## HEADLINES

### of the WEEK

As Compiled by the  
Grosse Pointe News

Thursday, March 3

**THE TIME HAS COME** to end retreat in Asia and draw the line against other Communist advances, Secretary of State John Foster Dulles informed United States ambassadors from the Far Eastern area, at a closed meeting in Manila.

The meeting between Dulles and chiefs of missions of 15 countries in the Pacific is the most important event to date in shaping U. S. foreign policy in the East. It was called important because it enabled each ambassador to see the picture as it stood in his country in relation to the picture in the whole area.

Friday, March 4

**EGYPT THREATENED** retaliation against Israel if that nation persists in continuing border incidents between the two countries. In Damascus, Egyptian and Syrian officials signed a new Arab defense pact aimed against Israel; and the Egyptian delegates then went to Jordan with the hopes of making that nation a third partner.

The move came on the eve of an emergency session of the United Nations Security Council in New York, to discuss Egypt's charge of Israel aggression.

Saturday, March 5

**ISRAEL WAS DENOUNCED** by the 10-nation UN Security Council as the aggressor in the Gaza raid in Palestine in which 42 Egyptians and 10 Israelis were killed.

Following the denunciation, the Council decided it would recall Maj. Gen. E. L. M. Burns, its Palestine truce chief, for a personal report on the crisis. Except Russia, joined in the sharp criticism of Israel.

Sunday, March 6

**THE UNITED STATES** disclosed it had set off the deadliest bomb yet known to man on March 1, 1954. Sources stated the "thermonuclear device" donated in the Pacific was something more than a hydrogen bomb—it was an incredibly enriched superbomb which outlasted even the fire-ball blast and lethal radioactive fallout of the cobalt bomb.

The report on the explosion was published without any objections from the Atomic Energy Commission.

Monday, March 7

**THE LIFE** of Georgi Malenkov, former Russian premier, appears to be in danger, it was revealed in the most important Communist Party paper, Pravda. It was stated that a case against Malenkov is building up rapidly and that it is possible he may be charged with serious ideological heresy.

He was condemned by clear inference, although not named, for expressing a view which Pravda said was "useful only to imperialist warmongers." Malenkov is presently a minister and deputy premier.

Tuesday, March 8

**THE GARRISON** on Matsui Island will be tripled for a last-ditch defense stand in the face of Red invasion threats, it was revealed by highly placed Nationalist Chinese Naval sources.

## Motorists Stop to See Ice Battering Sea Wall

Winter is making its annual assault on the shoreline of Lake St. Clair. This picture taken at the foot of Moran road shows how huge blocks of ice have topped the sea wall, which was raised and reinforced three years ago when the rising lake caused great damage all along the Pointe shoreline.

## Seek Names For Plaque At Center

Residents Urged to Furnish Information on Korean War Veterans

A plaque dedicated to those who served in the Korean conflict during the period June 25, 1950 through July 28, 1953, will be unveiled at the Grosse Pointe War Memorial in the near future.

Through the combined efforts of the VFW Post 995 and American Legion Post auxiliaries and the Grosse Pointe War Memorial Association, names of approximately 100 Korean veterans have been received. A list of individuals to be included on this Honor Roll is printed on Page 2 of this issue of the Grosse Pointe News.

## Farms Firemen To Take Exams

The Michigan Municipal League will conduct an examination in the Farms Municipal Building on Thursday, March 17, to establish an eligibility list from which promotions to fire lieutenants will be made, according to information released by Farms City Clerk Harry Furton.

Eligible to take the examinations are Farms firemen who have a minimum of eight years service.

Applicants must state their intentions to compete in writing and submit them no later than today, March 10, so that the necessary examination papers can be prepared.

## Hole Cut in Roof to Gain Entrance to Shop in Farms

Farms police are still without any clues as to who broke into the Wright Gift Shop, 18650 Kercheval, on Monday, February 28, and made off with more than \$600 in cash and a check.

According to a police report, entrance into the gift shop was gained by cutting a large hole in the roof above the furnace room.

## Community Theater Offers Another Chance to Pointers Who Missed Fine Comedy

Thespians So Proud of Their Presentation of "Gramercy Ghost" They Book Repeat Performance For March 18 and 19

Typical of the enthusiasm which launched the organization seven years ago is the Grosse Pointe Community Theatre's decision to present two extra performances of their recent comedy hit, "Gramercy Ghost." The repeat shows will be given Friday and Saturday nights, March 18 and 19, at the Cannon Memorial Community Center Auditorium.

The reasons for giving the extra presentations are unorthodox enough to make theatrical news. It's not because the three previous houses were sold out but, in President Barbara Roney's words: "Because 'Gramercy Ghost' is one of the best shows we've ever done; and too many people missed it!"

Reasons for Decision  
"Many in our audience two weeks ago urged us to repeat," said Mrs. Roney, "so we're going to offer a last chance to get a lot of entertainment close to home for only a dollar and a quarter. First, it's a good script. Second, it's well-directed by Clyde Adler, versatile producer-director now associated with WXYZ-TV; and finally, the cast is one of the strongest we've ever combined in one show. Several players are now, or have been, professionals."

Russ Werneken of 562 Shoreham, founder of the community theater, mentioned another advantage of the repeat shows: "The performances will be even better than the opening week-end shows, because there's nothing better for a show, and its players, than to do the same show for different audiences."

Curtain at 8:30  
The Cannon Community Center is the large yellow-brick building at the edge of the large playfield on the corner of E. Warren and Cadieux roads. A large parking area adjoins the theatre entrance. Curtain time is 8:30.

This is by far the Theatre's busiest season. It is the first year that four major productions have

been offered, and the first time that each show has had at least three performances. "Time Out For Gingers" the current hit just released for local showings, is now in rehearsal for an April opening.

President Roney says that "Gramercy Ghost" is suitable for virtually all members of the family.

Needs Public's Support  
Since the first \$1,200 contributed by prominent community leaders to establish the organization, the Theatre has supported itself almost entirely at the box office. "Eventual aim of the group is to give our community something like the Cleveland Playhouse whose moderately priced stage shows draw full houses seven nights a week all season long."

## Leaves Scene Of Accident; Goes to Jail

Driver Must Also Pay \$100 Fine and be on Probation Without Driving for Year

Farms Judge Grant E. Armstrong, halved a fine he imposed on a driver who was convicted of leaving the scene of an accident on January 29, and then sentenced him to three days in the Farms jail and one year's probation, no driving.

Edward Nepi, 24, 5069 Kensington, Detroit, was found guilty of leaving the scene on February 23, after which Judge Armstrong set a heavy fine of \$200 against the man. The accident happened at 207 Muir road, involving a parked car.

When Nepi informed the judge that he was unable to pay such a stiff fine, Judge Armstrong postponed the payment of the fine until he gave it further consideration.

It was brought out that Nepi had been fined \$80 by the City only a few hours earlier on the same day, for driving while his license was revoked.

On Wednesday, March 2, Judge Armstrong reduced the fine to \$100 and imposed the jail sentence and probation.

## Legion Offers Help to Woods

The Grosse Pointe Post 303, American Legion, has extended the facilities of its hall, 20916 Mack avenue, to the Woods for its Board of Review meetings, which are held twice a year.

It was brought out at a regular meeting of the Woods council on Monday, March 7, that the present council chamber was not big enough to accommodate the large number of residents who attend the meetings of the board.

Further, members of the board had complained that the closeness of the seated audience to the table around which individuals and members of the board thrash out their problems, detracted from the privacy of the issues being discussed.

The council approved acceptance of Post 303's offer to make its hall available to the city for the meetings, at no cost to the community.

The hall will seat 100 persons and is big enough so that a discussion table can be set far enough away from the people to enable private, individual problems to be talked over without being overheard.

## Ordinance to Cover Water Expenditures Passed by Farms

Final Step in Agreement to Supply City Taken as Council Unanimously Approves 20-Page Revenue Bond Document

Final arrangements for the sale of water to the City of Grosse Pointe by the Farms were consummated Monday night when the Farms Council unanimously adopted the revenue bond ordinance covering all details of the agreement.

The 20-page ordinance, which was carefully gone over Monday night after approval was recommended by Farms City Attorney E. P. Wright, is printed in its entirety in this issue of the NEWS.

On Hand for Approval  
On hand for the final approval of the ordinance were Matthew Carey, expert financial advisor in the matter, and Councilman Kenneth Bergmann of the City of Grosse Pointe.

To expediate getting the big project started as soon as possible, Farms Clerk Harry Furton rushed the necessary papers to Lansing on Tuesday afternoon for state approval. No hitch is seen in obtaining this approval, but unless the papers were in Lansing by 5 Tuesday afternoon, they would have been held up for another week.

What's to Be Done  
The \$275,000 revenue bond issue will pay for the construction of two new filter beds at the pumping station in Lake Shore road, construction of the intake booster station in the pier park area, and construction of new mains and other lesser projects to bring the entire water system up to date.

The City of Grosse Pointe will help retire the bonds by paying higher water rates to the Farms. The City is also doing considerable work on its system to bring it up to date.

Won't Take Long  
It is expected the work will all be completed by the time any dry period is experienced this coming summer. The augmented system will provide the residents of the Farms and City with ample water and increased pressure. It is expected there will be no need to ration lawn and garden sprinkling in any but the driest periods, when the formerly enforced alternate-day sprinkling would be necessary.

To Eliminate Nuisance  
Weather bureau statistics show that such periods do not cover more than a couple weeks during an entire summer. Even under such conditions, the new system is expected to provide far more pressure than previously, and should completely eliminate the nuisance of such low pressures that many residents could not get water out of their second floor taps.

## Farms Fire Dept. Report Submitted

The Farms Fire Department answered a total of 22 calls, two of them to residential fires, during the month of February, a report made out by Farms Fire Chief William H. Newport showed.

Firemen, battling the blazes at the two residences, kept the damages to \$200 to the buildings, and \$150 to their contents. The value of the building was set at \$35,000 and to their contents \$10,000.

The men of the department answered 12 emergency calls with the utility car and eight with the ambulance.

There were no calls to outside communities and no false alarms turned in.

## Residents Importune Shores To Fix Walks, Curbs, Roads

"The time has come, the walrus said, to speak of many things." The Grosse Pointe Shores council met Monday, March 7, and discussed many things, without taking much action.

Last week an unidentified woman fell and was badly shaken up on Hawthorne road. The incident, brought to the council's attention by trustee Alfred Wilson, was the result of unrepaired city walks.

As the ensuing discussion brought out, many areas of road-way, curb and sidewalk have not

## Council Has Final Word In Argument

Reserves Right to Continue or Halt Additive After Electors Cast Ballots

The subject of adding fluorine to the public water supply will be on a ballot at the April 4 election in Grosse Pointe Farms, but not in such a manner that the Farms council will be forced to accede to the wishes of the majority of the voters.

The council Monday night unanimously approved placing the issue on the ballot, but only for the purpose of obtaining information. It was made clear that the councilmen will reserve the right to halt the addition of fluorine, or continue it. They hope, the vote will be representative enough to guide them in their future action or inaction, as the case may be.

Johnson Is Spokesman  
Shirley Johnson, attorney, former member of the Board of Education and a resident of the Farms, appeared as spokesman for the opposition to fluorine. Petitions containing the names of more than 800 qualified voters of the Farms who asked that the issue be put to the vote, were submitted to council.

Also speaking against fluoridation was a woman resident of the Farms who asked that her name not be used because she didn't wish her daughter embarrassed. She said that the daughter, aged 7, had recently become a victim of badly mottled teeth, and she blamed this completely on the added fluorine.

An unidentified proponent of fluorine, presumably a dentist, pleaded that the vote be postponed until the following election, on the grounds that voters wouldn't have sufficient time to become well informed on the subject. He expressed the fear that the small minority fighting the fluoridation would be able to stampee a majority of uninformed voters into casting their ballots against what he feels to be a very beneficial project.

Lacked Necessary Votes  
In order to make the placing of the issue on the ballot mandatory, and to make the council act in accord with the majority vote on election day, it would have

(Continued on Page 8)

## Farms Building At Record Low

For the first time in 15 years, a month has gone by without the issuance of any residential building permits, it was stated by Farms City Engineer Murray M. Smith, who submitted his February building report to the Farms council on Monday, March 7.

Only 15 permits, totalling \$124,700 in value, have been issued since the beginning of the year.

Only one residential permit, valued at \$45,000, was given out in January.

No building permits have been issued this year, so far, for construction of business places.

February saw 10 miscellaneous permits, worth \$41,100 issued for the month, making the number given out 14, and raising the total value to \$79,700.

No non-assessable building permits have been granted so far. One permit for a demolition project at 209 Lake Shore road was approved.

## Burglar Steals Church Coin Box

A thief who broke into the St. Paul Evangelical Lutheran Church, 375 Lothrop, on Monday, March 7, made off with a coin box containing several dollars in coins.

Farms police who arrived at the scene, were shown by the Rev. Charles W. Sandrock, where the thief had broken a window in the ladies' powder room in the basement of the church, in making his entrance.

Police were also shown where a small metal money box, attached to a shelf near a telephone, had been ripped from its place and taken.

The box contained about \$15 or \$20, Mr. Sandrock said. Entrance was not gained into the office, nor was anything else disturbed.

## Call Meeting To Air Ban On Building

Woods Arranges Special Session in Parcels School to Discuss Problem

The Woods will hold a special meeting at the Parcels Junior High School on Wednesday, March 23, at 8 p.m., at which two representatives of the State Health Department and the Wayne County Drain Commissioner will be present.

The meeting was set by the Woods council on Monday, March 7, to seek a possible settlement of a construction company's fight to have the Woods lift its subdivision building ban.

Sever Overtaxed  
The ban was imposed several months ago, after it was brought out at a council meeting that the present city drainage system was not adequate to handle any more sewage. It was stated that the new homes would only add to the problems of an already overtaxed system.

The Woods, which had acted on the recommendation of the State Health Department, has been threatened with a lawsuit by the construction firm which might compel the city to lift the ban.

At Monday night's meeting, it was revealed that two representatives from the Health Department and Wayne County Drain Commissioner Christopher Mulle were among those invited to attend the special meeting.

Approval Demanded  
The construction firm, through its attorney, Harold Love, sought to have the council approve its subdivision plat, so that it would be out of the way, but the council

(Continued on Page 2)

## Thief Displays Expensive Taste

A thief who broke into the home of Mr. and Mrs. Burns Henry, 403 Lake Shore, made off with a pair of expensive candelabra, it was revealed by Farms Det. Sgt. Harold Seelow.

Sgt. Seelow stated that the breaking and entering occurred late in the evening of Monday, March 7, during the absence of the owners, who left their home about 3 p.m. the same day.

He said the burglary was discovered by Private Watchman Charles Ellis, who on his rounds, noticed the house door ajar and called police.

Sgt. Seelow disclosed that the burglar had used a jimmy to force the lock of the front French door to gain entrance.

So far as known, the only things taken was a pair of crystal candelabra worth about \$160.

An investigation is still in progress.

## Residents Importune Shores To Fix Walks, Curbs, Roads

The time has come, the walrus said, to speak of many things." The Grosse Pointe Shores council met Monday, March 7, and discussed many things, without taking much action.

Last week an unidentified woman fell and was badly shaken up on Hawthorne road. The incident, brought to the council's attention by trustee Alfred Wilson, was the result of unrepaired city walks.

As the ensuing discussion brought out, many areas of road-way, curb and sidewalk have not

(Continued on Page 2)

### Residents Importune Shores

(Continued from Page 1)  
One citizen, who gave a Hawthorne address, but preferred to remain unnamed, did appear at the meeting. He asked the council why nothing had been done to clean up the street and sidewalk in proximity to his home.  
Claiming that weather conditions had been favorable for at least the sidewalk cleanup, he suggested that the council instruct the city maintenance crews to shovel off the mud and spread a protective gravel over portions of the presently unpassable sidewalk. "The mothers of our children have been forced to drive them to school because of the deplorable situation," he told the trustees.  
Trustees Adair and Wilson backed the citizen in his requests, but the council left the matter with the guarantee that it was being considered and something would be done. They did not specify how or when.  
The council also discussed a six year budget but the proposed budget was referred to committees for further study and recommendation.

Trustees Adair and Wilson backed the citizen in his requests, but the council left the matter with the guarantee that it was being considered and something would be done. They did not specify how or when.

#### Paratrooper In Alaska For Arctic Maneuver

FORT CAMPBELL, KENTUCKY (With the 503rd ARCT in Alaska) Pfc. Christopher Kuntz, son of Mr. and Mrs. Christopher Kuntz of 20014 Holiday road, Grosse Pointe Woods, Mich., a paratrooper serving with Hq 1st Bn of the 503rd Airborne Regimental Combat Team, recently departed Fort Campbell with his unit for Alaska to participate in the major Army maneuver, Exercise SNOWBIRD.  
The maneuver will test the endurance of U. S. troops and weapons in Arctic areas. During the exercise the 503rd will participate in the largest mass parachute drop of men and material ever attempted in an arctic region.  
At the completion of the exercises, which will last approximately four weeks, the 503rd ARCT will return to Fort Campbell.  
Pfc Kuntz's unit, the "Rock" regiment of the 11th Airborne Division, is the same unit that dropped on Corregidor during World War II.

### Community Club Openings Listed

The Community Club announces openings for new members in several of the afternoon groups. There are openings for first and second grade boys; for first grade girls and for several kindergarten children. Those interested in enrolling their child in any of the groups which now have openings, call Mr. Krattli at the Community Club, TU. 4-2050. Afternoon groups at the Community Club meet weekly from 3:30 to 5 p.m. Enrollment in each group is limited and only when additional volunteer leaders are available can new groups be started. Activities for each group are geared to the interests and skills of the age group and include such activities as games, sports, wood working, crafts, folk dancing, singing and table games.  
Because of the increase in the number of volunteer leaders, the waiting lists of children wanting to join a group has been kept at a minimum this winter. However at the present time several additional leaders are needed.  
A leader is needed for a first grade girls' club which meets on Tuesdays. A male leader is needed for a third and fourth grade boys' club.

Give some men a little authority and it gets away with them. We bring out the worst in all by trying to get the best of one.

### Council Lists Approved Films

The Grosse Pointe Picture and Television Council has announced its list of approved pictures for the month of March.  
Especially recommended by the council were: "Three Ring Circus" starring Dean Martin and Jerry Lewis and "Adventures of Robinson Crusoe," the Parent's Magazine Special Merit Award film based on the DeFoe classic.  
Recommended especially for children were: "Long, Long Trailer," "Little Kidnappers," "Hiawatha," "Prowlers of the Everglades," "Bowery Boys Meet the Monster," "Mr. Hulot's Holiday" and "Peecos Bill."  
Recommended for teen-agers were: "Sign of the Pagan," "Green Fire," "Last Time I Saw Paris," "Bullet Is Waiting," "Down Three Dark Streets," "Sitting Bull," "Drum Beat" and "Black Dakotas."  
The council also announced the noon movies to be shown at Pierce and Parcels during March. They will be: "Her First Romance," "Oklahoma Outlaws," "Miracle," "Our Lady of Fatima," "Gun Fury," "Plantation Melodies" (a short), and "Rainbow Round My Shoulder."  
The Yex Club will present "Mr. Peabody and "Mermaid" at the new Grosse Pointe University school auditorium on Friday, April, and Saturday, April 2. Tickets will be priced at \$2.00.  
The council also announced that the TV bulletin will be out with the April 1 report cards. Any further information may be obtained from Charles Beltz TU 2-6234.

### Dixon-Yates Pact To Be Discussed

Truth about the Dixon-Yates pact will be revealed tonight (Thursday, March 10), by George Tuttle, head of the Public Information Office of the Detroit Edison Company. Tuttle will address the 14th District Young Republican Club starting 8 p.m., at Buckingham Hall.  
Viewpoints of both the private power industry and the public interest on the controversial subject will stimulate a frank and open discussion.

### Building Ban

(Continued from Page 1)  
The council asserted it had the right to withhold approval of any plat, according to the city charter.  
Whether the firm will carry out its threat of legal court action, may depend on the outcome of the meeting at Parcels.  
It is expected that a large crowd will be in attendance, so Room 125 has been reserved, with the stipulation that if a bigger crowd than anticipated shows up, the meeting will be conducted in the school's auditorium.

### REPORTS STOLEN WALLET

Mrs. Alice Carroher of 1254 Berkshire, notified Farms police on Saturday, March 5, that her wallet, containing \$40 and personal papers, was stolen from her purse at the rear of the Farms Drug Store, Kercheval and Fisher. She gave police a description of a boy who entered and left by the rear door of the store and who had been acting suspiciously.

### To Curb Noise Of Contractors

Excavating, grading and construction companies will have to keep their equipment quiet during the early hours of Sundays and holidays, it is stipulated in a Woods ordinance.

The ordinance, approved by the Woods council on Monday, March 7, curtails any phase of construction work using steam, gasoline and/or power-driven motors before 12 p.m. on Sundays and legal holidays and before 7 a.m. during other days of the week.

The ordinance was enacted after residents in construction areas complained of the noises which were disturbing their rest, especially on Sundays and holidays.

### Dr. Howard To Speak Here

The speaker at the Lenten Dinner of the Grosse Pointe Methodist Church on March 16 will be Dr. A. R. Howard, pastor of the Mary Palmer Methodist Church, Lafayette at McDougal, Detroit.

Dr. Howard has a rich background of experience in city church work. This is the second in a series of Lenten family night dinners sponsored by the church. Dinner begins promptly at 6:30 p.m.

There is a separate program for the children during the adult program which begins at approximately 7:30 p.m. The entire program is over by 8:30.

Most every man works on the theory that he is a good loser, but few want to put it to the test.

### 325 Take Driving License Exams

The Chiefs of Police of Grosse Pointe have announced the results of the first 30 days operation of the new license examination for beginning drivers.

"According to our records," they said, "325 persons took the examination of which 32, or 10 per cent failed. Most of the persons taking the examinations were young drivers who had never had a driver's license before."

The high percentage of failures on the first try is due to the fact that the State of Michigan is now demanding that applicants for a license know more about safe driving than was previously required and the examination is therefore much more thorough. Undoubtedly, most of those who failed on the first try will pass on the second if they study more and practice driving more.

The chiefs pointed out that as good as the new examination is it only measures the fact that those who pass do know how to drive safely—it does not measure the attitude of the driver nor prove that he will drive safely if he passes the examination.

Those who do pass and then fail to drive as safely as they know how, face the thorny road of apprehension for traffic violations by the law enforcement agencies, penalization by the court of those found guilty and ultimate suspension or revocation of their licenses by the Department of State.

In conclusion, they stated, "By firmer examinations, re-examinations, more severe court penalties, warning letters and suspensions or revocations by the Department of State the traffic safety authorities are determined to award the license only as a privilege to drive safely and not a right to drive which anyone is entitled to."

"The license cannot be permitted to be a right to drive unsafely, to violate the law, to cause an accident—or the license to kill. As long as almost one driver in 10 is involved in an accident, the traffic fact in Michigan last year, traffic safety authorities have no alternative but to tighten up all along the line on issuing licenses and taking them away."

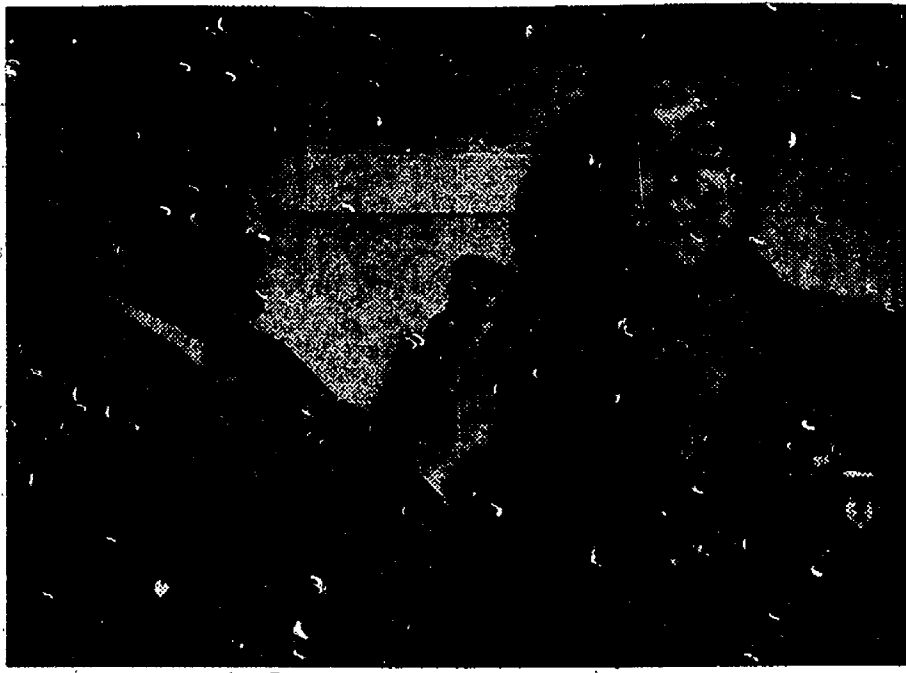

### Donald Rawson Helped In Tachens Evacuation

TACHEN ISLANDS (Delayed) (FHTNG) — Donald J. Rawson, hospital corpsman first class, USN, son of Mr. and Mrs. Paul J. Rawson of 735 Hampton road, Grosse Pointe, Mich., serving aboard the destroyer USS O'Brien, a unit of the U.S. 7th Fleet taking part in the Tachens Islands evacuation.

The O'Brien is operating with the fast carrier task group supporting the evacuation forces. The ship is scheduled to return to her home port of Long Beach, Calif., early in March, completing a seven month tour of duty in the Western Pacific.

During her cruise, she aided a Chinese Nationalist freighter grounded off the West Coast of Formosa and trained Chinese Nationalist Navy personnel.

### Wins Promotion in Marines

SAN DIEGO, Calif. (FHTNG)—MARINE 1ST LT. RICHARD E. BIGLEY, son of Mr. and Mrs. George A. Bigley of 194 Merrilweather, Grosse Pointe, Mich., has his new silver bars pinned on after being promoted to his present rank while serving at the Marine Corps Recruit Depot here. Lt. Col. J. P. Wilbern does the honors. Before entering the service in March, 1951, Bigley was graduated from Northwestern University at Evanston, Ill.

### Richard School Youngsters' Project is "For the Birds"

Everything is "for the birds" so far as the Richard Elementary School second graders are concerned. But their work is not as trite as the expression might indicate.

The second level science classes at Richard have devoted the past four weeks to the general study of birds and the particular project of constructing some 28 original bird houses to be entered in the state-wide Hoffmeister Conservation Contest.

Sponsored by the Michigan State Conservation Department, the contest is aimed at significant contributions in the field of conservation and wild life preservation.

A complete and comprehensive study of Michigan birds recorded through individual reports by the students; will supplement the bird house entry in the Elementary Division of the contest.

According to Mrs. Leticia Petree, Richard second grade teacher and sponsor of the project, "We have based the significance of our contest entry on the long run project-objective of teaching elementary science fact in a manner that will inspire interest and make the student work naturally for something more than just subject mastery. The reports that were compiled are a product of the learning process and the bird houses themselves are no more than the useful end product of this inborn interest."

