the get-away car and noticed a Michigan license plate, and notified authorities.

Because of Faggen's interstate check passing, the Denver office of the Federal Bureau of Investigation became interested, and Faggen was spotted in Downtown Denver, trying to pass one of his checks in a bank. An attempt was made to apprehend him, but he escaped.

The Denver FBI, however, caught Wooten, who was Faggen's driver. The license plate was in his name.

Lt. Enders revealed that a Federal flight warrant has been issued against Faggen in Philadelphia, where he began his bad check operations, and where, when he is apprehended, he will first stand trial in Federal court.

The other cities visited by Faggen, wherein he passed his checks, have also placed holds on him, the lieutenant said.

### DRIVE TO AID J.A.

A campaign to raise \$225,000 for the 1955-56 operation of Junior Achievement of South-eastern Michigan opens Friday, January 21 under the general chairmanship of Harry J. Loynd, president of Parke, Davis & Co. Noble D. Travis, president of JA here, announced Loynd's appointment.

## Clean-Up

(Continued from Page 1)

land Park's campaign, catchily called "The Glamouree", such a success.

Everyone Took Part  
These included the schools, the business interests, the community council, the youth council, the mayor and other city officials, the board of commerce, the health department, the ministers, as well as a good percentage of the citizenry.

"Build your program around what your community needs," said Mr. Fernbach. Highland Park's brochure on clean-up, fix-up, paint-up, financed by the merchants, was distributed city-wide by Boy Scouts. Each residential block had a captain and a "good neighbor chain" check list, which passed from door to door.

Schools Play Big Part  
School participation in "The Glamouree" was most extensive. The youngsters made posters, staged newspaper and scrap drives, cleaned up empty lots. The spring cavalcade helped dramatize the program for school-goers. This cavalcade, which included city officials, fire department, new cars from various dealers, made a grand tour of the schools, with a special ceremony at each stop.

The Green Thumb Fair, a project of the Highland Park Youth Council, was an interesting idea to garden-loving Pointers. This fair, which had exhibits by nurserymen and merchants, was planned to be helpful to the householder who plants, manures and glamorizes his own backyard.

Use Better Planting  
Other specific points stressed by Mr. Fernbach were "paint light, paint white", a tour of average-man gardens; the need for buffer plantings where business and residential property meet.

Mr. Fernbach was introduced by Paul R. O. Marden, chairman of the Grosse Pointe Clean-up Drive.

It is the gift of Humphreys Springstun, in memory of his wife, Grace White Springstun, and was made by the Willet Studios of Philadelphia, designers of the other 11 windows in the Church.

### Three Sidewalkless Subs Approved by Farms Solons

Omission of sidewalks in three Farms subdivisions was approved by the city council Monday night in an action, that was contrary to the recommendation of Clerk Harry Murton, who is also public safety administration officer.

At the same time, the councilmen voted to construct, at city expense, a sidewalk on the east side of Chalfonte road between Morross road and the city's northerly boundary. This sidewalk is needed to protect children going to and from Grosse Pointe University School on Cook road, it was stated.

The subdivision where sidewalks will not be required are all small ones, Harbor Hill, Westwind lane and Sunset lane.

In the case of the former two, the vote was four against sidewalks, and three for them. Voting against the walks in both cases were Councilmen Richard Maxon, Dan Goodenough, John Hutchinson and William Kirby.

Those opposed to going against the fairly well established policy of requiring walks in front of all residential properties, were Mayor Connolly and Councilmen George Schlaepfer and Neil McEachin.

The Farms platting ordinance states that there shall be walks in front of every residential property, which shall connect with the walks of adjacent property, unless the council determines that the walks are not needed in the interest of public safety.

Mr. Furton, after studying the conditions in the subdivision, had recommended to council that it adhere to the ordinance and require that walks be installed.

**Packard and Grosse Pointe Families Closely Tied Up**

When Edwin Fisher introduced the 1955 Packards and Clippers to Grosse Pointe this week, some Grosse Pointe families were remembering other years when Packard was a topic for conversation at their dinner tables—for the romantic history of Packard is inter-woven into the history of many Grosse Pointe families.

Henry Bourne Joy traveled to Warren, Ohio, in 1902 to invest in a new company called the Ohio Automobile company run by the partnership of Packard and Weiss. That same year the company name became Packard Motor Car company.

Joy, a man of vision, believed in the horseless carriage, and was seeking to achieve an annual production of 200 cars. Other Detroit men agreed that the automobile would revolutionize industry and joined Joy who made a personal investment of \$25,000 and raised an additional \$250,000 from the Detroit group.

This was the initial Packard family investment and later investments by company executives totaled \$325,000. The new investors were: Thomas H. Newberry, Phillip H. McMillan, John S. Newberry, Joseph H. Boyer, Frederick M. Alger, Russell S. Alger, Jr., Richard Joy, C. A. DuCharme, Dexter M. Ferry, Jr.

The company was looking for a new site and its executives had their eyes on Cleveland, Ohio, location. However, the Cleveland Chamber of Commerce turned Packard down and the site went for a match factory. Packard moved to Detroit in 1903 follow-

ing the purchase of a 40-acre site on Grand Boulevard, then the city's outskirts and surrounded by tobacco farms and pastures.

The construction of a new factory was the first auto plant designed by Albert Kahn. This plant was the first reinforced concrete factory in the world. Joy became general manager and James Ward Packard remained in Warren, Ohio.

The first year in Detroit saw the company lose \$200,000 on the 200 Model "L" Packards. An experimental racing model, the Grey Wolf, became the first car

EDWIN FISHER

to travel faster than a mile a minute and on August 6, 1904, won the 100 mile non-stop run at the old Grosse Pointe track.

Nearly 500 Packards were made the next year, and with production up to 700 units in 1906 selling for \$4,000 to \$5,325, the company began to show a profit. The Packard Thirty with a 30 horsepower engine followed in 1907, and profits were more than \$1,000,000 for the first time.

On August 31, 1909, the company became a Michigan corporation with \$5,000,000 in preferred and \$5,000,000 in common stock. Joy was named president, with Packard becoming chairman of the board of directors. Russell S. Alger became vice chairman and McMillan, secretary and treasurer.

Joy was among the incorporators in 1902 of the Detroit Automobile Club, was instrumental in getting speed limits on Detroit streets revised upward in 1903 from six miles an hour on main thoroughfares and eight on boulevards.

In 1915 the company introduced the Packard Twin-Six, probably the best known car in the era and of Packard's early history. An invention of Packard's famous engineering vice president, Colonel J. G. Vincent, it had a V-type twelve cylinder engine.

In 1916, Joy became chairman of the board and Alvan Macauley president. Macauley served for

seventeen years as president of the Automobile Manufacturers Association until 1945. During World War II he was president of the Automotive Council for War Production. He retired as chairman of the board until 1948. George T. Christopher became president in 1942.

Hugh J. Ferry of Neff road, long-time Packard treasurer and

executive vice-president, succeeded Christopher as president in 1949.

In May, 1952, James J. Nance was elected president of Packard and Ferry became chairman of the board. In November Nance launched his revitalization program to return the company to the position of leadership it once held in the fine car field.

weekly in the Fisher Building to administer funds used in carrying out civic projects.

