As Compiled by the  
Grosse Pointe News

Thursday, January 20

**A DEMAND** that the Organization of American States take action against Nicaragua for instigating the invasion of Costa Rica, was made by Costa Rican President Jose A. Figueres. He charges anew that the President of Nicaragua, Anastasio Somoza engineered the "invasion" and asked that he be brought to task. Figueres, in an exclusive interview with members of the press, stated that he had asked Somoza to turn over to the "legal Government of Costa Rica" the two rebel planes now interned in Nicaragua, unless Somoza wants to admit that they belong to Nicaragua.

Friday, January 21

**PRESIDENT EISENHOWER** was reported considering asking Congress for special authority to use U. S. Naval vessels in removing forces of Chiang Kai Shek from some islands along the Red China mainland. These troops, if taken off the islands, can be deployed elsewhere for the defense of Formosa and the Pescadores Islands.

The United States, under a recently signed treaty, is obligated to come to the assistance of Formosa if it is attacked. Meanwhile, Secretary of State John Foster Dulles asked the Senate to ratify the Formosa Defense Treaty to remove any doubt from the Communist minds that the United States is determined to help the Nationalists.

Saturday, January 22

**A RELIABLE** Naval source disclosed that a U. S. Navy fast carrier task force left Manila Bay, headed towards Formosa waters. The 33,000-ton carriers Essex, Yorktown and Kearsarge pulled out of Manila, and a navy spokesman at the Pacific Fleet headquarters in Pearl Harbor said that it was a safe assumption that the ships were headed for the Formosa area.

The reported move indicated that the United States might aid in removing Nationalist Chinese troops off outpost islands threatened by the Red Chinese invaders.

Sunday, January 23

**THOUSANDS OF PARISIANS** were driven from their homes, fleeing the second worst flood in a century. The Seine, taking in the waters of the Marne, passed a postwar record of 22 feet, five inches. Premier Mendes-France assured the people of Paris that the Government will aid them. Water has already washed into the crypt of the Notre Dame Cathedral, which stands on an island in the Seine. As the flood waters spread and began to cover the streets of Paris, American GIs joined in the battle, helping to transport refugees and preparing typhoid inoculations.

Monday, January 24

**PRESIDENT Eisenhower** will inform Congress just how far he wants American defense of Formosa to go, with consent of members of Congress. Meanwhile three aircraft carriers and other American warships steamed towards the Red-menaced Tachen Islands to help evacuate the garrison and to help defend some off-shore islands according to a treaty signed between the Nationalist Chinese Government and the United States.

Peiping Radio said that had it not been for the U. S. Seventh Fleet, which guards Formosa from Red invasion, Formosa would have been "liberated" long ago.

Tuesday, January 25

**PRESIDENT Eisenhower**, in a message to Congress and to the nation, proclaimed America's "readiness to fight" to keep Formosa from Communist hands. He said that what he was asking was in the interest of peace, yet it could lead to clashes that might spark into a small war and possibly set off World War III.

Wednesday, January 26

**BRITISH officials** applauded President Eisenhower's stand on Formosa. The initial reaction of Europe's non-Communist press was one of approval. British and European presses gave the President's declaration of the defense of Formosa top play, and except for the Communist papers, most of the comments were favorable.

## Vernier PTA Holding Dance and Social Night

Committee members of the Vernier School Parent Teachers Association get together on the final plans for the sixth annual Square Dance and Social Night to be held at the New Ferry School on Roslyn road, Friday, January 28. Seated left to right; MRS. WILLIAM McCOURT, MRS. ROBERT SNOW, on floor, TOM JEFFERIS, president, MRS. ROBERT RODGER, general chairman, WILLIAM McCOURT, MRS. FRANK HEDGE and ROBERT RODGER. Standing; ROBERT SNOW.

## High School To Graduate 104 Tonight

Commencement Exercises at 8 to be Followed by Reception and Seniors Dance

Approximately 104 Grosse Pointe High School January 1955 graduates will receive their diplomas at commencement exercises in the High School auditorium tonight, January 27, at 8 p.m.

The presentation of the class will be made by High School Principal R. Cleminson, followed by the awarding of the diplomas by Dr. James W. Bushong, Superintendent of Schools.

**To Announce Honors.** Mr. Cleminson will also announce the honors and citizenship awards. The graduates selected for these honors are picked by vote of the faculty and class. The Rev. Mr. Hugh Clifford White of the Grosse Pointe Methodist Church will offer the benediction and convocation.

**Reception To Follow** A reception in the girls' gym, for the graduates, their families and friends, will follow the benediction, and will be under the sponsorship of the Mother's Club. The Mothers' Club will also sponsor a smorgasbord supper, which will be held at the War Memorial Center, for the graduates, who will dance until 2 a.m. to the music of Owen Moran's Band.

## REPORT TOOLS STOLEN

The construction foreman of a new store project being erected on Mack avenue near Moross road, called Woods police on Monday, January 24, and informed them that someone had stolen \$111.50 worth of tools from workmen's tool boxes. Entrance was gained by cutting a temporary canvas at the side of the building.

## Woods Church to Construct Addition Costing \$131,500

Expenditure of an estimated \$131,500 for a new church house addition was voted by the Grosse Pointe Woods Presbyterian Church Friday night at its annual congregational meeting. Construction may be started by April, Lloyd C. Nyman, chairman of the church's building council, said. The new building would be completed by the end of the year. It would include a chapel, a lounge and a games room. The church reported a total of 1,286 members, a gain of 123 in 1954. The Sunday School now lists 1,115. Mrs. Faye Conley was honored

## Completion Fund Campaign For \$450,000 Announced By Bon Secours Hospital

Big Drive Plans Formulated and Leading Participants Disclosed at Wednesday Night Meeting in Pointe Yacht Club

The Completion Fund Campaign for the Bon Secours Hospital was touched off at 8 p.m. last night, January 26, in the Commodore Room of the Grosse Pointe Yacht Club. The campaign, instituted by the hospital, is an endeavor to raise a minimum of \$450,000 to liquidate a debt for that amount which is owed by the hospital.

**Will Seek Pledges** The meeting at the Yacht Club was held to formulate plans on how to raise the funds, and it was agreed that it will be through pledges payable over a three year period. The Hospital plans to build a completion wing, which will house a medical lecture hall and an auditorium, plus a nursing sisters' home, but these projects cannot be undertaken until the outstanding debt is paid.

The debt was incurred due to the big expansion program that was undertaken in the past 10 years, to meet the demands of the growing Pointe and surrounding communities. Has Served 30,000 It was revealed that in the past 10 years, from the time Bon Secours grew from a tiny convalescence home in 1945 to one of the most modern and finest equipped hospitals in the Detroit Metropolitan area, 30,000 patients have been admitted.

In 1954 alone, 5,960 persons were admitted to the Hospital; 1,042 babies were born, and 2,589 persons were treated in emergencies. The campaign for the fund raising will be under the chairmanship of George A. Gardella. His co-chairman is Lou R. Maxon. Community chairman and associate chairman are Joseph F. Verhelle and Herbert Buhler, respectively; business chairman, William Moir, and associate, Frank Couzens, Jr.

Chairman of clubs and organization is A. J. Meyer, associate, Dave Burnett; Friends co-chairmen, George A. Naumann; and Joseph A. Shrage, Jr.; Memorial Gift chairman, Anthony Motchall; associate, Emmet Tracy. Named as professional chairman was Harold Rife and his associate, Dr. R. C. Connelly; and non-professional chairman is Michael J. Keams, with associates, B. J. Ver Haven and John Roney.

Team captains chairman is Frank A. Alter and his associates are Dan Hindall, Jr., Claude Griner and John Walker.

## Icy Windshield Causes Accident

A woman who claimed that her windshield was too covered with ice for perfect visibility, broke a fire hydrant and knocked down a stop sign on Tuesday, January 18, at Charlevoix and Whittier. According to a Park police accident report, Lucille K. Elliott of 22922 Kramer, St. Clair Shores, while traveling south on Whittier road, failed to stop for Charlevoix and struck an automobile driven by Robert J. Allen, 18, of 805 Loraine. She was given a ticket for entering an intersection without due care and caution and causing an accident, and must appear in court on February 16.

## Registration Lists Show Slights Gains

Pointes in Process of Weeding Out Disqualified Electors, Shaving Totals

Registration of new electors up to 8 p.m. on January 24, was extremely light throughout the Pointe communities, according to information received from the city halls. It appears that the going made since the last registration are almost nil, inasmuch as the communities are in the process of "weeding" out persons who have not voted in any election in the last two years in compliance with state law.

**Only Approximate Figures** Although an accurate figure cannot be given now, as the cities are taking disqualified persons off the voting list, an approximate figure of the registered voters can only be given. The Park, which made the biggest gain since last October, registering only 150 since that time, brings its total number of voters to about 9,400.

The City made a gain of 32 voters in the past three months, bringing its total to about 4,700. The Farms voting list disclosed that only 50 persons took advantage of the privilege to register, swelling the total number to 3,004.

The Woods picked up approximately 75 new voters, making its figure slightly more than 8,900. The Shores, the smallest Pointe community, gained only six new voters since October, leaving its figure at about 729.

**Primary Feb. 21** The next registration will be held after the spring primary election which will be held on February 21, and will continue till March 7, 8 p.m., the deadline. The deadline for absentee ballots for the primary election is 2 p.m., Saturday, February 19. Voters will go to the polls to elect officials for state county and local offices next month.

## Krebs Recruited By Farms Police

Marv Krebs, 28, of 20481 Lancaster, Harper Woods, a veteran of World War II, has been accepted as a recruit by the Farms Police Department on Saturday, January 22. The new patrolman served with the United States Army in France and Germany, and was honorably discharged after two years with the rating of corporal. He is a 1944 graduate of Southwestern High School, Detroit, and has been married since November 6, 1948. He is the father of three children.

## GPUS to Dedicate New Buildings at Sunday Ceremony

Dr. John Flagg Gummere, Headmaster of Penn Charter School, to Give Principal Address; Many Prominent Alumni to Attend

"Under today's curriculum students can get to know less and less about more and more until they know practically nothing about anything," says Dr. John Flagg Gummere, headmaster of the William Penn Charter School, Philadelphia, Pa.

Dr. Gummere will emphasize the need for independent schools, which continue to stress the humanities and our cultural heritage, in his Dedication Day address this Sunday afternoon at Grosse Pointe University School, Cook and Chalfont roads.

**Two Schools Merged** Grosse Pointe University School represents a merger of two famous Pointe independent schools, the former Grosse Pointe Country Day School, founded in 1915, and Detroit University School, founded in 1899. The two were merged in 1941 under the leadership of the president of the board of trustees of DUS, the late Edsel Ford.

This fall 650 students of both schools began classes in the newly constructed buildings on the 43 acre campus of the former DUS grounds.

The school's plan won the School Executive Design prize in 1953 for its architect, Minoru Yamasaki, of the Detroit firm of Leinweber, Yamasaki and Hellmuth. Mr. Yamasaki will be among the honored guests at the dedication ceremony this Sunday afternoon.

**Experiment in Education** Grosse Pointe University School represents an experiment in the Detroit area for independent schools—an experiment in parallel education. Since its inception DUS had been a boys' day school. From the date of the merger in 1941 boys attended DUS from grades four through 12 while Grosse Pointe Country Day School, in the past co-educational, continued combined classes from the nursery through grade three and taught girls from the fourth through 12th grades.

In the renamed GPUS, boys and girls study together or apart depending on a variety of factors such as age, ability and nature of the subject. **Completely Modern Plant** The modern plant, which will be dedicated this Sunday, houses the Lower School (grades one to six) while the older DUS building has been remodeled from its traditional ivy covered 1929 design to fit the demands of this parallel educational scheme in the Upper School (grades seven to 12). The nursery school has separate facilities in its own buildings on the campus.

Former trustees, educational and civic leaders and parents have been invited to the ceremony this Sunday which will include a luncheon.

**Mrs. Day Heads City** In the City Mrs. William M. Day's committee consists of Mrs. G. T. Hall, Mrs. Deke Mark, Mrs. L. L. Smart and Mrs. William Walker. Farms chairman Mrs. William F. Connolly, Jr. is being assisted by Mrs. Frederick C. Ollison, Jr., Mrs. Raymond Duffy, Mrs. David Roney, Mrs. E. P. Hammond, Jr. and Mrs. John Bayard.

**Mrs. Dean Named On Commission** Mrs. Charles A. Dean, Jr., of 221 Lewiston, was among eight persons appointed by President Eisenhower on Thursday, January 20 to a commission on the Soo Locks Centennial Celebration. The celebration, which will take place this summer, will mark the 100th anniversary of the building of the locks in the St. Mary's River between Sault Ste. Marie, Mich., and Sault Ste. Marie, Ont.

Municipal representatives who have been contacted to date are Herbert Heger, the Park; Norbert Neff, the City; Harry Furton, the Farms; Thomas K. Jefferis, the Shores.

## Fire Officers Club Formed By Leading Local Firemen

The first meeting of the Pointe Area Fire Officers Club, was held on the same evening of the organization's founding, Tuesday, January 18, with representatives from six communities present. Elected officers of the new organization were: Farms Sr. Lt. M. William Mason, president; Park Lt. Henry De Clerk, vice-president; and Harper Woods Chief Harry Seitz, secretary and treasurer. Present at the meeting were: Park Chief George DeCaussin, Chief Seitz and Shores Chief Fred Duemling, City Capt. Harry Rivard, Park Capt. William Graul, Woods Lt. Harry Duross, Farms Lieutenants Mason and Ray Snay, Park Lt. Paul Wernet, and City Lt. Charles Van Collie. At this initial meeting, it was decided that the aim of the organization was to exchange views and experiences and all the problems pertaining to fire prevention and protection of the community. In addition, the group will promote public and inter-departmental relations. Membership in the new body has been left open for St. Clair Shores, Roseville and East Detroit, if these communities care to join.

## Will Collect Donations to Battle Polio

All Residents Urged to Turn On Porch Lights as Signal of Desire to Help

Hundreds of Pointe mothers will be looking for those bright porch lights tonight, January 27, from 7 to 8 p.m., in a drive that will climax the 1955 March of Dimes to "Help Fight Polio." The watchwords for those 60 minutes are "Teamwork and Timing."

Area leaders and Mother's March chairman throughout the Pointe Communities, in their final organizational meeting, have arranged that when the hour of seven strikes, everything will begin moving like clockwork.

**Will Carry Credentials** Volunteers will carry credentials and also large Manila envelopes upon which contributors may sign their names. The money will be collected in Mason jars which carry an official sticker. Citizens are asked to give ONLY to solicitors who carry these familiar credentials.

Helen Hayes, national chairman of the Mothers' March estimates that more than 20 million homes in 40,000 communities throughout the nation will turn on their lights to welcome the marching mothers. She points out that the 1955 battle against polio is bigger than ever, because of the vast national polio prevention has been added to the patient aid program, which still takes the lion's share of the March of Dimes.

**All Urged To Give** Pointe citizens are urged to light the way and "Make It A Bright Finale," for the volunteers.

Mrs. Robert Warmbold, chairman of the Mothers' March in the Park, disclosed the names of the district captains working under her. They are: Mrs. Eugene McCafferty, Mrs. Edwin Moeller, Mrs. Irving Froehlich, Mrs. Don Hughes and Mrs. Joseph Hadley. Chairman of the City is Mrs. Louis Clarke, whose district captains are Mrs. William Nelson, Mrs. Donald Stachan, Mrs. Paul Hykes, Mrs. C. Fletcher, Mrs. Arthur Brisson, Mrs. A. E. Wilcox, Mrs. Richard McCloskey, Mrs. L. E. Mueller, Mrs. Thomas Sage, Mrs. Don Longyear and Mrs. K. Eckert.

**Farms Committee** Chairman of the Farms is Mrs. Henry S. Reynolds and her district captains are: Mrs. John O'Gornau, Mrs. Gordon Wood, Mrs. George Smith, Mrs. William Wills, Mrs. Albert C. Dickson, Mrs. B. Courtney Rankin, Mrs. William Bowman and Mrs. W. Denison.

Chairman of the combined Woods and Shores, is Mrs. Francis N. Muer and her district captains are: Mrs. Harold F. Jenzen, Mrs. Paul Oram, Mrs. Henry Zdrozdowski, Mrs. E. F. Glanz, Mrs. Harry H. Reich, Mrs. Donald Simpson, Mrs. Joseph B. Craig, Mrs. Edward Weber, and Mrs. Louis Moreau.

Be sure that your porch light is on tonight and make a generous contribution to the mother who calls at your door.

## Thief Takes Car Off Garage Lot

A car reported stolen from the parking lot of Adam Simms, 15401 East Jefferson, on Wednesday, January 12, has still to be recovered, according to Park Det. Lt. Stanley Enders. The automobile, the property of Willie Jones of 7776 Russell, Detroit, was left with the company for repairs, was not missed at the time, apparently because it was believed that the owner had called for it. It was reported missing when Jones came for the car and it was not on the lot.

## BOYS STEAL GAS

Mrs. Laura Rochelle of 447 Moran, complained to Farms police on Sunday, January 23, that a group of boys pushed her car from the side drive of her house into the street and siphoned four or five gallons of gas from the car. They also tried to remove the car's 1955 license plate, but without success. They were last seen heading toward Mack in their own car.

### Horticultural Society Elects

The Grosse Pointe and Eastern Michigan Horticultural Society met on January 5 at the Neighborhood Club and installed its new slate of officers for 1955.