The first step of the project was for the students to gather all the information that was available on their level concerning birds of the North American Continent. They then assimilated this information into meaningful classes and categories and chose a certain bird for their bird house project. They chose the Bluebird.

After the choice, they obtained the necessary information concerning the behavior and habitat of the Bluebird. This was necessary for the design of the house.

The students then set about designing a suitable shelter. When the final creation was hit upon, they built a mock model of it out of cardboard, assembled it for final class approval and then disassembled it to use the pieces as a master pattern. Then they sent a lumber mill for their material.

The final step of the project is the painting of the houses. It will be completed by the end of this week. Each student chooses his own color scheme. "The houses are quite colorful and show a great deal of originality," stated Mrs. Petree.

In the form of a student notebook, the reports were written in

### Donald MacQueen Given Lead In Play at U-D

Grosse Pointer Donald MacQueen, son of Mr. and Mrs. T. J. MacQueen of 1371 Hampton road, has been named to the lead role in the University of Detroit Theatre's newest production, "King Richard II".

MacQueen, a senior in the U. of D. Arts college majoring in Communication Arts, will play King Richard March 23 through 26 at 8:30 p.m., in the U. of D. Library Theatre on the McNichols road campus.

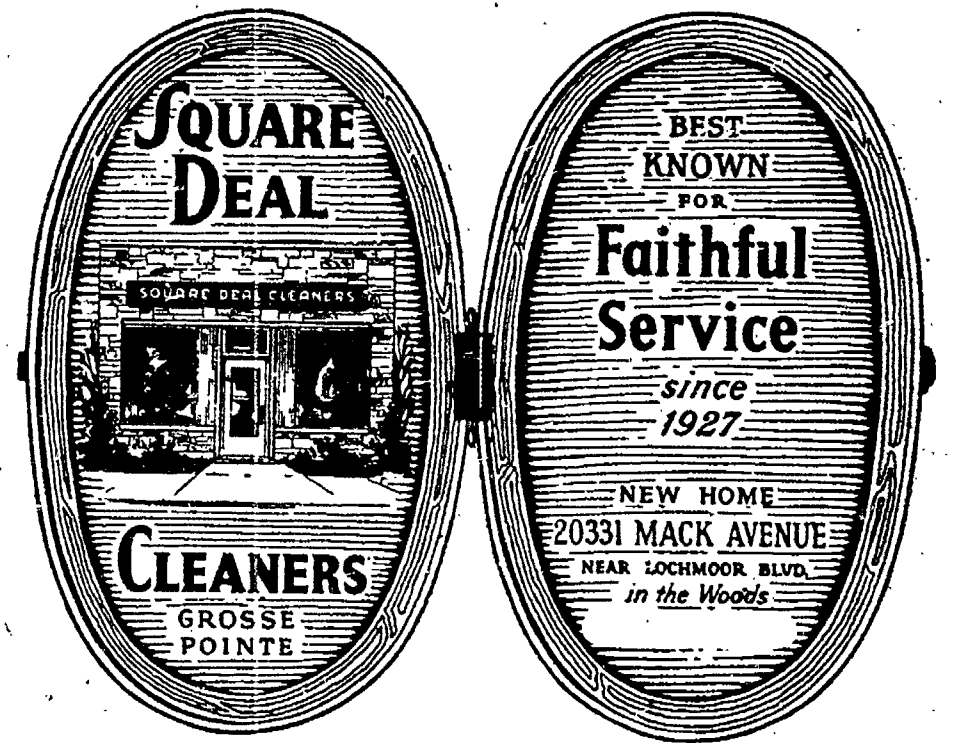

This is the third starring role in Theatre productions for MacQueen. Previously he had the lead role in "All My Sons" and "Peer Gynt". He has also appeared in top roles in "Coriolanus" and "Agamemnon."

### New Mail Boxes Like an Old Keepsake . . . Boon to Drivers

A curb service mail deposit box, for the convenience of motorists who do not wish to get out of their cars, was installed recently at Mack and St. Clair, just a mile from the Grosse Pointe Branch Post office.

Leland Lindow, superintendent of the branch, stated that the box was placed at that location because it was the best site that could be selected. It would be impossible, he added, to put the box in front of the post office, because of the location of the branch, Mack and Warren, a hazardous intersection.

He said that if the box was placed in this section, cars would create a traffic jam when drivers stop to deposit their mail.

### Greeley to Talk To Unitarians

Members and friends of the Grosse Pointe Unitarian Church are promised a signal honor at their forthcoming Fellowship Dinner when William Roger Greeley of Lexington, Mass. will be here as guest of honor to address the assembled guests.

Mr. Greeley, a member of First Parish, Unitarian, of Lexington is presently serving as Moderator of the American Unitarian Association. He is a prominent Boston architect, and has rendered extensive and varied service to the denomination as national president of the Laymen's League, member of the Christian Register Board, member of the board of directors of the A.U.A., president of the Star Island Corporation (Star Island is where New England Unitarians hold their summer conferences), and more recently he has served on the Joint Unitarian-Universalist Commissions.

In his capacity as moderator of the A.U.A. he will preside at the annual meetings of the A.U.A. in Boston in May.

His speech, following the Fellowship Dinner at Grosse Pointe Unitarian Church on Friday evening, March 11, is titled, "What Unites Us?"

### Red Cross Offers First Aid Classes

Detroit Chapter American Red Cross announces the spring series of First Aid classes covering three levels of instruction. All of the classes, taught by volunteers, are to be held in the Chapter House, East Elizabeth at John R. They are scheduled for both day and evening hours to accommodate individuals whose free time may be either day or evening.

Red Cross officials say personal or family emergencies are met more confidently by the person who has learned the basic principles of first aid. People who have completed the courses are valuable community resource in time of disaster.

The standard First Aid course which emphasizes the basic treatment of burns, cuts, bruises, suffocation and drowning is open to everyone. It will be taught on Tuesday and Wednesday evenings from 7:30 to 9:30 starting March 22 and 23, and for nine consecutive weeks in Room 514. The day time hours are from 1 to 3 p.m. on Thursdays, starting March 24, in Room 333.

The Advanced Course includes review of the standard procedures and additional experience in using them. A Standard First Aid certificate is required for enrollment in the Advance Course. These classes will be held for 6 consecutive weeks on Wednesday afternoons from 1 to 3 p.m. and Thursday evenings from 7:30 to 9:30, starting March 23 and 24, in Room 333.

To qualify as an instructor in Red Cross first aid a person must have completed the two preceding courses and the Instructor Course which includes techniques used in teaching others the skill one has acquired himself or herself. Five three-hour classes are required for this course and will be held on Tuesdays from 12:30 to 3:30 p.m. in Room 514, starting March 22, and from 7 to 10 p.m. in the same room starting March 24, Thursday.

The instruction in all three types of classes is cost free to the student, provided as a community service by the American Red Cross.

### Pointers to Help Judge Cost Accountant Debate

John E. Hearst of 509 University place, and Lester M. Elliott of 111 Tourain road, are among the judges in the 18th annual Robert Pierce Trophy debate, which will be held today, March 10, in the Park Shelton Hotel.

The debate is sponsored by the Detroit Chapter of the National Association of Cost Accountants, who will host the University of Detroit and Wayne University.

### Plan Big Poster Campaign For Annual Cleanup Drive

During the last two weeks of April approximately 500 posters on the clean-up theme, now being prepared by local school children, will be on display throughout the Pointe area. Distribution will be handled by the garden clubs in the Grosse Pointe Garden Club Council, under the direction of chairman Mrs. Clarence E. Maguire.

"We're never too young to learn that community good housekeeping is the responsibility of all the citizens," says Bert Harrison Wicking, president of the Board of Education. "The poster activity provides an interesting, educational and concrete way for youngsters of all ages to share in the clean-up, fix-up, paint-up program."

### Capt. Eugene Trombley Given Rank of Major

MITCHELL AIR FORCE BASE, N.Y.—Captain Eugene R. Trombley, formerly of Cadieux road, Grosse Pointe, has been promoted to the rank of Major, Continental Air Command announced today.

A brother of Mrs. Marie Liston, Mrs. Adlene Werner and Mrs. Kathryn Dondero of Grosse Pointe, Trombley attended Eastern High School and the University of Detroit.

During World War II, Trombley piloted Flying Fortresses and B-24 Liberator bombers from bases at Kwajalein, Johnson Island and Guam. Toward the war's close he flew C-54 transport planes for the old Air Transport Command (now the Military Air Transport Service).

Following his discharge in 1946 he settled in Honolulu, Hawaii, where he became an assistant manager of the Royal Hawaiian Hotel. He was later with the Pan American Airways Public Relations and Sales Office there.

An Air Reservist, Trombley was recalled to active duty in 1950. Following service with the Reserve Section of the Military Air Transport Service, he was appointed Administrative Assistant to the Deputy Commander of the Pacific Division, MATS, at Hickam AFB, Honolulu.

Early in 1953, he was transferred to Mitchell Air Force Base, N.Y. and assigned duties as Air Forces Personnel Liaison Officer to the Aviation Engineer Forces. In May 1954, the Major was reassigned as Director of Public Information, Continental Air Command.

Major Trombley is married to the former Jean Kathryn Reiter of San Francisco, California, and is now residing at 16 Radnor court, Hicksville, Long Island, New York. A daughter, Mrs. Jean Noel Mahoney, is a student of languages at the University of Buffalo, N.Y.

In addition to the Public Schools, whose art director is Mrs. Gladys Geis, the following educational institutions and art teachers are cooperating in this creative effort: Grosse Pointe University School, Miss Mary Jo Murphy; Saint Paul's; Saint Ambrose, Sister Mary Chiles; Saint Clare, Sisters Rosaire and Alloysius.

The posters, which will be distributed during the week of April 11, will be placed as close as possible to each pupil's school, to make it easier for friends, family and neighbors to enjoy the handiwork. A survey of possible display spots, including municipal buildings, hospitals, libraries, shops, theatres, clubs, markets, gas stations, auto agencies and professional offices, has already been made.

Mrs. Bert Luther Lindzey, Garden Club Council president, announces that the following garden clubs and their representatives will assist in the distribution task: Garden Club of Michigan, Mrs. Renville Wheat; Grosse Pointe Garden Club, Mrs. John McEachren; Grosse Pointe Park Garden Club, Mrs. Frederick Schumann and Mrs. Emil Leidich; Grosse Pointe Farm and Garden Club, Mrs. Donald S. Stevenson; Grosse Pointe Shores Farm and Garden, Mrs. S. L. Smith; Woods Farm and Garden, Mrs. Thomas M. Brown and Mrs. Cyril R. Pollard; Junior League Garden Club, Mrs. Traver Smith; Pointe Garden Club, Mrs. Clarence McGuire; Suburbia Garden Club, Mrs. R. J. Duffy; Village Garden Club, Mrs. J. Lee Barrett; Windmill Pointe Garden Club, Mrs. Frederick Auch.

Pfc. Gordon W. Sevensen, 1ST DIV., Germany—Pfc. Gordon W. Sevensen, 22, son of Mr. and Mrs. Ernest Sevensen, 1032 Wayburn street, Grosse Pointe Park, is serving with the 1st Infantry Division in Germany.

The "Big Red 1" division, in Europe since the Allied invasion of the continent in World War II, is now engaged in intensive training, including realistic field problems and maneuvers.

Early in 1953, he was transferred to Mitchell Air Force Base, N.Y. and assigned duties as Air Forces Personnel Liaison Officer to the Aviation Engineer Forces. In May 1954, the Major was reassigned as Director of Public Information, Continental Air Command.

Major Trombley is married to the former Jean Kathryn Reiter of San Francisco, California, and is now residing at 16 Radnor court, Hicksville, Long Island, New York. A daughter, Mrs. Jean Noel Mahoney, is a student of languages at the University of Buffalo, N.Y.

# GAS

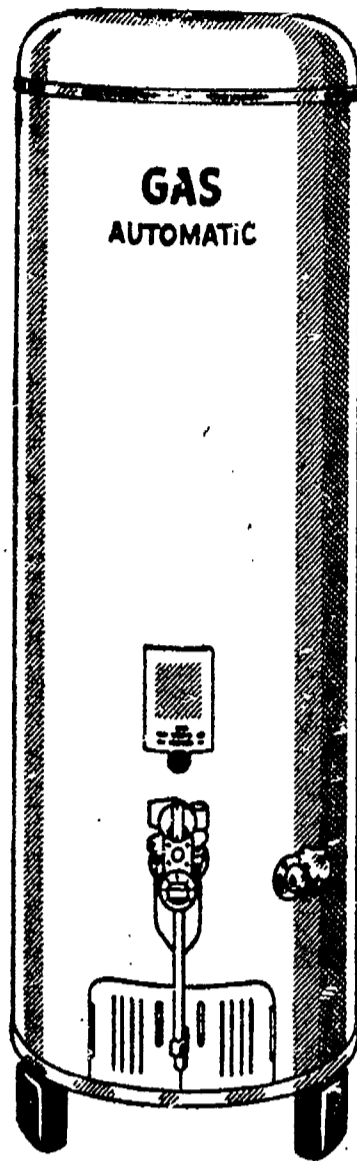

## 3 times faster for water heating

When the water stays hot, it's easy to change grimy youngsters into clean ones, to turn dirty clothes into clean clothes.

And the Automatic GAS Water Heater is the fast, efficient appliance that gives you plenty of hot water all the time—for baths, laundry and the hundreds of other uses around the house.

Gas changes cold water into hot in about one-third the time of other automatic water heating methods—and does it cheaper.

Now's the time to replace your present water heater with a modern Automatic Gas Water Heater. Choose from the wide range of models on display in Gas Company offices and in dealers' showrooms.

### Course to Help Expectant Parents Offered at Center

A series of discussions for expectant parents will be held at the Grosse Pointe War Memorial Center on Monday evenings from 7:30-9:30 o'clock from March 21 through April 25, under the chairmanship of Mrs. Ruth V. Flom, Grosse Pointe High School.

Leading psychiatrists, obstetricians, and pediatricians will speak on various phases of child care and development. The program is as follows:

March 21: How Birth Takes Place, William J. Coulter, M.D., Obstetrician. Plus a Film, Human Reproduction.

March 28: Feelings About Pregnancy, Nathan Segel, M.D., Psychiatrist.

April 5: Common Symptoms of Pregnancy and Pre-Natal Care, David M. Davidson, M.D., Obstetrician.

April 11: What to Expect in the Hospital—Demonstration: How to Bathe Baby, Alberta Davis, R.N., Grosse Pointe Department of Health.

April 18: Care of the Newborn Infant, James M. Fisher, M.D., Pediatrician.

April 25: Emotional Needs of Children, Mary D. Dickson, M.D., Psychiatrist.

This series is sponsored by the Michigan Society for Mental Health, American Red Cross, and local community organizations interested in parent education.

Attendance, open to the general public, will be limited to 100 people, expectant fathers and mothers. The charge is \$2.00 a couple for the entire six meetings. Send requests for reservations.

### AMVETS to Seat Officers Mar. 13

Louie Davidson, 20125 Balfour, Harper Woods, will be installed as the tenth commander of the Richard S. Hayes Post 57 on Sunday, March 13, at 2 p.m. The ceremony will be held at the Hayes Post Memorial Home at 19730 Harper avenue.

The new commander of Post 57 is married and the father of two children. He served with the Fifth Armored Division for 42 months during World War II and received the Purple Heart for wounds received while fighting in the Sigfried Line in Germany.

The installation ceremonies will be conducted by J. Carroll Kay, AMVETS State Commander, who will be installing one of his successors as Kay is a past commander of Post 57.

Serving with Davidson for the coming year are: Martin Wolowicz, 18865 Fenelon, Detroit, 1st Vice-Commander; Carroll F. Henn, 1786 Oxford road, Grosse Pointe Woods, 2nd Vice-Commander; Norman Holzhauser, 11476 Balfour road, Adjutant; Donald Gagnon, Sr., 10445 Cadieux road, Detroit, Finance Officer; Vincent Coscia, 4175 Lakeview, Detroit, Provost Marshal; and Delmer B. Busch, 20628 Damman, Harper Woods, Judge Advocate.

Officers of the Post Auxiliary will be installed during the ceremony.

### To Chairman Auto Show At Notre Dame Univ.

James B. Shane of 365 McMillan road, Grosse Pointe, Mich., has been appointed chairman of the auto show, a part of the annual Engineering Open House to be held May 13, 14 and 15 at the University of Notre Dame.

Engineering Open House is one of the major activities of the engineering school. Each department opens its doors to the public and everyone is given the opportunity of viewing the work of the students.

The Open House will feature a science show, air show, and auto show displaying the latest models and developments in each of these fields. Executives from various engineering firms will also deliver lectures at the Open House.

Shane is a senior majoring in engineering at Notre Dame University.

tions to the War Memorial Association, 32 Lake Shore road, Grosse Pointe, TU. 1-8030.

The talks and discussions are designed to provide an opportunity for expectant parents to discuss their hopes and worries and to become acquainted with the basic principles of mental health and child care at a strategic time in their lives.

### February Health Report Submitted

A monthly report submitted by Dr. Thomas Davies, Grosse Pointe Health Commissioner, showed that chicken pox outnumbered other communicable diseases throughout the month of February, in the Health District.

The number of cases of this disease was set at 53, of which 35 were reported in the Woods; 13 in Harper Woods; three in the Park; and two in the Shores.

Mumps came second with 40 cases reported. Of these, 11 cases each were disclosed by the Farms and Harper Woods; and nine each by the Park and Woods.

There were 12 scarlet fever cases in the district in March, six in the Woods; four in the Farms; and one each in the City and Harper Woods.

Next on the list were eight animal bites, of which the Park revealed three; two each in the Farms and Harper Woods; and one in the City.

Of the six measles cases, there were two each in the Farms and Harper Woods; and one each in the Park and the Woods.

Infectious Hepatitis trailed with only two cases made known, one each in the Woods and Harper Woods.

### GPPOA Directors Fill Vacancies

At the March 2 directors' meeting of the Grosse Pointe Property Owners' Association, William C. Tost and Robert J. Byrnes were named to fill the vacancies on the Board of Directors of the association.

The vacancies, created by the retirement of Alger Sheldon and James Zinn, will carry a term of five years for the new directors.

Mr. Zinn, who was vice-president of the association, was replaced in office by George Tait Hall, a present member of the board.

At the meeting the activities of the association, were fully reviewed by the president, Lewis Smart, Jr., and the executive secretary, Paul Marden. The present officers and directors were announced.

They are: executive secretary, Paul Marden; president, Lewis Smart, Jr.; vice-president, George Tait Hall; secretary, Lloyd Marentette; and treasurer, David Crawford.

The directors are: Frederic Besmer, A. John Bloodsworth, George Burgess, Walter Crow, William Tost, Anthony Mutschall, Leonard Reaume, Robert Byrnes, Virgil Walling, R. Noble Wetherbee and H. Gordon Wood.

Wendall Birdsall replaced Kenneth Lander as a representative of the Grosse Pointe Brokers' Association. Also representing the Brokers' Association is Paul Maxon.

### Sacred Heart Classmates Attend Bobby's Party

Her classmates at Convent of the Sacred Heart helped Bobbie Posselius celebrate her tenth birthday on Monday. The guests skated at Ice Flair and then the birthday girl's mother, Mrs. John H. Posselius, of Irvine lane, arrived with birthday cake and ice cream for the party.

### Obtain 78 Pints In Blood Drive

The Grosse Pointe Blood Drive held last Friday, March 4, was a moderate success according to John Lake, coordinator of the drive.

The drive netted 78 pints, 15 more than last year, and only 15 prospective donors were rejected.

"Everything considered, this was not a bad showing," Lake said. "Our contribution was better than that of the Statler post downtown where the drive was also being conducted."

"It was surprising," Lake went on, "how many truck drivers

who were passing by stopped into Red Cross for the work its members did soliciting donors.

men and teachers also contributed." Lake commended the Junior Red Cross for the work its members did soliciting donors.

## Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse.

But his walk was short that day. For a big, handsome Cadillac—with its smiling driver traveling in the lad's direction—stopped and gave him a "lift."

And as he stood on the schoolhouse lawn and watched the car roll into the distance, he made a decision. He decided that, some day, he would own a Cadillac.

And here you see him, his dream come true, standing in the showroom of his Cadillac dealer—taking the keys to a new 1955 Cadillac!

As a Cadillac dealer, we've been privileged many times to see such a dream come true. And it never ceases to be a thrill.

But we do feel, in all sincerity, that many motorists—not realizing the Cadillac car is practical as well as wonderful—wait too long to make the move.

The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far beyond anything you could

logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land.

If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own—you should give careful consideration to these remarkable facts.

It is entirely possible that the time for your Cadillac has come—and, as we said, it is always a pleasure to help make such a dream come true.

Better come in and see us today.

**O'LEARY CADILLAC, Inc.**

 "We make 'em perk"

—Picture by Fred Runnells

The Neighborhood Club Thrift Shop's annual fund-raising campaign will get underway March 15 and end March 31. Money raised provides the club with facilities to run its popular Summer Day camp program. The camps' 1955 theme is "Flying High" and the group shown above gets in some early vacation planning as MIKE LETSCHER, left, holds a Parisienne poster as COOKIE CONNELLY and PAULINE MASAK, Girls Athletic Director at the Club, and DOREEN PIKE and TAFFY CONNELLY, seated, tell of their plans for an imaginary trip to Paris when the Club opens next summer.

**Pointer Heads YWCA Benefit**

Mrs. Glenn Warner, of Verrier road, is co-chairman of the second benefit bridge luncheon being held next Wednesday by the Homemakers Club of Central Branch YWCA.

The party will take place at the Central Branch and serving with Mrs. Warner is Mrs. James E. Osgood.

Beginning next Monday, Central Branch will show changes the employed woman has seen during the YWCA's 100-year history, with a program of displays, exhibits and demonstrations.

Each evening, beginning Monday and lasting through Thursday, March 17, there will be a "coffee" when exhibits will show the safety and health measures which have been developed to make working conditions better for women in factories and offices.

Another display will show advances made in the sanitary handling of milk and other foods.

A judo exhibition will prove that ladies now indulge in more vigorous sport than they did in grandma's day. A "cavalcade of dancing" will be presented by YW instructors to show the difference in dancing styles through the years.

YWCA motion pictures will further point up the progress of the past hundred years. Also there'll be a style show of the 1955 girl, and a dance tribute to the YWCA Centennial by the International Institute Dancers, who are included on the week's program.

The coffees, scheduled for 7:30 to 10:30 p.m., are open to the public. With each cup of coffee, a piece of the YWCA Centennial birthday cake will be served.

**APTITUDE TESTS**

**Lippincotts Meet Son in the East**

Mr. and Mrs. Hall Lippincott, son, David, who's returning from of Rivard boulevard, left for the East on Tuesday. In New York they will meet a European trip with his uncle and aunt, Mr. and Mrs. Chester N. Goltra of Winnetka, Ill.

The party spent a month sitting in Austria and then traveled in Italy for a fortnight before the homeward journey.

The less luck some people have the more they believe in it.

**Look high and low...**

**1. You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes!**

**2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!**

Biggest car at its price (122" and 124" wheelbases)  
 Most powerful car at its price (180 horsepower)  
 Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the torsion-free, Shock-proof Chassis.

The most enthusiastic Pontiac owners we have are those who have taken this advice. They've looked the field over from top to bottom—and returned to Pontiac with a new appreciation of the tremendous value that has been engineered and built into this smart car. Pontiac is way up there with costly cars in wheelbase, roominess and riding ease. It's big, comfortable, yet handles with expensive sports car nimbleness.

The exciting dash and compelling drive of the Strato-Streak V-8 produce the richest thrills in motoring. And Pontiac is America's most distinctive car in styling as well as in action. Come in today for the facts about this "all-time" value leader, and get our generous appraisal of your present automobile. Find out how little cash it actually takes to switch to a big, powerful, future-fashioned Pontiac.

**and you'll go Pontiac!**

### Pointer's Work To Be Exhibited

The paintings and sketches of Pointer Virginia Durbin Thibodeau (Mrs. Robert E.) will be exhibited in a one man show at War Memorial Center opening March 12 and continuing through March 23.

### catherine kammer BEAUTY SALON

We invite you to come in and let us show you the new "Americano Look" hair style.

Our operators are expert hair stylists.

Appointments—TU 1-3300

20455 Mack Ave., in the Woods

### Girl Scout News

Latest reports from Mrs. Louis Smith and Mrs. Thomas Fox are encouraging. The first order of 22,000 boxes of cookies was filled . . . and they had to order more! That is good selling.

There are still three days left to sell cookies. Kroger's, 7 Mile and Mack has Mrs. William Kee as chairman, Food Fair, Mrs. Fred Price; Jacobson's, Mrs. Harold Fleming; Big Bear, Mrs. Albert Ghesquire; and Wrigley's, on the Hill, Mrs. Ernest Collins.

We would like to thank the managers of these stores. And a special thank you to the Central Library for the display; and Mr. Hannan for the use of one of the store windows.

Incidentally, the Girl Scout Uniform in that window has a very proud owner. She is Mrs. Mark K. Edgar, of Lincoln road, a Girl Scout for 35 years, and first commissioner of Girl Scouts in her home town of Scranton, Pa.

### Church Working On Fair Plans

The Grosse Pointe Woods Presbyterian Church will have a Fair this year on November 18. Mrs. Thomas Dasef is chairman and Mrs. Murray MacDonald, co-chairman.

On February 28, Mrs. Andrew Raath of Berns court was hostess for the first meeting of the various committee chairmen.

Chairmen for the various fair projects are: Sewing—Mrs. Herman Goodsmith; Gifts—Mrs. Arthur Swanson; Aprons—Mrs. Peter Teley; Children's booth—Mrs. Elmer Murvay and Mrs. Earl Peters; Plants—Mrs. Richard Harrison; Holiday shop—Mrs. Murray MacDonald and Mrs. M. E. Salisbury; Country Store—Mrs. Donald Knaepple and Mrs. Edna Jaliff; Kitting—Mrs. George Couillard and Mrs. Albert Beever; Art—Mrs. M. E. Salisbury Jr.; Jewelry—Mrs. J. E. Mason; Snack Bar—Mrs. Gerald Schroeder and Mrs. Mel Anderson; Fair Dinner—Mrs. George Miles, Mrs. Peter Zambus and Mrs. Morgan McAfee. Publicity—Mrs. Robert G. Hamel.

The next Fair Service day will be on March 15 in the church basement, from 10 a.m. until 12 p.m. Pot Luck luncheon at noon.

### MAKES DEAN'S LIST

Patti Lee of Hampton road, a January 1952 graduate of Grosse Pointe High School and now a Junior at Miami University, Oxford, Ohio, was named to the Dean's List for the Fall semester.

Memorial Center Bridge Club results have been announced as follows:—

February 26: North and South, Mr. and Mrs. F. M. Christensen and Marion Johnston and Mervin Cress, tie; Dr. and Mrs. R. A. Merrill.

East and West: Dr. and Mrs. H. Phillips; Mr. and Mrs. Andrew Walrond.

February 28: North and South, Florence Steele and Lena Carey; B. Curnoe and V. Boglarsky.

