CRIME BOOMS IN GP CITY in usually quiet August. Crime spent one of its busiest and most reciprocal Augusts on record according to City Chief of Police Thomas Trombly. "I've been here over 20 years and there hasn't been an August that can match this one," he said. The usual August decrease in crime, he explained, to the number of residents who annually vacation during the month and the exceedingly light influx of traffic. But this past month was a horse of a different color. "The number of grand thefts was high for any month," Trombly said. The city was plagued by five yet unsolved breaking and enterings into private residences, a hold-up and a store larceny. The hold-up, at gun point, occurred at the O'Leary Cadillac

Rev. and Mrs. Hugh White Return From G.P. Methodist Church's Mission to Japan

Minister Back In Time to Help Celebrate Anniversary of Founding of Congregation This Coming Sunday

When Rev. Hugh White returns to the Grosse Pointe Methodist Church pulpit next Sunday, September 11, two happy occasions will be commemorated. Grosse Pointe Methodist will be exactly 10 years old, and Rev. White will be making his first appearance since he and Mrs. White returned a few days ago from a two and a half month trip to Japan.

Rev. and Mrs. White left in June by plane via Alaska for Japan to help a group of pastors from several denominations in the U.S. bring Christianity to Japan.

Use Garden Hose To Put Out Fire
A minor fire broke out in the attic of Dr. J. P. Walker's residence at 1211 Bishop road in the Park on Wednesday, August 31. Put out with a garden hose that the Walkers ran up to the attic themselves and a water can supplied by the fire department, the blaze opened a slight hole in the roof.

Length of Rope Stolen at Pier
A City waterfront park employee reported the theft of a sizable length of rope from the pier Tuesday, August 30. A group of boys were seen leaving the park with the rope. Not sure that it belonged to the park, the attendant checked and found a coil missing. He phoned the police and gave a complete description of the culprits.

Laws Speed Action to Save Elms

New Ordinances Result In Getting All Diseased Trees In Woods and Shores Removed

The City of Grosse Pointe Woods last week had proof that sometimes all people need is a little push. A report received from the office of City Manager William Lange dated September 1 states that all of the diseased Elm trees except two have been removed and burned.

Had Worst Record
Prior to this ordinance, passed as an emergency measure, the Woods had the worst record of all the Pointes in getting tagged elms down and burned.

All Now Removed
Of the some 25 trees infected, many of the now vacated Lake Shore Estates, all have been removed.

Dutch Elm Disease Subject of Parley Held in Lansing

Local Officials Told Continuing Program of Proper spraying, Testing and Removal of Stricken Trees Is Only Defense

"If we hope to keep the Dutch Elm Disease under control we must have the complete cooperation of each and every community, township and county in Southeastern Michigan," said C. A. Boyer, Chief of the Department of Agriculture's Plant Industry Bureau.

Boyer, who heads up and coordinates the State government's fight against the shade tree killer, held a private audience for Pointe city officials Wednesday, August 31, in his Lansing offices.

Must Accept Fact
"We must accept the fact that the disease is with us and will be for some time. We must then direct our efforts at stopping the spread of it. If this is done, then I'm sure we'll find that the number of cases will drop off also."

Boyer emphasized the fact that the plight was far from hopeless. "I visited the campus of Amherst College in Amherst, Mass., one of the worst hit towns in the country, and all about you can see the stumps of felled trees, but the campus, that has some 1,500 elms lost not a one because of a constructive program they carried on," Boyer said.

Outlines Program
Dean Lovitt, who has been working closely with the Bureau's Dutch Elm program, outlined the steps the communities must take. "It is the cities' and townships' and counties' duty to carry out enforcement of the State's program, and work out bigger and better spraying programs to protect their trees. They must be particularly alert to police what we call the sanitation phase of our program; that is making sure the felled trees are burned or buried, that cord wood is not allowed to stand in back yards and that empty fields are kept clear of old limbs and debris."

Boyer praised the two Pointe communities, the Shores and the Woods, for passing what he called "constructive programs."

Spraying Often Weak
"Generally, the spraying programs of the communities are the weakest links in our fight," Boyer said. "I'm glad to hear that the Shores has taken steps to help improve this."

Both Communities are to be highly commended for stepping out and passing ordinances to put teeth in our state laws that demand a diseased tree be felled. If every community aided us this way, I think we'd make tremendous gains in our fight," Boyer said.

He also commended the Grosse Pointe Property Owners Association and its head, Paul R. O. Marden, for the work done in getting the community alerted to and behind the combative programs.

Farms, City, Both to Lift Restrictions

Removal of Rationing By Detroit Last Saturday Apparently Confused Residents

Water restrictions in the Farms and City will be lifted on Saturday, September 10, barring unforeseen changes in the weather, according to official reports.

Farms City Manager Harry Furton disclosed that restrictions will be lifted over the weekend, and Grosse Pointe City Clerk Norbert Neff, whose community is a water customer of the Farms, stated that the City will go along with the cancelling of the restrictions.

Water Mains Completed
Mr. Furton revealed that all contract work on the cross-town main water feeder, with the exception of testing, has been completed and that the two open filter beds, constructed to alleviate water shortages, need only the installation of certain equipment. He said all work on this project should be completed by the end of this month.

He pointed out that the installation of the feeder main and the construction of the filter beds, does not mean the water restrictions will be lifted next year or in coming years. However, he added, it will bring about a modification of the restriction ordinance.

Detroit Lifts Ban
Detroit lifted its water ban on Saturday, September 3, and apparently many Farms and City residents were under the impression that local restrictions were over also, for police were kept slightly busy informing the people the restrictions were still in force.

Raccoon Adopts Carson Family

A friendly raccoon adopted the John Carsons of 1035 Hampton road Wednesday, August 31. He followed Mr. Carson home and parked himself on the back porch. He wouldn't budge.

The "coon chile", like something out of the comic strip "Pogo," was found up a tree at the Jack Neiman residence, two houses down from the Carsons. Mrs. Neiman spotted the animal when she came home at dusk on Wednesday. Her headlights picked him up as she swung up the drive.

Frightened in the absence of Mr. Neiman, who was out of town on a business trip, she called the Carsons to aid her. Mr. Carson coaxed the raccoon out of the tree and to the surprise of everyone, the furry little four-legged was as friendly as could be.

He frolicked with John for about 10 minutes," Mrs. Carson said. Mrs. Neiman called the police to ask what they should do with the sociable fellow. They advised her to leave him alone and he would probably leave. But Mr. Raccoon had different ideas.

The Carsons walked nonchalantly home, as if leaving from a run-of-the-mill social call. Halfway home they turned and there was Mr. Coon, tailing along behind. He took a fancy to the back porch and spent the night.

"We fed him and then called the Humane Society," said Mrs. Carson. "They told us to ignore him, and he'd probably be gone in the morning." But when the sun came up, the raccoon was still on the porch and sleeping like a top. A late riser, he didn't get up till after Mr. Carson had left for work. "I'm afraid of him, but I didn't want him to go hungry, so I put his breakfast out through the milk chute," Mrs. Carson said. "The breakfast consisted of milk and raw meat, which he quite enjoyed." Though the two Carson children, John and Janice, loved him, the animal was doomed as a permanent member of the Carson clan. The Humane Society came out Thursday afternoon.

Holiday Fails To Fill Five Beach Parks

Very Light Attendance Reported at All Municipal Recreation Sites Over Weekend

Very light attendance was recorded at all of the Pointes waterfront parks over the long weekend. Various explanations were offered by the city officials.

"Everyone must have taken off for the north," said Dave Beauvais, superintendent of the Park pier.

"The cool weather didn't help either," said Harry Furton, City Manager of the Farms.

Far Below Expectations
In all, the turnout was disappointing and far below expectations.

Farms Closes Sunday
The Farms has officially set the closing date as Sunday, September 11. "There'll still be boating and picnicking for those who want to, but all swimming will be shut down," Furton said.

Car Now Needs More Than Wash
Harry J. Miller of 2800 West Grand boulevard in Detroit made a notoriously bad turn Wednesday, August 31 which caused a two car crack-up at Harvard and Mack.

Two More Lots Available For City Parking Program
The City has added two more lots to its string of property made available for vitally needed space for off-street parking, it was made known by Grosse Pointe City Clerk Norbert Neff.