These include: — Fred Martin, president; Russel Fallon, vice president; Daniel Lutey, secretary; Frank Moulin, treasurer.

The next regular meeting will be held at the Neighborhood Club on February 3, at 7 p.m. to be followed at 8 p.m. with a series of garden films showing the gardens of a well known local estate during the four different seasons of the year.

A question and answer period will follow. All interested are invited to attend. Admission is free.

Folks who always get their own way usually get the worst of it.

### GPUS Dedication Sunday

(Continued from Page 1)

clude a tour of the plant as well as the program in the auditorium completed this January.

**Chandler Is Headmaster**  
Benson Ford, a former student of DUS, will introduce the headmaster, John Chandler, Jr., and the president of the board of trustees, Dexter Ferry.

Dr. Gummere, the guest speaker, will stress the role of the independent school in the community.

He feels that individual attention in small classes, dedicated teaching, insistence upon high standards and the close relationship between parent and teacher justifies the existence of the independent school, although it serves such a small minority of the population. He says that the big difficulty such schools face is that the public in general know so little about them.

GPUS will try to increase this knowledge Sunday, February 6, through an Open House for the general public sponsored by the school's Parent Association.

this century and for Country Day to 1915.

**Have Outstanding Plant**  
"The step we have taken this past year in erecting the new buildings in Cook road has given us an outstanding physical plant as a new setting for these traditions."

"The third element—what is produced in these buildings—is in our minds the most important of all. We are trying to train our students with skillful teachers equipped in their subjects. We are trying to get each young person to grasp for learning. We are trying to get each student to stretch a little in whatever field he is interested in. We are trying to turn out well educated students and mature people."

Last year, the American Red Cross participated in 318 disaster relief operations throughout the nation, and gave emergency mass care to over 62,000 people; plus long-term aid to 7,100 families.

**Community Cooperation**  
Close cooperation with the community has already distinguished the school, which draws 10 percent of its students from the scholarship rolls of the public schools.

GPUS has always worked closely with the Grosse Pointe Board of Education, which purchased the Grosse Pointe Country Day School and grounds for \$710,000 in April, 1953.

Students from Wayne University practice teaching in the GPUS nursery school and increased extension courses from Wayne U. will be offered by GPUS. The school hopes to offer the facilities of its new gymnasium and auditorium to the community for future undertakings.

**Alumni Invited**  
Among the former trustees and alumni of both schools who have been invited to the dedication ceremony are Henry Ford II, Percival Dodge, G. R. Fink, J. E. Ford, Jr., Dr. John G. Mater and C. H. Haberkorn, Jr., one of the first students enrolled in DUS when it was founded in 1899.

Mr. Ferry, president of the board of trustees, expresses the school's hopes for the future.

"What we are trying to do in our school is to provide our community with a top-notch educational institution from Nursery School through twelfth grade. We have fine traditions going back for DUS to the beginning of

**Cottage Hospital Elections Held**

The Cottage Hospital Corporation held its annual meeting last evening, January 26, in the hospital dining room with Mrs. Carl Grawn, president, presiding. Dr. Roland M. Athay, Medical Director of the Detroit Committee on Alcoholism, was the guest speaker, reviewing the progress which has been made by his commission.

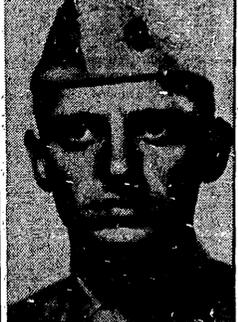

Following his speech, the corporation meeting was held at which Mrs. Robert Conder and Mrs. Nelson Holland were elected as new trustees. Also elected to succeed themselves were Mesdames John Garlinghouse, Henry H. Hubbard, Richard P. Joy, Jr., Henry B. Joy, Jr., S. R. Livingstone, Joseph B. Schlotman, Stuart Wells Utley and Alexander L. Wiener.

Later in the evening, the new board of trustees met to elect the officers for the coming year. Mrs. Grawn was re-elected as president. Mrs. Cameron Waterman III and Mrs. Henry B. Joy, Jr., were chosen as first and second vice-presidents. Mrs. Burdette Ford was elected secretary with Mrs. George R. Fink, her assistant.

Other officers who were re-elected were Mrs. Schlotman and Mrs. Weiner as the corresponding secretaries and Mrs. Utley and Mrs. Andrew Barr as the treasurer and assistant treasurer.

Burdette Ford was elected chairman of the men's advisory committee and R. L. Proper as his vice-chairman. Re-elected to this committee were Henry E. Bodman, William DeBaeke, George R. Fink, Henry B. Joy, Jr., Ernest Kantzler, James W. Lee II, S. R. Livingstone, John N. Lord, John McLucas, Allen W. Merrell, William Moir, William K. Muir, Joseph Vance, Jr., and W. T. Zur Schmiede.

**Marine Officer**

**QUANTICO, VA. (FHTNC)**— Graduated Dec. 18 from the five-month Officers Basic Course at the Marine Corps Schools here was **MARINE SECOND LIEUTENANT HAROLD G. GOLLA, JR.**, a graduate of Virginia Military Institute.

He is the son of Mr. and Mrs. Harold G. Golla of 1386 Hollywood, Grosse Pointe Woods, Mich., and husband of the former Miss Mary C. McGlynn of 1493 Hollywood avenue, Grosse Pointe Woods.

He has been assigned duty here.

**Library Offering Night of Movies**

The Grosse Pointe Public Library's Family Film Night for February is scheduled for Friday, the 4th. It is to begin at 8 p.m. in the upstairs meeting room of the Central Library at Fisher and Kercheval.

It is patterned after the two preceding monthly programs and will include four short films chosen to appeal to family groups. On the program will be travel films, an informational film, and a short feature especially chosen to appeal to the children in the audience.

The purpose of these Family Film programs is a dual one—to provide Pointers with an opportunity to see films not generally shown in commercial theatres and to call attention to the film service of the library.

One or more of the items on each monthly showing are from the library's permanent or temporary collection and so are available without charge for home or group use in the community.

Adults, and elementary and junior high school children if adult, are invited to come to the February 4 showing. Full program details will appear in next week's papers.

**John W. Ineed Advanced In Naval Air Training**

**CORPUS CHRISTI, Tex. (FHTNC)**— At the Naval Air Station here for advanced training is Naval Aviation Cadet John W. Ineed, son of Mr. and Mrs. W. F. Ineed of 380 Neff road, Grosse Pointe, Mich.

He was a graduate of Grosse Pointe High School and attended the University of Michigan.

Before receiving the "Wings of Gold" and an aviator's diploma, students go through phases in night flying, formation flying, gunnery and bombing.

They fly both propeller and jet type aircraft during the course.

The Advanced Training Command, with headquarters at the Naval Air Station, Corpus Christi, also trains pilots at Cabanis, Kingsville and Beeville, Tex.

**Young Boy Scout Hailed as Hero**

Mike Rogers, second class scout of Boy Scout Troop 619, is being hailed as a hero by his pals and his scoutmaster, Vince Noraco.

Mike is 11 years old and lives at 1205 Cadieux road. He is a sixth grade pupil and a member of the Safety Patrol at Maire School.

On January 2, Mike and a friend, Jack Wilson of Mt. Clemens, were shooting targets on a frozen pond outside of Fowlerville, Mich. They were firing at flashlight bulbs with their BB guns at the mouth of a small inlet.

Jack got out too far on the thin ice and plunged through into about five feet of water.

Mike maneuvered cautiously over the ice and succeeded in both getting Jack back on thicker ice and in retrieving his gun, which had been a Christmas present.

Mike helped his wet and shivering friend back to the Wilsons' cottage, where grateful parents bestowed their thanks.

**Exchange Clubs Honor Pointers**

The mid-winter conference of the 62 Exchange Clubs of Michigan was held on Saturday, January 15, at the Hotel Olds in Lansing.

Representing the Grosse Pointe Exchange Club at this meeting were Robert Betzing, Morris DeFour, William Berne, Scott Orr and Raymond Lynch.

During the meeting Raymond Lynch of N. Oxford road was installed as the District Governor of the eight Exchange Clubs of Eastern Detroit.

At a meeting of the Metropolitan Council of Exchange Clubs at the Wyandotte Club on Tuesday, January 18, Scott Orr of the Grosse Pointe Club was installed as a member of the Board of Control of the Council.

The Grosse Pointe delegates to this meeting were Dr. William Labadie, Raymond Lynch, Arthur Dannecker and Wynn Walters.

**Larry J. Roumell Spends Week's Leave in Tokyo**

**TOKYO**— PFC. Larry J. Roumell, 19, son of Mr. and Mrs. Chris Roumell, 454 Colonial court, Grosse Pointe, Mich., recently spent a week's leave in Tokyo from his unit in Korea. Tokyo is Japan's largest metropolitan area and one of the largest cities in the world.

Roumell, regularly stationed in Korea as a radio operator in Headquarters Battery of the 7th Infantry Division's 57th Field Artillery Battalion, entered the Army in January 1954 and arrived overseas in September.

He is a 1953 graduate of Nativity High School in Detroit and attended Wayne University.

**MILK FUND MEETING**

The next regular meeting of the Milk Fund Association of the House of Providence will be a luncheon at the Women's City Club at 12 o'clock on Tuesday, February 1.

### Hospital Gives Pins to Helpers

The first annual meeting of the Women's Auxiliary to the Cottage Hospital was held Friday, January 14, at the Grosse Pointe War Memorial Center.

One of the highlights of the meeting was the awarding of

Joy, Jr., to her top five volunteers.

Mrs. Joy is chairman of the Volunteer Guild, and the following five women have served over 150 hours duty in the hospital: Mrs. Wm. Heyd, Mrs. Wm. Krieger, Mrs. Irwin Kunerth,

Mrs. Louis Gepford and Mrs. Wilfred Steiner.

The main project of the Auxiliary in 1955 will be the opening of a gift shop in Cottage Hospital.

It's worthwhile to take inventory on ourselves now and then—and the first of the year is the proper time.

## Men's Garden Club Elects

Members of the Men's Garden Club of Grosse Pointe have elected the following officers and directors to serve during 1955:

President, Vincent R. De Petris; vice-president, Thomas Robitaille; treasurer, Robert A. Hackathorne; recording secretary, Alfred R. Tapert; corresponding secretary, Edmund J. Boell, Jr.; librarian, Ralph S. Lombard; parliamentarian, Richard P. Huegli.

The new board of directors includes these officers and Leland J. Gilmour, Edward C. Roney, Jr., Nelson Frolund and Ben W. Beyer.

With membership at a new high of 126, the local club looks forward to even greater growth and is scheduling an interesting group of meetings for the year on the horticultural arts.

Among the many achievements of its 18 months' existence are the club's annual awards for the most effective landscaping of public structures and its participation in activities of the men's Garden Clubs of America.

Meetings are held at the War Memorial Center on the third Thursday evening of each month.

## P.T.A. to Show Hunting Movies

Karambi, a feature-length motion picture film story of a three-month hunting safari in the heart of Africa, will be shown Saturday at Montith School, Cook road and Chalfonte avenue. There will be three performances, two in the afternoon at 1:30 and 3:30 p.m. and one in the evening at 8 p.m.

Presented by the Montith Parent-Teachers Association, the film, in full natural color, portrays the true-to-life adventures of E. P. Hurd and his son, Ed, of Detroit, as they travelled more than 10,000 miles through the rich big-game country of Africa.

There are scenes of lions, rhinos, elephants, hippos, buffalo, leopards and many other animals, habits of the primitive tribes and the day-to-day living in a safari camp. Narration is by the well-known Milton J. Cross with a background of symphonic music. The picture runs a full one hour and a half, and admission is 25 cents for children, 50 cents for adults. Tickets for the afternoon showings may be purchased in advance at the school while those for the evening show can be purchased at the door only.

### Clarence Kramers Home After New York Visit

Mr. and Mrs. Clarence A. Kramer have returned to their home in Bedford road following a junket to New York City.

Mr. Floyd VanSickle

### Inkster Husband says, "Blue Cross-Blue Shield saved us years of debt!"

"I guess no one would mind paying \$100 to get out from under \$1150 in hospital and doctor bills," says Mr. VanSickle, of Inkster. \$1050—that's what Blue Cross-Blue Shield saved my family. I spent a month in the hospital this year. Had no idea that it could cost so much, but I had to have a lot of attention. Our Blue Cross Comprehensive Contract covered all but \$40 of the bill, and Blue Shield paid my doctor \$190. It just goes to show how valuable Blue Cross-Blue Shield is when you need it. My wife and I are certainly thankful we've got Blue Cross-Blue Shield. Wouldn't have anything else!"

Unexpected hospital bills! They happen to one in every three families each year. Will you have one in your family this year? If so, wouldn't you be a lot safer if you had protection like the kind that saved \$1050 for Mr. VanSickle's family?

Find out how you can get low-cost Blue Cross-Blue Shield group coverage for hospital and doctor bills. A company with as few as 5 employees may qualify as a group. Today, call or write: Blue Cross-Blue Shield, 441 E. Jefferson Ave., Detroit 26, Michigan. Phone WO 5-2700.

## From Another Pointe of View

By Jane Schermerhorn

Father James Clarke, of St. Clare de Montefalco, recently took a quick trip East . . . saw some New York shows . . . and then went over to Purchase, N. Y., to call on his sister, who is Manhattanville College's Mother Clarke, teacher of philosophy. He was surprised to learn Mother Clarke has taken up ice-skating and found himself at the side of the college rink watching her glide easily along. Now Barbara Ann Scott happens to be a friend of Father's, so he teasingly said to Mother Clarke, "My, I must tell Barbara Scott about your skating. She must look to her laurels. You're very good." "Yes," twinkled back Mother, "and be sure to describe my costume to Miss Scott!"

### Engagement Announced

Right on the brink of February, Cupid is darting all over the column today. The Cletus J. Wellings, of Oxford road, for instance, returned from a short holiday at the Homestead in Hot Springs, Va., and got right down to the romantic business of announcing the engagement of daughter, Marilyn Anne, to Gerald Lawrence Unieski of Schenectady, N. Y. They'll be married on Easter Monday (April 11) in St. Paul's on the Lake Shore, with reception at Detroit Yacht Club. Marilyn graduated from St. Mary's Academy, at Monroe, Mich., and from Syracuse University. At the university she was a member of Theta Phi Alpha and Gamma Alpha Chi. Gerry is the son of Mr. and Mrs. Frank Unieski of Schenectady.

### Mulford-Dixon Wedding

Then last Monday at an 11 o'clock ceremony in the Provencal road home of Mr. and Mrs. John W. Mulford, their daughter, Joan Mulford Murphy, was married to Peter White Dixon, of Birmingham. The Rev. Erville Maynard, of Christ Church, Grosse Pointe, officiated at the ceremony attended by members of the family and now the young Dixons are on their Guatemalan wedding trip, having sailed Wednesday from New Orleans. The bride wore a Ceil Chapman frock of beige peau de soie with cell blue velvet chapeau, matching slippers. She pinned blue spray orchids on her white prayer book. Mrs. Sterling E. Graham, Jr., of Chagrin Falls, O., was her sister's only attendant, pretty in gray brocade frock, waltz length, with little pink velvet hat, matching slippers and a bouquet of pink camellias. John Dixon was his brother's best man and Robert Dietrich was usher. When Joan and Peter return from Guatemala, they will make their home in Torrey road.

### A New Junior League

"You know, everyone's life is so busy that only a wonderful gal like Connie Greiner could possibly have started a new club in Grosse Pointe," someone said to us the other day. Tuesday was that "starting day" for the Junior League of the Carmelites and its organization meeting was held at the home of "Connie," Mrs. Claude A. Greiner of Lake Shore road. Mrs. Emmet E. Tracy, president of the Auxiliary of the Discolored Carmelites, and first vice-president, Mrs. Michael J. Kearns, asked Mrs. Greiner to do the ground work. Purpose of the Junior League will be to raise funds for the work (Continued on Page 15)

## Frederick H. Murphys Honeymoon in South

Former Catherine Barnard Moore and Bridegroom Leave For South After Nuptials in St. Paul's on The Lake Shore: Will Live on Maumee Avenue

Mr. and Mrs. Frederick Hiccup Murphy, whose marriage was solemnized at an 11 o'clock nuptial mass last Saturday noon in St. Paul's on The Lake Shore, are on a Southern honeymoon today.

The former Catherine Barnard Moore is the daughter of Mr. and Mrs. W. Van Husan Moore, of Lakeland avenue, and the bridegroom's parents are Mr. and Mrs. William Chapaton Roney of Provencal road.

Following the church ceremony, Mr. and Mrs. Moore were hosts at a reception in the Country Club of Detroit.

There was elegant simplicity in the gown of candlelight taffeta worn by the bride. A softly shirred bodice, buttoned down the back, extended into snug waistline and then swelled into the bouffant skirt and slight train.

Soft, all-around pleating detailed the hipline of the gown which had slender, buttoned sleeves extending into V's at the wrist.

The bride wore an ecru-toned mantilla of heirloom lace which has been in the Moore family for four generations. It was given to Catherine when she was only eight years old by her godmother. White camellias with stephanotis and ivy formed the wedding bouquet.

Bridal attendants wore emerald green taffeta gowns with narrow sashes of matching velvet. Velvet bands of their heads were also in emerald. They carried sprays of white roses tied in the emerald velvet.

Mrs. William W. Boeschstein was matron of honor and the maids were Josephine Scherer, Ann O'Brien, Valerie Morgand of Longport, N.J. and Mrs. Cornelius Ray III.