East and West: Emma Harvey and Irma Maul; Mrs. W. L. Alexander and Mrs. H. Steffens.

March 2: North and South, Mrs. N. M. Skillin and Dr. R. A. Merrill; Mr. and Mrs. Ray Baubie.

East and West: Mr. and Mrs. A. Walrond; Lettie Kiley and Ruth Arbury.

February 12: — North and South: Mr. and Mrs. Rex Burnham; Mr. and Mrs. Ed Sanders.

February 14: — North and South: Helen Armstrong and Mrs. R. Raymond; Vera Boglarsky and Beatrice Cusnoe.

East and West: — Gladys TerBush and Mabel Brown; Peg Hattemer and Ruth Arbury.

February 16: — North and South: Edna Porch and Francis Young; Jagne Sutherland and Ellen Walrond.

East and West: — Flora Denis and Ivan Johnston; Alice Young and Kermit Carlisle.

### To Hear Lecture On Mexican Art

Mexico Art in all its lavishness of color and design will be brought to the members of the Grosse Pointe Woman's Club at its next meeting, March 16, at the Grosse Pointe War Memorial Center.

Mrs. Leontine Hardy, art supervisor of the Van Dyke Schools, will describe the arts and crafts indigenous to the country south of the border.

Mrs. Hardy has spent six summers in Mexico making an intensive study of the country and its people. While there she served as Dean of Women of Taxco Summer Schools. She will display many examples of silver, pottery, weaving, wood carving, tinware, and feather pictures.

Tea will be served at 1 o'clock, with Mrs. Wesley Marcus acting as hostess. Her assistants will be Mesdames William Quigley, Lawrence Putman, W. R. Richardson, Stanley Plopa, Edwin Brendtke, Waldo Abbot, Ernest Rushmer, William Osgood, N. W. Siedel, Howard Simon and Roland Postel.

Mrs. W. G. Brownson will be program chairman for the day, and will introduce the speaker.

### Peter Renchard Birthday Boy

Peter Renchard, son of Mr. and Mrs. John V. Renchard of Charlevoix avenue, turned six last Saturday amid much celebration. (Really Peter's birthday is March 6.)

There was a birthday party with 12 of his friends, including two beautiful young ladies!

Movies, ice cream and cake and games occupied the party-goers during the afternoon at the conclusion of which the Birthday Boy received the surprise of the

day: a brand new red two wheeler!

### Boat Club Plans St. Pat's Party

The Detroit Boat Club will try something new—"The Greeting Party." The March 12 party of the month has something new

to offer. The old members greet the new in a rollicking St. Patrick's Day celebration. Special Irish songs will be piped throughout the club on the new "Hi-Fi" system.

There will be special tables and special greetings for all new members. Adjoining the cocktail lounge is a new room that guests will be reluctant to leave as it is so artistically decorated and ideally furnished, and its four picture windows afford such an excellent view of the shoreline and Detroit River.

At the "Greeting Party" this room will be dedicated by the Boat Club president, Dr. Lloyd B. Young, Mr. and Mrs. W. L. Mullen are hosting a party of 24. Mr. and Mrs. J. Vierling are entertaining 10 guests. Dr. and Mrs. Young and the Perry Mannings are co-hosts for a party of 10, and the Leroy G. Vandeviers have invited 14 guests.

Mr. and Mrs. John B. Osgood are chairmen for the party. They will be assisted by Mr. and Mrs. Ernest Witzel, the John Smylys, Mr. and Mrs. Jack Ferrill and the Frederick Mograms.

### To Show Pointe Art at M. S. C.

The annual conference and exhibition of the Fine Arts Section of the Michigan Academy of Science, Arts and Letters will be held this year at Michigan State College at East Lansing on March 25 and 26 in conjunction with the 59th annual meeting of the Michigan Academy.

On exhibition in the Union Gallery will be members' paintings, prints, sculptures, crafts, photography, interior design, etc. The showing will continue to April 11 and is one of the significant and outstanding exhibitions in the state, particularly in view of the continually increasing membership in this organization.

Michigan Academy members from the Grosse Pointe area include Agnes Lindemann who has been represented in numerous exhibitions throughout the country including the Academy of Allied Arts in New York, Michigan State Fair, Old Northwest Territory, Michigan Water Color Society, the Detroit Federation of Womens Clubs, the Grosse Pointe Artists Association and many others.

Robert Hamilton won first prize in sculpturing at the Detroit Society of Women Painters and Sculptors' latest annual spring show as well as second prize in sculpturing and third prize in oil at the Grosse Pointe Artists Association exhibition.

Other artists in the Grosse Pointe area who are members of the Michigan Academy include Mrs. Cyril Barrett, Elizabeth Bowen, Mrs. Earl Dulmage, Mrs. G. L. Field, Mrs. Ferris Fitch, Miss Margaret A. Gifford, Mrs. John Goodman, David Hamilton, Dorothy M. Hamilton, Mrs. A. H. Kitson, Dr. and Mrs. John R. Pear, Bert Rockoff, Ernest Scaves, Mrs. Eleanor S. Smart and Mrs. Virginia Thibodeau.

The various sessions of the Michigan Academy are open to the public. The 20 sections of the organization cover a wide scope of subjects such as Anthropology, American Studies, Fine Arts, Folklore, Landscape Architecture, Language and Literature, Philosophy and Psychology.

### 100th Birthday Calls for Party

Mrs. Leo Kramer of 1321 Yorkshire, will hold a tea, from 4 to 7 p.m., on Saturday, March 12, to honor her mother, Mrs. Ella Wickes Yapp, who will celebrate her 100th birthday on that day.

At least 50 relatives and friends will be on hand to make the occasion a happy one.

Mrs. Yapp, who was born in Fairfield, O., and lived most of her life in Coldwater, Mich., is presently staying with Mrs. Kramer.

She has two other children, Leon Yapp of Fort Wayne, Indiana, and Harold Yapp of Detroit.

### Fluorine Issue

(Continued from Page 1)

was necessary for the opponents of fluoridation to have 1,300 names on their petitions.

Mrs. George O. Johnston of Lothrop road, one of the leaders of the opposition move, stated that a group of only about a dozen women had obtained the more than 800 signatures in just a few days, and that they would have been able to obtain the full 1,300 names very easily if they had had a little more time.

Councilman William G. Kirby proposed that in view of the fact that the petitions lacked the full number of signatures to make the vote mandatory, that the issue be placed on the ballot, but only to give the council information on which to base future action, if any.

**Unanimous Approval**  
This proposal received the unanimous approval of the council, after some slight argument as to the specific wording of the question to be placed on the ballot.

Dr. Floyd Straith, prominent dentist, asked that the question be worded: "Do you favor the addition of fluorine to the water for reducing tooth decay?" This brought protests from the opponents and from Councilman George Schlaepfer, who argues that would be prejudicial.

It was finally agreed that the wording be: "Do you favor the continuance of adding fluorine to the water?"

The man who boasts of being regular in his habits usually refers to his bad ones.

### Hospital Guild Plans Benefit

Members of the Bon Secours Guild will hold a luncheon, fashion show and diamond exhibit April 28, at the Whittier Hotel.

Proceeds from the event will be donated to the hospital building fund. A meeting will be held Tuesday at the hospital to advance the plans for the benefit.

Serving as co-chairmen are Mrs. Donald C. Longyear and Mrs. Joseph Kasper. Mrs. John Hall heads the ticket committee, assisted by Mrs. Clarence Totte, Mrs. Fred R. Burns, Mrs. Oscar Keller, Mrs. George J. Skimin, Mrs. Sanford Knuff and Mrs. George Schiabe.

One of the prizes donated for the occasion is a weekend at the Whittier Hotel for two in the "Celebrity Suite." Reservations may be made by contacting Mrs. Hall, TUxedo 4-4768, or any member of the committee.

### Month of March in Nassau For the Herbert Trix

Mr. and Mrs. Herbert B. Trix, of East Jefferson avenue, are spending the month of March at the Bahama Country Club in Nassau.

### Elmer Rolley Honored For 25 Years Service

Elmer A. Rolley of Lincoln road, was recently honored by the C. I. T. Financial Corporation, the nation's largest independent auto finance company, for completion of 25 years with the concern.

Rolley, regional vice-president of Universal C. I. T. in Detroit, received a watch and congratulations from Arthur O. Dietz, president of the national office.

**Haldeman Finnie's Travels Will Last Until Late May.**

Mr. and Mrs. Haldeman Finnie, of Ellair place, are off on a travel junket that won't end till the latter part of May. They are en route to Europe and will eventually arrive in Beirut, Lebanon where they'll visit their son and daughter-in-law, Mr. and Mrs. David Finnie. David is doing research on a Ford Foundation Fellowship at Beirut.

**Off on Caribbean Cruise**

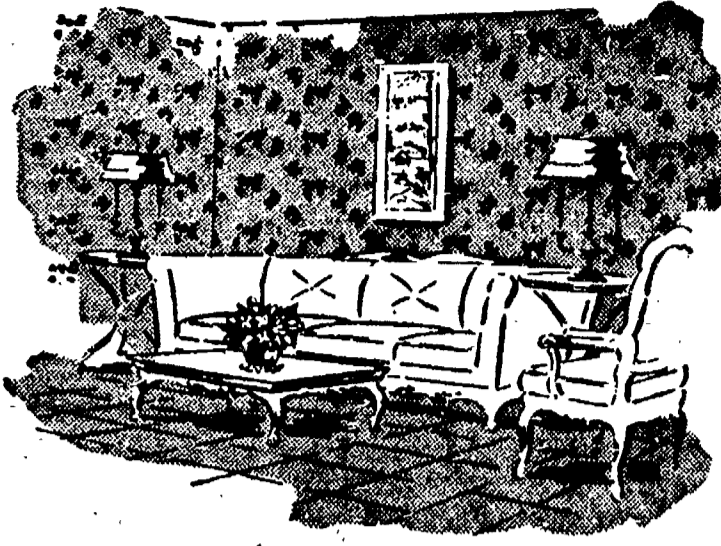

MR. and MRS. THOMAS J. DOUGLAS, of Berkshire road, photographed as they left for a 12-day cruise to the Caribbean ports of the Netherlands West Indies, Venezuela and Colombia, sailing from New York February 25 on Grace Line's "SANTA ROSA."

The armament of the first U.S. Navy destroyers included three rapid fire, breech loading rifles and two or three Gatling guns.

The Navy's surface-to-surface guided missile Regulus has been successfully tested for use by ships and facilities ashore.

All told there are more than 225 warships in the destroyer category now on active service in the U.S. Navy.

One of the outstanding features of a Navy destroyer is versatility. In the crew no man serves aboard for one job alone.

For Decorating of Distinction!

**Club Sponsoring "Blarney Ball"**

Don Barry's Orchestra will play at the Center Club's "Blarney Ball" Friday evening from 9 to 12 o'clock at the Grosse Pointe War Memorial Center.

Table decorations will center around a reasonable facsimile of Ireland's famous Blarney Stone, according to Mary Sue Barnett, secretary of the Center Club. The

original stone is in Blarney Castle near Cork, Ireland, and is said to confer skill in flattery to anyone who kisses it.

The "Blarney Ball" is one of the monthly dances sponsored by the War Memorial's Center Club. Single Grosse Pointers in their 20's and 30's are cordially invited.

Delicious refreshments will be served. The price is \$1.25 a person.

Mrs. Eva Worcester  
Wintering in Florida

Mrs. Eva Doty Worcester, of Sunningdale drive, has transported her artist's brush and palette to Coconut Grove, Fla. where she has taken an apartment at Eldorado Inn for the season.

# Society News Gathered From All of the Pointes

## From Another Pointe of View

By Jane Schermerhorn

When the Liberte slips out of New York harbor this Saturday, passengers will include the Pointe's Jack Navin and Bob Burkhalter, off to Europe in pursuit of antiques. Their plans call for London first, with arrival in Paris timed for April. From Paris, it's on to Lucerne with a date in Weisbaden where they board the Rhine steamer for that wonder trip. This year they also are visiting Brussels and Amsterdam and will return for another Paris stay before the home-ward journey. It's in Paris that they'll see much of their good friends, the William Housers, who recently moved from their place at St. Cloud to a charming apartment in the very heart of the city. There's to be a pre-sailing breakfast at the Plaza this Saturday morning, with a group of Jack and Bob's Manhattan friends, and more of the same is in store for them upon return to New York. Here in the Pointe, the Oscar Olsons were among their hosts at bon voyage parties. They gave a festive dinner party for the travelers in their Renaud road home.

## Schooling Show at Hunt Club

It's a bit later in the Spring that Alfred R. Glancy Jr. is heading for London, too. He'll fly over, to be on hand for casting of the English version of "The Bad Seed," in which he has an interest. The latest Broadway venture for Mr. Glancy is "Bus Stop" by William Inge, who also did "Picnic." In Glancy tradition, the new play is already heralded as a smash hit and stars Kim Stanley. The Glancys were at Grosse Pointe Hunt Club Saturday evening, following that afternoon's schooling show in the indoor ring. Naturally their pointer of interest was the 14-year-old Krystyn who is an excellent horsewoman, and who leads in points, at this writing, for the Hofmann Trophy awarded later in the season. The Glancys were with the Walter D. Baldwins, whose daughter, Bee, rode Trademark for a red ribbon in the Advanced Horsemanship class Saturday.

## Real Sportsmanship

Krys Glancy and Julie Cudlip, the crisp beauty, are within a few points of each other in club totals. They present an example of pretty wonderful sportsmanship, since they are best of friends, both trying for the same trophy. Julie Schneck, daughter of Dr. and Mrs. Robert J. Schneck, carried off two of the show's blue ribbons and got a smart round of applause from the crowded galleries. While schooling shows are small, compared to the big Grosse Pointe Horse Shows, held each June (16th through the 19th, this year), the "horsey set" nevertheless is keenly interested in them. They pack the glassed-in galleries overlooking the indoor ring and often during the show there was an electric hush over the crowd as the riders performed. In Saturday's gallery were the Merlin A. Cudlips to watch their Julie. Incidentally, they are off to Europe April 25. With the Cudlips were their son and daughter-in-law, the Bob Cudlips.

## The Galleries

The Karl Lysingers joined the spectators and stayed until it was time to go over to the dinner party given at the clubhouse by Charles Verheyden. Under her mink coat, Mrs. Lysinger wore a trig black suit, its white silk blouse etched in

(Continued on Page 12)

## Short and to the Pointe

### Taking the Sun in Florida

—Photo by Dick Preston  
Vacationing on Florida's Gulf Coast are MR. and MRS. Syd R. Scott of University place. They are pictured on the private beach at the famed Tides Hotel and Bath Club, Redington Beach, Florida.

MRS. STANLEY MUIRHEAD, of Kenwood road, is in LaJolla, Calif. where she is the guest of former Pointers, MR. and MRS. HOWARD BALLANTYNE who now make their home there.

First of the week should mark the return to the Pointe of MR. and MRS. DOUGLAS CAMPBELL, of Rathbone place, and MR. and MRS. HARRY S. FINKENSTAEDT, of Woodland place. They have been enjoying a cruise to Guatemala aboard a fruit freighter. They plan to spend a few days in New Orleans before returning here.

MR. and MRS. JEAN MESRITZ, of Lothrop road, are vacationing in the South concentrating especially on Nassau and Delray Beach, Fla.

Recent visitors to the Laurentians for skiing were MR. and MRS. RENVILLE WHEAT, of Touraine road, with their daughter, ANNE; and MR. and MRS. CLEVELAND THURBER, JR., of Edgemere road.

Before SIR CYRIL H. CANE and LADY CANE, left the Pointe to make their home in San Francisco there were a round of parties to fete the couple. Sir Cyril was a former British Consul of Detroit. The present BRITISH CONSUL JOHN M. FISHER, and MRS. FISHER, were their hosts at a farewell dinner in their Lakeland avenue home. MR. and MRS. EDWIN K. HOOPER, of Elm court, also were hosts at a cocktail party in the Canes' honor.

MRS. EDWIN B. HENRY of Chicago, has been spending a few days with her brother-in-law and sister, MR. and MRS. WILLIAM P. MCGIVERIN, of Rivard boulevard.

Leaving the Pointe yesterday for a visit in Pompano, Fla. was RAYMOND H. SMITH of Lake Shore road, who'll be the guest of MR. and MRS. WILLIAM C. RANDS at their Florida home.

An April visit to their son-in-law and daughter, MR. and MRS. EDWARD S. REID III, of Cambridge, Mass. is in the offing for MR. and MRS. R. GERVYS GRYLLS of Hillcrest road.

The ARTHUR W. SEMP-

LINERS, of Touraine road, asked a few friends in for dinner Saturday evening.

MR. and MRS. LEO CARR, of Lake Shore road, are really covering territory in their winter travels. Currently having fun in Miami Beach, Fla. they go next to Honolulu and then will visit Nova Scotia before they return here.

MRS. HARRY NORTON TORREY and MRS. JOSEPH B. SCHLOTMAN have completed their Eastern junket, during which they visited the latter's son-in-law and daughter, MR. and MRS. THOMAS EVANS of Greenwich, Conn., and have arrived at Ossabaw Island, Ga. for an extended stay.

MRS. HENRY P. WILLIAMS, of Provencal road, has arrived in Palm Beach where she is a guest at the Breakers Hotel.

First of April will find MR. and MRS. TERRY KUHN, now of Oxford road, settled in their new home on Lochmoor Boulevard.

Making her annual visit to her mother in the Pointe is Mrs. W. T. S. DIGBY-SEYMOUR, of Derby England. Mrs. Digby-Semour's mother, is Mrs. EDWARD COPE SMITH of Washington road.

MR. and MRS. HARRY W. KERR are back in their home on Touraine road after a vacation at Harbor Island in the West Indies. They were with former Pointers MR. and MRS. EMMETT CONNELLY, of New York, on the holiday. This week-end the Kerrs' son-in-law and daughter, Lieut. and MRS. JOHN A. WORDEN will arrive from Fort Sill, Okla.

FRENCH CONSUL JEAN BELLIARD and MRS. BELLIARD (Diana Mowrer) have announced the birth of their second child, a son, JEAN MICHEL BELLIARD, on March 1.

The PHILLIP HILLS of Grand Marais boulevard are leaving on a three week vacation this Friday. They plan to motor South and leave their two cute children with Mrs. Hill's parents in Gulfport, Mississippi. From there they will go to New Orleans

MR. and MRS. ERNEST RINK of Yorkshire road, recently returned home after spending a two-week vacation with their daughter and son-in-law, LIEUTENANT and MRS. EDWARD McQUISTON of Pensicola, Fla.

JUDIE BAKER, daughter of MR. and MRS. G. D. BAKER of Kenwood court, was initiated into the newly installed Delta Nu chapter of Phi Mu sorority at Michigan State College. The chapter is the first in Michigan and one of 70 throughout the United States.

Among the guests who attended the annual formal term party given by Michigan State's Iota Chapter of Delta Tau Delta fraternity at the Old Hotel in Lansing last week, was SHARON DAVIS, daughter of MR. and MRS. ARTHUR DAVIS of Grand Marais boulevard.

MR. and MRS. J. TOWNSEND GOEBEL (PATRICIA DANAGHER) have announced the birth of a daughter, MONICA BROOKE GOEBEL, on February 15.

A new member of Psi Upsilon fraternity at Ohio Kenyon College is SELDEN B. DAUME, JR., son of MR. and MRS. S. B. DAUME of LaSalle place, Grosse Pointe Farms. Daume, a freshman at the 131-year-old college, is a 1954 graduate of St. Paul's School in New Hampshire.

GEORGE A. NICHOLSON, class of 1956 at Cornell, Ithaca, N.Y., has been named credit manager of The Cornell Widow, humor magazine at the university.

A daughter was born to the LARRY HITTLEs formerly of the Pointe and now residing in Syracuse, New York. The Hittle's daughter, LAURA ANN, was born February 26.

MR. and MRS. DAVID BURR MOREING of Cloverly road, celebrated their twenty-fifth wedding anniversary with a dinner party on Sunday, February 27.

MR. and MRS. G. THOMAS TAYLOR of Harvard road, are leaving for a month's stay at the Saxony Hotel in Miami Beach.

The John Paul Jones Society Children of the American Revolution met at the home of EARL and JERE KREIG of Middlesex road in Grosse Pointe Park for a buffet dinner and regular meeting on March 1.

The Helen Newberry Joy Group of the John Paul Jones Society will meet March 12 at the home of NANCY and GAIL ARTNER, 1369 Yorkshire road in Grosse Pointe Park.

MR. and MRS. FREDERICK H. KROSS, of Merriweather road entertained at two dinner parties over the week-end, inviting guests for Friday and Sunday evenings.

MR. and MRS. FRANCIS H. BOURKE, of Rivard boulevard, are planning their Nassau junket so that they will be home in time to greet sons MICHAEL and

(Continued on Page 12)

## Americans in Paris For Pointers' Wedding

Wedding of Annette Shelden and Jere Hutchins Dykema Will Be Solemnized March 31 at American Church in Paris; Many Pointers to Attend

The wedding of Annette Shelden and Jere Hutchins Dykema, taking place in the American Church in Paris on March 31, is inspiring many of those invited to the ceremony, to make unexpected travel plans.

Mrs. Malcolm Lovell, of Birmingham, who is to be her sister's only attendant, and Mr. Lovell are leaving for Europe on March 20. They'll spend a day or two in London before going to Paris and after the wedding they'll travel on the continent for a month. The homeward journey will begin from Rome.

Annette and Mrs. Lovell are the daughters of Mrs. Serge Daniloff of Paris and the late Henry D. Shelden. Mr. Dykema is the son of Mrs. and Mrs. Dykema of Lothrop road.

The Dykemas sailed for Europe last Sunday. They will be in Paris the week preceding the wedding and will be hosts at the rehearsal dinner in Plaza Athenee the evening of Wednesday, March 30.

Henry D. Shelden will travel from his Williams' College studies to Paris and will give his sister in marriage. Mr. Dykema will be his son's best man. Following the ceremony Mr. and Mrs. Daniloff will be hosts at the reception in

their apartments on Rue Docteur Blanche.

Pointer Julie Micou, daughter of the Hilary H. Micous, of Kerby road, will attend the wedding and cousins of the bride-elect, Alger and Frank Shelden, will be wedding guests. They plan to ski in Austria or Switzerland before returning here. Mrs. Micou may join her daughter in Europe for further travel.

Mrs. Sherman Peck, of Cleveland, an aunt of the bridegroom-elect, will arrange her European travel plans to put her in Paris for the wedding.

The bride-elect leaves March 19 for the flight to Paris. Once there she will shop with her mother for her lace wedding veil. After their wedding trip, which will keep the couple in Europe until the last of April, Annette and Jere will return to the Pointe to occupy their new home on Ridgmont road. He leaves for Paris on March 26.

On Saturday evening, the Lovells invited 24 guests to a pre-

## Ibex Club Play Aids Speech Therapy Clinic

The Merry "Mr. Peabody and the Mermaid" Being Presented by Ibex Club, April 1, 2, in University School Auditorium; Proceeds to Charity

"Mr. Peabody and the Mermaid," a comedy about an eminent surgeon and his most amazing case, has been chosen by Ibex Club for its 1955 benefit play.

There will be two performances, the evenings of Friday, April 1, and Saturday, April 2, in the auditorium of Grosse Pointe University School.

As always, the Ibex play has a very definite objective—this year, its proceeds will be presented to Detroit Orthopaedic Clinic for purchase of a tape recorder for the speech therapy department.

The reader must travel back to the early thirties to check the history of Ibex plays and the good they've done.

Earliest beneficiary was the Maintenance Fund of the Detroit Symphony Orchestra and then, with World War II, the cause became the American Red Cross and, specifically, its program for a greenhouse at Fort Custer, a library at Fort Wayne.

Following the war, five plays were given, all contributing to the Children's Hospital.

The forthcoming Ibex play also will be the Pointe's first big opportunity to attend an event in GPUS's auditorium in the new building on Cooke road. Ultra modern in design, it is black, white and shrimp toned following the designs of Minory Yamazaki.

"Mr. Peabody and the Mermaid" rings up the curtain for the beautiful auditorium.

Mrs. Harry R. Esling is honorary president of Ibex and Mrs. James Zinn is its present president. Mrs. Paul Keller Jr. is drama chairman, assisted by Mrs. Robert F. Weber and Mrs. Joseph Caskey is in charge of play publicity.

William Merrill of Will-O-Way Theater will direct the play. It is interesting to note that early Ibex plays also had Jessie Bonstella's Civic Theater as a benefit project. At that time, the very young Mr. Merrill was a pupil of Miss Bonstella.

Jim Dauoft will play the role

of Dr. Peabody in the April 1 and 2 benefit. Mrs. Joseph M. Mengden will be Claire Peabody. Mrs. Eleanor Brown Munger will enact the part of Isabel. Jim Wright is to be Nigel; Mrs. Richard Gushee, a nurse; Mrs. Forbes Henderson, Betty; Bill Shearer, Charles; and the Mermaid will be Mrs. Paul Keller Jr.

Other Ibex members working for the success of "Mr. Peabody and the Mermaid" include: Mrs. Patricia Salisbury and Mrs. Douglas Adair, who are on the costume committee. Mrs. Harold H. Emmons Jr. will have charge of properties.

Mrs. Harry R. Esling is designing the sets for Mr. Peabody and the Mermaid and Mrs. Daniel W. Bowen and Mrs. Charles Wright III are the ticket committee co-chairmen.

Mrs. Frank L. Thompson's work is the patrons committee and Mrs. Charles Gauss II will edit the play program.

Mrs. Edward J. Tutag and Mrs. H. Roger Secret are responsible for make-up. Mrs. H. Huntington Kerr will be prompter and Dallas Hamilton heads the committee for painting the sets.

Mrs. John Churchill is poster committee chairman and Mrs. John Bocksrantz will line up ushers for the two gala evenings.

Mrs. Waldron to Be Host To Pi Beta Phi Sorority

Mrs. Robert E. Waldron, of 532 University place, will entertain the Grosse Pointe Alumnae of Pi Beta Phi sorority on Monday night, March 14, at 8 o'clock.

The business meeting will be followed by a program showing local talent. Mrs. Hansel Wilson will speak on flower arranging and Mrs. R. L. Shepard will show the group how painting as a hobby can be fun.

## Church Groups Plan Meetings

The evening groups of the Women's Association of the Grosse Pointe Woods Presbyterian Church will meet in the following homes at 8 p.m. on Monday, March 14:

Miriam—Hostess, Mrs. Ernie Spilos, 480 Cloverly road. Co-hostesses, Mrs. Robert Schueler and Mrs. Thomas Clark. Call TU. 2-5761.

Naomi—Hostess, Mrs. Helen B. Wright, 1510 Huntington. Co-hostess, Mrs. Mahlon McLain. Call TU. 1-5134.

Priscilla—Hostess, Mrs. Gilbert Hauke, 1501 Oxford road. Co-hostess, Mrs. Charles Marema. Call TU. 1-4524.

Rachel—Hostess, Mrs. Alexander Gill, 1898 Fleetwood. Co-hostess, Mrs. Paul J. Prince. Call TU. 1-3538.