**MORE HUBCAPS STOLEN**

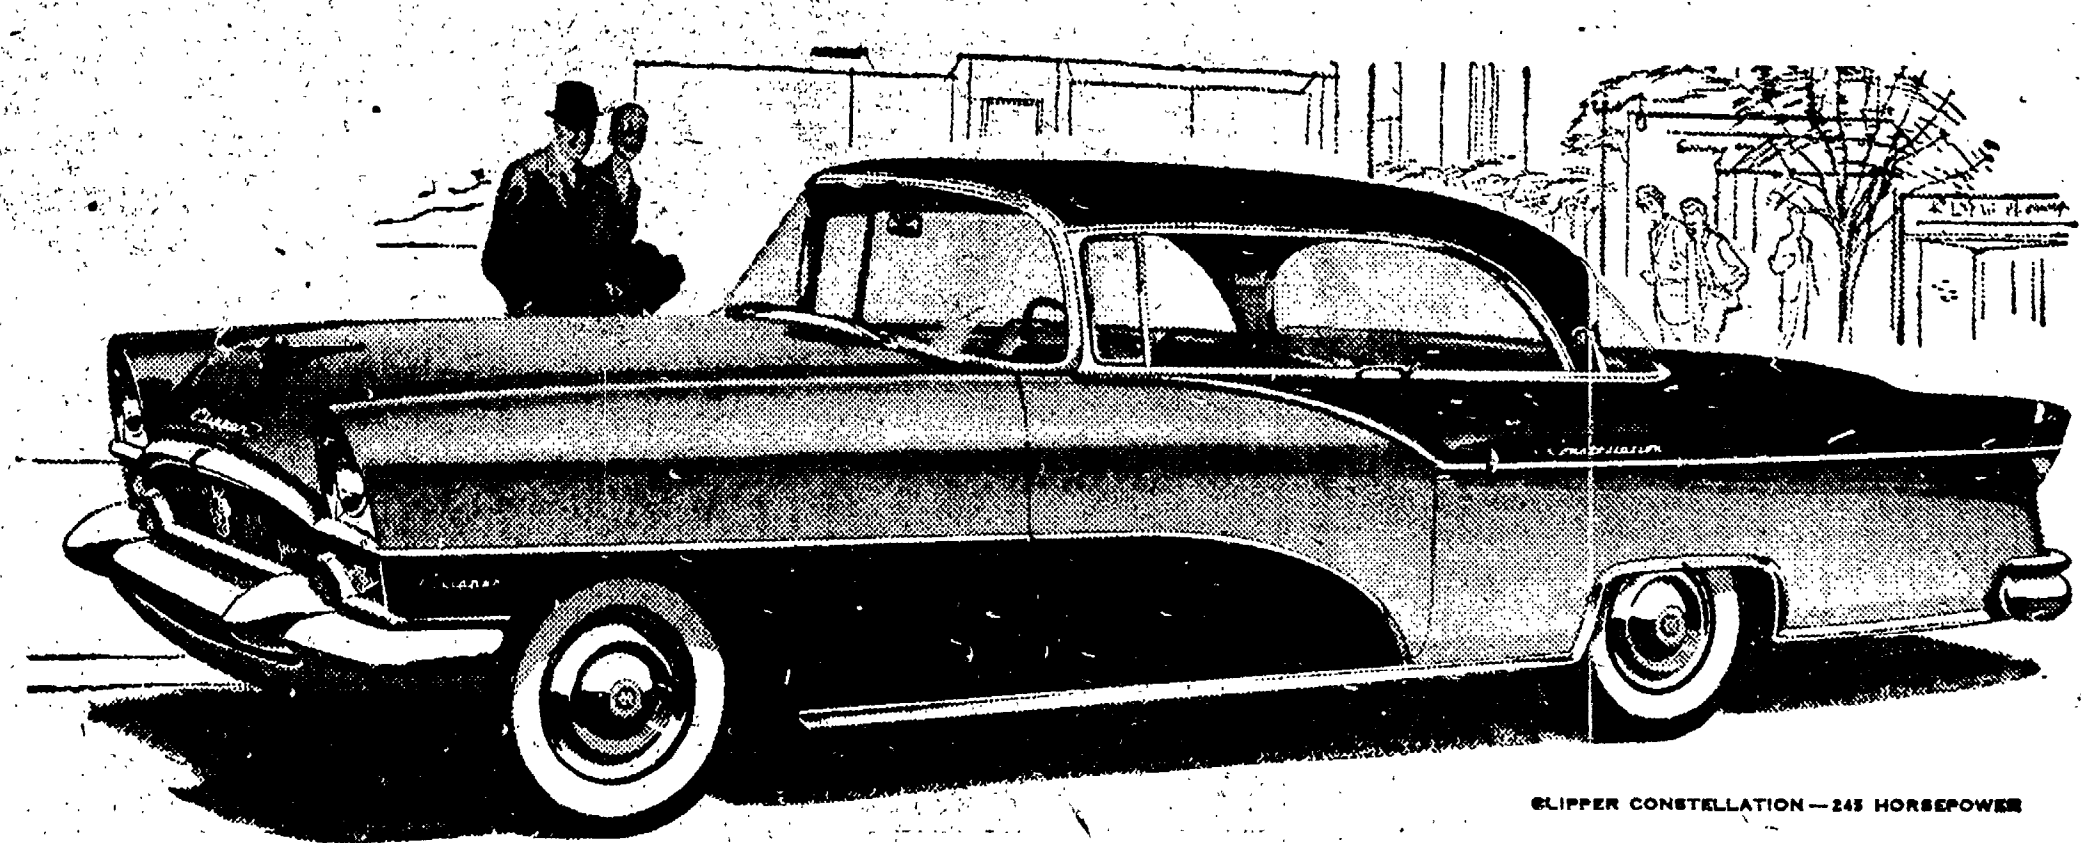

Robert H. Boyer, of 44 Fisher road, informed Farms police on Sunday, January 16, that while his car was parked in front of his home, someone stole the hubcaps.

**VANDALS AT WORK**

Farms police, called to the home of Franklin G. Treat, 318 Fisher road, on Saturday, January 15, were shown where someone had torn up a real estate sign in front of the house and where it had been tossed through the front house and storm windows, breaking the glass.

Wins Award

LEE R. J. SCOTT, of 582 Sunningdale drive, received the Silver Beaver award, one of Scouting's highest honors, at the Annual Meeting of the Detroit Area Council, Boy Scouts of America, in the Sheraton-Cadillac Hotel at noon Tuesday, January 18.

Scott served several years as Scoutmaster for Troop 96, sponsored by the Grosse Pointe Memorial Church. He was then appointed Chairman of the District 3 Advancement Committee and served as a Jamboree Leader for Detroit's delegation to Valley Forge in 1950.

For three years, Lee Scott was Executive Chairman of District 3, largest in the Detroit Council. He has been Chairman of the Council Advancement Committee since 1954, and has conducted Scoutmaster basic training programs for the District.

Lee has sometimes combined business trips with opportunities to tell the Detroit Scouting story at functions of national Scouting importance. Another Pointer, George Way Williams of 542 Lakeland, is serving as president of the Detroit Area Council.

Kathy Weigand Birthday Girl

It was a birthday party for Catherine Ann Weigand last Saturday in Hawthorne House (with wonderful birthday cake) followed by afternoon at the movies. She was seven.

Kathy, daughter of Mr. and Mrs. Harry Weigand of Windmill Pointe drive, actually celebrates her birthday on the thirteenth but Saturday is a much better day of celebration for seven-year-olds.

Mrs. Weigand and Mrs. Phil Schock chaperoned the young merrymakers including Marcia Valen, Mary Cooke, Leslie Deeb, Carol Harrison, Greta Miller, Cary Osborn, Betsy Peabody and Kathy Wrock.

People who always expect the best of everything in this life are sure to feel cheated.

### League Working On Trade Survey

Plans are well under way for a statewide trade survey designed to evaluate Michigan's stake in international trade and also to learn the opinion of Michigan citizens concerning trade legislation.

This project is being undertaken at the suggestion of the National League of Women Voters. Parallel projects are being carried out throughout the country.

The League of Women Voters of Grosse Pointe Park is working in conjunction with the Detroit, Dearborn and Trenton Leagues in polling a sample of manufacturers in our own metropolitan area to learn the facts and opinions concerning international trade.

Individuals contacted may be assured that their answers will be held in confidence and that the total results of the survey will be made available to them.

Richard Frost of the Detroit Board of Commerce, which is strongly supporting the survey, has estimated that about 900 Michigan firms are involved in some way in international trade. Michigan is a major exporting center; in 1951 it exported up to \$2.2 billion or 15% of the \$15 billion U.S. exports.

Mrs. Russell Houle, of the Detroit League, is director of the metropolitan area survey. Working on her committee from Grosse Pointe are Mrs. Richmond Roberts, chairman, and Mrs. Verne Sidnam, assistant.

Other Grosse Pointe League members assisting in the survey include Mrs. Richard Barnett, Mrs. George Brown, Mrs. Clarence Davies, Mrs. Helen Finster, Mrs. J. Stokes Gillespie, Mrs. Donald Jennings, Mrs. Eugene Most, Mrs. Cass Pietrowski, Mrs. Richard Sowden, Mrs. Richard Schleh and Mrs. David Williams. It is hoped that Michigan citizens will inform themselves in the crucial matter of world trade and share their thinking with their representatives in Congress. It is this purpose of encouraging "informed and active participation of citizens in government" which has motivated the League in all its activities.

### Dinner Planned By Churchmen

The "Men of Christ Church" announce that their next dinner meeting will be held January 25 at 7 p.m. in the Undercroft of Christ Church, Grosse Pointe. Their speaker will be Brigadier General Lester J. Maitland, Director of Civil Defense for the State of Michigan.

General Maitland has had a very active military career in aviation. He was a combat pilot in World War I, was associated with General "Billy" Mitchell in the early development of the Air Corps, in 1921 was the first to fly across the Pacific non-stop, and at one time established the World's aircraft speed record.

In World War II he commanded the Air Corps section which knocked out the German rocket emplacement which had caused so much havoc to England. General Maitland personally led these flights.

Since his military retirement General Maitland has been active in Civil Defense. He is a devout churchman and is a Postulant for Holy Orders in the Diocese of Northern Michigan. He is studying privately for canonical examinations after which he will be ordained and will serve in the Diocese of Northern Michigan.

Reservations may be made by phoning Christ Church office, Tuxedo 5-4841.

# Society News Gathered From All of the Pointes

## From Another Pointe of View

By Jane Schermerhorn

Gen. and Mrs. Alfred R. Glancy stepped off a plane Monday morning to be greeted at Willow Run by son and daughter-in-law, the Alfred R. Glancys Jr. . . . and after a few pointed references to our Northern weather (the senior Glancys now divide their time between Atlanta, Ga., and Bermuda) took off for the Pointe and a reunion with their family which includes those very special grandchildren. Granddaughter Krystin, by the way, recently cornered the market on blue ribbons at the Hunt Club . . . claimed eleven of them at the New Year's Day Horse Show! It's only twice a year, now, that the Glancys pay a visit to the Frozen North so they spend that short time almost exclusively within the family circle. They were guests at a dinner at the Leet M. Dentons on Wednesday just before their departure for Washington, D.C., where they'll visit Mrs. Glancy's sister, Mrs. Richard B. Oulihan. Then they go on to New York and board the plane for Bermuda.

## Fashions for Symphony

The junior Glancys' Lake Shore road home . . . and there'll always be part of the "old" Lake Shore as long as their home is there, for it is perfection in the true tradition . . . was opened last week for an afternoon tea to launch ticket sales for Fashion in the Round. Fashion in the Round is the style show being given March 16 and 17 in Veterans Memorial Building to benefit the maintenance fund of the Detroit Symphony Orchestra. Its sponsors are members of the Women's Association for the Orchestra. Mrs. Sidney E. Chapin is show chairman, as head of the ways and means committee; Mrs. John S. Coleman is ticket chairman (we saw most of the gals leaving with paddies full of tickets—50 each!) and Mrs. Warren B. Cooksey, patrons chairman.

## Afternoon Tea

Mrs. Glancy wore a bright blue wool frock to greet her guests. She filled her home with beautiful Spring flowers (lots of pink and blue) for the tea party. There were two lace-covered tea tables presided over during the afternoon by various members of the Association. Mrs. J. Leslie Berry, Association president, was a busy one chatting with the members . . . Mrs. Robert Lee Graham, Jr., in a good looking beige jersey frock with gay bit of brown velvet nonsense on her pretty head for a hat, brought us up to date on what a success the Symphony was in its recent Cranbrook appearance . . . Mrs. Jerome H. Remick, Jr., attractive Mrs. Everett Kinsey, who was persuaded to be one of the models in the upcoming show . . . Mrs. Elwood L. Kukus, when we saw her last she was Kay Rice . . . Mrs. Winfield S. Jewell, Jr., in as trim a black crepe frock as we hope to see! . . . Mrs. Philip Flanders . . . Mrs. Cecil Akroyd, Mrs. J. Donald Sheets, Mrs. James R. Geldart, Mrs. John O. Huse and Mrs. Robert W. Rodgers were just a few we glimpsed in the crowd.