(Continued from Page 1)
and ours," Lovitt replied, "Looking at that from a state-wide viewpoint, we run into the same problem."
"South Bend, Ind., has been very badly hit. We have reason to believe that its cases have spread across our borders, but really there is nothing we can do

about it except make sure that our program is sound."
Both Boyer and Lovitt were in accord when they pointed out that a good many of the programs of the communities today were lacking in many ways and often times practically non-existent.

Apathy Doesn't Pay
"Too many of the cities think because they have a relatively few cases, that they are not par-

ticularly effected or in danger, but that is not the case at all. We are sure that the culprit beetle hits a town about five years prior to the first reported cases. In all, it usually takes seven or eight years for the disease to get going full tilt."

Boyer brought up the instance of Fred Mathaei, Detroit millionaire and philanthropist, as a case in point. "Mathaei has a huge farm outside of Ann Arbor on which there are practically 60,000 elms. When he first became aware of the disease, he had all of his trees sampled. That was in 1953 and the tree experts found 33 cases.

Starts Own Battle
"So concerned over the threat was Mathaei, that he set up his own combative program after consulting with us and doing extensive independent research on the subject."

"He started by immediately felling the diseased trees and spraying all the others. Then he set up his own lab for testing. His tree crews were always testing any suspicious trees."
"In 1954 he found the number of positives had jumped from 33 to 152. These he felled and buried as he did the others. He put his men to work policing up the area of old wood and dead branches and religiously kept after the spraying.

"In 1955, this year, he found only 79 cases. In talking to him, he said that this was encouraging, but that he wasn't letting down in his fight for one second."

Only Correct Method
"Mathaei's four point program of continual checking, spraying, felling and policing is the only correct method of combating the disease," Boyer said. "It should serve as an example to communities, not only as to what to do, but also that the plight can be licked."

It was also brought out that Mathaei called a special luncheon meeting of officials from Detroit, Wayne County, the Huron-Clinton Metropolitan Authority and surrounding down-river environs at the County Club of Detroit early in July to discuss the general question of "Where do we go from here?"

It was unanimously agreed that the only solution was a reciprocal program between the local and state authorities.

Has \$72,000 Budget.
"We started on a shoestring in 1950 and this year the State legislature granted us \$72,000 for the Dutch Elm Disease alone. The grant will give us the needed men for lab work and field work and administrative work."

"The state is building up new laboratories, we have men working all the time to devise better combative programs. Some of the top botanists in the country are working to develop a cure. Right here in Michigan we are working to try and perfect a spray that can be applied by plane as we did in combating the Gypsy Moth, but all of this is useless without the cooperation of the cities," Boyer said.
"We are and will continue to do all in our power to get the epidemic under control," Boyer finished.

Beach Parks

(Continued from Page 1)
Village superintendent. "We'll keep the pier open as long as the weather holds and the life guards are available."

All of the city parks employ for the most part student help. "When they go back, the parks shut down," Jeffers explained. Even some of the pier superintendents hold down winter teaching jobs. The Park's Beauvais teaches in the Detroit system and the Shores' Kurvink is a faculty member and tennis coach at the Grosse Pointe High School.

No Special Attractions
Unlike the Fourth weekend, that offered huge fire works displays to lure the residents through the turnstiles, there were no planned activities at any of the piers. This was reflected in most of the quarters by a heavy turnout of children minus their parents.

"Fire works attract the whole family and boost the attendance," Beauvais pointed out.
For the first time in many years, the Woods nosed out the Park in total three-day figures. Four thousand three hundred and seventy-three visited the Woods while only 3,500 passed through the turnstiles at the Park.

Breakdown of Attendance
The breakdown of the Woods and Park is as follows: Woods, Saturday, 587; Sunday, 1,934 and Monday, 1,852. Park, Saturday, 150; Sunday, 1,500 and Monday, 1,850.

The totals for the other parks for the three days are: Farms, 3,439; City, 1,700 and Shores, 730.

The Shores figure, though, no official totals through the years are available, is somewhere near an all-time low.

Whites Back from Japan

He has since devoted his life to Christianity and has spent considerable time in the U.S. seeking volunteers, such as the pastor of Grosse Pointe Methodist.

Whites to the congregation have kept everyone informed of their progress in establishing a fountain head of Christianity in the Miki area in rural Japan. A fine start has been made on the nucleus of a church and Rev. White has helped train a native pastor to carry on the work now that the Whites are back in America.

Lost Bracelet Reported By Mrs. A. D. Krentler

A pearl and diamond bracelet was reported lost by a Park woman, who offered a substantial reward for its return.

Mrs. A. D. Krentler of 758 Harcourt, told Farms police on Friday, September 2, that she had lost the bracelet on Wednesday, August 31, between Harcourt and the Country Club of Detroit.

The item was described as having two rows of pearls, totaling about 51, and 10 diamonds. The value of the piece was set at \$900.

A large attendance is expected next Sunday morning at the two services, 9:30 and 11. These services, commemorating the founding of their own church ten years ago and wishing a new church in far-off Japan, Godspeed, should make a day of devotion in Grosse Pointe Methodist that will long be remembered.

General Motors produced 414,893 passenger cars and trucks in the United States and Canada during August, as compared with 290,619 during August, 1954. Of the total vehicles produced by GM during August 365,173 were passenger cars and 49,720 were trucks.

Club to Hear Talk on Mums

Some of the newest chrysanthemums are to be displayed next Thursday at the meeting of the Men's Garden Club of Grosse Pointe, when Vincent R. De Petris describes the superlative hybrids that provide such outstanding color in the autumn garden.

This September 15 meeting is to be held in the Library of the War Memorial Center starting at 8 p.m. and all Grosse Pointe men are invited to hear the noted local horticulturist.

The informative talk by Mr. De Petris will interest both the week-end gardener and the professional, for it will include simple directions for the effective culture of the popular plant, as well as a short outline of the science of genetics, on which is based the development of the new varieties.

Instructions will be given for soil preparation, root division, water and fertilizer requirements, schedule of pinching for large-sized blooms and methods used

to create improved strains.
A question and answer period will follow the principal address to provide each gardener with an opportunity to obtain a solution for his specific problem. As usual, the Men's Garden Club will close this important meeting with its hospitable coffee "after-glow" period.

Woods Council, Residents In Hassle over Sidewalks

The council chamber of Grosse Pointe Woods was the scene of another knock-down, drag-out hassle over city policy Thursday evening, September 1.

A group of residents, approximately 24 strong, pleaded with the council not to demand walks to be built on their streets.

Two petitions, one from the Fairway sub-division residents and one from those living on Morningside drive and W. Street, asked the council to defer the sidewalk program.

Bids have already been let on the project and in some spots, construction has begun.

"We don't want the walks," the citizens pleaded. "They will deplete property value and be a nuisance factor."

The Woods city ordinances demand all sub-divisions to be paved and include pedestrian thoroughfares. The statute was read to the group present.

The group, split into two factions, the Fairway body and the Morningside-W Street group, argued with the council for a good part of an hour.

Most demanding of the two, the Fairway petition asked for no sidewalks ever. The Morningside forces conceded that if the city deemed the walks necessary, they would like them to be put as close to the street as possible.

The council felt not only that the walks were necessary, but also that the petitions were founded on a misunderstanding of the existing situation.

In opposing the council, the factions used the example of Oxford road, outside of the streets under question, the only sub-division

Two Cars Figure In Minor Crash

A little too anxious for her own good, driver Erminie Grant of 1035 Cadieux caused a minor two car collision at the intersection of Jefferson and Trombley August 31.

Mrs. Grant, who was traveling north on Trombley, was turning right onto Jefferson when she struck the right rear fender of a car driven by Rita Drouillard of 13390 Seven Mile road.

According to the Park police report, Mrs. Grant was both a little too anxious to get into Jefferson traffic and a bad judge of distance.

No one was injured and both cars were drivable.

Mrs. Grant was given a ticket for entering moving traffic without due care or caution.

Center Sponsoring Children's Theatre

CHRISTINE MARKLE, aged 5, strikes a fascinating pose to convince SALLY REYNOLDS, director, that she is old enough to join the group which is working hard on dramatics at the War Memorial Center. The older group in the rear, conveying the impression that Christine is a little too young, include from left to right: LINDA FARNHOLTZ, DAVID MARKLE and BOB HUNTER.