Ruth—Hostess, Mrs. Richard Hyde, 1387 Hollywood. Co-hostess, Mrs. Donald Knaepple. Call TU. 1-5523.

Tuesday, March 15, at 8 p.m.—Rebecca, Hostess, Mrs. F. L. Seiber, 1081 S. Oxford road. Co-hostess, Mrs. Elmer Gabriel. Call TU. 4-1071.

## Ann McAdow's Betrothal Told

Mr. and Mrs. Walter R. McAdow of McKinley avenue announce the engagement of their daughter Ann to James E. Jenkins, son of Mr. and Mrs. Harold E. Jenkins of Kane, Pennsylvania.

After graduating from Middlebury College in Vermont, Miss McAdow spent a year studying and traveling in France.

Mr. Jenkins is a graduate of Allegheny College in Pennsylvania, where he was a member of Phi Kappa Psi fraternity.

They will be married on April 30 at the Grosse Pointe Memorial Church.

## General Josiah Harmer Chapter to Meet March 19

The March meeting of the General Josiah Harmer chapter of the D.A.R. will be held in the home of Mrs. Luther G. Williams of 9416 Cheyenne avenue, Detroit, on Saturday, March 19 it was announced.

Assisting Mrs. Williams as co-hostesses will be Mrs. Robert Lawson, Mrs. Robert Stewart and Mrs. Alex Meininger.

The business meeting will be conducted by Mrs. Wayne Skaglin and will feature a talk by Mr. Alveta Carruth, a Cocopa Indian on the subject "Indians of the West." Tea will be served following the program.

## College Women's Club To Meet on March 11

The College Women's Club of Detroit is holding a business meeting and luncheon at the Detroit Boat Club on Saturday, March 11, at 12:30 o'clock.

Following the business of the day, Mrs. Marion Sober, artist and lecturer, will speak on the theme, "Choosing Are Objects for Your Home." She will dramatize her program with an interesting display of one-of-a-kind decorating accessories and with stories of the artist craftsmen who created them.

Mrs. Albert Raich and Mrs. Elizabeth Clark are taking reservations for the affair. Mrs. Ivan Kirilin will preside.

## Bask in California Sunshine

Relaxing in the desert sunshine at the beautiful Wonder Palms Hotel, in Palm Springs, California, are MR. and MRS. FRITZ MUELLER of N. Renaud road. Mr. and Mrs. Mueller are visiting the desert on their way home from a vacation in Hawaii.

## Reuter-Hauss Vows Spoken

Christ Methodist Church was the setting for the afternoon wedding on Saturday, March 5, of Frances Elaine Hauss, daughter of Dr. and Mrs. Robert B. Hauss of East Outer drive, and Lieut. Erland Reuter, Jr., USMC, son of Mr. and Mrs. Erland Reuter of McKinley avenue.

The bride wore a Dresden-like gown of delicate flower embroidered white net over taffeta. The little pointed basque was designed with squared neckline and short sleeves, outlined in scallop motif of the embroidery. Dramatically accenting her waistline, the bouffant skirt flared to waltz length in four scallop edged tiers. She wore a matching princess cap of lace touched with tiny pearls, and her filmy veil of illusion fell to fingertip length. She carried a bouquet of Eucharist lilies with feathered white carnations.

Emily Anne Hauss was her sister's maid of honor. Sylvia Ann Reuter and Joyce Astrid Reuter, sisters of the bridegroom, were bridesmaids. The attendants were gowned in identical, ballerina length dresses of rustling taffeta in Wedgewood pink. The figure-molding basques, fashioned with

bateau decolletage and short sleeves, were tucked in contrast to the plain crisp skirts, and bustle bows gave added interest to the backs of the graceful frocks.

Donald McIntyre was the best man. Ushers were Victor Hampton, Quincy Hauss, Daniel Moroney and William Hamill.

The bride's mother wore an afternoon length silver grey antique satin gown with a pink hat decorated with tea roses. Her corsage was of pink camellias. The bridegroom's mother wore an afternoon length bateau neckline dress of cinnamon brown, nylon lace over taffeta. Her accessories were brown and beige, with a corsage of cymbidiums.

The reception was held in the church parlors. Frances Elaine will continue her studies and graduate from the University of Michigan in June and will join Lieutenant Reuter in Camp Pendleton, California.

## Sale to be Held By Kappa Delta

Mrs. Mrs. Stanley Kushman of Stanhope road opened her home last evening to the members of the East Association of Kappa Delta Alumnae for their regular monthly meeting. Mrs. Edward Ostroski and Mrs. Robert Meyer assisted the hostess.

After a short business meeting, the group sewed on their regular quota of cancer pads for the American Cancer Society. The remainder of the evening was given over to the social committee, under the direction of Mrs. Fred Otto, who organized the various card games the members enjoyed.

The main point of activity was the plan presented by the ways and means committee head, Mrs. Ercell Carley, who announced a Bake Sale to be held Saturday, March 19, at Kinsele's on the corner of Moross and Mack, from 10 a.m. through 5 p.m.

The proceeds will be used to send two crippled children to camp this summer. The sorority's national philanthropic project is for crippled children.

## Pointe Colony Meets Mar. 15

Mrs. Zaio Woodford Schroeder, of Bishop road, Pan-American Affairs Chairman for the General Federation of Women's Clubs, will address members of Grosse Pointe Colony, National Society of New England Women, at their meeting on Tuesday, March 15, at the home of their registrar, Mrs. Wilfred J. Campbell, in Fisher road. Mrs. Schroeder's subject is "Coffee, Brazil and You."

Mrs. Richard W. Allen, of Cranford lane, G. P. Colony president, will conduct an 11 o'clock board meeting that morning, and a business session, at which officers will be nominated, and delegates elected to represent the colony at the forty-second annual Congress of the National Society, May 8, 10 and 11, at New Ocean House, Swampscott, Mass.

Co-hostesses for the 12 o'clock luncheon are: Mrs. Harold C. Ludlum, of Yorkshire road; Mrs. A. D. Rueggesser, of Balfour road; and Mrs. George W. Moore, of the Parkstone apartments.

Reservations for the luncheon should reach either the hostess or Mrs. Ludlum by Saturday, March 12.

## RIGHT DIRECTION

The uphill trail is always the hardest to travel, but it is the only one that rises to fame.

## Yacht Club "Re-Opens" With Resounding Bang

Grosse Pointe Yacht Club's Saturday Night Club Party Draws Hundreds for First Gala After Annual Closing; John F. DeHayes Chairman of Evening's Fun

It was something like a homecoming Saturday evening at Grosse Pointe Yacht Club when the club staged a gala Nite Club party to re-open social activities after the February vacation "dark" weeks.

Fun swirled through the main dining room and the Commodore's Room where a capacity crowd of members and their guests dined and danced, chatted at their tables, trekked back and forth to the grill for informal visits with friends there, reassembled in the dining room for the 11 o'clock floor show, and generally enjoyed a merry and folksy evening.

The genial party chairman, John F. DeHayes, and his aides, Charles E. Monahan and Edward A. Shaw, were in constant circulation to see that everyone had a good time—but the fact was that practically everyone knew everyone else and the whole gathering generated jollity.

Commodore William O'Neill Kronner and Mrs. Kronner, with their guests, the Edwin Daisleys, arrived early and this popular foursome immediately were surrounded by friends who stopped to chat a bit.

The Clarence K. Johnstons were celebrating their twenty-eighth wedding anniversary and that brought a flood of felicitations—their guests for the evening were Dr. and Mrs. A. J. Eckel and the Charles Wainmans. The Wainmans were just back from a month in Hawaii, as were the Peter J. Gallettes—this foursome had traveled to Honolulu together and of course their many friends at the party wanted to know all about their trip.

Mr. and Mrs. Gallette were with the L. George Hoopers whose party also included the Franklin L. Birds, the Robert

Andersons and the Howard Rileys.

With the J. Earl Frasers were the Harold Diegels, the John Wetzels and the Jack W. Hoopers. Incidentally, at floor show time, Mr. Fraser acted as master of ceremonies to introduce the acts including the four Diplomats whose singing drew tremendous applause, and Eddie Burnette and Yvonne, purveyors of comedy, magic and dancing.

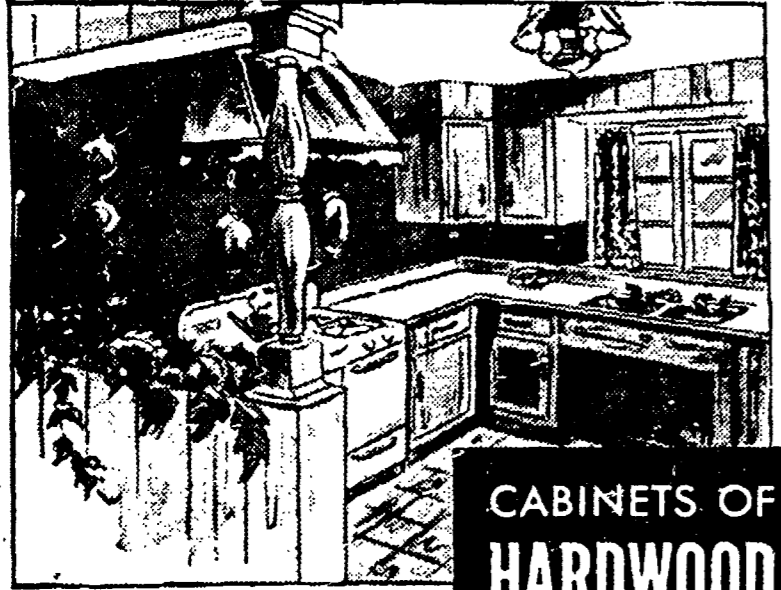

Before going over to GPYC for the party, Mr. and Mrs. Edward D. Barrett entertained a group of 21 at cocktails in their home on Whittier road. In this group were the Richard J. Martins—just back from Mexico; the Richard Degeners, the Edmund Brads, Dr. and Mrs. Stanley L. Smith, the Rex Regans, the John Bannisters, Dr. and Mrs. Clarence Maguire, Mrs. John H. Mueller, Dr. and Mrs. Clarence J. Williams and the Allan J. Cooks.

Mr. and Mrs. Henry C. Weidler, entertained the Douglas Clines, and the Tom H. Bartels, the Bartels just back from a month in Phoenix, Ariz., and Palm Springs, Calif.

Mr. and Mrs. Arthur J. Schultz were hosts to the Hamilton Kitchers, the Edward Ryans and the William Besancons, and again travel came into the party chat. Mr. and Mrs. Schultz and the Kitchers are leaving soon for a stay at Miami Beach and they're planning to go by plane.

When Judge and Mrs. Thomas Thornton arrived with their hosts the John D. Kennellys, there was an interlude for greetings between old friends, in this

## College Women's Club To Meet on March 11

The College Women's Club of Detroit is holding a business meeting and luncheon at the Detroit Boat Club on Saturday, March 11, at 12:30 o'clock.

Following the business of the day, Mrs. Marion Sober, artist and lecturer, will speak on the theme, "Choosing Are Objects for Your Home." She will dramatize her program with an interesting display of one-of-a-kind decorating accessories and with stories of the artist craftsmen who created them.

Mrs. Albert Raich and Mrs. Elizabeth Clark are taking reservations for the affair. Mrs. Ivan Kirilin will preside.

## Alumnae of Wisconsin To Meet on March 15

Mrs. Volney N. Moote of Lincoln road will be hostess to the University of Wisconsin Alumnae, Junior Women's Group, for their March meeting on Tuesday evening, March 15, at 8 p.m.

The program will feature a textile painting demonstration by Mrs. Arthur H. Ericson of Washington road.

Reservations may be made with the hostess or with the group's president, Mrs. Harold C. Meier of Neff road. Other officers in the area include Mrs. Richard W. Long of Fairway drive, vice-president; and Mrs. Daryl Engle of Engleside avenue, treasurer.

Former women students of the University, especially during the past 15 years approximately, are cordially invited to attend.

nuptial party honoring Annette and Jere. Staged in their recreation room, the dinner had a foreign flavor with its red and white checkered cloths on the tables, candles burning from old wine bottles. The Lovells decided it was an Italian sidewalk cafe setting since the menu was spaghetti and wine. Walls of the recreation room were covered with European travel posters.

This Saturday evening, Jere's brother-in-law and sister, Dr. and Mrs. Laurie Dickson, Jr., will be hosts at a dinner party feting the bridal pair at their home in Cadieux road.

## Alpha Xi Deltas to Hold Luncheon

Alpha Xi Delta sorority will hold a bridge luncheon at the War Memorial Center on March 12. Busy with plans are, left to right: MRS. ARTHUR ERICSON, president of the Grosse Pointe Alumnae; MRS. JAMES VAUGHAN, mistress of ceremonies; and ARTHUR K. BROOKS, director of a course in personal improvement which is now attracting many Pointe women. He will be the speaker at the luncheon and will give demonstrations in make-up.

## Short and to the Pointe

(Continued from Page 10)

JERRY arriving from their respective schools for the Easter holidays. The Bourkes will go down the middle of March for deep sea fishing with Mr. Bourke's brother and sister-in-law, MR. and MRS. AVERY BOURKE of Fiske drive. The school set Bourkes are MICHAEL, who attends Rensselaer Polytechnic Institute and JERRY, who is at Virginia Military Institute.

MRS. PAUL H. SUTHERLAND of Colonial road, has invited friends for cocktails Saturday evening, March 19, preceding the Country Club dinner dance.

MR. and MRS. FORBES HOWARD have returned to their Meriwether road home. They spent their winter vacation skiing at Sun Valley.

MR. and MRS. KNEELAND M. WELCH of Mapleton road (Mary Leigh Hughes) have announced the birth of a daughter, SUSAN WELCH, on March 1.

Home from skiing at Sun Valley are MR. and MRS. WILLIAM J. YOUNG of Touraine court.

Also on the returned travelers list are the names of MR. and MRS. ALFRED R. GLANCY, JR., of Lake Shore road, and MR. and MRS. LEET M. DENTON, of Oxford road, who spent a fortnight in Florida, stopping at the Key Largo Anglers Club among other resorts.

MR. and MRS. JEREMY H. LEPARD of Santa Fe, New Mexico (Robin Good) have announced the birth of a son, JAMESON WARD LEPARD, on Feb. 19. Mr. Lepard is the son of DR. and MRS. CECIL LEPARD of Ridge road.

BOB HOWE, son of the W. REGINALD HOWES of Beaufrail road, was recently elected president of the undergraduate chapter of Beta Theta Pi fraternity at Miami University, Oxford, Ohio.

A January 1952 graduate of Grosse Pointe High School, Bob joined the Betas in his freshman year at Miami. His term of office, which started with the second semester of his school year, will run for one year. He will graduate from the university in June of 1956.

## From Another Pointe of View

(Continued from Page 10)

black figures. Mrs. Joseph J. Marshall and her very sub-deb Kathleen were in the gallery, while Mr. Marshall was kept busy as show chairman. Herman Petzold was ring master; Ed Henkel, the announcer, and Robert Sarver came in from Bloomfield to be judge. Mrs. Petzold couldn't resist pleased smiles everytime her cute and tiny Virginia, appeared on the scene, taking lots of ribbons along with her too. Mrs. Henkel arrived midway in the afternoon, having been out to State Fair Grounds to see the dog show.

## Letter on the Way

To Jim Forster, Fred Bristol and Tim Martin fell the responsibility of representing horseMEN in the schooling show. All did well and we heard all about Jim's new thoroughbred, Hi-Fy, who is in the process of being schooled to jump right now. Other young riders in the Saturday event were Carol Jacobson, Ingrid Cornelius (looking more and more like her lovely mama, Mrs. R. E. Dowling—saw the Dowlings later at the Hunt Club buffet dinner party); Susan Stapleton who, when she wasn't riding, was busy taking flash photos of the events; Jane Rueger, Mary Mullen, Nancy and Betsy Webber; Angie Bayne, Lynn Fink, Nancy Bristol, Ruth and Patty Petzold. And then there was Navarre Bennetts' dozen year old Gwen, who was breathless over winning a red ribbon in the intermediate horsemanship class. "I've got seven ribbons now, but this is my first red one!" she exclaimed proudly. The Bennetts are in Florida and Gwen's sister, Mrs. Malcolm McColl, was there to be her cheering section. The minute the ribbon was won, plans were made to write a letter to "Mommy and Daddy" and when we saw the sisters last, they were outlining a carrot feast for Gwen's horse.

## Marzipan Horses

After a vigorous afternoon, the Hunt Club always presents such a cheery setting for the leisurely evening fun. Real logs burning in the fireplace... the dining room gay with Hunt Club red tapers on snowy covered tables... And the buffet (always a picture) complete with a simply huge chocolate cake across the top of which jumped three big marzipan horses. At the last event in the afternoon show, deb Denton, home for the week-end from Bennington College studies, awarded the ribbons... and evidently made a cute little speech to all her friends, which couldn't be heard behind the glass windows. On the way back to the clubhouse we also saw the Donald A. Martins, who'll be celebrating an eighteenth wedding anniversary this April. The Martins dined with the J. J. Marshalls, and after dinner Don did the rope trick (Grosse Pointe version, not Indian) to the joy of a covey of very young Hunt Club members.

## Gardeners Plan Center Meeting

The Grosse Pointe Farm and Garden Club will hold its next meeting at the Grosse Pointe War Memorial Center on Tuesday, March 15 at 2:30, with Mr. R. D. Burroughs, Supervisor of Conservation Education at Lansing, as guest speaker.

Mrs. Vincent DePetris will be hostess for the event, with Mrs. Meredith S. Randall, Mrs. Henry E. Beyster, Mrs. Henry L. Callkins, and Mrs. Waldo Behr assisting her.

## Mothers' Club Party May 13

The annual card party and tea given by the Mothers' Club of Grosse Pointe High School has been set for Friday, May 13. This party, which is the big fund raising event on the Mothers' Club calendar, is given each year to provide scholarship funds for deserving Grosse Pointe High School graduates.

Mrs. Everett E. Roll, president, has appointed Mrs. Adam C. Cook as general chairman.

The following mothers comprise her committee: Mrs. Sidney De Boer, tea chairman; Mrs. William Krebs, decorations; Mrs. Paul G. Hykes, Mrs. Carroll Sutton, tickets; Mrs. Rex Regan and Mrs. Andrew Harper Jr., prizes; Mrs. Carlisle Rieger, candy sales; Mrs. Curtis Mower, card tables and cards.

## Attend Instruction Of Phi Mu Sorority

Dozens of Michigan State College representatives attended a tea to introduce Phi Mu Sorority to the campus on Sunday, March 6. Invitations were extended to the college administration and faculty and to student and alumni representatives for the sorority's initial social event in the East Lansing American Legion hall.

Phi Mu, the second oldest fraternity for women in the United States, installed a new chapter, Delta Nu, at M.S.C. Saturday afternoon.

Mrs. John A. Hannah, wife of M.S.C. President Hannah, and Mrs. Herman Mysing, Phi Mu and president of Detroit Panhellenic, served from a tea table decorated with the pink and white sorority color theme. A candlewick punch bowl, centered on a pointe venise lace cloth, was backed with pink and white flowers, silver candelabra and pink tapers.

Guests were welcomed by Mrs. Carl Benninghoven, Phi Mu national vice-president; Mrs. Ed Bloom, national vice-president; Mrs. Verlin Jenkins, district president; Miss Marilyn Larsen, field secretary; Miss Jaqueline Biron, collegiate chapter president; Miss Elizabeth Osman, alumnae advisor; and Mrs. Carl Berghouse, Lansing Alumnae president, of Lansing.

The first Phi Mu chapter was founded in 1852 at Macomb, Ga. There are 70 chapters throughout the United States and this is Phi Mu's first collegiate chapter in Michigan.

Phi Mu alumnae who went to the tea from the school area were Mrs. Vernon Bryant, Mrs. Joseph Fouser, Miss Marion Bierce, Mrs. Herman Mysing, Mrs. Dana Norton, Mrs. Frank Copeland, Miss Kay Emerson, Mrs. Don Olmstead, Mrs. George Johnson and Mrs. T. J. Marshall.

## Liggett School Presenting Play

Final preparations are under way for the March 11 and 12 presentation of Liggett School's Junior and Senior play, "The Cradle Song," a comedy by Gregorio and Maria Martinez Sierra.

To be held at 8:15 p.m. in the Liggett School Auditorium, the play concerns the efforts of a group of Dominican nuns to bring up a deserted baby left on the convent steps.

Featured in the cast will be: Patty Bisceglia, Ronnie Dobs, Ann Hardy, Scotty Reid, Jane Goodwillie, Peggy Murphy, Marty Ward, Nancy Smyly, Judy Moorhatch, Loretta Wesock, Barbara Weinbaum, and Dr. William Elliott. Ronnie Dobs and Dr. Elliott are guest performers.

Several of the items are on loan, including the altar cross and candlestick holder which were lent by St. Paul's Episcopal Cathedral, Detroit.

## COMPLETES HIS BASIC

FORT LEONARD WOOD, Mo.—Private Patrick J. McEachin, son of Mr. and Mrs. Neil S. McEachin, 348 Hillcrest, Grosse Pointe Farms, Mich., has recently completed basic infantry training at Fort Leonard Wood with a unit of the 6th Armored Division.

## Pointer's Work In Toledo Show

Silver work by Eva S. Klein of Grosse Pointe, will be shown in a 3-week exhibition opening Sunday, March 13, in the Toledo Museum of Art.

Mrs. Klein's work has been exhibited for eight consecutive years in the Michigan Artists-Craftsmen show in the Detroit Institute of Arts; at the Los Angeles County Fair; in the Heilborn Galleries, and Smithsonian Institution, Washington, D.C.

Mrs. Klein has taught metalwork to Grosse Pointe girl scouts and currently teaches in the Grosse Pointe High School adult education program and at the Women's City Club of Detroit.

The Klein works, ranging from delicate cigarette boxes to an elaborate altar cross and other religious objects, will be shown through April 3.

A forerunner of the modern Navy destroyer called the "torpedo boat destroyer" was developed in 1894 to combat the threat of the Spanish torpedo boats.

## Hospital Drive Hits \$203,000

A subscribed total of \$203,000 was reported by the Bon Secours Hospital Completion Fund Campaign Committee, as the drive completed its first week of Memorial Gifts solicitation. This phase presents prospective donors an opportunity to memorialize select items in the new and existing facilities in honor of loved ones, living or deceased.

In the brief absence of Michael J. Kearns, Frank A. Alter assumed the responsibilities of Memorial Gifts Chairman and will terminally direct activities of the 75 volunteer workers. "As our campaign unfolds," commented Mr. Alter, "our need for volunteer workers increases proportionately. It is our hope that men in the community will respond to so worthwhile an undertaking."

Club and organizations chairman A. J. Meyer and David Burett, associate, are busy scheduling meetings with the service clubs in the area to acquaint them with the scope and purpose of the campaign. Working closely with Meyer and Burett is Walter Cavanaugh, business chairman, who announced plans to seek the support of local business at a recent luncheon of the Grosse Pointe Business Men's Association.

## Ice Jams Try to Take Over Memorial Center Lawn

Another view of the ice packs which are riding up over the Pointe shoreline, shows this accumulation in front of the War Memorial Center. That's the Grosse Pointe Club pier in the background, and in the distance Mrs. Horace Dodge's yacht "Delphine" is ice-locked at its own dock.

## Vendome Sewer Project Cleared

The last obstacle in the construction of the Vendome Sewer Relief was lifted, with the signing of an agreement between the Farms and Henry B. Joy, Jr., giving the city the right to construct an outfall sewer across the Joy property, from Grosse Pointe boulevard to Lake St. Clair.

The report on the agreement was presented to the Farms council on Monday, March 7, by Farms City Engineer Murray M. Smith.

Mr. Smith also stated that the Farms, under the agreement, must restore the Joy property to a condition acceptable to the

owner of the property. He said that at least \$2,600 will be needed to protect the trees and landscape on the land after the sewer construction has been completed.

The council also received his report on the progress of the various projects underway in the city.

He disclosed that the water intake booster station is 70 per cent complete; the storm water overflow is 80 per cent complete; the pier work building is 75 per cent finished; and the Pier Park bathing pier, is along 10 per cent, so far.

Not begun yet, he said, are the Vendome Road Area Sewer Relief; the Pier Park Water and Drainage; and the Pier Park Electrical work.

Still in the approved planning stage are the water plant expansion-open filter beds; the 20-foot cross-city water feeder main to the City; the Pier Park grading and landscaping; and the Pier Park parking lot and fencing.

## Two to Receive M.S.C. Degrees

Winter term commencement exercises for 400 Michigan State College students will be held on Thursday, March 17, at 8 p.m., in the college auditorium.

Dr. James W. Miller, a former member of the MSC staff, and now Controller for the State of Michigan, will deliver the commencement address.

Degrees will be conferred by President John A. Hannah. Pointers who will be among those getting degrees, will be Warren R. Sisman, son of Warren Sisman of 1048 Yorkshire, who will receive a bachelor of arts in Economics; and Thomas R. Swanson, son of C. W. Swanson of 523 Lakepointe, a bachelor of arts in Speech.

## Reading Course To be Repeated

Because of its popularity, the Reading Efficiency course sponsored by the Department of Community Services of the Grosse Pointe Public School System will be repeated, with a new class to start on Thursday evening, March 17.

Instructor for the course is Alton Raygor, Research Assistant in the Evaluation and Examinations Division, and Teaching Assistant of the Reading Improvement Services, Bureau of Psychological Services of the University of Michigan.

Mr. Raygor maintains that the average adult falls short in his reading abilities and goes on to prove that statement with interesting figures. Most readers, he states, maintain a speed of 250 words per minute, when they should be reading at a rate of 500 words per minute—and there are speed demons who can read at 600 to 700 words per minute.

This might indicate that the faster one reads the less one absorbs. However, research has proven that isn't so; for in the reading tests the reader learns to concentrate more completely. In fact, concentration is necessary in fast reading, and results in the

student absorbing more of what he is reading.

The course will include group discussions and class exercises which are designed to help the individual improve his reading rate, critical reading skill, concentration and vocabulary. Among the mechanical devices used in increasing reading efficiency is a tachistoscope (a slide machine) which flashes digits and series of words on a screen at startling and varying rates of speed.

Classes will be held at the Department of Community Services (formerly Country Day School), 43 Grosse Pointe boulevard. Since enrollment is limited, those interested are asked to call TUxedo 5-3808 for class reservation.

## IDEAS PAY OFF

Ford Motor Company employees collected a record \$748,421 during 1954 for ideas submitted under the employe suggestion plan, John S. Bugas, vice president—industrial relations, announced. The 13,559 cash awards paid—also a record—included four for the company's new maximum of \$3,000 and 42 for the previous maximum of \$1,500. The average award during the year was \$55.19, another all-time high.

## Michael Huetter Sent To Anchorage, Alaska

Michael J. Huetter, son of the Leo C. Huettlers of Hawthorne road, has finished his basic training at Fort Leonard Wood, Missouri, and has been transferred to Fort Richardson at Anchorage, Alaska.

Michael, who was inducted in October of 1954, was a June 1952 graduate of Marrison Military Academy in Aurora, Illinois.

