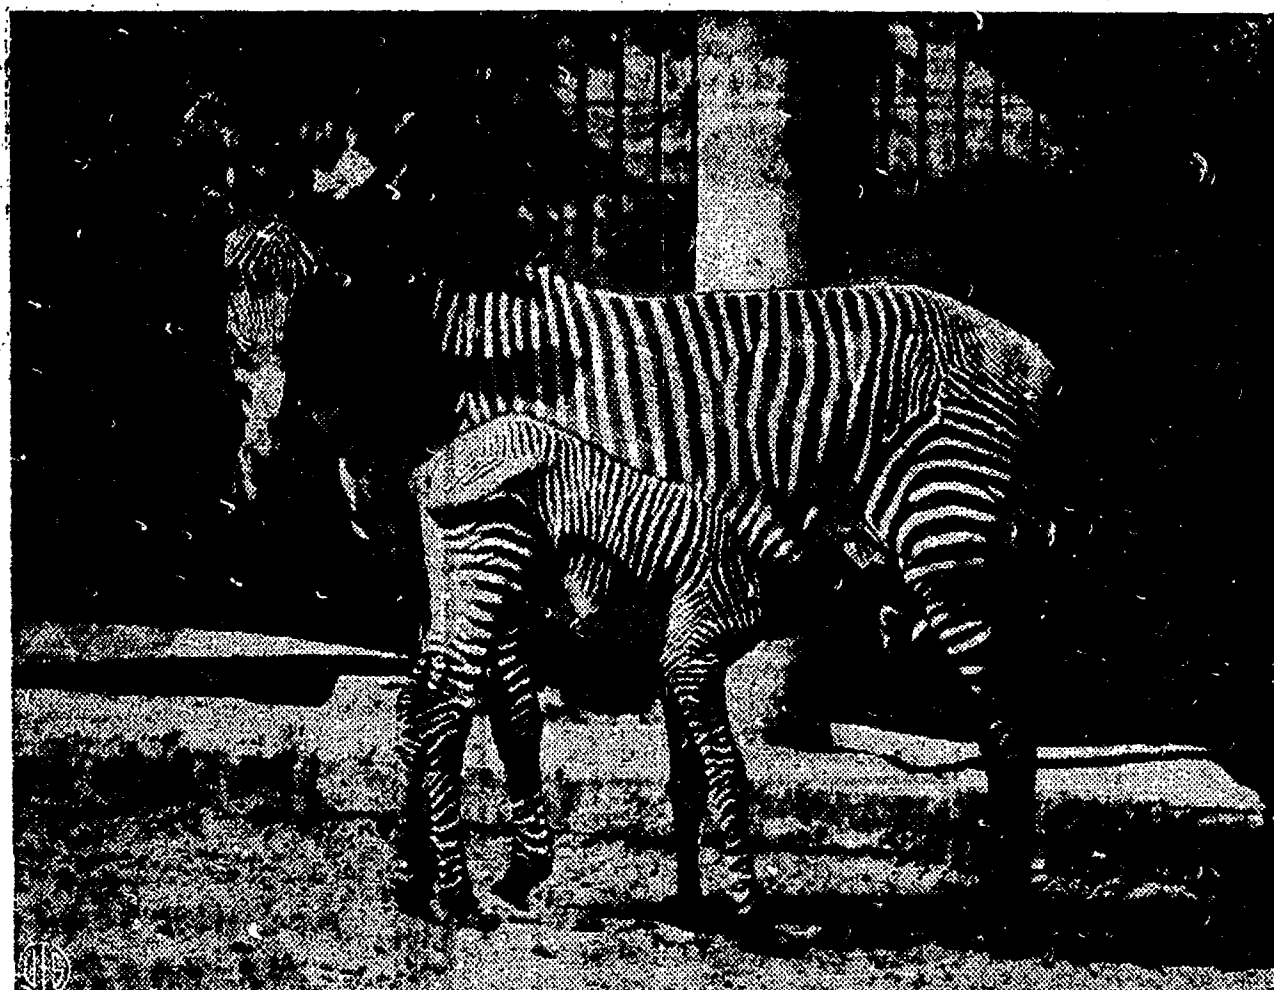

INSECT JUSTICE—Trapped in the web of a huge spider is one of the grasshoppers which have done extensive damage to crops in the Midwest. Working rapidly, the spider spun a silken web around the luckless long-legger, immobilizing it and putting an end to its destructive career.