## Fisher Cocktail Party

And speaking of crowds . . . there was a real crush on East Jefferson avenue Friday evening as Pointers headed for the cocktail party given by Edwin Fisher to launch his shiny new Packard Agency . . . He had the tiny and lovely Mrs. Fisher to help him greet the thousands . . . And she wore

## Honolulu Honeymoon For Wedding Couple

Former Martha Bigley, Daughter of Mr. and Mrs. George A. Bigley and Bridegroom Victor Gerard Kenyon Sail To Islands After Saturday Wedding

At an 11 o'clock ceremony last Saturday in St. Paul's on The Lake Shore, Martha Jean Bigley became the bride of Victor Gerard Kenyon.

The nuptial mass was followed by a reception and wedding breakfast given at Grosse Pointe Yacht Club by the parents of the bride, Mr. and Mrs. George Arthur Bigley of Merriweather road.

Mr. Kenyon is the son of Victor Kenyon of Massapequa, Long Island and the late Mrs. Kenyon.

For her wedding, the bride donned a gown of white Italian silk fashioned with moulded bodice, soft bateau neckline, long slender sleeves and a flaring skirt which ended in chapel train. Alencon lace was applied on bodice, skirt and sleeves of the gown. Martha's imported silk illusion wedding veil fell fingertip length from a tiara of pearls. She carried white camellias and ivory in her bridal bouquet.

Ann Haggarty of Grosse Pointe was maid of honor and the bridesmaids included Mrs. Warren Boorem, of Hastings-on-Hudson, N.Y.; Barbara Keim of Grosse Pointe; Mrs. Thomas Aquinas Reynolds Jr. of Northfield, Ill.; and Mrs. Edward Lamont of Washington, D.C.

All were gowned alike in rose velvet frocks, the full skirts designed in waltz length. Bracelet length sleeves, boat necklines and bustle-effect backs distinguished the gowns which were worn with small velvet chapeaux (an arrangement of bows) and brow veils.

The maids carried arrangements of dipped pink carnations exactly matching their dresses. Edwin T. Vane of New York

City assisted Mr. Kenyon as best man.

The guests were seated by the brother of the bride, Lieut. Richard Bigley, who came from San Diego, Calif. for the wedding; Bernard Jenett, George Grant, Robert Henabery and Berryman Collins of Pittsburgh.

A street length frock of sapphire blue satin with small chapeau of the same material was worn by Mrs. Bigley for her daughter's wedding. She pinned white orchids to her handbag. After the reception, the newly-married Kenyons boarded a plane for San Francisco where they will meet the Lurline and continue for their wedding trip in Honolulu.

The new Mrs. Kenyon traveled in a navy wool suit with small chapeau felt hat. The suit was lined in the same material as the blouse, white silk flecked in navy. Upon their return, they will make their home in Neff road.

The bridegroom is associated with Maxon, Inc.

## Fashion Is Southern At Maire PTA Party

Maire School Parent-Teachers Association Giving Dessert Bridge and Fashion Show Friday With Southern Wear Fashions by Town 'N' Casual Shop

The Parent-Teacher Association of Maire School put its finger on the Grosse Pointe pulse and came up with a Southern Wear Fashion Show as best suiting the mood of the moment.

And so—that's where you'll find all the names of Maire pupils tomorrow (Friday, Jan. 21). They are gathering in the school auditorium for dessert bridge and fashions, beginning at 12:30 o'clock.

Southern styles of Nelly Don will be presented by Town 'N' Casual Shop and members of the PTA will be the lovely models.

Mrs. Horton Kimball, of Harvard road, is general chairman of the event and Mrs. Eugene Mathivet, of Kensington road, is ticket chairman.

The party's name (dessert bridge) doesn't hold the guests to bridge-playing. There will be canasta, gin rummy or whatever they choose. Each table must provide its own cards.

Modeling the Southern Wear will be: Mrs. Henry Swartz, Mrs. John J. Newcomb, Mrs. Thomas Bradin, Mrs. N. C. Crockett, Mrs. Robert Sherwood, Mrs. Charles A. DuCharme, Mrs. Roger C. Hubbard, Mrs. Burt Weyhing and Mrs. Robert Warmbold.

Maire mothers have been busy selling tickets for the event which raises funds for the PTA treasury and is eventually spent for some worthwhile project in connection with school or students.

The busy ticket sellers have included:

Mrs. Robert Marr, Mrs. Merritt Schwents, Mrs. Cornelius Curran, Mrs. Carl Scherer, Mrs. Wilfred McLaughlin, Mrs. Fred Mueller, Mrs. Julian VanDenBerghe.

Mrs. Frank Mustizza, Mrs. William Geer, Mrs. Parke Woodworth, Mrs. Robert Eckert, Mrs. Edward Freimuth, Mrs. J. Lane Donovan, Mrs. Harry Turner, Mrs. Robert Pfugseider.

Mrs. Larry Wheeler, Mrs. Paul Prentiss, Mrs. Paul Fischer, Mrs. Mortimer Crockett, Mrs. Harry Mellen, Mrs. Walter Keteihut, Mrs. Robert Sumner.

Mrs. Calvin J. Gauss Jr., Mrs. William Williams, Mrs. Leslie Donaldson, Mrs. William Adams.

Mrs. Robert Lynch, Mrs. Richard Graham, Mrs. Graddon Walker, Mrs. John Mazer, Mrs. John Kennedy, Mrs. Charles Drake, Mrs. George Ewald, Mrs. Joseph Hadley and Mrs. Fred Krumholtz Jr.

C. Henry Haberkorn III is president of the Maire Parent-Teacher's Association which plans another Spring fund-raising event—a rummage sale to be held sometime in March.

## Parties Given For Bride-Elect

Three dates remain on the pre-nuptial party calendar of Miss Margaret Lee (Peggy) Dicken, who will wed Roger E. Schwer on January 29 in Grosse Pointe Congregational church.

Miss Dicken's maid of honor, Miss Alice Savage, will be hostess at a spinster party in her home in Lakepointe on January 23.

The final party will be a dinner hosted by the prospective bridegroom's parents, Mr. and Mrs. M. Clayton Schwer following the wedding rehearsal on January 28.

Miss Dicken's first shower was a dinner given by Mrs. Glenn Wilkerson, December 1, at the Lochmoor Club, Grosse Pointe. Twenty high school and college friends showered the bride-elect with miscellaneous gifts.

Mrs. Harold Waldo honored Miss Dicken at a linen shower and luncheon for eight on December 18, at the Detroit Boat Club.

### Mothers Hear Talk on Books

Their children could not have listened more intently to Mrs. Mary Gaboda, children's librarian of the Woods branch of the Grosse Pointe Public Library, than did the members of the Grosse Pointe Mothers' Health Council when she informed them about children's books of 1954 at their meeting Tuesday afternoon, January 11, at the main Grosse Pointe Public Library.

"Reading is an art that must be cultivated and encouraged in children because so much must be accomplished in so little time. Our lives are so humdrum that children need—the refreshing, imaginative breeze that these new books bring into their lives," declared Mrs. Gaboda, as she handed out lists of recent books to the Council members.

"While the books on this list are grouped according to children's ages," Mrs. Gaboda continued, "it is a loose arrangement, for good books cannot be pigeonholed as to the age at which they may be most enjoyed."

Titles for those persons through age eight, their stories most enjoyably sketched by the speaker, were "The Happy Lion" by Fatio, the "Ready Bear" by Freeman, "The Birthday" by Fischer, "Circus Ruckus" by Will & Nicolas, and "A Kiss Is Round" by Bobri. It was no wonder, Mrs. Gaboda declared, that the pictures in these books were so colorful and original for they had been created by the finest illustrators, both native and European.

"Now older children, those from nine to 12 years of age,"

## Movie Council To Hold Benefit

The Grosse Pointe Motion Picture and Television Council will hold a benefit fashion show and card party on Thursday, February 10 at the Grosse Pointe Memorial Church.

The Council, which was organized in 1933, was formed to stimulate interest in the showing of better films in the community and to promote the development of critical standards in the selection of motion picture entertainment for the children.

In 1951 it was felt that the Council was the logical group to study television and to make recommendations on better TV programs. Today, more than 30 community organizations, churches, public, parochial and private schools, send representatives to the Council.

Each month the Council issues a bulletin of approved motion pictures and TV programs to over five thousand homes in the Grosse Pointe communities.

For the coming fashion show, which is to be given by Healy's, Mrs. J. D. Bell will be the general chairman. Mrs. Tom Cashin is in charge of the tickets which are \$1.25. This event will help the Council raise money to carry on their work for 1955.

### Dear Debbie:

Terri Lee's baby sister, Linda, arrived this morning bringing play-pens, nursery chairs and clothes. Baby Linda brought a wonderful group of Terri Lee's clothes, too.

And Debbie, why not add a Madame Alexander-Kin to big sister Nancy's collection for her birthday next week. She'd love it.

Come and see my miniature Nursery Rhyme Dolls very soon.

Sincerely,

G.P.H.S. Journalism Student  
Grosse Pointe High School's class of January, 1955, will hold its commencement exercises on Thursday, January 27, at 8:15 o'clock in the high school auditorium. There are 104 candidates for graduation.

The major speeches of the evening will be given by three of the honor graduates: Kay Elfas, Jay Hooker and Beverly Harling. They will discuss "Ingredients for Successful Living."

Kay's speech is entitled "Intellectual Curiosity." Jay's speech is entitled "Ambition" and Beverly will speak on the "Unknown Quality."

The presentation of the class by Mr. W. R. Cleminson, principal, will be followed by the awarding of diplomas by Dr. J. W. Bushong, superintendent of Grosse Pointe Schools.

Mr. Cleminson will announce honors and citizenship awards. The recognition for outstanding citizenship is based on a vote of the faculty and class. Only the top 5 percent of the class will receive this award.

The Grosse Pointe High School orchestra, under the baton of Mr. Dewey D. Kalember, instrumental music teacher, will play "Pomp and Circumstance" by Elgar as the precessional and recessional. The orchestra will also play the national anthem.