## P.T.A. at Defer To See Acrobats

The children of the Defer School will entertain the Defer P.T.A. with a gymnastic program, at a general meeting which will be held on Monday, March 14, at 7:30 p.m.

The program will be under the supervision of Bernie Falk. Immediately following, there will be a short business meeting and social hour.

The college of hard knocks has a larger alumni than all the institutions of learning.

## Fine Arts Gives Lehar Musical

Fine Arts Society will present its third program of the season—the Franz Lehar musical, "The Merry Widow"—this Friday and Saturday evenings in Players' Playhouse.

Each evening, the performance will begin at 8:30 o'clock.

Harold O. Love is production manager and Dallas Chapin is directing the Merry Widow, lyrics for which were written by Adrian Ross.

Singing leads will be played by Mrs. Charles C. Hicks, Mrs. William Vasu, George Wilson,

and Mr. Love, supported by a large cast of singers and dancers. Chairmen for the evening will be Mr. and Mrs. Donald W. Rothang.

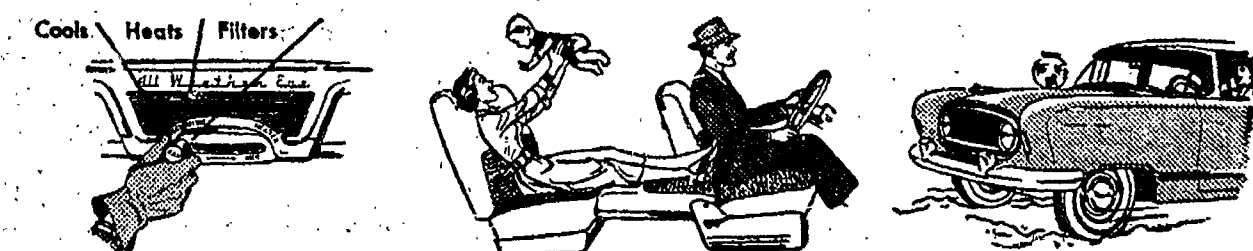

## On West Coast

Mr. and Mrs. Gilbert Whelden, of Park lane, are among the Pointers who prefer the West Coast in the Wintertime.

They have been attending the Los Angeles version of Motorama and now are in Palm Springs for a fortnight.

Mr. William Marko

**Hamtramck auto worker says, "A bill for \$400 didn't worry us!"**

"Most families would probably have to dig into their savings to pay a \$400 hospital bill," says Mr. Marko. "But I had a bill that size, and our savings didn't suffer at all, because my family has Blue Cross-Blue Shield. Under our Blue Cross Comprehensive Contract, I got all the hospital services I needed... over \$400 worth, and they didn't cost me anything. We've got Blue Shield for doctor bills, too, and that covered \$165 for our doctor's services. All I had to do was show my Blue Cross-Blue Shield card at the hospital, and benefits were paid automatically. I've never seen anything like it! Blue Cross-Blue Shield plans have been more successful than any other in gearing benefits to actual, current hospital and doctor charges. How important this realistic kind of protection is... when your family stands a 3 chance of facing a hospital bill within a year!"

Find out how your family can have low-cost group coverage. A company with as few as 5 employees may qualify as a group. Today call or write: Blue Cross-Blue Shield, 441 E. Jefferson Ave., Detroit 26, Michigan. Phone: WO 5-2700.

### Apathy in Action

A matter which has caused as much controversy as the addition of fluorine to the water supply, might have been expected to produce a good many more fireworks than were witnessed at the Farms council meeting Monday night. It was fairly well known that the matter of putting the issue on the ballot was to be discussed and decided upon at that session.

But the tempest in a teapot was a veritable typhoon compared to the gentle zephyrs which wafted through the council chambers as the proponents and opponents of fluoridation battled over this question which has flooded our "Letters to the Editors" columns and caused tongues to clack at every recent Pointe gathering of more than three persons.

Present and with banners waving in opposition to fluorine were three. Present and fighting, tooth without nail, were two. It wasn't very spirited, and we must commend the Farms councilmen for taking the action they did in view of the apparent lack of whole-hearted support on either side. The issue will be on the ballot on April 4, but the city officials wouldn't tie themselves down to be shackled by the outcome of the vote. They will use the results for what they are worth in an advisory capacity.

We have been reading a great deal lately about a revival of the old Town Meeting, backbone of democracy. Everyone is supposed to turn out and holler his lungs sore, fighting for what he sees as his fittin' rights. This session could have been held in the lubricating pit of a gas station and there would have been sitting room for all.

If we were confused about the fluorine question before, we are utterly and completely baffled by it now. Where were all the people who have been shouting themselves hoarse, on one side or the other, during all these weeks that this argument has been going on?

As far as we know, this issue won't be solved over a martini. The only way to get it settled is to obtain the opinions of the majority of the residents. In order to get these opinions, the question had to be placed on the ballot.

The opponents of fluorine had ample warning that if they wanted it brought to a vote they could accomplish this by obtaining the signatures of 1,300 qualified voters. They were given this advice, voluntarily, by the Farms council months ago. Yet, despite all this time to prepare and carry on their campaign, the opponents turned up with only a little over 800 signatures on petitions.

Had the Farms councilmen chosen to be sticklers, they had the right to toss the matter off and refuse to put it on the ballot next month. Knowing that this was a possibility that must be faced, it is surprising that the forces against fluoridation didn't muster all the strength possible and attempt to influence council by sheer weight of numbers attending the meeting.

It is likewise curious that the proponents of the issue didn't have a goodly number on hand to argue against the vote.

It appears that both sides have a lot of tough campaigning to do between now and April 4 if they hope to turn out a vote sufficiently large to give the council any indication of just what the people do want.

### Letters to the Editor

Mr. Robert Edgar, Editor, The Grosse Pointe News Dear Sir:

Having been vitally interested in the dental health of our community for many years and particularly the dental health of the children, I have followed carefully the various treatments advocated and research endeavors directed toward the discovery of a preventive of dental decay. None has provided as satisfactory evidence, scientifically proven and repeatedly substantiated, of at least the partial control or prevention of dental decay as the controlled fluoridation of public water supplies. In view of this fact, I am aroused by the efforts of a few individuals, who, through their efforts and alarmist tactics, are endeavoring to negate the progressive action of the fluoridation of the water supply of Grosse Pointe Farms and deprive the children of its beneficial effects.

A local physician appears to have spear-headed this attack. His many public utterings and broadcast printed materials in opposition to fluoridation have seemed to be based to a great extent on emotionalism rather than logical and scientific evaluation of the voluminous reports of the qualified and recognized research workers. These scientists have spent many years in investigation of the medical, dental, public health and physiologic chemistry problems, suppositions and theories pertaining to the effects of fluorine content

in the drinking water of communities.

This local medical opponent of fluoridation is a recognized authority in his specialty, but this does not qualify him as a recognized, authoritative research scientist in fields pertaining to the endemic effects of fluoridation. He is not a recognized, qualified biochemist, epidemiologist, pathologist or toxicologist. Nor is he an analytical research statistician.

Many of his statements relative to the possible harmful effects of the controlled fluoridation of public water supplies have been publicly refuted by recognized authorities in the various fields of scientific investigation and who have engaged in exhaustive research for many years upon the physiologic effects of both naturally and artificially fluoridated water supplies. He has been shown to have misquoted the published statements of authoritative research workers and has been criticized in public meetings for quoting such statements out of context or only in part, thereby attempting to validate some of his personal statements relative to fluoridation. When in actuality the quotations, if they had been quoted correctly or given in their entirety, would have left no doubt as to the fact that their intended meaning was different from that which the speaker wished his audience to believe. At a recent meeting he showed a slide of the teeth of a child with malformed enamel of the

### Grosse-Exaggerations

A. PRYOR

"Then, if you'd be impressive, Remember what I say, That abstract qualities begin With capitals always: The Good, the True, the Beautiful, Those are the things that pay!" (Lewis Carroll)

Up to now we have been in the category of people who sleep reasonably well, all things considered... but our nightly rut has been shattered by a gentleman on Arlene Frances' "HOME" program, who is called Ashley Montague. (The Ashley is pronounced ASH-le) and we suspect it is his real name in spite of the fact that it sounds like something in the cast of characters of a Noel Coward play. In fact he sounds like that too. He seems to be a little bit expert on all things pertaining to the human anatomy and he gives lectures with a "pointer" yet.

We are not in the least criticizing Mr. Coward... oops, we mean Montague, because we find him rather refreshing. We imagine he is the type who takes a long walk before "turning in"... no matter what the weather... he also (we think) breathes deeply and thinks cigaret smoking is a fiendish and deplorable habit. In fact he almost said so on one of the programs. It must have scared the daylight out of Arlene who now and then does a Sanos cigaret commercial! Well, to get back to our hero, ASH-le, the other morning he told us how to sleep. We don't know what age group this was meant for exactly. Could hardly be for babies or teenagers (who just don't care), but could be for middle-aged people who have never learned how to sleep or perchance have never slept. We followed Mr. M.'s every word, gesture and suggestion as if hypnotized.

He used as a model... right IN bed... Mr. Hugh Downs, the male star of "Home" but it soon became apparent that Mr. Downs was not the perfect model when it came to placing the sleeping form at the correct angle. Mr. Downs was shortly removed from the bed whereupon ASH-le took his place on the bed, complete with microphone hanging about neck, and proceeded to demonstrate HOW one should sleep for the best effect.

First of all, you are NOT to sleep on your side with your bumpy knees touching each other. (This is an old Pryor custom that has worked well for years... but now we are worried!) Lie on your side but one leg should be slightly bent and while the other is "benter" it must not touch leg number one! If you start on your left side, the left arm should angle behind you and the right one is placed coily under your chin. It is just as well that YOU can't SEE yourself in this position because it is frightening to see the least. In fact after Mr. Montague got settled in the bed it looked as if we were peering over the coroner's shoulder at a recent murder victim.

Our "sleeping lecturer" did not go on to say whether or not one is supposed to remain in that shape all night or if it was just a preliminary to falling off in the arms of Morpheus. His time was up... so he jumped up and strolled off the set with Arlene, whilst Mr. Downs could be seen in the background, putting his shoes back on... his part having been unceremoniously "cut" in the demonstration.

We really have no axe to grind with ASH-le. We just don't like his having upset our theory of sleeping after we've done it fairly well for so many years. Now when we get into bed we can't sleep for wondering if we look like HE did. We've even had a full length mirror put next to our bed to be sure we looked corpse-like. (No reflection on Mr. M.)

As for the rest of "HOME"... it is but good. We would like to say that they give you everything but the kitchen stove... except that you get that too. Everyone is pleasant and happy in his or her job and no matter WHAT you're interested in, you will find it sooner or later on "HOME." Take a look-see. Channel 4 from 11 to noon Monday through Friday. And give our love to ASH-le, who at that, is better than having to take a sleeping pill.

The character of Irene Barron, who plays the nasty mother-in-law on Tee-vee's "Search for Tomorrow" keeps referring to her husband Victor, who is supposed to be on the West coast, where she expects to join him. We don't like to be an upsetting influence, but WE know where Victor Barron really IS! He is now an editor of a newspaper in a small town in the middle West and what's more, he is wearing a wig, Irene can see her husband any day on "Portia Faces Life"... and she'd better keep an eye on him!

A friend of our's has just acquired a new car... an Eldorado yet! It is a thing of beauty and should be a joy forever... well, at least for a few years. Her husband was showing it off to a bevy of neighbors recently and included in the demonstration the opening up of the luggage compartment in the back of the car. One of the women present said: "THAT'S where we'll give our party to bring Eliza out when she makes her debut!"

teeth, a condition known as hypoplasia, and attempted to create the impression that the condition was due to fluoridation.

This condition of hypoplasia of enamel may be found in any community and is due to an illness causing a high temperature or fever at some period during the first three or four years of childhood. The speaker would

have allowed this erroneous impression to persist and make an indelible imprint upon the minds of his audience as to the possible effects of fluoridation, if he had not been forced to admit by a children's dentist in the audience that the illustration was not a case of mottling of the enamel due to uncontrolled intake of an excess of fluorine over the

recommended amount for the control of dental decay. The local opponents of fluoridation have carefully avoided mentioning the exhaustive research of the Water Fluoridation Committee of the St. Louis Medical Society. This committee was appointed in 1953 at the request of the public officials to investigate all scientific reports, both pro and con, dealing with the physiologic effects of fluorine in public water supplies, whether occurring naturally or artificially. This committee consisted of the following men of international repute: Harold A. Bugler, M.D., Assistant Professor of Clinical Medicine, Wash-

ington University School of Medicine. Raymond O. Muether, M.D., Associate Professor of Internal Medicine, St. Louis (Continued on Page 21)

### Will That Medicine Help?

By FRED M. KOPE, R. Ph.

Thousands of people ask thousands of druggists this question every year. If it is a prescription written by a qualified, experienced physician, the druggist can be confident that it will.

If it is medicine being purchased on the advice of a friend, or because it is the popular tonic of the day he cannot recommend it. To expect results from medicines you must be taking a specific medicine for a specific ailment. Such medicine is only found in an individual prescription written by your doctor, and compounded of pure, potent, effective drugs by an experienced pharmacist.

This is the 534th of the series of Editorial advertisements appearing in this paper each week.

### What Goes On at Your Library

By Jean Taylor

News of the Newbery and Caldecott awards for 1955 has just been received. Of all the honors given in the children's book field, these are the most coveted.

The Newbery award is given for the most distinguished book for children written by an American author, published the previous year. A committee of librarians is responsible for these selections.

The Caldecott award is presented for the children's book with the best illustrations by an American artist. This also must have been published in the previous year. A committee of librarians is responsible for these selections.

Meindert De Jong is the Newbery winner this year for his book, WHEEL ON THE SCHOOL. The author has returned to his native Holland for the locale, the bare little seaside village of Shora.

It all begins when a little girl, Lina, one of the six school children in the village, writes a composition about storks and wonders why no storks come to her village when they may be found in most of the towns roundabout.

A wise young teacher uses this as a springboard to interest all the children in a community project to bring the storks to Shora. The countryside is scoured for wheels to put on the village rooftops so that the storks will be enticed to build their nests there.

During this search, the children inadvertently learn much about their village and acquire an understanding of their nearby neighbors as well as of each other. The author handles this situation adroitly, never sermonizing nor talking down. His style has freshness and tenderness. There is a touching and exciting climax when two storks stranded by a storm are rescued.

The story is unusual and should prove interesting to read aloud. Maurice Sendak's many little sketches capture the feeling of the tiny fishing village. Mr. De

Jong has the ability to think as a child thinks. Among his earlier books are two which have been enjoyed by a variety of ages, SHADRACK and HURRY HOME CANDY.

We are happy that Marcia Brown received the Caldecott award for CINDERELLA, a Scribner publication. Miss Brown has done the free translation of this French classic by Perrault as well as the charming illustrations.

The pictures are in blue, pink, yellow and lavender and with their lightness and gaiety interpret the magical tale beautifully. PUSS IN BOOTS and Andersen's STEADFAST TIN SOLDIER are two other well-known stories which Marcia Brown has illustrated in this manner. This talented young woman, a writer and illustrator, is also making a name for herself as a puppeteer.

Among the runners-up for the Newbery are BANNER IN THE SKY by James R. Ullman and THE COURAGE OF SARAH NOBLE by Alice Dalgliesh. BANNER IN THE SKY is an absorbing mountaineering tale for older boys and girls by a popular author of adult fiction, WHITE TOWER et al.

In THE COURAGE OF SARAH NOBLE, Alice Dalgliesh tells a frontier tale of a courageous eight year old girl who with her father braves the dangers of the wilderness.

Among the books which came close to first place for the Caldecott honor are Marguerite De Angeli's BOOK OF NURSERY AND MOTHER GOOSE RHYMES, THE THANKSGIVING STORY by Alice Dalgliesh with illustrations by Helen Sewell and Margaret Wise Brown's WHEEL ON THE CHIMNEY with pictures by Tibor Gergely.

The WHEEL ON THE CHIMNEY like the WHEEL ON THE SCHOOL is also concerned with storks that build their nest atop of a chimney.

All of these books are available at your library.

### A TAX-LESS WAY TO PROVIDE ESTATE CLEARANCE FUNDS

Let's assume your attorney told you that your estate would need \$65,000.00 for last expenses, administration costs, Federal Estate Taxes and Michigan Inheritance Taxes.

The new Revenue Code can work wonders for you. Your wife or children can take out \$65,000.00 of insurance on your life, pay for it with money provided by you—and at your death the \$65,000.00 does not come into your estate at all. The funds are provided on a tax-free basis, and without legal or probate court expenses.

The annual deposits required to provide this fund at age 40 are only 2.2%; at age 50, only 3.39% per year.

If the law had not been changed and the \$65,000.00 of insurance were taxable in your estate at only 30%, your heirs would have only \$45,500.00 left after taxes.

A valuable booklet, "YOUR INSURANCE AND THE NEW TAX LAW," will be mailed free, at your request.

**Big Jim Ayrault Shows All City Form**

BIG JIM AYRAULT, number 22, shows the form which netted him his second All City berth in as many years as St. Paul downed Eastland in the first game of the Harper Woods District Tournament last Wednesday, March 2. The Flyers lost in the final on Saturday, March 5, to New Baltimore, 44 to 41, in the last 30 seconds of play. Ayrault, standing 6 feet 4 inches in his argyles, gained the attention of the sports writers and coaches who selected the 1954-55 Class C Parochial All City team, with his jack rabbit style of play. Ayrault was particularly good on rebounds and in most cases controlled the backboards for the Flyers who lost only one game in league play.

**Woods' Five Wins Crown**

(Continued from Page 16)

period rally which netted the important victory.

St. James still couldn't muster enough power to match the Christ Church Lions and lost a lopsided, 47-17, decision in the final game of the three game Sunday program. Dick Kinder personally outscored the losers

when he put together 24 points for individual honors. His teammate, Mike Kreh, was close behind for runner-up honors with 17 which matched the St. James production. Bill Lee paced the losers with 8 points.

On Saturday, March 12, the playoffs will be held at Grosse Pointe High under the direction of Ty Tyson, successful director of the league for the past two years. In the Senior Division Woods Presbyterian will meet the Memorial Diesels at 11 a.m. and in the first game at 10 a.m. the undefeated St. Paul Panthers, winners of the Junior Division title, will meet the second place Christ Church Tigers.

**FINAL STANDINGS**

**Woods to Expand Little League**

Grosse Pointe Woods' energetic Little League Board of Directors is giving serious thought to expanding its successful Little League-Baseball program to include a second major league called the National League. This discussion was brought to light at the Board meeting held at Parcels Junior High on March 3.

President Lars Anderson pointed out it is one thing to talk of expansion but it is another thing to get the necessary facilities, equipment and enough men to handle the many jobs that go with the addition of another four team league.

With the first practice just a few short weeks away, the Woods Little League is making a concentrated effort to interest adults to help with the expansion plans.

Vice-president H. S. Shannon pointed out that it isn't necessary for a man to be an ex-professional ball player to manage a team but it is important for a man to have a true interest in boys. Anyone interested should call Clyde Vortman at TU. 2-1175 for further information.

**Girls' Playoffs Starting Tonight**

The St. Paul Senior Varsity and St. Paul Junior Varsity will battle in the first contest of the Girls' Basketball League playoffs at the Neighborhood Club this evening at 8:15, followed by the Dribblers and the Streamliners at 7 o'clock.

"Peppy" Peplinski, captain of the champion Hoppers, will referee all the Junior Division playoffs with Carol Gates taking charge of the Seniors.

All the playoff contests will be held at the Neighborhood Club on Thursday evenings, and will be a series of two-game knockouts with the champions being awarded individual trophies.

of the low-price 3!

**BIGGEST SIZE, SMOOTHEST PERFORMANCE, HIGHEST ECONOMY**

Take a turn at the wheel behind Plymouth's new, high compression PowerFlow 117 engine—see why it's the smoothest, thriftiest 6 in the lowest-price field. Here's power for all driving needs, plus the super-smoothness of the PowerFlow's Chrome-Sealed Action. No other low-price car has it, and it's your guarantee of more years of gas-saving economy and trouble-free performance.

Taxicab operators, who depend on cars for a living, buy more PowerFlow 6's than all other makes combined... they say the PowerFlow 117 is the most economical, most efficient 6 ever built!

Its L-head design means fewer working parts, less friction. Its automatic choke meters each drop of fuel. Its bypass cooling system gives you quick warm-up in cold weather; dozens of other exclusive features promise you lower operating expense.

The PowerFlow 117 engine is one big reason why the big swing this year is to the forward-looking Plymouth. Another is the new 167-hp Hy-Fire engine, the most powerful standard V-8 in Plymouth's field. Plan to drive a big, beautiful Plymouth with either of these two great powerplants soon—how about today?

### Devil Swimmers In State Meet

Blue Devil swimming coach Frank Banach will take eight boys from his 1954-55 swimming team to East Lansing Saturday, March 12, to compete in the 1955 State Class A swimming meet.

Coach Banach has listed Dick Schlegler, Ed Nicholson, Rich Schleicher and Carl Anderson for the 50 yard free style. Jim Ketzler is the only entry in the breast stroke event and Bob Guenther is the lone Devil entry in the 200 yard free style.

Dan Bauer will carry Blue Devil colors in the 100 yard free style and Brad Boydell, Harry Huffaker and Mike Collins will paddle in the 200 yard free style event.

The 200 yard speed relay team will be made up of Degner, Nicholson, Anderson and Boydell and the 150 yard medley will see Schleicher, Ketzler and Guenther going for the points.

Coach Banach is summing up the Blue Devils' chances in the State meet said, "I am still looking for a team victory in the State meet but I don't believe this is the year. The rest of the schools, according to reported times, are just out of the reach of my boys."

Banach went on to point out "All a coach must have is about four real good boys like Gus Steger, present University of Michigan coach, had when his Fordson teams won two consecutive state titles. We don't have the individual strength to turn the trick but one never can tell; sometimes a boy suddenly finds himself in the big meet and turns in the best time of his career."

### Boutins Cling To League Lead

Boutin's keggers rolled over City Glass last Thursday, March 3, to capture three points and maintain a two-point lead in the race for the title in the Grosse Pointe Businessmen's bowling league.

Second place Motor City also kept pace with the leaders by downing Barrett's to score three points.

Only two 600 series were posted by individuals as Sarcona rolled games of 222, 201 and 188 for a 611 series to lead Hobbs who posted a 607 series on games of 210, 202 and 195.

Thirteen 200 plus games were turned in by 11 keggers as Cadieux posted a 243 to lead Carroll 228, Comyn 224, Williams 223, R. Havaere 214, Reid 213, Boutin 207, Wynne 205 and 201, Van DeVelde 204 and 201, Capozzoli, DeVos and Simon's 202.

### George M. Kennedy Made First Lieutenant

Aberdeen Proving Ground, Md.—George M. Kennedy of Grosse Pointe, Mich., Ordnance Corps officer, presently stationed at the Ordnance School, Aberdeen Proving Ground, Md., has received a Department of the Army promotion to the rank of First Lieutenant.

Lt. Kennedy received the promotion after serving 18 months on his current tour of active duty. An ROTC student at Cornell University, Kennedy was commissioned a Second Lieutenant in Aug., 1953, after graduating with a bachelor's degree in Mechanical Engineering.

While assigned to the staff of The Ordnance School, Lt. Kennedy has been the Executive officer of the 8th Enlisted Training Company of School Troops students.

The lieutenant's home is at 400 Lincoln road, Grosse Pointe, and he was married two years ago to the former Gayle Raymond of Ithaca, N.Y.

The Kennedys have one son, Clinton R., age one.

### James M. Kalbfleisch Visits Texas Air Base

Cadet Major James M. Kalbfleisch, AFROTC, James M. Kalbfleisch, AFROTC, University, Granville, Ohio, visited Goodfellow Air Force Base, Tex., for base orientation and drill team exhibition. He is the son of Mr. and Mrs. Marcus M. Kalbfleisch, 790 Lincoln road.

Three officers accompanied the 18 cadets on the flight from Wright-Patterson AF Base.

### Richard Martin Lands Big Sailfish in Mexico

Mr. and Mrs. Richard J. Martin of 71 Lochmoor boulevard, were among 18 Marchers who returned Tuesday, March 8, from a two-week stay in Mexico.

One week was spent in Mexico City and the other in Acapulco, where Mr. Martin had the thrill of reeling in a 100-pound sailfish after a 45-minute battle, Thursday, February 24.

### Plenty of Action In Girls' League

The St. Paul Jr. Varsity stepped back into second place on Thursday, February 24, in the Girls Basketball League at the Neighborhood Club when they defeated the Dribblers in a close 26 to 20 battle. Janet Wesner set the Dribblers' pace in high scoring with 13 points, while Mary Sutherland scored 15 for the Varsity. At half time the score was 11-11.

Jan Hunter and Judy Mitchell were the only girls to make baskets for the Streamliners as they were defeated 24 to 2 by the league-leading St. Paul Senior Varsity. Each girl scored one free shot, while Pat Cavanaugh, Chris Roland, and Jeanne Sutherland all shared the Varsity's points.

This evening the Jr. Varsity will play the Streamliners at 6:15, followed by the Dribblers and the St. Varsity.

In the Senior Division the CYO-A team and the Waifs met for one of their usual close games with the CYO-A girls winning 31 to 27. The victory said good-bye to their high-scoring forward, Gloria Strehlau, who will be leaving with her family for Arizona. CYO will miss Gloria as she has set their high-scoring pace for the last 3 years in the Neighborhood Club League.

Most of the Waifs' points were scored by Lt. Bragg and Anna Epley. The Waifs also will be losing one of their players as Captain Elizabeth Heinbach will be leaving for Puerto Rico.

The Hoppers battled in a close game with the Metropolitan Club and came out with a 28 to 27 victory and a strong hold on first place. Peppy Pinski led the Hoppers with JoAnne Hargis leading Metro. Most of the scoring for both teams was done in the first half when the score read 21-20, after which Metro only scored four more baskets and the Toppers five.

This evening, the Hoppers and CYO will meet at 7:15. The Waifs will be forfeiting their game to the Metropolitan Club as they will be defending their state championship title in Texas.

### Harper Woods Holding Little League Rally

Harper Woods, is attempting to organize a Little League of its own and has a big rally slated for Friday, March 11, at 7:30 p.m. at the Beacon School, located at Woodcrest and Beaconfield.

Gene Carter is in charge of the program and currently the leader in the organization of the new league. Featured at the rally will be a Little League movie, prizes donated by Roland Gray and guests Ted Hoensch of the Red Wings, Bob Lindenschmeyer of the Lions and Maurice Van Robays formerly of the Pittsburg Pirates.

Grosse Pointe's own Ty Tyson, director of the Grosse Pointe Inter-Church Basketball League, will be the master of ceremonies.

### Center Offers Lessons By Renowned Sculptor

Ferenc Varga, renowned Budapest sculptor, recently escaped from Hungary, will offer a sculpture class at the Grosse Pointe War Memorial Center, Thursday afternoons from 3 to 5 p.m.

In a series of 15 lessons, Mr. Varga feels he can successfully convey the principles and techniques of good sculpturing. The class, of good limited space, must be held to 15 members. Immediate inquiry at the Center, TUxedo 1-6030, is invited.