PEACE AND QUIET—No sound disturbs this comely lass as she relaxes in the world's largest echo-proof chamber at Pittsfield, Mass. Some 12,000 fibre-glass wedges covering the walls, ceiling, and floor absorb sound reverberations and make the room one of the quietest places ever constructed. It is part of a new \$1,500,000 sound laboratory, built by the General Electric Company.

BOLD TYPE—Definitely front-page material is snapely Doreen Woodbury as she wears this unique swim suit, especially designed to help celebrate National Newspaper Week. The lovely lass from Sydney, Australia, is a featured dancer at a Las Vegas, Nev., night spot.

BARNS AND STRIPES—This newly born zebra in the Rome (Italy) Zoo takes his nourishment while his mother, Nina, shakes her mane at the intruding photographer. No name has yet been chosen for the little "striper," born in captivity.

GETTING ACQUAINTED—Two junior members of the forest show mutual interest as they meet over a stump in Algonquin Park, Ontario, Canada. The young deer and squirrel are just being friendly. Wonder what they do talk about!

Solicits Gifts to Cheer Lonely Vets in Hospital

The News has been asked to help a Detroit woman office worker who is going to give some 1,500 lonely men in the Veterans Administration Hospital at Battle Creek a Thanksgiving that they will probably never forget.

She is Mrs. Minnie Mahoney of 10037 Dairymple, and she has been working for the past few weeks to gather gifts for the men in the hospital, most of them having been forgotten by their families and relatives.

One patient, whose experiences in World War I left him with shell shock, has spent the past 30 years in the hospital without a visitor or a letter. He did have a wife and children, but as time went on their visits ceased. His case is only a sample of the many lonely lives spent at the hospital, and one of the many hundreds Mrs. Mahoney is going to help.

After having read about many of these cases in the newspaper, Mrs. Mahoney contacted hospital authorities who informed her that there was a need for some 1,500 gifts. These gifts, which are

really very small but so very important to someone who is lonely, are such items as socks, cigarettes, ties, bathrobes, belts, games, cards, and books.

Mrs. Mahoney began her crusade among fellow office workers at Douglas, Lamson Co., where she has been employed for the past 33 years. Their response was so great that she decided to extend the drive to a city-wide crusade.

Up to date Mrs. Mahoney has received some 500 beautifully wrapped gifts and \$222 in cash. The money will be used in purchasing more gifts.

However, some 1,000 gifts are still needed by Sunday, November 21 when she will deliver them to the hospital. Anyone who would like to contribute either a gift or money, please contact Mrs. Minnie Mahoney, 10037 Dairymple, Detroit 4. Her phone number is WEbster 5-4575.

Little League Laurels Won By Spartans

The Grosse Pointe Woods Spartans walloped the previously unbeaten Lincoln Park Presidents, 20 to 0, last Saturday, October 30, to win the Jack Lowther Little Football league title in their first year of competition.

Paul Krogh broke loose in the first and third periods with spinning scampers of 55 and 65 yards put the Spartans out in front. Russ Grammer gained his share of the spotlight in the fourth quarter when he broke away for a 65-yard gallop to ice the game.

Both boys had excellent blocking which paved the way for the scores.

Sparkle on Defense
Defensive sparks sparkled like the gems that were to the task at hand and stopped the Presidents on the 10, 2 and 18 yard lines, respectively. The last President threat came in the final quarter after the game was out of reach.

Head Coach Pete Palombi stated that there was no single boy who could be picked out as the individual star of the title winning contest. It was a team victory in which Stephen Ernst, Gary Schick, John Wallace, Sam Tucker, Paul Boesen, Butch Grammer, Ted Bidigare, Danny Cosentino, Russ Grammer, Paul Krogh and Dave Lowry shared equally.