The choir under the direction of Mr. John Finch will sing "Hallelujah, Amen" by Handel and "Bless This House" by Brahe. Norman Mailloux, graduating senior, will sing "Somewhere a Voice Is Calling," by Tate. The soloist will be accompanied by Carol Thome, graduating senior, and the choir by Janice Wright, 12B.

The Reverend Mr. Hugh Clifford White of the Grosse Pointe Methodist Church will offer the invocation and benediction.

Following the benediction a reception will be held in the girls' gym for the graduated seniors, their families, and friends. This reception is being sponsored by the Mothers' club.

A smorgasbord supper and dance, also sponsored by the Mothers' Club, is being held at the Grosse Pointe War Memorial for the graduates. Owen Moran's band has been engaged to play until 2 o'clock.

### Democrats Honor Sen. Harold Ryan

Upon beginning his fourth term, State Senator Harold M. Ryan of the first district of Michigan was elected the official spokesman of the Democratic Party in the State Senate when that body of the legislature convened on January 12.

Senator Ryan received six of the ten votes cast by the Senate Democrats for the office of Minority Leader. He was chosen over Senator Charles Blundy who held the office for the past four years.

Senator Ryan was also appointed to membership on the important Taxation and Judiciary committee, which controls approximately seventy percent of all legislation introduced into the Senate.

As the minority leader, Senator Ryan will become the party's chief parliamentarian on the floor of the Senate. He will maintain close liaison with the Governor and other administrative heads of the state departments.

### Pointe Chorus Plans Concert

The Grosse Pointe Community Chorus will start rehearsals for its third Spring Concert Wednesday evening, January 26.

The rehearsals will be held each Wednesday evening in the Music Room of the Charles A. Parcells Junior High School, Mack and Vernier road, at 8 p.m.

The chorus has grown rapidly since its first rehearsal in February 1953. It is suggested that anyone interested in joining the group attend the first rehearsal as it has become necessary to limit the number of members. No vocal auditions are necessary. Registration will be closed after the third rehearsal, February 9.

The chorus will continue under the direction of Malcolm McLean Johns, organist and choir director of the Grosse Pointe Memorial Church and professor of Music at Wayne University. The accompanist for this concert will be Milton Setzer, associated with the Art Center Music School.

An interesting and enjoyable program has been planned for the Spring Concert which will be given early in May.

For further information contact the Department of Community Services Building, 43 Grosse Pointe Blvd., formerly Country Day School, or call TUxedo 5-3808 or TUxedo 5-0271.

### Father and Son Dinner Planned

The Men's Club of the Grosse Pointe Methodist Church will sponsor a Father and Son banquet at the church on January 28 at 6:30 p.m.

Featured on the evening's entertainment will be Art Blyler, Grosse Pointe News advertising man, who will give one of his famous chalk talks. Other entertainment will be community singing and Walt Disney sound cartoons.

Ken Leipprandt, president of the club, reports that all dads have been invited to attend, and those who have more than one son will share their extras with those who have only daughters.

### Farms and City Reaching Agreement on Water Plan

City Councilman Otto Pongrace, chairman of the City Water Board Committee, informed members of the City council on Monday, January 17, that his committee and that of the Farms were in accord on their water service program.

He revealed that after several meetings of the two committees, agreement was reached in that they would follow the recommendations of Hubbell, Roth and Clark, city engineers for the Farms and Matthew Carey, financial consultant for both the Farms and City, on how the two communities can best pay for the

new water lines and other programs designed to increase the water supply.

Mr. Pongrace also informed the council that it was agreed that it will be necessary to increase water rates, not only to the City, but also to the customers.

The City gets its water supply from the Farms. It was brought out that the rate increase will be applied this year, beginning in June.

### Chemical or Curiosity?

Members of the Grosse Pointe Farms city council Monday night approved the expenditure of \$525.98 for a one year's insurance premium protecting the city against any possible liability which might be incurred through consumption of products of its water department. No bones were made about admitting that this added expense was a direct accompaniment of the addition of fluorine to the water supply.

During the brief argument which preceded the approval of the purchase of the insurance, E. P. Wright, city attorney, was asked if he thought it was necessary. His reply was that "in view of the publicity being given this subject, it would seem to me to be wise."

Murray M. Smith, city engineer, volunteered the information that the cost of insurance would just about equal the cost of adding the fluorine to the water. Which brought forth an unidentified comment that this didn't coincide with stories he had read about it costing the Farms thousands of dollars every year to add the chemical to which some persons vehemently object on the grounds that it is nothing more than slow poison to all who drink the water containing it.

As we stated several months ago, we shun any pretense of being an authority on this subject. On the contrary, we admitted to a state of almost complete confusion at that time, and now can only report that the personal situation has not bettered itself.

The week before last this paper carried a news story relating that the Wayne County Board of Health had completely endorsed the addition of fluorine. Last week our same front page carried a criticism from Dr. Waldbott, who is a vociferous foe of fluoridation, claiming that at least one member of the county board had told him that he and his fellow members were too busy to look into the subject thoroughly.

This criticism of the county board's endorsement has received no answer, to our knowledge. And therein lies one of the most disturbing aspects of this whole argument over the subject of fluoridation. The venerable organizations which have endorsed this process, the U. S. Public Health Service, the State Medical Association, the American Medical Association and the American Dental Association, apparently cannot be bothered to the point of sending out some reassuring word to those who, like ourselves, have become confused with all the fuss and furor over the subject.

The opponents of fluorine claim to have documentary evidence of cases of fluorine poisoning. Their charges fall into a great void of silence. The hullabaloo seems to have reached a proportion sufficient to cause a number of municipalities which have been considering the addition of fluorine, to have the proposition turned down at the polls. We have heard that some cities that formerly added the chemical, have now abandoned the project.

There is now a movement afoot to have the matter put on the ballot at the spring election in the Farms. This city supplies all the water for its own residents, all the residents of the City of Grosse Pointe and a portion of those living in the Shores. Opponents of the addition say they will have enough signatures on petitions to insure that the abolition proposal gets before the voters.

The action taken by the Farms council Monday night (buying insurance against some possible ill results that might occur because of the addition of fluorine), will certainly bring no assurance to those who may be in doubt, which includes us.

The Farms authorities have stated that, having decided to add fluorine on the advice of dentists and physicians and against the wishes of no one, they do not now wish to discontinue the project and risk criticism from those favoring it.

This is all perfectly peachy, providing those favoring it can find time to give us some concrete evidence of the good it is doing. We would like to have something, even fluorine, to chew on to allay the fears which are being created without any refutation of their soundness.

If the addition of fluorine to our water supply is accomplishing miracles, why are its sponsors so reticent to tell us all about it? If it is a definite menace to our health, why not let's admit the mistake and get done with it? If the chemical doesn't kill us, our curiosity might.

### Letters to the Editor

Editor:  
I am sure you will be interested in learning that this past Christmas period was the most successful in the history of the Detroit Post Office.  
The statistics relative to letters mailed in Detroit this past Christmas period show a 3.6% increase over 1954—98 million letters compared to 94 1/2 million in 1953. The amazing thing, however, is that we received our peak load on December 17—four to five days earlier than ever before.  
This fine response by the public is a compliment to the civic-minded owners of the various public information media who made generous use of their facilities towards obtaining public cooperation with the Post Office. We know that the Detroit

newspapers both small and large have an important part in the success of our operations, not only at Christmas time but throughout the year.  
We therefore wish to express our sincere appreciation for your cooperation during 1954 and our best wishes to you and your organization for a most successful year of 1955.  
Sincerely yours,  
E. L. Baker  
Postmaster  
Dear Mr. Editor:  
The night of December 20 three small boy carollers came to our home at 1011 Bishop road, their identity unknown. When they left a kitten followed them. The next morning it was found on our front porch. It was fed

"Beneath the crisp and wintry carpet bid  
A million buds but stay their blossoming;  
And trustful birds have built their nests amid

Till one soft shower from the South shall bid,

"Where but in America" is the theme of the our first true tale related to us by a local woman who was kind enough to allow us to print it. Names are unnecessary to the story... but we THINK the woman is from some place in Europe, originally. She is now the wife of a local gardener and some twenty years ago, worked in a Grosse Pointe home as a maid. Recently, our heroine was shopping downtown, when she ran into a man who used to come often to dinner at the home where she worked. They exchanged a few words of greeting... then he said: "Why don't you and your husband ask me to your house for dinner some time?" They set the date then and there... and the gent arrived with a friend in tow... a prominent doctor visiting in this country. The hostess served the following menu:

- Melon Balls in Sherry
- Braised Chicken Breasts
- Hot Biscuits
- Creamed Potatoes
- Green Beans
- Tossed salad, roquefort dressing
- Pecan Ice Cream
- Coconut rum filled cake and coffee.

Could ANYONE ask for more? Needless to say, the gentlemen guests were pleased as all get out and a pleasant evening was had by all.

We were impressed with the ending of Mrs. Blank's letter... for obvious reasons. It read: "Could a gardener's wife serve such a meal ANY OTHER PLACE in the WHOLE WORLD... and would ANYWHERE ELSE in the world... a noted gentleman ask himself to dinner with a former maid and her husband? God Bless America." We agree... and we thank you, Mrs. Blank, for letting us print it.

Is there a birthday coming up for the tired business man in your life? If there is... and he doesn't object to sitting quietly to listen to the victrola... there is a new record out (if you can get it) called "Investigator." It's like a short play and takes about an hour to hear on a long playing record. The identity of the "star" is never revealed on the record but your guess is as good as ours... and our's is VERY good! Sometimes you will smile, sometimes you will laugh right out loud, and sometimes you will do plenty of thinking. It embodies more "meat" in one hour than anything we have heard in years.

A couple of New York boys who were pretty careful of their money, got together and decided to start a clothing store. They did REAL good with it and after about five years they found themselves with quite a bank roll. Having worked like mad all the time, they decided to take a well earned vacation and the spot decided on was Las Vegas.

Joe was afraid they might lose their money gambling... but Charlie said, "What the heck, we can afford it." As is so often the case when you CAN afford it, everything they touched in the gambling houses there turned to gold. After a week, they were three times as rich as when they arrived.