William C. Roney Jr. served

his brother as best man and the groomsmen included James P. Thompson, Charles W. Casgrain II, Jack Cudlip, Stanley Day, Richard Rohrbach and Cornelius N. Ray III.

For the wedding and reception, Mrs. Moore chose navy blue taffeta, relieved at the neckline by flesh pink illusion embroidered in blue sequins. Her hat was navy velvet and she pinned pink camellias to her handbag.

Mrs. Roney wore a French blue taffeta gown with wide insets of matching lace in bodice and skirt. Her hat was a dashing American Beauty velvet and she also had pale pink camellias.

After their Southern honeymoon, the young Murphys will return to the Pointe to make their home on Maumee avenue.

## Charles Russell Reads In Northern Michigan

### Marilyn June Wyckoff and Bridgroom Leave on Wedding Trip in Northern Michigan Following Their Marriage in Grosse Pointe Congregational Church

In Northern Michigan today are Mr. and Mrs. Charles Russell Read whose wedding took place last Saturday evening in Grosse Pointe Congregational Church.

The former Marilyn June Wyckoff and her bridegroom repeated their vows at a candlelight service which was followed by a reception in the church parlors.

Marilyn is the daughter of Mr. and Mrs. Homer John Wyckoff, of Grayton road, and Charles is the son of George Read, of Eunice, La., and the late Mrs. Read.

The bride's robes of candlelight satin were trimmed in appliques of heirloom lace. The molded bodice was finished with lace at the neckline and attached to a great skirt of the lustrous satin.

A silk illusion bridal veil fell from a lace Juliet and Marilyn carried a cascade bouquet of stephanotis centered with a white orchid.

Nancy Wyckoff was her sister's maid of honor while Mrs. Robert Martin, of Ann Arbor; Anita Reid of Chicago, and Joan Mohr were the bridesmaids.

They wore identical gowns of aqua crystalette, trimmed in matching velvet. On their heads were garlands of matching velvet leaves and blossoms and their bouquets were composed of lemon yellow carnations.

Assisting the bridegroom as best man was Richard Vieulin and ushers comprised the bride's brother, David Wyckoff; David, Maihot and Robert Kunkle.

A gown of navy faille with chic chapeau of natural straw was worn by the mother of the bride who pinned beige spray orchids to her purse.

For traveling, the new Mrs. Read donned a three piece suit of camel hair which was set off by brown and white accessories.

The young Reads will live in Detroit upon return from their wedding trip.

Preceding their marriage, a series of parties complimented the Reads. Among the hostesses was Mrs. James P. Hueste, of Yorkshire road, who gave a dinner party for the couple, with her

## To Hear Lecture By Upton Close

Upton Close, prominent author and lecturer, will be the next speaker at the Grosse Pointe Celebrity Series. He will address the series audience in the Esquire Theater at 11 a.m. on Thursday, February 3, on the subject "Government Is Your Business."

Mr. Close will be entertained at a luncheon following the lecture, in Al Green's restaurant.

The lecture series is sponsored by the Assistance League of Bon Secours Hospital, and all proceeds are donated to the hospital.

Upton Close was born in Washington as Josef Washington Hall, and is listed in Who's Who under his own name and also under his penname of Upton Close. This "nom de guerre" as Atlantic Monthly called it, was acquired in China to delude a Japanese general who investigated the identity of a newspaper correspondent signing his dispatches "Upton Close."

Author of best-selling books "Revolva of Asia," "What Next in Asia for Americans," "Behind the Face of Japan," and others, Mr. Close has spent years in China, Japan, South Asia and India in the fields of journalism, intelligence and exploration. It is here he became an enemy of Communism, and his entire career has been an ardent fight against it.

There are hundreds of stories with laughs, as well as the most sinister developments in history to consider when you enter the world Upton Close has seen and describes so well. To Upton's first book of adventure "In the Land of the Laughing Buddha" was attributed the line from Herodotus — "All of which I've seen, some of which I was."

That's the amazing forty years of human history — seen with Upton Close.

## Cinerama Party To Aid Hospital

The members of the Detroit Memorial Hospital Auxiliary are planning a gala evening on Tuesday, February 15, at Music Hill when "Cinerama Holiday" will have its Detroit Premiere. A gratis contribution from the owners of Cinerama for the benefit of Detroit Memorial Hospital.

Bud Guest will be master of ceremonies for the program of the evening, which will include the appearance of Lowell Thomas and some of the members of the cast of "Cinerama Holiday."

The committee in charge of the event is headed by Mrs. James E. Loftstrom and Mrs. Edward F. Eldredge. Assisting them are Mrs. Paul Marco, publicity; Mrs. Eugene McCafferty, tickets; Mrs. J. F. Wenzel, patrons; Mrs. T. H. Heenan, commercial solicitation; Mrs. Benjamin Jefferies, program and reception; and Mrs. George Peggs, team hostesses.

Among those listed as patrons at this time are the following Grosse Pointers—Mr. and Mrs. William J. Athanson, Mr. and Mrs. William A. Austin, Ernest L. Boggs, Mrs. Elmer Benzin, Dr. Lee Carrick, Hon. Frank Fitzgerald, John B. Ford, Mr. and Mrs. George A. Gardella, Mr. and Mrs. Mervyn G. Gaskin.

Also—Mr. and Mrs. Melvin S. Huffaker, Dr. and Mrs. E. R. Jennings, Mr. and Mrs. Simpson C. Leonard, Mrs. Otto Lundell, Mr. and Mrs. Clayton C. Purdy, Dr. George Rieckoff, Dr. and Mrs. L. B. Saraf Dr. and Mrs. Karl W. Weber, Mr. and Mrs. O. L. Wigton.

## Mrs. Charles Russell Read

At a ceremony in Grosse Pointe Congregational Church, the former MARILYN JUNE WYCKOFF, daughter of Mr. and Mrs. Homer John Wyckoff, of Grayton road, was wed to the son of George Read, of Eunice, La., and the late Mrs. Read. The newly-married Reads went to Northern Michigan on their wedding trip.

## AAUW to Hear French Consul

An opportunity to hear the French Consul for the Detroit area will be extended to Grosse Pointers when Jean Belliard speaks Thursday evening, January 27, before the Grosse Pointe Branch of the American Association of University Women. The War Memorial Center will be opened for the meeting, which is to be at 7:45 p.m.

Taking "Franco-American Relations" as his topic, Mr. Belliard will stress points of interest to all international-minded Americans. Mr. Belliard is presented by the International Relations Study Group of AAUW, who invite members to bring husbands and guests.

Arrangements for the meeting were made by the committee headed by Mrs. Arthur Hillegas, and Mrs. Melvin Van Dagens, Mrs. Albert Conkey, Mrs. R. W. Cunningham, Mrs. Louis Gepford, Mrs. William Krebs, Mrs. Fred Lewis, Mrs. John Thomas, Miss Louise Rau, Mrs. John Vandenberg and Mrs. Edward Wright.

## Virginia Glass Bride Of Donald J. McKenzie

### Couple Repeat Vows at Candlelight Ceremony in Grosse Pointe Memorial Church Last Friday; After Brief Wedding Trip Return to Lake Shore Village

A candlelight ceremony in Grosse Pointe Memorial Church on Friday evening marked the marriage of Virginia Claire Glass and Donald J. McKenzie.

The parents of the bride, Mr. and Mrs. Frederic Nelson Glass, of Berkshire road, were hosts at a reception in the Grosse Pointe Yacht Club after the church service.

For her marriage to the son of Mr. and Mrs. Donald J. McKenzie, of Bedford road, the bride donned a gown of beautiful rose point lace over white satin.

Its molded bodice, with scoop neckline and long, fitted sleeves, was attached to bouffant skirt which swept into chapel train.

The same lovely rose point formed the bridal cap from which fell a fingertip length veil of imported silk illusion.

Virginia carried white orchids, stephanotis and variegated ivy in her wedding bouquet.

Bonnie Reitz was maid of honor with Ginger Funston and Dorothy Hill serving as bridesmaids. Seven-year-old Diana Lynn Hessler, in blue embroidered white nylon, was flower girl.

The attendants wore waltz length frocks of peacock blue velvet, the skirts distinguished by the new tight and narrow look at front, and finished in back with full bustle effect.

They wore tiny velvet hats to match, with brow veils. Miss Reitz carried white iris with vari-

## Tea to Benefit Italian Orphans

A benefit tea for the Orphans of Italy, honoring Rev. William Porter Carloni, will be held Thursday, February 3, from 2-6 at the home of Mrs. D. C. Turner of 76 Grosse Pointe Boulevard.

Guests will be received by Mrs. C. E. Daniel, Mrs. F. J. Houlihan, and Mrs. D. C. Turner. At the organ will be Ellen Rose Kappel of Lake Shore road playing many of her own compositions.

Assisting at the tea table will be Mrs. J. Harry Brickley, Mrs. John Bauer, Mrs. M. J. Chargot, Mrs. Louis Kappel, Mrs. Emmet Tracy and Mrs. Lester Ruwe. Ellen Houlihan with Sharon, Susan Turner and Patricia Binge-man will distribute flowers among the guests during the afternoon.

## Knights of Columbus To Hold Dance Feb. 5

Mrs. Vismara Council 3725, Knights of Columbus, Harper Woods, is planning a dance to be held for members and friends on February 5, at the Council Hall, 19273 Harper avenue.

There will be dancing and refreshments from 8 p.m. on. All are welcome. Tickets can be secured from any Vismara Knight or at the door.

## Hospital Guild Offers Lecture

The St. John Hospital Men's Guild is presenting a series of lectures by various members of the staff on medical problems of interest to the layman.

The second such lecture, on January 31, will feature Dr. John M. Murphy of the Department of Internal Medicine in a discussion on Heart Disease—"It's Causes and Prevention."

Along with this lecture a new film "A Matter of Time," will be shown for the first time in this area. This film was produced by the Institute of Life Insurance.

Admission is free and open to all men and the program will start promptly at 8:15 p.m. in the ground floor auditorium of the hospital, on Moorhead road and Chandler Park drive.

## Social Studies Group Of AAUW to Meet Feb. 15

Mrs. James Morrison, 66 Hall place, will be hostess to the Social Studies Group of AAUW Tuesday evening, February 15. Miss Sue Barnett will relate experiences on a European trip made recently, and will illustrate the talk with her own pictures.

Assisting the hostess will be Miss Frances Ament and Miss Gloria Hanson.

## Theater Casts For New Play

"Gramercy Ghost" by John Cecil Holm has been recently cast by the Grosse Pointe Community Theater.

Bill Witherell Jr., 357 Roosevelt place, has been cast for the character role of Officer Morrison. This New York policeman arrives on the scene for a most peculiar reason, but always proves to be of considerable help.

John Henderson, 5734 Grayton, will play the title role, the ghost of Nathaniel Coombs, a revolutionary soldier. John has quite a background of theatrical experience including two years of summer stock in New Jersey and Canada.

Other members of the cast include: Dean Erskine, Bill Shearer, Marie Litwaitis, Jean Hawkins, Phyllis Reeve, Peggy Pressley, Barbara Roney, Donald Murray, Colleen Kennedy and Jack Robinson.

Gramercy Ghost is a rollicking comedy about an unwitting ghost who causes a great deal of trouble to a seemingly happy and normal group of people.

The play will be presented in the Cannon Memorial Auditorium on February 25, 26, and 27. For ticket information call Dick Robbins, TU 5-5382 or Frank Standish, TU 1-9314.

## Cub Scout Pack To Present Show

"What are little boys made of?" Why everyone knows! "Snips 'n Snails and puppy dog tails."

Those going to see "Snips 'n Snails" Friday, February 11, at 8 p.m. at Parcels School, will learn what Cub Scouts are made of and what they can do.

Some 80 boys from Cub Pack 38 will don greasepaint and costumes for their Variety Show, which includes everything from "take-offs" of TV Shows, wrestling matches, square dances and kitchen band skits, to more formal patriotic scenes. The show has been written and directed by Den Mother, Mrs. Alex L. Kennedy.

Assisting the producer, William Raven, is the Cubmaster, Arthur Dlouhy, the Chief Den Mother, Mrs. J. Harold Meach and Den Mothers, Mrs. Arthur Olechowski, Mrs. Joseph Ferry, Mrs. Robert Hamel, Mrs. George Runstadler, Mrs. William Raven, Mrs. Terese Murphy, Mrs. Eugene Brodowicz, Mrs. Francis Keleher, Mrs. Michael Hanlon, Mrs. Joseph Posch and Mrs. Alberta Ross.

Miss Barbara Unti and Mrs. John Pettit are in charge of music and Mrs. Victor Taylor is handling makeup and wigs.

Al Kingsbury, John Crains, James Barresi, and Arthur Martz are in charge of props.

Herbert Connolly and Mrs. Meach are the publicity committee.

## Pointe Patrons For Concert

Quite a number of Grosse Pointers are looking forward to the concert of the Detroit Women's Symphony Orchestra this Friday evening at the Detroit Institute of Arts Auditorium at 8:30 p.m. Gizi Szanto, Detroit pianist, is the guest artist of the evening. She will perform the Mozart Concerto in D Minor.

One of the few all-women orchestras in the country, this unique group is now opening its eighth season with Victor Kolar as conductor. The group specializes in the "little symphony" type music, although not exclusively a "chamber" type body. Mr. Kolar has been its conductor since the group was organized in 1947.

Friday evening's orchestral program will include Haydn's G Major Symphony, the Capriol Suite for Strings by Warlock, "To a Wild Rose," by MacDowell, and the Scherzo movement from Schumann's Symphony No. 2.

Grosse Pointers who have patron tickets include Mrs. Fred T. Murphy, Mr. and Mrs. Joseph N. Jennings, Mr. and Mrs. Arnold W. Lungershausen, Mrs. Frank W. Coolidge, Mr. and Mrs. Howard E. Blood, Mr. and Mrs. Glenn T. Gessell and Mr. and Mrs. Henry E. Bodman.

The Albert J. Grundys are attending with Mrs. Henry F. Crossen. Mr. and Mrs. Gerald Chamberlin and daughter, Joy, are taking as their guests, Mr. and Mrs. Marvin Simons. Also planning to attend from the Pointe are Miss Christine Symington, Mr. and Mrs. Philip D. Dexter and the Harry E. Barnards.

Mr. and Mrs. Covert R. Hunter and the L. Leroy McKinneys, both of Lennon avenue, are occupying their usual seats in row J, together with the Frank S. Tullars, Mr. and Mrs. Phillip R. Flanders, Mr. and Mrs. Richard S. Shannon and Mr. and Mrs. Lester A. McIntosh. Since the orchestra's first season, this group has been having supper together after each concert of The Detroit Women's Symphony Orchestra. This year, the supper party will take place at the Lester A. McIntosh's residence on Warwick drive. Co-hosts with the McIntoshes for the evening's party will be Mr. and Mrs. Richard S. Shannon. Also attending the supper party at the McIntosh's will be Mr. and Mrs. Stuart Friedrich and Mr. and Mrs. Vernon L. Venman. Mrs. Venman is honorary chairman of the Board of the Women's Symphony Orchestra. Sitting with the Venmans at the concert will be Dr. and Mrs. Robert M. Frehse.

Mrs. Frank Zocharski, general chairman of the executive board of the Orchestra, will be playing in the first violin section during the concert. Mr. Zocharski with son, Dennis, will be in the orchestra section of the auditorium with their guests Mr. and Mrs. Richard Kotzer.

Others attending will include Mr. and Mrs. Walter Gehrke, Mr. and Mrs. J. Bertram Bell, Dr. and Mrs. Carl Beutel, Mr. and Mrs. Gerard Moore, Dr. and Mrs. Warren B. Cooksey, Mr. and Mrs. Kurt R. Keydel, Mr. and Mrs. Arthur Luck, Mrs. Alva L. Balsam, Mrs. Michael Freeman, Mrs. J. Verne Cordes, Dr. and Mrs. Otto Grob, Mr. and Mrs. H. H. Gardner, Mr. and Mrs. Arthur Tilton, Mr. and Mrs. Benjamin Wilson, Mrs. Bernard Halinski, Mr. and Mrs. Kenneth Person, Mrs. Marshall G. Houghton, Mr. and Mrs. E. C. Greer and the Robert B. Hauss.

MSC 100 YEARS OLD Founders' Day on Saturday, February 12, will formally open Michigan State College's year-long observance of its 100th anniversary.

## Along the Road

by Roberta Isley

MAIS OUI. C'est bon. We're alluding to the Parisian window at 371 Fisher Road. The reason for the big splurge is the fact that France's most famous girdle, Scandale, is being featured in America. Florence Riley features the newest models from a group shown in Paris as a couture collection: Demi-bras . . . strapless corselettes . . . and the high waisted girdles. All play up the elongated look . . . and are all shockingly pink! Incidentally her new swim wear is good-looking. Personalized fittings . . . always.

LEMON Parisian slices with whipped butter cream . . . L mince turnovers . . . caramel custard puffs are just a few specialties of the new Winkler Bakery Department at Farms Market. Each day holds some special taste thrill. For example, tomorrow, you can order lemon squares . . . date nut butterfies . . . along with other fresh baked goods. Birthday cakes are a specialty . . . and can be ordered in advance. 351 Fisher Rd., TU. 2-5100.