Many Others Helped
Others who had a share of the win were Dick Bania, John Baude, Rusty Beckenhauer, Warren Berner, Glenn Cross, Dave Hennessee, Jim Huddleston, Pat Kelly, John Karn, Lou Kraetke, Bernard LaRose, Dave Morse, Woody Noblitt, Bob O'Brien, Peter Palombi, Gerry Phillips, Tom Quiliter, Bill Raven, Paul Rea, George Runstadler, Chip Waite and Duke Williams.

Real Victory Party
All the Little Leaguers will be honored at a community football rally to be held at Monteith School, Friday, November 5. There will be square dancing and refreshments, which will get underway at 8:30 p.m.

From this corner we would like to add our congratulations to the newly crowned champions. It's great to be a champion, but what is more important is the lesson you learned in sportsmanship and the value of team play. You couldn't have achieved your lofty pinnacle unless every boy on the squad had not done his job well.

CONGRATULATIONS CHAMPS.

Jack Anderson Tells Real Story of "Eskie's" Status

By Fred Runnells
For weeks, months and we could go as far as to say years, local rumors have been flying around regarding the sale of Wendell Anderson's famous 72 foot yawl, "Escapade." Always in the past the rumors have been false. The most recent rumor was brought to light once again about three weeks ago when Captain Alden Sewell piloted "Eskie" down the Detroit River headed for the East coast and eventually to Florida for the winter.

Having been fooled before by numerous false rumors we decided to get the story straight once and for all so we checked with Jack Anderson, Wendell's son, who took over for his dad as skipper this past summer. The occasion was the annual Bayview Yacht Club's Port Huron to Mackinac dinner October 15. We asked:

Q. Jack, we have been hearing "Escapade" has been sold to an East coast skipper. Is it true?

A. No. However, it is true "Escapade" has been on the block since August but she has not been sold. I don't know how these rumors got started.

Q. Does your dad plan to sell?

A. Let me put it this way. As you know, dad has his job, as assistant defense advisor in France, cut out for him for the next two years. He knows he won't be able to use "Eskie" the way she should be used and he will be willing to let the boat go, providing we can find the right man who will use the boat the way she should be used and keep her in competition. Also, he must meet our price. Price is secondary. We don't have to sell, but with dad being away and the fact Wendell (Junior) and I don't have the time to play with "Eskie" it seems the most practical thing to do with the ship.

We could lay the ship up until dad gets back from his job but take out of competition. We don't want to do that to her. We would rather see her in competition under a new owner rather than put her out to pasture for the next couple of years.

Q. Do you think "Escapade" will be sailing the Southern Circuit races under the Bayview and Anderson colors this winter?

A. If we don't find the right man before that time I believe our regular crew will take another crack at this winter.

As far as we are concerned, these are the correct answers direct from the "feed box." We are satisfied that once again the "Escapade" rumors have proven false. We didn't check with Clark Swart, who has been "Den Mother" to the "Escapade" crew and organizer "par excellence" ever since the beautiful yawl came to the Great Lakes several years ago, but we feel the owner's son should know the right answers.

Incidentally, we understand Clark was bristling with anger after reading a story in the Detroit News last Friday, October 29, which carried the misleading title, "Mackinac Can Do Without Escapade." The writer quoted Bayview's commodore Bill Nagel as saying, "I don't think the loss of Escapade will make any major change in the Port Huron to Mackinac competition."

To this Nagel said, "I haven't talked to any reporter from the News, much less agreed to be quoted in a story. That would be silly inasmuch as we don't know if 'Escapade' will be back for next year's race."

The story made Clark's noggin resemble the red flame of a United Foundation Torch. He was mad as a wet hen and blamed the commodore for the quotation.

Clark has always jealously defended "Escapade," to a point which at times has been downright horrid. But in most cases he has been right. To say anything against "Escapade" was like making an uncomplimentary remark about a fella's best girl.

As a matter of fact, the entire "regular" crew of Tommy Lott, Al Thomas, Harrison Watson, John Longley, Ted Buttrick and Eddie Wensch felt the same way as Clark about the "Big Blue Fig." All of these men boasted of the fact at one time or another that they hadn't missed a race on the beautiful ship. Eddie Wensch was the last of the "100 percenters." Ed missed the Chicago-Mackinac race this year when a "bug" overtook him and laid him low. As a matter of fact, Ed sailed the Port Huron-Mackinac race a sick man, but his love for the ship was so great he staked his health to help "Eskie" win her fourth straight Mackinac race during which time she won overall honors three times, something no other yacht has ever been able to accomplish.