Came time to go back to N. Y. and the store... but they wanted to "do it up brown." They discussed chartering a private plane or a yacht... or perhaps renting a private railroad car just for themselves. However, all these things were rather commonplace for such wealthy men... so they hit upon the idea of hiring a taxi driver to taxi them all the way to New York.

They hailed the first cab they saw and asked the driver if he would drive them to New York City... just like that! Apparently NOTHING phases the people who live in Las Vegas, so the driver said he would be glad to if they had enough money to pay for it. Joe thereby hailed off and dug a fat roll of bills out of his pocket, so the driver said, "Okay, hop in." As Joe started to get in the cab, he suddenly hesitated... then turning to Charlie, he pushed him ahead and said, "You get in FIRST, Charlie. I get off at forty-second street."

A doctor we know told us he had given his small daughter (a toy "nurse's kit" for Christmas. The child had the usual fun playing nurse all during the holidays... Then one day she came to him and said: "Daddy, can I have an ah-stick?" Not being any better than the rest of us at unscrambling the rhetoric of the very small fry, he said she would have to describe it to him better than that. Replied the child, "Oh YOU know Daddy. You have them in your bag. They're the little sticks you put in people's mouths when you want them to say 'Ah.'"

Last week on the radio we heard a woman end her program with this: "Never put a question mark where God has put a period." A lot of food for thought in that. If anyone knows the source of this profound sentence, we should be glad to hear from them. We don't even know the identity of the radio personality who said it... but we like it.

and left out again but refused to leave the grounds. It then got into a fight with a large Siamese cat but was rescued without damage. We advertised in your lost and found column and in one of the Metropolitan papers, without success; also inquired of the police and phoned a number of neighbors. It remains with us, but in competition to a white Persian not inclined to play with it—not snooty but elderly.

If not deliberately abandoned I feel that a short article in your paper calling attention to it, might bring results because it has all the ear marks of being someone's pet, and well trained.

The following is a detailed description:  
Male tiger kitten about 6 months old;  
Hair has a red tinge;  
Markings are predominantly yellow and black;  
Also black ring tail;

Slightly bowlegged;  
Housebroken;  
Does tricks;  
Full of life but not destructive.  
If you can spare the space to draw attention to it, with the hope of the lost being found and making someone happy, please do so.  
Thank you very much.  
Very truly yours,  
Gerald E. Schroeder  
GM SETS SALES RECORD  
A new all-time retail sales record for the month of December was announced by General Motors. Harlow H. ### What Goes On at Your Library

By Jean Taylor

I have made a discovery. G.P.L.'s mobile and aquarium have at last had to make room for another top drawing card—the magazine collection.

Judging from the number of types and copies of periodicals in print, I would venture to say that the magazine has become an established part of the American way of life. Unfortunately, there are few of us who can subscribe to all the magazines we should like—even if we could, it would be rather congested living among them.

Too, some periodicals are meant to be perused rather than studied, and we often hesitate to part with fifty cents for that perusal. But I've found a way to eat my cake and have it too.

At the library there is a magazine for everyone—the collection ranges the gamut of interests, from sophisticated intellectual to hot-rodding teenager, there is THE Magazine.

Of course, the old standards—the ever-popular family magazines—are here: "American," "Coronet," "Reader's Digest," "Saturday Evening Post," "Colliers." Also, however, are such specialized periodicals as "The Rotarian Record," "The Rotarian," "Antiques," and "The Writer."

For new ideas in comfortable, convenient and attractive home life, one can range from such standbys as "Better Homes and Gardens" to "Homemart" and "Home Owner" or "Interiors."

The sports enthusiast has his choice from "Field and Stream" or "Sports Illustrated" to "Flying," "Yachting" or "Rudder"—and a popular newcomer, "Hot Rod."

There are such unique publications as "Adult Education" which traces trends and new ideas in this field throughout the world; "School Arts" useful to both parents and teachers; "American City," a valuable source of information on municipal topics; "Americas," a guide to better understanding among Pan American countries; and "Recreation," which offers ideas for fun from house parties to playground activities. Notable among the newer magazines is "Hi-Fidelity" which promises to delight devotees of this fascinating field.

We are also fortunate in this day and age to have many excellent news magazines. The library has acquired a fine collection. Here may be found the better known general news periodicals as well as many of the smaller more specialized ones.

### How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, and how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone.

St. Clare Church to Hold Party

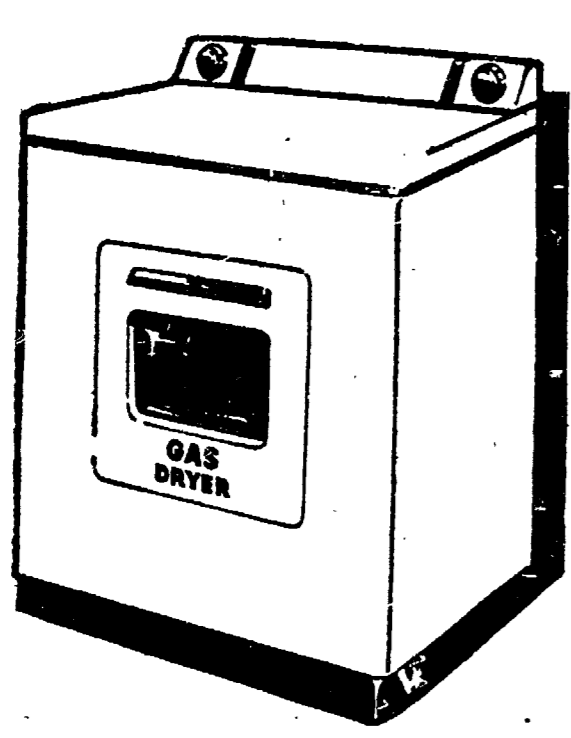

MRS. BASIL J. CUNNINGHAM, chairman, left, and co-chairman MRS. JOHN G. SLEVIN scan plans for their party on January 30, as publicity chairman MRS. WILLIAM WARD smiles approvingly. The event will be a buffet supper and card party, to be held in the church auditorium, starting at 7 o'clock. Proceeds will be used for the work of the archconfraternity.

Courses in Homemaking Teach Girls to Be Good Housekeepers

By JUDY SLITER  
G.P.H.S. Journalism Student  
At Grosse Pointe High School, senior high school girls have a chance to take any of the four elective courses in Homemaking which will greatly benefit them in their future careers of homemakers and mothers.  
The Homemaking courses, which are divided into four sections, teach the students everything from ironing a shirt to putting on a tea.  
The first course, Homemaking I, is divided into three sections, teaches the students everything from ironing a shirt to putting on a tea.  
Housework includes learning to operate the automatic washer, dryer, and ironer. Girls in the sewing section choose whatever they wish to make, such as skirts, blouses or Bermuda shorts, and then do their sewing on the three electric sewing machines which are at their disposal.  
The girls doing the cooking learn to prepare meals such as bruncheons, teas, and buffet suppers.  
Homemaking II is somewhat like Homemaking I, but emphasis is put on planning big teas and other types of meals to which the girls may invite guests. The girls recently put on a Christmas tea honoring their mothers, several of the high school counselors, and two of the school's new teachers.  
Among the mothers who at-

tended the event were Mrs. E. B. Cooper, Mrs. E. E. Knoch, Mrs. E. H. Sliter, Mrs. G. S. MacQueen, Mrs. L. D. Marr and Mrs. A. A. Ghesquiere.  
Making things for the home is also a part of this course. Some of the girls refinish furniture while others make curtains or bedspreads or reupholster chairs.  
Child care and the observation of small children is the principle study of Homemaking III. The girls in this course visit a kindergarten for five consecutive weeks to observe how children of kindergarten age react.  
During the five weeks, the girls teach the children one game, read them a story and help the teacher. They also observe one particular child about whom the student wishes to write a paper telling about the child's physical characteristics and how the child gets along with others around him.  
The last course of Homemaking is interior decoration. Here girls study different materials and fibers which go into the making of draperies and furniture and also color harmonies. Each girl takes one particular room of the home and then makes a choice of pieces of furniture to use in the furnishing of the room.  
Miss Carolyn Postiff is the instructor of Homemaking I, II and IV and Homemaking III is under the direction of Mrs. Irma Mann.

Only a GAS Clothes Dryer Runs for 2¢ an hour!

Before you buy, check the amazingly low cost of running a GAS Dryer

A Gas Clothes Dryer is just about the biggest bargain you can own. It dries the average load of wash in 45 to 50 minutes for less than two cents... one-fifth the cost of other automatic dryers. And think of the work it saves you on that load of wash... the lifting and carrying of a heavy basket of wet clothes, the piece-by-piece pinning up and taking down. Not to mention the probable trouble from rainy weather, broken clotheslines, and soot in the air that usually calls for re-washing.  
Clothes come out of the Gas Dryer soft and clean. And about a third of your wash—sheets, towels, blankets, knit goods, play clothes—are practically wrinkle-free, ready to be put away without ironing.  
See the work-saving, time-saving Gas Dryers now on display in Gas Company offices and in dealers' showrooms. Choose one today for your home.  
Gas Dryers purchased from appliance dealers or the Gas Company are installed at no extra charge.

### The Delta Zetas Fete President

Delta Zetas of the Detroit area will celebrate the greatest event in their history next Saturday when they honor the new national president, Mrs. Russell T. Costello of Pine Lake. Mrs. Costello is the first local member to serve in this high office.

Festivities will take the form of a tea to be given in the home of Mrs. Harold R. Groehn of Rutland avenue. Invitations have been sent to all local alumnae; collegiate chapter presidents throughout Michigan; Detroit Panhellenic council; and presidents of all national sororities in the area.

Presenting the guests to Mrs. Costello will be Mrs. Joseph P. Thompson of Harvard road, president of Detroit Delta Zeta Alumnae.

Among local past presidents who have been asked to pour are Mrs. Robert Patterson of Hampton road; Mrs. C. H. Morrison of Cadieux road; Mrs. Robert F. Olinger, formerly of Grosse Pointe, and Mrs. Norman P. Lasca of Fisher road.