SIGNS of Spring . . . 1955. Here in the Pointe at Greta S Turner's the talented fingers of her stylists scissor a smooth transition coiffure for you. Outstanding is the fact that the cut is smooth. Exacting lines plus a gentle forward tendency give your haircut real beauty. A good shaping means a lovely hair do. 373 Fisher Rd. TU. 2-6240.

ARE you nourishing an interest in provocative decorating fabrics for any particular room in your home? Do you crave subtle tones . . . dramatic touches . . . fabulous textures? Then see these fabrics that shine in the daylight and gleam at night. Choose your own hand-screened prints for draperies . . . slip-covers, bedspreads, pillows. Upholstering fabrics are available, too. Especially for casement curtains they feature gossamer like material. Special orders from this collection are taken at Gillis' Modern Home Furnishing . . . 403 Fisher Rd., TU. 2-7877.

THE color of the fabric doesn't make any difference. Say it's a brisk shade of blue he wears or grey flannels . . . they can be so expertly hand-finished at Mondry Cleaners. And they've been known to hand-finish the most opulent of gowns . . . much to the complete satisfaction of Madame. 369 Fisher Rd. . . TU. 5-4800.

THEIR last jaunt to New York marks the beginning of something new at Yarncraft. For, after this shopping spree they are beginning to feature a sportswear department. Spring knitting goes ahead here with every conceivable kind available . . . loved the red, white, and blue jacket that will be completed sometime this week . . . 343 Fisher Rd., TU. 1-0595.

THE color of your hair depends on you . . . the salon and basically the chemists have really done a good job for the Helene Curtis tints. It always gives a true tone. The problem of fighting the reds has been eliminated. They're excited about their re-vitalizing permanent wave. It is particularly good for women who have hard to wave tresses. 405 Fisher Rd., TU. 2-7511. Ann Louise Beauty Salon.

PROUDLY the Clothes Line informed us these are "Ours Alone". And after a viewing we know that these dyed-in match separates will be found wherever fashionable suburbanites gather . . . anywhere and everywhere under the sun. It's the color here! Both jubilant and subdued tones. There is powder-blue and filbert with filbert fringe here 'n there . . . goes a deep green, with white . . . cyclamen print . . . Damsen plum with petunia pink . . . pimperlend red with cyclamen . . . charcoal with yellow. The fine embroidery you'll find on some is hand-detailed. All the pieces are fashioned of Moygashel Linsen. The blouses are available in both sleeve and sleeveless styles. What is your pleasure . . . bermuda shorts . . . a blouse . . . a skirt? Or all three? 397 Fisher Rd., where there is ample parking space in the back.

## Cinema League To Hear Experts

Sherman Willson, supervisor of the Visual Audio Production Center of Wayne University, and Lawrence Silverman, also of Wayne's Visual Center, will appear before the Grosse Pointe Cinema League next Thursday evening, February 3, at 8 o'clock at the War Memorial Center.

They will discuss generally the topic of "What Movie Club Can Accomplish" and will show the movie, "Magic Day," which was produced at Wayne University under their direction. The movie, which has been on both NBC and CBS Television, shows the life of an average Detroit and how it is affected by the Community Fund.

Both Willson and Silverman are well known in the cinema photographic field having produced the prize films, "Hats for You" and "Clay on Your Hands." Willson, who lives on Yorkshire in Grosse Pointe, was supervisor of training film production in the Navy during World War II and now holds the rank of Commodore in the Naval Reserve.

Also on the program for next Thursday evening is election of officers and a discussion of dues and future programs for the Cinema League, according to Bill Kirby, temporary chairman. The League has been meeting under the auspices of the War Memorial for the past three months and attracted many east-side amateur photographers. Anyone interested in the Cinema League may call the War Memorial for further information.

## Manos Honored In "Big Story"

"The Case of the Terrified Town" will be dramatized on The Big Story Wednesday evening, February 2 at 9:30 o'clock, over the NBC network.

The program will feature the work of Detroit Free Press reporter Charles Manos. Mr. Manos will receive the Pall Mall \$500 Award and a specially mounted bronze plaque for notable service in the field of journalism.

Investigating the complaint that a Warren Township matron was giving wild, drunken parties at which she entertained teen-agers, the reporter learned that neighbors who notified police became victims of malicious destruction.

After personally ascertaining the validity of the complaints and witnessing the rowdiness and destructiveness of the young guests, Manos persuaded the terrorized residents to issue a formal charge demanding official action. His efforts loosened the stranglehold the strange woman had on the community and wiped out the nest of juvenile delinquency.

Before joining the Free Press, Mr. Manos served for several years as editor of the Grosse Pointe Review, which ceased publication about four years ago. He also has done considerable special assignment work for the Grosse Pointe News.

People who talk freely about their neighbors find themselves in a super-charged atmosphere.

**Annual Report Submitted By Park Judge Belanger**

The total revenue from fines, penalties and costs, violations bureau payments, and from fees paid the Park on State cases handled in the Municipal court, amounted to approximately \$29,430.10, an annual report presented by Park Judge C. Joseph Belanger showed.

The report showed that \$7,049.90, came from the fines, penalties and costs; \$22,163.50 was collected by the Violations Bureau; and \$216.70 came from the State in the handling of State cases.

Judge Belanger also revealed that 480 various matters were heard in his court during 1954; and that a total of 5,945 violations, including 279 pertaining to city ordinances, were settled at the Violations Bureau. Only 26 State cases were heard during the year.

It was pointed out in the report, that under the City Charter, fees collected for the various city ordinance violations are not retained by the Municipal Judge, but turned over to the City Treasurer.

Of the 26 State cases, the Judge revealed, fines and costs in the total amount of \$340 were assessed and paid in a total of six cases involving simple assault, use of indecent language, simple assault and battery, minors in possession of alcoholic beverages, and possessing and transporting alcoholic liquor in automobiles.

In seven of these cases, the defendants were remanded to the Wayne County Circuit Court for further proceedings, in matters involving breaking and entering with intent to commit larceny; unlawfully driving away an automobile, grand larceny and breaking and entering a building in the night time.

In three cases involving felonies, the defendants were committed to the Wayne County Jail in default of filing bonds. Other cases pertained to disorderly persons, assault and battery,

simple larceny, falsely representing age, uttering and publishing, non-support, malicious destruction of property, drunk and disorderly and temporarily committed to the Wayne County Jail.

Six cases were dismissed upon recommendation of the Wayne County Prosecuting Attorney; one defendant was found not guilty after trial.

In eight cases coming under local jurisdiction, Judge Belanger meted out sentences ranging from five to 30 days; and probation, in 28 cases, varied from 30 days to two years, with miscellaneous provisions including surrender of driver licenses, restitution of damages, no driving of motor vehicles, attendance at traffic school and like provisions.

In severe cases of traffic violation, 22 licenses were revoked for periods ranging from investigation by the Secretary of State for possible permanent revocation to periods of up to 2 years.

The report also revealed that in the 480 cases heard before Judge Belanger, 11 defendants were found not guilty; 33 cases were dismissed for lack of witnesses, inability to prosecute and other reasons; in 10 cases sentence was suspended, usually on the payment of costs; in 30 cases reports were made to Lansing for inability to serve warrants on various defendants; and in eight cases jail sentences were handed out.

The judge concluded his report with praise for Chief Deputy Court Clerk Mrs. Delia Monaghan, Police Chief Arthur Louwers and his department and to City Manager Everitt B. Lane for their co-operation and interest during the past year.

**Police Lodge Given Charter**

The Grosse Pointe Lodge No. 102, Fraternal Order of Police of the State of Michigan, composed of the members of the Park police department, received a hand-somely framed, hand-inscribed charter from the State Lodge of Michigan, on Saturday, January 15.

More About Fluoridation

Last week's editorial on the subject of fluoridation appears to have created something of a flurry among both opponents and proponents of the project which involves the addition of this chemical to our water. It also produced a few tangibles in the way of additional literature from both camps. Between the literature and the phone calls we put in a pretty busy weekend. We have been invited to luncheons to discuss the situation further, and to attend a meeting of the Detroit District Dental Society which will feature the celebration of the completion of a 10-year fluorine test.

Because of the obvious great interest in this subject, we are happy to contribute as much space as is needed to print in full a letter received from a member of the dental profession who apparently thinks we were a bit snide in some of our comments last week. Dear Mr. Edgar: Your editorial, appearing in the January 20 issue of the Grosse Pointe News, was read by me with considerable interest. I presume the matter which precipitated your comments was the insurance secured by the Farms City Council against any liability which might be incurred through the fluoridation program. This would imply that they had some doubts as to its safety, which of course, they should not have had, if they had thoroughly investigated the program.

Millions of people in these United States are now drinking water containing 1 PPM fluorides, and other millions have been using it in its natural state for generations without any ill effects. Its safety and efficacy have been established beyond any reasonable doubt. The Editor too, seems a bit frustrated and insinuates that the proponents of Fluoridation have furnished no evidence of its success and safety. A few months ago this writer delivered in person a series of articles, published by the American Dental Association, on Dental Health, to the office of the Grosse Pointe News. If the Editor has not relegated these articles to the wastebasket, he will still find much information there which may save him from the sad fate to which he claims his curiosity may deliver him. If he does not find sufficient information there, he may secure any information he wishes from the American Dental Association.

The Profession of Dentistry has, for more than a century, unselfishly sought a remedy for mankind's most common and widespread disease, tooth decay. Hundreds of thousands of dollars have been spent by organized Dentistry in research for the benefit of the public. If Fluoridation of the communal water supply will reduce dental decay by as much as 65%, isn't it only logical that the Profession would recommend it? I do not profess to speak for the Dental Profession, but I'm sure it isn't the intention of Organized Dentistry to ram a Fluoridation program down any Community's throat. It would seem to be their duty and obligation to endorse and recommend a program with the potentialities of this one.

The addition of chlorine to the water supply, vaccination and many other public health measures, had as much and as voluble opposition as Fluoridation. History records how brave men, struggling to combat yellow-fever, typhus, diphtheria and small-pox, met with the same opposition. I shudder to think of the lives which would have been sacrificed had the opposition been successful.

Fluorine in the drinking water is not new. It has also proven its worth and safety during a ten year research program in Grand Rapids. Let us be objective about this and give our future generations something for which to be thankful, rather than just heirs to our accumulated debt. This is a problem only insofar as we make it so.

A. V. D. (D.D.S.) P.S.: This is not written to you for publication, however, if you wish to do so, please use only my initials. I should also like to remind you that on Feb. 2 at the Hotel Statler the Detroit District Dental Society is having as its speakers men who pioneered in Fluoridation, namely Dr. Frederick McKay, Dr. H. Trendley Dean and Dr. Thomas Farron.

Letters to the Editor

Dear Mr. Edgar:

Those of us who have been experiencing a growing concern about the present fluoridation program in Grosse Pointe, greatly welcomed your splendid editorial in the last issue of the Grosse Pointe News. It was most timely and it adequately expressed the opinions many of us have regarding the present attitude of the Farms Council. Their refusal to determine public sentiment in the matter, and their more recent decision to buy insurance against future damage suits with the taxpayer's money puts them in a very unfavorable light in the eyes of many of our citizens. Since the matter relates to the welfare of everyone living in this area, it seems to me that every consideration should be given to the facts which the opponents of the program now have. Last summer I read the report of the House committee which held hearings on this same subject. The testimony given in opposition to the fluoridation of

water by nationally known doctors is in perfect agreement with Dr. Walcott's statements. If our citizens would read this report I am sure they would feel that these men are dedicated to the public welfare and that their conclusions should be seriously considered before adopting or continuing a project of this kind. There are doctors within our own community who support the testimony given at these House committee hearings, but they do not seem willing to back their beliefs by publicizing what they know to be true.

Both the Grosse Pointe News and Dr. Walcott are rendering the community a valuable service in presenting the facts to the citizens. We are not only grateful to them, but we also urge them to continue their investigation, so that we may have frequent reports on the whole matter.

Sincerely yours, Marjory I. Seeber, 213 Merriweather Road.

"An exile from home splendour dazzles in vain, Oh give me my lowly thatched cottage again; The birds singing gayly, that came at my call, Give me them, and the peace of mind dearer than all." (John Howard Payne)

Some weeks ago we wrote on the subject of pills... how some folks hate to take them and some will and do take not only their own but everyone else's. This latter group we will never understand, nor do we dig the people who call the druggist to prescribe for every and any ailment... and take whatever thing HE decides is best for them.

This preamble has to do with a true story we heard this week concerning quite a few people in the Pointe. The "star" of our saga is a woman who not only hates to take pills but is actually even scared to take what her personal physician prescribes for her. We will call her Mrs. Thing, the pill-hater, and start from there.

Our heroine's medicine cabinet is necessarily filled with one thing and another and right at the moment holds a bottle of capsules containing a combination of vitamin and laxative-lag preventor... a harmless enough drug which she is to take every other night.

Last week, Mrs. Thing's husband was out of the city over night, so she asked a woman friend to spend the night with her... and gave the friend HER room to sleep in because she thought it would be more comfortable. The woman came, spent the night and thus ends chapter one.

The following night, Mrs. Thing, back in her own bedroom, readied herself for bed and automatically opened the medicine chest, took the green bottle down, swallowed the nightly pill with a half glass of water... when suddenly she realized something was wrong. The pill didn't "feel" as large as her's on the way down!

Our heroine peered at the bottle (it looked the same) but she couldn't read the label. Out came her specs and what she read was "Mrs. Blank. Take one after each meal." It was labeled January 1953... and bore the name of a doctor not known to Mrs. Thing.

Well now... to a woman scared stiff of pills, this was the last straw. She had taken her friend's medicine (left by mistake from the night before), and she had no idea what in aich she had taken. Since our little woman is allergic to most medicines and PARTICULARLY sleeping tablets of ANY kind... she was in a state of fright that shouldn't happen to a dog.

With heart pounding and "clammy" from head to foot, she dashed to the phone to call her friend Mrs. Blank to ask what the pills might be. Naturally, Mrs. Blank was out. They always are! The maid said she was at the theatre and since it was now midnight, Madame would no doubt be home shortly and she would have her call.

The frightened pill-by-mistake taker figured she could be dead by that time, so she telephoned the doctor whose name was on the medicine bottle. That poor man, wakened out of a sound sleep and not knowing Mrs. Thing from a hole in the ground, was nevertheless sympathetic... but being half asleep, he didn't think to ask the frantic woman what the pills looked like and she didn't think to tell him!

All she got out of him was that he could hardly be expected to remember what he gave Mrs. Blank in the way of medicine... two years ago. It MIGHT be her gall bladder pills or it could indeed be sleeping tablets... but he would call the druggist at his home... give him the number of the prescription and see if HE could remember... then he would call back and reassure her.

Reassure indeed! By this time our heroine was really beside herself. Heart knocking about, cold perspiration, headache, stomach upset... the works! She waited an eternity for the phone to ring telling her she was not going to die. FINALLY it rang... the blessed doctor on the other end, with the information that the druggist did NOT recall offhand what the stuff might be... so he had to go down the street a few blocks, open up the store and have a look at his prescription book! He found that in 1953 that drug had been given Mrs. Blank for her gall bladder trouble and should not be harmful in the least to anyone else UNLESS that person had peculiarities to this type drug. That seemed all that could be done. It did NOT lessen Mrs. Thing's fears... but the pill was inside of her and there seemed little one could do.

Never the one to say die... she telephoned her friend back again and that dear lady had just walked in the door. By now, Mrs. Thing was so hysterical she could hardly be called coherent. She screamed at her friend... asking WHAT kind of pills she had left at the house the night before... and did her friend think she might die... because she had just taken one! It took a few moments for the owner of the dire pills to make out what it was all about. When she did... she took another two minutes out for laughter; then explained that they were simple vitamin pills.

Since she buys them in 2 quart jars, not easy to travel with, she just threw a few in an old medicine bottle and brought them along, then forgot to take them home with her. And that is thirty for THIS story... except to add a few "morals."

If you ARE an anti-pill character... and you have to take medicine in some form or other... keep your's in a separate place. Also, if you need glasses to read the telephone directory... then wear them to read labels on bottles. Another good thing to remember is if you have to wake a doctor up to ask him silly questions, be sure you describe the pills in question.

Our best advice, however, is NOT to invite guests to spend the night, who take medicine in any form unless you are the type who would just as soon join them in a capsule orgy as to have a drink with them.

Rabaut to Name Navy Candidates

Rep. Louis C. Rabaut announces a number of Alternate nominations open for the 14th District for designation to the United States Naval Academy at Annapolis for the class entering in July of this year.

The Department of the Navy has just approved a change in the regulations and now a member of Congress may nominate six candidates for each vacancy,

which means two additional alternates for each principal candidate.

Rabaut said he has eight alternate nominations open, two Third Alternates which have not been filled; and three Fourth and Fifth Alternates, each, in accordance with the new regulations.

"Those named will be given an opportunity to qualify for admittance to the Academy," Con-

Carelessness Creator of Accidents

By FREDD KOPP, R., Ph.

Almost a hundred per cent of accidents are caused by nothing more than carelessness... automobile, fire, drownings, falls. The remedy is simple, be careful at all times... this takes constant awareness and practice.

It is natural as we come to live in more densely populated areas that accidents will increase if we do not take extra precaution to prevent them. Being careful pays off in big dividends... practice it daily, your efforts will be rewarded when opportunity for accidents occur and you can successfully avoid them.

You won't need to regret the accident that never happened. This is the 528th of a series of Editorial advertisements appearing in this paper each week.