As "Escapade" wends her way southward, maybe for the last time under Detroit colors, she leaves behind an enviable record of 27 firsts, 4 seconds and 3 third places in 38 starts on the Great Lakes and in ocean racing. In this amazing record is the unprecedented "Grand Slam" of yacht racing which came in 1951 when she won both Mackinac and the Mills Trophy race and the Rochester Race. That was the first and possibly the last time the feat will ever be accomplished.

To say the absence of the "Escapade" will not make a difference in the future Mackinac races is foolish. Sure, it will mean a new winner will be crowned next year but this was possible even when "Eskie" was in the race. After all the little is determined on a handicap basis. Just because some other yacht wasn't able to save her time against "Eskie" doesn't mean the big blue yawl couldn't be beaten. The fact still remains that the "Escapade" crew sailed their yacht for all that was in her. We won't deny they had in their share of the breaks but in many instances they made their own breaks. That's the true stamp of a champion.

Other Mackinac skippers, deep down in their hearts, are sorry to see "Eskie" leave the scene of her greatest triumphs. To beat "Eskie" was the desire of every yacht owner. When she did lose first place the winning crew knew they had performed their tasks to perfection.

Local skippers grumbled, that is for sure, when they arrived at the turtle shaped island and found "Eskie" snugly tied to the dock and a complete absence of the crew. As Tommy Lott explained, "After all, we all work for a living and have to get back to our jobs as quickly as possible. Can you blame us for leaving the island shortly after we arrive to get back to earning a living? When you analyze it, Tommy is right. We all just take enough time off work to sail the July classic and hurry back home as quickly as possible, don't we?"

Something we never could quite understand is the fact a local yachting writer was never invited to sail a Mackinac race in "Escapade." Maybe the reason the question burns in our mind is because we never asked.

Nevertheless, we, personally, are sorry to see "Escapade" leave the local sailing scene. Her leaving broke up one of the best dog-gone crews in the history of Great Lakes sailing. When Ernie Greates and Murray Knapp's famous "Blitzen" left these waters

Park Lions Victorious

The Grosse Pointe Park Lions Little Football League team walloped Dearborn in the final game of the season, 41 to 6, at Defer Field last Saturday, October 30, and tied for fourth place in the Jack Lowther Little Football League.

Hitting with lightning-like precision, the Lions put the game on ice almost before the fans took their places along the sidelines. Halfback Grant Kurtz rattled off three touchdown runs of 30, 40 and 20 yards to become the top scorer of the contest.

Halfback Tommy Gutow didn't run as far but he scampered 7 and 10 yards for his two scores. Fullback Godfrey Hammel counted one of the Lions' touchdowns when he plied one yard to the dirt.

The Lions elected to run for the conversion points and were successful in five of six attempts. Dearborn saved a shutdown when it scored its lone touchdown in the final minute of play on a 30 yard run and a five yard plunge after the Lion subs had held them for two downs on the 5. The extra points were missed.

All 32 boys on the Lion squad saw plenty of action after the first stringers put the game out of reach and Coach Murray Robertson decided to keep the score from mounting higher.

Both the Senior and Junior Lion squads will be feted at a banquet to be held at the Grosse Pointe Memorial Center on November 15 at 6:30 p.m. At that time Coach Robertson's assistants will be acknowledged. These men are: Michael Telep, Dr. Harry Kurtz, Roland Hillas, Ed Bonneau, Ed Olvani, Bill Brown, Dr. Cyril Defever and Hugh Phillips.

The Park contingent of the Little Football League will elect its 1955 officers following the dinner.

It broke up another wonderful crew, but they all are still pursuing their favorite sport on other yachts. If we don't miss our guess, the "Escapade" crew will be on some winning yacht next year. It isn't just the boat that wins races or the crew—it's a combination of both.

Flyers' Title Hopes Fade In Final Minute of Game

By Dan Wemhoff
A desperation touchdown late in the final quarter by St. Thomas turned what looked like a sure St. Paul victory into a 6-6 tie last Sunday, October 31, and dimmed the Flyers' title hopes, before a large Homecoming crowd at Grosse Pointe High School gridiron.