Mrs. Costello's recent election to Delta Zeta's national presidency climaxes many years of service to her sorority. She was instrumental in bringing Delta Zeta chapters to four Michigan college campuses; last year she served as advisor from national panhellenic conference to all national sororities in the north-central states.

The new national president is also the immediate past president of Wayne County Medical Society's Auxiliary. Among her duties at present is supervision of the remodeling of the Windmill Pointe drive home which she and Dr. Costello recently acquired.

### Elaine P. Burr to Tour With U-M Symphony Band

Members of the University of Michigan Symphony Band are preparing for their tour to Sturgis, Mich., Des Plaines, Ill., and Elkhart and South Bend, Ind., the middle of February.

The director, William D. Revelli, chooses the band members from the student body because of their superior musical talent. Through the many concerts given in Ann Arbor and the several tours taken every year during school vacations, the students gain professional poise and experience.

Included among the members of the band is Elaine P. Burr of 168 Fisher road.

### Congregational Women Meeting On January 21

The annual meeting of the Women's Fellowship of the Detroit Association of Congregational Christian Churches will be held on Friday, January 21, at the Bushnell Congregational Church at 15050 Southfield.

Mrs. H. R. Curry will preside at the morning session which begins at 10:30. The election of officers and installation by Mrs. E. W. Wilcox will follow the business meeting. Lunch will be served at 12:30.

The speaker for the afternoon will be Dr. Tracy M. Pullman, minister of the Church of Our Father. His work with the Detroit Round Table of Catholics, Jews and Protestants and the Coordinating Council of the Mayor's Inter-Racial Committee makes his subject vital and timely.

He will answer the question, "What is the Woman's Role in Brotherhood?"

### Series of House Warmings Being Given by Hurleys

Mr. and Mrs. J. C. Tom Hurley, who have moved from Merrilweather road to Harcourt road, are giving a series of house-warmings. The first, a supper party, took place last Sunday evening.

## Devil Cagers Stay Unbeaten By Conquering Wyandotte

The Grosse Pointe Blue Devil basketball team kept its championship train on the straight and narrow undefeated track last Friday, January 14, when they whipped a surprisingly strong Wyandotte quintet, 57 to 43, on the down-river court. The victory kept the Pointers at the top of the Border Cities League cage race with Fordson and Highland Park hot on their heels.

Fordson handled the much beaten Monroe Trojans in easy fashion, 66-42, and at the same time Coach Jim Wink's powerful Polar Bears annihilated Royal Oak, 87-47, in what is believed to be the most lopsided victory in the history of the league.

**Praise Jim Wood**  
The Blue Devils are all hailing substitute Jim Wood as the boy most responsible for winning the Wyandotte contest. Wood, who will graduate this January, has been a regular bench warmer for Coach Howard MacAdam's quintet for the past two seasons, and saw action only when the game was all but won.

This time Coach MacAdam was forced to use his star bench warmer and the results even surprised the Devil mentor. Jim took over Denny McGinty's place on the team when the latter was ejected from the game with five personal fouls, and played two full quarters. He was a standout around both back boards with stellar defensive play that enabled the Devils to throttle the Wyandotte attack almost at will.

Besides starring in his defensive role Wood chipped in seven points toward the Pointers' final total. Those seven points didn't mean much to the Devils' winning cause but they were an extremely important part of Wood's cage career at the Pointe school, for they equaled his total point production for both last year and this season combined. With only two games remaining on the Blue Devils' first half season schedule before graduation, Wood practically guaranteed himself more extensive action on the hardwood before ending his high school career.

The surprisingly strong Wyandotte quintet battled the favored Blue Devils right down to the wire in the first half and held a 17-16 lead at the end of the first quarter. They were trailing by a mere three points, 31 to 28, at the halftime intermission.

Apparently the closeness of the score fired the Devils up and when they came back to resume play they began with a rush to pile up an 11-point, 47-36, lead in the third quarter. With the game pretty much under control with Wood doing a standout job on the boards and Dan Follis carrying the attack, Coach MacAdam began spot substituting until he had every member of the squad, except one, in the game.

Roger Duerksen was another lad who hadn't seen too much service to date, but he also turned in a workmanlike job on Wyandotte's high scoring Ron Liddle, who notched individual scoring honors with 15 points.

Fourteen of Liddle's points came in the first half before Duerksen entered the game, but once Roger began tailing the high scoring Bear he stopped him cold. The only point Liddle collected in the last two periods was a foul shot.

**Losers Good on Fouls**  
Wyandotte had one consolation in the fact it was better from the free throw line cashing in on 15 of 30 attempts while the Pointers were missing 23 of 38 tries. However, the Devils cashed in on the big ones, hitting 21 field goals as compared to the Bears' 14.

Riding on a five game winning streak, the Blue Devils face a "blue chip" contest next Friday, January 21, when they entertain All-Stater George Lee and his favoring Polar Bears from Highland Park. This is a "must" game if the Devils hope to entertain thoughts of winning or even tying for the Border Cities League crown.

This will be Lee's last league game in Highland Park livery and big George will be out to surpass even his hottest night in his illustrious BCL career.

On the other hand the Pointers will be seeing Johnny Russell in his last league game and veteran John has ideas of his own on how to wind up his career wearing the blue and gold of the school on Fisher road.

A defeat at the hands of Highland Park could kick the props right out from under the Blue Devils' chances of remaining up near the top of the much discussed state ratings. On the other hand a Pointer victory could vault them even higher in state basketball circles.

The "championship bug" that bit the Pointers last fall seems to have liked the taste of Grosse Pointe meat and the Devils have no intention of letting their new found pet get away.

## Reserve Five Wins Again

Apparently the victory bug is contagious as far as Coach Bud Kurvink's Blue Devil reserve team is concerned. The Devils found it difficult to chalk up their first victory of the season over a league foe, but once they found the formula they didn't forget it.

Coach Kurvink provided the ingredients and the reserve cagers came out with surprising results as they slapped down the Wyandotte Bears in easy fashion, 49 to 21, last Friday, January 14, on the losers' court. The win stretched the Devils' win streak to two games, which enabled them to post a 3 and 2 record for the season.

**Ken MacDonald Stars**  
Paced by lanky Kenny MacDonald, who notched 21 points for individual scoring honors, despite his short workout which lasted less than two periods, the Pointers blasted away at the Bears right from the very outset of the contest.

Holding a 13 to 8 margin at the end of the first quarter the Devils continued to rampage and run their margin to a lopsided 28 to 3 lead at halftime. The Devil defense wasn't as potent against the Bears as was the Bears' failure to find the range of the basket.

Inability to hit from the floor continued to plague the down-river team throughout the remainder of the contest and the Devils continued to pour it on throughout the third period to lead by a comfortable 41 to 14 margin before slowing down to a walk in the final stanza which produced 8 more points and a 49 to 21 victory.

**Good on Foul Line**  
The Devils were very effective from the free throw line, particularly MacDonald, who cashed in 11 times in 14 tries. The team, as a whole, hit 21 of 36 attempts. Wyandotte, on the other hand, could find the range only 7 times in 22 attempts.

The Devils have visions of extending their new-found victory string when they meet the Highland Park reserves in the preliminary game on the local court on Friday, January 21.

## Park's Little League to Meet

Plans for the 1955 Grosse Pointe Park Little League will be unveiled at a meeting of fathers at 8 p.m. Monday, January 24, at the Neighborhood Club, it is announced by Elmer Van Tiem, president of the league.

All Park fathers, whose boys 9 to 12 years old expect to participate this year, are urged to attend. Later in the year a meeting will be held for both fathers and mothers. Fathers are asked not to bring their sons to next Monday's meeting.

Van Tiem said reports will be given by the various committee heads and directors at Monday's meeting, as follows: O. W. Thompson, vice-president; Hugh Fleming, treasurer; Russ Peebles, secretary, and Walter Keenan, John Young and Pete Wemhoff, directors.

## Swims Last Meet for Devils

WALTER EVERSMAN, veteran Blue Devil swimmer, climbs out of the Pointers' pool after establishing a new record of 1:01.5 for the 100-yard backstroke event. The Devils will have to go the rest of the way without the services of Walt as he will graduate this January. Highlighting his illustrious career was his record performance which cracked Don Adamski's 1955 standard by one tenth of a second.

## Tentative Race Schedule Set at Sailors' Meeting

The Detroit River Yachting Association's second annual "Gripe Session" was a quiet affair compared to the first one staged by 1954 Commodore Frank Martin last year.

First of all Toledo Yacht Club DIDN'T send a representative up for the 1955 session to jam their Mills Trophy race date down our throats and secondly Commodore Murray V. Knapp squashed any long winded arguments over choice regatta dates on the 1955 schedule.

What an operator the veteran commodore is. You didn't dare open your mouth and voice an opinion in opposition—if you did you were on a committee. That kept the local rats plenty quiet. Now, we aren't saying Commodore Knapp is a Simon Legree; he just knows how to run a meeting and run it he did. There was a goodly crowd on hand at the Detroit Yacht Club to hear Commodore Knapp's plans for the 1955 season but what they heard wasn't the stalwart commodore but an entertaining show comprised of a trio of pretty and shapely gals who lured the group into partial submission and a magician who completely mystified them.

Once Commodore Knapp's planned entertainment had soothed the savage breasts of those who came to fight for racing dates vice commodore Bruce Tappan hit them right between the eyes with the huge blackboard on which were inscribed the summer Saturday and holiday dates for regattas.

At this point your reporter thought the lid would blow off if it had done, last year when Buell Doelle, representing the Detroit Boat Club tangled with the Toledo Yacht Club representative for the same date in June for their regattas. Everything went along smoothly until Dexter Ferry asked for July 2 for the Grosse Pointe (Little) Club regatta.

Gil Pingree, speaking for the Grosse Pointe Yacht Club, also wanted that date for his club's regatta. Commodore Knapp appointed them a committee of two to thrash it out and come up with a solution by the spring

## Flyers Stay Undefeated

By Dan Wemhoff

Coach Eddie Lauer's St. Paul basketball team found the victory trail an easy one in its last two contests and whipped league foes, St. Martin, 43-26, on Tuesday, January 11; and St. Rose, 44-14, on Friday, January 15.