Mr. Varga has done portraits of many prominent Grosse Pointers in the short time since his arrival in this country. Among them the Burns Henry's young daughter, Liz Prescott, the Charles B. Morley Family, Alec Suezec and a host of others. He also is working on a commission from the Pope.

Mr. Varga's class is being sponsored by the Grosse Pointe Artists' Association at the Grosse Pointe War Memorial Center.

### TIME AND PLACE

There is a place for everything in this life, but very few people have access to the index.

 11:30 a.m. Worship Service and Sermon, Church School for Nursery, Kindergarten and Grades 1 thru 3.

### Babe Ruth Loop To Stage Rally

All boys 13 through 15 years of age and living in the Farms, City or Park are urged to red circle the date of Wednesday, March 23, when the Babe Ruth League of Grosse Pointe will put on its big 1955 registration rally at the Old Country Day School Auditorium on Grosse Pointe boulevard.

All boys who played in the League last year and are still eligible for competition this year must re-register.

Feature of the rally will be a short talk and a baseball quiz session conducted by a baseball celebrity whose name will be announced later. Also highlights of last year's Babe Ruth World Series will be shown on film.

Parents are invited to attend the rally which will start at 8 p.m. The school is next to the Grosse Pointe High School on Grosse Pointe boulevard.

A special invitation is being issued to graduates of the Little League who are now eligible to play ball in the Babe Ruth League. All eligible boys who did not play Babe Ruth League last year are urged to register for this season.

It is planned to get the actual baseball playing off to an early start this spring. It is expected that competition for positions will be very keen since a new crop of 13 year olds, who have had two years prior training with the Little League will be participating this year.

### Park Little Loop Meet Postponed

The general meeting of mothers and fathers, originally set for Tuesday, March 8, by the Grosse Pointe Park Little League has been postponed until Monday, April 11.

President Elmer Van Tiem stated further details of the meeting will be announced at a later date. Meantime, the Park League is completing plans for a four-team major league. Two new diamonds are scheduled to be laid out on the Deter School field which will provide a total of three diamonds available for the fast expanding league.

### Titles Clinched In Midget Loop

With the basketball season nearing its climax the Metropolitan Club in the Midget division and the Falcons in the Giant division have clinched the titles for 1954-55.

Metropolitan quintet actually clinched their title as far back as three weeks ago and are the only team playing at the Neighborhood Club that hasn't experienced a loss. They have won 12 straight games. The last being over VFW last Monday, March 7, to the tune of 30 to 20. Lincoln paced the victory with 14 for honors.

The first game of the night was second place Post 303 dropped a 20 to 10 decision to Rotary with Bonneau getting 6 for the winners.

The fast improving Celtics whipped the league leading Falcons 35 to 27 with Alcott pacing the winners with 10, which enabled him to tie with the Falcons' Boardman for individual honors. The victory was the fourth straight since the Celtics obtained their new coach, Skip Grow.

On Tuesday, March 1, Kiwanis whipped the Optimist quintet 20-8 behind the sharp-shooting of Collins who netted 12 points.

Exchange handed the Lions their eighth defeat of the season, 24-16, to create a three-way tie for seventh place in the standings.

In the Giant League game of the triple header program that night the Eagles spanked the last place Lakers 53-44 with Jim Millies, making his first appearance of the season, getting 27 points for honors. Kolojeski and Ayrault tied for runnerup honors with 13 apiece.

Next Monday and Tuesday, March 14, 15, the season will come to an end and the squads will prepare for the one game post season knock out tournament which will get underway Monday, March 21.

The entire Midget and Giant League program has been under the direction of Jim Ireton who has had the able assistance of Lou Gardella and all of the coaches and their assistants all season long.

### Standings as of March 7

### Lightning Fleet To Hold Dinner

The huge Detroit Lightning fleet will hold its annual award dinner at Bayview Yacht Club next Saturday, March 12, at 8 p.m.

The purpose of the dinner is to honor those skippers who won the 1954 Fleet Championship and the Detroit River Yachting Association title.

Fleet Captain Jack Siekman heads the 50 member organization and will be on hand to award the trophies.

George Davies is the secretary-treasurer and has nothing to worry about as the skippers and their guests will partake in the bread breaking at their own expense.

### Pal Regardless Given Dog Show Ribbon

Joyce Ellen Carroll's Boston terrier, Pal Regardless, won the blue ribbon prize for American bred entries at the American Kennel Club Dog Show at the State Fair Ground on March 5-6.

Joyce, the daughter of the D. Thomas Carrolls of Hillcrest road, was not surprised with Pal's success. He has won two other prizes in area dog shows.

In his first showing, the terrier walked off with the second place honors in the Detroit Puppy Show and in November won his first blue ribbon in the novice division of the Detroit Show held at the Artillery Army. This latest success was Pal's first entry in the grown-dog class.

City of Grosse Pointe

Ordinance No. 75, as adopted March 5, 1955

At an adjourned regular meeting of the Council of the City of Grosse Pointe, Michigan, held at the city hall in said city on the 5th day of March, 1955, at 11:00 o'clock A.M., PRESENT: Fred W. Parker, Mayor, Edward V. Luss, Kenneth F. Bergmann, Otto W. Pongrace, Alonzo C. Allen, David E. Burgess, and John L. Kenower, Councilmen. ABSENT: None.

The City Clerk presented a communication, dated March 2, 1955, from Hubbell, Roth & Clark, Incorporated, registered professional engineers, submitting to the council a general plan showing the size, length and location of proposed water main additions, which communication contained an estimate of \$135,000, the cost thereof, and 25 years and upwards as the period of usefulness thereof.

By unanimous consent the same were ordered filed with the City Clerk.

Councilman Pongrace introduced Ordinance No. 75, entitled:

AN ORDINANCE TO PROVIDE FOR COMBINING IN ONE SYSTEM THE WATER SUPPLY AND SEWAGE DISPOSAL SYSTEMS OF THE CITY OF GROSSE POINTE, MICHIGAN; TO PROVIDE FOR IMPROVING, ENLARGING AND EXTENDING SAID SYSTEM AND FOR THE ISSUANCE AND SALE OF REVENUE BONDS TO DEFRAY THE COST THEREOF; TO PROVIDE FOR THE RETIREMENT AND SECURITY OF SAID BONDS; AND TO PROVIDE FOR OTHER MATTERS RELATIVE TO SAID SYSTEM AND SAID BONDS.

The ordinance was then read.

On motion of Pongrace, seconded by Allen, the said ordinance was adopted by the following yeas and nays:

Yeas: Edward V. Luss, Kenneth F. Bergmann, Otto W. Pongrace, Alonzo C. Allen, David E. Burgess, John L. Kenower and Fred W. Parker.

Nays: None.

THE CITY OF GROSSE POINTE (MICHIGAN) ORDAINS: SECTION 1. Whenever used in this ordinance or in the bonds to be issued hereunder, except when otherwise indicated by the context:

(a) The term "city" shall be construed to mean the City of Grosse Pointe.

(b) The term "council" shall be construed to mean the Council of said City of Grosse Pointe, the legislative and governing body thereof.

(c) The term "project" shall be construed to mean the improvements, enlargements and extensions to be acquired pursuant to this ordinance.

(d) The term "acquired" shall be construed to include acquisition by purchase, construction or by any other method.

(e) The term "water supply system" shall be construed to include all plants, works, instrumentalities and properties (as the same shall from time to time exist), used or useful in connection with the obtaining of a water supply, the treatment of water and/or the distribution of water, by the city.

(f) The term "sewage disposal system" shall be construed to include all sanitary sewers, combined sanitary and storm sewers, plants, works, instrumentalities and properties as the same shall from time to time exist, used or useful in connection with the collection, treatment and/or disposal of sewage, by the city.

(g) The term "system" unless preceded by the words "water supply" or "sewage disposal," shall be deemed to refer to the water supply and sewage disposal system of the city.

(h) The term "revenues" and "net revenues" shall be construed as defined in Section 3 of Act No. 94, Michigan Public Acts of 1933, as now amended.

Section 2. The council hereby determines to operate on and after April 1, 1955, its water supply system and its sewage disposal system as a combined system to be known as the "water supply and sewage disposal system."

Section 3. The council hereby determines it to be advisable and necessary to improve, enlarge and extend its water supply and sewage disposal system by acquiring the following:

8" water main in Chalfonte and the alley southeast of Mack from Fisher to Lakeland.

12" water main in Lakeland from Mack to a point 900' southeast.

16" water main in Waterloo, Washington and Kercheval from Fisher to Lakeland.

12" water main in Kercheval, Neff, St. Paul and St. Clair from Lakeland to Maunee.

8" valved interconnection of existing water mains at Fisher and Mack.

8" valved interconnection of the existing water mains at Fisher and Chalfonte.

16" meters and chamber at Fisher and Ridge.

all substantially in accordance with general plans prepared, and detailed plans and specifications to be prepared, by Hubbell, Roth & Clark, Inc., registered professional engineers, which general plans are now on file with the City Clerk and are hereby approved and adopted.

Section 4. The council does hereby adopt the said engineers' estimate of 25 years and upwards as the period of usefulness of said project and also the said engineers' estimate of One Hundred Thirty-five Thousand Dollars (\$135,000) as the cost of said project, including no capitalized interest upon the bonds herein authorized, both of which estimates are on file with the City Clerk.

Section 5. There are hereby authorized to be issued and sold pursuant to the provisions of Act No. 94, Michigan Public Acts of 1933, as amended, revenue bonds in the aggregate principal sum of One Hundred Thirty-five Thousand Dollars (\$135,000), for the purpose of paying the cost of the Water Supply and Sewage Disposal System Revenue Bonds, shall be dated as of April 1, 1955; shall be numbered consecutively in the direct order of their maturity from 1 to 135, both inclusive; shall bear interest in the denomination of \$1,000 each; shall be payable as to principal only, in the manner hereinafter set forth in the bond form; shall bear interest at a rate or rates to be hereafter determined not exceeding 3-1/2% per annum, payable on October 1, 1955, and thereafter semi-annually on the first days of April and October in each year; and shall mature on April 1st in each year as follows: \$5,000 in each year from 1958 to 1968 and \$10,000 of said issue maturing in the years 1969 thru 1976. The bonds to said issue maturing in the years 1969 thru 1976 shall be subject to redemption prior to maturity, at the option of the city, in inverse numerical order, on any one or more interest payment dates on and after April 1, 1963. Each bond called to be redeemed shall be redeemed at the par value thereof and accrued interest, plus a premium in accordance with the following schedule, to-wit:

\$20 if called to be redeemed on or after April 1, 1963, but prior to April 1, 1968.

\$10 if called to be redeemed on or after April 1, 1968.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds; provided, that where any bond shall be registered, then notice of the redemption thereof shall be given by registered mail addressed to the registered holder thereof at the address shown on the City Clerk's registration books, which notice shall be mailed within the State of Michigan, not less than thirty (30) days prior to the date fixed for redemption. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem the same. The principal of said bonds and the interest thereon shall be payable in lawful money of the United States of America at such bank or trust company as shall be designated by the original purchaser of the bonds, upon presentation and surrender of said bonds and attached coupons as they severally mature.

Section 6. The Mayor and City Clerk of the city are hereby authorized and directed to execute said bonds for and

on behalf of the city by respectively signing and attesting the same, and to execute the interest coupons to be attached to said bonds by causing to be affixed thereto their facsimile signatures; and the City Clerk is hereby authorized and directed to affix to said bonds the seal of the city. Upon the execution of said bonds and attached coupons, the same shall be delivered to the Treasurer of the city who is hereby authorized and directed to deliver said bonds and attached coupons to the purchaser thereof as hereafter determined by the council, upon receipt of the purchase price therefor.

Section 7. The bonds herein authorized shall be sold in the manner provided in Section 12 of Act No. 94, Michigan Public Acts of 1933, as amended.

Section 8. Said bonds and attached coupons shall not be a general obligation of the city and shall not be an indebtedness of the city within any state constitutional, provision or statutory limitation or within any charter limitation. The principal and interest on said bonds shall be payable solely from the net revenues derived from the operation of the system, including future improvements, enlargements and extensions thereof. To secure the payment of the principal and interest on the bonds issued hereunder and on any additional bonds of equal standing issued as hereinafter provided, there is hereby created in favor of the holders of said bonds and the interest coupons pertaining thereto, and each of such holders, a first lien (by said Act No. 94, Michigan Public Acts of 1933, as amended, made a statutory lien) upon the net revenues from the said system, including future improvements, enlargements and extensions thereof. The net revenues so pledged shall be and remain subject to said lien until the payment in full of the principal of and interest on said bonds.

Section 9. The holder or holders of any of the bonds or interest coupons herein authorized to be issued, shall have all the rights and remedies given by law and particularly by said Act No. 94, Michigan Public Acts of 1933, as amended, for the collection and enforcement of said bonds and coupons and the security therefor, including the right to receiver appointed for the system in event of default on the part of the city in the performance of the terms of the bond contract.

Section 10. The system shall be operated upon the basis of a fiscal year beginning on April 1st of each year and ending on March 31st of the following year.

Section 11. The operation, maintenance and management of the system shall be under the immediate supervision and control of the council or of such officer or board as shall be designated or created by the council and subject to its control.

Section 12. Except as herein otherwise provided, water to be furnished by the system to each premises shall be measured by a meter installed and controlled by the city. Charges for water service to each premises within the city connected with the water supply system, for each quarterly period, shall be as follows:

For the first 2,000 cu. ft. or fraction thereof—\$3.08 (minimum charge)

For all over 2,000 cu. ft. 15.4c per 100 cu. ft.

The city shall pay for all water used by it at the foregoing rates, except that for fire hydrant service, the charge shall be \$10.00 per year for each hydrant, payable in semi-annual installments from the current funds of the city or from the proceeds of taxes, which the city, within constitutional limitations, is hereby authorized and required to levy in an amount sufficient for that purpose.

Section 13. Charges for disposal services to each premises within the city connected with the sewage disposal system shall be based upon the amount of water used and for each quarterly period, shall be as follows:

For the first 2,000 cu. ft. or fraction thereof—52c (minimum charge)

For all over 2,000 cu. ft. 2.6c per 100 cu. ft.

If the character of sewage from any manufacturing or industrial plant, or from any building or premises, is such that it imposes an unreasonable additional burden upon the sewerage disposal system of the city or any other sewage disposal system through which it flows, then an additional charge shall be made over and above the regular rates, or it may be required that such sewage be treated by the person, firm or corporation responsible therefor before being emptied into any public drain or sewer, or the right to so empty said sewage may be denied, if necessary for the protection of any such sewage disposal system or the public health or safety.

Section 14. Where two or more families or business concerns are using one water meter, the minimum charges under the two preceding sections shall be multiplied by the number of families or business concerns on the meter.

Section 15. The cost of water and sewer connections from the city's water mains and sewers to private premises shall not be paid from the proceeds of the bond issue or from the revenues of the system.

Section 16. Water service shall be furnished by the system to the city or to any person, firm or corporation, public or private, or to any public agency or instrumentality. Charges for services furnished by the system shall be billed and collected quarterly or oftener, as shall be determined by the council. Such charges shall become due at such times, not exceeding 40 days after the reading of the water meter, as shall be established by resolution of the council, and if such charges are not paid on or before such due date, then a penalty of five (5) per cent shall be added thereto. In the event that the charges for any such services furnished to any premises shall not be paid within thirty (30) days after the due date thereof, then all services furnished by the system to such premises shall be discontinued. Services so discontinued shall not be restored until all sums then due and owing, including penalties, shall be paid, plus a turnover of One Dollar (\$1.00) and a turnover of One Dollar (\$1.00).

Section 17. Charges for services furnished by the system to any premises shall be a lien thereon, and on March 1st of each year the person or agency charged with the management of said system, shall certify, any such charges, which have been delinquent six (6) months or more, to the city assessor who shall enter the same upon the next tax roll against the premises to which such services shall have been rendered, and said charges shall be collected and said lien shall be enforced in the same manner as provided in respect to taxes assessed upon such roll; provided, that when a tenant is responsible for the payment of any such charge against any premises, and the council is so notified in writing, with a true copy of the lease of the affected premises (if there be one) attached, then no such charge shall become a lien against such premises from and after the date of such notice. However, in event of the filing of such notice, no further service shall be rendered by the system to such premises until a cash deposit equal to four (4) times the average quarterly charge to such premises shall have been made as security for the payment of charges therefor.

Section 18. The rates hereinbefore established are estimated to be sufficient to provide for the payment of the expenses of administration and operation of the system and such expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order; to provide for the payment of the interest upon and the principal of all bonds payable therefrom, and for the creation of a reserve fund for the payment of principal and interest as required in this ordinance; and to provide for such other expenditures and funds for the system as are required by this ordinance. Rates shall be fixed and revised from time to time by the council so as to produce the foregoing amounts, and the city covenants and agrees to maintain at all times such rates for services furnished by the system as shall be sufficient to provide for the foregoing.

Section 19. The revenues of the system on and after April 1, 1955 are hereby pledged for the purpose of the following funds, and as collected shall be set aside into a fund to be known as the "Receiving Fund" of the system, and shall be transferred therefrom periodically into separate and special funds, as follows:

1. Operation and Maintenance Fund. Out of the revenues in the Receiving Fund, there shall be first set aside in each month, into a fund to be designated "Operation and Maintenance Fund," a sum sufficient to provide for the payment for the next month of all current expenses of administration and operation of the system and such current expenses for the maintenance thereof as may be necessary to preserve the system in good repair and working order. The council at the beginning of each fiscal year, shall adopt a budget covering the foregoing expenses for such year, and such expenses shall not exceed the amount specified in said budget except by a vote of 2/3 of the members of the council, and in event of an absolute necessity for such additional expenditures.

2. Bond and Interest Redemption Fund. Out of the remaining revenues in the Receiving Fund, there shall be next set aside in each month into a fund to be designated "Bond and Interest Redemption Fund," a sum proportionately sufficient to provide for the payment as the same becomes due of the next maturing principal and interest on each issue of bonds then payable, and to set aside for interest on the bonds hereunder authorized, during each month of the first six (6) months of each fiscal year, shall not be less than 1/8th of the amount of interest (not capitalized) maturing on the following October 1st, and during each month of the last six (6) months of each fiscal year, shall not be less than 1/8th of the amount of interest (not capitalized) maturing on the following April 1st, and the amount so set aside for capitalizing the bonds hereunder authorized during each month of each fiscal year, shall not be less than 1/12th of the amount of principal maturing on the April 1st immediately following

such fiscal year, and if there shall be any deficiency in the amount previously set aside, then the amount of such deficiency shall be added to the current requirement. In addition thereto, there shall also be set aside in monthly installments for the purpose of creating a reserve in said Bond and Interest Redemption Fund, for the bonds herein authorized, a sum not less than \$5,000 per year during each of the first year beginning April 1, 1955 and April 1, 1956, and if at any time thereafter said reserve shall be less than \$10,000, then there shall be set aside in said reserve monthly a sum sufficient to restore said reserve to \$10,000 at the earliest possible time. If any additional bonds of equal standing shall be issued, the amount of such bonds shall be added to the comparable reserve hereof. Moneys in said Bond and Interest Redemption Fund may be used for the redemption of bonds provided, that except in case of refunding, no bonds less than all the outstanding bonds of said issue shall be called for redemption unless the city shall have on hand in said fund sufficient moneys therefor not otherwise appropriated or pledged, in excess of the amount of interest and principal maturing within the next eighteen (18) months from the redemption date, and for the purpose of determining the amount of such sum, the reserve shall not be considered as appropriated or pledged. In any case where moneys are available for the redemption of bonds, such moneys may be used instead to purchase bonds on the open market at the best price or prices obtainable, but not in excess of the then redemption price. When the principal amount owing upon any bonds shall be reduced to the amount of the reserve therefor, then the principal of such bonds shall be paid from such reserve.

3. Replacement Fund. Out of the remaining revenues in the Receiving Fund, there shall be next set aside in equal monthly installments in a fund to be designated "Replacement Fund," a sum not less than \$1,000 per year commencing with the fiscal year beginning April 1, 1955, until such fund shall reach at least \$5,000, to build up a reserve for any replacements to the system which may become necessary from time to time. Whenever moneys shall be used from said fund to make such replacements, said fund shall be restored to the sum of \$5,000 as soon as possible thereafter.

4. Improvement Fund. Out of the remaining revenues in the Receiving Fund, there may be set aside in any annual period, after meeting the requirements for the foregoing funds, in a fund to be designated "Improvement Fund," such sum as the council may deem advisable, to be used for improvements, enlargements, extensions and repairs to the system.

5. Surplus Fund. Revenues remaining in said Receiving Fund at the end of any fiscal year after all periodical transfers have been made therefrom as above required, shall be deemed to be surplus and may be left in the Receiving Fund or may be transferred to a fund to be designated "Surplus Fund." Moneys in said Surplus Fund from time to time may be transferred to one or more of the foregoing funds or may be used for any purpose connected with the system; provided, however, that if at any time there shall exist any default in making any periodical transfer to any of the above-mentioned funds, then such default shall be rectified so far as possible by the transfer of moneys from said Surplus Fund. If any such default shall exist as to more than one fund at any one time, then such transfers shall be made in the order in which such funds are listed above.

No disbursements shall be made from said Receiving Fund except to the special funds as above provided.

Section 20. In the event that moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund, the Bond and Interest Redemption Fund, any moneys and/or securities in other funds of the system shall be transferred, first, to the Operation and Maintenance Fund, and, second, to the Bond and Interest Redemption Fund, to the extent of any deficits therein. Any amount so transferred from the Replacement Fund shall be replaced as soon as possible.

Section 21. All moneys in the several funds of the system except those in the Bond and Interest Redemption Fund, shall be deposited with the Grosse Pointe Bank in the City of Grosse Pointe, Michigan. All moneys from time to time in the Bond and Interest Redemption Fund (including reserve moneys) shall be kept on hand with the bank or trust company at which the principal and interest on the herein authorized bonds are currently payable. The moneys in the Receiving Fund, in the Operation and Maintenance Fund and in the Bond and Interest Redemption Fund, shall each be kept in separate depository accounts. Moneys in the Bond and Interest Redemption Fund, over and above those being accumulated for the payment of the next maturing principal and interest, and moneys in any other fund except the Receiving Fund and the Operation and Maintenance Fund, may be invested in United States Government obligations. In the event of any such investment, the securities representing the same shall be kept on deposit with the bank or trust company having charge of the fund, and the income from such purchase shall be made said the income therefrom shall become a part of such fund.

Section 22. The city hereby covenants and agrees with the holder or holders, from time to time, of the bonds herein proposed to be issued, that it will punctually perform all duties with reference to the system and said bonds required by the constitution and laws of the State of Michigan, by the charter of the city and by this ordinance; that it will construct the project herein provided for in substantial accordance with the maps, plans and specifications herebefore referred to, and will have the same in operation on or before the 1st day of September, 1955; that it will not sell, lease, mortgage or in any manner dispose of the system or any substantial part thereof, until all bonds payable from the revenues thereof shall have been paid in full; and that it will not permit any person, firm or corporation to compete with it in the furnishing of water and sewage disposal services to premises within the city limits. Said city further covenants and agrees with the holders of said bonds that it will maintain said system in good condition and operate the same in an efficient manner and at a reasonable cost, so long as any of said bonds are outstanding; that it will maintain insurance on the system for the benefit of the holders of said bonds in an amount which usually would be carried by private companies engaged in a similar type of business; that it will prepare, keep and file such records, statements and accounts as may be required by Act No. 94, Michigan Public Acts of 1933, as now amended; that it will promptly file with the original purchasers of said bonds a copy of each annual statement which it is required to file with the Municipal Finance Commission and will also file with such purchasers a copy of the Annual Audit of the system certified to by a Certified Public Accountant, within 90 days after the close of each fiscal year; and that it will furnish a copy of the foregoing statement and audit to any bondholder upon payment of the actual cost of such copy. Any such audit shall be in such reasonable detail as will present to the holders of said bonds the complete details of bonds and shall include auditor's comments on the manner in which the system's management has complied with the provisions of this ordinance in respect to the several funds of the system.

Section 23. While any of the bonds herein authorized to be issued shall be outstanding, no additional bonds payable from the revenues of the system shall be issued, which shall have a prior or equal standing therewith, except as hereinafter provided. The city shall have the right to issue additional bonds of equal standing in a sum not to exceed \$10,000, after the completion of the project herein described, in event the bonds herein authorized shall prove to be insufficient therefor. The city shall have the right to issue additional bonds payable from the net revenues of the system for the purpose of improving, enlarging and/or extending the system, which bonds when issued shall have equal standing with the bonds herein authorized; provided, that no such additional bonds of equal standing shall be issued unless the average actual or augmented net revenues for the then last preceding fiscal year or the actual or augmented net revenues for the then last preceding fiscal year, whichever shall be the lower, shall be equal to at least 135% of the largest amount of principal and interest thereafter maturing in any fiscal year on any bonds then outstanding payable from the revenues of the system and on such additional bonds then being issued. The actual net revenues shall be used in making the foregoing determination unless the city shall raise the additional bonds, in which case the net revenues of the system for each of the last two preceding years shall be augmented to an amount reflecting the effect of such increase had the city's water and/or sewage billings during such years been at the increased rates. No such additional bonds shall be issued if the city shall then be in default in making any payments to the Operation and Maintenance Fund or the Bond and Interest Redemption Fund. Permission by the Municipal Finance Commission of the State of Michigan (or such other state commission or agency as shall have jurisdiction over the constitution and laws of the State of Michigan) over conditions permitting the issuance thereof.

Section 24. The bonds and attached coupons herein authorized to be issued, shall be substantially in the following form, to-wit:

UNITED STATES OF AMERICA COUNTY OF WAYNE STATE OF MICHIGAN CITY OF GROSSE POINTE

Number..... \$1,000

WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM

REVENUE BONDS

KNOW ALL MEN BY THESE PRESENTS, that the City of Grosse Pointe, Wayne County, Michigan, hereby acknowledges that it is indebted and for value received promises

to pay to the bearer hereof (or if this bond be registered, to the registered holder hereof) the sum of

ONE THOUSAND DOLLARS

and to pay interest thereon at the rate of..... per centum per annum, from the date hereof until paid, said interest being payable on October 1, 1955 and thereafter semi-annually on the first days of April and October in each year, which principal and interest are to be paid solely out of the revenues hereinafter specified. Both principal and interest are payable in lawful money of the United States of America at.....

in the.....

upon presentation of the surrender of this bond and the coupons hereon attached as they severally mature.

This bond is one of a series of bonds of like date and tenor except as to maturity..... numbered consecutively in the direct order of their maturities from 1 to 135, both inclusive, aggregating the principal sum of One Hundred Thirty-five Thousand Dollars (\$135,000) issued by said City of Grosse Pointe under and pursuant to and in full conformity with the constitution and statutes of the State of Michigan, especially Act No. 94 of the Michigan Public Acts of 1933, as amended, the charter of said city and Ordinance No..... duly adopted by the Council of said city on the..... day of..... 1955, for the purpose of improving, enlarging and extending the city's water supply and sewage disposal system.