What Goes On at Your Library

By Jean Taylor

How can I persuade my child to practice? What stories would lend themselves to reading aloud? How can we keep the children amused during a long automobile trip? How shall we explain his first hospital trip to Johnny?

These are a few of the many questions asked every day at the library. You will find books which have the answers to these and other questions relating to the welfare of children, in a special section at the entrance of the children's room of the Central Library.

Some of these books have been taken from the adult collection, some from the juvenile and brought together in one place for browsing purposes. On these shelves are helpful suggestions not only for fathers, mothers and teachers but for group leaders, camp organizers, baby sitters, in short all adults who work or play with children.

The right book presented at the right moment can do much to slant Johnny's attitude to a new and strange experience. For example, "Johnny Goes To The Hospital" by Josephine Sever is a picture story book about a little boy who goes to the hospital to have his appendix out. The story and accurately drawn pictures portray the friendly atmosphere of this institution.

Persuading a child to practice is an old problem. There are several books which parents who hope to encourage a taste and liking for music will find helpful. "Children And Music" by Beatrice Landeck and "How To Help Your Children With Music" by Morris E. Wilson both offer sensible and practical advice.

Anyone desirous of promoting a child's growth through creative expression will do well to read "Your Child And His Art" by Viktor Lowenfeld. This discusses the "parents' role in the promotion of creative activity at home.

Another usable book for parents is written by two experts in family guidance, Mary and Lawrence Frank, and the title "How To Help Your Child In School" is descriptive of its content.

Two books invaluable to group leaders as well as parents and teachers are "Group Fun" by

Catherine Reilly and "Games And Game Leadership" by Charles F. Smith. The former is concerned with games and activities for girls and is addressed primarily to the lay leader. The latter is a comprehensive book with a wide variety of games including games to play in an automobile.

"Anyone can be a baby-sitter. But not everyone can be a good baby sitter," says Judy Flander in her "Baby-Sitters' Handbook." This little booklet gives information on caring for children, getting along with your employer and making the most of your sitting jobs. "A Manual For Baby Sitters" by Marion Lowndes is also good reading for the sitters who takes the job seriously.

Until the Friends of the Library meeting last Sunday afternoon, "Corporate Proxy Fights" were out of our ken. The panel discussion on this subject with Mrs. Jaw W. Sorge, moderator, Mr. Russell Lucas and Richard Nye of Grogson and Co., New York, brought light to a dark subject for us. The comments of the audience heard later over the chocolate cups were evidence of the enthusiasm with which this interesting program was received.

If you noticed an improvement in the column last week, we would like you to know that it was written by Margaret Luton of the Central Library staff. We are grateful to Peggy for her help and regret that her name was omitted as the writer of the column for January 20.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep. If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone.

### City of Grosse Pointe

#### Amendment of Parking Meter Ordinance

At a regular meeting of the City Council of the City of Grosse Pointe held on January 17, 1955 at the City Hall on 17150 Maumee Avenue, at 8 P.M., at which meeting a quorum was present and acting through out, on motion of Councilman Kenower seconded by Councilman Bergmann, the following amendment to the Parking Meter Ordinance of the City of Grosse Pointe was unanimously adopted:

#### Amendment to the Parking Meter Ordinance of the City of Grosse Pointe

Ordinance No. 74. An Ordinance to amend the Parking Meter Ordinance of the City of Grosse Pointe, being Ordinance No. 45 of the City of Grosse Pointe, by amending Section 8 thereof to provide in respect to enforcement of said Ordinance that each owner or operator of a vehicle parked in violation of a provision of said Ordinance may report at the Traffic Violation Bureau of the City of Grosse Pointe within one hour of the time when such notice was attached to such vehicle, and pay to the Traffic Violation Bureau as a penalty for and in full satisfaction of such violation the sum of Twenty-five Cents (25c), leaving unchanged all other penalties provided in said Parking Meter Ordinance. The City of Grosse Pointe ordains:

Section 1. Section 8 of the Parking Meter Ordinance of the City of Grosse Pointe, being Ordinance No. 45 of the City of Grosse Pointe is hereby amended to read as follows:

Section 8. ENFORCEMENT. It shall be the duty of the police officers of the City of Grosse Pointe, Michigan, witnessing a violation hereunder, acting in accordance with instructions issued by the Chief of Police to report:

(a) The number of each parking meter which indicates that the vehicle occupying the parking space adjacent to such parking meter is or has been parking in violation of any of the provisions of this ordinance or of any resolution duly adopted by the Council as provided herein.

(b) The State license number of such vehicle.

(c) The time during which such vehicle is parking in violation of any of the provisions of this ordinance.

(d) Any other facts, a

knowledge of which is necessary to a thorough understanding of the circumstances attending such violation.

Each such police officer shall also attach to such vehicle a notice to the owner or operator thereof that such vehicle has been parked in violation of a provision of this ordinance and instructing such owner or operator to report at the Traffic Violation Bureau of the City of Grosse Pointe, in regard to such violation. Each such owner or operator may, within one hour of the time when such notice was attached to such vehicle, pay to the Traffic Violation Bureau as a penalty for and in full satisfaction of such violation the sum of twenty-five Cents (25c). Each such owner or operator, may, within 24 hours of the time when such notice was attached to such vehicle, pay to the Traffic Violation Bureau as a penalty for and in full satisfaction of such violation the sum of One Dollar (\$1.00). The failure of such owner or operator to make such payment within said 24 hours shall render such owner or operator subject to the payment to the Traffic Violation Bureau as a penalty for and in full satisfaction of such violation the sum of Two Dollars (\$2.00).

Section 2. In all other respects, said Parking Meter Ordinance is continued in full force and effect as adopted, including the provision in Section 9 thereof that any person who shall violate any provision of this Ordinance and shall fail to comply with all the terms of Section 8 thereof, as the same is amended hereby, shall be guilty of a misdemeanor and upon conviction thereof before a court of competent jurisdiction shall be punished by a fine of not to exceed One Hundred Dollars (\$100.00), or by imprisonment in the discretion of the court.

Section 3. This amending ordinance shall be in full force and effect 10 days after publication and posting as required by law.

I, Norbert P. Neff, City Clerk of the City of Grosse Pointe, do hereby certify that the foregoing is a true and correct copy of proceedings, duly taken at a regular meeting of the City Council of the City of Grosse Pointe at which a quorum was present and acting throughout.

### CITY OF Grosse Pointe Farms

#### SUMMARY OF MINUTES REGULAR MEETING JANUARY 17, 1955

Prior to opening the meeting the Mayor extended greetings to girl scouts attending for the purpose of obtaining their civic badge.

Called to order at 8:00 P.M.

Present on roll call: Mayor William F. Connolly, Jr., Councilmen Daniel W. Goodenough, John M. S. Hutchinson, William G. Kirby, Richard L. Maxon, Neil S. McEachin and George L. Schlaepfer.

Mayor William F. Connolly, Jr. presided.

Minutes of the meeting held on December 20, 1954, were approved.

Requests for the omission of sidewalks in the following areas were considered:

(a) East side of Chalfonte between Moross and the City's north boundary line.

(b) Harbor Hill

(c) Westwind Lane

(d) Sunset Lane

and the following resulted:

Unanimous approval was given to include in the 1955-56 budget, funds for the construction of sidewalks on the east side of Chalfonte, Omission of sidewalks on Harbor Hill, Westwind Lane and Sunset Lane was approved.

A progress report on proposed subdivision developments was read and approved.

A request for the extension of the Farms services to a residence proposed to be constructed in Grosse Pointe Woods outletting on Provencal Road was approved.

Councilmen Hutchinson and Schlaepfer were excused at this point.

After examining a tabulation of bids for furnishing products coverage insurance, the Council awarded a contract to the low bidder.

The proposed Restaurant and Bulk Food Ordinances, previously laid on the table, were referred to the City Attorney for redrafting.

A proposed plan for remodeling the Pier boathouse was examined and approved.

Amended dock and harbor regulations effective April 1, 1955, were adopted.

A resolution covering the appointment of the National Bank of Detroit as paying agents for the \$380,000.00 sewer improvements bonds was adopted.

Councilman Goodenough was excused at this point.

The following were reappointed members of the Election Commission for the two year period ending January 1957: James J. Meehan, Earl I. Heenan, Jr., and Alonzo J. O'Connor.

An application by the owner of property at the southeast corner of Mack and Moross to construct a marquee extending ten feet over the public sidewalk was approved.

The Engineer was authorized to arrange for a contract with Barton Malow Company to clean the old 24-inch Lake Shore Road storm overflows in connection with the construction of the new overflows.

Cost plus contracts were awarded to Teetsert and Wybo Construction Company for repairs to the Provencal Road sewer and the Mack Road sewer.

Proposals for the handling of zoning ordinance violations, particularly on Muir Road, were referred to the Engineer and Attorney for further report.

A request to take bids for power and lighting installation in connection with the Pier Park improvements was approved.

The following reports were received: Treasurer, Building, Police, Fire, Financial and Police Radio Operation.

The meeting adjourned at 11:00 P.M.

# Christian Science Lecture by Frank T. Hord, C. S.

## Given Under Auspices of the Sixth Church of Christ, Scientist, Detroit, Mich., January 20, 1955

### A Lecture on Christian Science

Entitled

Christian Science: Its Practical Operation

by

Frank T. Hord, C. S. of Washington, D. C.

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

The lecturer spoke substantially as follows:

Today the progressive and enlightened leaders of the world are urging upon us the necessity for more spiritual thinking. They are acknowledging the failure of materialism to solve the larger problems. They are emphasizing the necessity of spiritual values. Our more discerning thinkers are telling us that the cure for the ills of the world is to be found in the spiritual teachings of Christ Jesus. Christian Science is here and now restoring to the world these teachings in their Science—the Science of Christianity with its lost art of healing.

The advent of Jesus brought a new era, called the Christian Era. It was announced by the songs of angels: "Glory to God in the highest, and on earth peace, good will toward men" (Luke 2:14). This keynote of harmony has been ringing down the centuries, preparing the hearts of men for the reception of the final revelation of Truth. It was in 1866 that Mary Baker Eddy discovered the divine laws of Life, Truth, and the Science of the Christ. She named her discovery Christian Science. She tells us that divine Mind, God, had been graciously preparing her during many years for the complete and final revelation of the absolute divine Principle of scientific mental healing. This healing Principle reveals Immanuel—"God with us"—the ever-present of divine Love which delivers us from every law that claims to hinder or obstruct our freedom, happiness, or health.

Those who are listening today may hear the song of Christian Science in the arousing words of Mary Baker Eddy in her scientific statement of being: "All is infinite Mind and its infinite manifestation, for God is All-in-all" (Science and Health, p. 468). To those awakened to the new message it is indeed the new song of the angels, casting out fear, bringing gladness to the heart, health to the body, and redemption and liberty to mankind.

The great discovery of the allness and ever-presence of Mind and its infinite idea was made at the close of the war between the states, when our young, vigorous, brave country was just throwing off the bonds of African slavery. The revelation that God is Mind, one Mind, infinite and omnipresent, exposed the unreality, the nothingness, of matter. As mankind grasped this profound truth and grasped something of its meaning, thought was liberated. Restrictions, limitations, and burdens which had weighed down humanity for centuries were removed. Humanity is being healed of so-called incurable diseases by spiritual means; reforms are being made in business methods; theological theories have undergone great change, and ethics in general has improved. Mrs. Eddy tells us in her "Miscellaneous Writings" (p. 232), "Human skill but foreshadows what is next to appear as its divine origin."

Let us consider the progress in what we call human invention. Prior to 1866, the steam engine, steamboat, telephone, and telegraph were in their infancy. There were no automobiles, airplanes, radios, televisions, or other useful conveniences which we now enjoy in modern living. You as thinking men and women must admit that something tremendous has happened in this age. It is the progress that has made more progress in the past eighty years than in the centuries that went before it. It is an age of mental and spiritual enlightenment in which Christian Science has had its part.

#### Spiritual Understanding of God Heals

The perfection of God and man is the basic reasoning point of Christian Science. God is defined in Science and Health, page 587, as "The great I AM; the all-knowing, all-seeing, all-acting, all-wise, all-loving, and eternal Principle; Mind; Soul; Spirit; Life; Truth; Love; as one gains, step by step, an understanding of the spiritual meaning of these terms, he finds the nature and presence of God gradually dawning upon him, and he is being manifested in his daily experience."

We understand that God is Mind, self-existent Being, wholly good and perfect, and man and the universe is the full and perfect reflection of God. Thus understanding is the correct viewpoint that heals the sick and reforms the sinner. As we realize this clear spiritual truth and the consequent changes in matter and disease, a transformation takes place in our body and in our business.

Our great Master taught us that we must understand God if we wish to live harmoniously. He understood God as Father—the ever-loving Father, who maketh the sun to rise on the just and unjust—the divine Love that is ever present, caring for the least of His creation. Mary Baker Eddy has revealed to us the complete nature of God as Father—Mother—the sustaining, governing love of Father; the tender, protecting love of Mother. My friends, bring your message of practical, operative Christian Science tells you that the solution of every problem is at hand—in fact, it is in your understanding of it. In every event of your life—your health, your prosperity, your progress—depends upon what you know about God. As you realize the power and presence of God, who is divine Principle, Love, you demonstrate your divine birthright as the blessed son of God. You must gain a correct spiritual attitude in order to free yourself from discordant conditions.

My friends, workmen at their lunches together, one man took out a sandwich, tasted it and threw it away. The next day he did the same, tasted his sandwich and threw it away. Another man took out a sandwich, tasted it and threw it away. The third day he took out a sandwich, tasted it, murmured disgruntledly, "Another peanut butter sandwich," and threw it away. Finally his friend refused to eat any longer and said, "See here, Bill, why don't you tell your wife you do not like peanut butter sandwiches. Bill replied: "Keep my wife out of this. I make my own sandwiches."

So it is—we do make our own sandwiches! Human belief makes its own conditions. Mrs. Eddy says in "Miscellaneous Writings" (p. 170), "... we make our own heavens and our own hells." All human experience is thought externalized. It is our viewpoint that determines itself to us.

Paul the Apostle gave us an inspiring lure for the newness of life and happiness. He tells us, "Be ye transformed by the renewing of your mind." It is a change of outlook that we need; a change of thought from the mesmeric suggestions of fear, doubt, and discouragement to a firm understanding of God, the divine Principle of being. The spiritual nature of the God unfolds to us, this understanding transforms and renews our entire existence.

The tender, compassionate appeal of Christian Science reaches the heart of the suffering, discouraged, and the heavy burdened, reaching it with the comforting words of Mary Baker Eddy, "Divine Love always has met and will ever meet every human need" (Science and Health, p. 494). Thousands have been redeemed and healed through the transforming power of these divine words. They are written on the walls of our hearts and in the tablets of our hearts. We feel their gentle presence as we go about our work and our play. We are uplifted and encouraged to seek and express this divine Love which meets every human need.

The senses may tell us that the need is for physical healing, for employment, for a more harmonious relation with our family, our business, or our country, but the divine demand tells us we need love, for love, more pure love, for the all-satisfying Love that is good; love that is the spirit of the Christ.

As I went through one of the Army hospitals in a European country during the war, I was met by a distressing picture. A young girl who had just been brought in was a bombing casualty. The doctors said that she could not live through a blood transfusion. As I stood there, I felt the all-encompassing power of divine Love. I wished I could speak Finnish well enough to tell her about the healing power of the Christ. Then I realized that language is no barrier to the transforming power of divine Love. Love is All-in-all, and there is nothing else.

I went my way, and several days later I was in the hospital and stopped to inquire about the girl and was told that she had had a marvelous recovery and that she had been removed to a convalescent home. My grateful prayer was, "Father, I thank Thee for Thy loving ever-presence."

#### Christian Scientists Love and Study the Bible

Christian Scientists love the Bible. The Christian Science textbook is the key which unlocks the Scriptures for them. They turn to the inspired Word of the Bible for healing and consider it their sufficient guide to eternal life. It is the Bible that they use, and it is the Bible that they teach. It is read in all Christian Science churches in English-speaking countries.

I recommend to you the daily study of the Christian Science Lesson-Sermon, found in the Christian Science Quarterly.

They pray for the manner of Jesus; they affirm the omnipresence of an infinite, supreme, and harmonious God, and man in His image and likeness, pure and perfect. With absolute faith they acknowledge God's power to heal the sick and cure the lame. They know that with God all things are possible.

We enter the heart of prayer as we turn from a human sense of self and of worldly affairs and feel the tenderness of Love, the gentle presence of Spirit, and the quietness of Soul. We behold the glory and majesty of Being and recognize our true self as its reflection. In this transparency of true consciousness, secret faults come to light, and their nothingness is seen.

We affirm the perfection of God and man; we deny all the false arguments about a personal sense of self, and all that is involved in material birth, heredity, time, limitation, decay, and death.

To pray according to Christian Science is to acknowledge and maintain our rightful purity and indestructible substance as the spring of Spirit; the continuity of our health and happiness as the expression of Life; our sincerity and integrity as the evidence of Truth; our intelligence and wisdom as the evidence of Mind; our law and order as the operation of Principle; our infinite resources and joy as the reflection of Soul; our completeness and satisfaction as the emanation of Love. Man, God's idea, the manifestation of Mind. He lives by the divine decree, "Be thou perfect," saith the Lord.

This is spiritual prayer or treatment. It is all-inclusive, blessing not only yourself but all whom your thought rests upon. It is the law of loving your neighbor as yourself. It will keep you in the secret place, hidden and unknown to the senses; this secret place of prayer is the kingdom of heaven within you.