Start Theater For Children

A new group to the Grosse Pointe Community is the Grosse Pointe Children's Theatre, directed by Sally Reynolds. Mrs. Roger Bacon will assist her in production work.

The classes will start on September 24 at the Grosse Pointe War Memorial with registration for the class on September 17 from 2-4 p.m. at the Memorial. The classes will be two hours long and will continue for 10 weeks, at the end of which time two one act plays will be presented at the Grosse Pointe University School Auditorium.

Techniques in acting, stagecraft and makeup will be studied along with actual participation in plays.

It is the dream of the director that this Children's Community Theatre of Grosse Pointe will develop into an integral part of other community activities with a regular season of three act plays. This is the first in this section. The age group for the first session will be 10 through 14 years.

Mrs. Reynolds received her A.B.

PLAN NEW LINCOLN PLANT

Ford Motor Company has taken an option on 325 acres in Novi Township, Mich., 28 miles north-west of downtown Detroit, as a proposed site for a combined assembly plant and general office building for its newly organized Lincoln Division.

In making the announcement, Ben D. Mills, vice-president and general manager of the division said, "Between four and five thousand persons would be employed at this new plant, and the annual payroll is expected to be between \$25,000,000 and \$30,000,000."

The Lincoln Division of Ford Motor Company today announced a postponement of public showing of the 1956 Lincoln cars in dealer showrooms.

Originally scheduled across the nation for September 8, introduction of the Lincoln will be held September 16 in all regions but the midwest, where it will be held on September 14.

Ben D. Mills, vice-president and general manager of the Lincoln Division, said the dates were changed to insure all dealers of a greater supply of automobiles on introduction day to meet what is expected to be a heavy demand. The Lincoln is the first of the 1956 cars to appear.

Arguing Drivers Both Ticketed

Two drivers with conflicting stories were ticketed in the Woods Tuesday, August 30, for their part in an auto-truck collision at Vernier and Mack.

The drivers, Elmer Brunetti of 5769 Bewick, and Salvatore Vitale of 19376 Woodside, both claimed they had the light in their favor. The accident occurred during the late afternoon rush hours.

Brunetti was driving his truck south on Mack when Vitale swung around the island at Vernier to turn left off Mack, when the two collided. Vitale was starting west on Vernier.

Both told identical stories and both were ticketed for not having their cars under control. The differences will be settled in court September 24.

According to the Woods police report there were two witnesses to the accident, but unfortunately they were both passengers in Brunetti's truck.

Hickey Opening Store in Pointe

Joseph L. Hickey, president of The E. J. Hickey Company, located downtown for over 50 years, announces the opening of a very modern shop for men and boys, at 17140 Kercheval, between St. Clair and Neff.

Edward J. Hickey, grandson of the founder of Hickey's, will be manager of this new shop, which has been planned for the convenience of residents of Grosse Pointe and adjacent areas.

The Hickey name is well known in Grosse Pointe. The late E. J. Hickey, who established the

business, moved his family to Grosse Pointe Park in 1911, the only residents in that village between Jefferson and Lake St. Clair. Mr. Hickey was one of the founders of Grosse Pointe Bank, Lochmoor Club, and served on the Council of Grosse Pointe Park.

As president of the Grosse Pointe Board of Education, he was actively interested in locating and building Grosse Pointe High School, Defer School, the Trombly and Lewis E. Maire Schools. He campaigned successfully for passage by the voters of bond issues to construct the first sewer in Grosse Pointe Park and the lighting and paving of Jefferson in that village.

His son, Joseph L. Hickey, his daughter, Mrs. William C. Roney, seven grandchildren, including Edward Hickey who will be in the new Kercheval store, and 21 great grand children are residents of the Pointe now.

Rt. Rev. Msgr. his son, is pastor of St. Mary of Redford Church and his other son, Rev. F. C. Hickey, O. P., is professor of physical chemistry at Providence College, Providence, Rhode Island.

League of Women Voters Makes Survey of Wayne County Trades

Since 1935 the League of Women Voters throughout the United States has studied the problems of world trade. This year, under National League guidance, local leagues undertook trade surveys to determine the effects of foreign trade on their own communities.

In Wayne County the Leagues of Dearborn, Detroit, Grosse Pointe Park and Trenton conducted a manufacturing survey using statistics for the year 1953.

Although the survey was concerned only with Wayne County, it is important to observe that the State of Michigan is a leading export and import state.

Michigan exports and imports for 1953 amounted to \$1,713.2 million; exports were \$1,070.2 million and imports \$643.0 million. Approximately 41 per cent of the state's employed persons derive their income from manufacturing and some 900 Michigan firms are engaged in international trade.

The total labor force of firms included in the survey is 365,793, which represents 55 per cent of the total Wayne County labor force.

Of the 14 per cent of the firms which reported adverse effects from competing imports, two-thirds said "expand trade" anyway.

The fact that the United States economy is dependent on strong economies in other countries was recognized by two-thirds of the firms. Almost two-thirds expressed the need for some kind of freer trade legislation.

Almost half of the firms reported concern about national defense. In general, while most wished expansion of trade, they did not want this expansion to imperil defense industries.

Thirty per cent of the firms showed concern about competitive imports other than those of defense industries and 11 per cent expressed need for more protective legislation.

Twenty-seven per cent of the firms indicated that they thought the government should work with distressed industries and/or communities to strengthen their competitive position.

The purpose of the survey was to determine the effects of exports and imports on the economy of Wayne County. The survey shows that foreign trade is important to the community and that the majority of Wayne County industries are aware of this.

It would seem that Wayne County industries, for the greater part, would support a program of expanding foreign trade in order to strengthen the economies of other countries, as well as that of the United States.

Copies of the survey, "Wayne County and Foreign Trade," are available in small quantities. Interested individuals or organizations may contact Mrs. Richmond Roberts, TU. 5-7103.

'Sports Night' To Aid Hospital

A once-in-a-lifetime chance for Detroit sports fans to see, hear and shake hands with some of the nation's top amateur and professional sports personalities is scheduled for the evening of October 5. At that time some 200 guests will attend the first annual Sports Night banquet to be held at Al Green's restaurant on East Jefferson.

Two of the many stellar attractions on deck will be the Detroit Lions' famous "Hunchy" Horenschemeyer and "Jug" Girard. These veterans of the National Football League have chalked up impressive records on both collegiate and professional gridirons.

"Hunchy," 190 pounds of blasting energy, is now in his 10th year of pro ball. As the most consistent ground-gainer in the Lion's den, he has led the team in rushing for the past four seasons. He is also one of the club's ace pass receivers. Originally a Cincinnati boy, "Hunchy" is now a firmly transplanted Detroit.

"Jug" Girard has been the backbone of Lion offensive play since he joined the club. He came to the Motor City team in 1952 after having roughed up the opposition for the Green Bay Packers during four seasons of brilliant play.

In 1954 he set a League record when seven of his passes netted 421 yards plus seven TDs. "Jug" is the Lions' kick-master and last year his punts went for an

over-the-ground average of 41 yards! He earned his spikes as an All-American at Wisconsin. The "Sports Night" will be sponsored by the St. John Hospital Guild and proceeds from the banquet, starting at 7 p.m.,

will be turned over to the Hospital's building expansion fund. Opened in March, 1952, the 200 bed medical center became overcrowded almost at once. A \$2½ million building program is now under way that will provide an additional 200 beds when completed.

Church Society To Hold Dinner

The Grosse Pointe Methodist Church Women's Society opens its 1955-56 season with a dinner meeting Tuesday, Sept. 13, in the community room of the church.

Of particular interest to all the church women is the fact that the main speaker will be Mrs. Hugh C. White, wife of the pastor, who has just returned from spending the summer in Japan doing missionary work with her husband. Mrs. White will speak on the status of the Japanese women.

The dinner will also serve to honor past presidents of the Women's Society. They are Mrs. Virgil Walling, Mrs. William Horsch, Mrs. Clarence Slocum, Mrs. Norman Mooney, and Mrs. Arthur Watts, Jr.

Meditations will be given by Mrs. Ray Cleve. The Alpha Alpha circle of the Women's Society will act as hostesses for the affair.