This bond is a self-liquidating revenue bond, is not a general obligation of said city, and does not constitute an indebtedness of the said city within any constitutional, statutory or charter limitation. The principal of and interest on the bonds of this series are payable solely from the revenues of said water supply and sewage disposal system (including future improvements, enlargements and extensions thereof) remaining after deducting the reasonable expenses of the administration, operation and maintenance of said system, and the interest on both the principal and interest on said bonds, and on any additional bonds of equal standing which may be issued pursuant to the terms of said ordinance, is secured by a statutory first lien on such net revenues.

The bonds of this series maturing in the years 1969 thru 1976 are subject to redemption prior to maturity at the option of the city, in inverse numerical order, on any one or more interest payment dates on and after April 1, 1963, at the value hereof and accrued interest, plus a premium on each bond in accordance with the following schedule, to-wit:

\$20 if called to be redeemed on or after April 1, 1963, but prior to April 1, 1968.

\$10 if called to be redeemed on or after April 1, 1968.

Notice of redemption shall be given to the holders of bonds called to be redeemed, by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds; provided, that where any bond shall be registered, then notice of the redemption thereof shall be given by registered mail addressed to the registered holder thereof at the address shown on the bond registration books of the City Clerk of said city, which notice shall be mailed within the State of Michigan, not less than thirty (30) days prior to the date fixed for redemption. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem the same.

The City of Grosse Pointe hereby covenants and agrees that at all times while any of the bonds of this issue shall be outstanding, it will maintain such rates for services furnished by said water supply and sewage disposal system as shall be sufficient to provide for the payment of the expenses of administration and operation of said system and such expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order; to provide for the payment of the interest upon and the principal of all bonds payable therefrom, as and when the same become due and payable, and for the creation of a reserve in the bond and interest redemption fund as required in said ordinance; and to provide for such other expenditures and funds for the system as are required by said ordinance. Rates shall be fixed and revised from time to time by the Council of said city so as to produce the foregoing amounts.

This bond may be registered as to principal only in the name of the holder on the books of the City Clerk of said city, and such registration noted on the back hereof by said City Clerk, and thereafter no transfer shall be valid unless made upon the said books and likewise noted on the back thereof. Transferability by delivery may be restored by registration on the books of the City Clerk. Negotiability of the interest coupons shall not be affected by registration.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed, precedent to and in the issuance of the bonds of this series, existed, have happened and have been performed in due time, form and manner as required by law.

I, WITNESS WHEREOF, the City of Grosse Pointe, Wayne County, Michigan, by its Council, caused this bond to be signed in its name by its Mayor and attested by its City Clerk, and its corporate seal to be affixed hereto, and has caused the annexed interest coupons to be executed with the facsimile signatures of its Mayor and City Clerk, all as of the first day of April, A.D. 1955.

Attest:..... CITY OF GROSSE POINTE.....

REGISTRY

In Whose Name Registered..... Date of Registration..... Signature of City Clerk of Grosse Pointe.....

Section 25. The proceeds of the sale of the bonds herein authorized to be issued, shall be deposited in the Grosse Pointe Bank, in the City of Grosse Pointe, Michigan. From said moneys there shall first be transferred to the Bond and Interest Redemption Fund, any premium and accrued interest paid to the city by the purchaser of said bonds. The balance of such proceeds shall be used solely to pay the cost of the project herebefore described and any engineering, legal and other expenses incident thereto, and shall be paid out only upon authorization of the council. No other moneys for construction work until there shall have been first filed with it by the consulting engineer in charge of such work, a written statement to the effect that the sum so to be paid is in full or partial payment of a contract obligation in connection with said project and that the city has received the consideration for such payment. Said statement of the engineer shall also show the amount of construction estimates which have been theretofore approved by him for payment and the amount of the balance which will be required for the completion of the project.

Section 26. The said Water Supply and Sewage Disposal System Revenue Bonds shall not be issued until the Municipal Finance Commission of the State of Michigan has approved such issuance, and the City Clerk is hereby authorized and directed to make application to said commission for such approval.

Section 27. Any unexpended balance of the proceeds of the sale of the bonds herein authorized, remaining after the completion of the project, may to the extent of \$20,000 be used for the improvement, enlargement and/or extension of the system, if such use shall be approved by the Municipal Finance Commission, and any remaining balance shall be paid immediately into the Bond and Interest Redemption Fund and the same shall be used only for the redemption, or purchase at not more than the fair market value of said bonds. Any bonds so acquired by redemption or purchase shall be canceled and shall not be reissued.

Section 28. This ordinance shall be recorded in the minutes of the meeting of the council at which it was adopted, as soon as practicable after its passage, which record shall be authenticated by the signatures of the Mayor and City Clerk, and shall be published once in the Grosse Pointe News, a newspaper of general circulation within the said city. This ordinance shall become effective immediately upon its adoption.

Section 29. If any section, paragraph, sentence, clause or phrase of this ordinance shall be held invalid, the same shall not affect any other part of this ordinance.

Section 30. All ordinances and resolutions and parts thereof, insofar as the same may be in conflict herewith, are hereby repealed.

Signed— Mayor.....

Noted— City Clerk.....

CITY OF

Grosse Pointe Farms

OFFICIAL NOTICE OF ORDINANCE ADOPTION WATER REVENUE BOND ORDINANCE

ORDINANCE NO. 114 CODE NO. 5-03

AN ORDINANCE TO PROVIDE FOR THE ACQUISITION AND CONSTRUCTION OF EXTENSIONS AND IMPROVEMENTS TO THE WATER SUPPLY SYSTEM OF THE CITY OF GROSSE POINTE FARMS, WAYNE COUNTY, MICHIGAN...

THE CITY OF GROSSE POINTE FARMS ORDAINS:

Section 1. The City Council of the City of Grosse Pointe Farms, Wayne County, Michigan, hereby determines that it is the public health, safety and welfare of the City of Grosse Pointe Farms to acquire and construct extensions and improvements to the existing water supply system...

Section 2. The City Council of the City of Grosse Pointe Farms has caused an estimate to be made by Hubbell, Roth & Clark, Inc. consulting engineers, of the cost of said extensions and improvements to the Water Supply System...

Section 3. To pay the cost of acquiring and constructing said extensions and improvements to the Water Supply System, including the incidental expenses and items specified in Section 2 hereof, it is hereby determined that the City of Grosse Pointe Farms shall borrow the sum of Two Hundred Seventy-Five Thousand (\$275,000.00) Dollars...

Section 4. Said bonds shall be designated WATER REVENUE BONDS and shall be, not general obligations of the City of Grosse Pointe Farms, but revenue bonds, payable out of the net revenues of the City of Grosse Pointe Farms...

Section 5. The rates hereby fixed are estimated to be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the said System as are necessary to preserve the same in good repair and working order...

Section 6. The holder or holders of said bonds or coupons representing in the aggregate not less than twenty (20%) per cent of the entire issue then outstanding may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the status of the bonds or coupons...

Section 7. The operation, repair and management of the System, and the acquiring of the project herein authorized shall be under the supervision and control of the City Council with such person or body in immediate control as the council may from time to time direct.

Section 8. All water furnished by the System to any user shall be measured by a meter or meters installed by the City, and the following rates, rules and regulations shall be applicable commencing on May 1, 1955:

(a) All water in the City of Grosse Pointe Farms shall be metered. The consumer or property owner must have access to the meter at all times by the Superintendent of the Water Department or his employees for reading or making repairs.

(b) Where several families or consumers are using one water meter, the minimum consumption charge herein specified shall apply to each such family or consumer.

(c) The cost of any meter shall be paid for by the consumer. All meters connected to the Water System must be approved by the City.

(d) If any consumer at any time doubts the reading of his meter, he may apply to the City Office and deposit Two (\$2.00) Dollars to have said meter tested, and should said

test show meter in question to be in error over three (3%) per cent, the City of Grosse Pointe Farms shall refund the said deposit and adjust the account for the previous quarter accordingly.

Should said meter be correct, within three (3%) per cent of the said consumer shall pay one hundred (100%) per cent of the cost.

(e) It shall be unlawful for any person or persons to leave open any faucets or hydrants so as to allow water to be discharged through same, except for legitimate use or to knowingly permit any water pipes or fixtures upon his premises to remain in leaking condition. It shall be the duty of the Water Department to turn off and refuse water to person or persons violating any of the provisions of this Section until such time as the person or persons shall pay to the City such amount for the unlawful water as the Water Superintendent shall after investigation estimate the amount to be.

(f) Water meters shall be read quarterly, and bills shall be sent at the end of each quarterly period. If bills are not paid on or before due date, five (5%) per cent penalty shall be added. If water bills are not paid within fifteen (15) days after due date, water shall be subject to shut off without further notice, not to be restored until all arrearages are paid and in addition thereto the sum of Two (\$2.00) Dollars for turning on said water shall be charged. The failure to receive a bill shall not entitle the consumer to exception from penalty.

(g) Water to be furnished by the System shall be measured by a meter installed and controlled by the City. Water (saving existing contracts) shall be as follows, to-wit: \$1.34 per 1,000 cubic feet on the first 9,000 cubic feet metered in any quarter;

\$.89 per 1,000 cubic feet on the next 991,000 cubic feet metered in any quarter;

Volume consumer (i. e. one using over 1,000,000 cubic feet per quarter) \$ .766 per 1,000 cubic feet.

Minimum charge: 1,200 cubic feet at \$1.34 per 1,000 cubic feet, \$1.61 per quarter.

(h) For fire protection, the City shall pay out of its appropriate general funds the sum of \$10.00 per year on each fire hydrant.

(i) No free service shall be furnished by the System to any person, firm, or corporation, public or private, or to any public agency or instrumentality.

(j) The rate for water used during construction and non-metered shall be charged at the rate of \$1.50 per month.

(k) Water rates charged individual users outside of the corporate limits of the City shall be not less than the rates charged individual users within the corporate limits of the City.

(l) The City Council of the City of Grosse Pointe Farms shall at all times have the right and power to regulate or limit the supply of water served by the Water Works System of the City of Grosse Pointe Farms to any and all consumers or property owners during any emergency or any other time deemed necessary by them.

(m) The charges for water services which are under the provisions of Section 21, Act 94, Public Acts of Michigan, 1933, as amended, shall be a lien on all premises served thereby, unless notice is given that a tenant is responsible, are hereby recognized to constitute such lien and whenever any such charge against any piece of property shall be delinquent for six (6) months, the City official or officials in charge of the collection thereof shall certify annually, on May 1st of each year, to the tax assessing officer of the City, the fact of such delinquency, whereupon such charge shall be by him entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced in the same manner as general City taxes against such premises are collected, and the lien thereof enforced. However, where notice is given that a tenant is responsible for such charges and service as provided by said Section 21, no such lien shall be rendered such premises until a cash deposit of not less than Fifteen (\$15.00) Dollars shall have been made as security for payment of such charges and service.

Section 9. The rates hereby fixed are estimated to be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the said System as are necessary to preserve the same in good repair and working order, to provide for the payment of the interest upon and the principal of all the bonds as and when the same become due and payable and the creation of the reserve therefor required by this Ordinance, and to provide for such other expenditures and funds for said System as this Ordinance may require. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts, and it is hereby covenanted and agreed that the City shall maintain such rates for service furnished by the System as shall be sufficient to provide for the foregoing.

Section 10. The System shall be operated on the basis of an operating year commencing on July 1st and ending on the following June 30th.

Section 11. The revenues of the System on and after April 1, 1955 are hereby ordered to be set aside, as collected, and deposited in the Grosse Pointe Bank, Grosse Pointe, Michigan, a bank duly qualified to do business in Michigan, together with any unincumbered balance in the Water Fund at March 31, 1955, in an account to be designated WATER REVENUE BOND RECEIVING FUND (hereinafter referred to as the "Receiving Fund"), and said revenues so deposited shall be used for the purpose of the following funds and shall be transferred from the Receiving Fund periodically in the manner and at the times hereinafter specified.

(A) OPERATION AND MAINTENANCE FUND: Out of the revenues in the Receiving Fund there shall be first set aside, monthly, into a separate depository account designated Operation and Maintenance Fund, a sum sufficient to provide for the payment of the next month's current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

The City Council, prior to the commencement of each operating year, shall adopt a budget covering the foregoing expenses for each year, and such total expenses shall not exceed the total amount specified in said budget, except by vote of two-thirds (2/3) of the members of the City Council.

(B) BOND AND INTEREST REDEMPTION FUND: There shall next be established and maintained a separate depository account designated as the Bond and Interest Redemption Fund, which shall be used solely for the purpose of paying the principal of and interest upon the bonds hereby authorized. The moneys in the Bond and Interest Redemption Fund (including the Bond Reserve Account hereinafter established) shall be kept on deposit with the bank or trust company where the principal and interest on the bonds herein authorized are currently payable.

Out of the revenues remaining in the Receiving Fund after provision has been made for expenses of operation and maintenance of the System, there shall next be set aside, monthly, in the Bond and Interest Redemption Fund, a sum proportionately sufficient to provide for the payment of the principal of and interest upon all outstanding bonds payable from the revenues of the System, as and when the same become due and payable. On May 1, 1955, the amount so set aside for interest shall be the total amount of interest maturing on the following July 1st, and during each succeeding month beginning July 1, 1955 of each operating year shall be not less than one-sixth (1/6) of the total amount of interest maturing on the interest date next following. The amount so set aside for principal during each month commencing July 1, 1957, shall be not less than one-twelfth (1/12) of the amount of maturing principal. If there shall be any deficiency in the amount previously required to be set aside, then the amount of such deficiency shall be added to the current requirements.

There is hereby established in the Bond and Interest Redemption Fund a separate account to be known as the Bond Reserve Account into which there shall be paid, quarterly, all of the revenues of the System after provision has been made for the Operation and Maintenance Fund and the Bond and Interest Redemption Fund, but not in excess of One Hundred (\$100,000) Dollars per quarter, until such time as there has been accumulated in said Bond Reserve Account the sum of Twenty Thousand (\$20,000.00) Dollars, which Bond Reserve Account shall be established in the full amount herein required 1, 1956. The money in the operating year commencing July 1, 1955 shall be used solely for the payment of the principal and interest on said bonds as to which there would otherwise be default.

If, at any time, it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so after which are not required by the revenues first received therefor operation and maintenance of the System, to be used for requirements: Provided, However, that such Bond Reserve Account shall not be regarded as moneys otherwise appropriated or pledged for the purpose of determining the sufficiency of funds available for redemption of callable bonds.

No further payments need be made into the Bond and Interest Redemption Fund after enough of the bonds have been redeemed so that the amount then held in said Fund (including the Bond Reserve Account) are equal to the entire amount of principal and interest which will be payable at the time of maturity of all the bonds then remaining outstanding.

(C) REPLACEMENT FUND: There shall next be established and maintained a separate depository account designated as the Replacement Fund, the moneys on hand therein from time to time to be used solely for

the purpose of making major repairs and replacements to the System or any of its component parts. Moneys shall be deposited into said Fund at the end of each quarterly period, after providing for all requirements of the Operation and Maintenance Fund, and the Bond and Interest Redemption Fund (including the Bond Reserve Account) all the remaining revenues of the System, but not in excess of One Thousand Two Hundred and Fifty (\$1,250.00) Dollars, until the moneys in such Fund shall total Twenty-Five Thousand (\$25,000.00) Dollars. If, at any time, it shall be necessary to use moneys in said Fund for the purpose of making major repairs or replacements to the System or any of its component parts, the moneys so used shall be replaced from the revenues in the Receiving Fund which are not required by the System to be used for the Operation and Maintenance Fund or the Bond and Interest Redemption Fund (including the Bond Reserve Account).

(D) IMPROVEMENT FUND: There shall next be established and maintained a separate depository account to be designated Improvement Fund. There shall be deposited in said Fund each quarter, after satisfying the above requirements in full, such sum as the City Council shall deem necessary to be used for improvements, extensions, additions and betterments to the System.

(E) SURPLUS MONIES: Revenues remaining in said Receiving Fund at the end of any fiscal year after all periodical transfers have been made therefrom as above required, shall be deemed to be surplus and may be left in the Receiving Fund or may be transferred to a fund to be designated "Surplus Fund." Moneys in said Surplus Fund from time to time may be transferred to one or more of the foregoing funds or may be used for any purpose pertaining to the water supply system; provided, however, that if at any time there shall exist any default in making any periodical transfer to any of the above mentioned funds, then such default shall be rectified so far as possible by the transfer of moneys from said Surplus Fund. If any such default shall exist for more than one fund at any one time, then such transfers shall be made in the order in which such funds are listed above.

No disbursements shall be made from said Receiving Fund except to the special funds as above provided.

Section 12. In the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund or the Bond and Interest Redemption Fund, any moneys and/or securities in other funds of the System shall be pledged as security to the Operation and Maintenance Fund and second, to the Bond and Interest Redemption Fund to the extent of any deficit therein.

Section 13. Moneys in the Bond and Interest Redemption Fund over and above those being accumulated for the payment of principal and interest next maturing and moneys in any other fund except the Receiving Fund and the Operation and Maintenance Fund, and moneys derived from the proceeds of sale of the bonds, may be invested in obligations of the United States of America. In the event such investments are made, the securities representing the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds from which such purchase was made. Income received from such investments shall be credited to the fund from which said investments were made.

Section 14. Said bonds shall be sold and the proceeds applied in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Section 15. The proceeds of the sale of the bonds herein authorized to be issued shall be deposited in the GROSSE POINTE BANK, Grosse Pointe, Michigan, a Federal Reserve System member bank, to be applied, solely in payment of the cost of the project hereinafter described and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file with the City Council, a signed statement with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor and that such work is entirely satisfactory.

Any unexpended balance of the proceeds of sale remaining after completion of the project herein authorized shall be used into the Bond and Interest Redemption Fund and shall be used for the redemption of callable bonds, or prior to the first call date only, for purchasing bonds on the open market at not more than the fair market value thereof, and at a price in any event not exceeding the first call price.

Section 16. The City of Grosse Pointe Farms covenants and agrees with the successful bidder of the bonds and coupons that, so long as any of the bonds remain outstanding and unpaid as to either principal or interest:

(a) The City of Grosse Pointe Farms will maintain the system in good repair and working order and will operate the same efficiently and will faithfully and punctually perform all duties which may be required of the City by the Constitution and laws of the State of Michigan, including the making and collecting of sufficient rates for water service rendered by the System, and the segregation and application of the revenues of the System in the manner provided in this Ordinance.

(b) The City Council will cause to be maintained and kept proper books of record and account, separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the System. Not later than three (3) months after the close of each operating year, the City Council will cause to be prepared and furnished by the Municipal Finance Commission, if such form be available, a statement in reasonable detail, sworn to by its Chief Accounting Officer, showing the cash income and disbursements of the System during each operating year, the assets and liabilities of the System at the beginning and close of the fiscal year, and such other information as may be necessary to enable the City Council to determine the service furnished, or any holder or owner of the bonds or anyone acting in their behalf, to be fully informed as to all matters pertaining to the financial operation of the System during such year. A certified copy of such statement shall be filed with the Municipal Finance Commission, and such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the City, user of the service or holder or owners of any bonds or anyone acting in their behalf. The City Council will also cause an annual audit of such books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the manager of the syndicate and to such auditing the bonds. Such audit shall be completed and so made available not later than three (3) months after the close of each operating year.

(c) The City will maintain and carry for the benefit of the holders of the bonds, insurance on all physical properties of the System of the kinds and in the amounts normally carried by public utility companies and municipalities engaged in the operation of water supply systems. All moneys received for losses under such insurance policies shall be promptly applied to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling bonds.

(d) The City will not sell, lease or dispose of the System, or any substantial part thereof until all of the bonds have been paid in full, both as to principal and interest. The City, further, will cause the operation of the System to be carried on as economically as possible, will cause to be made to the System all repairs and improvements necessary to keep the same in good repair and working order and will not do or suffer to be done any act which would affect the System in such a way as to impair or affect unfavorably the security of the bonds.

Section 17. The right is reserved, in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended, to issue additional bonds payable from the revenues of the System, which shall be of equal standing with the bonds herein authorized for the purpose of completion of the project in accordance with the plans and specifications therefor; and such bonds shall not be authorized unless Hubbell, Roth & Clark, Inc., a certificate evidencing the fact that additional funds are needed to complete the project in accordance with the plans and specifications therefor. If such certificate shall be so executed and filed with the City Clerk, it shall be the duty of the City Council to provide for and issue additional revenue bonds in the amount stated in said certificate to be necessary to complete the project in accordance with the plans and specifications.

The right is also reserved to issue additional bonds payable from the revenues of the System which shall be of equal standing with the bonds herein authorized for the purpose of acquiring and constructing further extensions and improvements to the System, but no such bonds shall be issued unless the average net revenues of the System for the two (2) last preceding operating years of the System, or the net revenues for the last completed operating year immediately preceding the issuance of the additional bonds, whichever shall be lower when supplemented by the estimated increase in net revenues which would result from the application of any increased rates placed into effect in the Ordinance authorizing the additional bonds, are equal to one hundred thirty-five (135%) per cent of the average principal and interest on all outstanding bonds payable from the revenues of the System, including those then being issued. As a condition precedent to the issuance of such additional bonds, there shall be filed with the City Clerk a written estimate of the increase in the net revenues of the preceding operating year which would result from the application of the increased rates, concurred in by a registered engineer to be designated by the City Council, or such other State Commission or agency as shall have jurisdiction over the issuance of municipal bonds in the State of Michigan, (or such other State Commission or agency as shall have jurisdiction over the issuance of municipal bonds) to issue such additional bonds shall constitute a conclusive presumption

of the existence of conditions permitting the issuance thereof. Except as herein authorized, no additional bonds having equal standing with the bonds of this issue shall be authorized or issued.

Section 18. Said bonds shall be in substantially the following form:

UNITED STATES OF AMERICA STATE OF MICHIGAN COUNTY OF WAYNE CITY OF GROSSE POINTE FARMS WATER REVENUE BOND

No. .... \$1,000.00

KNOW ALL MEN BY THESE PRESENTS that the CITY OF GROSSE POINTE FARMS, Wayne County, Michigan, for value received, hereby promises to pay to the bearer, or if registered, to the registered holder hereof, but only out of the revenues of the Water Department of the City, including all appurtenances, extensions and improvements thereto, the sum of

ONE THOUSAND DOLLARS

on the first day of July, A.D. 19....., with interest thereon from the date hereof until paid at the rate of ..... per cent per annum, payable on July 1, 19....., and semi-annually thereafter on the first day of January and July of each year, on presentation and surrender of the proper interest coupons hereto attached as they severally become due. Both principal and interest on this bond are payable in lawful money of the United States of America at a series of two hundred seventy-five (275) bonds of even date and like tenor except as to date of maturity, aggregating the principal sum of \$275,000.00, numbered consecutively in direct order of maturity from 1 to 275, inclusive, issued pursuant to Ordinance duly adopted by the City of Grosse Pointe Farms on .....

1955 and under and in full compliance with the Constitution and statutes of the State of Michigan, including Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of acquiring and constructing extensions and improvements to the Water Supply System of the City.

For a complete statement of the revenues from which, and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above-described Ordinance.

Bonds of this issue numbered 1 to 170, inclusive, maturing in the years 1963 to 1970, inclusive, are not subject to the redemption prior to maturity.

The right is reserved of redeeming bonds numbered 171 to 275, inclusive, maturing in the years 1971 to 1978, inclusive, at the option of the City, in inverse numerical order, on any interest payment date on or after July 1, 1960, at par and accrued interest to the date fixed for redemption plus a premium as follows:

15 if redeemed on or after 7-1-60 but prior to 7-1-63

10 if redeemed on or after 7-1-63 but prior to 7-1-66

5 if redeemed on or after 7-1-66 but prior to 7-1-69

Thirty days' notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days' notice shall be given by mail to the registered address. Bonds so called for redemption shall not be redeemed after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

This bond is a self-liquidating bond and is not a general obligation of the City of Grosse Pointe Farms, and does not constitute a lien on any real or personal property of the City of Grosse Pointe Farms within any Constitutional or statutory limitation, and is payable both as to principal and interest, solely from the revenues of the Water Department of the City. The principal and interest on this bond are secured by the statutory lien hereinbefore mentioned.

The City of Grosse Pointe Farms hereby covenants and agrees to fix and maintain at all times, while any of such bonds shall be outstanding, such rates for service furnished by said Water Department as shall be sufficient to provide for payment of the interest upon and the principal of all such bonds, and when the same become due and payable, to create a Bond and Interest Redemption Fund (including a Bond Reserve Account) therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of said Water Department as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for said Department as are required by said Ordinance.

This bond and the interest thereon are exempt from any and all taxation whatsoever by the State of Michigan or by any taxing authority within said State.

This bond may be registered as to principal only on the books of the City Treasurer in the name of the holder, and such registration noted on the back hereof by the City Treasurer, after which no transfer shall be valid unless made on the books and noted hereon in like manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond, and the series of which this bond has been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City of Grosse Pointe Farms, Wayne County, Michigan, by its City Council, has caused this bond to be signed in the name of said City of Grosse Pointe Farms by its Mayor and countersigned by its Clerk, and the corporate seal of the City to be affixed hereto, and the coupons hereto attached to be signed by the facsimile signatures of said Mayor and Clerk, all as of the first day of May, A.D. 1955.

CITY OF GROSSE POINTE FARMS By Mayor

(Seal) Countersigned: City Clerk (Form of Coupon)

No. .... \$....., unless the bond to which this coupon pertains shall have been called for redemption by the CITY OF GROSSE POINTE FARMS, Wayne County, Michigan, will pay to the bearer the sum of .....

..... Dollars in the manner and out of the revenues described in said bond at ..... Michigan, being the semi-annual interest due that date on its Water Revenue Bond, dated May 1, 1955. No.....

This coupon is not a general obligation of the City of Grosse Pointe Farms, but is payable from certain revenues as set forth in the bond to which it pertains.

Enacted: March 7, 1955

University of Medicine and Director of Laboratories, St. Mary's Group of Hospitals.

Willard Bartlett, M.D., Chairman, Assistant Professor of Clinical Surgery, St. Louis University School of Medicine.

Consultants to the Committee: Edward A. Doisy, Jr., M.D., Assistant Professor of Internal Medicine, St. Louis University School of Medicine.

Robert E. Shank, M.D., Professor Preventive Medicine and Public Health; Professor of Preventive Medicine and Public Health; Professor of Preventive Medicine in Department of Medicine, Washington University School of Medicine.

J. Earl Smith, M.D., Senior Instructor in Internal Medicine, St. Louis School of Medicine, and Health Commissioner, The City of St. Louis.

The report of the investigations of this illustrious committee was published in the February, 1954 issue of the Missouri Medicine, copies of which are available in all of the Grosse Pointe Libraries. This report is very informative and should be read by any person who may have qualms as to the safety or effectiveness of fluoridation of public water supplies.

Allow me to quote a few excerpts.

"There is no published record of any injury to the health of any

person drinking natural fluoridated water with a concentration as high as 8 parts per million nor any harmful effects at such lesser concentrations as occur naturally or are provided in fluoridation programs. No injurious effects can be found in the study of vital statistics, including cancer, or in the statistics of maternal and new-born death rates."