The tie dealt a damaging blow to the Flyers' chances of even tying unbeaten St. Charles for the Second Division East Side championship. It left the Flyers only an outside chance.

St. Charles would be forced to share the crown with St. Paul if its final opponent springs an upset with a deadlocked ball game. A St. Charles defeat and a St. Paul victory would give the Boulevard boys the crown that has evaded them for the past seven years.

Fourth Quarter Score
After three scoreless quarters, the Flyers came to life midway in the fourth period and clicked for a score. Chuck Gallucci made a dazzling one-handed catch of the pigskin on the 50-yard line and broke away to the 30 before being hauled down.

From there Fred Van Tiem took command. He took a pass from quarterback Ken Oxley on the line of scrimmage and smashed his way 30 yards for the touchdown. The all important extra point was missed when an Oxley pass to Jim Ayrault was too high for his 6 foot 4 frame.

Pass Brings Score
St. Thomas fought to get back into the game. With one minute remaining, Norm Urbaniak snatched a pass from Dempsey on the 50-yard line, squeezed through two flyers and raced down the left sideline all alone, except for Jim Lombardo, who, cutting across field, made a desperate dive. The extra point was wide of the crossbar.

Ten times the Flyers were forced to punt when they were stopped in their own territory. Ayrault booted nine; one was a tremendous kick which traveled 60 yards over the outstretched hands of the St. Thomas safety men.

There were two penalties, both against the Flyers, in the extremely clean, well played game. St. Thomas threatened in the

first quarter after the teams had exchanged a couple of punts. They moved to the St. Paul three-yard line where they fumbled. Guard Lin Monahan fell on the loose ball in the end zone for an automatic touchback.

Phil Van Tiem, who suffered a badly bruised knee in the St. Paul game, saw little action. He did recover a fumble his first time in the game on the St. Thomas 46, but the Flyers could not capitalize.

Try Desperate Passes
In the final seconds of the first half St. Thomas tried desperately to score. They threw four passes from the flyer 35-yard line, but to no avail. The first pass was knocked down by Lombardo, then Fred Van Tiem raced across to block one on the five. Monahan snipped down the third attempt on the five-yard line. The fourth try was intercepted by Ayrault on the 10. He ran it back to the 30, but the half ended before the Flyers could set their attack in motion.

After half-time ceremonies the Flyers spent the third quarter tuning up for the fourth quarter tie-breaker. After the Flyers had scored in the fourth period, St. Thomas reacted to the air again as they had done late in the first half. It finally paid off when they tied up the game with barely a minute left.

St. Paul closes out the season with St. Florian next Sunday, November 7.

Barrett's Pin Team Leads

Barrett's bowlers bowled over the opposition last Thursday night, October 28, to score four big points and vault into a comfortable 3 point margin over the four teams' tie for second place in the Grosse Pointe Businessmen's Bowling League.

Barrett's bounced Kennelly for the sweep but failed to nudge any one of the season league records. While Barrett's is sitting cozy in first place there is a terrific knock-down drag-out battle going on for second place between Miller, Motor City, Boutin's and Bruce Wigle. All are deadlocked with 24 points.

has been taken to the cleaners so far this season as it has only been able to manage a single point since the beginning of the season and has a pretty good hold on the basement spot.

The Bruce Wigle team rolled to new honors when it posted a new second high team single game score of 1041.

Individual scoring honors went to Andor with a 629 series, followed by Comyn's 608 and W. Kehrer's 602.

Blue Devils Capture League Crown

(Continued from Page 20)

was blocked after time had expired.

It was a beautiful game as every Grosse Pointe fan who was there will agree. The victory not only gave the Blue Devils the BCL title, but it kept their victory string intact at 7 straight this season and insured them for at least another week the number one State class A rating.

As of this date the 1954 Blue Devils have equalled the 1931 team which Frank Banach, now Blue Devil Athletic Director, and Howard Poe, Pierce Junior High Athletic Director, directed to seven straight victories.