D.A.R. Society Adopts Theme

The National Society of the Daughters of the American Revolution has adopted as its theme, for the current year, "Protect America's Future Through Patriotic Education." Local chapters have been urged to request local authorities to proclaim the week of September 17-23, as Constitution Week. On June 15, Mayor Cobo, Detroit, issued a proclamation in response to a request from the Elizabeth Cass Chapter, D. A. R.

Mrs. Donald M. Carson, Regent of Elizabeth Cass Chapter, was advised by Senator Patrick Mc-Namara, that on July 26, 1955, both the Senate and the House of Representatives passed a resolution authorizing and requesting President Eisenhower to designate the period beginning September 17, and ending September 23, as Constitution Week.

In the Metropolitan area, the Detroit Historical Museum, the Grosse Pointe War Memorial, Dodge Community House, several business establishments, and a number of individuals have pledged their cooperation to Elizabeth Cass Chapter, D.A.R., in an effort to acquaint all Americans with the Constitution of the United States, and its meaning to all as individuals.

Mrs. John F. Bobroski is chairman of Americanism for the Elizabeth Cass Chapter. Mrs. Donald M. Carson, Regent, Mrs. Bobroski, and Miss Alice Dempsey, are cooperating in directing the Constitution Week Campaign. Mayors of all the Grosse Pointe communities have also been urged to honor Constitution Week.

The September Regional Meeting of the D.A.R. will be held on September 19, at Highland Park Congregational Church, Highland Park, Michigan. Members from this area representing Elizabeth Cass Chapter, who plan to attend are, Mrs. John A. Bell, McKinley avenue, Mrs. John E. Finch, Cadieux road, Mrs. Oscar Markus, Ellair place, Mrs. Jesse Shields, Neff road, and Mrs. Edward Meier, Vernier circle.

Mr. Krattli urges other parents of youngsters 4 years of age and not yet enrolled in kindergarten to attend this meeting if they are interested.

Plan Parties At Boat Club

The "back to school" theme will be the prevalent motif for the coming weekend activities at the Detroit Boat Club. On Friday evening, September 9, at 9, the college student "send-off" dinner dance will take place.

This party is co-sponsored by the women's committee and the "D" Club, and will have Bill Harahan, as its able chairman. Dave Farley and his orchestra will furnish the music. Friday evening has been enthusiastically awaited by the college age Boat Clubbers as a last chance to get together with their friends before taking off for the various schools throughout the country.

On Saturday, September 10, the adult members of the Boat Club will experience that "back to school" excitement when they attend the party of the month, "School Daze."

The committee, headed by Mr. and Mrs. Richard B. Decker, has planned an evening calculated to recapture that nostalgic feeling many of the guests will experience when they see the decorations, complete with "kid drawings," the many prizes and activities of the evening, and perhaps participate in "doing the Charleston."

Hors d'oeuvres at 8 will be followed by dinner and dancing to the music of the Jack Rose-year orchestra. Helping the delecters are the Ira M. Holmes, Mr. and Mrs. Lawrence K. Sweet and Dr. and Mrs. Elwood A. Jenkins.

"Plum" of the Season — Italian Prunes

Ready for the oven or the freezer is this favorite... Fresh Italian Prune Pie. These large frosted-purple beauties, sometimes called "purple plums," are coming into our market from world-famous Idaho orchards where they do grow larger, sweeter, more delicious.

The season is short, so hurry... enjoy them now and be sure to store some away in your freezer. You'll find these fresh prunes are the easiest of all fruits to freeze... the fruit itself, or tucked away in a pie... and they never discolor after thawing.

Fresh Italian Prune Pie, Idaho

4 cups halved, seeded Idaho Fresh Italian Prunes (about) 1 cup granulated sugar 3 tablespoons flour 1/4 teaspoon salt 1/2 teaspoon cinnamon 1/4 teaspoon nutmeg or mace 2 tablespoons butter 2 tablespoons lemon juice

Pastry for double crust pie

Cut prune halves once crosswise. Fill pastry-lined 9-inch pie dish with fresh prunes. Mix together dry ingredients. Sprinkle over fruit. Add lemon juice. Dot with butter. Cover with top crust. Seal edges. Or make high fluted edge and trim top with leaf-shaped pastry cutouts. Bake in 425 degree F. (hot) oven 35 to 40 minutes. Serve warm with whipped cream, ice cream, or hard sauce. Makes 6 to 8 servings. Spices and lemon juice may be omitted, with 2 tablespoons orange juice and 2 teaspoons grated rind used instead.

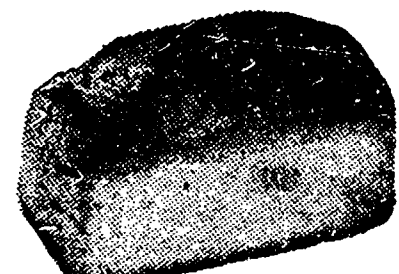

To freeze Fresh Prune Pies: If freezing unbaked, do not make slits in upper crust. For lattice-top or other open design tops, first cover closely with foil or moisture-vapor-proof film. If unbaked, wrap with foil, moisture-vapor-proof film, or freezer paper. Seal, label, date. Freeze rapidly. If baked, cool baked pies thoroughly, then wrap. Place level in freezer so juice won't leak out. Use within 4 months.

To use frozen Fresh Prune Pies: If frozen unbaked, remove wrappings from frozen pie. Make slits in top crust. Bake at 425 degrees F. 40 to 60 minutes for Deep Dish Pies, 45 to 60 minutes for Two-Crust pies. If frozen baked, remove wrappings from frozen pie. Heat in 375 degree F. (moderate) oven 35 to 60 minutes for Deep-Dish pies, 35 to 60 minutes for Two-Crust pies.

Editor's Note: At the request of Park Police Chief Arthur L. Louwers, it is hoped to reprint the following plea, which has had wide circulation for a number of years. Schools open today, and it is to be hoped all drivers will be extra careful to avoid the tragedy of hitting a child. The author's name is not given.

Don't Run Over My Little Girl

Today my daughter, who is seven years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her cocker-spaniel whose name is "Scout" sat on the front porch and whined his canine belief in the folly of education as she waved "good-by" and started off to the halls of learning.

Tonight we talked about school. She told me about the girl who sits in front of her—the girl with the yellow curls—and the boy across the aisle who makes funny faces. She told me about her teacher who has eyes in the back of her head—and about the trees in the school yard—and about the big girl who doesn't believe in Santa Claus. We talked about a lot of things—tremendously vital unimportant things; then we studied spelling, reading and arithmetic—and then to bed.

She's back there now—back in the nursery—sound asleep, with "Princess Elizabeth" (that's a doll) cuddled in her right arm. You guys wouldn't hurt her, would you? You see, I'm her daddy. When her doll is broken, or her finger is cut, or her head gets bumped, I can fix it; but when she starts across the street, then she's in your hands.

She's a nice kid. She can run like a deer and dart about like a chipmunk. She likes to ride horses and swim and bike with me on Sunday afternoons. But I can't be with her all the time; I have to work to pay for her clothes and her education. So, please drive slowly past the schools and intersections—and remember that children run from behind parked cars.

Please don't run over my little girl.

Farewell Without Regrets

Now that Labor Day has been duly observed, most of us can settle down once again to a more or less consistent pattern of labor for the next 10 or 11 months. Even though summer has not completely run its calendar course, the season of normal vacations has reached its end.

Most of us are all tucked out from our frantic searching for relaxation during too many, too hot days. We have given our all to be hospitality personified to Uncle Joe, Cousin Alice and Aunt Mary. We have been reduced to pulp by the constant necessity to keep both entertained and safe the children who have been with us constantly since the school bells stopped tolling in June. We have lived out of suitcases and fought travel traffic on land and water and in the air, and we have coped with strange personalities and much too familiar insects.

Floods and hurricanes and unprecedented heat waves have assailed the places we visited seeking rest and amusement. Lightning storms have knocked out the power just when we needed it most.

As far as we can figure out, the ones who got the most from this vacation season were those who didn't do a thing except stay at home. It didn't get any hotter here than it did on Mackinac Island, and here it was a lot easier to buy an extra fan or have an air conditioner installed. Too little water for the petunias, due to rationing, wasn't half the worry of a well gone dry.