It is to tell you of a case of healing with which I am acquainted. A young woman was suffering from spinal paralysis; she had lost the entire use of her arms, legs, and feet. She had been to the best physicians in her part of the country. They said the nerves in her spine were dying. After the physicians had failed to help her, she turned to Christian Science for help.

The first time the practitioner called upon the patient she was receptive to Truth and willing to study the Christian Science textbook, Science and Health. Together they talked of the nature of God. It is a matter of man. They reasoned, since God is the only creator, Mind, Life, Spirit, and Love, His creation, His image and likeness, must be mental and spiritual. Man must be as perfect and eternal as God.

It was explained to the patient that Christian Science healing is based on the same demonstrable laws that Jesus proved in his healing work. In the words of Mrs. Eddy, "Jesus' method, and design, in his nature, method, and design. He wrought the cure of disease through the divine Mind, which gives all true volition, impulse, and action, and destroys the mental error, and manifests physically, and establishes the opposite manifestation of Truth upon the body in harmony and health" (Rudimental Divine Science, p. 3).

The patient saw that Mind expresses all true impulse, volition, and action, and that man, being the full manifestation of Mind, includes and expresses all volition, impulse, and action. She understood that all true volition, impulse, and action are spiritual ideas included in her consciousness, and that God had given her dominion over all the earth. The impulse to exercise her dominion, and a good man, before it could be exercised, must be in accordance with the divine Principle, Love. Mrs. Baker Eddy discovered that what Jesus understood and claimed for himself is the truth about every man and woman. It is to be proved by every one of us in his own divine being, or the Christ.

#### How Jesus Healed

Jesus opened wide the gates of understanding for all mankind. Mrs. Eddy tells us, "The divine nature was best expressed in Christ Jesus, who, as the reflection of God, and lifted their lives higher than their poor thought-models would allow." Thoughts which presented man as fallen, sick, sinning, and dying, were replaced by the spiritual ideas included in her consciousness, and that God had given her dominion over all the earth. The impulse to exercise her dominion, and a good man, before it could be exercised, must be in accordance with the divine Principle, Love. Mrs. Baker Eddy discovered that what Jesus understood and claimed for himself is the truth about every man and woman. It is to be proved by every one of us in his own divine being, or the Christ.

What is the thought-model of youth, dancing, and enjoying her complete freedom. More harmonious family conditions became evident. Throughout the ages the false systems and man-made doctrines have fettered the mentality of mankind. They have produced a very lethargy that has incapacitated humanity. The result of these false doctrines is heard in the aged cry of mortals symbolized by the inspired man in the pool of Bethesda, "I have no hope, for the water is troubled, to put me into the pool" (John 5:7).

Many, like this man at the pool, have been looking for and demanding someone else to do their work—supply the money, food, home, friends—all this time losing sight of the great fact of spiritual being. Mankind have looked without, instead of turning thought inward to the divine Principle, Love. Instead of obeying the command of our great Master, "Seek ye first the kingdom of God, and all these things shall be added unto you" (Matt. 6:33).

Christ Jesus at the pool of Bethesda knew that the man's spiritual ability to express divine activity was inherent in divine Mind and expressed in his own consciousness, in his own individual being; therefore he did not put the man into the pool. He reversed the whole procedure of the man's thinking, he bade the man do something himself—"Rise, take up thy bed, and walk" (John 5:8).

Christ Jesus' clear perception of man's eternal wholeness and perfection as the emanation of divine Mind was so powerful that it awakened the man at the pool from the future. He stood in dependence, inability, and incapacity. In the power of his own God-given volition the man arose, took up his bed, and walked.

#### Salvation Is at Hand

The true idea of salvation holds such hope and comfort for all. It means freedom from sickness, sin, and death, deliverance from all the limitations of the senses that come through the Adam-dream have tempted and befouled us. Salvation is a word we have used in a very limited sense, dealing only with the future. But, salvation from everlasting punishment after what is termed death.

"The plan of salvation" has been debated by men for centuries. Scholasticism has clung to the person of the man Jesus, the idea of looking to the divine Principle of his being for salvation. This has hindered the world's full acceptance of the true idea of the saving Christ, the spiritual understanding of perfect and perfect man.

Salvation is experienced as the human yields to the divine. To work out our salvation means to demonstrate daily our openness and willingness to be directed in every detail of our activity. All regeneration, reformation, and healing takes place through the understanding of the supremacy of the image of God, the image of Love. This understanding reveals the nothingness of sin, disease, and death and destroys them.

There is no final day of judgment that awaits mortals. Salvation is the daily and hourly putting off the old man with his fears, superstitions, prejudices, and every ungodly thought and motive; it is the putting on of the new man by acknowledging our true selfhood as the image of God; it is obeying the moral and spiritual laws of the Ten Commandments by expressing the nature of the Christ. These Commandments were summed up by Jesus when he said, "Love the Lord thy God with all thy heart, and . . . thy neighbor as thyself." These two commandments fulfill the law of salvation.

Christ Jesus follows in the footsteps of Christ Jesus and declares that salvation is now—at hand, a present possibility. Today is the day of salvation.

#### Healing

The inquiry today is: "How did Jesus heal the sick? How is Christian Science healing the sick?"

Spiritual healing was not new to the day of Jesus. Through the ages the prophets had taught clear glimpses of the true nature of God and man and had healed the sick and raised the dead. Jesus understood God as source—primal cause, the eternal, the Father, the Father, which art in heaven, the Father, that man is the image and likeness of God and that everything that was true about God was true about himself as God's reflection. Because he was the reflection of Spirit, the full manifestation of Mind, all that was true about God which he expressed of God. He declared, "I and my Father are one." And to Philip he said, "He that hath seen me hath seen the Father."

He recognized that this understanding was the Christ, or the Son of God. Therefore, in his daily affairs he lived the Christ, or true idea of God. This spiritual understanding healed the multitudes, reformed the sinner, and raised the dead. He manifested the spiritual ideas included in her consciousness, and that God had given her dominion over all the earth. The impulse to exercise her dominion, and a good man, before it could be exercised, must be in accordance with the divine Principle, Love. Mrs. Baker Eddy discovered that what Jesus understood and claimed for himself is the truth about every man and woman. It is to be proved by every one of us in his own divine being, or the Christ.

#### God Is Principle

Christian Science is a practical religion. Its healing laws are applicable to every human experience. It is meeting the needs of a practical age that demands proof and demonstration. Christ Jesus' healing demonstrations are not made through wishful thinking or vain repetitions. They are made through the earnest and faithful study of Christian Science and obedience to its laws.

In "Rudimental Divine Science" Mrs. Eddy defines Christian Science (p. 1), "As the law of God, the law of good, interpreting and demonstrating the divine Principle and rule of universal harmony." This divine law is today operating practically and universally in the minutiae of our affairs. It is the religious, financial, educational, political, and social realm; it is found interpreting and demonstrating the divine Principle and rule of universal harmony.

Thousands of men and women have been healed through the understanding that God is divine Principle, Love. Someone may say, "God, as Principle, seems so cold. But as you better apprehend the term Principle you are conscious of the unvarying, unchanging, impartial nature of God who is Love."

A friend of mine who was a contractor for a building asked for Christian Science treatment. He was suffering from stiffness and other uncomfortable conditions of the body. The practitioner asked him what he was working for, and what seemed to be obstructing the harmonious activity of his body. He replied, "It is business, a very unjust situation, and my money is all tied up in money with no use for further operations." He had built a large school building for the state; just before the building was ready for use a sizable crack had appeared in the concrete. The state was withholding many thousands of dollars.

The practitioner turned to the Bible, and it opened to this statement from I Corinthians (3:13): "Every man's work shall be manifested; and the fire shall try every man's work of what sort it is." The power of Principle was realized as demonstrating justice and causing each one included in

the situation to find according to his ways, his motives, and the intentions of his heart. A good motive brings its own good results, and a selfish, evil motive brings defeat. This is the law of Principle to every situation.

The practitioner talked with the patient about his work; asked if he had done his work honestly; if it could stand the testing; if it could be proved that he had obeyed the laws and specifications for right construction. So, he would receive his money. But, it was further said, Christian Science is based on divine Principle; it is exact, and he could not expect Christian Science treatment to bring a full settlement for work badly done.

The patient saw the point and asked that the treatment be continued along these lines the three days the state called for a thorough investigation of the steel structure and the concrete work. The investigation showed that the steel construction was in accordance with the specifications, but that the concrete had been poured according to the specifications. Therefore, my friend's work was accepted, and he received his full amount of money. These bodily ailments were relieved at once. This was the divine law of Principle operating practically and harmoniously to heal both business and disease.

#### The Operation of Divine Law

With clarity, Mary Baker Eddy explains in "Miscellaneous Writings" (p. 257), "The law of God is the law of Spirit, a moral and spiritual force of immortal and divine Mind." This is a strong definition of law, "a moral and spiritual force of immortal and divine Mind."

There is one Mind, God; the Mind of God is the Mind of man. Mind knowing Truth is the one infinite Mind expressing itself through your consciousness. This knowing is a moral and spiritual force of immortal and divine Mind. It is power and might; it is dominion and authority. It heals the sick.

All scientific, spiritual knowing is the operation of divine law. Spiritual law expresses the moral and spiritual force of immortal and divine Mind. In proportion as you understand this you become a law unto yourself.

What may I say, what then is the seeming law that appears to bind one to sin, disease, and death? What is this seeming power that claims to oppose the spiritual and moral force of my being? Christian Science teaches us that it is a supposed law of matter, an illusion of the carnal mind, called the mind of mortals, cruel, destructive. It punishes good deeds and makes the innocent suffer. This so-called mind is the wrong believing of mortals; it is envy and criticism; it is the unholy belief of a mind apart from God. It is a myth, unreal, and untrue.

Divine law is a moral and spiritual force of immortal and divine Mind, called the mind of mortals, cruel, destructive. It punishes good deeds and makes the innocent suffer. This so-called mind is the wrong believing of mortals; it is envy and criticism; it is the unholy belief of a mind apart from God. It is a myth, unreal, and untrue.

Nelson said, "Alexander, Caesar, Charlemagne, and I myself have founded empires; but upon what do these creations of our genius depend? Upon force. Jesus Christ founded His empire upon love, and this very day millions would die for Him."

#### Peace

Jesus, the gentle Nazarene, whose very presence appeared as the song of angels, whose being glorified God, demonstrated the true idea of universal peace and good will toward men. This sublime understanding was practical enough to heal the multitudes.

Jesus was the most law-abiding man that ever walked the earth. He said, "I do always those things that please the Father." He was forever experiencing the peace of his Christ-nature. He rebuked the Pharisees who claimed the raging sea with, "Peace, be still." The law, through the violent mob unseen and unheard, healed the sick, raised the dead, and left us this heritage: "My peace I give unto you." What has the world done with this peace, this living affluence, this power of the Christ?

Mrs. Eddy writes in "The First Church of Christ, Scientist, and Miscellaneous" "The Principle of Christian Science demonstrates peace. . . . Had all peoples one Mind, peace would reign" (p. 279). The one divine Mind understood and obeyed is the rule for universal peace. Peace is a divine idea, the quality of God, an inherent attribute of man's spiritual being. It is to be acknowledged, lived, and enjoyed. Peace is an active, absolute, positive consciousness of the presence of good. Peace is not a passive, inert, defenseless state of being. Peace is vigorous, vital, and impregnable.

The all-inclusive Christ-consciousness is our ark of serenity and safety, the consciousness that lifts above the floods. The law as stated by Isaiah is, "Thou wilt keep him in perfect peace, whose mind is stayed on thee; because he trusts in thee" (Isa. 26:3). Peace is both the Michael and Gabriel of His presence. It wins the holy wars and imparts the tranquility of Soul.

Peace is the controlling of that sharp retort, the refraining from cruel criticism of our brother. It is practicing the Golden Rule in our business affairs. Peace is ever our guard against that subtle enemy, greed. We must wear the armor of peace day and night.

Keeping the peace of our own consciousness, individually and collectively is keeping the peace of the world. The power and glory of Christian Science go to the ends of the earth, a healing stream of good available to all. I leave with you the loving invitation of our Leader from her "Miscellaneous Writings" (page 207), ". . . and in hope and faith where heart meets heart reciprocally beat, drink with me the living waters of the spirit of my life-purpose. . . . Express humanity with the genuine recognition of practical, operative Christian Science."

Be alert, and do not allow the false suggestion of sin, disease, and death to mesmerize your capable capacities and rob you of your divine right to think righteously and scientifically.

You have the power of Truth with which to meet and master every situation. Do not stand fearfully by and allow false suggestions to grow upon your thought; deny and dismiss them with strength and vigor. You know that divine Love never sent them forth; therefore, they are illusions, illegitimate claims of the carnal mind, without power or authority.

You must be firm and positive in declaring in Truth. You must stand in the full armor of divine Love; you must have conviction and assurance, and you must trust the truth that you are declaring to fulfill its divine purpose. This is the law of the Christ, the law of liberty and salvation, operating in our daily experience.

#### Christian Science Treatment

When our friends first begin the study of Christian Science their natural desire is to give a Christian Science treatment—to apply the truth to every situation that confronts them.

Truth being self-operative, even a grain of Christian Science inspires and impels its demonstration. The Christian Science textbook points out ways of giving a Christian Science treatment, because a Christian Science treatment is an inspired unfoldment or revelation of Truth. Every treatment is new; every treatment is an unfoldment of immortal and divine Mind. This is a strong definition of law, "a moral and spiritual force of immortal and divine Mind."

There is one Mind, God; the Mind of God is the Mind of man. Mind knowing Truth is the one infinite Mind expressing itself through your consciousness. This knowing is a moral and spiritual force of immortal and divine Mind. It is power and might; it is dominion and authority. It heals the sick.

### Petzold Hurls Novel Challenge

Petzold Motor Sales Co., 11280 Gratiot avenue, for the first time in the history of automobile selling is presenting three competitive makes of cars in the same showroom, and inviting prospective buyers to make their own comparisons. Petzold, Michigan's largest Chrysler-Plymouth dealer, is conducting this showroom display from January 21 through January 29. Observers believe that the experiment may revolutionize automobile selling throughout the country.

Petzold is displaying a Plymouth, Ford, and Chevrolet side-by-side. Visitors are asked to take a look at all three and make their own comparisons. The company is also offering demonstration rides, using the same demonstration routes for each of the three cars. To assure fair comparison the models displayed are all of comparable cost, and have been serviced in an identical manner.

Thomas J. Petzold, president, said that in putting this plan into action he is testing a new theory of auto merchandising. "I believe that the average car buyer, looking at one manufacturer's car in one showroom, then going several blocks to look at a competing car, completely loses the value of comparative selection which is available to the buyer of practically every other product."

"If I want to buy a refrigerator or a kitchen range, for example, a hardware or department

### store will have on display the products of several manufacturers and let me make my own choice by looking at the features of one make and then comparing with another make which is standing on the same floor.

"Because of the manner in which automobiles are sold . . . each make in an individual showroom . . . the car-buying public has never until now been allowed this type of comparison. It is not even possible in an automobile show, because competing models are not displayed side-by-side and because demonstration drives are not offered."

The Petzold showroom will be open from 9 a.m. to 11 p.m. on Friday, January 21, until Saturday, January 29.

### Haydon House Showing Tufted Nylon Carpeting

Luxurious nylon broadloom, needletufted to make it hardwearing, is being featured at Haydon House, 15218 East Jefferson avenue, in Grosse Pointe Park, and at a fabulously low price (under \$15.00 a square yard) to introduce the striking beauty and practicableness of this newest of all broadlooms.

It's not only blended with other synthetics and with wool, but it is also used alone. Heretofore, however, carpets made of 100% nylon have been strictly in the luxury bracket, selling for as much as \$40 and \$50 a square yard.

It is made in 12 foot and 15 foot seamless widths and comes in a dozen beautiful colors. Nylon carpeting resists mildew, moths and silver fish. It is non-flammable and will not irritate persons who are allergic to animal fibers.

### Dispelling the Shadow of "Doubt"

Like doubting Thomas, mankind largely remains incredulous that Jesus' healing work was the action of divine law, and doubts that prayer can heal today.

This doubt can now be honestly dispelled. To any sincere seeker there is proof, ample, abundant, and at hand, that the law of God is available for every need.

### SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

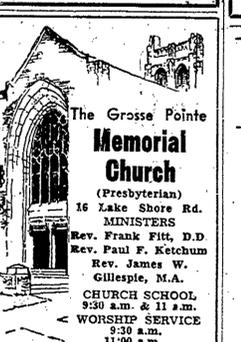

shows how to find for oneself God's healing power, how to know and understand the truth which Jesus promised would "make us free."

As one gains this priceless knowledge of the Christ, health and happiness ascend to the realm of unshakable certainty. Science and Health may be bought, read, or borrowed at

**William O'Neill Kronner Takes Commodore's Post at Pointe Yacht Club; Event Marked by Brilliant Ball; Presentation Of Officers' Official Burgees**

Grosse Pointe Yacht Club's Commodore's Ball honoring the newly-elected commodore, William O'Neill Kronner, and Mrs. Kronner last Saturday evening, Jan. 22, was a star event of the first magnitude.

It was starred by the beautiful grand march led by commodore and Mrs. Kronner after the initial cocktail party; by the capacity crowd of friends in stunning evening dress; by the music of Art Quatro's Orchestra; and by the decor planned by George C. Mitchell, chairman of the ball, and his committee.