Old timers of that 1931 team, which included Chuck Hannaman, George Chesquiere, Don Sheppard, Chuck Fink, Paul Boesen, Jerome Spansky, Bill Smith, Chuck Ambrogio, Tom Rein, Ed Neeme and Ed Wernet, know just how the 1954 squad could talk to these old timers they would learn a valuable lesson. For it was the 1931 team, victorious in seven straight games and unscored upon, incidentally, which went to Mount Clemens' over-confident and received one of the rudest awakenings a great team has ever experienced. Mount Clemens not only scored, but BEAT THEM and spoiled Grosse Pointe's first chance for an unbeaten season.

Only Port Huron stands in the path of this 1954 team and an unbeaten season and the mythical state Class A title. Can Ed Wernet's glorious champions chalk up one more victory despite the fact the Hurons will be on the local

gridiron next Saturday, November 6, seeking revenge for the beating the Pointers handed them last year on their home field to break a 16 game winning streak. The Hurons are loaded for Devils and can't be taken lightly. Everything is roey at the school on Fisher road and a victory can make it much rosier. Let's keep it that way—Champs.

Theater Group Meets Monday

Two little blind mice will be running about the Veteran's Room at the War Memorial Center on November 8, giving the members of the Grosse Pointe Community Theatre a brief glimpse of what to expect in the group's new major production, "Two Blind Mice".

They will be Phyllis Reeve as Crystal and Marianne Lohrop as Letitia, the two gentle but strict ladies with incorruptible ideals who operate, among other things, a lost department in a government building in Washington. This Broadway hit by Samuel Spewack is scheduled for December 10, 11 and 12 at Cannon Memorial Auditorium.

A one-act play, "Even Chance," directed by Charles B. Daugherty, will also entertain the members. The cast includes: Mrs. Marguerite Walsh, Mrs. Norman Plaine, and William Giovan.

The members were interested to hear that Dean Erskine, vice-president, has been traveling about the state with the Wayne University Players in the play, "My Name Is Legion" and "Papa Is All" directed by Leonard Leone. This tour is on behalf of the Michigan Mental Health Association.

Refreshments and music will be served following the meeting and anyone interested in attending will be very welcome. As a community organization, membership is open at all times.

The really devout waited until leaving church to admire a stunning shocking pink hat—softest velour—worn by Mrs. Roy D. Chapin . . .

Couldn't help but hear it . . . at Al Green's: "She has excellent taste—thanks to her decorator" . . .

Stomping at the London Chop House . . . The Jim McClintocks . . . the Edwin Fishers . . . the Frank B. Wares . . . and dancing right along with 'em, the Jose Grecos . . . but without castinets . . .

Who wore a four dollar fox scarf to a party last Saturday? . . . Why, Joanie Henry, of course . . . Bought it at a Michigan Avenue pawn shop and, combining it with a two dollar frock from the Thrift Shop . . . off she went to Mel McDermott's Halloween costume party . . . Her escort: Peter Prince as Death . . .

A black eye being sported by a smart young matron has a companion piece which she carries in her handbag . . . It's a card printed in those familiar words of the times: "I did it myself."

And speaking of cards . . . it's high time Christmas cards were getting their usual early mention . . . The William Days' card always carries, along with theirs, the names of their pets . . . This year a handsome greeting will go out signed also by Lili du Jour Day (the French poodle) Cup Cake Day and Sunny Day (the parakeets) . . .

There is another family in the Pointe who make an annual custom of sending Christmas cards from their pets to the pets of their friends . . . ho hum . . .

Meant to wonder this a few items back . . . but don't YOU think costume parties are coming back? . . . More and more of them are being given in the Pernt . . .

Pointer of Interest

MRS. ANTHONY MOODY OF BEACONSFIELD AVENUE

By Jane Schermerhorn

Lady, if you puff—a pipe—there's a smart little group of Pointers-turned-ladies' pipe manufacturers who love you to pieces.

And an important member of this new firm is today's Pointer of Interest, Mrs. Anthony Moody, who is vice-president in charge of painting the pipe bowls.

You see, this group raise eyebrows at jeweled pipes, at corncob pipes, at plain pipes for the gals who'll be smoking them. The girls in the company (and the men are the business brains) decided pipes were good to smoke and a good looking pipe smoked better . . . thus the fabric-painted pipe set.