Now the good vacation days are over. We gather with our friends, telling half-truths as we swap tales of summer experiences. We are glad, to be back, and handy to our own doctor, who may be able to subdue the jitters brought on by so much relaxation. It's too late in the season to do anything about the neglected gardening, so that needn't worry us. The kids will be back in school and the teachers can handle that problem.

Nothing to do but fall housecleaning, and that can be undertaken any time within the next two months without fuss or frenzy. Thank goodness dear old Mamie didn't desert us during the summer, and is still available to do the family laundry, and knows the old man doesn't like starch in his shirts. It was actually fun going to market yesterday, seeing all the old familiar faces and knowing just where every item on the list could be found. It was pretty cozy of the milkman to leave that note with his first delivery, saying he was glad to have us back on his route.

Labor Day is over and labor looms ahead. But thanks to the American way of life, the end of the normal vacation period holds no great regrets. It simply means a return for most of us to all those things we most cherish. Pride in their homes is one of the greatest attributes of the people who make up this nation.

Now the great mass of these people are home again. Some of them have been gone for months, others for but a few weeks. In many cases the search for fun has been disappointing and the expected restoration was never found. But they did have a "change," which is the most common excuse for going anywhere.

And all through the land there is a re-echoing of the words which are the truest assertion of the permanency and wholeness of this great country: — "It's so good to be home!"

Letters to the Editor

Dear Editor: 3 Sept. 1955 situations which certainly merit attention. I don't see why the people of the Grosse Pointes are so patient with the county about the maintenance of Lake Shore road. There are dead trees and shrubs all over the strips, half dead trees and shrubs, and apparently no measures taken to save those which could be saved. They did some cleaning up this summer after I filed the local supervisor and the Superintendent of

Too Much Speed Greatest Killer

Detroit's greatest traffic killer—too much speed behind the wheel—was the target of an educational and enforcement program started this week.

Detroit police are conducting a stepped-up program against speeders with the use of four electrical speed-timing devices. Since these have been in use, issuance of speeding tickets has increased 67 per cent over the comparable period last year.

More than 1,000 posters are being erected on Detroit streets with the caption, "Speed Kills—Take It Easy". Another 1,275 are being erected in Detroit suburban communities and in other areas throughout Michigan. The posters were prepared by the Traffic Safety Association of Detroit. In this city, they were erected by the Department of Streets and Traffic.

In the past three years, deaths caused by speeding have more than doubled in Detroit. In 1952 speed caused 27 deaths; in 1953, it was responsible for 37, and last year for 57 deaths.

In addition the Traffic Safety Association is also preparing a leaflet for distribution on the speeding problem. Six thousand of these will be distributed. Captioned "Honestly Now—What's Your Hurry?", the leaflet points out that the difference between driving safely and driving dangerously on Detroit streets is often very slight. The difference of five miles an hour may be the difference between avoiding an accident and causing a serious injury. Ten miles an hour faster may make it a death. Too many motorists drive that five miles an hour over a safe speed. . . that 10 or 15 miles an hour over the legal limit, the leaflet says.

FREE CHEST X-RAYS Visitors to the Michigan State Fair will have an opportunity to get a free chest x-ray, Dr. Joseph G. Molner, commissioner of health, says. At the Fair last year, 11,546 persons had a free chest x-ray at one of the two mobile x-ray units operated by the Detroit Department of Health.

It's false economy to make part of the truth suffice for the whole.

League to Show African Movies

The big fall send-off for the Grosse Pointe Cinema League on Thursday evening, September 8, will be a program of color movies taken by Wallace Temple in North Africa, Italy and the Scandinavian countries. The showing, which is open to the public, will be held at the Grosse Pointe War Memorial Center at 6 o'clock.

The movies are particularly timely since many of them were taken in the parts of North Africa which are currently beset with so much turmoil. Mr. Temple, who is in popular demand for his travel movies, will give a talk on the trip itself as well as how he managed to take the pictures. His movies are of unusual interest to other amateur movie photographers because he films not only the beautiful scenery but also the people of the country he is visiting.

Mr. Temple makes travel movies as a hobby. The pictures to be shown before the League next Thursday evening were taken on a trip he and Mrs. Temple took in 1954. This will be the first fall meeting of the league, a club organized last year under the auspices of the War Memorial Center, for anyone interested in the various phases of amateur movie photography.

Missing License Traps Imbibers Failure to properly display a license plate led to trouble for two teen-age drinkers on Tuesday, August 30. Both live in Detroit. The imbibers were picked up on Bedford in the Park. A search of the car revealed five cans of beer and a bag full of ice cubes in the back seat. The youths admitted drinking while driving, but were vague as to where they bought the beer, according to the police. Referred to the Wayne County Prosecutor's office, recommendation was made to prosecute for illegal possession of alcoholic beverages. Court date was set for September 7.

The license plate originally investigated was found in the back seat with the beer.

FREE BOOKLET How to Profit Through Tax Exemption With today's high tax levels, investors in equities and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep. If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. What Goes On at Your Library

By Jean Taylor

Greetings and a Happy New Year to all our library friends. Labor Day, rather than the first of January, might be regarded as the library's New Year. Since the Grosse Pointe Public Library is part of the public school system, its fiscal year corresponds with that of the schools, July 1 through June 30.

However, with a skeleton staff working through the summer months to take care of vacations, it is actually after Labor Day that plans for the library's new year get under way. It is after Labor Day that the librarians, not too old of heart, make New Year resolutions and confidently expect they'll remain unbroken.

Business hummed not only at Central where air conditioning may have enticed the more reluctant reader, but it hummed throughout July and August at the Woods and the Park Branches as well. Children of all ages flocked each week to the three libraries for film programs and the majority of youngsters remained to read or to select books to take home.

Our appreciation goes to Chiefs Hoyt, Bailey and Louwers for the police protection provided for the children who attended these programs, over 2000 in all. The Grosse Pointe Library staff extends a cordial welcome to the many teachers new to Grosse Pointe this fall, to Mr. Paul Mawhinney, administrative assistant to our Superintendent of Public Schools, Dr. James W. Bushong, and to all newcomers to our community. We hope you will enjoy using your library.

It is after Labor Day that the librarians, like a locomotive, refurbished, oiled and fueled, takes

Vaccine Program Starts Sept. 19

The second phase of the Salk Polio Vaccine program will be underway in the Pointe School District, on Monday, September 19, it was revealed by Dr. Thomas Davies, Grosse Pointe Health Commissioner. Dr. Davies stated that three days have been set aside to complete the program, although the job could be finished in two.

He said that a follow-up clinic will be held in his office a week after injections have been completed, for those children of the school district who happen to miss getting their shots on the appointed days. The clinic date will be set later. On the other side of the news, Dr. Davies disclosed that polio appears to be on the decline. In a verbal report submitted, the number of polio cases called in this year, from May to September, came to only six, whereas last year at this time, the number was 30. Of the six cases reported this year, five of them were adults. None were paralytic cases.

Society News Gathered From All of the Pointes

From Another Pointe of View

By Kitty Marriott

There's many a "green thumb" in the Pointe area, and members of the 12 garden clubs hereabouts are combining forces on plans for the Grosse Pointe Garden Center flower show which will be presented September 23 and 24 at the Grosse Pointe War Memorial. Mrs. Hansel Dwight Wilson, Garden Center president, briefed committee heads last week at a luncheon at the DAC.

Extend Invitationals

It is the custom to extend invitations to various leddy gardeners, requesting them to do particular flower arrangements for the Garden Center Show. Mrs. Longyear Palmer, chairman of the invitationals, has asked Mrs. Wilson to do a traditional tea table and Mrs. Henry Newnan to prepare a Victorian Christmas table. Arrangements interpreting the Williamsburg and Victorian eras will be done by Mrs. Frederick Campbell, Mrs. Herbert Micou and Mrs. Kenneth McColl. Miss Sara Hendrie will set up a table on "The Red Man," and Mrs. James Cope will do a modern floral arrangement. Mrs. Palmer has also issued invitationals to Mrs. L. Rothe Farr, Mrs. Alexander Wiener, Mrs. James McMillan, Mrs. Wendell Wheelock and Mrs. George Villerot for other artistic arrangements.