The big lounge was glamorous with overhead lights—perforated star-shaped shells, silver-toned, were attached to sway gently so they seemed to twinkle from within.

Specially impressive was the flag ceremony when Commodore Kronner received his official burgee and pin from the immediate past commodore, Warren H. Farr, and then presented Commodore Farr with an engraved, leather-bound volume containing 1954 issues of GPYC's official publication.

From the high flagpole set up in the lounge came also the official burgees presented by Commodore Kronner to Vice Commodore Mervyn G. Gaskin, Rear Commodore Stark Hickey, Secretary Robert F. Weber, Fleet Captain Bryan A. Chaplow and Fleet Surgeon Dr. Karl W. Weber.

Orchids from the club were a special gift to the ladies of the club officers, directors, past commodores and the commodores from other clubs.

For the ball, Mrs. Kronner chose a floor-length gown of sapphire blue peau de soie, fashioned with scoop neckline and short sleeves and trimmed with a spray of applied velvet roses and petals. Mrs. Gaskin's floor-length dress was of black peau de soie and Mrs. Hickey was in white silk organza, tucked all over and inset with bands of Cluny lace.

At the E-shaped directors' table, besides the Kronners, Gaskins and Hickeys, were Commodore Warren H. Farr, Mrs. Cheslie E. Parrish, the Robert F. Webers, Dr. and Mrs. C. J. Williams, the John R. Wilts, Mr. and Mrs. William A. Ternes, the A. Griswold Herreshoffs, the George C. Mitchells.

Others were the Bryan A. Chaplows, Dr. and Mrs. Karl W. Weber, Fleet Measurer Paul W. Smiley and Mrs. Smiley, Commodore and Mrs. J. Edgar Duncan, Commodore and Mrs. John R. Sutton, Jr., Commodore and Mrs. Anthony R. Mutschall, Commodore and Mrs. Paul Marco and, from other clubs, Commodore George A. Currutt, DYC, and Mrs. Currutt; Commodore Murray V. Knapp, DRYA, and his daughter, Mrs. Kenneth Green, and Commodore Harold Waldo, DBC, and Mrs. Waldo.

Commodore and Mrs. Kronner's guests at the ball were seated at two long tables nearby. They were Mrs. Earle Scott Smith, of Toledo; the Richard P. McMansons, of Jackson, formerly of Grosse Pointe; the Jesse G. Vincents, the R. Bliss Wolfes, the J. Henry Pichlers, Mrs. Clyde A. Buck, Walter S. Halla, the Cletus J. Wellings, the X. L. Kesslers, the Otis U. Walkers, the Richard Martins.

Still more were the H. O. McNiernys, the Rudolph Inmans, of Port Huron; Dr. and Mrs. J. Clark Moloney, Judge and Mrs. O. Z. Ide, Mrs. E. E. Wemp, the Russell Dancays, Mrs. Arthur Reister, Charles Kronner of Port Huron; Dr. and Mrs. J. Kronner, of Dearborn; the William O'Neill Kronners, Jr., the John T. Wheelers and the Owen Creteaus.

Mr. and Mrs. Emmett J. McNamara entertained at a table for 15, and their party also was a surprise fete for Mrs. Harry J. Chapman on the occasion of her birthday anniversary. Guests included Mr. Chapman, Dr. and Mrs. Lyle Waggoner, Dr. and Mrs. C. Stanley Waggoner, Dr. and Mrs. Charles Adams, the George Domines, Mr. and Mrs.

## Highland Parkers Shatter Pointers' Victory Streak

For five straight games Grosse Pointe's basketball team had ridden roughshod over its opponents. The Devils' victory bubble was riding high. It had ascended with such rapidity that local cage fans had visions of seeing the Pointers ride right up to the top of the Border Cities League final standings and dethrone Coach Jim Wink's defending champions.

Pointers fans were so busy counting their team's blessings that they failed to see the villain in the 1954-55 program.

### Parkers Break Bubble

The villain made his appearance in Highland Park livery last Friday, January 21, on the local court but happy Devil fans didn't give out with the customary "Hiss-s-s." After 24 minutes of red hot basketball they wished they had. They forgot Jim Wink is a past master when it comes to producing a worthy contender and this time he provided his charges with the pins that broke the Devil victory bubble 68 to 58.

Actually the score doesn't indicate the type of game it really was. It was close all the way.

The Parkers squeezed out a slim, 19-17 margin at the end of the first 8 minutes of play and managed to hang on to a 34-32 lead at the halftime intermission.

### Pointers Take Lead

Paced by Tom Barry and Johnny Russell, who scored 21 and 17 points respectively, the Pointers surged ahead near the end of the third quarter, 46 to 42. This pleased local fans who packed the Devils' tiny gym in anticipation of seeing their team score its first victory in ten starts against Highland Park. However, this joy was short lived as the Polar Bears, led by their fabulous All-Stater George Lee, cashed in on Blue Devil mistakes to take a one point, 50-49 lead as the period ended.

The Devils hung on doggedly throughout most of the final quarter and appeared to be on the verge of upsetting the favored Parkers. Then Dan Follis and Jim Wood, the two most successful Pointers around the backboards, fouled out and that was the ball game. From that point on Lee and Company piled up points and the Devil fan's cheers lost some of their steam.

### Big Star Ejected

With two minutes remaining the Pointe fans arose en masse as George Lee was ejected from the game on five personal fouls. This turn of events looked like it might be the "big" break of the game and the rafters fairly shook as the Devil fans screamed encouragement, but to no avail. The Parkers still managed to keep the game under control and go on to win.

A check of the score sheet pointed out the Devils' glaring mistake and that was failure to hit from the foul line. Coach MacAdam's heretofore undefeated quintet posted a miserable free throw average as compared to Highland Park's.

The Devils hit on only 12 of 28 charity tosses while the Parkers posted a 26 of 38 mark from the free throw line. At first glance partisan fans would be led to believe referees Earl Meyers and Emil Conti were calling more fouls on the Devils. That wasn't the case at all. Both teams had 17 fouls called against them. It was the new free throw rule that gave the Parkers more shots on the basket, thereby accounting for their 38 attempts as compared to the Pointers 28 tries.

### Shoot More Goals

In one department the Pointers excelled. They outscored their opponents from the floor, 23 field goals to 21.

Even though the defeat dropped the Devils into a two-way tie for first place with Highland Park, it by no means ends their chances of still going on to win the BCL title. On the same night,

Royal Oak handed Fordson, reportedly one of the strongest quintets in the state, a beating to drop the Tractors down to third place with a league record of 2 wins and 3 losses. Royal Oak holds down second place with a mark of 4 wins and 2 losses.

Coach MacAdam is quick to point out his team will suffer badly when it loses the services of John Russell and Jim Wood, who will graduate tonight, Thursday, January 27.

Highland Park will be in the same boat, as it will lose its star George Lee who consistently has led the Parker attack throughout the first half of the campaign. Against the Devils he notched 24 points for individual honors while Tom Barry was leading the Devils with 21 points for runner-up honors.

### Fear Royal Oak

At this writing Don Bray's Royal Oak quintet appears to be the team which could come from nowhere and upset the advance dope sheet which had Fordson winning the title with Highland Park and Grosse Pointe battling for second place honors. It's certainly turning into a crazy race for the crown and anything can happen, but you can be sure Grosse Pointe will be there or close by when the honors are handed out come March 4 when they battle the Polar Bears in the last game of the season.

## Turners Capture State Swim Title

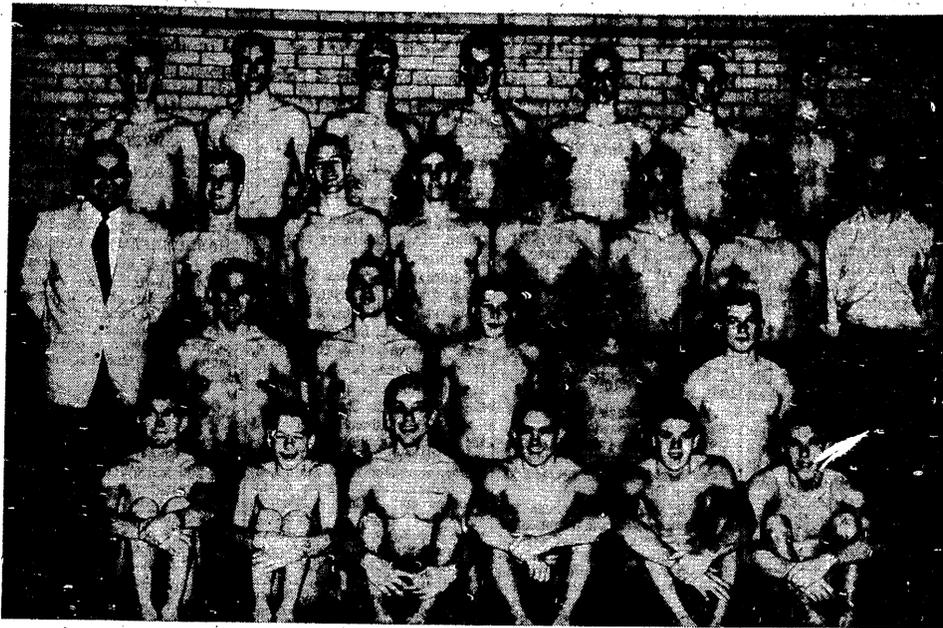

Swimmers from Detroit Turners captured the state title for 10 year old boys, from the defending champions, Fisher YMCA, 69 to 26, on January 8 at the St. Clair Community Center Pool.

Winners in the 25 yard events were Leslie Roddis in back, 20.8; Norbert Ozmann in breaststroke, 22.8; Kurt Ozmann in butterfly, 21.5; and, when combined with free styler Tom Cavanaugh they coasted to an easy victory for Turners in the Medley Relay, time 1:21.4.

Jerome Ward of St. Clair Recreation won the 25 free in 15.4, and Bobby Knorr of Cody Recreation was first in diving.

Monte Blashill of Jackson Recreation was the only double winner with a 33.9 in the 50 free and 1:05.7 in the individual medley. John Lane, Steve Sivy, Stewart Sivy and Willie Thomas won the free style relay for the Fisher Y in 1:12.2.

## Pointe Swimmers Move Into Victory Column

Bouncing back after two early defeats to Fordson and Royal Oak the Grosse Pointe Blue Devils find themselves in sole possession of third place in the Border Cities League title chase with a 3 and 2 league mark to date and a 5 and 2 standard for the first half of the season. Left to right—First Row: JOHN BAYNE, HARRY HUFFAKER, RUSSELL WHITENBERG, WALTER EVERSMAN, MIKE COLLINS and JOE MOORE. Second row: CARL ANDERSON, ROBERT GUENTHER, DAN GOODNOW, DAN BAUER and DICK STAFFORD. Third row: COACH FRANK BANACH, DICK DEGNER, JAMES CORLESS, DICK OSIUS, JIM KETZLER, BRAD BOYDELL, DAVE WHITTINGHAM and Student manager PETE McKEE. Back row: GEORGE S WINDLEHURST, JOE BRADEN, JOHN HAMMOND, JOHN BENNETT, EDWIN NICHOLSON, DICK SCHLEICHER and GEORGE BELL.

## Blue Devil Swimmers Conquer Highland Park, 48-36

In a "make or break" swimming meet against Highland Park last Friday, January 21, the Grosse Pointe Blue Devils came through with flying colors to keep their Border Cities League title hopes alive. Swimming in the Polar Bears' own pool, which incidentally leaves something to be desired, Coach Frank Banach's charges fashioned a surprisingly easy 48 to 36 victory over the Parkers.

Throughout the first part of the season the Parkers had given every team in the league a rough time and the Blue Devils were a trifle skeptical of their chances of winning their last meet of the first half of the schedule. The victory, coupled with Fordson's surprise defeat at the hands of Royal Oak, enabled the Pointers to wind up the first half of the season in sole possession of third place behind undefeated Royal Oak and once beaten Fordson in the Border Cities League title chase.

Ironically, the Devils could have shared in a three-way tie for first place had it not been for their disqualification in the relay event against Royal Oak, which cost them the meet earlier in the season. The Pointers will get their chance for revenge when they open the second half of the season against Royal Oak at the local pool, February 4. However, Coach Banach knows his team will not be as strong in the last half of the campaign, due to the fact he will lose the services of his star Walt Eversman, and John Bayne through graduation. On the other hand the Acorns should be stronger than in the first meeting as they do not lose any of their star performers via the graduation route.

Highland Park gave loyal Devil fans a scare in the very first event, the 40 yard free style, which was won by McKeown. He was chased to the finish line by Ed Nicholson and Dick Degner in that order. This gave the Polar Bears a 5 to 4 lead which was short lived as Jim Ketzler and Russ Whittenberg slammed the 100 yard breast stroke in that order, with Jackson taking third for Highland Park. This gave the Devils a 12 to 6 lead which they never relinquished.

Johnny Hammond and Harry Huffaker followed the lead of their teammates and slammed the 200 yard free style with Hammond taking first. Highland Park's McIntyre placed third to

make the score stand at 20 to 7 in favor of the Devils.

The 100 yard backstroke event was by far the most unusual and most exciting of the entire meet. Walt Eversman and O'Rourke matched stroke for stroke in the last two laps of the race and touched out together to produce the lone first place tie seen in the league this season. The tie gave each swimmer 4 points but the Parkers got the edge when Cole beat out Bob Guenther for third place.

Brad Boyde, who like Eversman has been ailing for the past week, forgot he was sick long enough to capture the 100 yard free style with teammate John Bayne taking third behind McKeown. This one-three finish enabled the Pointers to double the score, 30 to 15, at this point.

Rich Stafford salvaged 3 points in the diving event by finishing second behind the Parker's Courtney and ahead of Furay.

Highland Park's Cole, Jackson and Lynch whipped the Devil trio of Eversman, Ketzler and Nicholson in the 180 yard medley relay, but it was in a losing cause.

The Pointers nailed down the victory for certain in the final 180 yard speed relay when Degner, Rich Schleicher, Carl Anderson and Bayne outplashed the Parker quartet of Stevenson, Hoffner, Bogette and McIntyre for the final 8 points.

The Devils have a week off before diving into the second half of their schedule, which will start off with non-league Ferndale on

Tuesday, February 1, in the Rail-splitters' home pool. This will be second meet of a home and home series and the Devils will be seeking their second victory over the suburban team.

## Unbeaten St. Paul Flyers Face Crucial Test Friday

The Flyers continued along the unbeaten trail last week, on the strength of two stunning victories over Nativity and St. Philip, as the season progressed into the final half.

Big Jim Ayrault spearheaded both wins with identical 21-point totals, as the Flyers, with five straight victories behind them, still remain in a bitter 3-way battle for the 2nd Division Crown in the Parochial League.

### St. Thomas Threat

St. Thomas looms as the chief threat to the Flyers, a team which they must defeat Friday night, January 27, in order to keep pace with St. Florian and St. Bernard who have already notched six in a row.

In the latest contest, Friday, January 21, which was infested with numerous fouls, saw St. Paul smash out a 54-39 triumph over St. Philip whose squad had nearly diminished to its last five players by the end of the game because of the numerous fouls it had collected throughout the contest.

The Flyers jumped out in front early in the game and never relinquished their lead to a frustrated St. Philip quintet.

By halftime the Flyers had more than doubled their lead, 26-12.

### Two Go Distance

Jim Ayrault and "Mighty Mite" Bob Keller were the only Flyers starters to go the distance.

Keller who is one of the smallest on the squad, connected for only one field goal, but his ability to weave through the St. Philip defense and set up countless scoring plays proved invaluable to the Flyer attack.

After driving to a 41-23 lead in the third quarter the Flyers

coasted in the final stanza with the subs getting the nod from Coach Lauer.

On Tuesday, January 17, St. Paul fattened its averages on the hapless Nativity Vikings, when the Flyers rolled to a 64-30 victory, by far the highest scoring venture of the season.

Bob Wright and Ayrault collaborated for a masterful 39 points, which was a lofty total considering the fact that both players were in action for only three periods. Ayrault struck for 21 markers; Wright hit for 18 points.

The Flyers baffled their opponents right off the bat in the first half which saw them hold a 35 to 10 margin at halftime.

Wright continually lofted shots from far out. This long range sharpshooting brought the Vikings out to protect against the long ones, but the Flyers quickly took advantage and hit from under the basket with surprising regularity. Tim Trombly and Ayrault, the big men under the hoop, calmly dunked in point after point.

Subs Pulled Quickly

Substitutes started the second half for St. Paul, but were quickly replaced as Nativity banged home 16 points.

With the first team back in the game the Flyers piled on 19 markers in the fourth quarter to complete their highest scoring thrust in the game.

**To Form New Babe Ruth Loop**

A recruiting meeting aimed at the formation of a new Babe Ruth Baseball League for the Woods and Shores will be held at 7:30 p.m. Tuesday February 8, in Parcels Junior High School. The league is for boys who are at least 13 and will not have reached their 16th birthday by August 1.  
 Efforts are being made to obtain Detroit Tiger baseball players to speak at the meeting. Arrangements are being made by a temporary committee headed by Donald C. Waite, Jr., 580 Roslyn road. He is being assisted by Wilmer Krogh, Mack Phillips, Vincent Buttery, Russell Gramer, Robert Kelly and Fred Olmsted.  
 Membership application forms will be distributed through the schools. They may also be picked up at the Woods police station.