Mrs. Moody said this week, in her pipe painting studio, that the whole idea originated in the mind of Mrs. John O'Dell way back last Summer actually before any of the smart Eastern shops were suggesting in their ads that the twentieth century feminine puffer should take to the pipe. In a lazy, warm afternoon gabfest, the two decided the pipes should perhaps have good looking tobacco pouches and pipe cases . . . these could be in different fabrics . . . and presto! why not decorate the pipe bowl to match the fabrics?

Sales Zooming

It took just one evening ways and means session, complete with husbands, to establish the Pointe Pipe Co. (well, that's not really the name) and since then, Mrs. Moody has scoured department stores for unusual materials and transferred the designs onto pipes for fascinating effect. Detroit League for the Handicapped does the smooth job of making the pouches and cases.

Mr. and Mrs. O'Dell are the company's business managers, and the Moodys handle the artistic department.

Peter Prince is in charge of sales and stopped by the day we saw the pipes to report class shops in the Pointe, Detroit and New York stocking the pipe sets that morning.

Timely Pipes

There are lame tobacco pouches with matching cases to hold the pipe. The pipe bowl, affixed to a long, slender regulation stem, is painted to duplicate the pattern of the material. Other materials include brocade

Favorite Recipes of People in The Know

YORKSHIRE PUDDING

Contributed by Mrs. Frank H. Whitton

When the NEWS asked Mrs. Whitton for her favorite recipe, three young sons and a daughter chorused immediately, "Oh, mama, give them the recipe for Yorkshire Pudding!" Such acclaim must be deserved. The Whittons like their roast beef, served with this traditional English accompaniment.

- 1 c. milk
- 1/2 c. flour
- 2 eggs
- 1/2 tsp. salt

Combine the flour and milk, blending well, and add beaten eggs and salt. From the roasting beef take enough of the hot drippings to give one tablespoon for each of the cups of a hot muffin tin. Next pour batter in the cups, half full, and bake for about 25 minutes in a 375 degree oven.

Lentz-Beaupre Vows Spoken

Following their marriage last Saturday, Mr. and Mrs. Edward Joseph Lentz, left on a wedding trip in the Smoky Mountains.

The bride was Joan Patricia Beaupre, daughter of Mrs. Ralph E. Beaupre and the late Mr. Beaupre, of Pearson avenue, Ferndale, Michigan (formerly of Grosse Pointe).

Mr. Lentz is the son of Mr. and Mrs. Edward A. Lentz of Harvard road, Royal Oak.

Their wedding took place in St. James Catholic Church, Ferndale.

The bride wore a lovely gown of lace and tulle over satin, with a lace crown for her headress and carried a bouquet of white roses.

Pink roses, encircled with pink carnations were carried by the maid of honor, Judith A. Beaupre, the bride's sister, who wore a plum silk shantung dress with a Juliet cap.

Plum silk shantung was worn by the bridesmaids, Bette A. Lentz (the bridegroom's sister), and Anna Marie Tamm.

Charles E. Johnson was best man and the ushers were Richard C. Eckman and Raymond McMurray.

Mrs. Beaupre, mother of the bride, carried red roses and wore a soft gray dress with a red hat.

The mother of the bridegroom wore a cocoa-brown dress with brown accessories. Her flowers were a yellow rose corsage.

A niece of the bride, Liz Beth R. Tamm, was the flower girl. Her dress was pale pink silk shantung, and she carried a colonial bouquet.

Mrs. Beaupre was hostess at a wedding breakfast at the Normandy, and at the reception at the Knights of Columbus Hall in Royal Oak.

There might come a day when you will feel the need of an invigorating beauty treatment . . . like a Swedish Massage. The Ann-Louise Beauty Salon will have that department in readiness come November the tenth, although appointments are being taken now. Even the Duchess of Windsor has enjoyed the firm lifting sensation of a Swedish Massage given by Mrs. Liebeau, who will head that department. The hours will be nine to five. And in December the men's department will be open from six to eleven. 405 Fisher Rd., TU. 2-7511.