"No other public health measure has had more thorough study prior to adoption than the proposal for fluoridation of the community water supply whose natural concentration is deficient."

This statement was made with all due consideration for the public health benefits derived from chlorination of public water supplies, small-pox vaccination and other inoculations for the prevention of diphtheria, typhoid and other diseases.

The report ended with the unanimous recommendation—"that the elected officials of the City of St. Louis undertake without delay the necessary legislative and administrative steps to authorize and initiate a program to increase the content of fluorine of the municipal water supply to an amount whose concentration will provide maximum reduction in the incidence of dental caries of the children of St. Louis commensurate with freedom from objectionable cosmetic effects or hazards to health of the residents as a whole."

Such action has been taken by the elected officials of St. Louis. Fluoridation of public water supplies had previously been in operation in Baltimore, Md.,

Washington, D.C., San Francisco and San Diego, Calif., Louisville, Ky., Indianapolis, Ind., and Milwaukee, Wis. These large cities are in addition to the approximately 1000 cities and communities of smaller size which are fluoridating their water supplies.

As of January 1, 1955 there were 20,229,146 persons in 1043 communities in 43 states, Alaska, the District of Columbia, the Panama Canal Zone and Puerto Rico drinking water with controlled amounts of fluorine added. There are 23,799,167 persons in the United States, its territories and possessions drinking fluoridated water containing optimum amounts of fluorine.

Similar action to fluoridate the water supply was taken by officials of Grosse Pointe Farms in 1951. These progressive, public spirited and health-conscious officials were stimulated by a petition from the Parent-Teachers Association which requested them to investigate the advisability of fluoridating the local water supply. Reports were made to them on all available research reports published to that date. Hearings were held and discussions of the reports were reviewed.

The weight of the scientific evidence presented was sufficiently impressive to warrant their subsequent decision to fluoridate the water supply of Grosse Pointe Farms, and only after approval by the Michigan State Department of Health. Their deliberations and their formal action were of public knowledge at the time and were so reported in the GROSSE POINTE NEWS and one or more of the metropolitan daily newspapers.

It is regrettable that the local proponents of the anti-fluoridation campaign have endeavored to incite opposition by the use of vague generalities, and medically and scientifically disproven or unsubstantiated claims. As for example the recent letter published in the GROSSE POINTE NEWS referring to the report of the Delaney Committee and specifically to the testimony of Dr. Robert Harris, Director of Biochemistry Research Laboratories of M.I.T. Dr. Harris on Jan. 20, 1953 wrote a letter to the Water Fluoridation Committee of the St. Louis Medical Society in which he stated he neither supports nor opposes fluoridation, which shows a marked change in his attitude from that expressed the preceding year before the Delaney Committee. Famed Botanist To Speak Here

Henry Leonard R. Chapman, well known botanist, will address the Men's Garden Club of Grosse Pointe at 8 p.m. on Thursday, March 17, at the War Memorial Center.

Dr. Chapman will talk about perennials, explaining the newest methods for growing these important components of the home garden, as well as outlining the characteristics of the many varieties that have been tested for effective development in this climate.

A graduate of Kew Gardens, Dr. Chapman in his post as assistant professor of horticulture at Michigan State College, has specialized in this subject and his advice will appeal to both professional and amateur gardener.

Members and guests will have the opportunity to obtain answers to specific problems about perennials after the main address.

In presenting this meeting next Thursday, the Men's Garden Club pays tribute to the Michigan State College, currently celebrating its Centennial, for its many developments in the field of horticulture.

The meeting will be under the chairmanship of Vincent R. De Petris, president of the club.

Sewing Session Planned By Kappa Kappa Gamma

The East Side group of Kappa Kappa Gamma Alumnae Association will meet at the home of Mrs. William E. Osband of Pemberton road on Tuesday, March 15.

There will be sewing on cancer pads at 11 a.m. followed by a 12:30 luncheon.

Mrs. Stanley W. Smith is hostess for the occasion. Reservations may be made with Mrs. Smith by calling TUxedo 4-1174 or Mrs. Osband, VALEY 2-5647.

Birthday Luncheon Given In Honor of Mrs. Denby

Mrs. W. Colburn Standish was hostess at a luncheon in her Lakeland avenue home honoring Mrs. Edwin Denby on the latter's birthday.

Driving Warning Issued by Police

Wet, slippery ice is twice as treacherous on a paved surface as ordinary ice or drizzling snow, the Chiefs of Police of Grosse Pointe warned.

"In weather like this, with alternate thaws and freezes, motorists have to be twice as careful," they added.

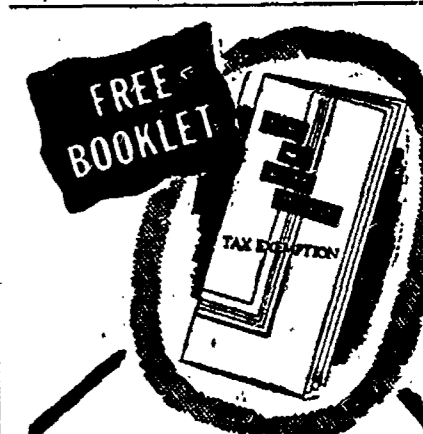

The hazards of wet ice, they said, are borne out by the scientific findings of the National Safety Council's Committee on Winter Driving Hazards, which discovered that braking distance, from a speed of 20 miles an hour, averages about 110 feet on ice when the temperature is near zero, but rises to as much as 250 feet when the thermometer is at 32 degrees.

Motorists who start out in the morning on cold, dry ice, may be unprepared for the difference in traction when rising temperature covers the ice with a film of water.

In addition to reducing speed, wise drivers safeguard against this unexpected difference in slipperiness by using tire chains, they added, pointing out that chains reduce stopping distances both on ice and snow by one-half or more, regardless of temperature changes.

Tests conducted by the National Safety Council show that "winterized" tires do not ap-

proach the performance of reinforced type tire chains in reducing stopping distances, or in providing adequate forward traction which is needed to avoid accidents and traffic delays.

How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep. If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How to Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Mr. Carmine Falbo

Auto welder finds easiest way to pay hospital bill

"The \$900 hospital bill I had would have put an awful dent in my savings," says Mr. Falbo, of Roseville, "but, fortunately, I had Blue Cross-Blue Shield. When the hospital saw my Blue Cross-Blue Shield ID card, it worked just like money. They provided me with the care I needed... and every cent of the bill was covered by my Blue Cross Comprehensive Contract. I've got Blue Shield, too, and that came in handy on my doctor bill. I don't know of any protection plans that take a load off your mind the way Blue Cross-Blue Shield plans do!"

Your family has a 1 in 3 chance of facing a hospital bill within a year! That's why you need protection... and the most realistic protection you can get is Blue Cross-Blue Shield. Because only Blue Cross-Blue Shield plans gear benefits to actual, current hospital and doctor charges... to provide you with protection you need, when you need it! Find out how you can have low-cost group coverage. A company with as few as 5 employees may qualify as a group. Today call or write: Blue Cross-Blue Shield, 441 E. Jefferson Ave., Detroit 26, Michigan. Phone: WO 5-2700.

Charles A. Robertson Wins Honors at MCMT

HOUGHTON, Mich.—Charles A. Robertson, son of Mr. and Mrs. Everard P. Robertson, 753 Barrington road, Grosse Pointe, was recently promoted to the grade of cadet colonel in the Air Force ROTC at Michigan College of Mining and Technology, according to an announcement by the commanding officer at the college.

Robertson, a senior, is majoring in electrical engineering at Michigan Tech. He is a member of the American Institute of Electrical Engineers (student branch) and Tau Beta Pi, an honorary engineering society. He is also active in Blue Key, an honorary service fraternity for outstanding student leaders only. Active in sports, Robertson has played tennis for Tech and has received two letters for being a member of the Tech swimming team, which has been undefeated for the past two years. Robertson is a member of Eta Kappa Nu, a national honorary electrical engineering fraternity, and Theta Tau, a social fraternity. He has also taken part in the Tech Glee Club.

These disciples of the attack on fluoridation are undoubtedly sincere, but are often without scientific background and are prone to be swayed emotionally by half-truths, alarmist psychology and pseudo-scientific reports. They fail or are unable (through lack of scientific training) to evaluate all of the voluminous scientific reports and research material which has accumulated through 40 years of study as to the effects of fluorine in drinking water. They refuse to accept the preponderance of evidence of scientific nature favorable to the controlled fluoridation of public water supplies.

This is doubly regrettable locally at this time when dentists of the community are already noting less frequency of dental decay in children residing in the Farms as compared with those from the other surrounding Grosse Pointe Communities. Less hysteria and more ready acceptance of the opinions of qualified recognized research workers and scientists in the fields of internal medicine, public health, biochemistry, toxicology and dentistry would seem to be indicated, desirable, and more rational in an intelligent community. Sincerely, Floyd E. Straith, D.D.S.

## Legion Helping Korean Veterans

Grosse Pointe Post 303, American Legion, will soon have blank applications for the use of Korean veterans applying for their Korean bonus, according to Farms Police Chief Walter Hoyt, commander of the Post.

Eligible veterans are asked to watch the Post's display window, 20916 Mack avenue, wherein they will be notified when the blanks have been acquired.

If further information is desired, call Chief Hoyt at TU. 5-2100 during the day, or TU. 2-1813, at night, or call Stanley Weaver, TU. 2-8888.

When the blanks are available, members of the Post will volunteer their time all day, every Saturday, to help veterans to fill their applications. When applying, please bring discharge papers.

**David Marantette Jr., Host To Puerto Rican Classmate**  
Jorge Ortiz of Guaynabo, Puerto Rico, has been the guest of his Cranwell School classmate, David T. Marantette Jr., at the home of the senior Marantettes on LaSalle place.

**Obituaries**  
**ETHEL K. DONOVAN**  
Mrs. Donovan, 50, for many years proprietress of an exclusive infants' and children's dress shop at 17015 Kercheval, in the Village Shopping District, was killed by drowning when her car went out of control and crashed through a bridge abutment at Murphreesboro, Tenn., on Monday, March 7. She was unable to get out of her car when it landed in the river below.

Mrs. Donovan, who lived at the Pasadena Apartments on Jefferson avenue for years, was on her way to Spring Hill, Ala., where she had planned to live with her sister, Mrs. William N. Owen.

She is survived by her sister and a nephew, William N. Owen, Jr., of Lookout, Tenn.

Funeral services are being held today, March 10, in Mobile, Ala., with burial to take place in that city.

**FELIX T. BROWN**  
Mr. Brown, 53, of 1381 S. Renaud, an electrical engineer in the drafting department of the Packard Motor Car Company, died on Saturday, March 5, at his home.

A native of Mt. Vernon, N. Y., he had lived in the Detroit area for 40 years. He was a member of the Mantle Club.

He is survived by his wife, Margaret; a daughter, Mrs. Dorothy Vickers; his father, Frederick Brown; a brother, Robert; and five grandchildren.

Funeral services were held on Tuesday, March 8. Burial was in Valhalla, N. Y.

**KARL H. BEHRINGER**  
Mr. Behringer, 61, of 1716 S. Renaud, president of the Vincent Process Company, died on Tuesday, February 22, in Harper Hospital.

He was a member of the Board of Superior Tool and Die Company and was a member of the Detroit Athletic Club and the Detroit Board of Commerce.

Surviving are his wife, Hartha; three sisters and one brother.

Funeral services were held on Thursday, February 24. Burial was in Woodlawn cemetery.

## Church to Hold Dinner Meeting

The voters and the Lutheran Laymen's League of St. James Lutheran Church will have a combined meeting in the church fellowship hall, McMillan at Kercheval, Monday evening, March 14. Dinner will be served by members of the Women's Guild at 6:30 p.m.

Chester F. Ogden, manager of purchases and real estate for the Detroit Edison Company, and al-

so a member of St. James, will speak to the men on "Why You and I are Interested in the Peaceful Development of Atomic Energy."

A short film on "A is for Atom" will also be shown. Edward Baum, chairman of the building committee, will give a progress report on the new additions to the church, now nearing completion.

**Staff Sgt. Dansbury Model Air Force Man**  
McChord AFB, Tacoma, Washington—One of the Air Force's model men, Staff Sergeant Louis Dansbury, will become a student under his well earned rights of the G.I. Bill at the University of Detroit upon the completion of his enlistment on July 11th, 1955. He is looking forward to majoring in business administration.

However, business administration will not be entirely new to Louis. He has had a good taste of it during his enlistment in the Air Force. After finishing basic training at Sampson AFB, N.Y., in 1951 he was sent to the North Dakota State College where he finished an administrative course in December 1951.

In April of 1952 Louis was again selected for a school, a personnel management course at Lowry Air Force Base. He finished the course in June of 1952.

His first station assignment was to one of the Air Force's lonely, out-of-the-way aircraft

warning stations at Nesh Bay, Washington, as a typist. It wasn't long until he worked his way up to chief clerk.

In addition to his schooling in the Air Force, Louis took advantage of his spare time at the Non-Commissioned Officer's Club and became clever at pool shooting and golf.

Before leaving the Air Force, Louis has hopes of getting at least one ride in a training jet.

Louis is the step son of Mrs. William E. Dansbury, 79 Mapleton road, Grosse Pointe Farms, Michigan. He also has a brother, William E. and sister, Mrs. Wilfred DeRoche, both of Grosse Pointe.

A Woods police record disclosed that a forced entry into Carl Joyner's Photo Studio on Mack was foiled on Wednesday, March 2, when a burglar alarm went off, bringing police. Entry was attempted at a side window.

## who, where and whatnot

by whoozit

The most honest woman in Grosse Pointe went shopping one sun shiny day last week . . . Dressed from head to toe in the very fashionable pink . . . she paused at every available mirror to admire herself. She's Anne Renaud, two-year-old daughter of the Edward Renauds on Moross.

Mrs. John Nash Stewart's Thunderbird is on order . . . Any day now . . .

Dull Thud Dept.: At the very swank and lavish Japanese revel at which the Horace Dodges celebrated their second anniversary down Palm Beach way . . . the food was chop suey.

The properties of Mrs. C. Edmund Delbos and the Burns Henrys Jr., to be the Pointe's newest subdivision, will be named for the Fuger side of the family (Mrs. Delbos was Mrs. Theodore Hall Fuger) . . . It's to be called Tannencourt . . . tres francaise . . .

In the Pointe some gals wear hats, some shun millinery . . . and all look well in their choices . . . Hats-off advocates include the sisters, Mrs. Edward S. Evans, Jr., and Mrs. Frederick H. Duffield . . . as well as Mrs. William Denler . . .

In the bonnet class, and being very Spring-ie about it, are: Mrs. Peter Koenig, in a tiny navy blue straw with nose-gay of violets at the very back . . . Mrs. John Wilt in a creamy pink straw with a talisman rose the lovely ornament. . . . Mrs. Lester S. Moll in a becoming contour cut lavender. . . . Who needs to see the first robin?

Overheard at the Village Manor on the Springiest day we've had: Well, shall we drive up to the Yacht Club and see if they're swimming?

### PILFERINGS

Punch says an American dietician is exciting comment by experimenting with various types of music during meals as an aid to digestion. Jealous rivals accuse him of playing to the calorie.

The Scottish Farm received a letter which asked: "Do swans fly across country? If so, how far?" The editor of the paper replied: "Yes. The distance depends on where they are going." And that infipish Punch magazine added a P.S.: "For long journeys, of course, they start further away."

Franklin P. Adams once said there are 70 stanzas in the Uruguay national anthem, which may account for the Uruguay standing army.

Necessity is the mother of invention, and the hungry Frenchman told about in a biography published in England illustrates the old adage anew.

He was in an English restaurant and wanted eggs for breakfast but had forgotten the English word. So he got around the difficulty in the following way:

"Vaiterre, vat is zat valking in the yard?"  
"A rooster, sir."  
"Ah, and vat you call the rooster's wife?"  
"The hen, sir."  
"And vat you call the children of ze rooster and his wife?"  
"Chickens, sir."  
"But vat you call the chickens before they are chickens?"  
"Eggs, sir."  
"Bring me two."

Sign on a music instrument company's truck: "Drive carefully. We are out of harps."

Joanne Goodsell to Wed George H. Keim, Jr.

Mr. and Mrs. Clare W. Goodsell, formerly of Grosse Pointe and now residing in Minneapolis, announce the engagement of their daughter Joanne to George H. Keim Jr. of Park Ridge Illinois. Miss Goodsell attended Denison University in Granville, Ohio where she was affiliated with Alpha Phi sorority. Since graduation she has worked for the American Airlines in Detroit and Dallas, Texas. Mr. Keim recently returned to the University of Illinois to complete his course of study toward a degree in Architecture and Design. He served two years in the Armed Forces. No wedding date has been set.

## Pointer of Interest

MRS. STUART A. FRIEDRICH OF OXFORD ROAD.

By Jane Schermerhorn

A councilman adept with bow and arrow—now there's something to ponder. But our councilman happens to be sparkling-eyed Mrs. Stuart A. Friedrich, first woman to serve on the Woods' council, and she uses the bow and arrow only in Northern Michigan, far from her constituents.

It's actually Mrs. Friedrich's artist husband who uses the bow and arrow for serious hunting.

She's an expert marksman and so are the Friedrich children, Jane, 13; John, eight, and Sandy, 17. But she prefers to test her skill shooting at the straw butt, shaped like a deer at the family's cabin near Alpena, on Thunder Bay.

Last year, when one of the family got a rabbit with his arrow, the feminine Friedrichs wept and couldn't bear the thought of cooking it.

Still today's Pointer of Interest is an advocate of this type of hunting, feeling it's really much safer than rifle or gun since, "you are close enough to see what you're trying to shoot when you aim a bow and arrow."

Mrs. Friedrich is just rounding out her first two-year term as a member of the Woods' council.

With a background in physical education, she was an instructor in the Detroit public school system before her marriage. It was natural that former Mayor Leon Ratcliffe sought her help when he was organizing a parks and recreation committee, composed of citizens.

That was back in 1951, and Mrs. Friedrich loved the work. It gave her an opportunity to help further one of her pet ideas: more recreation areas, more recreation opportunities for today's children.

She did effective work and it was observed by neighbors and friends in the Woods who urged her to run for their Council.

"I really didn't want to," she recalled this week at her home on Oxford road, "I felt I was busy enough what with being a housewife and mother; serving as leader for a Campfire Girls troop teaching Sunday school at Grosse Pointe Woods Presbyterian Church; acting as Parcell's High School's representative to Grosse Pointe Motion Picture Council."

Those urging her to run played soft music and said her new duties would involve only two nights' work a month. Then the Friedrich children became fascinated with the idea of Mama for Council. They joined forces and Mama ran, coming out on top of the ticket, having captured the greatest number of votes.

She's proud she's been a councilwoman (though she soon learned that it's a matter of far more than a few hours a day) while the Woods' garbage question was settled. By this July every household in the Woods will be equipped with either disposal or incinerator, thus wiping off the budget the usual \$50,000 spent on this collection.

She's proud of the Woods' record, and her own, in the matter of its recreation facilities.

be parks and recreation director Don Hallman.

Mrs. Friedrich represents the Woods' council at many day luncheons and some banquets. Last, autumn she traveled to Philadelphia to attend the American Municipal Association's meeting.

You are sure Mrs. Friedrich is not a politician ("I'm simply interested in good government for all") when you learn that salary for these time and energy-consuming duties is \$400 per year (as opposed to \$12,000 for Detroit councilmen).

In the upcoming election, Mrs. Friedrich's campaign is being carried on entirely by friends. They are distributing campaign literature, giving teas for groups of 15 to 20 women ("I merely have the pleasure of meeting new friends and answering any questions they might wish to ask me"). Not being a politician, the councilwoman has never really asked anyone to vote for her.

She has worked tooth and nail on the Woods' drainage problem because she has been a Woods' resident for 14 years. She's replaced motors in washers and various equipment along with others whose basements have been flooded. But with the big new program, all that's being licked.

She loves to travel and this Spring, when the young Friedrichs get their vacations, she will pack them in the family car and they'll drive to the Smokys.

The rooms of the Friedrich home boast wonderful early American antiques, family heirlooms, and the head of the household has a bit of his talent over the white brick fireplace: an oil showing the round oak stove glowing with warmth in the living room at the cabin up North.

Our councilwoman loves nature and spends Summer days roaming Michigan woods in search of wild orchids. She also makes jewelry, a talent developed in classes of the adult education program.

## Good Taste

Favorite Recipes of People in The Know

### LIME PIE

Contributed by

Mrs. John D. Williams

A quick way of recapturing a refreshing whiff of the Florida Keys.

Beat 4 egg yolks slightly in top of double boiler. Stir in 1/4 cup of granulated sugar, 1/2 teaspoon salt, 1 tablespoon grated lime rind, 1 tablespoon grated orange rind, 2 tablespoons lime juice, 2 tablespoons orange juice. Cook over boiling water until thick enough to mound slightly (about five minutes). Remove from heat.

Beat egg whites until moist peaks are formed when beater is raised. Add 1/4 cup sugar gradually, continuing to beat until stiff. Fold into cooked mixture. Pour into baked 9-inch cooled, pie shell. Bake at 350 degrees, for 25 minutes, or until delicately browned.

## Voters League Meets March 11

The annual business meeting of the League of Women Voters of Grosse Pointe Park will be held on Friday, March 11, at the Grosse Pointe War Memorial Center. Luncheon will be served at 12:30 p.m. followed by the meeting which is scheduled to begin at 1:30 p.m.

The program will consist of election of officers, directors and nominating committee members, approval of the 1955-56 budget, and selection of local study items. In keeping with the League's democratic principles, the general membership has the opportunity to choose the local program to be studied in the coming year.

A special invitation to the annual meeting is extended to charter members and former members of the Board.

## Social Service Day Scheduled

The College Women's Club will hold a Social Service Day at the War Memorial Center on Monday, March 21, from 10 a.m. to 3 p.m.

Those planning to attend are asked to bring sewing equipment (scissors, needles, thread and pins) and sandwiches and cookies, as tea will be made for them. Bring a friend.

Call Carolyn Ann Kreighoff, TU 1-2883, if you plan to come.

## Meeting Held By Gardeners

The Grosse Pointe Woods Garden Club meeting was held on March 8, at the home of Mrs. Albert Beever, in Fairholm drive.

Co-hostesses were Mrs. Ewald McKnight and Mrs. Elton Ireland. Mrs. Clyde Dease, who recently returned from ten years in Brazil, spoke to the group about "Flowers and Vegetables of South America."

### BEST POLICY

In the long run it's much easier to tell the truth than it is to keep white lies whitewashed.

## Pointe Counter Points

by Roberta Isley

Now if you want to know what they are wearing in the accessory line at Nassau or Montego Bay this season it is here in the Pointe. Take crisp sun-kissed straw in yellow, white or blue . . . top it with a cluster of field flowers . . . violets . . . cherries or delicious looking strawberries and you come up with bags that really add something new to Spring . . . 1955. Some of the straws this season are smooth and shiny. In addition to smooth ones there is much interest in lacy woven "caviar" types . . . as was the pink envelope type bag trimmed with white shells we saw this week at Margaret Rice's, 76 Kercheval, on the hill.

Because Spring is in the air, and, because you might be moving, we feel just like rooting someone's born. And we are. We're rooting for Wolterine Moving and Storage. Here is one mover that can pack, load and move furniture right. They actually pamper your belongings. Then if you want to store valuables they have individual vaults. The neatness . . . the compactness . . . of these compartments is typical of the downright good service at Wolterine Moving and Storage, VA. 2-4540.

Easter is a gift. And it could be chosen from the collection of beautiful antique pitcher and cup and saucer collection at the Sign of the Mermaid. Represented are fine antique Crown Derby . . . antique Salopian and antique Newhall. Some are priced as low as seven dollars. Choosing any kind of a gift . . . whether it be for the bride or your best friend . . . is always a joy at the Sign of the Mermaid, 75 Kercheval, on the hill.

Fashion hails the return of silk Shantung . . . of pure tie silk dresses this Spring. These heavenly materials with their fine detailing and high fashions are featured in ALL size groups in the newest collections at Town 'n Casual, 20445 Mack, in the Woods. Junior sizes . . . misses sizes . . . and half sizes. You'll find sheer crepes in navy and brown, too. The prices start at fourteen ninety-five. Oh, joy!

Soft March winds always gives you a good chance and excuse to look as gay as Spring's first crocus . . . don't they? And these fashions are we screaming about are as fickle as the wind. They have shortie toppers that go to all lengths in Jacobson's Coat Department. Fingertip ones . . . shorter ones and longer ones. They are for wear now and into summer. Easter egg colors . . . plus navy and beige. This IS Spring on your back. Tags read twenty-nine ninety-five and up.

Easter is one thing. Easter is a gift. Easter is Spring. But Easter could be one more thing, couldn't it? It could be a picture of you and your family in all your glory. Here's a thought. Have your camera checked and get all the instructions you need to take pictures on Easter Sunday. It might be enlightening to visit the Camera Center in the village. They help Pointers every day with their picture taking problems.

This is a dashing Spring tonic for the lady in the box lined suit . . . the rod slim skirt . . . the lady who will be wearing the new lower mainline . . . (she will, you know). Now these are the most becoming things she'll wear this season. But we want to tell her about the next best thing she will wear. She will wear a new coif . . . one that is brushable . . . manageable from one appointment to the next. She might want a new hair color or try the Patti nails that seem to stay on forever although they are plastic. She will have her hair and nails done by the excellent staff at the Ann Louise Beauty Salon, 405 Fisher Rd. TU. 2-7511.

They're blooming. But with fabrics of sailcloth . . . bark cloth . . . hand-blocked linen . . . embossed cottons (permanently finished and looks as though they are quilted.) Glosheen has that Springtime lilt. One pattern is called "Ariel" . . . white and blue . . . and white and mocha are colors to be reckoned with. "Diamonds" . . . white and blue . . . white and mocha make up another unusual pattern. Silhouette features black figures and flowers on a pink and white background. Even if you don't have a flair for interior decorating, you can get help from the staff at Jacobson's Home Decorating Shop in the village. They custom tailor . . . draperies . . . curtains . . . slipcovers, etc. All the accessories needed for making them yourself in the Fabric Shop. They are blooming as far as coverlets . . . bed petticoats . . . and draperies are concerned, too. Already made, these. All the colors that grow in the garden are here.

Now that we've convinced you that Spring is really here you could be on the prowl for mix and match fashions. Dream about a checked black and white skirt . . . about a white cashmere trimmed in the same cotton as the skirt. Dream about the babysteel blue lace skirt . . . a blue cashmere sparked with the same lace or a pink one. Dream about all these precious matched sets. Then look to reality. Look at Jacobson's Sportswear Department. Each costume is fifty-nine ninety-five.

## Park Gardeners Meet Mar. 14

The Grosse Pointe Park Garden Club will hold its next meeting on Monday, March 14, at 12:30, in the home of Mrs. Richard W. Larwin of Whittier boulevard. The group will hold a meeting-luncheon, and hear Mrs. William W. Tanney of the North Rosedale Garden Club. Mrs. Tanney will speak on framed flower pictures (using dried materials.) She will also instruct the group on choosing, picking, and the preparation of materials in summer for fall and winter use.