**St. Paul Seniors Still Unbeaten**

The St. Paul Jr. gals regained a tie for second place by defeating the Streamliners 27 to 12 in the Girls' Basketball League at the Neighborhood Club last Thursday.  
 Little Sandy Loynd continues to lead her team, the Streamliners, in high-scoring honors while "Hotshot" Hipz keeps pumping in the points for St. Paul. Credit should be given to those hard-working Streamliners for the way they are working their way up in the league with higher scores.  
 Muriel Kreski has done a fine job coaching these gals, and each and every one of them should feel proud of their good sportsmanship in this their first year of basketball.

At half time the victors had what looked like a scant 14 to 6 point lead, but Hinz, incorporated went on to rack up 13 more. The Streamliners committed but one foul and St. Paul had six.  
 The St. Paul Seniors, led by Pat Cavanaugh and Chris Geist, continued playing excellent ball and defeated the Dribblers 24 to 13. Judy Henry, Sue D'hooge, Janet Wesner, and Diane Johnstone were all working hard for the Dribblers but couldn't keep up with St. Paul's scoring pace.  
 Half time score was 20 to 3 favoring the Seniors. The Dribblers committed 5 fouls and the Seniors had 7.

This evening, Thursday, January 27, the two St. Paul teams will battle, at 6:15 followed by the Streamliners and the Dribblers at 7:15.  
 A rough and tough battle took place in the Senior Division when the CYO-A team and the WAF's from Selfridge took to the court. Brilliant playing by Mary Praet for the CYO-A gals sparked them on to a 37 to 33 victory over the snooty-looking WAF's. Captain Elizabeth Heinrich played fine ball for the losers, and continued to lead her team in high-scoring honors.  
 The WAF's had a 20 to 12 point

BB BREAKS WINDOW  
Mrs. William Krauss of 1779 Newcastles, called Woods police to her home on Friday, January 21, and showed them where a BB shot was lodged in a large window of the house. The glass, which was cracked, will have to be replaced at a cost of \$30.

Mr. Arthur Heckman

**Man from Rochester says, "I'm a lot better off because of Blue Cross-Blue Shield!"**

"Blue Cross-Blue Shield saved the day for me," says Mr. Heckman of Rochester. "I was in the hospital for over two months. Really needed the work—oxygen, operating room, anesthesia—and you find that they can really amount up in no time! My hospital bill alone was over \$1800. I didn't have to pay a penny of it! My Blue Cross Comprehensive Contract covered it all! And—Blue Shield paid \$460 of my doctor bill, too. It would take me years to get rid of that debt if I didn't have Blue Cross-Blue Shield. Like I say, I'm a lot better off because I've got it."  
What if your family had an unexpected hospital bill this year? One in every three families will! Wouldn't you be a lot better off with protection like the kind that saved over \$2200 for Mr. Heckman?  
Find out how you can get low-cost Blue Cross-Blue Shield group coverage for hospital and doctor bills. A company with few as 5 employees may qualify as a group. Today, call or write: Blue Cross-Blue Shield, 441 E. Jefferson Ave., Detroit 26, Michigan. Phone WO 5-2700.

## School Invites Parents to Tea

The parents of the children in Virginia Hoffines sixth grade class attended a tea on Thursday afternoon, January 20.

A brief talk was given by Mrs. Hoffines concerning the changes in behavioral patterns, which parents could expect in boys and girls on this school level.

A movie procured from the University of Michigan, "Social development from Babyhood to Teens," proved to be of great interest to the parents.

Miss Doris Forsythe, psychologist for the Grosse Pointe Schools, led the group in a discussion of the characteristics and needs of sixth grade children.

Refreshments were served to the parents under the direction of Mrs. Frederick Boulanger, Mrs. Mrs. Carl Mangus and Mrs. Otis Wardwell.

## VFW Auxiliary To Hold Party

Gen. R. A. and Col. F. M. Alger Auxiliary VFW 990 are holding an evening card party Saturday, January 29 at 8 p.m. at the Alger Club, 17145 St. Paul avenue.

The price of \$1.25 includes prizes and luncheon.

Proceeds from this party are to go to the V.F.W. National Home at Eaton Rapids, Michigan. This home is maintained for the widows and orphans of departed veterans.

## Fontbonne Gives Benefit Today

A luncheon and card party is being held today in Kern's Auditorium by members of Fontbonne Auxiliary of St. John's Hospital.

Mrs. Henry T. Platz, of West Williams court, is general chairman, assisted by Mrs. John Drury.

Also working on the party have been Mrs. C. E. Dunn and Mrs. Lester C. Winslow, who were prize chairmen, and Mrs. Martin Bishop who was in charge of tickets and reservations.

Mrs. Arthur D. Kerwin, president of the Fontbonne Auxiliary, greeted the guests as they arrived at the party today.

## Outboard Club Holds Dinner

Members of the Belle Isle Outboard Club had a gay time at their annual dinner held at the Windmill Yacht Club, Sunday, January 16, with newly elected commodore N. R. Kerns presiding.

Highlighting the evening was the awarding of the High Point Trophies for 1954, which were presented by past commodore Bud Parker.

Randy Hippler got his trophy for being tops in the Class A Utility; Larry Landie in the Class B Utility; Skip Forcier in the Class D Utility. Joe Olmstead, a 52 year-old grandfather, topped the A Hydro's and Hal Walker was best in the B Hydro's.

Dick Gallagher received a handsome trophy for his second place finish in the 1954 Stock Outboard Nationals held at De Pere Wisconsin, last summer. Ed Hiller, secretary of Region 6 of the American Power Boat Association, made the presentation.

At this time the flag officers and board of directors were introduced to the gathering and they are as follows: Commodore N. R. Kerns, Al Gola, vice commodore, Otto Scherer, secretary, and Nick Burecstein, treasurer.

The board of directors include: Bud Parker, Mel Cole and Dick Gallagher, Alternates to the board are Ralph Hippler, Henry Forcier and Tom Iwaoka.

Re-elected secretary Scherer, Sr. proudly points to the fact he has raised a family of web foots. His sixteen year-old daughter is the only girl outboard driver competing in this area and is a pretty darn good one too. Otto Sr. says he has a "black sheep" in the Scherer household. Otto Jr. wants no part of those noisy outboards and prefers the quiet and thrills of his little Penguin sailboat which he sails with much success in the Junior sailing program at Crescent Sail Y.C.

## Village Garden Club to Meet

Members of the Village Garden Club will attend their January meeting this Friday in Grosse Pointe War Memorial.

This will be guest day for the Village Gardeners and they have invited the Grosse Pointe Garden Club to join them at a subscription luncheon.

The afternoon's program will be an illustrated lecture by Mrs. Percy Reynolds, a member of the Audubon Society. Mrs. Reynolds will speak on "Our Bird Friends, Their Song, Color and Economic Value."

## Veterans Home Holds Elections

At the recent annual meeting of the Alger Veterans Home of Grosse Pointe, held Monday, January 17, the membership elected six new members to the board of directors.

Those installed were John Barnes, William Hunter, Joseph Moore, Howard Wood, William Richert and Larry Light.

## Pointer of Interest

MALCOLM JOHNS OF BOURNEMOUTH ROAD

By Jane Schermerhorn

For three generations that we checked, the Malcolm Johns family, of Bournemouth road, have been steeped in music; the best music.

Therefore were aren't too surprised that when young Mr. and Mrs. Johns sat down one evening two years ago and took stock of what they could do for their community (they're that nice kind of people) the Grosse Pointe Community Chorus took form.

Now Mr. Johns is conductor of the Community Chorus (which went into first rehearsals last night with the Spring concert of over 150 voices, Grosse Pointe voices, in view) and Mrs. Johns, so pretty and blond she looks like a school-girl (but she has nine-year-old Kristen and 11-year-old Cort to prove she's not), the assistant conductor. Concerts are always held in the auditorium of Parcels Junior High School.

The Johns are making a definite contribution to their community and through their efforts this large group also has found a form of expression it truly wanted.

### Early Decision

Since Mr. Johns is our principal Pointer of Interest this week, though his nice family must be part, too, let's start with him.

All his life he has been "surrounded by music." Born in Davison, Mich., Mr. Johns, son of a minister, started piano lessons when he was only five years old. His sister, Marguerite, was his teacher. Another sister, Pauline, was a fine violinist.

But when he was six or seven, the piano pupil heard his first organ music. His father arranged with an organist friend for this special concert in nearby Flint. The young man's comment after the concert? "That's it, Father, I want to be an organist."

The family moved to Detroit where piano lessons continued and the student became a boy soprano in the choir at St. Paul's Cathedral. His piano teacher was the St. Paul's organist, Melvin Zeigler. At sixteen, Mr. Johns was studying the organ and went on to earn his Bachelor of Music degree at Oberlin Conservatory of Music. He had won a four year organ scholarship which sent him to Oberlin.

### Studies Continue

After Oberlin he taught in elementary and high schools while he continued work for his Bachelor of Science and Master of Music at Wayne University, where he studied with Charles Frederic Morse. Still later Mr. Johns served as Mr. Morse's assistant as organist at Grosse Pointe Memorial Church where today he is the organist.

In 1941, a summer session for choral conductors took him to Chambersburg, Pa., to study at Penn Hall with Olaf Christensen. There he ran smack dab into the beauty, from Winston Salem (daughter of a minister and sister of Dr. Thor Johnson, conductor of the Cincinnati Symphony Orchestra).

Now, a little soft music, please: He invited her to have a coke with him and soon after in Winston Salem, he was married to the gal we call Mrs. Johns.

The next year, our Pointer of Interest and his bride went to live at Quonset Point, R. I. Mr. Johns joined the navy and found himself fast in a musical set-up, what with conducting several choruses (enlisted men, officers,

a gathering where artist Williams was also a guest. When he was told how the Johns had framed his caricatures, Williams was delighted and modestly amazed that they were appreciated.

### Fiddle-Backs

There are other musical paintings and pictures on the walls of the home. An interesting modern by Peter Krasnow was bought at the artist's California home when the Johns were on vacation not long ago. They and their friends are always reading something new into its intricate patterns and colors; it's usually a musical something they find, too.

Mr. Johns' other musical interests include conducting the Women's Glee Club of Wayne University and the Caroleers of Commonwealth Bank.

So now when you go to that May concert of the Grosse Pointe Community Chorus, you'll know a bit more the fine contribution made by the young man, who takes his place as the conductor.

And to end on a musical note: We couldn't help but notice that the chairs in the Johns' dining room are fiddle-backs.

## Off the Plane Into a Party

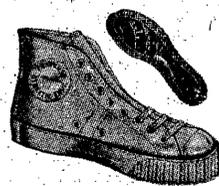

The recently-wed Mr. and Mrs. James D. Standish, III, had scarcely stepped off the plane bringing them home from their Jamaica honeymoon, than parties in their honor started again.

Mr. and Mrs. Charles A. Dean, Jr., made the date for their Saturday evening party before the young couple's marriage in late December.

The party was given at Ridge-lands and guests were members of the wedding party of the former Karla Behr and her bridegroom.

Also among the guests were the Deans' son-in-law and daughter, Mr. and Mrs. David Neill O'Day, son, Charles A. Dean, III, the bride's parents, Mr. and Mrs. Karl G. Behr, and Mr. and Mrs. James D. Standish, Jr., parents of the bridegroom.

### BARBECUED SPARERIBS

Contributed by Mrs. Philip W. Sloan, Jr.

To prepare spareribs: Trim off as much fat as possible and place in shallow pan. Cover meat with wax paper and bake for five minutes in 500 degree oven.

- 4 lbs. spareribs
- 2 Tbsp. butter
- 1 med. onion, chopped
- 1 c. water
- 2 Tbsp. vinegar
- 4 Tbsp. lemon juice
- 2 Tbsp. brown sugar
- 1/2 tsp. cayenne
- 1 c. catsup
- 3 Tbsp. Worcestershire Sauce
- 1/2 Tbsp. dry mustard

Lightly brown onion in melted butter and add water and other ingredients. Pour over the spareribs, which have been in the oven for five minutes. Return to oven and bake at 350 degrees for two hours.

gated ivy and the maids had bouquets of gold carnations combined with ivy.

Philip Glass, brother of the bride, was the best man and seating the guests were Bob Sabo, Dave Record and Mel Boardman.

A Dior blue peau de soie gown with matching chapeau and pink spray orchids was worn by the mother of the bride.

Mrs. McKenzie was gowned in pink lace with a small pink velvet hat that had a crown of matching blossoms embroidered in rhinestones. Her flowers were green spray orchids.

The young McKenzies left their wedding reception for a brief honeymoon, planning a longer one this Summer.

For going away, the bride wore a Winter white wool jersey frock with beaded collar, under a long white wool coat. Her hat was aqua velvet.

They will make their home in Allen court in Lake Shore Village.

## Traver Smith Promoted By Lincoln-Mercury

The appointment of Traver C. Smith, of 294 Kerby road, as national used car manager of the Lincoln-Mercury Division has been announced by Joseph E. Bayne, general sales manager.

For the past two years Mr. Smith has been business management manager of the Division's sales office. He started with the sales department in March, 1946, and has held positions as field manager, district business management manager and assistant district sales manager.

Born in Brooklyn, New York, Mr. Smith attended Hotchkiss school and Yale university, leaving the latter in 1941 to join the U. S. Navy. During World War II he was a pilot in the Naval Air Force for four and a half years, being separated in 1946 with the rank of lieutenant senior grade.

Think of your favorite sailor. Not putting out to sea in February? This is where shades of sand and driftwood and rippling water come in. He is dreaming. And in his few lazy hours he might enjoy a nautical book . . . either technical or fictional . . . from a good collection at "The Ship's Wheel", 19605 Mack, in the Woods. The motorized Battleship Missouri along with lots of modelcraft are on display.

Birthday gifts for the pigtail set are usually problems aren't they? But they needn't be problems any longer. Peter Pan, Inc., in the village, has a host of NEW gifts for just one dollar. A plaid lined twill bag covered with rhymes the gals sing; and a multicolored braided rope with jingling bells. A blue denim bag holds ball and jacks . . . head scarves for little girls under five with big pictures and rhinestone studs. Bracelets . . . filed linked chains with her personal initial . . . or a scarf dangle with her own gold colored metal initial with a pure silk scarf. It's Peter Pan, in the village, for a happy birthday gift.

There is a retired tool and die maker out in California. Now he is an expert bee keeper. His time is devoted not only to candle making, but to the immensely intricate honeycomb foundations, which encourage the modern bee to spend less time building combs and more time gathering honey. "Honeycomb" candles have these advantages over all others . . . made of pure Beeswax they burn longer . . . the tubular construction causes the surplus wax to flow down the inside of the candle instead of the outside . . . because of the air inside they will not wick in hot weather . . . they can fit any socket by simply squeezing the end with the finger and thumb. Ten and 15-inch are available in fifteen colors as follows: yellow, dark green, rose, chartreuse, light blue, dunbonnet, ink, red, brown, gray, black, white gold, and dark blue. Jacobson's Home Decoration Shop, in the village.

Shirts go pouff! . . . in 1955. But from the hips down. Thanks to Christian Dior. And our shirts? In '55 they can be as fresh as his morning shave . . . as smooth as a Martini. And this is true if we have them laundered the "QUEEN'S WAY." They have two big modern prints. Five shirts beautifully done costs \$1.15, cash and carry. Pick up and delivery is \$1.35. Everything that's gay and young and romantic for pre-teens is found in the newest collection of north and south fashions at Young Clothes, Inc., on the hill. As usual, they display their real talent for choosing wonderfully fresh cotton dresses . . . carefree prints . . . and rustling Spring taffetas. This talent is further evident in choice coats and dresses chosen for the "young" pre-teen. An orchid t-h-a-t big to Young Clothes for their breathtaking collection! 100 Kercheval, on the hill.

It's true that you can still pick up a good vacation camera for a v-e-r-y small amount of money. These outstanding values are good because they have been completely re-conditioned. What will you have? A still, a pololoroid, or a movie camera? Movie projectors and slide projectors are included in this group. The Camera Center, in the village.

Went sightseeing . . . traveler that we are . . . but alas . . . it wasn't in Rome, nor Lusanne. Where we went we saw your new long suit with all the elegance of a riding jacket. We noted the idea of the "bosom-in-the-round" . . . leather pants. A quite new casual addition to fashion is the scarf that drapes around the head . . . and neck. Perch a straw chapeau upon the scarf . . . and tote a gargantuan bag. The scarves, the hats, the bags are in Jacobson's Sportswear Department. See the safari pull-overs in red, white, and blue.

In a Scrabble Game there are lots of possibilities . . . that's the way it is when you have Evan-Picone . . . Sloot . . . separates . . . like Bermuda Shorts . . . skirts . . . culottes . . . in all the glorious shades . . . and in addition to a sleeveless blouse you can always get one suitable with-sleeves. Most are 100% Irish Linen . . . some are spun linen. The Dalton Cashmeres match or blend with each costume. They're 100% for the person touch at Margaret Rice's. For small charges they cheerfully . . . and with artistry . . . monogram anything . . . the simplest initials to complicated things. 76 Kercheval, on the hill.

Dow Corning Silicones play a big part in the beige coat we saw this week. We thought it was silk pongee . . . but it turned out to be a fabric made better by Silicones. They design textiles for the industry. As the weather gets warmer you'll need a light coat. This is it. Because it resists rain, water-borne stains . . . wear and wrinkling. Because of its superb finish it feels even more friendly and luxurious. It is practical . . . because you can wear it "rain or shine." It stays young and wrinkle free . . . thanks to silicones. Jacobson's, in the village.