Nettie Rosenstein's gay, flirtatious perfumes, colognes and bath oils are just what it takes to put the feminine contingent in a champagne mood. "Odalisque" and "Tianne" are the perfume fragrances described as "of outer repose . . . inner fire." Nettie Rosenstein's perfumes are one of the many features of Trail Pharmacy, on the bill . . . and so right for gift giving.

As you amble past number 75 Kercheval . . . that's The Sign of the Mermaid . . . note the distinctive window using the hunting theme. Now every woman doesn't want a shotgun . . . but that doesn't mean He doesn't. For these are the kind of shotguns he'll enjoy. Each glass picture is a different gun . . . and there's a short history of the model on the glass, too. There are highball glasses as well as old fashioned. Individually boxed they are ready for giving or sending. A gift from the Sign of the Mermaid is as distinctive as their windows.

Bzzzzzzzz. We're buzzing you . . . you who are going South this winter. Margaret Rice trekked to New York last week . . . looked for resort and southern wear . . . AND found it. Everything she found had the "casual feel." Then, too, practically everything was co-ordinated. There were the ever famous Dalton Cashmeres and silk blouses . . . all dyed-to-match skirts. The imported clothes and even the cocktail sweaters are worn with fetching skirts. So-o-o-o from now right on through to January these hand-picked fashions will be arriving regularly at 76 Kercheval, on the hill.

Adele Simpson loves color this year. She has had colors like Celedon green . . . rich warm rose quartz . . . luminous white sulphur, dyed especially to wear under mink. We love her new bolero dinner costumes. She calls them "Duetts" for their double purpose. As a Mother of the Bride . . . a wedding guest . . . for late date . . . gala nights you'll wear one with ease. They are full of restraint with no fussiness. The costumes fashioned of imported silk brocade have new designs and colors and are, therefore, collectors' items. Jacobson's Better Dress Department.

The Holiday spirit is gradually taking over on Kercheval Avenue. One of the tables in Jacobson's Home Decorative Shop especially captures this mood because it is devoted entirely to gay Christmas appointments. The shiver, tree, as a center piece, is white and pink and luxurious looking. The baubles are big and little. One big one is covered with handmade golden lace. Colorful mobiles hang from the ceiling . . . catch your eye. And there are old Saint Nick in done up in a couple of sizes. The hand crocheted door knob covers are knit like Santa Claus . . . cute as a bug's ear. All through the store you'll find gift-laden tables. While you're scouting around ask to see the space banks made of pink and white pottery. Ah, yes, HERE, is the holiday spirit.

Do you know where to find Schiaparelli lingerie in The Pointe? At number 371 Fisher Road. Florence Riley's "keyed to mink" gowns . . . penguins . . . negligees are delicate froths of nylon and silk. The reason why you'll like this shining collection is because you can find them to suit any taste . . . plain or lacy . . . all hand-detailed. New, too . . . Gotham Gold Stripe hosiery . . . v-e-r-y convenient, we think.

They are really enthusiastic about the high-fidelity portable tape recorders at the Camera Center, in the village. And they should be. This new tape recorder not only records your favorite recordings and programs . . . the festivities of your party . . . but you can use it as a sound feature with your home movies . . . a very interesting sequence. Some pre-recorded tapes are available now, too. This is your invitation to see this instrument in action. 17114 Kercheval, in the village.

Glittering satin jeweled belts . . . fur ermine collars . . . Dalton cashmeres and silky shirts with personalized monograms . . . all of which have been purposely planned to accompany your skirts . . . unusual bags . . . new jewelry. It's these imaginative touches that add fashion spice to your gift giving. To give . . . or to get . . . these gift suggestions from Margaret Rice's are all a girl could ask for. And did you know that the man or career girl in your home can have their Christmas lists filled after six by just dialing TU. 1-7020? Why not give him a loving nudge in the right direction?

The Mambo. The Mambo. We've been hearing it over and over. And who loves the Mambo? Mama . . . papa . . . the whole family. Sophie Tucker even loves the "middle aged" mambo, we've heard. But let's not go into that. Let's American dance. It was the whirling taffeta skirts in Jacobson's Sportswear Department. One model was a complete circle of ribbon ruffles . . . another was all dressed up in bows. There were accordion plated ones . . . tier on tier . . . with velvet trim. Swooshy. It's possible that your next dance will be as exciting as a trip to the moon!