Reunion of Friends

The John S. Hammonds were literally hanging out the door Sunday waiting to greet their old friends, Mr. and Mrs. Charles H. W. Nason, who stopped for a brief reunion en route to their Carmel Valley, Calif., home after spending a year in Seville, Spain. Daughter Alexandra, 17, is remaining here to attend Kingswood School in Bloomfield Hills this year, but son Bill accompanied the Nasons home. The Hammonds last saw their friends two years ago when they were in California. The friendship dates back to when Mrs. Hammond and Mrs. Nason were classmates at both Wellesley and University of Michigan.

Series of Dinner Parties

Turning out for Lochmoor Club's regular Saturday night dinner dance were Mr. and Mrs. Joseph P. Giroux, who gave a birthday dinner party for Mrs. David C. Lowe. Guests were Mr. Lowe, the William G. Eskridge, here for the weekend from Washington, D.C., where they have been for the past six months. The Scott Oylers entertained the William S. McCarthys' Miss Ellen Waters, Mr. and Mrs. Jack Downing, all of Cincinnati, O., plus the Oylers' son-in-law and daughter, Mr. and Mrs. Arthur C. Bodeau, and Mr. Bodeau's parents, the A.C. Nancy Ellen Kaser Speaks Nuptial Vows

Ann Arbor will be the new home of the Thomas Douglas Hollowells who were married Friday evening in the Grosse Pointe Memorial Church by the Rev. Paul F. Ketchum.

Mrs. Hollowell was the former Nancy Ellen Kaser, daughter of the Howard F. Kasers of Hampton road. Her bridegroom is the son of Mrs. Thomas P. Hollowell of Blaine avenue in Detroit and the late Mr. Hollowell.

For her wedding, the bride chose a gown of imported Chantilly lace embroidered in seed pearls combined with silk Italian taffeta applied with lace. The jeweled neckline was outlined in tiny roses of pearl embroidered lace and the tightly fitted bodice accentuated the bouffant skirt that fell in a chapel train.

A tiny cap of matching lace and seed pearls held the filmy silk illusion bridal veil. Nancy carried a bouquet of white orchids with stephanotis and ivy.

The new Mrs. Hollowell chose Jeanne Rydholm as her maid of honor. Assisting as bridesmaids were Harriet Spalding, Ann Patterson, of Birmingham and Washington, D. C., and Mary Towne of Waterville, Me.

Nancy's attendants were iden-

tically gowned in ballerina length white taffeta styled in princess lines. The "V" necklines were accented with dark green velvet and dark green neeaddress and bouquets of white fugi chrysanthemums combined with ivy completed the ensembles.

Mr. Hollowell chose as his best man James Huttenlocher. Tom Kaser, brother of the bride, headed up the ushers, who were Joseph Brader and Duane Lindeman, both of Detroit.

For her daughter's wedding Mrs. Kaser wore a gown of toast chantilly lace combined with organza to which she pinned a green orchid. Mrs. Hollowell wore a navy blue taffeta with matching accessories and pinned a purple orchid to her handbag.

The Hampton road home of the bride's parents was the scene of the reception immediately following the ceremony.

For her honeymoon the new Mrs. Hollowell changed to a smart beige Davidow suit set off with dark brown accessories.

For her daughter's wedding, Mrs. Michener wore a dusty pink lace and linen dress with navy blue accessories. She pinned a cluster of pink rosebuds to her purse.

Mrs. Roll chose a royal-blue chiffon dress with matching accessories and had a purse corsage of red rosebuds.

A reception immediately following the ceremony was held in the Michener home. The pre-wedding rehearsal dinner was given by the Rolls at The Cottage.

Because Russ Carney's orchestra contributed so greatly to the success of last year's party, a repeat performance has been arranged and the Methodists and their friends will take this opportunity to renew old acquaintances and meet the newer church members.

Bridge, Canasta and refreshments, together with dancing and good fellowship should make this a very happy evening, which will start at 8:30 and finish at 11:45 p.m.

Arrangements for this dance were made by the committee consisting of: Mr. and Mrs. Clarence Slocum, Mr. and Mrs. Kenneth Kimmel, Mr. and Mrs. F. H. Brown, Mr. and Mrs. Claude Streb and Mr. and Mrs. William Kirby.

R. C. to Teach Home Nursing

The Detroit Chapter of the American Red Cross today announced registration for fall Home Nursing classes from September 12-17. These classes are designed to teach the homemaker how to care for illness, whether temporary or chronic, with a minimum of disruption of household duties.

Organizations which can register at least 20 persons for the course and have suitable classrooms available will be provided with a Red Cross certified instructor. Individuals or smaller groups will find classes organized at most community centers, many churches, and the Red Cross Chapter House, 153 Elizabeth East (at John R.) Location of these classes, the time schedule and other information may be obtained by calling Woodward 1-3900.

Detroit Chapter has conducted Home Nursing classes since 1920. Hundreds of women have expressed appreciation for them. Mrs. Eileen Zuk, member of a recent class, took time from a busy schedule of home nursing to write: "I have an invalid mother and with my Red Cross training I have been able to take care of her myself and eliminate the cost of a full time nurse."

The course which runs for 7 consecutive weeks, 2 hours each, is taught by specially trained registered nurses. One local hospital has initiated a course for its graduating nurses in which they learn to teach Red Cross Home Nursing classes. The hospital feels that cooperation with and volunteering through Red Cross is the privilege of graduate nurses who are civic minded.

Graduate nurses who have not taken the Red Cross Home Nursing instructors course may obtain information about it by calling Woodward 1-3900.

Center Holding College Dance

With Decorations Chairman Janette Cameron back in the Pointe after a short vacation in the North, preparations for this year's College Send-Off dance to be held this Saturday at the War Memorial are all but complete.

"We've got everything ready for those last minute touches," said General Chairman Terry Snowday. "About all that's left to do is put up the decorations." And that shouldn't take too long.

According to Chairman Cameron, "We're working for mood." To achieve this Japanese lanterns will set the effect for couples strolling on the lawn while couples dancing on the lake veranda will be bathed in pastels from lights high above in the trees.

Music will be supplied by Don Barber and his orchestra.

The dance will last from 9 until midnight, with free refreshments served throughout. There will be an admission charge of \$1.50.

A 'must' with the college set, Snowday is expecting a capacity turnout. "And I feel that a lot more than I've anticipated will be stopping in just to say good-bye to their friends," said Snowday.

Those wishing to pick up tickets prior to the dance may do so at the Center.

what YOU should know about your child's eyes!

When a child lags behind in school it's easy to assume he's to blame. So often it's not his fault—it's because he can't see well.

And yet he doesn't know it; if he's always seen things blurry, he thinks it's natural and that all people see that way! Even those who do well in school may be straining their nerves and eye muscles to make up for ocular defects. Eventually headaches occur, or "upset stomach."

Play safe with your loved ones. See that they get a thorough professional eye examination before they start back to school this fall.

Huge Turnout Answers Call To Grid Practice at GPHS

"Build a better mousetrap and the world will beat a path to your doorway," as the old saying goes. Well, Coach Ed Wernet hasn't built a better mousetrap but you would have thought he did when almost 100 grid aspirants answered his first call for grid practice at Grosse Pointe High School last week.

Wernet's mousetrap was in the form of the State Class A football championship team last fall and the kids haven't forgotten how their school was praised for its team's accomplishment. It seems every boy in the school wants to play football this fall.

Plenty of Material
Coach Wernet said, "We certainly have a wealth of material, but for the most part it's inexperienced. It will take a little while to get a look at all the boys before we start selecting the best of the crop."

Up to Thursday, September 1, practice had been confined to conditioning and learning plays and fundamentals. From here on in the less talented and meeker boys will drop by the wayside as the more rugged part of grid practice starts—contact work.

Some Veterans Back
Line coach Bud Kurvink checked over his list and saw a few bright spots in returning lettermen tackles Paul Christo, Ted Jacobs, guards Jim Wyse and Nick Genova, linebacker Don Worley and piano legged Wendy Bremmer, who Kurvink plans to use where he finds the weakest spot in the line.

Of the aforementioned group Paul Christo appears to be the standout. Paul missed by an eyelash of being named to the All State squad last year, mainly because he was an eleventh grader and the selectors more or less lean towards the seniors. Christo could, if he plays the same brand of rock 'em sock 'em game he did on last year's championship squad, make the grade this year.