The double victory gave the Flyers a 4-0 record for the season, with three of them coming in league competition. This puts the Flyers at the top of the Big Ten (Parochial) Conference.

**One Game Less**  
Actually the standings show the Flyers residing in third place in the league but only because they have played one less game than unbeaten St. Bernard and St. Florian. It is quite possible these three teams will have to wait until the league playoffs before a champion can be determined, inasmuch as they do not meet one another, during the regular season.

The St. Martin game was played in the St. Charles gymnasium, which the Flyers have found to their liking. It took only the first two quarters for the Boulevard Boys to prove who was the master as they charged into a 28 to 14 lead at halftime. They led 18 to 6 at the close of the initial period.

**Trombly Stars Fast**  
Timmy Trombly, the tallest player on Coach Lauer's squad, poured in 8 points in the first quarter which helped him notch 12 points for the game.

The Flyers completely subdued St. Martin in the third period when they went on an eleven point spurge while holding their opponent's scoreless. Big Jim Ayrault whipped in 4 points in this quarter and eventually wound up with 10 points for the night.

St. Martin finally found the range in the final stanza but the rally came too late.

**Beat St. Rose Easily**  
Three nights later at the Neighborhood Club the Flyers found no opposition in St. Rose as they scored at will while throwing up an ironclad defense. They limited the hapless St. Rose quintet to a mere 14 points for the contest while St. Paul netted 44 points.

It was by far the easiest victory the Flyers have encountered but by and large it was the dullest game they have engaged in in memory.

St. Rose appeared to be bewildered whenever it got its hands on the ball. On the other hand the Flyers knew exactly what a basketball was for and proceeded to teach their opponents the hard way.

**Subs See Action**  
The regulars surged to a 9-2 first period lead and left the floor at halftime leading 27 to 6. At this point Coach Lauer substituted freely and the subs continued to build up the Flyers' score while holding St. Rose practically scoreless.

The Flyers will tackle St. Philip on the St. Charles court on Friday, January 21, and will be heavy favorites to keep their winning streak intact.

**GUARDS TO WEAR WHITE**  
At its regular meeting held on Monday, January 17, the Woods council approved appropriation of \$114 from the Administrative contingent fund for the purchase of 12 white raincoats to be used by the local school crossing guards.

A politician may be a very good talker, and still have an impediment in his thoughts.

## Blue Devil Swimmers Sink Wyandotte Handily, 51 to 33

The Grosse Pointe High School Blue Devil swimming team wound up the first half of its home meet season last Friday, January 14, with a sparkling 55 to 33 victory over the Wyandotte Bears in the local pool. The victory gave the Pointers a record of three wins and two losses in league competition and an overall season mark of five wins as against two losses.

Walt Eversman and Johnny Bayne were displaying their talents before the home crowd for the last time as both will end their high school careers at the January graduation exercises.

**Eversman Wins Easily**  
Eversman capped off his career with a lopsided victory in the 100 yard backstroke event and helped win the 180 yard medley relay which clinched the victory for the Pointers.

Bayne was forced to take a third place in the 100 yard free style event which was the only individual event the Bears won. They did it in grand style by placing one-two with Ron Renner and Jerry Esling finishing in that order. Bayne shared in the Pointers' 160 yard speed relay win.

The Blue Devils nailed the Bears much in the same manner they did the Monroe Trojans just a week earlier when Dick Degner and Ed Nicholson slammed the opening 400 yard free style event to give the Devils a commanding 8 to 1 lead which they continued to build throughout the meet.

**Ketzler Wins Thriller**  
Jim Ketzler and Wyandotte's Jack Cullen staged a thrilling duel in the 100 yard breast stroke event in which Ketzler just barely touched out his opponent by an eyelash. Ketzler's teammate, Russ Whittenberg, took third.

Ketzler also proved to be quite a comedian when Coach Frank Banach asked him, following the event, why he was dragging his feet. Ketzler replied "Oh, I knew I could beat him."

Brad Boydell scored the most lopsided win of the meet in the 200 yard free style when he outclassed the Wyandotte lads and his teammate, John Hammond, who placed second. Boydell had a half pool length lead over Hammond and a pool and a half lead over Bob Johnson, who finished third. At this point in the meet the Blue Devils were coasting along on a comfortable 21 to 6 cushion.

**Walt Misses Record**  
Everyone thought Walt Eversman would go all out to crack the 100 back stroke pool record of 1:01.5 he set a week ago against Monroe, but they were disappointed when the timer announced he had missed by one and five-tenths of a second of equalling the standard. Wyandotte's Dick Powell was far back in second place and Eversman's teammate, Bob Guenther, was 6 and 4 tenths seconds off the winning time for third place.

Dave Duncan scored 44.3 points in the diving to lead second place George Bell and third place Rich Stafford. Judge Dave Beauvais was just the reverse of Judge Bryda, who had charge of the Monroe meet. Bryda, through his generosity, earned the title of Santa Claus.

**Boydell Wins Medley**  
Brad Boydell apparently didn't like the idea of Wyandotte taking two straight first places in as many events and proceeded to do something about it. He went out and won the 180 yard individual medley in 1:16.5 to lead Wyandotte's Jack Cullen and Bill Powell to the wire.

This win put the Pointers in the enviable position of having only to finish the two remaining relay events to chalk up another victory. The only thing that could have kept the Pointers from winning was two disqualifications in these events.

However, they didn't come close to being disqualified as they saw Eversman, Ketzler and Nicholson win the 180 yard medley relay handily to clinch the meet.

**Final Event Close**  
The final 160 speed relay was strictly anti-climax, but it drew the loudest cheers from the partisan crowd as the two anchor men battled stroke for stroke on the final lap to see Dick Degner edge the Wyandotte boy by a half a yard. Carl Anderson, Rich Schleicher and John Bayne were the trio that built up the lead that Degner was forced to maintain.

The Devils will wind up the first half of the Border Cities League season when they travel to Highland Park next Friday, January 21, to take on a powerful Polar Bear squad. This meet is what coach Banach figures could be the "make or break" meet.

A Blue Devil victory would keep the Pointers right in the thick of the fight for the title with unbeaten Fordson and Royal Oak, as the six schools start the second half of the season on February 4. A defeat at the hands of the Pointers to shoot for third place barring unforeseen upsets to the two leaders.

St. Paul Seniors Top Girls' Loop

Hotshot Hinz (Joan) kept up her high scoring spree for the St. Paul Jr. Varsity, but still had to see her team lose a 24 to 18 game to the now second-place Dribblers, in the Girls' Basketball League at the Neighborhood Club last Thursday.

Janet Wesner played brilliant ball for the Dribblers along with Diane Putnam. At half time the Dribblers held a scant 12 to 8 edge over the Jrs. Eight fouls were committed by the losers, while the Dribblers were charged with three.

Little Kathy Eyre played an outstanding game as guard for the Streamliners even though she saw her team defeated 34 to 9

by the tough St. Paul Sr. Varsity. Jan Hunter pumped in most of the Streamliners' points, with Christine Geist capturing the Srs' honors. Around half time the score read 22 to 9 favoring the victors. The Srs. committed six fouls.

This evening in the Junior Division, the 6:30 game will feature the St. Paul Jr. Varsity and the Streamliners followed by the St. Paul Sr. Varsity and the Dribblers.

A real battle was held in the Senior Division when the Hoppers and the Metropolitan Club met. The good guarding of Grace Gazaroff, Elaine Turrel, Gary Garavaglia, and Jean Willard held the Hoppers scoreless for the first quarter, giving the forwards a chance to rack up a 10 point lead.

Peppy Peplinski continued her high-scoring ways for the Hoppers, while JoAnne Hargis led Metro. At half time the score was 17 to 10 favoring Metro; with the final score 38 to 26. Metro committed 13 fouls and the Hoppers had 10.

In the 8:15 contest the CYO-B team was forced to forfeit its contest to the CYO-A girls due to a shortage of players.

This evening at 8 o'clock the league-leading WAF's and the CYO-A girls will meet, followed by the Metropolitan Club and the CYO-B team at 9. The Hoppers will draw a bye.

Girl Athletes Elect Officers

By Pat Patterson GPHS Journalism Student The new officers of the Girls' Athletic Association of Grosse Pointe High School were announced last week at the Mother-Daughter banquet.

The girls who will have the responsibility of leading G. A. A. through the spring semester are: Pat Patterson, president; Sue Mann, vice-president; Joy Taylor, secretary; and Ann Morrison, treasurer.

Pat Patterson, the new president, has been active in G. A. A. since her tenth grade. In the 10A, Pat was baseball manager, and as an eleventh grader she was hockey and basketball manager. She served as G. A. A. vice-president in the 12B and will be president in the 12A.

Sue Mann, incoming vice-president, is one of the few eleventh graders to hold the position of vice-president before she is a senior. Sue has been active in all intramurals and clubs, giving her the opportunity to represent Grosse Pointe in school playdays. She is the retiring G. A. A. treasurer.

A large cardboard pencil was presented to Joy Taylor, secretary, as she took the oath of office, by Marie Pongracz, retiring secretary. Joy has been active in intramurals and was chairman of the entertainment committee for the banquet.

Ann Morrison, treasurer, has served on the large board as hockey manager, and volleyball club president. She has been an active member of intramurals. Miss Louise Lockeman and Miss Stephanie Prychicko, physical education instructors, said that they think G. A. A. is represented with capable officers, and that the organization should have one of its best years.

Mrs. Henry B. Joy's new Packard limousine is very special indeed... Grosse Pointe's great lady has had the "extra" seats in back removed and replaced with writing desk and a place for books...

The parties for Suki Anderson (Suzanne, daughter of the E. J. Andersons) have been so ultra-glamorous they are increasing real estate values out in Bloomfield Hills...

### PILFERINGS

"I come from the Caseys," said the Irishman simply. "They never sprung from nobody—they sprung AT 'em!"

Two Yankees were boasting about their rich relatives. Said one:

"My father has a big farm in Connecticut. It's so big that when he goes to the barn on Monday evening to milk the cows he kisses us all goodbye, and he doesn't get back till the following Saturday."

"Why does it take him so long?" the other man asked. "Because the barn is so far away from the house."

"Well, that may be a pretty big farm but compared to my father's farm in Pennsylvania your father's farm ain't no bigger than a city lot."

"How big is your father's farm?"

"Well, it's so big that my father sends young married couples out to the barn to milk the cows, and the milk is brought back by their grandchildren."

Landlady—"I'll give you just three days in which to pay your board."

Student—"All right. I'll pick the Fourth of July, Christmas and Easter."

The title of this joke is "The Jury Was Out for Ten Minutes." A young attorney trying a case of replevin, involving a right of property to a lot of hogs, said to the jury in the course of his plea:

"Gentlemen of the jury, there were just twenty-four hogs in that drove; just twenty-four, gentlemen—exactly twice as many as are in that jury box."

## Pointer of Interest

MRS. WILLIAM T. KRIEGHOFF OF KENWOOD COURT

By Jane Schermerhorn

Curiosity about a Twinkle Toe doll propelled this department right over to the home of Mrs. William T. Krieghoff the other afternoon.

Mrs. Krieghoff, social chairman of the College Women's Club and not much bigger than a Twinkle Toe doll herself, explained the whole thing.

This particular and special kind of doll is a soft cuddly affair, made from a man's work sock, stuffed with worn-out nylon, and then gaily dressed. Two dozen of them was the objective yesterday at the meeting of the afternoon group of the College Women's Club held at the Krieghoff home.

Mrs. Krieghoff supplied the know-how of cutting, stuffing, sewing and then giving the dolls personality to her fellow-members who are presenting them to Children's Hospital with the hope they'll ease a pain, make a not fine-tasting medicine less lingering in the minds of some little patients.

For our Pointer of Interest, at any rate, Twinkle Toes first made their appearance at a Liggett School Fair a couple of seasons ago. They were an instant hit with the young Krieghoffs (Lynn and Marilyn) and were remembered by Mrs. Krieghoff when she plotted projects for the club year.

If the Twinkle Toes are a success at Children's Hospital, the College Women's Club will doubtless continue making them on a production basis but that doesn't mean each Twinkle Toe isn't a really custom job.

To prove it the social service chairman produced two she had made just last week.

"You follow the same instructions for a Twinkle Toe right up to the time you embroider or paint on its face," she said to us. "And then it happens. No two dolls ever look alike when they're finished. Each seems to take on her own personality and no matter how Winnie the Pooh-ish this may sound, she becomes a definite individual."

"You think you're making the same face, but when you survey the finished product you meet a brand new face."

Now if Twinkle Toe dolls can fascinate adults, can't you see what fun they are for children. There are some 420 members of the College Women's Club, which is in its twentieth year. The majority of them live in the Pointe although there are members from almost every section of Detroit, too.

As for collecting, she's just being protector for the fast growing doll-from-every-country collection of her young daughters. The two grandmothers, Mrs. Innes and Mrs. William R. Krieghoff are doing the actual collecting and loving it!

We admired a dazzling Spanish doll, a corn cob charmer and a china head doll which is a museum piece.

Even her Winter garden, seen through the windows of her home, was evidence of a green thumb although our Pointer modestly says she "just weeds."

We also meant to tell you that Mrs. Krieghoff's mother is a member of the College Women's Club, a past president in fact.

The group's social service work includes making dressings for the American Cancer Society and there is a scholarship fund that helps girls attend Wayne University. The present president is Mrs. Ivan Kirlin of Grosse Pointe.

Christmas can be pretty bleak for those residents, so many having outlived their immediate families.

If this gave joy and a feeling of having been remembered to recipients of the gifts, Mrs. Krieghoff impressed that the feeling could be multiplied by hundreds and still not tell the satisfaction it has been to the givers. That's knowing, Christmas, isn't it!

**Fulfilling Ambition** Besides being young wife and mother, Mrs. Krieghoff is fulfilling an ambition this year. When Mr. Krieghoff, then her fiance, went overseas with the U. S. Army engineers, she meant to get her teacher's certificate. Instead of doing that during the war, she put her B. of A. degree from Mount Holyoke to work (she was a major in chemistry) and tested streptomycin at Parke Davis Co. until Bill came home.

Now her own little girls attend one of her alma maters, Liggett School, and Mama Krieghoff does practice teaching at the Ives School one hour each morning.

Teaching runs in Mrs. Krieghoff's family for her mother, Mrs. W. W. Innes, is Liggett School's third-grade instructor.

**Many Interests** Mrs. Krieghoff finds time to make many of her daughter's pretty frocks. She insists she had to sew in self-defense.

"Being a 'size 9'" it has always been difficult to find the dresses she wants for herself and long ago became accustomed to "tearing everything apart and making it over."

She plays the piano and is delighted that Lynn, whose lessons have just started, loves piano, too.

### SCOTCH MUFFINS

Contributed by Mrs. William I. Brown

(Mrs. Brown is a Philadelphian, by birth, and one of her wedding cook books was "The Mystery Chef." It has been a kitchen bible and the Mystery Chef got his name because all pictures of him show the artist in a mask!)

1 1/2 c. sifted flour  
3 tsp. baking powder  
4 tsp. sugar  
1/2 tsp. salt  
4 Tbsp. butter (Crisco is better)  
3/4 c. cold water

Sift flour, baking powder, sugar and salt. Add shortening and cut it into dry ingredients until it disappears into flour. Add water, slowly, and mix to soft dough consistency.

Drop pieces of dough into ungreased muffin tins. Place in 350 degree oven and bake 15 minutes or until golden brown. Makes six large or 12 small muffins. Quick and delicious.

Wool thrives like an orchid in sunny climes. Sun clothes in sheer wools and flannel are good now. Molly Spring is coming through with wools that breeze right through spring into summer. The ones we saw at Margaret Rice's featured the long torso look. White accents sparked the navy and beige basic dress. Those elegant imported English suits by Davidow in tweed are here at 76 Kercheval, on the hill, too.

Decorator's pieces. Each lamp we saw at Haydon House was a real decorator piece. And each lamp was reduced. It will be a treat to browse around and see these beautiful additions to any room... whether contemporary or traditional. As much as forty per cent reductions on some, you'll find. 15218 East Jefferson, where they do custom interiors to perfection.

Some treasures are found only in museums. But this week we've found art treasures that have been transferred from canvas to cottons. Signature Fabrics have had the Associated American Artists create designs exclusively for them. One design is called "Playbill." On backgrounds of navy or gray are white sketches of scenes you might remember from a favorite play. The skirts are full. Gold or chartreuse cummerbunds take care of the belt interest. Around fifteen dollars... Jacobson's Sportswear Department.

This is National Baby Week and it rather ties in with a couple of things we saw in the well-planned baby department at Peter Pan, Inc., in the village. As carressing as a soft wool are their flannel gowns... charmingly trimmed with gleaming satin... they match the pale colors of the receiving blankets... which leads us to conclude that here is a practical gift idea for the new baby you know.

Did you know that Trail's Pharmacy, on the hill, have diaper pins... and teaching rings and rattle combinations fashioned of sterling silver? They have.

They are still saleing at Gillis Modern Home Furnishings... 403 Fisher Road. And you will appreciate the fact that these floor samples have been reduced 1/2. Whether it be a long, low divan... an occasional chair... a ceramic base lamp... or a rich Rosewood cabinet... you'll think whatever you choose divine.

3-D Photography. It seems to us it always recreates the image so faithfully... you feel you are again seeing the original scene. It gives you the feeling that you are there. And that is just what taking a stereo picture is like. Vacations can be relived... it means LIVING memories. This goes for bride and groom... the graduate and even the new grandmother. A Stereo-Realist Camera with a system of well-designed accessories for proper slide mounting, and convenient filing is available at the Camera Center, in the village. Have a free demonstration. Liked the one we had. 17114 Kercheval, in the village.

Some of California's foremost designers, we read recently, say, "There's nothing like pure Irish Linen." Meaning that Irish Linen offers such practical long-lived luxury. During January, Jacobson's Home Decorative Shop, in the village, is offering imported table linens. They are hand-hemmed, double damask dinner cloths and napkins. Chrysanthemum or Rose patterns are featured. The large 70x122 are usually twenty-nine ninety-five, but this month they are seventeen ninety-five. Of course other sizes are available. In another group there are hand-hemmed rayon cotton damask dinner sets... white, blue, gold, green, eggshell or pink cloths of specially selected rayon and long staple cotton, with a lustrous floral design.

Something has happened. You're wearing a new bra giving you a high but rounded look. And if you don't already... you'll be looking thinner and longer this season. And come the sunshine you want to look barefoot like the barefoot Goddess. It's possible, too, in a pair of naked looking sandals called Carina... which translated means "Little Darling." These in blue, orange, light blue. Flattes hand-crafted in Italy are so soft and pliable that you might as well be barefooted. These in white and black... gray and black... red and wheat... pink and blue combinations. Jacobson's Shoe Department, Main Floor.

Loved those French Riviera imported silk and wool worsted coats... white taffeta linings... rhinestone accents. One cut close at the shoulder... then eases out through the waist... then gently widens. The welt detail on the hipline gives the new torso look. Another... the loose cardigan with a push up sleeve... both charcoal... both luxurious... eighty-nine ninety-five and one hundred pieces of your folding money. Jacobson's, Suit Department.

## Ridley Family Enjoys Reunion

The home life of Mr. and Mrs. William S. Ridley of 854 Balfour, has finally settled back to normal. Throughout the holidays and until just a few days ago, their home was filled with visitors, including their two sons, Lt. (jg) Thomas Ridley, who was aboard the USS Algot, docked at Long Beach, Calif., and Edward, who was home from Georgetown University, Washington, D. C.

Mr. McFadden, the last to take leave of the Rileys' hospitality, left on Tuesday, January 11.

To see his brother and on their way home, the two stopped in Drexel, Pa., to pick up Mrs. Ridley's sister, Mrs. Donald McFadden.

Included among the guests at the house were two of Ed's classmates, Paul Nichol and Harry Hartlie of Chicago; and a family guest, Carol Densberger of Boston, Mass.

Mrs. McFadden, the last to take leave of the Rileys' hospitality, left on Tuesday, January 11.