Jerry Furton Biggest
The biggest lad to report for practice was Jerry Furton who stands well over six feet tall and packs a hefty 288 pounds on his frame.

End Coach Ernie Bauer has three better than average defensive ends in Bill Anderman, Chuck Mocerri and Dave Whittingham. With only one experienced offensive end, non-letter winning Bob Ritter who played on last

year's team, Bauer is searching hard and fast for a spongy lad with sticky fingers for the other flanker.

In the backfield Coach Wernet will miss the heady signal calling of graduated Jim Lineberger and the tremendous running of little Don Eugenio and Bill Dow. However, guys like Al Underwood, Dick Dumas, Stu MacDonald, John Leet, Dan Bauer and Phil Hirschelman have been showing plenty of speed in early practice and with a little more work could possibly fall into a fast moving backfield unit.

Fine Spirit Shown
One thing that is very apparent is the tremendous spirit and the willingness to work. The Blue Devils have not forgotten they are still State Champions until someone better comes along to take their place.

It would be foolish to predict the Blue Devils will have another undefeated season this year and it would take an idiot to predict the Devils will repeat as state champs. The odds on the latter are staggering. We can't recall when any team has repeated as state champs in Class A.

One thing we know for sure is that football at Grosse Pointe High has come a long way from the days when the Blue Devils were the doormat of the Border Cities League and never got a mention in the state rankings.

Can Thank Wernet
For this you can thank none other than Coach Ed Wernet, who took over in the fall of 1946 when the Pointers were at their lowest. The addition of Bud Kurvink and Ernie Bauer within the last three years to the coaching staff has been a tremendous help and has given head coach Wernet more time to work with the scoring punch in the backfield.

With individual attention to the line, the ends and backfield by each coach, a team can be whipped into shape much faster than if one coach had it all to do.

Win Golf Titles At Lakepointe

All questions as to the men's and women's golf championships at Lakepointe Country Club in St. Clair Shores were dispelled over Labor Day weekend when Gene Woodard and Mrs. George R. (Peg) Bell scored equally impressive victories in capturing the club's most important trophies of the 1955 season.

For Woodard, who was medalist in the Michigan state amateur tournament two months ago, it marked the second successive year he had won the Lakepointe title.

His 54-hole total of 68-69-74—211 was two strokes under par for the distance. He outdistanced his nearest competitors by six strokes. Deadlocked for second place in the championship fight were Les Iley and Don Dykstra, both with 217 totals.

Iley shot rounds of 71-73-73 over the par-71, 6,511-yard layout, while Dykstra posted scores of 71-71-75.

Mrs. Bell came within one stroke of matching Woodard's margin of victory, winning by five strokes from Mrs. Hall Lippincott. The women's championship was limited to 36 holes and Mrs. Bell scored 103-98—201. Mrs. Lippincott's rounds were 102-104—206.

Scheduled for completion over the weekend of Aug. 27-28, the club tournament was interrupted by a day of rain after first round competition and final rounds were postponed until Sept. 3.

Mike Cavanaugh Wins Net Tourney

Mike Cavanaugh downed Peter Ness in straight sets, 6-3, 6-0, Sunday, September 4, on the Neighborhood Club courts to walk off with the Third Annual Grosse Pointe Midget Tennis Championship.

Cavanaugh, seeded number one in the field of 16, had no trouble with Ness as he coupled a good back court game with an experience advantage to end the match in a little over an hour.

Open to 14-year olds and under, the tournament was marked by the relative polish of the entrants. "For youngsters their age, the caliber of play was exceptional," said tournament director Lou Gardella.

Actually, the highlight of the three days of play was not the finals, but rather the quarter final three set match between 10 year olds Vic Dhooch and Ronnie Burns.

Lasting a full two hours and forty minutes, Burns finally got his net game going after dropping the first set 7-9. He went on to win 6-3, 6-3, but fell in the semi's before Ness's racket 8-6, 6-2.

Gardella was pleased with the turnout for the matches and expressed his thanks to George Neirinek who refereed the semis and finals.

A house built on sand will not stand, but a golf ball in a sand trap seems to remain forever.

Cyclist Injured When Hit by Car

A 10-year-old cyclist was slightly injured when he was knocked down by a car at Kerby road near the Mack avenue alley.

A Farms police accident report revealed that Thomas Bocci of 470 Bournemouth, was riding his bike south on the west side of Kerby and had stopped at the alley, when he was struck by Thomas Burns, 10, of 487 Bournemouth, also on a bike.

The impact pushed Bocci into the alley and into the path of a car driven by Herbert W. Chauvin of 4012 Neff road, Detroit. Attached to the car was a four-wheel trailer.

The boy was knocked down, bruising his right hand. He was treated for the injury at Cottage Hospital where he was taken by police.

There was no damage to the car and very minor damage to the bike.

Chauvin was issued a violation ticket and will have to appear in court on September 21.

Detroit Boats Take Honors In Annual Blue Water Race

The long Labor Day week end was a prosperous one for the more energetic local yachtsmen who made the long 70 mile trip up the St. Clair River to compete in the Port Huron Yacht Club's fifth annual Blue Water Race held on Lake Huron, Sunday, September 4.

Not only did the local tars completely dominate six of the eight classes, but they also carried home the lions share of the beautiful silver trophies. The first to finish prize went to Phil Foskett's six meter "Sprig" out of Bayview Yacht Club, and the overall trophy went to Freddie Jensen's L boat "Escape" out of Detroit Y. C. on corrected time.

Hosts Are Happy
Commodore Donnell Schoffner, vice commodore Tom Wright and rear commodore Ed Beebe were extremely happy over the large turnout for their race and promised to have at least five of their six meter fleet down here for next Saturday's Detroit Yacht Club Sweepstakes regatta.

Al Jones was tabbed the sportsman of the event when he withdrew as the winner of Universal B Class. Al claimed the race committee had placed him in the wrong class and he didn't feel it was fair to pit much smaller boats against his larger R boat "Mouette." His withdrawal gave the trophy to Bob Livingston's Duchess sloop "Quest" which

They did celebrate when Frank Elliott's "Gale" was announced the winner of the Cruising A class and Ralph Lescolin's "Diane" the winner of the 22 Square Meter class. Both sail out of the host club.

Phil Foskett First
It took Phil Foskett's "Sprig" just 5 hours and 5 minutes to complete the 30 mile run to Port Sanilac after the fleet got off to a drifting start off Lakeside Park just above the Blue Water Bridge at 9 a.m. Sunday.

Race chairman Ed Beebe's committee fired the starting guns right on time, but the large fleet, 44 boats, had trouble fighting their way across the line in the extremely light easterly breeze that prevailed at the time. As a matter of fact the race committee boat looked like a mother hen with the fleet hovering around it like little chicks as the current kept the fleet from moving forward.

Freddie Jensen's "Escape" and Fritz DeFries and Bruce Conlon's six meter "Cutty Sark" were the first to break away with Jensen going up the shore and "Cutty Sark" working her way out in the lake.

Fleet Splits Up
A half hour later the breeze increased slightly giving the fleet a comfortable reach. It was anybody's guess where the variable breeze would finally come from and the fleet broke up into two groups — those who gambled on a shift to the northeast and went out into the lake and the rest who figured a southeasterly shift and went along the shoreline. The latter group was right and even some of the early tagalongs squeezed in for place prizes. A spanking 12 mile an hour breeze pushed the fleet across the finish line under spinners.

The fleet was to race back the following day but many of the skippers elected to start earlier than the 9 a.m. Monday start in

police that though she was in a hurry to meet an appointment, she was not speeding.

Mrs. Simonsen was issued a ticket for entering the intersection without due care or caution. Though no one was injured, the Simonsen car was not drivable.

Joseph Henk Accepted As Officer Candidate

Joseph I. Henk, son of Mr. and Mrs. Fintan L. Henk of Grayton road, has been accepted by the Officers' Candidate School of the Navy at Newport, R.I.

Hank, who was graduated from the University of Detroit in June with a degree in commerce and finance, will report to Newport on September 12.

On the completion of a four-month course he will be given the commission of ensign in the USNR and will go on three years of active duty.

Joseph, also a graduate of Grosse Pointe High School, is organist and choir master at St. Anthony's Catholic Church, Sheridan avenue near Gratiot.

Love may make the world go 'round; but it also makes a lot of people dizzy.

run the red light and hit her. In fear of this she jumped the curb and hit a fire plug.

According to the City police report, both drivers claimed to have the light in their favor. Both were ticketed for reckless driving.

The differences will be settled in court, the date of which is yet to be set.

Hits Fireplug to Avoid Crash

An attempt to avoid one accident led to another for driver Helen Deckelnick of 22107 Marter Road in St. Clair Shores on Tuesday, August 30.

Mrs. Deckelnick, who was traveling north on Cadieux, approached the intersection at Waterloo and thought the second car, driven by Golda Fife, of 1010 N. Renaud, was going to

Mrs. Frederick McGraw chose a charming full-skirted silk dress printed in gray and white . . . when she entertained at a DAC luncheon last Thursday to honor Mrs. W. D. Hildreth, of Fort Lauderdale, Fla. . . who is in town visiting her daughter, Mrs. William B. Bowman of Fisher road . . .

Beautiful burnt orange lightweight suit showed off the guest of honor's lovely snow-white hair which falls into soft, wavy waves . . . Mrs. Bowman, Mrs. J. Cox and Mrs. John Osgood were other luncheon guests.

It's back-to-school week for most of the Pointe's young set . . . and start-to-school week for the still younger set . . . Almost-five-year-old Tommy Zur Schmiede accompanied his mother, Mrs. W. Tom Zur Schmiede Jr., to Kerby School recently for a pre-kindergarten interview and test . . . When young Tom had had just about enough of the whole business, he tugged at Mama's sleeve and suggested in manly whisper, "Let's get out of here. My feet are getting nervous."

The Dan Carnes were "took by surprise" right after they moved into their new modern home on Deeplands drive . . . Carpeting wasn't down on the floors before a group of their friends arrived for an old-fashioned housewarming . . . They had to dig down in the packing barrels to drag out enough glasses for the crowd . . . But as oftentimes happens, these informal "dos" are more fun than a long-awaited party . . .

PILFERERS

At an international medical convention, a British surgeon claimed that brain surgery was the most difficult of all operations. An American differed with him, insisting that a heart operation is the worst.

They turned to a Russian for his opinion. "Tonsillectomy," he said matter-of-factly. "They've done such a good job teaching people to keep their mouths shut in Russia that you have to perform the operation through the ear."

High school tennis courts were erected next to the parsonage of St. Mark's church. Occasionally the zestful youngsters drove a ball over the fence onto the trim lawns of the churchhouse. The courts had been in use only a few weeks when a player in pursuit of a stray ball came up against a large "No Trespassing" sign on the front lawn of the parsonage.

The sign came down overnight when the tennis club erected its own sign directly opposite. It read, "Forgive Us Our Trespasses."

Thanks to Bennett Cerf for the story about a young student who was delving into the works of a now obscure 18th century philosopher in the Vatican library. Plowing doggedly through a giant volume, he came suddenly upon a signed paper. "The finder of this is advised to go to the Probate Court and look up File 162, R1/Rome, Feb. 5, 1784."

The student did, and discovered that the philosopher had left his entire fortune to the first person sufficiently interested in his work to get so far through the volume. With 170 years of interest, the fortune amounted to \$84 million.

Pointer of Interest

MRS. GUSTAVE LANKOW OF MACK AVENUE

By Ann Schrage

"Let's go see the flower lady." This was a frequent demand of our little daughters years ago. So we would stroll four blocks from our home and arrive at the house and gardens of Mr. and Mrs. Gustave Lankow, located on Mack Avenue near Vernier road. We are sure that calling Mrs. Lankow our "flower lady" would be approved by the many Pointers and her friends who have known Mrs. Lankow over the years.

She could usually be found in the large flower garden in front of the house which sets back about 90 feet from Mack, or in the one remaining greenhouse which was on five of the Lankows owned when they were in business growing and selling flowers.

Always Smiling Greeting Mrs. Lankow would always greet us in an unhurried manner and with a smiling face. Our respective highlights of the visit were for the children, to be invited to go play in the greenhouse; and for mamma, to be invited to "sit a spell" on the Lankow's summer porch and parlor. Here, even several years ago, it was like walking into a past era vaguely familiar to us.

One's eyes met a profusion of plants and flowers in every-kind of a container imaginable. A tall iron floor stand holding Chinese

Schmidt's electric car, and two family limousines. It was 7 o'clock in the evening. Everyone had finished with supper. Little Kathie and Magda were outdoors playing barefooted because of the terrible heat.

One of the chauffeurs had just gone down the stairs to the garage, when suddenly the house was jarred with an explosion. One of the two large storage tanks of gasoline had exploded. Warned of immediate danger, Mrs. Lankow dashed to her bedroom and threw her two feather beds she brought from Germany out the window. But before she could get to the corner cupboard in the dining room where she kept her money and valuables, flames were already shooting through the floor in her path.

Lucky To Save Selves "We could only save ourselves," said Mrs. Lankow, "I don't know what happened to the feather beds, I never saw them again, and all the things I brought from Germany were gone in flames. No one could tell what caused the tank to explode. One car was saved, but the three-story building was completely destroyed."

People were wonderful in helping the Lankow family. For a time they lived in the gardener's cottage on the Fred T. Moran estate which adjoined the Schmidts. By 1912 the Lankows could see their way clear to again have their own business. They found a piece of land on Mack, next to that of Joseph Bakeman on the corner of Vernier and Mack. Mack Avenue was a gravel road, and Vernier was just a mud road, mostly of clay which caked wagon and carriage wheels inches thick and was a nuisance during rainy weather.

Bought Own Plot The plot the Lankows bought was 109 by 850 feet. It had been owned by Mr. Bakeman's uncle, G. Vanderbusch. Its history traces back to the Vernier family ownership and was a second land grant during President Madison's time.

The Lankows put up their first greenhouse on this land. On the corner of Hollywood and Mack they were able to rent the spacious home of Mrs. Hattie Chene, which had belonged to her father, Columbus Trombly. The house was later moved to a site on Hollywood and Charlevoix where, remodeled, it still stands.

But again they were forced to move. This time the reason was not fire, but progress. Mrs. Chene decided to sell the property to Joseph Beaufait, and it was to be subdivided. So the lease which was up in a surprisingly short time found the Lankows without a house to move into.

Moved Cabin for Home A two-room cabin which stood between the Lankows and their neighbors, the Bakemans, and built by Mr. Bakeman's cousin, Frank Vanderbusch, was owned by one, Barney Renaud, a bachelor. The Lankows bought the cabin and moved it to the site where the Lankow house now stands on.

The two rooms were made into one large room and around this one room the rest of the house was built. The room which is 80 years old still has the original hand hewn paneled ceiling of white wood which we are told resembles a basswood, and is still sturdy and shiny.

Too bad, Mrs. Lankow told us, that the floors were not as sturdy at that time as was the ceiling. They were always falling through. Another devastating problem for Mrs. Lankow was what to do with furniture from a 9-room house. So much of it, for a time was set underneath a large tree near the greenhouse. By the time new floors were put into the house and additions made, Mrs. Lankow vowed she would never move again unless carried out feet first.

It is impossible for a fellow on a bend to follow the straight and narrow.

area for ten years or more it must seem good to see the practically only old landmark remaining along Mack in the Woods. The only bit of garden and farm left that inspired so many to buy property away from the city.

How Mrs. Lankow cares for so many plants both in her garden and house seems like a miracle to us. But she said that the habit of years of hard work was strong and hard to change. But she told us she cannot maintain the gardens as she would like and on the back part of the lot weeds flourish, particularly since her doctor told her she must temper her physical activities.

We hope our flower lady will not have to move again as is her wish. We would like to see the spot on Mack Avenue unchanged for many years to come. And in back of the large walnut trees to see the house with its old-fashioned sun parlor, and out among her flowers the smiling face of Mrs. Lankow.

At eight forty-five this very morning the school bells sounded. And this very afternoon the small fry will be trotting home with a list of supplies THAT long. For finger painting they will need a cobbler's apron or a smock. We especially liked the ones we found at Young Clothes, on the hill. The cobbler aprons are more fun because the huge pockets hold surprises. They come in yellow, brown, red and blue and are just two dollars and twenty-five cents. The fine smocks have excellent detailing. Some are charcoal and navy, others are striped. At any rate they have a terrific variety.
